

## Bodyguard 6561

### Chapter 6561 Xu Xiaoyan Visits

The Murong siblings were able to think of saving people at such a critical moment. Regardless of whether they succeeded or not in the end, it was already very difficult.

Zou yang wasn't an ungrateful person, and his gratitude towards the three came from the bottom of his heart.

"Senior brother zou, you're too polite. My sister and I didn't help much and we're really ashamed! The one who really saved everyone was a mysterious expert. It's a pity that we weren't able to thank him in person. "

Murong xuanyan didn't dare to accept Zou Yang's gratitude. The one who really saved Zou yang and his sister was that mysterious master. Although he didn't show himself, Murong xuanyan didn't dare to take the credit.

Of course, if he knew that the mysterious master was actually a little spirit beast that Lin Yi had arranged for him, who knew what he would think.

"Senior brother zou, you don't have to be so polite. We're all from the same Academy, so it's only right for us to help each other. Besides, we didn't help much."

Lin Yi smiled as he broke the silence.

"Junior Brother Lin is right. Just saying 'thank you' is not enough to express anything. We will remember it in our hearts!"

Zou yang laughed and stopped pestering him. "Junior brothers and sisters, are you going to the mission Hall? Why don't we go together? Although we were almost killed, at least we found the traces of those monsters. We should at least get some rewards. "

"Speaking of which, we're all thanks to senior zou. It's all thanks to his guidance that we were able to find the traces of those monsters. Fortunately, similar tasks can be repeated, so we don't have any conflicts. Otherwise, we'd be too embarrassed to fight with you."

Murong xuyan also admired Zou yang very much, so she spoke to him affectionately and casually.

"Haha, this isn't exactly basking in glory. We're just guiding you here to save our lives, what's there to be embarrassed about? If we can't receive the reward repeatedly, we'll definitely give up. "

Zou yang laughed heartily. He was also a very friendly person and became very familiar with Murong Qianyan after a few words.

"But we still need to find a companion. You guys go first!"

Lin Yi and the others were going to find Shangguan LAN 'er, so he said goodbye to Zou yang.

Zou yang felt a little regretful, but he didn't force it. Instead, he promised to work together if there were multiple missions in the future.

Lin Yi and the others went to find Shangguan LAN 'er.

The next morning, Lin Yi hadn't even left the house when Xu Xiaoyan activated the yard's restriction.

"Instructor Xu, what's the matter?"

Lin Yi asked curiously as he led Xu Xiaoyan into the yard.

"That's right, it's about the monster!"

Xu Xiaoyan nodded with a serious expression. She found a chair in the living room and sat down."The Academy's higher-ups also feel that this monster will pose a threat to the Academy, so they decided to resolve this problem as soon as possible. Coincidentally, the mountain region's territory Lord also sent a message, requesting the Academy to help. The two sides have already reached an agreement. We'll start sweeping the entire Mountain region with all our might today."

"That's good. With the Academy and the mountain region's participation, I think those monsters will lose their foothold."

Lin Yi didn't know if he should be happy or disappointed, but he could only express his happiness.

"You don't seem to be very happy?"

Xu Xiaoyan was slightly startled. She squinted her eyes and smiled very charmingly, but her curved eyebrows hid a look that saw through everything.

"No, why would I be unhappy? It's just that I originally thought that the Academy could send experts to act in the dark, quietly find out the details and nests of those monsters, and then capture them all in one fell swoop! I didn't think that the Academy would join hands with the mountain region to launch a large-scale operation. "

Lin Yi said with a helpless smile.

Although this showed the importance the Academy and the mountain region placed on this matter, they would probably end up empty-handed.

The central region was not a fool. With the Academy and the mountain region's large-scale attacks, they would most likely change their location.

Moreover, Xue Peng seemed to have made no movements these few days. It was very likely that he had received news and then completely laid low. He would not easily make any more moves. It was probably impossible to find Xue Keyan through Xue Peng.

If they couldn't find anything wrong with this operation, then central would be even more secretive in the future. If they wanted to discover anything, it would be when Central's experiment succeeded and was fully launched!

At that time, whether it was the Academy or the mountain region, it would be unknown if they could stop the Army of biochemical monsters from the center.

"I understand that you want to solve the root of the problem once and for all, but the Academy's higher-ups don't have that much free time! Searching in the dark would waste a lot of time, so who would be willing to do so? That's why they're acting so boldly. It'll be best if we can find the monster's nest, but it doesn't matter if we can't, as long as we scare the monsters away. "

Xu Xiaoyan had a smile on her face, but Lin Yi felt that there was a trace of loneliness in her smile.

Scaring away those monsters and letting trouble become trouble for others was a bit immoral in itself, but Xu Xiaoyan couldn't do anything about it. She couldn't order those Masters to spend a lot of time on some small things like searching. She had already done her best to help the school get rid of the trouble.

Lin Yi didn't say anything-things were basically set in stone at this point, and there couldn't be any changes.

Unless Lin Yi could provide the exact location of Central's base and ask the higher-ups of the school to go straight to the root of the problem, it was the only way.

After what happened at the school, central and Xue Keyan should be preparing to leave. They chose this place to use house Xue to get rid of Lin Yi, and now that Lin Yi was on alert, it wouldn't be easy to get him again. They might as well move to another place.

"Since the Academy has decided, I guess there will be more monsters appearing here in the future. We don't have to worry anymore."

Lin Yi sighed. In the end, he wasn't strong enough and didn't have the right to speak!

"Alright, let's not talk about this anymore. I actually came here this time to tell you something."

"Lin Yi, I noticed that the formation in this courtyard has been modified. To be exact, it's been rearranged. Is this your doing?" You also know about arrays?"

"Yes, I know a little. It's not worth mentioning."

Lin Yi waved his hand humbly. Compared to this thing, he only knew a little about formations.

However, in Xu Xiaoyan's eyes, Lin Yi's array skills were not simple at all.

"A level Seven formation technique, and you only know a thing or two about it. If your words get out, you'll be easily beaten to death by other formation Masters. Of course, ordinary formation Masters might not be able to beat you."

Xu Xiaoyan smiled as she teased. She had a new understanding of Lin Yi's ability.

Zhang jinmiao had told her that Lin Yi was an all-rounder genius when she introduced him to her, but she didn't go into the details.

#### Chapter 6562 The Soul Cleansing Pool

At that time, Zhang jinmiao's expression was as if she had given you a treasure chest and you had to slowly open it and rummage through it. The more you found, the more surprises you would have. Now, Xu Xiaoyan had this feeling of constantly finding surprises.

"Instructor Xu really knows how to joke. This bit of array Dao is indeed not worth mentioning. I wonder what's the other thing that instructor Xu wanted to talk to me about?"

Lin Yi didn't dwell on the topic and got back to the main point.

"Little fellow, you're quite anxious. What's wrong? Are you trying to chase me away by not having the patience to chat with your mentor?"

Xu Xiaoyan's eyes were curved as she looked at Lin Yi, not forgetting to tease him. It seemed that she was in a good mood after discovering the genius Lin Yi.

"Why would I be impatient? it's a dream come true for others to be guided by instructor Xu alone."

Lin Yi shrugged and answered without missing a single detail.

"Forget it, I'm not joking with you. Let's get down to business!"

Xu Xiaoyan waved her hand, and her expression became a little more serious. However, she was born with a smile like a flower. No matter how serious she was, she still looked very sweet.

Lin Yi, on the other hand, put on a serious face and listened.

"It's like this. You've made a great contribution this time, so the higher-ups of the Academy have prepared to give you an opportunity to improve yourself. If you can grasp it, it will be an opportunity for you. This opportunity is something that all students dream of."

Xu Xiaoyan's face revealed a trace of pride as she spoke up to this point. It seemed like she was also proud that Lin Yi got this opportunity as a mentor.

"A chance to improve myself? Instructor Xu, can you elaborate?"

Lin Yi's heart skipped a beat-getting stronger had always been his goal, no matter if it was in the common world or Sky Class Island. It was something he'd always dreamed of.

Xu Xiaoyan nodded and smiled. "In Feiyang college, there's a cleansing pool. When you cultivate in the pool, not only can you cleanse your true Qi, but you can also remove the impurities in it. The purity of your true Qi can be increased by at least 50% without changing the total amount."

"It's that powerful?"

Lin Yi played along and revealed a surprised expression. In fact, he was quite surprised. If he could increase the purity of his Qi by 50%, no one would be able to do it.

"This is amazing? There were even more powerful ones! The soul-nourishing soulcleanse pool was also very obvious in improving the primordial spirit. Anyone who entered it to cultivate their divine sense could at least improve the strength of their primordial spirit by one level. Note that it was not a small level, but a large level! Other than that, it can also wash away the impurities in your body, which is equivalent to helping you refine your body! You'll be able to improve in three areas at the same time. Although there are major and minor differences, there's no doubt that you'll ultimately obtain a comprehensive improvement. A huge increase in strength won't be a dream!"

Xu Xiaoyan smiled at Lin Yi. Other than being happy for him, she was also looking forward to it.

The soul-nourishing soulcleanse pool was not a place that anyone could enter. As one of the geniuses of her era, Xu Xiaoyan had only obtained the qualification to enter the pool for cultivation once in her entire student life.

Therefore, she was very clear that entering the soul nourishing soulcleanse pool meant that another unparalleled genius was about to be born!

"Instructor Xu, the opportunity you're talking about is to enter the soul cleansing pool, right? Then when can I go?"

Lin Yi was very excited-he wasn't acting at all this time, he was really, really excited!

All-rounded improvement? Wasn't this tailor-made for him?

Other people's mental cultivation methods and pithy formulas could only be cultivated one by one in terms of divine sense, body, and true Qi. Those who cultivated them would improve quickly, while those who didn't could only rely on the soulcleanse pool to passively improve. Therefore, the improvement in these three aspects were completely different, and one could only be chosen as the main.

But Lin Yi didn't have to worry about this. His heaven's fortune could advance in all three aspects!

As long as he entered the pool, Lin Yi could almost be sure that his long accumulation in the xuansheng stage would end here!

"Of course not. There's only one slot for the pool every year, and in the history of Feiyang college, the new student class has never gotten a slot. To be more precise, the new student class doesn't even have the right to compete! But you're a special case, an exceptional reward from the Academy's higher-ups, and you're given a chance to compete. "

Although it was only a competition, Xu Xiaoyan still felt that it was very precious. It was more precious than medicinal pills, weapons, and cultivation techniques.

Xu Xiaoyan had seen Lin Yi's strength with her own eyes. Lin Yi had the ability to get this place, so she felt that this reward was precious.

"Oh, who are the competitors? How many were there in total? What's the competition?"

Lin Yi was a little anxious-he wasn't going to let this chance go, no matter who his opponent was. He had to apologize!

"Only the most outstanding students of each batch can participate in the competition. The top three students of the three batches of students above the new students are qualified to participate in the competition. The strength level restriction is the mountain opening stage. The top three students who have not graduated before the mountain opening stage are all qualified."

Although the opponent was in the mountain opening stage, Xu Xiaoyan wasn't worried. The battle with the monster showed her Lin Yi's true strength.

"The top three from the previous three batches of students, including me, are ten people competing for a spot this time?"

Lin Yi let out a breath of relief. His current strength was the strongest under the mountain opening stage. Even Hao Zili, who had just entered the earth opening stage, might not be able to escape unscathed from Lin Yi.

"Even if it's one out of ten, you still have a chance of winning. It's just that the content of the competition is different every year. I don't know what it's like this year, so you can tell me how capable you are first. I'll help you analyze it."

Xu Xiaoyan suddenly changed the topic and started to ask about Lin Yi's skills.

"Instructor Xu, you're my instructor. Shouldn't you know how capable I am?"

Lin Yi shrugged casually, avoiding the topic.

"Little rascal, how many days have I been your instructor? What was the clearest? I can tell that you and Vice Dean Zhang jinmiao are Birds of a Feather. You just like to keep people in suspense. Forget it, I can't be bothered to argue with you!"

Xu Xiaoyan waved her hand and stopped asking. "The competition this time is set for this afternoon. The timing is very coincidental! If it's tomorrow, then even if the Academy's higher-ups want to give you a chance, they'll have to wait until next year. "

Lin Yi couldn't help but click his tongue-what a coincidence! His luck was heaven-defying!

He just remembered that there was only one spot, and he felt guilty towards the nine seniors, especially the three from the highest batch. This should be their last chance to compete, but Lin Yi got in their way and they wouldn't be able to participate next year!

Chapter 6563 Top Three

"You seem to be very confident and confident?"

Xu Xiaoyan looked at Lin Yi with a smile on her face. Suddenly, her eyes widened and she scolded in a low voice, "Don't underestimate your enemy. I know you're strong and can fight above your level, but the seniors who are higher than you are not easy to deal with. Not to mention the three most outstanding people of each batch? It's not difficult for them to fight someone of a higher level. You'd better adjust your attitude, or you'll only be humiliating yourself!"

"Yes! Instructor Xu is right, I will definitely be careful!"

Lin Yi quickly nodded with a serious face. He knew that Xu Xiaoyan was really thinking for him, so he was not unhappy at all.

Xu Xiaoyan squinted her eyes and looked at Lin Yi deeply, as if to confirm if he really stopped underestimating his enemy.

"Very good, you can come with me now. If you can successfully obtain this quota, I will tell the outside world that you are in closed door cultivation and are not to be disturbed! After you come out, don't go around talking about the spirit cleansing pool. This is an important place in our Feiyang college. Although it's not a secret, there's no need to let everyone know. "

Xu Xiaoyan said as she prepared to bring Lin Yi to the event.

"Yes, please rest assured, instructor Xu."

Lin Yi wasn't a big-mouth person, so he wouldn't tell anyone.

Moreover, as a new student, if he made an exception to participate in the competition, it would attract criticism from others. It would not be beneficial to the school's higher-ups, and it was estimated that the higher-ups were also concerned about this, so they asked Xu Xiaoyan to specifically remind him.

As the two left the yard, Lin Yi glanced at the yard next to it. This was Xue Peng's house, and he'd been keeping a low profile these days. Lin Yi hadn't seen him since the market.

However, it was also possible that Xue Peng had heard of the Academy's mission and was so low-key to avoid suspicion. But no matter what, if he wanted to find Xue Keyan, he could only keep a close eye on Xue Peng.

Lin Yi didn't know how long this trip would take, so he made arrangements for the little spirit beasts before he left.

Two of them were used to monitor Xue Peng, two to protect Shangguan LAN 'er, and two to act as backup at any time. They could also help look after the Murong siblings.

As for the last two, Lin Yi always brought them with him-he might be able to use them.

Of course, this was all done without Xu Xiaoyan realizing it. When she jumped on the flying spirit beast, Lin Yi had already made the arrangements and followed. The flying spirit beast rose into the sky and took the two to another mountain.

The flight time was very short, and they soon landed halfway up a mountain. There was still some time before the start time, but everyone was already there.

The nine students stood in a row. There was no need to ask to know that they were the top three from the previous three batches. Each of them was an extremely outstanding genius.

The host of this competition wasn't an outsider, either-it was the Vice Dean, Zhang jinmiao. Lin Yi wasn't sure if the higher-ups of the school had sent her here on purpose to give Lin Yi a bigger advantage.

But that didn't seem possible-even Lin Yi himself wouldn't agree to it, let alone Zhang jinmiao. He didn't have the authority to make the higher ups open the back door for him.

Lin Yi was determined to get the pool, but he'd still have to rely on his own strength to get it.

"Deputy Director Zhang, I've brought her here. If there's nothing else, I'll take my leave."

Xu Xiaoyan smiled and greeted him. She said that she was going to leave, but her feet didn't move. She didn't have any intention of leaving.

"You, if you want to stay and watch the show, just say it. Why are you being so petty with me?"

Zhang jinmiao smiled and shook her head. The familiarity between the two could be seen.

"Then I won't stand on ceremony. Deputy Director Zhang asked me to stay. It has nothing to do with me."

Xu Xiaoyan stood beside Zhang jinmiao with a smile, not treating herself as an outsider at all.

"Do I ask you to stay? How come I don't remember?"

Zhang jinmiao didn't know whether to laugh or cry as she looked at Xu Xiaoyan. She only told Xu Xiaoyan to tell her if she wanted to stay, but she didn't say that she could stay if she wanted to. Was this the same meaning?

"I don't care. I feel like you've invited me. Alright, alright. Deputy Director, let's get started. Stop wasting time."

Xu Xiaoyan didn't want to continue this topic, so she quickly diverted Zhang jinmiao's attention.

"Hello, Vice Director Zhang!"

Lin Yi stepped forward to greet her-it wasn't appropriate to call her aunty Zhang in a situation like this, it'd raise suspicion.

The nine seniors all had hostility in their eyes when they saw Lin Yi, some of them even looking at him with disdain. They thought that Lin Yi was just some lucky bastard who didn't have any real strength yet still wanted a share of the loot.

Zhang jinmiao hadn't seen Lin Yi for a few days, and she didn't expect to see him again during the contest for the soulcleanse pool. It was a pleasant surprise, and it proved that her judgment was right.

"Lin Yi, you've done well. Whether or not you can get the chance depends on your performance. If you can't grab it, then you'll have nothing!"

Zhang jinmiao looked at Lin Yi, satisfied.

"Yes, thank you, Vice President Zhang. I will definitely work hard!"

Lin Yi lowered his head slightly and replied respectfully.

The older students were even more disdainful when they saw Zhang jinmiao talking to Lin Yi like that. Zhang jinmiao was the main person in charge of the recruitment this time, and they heard that Lin Yi was recruited by her.

In that case, the two could be considered teacher and student, and Lin Yi might've used his relationship with Zhang jinmiao to suddenly appear in this competition without any strength at all!

"Since everyone's here, let's start now! Originally, there were nine of you fighting for a spot. However, because of a new student's special contribution this time, there's an additional person. Now, I'll explain the competition method. "

Zhang jinmiao didn't say anything else to Lin Yi-it'd make him a target.

"The ten of you will be sent to the dark shadow Forest. You will be the first to reach the dark shadow Palace in the center of the forest. The one who embellishes the five elements token will get a place in the finals. There are three sets of five elements token, so only three people will be able to participate in the finals!"

Zhang jinmiao said as she looked at the ten people, including Lin Yi.

Lin Yi's heart skipped a beat-from what Zhang jinmiao was saying, three people at most would be in the finals, so ... There might not be even one?

Of course, the biggest possibility was that there would only be one person in the final. This would require him to get rid of all his competitors in the shadowy forest.

Indeed, competition was an extremely cruel thing!

No one here was an idiot-if Lin Yi thought of it, they'd naturally think of it too. Lin Yi could clearly feel the unfriendly gazes directed at him-they probably all wanted to eliminate him first, right?

#### Chapter 6564 Lin Yi's Chances Of Winning

"There are a total of 15 tokens in the three sets. Before you enter the dark shadow Forest, each of you will receive a five elements token. The remaining five tokens will be hidden in the dark shadow Forest. You will need to find these five tokens to gather the three sets. For the sake of the competition, I will assign you a number."

Zhang jinmiao pointed at the three people who were one year older than Lin Yi."The three of you are number one to three, the three behind you are number four to six, and after that ..."

Lin Yi was the last one, number ten!

"Since we're all from the same sect, it's strictly forbidden to injure, maim, or kill anyone in the process of competition. If anyone violates this, they'll be severely punished. "Students with the strength of the mountain opening stage will be suppressed to the great circle of mysterious Ascension after entering the dark shadow Forest. This is fair to everyone. Only in a fair environment can the most outstanding geniuses be selected. Do you have any questions?"

Zhang jinmiao scanned the crowd again, but no one spoke.

The mountain split stage cultivators were naturally happy to see their strength being suppressed. The mountain split stage cultivators didn't have much of an opinion either. This was because their strength was suppressed, but their experience, vision, and so on were not affected. Against a Xuan Sheng stage cultivator, they still had a great advantage.

Therefore, everyone calmly accepted this rule. Of course, there was no other way if they didn't accept it. It was estimated that whoever didn't agree would be directly fired.

"Very good, no one has any objections. Let's begin! I'm looking forward to your good performances. "

Zhang jinmiao nodded in satisfaction. She raised her hand and waved. Ten rays of light scattered and flew into the hands of the ten people. This was a silk bag, and a token was stuffed inside. It was probably one of the five elements token.

"When you reach the shadowy forest, open the brocade pouch and check what your tokens are. I'll send you there first."

After Zhang jinmiao distributed the tokens, she waved her hand and ordered the ten aerial spirit beasts that she had prepared to take off. Each aerial spirit beast was controlled by a person to transport a student to the dark shadow Forest. This was to prevent people from exchanging information or forming an alliance on the way.

When the aerial spirit beast rose into the air, Zhang jinmiao gave Lin Yi a deep look, giving him an encouraging look. Lin Yi understood and smiled in response, following which the aerial spirit beast left the mountain.

"Vice Dean Zhang, how confident do you think Lin Yi is?"

Xu Xiaoyan and the others flew away, and then she looked at Zhang jinmiao with a smile. The two of them actually had a good relationship, so they didn't have any scruples when talking.

"What do you think?"

Zhang jinmiao didn't answer, she wanted to see how much the mentor knew about Lin Yi.

"Is Vice President Zhang testing me? Alright, I'll analyze it for you!"

Xu Xiaoyan smiled and then stretched out a finger. ""If we're talking about individual strength, I don't think any of those senior students are Lin Yi's match. So if we look at it individually, Lin Yi's chances of winning are very high. But one thing we can't ignore is that Lin Yi's only one person!"

"You think the seniors will team up against Lin Yi?"

Zhang jinmiao, on the other hand, was very calm, as if she was not surprised at all.

"It's hard to say if the seniors will team up, but their main target is the new student, Lin Yi! As long as their relationship isn't too bad, they'll basically choose to work together. After all, there are three spots for the final round, so it's just right for each person to get one. "

After Xu Xiaoyan finished speaking, the number of fingers she extended had increased to three.

"That's a very reasonable analysis. If the seniors work together, the chances of eliminating the others are very high. It's just three of them working together to eliminate Lin Yi-I'm afraid it won't be that easy."

Zhang jinmiao had full confidence in Lin Yi. In her eyes, Lin Yi's talent wasn't a genius at all, but a freak!

It wasn't just his talent, Lin Yi's strength was strong as well, but he still had a lot of potential that hadn't been discovered yet, which was why Zhang jinmiao hoped that Lin Yi could get this opportunity successfully.

"I didn't expect you to have so much confidence in Lin Yi, at least more than me. Let's wait and see!"

After Xu Xiaoyan finished speaking, she turned to look at a huge jade stone tablet on the side.

It was used to display the surveillance array. The entire dark shadow Forest was actually a huge array, and the surveillance array was only one part of it. Zhang jinmiao could see everything that was happening inside at any time through the surveillance array.

Soon, the ten of them were sent to the dark shadow Forest by the flying spirit beasts and were randomly dropped down. Because of the formation, no one could see where the others were dropped.

Lin Yi landed on a big tree and released his spirit sense. However, the forest had a very strong restriction on his spirit sense. He could only extend it for about a hundred meters. This distance couldn't even be covered by the naked eye.

But in the dark shadow Forest, it was already very good. There were black shadows everywhere, and Lin Yi's naked eye could only see around twenty meters.

"As expected of the dark shadow Forest. It feels a little strange. Is it formed naturally? It doesn't seem right. Is it a formation?"

Lin Yi's mind whirled, and he found the right answer in an instant, but it didn't help.

Lin Yi couldn't set up a formation like this. It was possible, but it would take a lot of time. It wasn't something that could be done by throwing a flag.

Lin Yi didn't have the time to care about the formation-the school had their reasons for sending them into the forest, and he just needed to finish the test as soon as possible.

As for destroying the formation, he wasn't prepared to do it. It was meaningless and could easily disqualify him.

"A token with the fire character! Now, we have to go find metal, wood, water, and earth. "

Lin Yi took out the pouch and put it away after a look.

He didn't know what tokens the others had, but if ten people just happened to get two sets of tokens, then as long as they could find the remaining set of tokens, they could enter the finals without any suspense.

But Lin Yi didn't think that the school would set up a competition this simple. The higher possibility was that the five hidden tokens weren't a complete set.

Lin Yi kept the bag and closed his eyes to recall the direction he came from. After making sure of the general direction, he started to move.

His spirit sense could only cover a hundred meters, but it was much better than the naked eye, so Lin Yi still used his spirit sense to move forward.

"Eh, Vice Dean Zhang, isn't Lin Yi's spirit very strong? Or did he have good eyes? Looking at his speed, the visibility seems to be more than 20 meters!"

Xu Xiaoyan paid the most attention to Lin Yi, and so she noticed the abnormality.

"Perhaps, who can say for sure?"

Zhang jinmiao smiled faintly and did not answer directly.

She already knew that Lin Yi's spirit was strong, but she didn't want to tell anyone. That was why she asked to be the judge. It didn't matter if people thought she was being selfish. In fact, she was selfish, but it wasn't to help Lin Yi win. She just wanted to hide the process of Lin Yi's victory.

Chapter 6565 Encounter

"Acting like you don't know anything, who'd believe that!"

Xu Xiaoyan curled her lips and didn't continue to pester him. She started to observe Lin Yi more carefully.

Lin Yi made a discovery very quickly. He made a sudden turn and flew to a big tree about 60 meters to the left. He found the first hidden bag in the branches of the tree. There was a token in it too.

"Another token with the fire character?"

Lin Yi opened the bag and scratched his head.

The last thing he needed right now was the fire token, so there was no use in taking another one!

Lin Yi put the token away and continued to move forward carefully. The token was useless to him, but it was the same as cutting off one of the spots. If he found the last fire token, it would be the same as cutting off everyone's chance to enter the finals.

It didn't take long for Lin Yi to meet his first competitor.

Lin Yi's spirit sense could only reach a hundred meters. For a xuansheng master, a hundred meters was just a jump. So when Lin Yi found the opponent, the opponent also saw Lin Yi in shock.

"Tenth new student, it seems that my luck is not bad. What is your five elements command token? Hand it over and I'll let you go. Otherwise, you can just wait to be eliminated. "

The guy was one year older than Lin Yi, and his number was three. His face lit up when he saw Lin Yi.

Lin Yi was famous among the new students, but the older students had never heard of him before.

"Directly eliminated? I'm a little curious, Vice Principal Zhang didn't seem to mention anything about direct elimination in the course of the competition?"

Lin Yi didn't rush to attack, but asked with interest.

"A new student is a new student. Do we need Vice Principal Zhang to teach us such basic knowledge? Just because you can't be killed or crippled doesn't mean you can't be eliminated. I'll control the scale and beat you until you can't move. Letting you lie here is the same as directly eliminating you! Someone from the Academy will bring you back to recuperate. Don't worry, it'll be easy to recover, but the pain won't be easy to bear! Alright, are you going to hand it in or are you waiting to be eliminated?"

As he spoke, number three had already stepped forward.

"So it's like this! Well, since you like to choose so much, I'll give you a chance. Do you want to hand over the token or wait to be eliminated? Don't worry, because you told me the elimination method, I will try to be gentle. "

Lin Yi grinned, as if he didn't care at all about the guy getting closer.

"Hahaha, are you scared silly? Don't blame senior brother for bullying you!"

Number three clenched his fists and made a couple of cracking sounds, trying to put some pressure on Lin Yi.

Lin Yi finally understood why number three was so confident when he mentioned the word "senior." He was a senior, after all, and had been training at the school for a year!

Both of them were at the peak of the mystic Ascension realm, but number three clearly thought that his spirit and physique far surpassed the new egg Lin Yi.

But what he didn't know was that even though Lin Yi was a new student, he wasn't a newbie in terms of spiritual sense or body training. In terms of spiritual sense, there weren't many teachers or higher-ups in the school who were stronger than him, and that was a more modest way of saying it!

With the help of the demonic spiritual sense, no one in the entire Feiyang college would be his match.

"Wait, I forgot to ask, what is your five elements command token? Forget it, you don't have to say it. I'll be more surprised when I see it myself later. "

Lin Yi crossed his arms, signaling for three to make a move.

Number three laughed coldly, thinking that Lin Yi was just being stubborn. He decided that he had to teach this new guy a lesson, teaching him not to be too arrogant when facing seniors from a year higher.

Being too proud was easy to get hurt!

"You're simply the head of posturing! I hope you can continue to act tough later and not beg for mercy! Because even if you beg for mercy, I won't let you off!"

Number three snorted as he charged forward, throwing a punch at Lin Yi's face. He didn't use any martial arts or fancy moves-it was simple and direct, full of disdain.

At the same time, Lin Yi felt a weak spiritual force attacking his sea of consciousness. It was the same spiritual force that Xu Xiaoyan used before!

However, number three's power was so weak that Lin Yi almost didn't notice it.

It turned out that this guy didn't use any martial skills on the surface, but he secretly used a spiritual awareness skill. Although it was a bit shallow, against other new students, it really succeeded!

It went without saying that number three was bullying Lin Yi, thinking that Lin Yi's divine sense wasn't as strong as his, but Lin Yi wasn't a new student ...

As a result, a typical case of not being able to act tough and being struck down instead was born.

Lin Yi's face was calm, as if he'd never been attacked before. He raised his right hand and casually reached out, easily catching number three's powerful and fast punch.

"Senior brother, what did you just say? I didn't hear you clearly, can you repeat that?"

Lin Yi's smile was warm as he lifted his leg, his movement neither fast nor slow, landing a clear kick on three's stomach.

The guy saw it clearly, but he couldn't avoid Lin Yi's kick no matter what.

Lin Yi, of course, wouldn't use his full strength. He was very precise with his strength, and he made sure that number three wouldn't die or be disabled, but he could still feel the extreme pain!

Lin Yi didn't even let go of his fist, causing number three to fly into the air, but he couldn't break free from Lin Yi's grip.

"Owwuuu!"

In the air, number three couldn't hold in the pain anymore, but he was still wondering why Lin Yi wasn't affected by his spirit sense attack.

"You ... You have a divine sense ... Divine sense defense ... Dao ..."

Number three's body started falling again as Lin Yi pulled him down-he didn't even get to finish his sentence before Lin Yi kicked him again.

"You know too much! Should I kick you to death to silence you?"

Lin Yi couldn't help but smile as he continued to tease the man.

With such a weak spiritual sense attack, did he need to use a spiritual sense defense tool? Can you not be so funny?

" Junior Brother ... Junior Brother ... Please spare me ... I ... I ... Admit defeat ..."

Number three knew that he had kicked an iron board this time. Lin Yi could defend against spirit sense attacks and normal attacks were stronger than him. Although they hadn't used their martial skills yet, number three knew that he was no match for Lin Yi!

Chapter 6566 Your Luck Is Heaven-Defying!

A wise man knew when to retreat. Three surrendered and begged for mercy without hesitation. Lin Yi controlled the strength of his kick perfectly, making him feel extreme pain but not hurting him. It was a skill that only a veteran of torture could have!

"Senior brother, I'm asking you what you just said. I didn't hear you clearly. Can you repeat it? Is it something like "I won't beg for mercy, but I won't let you off even if I beg for mercy"?"

Lin Yi pushed him to the ground and looked down at him with a half-smile.

Number three's entire body was in so much pain that it felt like it was going to split apart-he couldn't move at all, and he didn't dare move under Lin Yi's gaze.

"Junior Brother! You and I are from the same sect, so we should love and support each other. We shouldn't attack each other like this, don't you think? Senior brother was just joking with you, please don't take it seriously. "

Three took a deep breath and started talking to Lin Yi about friendship with a serious face, trying to get away with it this way.

Lin Yi smiled faintly and didn't say anything else. He twisted his ankle a few times and raised his foot, as if preparing to kick someone.

Number three didn't dare to take any chances anymore. He directly took out his own silk bag while trembling and held it up with both hands.

"Junior Brother, this is a small gift from me. Please accept it."

Number three felt aggrieved!

To be forced to such a state by a freshman was simply a great humiliation!

But he couldn't do anything about it-as long as Lin Yi let him go, he'd find a way to get his revenge.

For example, he could find two of his senior and junior brothers from the same class. If the three of them joined forces, they would definitely be able to suppress this freshman. The three of them were a mission team and usually went out to complete missions.

When they worked together, they would have all sorts of battle formations, tacit understanding, and so on. When they worked together, their strength would increase greatly. Lin Yi alone wouldn't be a match for them no matter how strong he was.

Especially after number three and Lin Yi's initial fight, he thought that he already had some information on Lin Yi-this was a practitioner with a spirit sense defense item and focused on body strengthening!

"Then I won't stand on ceremony. Senior brother really loves his fellow disciples."

Lin Yi smiled faintly as he kept the bag."Next, I'll return the favor by sending you out to rest. How do you think I should make you lose your ability to move? Break his limbs? Or should I break your head? Or was there a better way? Senior brother, what method will you choose?"

"Junior Brother, don't joke around. I've already given you my five elements command token, so please let me go this time! Why don't the two of us join forces? In this way, the chances of obtaining a Five Element command token will greatly increase. If I can gather two sets of command tokens, how about Junior Brother give me one set?"

Number three's heart tightened as he suggested the collaboration with a smile. He just needed to make Lin Yi think he was useful.

"I'm sorry, I'm used to being alone. If you don't want to choose, then I'll choose myself. It'll be better if I break my limbs, right?"

The last sentence was muttered by Lin Yi on purpose, and three's face changed.

The reason why he was begging and surrendering wasn't because he was afraid of Lin Yi's torture-he just didn't want to lose this chance to compete. As long as he could stay, he'd still have a chance. If he were to be eliminated now, he'd have to wait until next year.

Unfortunately, Lin Yi was determined to deal with him, and he was in despair.

"I understand. I'll give up on my own. You don't have to do anything!"

Number three heaved a long sigh. Even though he knew that this result would be difficult to change, he still felt extremely heavy in his heart when he said this.

When No. 3 said that he wanted to give up, two black shadows suddenly appeared from the shadows of the forest. They were real shadows, and they took No. 3 away from the place!

Lin Yi was surprised-so there were things like this in the forest? puppets? It looked quite interesting!

However, these shadow puppets were very weak. They could only do small things like bringing people along. However, none of the students dared to resist and destroy the array. They would probably be cremated when they returned.

"One was eliminated so quickly, that guy's really unlucky. He didn't find a partner first, but he met Lin Yi. Not only did he meet Lin Yi, but he also provoked him so arrogantly. It's no wonder he was eliminated."

Xu Xiaoyan looked at the surveillance array and chuckled.

"Lin Yi's performance is not bad. If he continues like this, his chances of getting a spot will increase greatly."

Zhang jinmiao nodded in satisfaction. Lin Yi did a good job-he didn't kill or hurt anyone, and he didn't make any mistakes. He got the token easily.

As the two spoke, Lin Yi continued to move towards the center of the forest, but this time, he was slower.

Lin Yi used his own fire token and the gold token he got from number three to guess that number one, two, and three all had gold tokens, four, five, and six probably had wood tokens, seven, eight, and nine probably had water tokens, and he was tenth, fire.

In this way, he had to first find a Hidden Earth character command token.

The others were not in a hurry. When they finally arrived at the shadow Palace, they would definitely meet other people. Whether it was an exchange or a robbery, they could get it. However, they could not pin their hopes on someone else finding the earth Token and bringing it over.

"If only the formation in the dark shadow Forest didn't restrict the spiritual sense. Now, it can only search within a hundred meters. It's really troublesome!"

Lin Yi didn't know what to do. If he used lightning movement or ghost speed wings, he'd be faster, but he'd miss the bags.

"There it is! He's really lucky!"

Lin Yi walked for about an incense's time, and he didn't see anyone else this time. However, he found a bag, and his eyes lit up.

If the silk bag contained the earth Token, then he could go all out to find other students and snatch the token from them!

"It's a fire token again! He's quite lucky!"

Lin Yi didn't know whether to laugh or cry after opening the bag.

He was really fated with the fire token, just like the first martial art technique he learned, wild fire Fist.

Lin Yi had monopolized all the fire tokens, and he could rest assured now. Unless someone could defeat him, they wouldn't be able to get a complete set of five elements tokens.

"Deputy Director Zhang, did you arrange this on purpose? Letting Lin Yi monopolize the one-word token, forcing everyone to fight for it?"

When Xu Xiaoyan saw this scene, she also stared at Zhang jinmiao with a faint smile.

"You can't just say that. Are you saying that I'm secretly controlling the competition? Even if Lin Yi didn't monopolize the fire token, wouldn't there be people fighting for it?"

Zhang jinmiao didn't want to take the blame. Every batch of three students would receive a token with the same number. This was an unwritten rule with a deeper meaning.

Chapter 6567 Who Gave You The Confidence?

Three students of the same class with the same rank had no room for conflict, so joining forces became an inevitable choice. In the end, the external battle would turn into an internal battle, and they would all participate in the finals.

"Look, four, five, and six have already gathered and are heading towards Lin Yi. Do you think Lin Yi will fight them?"

Xu Xiaoyan perked up at the sight-she wanted to see Lin Yi's full strength, and now was the chance.

"It'll depend on Lin Yi's choice. He's very calm, and he'll make any choice with absolute confidence. "

Zhang jinmiao smiled, full of confidence in Lin Yi.

In the dark forest, Lin Yi noticed the three-man Group approaching first, but he felt that the three had a clear goal-they were coming for him!

Could it be that his opponent's spirit sense was stronger than his, and had already discovered his existence from far away?

Lin Yi had wanted to face the enemy head-on, but he changed his mind after thinking about it. He ran in another direction and hid in the crown of a big tree, waiting for the rabbit to come.

After a while, the three-man team followed them and came to the tree where Lin Yi was hiding.

"Junior Brother number ten, hurry up and come down! We've discovered you long ago. There's no point in hiding on the tree. "

One of the three raised his head to look at Lin Yi's hiding spot with a harmless smile on his face, as if he'd found a hide-and-seek partner.

"Amazing! You've even discovered this!"

Lin Yi confirmed his suspicions and didn't need to hide anymore. He landed on the ground, "I'm very curious, how did you find me? Is there some secret technique?"

"You don't need to know that. You just need to know that no matter how you hide, you can't escape our pursuit! Now, we don't need to chat anymore. Hand over your token and we'll give you a chance to continue looking for other tokens. "

It was four who spoke just now, and he was still the one negotiating with Lin Yi.

However, looking at the warm smile on his face, who would have guessed that he was in the middle of a robbery? From a distance, it looked like a few old friends were having a chat.

"Why is it always like this? After snatching my token, you'll ask me to find other tokens so that you can come and snatch it from me, right? What a good plan!"

Lin Yi smiled faintly, a hint of mockery in his smile.

These guys were all prideful, thinking that they could take Lin Yi down for sure-where did their confidence come from? Could it be that murloc II gave it to them?

"You've already met other people? Number three has already been eliminated. You were the one who was the closest to him just now, right? Are you the one who eliminated number three?"

Number five, who was beside number four, suddenly spoke. There was a faint water current swirling in his pupils, forming an unnoticeable Whirlpool.

Lin Yi had a guess-he was discovered probably because of this five, right?

He didn't know what kind of secret technique the other party had used to be able to find the other people's positions. In the shadowy forest, having a person like number five was equivalent to having a radar!

"To be able to eliminate number three, you have some ability. However, we don't need to know the answer. When we take the token from your hand, we'll know whether it's real or not!"

Number four smiled arrogantly as she reached out her palm and hooked all four fingers back at Lin Yi, "Are you going to take out the token yourself, or are you going to put up a last-ditch struggle? If you choose the latter, I can't guarantee that you won't be in so much pain that you won't be able to control yourself!"

"Let me remind you, don't try to escape, because no matter how you run, you can't escape our pursuit. So, it's better to be straightforward and not waste each other's time!"

Five said with a smile, as if he'd already got Lin Yi.

"Alright, since you've said so, I won't waste my time! After I get what I want, I'll need you to give me some directions!"

Lin Yi felt that he was quite lucky to have met these three people. He could only rely on luck to find people by himself, but these three obviously didn't rely on luck!

With their guidance, the time needed to search for the tokens would be greatly reduced.

"Haha, number ten Junior Brother is quite confident! Looks like he's definitely not weak. Everyone, be careful. Don't fail miserably in an easy task!"

Number four was still as arrogant as ever. Although he said to pay more attention, he didn't do anything in response.

Lin Yi didn't waste any time. At such a close distance, he didn't even need to use his lightning escape technique. He used his butterfly microsteps and dashed in between the three like a ghost.

The wild fire thousand legs brazenly activated, and countless leg shadows burst out between the three of them, directly breaking the formation they maintained.

The three of them were caught off guard, and their tacit cooperation could not be put to use at all. The battle formation that they had been used to maintaining collapsed instantly. Each of them had to face hundreds of burning leg shadows. For a moment, they were flustered and almost fell to their knees.

Lin Yi was still holding back on his kick-he still needed to use the three's abilities to find someone, so he controlled his strength to avoid accidentally eliminating all three of them!

The battle ended very quickly. These three were indeed the genius students of the Feiyang college. Their strength had even broken through to the mountain opening stage. They didn't leave the college to travel just for this opportunity to cultivate in the soul cleansing pool.

However, after their strength was suppressed to the peak of Mystic Ascension, they weren't even on the same level as Lin Yi.

Of course, even if they weren't suppressed, they weren't on the same level.

However, if they didn't look down on Lin Yi so much, they might be able to fight with him. After all, they couldn't kill or maim him, and Lin Yi couldn't use many of his powerful skills. It wasn't easy to take down three of them.

"Three senior brothers, thank you for letting me win! Dealing with the three of you is no easy task!"

Lin Yi smiled, but his words made the three feel ashamed.

If this was not easy, how could it be easy?

Without a doubt, the three of them took Lin Yi's words as an insult, but in all honesty, Lin Yi didn't mean to insult them at all!

Lin Yi still needed their help-he'd be asking for trouble if he didn't do anything after humiliating them.

Lin Yi just wanted to comfort them and make them feel better, but it sounded like he was acting cool!

Many times, Lin Yi was speechless. He wasn't acting cool, he was just saying good things, how did he become the head of the pack?

"Cut the crap. The winner is noble and the loser is a thief. We admit that we were careless and let you succeed in your sneak attack. Now that things have come to this, just tell us what you want!"

Number four snorted coldly with an ashen face.

Chapter 6568 I'll Return The Two To You

Even now, number four and the others felt that Lin Yi had the advantage of a sneak attack. On the other hand, the three of them had underestimated their opponent too much. They still underestimated Lin Yi who was at the peak of xuansheng stage even when their strength was suppressed. That was why this situation happened.

"Then I won't be polite. Take out your tokens first!"

Lin Yi didn't do it himself, but gestured for four and the others to take it out.

The three of them had temporarily lost their ability to resist, but their normal movements were not affected. So, in order to avoid physical pain, they could only helplessly take out the silk bag.

One for each person, no extra. It seemed that these three were going straight for Lin Yi after meeting up. They wanted to get the soft persimmon first, but they caught the frozen one-how unlucky.

"The three of us have wooden word tokens, nothing else. Junior Brother, we're all from the same Academy. One token is enough for you. Why don't you give us another chance?"

After four took out the bag, the arrogance on his face was gone. He even lowered his posture, hoping that Lin Yi would let him go.

Since Lin Yi didn't eliminate them directly, it meant that there was still room for negotiation. As long as there was a chance, the three of them might be able to win.

"No problem, we're all from the same sect, so it's naturally easy to talk things out. I just want to ask my senior brothers, where are the other people's seats?"

Lin Yi smiled faintly as he put away the wooden token and toyed with the other two bags.

"Junior Brother, it's not impossible to tell you the location of the others, but they're all moving. When you get there, you may not be able to find them. So, I think you can wait in the shadow Palace first. Everyone will eventually gather in the shadow Palace. Then, won't it be easy to collect all the tokens?"

Number five squinted his eyes and smiled sincerely, hiding the whirlpool in his eyes. Lin Yi guessed that this was the key to finding the others.

"Senior brother, you're really good at scheming. I don't understand why you didn't wait at the shadow Palace first, but came to find me?"

Lin Yi didn't mind the suggestion-as long as he wanted to, waiting for the rabbit to come might be a good idea, but it'd just be a waste of time.

"Hehe, we just felt that we were not strong enough, so we wanted to break them one by one! By the time we reach the palace of shadows, we may not be able to gain the upper hand! But Junior Brother is different. Your martial skill just now was extremely powerful, especially against a group attack. If Junior Brother were to wait in the shadow Palace, you would definitely be able to get a spot in the finals. "

Five was trying his best to get Lin Yi to go to the shadow Palace! Of course, he didn't think that Lin Yi would have the ability to deal with the others.

The three of them felt that if they activated the formation earlier, Lin Yi wouldn't be their match!

Lin Yi's victory this time was completely unexpected. If they were to do it again, no one knew who would win.

"As for what to do, there's no need for senior brother to worry. You just need to tell me what you know and I'll handle everything myself."

Lin Yi didn't want to waste any more time. He grabbed the two bags and smiled at the three."If the three senior brothers don't want this opportunity, you can just ignore it."

"No problem! It's a deal!"

Number four was also a decisive person and immediately agreed.

They had the initiative anyway, and the remaining people's whereabouts were all under their control. Even if they told Lin Yi, it would be too late by the time Lin Yi went. By then, wouldn't they have the whole thing in their hands?

Number five glanced at number four and didn't object. He picked up a branch and started to draw on the ground.

"Junior Brother, please take a look. This is the topographic map of the anying forest. We are now in this position. The anying temple is here. The closest one to us is number two, and number one is here. They are moving in the same direction. I estimate that they will meet in the time it takes for an incense stick to burn. If we miss it, I'm afraid there is no hope of meeting before we reach the anying temple."

"This direction, it's number 7 and number 9. The two of them are closer, so it's very likely that they've already met up. Number 8 is also on the way! If he was not wrong, they should have a way to find each other, but the efficiency was relatively low! Of all of us here, number seven, eight, and nine are the most senior students in the Academy. Even if they can't be said to be the strongest, they're at least the most experienced, so I feel that the three of them will most likely take away the hidden brocade pouches. "

Number five explained as he drew, adding some of his own speculations.

Other than that, the other five people's possible direction of movement were also marked by number five, which was not hidden.

"Thank you for your guidance, senior brothers. Let's part ways here. See you in the shadow Palace."

Lin Yi didn't think that five would lie to him, since there was no need to.

The three of them were at a disadvantage, and perhaps they'd hope that the others would be at a disadvantage as well, or that Lin Yi would be at a disadvantage because of someone else. Either way, it was something they'd like to see.

Lin Yi tossed two pouches back to five and the others, who didn't say anything else after receiving them. They simply cupped their hands in farewell.

Lin Yi turned around and used his butterfly steps, disappearing into the shadows. However, number five could still see Lin Yi's position clearly.

"You didn't lie to him, did you? He was given the correct position?"

Number four turned to look at number five, her eyes narrowing.

"Of course I didn't lie to him. This was a fair deal. Although I'm not happy, we're senior brothers. I can't lose my credibility in front of my Junior Brother!"

Number five chuckled. They all knew if that was the reason.

"That's good. Which direction did he go now?"

Four nodded and looked in the direction Lin Yi disappeared.

"In the direction of No. 7 and No. 9. By the time he arrives, No. 8 should have arrived."

Number five let out a smile as if he was a spectator-no matter who Lin Yi won against seven, eight, or nine, they'd still be able to benefit from it.

"That kid didn't choose No. 1 or No. 2. It seems like he really eliminated No. 3! The next time I meet him, I must go all out!"

Number Four's expression was extremely solemn when he said this!

Lin Yi guessed that his movements would be monitored by number five, and that he had at least three different numbers on his token, but he didn't care.

Number seven, eight, and nine should have water token in their hands. Hearing number Five's meaning, these three guys were very experienced and most likely had already found a few hidden brocade pouches.

This was why Lin Yi chose them-he might get the water and earth tokens at once.

Chapter 6569 Mission Accomplished!

As long as he gathered a set of five elements command tokens, the quota this time would be his. Because he had three fire character command tokens in his hands, no one else could gather the command tokens other than him.

"However, I still can't place too much hope on number seven, eight, and nine for the final earth character command token. It would be great if I could find another silk pouch."

Lin Yi calculated in his heart as he kept an eye on his surroundings.

Of the five hidden pouches, two were fire tokens and three were earth tokens. Lin Yi found two fire tokens in a row before, so any one of them would be Earth Token.

In order to find number seven, eight, and nine as soon as possible, Lin Yi had already used his ghost speed wings, but the chances of finding the brocade bag were much lower now.

All of a sudden, the Jade space started sending him an alert, and Lin Yi's heart jumped!

In the next moment, the cells in Lin Yi's body rubbed against each other instinctively, producing a large amount of lightning. It instantly turned into a lightning arc and shot out, dodging the fatal blow at the last moment.

An Arrow's shadow flashed past Lin Yi's original position, and a bottomless hole appeared silently in the ground. This familiar scene made Lin Yi's face turn green.

Hidden death sect again!

It's that bow-wielding bastard killer again!

They were really persistent. They actually chased him all the way to the mystic division Sea area and even sneaked into Feiyang college. They used the competition in the dark forest to launch a sneak attack!

He didn't know how this guy knew that Lin Yi would be participating in the competition today, but Lin Yi knew that it was going to be troublesome from now on!

It was hard to have a peaceful day after being targeted by this assassin who came and went without a trace and liked to stab people in the back, especially when central had also come to the mystic division Sea area and was still working on some bio-human plan.

Lin Yi had been using his spirit sense to search the bag, and with the Jade's warning, he was able to avoid the fatal blow! However, if he was entangled with the enemy and the killer launched a sneak attack at the same time, he was afraid that he would really be in danger.

"Lin Yi was ambushed! Immediately activate the defensive formation of the dark shadow Forest and search for this enemy. We can't let him go!"

Zhang Jinmiao had also noticed the situation through the surveillance formation. She'd been paying attention to Lin Yi, and so she reacted immediately when something like this happened.

Xu Xiaoyan was also shocked. Someone actually dared to sneak attack a student in the Feiyang college, and it was in the competition to determine the quota for the soul cleansing pool. How audacious!

The thick darkness in the forest started to surge. The outside world couldn't see it clearly, but Lin Yi could feel it.

She was afraid that Auntie Zhang was looking for the assassin from Hidden Death Sect! But that guy had probably left the Feiyang school's territory.

Lin Yi shook his head. He was used to this killer who would run a thousand miles away when he missed.

That arrow should have been shot from a distance. The guy had suffered once before, so he would be more careful this time. Lin Yi even suspected that he didn't want to hit Lin Yi at all, but just wanted to try. If it could kill Lin Yi, it would be best. If not, he wanted to give Lin Yi a scare!

The main thing was to tell Lin Yi that the assassin was back!

It was common for an outstanding assassin to create tension and pressure for their target, although Lin Yi wouldn't be affected.

Lin Yi shook his head, not thinking about the assassin anymore. He continued to fly towards his original target.

With the Jade space, Lin Yi was getting more and more used to sneak attacks, and it was getting harder and harder for the enemy to succeed!

And as Lin Yi's strength continued to increase, once he truly entered the mountain opening stage, this killer would probably not be a threat to him anymore.

Hidden death sect was really like a haunting ghost! Lin Yi couldn't care about them now, but he'd uproot this organization when he returned to the Golden class sea!

The assassin had crossed Lin Yi's bottom line. He couldn't tolerate the fact that he attacked Shangguan LAN 'er last time.

"Eh? The dark shadow forest's suppression on divine sense has actually weakened?"

Lin Yi was just about to move on when he noticed the difference.

Originally, his divine senses could only cover a range of about 100 meters. Now, it was slowly rising. Without him knowing, it had already exceeded 200 meters and was still rising.

"Is it because the formation in the dark shadow Forest is searching for the assassins from hidden death sect with all its might, so the other aspects have become weak? That aunt Zhang has really helped me a lot!"

With this discovery, Lin Yi decided to slow down and look for the bags carefully.

His path started to become irregular as well, expanding his search area. Lin Yi didn't know how long this would last, so he had to find the bag as quickly as possible.

Time passed by slowly, and when Lin Yi's spirit sense expanded to three hundred meters, he finally found the third bag!

Luckily, the bag was seen by number eight as well, but the guy didn't know Lin Yi was there at all-he was reaching for it happily.

Two birds with one stone! The five elements command token was complete! Lin Yi's lips curled into a smile.

Ghost Speed's wings flapped lightly, carrying Lin Yi through the darkness of the forest like a ghost. At the last hundred meters, Lin Yi was at full speed, appearing behind number eight in an instant.

"I'm sorry, but I'll be taking this silk pouch!"

The raging fire Eight Trigram palm slammed down, knocking number eight unconscious before Lin Yi could finish his sentence.

Number eight, who was suppressed to the peak of Mystic Ascension realm, wasn't Lin Yi's match even if he faced him head on, let alone being ambushed.

Lin Yi took the pouch and confirmed that it was the earth Token. He then flipped through number eight's storage bag and found the water token.

The five elements token was now complete!

"Vice Dean Zhang, isn't Lin Yi taking it too easy? He's not giving anyone a chance!"

Xu Xiaoyan couldn't stand it anymore. When did it become so easy to get a slot for the soul-nourishing soulcleanse pool?

"Lin Yi's strength is indeed strong-he still has an overwhelming advantage over the seniors, so it's normal for him to get a spot. I've already expected this. "

Zhang jinmiao smiled faintly, not surprised at all by this result.

In the end, the formation in the dark shadow Forest did not find any traces of the assassins from hidden death sect. Of course, this was also within Zhang jinmiao's expectations. After all, it was not the first time that they had not found anything.

"Vice Dean Zhang, you've been with Lin Yi for quite some time now-just how strong is he?"

Xu Xiaoyan curiously approached Zhang jinmiao and asked for information with a smile.

"Didn't you fight with Lin Yi before? shouldn't you have a clearer idea?"

Zhang jinmiao didn't say it out loud-she couldn't really tell Lin Yi's true strength, but there weren't many people who could beat him in the opening stage.

Chapter 6570 True Bullying With Numbers

However, after Zhang jinmiao finished speaking, she looked at Xu Xiaoyan. ""Lin Yi's already got all the tokens, what are you still looking at? The assassin hasn't been found yet, and the Academy has already been cordoned off. You should quickly go and help. "

"Okay, since Lin Yi's situation is already set, I'll go help!"

Xu Xiaoyan smiled brightly and waved goodbye to Zhang jinmiao as she agreed.

Zhang jinmiao more or less knew a little bit about the assassin. She knew that the formation in the dark shadow Forest couldn't catch him, and it was basically impossible for the Academy to find him.

But Xu Xiaoyan didn't know that. She thought that since the Academy had already imposed martial law, the assassin would probably be unable to escape even if he had wings, so she wasn't in a hurry at all.

After Xu Xiaoyan left, Zhang Jinmiao turned her attention back to Lin Yi.

Lin Yi didn't need to trouble number seven and number nine anymore after collecting the five elements token. He went straight to the shadow Palace.

However, the moment Lin Yi gathered the five elements token, the suppression on the spirit was reduced even more. Not only that, but the distance he could see with his naked eye also increased.

The moment Lin Yi left, number seven and number nine noticed him as well!

The unconscious number eight on the ground was enough to explain everything, and so they didn't hesitate and followed Lin Yi to the shadow Palace.

In addition, the rest of the people also felt something from the changes in the dark shadow Forest, and all gathered towards the dark shadow Palace without exception.

No one wanted to let someone else get the spot first-Lin Yi had become everyone's enemy.

However, Lin Yi didn't care at all. After his spirit sense was no longer suppressed, he could directly locate the shadow Palace's position. Once he activated his lightning escape technique, who could catch up to him?

"Short to medium distance teleportation formation talismans?"

Lin Yi had just arrived at the Hall of Shadows when he saw flashes of light. Seven and nine had used teleportation talismans to block the entrance.

"This Junior Brother is really amazing. He single-handedly shook off all of us senior brothers, and really almost made us lose face! But that's it, hand over the five elements token in your hand, lest we start a war!"

Seven looked at Lin Yi and extended his hand.

"It seems that the teleportation talismans are very cheap. Isn't it a waste to use them so casually?"

Lin Yi glanced at the two, calm and composed. Since they were already at the shadow Palace, there was no need to rush.

"In order to catch Junior Brother, what's a mere transfer talisman? Alright, let's cut the crap. More and more people will come. Do you want to be surrounded?"

Number seven frowned. He was clearly getting impatient.

"Just do it, don't waste your breath!"

Number nine glared at Lin Yi coldly. She took a step forward, pulled out a whip from her waist, and lashed it at Lin Yi's face.

On the soft whip, there was a faint flame shining. It was obvious that this was a fire attribute cultivator. Perhaps his soft whip was also a fire attribute weapon, so its power was quite extraordinary.

As expected of a student three years higher than Lin Yi-his level was suppressed to the peak of xuansheng, but the strength he displayed was still at the mountain opening stage.

"I don't have time to talk nonsense with you. I'll be leaving first."

With that, Lin Yi's body turned into an arc of lightning, charging towards the Hall of Shadows through the gap between them.

Lin Yi already had victory in the bag, and there was no need to waste his energy. So what if he won? There were no benefits at all!

"Junior Brother, you'd better be patient. It's better for you to stay and explain things clearly!"

Number seven laughed mockingly. He opened his right hand, and a net that emitted a faint light instantly spread open, sealing the entire door of the shadow Palace.

Lin Yi's lightning arc slammed into it, but it couldn't break through the net!

"Eh, I can actually retreat directly? You do have some tricks up your sleeve. "

Number seven exclaimed in surprise. His silk net had a strong suction effect. As long as someone hit it, they would not be able to break free for a while!

Lin Yi, on the other hand, just touched it lightly as if it didn't affect him at all. Of course, it wasn't as if it didn't affect him at all-after all, he still couldn't break through the net.

In this aspect, number Seven's goal could be considered achieved.

As for why it wasn't absorbed, it was simple-Lin Yi had electricity.

On the other side, number Nine's flaming whip turned into a sky full of whip shadows, shrouding Lin Yi within. Even his lightning escape technique couldn't break through the sky full of shadows.

"They really have some skills. These senior students didn't stay in the Academy for a few years in vain. Their strength is indeed not ordinary!"

Lin Yi exclaimed as he dodged.

To be able to enter the second-tier Feiyang college, each one of them was very talented. It was not an exaggeration to say that they were a gathering of geniuses. The few in front of him were the best of the geniuses, so it was normal for them to be strong.

Lin Yi was glad that he knocked him out first, otherwise it would be even more troublesome if the three of them worked together. After all, his ultimate skills weren't suitable for this situation. He'd be dead if he killed someone.

"Junior Brother, don't resist anymore. Hand over the five elements command token and we'll still be Good Brothers!"

Number seven threw out another net, completely blocking Lin Yi's retreat. Number Nine's flaming whip also came at Lin Yi.

"Who is your good brother? We're not close at all, okay?"

Lin Yi's Thunder escape technique exploded at full force. He found a small gap before their combined attacks could completely close up and forced his way through.

But the two changed the direction of their attacks and continued to attack Lin Yi.

Although Lin Yi's lightning movement was unparalleled in speed, this person's methods worked well together, and even Lin Yi was having a hard time dealing with them.

"We've grown familiar the second time, and we can't get to know each other without fighting, so how are we not familiar? Junior Brother, it's very easy for you to hurt people's hearts with your words!"

Seven smiled faintly as he continued to use the net to stop Lin Yi's movements, but his mouth was full of nonsense.

"Not only are you guys bullying the weak, but you're also bullying the weak with your numbers. I can't match up to such a senior brother!"

Lin Yi's face was full of mockery-from this point, he gave off the feeling that he was doing this with ease.

"Junior brother's strength is so strong. As senior brothers, we are not your match in a one-on-one fight, so we joined forces! I believe that Junior brother's name will soon spread throughout the Academy. "

Number seven admitted that they weren't Lin Yi's match, leaving Lin Yi speechless.

Of course, number seven was just joking-they didn't know Lin Yi's true strength when they joined forces against him, and they just wanted to end the battle as soon as possible.

"Since the two of you like to use numbers to bully the few, then I'll let you experience what it means to use numbers to bully the few!"

Lin Yi's lips curled into a faint smile as he activated his technique, thousand changes of wood and forest.

Hundreds of Lin Yi's appeared at the same time!
