

## Bodyguard 6581

### Chapter 6581 Courtyard Challenge

Zhang jinmiao had no choice but to let Lin Yi go this time. After all, the benefits of the pool were given to him, and it was only right for him to help when the school needed him.

And with Lin Yi's strength, he was the best candidate for this mission. Whether or not he was in his mountain opening stage, he could easily crush all mountain opening stage cultivators, especially after the cleansing. He could be said to be invincible in the mountain opening stage.

" However, wouldn't it be a pity if I don't try to subdue the spiritual fire of heaven and earth? "

Lin Yi was a little surprised. He thought that the people from the Alliance were here for the fire, but they were only here for the accompanying Spirit Fire crystals.

"We definitely can't leave the heaven and earth spiritual fire alone. However, you can't get close to it with your strength. After collecting all the accompanying spiritual fire crystals, the natural restriction will start to slowly dissipate. After a period of time, the Alliance of schools will send more powerful cultivators in to try to subdue the heaven and earth spiritual fire."

Zhang jinmiao explained, then warned her seriously, " "Lin Yi, don't get too close to the fire, just collect as many accompanying crystals as you can. Everyone who goes in can take a third as a reward, and the remaining two-thirds will be given to the Alliance. Don't take the risk."

To the Feiyang college, a genius like Lin Yi was no less important than the accompanying Spirit Fire Crystal. If he were to die in the fire, not just Zhang jinmiao, even the entire school would regret it.

"Yes, I understand,"

Lin Yi nodded in agreement, but he was actually very interested in the fire. He'd decide when the time came.

"Auntie Zhang, have the ten spots been decided? Then, we'll all go in together?"

Lin Yi frowned. If the ten of them moved together, it wouldn't be so easy to get more accompanying crystals. He was confident in himself, but it would be hard to hide them with too many people.

"The time has been set, it'll be seven days later. You came out of seclusion at a good time, not only did you manage to make it in time for the challenge, you also didn't miss this major event."

Zhang jinmiao was pleased, thinking that Feiyang school would benefit more if Lin Yi went.

In fact, Lin Yi was full of confidence. With his current strength, normal mountain opening stage cultivators were no match for him. Even if he encountered earth opening stage cultivators, he had a good chance of winning. So if they were to fight, Lin Yi would be the only one who could win.

"That means my luck is pretty good."

Lin Yi smiled faintly-they'd agreed on when he'd come out, after all, and it was impossible for him to stay.

Zhang jinmiao also smiled and continued, "That's right, this time, the ten of you will not be moving together. Right now, we can only roughly determine the location of the spiritual fire of heaven and earth. That area is extremely vast, so you will enter from ten different locations. This way, the chances of searching will be higher. "

Lin Yi was overjoyed-it was much better to go alone than in a group. It was much more convenient for him.

"I understand. Aunt Zhang, let's put the matter of the spiritual fire aside for now. I still have a question. I can perfectly split open the mountain at any time now. If I advance, can I still continue to stay in the new student class?"

This was something Lin Yi had been struggling with since the cleansing pool.

"In theory, after advancing to the mountain-opening stage, one must leave the new student class! You can choose to graduate or enter a higher class, but ... Because of yang Dian's precedent, the Academy is not unreasonable. Everything depends on your performance this time. "

Zhang jinmiao smiled. She understood what Lin Yi was worried about-this was related to her disciple, Shangguan LAN 'er, so she didn't want Lin Yi to leave.

"Master, you're saying that Lin Yi can stay with me after breaking through?"

Shangguan LAN 'er's face lit up. She was innocent, but she wasn't stupid. Lin Yi was about to break through perfectly, but he didn't. She knew why.

In fact, Shangguan LAN 'er didn't want to be a burden, but she couldn't bear to, so she was in a dilemma.

And now, after hearing her Master's words, a huge rock in her heart was finally lifted.

"If Lin Yi makes a contribution this time and doesn't want to leave, the school's higher-ups will turn a blind eye. Of course, he'll have to cooperate and hide his strength."

Zhang jinmiao smiled. In fact, it was the same everywhere. The right to speak was always based on one's strength and background. "Alright, I'm going back to report. You should prepare for the challenge in three days. Don't let anyone take away LAN 'er's courtyard!"

"I understand!"

Lin Yi nodded with a smile. Even if Zhang jinmiao didn't say anything, he would've tried his best.

Three days passed by like flowing water. Lin Yi returned to his courtyard and consolidated his gains from the pool, and in the blink of an eye, it was time for the courtyard challenge.

However, Lin Yi lost track of time as he immersed himself in the refinement.

It wasn't until someone touched the yard's restriction that Lin Yi rushed out and was surprised to see Xu Xiaoyan smiling.

"Lin Yi, I heard you're back, but I didn't come to disturb you since you were in isolation! However, the competition has already started and you're still not coming out. Are you giving up?"

Lin Yi saw Xu Xiaoyan as soon as he stepped out of the door, but to her disappointment, Lin Yi's aura was still at the peak of the mystic Ascension realm.

"Argh! "Instructor Xu, I was going to visit you before, but Deputy Dean Zhang told me to prepare for the competition, so ... I forgot the time while I was in seclusion ..."

Lin Yi was a little embarrassed as he bowed to Xu Xiaoyan.

"Lin Yi Lil" bro, I've been waiting for you! Look, I've become stronger again!"

As they were talking, Shangguan LAN 'er ran over and couldn't wait to show Lin Yi the results.

It was no wonder. With Shangguan LAN 'er's personality, she had been in closed-door cultivation for so long and then for another three days. It was really hard on her!

"Little Senior Sister LAN 'er is really amazing!"

Lin Yi smiled as he gave Shangguan LAN 'er a thumbs up.

This girl's talent was indeed outstanding. In a short time, she had advanced a small level, and it was a natural improvement after accumulating enough experience. There were no hidden dangers, and her divine sense had also made great progress!

Feiyang college was indeed the most suitable place for Shangguan LAN 'er to cultivate. In time, it would not be difficult for her to become a real master!

"Lin Yi Junior Brother, I'll get stronger and stronger, I'll catch up to you soon-don't be a burden to me then!"

Shangguan LAN 'er's eyes narrowed at Lin Yi's praise, patting his shoulder with a smile.

"Then I can't be careless. I'll work hard on my cultivation and try not to be a burden to Senior Sister LAN 'er!"

Lin Yi smiled as he played along. As long as the girl was interested in training, he didn't mind being a burden.

Chapter 6582 The Nose Is Too Powerful

"Junior Brother Lin Yi, look, Murong xuyan's here too! He's been in closed door cultivation, and he seems to have become a lot stronger! Look, he's challenging yang Dian. He's been playing for a while. "

Shangguan LAN 'er pointed to the ring not far away.

Lin Yi looked in the direction that Shangguan LAN 'er was pointing at, his face even redder! He actually closed himself up so much that he almost forgot the time. Fortunately, Xu Xiaoyan called him out.

Not far away, there was an eye-catching competition between geniuses. Murong xuyan challenged yang Dian again, and the spectators were all focused and excited. Lin Yi's arrival was only noticed by a few.

This included Murong Feifei, but she didn't greet Lin Yi. She only nodded at him with a complicated look in her eyes before focusing on her brother's battle situation.

"Yes, Murong xuanyan has indeed become much stronger."

Lin Yi nodded. Murong xuyan was a genius before, but it was hard for a genius to grow without pressure and pressure.

Murong xuyan's strength had improved, and she was more confident in fighting yang Dian. Unfortunately, in Lin Yi's eyes, Murong xuyan was still a lot weaker than yang Dian.

Yang Dian had improved a lot during this period of time. Lin Yi could clearly feel that yang Dian was almost at the same level as Lin Yi before, and it was a near-perfect opening of the mountain!

Murong yuanyan was focused on the battle and didn't notice Lin Yi's arrival at all. Yang Dian, on the other hand, noticed Lin Yi's arrival at the first moment, and a strange light flashed in his eyes.

"Junior Brother Lin Yi, do you think Murong xuyan has a chance of winning? "

Shangguan LAN' er and Murong Fei Fei were good friends, so naturally, she was biased towards Murong Fei Yan.

Besides, she didn't have a good impression of yang Dian, who had occupied the No. 1 villa, and she hoped that he would lose.

"No, Murong yuanyan is still a bit weaker. If the two of them work together, they might have a chance."

Lin Yi shrugged, but Murong Qianqian seemed to have heard him. She turned around and glared at him.

At this moment, the situation in the ring suddenly changed. Murong Zhenyan, who had an impregnable defense, was thrown into confusion by Yang Dian's storm of attacks and revealed some flaws. Yang Dian seized the opportunity and directly threw her off the ring.

Fortunately, Murong Yuanyan didn't panic. Although she retreated in defeat, she wasn't injured and landed on the ground steadily.

"Brother, are you okay?"

Murong Fei Fei quickly went forward to support Murong Fei Yan. After all, they were twins. It didn't matter if they were always fooling around, but when it came to important matters, they were of one mind.

"I'm fine! I was too careless!"

Murong Xuyan shook her head and only then did she see Lin Yi not far away. A trace of shame flashed across her face.

He treated Lin Yi as his biggest rival, but he was embarrassed to lose in front of his opponent.

"Yang Dian, don't be smug! I'm slightly inferior today, but I'll definitely defeat you next time!"

Murong yuanyan turned her head away with a cold face. She didn't look at Lin Yi. Instead, she threw a harsh sentence at yang Dian and walked to the other side to watch the battle.

Yang Dian snorted and ignored Murong xuyan. He stared at Lin Yi and smiled meaningfully.

Lin Yi raised an eyebrow-the idiot was smiling so slyly, something was wrong.

"Anyone else want to challenge me, yang Dian? If you want to fight for courtyard number one, then hurry up, I'm waiting!"

Yang Dian didn't know what Lin Yi was thinking about as he stood on the stage with his arms wide open.

"So arrogant? Little Senior Sister LAN 'er, did this guy get triggered?"

Lin Yi scratched his head. Why did it feel like yang Dian was taunting him?

"I don't know ... I wasn't this arrogant before!"

Shangguan LAN 'er was also confused. That annoying guy, he was so annoying no matter what!

"LAN 'er, did anyone come to challenge your courtyard?"

Lin Yi didn't want to keep house number two, but he wanted to beat yang Dian up!

His accumulation in the soul-nourishing soulcleanse pool had reached its limit. Now, he was no longer going to break through to the mountain-opening realm with a single thought. Instead, he was trying his best not to break through to the mountain-opening realm. Therefore, this might be his last chance to fight with yang Dian.

It was not a bad idea to take the first courtyard and give it to Shangguan LAN 'er.

"Not yet, but don't worry, I can handle it myself. Among these people, there aren't many who can beat your little Senior Sister!"

Shangguan LAN 'er patted her chest with confidence, then stretched out her fingers and did some quick calculations: "There seems to be a few ..."

"Ha ... It's good that someone is here to snatch it. You can practice."

Lin Yi smiled faintly as he decided to challenge yang Dian.

"Yang Dian, let me see the strength of the genius from the last tournament!"

Lin Yi didn't wait for Shangguan LAN 'er's reply, and jumped onto the stage.

Xu Xiaoyan's eyes brightened. She was curious about Lin Yi's increase in strength as well, and this was a good opportunity to take a closer look.

The Murong siblings also looked up seriously. Murong xuyan, who had just lost, was especially focused. He wanted to see who was stronger between him and Lin Yi.

"Haha, it's Lin Yi! I thought you would only run away and not dare to come up! Very good, since you took the initiative to come up, I'll let you know that you can't easily surpass me as the eldest senior brother!"

Yang Dian looked up and laughed, as if he was very excited about his successful provocation.

"Just nice, I also want to try and surpass it!"

Lin Yi smiled faintly as he flew over to yang Dian.

"I'll let you try. I just hope you don't run away. "

Yang Dian stopped laughing and narrowed his eyes with a mocking expression.

"I don't know where your confidence comes from. Although you liked to talk big in the past, it didn't seem as obvious as it is now. Did you take the wrong medicine?"

Lin Yi shrugged, his face full of disdain.

"You're the one who's taken the wrong medicine! You know who's talking big, take this!"

Yang Dian's face changed as he rushed forward. The space on the stage was limited, and Lin Yi wouldn't be able to escape the range of yang Dian's skill unless he jumped out of the stage.

But did Lin Yi need to avoid it?

A mere yang Dian wasn't enough for him to Dodge, not to mention that this guy only had the strength to split open a mountain with a thought. Even if he did, Lin Yi wouldn't care!

Yang Dian was still paying attention to Lin Yi's possible direction, ready to change his position at any time, but Lin Yi didn't Dodge at all. He threw a punch at him without even using any martial arts.

Simple and crude!

Looking at the fist that was getting bigger and bigger in front of him, yang Dian's mind went blank for a moment. He didn't even realize what this thing was before his nose was hit by a huge force and his whole body flew out.

"Senior brother yang, you're really amazing. You hit me with my nose, and it hurts so much. My hand is almost broken!"

Lin Yi shouted on purpose and shook his hand hard, laughing at yang Dian's bleeding nose.

Chapter 6583 Yang Dian Opens His Mountain

Yang Dian's face was sour and in pain. Tears, snot, and blood from his nose flew all over his face. He couldn't stop it and couldn't speak.

"Senior brother yang, do you have any more powerful moves to show me? The nose hitting the fist is really too shocking. I only need to see it once, otherwise Junior brother's hand would be broken!"

Lin Yi walked up slowly, holding back his strength on purpose. He didn't kick yang Dian out of the ring so he could teach him a lesson.

This guy was hanging out with Xue Peng now, so he probably wasn't up to anything good. He was trying to hold back some bad water, and Lin Yi wouldn't let go of this chance to do it in the open.

Seeing Lin Yi walk over slowly, yang Dian was both shocked and angry. This was completely different from what he had expected. The plot shouldn't have developed like this!

Wasn't Lin Yi just a small fry who relied on his speed and movement to escape? why was his combat strength so shocking too? Even without using a martial technique, he was still able to suppress him!

"Dammit! Lin Yi, you should die!"

Yang Dian's eyes flashed with ruthlessness, and his aura began to rise rapidly.

"Eh? Are you prepared to give up on the benefits of the new student class?"

Lin Yi paused and looked at yang Dian in surprise.

That was because yang Dian was directly advancing to the mountain-opening stage!

Once he entered the mountain-opening stage, it meant that he would have to choose to leave the Academy to travel or enter a higher class to cultivate. The resources of the new student class would no longer have anything to do with him.

Yang Dian was really willing to put in a lot of effort to deal with Lin Yi!

"What's the big deal about giving up on the benefits of the new student class? I'll definitely teach you a good lesson in the arena today! If you can't hold on, you can also advance to mountain-opening! How about we go to the advanced class to cultivate together?"

Yang Dian wiped the blood from his nose, looking a little ferocious.

His aura was still rising, but Lin Yi wasn't in a hurry. He just stood there and watched him break through. After all, this kind of guy wouldn't be a threat even if he broke through to the mountain opening stage. If he wanted to completely defeat him, he had to make him lose all hope.

"Yang Dian, you'd better focus on your breakthrough. I'm giving you a chance to take revenge, you have to seize it!"

Lin Yi said casually, his eyes on yang Dian's breakthrough.

Lin Yi had to find a way to suppress his cultivation as much as possible so that he wouldn't accidentally open up his own mountain. He could see yang Dian's breakthrough and learn from it.

Yang Dian felt a little humiliated. He turned away from Lin Yi and focused on breaking through.

It took a long time to describe, but it was all done in an instant. By the time Lin Yi finished speaking, yang Dian's aura had already reached the beginning stage of the mountain!

As expected of a genius who could split mountains with a thought, he could break through smoothly at any time.

"Lin Yi, I don't want anything from the new class, be it the training resources or courtyard number one. I just want to teach you a lesson! Are you ready to go to hell?"

Yang Dian laughed wildly as he charged forward again.

After entering the mountain-opening stage, yang Dian didn't wait for his strength to stabilize before he attacked Lin Yi. His strength had increased several times, and yang Dian thought that he could easily crush Lin Yi without any hesitation.

It was a simple punch as well, but yang Dian grinned hideously. He wanted to see Lin Yi's nose break with his own eyes!

Unfortunately, his wish didn't come true-Lin Yi didn't Dodge at all and threw a punch back.

Their fists collided in the air like two meteorites. Invisible true energy waves spread out, and the entire ring began to crack, almost falling apart.

This was a battle arena for students in the mysterious Ascension stage. It was indeed a little too much for them to withstand a battle in the mountain opening stage.

Yang Dian was forced back five or six steps by the force of the punch, and Lin Yi was even one or two steps away from him.

"How is this possible? is this guy that powerful? Why is it that I'm still not his match even though I've advanced to the mountain-opening realm!"

Yang Dian muttered to himself, and a moment of confusion appeared in his eyes. He almost began to doubt his life!

"It's nothing more than this!"

Lin Yi smirked.

Yang Dian's face was swollen and hot. Fortunately, his nosebleed had covered it up, so it didn't look too red ...

"Lin Yi, don't get too cocky! I'll let you know today that I, yang Dian, am not someone you can mess with!"

Yang Dian's eyes turned red. The potion sealed in his body was instantly activated and flowed through his blood vessels.

Xue Peng's eyes lit up. From yang Dian's muscles and blood vessels that suddenly bulged, he guessed that yang Dian had finally used the potion.

In fact, this potion was given to him by Xue Peng. More than ten days ago, Xue Keyan had sent some potions to Xue Peng through a stranger. He said that it could instantly increase one's combat strength and could be used to save one's life at a critical moment, but the side effects were also very strong.

Xue Peng was not at ease to use it himself, so he tricked yang Dian into sealing a portion of the medicine in his body. He wanted to see the effect.

This time, Lin Yi's appearance really did make his wish come true.

"Yang Dian, you can do it. If you kill this Lin Yi, your death will be worth it!"

Xue Peng's eyes sparkled as he muttered in a voice that only he could hear.

It would be perfect if he could kill Lin Yi while testing the effect of the potion!

"What is this technique? It even looks a little scary. It really does seem powerful. "

Lin Yi's tone was still teasing as he looked at yang Dian calmly.

Lin Yi had a rough idea of yang Dian's strength from the clash just now-the guy was indeed much stronger than normal mountain split cultivators after breaking through, but it was still not enough.

Yang Dian looked like he was using some powerful forbidden move, but with his strength, he probably wouldn't be too strong no matter how much he improved.

"Hahahaha, strength! This feeling of being filled with power! It was really too good! Lin Yi, you'll know soon enough if I'm scary or not, if I'm strong or not!"

Yang Dian looked up and laughed wildly. He tore off his clothes, revealing his muscular body.

Lin Yi's lips twitched. This was pretty scary-he could even make a TV show.

Unfortunately, in a battle between cultivators, expanding muscles was of no use. It would only affect one's speed.

Bang!

With a loud bang, yang Dian stomped on the ground, and a hole instantly appeared in the ring. Lin Yi's pupils shrank, and he instinctively used Thunder escape to change his position.

A fist appeared out of nowhere, piercing through the lightning and blasting Lin Yi out!

In the nick of time, Lin Yi barely blocked yang Dian's fist with his hands. The huge force pushed Lin Yi's palm back and hit yang Dian's chest!

Chapter 6584 Breakthrough, Peak Of The Early Mountain Split Stage!

Lin Yi's vision went black as his Qi flow was almost interrupted. The bones in his palm and chest were even slightly broken!

So strong!

This power was really strong!

A terrifying thought flashed through Lin Yi's mind as he was sent flying.

Before Lin Yi could steady himself, yang Dian had already appeared beside him like a ghost. He crossed his hands and punched Lin Yi's chest with all his strength.

Lin Yi still had his hands crossed in a defensive position. He didn't have time to change his hand shape and was hit by yang Dian again.

"Bang!"

With a loud crash, Lin Yi's body fell from the sky, creating a human-shaped hole in the stage.

The crowd below the stage exclaimed, and Shangguan LAN' er was even more anxious, wishing she could rush up to the stage to help!

But she understood that she'd only be a burden to Lin Yi even if she went up, so she bit her lip and suppressed the urge.

Xu Xiaoyan almost blurted out to stop this competition, which had obviously exceeded the freshmen's limit. However, after seeing the flash of lightning in the pit, she gave up on this idea.

From what she understood, Lin Yi shouldn't have been knocked down just like that!

Lin Yi stood on the other side of the ring, breathing heavily as he faced yang Dian, who was by the pothole.

"How is it? Have you seen how terrifying and powerful senior brother is? Do you want to take another wave of attacks? "

Yang Dian smiled smugly. He didn't continue chasing Lin Yi, but started playing the cat-and-mouse game.

He couldn't use up the feeling of crushing Lin Yi all of a sudden.

"Interesting! This move of yours is indeed very powerful, and your combat strength has directly increased by more than a large level! However, this move should be a legendary forbidden move in the martial arts world, right? There should be residual effects, right? Otherwise, you wouldn't have needed to break through just now and would have used it directly."

Lin Yi smiled faintly. His injuries had already healed as he spoke. The healing properties of his pure Qi combined with his strong physique made it so that it only took a breath's time for him to recover.

The only problem was that Lin Yi's level couldn't suppress it anymore!

He had barely been able to maintain his state of not breaking through after coming out of the soul cleansing pool, so that he could stay in the new student class to accompany Shangguan LAN 'er. Now it seemed that there was no way!

Lin Yi couldn't suppress his strength anymore after Yang Dian's attack, and he broke through naturally.

Mountain avalanche, a perfect mountain-splitting!

The illusory mountain-opening process only lasted for an instant on the stage. Lin Yi had just finished speaking, and Yang Dian didn't even have time to reply before he felt Lin Yi's aura rising rapidly, forming a true Qi vortex around him.

"Hahaha, you finally can't help but enter the mountain-opening period? As your senior brother, I'll give you a chance!"

Yang Dian was full of confidence and mimicked Lin Yi's actions, letting his opponent level up.

Xue Peng was happy and angry at the same time. He was happy that Xue Keyan's medicine was really powerful, but he was angry that yang Dian was an idiot. He didn't know how to use such a good opportunity. Killing Lin Yi was the best option!

And now he was watching Lin Yi break through!

Idiot!

Yang Dian didn't know the resentment in Xue Peng's heart, and even if he did, he wouldn't care.

With such strength, yang Dian felt like he was an omnipotent master. No matter how much Lin Yi broke through, he couldn't escape from him.

He'd be letting himself down if he didn't take this chance to mess with Lin Yi.

A powerful aura spread out from Lin Yi's body, and each wave was stronger than the previous one. In a short breath's time, he'd broken through the early stage of mountain split and reached the peak of the early stage!

Lin Yi raised his head, his eyes flashing with a mysterious light. He was about to break through to the mid-stage of mountain split, but he forcibly suppressed it.

It was true that he could break through continuously, but the peak of early mountain split was already the best choice. It wouldn't do him much good if he continued.

"Yo, not bad indeed. You've reached the peak of the initial stage of the mountain opening realm in a short while!"

Yang Dian waited for Lin Yi to retract his aura before pointing at him with a frivolous smile.

Using himself as a reference, yang Dian thought that Lin Yi wouldn't be his match even if he broke through to the peak of the late mountain split stage, so he was extremely relaxed.

"We've still reached the mountain-opening stage!"

Lin Yi sighed. This wasn't part of his plan.

Lin Yi's body flickered as he activated his extreme butterfly micro-steps, entering the mountain-opening stage. Lin Yi's strength had increased to a point where even he was surprised, and so was his speed!

Yang Dian's pupils contracted as he raised his hands instinctively, but Lin Yi's fist landed on his chest before he could close his hands.

Before the crisp sound of bones breaking could be heard, yang Dian was sent flying like a cannonball.

Only then did a strange cracking sound come from the empty space-Lin Yi had already exceeded the speed of sound.

Lin Yi's feet didn't stop moving. After sending yang Dian flying with a punch, he rushed out again and came to yang Dian's side. He clenched his hands and punched down, completely copying yang Dian's previous action.

The result was the same. Another human-shaped pit appeared on the ring. Yang Dian's chest sank, and he lay in the pit with a dull look on his face.

He was able to completely suppress Lin Yi just now, but how did the tables turn the moment this guy opened the mountain?

\* Cough cough \*

Yang Dian couldn't help but cough up blood. His chest injury was much more serious than Lin Yi 's. His hands couldn't keep up with Lin Yi's movements and he took the hit with his body. Not only was his sternum broken, but his internal organs were also injured.

On top of that, he didn't have Lin Yi's strong physique and self-healing abilities, so he didn't even have the strength to get up.

"Senior brother yang, why are you so polite? There's no need to hold back, just show me your strength. This Junior Brother has just broken through, so I'm just getting used to this level of combat strength. "

Lin Yi stood at the edge of the hole, looking down at yang Dian with a smile.

Yang Dian spat out another mouthful of blood in anger. He almost couldn't breathe and died.

In the audience, Xue Peng's back was drenched in cold sweat, and he cursed yang Dian for being an idiot in his heart. He didn't know how to seize the opportunity just now, and now he was beaten into an idiot, right?

That wasn't even the main point-the main point was that he'd been beaten like a dead dog even with the help of the medicine ... He really didn't believe that the medicine could save his life ... Was he sure that he wouldn't die faster?

"Senior brother yang, have you rested enough? Should I continue? Hurry up and come up!"

Lin Yi's lips curled into a deep sneer as he hooked his index finger at yang Dian.

Yang Dian was burning with anger. He roared and slammed the ground with all his strength. His body used the momentum to rush up. The true Qi on his body flashed. He was obviously going to release his martial arts technique.

## Chapter 6585 Ownerless Courtyard

However, yang Dian had just jumped up, and before his body could even touch the ground, Lin Yi casually sent a kick to his chest where he was injured.

Yang Dian's whole body was in a bad state. His ferocious face was almost squeezed into a ball, and he didn't have a chance to use his martial arts technique at all. He was sent flying again.

Lin Yi smiled faintly. He moved slightly and used extreme butterfly microsteps to catch up with yang Dian easily. He threw another punch casually.

The audience was dumbfounded as they watched yang Dian fly around and then change his direction again after being stopped halfway.

Lin Yi, on the other hand, was only an afterimage left as he continued to appear in yang Dian's path and beat him up.

To be honest, no matter how much the students hated yang Dian, they all sympathized with this poor guy ...

"Alright, this battle ends here! Lin Yi, stop!"

Seeing that it was impossible to reverse the situation and that yang Dian was going to be beaten into a disabled person, Xu Xiaoyan quickly stopped the fight.

Lin Yi stood on the stage, refreshed. He grabbed yang Dian with his right hand and threw him out of the ring.

"Don't worry, I know what I'm doing. He's only injured, it won't be fatal. "

Lin Yi explained, shrugging.

"I know you know what you're doing, but you have to be careful of the consequences."

Xu Xiaoyan was still smiling like a flower. She nodded and went to check on yang Dian's injury.

"It's mainly because he used a forbidden move that he looks so weak. In fact, I didn't use too much force. "

Lin Yi jumped off the stage and explained to her.

The surrounding people were all sweating. If you didn't hit him hard, then how hard would it be?

But thinking about it, Lin Yi was right-he didn't even use any martial arts, and normal attacks weren't heavy-handed ...

Lin Yi didn't even need to use any martial arts to defeat the powerful yang Dian. How strong was Lin Yi after he broke through to the mountain opening stage?

This question was really ... Terrifying!

Murong xuyan, in particular, looked at Lin Yi with a complicated expression. The opponent he wanted to surpass was getting stronger and stronger.

Murong xuyan had been cultivating so hard, but the distance between them was still getting bigger and bigger. It really hurt her self-esteem!

"Yang Dian's forbidden move is so powerful, and the aftereffects are indeed very serious. I wonder if it will affect his strength."

Xu Xiaoyan frowned slightly. After all, he was her student, and she was also responsible for what happened.

After worrying about yang Dian, Xu Xiaoyan turned to Lin Yi, "You've already perfectly split open the mountain? He's so powerful that he can fight me, right?"

"How is that possible? Instructor Xu, you think too highly of me. I'm not that powerful! However, it's indeed a perfect opening. I reckon that there won't be many opponents in the opening period. "

Lin Yi said, waving his hand and complimenting himself.

Xu Xiaoyan rolled her eyes at Lin Yi but didn't say anything. The perfect opening she understood was just Lin Yi's definition of a pseudo-perfect opening. She didn't think too much about it. She understood that it was easy for Lin Yi to be invincible among his peers, but it would be difficult for him to fight against someone of a higher level.

This was also because Xu Xiaoyan had never fought with yang Dian before. Otherwise, she would be able to tell that yang Dian had already reached the earth opening stage. What kind of strength did Lin Yi have when he easily crushed yang Dian?

Xue Peng didn't wait for Xu Xiaoyan to check on yang Dian. He ran over and stuffed a healing pill into yang Dian's mouth. "Instructor Xu, leave senior brother yang to me. You can host the next challenge. You don't have to worry about such a small matter."

Of course, Xue Peng also checked on yang Dian. Yang Dian's injury was not a small matter. Even if he took the elixir, it would take at least half a month for his injuries to recover!

However, this was mainly due to the side effects of the medicine. Lin Yi's attack also played a part.

"Oh, really? Then you have to take care of yang Dian. "

Xu Xiaoyan stuck her head out and saw that yang Dian's life wasn't in danger. She didn't insist and turned to Lin Yi to leave.

Like Lin Yi, she thought that yang Dian had used a forbidden skill. After all, compared to the previous bio-human, yang Dian's increase in combat strength was not worth mentioning.

If they had known that yang Dian's outbreak was actually due to Xue Peng's potion, they would not have let him go so easily.

"Teacher, don't worry."

Xue Peng was smiling, but he was extremely nervous. He wanted to kill yang Dian directly. It was all this bastard's fault. He didn't take advantage of the opportunity and almost got himself killed.

Incapable of accomplishing anything, but capable of ruining things! He deserved to die!

Xue Peng was gritting his teeth, and Xu Xiaoyan whispered to Lin Yi after a few steps, "Lin Yi, you're in the mountain opening stage now, so you can't stay in the new class anymore! As for what you should do in the future, you should think about it first. "

"Thank you for your reminder, instructor Xu. I know what to do."

Lin Yi nodded, feeling helpless.

He wanted to maintain the state of half-step mountain cracker, but what could he do when he encountered a madman like yang Dian?

The most important thing was that both Lin Yi and Yang Dian had advanced to the next round. House number one was now ownerless, and he couldn't even give it to Shangguan LAN 'er. If anyone wanted to challenge her, she might not even be able to keep house number two!

"Courtyard number one has been vacated. Whoever wants to fight for it can continue to compete on the stage."

Xu Xiaoyan also shook her head and announced the news.

For a time, the surrounding students were in an uproar. With the two strongest students gone, they had many more opportunities. Even if it wasn't courtyard number one, they could still upgrade the courtyard's structure.

"Brother, you're not going up?"

Murong Fei Fei nudged Murong Fei Yan, who was beside her. He wasn't injured just now, so if he went up the stage now, most likely no one would fight with him for courtyard number one.

"I'm not going!"

Murong yuanyan snorted coldly. He was defeated by yang Dian, and now he was taking advantage of yang Dian's elimination to pick up the scraps? The proud Murong xuanyan felt that she couldn't afford to lose face.

He would rather wait for the next time than go on stage now!

"If you don't go, I'll go!"

Murong Feifei's lips twitched. She didn't have any concerns. Without Lin Yi and Yang Dian, her brother wasn't going to fight. The only threat to her was Xue Peng. Let's do it!

Murong xuanyan nodded. It wouldn't be a waste if her younger sister could occupy the number one courtyard. If anyone dared to fight for it, she would definitely teach them a lesson in the next competition.

Of course, Murong Feiyan didn't think that anyone other than Xue Peng would be a threat to Murong Feifei.

"Instructor Xu, I want courtyard number one!"

Murong Fei Fei smiled and beckoned as she jumped onto the stage. She then looked around to see if anyone had come to challenge her.

## Chapter 6586 Preparing For A Mission

Unexpectedly, after waiting for a long time, no one went up the stage. It was as if they had no interest in courtyard number one.

"How boring, can't I even move my muscles and bones ..."

Murong Fei Fei snorted and glanced at Xue Peng with dissatisfaction.

Unfortunately, Xue Peng was busy healing and covering up his good friend yang Dian's injury at this time, and he had no intention of fighting for the courtyard.

Not to mention that Xue Peng's current courtyard was in a good position. In addition, he had the medicine sent by Xue Keyan as his trump card, so fighting for a courtyard was simply a waste of time.

"Since no one wants to challenge me, then courtyard number one will belong to Murong Fei Fei."

Xu Xiaoyan announced the results with a smile. She had a good impression of the Murong siblings and was happy to see the results.

There wasn't much to talk about in the following challenges-Shangguan LAN 'er wasn't the strongest, so there were people who wanted the second house, but they didn't dare to fight her to the death because Lin Yi was still standing there.

Restrained, he was easily defeated by LAN 'er, who had greatly improved her strength. After two rounds, there were no other challengers.

Xue Peng had made up his mind not to fight and continued to keep a low profile. Of course, no one took the initiative to challenge his courtyard. These people were not confident that they could win against Xue Peng, so he kept a low profile and continued to treat Yang Dian.

House number five was occupied by Murong buqi, and the rest of the battle was going smoothly. After seeing Lin Yi and Yang Dian's battle, no one was interested in the rest of the battle.

Only those involved would seriously go all out. Thus, in a cold and cheerless atmosphere, the first courtyard contest for the new students ended.

Lin Yi, on the other hand, had no choice but to leave the new class.

Of course, he was still unwilling to give up. Zhang jinmiao had said before that if he made a contribution to the heaven and earth Spirit Fire, the Academy might give him special treatment.

So Lin Yi didn't stay any longer. After the competition ended, he greeted Xu Xiaoyan and was ready to bring Shangguan LAN 'er to Zhang jinmiao, "Instructor Xu, do you know where Deputy Dean Zhang is? I have something to discuss with her. "

"Oh? It's that mission, right?"

Xu Xiaoyan obviously knew more, which surprised Lin Yi.

"That's right. Instructor Xu knows about it too?"

"Vice Dean Zhang mentioned that I could still stay in the new class if I've made some contributions to the school. You know that I'm mainly here to accompany LAN 'er ..."

"Hehe, why didn't I know?"

Xu Xiaoyan smiled faintly. "You don't have to look for him. Deputy Director Zhang has arrived long ago. He's in LAN 'er's No. 2 courtyard."

"Eh? How do you know that LAN 'er will be able to defend the second courtyard?"

Lin Yi was surprised-even if the Murong siblings weren't a proper match, Xue Peng still had a good chance of winning.

Of course, Lin Yi didn't know that Xue Peng didn't dare to fight him head on.

"Even if you can't do anything, Murong xuyan is still standing there!"

Xu Xiaoyan smiled."He didn't fight for courtyard No. 1 because he wanted to save face. However, he doesn't need to save face to help Shangguan LAN 'er get back courtyard No. 2."

Lin Yi finally understood!

Probably everyone else knew that Shangguan LAN 'er had a close relationship with the Murong siblings. Instead of trying so hard to get the second courtyard and then letting Murong xuyan take it away, they might as well take something else.

After saying goodbye to Xu Xiaoyan, Lin Yi and Shangguan LAN 'er returned to the second courtyard.

"Auntie Zhang! (Master!)"

Lin Yi and Shangguan LAN 'er entered the courtyard and saw Zhang jinmiao standing there, smiling.

"Lin Yi, this formation you set up isn't simple at all, I can't even get in!"

Zhang jinmiao looked at Lin Yi in admiration, but at the same time, she complained,"And so, this old man stood here for an hour. Fortunately, your competition ended quickly."

"Uh, I'm sorry,"

Lin Yi smacked his forehead and quickly took out an array flag. It looked like he took it out of his storage bag, but it was actually from the Jade space. "This is the array flag of the second courtyard. Aunt Zhang, you can enter and leave as you wish next time."

"Alright, I won't be going in today!"

Zhang jinmiao didn't stand on ceremony and put away the formation flags. She looked at Lin Yi. "If you don't have anything else to say, get ready to leave now!"

"I also have the same intention!"

Lin Yi nodded, "I've accidentally entered the mountain opening stage this time. Looks like if I want to stay in the new class, I'll have to do something for the school."

Zhang jinmiao fell into deep thought after hearing Lin Yi's words, "Just now, you and yang Dian... Forget it, we'll talk about it when you come back!"

"Alright," he said.

Lin Yi could tell that Zhang jinmiao wanted to say something, but he didn't think too much about it. He suddenly thought of something. "That's right, did the Wang clan not react to the appearance of the spiritual fire of heaven and earth? They are a family of ancient talismans. They should be very interested, right?"

The Alliance of Academies was powerful, but the talisman Wang family was also powerful. It was related to the spiritual fire of heaven and earth, so the other party would not back down. With the Wang family taking the lead, the other families might also secretly interfere.

"Of course the Wang family is interested. It's not just them, the other families are interested as well! However, there were many people from the aristocratic families in the Alliance of Academies. If they really fell out with each other, it would not look good on everyone's face! That's why a portion of the spots in that area have been given to the great clans. I'm not sure how many people have gone in, but I don't think it'll be too many, at most four to six. "

As Zhang jinmiao spoke, a look of disdain flashed across her face. The heritage of aristocratic families was indeed powerful, but it did not mean that the younger generation was powerful!

Just like the Murong siblings, they had not experienced the baptism of the Academy and were like flowers in a greenhouse! Even if these disciples were to enter, they would not be a match for the outstanding students of the college Alliance.

"Could it be that there's nothing to fear from these aristocratic family disciples?"

Lin Yi asked curiously, noticing the disdain in her eyes.

"Not bad! You don't have to worry, most of the elites of the aristocratic families are in the major Academies. If we let these people go, their earnings will have to be handed over to the Alliance of Academies. As for those who have not entered any Academies, their strength is not worth mentioning. "

"I see."

Lin Yi understood-those who hadn't entered a school would only be at the most ordinary beginning stage even if they did. After the illusions he saw, he understood the difference.

"Master, other than the Alliance of Academies and the people from the great families, is there anyone else?"

Shangguan LAN 'er interjected, wondering if she could go in with Lin Yi.

"There shouldn't be anymore, but there might be other entrances in that area that haven't been discovered yet. There might be outsiders going in, so Lin Yi, you have to be careful. The people who go in are basically enemies and not friends, so you have to be careful."

Zhang jinmiao reminded Lin Yi solemnly. After losing seven genius students, she couldn't lose Lin Yi anymore.

Chapter 6587 Fiery Fire Mountain Region

"I will be careful."

Lin Yi wasn't too worried-as long as they were under the sect-opening stage, they posed no threat to him.

"Right, this mask is for you. Wear it when the time comes! This time, the most outstanding students of each family are going. Some of them may have had enmity with each other, so in order to avoid unnecessary trouble, everyone agreed to hide their identities. "

Zhang jinmiao took out a mask for Lin Yi.

"Are you worried about fighting inside?"

Lin Yi took the mask-if they really did get into a fight, they'd still fight even if they didn't know who the other was.

Lin Yi checked the mask-it wasn't as good as red dust all creations, and it wasn't the same type of human mask-it was a fixed mask.

The only advantage was that it could block the detection of spiritual sense, but the effect was still not as good as the world of nature. Of course, it was more than enough for this operation.

"Alright, the aerial spirit beast is ready. You can go now!"

Zhang jinmiao said as she urged Lin Yi to go.

Although Shangguan LAN 'er still wanted to talk to Lin Yi, she knew that the important things were more important, so she accompanied Lin Yi out of the courtyard.

There was already an aerial spirit beast waiting outside the courtyard, and the people on it surprised Lin Yi, but it made sense!

This was because this person was Xu Xiaoyan.

"Instructor Xu, no wonder you know so much about it."

Lin Yi didn't know whether to laugh or cry. So she was one of the people carrying out the mission. No wonder she knew so much.

"Hehe, hurry up and get on. We can talk on the way."

Xu Xiaoyan's smile was as bright as a flower as she waved at Lin Yi, before waving goodbye to Zhang Jinmiao and Shangguan Lan'er.

Lin Yi jumped up and landed on the back of the flying spirit beast, while Xu Xiaoyan controlled the flying spirit beast to fly into the sky.

"Instructor Xu, if you accompany me, what about the new student class? It'll take a long time to go back and forth, right?"

Lin Yi coughed lightly, trying to start a conversation.

"I just got a new courtyard, so there aren't any classes. Everyone is cultivating by themselves, so I can get away."

Xu Xiaoyan looked at Lin Yi from the corner of her eyes. You've only been to a few classes, and now you're asking about classes?

"Ahem ... Are you the representative of our Academy for the matter of the heavenly Spirit Fire?"

Lin Yi found it strange-the Alliance was taking this very seriously, but Feiyang school sent Xu Xiaoyan to lead the team. It didn't seem to be enough.

"I'm just an errand boy. There are still people over there. Don't worry so much and just do your job!"

Xu Xiaoyan obviously didn't want to say too much. "I'm going to speed up. Sit tight!"

"Yes ..."

Lin Yi didn't even get to finish his sentence when he felt the flying spirit beast fly away.

Fortunately, he had a sharp reaction, or he would have almost fallen down. But obviously, Xu Xiaoyan knew that he had ghost speed wings, so she was not afraid that he would fall to his death.

The destination of this trip was called the fiery Fire Mountain region. It was an extremely hot and uninhabited area.

When Xu Xiaoyan landed, she didn't see many people. Other than Guan Wenxuan from Feiyang college and two masters of the earth opening stage, there was only one deacon from the college Alliance.

The fiery Fire Mountain region was divided into several entrances. In order to speed up the search, different schools had different entrances. This place was assigned to the Feiyang college, so naturally, they were in charge of guarding the entrance.

The deacon of the college Alliance was only there to supervise and prevent more students from entering Feiyang college.

"Elder Guan! These are the candidates the Academy has chosen. "

Xu Xiaoyan jumped off the flying spirit beast and took the lead to bow to Guan Wenxuan.

Lin Yi was already wearing the mask, so Xu Xiaoyan didn't mention his name.

"Greetings, elder Guan!"

Lin Yi's voice was muffled through the mask.

"No need to be so polite. Since the Academy has chosen you, it means that you are the most suitable candidate. I believe that you will be able to complete the task well. There is no time to waste. Hurry up and go in!"

Guan Wenxuan didn't waste any time and decided to let Lin Yi into the mountain.

"Elder Guan, the agreed time hasn't arrived yet, right?"

Xu Xiaoyan was stunned. She had arrived very quickly. If she remembered correctly, there were still 12 hours to the agreed time to enter.

"Hmph! It's brought forward. The people from the other Academies and families have already entered, leaving only US and the other two or three Academies. Don't waste time, let's go in!"

Guan Wenxuan snorted coldly, looking rather displeased.

Lin Yi finally understood why Guan Wenxuan was so angry-the others didn't follow the rules and went in first.

In the end, the college Alliance was a loose organization. With the involvement of the aristocratic families, it was not surprising that such a situation occurred.

Xu Xiaoyan glanced at the rather awkward Deacon of the Alliance of schools. No wonder Guan Wen Xuan was so lazy to deal with this guy.

"Then I'll go in! Elder Guan, instructor Xu, wait for my good news!"

Lin Yi cupped his hands and entered the mountain.

This area originally had no abnormalities, but after the appearance of the heaven and earth Spirit Fire, it naturally formed a layer of natural restrictions, restricting the entry of cultivators below the mountain opening stage.

Lin Yi naturally didn't care about the conflict between the academies. His only thought was to find the accompanying Spirit Fire Crystal as soon as possible. Even if many people entered before him, with his speed, those who entered first might not have the advantage.

As he passed through the restriction, Lin Yi felt as if he had passed through a thick swamp. The heat was shocking too, and the freezing and burning sensation was something that normal mountain opening cultivators wouldn't be able to withstand.

But this didn't last for long. In just half an incense's time, Lin Yi felt his body light up, and the surrounding temperature dropped as well, but it was still hot compared to the outside.

"The heat from the heaven and earth Spirit Fire has already affected the entire Mountain region? It's indeed terrifying. It's indeed very difficult to subdue a normal mountain-opening cultivator!"

Lin Yi was speechless, sighing at the fire.

The entire mountain range was extremely large, spanning thousands of miles. If one were to walk, it would probably take a very long time to finish walking.

However, Lin Yi guessed that the spirit Fire should be in the center of the mountain range. After all, the area around the spirit Fire formed a forbidden zone, and according to common sense, the spirit Fire should be in the center of this area.

Lin Yi released his spirit sense out of habit and found that the restriction on spirit sense was the same in this forbidden zone.

However, Lin Yi could clearly feel that his spirit sense was much stronger after breaking through to the mountain split stage. If it was before, he would only be able to extend two to three miles at most.

Lin Yi was one of the rare cases where both his body and spirit leveled up at the same time. Ever since he came back from the ancient martial world, both his body and spirit leveled up together.

Chapter 6588 Sneak Attacker

In order to avoid attention, Lin Yi didn't use anything as flashy as the ghost speed wings. After all, it would be too eye-catching if a person flew in the sky.

Of course, the speed of his Thunder escape technique was not fast enough. There were almost no obstacles in the dense forest at the third level of the Thunder escape technique. Even if he knocked into some trees, he could still pass them in a flash.

Lin Yi knew that he was late, so he didn't waste any more time and turned into a lightning bolt.

In the blink of an eye, Lin Yi had already traveled a thousand miles, and he started to slow down. The center was probably not far away.

But suddenly, Lin Yi stopped.

Firecloud flower? It actually appeared in this place. Was it because of the heaven and earth Spirit Fire?

This was a type of spiritual herb that could be used to make Mystic level three elixirs. It was very precious.

This type of pill was especially useful for fire element practitioners, and since Lin Yi found out about it, he didn't mind taking a detour to get it.

Normally, the fire cloud flower only grew near volcanic magma and was extremely rare in the forest. Moreover, the magma was not rich enough for the fire cloud flower to grow.

Therefore, firecloud flowers were very rare in the market, especially high-quality firecloud flowers, which were extremely expensive. And the one in front of him was a high-quality firecloud flower!

It seemed that this place had been affected by the heaven and earth spiritual fire for a long time, but it had not been discovered by anyone. Because of the existence of the fire cloud flower, there must be an excellent source of fire nearby. Even if it was not the heaven and earth spiritual fire, it would be the accompanying Spirit Fire Crystal.

Lin Yi landed beside the fire cloud flower, but didn't pick it immediately. Instead, he carefully observed the surroundings for any accompanying Spirit Fire crystals.

It was a pity that no matter if he observed with his eyes or used his divine sense to probe, he didn't find any traces of a fire source. This was a little strange.

Could it be that the influence of the spiritual fire of heaven and earth was so wide, or was this place actually close to where the spiritual fire of heaven and earth was located?

Lin Yi raised a brow. Since he couldn't figure it out, he'd just have to pick the fire cloud flower first!

There weren't many firecloud flowers, only three of them, but their quality was definitely high. Above the fiery red flowers, a small red Cloud formed and enveloped the three firecloud flowers.

That was how the fire cloud flower got its name, but Lin Yi didn't care too much about its value. He wrapped the three red flowers in Qi and dug them out, sending them into the Jade space.

There was a strong spiritual Qi in the space of the jade pendant, so there was no need to worry that the fire cloud flower would wither. The fire cloud flower that had already matured and bloomed did not rely too much on fire sources. Instead, it needed spiritual Qi more.

After digging the fire cloud flower out, Lin Yi suddenly felt a burning presence rising from the hole.

If he didn't pay attention, he might have missed it. Fortunately, he was standing at the edge of the small pit, so he couldn't see it with his spiritual sense or the naked eye. However, his body was sharp enough to capture the change in temperature around him.

"The source of fire for the firecloud flower is underground?"

Lin Yi was both surprised and happy-happy that he finally found something, but shocked that if the fire and the accompanying Fire Crystal were both underground like this, it would be useless no matter how fast he was!

If one did not see an obvious spiritual herb like the firecloud flower after travelling through the entire Mountain region, then one would not be able to sense the spiritual fire of heaven and earth and the accompanying spiritual fire Crystal underground.

If that was the case, then it was quite disadvantageous for Lin Yi-he'd lost half of his advantage.

With a wave of his hand, his true energy easily lifted the soil and rocks on the ground. The burning aura became more and more obvious!

He finally saw the source of the heat-it was a palm-sized red crystal!

Although there was still a thin layer of soil and stone debris, it still could not block the faint red light it emitted.

"This is the accompanying Spirit Fire Crystal?"

Lin Yi hadn't seen an accompanying life fire Crystal before, but it was most likely the one he was looking at.

In the common world, it would be treated as a priceless red gem that could heat up. However, on the Sky Class Island, a red gem was basically a worthless ornament. This life fire Crystal, on the other hand, was a priceless treasure.

Lin Yi picked up the red crystal and felt it carefully. It really did contain a terrifying fire power, even stronger than his Qi and consciousness refinement fire.

If Lin Yi wasn't a practitioner and a fire-type Alchemist, he'd probably be scalded already.

After confirming that these were the accompanying Spirit Fire crystals, Lin Yi frowned. He didn't know if the remaining Spirit Fire crystals would still be this hard to find.

However, before he could think of a solution, the Jade space's warning signal appeared-danger came from behind, but it wasn't too strong!

Lin Yi squinted his eyes. He didn't use his lightning escape and didn't even show any intention of dodging. It was as if he didn't sense the danger at all.

A greyish-green spear was like a venomous snake, silently and swiftly piercing through Lin Yi's body. However, the Ambusher immediately felt that something was wrong!

It was as if the spear had pierced through the air, passing through Lin Yi without a sound, not even stopping at all, not to mention the blood that was spattering out.

The Lin Yi that was stabbed slowly disappeared-even an idiot would know that he'd only stabbed an illusionary figure.

Three appearances of the cloud Dragon!

Lin Yi's figure appeared behind the Ambusher. The man was wearing a gray-green robe and the same mask as Lin Yi. He was obviously from the Alliance of schools, but Lin Yi didn't know which school he was from.

His spear looked pretty good, but Lin Yi didn't know much about the elites of the schools. He might've been able to pick something up if he did.

However, it was also possible that this fellow was using a spear to conceal his identity.

Of course, that didn't matter-the guy didn't even tell him before he started killing him, and Lin Yi didn't need to be polite anymore.

It didn't matter which school he was from-if he wanted to kill Lin Yi, he had to be prepared to be killed in return!

The raging fire Eight Trigram palm carried a burning aura as it slammed towards the man in the gray-green robe. It was also because he had just touched the accompanying Spirit Fire Crystal that Lin Yi subconsciously used a fire element martial skill.

In any case, it was just to deal with a cultivator in the mountain opening stage. Any martial arts technique was enough to be fatal.

The moment the spear pierced through the shadow, the Ambusher knew that something was wrong. He didn't try to find Lin Yi's real body, and without hesitation, he rushed forward, crossing the deep pit on the ground and crashing into a big tree!

From the looks of it, he seemed to want to treat the tree as Lin Yi and pierce it with his spear. That kind of momentum was quite impressive.

Lin Yi was surprised-this guy's reaction was out of his expectations!

He'd thought of all possible escape routes other than the tree, and he could change his tactics at any time, but he didn't expect this guy to do this. Was he looking for death by hitting a tree?

Chapter 6589 Wood Escape Technique

It didn't matter if the spear could pierce through the tree or not, his movement would be slowed down, and Lin Yi was enough to kill him.

Lin Yi activated his super limit butterfly micro-steps and his raging fire Bagua Palm was still on his opponent's back, closing the distance between them.

Just as it was about to hit, an unforeseen event occurred!

The greyish-green spear came into contact with the tree, and there was no resistance at all. The tip of the spear disappeared into the tree trunk as if it had entered the water. The spear body and the person behind it followed closely behind, smoothly entering the tree trunk and disappearing in an instant.

"So it's like this!"

Lin Yi blinked. He understood something the moment the palm landed on the tree.

Violent flames erupted and enveloped the entire tree. In a short period of time, the huge tree was turned into dead wood and charcoal.

"Wood escape technique? I didn't think I'd encounter an opponent who can use wood evasion here. "

Lin Yi finally understood why he didn't notice the guy's approach.

It was indeed very convenient to use the wood escape technique to travel through the dense forest. It was also silent and much more advanced than the Thunder escape technique.

Cultivators who could use the wood evasion technique were almost natural killers in the dense forest. They could launch a sneak attack at any time and place, and it was very difficult for the opponent to discover them.

Luckily, Lin Yi had the Jade space's warning system, or he wouldn't have noticed it.

Of course, with Lin Yi's current strength, even without the Jade's warning, he could still fight the enemy head-on.

"You have a good eye. You can see through my wood escape technique. Since we are all from the Alliance of Academies, hand over the accompanying life fire Crystal and I will not make things difficult for you."

The muffled voice echoed in the forest, and Lin Yi couldn't pinpoint the enemy's location.

The man's aura was also one with the trees, and Lin Yi's spirit sense was limited to begin with. He couldn't find the man's trace.

"Ha ... You speak as if you have the upper hand. The accompanying life fire Crystal is here, why don't you come out and take it!"

Lin Yi's mouth had a mocking smile as he held the red crystal in his hand.

It was hard to say who had the upper hand in the previous sneak attack and counter-sneak attack. Everyone had avoided each other's attacks, and it could barely be considered a tie.

However, the man understood that he was still slightly inferior to Lin Yi. After all, Lin Yi was ambushed when he was defenseless. The two of them had different starting points.

"Are you sure you want me to come out and get it? If I come out, I won't just be taking this accompanying life fire Crystal!"

The other party's voice was erratic, but there was an obvious mockery in his tone.

He was confident that Lin Yi would be killed if he made a move.

"Come out, I'll be waiting for you!"

Lin Yi said faintly.

As Lin Yi spoke, the accompanying life-Fire Crystal in his palm was covered in a layer of refinement fire. Lin Yi started studying the accompanying life-Fire Crystal on the spot, not taking the opponent seriously.

"How arrogant! Do you really think that you can restrain me just because you're a fire-elemental cultivator? If you have the ability, then turn this entire forest into ashes!"

The green-robed man sneered, but he was still a little nervous.

Fire subduing wood was a natural disadvantage, and it would not change because of geographical advantages.

If Lin Yi really wanted to go all out, he could just go all out and turn the entire forest into ashes.

However, this was the mountain region where the spiritual fire of heaven and earth was located. If fire attribute martial arts techniques were used on a large scale and the spiritual fire was activated, everyone in this area would probably be in trouble.

Everyone knew this, and so the green robed man was warning Lin Yi not to use such violent methods.

"Ha ... You really think I don't dare to?"

There was nothing Lin Yi didn't dare to do-it was just that he didn't need to make such a big move to deal with a weak person.

A branch shot towards him silently as Lin Yi spoke, aiming for his heart on his back! When it was about to get close, it suddenly exploded with all its power, making a sharp sound of breaking the air.

Lin Yi didn't even turn his head. He just waved his hand and a stream of fire swept over, burning the branch into nothing.

At the same time, a green-grey spear shot out from the ground like a ghost. The branch was just a feint to distract Lin Yi-this was the real killer move!

The spear came from between Lin Yi's legs-no one else could pull off such a devious move. Who did he learn it from? Li Mengmeng? (Lin Yi: who's Li Mengmeng?)

Due to the angle, Lin Yi wouldn't have noticed the spear if he didn't look down at his crotch. Plus, a spear with no pure energy fluctuations wouldn't attract his attention.

The guy thought that it was a sure shot, and Lin Yi wouldn't be able to Dodge it. He'd probably be crippled!

And he did see the spear pierce through Lin Yi's body, but it didn't happen.

Another Phantom! It was the three appearances of the cloud Dragon again!

The green-robed man, who had used the grass and trees on the ground to hide himself, had already rushed out. He wanted to go back the way he came, but it was too late. The green-robed man could not care about anything else. He raised his spear and covered his body.

He couldn't find Lin Yi's actual position at the moment, so he could only use his spear to defend first and then look for the closest plant to use wood escape.

Don't forget that this was a dense forest, and plants that met the conditions could be found everywhere. In the blink of an eye, the green-robed man could escape again.

Unfortunately, the green-robed man was facing Lin Yi. In the blink of an eye, Lin Yi could kill him seven or eight times!

The raging flames whizzed over, and by the time his spear was ready, Lin Yi's raging fire Eight Trigram palm had already invaded it and slammed into the green-robed man's body.

What was surprising was that even though it had hit a person, it was actually a tree that burned in the end!

It seemed that the green-robed man had a great advantage in this dense forest. If it were anywhere else, he would have already knelt down.

"You're quite good. "

Lin Yi smiled faintly and retracted his hand.

Wood escape and lightning escape were on the same level and were both complicated. It wasn't realistic for Lin Yi to break through it right away, and he couldn't find any flaws.

"Same to you. I didn't expect you to have some skills. Your dodging martial skill is not bad."

The green-robed man chuckled.

"Is that so?"

Lin Yi put away the accompanying crystal, his face serious.

"It's still mom, why not your dad? What a joke, what other tricks do you have? hurry up and use them, if you don 't, then obediently hand over the thing!"

The green-robed man snorted in disdain.

"I have many moves. Don't think that I only know fire-type martial arts. I'm actually very good at wood-type martial arts!"

Lin Yi's lips twitched as he activated the thousand forest transformation, creating a dense number of clones.

Chapter 6590 Specialized In Wood Escape Technique

"Eh, so many wood-elemental clones? This martial skill is not bad, I've changed my mind. If you give this martial skill to me, I can give up on your accompanying Spirit Fire Crystal, and I can also use other things to exchange for it, how about it?"

The green-robed man's eyes turned red when he saw the thousand changes of wood forest. He immediately changed his attitude.

As an expert who practiced the wood evasion technique, what martial technique was better than the thousand changes of wood forest? This was simply a super martial technique that was tailor-made for him! In comparison, the accompanying life fire Crystal was not so important.

Besides, Lin Yi didn't look like an easy person to deal with. After two failed sneak attacks, the green-robed man already had the intention of backing out. Now that the thousand changes of wood forest had appeared, he made up his mind and found a way out.

But whether or not Lin Yi was willing to give him a way out was still unknown.

"Oh? You're interested in my thousand changes of wood and forest? No problem, just exchange it with your wood evasion technique. I don't mind suffering a loss. "

Lin Yi smiled-he didn't even feel embarrassed at all for saying something so shameless.

The thousand changes of wood and forest was only a low-level martial skill in the common world. As Lin Yi's strength increased, he improved it greatly and it was a good skill now, but it was still far from the wood escape technique.

Lin Yi wouldn't be the one at a disadvantage if the trade was possible, but the green-robed man didn't know that. In his mind, the thousand changes of forest was really on par with the wood escape technique.

"This ... Can I use something else to exchange for it? The wood evasion technique is my unique secret technique, and I won't pass it on to others. "

The green-robed man was a little embarrassed. It wasn't that it wasn't worth it, but if he gave wood escape to Lin Yi, he wouldn't have any advantage at all in the future.

"Other things? If you have any good stuff, why don't you take it out and have a look?"

Lin Yi shrugged. He didn't expect to get the wood escape technique anyway. He was asking for a sky-high price anyway.

As he spoke, Lin Yi controlled the clone to attack the surrounding plants, trying to find the green robed man.

"Are you trying to show how precious this martial skill is? But it's really amazing!"

Lin Yi's clone's strength had barely reached the threshold of a normal mountain split-it was indeed shocking.

With this move, it was as if he had an entire Army of cultivators with him! The green-robed man's heart was itching even more.

"How is it? Do you see how powerful this move is? Wouldn't I be at a disadvantage if you used a mere wood evasion technique to exchange for such a peerless martial skill?"

Lin Yi continued to Bluff-it'd be a pleasant surprise if he really did get the wood escape technique.

In fact, only Lin Yi could have the power and scale of the thousand changes of wood and forest. Even if he gave it to the green-robed man, it was already impressive that he could create dozens of clones. In terms of strength, he would be much weaker.

Lin Yi was a unique existence, and his true strength determined the strength of these clones. Even if it was only one-tenth of the original's strength, it was still very powerful.

"What you said makes sense, but I still need to think about it carefully. Is your move really that powerful ..."

The green-robed man seemed to be moved, and his green-gray spear appeared again, stabbing at Lin Yi's body.

Lin Yi didn't hide his presence, so he stood out among the clones.

The green robed man found Lin Yi easily and launched another sneak attack.

He had wanted to stop earlier, but he didn't want to use the wood escape technique to exchange for it. Thus, he decided to try one last time. If he failed again, he would simply use the wood escape technique.

"You really don't want to give up!"

Lin Yi seemed to have anticipated this third attack.

This time, Lin Yi didn't need the [three appearances of cloud and Dragon]. He only took half a step to the side and casually threw out a punch, and the violent fire-type Qi exploded!

Wild flame thousand explosive fist!

The result of a head-on confrontation was that the fist had actually won the spear. The grayish-green spear was shrouded in violent flames, which spread rapidly on the body of the spear. Once it wrapped around the arm of the green-robed man, it would not be easy for him to escape with the wood escape technique.

The man in green was decisive as well. He sent the spear, wrapped in flames, towards Lin Yi while he retreated quickly and disappeared into a tree trunk.

This time, Lin Yi had the chance to stop him, but he didn't do it because there was no need to!

Lin Yi took out a small flag, and an invisible wave spread out.

As soon as the man in green entered the tree, he inexplicably fell out of the trunk of another big tree. Although he didn't know what had happened, he didn't have time to think and rushed to the trunk of the big tree again.

In the end, he crashed into the tree trunk. Nothing happened except for countless fallen leaves.

"What's going on? My wood escape technique actually failed?"

The green-robed man's brain couldn't wrap itself around it for a moment.

Lin Yi didn't wait for the green-robed man to figure it out. The ten clones swarmed up and attacked him.

The green-robed man was instantly stunned by the rain-like punches and kicks. These were all attacks that were close to the beginning of a mountain!

Although he wasn't killed by such a concentrated attack in an instant, it was enough to make him suffer.

Lin Yi, on the other hand, was smiling as he played with the flag in his hand.

The space sealing no-escape flag!

It was originally Yu Ziqing's bodyguard's stuff, and now it was in Lin Yi's hands.

He had never been able to use it before because there were too few people who knew escape techniques. Therefore, after obtaining the space sealing no escape flag, the green-robed man became the first test subject!

Any movement technique would be rendered useless within the range of the flag, including Lin Yi's lightning movement technique.

"Stop! I surrender! I'll give you the wood escape technique!"

The green-robed man begged for mercy as he was surrounded. He had destroyed many of Lin Yi's clones, but there were more coming.

How could they fight this? Just looking at it was enough to make people despair, especially in the situation where the wood escape technique failed!

The green-robed man lost his greatest support in an instant, and he panicked. Therefore, he simply admitted defeat.

"I'm sorry. I really wanted to trade with you just now, but you used a sneak attack to repay my sincerity. Don't blame me for being impolite!"

Lin Yi smiled faintly, not planning on stopping.

Sneak attack, and three times!

Every time, he was so ruthless and wanted to kill with one blow.

Lin Yi wasn't a Saint, so he wouldn't let the green-robed man go easily.

"Stop, we are all from the Alliance of schools. Let's talk this out. There's no need to do this!"

The green-robed man panicked when he heard the killing intent in Lin Yi's calm tone.

The failure of his wood escape technique should be related to the flag in Lin Yi's hand. He didn't know what it was, but Lin Yi didn't use it from the start, so he was obviously playing with it.
