

## **Bodyguard 6571**

### Chapter 6571 One More

Lin Yi didn't say anything and attacked!

Many of them charged at number seven and number nine, while a small portion of them focused on the net and fire whip, using their bodies to take the hit.

In a short period of time, Lin Yi had lost quite a few clones, but number seven and number Nine's attacks had stopped, and they were in a dangerous situation.

Lin Yi's thousand changes of wood and forest wasn't simple. Although the strength of the doppelganger couldn't be compared to the original, the combat strength was still around the early stages of the xuansheng stage.

If No. 7 and No. 9's levels weren't suppressed, it would definitely be easy and pleasant for them to deal with these doppelgangers. At most, they would just have to put in a little more effort.

But now, it was already a miracle that he wasn't being turned around.

Although these doppelgangers weren't enough to have a decisive impact on the two, they had already disrupted their rhythm.

This was exactly what Lin Yi wanted. He didn't use his lightning escape technique when number seven and number nine were busy fighting. Instead, he used super limit butterfly micro steps and dodged all the obstacles like a ghost. He didn't attract the attention of the two at all. It was as if he was one of the clones that had accidentally left the battle.

Lin Yi changed direction and charged towards the shadow Palace again. Number seven and number nine were surrounded by their clones and couldn't guard the door.

At this time, however, four, five, and six had also arrived at the Hall of Shadows. After seeing this scene, they didn't hesitate to join the group to stop Lin Yi.

Number six pulled out an exquisite longbow and pulled the string. A light arrow formed instantly, but his target wasn't any of Lin Yi's clones, but the sky above the battle.

He released his fingers, and the light arrow rushed to the designated position with a gorgeous tail. Then, it burst into a brilliant light and broke into hundreds of thousands of light arrows. It was like a small meteor shower, covering the entire battle group.

This attack had a wide range, but it wasn't very powerful. After all, the attack was scattered, and the power would be scattered. If it was against a normal Xuan Sheng practitioner, it would at most mess them up, but it was quite effective against Lin Yi's clones.

The thousand forest illusionary transformations could only share a portion of the main body's attack power, but its defense was very weak. As long as an attack directly landed on the body, it would cause the clone to be destroyed.

Number six only used his long-range archery skills after seeing Lin Yi's clones being destroyed by number seven and number Nine's net and whips.

The light arrows were too dense, and in such a small area, Lin Yi's clones couldn't avoid them at all. They could only take the attacks head-on, and many of them attacked instead of defending. They managed to block the light arrows, but there were many that couldn't avoid or block them, and they were completely destroyed by the light arrows.

"His original body is there! Block him! Don't let him enter the Temple of Shadows!"

Number five pointed at Lin Yi's body. One of the webs was still blocking the door, but Lin Yi's real body was already in front of the door, tearing the web with one hand.

Lin Yi didn't just use brute force to destroy it, he formed a fusion refinement fire in his palm. He didn't know what material number Seven's net was made of, but the combination of the consciousness refinement fire and the five elements refinement fire made it powerful!

As expected, after the refinement fire came into contact with the net, the tough net started to soften. It only took Lin Yi a few breaths to break it.

Unfortunately, number Five's shout completely messed up Lin Yi's plan. Number six continued to use his long-range archery skills on Lin Yi's clones, while the others took the time to attack Lin Yi's real body!

In order to stop Lin Yi, or in order to get the five elements token from Lin Yi, these seniors were working together very well, using all their strength.

In fact, Lin Yi's best choice at this moment was to throw out the five elements token. These people's temporary Alliance would immediately fall apart, and then they would fall into a situation of mutual attack.

But Lin Yi was confident—he wouldn't give up on the token, even if it would save him a lot of trouble. He'd just watch as the snipe and clam fought, and he'd be the third party that benefited.

However, since he had the strength, he would deal with them fair and square!

After Lin Yi dodged all the attacks, he chose to counterattack with his blade. This was Leng rufeng's ultimate skill. Lin Yi's use of it was different from the original, but its power couldn't be underestimated.

The most important thing was that within the range of the saber aura, the number of people didn't make much sense. It was very suitable for dealing with a group attack.

In front of the door of the palace of shadows, the temperature plummeted. In the time it took to breathe, frost had already formed, and countless snowflakes were falling.

Everyone was stunned, not expecting Lin Yi to change his attack style. However, the cold Qi didn't seem to be a threat to them, and it was impossible to win with this little bit of cold Qi.

But Lin Yi was about to let them know that cold Qi couldn't win, but it could pave the way for a killer move. In the falling snowflakes, the invisible blade Force quickly formed, and the sharp blade Qi mixed with the cold Qi sent chills down people's hearts.

"Pay attention! This kid seems to be getting serious!"

Number five shouted in a low voice. The others didn't need his reminder to be on their guard.

Everyone here was a genius of the Feiyang school. After realizing that Lin Yi's moves were threatening, they would rather be injured by the knife force than use their full strength to fight Lin Yi.

If they'd underestimated Lin Yi before, thinking that the new student was sent here to fill in the numbers, then no one could deny that Lin Yi's strength was on the same level as theirs now.

Underestimating such an opponent was like playing with one's own future.

Lin Yi's sharp senses told him that other than the powerful attacks, there were also a few weak spiritual attacks.

It was clear that these seniors had some skill in using their spirit sense-the so-called "young" was only in Lin Yi's eyes. If they were placed in the new students, they'd be able to sweep them clean.

However, Lin Yi didn't want to expose his advantage in the area of spirit sense, so he didn't fight back.

When the physical and spiritual attacks hit Lin Yi, they passed through him without affecting him at all. After a moment of shock, everyone understood that they had only hit an illusion!

Before they could react, the sharp saber Qi had already approached them, forcing them to temporarily give up on attacking and choose to protect themselves.

Lin Yi's figure appeared in another direction-this was the three appearances of Cloud Dragon!

It was a pity that these seniors, whose strength had been suppressed to the peak of Mystic Ascension, only managed to hit the first shadow of Lin Yi. They couldn't even find the second shadow.

Chapter 6572 Successfully Qualified

"Hey, hey, hey, you guys are still going to hold back after being suppressed by a new student to this extent?"

Number seven felt embarrassed and began to roar. Then, he raised his hand and shot out a golden net.

The fist-sized golden net expanded rapidly as soon as he attacked, forming a huge golden net in an instant, completely covering Lin Yi's blade.

The Golden silk net bloomed with light, and the surrounding temperature instantly rose. The frost and snow began to melt, and for a time, even the saber Qi became stagnant.

Lin Yi was taken aback. As expected of a genius among the seniors-he wasn't weak at all!

If it was a normal Mystic Ascension peak stage, they wouldn't be able to resist Lin Yi's blade!

The fact that number seven was able to do this was enough to prove that even if he was suppressed to the great circle of xuansheng, his combat strength was still at the mountain opening stage!

"Hmph, I'll let you see my true strength!"

Number nine sneered, and the flame on the soft whip in her hand grew even more intense!

He flicked his wrist, and in the next moment, countless flame whips appeared in the countless tiny holes of the golden light net. The temperature in the surroundings rose in a straight line, and the invisible Saber Force was shattered by the countless flame whips.

"Amazing! The two's cooperation is simply flawless. It seems that they have formed a tacit understanding after many years of cooperation!"

Lin Yi didn't show any signs of worry-he even had the time to praise her.

Number four, five, and six took advantage of the situation to launch their attacks. They didn't have much tacit understanding with number seven and number nine, but that didn't mean they couldn't do some supporting work.

The three of them worked together and positioned themselves at all the advantageous positions, ready to block Lin Yi's escape route. Especially the shadow Hall's entrance, which was the most important position they were guarding.

Countless flame whips followed the shrinking of the golden net and pierced through Lin Yi's body. The second image of the three Cloud Dragon appearances was finally broken.

Lin Yi's real body, on the other hand, had already left and appeared within the range of four, five, and six's attacks.

"Attack!"

Before number five could finish his sentence, the three men's attacks had already landed on him. It looked like Lin Yi had no way of dodging.

However, these attacks only passed through Lin Yi's shadow!

Lin Yi had used the three appearances of cloud and Dragon to the extreme-even number Five's eyes couldn't see through him!

Lin Yi had already appeared in front of the shadow Hall like a ghost. Even though it was the most heavily guarded area, the people who were attracted by the cloud Dragon's third appearance couldn't help but miss a little.

Lin Yi, on the other hand, took advantage of this tiny gap to complete the final breakthrough!

The net had already been burned to a crisp by Lin Yi's refinement fire, so he raised his hands up high, one refinement fire in each hand, and blew on the net!

With a flash of dazzling light, the silk net instantly melted into liquid under the burning of the alchemy fire, and then evaporated, revealing a passage large enough to accommodate one person.

With a flash of lightning, Lin Yi activated his lightning movement and rushed into the Hall of Shadows.

The people outside reacted quickly as well-they wanted to chase after Lin Yi as soon as they realized something was wrong, but they were too late.

Lin Yi's lightning escape technique brought him into the shadow Palace, and he took out the five elements token immediately, embedding it into the corresponding slot.

The five elements were complete, and the five tokens lit up at the same time, forming a small cycle. Light shot out and enveloped Lin Yi.

The others rushed in one after another. After seeing this scene, no matter how deep their schemes were, they couldn't help but sigh! It was too late to do anything now-Lin Yi had already gotten the first spot.

This was quite disadvantageous to the three-man team. Even if one of the teams obtained the last two groups of five Element command tokens, they would inevitably have an internal fight to determine the final quota.

Of course, if they knew that Lin Yi had already monopolized the fire token, they wouldn't have to worry about this anymore ...

"Congratulations, Junior Brother. You're the first one to get a spot in the finals. It seems like we can only decide the winner next time!"

Four was smiling, but his eyes were cold-he wasn't very happy with Lin Yi.

One of the tokens in Lin Yi's hands was taken from them, and he wanted to get it back. He didn't expect this new student to pass so quickly!

If Lin Yi was strong enough to crush them, they wouldn't have any complaints. The problem was that although Lin Yi's combat strength wasn't weak, it didn't look particularly strong.

As far as they were concerned, if it wasn't for the rules that prevented casualties, even if their strength was suppressed, they could still beat Lin Yi if they went all out!

So how could they accept Lin Yi getting a spot in the finals under these circumstances?

"Thanks for letting me win!"

Lin Yi smiled faintly, "take care, brothers. We'll meet again."

With that, the light from the five elements token activated the teleportation, sending Lin Yi back.

"Lin Yi, you're really a sly one, taking the rest of the fire token."

Zhang jinmiao didn't know whether to laugh or cry as she looked at Lin Yi, shaking her head.

"Aunt Zhang, it's not that I'm sneaky, but I just happened to find it. I can't just deliberately give the fire token to someone else, right?"

Lin Yi shrugged, an innocent smile on his face.

"Yes, you're so lucky. You didn't even need to enter the finals and made the three-time senior lose so inexplicably!"

Zhang jinmiao smiled and shook her head. She felt sorry for the others 'losses, but she was happy that Lin Yi won.

"Aunt Zhang, since the fire token is gone, can the competition in the dark shadow Forest end?"

Lin Yi asked with a smile.

"That's right. The competition in the dark shadow Forest can end now. Your cultivation spot has been confirmed. After the announcement, I'll immediately send you to the recuperating soulcleanse pool!"

Zhang jinmiao nodded.

"Lin Yi, what's your opinion on the ambush in the dark shadow Forest?"

Zhang jinmiao signaled the end of the session and turned to Lin Yi with a serious face.

The assassin incident was like a Fishbone stuck in her throat, and she had to spit it out. Hidden death sect dared to assassinate Lin Yi in Feiyang college, and they even escaped unscathed. This was a direct provocation!

If Zhang jinmiao had full authority to make decisions, she might have directly mobilized experts to destroy hidden death sect's lair!

Unfortunately, she was only one of the many Vice Deans of Feiyang college and didn't have the right to speak.

"Auntz Zhang, you don't have to worry. This killer is not a big threat to me. I'm already on guard. It will be more difficult for him to hurt me next time!"

Lin Yi tried to comfort Zhang jinmiao.

In fact, Lin Yi knew what Zhang jinmiao was worried about. Lin Yi might be able to deal with the Assassin's sneak attack, but once Lin Yi and Shangguan LAN 'er were together, could he guarantee that Shangguan LAN' er would be unscathed?

Zhang jinmiao wasn't the only one worried, Lin Yi was worried himself.

Chapter 6573 Big Problem

"After cultivating in the soul-nourishing soulcleanse pool, I hope that you can successfully break through to the mountain-opening stage ..."

As soon as Zhang jinmiao said this, her expression suddenly changed, and her eyes suddenly turned to the surveillance array.

In the dark shadow Forest, the few seniors who were supposed to be teleported out after the competition ended did not leave the dark shadow Forest. Instead, they were attacking each other!

Other than number three and eight, who had been eliminated by Lin Yi, the remaining seven seniors were gathered together. Number one and two didn't meet Lin Yi, but they were having a great time with the other two batches.

"What's going on? Why hasn't the competition ended yet?"

Zhang jinmiao's expression was solemn. If it was just a normal battle, it wouldn't be a big deal. Although the five elements token was gone, it wasn't a bad thing to let them compete.

However, the problem was that the battle in the shadowy forest was already showing signs of going out of control. The seven people's strength that had been suppressed by the shadowy forest had actually shown signs of loosening and were beginning to move closer to their true combat strength.

In addition, the formation in the dark shadow Forest also seemed to be showing signs of losing control. Not only was it used to suppress strength and spiritual sense, but even the monitoring formation had become faintly stable. The one-way teleportation formation was even more unusable.

"Immediately send a support team to the shadow Forest. Nothing must happen!"

Zhang jinmiao gave the order without hesitation. There were originally some college staff on standby in the shadow Forest, but their strength was pitifully low, and they could not cope with the changes.

"Auntie Zhang, I'll go and take a look too!"

Lin Yi also felt that something was wrong. He was worried that this was hidden death sect's doing.

Since hidden death sect had appeared in the dark shadow Forest of Feiyang college, it was reasonable for them to play some tricks when they had not succeeded in their assassination.

However, that assassin didn't seem to be good at formations. Could it be that another assassin had come this time? Or was there more than one?

So Lin Yi wanted to go to Shadow Forest to see if he could find any clues.

"No, you can't go!"

However, Zhang jinmiao firmly refused.

As far as she was concerned, Lin Yi was the most talented student out of all the students, and she didn't want Lin Yi to take the risk now that there was a problem with Shadow Forest.

Lin Yi understood Zhang jinmiao's worry and was thinking about whether he should sneak over without her notice, but something happened in the dark forest!

Suddenly, No. 1 and No. 2 were shot in the head by an arrow at the same time. Blood splattered and dyed a large area of the ground red. Even their primordial spirits did not have the chance to escape, and their spiritual seas were directly torn into pieces.

"Hidden death sect!"

Lin Yi exclaimed.

He was no stranger to this kind of attack method. He had already experienced this kind of attack several times.

"That bastard didn't leave?"

Zhang jinmiao was also furious. Feiyang college had already been chasing this killer, but he had actually come back!

But the problem was, wasn't Lin Yi hidden death sect's target? Why would he attack other unrelated senior students?

Number one and two weren't related to Lin Yi at all. He didn't even know them, so what was the point of killing them?

Lin Yi, of course, wouldn't feel any heartache at all-there was no point in him putting in so much effort, was there?

Of course, Zhang jinmiao's heart ached. They were all the top students of Feiyang school. Even if they weren't as good as Lin Yi, they were still top geniuses. It would be a pity if they died like this!

"Auntie Zhang! I have to go!"

Lin Yi's eyes narrowed. He didn't have time to explain, so he activated his Thunder escape and rushed into the forest.

It didn't matter what the Assassin's goal was, this was a rare opportunity for Lin Yi!

Since he's still here, then catch him! Get rid of him!

"Lin Yi! Come back here!"

Zhang jinmiao was furious, but Lin Yi was nowhere to be seen.

Activating his lightning escape, Lin Yi disappeared into the distance in the blink of an eye!

Zhang jinmiao had no choice but to board an aerial spirit beast and rush towards the dark shadow Forest.

She was the leader in charge of the cleansing pool-she had to take full responsibility if something went wrong. Even if Lin Yi didn't want to go, she'd still have to.

What worried Zhang jinmiao was that Lin Yi would be like a sheep entering a Tiger's Den if he rushed in alone!

Without knowing how many people from hidden death sect had come this time, rushing over rashly would be courting death.

However, when Zhang jinmiao arrived at the forest, she saw that Lin Yi had already met up with the school's Masters. They didn't encounter any danger.

On the other hand, number five was also killed by the enemy, while number four, number six, number seven, and number nine had disappeared without a trace! It was likely that these people were already dead.

"What's going on? Where are the others?"

Zhang jinmiao jumped down from her flying spirit beast, not bothering to scold Lin Yi as she asked with a pale face.

"Vice President Zhang! The enemy came and went without a trace, and they moved quickly. By the time we arrived, they had already succeeded and retreated. Other than the three who were killed, the other four were suspected to have been taken away by the other party!"

One of the Academy's experts had a look of shame on his face as he lowered his head and replied softly.

"What's wrong with the formation in the dark shadow Forest?"

Zhang jinmiao's vision turned black, but she forced herself to calm down and continued to ask about the situation.

Out of the seven top genius students, three were dead and four were missing. Such a heavy loss had never happened since the establishment of the Feiyang college.

At this moment, Zhang jinmiao was even a little suspicious. Was the attack this time really done by hidden death sect? Those assassins had always had a clear target. He had never heard of them kidnapping people.

"Vice school head Zhang, the problem with the formation is still unclear. For now, we can't determine if it's a problem with our own body or if it's caused by the other party. We'll need some time to figure it out ..." Zhang xuan said.

"Aunt Zhang, the formation is not destroyed. The other party should have some props in his hands that suppressed the operation of the formation. In a while, the formation in the dark shadow Forest will be

restored. The important thing now is to find the other party's retreat route and rescue the four captured senior brothers."

Lin Yi cut the practitioner off.

Although Lin Yi couldn't set up a formation as brilliant as the shadow Forest, he could still check if there was something wrong with the formation and if it was broken by someone. It was easy and pleasant!

In any case, his array Dao level was already very high, although it was not as good as that damn thing.

"What did you find?"

Zhang jinmiao was very confident in Lin Yi.

"No, I didn 't!"

Lin Yi smiled bitterly. If the killer still chose to escape using the dimensional space, there would be no clues left.

"Everyone, spread out and search for clues!"

Zhang jinmiao waved her hand and motioned for the experts of the college to search for traces.

After everyone left, Zhang jinmiao turned to Lin Yi. "This incident is unusual. On the surface, it seems to be a sneak attack on you, but the development later seems to be a premeditated attack on our Feiyang college! Do you really think that the Ambusher is the killer from the Golden sea region?"

Chapter 6574 The Soul Cleansing Pool

"Aunty Zhang, from what I can feel, the one who attacked me was the killer from before! However, I'm not sure if the other party is just trying to deal with me! Perhaps dealing with me is just a side mission, and the real target is the Academy?"

Lin Yi's brows furrowed, his face serious.

"Could this have something to do with the monsters from before?"

Zhang jinmiao suddenly thought of something.

"That makes sense. These two things might really be the same thing. In that case, the other party might have kidnapped our students to create those monsters!"

The more Lin Yi thought about it, the more it made sense.

Central wanted to deal with Lin Yi, but it wasn't convenient for them to do so. They could work with hidden death sect-they could capture the students as test subjects, and also take out Lin Yi. It was killing two birds with one stone.

"You're saying that those monsters are man-made? Who would do such a heartless thing behind our backs?"

Zhang jinmiao's expression changed.

"I'm just guessing. Aunt Zhang, you don't have to be so nervous. "

Lin Yi smiled, trying to ease the tension."Auntie Zhang, there's something I don't know if I should say."

"Do we still need to be polite between us? If you have something to say, just say it!"

Zhang jinmiao waved her hand. There weren't many people around, and she didn't need to be so formal with Lin Yi.

"Aunt Zhang, I suspect there's a mole in Feiyang college!"

Lin Yi didn't hold back.

However, Zhang jinmiao didn't look surprised at all, as if she had expected this.

"Auntie Zhang, you're not surprised at all. Could it be that you already have a suspect in your heart?"

Lin Yi raised an eyebrow.

"No, but I'm not surprised at all."

Zhang jinmiao raised her hand and pressed her forehead, looking distressed. ""The competition for the spirit cleansing pool wasn't an impromptu decision. However, it was only recently decided that it would be held in the dark shadow Forest. Those who know of this news are all the middle and upper echelons of the Academy ..."

"The other party's targeted surprise attack was obviously well prepared. So, Auntie Zhang also suspects that someone has leaked the news?"

Lin Yi understood-no wonder Zhang jinmiao wasn't surprised at all about the traitor. She'd guessed it all along.

"I don't want to doubt it, but I can 't. The Academy has to conduct a secret reorganization."

Zhang jinmiao sighed and waved her hand subconsciously. This involved the higher ups of the school, and Lin Yi couldn't do anything.

It'd only make Lin Yi more annoyed if she said too much, so Zhang jinmiao stopped the topic.

"Lin Yi, you don't have to worry about that. The most important thing right now is to enter the pool as soon as possible. I can only be at ease when you're stronger. The enemy is in the dark, and they're pretty strong-you can't be in trouble!"

Zhang jinmiao's face was extremely serious. Out of the seven most outstanding geniuses in the school, three were dead and four were missing. She couldn't afford to let anything happen to Lin Yi.

From now on, Feiyang school could only rely on Lin Yi for all the inter-school exchanges. The other older students weren't strong enough.

"I'll work hard to improve my strength and try to get out of seclusion as soon as possible. "

Lin Yi nodded."Aunty Zhang, I'm going to the cleansing pool. Please take care of LAN 'er. It's best if she can go into isolated practicing too. Don't go anywhere!"

Shangguan LAN 'er's yard was protected by Lin Yi's formation, and with the protection of the little spirit beast, it was safe.

This time, the enemy was using items to suppress the formation, so their actual formation skills might not be that high. This made Lin Yi breathe out in relief.

However, the only thing he was worried about was that he did not know how long he would have to stay in the soulcleanse pool. If he missed the next courtyard challenge, it would be impossible for Shangguan LAN 'er to keep courtyard number two.

"You don't have to worry about LAN 'er. As her master, I will definitely protect her!"

Zhang jinmiao's love for Shangguan LAN 'er was no less than Lin Yi' s.

"I'm naturally at ease. Then when can I go to the soul cleansing pool?"

Lin Yi put down his worries and prepared to focus on improving himself.

"There's no time to waste, I'll send you over immediately!"

Zhang jinmiao didn't waste any time and called Lin Yi onto his flying spirit beast.

After a while, the two of them flew to the top of a mountain. From the surface, this mountain looked ordinary. The fluctuation of spiritual Qi was not obvious. It could be said to be the most ordinary mountain among the many peaks in Feiyang college.

But after getting closer, Lin Yi realized that there were high-level formations protecting the mountain. Not only were there defensive formations that hid spiritual energy, but there were also trap formations, killing formations, illusion formations, and so on. They were all high-level formations, too. This showed the importance of this mountain.

"Aunt Zhang, how long can I use the pool?"

Lin Yi asked.

"The recuperate soulcleanse pool can only be used by one student in a year. The limit is twenty days, so you must treasure this opportunity and not waste it!"

As she spoke, Zhang jinmiao took out a Jade token and placed it in the air at the peak of the mountain.

Lin Yi nodded as he looked at the Jade floating in the air. It was glowing faintly, and a door slowly appeared in the air.

The position of the Jade token was right in the middle of the door!

In just two breaths, the door was fully revealed. Zhang jinmiao did not need to open it, as it slowly opened on its own, revealing a Jade staircase that led downward.

"Let's go down. "

Zhang jinmiao turned back and nodded at Lin Yi before taking back the Jade tablet and walking up the stairs. "Pay attention to where I'm stepping. Follow me and don't go the wrong way."

"Yes!"

Lin Yi replied and followed.

Zhang jinmiao didn't walk up one step at a time, and it was clear that this wasn't something simple. Lin Yi scanned with his spirit and found that there were many mechanisms.

Lin Yi followed behind Zhang jinmiao, walking a few steps and jumping down a few steps, occasionally stepping back. Lin Yi didn't have the time to study the secret of the Jade steps, since it was useless.

Fortunately, this jade stone staircase was not long. The two of them walked for the time it took for an incense stick to burn before they reached the end.

After walking down the last step, a huge stone door completely isolated the passage.

Lin Yi, on the other hand, realized that there was a skinny old man sitting motionlessly beside the stone door, as if he was one with the stone door!

Lin Yi had used his spirit sense to scan the area before, but he didn't find anything.

An expert!

Lin Yi's heart shivered-Feiyang school really had a lot of resources!

He had originally believed that formations and mechanisms were all the defensive measures of the soul nourishing soulcleanse pool, but he didn't think that there would be such a powerful old man guarding it.

"Elder Shi, this is Lin Yi, the student who's going into the pool this year. He's a genius new student, and he's quite strong."

Zhang jinmiao quickly stepped forward and respectfully stopped in front of the old man. She bowed slightly to introduce him.

Lin Yi didn't dare to delay-he followed suit and bowed."Lin Yi greets elder Shi,"

Chapter 6575 The Attraction To Primordial Spirits

An elder who could hide his aura completely and Lin Yi couldn't even sense it with his spirit sense-he was worthy of respect.

Plus, this was an elder of the Feiyang school-it was only right for Lin Yi to lower his stance.

"Lin Yi? This little fellow is not bad! The new students this year seem to have a lot of potential!"

Elder Shi opened his eyes slightly and nodded to Lin Yi, as if he was very impressed.

Lin Yi wasn't too sure-did elder Shi notice him using his spirit sense? That's why he said that?

But if it was purely a polite compliment, with elder Shi's status, it did not seem necessary!

At least, from Zhang jinmiao's happy expression, it could be confirmed that the old man's praise did not appear often.

"I also think that this year's new students are not bad! Elder Shi, I'll leave Lin Yi to you. I still have things to do at the school, I'll take my leave first!"

Zhang jinmiao was worried about the assassin, and after sending Lin Yi over, she was ready to head back to investigate.

"You go! When the time is right, this little fellow will return on his own. "

Elder Shi's calm eyes moved slightly. He looked at Zhang jinmiao and waved his hand gently.

Zhang jinmiao bowed slightly again and quickly returned the way she came.

"Lin Yi, you've got the chance to go to the pool-that's enough to prove your strength and talent! I won't say anything unnecessary, but if you think you can't hold on any longer, don't give up so easily. Even if you have to fight with your life, you have to hold on until the time limit of the pool is up. You'll benefit greatly from that!"

Elder Shi's eyes were drooped, but Lin Yi could feel his sharp gaze on him!

"I understand. Thank you for your guidance, elder Shi!"

Lin Yi cupped his fist to express his gratitude.

No matter what elder Shi's intentions were, he wouldn't harm Lin Yi.

Of course, even if he didn't say anything, Lin Yi could miss this opportunity. It was rare for him to enter the pool, so he had to make the best use of it and persist to the limit.

"Very good, you may enter!"

Elder Shi's face was expressionless as he closed his eyes completely. With a casual wave of his hand, the stone door slid to the side silently, revealing a deep passage.

"Thank you, elder Shi!"

Lin Yi bowed slightly in thanks and entered the tunnel.

He had originally thought that the soul nourishing soulcleanse pool was behind the stone door, but he didn't expect that this wasn't the case. There was also a deep and serene passage!

However, after entering the tunnel, Lin Yi felt something different.

In the tunnel, he could feel the Qi increase with every step he took. Lin Yi wouldn't be too surprised if that was all. After all, the Qi in the Jade space was pure as well.

More importantly, as the spiritual Qi increased in intensity, he could clearly feel that his cultivation base was showing signs of loosening up!

To be able to raise one's strength even before one had started cultivating, the soul cleansing pool was indeed extraordinary!

Especially now that he had not even seen the shadow of the soul nourishing soulcleanse pool, if he were to truly immerse himself in it, how shocking would the effect be?

After a couple of turns, the tunnel started to light up faintly, and Lin Yi's eyes brightened up after a corner.

A small pond with a milky white light appeared in front of Lin Yi!

This was an empty mountain, but other than the small pond, there was nothing else in Lin Yi's eyes. This small pond was too eye-catching!

Even Lin Yi's essence spirit was attracted by the milky white light!

"So powerful! No wonder it's the treasured land of Feiyang college!"

Lin Yi calmed himself down and couldn't help but praise.

Before, even when he came across spiritual herbs or spiritual fruits, Lin Yi's spirit wasn't this attracted to them. From this, one could see how amazing the pool was.

With just one look, Lin Yi was sure that the pool would be enough to satisfy his accumulation as a xuansheng. In other words, he would be able to break through to the mountain opening stage without any doubt.

No wonder the seniors of the Feiyang college were all fighting for this spot. Entering the soul-nourishing soulcleanse pool, one's genuine Qi, body, and primordial spirit could be cleansed and improved!

This was an all-round improvement without any side effects. For cultivators in the xuansheng and mountain split stages, this was definitely the best place to cultivate!

"In that case, yang Dian deliberately stayed in the new student class because he wanted to compete for a spot in the soul cleansing pool, right?"

Lin Yi suddenly thought of yang Dian-this might be the main reason why he was still in the new class.

Only the top three of each batch of students had the qualifications to compete for a spot in the soul nourishing soulcleanse pool. Unless one of the top three students took the initiative to leave the Academy to travel after advancing and opening the mountain, the people behind would not even have the chance to compete for a spot.

Yang Dian was indeed very talented, but he didn't have much of an advantage over the senior students. Number one, number two, and number three who were participating in the competition this time were the best of yang Dian's batch.

But from Lin Yi's current observations, yang Dian wasn't a match for these three seniors.

Therefore, it was understandable for yang Dian to stay in the new student class. In addition to getting more resources for the new students, he wanted to take the opportunity to secure the top three positions in the new student class!

In this way, not only could he obtain a place in the competition, but he could also join forces with the senior students who were close to him from the previous batch. This way, his chances of winning were even greater. It was a brilliant plan that killed two birds with one stone!

It was a pity that yang Dian didn't expect a new student like Lin Yi to appear in this year's batch. He'd just entered the freshman year, and he'd already gotten a spot in the cleansing pool!

Of course, he'd probably be even happier if he knew Lin Yi was taking the old students' spots, so he wouldn't be taking the next batch's spots.

However, with the Murong siblings, Shangguan LAN 'er, and Xue Peng, it wouldn't be easy for yang Dian to be in the top three!

Lin Yi shook his head and took a deep breath, clearing his mind and walking into the pool.

After entering the pool, Lin Yi sat cross-legged in the water. A hot energy enveloped him instantly, and the clear liquid that was glowing with a milky white light was burning his body like lava.

"It's so hot!"

Even with Lin Yi's strong body, he couldn't help but let out a soft cry!

However, after the heaven seizing fortune was activated, the burning aura seeped into his meridians through the pores of his skin and started to circulate with his true Qi.

As Lin Yi activated his Arts, all the liquid in the pool gathered around him, slowly forming a milky white cocoon that completely wrapped him up.

The rich spiritual energy in the mountainside also seemed to be attracted and began to gather quickly.

Chapter 6576 Changing Location

He'd been through all sorts of pain and suffering, so he had a lot of experience in resisting pain.

Before, elder Shi thought that a young genius like Lin Yi wouldn't be able to withstand the pain of the pool, but Lin Yi was clearly an exception!

His cultivation journey up until now could be said to be rather smooth, but it was a blood and sweat effort.

The pain of having both the body and the primordial spirit go through the baptism at the same time was nothing compared to when he was young and was beaten up by old man Lin every day on the West Star Mountain.

Back then, old Lin's attacks weren't even as strong as the force of an arrow fired by a hidden death sect assassin, but Lin Yi wasn't even a golden class master back then. He was just a normal person who had just started training.

Therefore, if that kind of pain could be endured, what was this little suffering now?

While Lin Yi was cultivating, the school activated their highest level of defense.

Zhang jinmiao was not the person in charge of the defense this time. After she returned, she was just a Deputy to assist the operation.

The person in charge this time was Guan Wenxuan, an elder of the school's Elder Council. He was one of the higher-ups of the Feiyang school. His strength had already reached the peak of the early stage of the shattered Sea realm, which was much stronger than Zhang jinmiao.

Whether it was his identity or strength, it was enough for Zhang jinmiao to maintain respect for him.

"Vice school head Zhang, let's not talk about who's responsible for this matter for the time being. However, we must save the four missing students. We must find their corpses if they're alive. We can't let them go missing without a reason!"

The leader of the temporary rescue team, elder Guan Wenxuan, had a cold expression.

"Elder Guan, I'll take responsibility for this incident. As for the four missing students, we'll definitely save them. However, we have no clue at the moment, so we can only trouble elder Guan to help!"

Zhang jinmiao bowed slightly to Guan Wenxuan, showing great respect.

"Hmph! You've neglected your duties as a Vice Dean. Not only did the enemy sneak in, you even watched as three genius students were killed and four genius students were captured. This is simply preposterous!"

Guan Wenxuan snorted coldly and glanced at Zhang jinmiao, not hiding the dissatisfaction in his heart at all.

As a master of the sea Rift stage, it was impossible for him to show his face in public normally. However, the situation this time was too serious. In addition to the monster incident earlier, Feiyang college felt that a storm was coming, so Guan Wenxuan had to show up.

"It's my dereliction of duty! However, now is not the time to talk about this. I wonder if elder Guan has discovered anything?"

Zhang jinmiao did not care about Guan Wenxuan's attitude. After all, she had failed in her duties in this matter.

Guan Wenxuan was not only an elder of the Feiyang college, but more importantly, he was an expert in tracking. If there was anyone in the Feiyang college who could find the four missing students, it would be Guan Wenxuan.

"Hmph, the other party's methods are quite brilliant, and it won't be easy to find any clues! You stay here and clean up the mess, I'll take some people to look around. "

Guan Wenxuan snorted coldly and waved his hand impatiently. He then led six earth-splitting stage experts to search for clues.

Zhang jinmiao bowed slightly and watched Guan Wenxuan and his group leave quickly. She prayed in her heart that the four missing students would return safely.

In fact, she also understood that the possibility of this was extremely low. Feiyang college had been completely sealed off for a long time. However, the enemy who kidnapped the students had probably left Feiyang college long ago.

Even if Guan Wenxuan had the ability to track down the other party's tracks, it would be too late.

Just as Zhang jinmiao had expected, the four students from Feiyang college were already thousands of miles away. Xue Keyan was looking at the masked man in the black robe with a flattering face.

"Lord special envoy, the operation this time was like a storm. The people from Feiyang college didn't even have time to react before we took away four of their top genius students. As expected, with the Lord special envoy's help, Feiyang college is nothing!"

Xue Keyan did not participate in this operation. With his strength, he would only be a burden, so he did not know the specific situation. However, it did not stop him from flattering the special envoy.

"You're wrong. I didn't do anything this time. Someone else helped! Remember, it's not convenient for me and the organization to show our faces in the mystic class sea, so you have to solve any problems by yourself. "

The masked man in the black robe glanced coldly at Xue Keyan. It was unclear if it was a warning or a reminder, but he was still very satisfied with the four Feiyang college students he had captured.

"Yes! The Lord special envoy's status is noble and does not need to make a move easily. I wonder which friend did it this time? Their methods are really beautiful. If I have any trouble in the future, I wonder if I can ask them for help?"

Xue Keyan nodded and looked at the masked man in the black robe carefully.

Not everyone had the ability to move freely in Feiyang college and kidnap four genius students. If he could build a good relationship with them, he would be of great use in the future.

"You don't need to ask around. They have nothing to do with you. You can solve your own problem. I won't introduce you to them. If you have the ability, you can find them yourself,"

The masked man in the black robe laughed coldly and had no intention of revealing anything.

"Alright, you're right. If it's really necessary, you'll introduce us. Now is definitely not the time."

Xue Keyan rubbed his hands and smiled in a flattering manner, afraid that he would make the masked man unhappy.

The four boys on the ground were a good example. Xue Keyan was not sure if he would end up like these four boys if he offended the masked man in the black robe.

The masked man in the black robe snorted coldly. Xue Keyan, on the other hand, was very careful. He was hesitating whether he should ask the four boys what they were going to do.

"Just say what you want to say, stop hemming and hawing!"

The masked man in the black robe saw Xue Keyan's cowering appearance and asked impatiently.

"Yes! Lord special envoy, I would like to ask if you want to bring these four kids back for a new round of debugging? They're all extremely talented, so perhaps they'll have a new breakthrough?"

Xue Keyan was slightly surprised and quickly gathered his courage to ask.

"Just as you said, these kids are extremely talented, so they can't experiment with others. These rare good materials must be matched with better potions ... You don't have to worry about this. You just need to continue to collect test materials for me!"

The masked man in the black robe said casually and immediately changed the topic.

Xue Keyan didn't dare to ask any more questions. He could only smile awkwardly and agree.

"We can't stay in the mountain range of Feiyang college anymore. How's the transfer going? Where's our next target?"

The masked man in the black robe softened his tone. After all, he still needed to use Xue family to develop beast soldiers. Being too high-handed would not be conducive to controlling Xue family.

"Don't worry, envoy. The transfer has been completed and the target has been chosen. This time, we will go to a mountain range where a third tier school is located. There are not many powerful cultivators there, but there are many ordinary cultivators. It is very suitable for our development and experiment."

Xue Keyan replied respectfully.

Chapter 6577 Mountain-Opening?

However, Xue Keyan was calculating in his heart. If he could turn all the people from that third-rate school into beast soldiers, what a huge force it would be.

In fact, a third-rate school like this was the most suitable place for them to develop their research. Feiyang school should be set aside for later.

If Lin Yi wasn't their common enemy, they wouldn't have chosen this place in the first place.

"Very good, let's go! We'll deal with the Feiyang school after we've perfected the beast soldier drug!"

The masked man in the black robe nodded slightly and waved his hand to pick up the four people on the ground.

The plan was exposed too early this time, and Lin Yi saw through it during the first experiment-it was too unlucky, and the actions of the Feiyang college after that affected the follow-up. That was why the masked man caught a few of the students as revenge before he left.

Xue Keyan got on the aerial spirit beast that he had prepared earlier. He carried the masked man in the black robe and the four students of the Feiyang college and flew into the sky, leaving the mountain range without looking back.

No matter how good Guan Wenxuan was at tracking, it was impossible for him to find them. Even if he could track them all the way here, Xue Keyan and the others would have already flown far away.

Although the plan didn't go smoothly, the masked man in the black robe and Xue Keyan still felt good leaving Feiyang college with a mess!

In the following days, the search and rescue team led by Guan Wenxuan did not find any clues. However, this matter was not leaked out either. In order to avoid causing unnecessary panic, Feiyang college had blocked the news.

However, with three dead and four missing, no matter how hard they tried, they would still be found out. So, the students of the Feiyang college were in a state of unrest and the atmosphere was slowly spreading.

It was twenty days after the incident, and Lin Yi was about to come out of his seclusion in the pool.

The milky white liquid had been completely absorbed by Lin Yi, and his body glowed faintly. He looked extremely lustrous, and there was a mysterious Qi flowing around him.

Lin Yi felt as if he was standing at the foot of a mountain that pierced through the clouds. He couldn't see the peak of the mountain when he looked up.

"In the pursuit of the heavenly Dao, there are bound to be obstacles and tribulations. They are separated by tall mountains. If you open your own path and climb over the peak, you will become a big Shot!"

Lin Yi knew very well how to do it-after all, he'd been in the realm of mountain-splitting with a thought for a long time.

To open up a path that belonged to one's own on this illusory mountain of heavenly Dao and successfully climb over the mountain was the period of the mountain opening!

But this was just the most common opening of a mountain-Lin Yi had accumulated enough to never go after such an effect.

Ordinary cultivators at the beginning of the mountain opening stage would open up a road to climb over the high mountains. This road might be winding and spiral up, or it might be a straight line. The difference between the two was actually not too big. There would be a difference in strength, but it would not be very big.

Lin Yi's initial thought of splitting open a mountain could completely open up a straight path to the peak. To him, it was something that didn't require much effort.

The perfect mountain path in the eyes of normal people, on the other hand, was completely different. Lin Yi had used the star Black coal before, and he knew that he could've created a path to the other side of the mountain if he'd put in some effort.

Compared to climbing over the high mountains, the distance of such a passage was more than ten times shorter.

The shorter the path opened up, the more powerful the power obtained after the advancement, and the strength displayed would be higher than those of the same level.

But after the secret realm, Lin Yi realized that this wasn't perfect enough-it was only pseudo-perfect.

Therefore, he had been suppressing his strength all along, unwilling to step into the mountain-opening realm.

Of course, one of the reasons was the mystic division sea Academy-if they opened their doors early, Lin Yi would lose the right to enter Feiyang school.

But this time, the cleansing pool finally helped Lin Yi complete the last accumulation!

This time, it was a perfect mountain-splitting with one thought!

Lin Yi's heart was filled with joy. He didn't open up a path to cross the mountain, nor did he open up a path through the mountain.

With a truly perfect mountain-splitting punch, the mountain collapsed!

A tall mountain whose peak couldn't be seen with a single glance could be crushed into pieces by Lin Yi's casual punch.

In the pool, Lin Yi slowly opened his eyes, his aura rising like crazy. In his pupils, there was a profound aura that slowly condensed, and then it condensed again.

Was this the power of a giant?

Lin Yi's lips curled up into a faint smile as he stood up.

However, Lin Yi didn't split open the mountain with a single thought. He only felt the level of the mountain split stage and suppressed his strength back to the peak of the mysterious Ascension stage.

It wasn't that Lin Yi didn't want to open up the mountain, but he couldn't right now.

Once the mountain was opened, it meant that they would lose the qualifications to be a new student. There were only two choices in front of them, either they were promoted to a new class or they went out to travel.

Of course, after traveling, they could also return to Feiyang college and be promoted to a new class with the new students, or they could never return.

In short, he couldn't stay in the current class to cultivate, and he also couldn't occupy the immortal's cave of the current freshmen.

If it was just Lin Yi alone, then it wouldn't matter even if he did a perfect cut, but the problem was that he came with Shangguan LAN 'er. As the School Beauty's Personal Bodyguard, how could he promote his class or travel first?

So, when the extremely powerful aura reached its peak, Lin Yi stopped in time. It could be said that Lin Yi was now in the realm of Kai Fei Kai, half a step into the mountain!

Lin Yi walked out of the pool, not really bothered by the disappearance of the liquid. There was a small hole at the bottom of the pool, and it would probably recover with time.

There was a reason for the quota to be taken every year, after all. Lin Yi estimated that the pool would return to its original state after a year.

"This little fellow didn't disappoint me. Not only did he manage to withstand the cleansing in the soul cleansing pool, but his strength has also made a qualitative leap!"

As he walked out of the stone door, elder Shi opened his eyes slightly and looked at Lin Yi with a strange smile.

"Thank you for your praise, elder Shi. It's all thanks to elder Shi's advice that I can have such an improvement."

Lin Yi cupped his hands politely, but his heart was cold. He was full of respect for this elder Shi who had been sitting by the stone door.

It could be said that before and after he entered, there was no fundamental change in his strength. But for elder Shi to say so, he must have seen something. It was clear that this old man was not as simple as he appeared.

Chapter 6578 Exiting Seclusion At The Same Time

"I don't think it's really guidance. You have to rely on your own efforts. In the future, you have to continue to cultivate seriously and strive to open the mountain as soon as possible."

Elder Shi nodded his head slightly and waved at Lin Yi before closing his eyes again.

Lin Yi bowed again and stepped on the Jade stairs, following the steps he remembered and leaving the place.

After exiting the tunnel, Lin Yi immediately spread out his ghost speed wings and soared into the sky. Although he wasn't in closed-door cultivation for long, he was still quite worried about Shangguan LAN 'er, so he wanted to get back to the nestling peak as soon as possible.

After returning to the peak, Lin Yi realized that Shangguan LAN 'er was doing what he said and started her closed door training.

Although the environment of the courtyard could not be compared with the spirit cleansing pool, the concentration of spiritual Qi was also not ordinary. For Shangguan LAN 'er, it was indeed the best place, so this closed door cultivation could be said to be killing two birds with one stone.

"Big brother Lin, you're back? Where have you been recently?"

Outside Shangguan LAN 'er's courtyard, Murong Fei Fei happened to bump into Lin Yi and greeted him.

Murong Feifei used to live with Shangguan LAN 'er, but after Shangguan LAN 'er went into closed door cultivation, she moved out of the second courtyard and moved into Murong Feiyan's courtyard, while her brother was driven to the courtyard at the foot of the mountain.

"It's junior Sister Murong. I don't have time to play. I've been in closed-door cultivation these days. Are you here for LAN 'er?"

Lin Yi smiled and nodded at Murong Feifei.

"You're also in closed-door cultivation? No wonder LAN 'er suddenly said she wanted to go into seclusion. Now that you've come out, she should be coming out too, right?"

Murong Fei Fei wrinkled her nose and her eyes drifted towards Shangguan LAN 'er's courtyard.

She and Shangguan LAN 'er felt like old friends at first sight. Without her best friend's company, she felt that there was a lot less fun, so she would come over from time to time to check on the situation.

"Perhaps soon. Where's your brother? Why isn't he with you?"

Lin Yi added and asked about Murong xuyan.

"He's also busy with his cultivation. In two days, it will be the challenge Day for the exchange of courtyards. He should at least snatch a good courtyard. "

Murong Fei Fei squinted her eyes and smiled. She didn't realize that her brother wanted to challenge her because she had occupied his courtyard."Big brother Lin, how's your closed-door cultivation this time? Has your strength improved?"

Murong Fei Fei thought of Lin Yi's strength and asked around. In her eyes, Lin Yi should be the strongest in the new class, but her brother wasn't bad either!

If Lin Yi didn't gain anything while Murong xuyan improved, she might be able to surpass him.

"I've gained something, but not much."

Lin Yi smiled, but didn't go into details. He was telling the truth-he could split open the mountain perfectly at any time, but the aura he showed was still at the peak of the mystic Ascension realm.

"It's good that you got something. Are you going to kick yang Dian out of the No. 1 villa this time? "

Murong Fei Fei looked up at the courtyard above. She didn't have a good impression of yang Dian and was quite dissatisfied with that guy occupying the best courtyard.

She wouldn't have asked Lin Yi if she could handle yang Dian on her own, but she knew that she was no match for him in terms of strength.

"Perhaps. Your brother should be more confident this time."

Lin Yi shrugged with a smile. He knew that Murong xuyan had always wanted to beat yang Dian, but he himself wasn't really interested.

As the two were talking, there was a slight fluctuation in the formation of Shangguan LAN 'er's courtyard. It was obvious that LAN' er was coming out of seclusion.

Perhaps Zhang jinmiao and Shangguan LAN 'er had told her about Lin Yi's coming out of isolation, so she had calculated the date and it was about to end.

"Lin Yi, Lil" bro, you're back!"

Shangguan LAN 'er saw Lin Yi standing outside the courtyard and immediately ran out, but she was too embarrassed to be too intimate with Murong Fei Fei," "Yingluo, you came to find me too!"

"Hehe, I thought you only had eyes for your Lin Yi Junior Brother, and didn't even notice my existence!"

Murong Fei Fei laughed mischievously and teased.

"What nonsense are you saying! I'm not going to talk to you!"

Shangguan LAN 'er's face was slightly red, and she was about to hit him, but she suddenly retracted her hand.

"Yeah, yeah, it's best if you ignore me-you'll be able to spend some time with your Lin Yi Junior Brother then, right?"

Murong Fei Fei laughed at Shangguan LAN 'er. They had a good relationship and didn't hide it.

"Why don't you guys chat first? I'll go find instructor Xu and Deputy Dean Zhang."

Lin Yi coughed a few times-he couldn't get involved in the girls "conversation, so he'd better find an excuse to leave.

"I haven't seen master in a long time too. Lin Yi, let's go find master together!"

Shangguan LAN' er glared at Murong Fei Fei before turning to Lin Yi with a red face.

No matter what Murong Fei Fei said, the truth was that she hadn't seen Lin Yi for so many days, and Shangguan LAN' er missed him a lot. She didn't want to miss any time alone with Lin Yi.

" Well, hehe, since you're going to find Vice President Zhang, I don't want to disturb you. See you later! "

Murong Fei Fei winked at Shangguan LAN 'er, waved her hand, and turned to walk down, ""I'd better go and see if my stupid brother has come out. I don't know if he can beat yang Dian!"

Shangguan LAN 'er stomped her feet and wanted to greet Murong Fei Fei, but in the end, she didn't say anything. After all, compared to her sweetheart, her best friend was still ranked behind ...

It was a pity that she didn't get the chance to be alone with Lin Yi. As soon as Murong Miaomiao left, Zhang jinmiao got the news and landed on her flying spirit beast.

"Lin Yi, LAN 'er, you two are out!"

Zhang jinmiao greeted the two of them with a smile.

"Auntie Zhang!"

"Master!"

Lin Yi and Shangguan LAN 'er both bowed.

"LAN 'er's aura is much stronger now. It seems like this short half a month of isolation has paid off. Keep working hard and try to catch up to Lin Yi."

Zhang jinmiao first encouraged Shangguan LAN 'er.

"It's all thanks to master's guidance. "

Shangguan LAN' er smiled sweetly and went up to hold Zhang jinmiao's arm, pulling her towards the courtyard. " "Master, Junior Brother, let's go in and talk. It's not good to stand at the door."

"Alright, let's talk inside, Lin Yi. I have some questions for you."

Zhang jinmiao nodded with a smile, but her eyes were filled with confusion.

"Yes, Auntie Zhang, please."

Lin Yi smiled faintly and let Zhang jinmiao go first.

As for why Zhang jinmiao was so confused, Lin Yi could guess a little. He didn't break through to the mountain opening stage this time, and it was unrealistic.

There was no doubt about the effects of the pool-it'd be ridiculous if Lin Yi didn't improve at all after going in for a session. Zhang jinmiao was naturally suspicious.

The door wasn't a good place to talk, and Zhang jinmiao could only suppress her doubts as she entered the second courtyard with Shangguan LAN 'er and Lin Yi.

Chapter 6579 Heaven And Earth Spiritual Fire

After the three entered, the yard's formation activated on its own, forming a tight defense. Lin Yi didn't have to worry about anyone listening in on their conversation.

"Lin Yi, did you ... Gain anything from your closed door training? "

After sitting down, Zhang jinmiao asked impatiently. As far as she was concerned, with Lin Yi's talent, there was no reason for him to remain stagnant after entering the pool.

In fact, elder Shi, who was outside the pool, had definitely seen the problem. Although Lin Yi had just started to ascend to the peak stage, the changes before and after definitely couldn't be hidden from him.

However, elder Shi was only in charge of guarding the spirit cleansing pool and had no obligation to inform the other students of their progress, so Zhang jinmiao could not ask elder Shi.

" Don't worry, aunty Zhang. I've gained a lot from this closed-door training. I've already made a breakthrough! "

Lin Yi didn't need to hide anything from Zhang jinmiao.

"Lin Yi, Lil" bro, you've already opened the mountain?"

Shangguan LAN 'er asked before Zhang jinmiao could, her face full of joy.

"No, but his strength is no different from the mountain-opening stage. He can perfectly open the mountain at any time."

Lin Yi explained with a smile, "I could do it before, but it wasn't perfect. It's different now. Even a mountain split cultivator wouldn't be a match for me!" It's just that I'm afraid that I won't be able to accompany you to school after the mountain is opened, so I've suppressed it. "

"So that's how it is. I'm relieved then!"

Zhang jinmiao nodded, her joy overflowing.

However, Lin Yi felt that Zhang jinmiao's happiness was a little over the top. Even he himself wasn't this surprised.

"Lin Yi Junior Brother is amazing! He's the best to me!"

Shangguan LAN 'er was just as excited, happy that Lin Yi could stay and accompany her.

"Aunt Zhang, is there something you need from me?"

They were all on the same side, and Lin Yi didn't beat around the bush.

"No, I'm very happy that you're a half-step to perfect mountain-splitting!"

Zhang jinmiao shook her head and glanced at Shangguan LAN 'er imperceptibly.

Lin Yi suddenly realized that there was something she didn't want Shangguan LAN 'er to know!

"Master, is there something you don't want me to know?"

Shangguan LAN 'er was too embarrassed to keep focusing on Lin Yi, and she looked at Zhang jinmiao a few more times out of respect, but she found the problem.

"You two kids have really good eyesight!"

Zhang jinmiao smiled bitterly and shook her head. She thought to herself that her performance was too bad. She was actually seen through by the two of them at a glance. It seemed that strength and disguise were not proportional.

"As expected, there is something. Master, if you think it's inconvenient for me to be here, then I'll go in first."

Although Shangguan LAN 'er said this, she did not have any intention of moving.

It was something that concerned Lin Yi, no matter how small it was. Unless Zhang jinmiao insisted, Shangguan LAN 'er didn't want to leave.

"No need. It's fine even if you know about this. Just don't spread it."

Zhang jinmiao waved her hand. Since Shangguan LAN' er had already said so, she naturally could not insist.

After a slight pause, Zhang jinmiao continued, " " After the last incident, there was a huge commotion in the Academy. I reported the details of the incident to the Alliance of Academies and it attracted the attention of the Alliance. "

Lin Yi knew that the last incident was the dark shadow Forest, but Shangguan LAN' er didn't know about it. She thought it was the bio-soldiers.

In fact, these two cases were connected to each other-central was the one behind all of this. They might seem independent on the surface, but if they were in the common world, Lin Yi would've suggested combining them.

"Aunt Zhang, you must be under a lot of pressure. Did the Academy ..."

Lin Yi stopped mid-sentence, not knowing what to say.

Zhang jinmiao was in charge of the selection of the spirit cleansing pool's slots, but something had happened to her in the end. She would definitely be under a lot of pressure.

Although Zhang jinmiao seemed to be fine, she was definitely not as relaxed as she looked on the surface.

"Don't let your thoughts run wild. What pressure can I have?"

Zhang jinmiao smiled and waved her hand. She continued, "The nature of this incident is very bad, and the Alliance of schools is very surprised. They've decided to investigate the entire Mystic Sea region and find the mastermind!"

"This is a good thing! With the help of the Alliance of Academies, those guys have nowhere to run. "

Lin Yi nodded. He didn't know if hidden death sect would be affected, but at least Central's research plan would be greatly affected by the Alliance of Academies.

"Yes, it was originally a good thing, but a few days ago, something else happened and diverted the attention of the Alliance of schools."

Zhang jinmiao shook her head slightly, a trace of helplessness appearing on her face.

"What happened a few days ago? You're actually able to suppress the limelight of this matter? "

Lin Yi was surprised. Feiyang school lost seven outstanding students this time, and it wasn't really related to the Alliance, but if something happened to them, the other schools could be in trouble too!

What matter could be compared to the safety of the various Academies?

"The heaven and earth Spirit Fire!"

Zhang jinmiao's voice was serious as she looked at Lin Yi.

Lin Yi nodded-he didn't know what the fire was, but he'd read about it in some ancient texts, but didn't pay much attention to it.

"Lin Yi, you're an Alchemist, it's normal for you to have heard of the spiritual fire of heaven and earth, but I'm afraid LAN 'er doesn't know about it."

Zhang jinmiao saw Shangguan LAN 'er's confused face and didn't expect her precious disciple to know, but Lin Yi didn't look like he knew nothing.

"I've heard of its name, but I don't know the details. What's the problem with the heaven and earth spiritual fire? Why would the Alliance of Academies shift their attention?"

Lin Yi asked, confused.

What was the relationship between the heaven and earth Spirit Fire and the Alliance of Academies? Even if they were related, it would not affect the search Center and hidden death sect!

"The spiritual fire of heaven and earth indeed has nothing to do with what happened before, but it's been a long time since a spiritual fire of heaven and earth appeared in the mystic class Sea area. This time, I received the news, so I naturally took it very seriously, so I put everything else aside for the time being."

Zhang jinmiao smiled helplessly.

In fact, the Alliance of schools did not completely give up on the search. They just put more energy into the heaven and earth spiritual fire. However, it was obvious that they would not find anything with their remaining power.

"Master, what's a heaven and earth spiritual fire? You make it sound like it's very precious?"

Shangguan LAN 'er couldn't help but speak up. She was the only one among the three who had never heard of the spiritual fire of heaven and earth, which made her feel a sense of alienation from the topic.

"Auntie Zhang, I'm not very sure either. Why don't you tell us?"

Lin Yi put the matter of central and hidden death sect aside for now. It seemed that it was better to rely on himself than on others for some things.

Chapter 6580 Accompanying Spirit Fire Crystals

"Naturally, the spiritual fire is very precious. Lin Yi, as a refiner, you should know this!"

Zhang jinmiao looked at Lin Yi, confused.

A Mystic class level three refiner at such a young age-Lin Yi's alchemy heritage was impressive, and there was no reason he wouldn't know about the spirit Fire.

What she didn't know was that Lin Yi was helpless as well-his cheap master, the God of alchemy Zhang Liju, had never really taught him, not even seen him in person!

Lin Yi came to the mystic division Sea area to find some clues about the transit station and get his cheap master back.

Lin Yi felt that his entire life was like a TV show about where his master went.

"Auntz Zhang, I really don't know-you should've heard that I'm from the common world, so I don't know much about Sky Class Island. Does this have anything to do with alchemy?"

Lin Yi was a little troubled-why was the Alliance so concerned about the spirit Fire? Was he lacking in medicinal pills?

"It seems like you've really only heard about it."

Zhang jinmiao finally understood-she'd heard Shangguan Tianhua mention Lin Yi's past before, and he wasn't a native of Sky Class Island.

"Master, don't keep us in suspense, just tell us!"

Shangguan LAN 'er grabbed Zhang jinmiao's arm and shook it a few times, pouting.

"Alright, alright, master's head is going to get dizzy if I shake it again!"

Zhang jinmiao shook her head lovingly and began to explain to the two.

"The heaven and earth Spirit Fire, as its name suggests, is a kind of fire formed between heaven and earth. It is much fiercer than the alchemy fire that cultivators can condense themselves. It is especially suitable for refining pills and forging weapons. The heavenly flame could be divided into four levels, heaven level, earth level, black level, and yellow level. Among them, the yellow level was the weakest, but it was already extremely rare in the mystic level sea! Lin Yi, you can use your own fire for refining now, but when the level of your pills gets higher, it won't be enough."

"Actually, there's basically no precedent of an Alchemist using a Spirit Fire in the mystic division sea. After all, it's not easy to see such a high level Alchemist! Besides alchemists, high-level blacksmiths also need the spiritual fire of heaven and earth. However, the real value of the spiritual fire of heaven and earth is that it can be used to create array talismans!"

"Talisman formation?! "

Zhang jinmiao said, and Lin Yi suddenly understood!

No matter if it was elixirs or equipment refining, they were all auxiliary in nature. However, talismans were different. They were consumables that could be directly used in battle. No wonder the Alliance of schools placed so much importance on them!

In the mystic-class sea, there was a family of talismans-Wang Shiyang and Wang shiqing's families. However, other than that, there were also some simple and crude methods of making talismans that were widely circulated. The key was that there were too few people who could make talismans!

After hearing Zhang jinmiao's explanation, Lin Yi immediately understood. With the heaven and earth Spirit Fire, a powerful Rune Master could be born!

"That's right! The spiritual fire of heaven and earth is needed to make talismans, and ordinary alchemic fire can't be used to make talismans at all. That's why the Wang family has a near-monopoly in the mystic-class Sea area. "

Zhang jinmiao nodded and said solemnly.

"Aunt Zhang, even if that's the case, a single Heaven Earth Spirit Fire can at most create a talisman master, right? Does the Alliance of schools need to be so serious?"

Lin Yi frowned, not understanding this.

"Who said that a Heaven Earth Ling fire can only create one talisman master?"

Zhang jinmiao smiled faintly as she looked at Lin Yi. She raised her hand and pointed in the air, drawing a circle around the point.

"Master, what are you drawing?"

Shangguan LAN 'er blinked her big eyes and looked at the big circle curiously. Then, she thought of her Curly Bear.

"Associated Spirit Fire Crystal! The heaven and earth Spirit Fire is precious, but every time it appears, there will be a large number of accompanying Spirit Fire crystals in the surroundings. These are the key materials to cultivate a large number of talisman Masters!"

Zhang jinmiao's expression was solemn. If the Alliance of schools could obtain this batch of accompanying life fire crystals, they might be able to cultivate a large number of their own talisman Masters.

This could definitely be elevated to a strategic level. It was precisely because of this that the attention of the Alliance of Academies suddenly shifted to the heaven and earth spiritual fire.

"Aunt Zhang, how many accompanying Spirit Fire crystals do you have? How much does it take to cultivate a talisman master?"

Lin Yi muttered to himself, wondering if he'd be able to get some benefits out of this.

"It's hard to say. Usually, the quality and quantity of associated life fire crystals will change according to the grade of the heaven and earth spiritual fire. From the information we have, a top-grade yellow fire appeared. I estimate that there are at least a hundred associated life fire crystals, and each associated life fire Crystal can cultivate a talisman master."

Zhang jinmiao explained, "however, it's basically impossible for a talisman master who uses the accompanying life fire Crystal to become a high-level talisman master. Only those who truly possess the heaven and earth Spirit Fire have the hope of becoming a talisman master."

"Of course, the Alliance of Academies does not need a talisman master. As long as there are enough talisman Masters to create talismans, they can quickly increase their combat power."

"I see. Aunt Zhang, What is the Alliance of schools going to do? What does it have to do with me?"

Lin Yi nodded and asked.

"I was just about to tell you! "You should know that the college Alliance is an organization formed by various colleges. All its members are the higher-ups of each college. Therefore, if the college Alliance wants the heaven and earth spiritual fire and the accompanying spiritual fire Crystal, it is the same as if each college wants them. The distribution of benefits is not easy to balance."

Zhang jinmiao smiled bitterly and looked helpless again.

"We can roughly determine the location where the spiritual fire of heaven and earth will appear, but there is a natural restrictive spell in that area. Only cultivators of the mountain opening stage and below can enter, and the number of people entering can not be too large! Hence, after a round of discussion, the Alliance of Academies decided on the number of people for each Academy. There will be a total of ten people."

Zhang jinmiao's meaning was clear-the spot for Feiyang school was Lin Yi!

"So that's how it is. Aunt Zhang, do you want me to obtain this heaven and earth spiritual fire?"

Lin Yi understood now.

All the academies only sent a total of ten cultivators in the mountain opening stage to enter, so one could imagine how tight the quota was.

As the second-best school, it was reasonable for Feiyang school to get one spot, but it was unrealistic to want more.

"That's right. This time, our Feiyang college will also get a place. Although the accompanying Spirit Fire crystals obtained after entering will have to be handed over to the college Alliance for redistribution, the colleges with spots will definitely get more."

Zhang jinmiao paused for a moment before adding, ""This time, your target is the accompanying spiritual fire Crystal. As for the heaven and earth spiritual fire, I won't ask you to obtain it because the top-notch yellow level spiritual fire is extremely powerful. It's not something that your Academies can subdue and refine. So, you must not take the risk!"
