

Bodyguard 6611

Chapter 6611 The People From The Array Sect

"It seems that he doesn't have any ill intentions."

Lin Yi didn't stop walking, but he kept his spiritual sense on Wang chaozhi. He let out a breath of relief when he saw that the man didn't follow him.

"Who said he didn't have any ill intentions? I think he's trying to use you as a shield to attract the attention of the heavenly spell formation sect so that he can take the opportunity to escape. "

The demonic thing belonged to the category of being delusional and liked to think badly of people.

"If he goes out now, he might become our shield instead!"

Lin Yi smiled and continued to move forward without a care. After a while, he finally rushed out of the forest.

Wang chaozhi was nowhere to be seen. It was unknown if he had already left the heavenly spell formation sect or if he was still in the formation.

"How dare you destroy the heavenly spell formation sect's spell formation! Surrender now!"

Suddenly, three men in the same blue robes charged at Lin Yi, the leader pointing at him and yelling.

"I knew Wang chaozhi was using you as a shield."

At this moment, the ghostly thing could actually still make sarcastic remarks at the side calmly.

Lin Yi didn't bother with the ghostly thing-the three blue-robed men weren't weak at all, each of them at peak late mountain-opening stage.

If it was a one on one fight, it wouldn't be a threat to Lin Yi at all. However, the three of them were standing in an extremely advanced formation.

The heavenly spell formation sect had indeed used the Dao of formations to the extreme!

Three peak late-stage mountain split cultivators-after forming this seemingly simple battle formation, the power they could unleash was at least a whole level higher. This was a bit of a problem for Lin Yi.

It was equivalent to the peak of the late stage of earth creation!

It wasn't that Lin Yi couldn't deal with them, but it wouldn't be easy to win either.

The most important thing now was to leave the heavenly spell formation sect as soon as possible. If they were held back, it would be difficult to escape when the experts came to support them.

Lin Yi made up his mind. The power of Thunder exploded from his body and he activated his Thunder escape technique.

Lin Yi broke through from the side and dodged the three blue-robed men.

"You still want to run? Now that you've arrived at the heavenly spell formation sect, you'll have to obediently stay here!"

The leading blue-robed man laughed coldly and raised an array flag. The surrounding space trembled slightly, interrupting Lin Yi's lightning escape technique.

"No-escape array?!"

His lightning escape technique was interrupted, and Lin Yi stumbled. He stabilized his body and his face turned ugly.

His greatest trump cards were the lightning movement technique and the ghost speed wings. Now that he was trapped in the heavenly spell formation sect's no-escape spell, he was in big trouble!

He didn't know if this formation still had the ability to lock space, but it was likely that it wouldn't miss. If Lin Yi wanted to leave, he had to kill these three.

"Hehe, I didn't expect you to know the lightning escape technique. Unfortunately, even if you know all the escape techniques, you can forget about escaping from the heavenly spell formation sect's territory!"

The three blue-robed men quickly came to Lin Yi's side. The man who spoke earlier had a cold smile on his face as he looked at Lin Yi mockingly.

"Ha ... You talk too much!"

Lin Yi's lips twitched, a little disdainful.

The wonders of the world of mortals were so exquisite that even the smallest of expressions could be seen. The blue-robed man's eyes turned even colder when he saw Lin Yi's expression.

Since they couldn't get along, neither side was interested in talking nonsense. They were ready to fight.

Lin Yi wanted to leave this place as soon as possible, but the blue-robed man thought that he had Lin Yi in the palm of his hand.

From the blue-robed man's perspective, Lin Yi's strength was much weaker than any of them. The three of them working together was like using a sledgehammer to crack a nut-it was as easy as blowing off dust.

"The Justice of heaven is long!"

The leading blue-robed man shouted loudly, and the three people's battle formation immediately emitted a violent Zhen Qi fluctuation. A net-like Zhen Qi that was hard to be seen by the naked eye instantly covered the area where the four people were.

To be honest, Lin Yi really did take the move seriously. It looked weird, but it was obviously just a restriction and support move.

The icy blaze reappeared on Lin Yi's body, and the wild fire Bagua Palm burst out. Under the cover of the blue flames, the power of the wild fire Bagua Palm increased dramatically.

It was obviously covered in frost and the cold air was threatening, but it contained an overbearing temperature that could burn everything!

"This is the spiritual fire of heaven and earth! Everyone, be careful!"

The blue-robed man's expression suddenly changed as he warned in a deep voice. At the same time, he quickly contracted the net of genuine Qi.

As long as he could control Lin Yi, the heaven and earth Spirit Fire would be nothing to be afraid of!

With a loud bang, the genuine Qi of the wild fire Eight Trigrams palm spread out. Both sides took a step back. No one had the upper hand.

The net-like genuine Qi was torn apart by the impact of the wild fire Eight Trigrams palm, and it no longer posed any threat.

Similarly, after the wild fire Eight Trigram palm broke through the net of Zhen Qi, it also reached the end of its strength and dissipated. The first battle between the two sides could be considered a draw.

"I didn't expect you to be so powerful. I've underestimated you!"

The leader of the blue-robed men smiled sinisterly, staring at Lin Yi like a pack of wolves staring at their prey.

"So much nonsense, if you want to fight, then fight!"

Lin Yi hmped impatiently. He had to act different with the mask on.

To be honest, Lin Yi was a little surprised at the strength of these three. It looked like they were on par, but in fact, Lin Yi felt that he was at a disadvantage.

This time, the wild flame Eight Trigram palm was supported by the icy flame and the unexpected attack, but in the end, they were only on par, so it could not be considered a draw.

"You're quite stubborn. Do you think that you have enough confidence to fight us just because you have the heaven and earth spiritual fire? What a joke!"

The blue-robed man laughed. He was already thinking about how to capture Lin Yi alive for research.

He had the Thunder escape technique, the heaven and earth spiritual fire, and could even fight above his level. Such a person must be hiding a great secret.

As long as they could obtain this secret, the strength of the three of them would definitely increase greatly.

So, in order to get Lin Yi's Secret and avoid the sect's interference, the blue-robed leader felt that it was best to get rid of Lin Yi as soon as possible.

"Idiot, we'll only know who's the joke after we fight!"

Lin Yi cursed on purpose as he activated his extreme butterfly steps, appearing beside the three like a ghost.

Several lightning arcs appeared out of thin air and attacked the three of them. At the same time, they tried to cut off the connection between them and the battle formation.

Lin Yi and the damn thing were both experts in formations, and while the formation was exquisite, it wasn't enough to trouble them.

As long as he could find an opportunity to split the connection between the three of them, it would be much easier to deal with any of the blue-robed men.

Although the No escape formation could stop the lightning escape technique, it didn't affect the lightning attribute martial skills. The blue-robed trio was caught off guard and were hit directly. The lightning was charred on the outside and tender on the inside.

Chapter 6612 The Sect's Old Monsters

"Not good!"

The blue-robed leader was shocked. He instantly realized that he had lost contact with the battle formation of his two companions.

However, his body was numb from the lightning and couldn't move.

In a fight between Masters, even the slightest opening would be caught by the enemy, so how could Lin Yi miss this opportunity?

"Stop! We are from the heavenly spell formation sect. If you dare to touch us, we will not rest until we are dead!"

The other blue-robed man managed to shout out, but Lin Yi wasn't moved at all!

The blue flame landed lightly on the three blue-robed men, and frost began to cover them, burning their bodies that had yet to recover from the numbness.

"I'm sorry, I don't want to kill you. Unfortunately, if you don't die, I'll die,"

Lin Yi sighed and took the storage bags from the three.

The blue-robed leader didn't hide his greed and desire for Lin Yi at all, so Lin Yi didn't feel any guilt killing them.

Even if Lin Yi was usually a kind person, he had to be a little cold at this moment.

"Senior ghost, where are the array flags to activate the No-escape array?"

Lin Yi didn't wait for the three to die and started looking for the formation flags the blue-robed man threw out.

If he wanted to run fast, he would have to use the lightning evasion technique or the transfer talisman. In that case, he would have to break the no-fly escape formation.

"Of course I found him. You're probably the only one who can't find him after watching him fight his way out, right?"

The ghastly thing mocked.

"Alright, you're right. I'm speechless ..."

Lin Yi wasn't in the mood to argue with the thing.

Following the ghostly thing's instructions, Lin Yi successfully took out the formation flag, but at that moment, a strong pressure descended from the sky.

"You have guts! How dare you destroy our heavenly spell formation sect's spell formation and kill three of our sect's disciples? I'd like to see what you can rely on!"

An old voice rumbled in the air, almost causing Lin Yi to vomit blood.

Not only that, Lin Yi's qi and blood were in chaos under the pressure and sound waves. His Qi couldn't flow smoothly-he couldn't even spread his ghost speed wings, let alone use lightning escape.

"Quickly use the teleportation talisman. This old thing is extremely powerful. He is at least at the consummate level of the sea rending realm. You are definitely not his match!"

The ghostly thing immediately became anxious.

If Lin Yi was taken down by this old man, he'd be crippled if not dead. It'd be impossible for him to leave this place.

His only chance now was to use the teleportation talisman to escape while the No-escape array was shut down. Then, he could use the lightning escape technique or the wood escape technique to escape!

"I can't move!"

Lin Yi's spirit was talking to the ghostly thing, but his body spat out a mouthful of blood. He couldn't be more shocked.

It wasn't as if Lin Yi had never seen a sea Rift realm master before. He'd fought one when he was still a xuansheng, and even used all sorts of methods to kill one.

Because of this, Lin Yi didn't really think much of sea-shattering cultivators. He even felt that after he broke through to the mountain opening stage, even if he couldn't defeat a sea-shattering cultivator, he could at least protect himself and run away.

He didn't expect that he wouldn't even have the ability to resist under the other party's pressure, let alone protect himself. This was truly a feeling of extreme despair.

Now that she thought about it, it was no wonder that the Vermilion Bird didn't even care about Lin Yi.

In the Vermillion bird's eyes, Lin Yi was an ant that she could crush with a single thought.

In the Jade space, the damn thing was panicking. If Lin Yi couldn't move, he couldn't activate the teleportation talisman-the situation was at its most critical moment!

The sect's sea split realm expert was able to suppress Lin Yi to this extent when he was far away. If he were to descend, Lin Yi would lose the chance to escape forever.

"Use the flying saucer!"

Han Jingjing's flying saucer seemed to be the only thing that could be activated without moving.

If the ice flame nether Lotus fire was willing to help, it might be able to alleviate Lin Yi's danger. However, the sea-splitting old monster's strength was unfathomable. Perhaps the ice flame nether Lotus

fire would be subdued as soon as it appeared. After all, it was only a yellow level heaven and earth Spirit Fire.

Lin Yi nodded and released the flying saucer. It instantly enlarged and blocked Lin Yi's path. The bottom hatch opened, ready to pull Lin Yi in.

The sea-splitting old monster's pressure was lifted, and Lin Yi regained his ability to move.

"It's effective!"

Lin Yi was overjoyed. He immediately took out a teleportation talisman and activated it.

Lin Yi never expected the flying saucer to escape the heavenly array sect. The sect was full of formations that prevented flying, and the old monster with the great circle of sea-splitting realm alone could stop the flying saucer before it accelerated.

Therefore, the safest way was still to use the teleportation talisman!

Lin Yi was about to recall the flying saucer as soon as he activated the talisman, but a terrifying attack came from the sky and shattered the flying saucer.

"To hell with it!"

Lin Yi couldn't help but curse. His heart was bleeding. This was the first flying saucer that Han Jingjing had made with so much effort, and it was smashed by this old idiot!

Countless fragments scattered in all directions, but Lin Yi didn't care about the pain. The flying saucer took the hit for him, after all. If the attack landed, Lin Yi would've suffered a fatal injury even if the teleportation talisman was activated.

"That was close. Fortunately, you've enhanced the flying saucer. Otherwise, it wouldn't have been able to withstand this attack."

The ghostly thing couldn't help but wipe away its non-existent cold sweat, feeling a lingering fear in its heart.

Lin Yi didn't know how far the teleportation talismans could go, and he wasn't sure if he could leave the heavenly formation sect's territory in one go. He didn't dare to waste any time and activated everything he had, whether it was his own or his spoils of war.

Lin Yi didn't open his ghost-speed wings until he used up all the teleportation talismans in his hand. His head was dizzy, and he continued to fly at a low altitude.

Damn it, even though Lin Yi was trying his best to run, the Jade space still had a warning from time to time. It was clear that the heavenly array sect's pursuit of Lin Yi had not stopped.

"Try to change your route as much as possible. Don't go in a straight line anymore."

The ghastly thing said in a deep voice.

In order to get as far away as possible, Lin Yi had always activated the teleportation talismans in one direction-this would increase the distance, but it would also make it easier for the enemy to track him.

"Senior ghost, how did they determine my location? Could it be that there's something wrong with me?"

Lin Yi, on the other hand, calmed down. The old monster wouldn't have had the chance to place a tracking mark on him-could it be that he had some sort of aura from killing the three blue-robed men?

The demonic thing pondered for a moment, and then the two of them said at the same time, ""A bag of holding!"

Chapter 6613 Bluestone Town

After killing the three blue robed men, Lin Yi took their storage bags, but he didn't put them into the Jade space. He just kept them on him.

"These three storage bags are of the same style and have the same insignia. They were obviously distributed by the heavenly spell formation sect, so it's normal for them to be used to track people."

Lin Yi took out the three storage bags and confirmed.

At that time, he had only casually obtained the spoils of war. He did not expect the heavenly spell formation sect to track him down based on this. Fortunately, he had woken up in time.

Lin Yi quickly transferred the items into the Jade space and ignited the icy blaze, burning the three bags to ashes.

"There seems to be a town in the distance. I'll go and find out what this place is first. Remember to change your appearance!"

The ghostly thing noticed a town not too far away when Lin Yi stopped for a short while.

Lin Yi nodded and retracted his ghost speed wings, switching to wood escape.

Although the speed was much slower, it would not leave any traces, not even a smell.

In order to prevent the heavenly array sect from tracking him, Lin Yi put in a lot of effort. After all, this was a force even stronger than the Alliance of Academies. He couldn't be too careful.

An hour later, Lin Yi popped his head out from a tree.

The town the ghost was talking about wasn't far away. He scanned the surroundings with his spirit sense and found nothing unusual. Lin Yi landed on the ground lightly and walked slowly towards the town with the appearance of a normal middle-aged scholar.

The Jade space's warning did not appear again. Clearly, the burning of the three storage bags had interrupted the heavenly spell formation sect's tracking.

But Lin Yi didn't think that this was over just like that. A sect's power wasn't to be underestimated, and the investigation would take a long time. Even this small town would probably be investigated by the heavenly array sect soon, so Lin Yi couldn't stay for too long.

"There aren't many cultivators in this town, and their strength isn't high either. The most powerful one is only in the early nascent Soul Stage. It seems like this is indeed a small place. I just don't know if it's still within the heavenly spell formation sect's sphere of influence."

Lin Yi suppressed his strength to the peak of the advanced stage of nascent soul-he was a little stronger than anyone in the town.

In this way, no one would look for trouble with him. However, as a nascent Soul Stage cultivator, he would not be conspicuous and would not attract the attention of the heavenly spell formation sect.

One had to know that the three that Lin Yi killed were all peak late-stage mountain split cultivators. They were all peak-stage nascent soul advanced stage cultivators, and there was no way they could be suspects.

The demonic thing was provoked by the heavenly array sect and went back to studying the space Array flags, ignoring Lin Yi completely. The three blue-robed men's things had already been checked by the demonic thing, and there was no array path inheritance left, only some common stuff.

"Bluestone town? I've never heard of it. "

Lin Yi stood at the gate and looked at the words on the wall before walking in.

Bluestone town was indeed a small town with a radius of less than ten miles and a population of only a few thousand. It could be said to be a larger village.

Plus, over 90% of the people in bluestone town were normal people with no strength. Of course, the normal people here were all people who hadn't even reached the Foundation Stage yet. Their physical strength alone was enough to compete with a Sky Class master in the secular world.

Lin Yi walked on the stone-paved street unhurriedly. Because he intentionally let out his original infant Qi, the pedestrians all avoided him with respectful expressions, allowing Lin Yi to walk through.

This was what Lin Yi did on purpose-the people who were running away wouldn't attract any attention, so he did the exact opposite. The heavenly array sect wouldn't suspect Lin Yi at all if they followed him here.

Unless they had other methods to confirm that Lin Yi was the one who escaped from the heavenly formation sect!

"Senior, welcome to bluestone town. I'm the captain of the guards, Lin Mingfeng. These are two members of our guards."

Not long after, a strong man came up to Lin Yi with two practitioners. He cupped his fists and bowed in a friendly manner, introducing himself.

"Captain Lin Mingfeng, is there something you need to stop me for?"

Lin Yi nodded slightly, a faint pride on his face as he scanned the three.

His behavior was completely different from his usual self. Even if they were acquaintances, they probably wouldn't recognize him.

Lin Mingfeng was a perfected golden core cultivator and was one of the few Masters in Qingshi town. Unfortunately, in the mystic Sea, this level of cultivation was extremely weak. If he was not a local, he would not be able to stay in the mystic Sea.

The other two were both early golden core, not even worth mentioning. Lin Yi's strength was enough to kill three of them in seconds, so he had the right to be proud.

"It's fine, it's fine. Since senior has come to our bluestone town, this one naturally has to come and greet you. This one will do my part as a host. If there's anything, it'll be more convenient for me to help you. "

Lin Mingfeng smiled and waved his hand. His attitude was neither humble nor arrogant. Although he called Lin Yi senior, he didn't call himself junior. It was obvious that he was not humble.

But thinking about it, although bluestone town was a small place, since it was located in the mystic division sea, how could it not have any powerful cultivators?

Those who stayed here would not be able to further their studies in the Academy, so who could say for sure how strong the backing behind bluestone town was?

Lin Yi was only at the peak of the advanced stage of the nascent Soul Stage, so he wasn't strong enough to scare Lin Mingfeng and the others. They'd probably seen a lot of mountain opening and earth splitting stage cultivators before, so the nascent Soul Stage was nothing.

Of course, Lin Mingfeng wouldn't go and offend Lin Yi. After all, no one in bluestone town could beat him.

A backer was just a backer-if Lin Yi got angry, the people of Qingshi town would die, and the backer wouldn't be able to come to their rescue. The revenge afterward wouldn't have anything to do with the dead.

"Then I'll have to trouble you, Captain Lin."

Lin Yi looked at Lin Mingfeng indifferently, still maintaining his high and mighty attitude as he walked forward.

Lin Mingfeng bowed slightly and let Lin Yi walk past him. He smiled and replied, ""It's my pleasure. I haven't asked for senior's name yet. Why have you come to our green stone Town? Is there anything this one can help with?"

"I'm Lin er. I'm just passing by bluestone town. You don't have to worry about anything. "

Lin Yi didn't even turn his head as he spoke indifferently, as if he didn't really want to talk to Lin Mingfeng.

"No, how can I be worried? Senior Lin is from my family, and it is our honor to be able to come to bluestone town!"

Lin Mingfeng's expression was much more relaxed. Since he was just passing by, it would not affect him much.

"Captain Lin, has anything happened in bluestone town recently?"

Lin Yi suddenly stopped in his tracks. Lin Mingfeng's behavior was a little too much. Normally, a Guard Captain like him didn't need to personally come and deal with a nascent soul cultivator passing by Qingshi town.

Chapter 6614 Can't Leave

Lin Mingfeng couldn't just greet every cultivator above the nascent Soul Stage. If that happened, he wouldn't have to be the captain of the guards anymore. He could just be the captain of the diplomatic team!

So Lin Yi thought that something must have happened in Qingshi town!

Lin Mingfeng was slightly stunned, and his face suddenly looked a little unnatural. Then, he forced a smile and waved his hand, "No, our bluestone town is a small place. What could happen? why does senior Lin ask this? "

"I'm just asking."

Lin Yi smiled faintly, not asking further.

After all, it had nothing to do with him, and he'd be screwed if he exposed his identity if he asked too much. So, Lin Yi walked on his own.

"Is there anything else senior Lin needs my help with? If there's anything I can do for you, please don't hesitate to ask, senior Lin. "

Lin Mingfeng returned to his original appearance and walked half a step behind Lin Yi.

"There's really something. I was exploring the mountains and lost my way, which is why I came to your bluestone town. However, I've never heard of bluestone town before, so I don't know where I am now. Do you have a location map for sale?"

Lin Yi asked, pretending to be relaxed.

"A map? Of course we do, but our map is relatively simple. I don't know if senior will be able to use it. "

Lin Mingfeng did not doubt it. This kind of thing had happened before. Cultivators who lost their maps would occasionally come to Qingshi town.

Lin Mingfeng took out a formation talisman from his storage bag and handed it to Lin Yi.

"Senior Lin, this is my positioning talisman. It's not anything good, so I'll give it to you to use."

Lin Mingfeng had a smile on his face and seemed very generous, but Lin Yi felt that this guy couldn't wait for him to get the formation talisman and leave.

How could they not welcome foreign cultivators? It seemed a little strange.

"Then I won't be polite."

Lin Yi suppressed the confusion in his heart and took the formation talisman.

He'd never used a positioning talisman before, but it shouldn't be any different from other talismans.

Lin Yi injected some pure Qi into it, and it activated the formation.

The talisman glowed softly, and a map appeared in front of Lin Yi. There was a dot of light in the middle of the map, which should be his current location.

Next to the dot of light was a sign that it was a resplendent bluestone town!

A little further away, about a thousand miles away from bluestone town, there was a slightly larger town. The number of towns increased, forming a relatively prosperous Mountain region.

Lin Yi saw the words "peerless school" beside the mountain, and there weren't any other big towns or cities after that, only a few small villages.

The area further away was empty. It was obvious that the area covered by the positioning talisman was only so large.

In fact, the heavenly spell formation sect should also be in this talisman, but it was not marked. Perhaps it was because the sect was too mysterious and its location was not allowed to be leaked, or perhaps the people of these small towns did not know of the existence of the heavenly spell formation sect.

It seemed that the heavenly spell formation sect was working with the unparalleled Academy, and the two-faced little girl, Wang shiqing, was in the unparalleled Academy. Wang chaozhi might really be from the talisman family, the same clan as the two-faced little girl.

The family of formations and talismans would definitely have done their research on the Dao of formations, so entering the heavenly spell formation sect to further his studies was indeed the best choice. It was a pity that Wang chaozhi did not seem to have gotten what he wanted.

Lin Yi let out a breath of relief after knowing where they were. No matter how far the distance was, he could still go back. At least his people were still in the mystic division.

It was a pity that the flying saucer had been smashed. Otherwise, it would have flown back in the blink of an eye.

"Leader Lin, thank you for your positioning talisman. It's very useful to me."

Lin Yi kept the formation talisman and nodded to Lin Mingfeng.

Lin Yi was still acting very proud, but his words of thanks still surprised Lin Mingfeng.

It was just a common formation talisman, not worth a few pieces of spiritual Jade, but Lin Mingfeng didn't care too much about it. He thought that Lin Yi was just being polite.

"I don't like to owe people favors. I'll give this pill to you as an exchange for this positioning talisman."

Lin Yi took out a Jade bottle and continued walking, not caring if Lin Mingfeng liked it or not.

The other gate of Qingshi town was just past this Stone Street, and Lin Yi decided to leave immediately before he got involved in any accidents.

"A special grade golden core!"

Lin Mingfeng subconsciously took the Jade bottle and opened it. He immediately exclaimed in shock.

This was the elixir he needed the most at the moment. Although the Golden elixir of nascent formation was not rare in the mystic Sea, it was rare to see special-grade elixir.

Lin Mingfeng did not expect that an ordinary positioning talisman could be exchanged for such a unique-grade golden core. He felt like he was dreaming.

"Senior Lin, this is too valuable!"

Lin Mingfeng quickly caught up to Lin Yi, looking a little embarrassed.

Even though he said it was not worth it, Lin Mingfeng held the Jade bottle tightly, obviously not wanting to let go.

"This pill is useless to me. It's worth it to exchange it for a positioning talisman that's useful to me. You don't have to be polite."

Lin Yi waved his hand casually. He was telling the truth-he could make a whole bunch of low-level elixirs like the Golden pill at any time.

"Then many thanks, senior. It would be impolite for junior to refuse!"

Lin Mingfeng didn't reject him anymore and cupped his fists and bowed to Lin Yi with a smile on his face. This time, he addressed himself as a junior, which was from the bottom of his heart.

"I'm going to leave bluestone town. If you have something to do, go and do it. "

With that, Lin Yi continued walking. The heavenly array sect hadn't found Qingshi town yet, but it was better to leave as soon as possible.

"I'm not in a hurry, if senior is not in a hurry, it wouldn't be too late for this junior to treat senior to a meal before leaving!"

Lin Mingfeng kept the Jade bottle and wanted to repay Lin Yi for his kindness.

"No need, I have something to do, so I won't stay here any longer."

Lin Yi didn't want to waste time and rejected Lin Mingfeng's good intentions without looking back.

But in the next moment, Lin Yi realized that he was still one step too late. The trouble of Qingshi town had finally come!

There were spatial fluctuations outside the city gates on both sides. More than a dozen cultivators had blocked the city gates with teleportation talismans.

These people were all seething with killing intent, clearly coming with ill intentions!

"It's the people of the Cheng clan! Prepare to defend!"

Lin Mingfeng's expression changed and he shouted.

The alarm suddenly sounded, and the ordinary residents of bluestone town quickly hid in the nearby houses. The town's defense array was also activated.

It was a pity that it was only a level four defense array-it was nothing in Lin Yi's eyes. It was better than nothing.

"Senior Lin, are you related to the Cheng clan?"

Lin Mingfeng suddenly looked at Lin Yi warily.

Chapter 6615 Leaving Just Like That

Lin Mingfeng was afraid that Lin Yi was a helper sent by the other side, but he quickly realized that if Lin Yi was really one of them, then they didn't need anyone else. Lin Yi could take care of the entire bluestone town by himself.

"I don't want to get involved in your business. I just want to leave."

Lin Yi frowned, feeling helpless.

The cultivators on both sides of the city gate were not very strong. Most of them were in the Golden core stage and the original infant stage. Of course, they were slightly more powerful than the ones in bluestone town.

However, other than that, the other party had two other cultivators at the mysterious Ascension stage. One of them was at the middle stage, and the other was at the peak of the late stage. Any one of them would be enough to crush the other party.

Therefore, these people were not in a hurry to attack. Instead, they watched as green stone Town got into a defensive position. A mere level four defense array was not a problem for the two xuansheng stage cultivators.

"Senior Lin, I'm sorry. I didn't mean to ..."

Lin Mingfeng cupped his hands awkwardly. At this time, it would not be good for bluestone town to offend this arrogant Lin er.

"Go do your work."

Lin Yi waved his hand impatiently. He didn't want to cause any trouble-he just wanted to leave as soon as possible. If the heavenly law formation sect found out about this small conflict, something might happen.

Lin Mingfeng did not dare to say anything more. He was indeed very busy. In the face of the enemy's invasion, the guard Captain had to coordinate the overall situation.

To be honest, Lin Yi did pity Lin Mingfeng. If he knew that he was going to face two xuansheng stage cultivators, he didn't know what his reaction would be.

Shaking his head, Lin Yi continued to walk towards the other gate. Whatever grudges the Cheng family had with Qingshi town had nothing to do with him.

Lin Yi couldn't even save himself now-he wasn't in the mood for this.

Lin Mingfeng looked at Lin Yi again as he ran. He wanted to ask Lin Yi for help. If they had such a strong practitioner as support, bluestone town could resist for a while, and as long as they could hold on for a while, the reinforcements would come.

It was a pity that Lin Yi's attitude made Lin Mingfeng keep his mouth shut, afraid of making him unhappy. But when he saw Lin Yi walking straight to the city gate, his eyes lit up.

"Duan Yao! Come out and accept your death, or bluestone town will be completely destroyed and blood will flow like a river!"

A young man shouted loudly at the city gate, his face full of pride, as if he had already taken over bluestone town.

"Chengye! Don't you go too far! We are all people from the same Mountain region, and my green stone Town and your Cheng family have never crossed each other's path. It's just a small conflict, is there a need to be so overbearing?"

A brawny man in his 30s flew out of the center of the town and replied loudly as he rushed toward the gate. He was probably Duan Yao.

Lin Yi glanced at Duan Yao indifferently. This was the strongest early-stage nascent soul cultivator in Qingshi town. Could she be the mayor?

"A little friction? You said it too easily! No matter what, you must die today. Come out and kill yourself, don't drag bluestone town into this. I don't want to kill anymore! If you don't come out, then don't blame me for being impolite!"

Cheng Ye laughed coldly and his eyes were filled with killing intent.

Cultivators constantly appeared in bluestone town, rushing to the two city gates to defend. In terms of numbers, they were more than ten times more than chengye's side, but their strength could not be compared.

One xuansheng stage expert was enough to sweep through bluestone town. If one wasn't enough, then he would have two.

"Cheng Ye, I have already reported the Cheng family's intention to attack green stone Town to the zone leader. If you dare to attack green stone Town, aren't you afraid that the Cheng family will also be uprooted? "

Soon, Duan Yao came to the top of the city wall and looked down at chengye. Although she shouted loudly, her momentum was not as good as before.

Although chengye's strength was almost on par with Duan Yao's, Duan Yao was a little scared with a master at the peak of mid-stage nascent soul realm and a person whose strength level she didn't know.

"Are you trying to scare me? Why would the domain Lord of the Mountain domain care about a small place like yours? Our Cheng clan is not under the jurisdiction of the mountain region. If you anger me, at most, you will sweep bluestone town and leave this mountain range immediately."

Cheng Ye's words were tough, but he was actually a little afraid of the mountain region's domain lord.

If the mountain region really wanted to pursue this matter, the Cheng clan might not be able to retreat in one piece.

"Then try it. But don't say I didn't warn you. I've already informed the zone leader. The reinforcements might be here soon. You'd better leave quickly, or you'll be caught by the reinforcements. Hmph."

Duan Yao also saw chengye's fear, but he was still a little guilty, so he didn't dare to be too harsh.

Lin Yi shook his head. Duan Yao was an inexperienced brawny man. If there were reinforcements, she wouldn't have said it now. She would've been stalling for time with chengye!

Now that he had made things clear, there might be a chance to intimidate the opponent, but it was more likely to force Cheng Ye to go all out and end the battle quickly!

What chengye brought was a crushing force. Now, there was an 80% chance that he would launch an attack immediately to prevent reinforcements from arriving in time.

"I'm sorry, make way, I want to leave the city!"

Lin Yi's speed was fast, and he was already at the gate while Duan Yao and Cheng Ye were still bickering. He waved at the guards with a calm expression.

"Senior Lin, it's not a good time to leave the city now. You'd better wait for the matter to be resolved before you go out. If you go out now, you'll only be in trouble with the people of the Cheng clan."

The one who spoke was one of Lin Mingfeng's team members, and he knew Lin Yi.

"I'm just an unrelated person. They're looking for your Mayor, it has nothing to do with me."

Lin Yi waved his hand indifferently.

"Senior Lin, as you can see, it's not convenient to open the city gate now ..."

The team member looked a little embarrassed.

If Lin Mingfeng was here, he wouldn't say that. He was clearly offending Lin Yi!

With Lin Yi's strength, he didn't even need chengye and the others to do anything and he could turn green stone Town upside down. Rather than that, it was better to let Lin Yi out-there might be unexpected surprises.

"Alright, then we won't open the city gates."

Lin Yi nodded and didn't force it. He jumped lightly onto the wall.

Since the city gate didn't allow him to go in, he'd just climb over the wall. It was just a level four defense array, after all, and Lin Yi didn't care at all. He could go in and out without triggering the defense array.

"Who are you? "

Duan Yao was shocked.

Could it be that chengye had already arranged for an undercover agent? Duan Yao was on her guard. Even though she knew that she might not be Lin Yi's match, she still put up a defensive posture.

"I'm just passing by. Don't worry about me, continue. "

Lin Yi's expression didn't change. He looked at Duan Yao indifferently and jumped off the wall.

The city walls of bluestone town were actually just decorations. They were usually used to defend against some wild beasts in the mountains. Once the defense array was raised, they became even more useless.

Chapter 6616 Old Acquaintance Arrives

But Lin Yi's action still stunned everyone.

The town's defensive array was right outside the walls, and Lin Yi was able to get through it without any problems? Even though the defensive array was not meant for the inside, it was not that easy to pass through!

Could it be that they had encountered a fake defense array?

"Who are you? You are now forbidden from entering or leaving bluestone town!"

Cheng Ye was stunned for a moment and subconsciously shouted.

Lin Yi looked at chengye, confused. Was this guy okay? They already said that reinforcements were coming, so why were they still dawdling here?

If he didn't hurry to attack bluestone town, what was the point of talking nonsense with a passerby like him?

"I'm just passing by. Your business has nothing to do with me,"

Lin Yi explained patiently, not wanting to get involved.

With that, Lin Yi was ready to walk around chengye and the others and leave.

"What a coincidence! He's passing by at this time. Catch him!"

Chengye saw Lin Yi's face and was a little pissed. He didn't think straight and ordered for Lin Yi to be captured.

The xuansheng stage expert frowned slightly, but he didn't think much about it. He was only at the Yuanying stage, so it didn't matter if he was caught.

Xuansheng didn't even bother to use his martial arts-he just sent out a stream of pure Qi. Lin Yi was nothing to him.

Lin Yi frowned, holding back the urge to slap this idiot to death. He dodged the attack with butterfly steps.

"Eh, your footwork is not bad. You actually dodged my attack."

Xuansheng was a little surprised-Lin Yi's performance was out of his expectations, but he didn't mind. He thought that Lin Yi did it with his footwork.

"I'm just a passerby. I hope you won't find trouble with me, or you'll be in trouble. "

Lin Yi glanced at chengye and the Xuan Sheng, killing intent already building up in his heart.

If these people didn't know what's good for them and continued to pester him, Lin Yi wouldn't hold back. He'd end this before the heavenly array sect found him.

With Lin Yi's strength, he wouldn't be afraid of these people even if he was in the original infant stage. Now that he was in the mountain opening stage, he could destroy these people with a snap of his fingers.

"You're quite brave. Who gave you the courage to talk to me like that? Do you think you're invincible just because you have good footwork? "

He felt a little embarrassed as a xuansheng stage expert. He couldn't even take down a trash who was a whole level lower than him in one move. If word got out, he would lose face!

So the xuansheng master prepared to use his skills without a second word. At the same time, Lin Yi secretly circulated his pure Qi, ready to attack.

Once Lin Yi made his move, he was going to kill everyone here, in case the heavenly spell formation sect found any clues.

At this critical moment, another spatial fluctuation came from the city gate. Lin Yi's heart skipped a beat, and he quickly dispersed his Qi and took a few steps back, afraid that the people from the heavenly formation sect would come after him.

The xuansheng master took a few steps back as well, but his eyes were still staring at Lin Yi, as if he was regretting that Lin Yi didn't get to live.

What he didn't know was that if someone hadn't come over, he would have been dead by now.

Lin Yi couldn't be bothered with a small fry like him and looked warily at the area where the energy was coming from. Why were there so many teleportation talismans in this area? how extravagant was this?

Teleportation talismans were rare in the yellow-class Sea area of the East continent, and it was obvious how precious they were. However, in the mystic-class Sea area, they were used as a tool to speed up the journey. Lin Yi was speechless.

He'd used the talismans as a life-saving item before, and it was only thanks to them that he'd been able to escape from the heavenly array sect.

Three figures appeared not far away at the same time. One of them was shorter and looked particularly familiar.

Wang shiqing?

It was actually this little girl!

However, this was within the sphere of influence of the peerless Academy, so her appearance was reasonable. She just didn't expect that she would be involved in bluestone town.

It was no wonder that these people didn't take the teleportation talismans seriously. With Wang shiqing here, they really didn't need these talismans!

Lin Yi was a little surprised, and his eyes flickered a little. He quickly collected himself and pretended not to know Wang shiqing.

As expected, bluestone town was not a good place. Since the people from the peerless Academy were here, the heavenly spell formation sect would not be far away.

Lin Yi was even more determined to find a chance to leave this place.

Wang shiqing turned to Lin Yi as soon as she appeared, as if she felt the change in Lin Yi's eyes.

However, under the disguise of red dust manifestation, not only did Lin Yi's face change, but his body and aura also changed.

However, this Black-bellied little loli's senses were really sharp! Lin Yi caught the flash of suspicion in her innocent eyes, and praised her silently.

In terms of scheming and sharp senses, no woman he knew could be compared to Wang shiqing.

"Uncle, have we met somewhere before?"

Wang shiqing didn't see through Lin Yi's disguise, but she was still confused.

She walked over and raised her head with a cute smile.

"I don't think so. You're so cute. If I've seen you before, I'll definitely remember you."

Lin Yi's lips twitched as he put on a kind uncle-like smile before cupping his fists in fear. "Aiya, I'm sorry, I'm sorry. Lin er greets senior."

"Lin er? "

Wang shiqing's delicate eyebrows twitched slightly. This name made her think of something, but no matter how she looked at the middle-aged man in front of her, he didn't have the temperament of that person at all.

As expected, he was thinking too much. Lin Yi and Lin er were just a coincidence?

Wang shiqing's right index finger tapped her chin a few times, frowning in deep thought. The two people who came with her also walked over with hatred.

One of them glanced at Lin Yi with disdain before smiling and whispering to Wang shiqing, " " Junior Sister, we're here to complete a mission. Don't bother with those who have nothing to do with us. After we're done here, we still have to hurry up and complete the mission. "

Lin Yi pretended to be careful as he greeted the two with a smile. He realized that the two young men with Wang shiqing looked very similar!

Needless to say, even if these two were not twins, they must be Blood Brothers. Their strength was also quite extraordinary, both of them were at the great circle of black Ascension.

The strength of these two people seemed to be even stronger than yang Dian, and they could also make further progress at any time.

The students from the top school, peerless school, were indeed not easy to deal with. Any one of the two brothers could defeat everyone in the Cheng family.

"Second senior Brother Yun, how do you think we should handle the situation in bluestone town? I'm still young and don't know much. Why don't you guys handle this?"

Wang shiqing looked at the young man with a sweet smile, as if she didn't know anything.

Lin Yi couldn't help but curl his lips. Why was this two-faced girl acting innocent again?

Chapter 6617 Have We Met Before?

However, Yun 'er seemed to fall for this trick. He reckoned that the Black-bellied little loli would still happily help him count the money in the future!

"Of course, for such small matters, senior brother will naturally take care of it, Junior Sister need not worry! Right, is there a problem with this guy? If you think there's a problem, we'll deal with it as well!"

Yun 'er pointed at Lin Yi and asked with a wide smile.

Lin Yi's face darkened-what was this idiot doing trying to please a two-faced little girl? Are you looking for trouble?

"Yun Hu N, you go and deal with the people of the Cheng clan. I'll settle the things here."

The other young man, who had not spoken a word, waved his hand and motioned for second senior Brother Yun to go back to work.

Lin Yi felt a bit dizzy after hearing the name-he didn't know what the other one was called, was it dizzying?

"Yun moxiang, you can also go and deal with the people of the Cheng family Village. Why do you have to make me go? Don't think that just because you came out a little earlier than me, you can put on the airs of a boss and command me!"

Yun Hu N immediately retorted, as if she was quite unconvinced of her elder brother.

Lin Yi looked at Yun mochen. The name was normal, but the style was the same. They were brothers, nothing wrong with that!

" Eldest senior Brother Yun, second senior Brother Yun, don't quarrel. Let's go together. This uncle doesn't seem to be from the Cheng family. I'll have a chat with him, and you two can finish the battle quickly. Don't delay the time for the next task. "

Wang shiqing reached out her hands and tugged at the two brothers "sleeves at the same time. The cute expression on her face didn't allow the two brothers to refuse.

" Alright, don't worry, Junior Sister. We'll deal with the people of the Cheng clan immediately. "

Yun moxiang immediately smiled and nodded. She then glared at Yun Yunyun, turned around, and walked towards the Cheng family's village.

Yun Hu N didn't want to fall behind either, and she beckoned to Wang shiqing before immediately following after her.

Since the appearance of Wang shiqing and the other two, the people of the Cheng family were all dumbstruck and kept quiet out of fear.

A student of the peerless Academy!

It was easy to see that the three of them were wearing the uniform of the Wushuang Academy.

In this Mountain region, no one had dared to impersonate a member of the peerless Academy.

Chengye's heart was filled with regret. Although he was afraid of the territory Lord of this Mountain region, he was not afraid. After all, bluestone town was located at the edge of the mountain region. The territory Lord of the Mountain region might not pay attention to it.

Just as he had said, if there was trouble after this, they could at most leave this mountain range.

However, peerless school was different. If they offended a top school, they would be found and killed no matter which mountain they went to!

The Alliance of schools was a giant in the mystic Sea. In the eyes of people who didn't know the sect, they were the rulers of the mystic Sea.

It was too late for regrets now. Cheng Ye's entire body was trembling as he thought about how he could make amends to let this matter pass. No matter what, the Cheng family could not be destroyed because of him.

However, before Cheng Ye could say anything, Yun Yunyun had already taken a step forward and swung her fist before her brother Yun Momo could make a move. A huge flaming Python shot out like lightning and instantly appeared in front of the Cheng family's xuansheng expert.

Although the two of them didn't seem to have much of a difference in strength on the surface, their true strength was absolutely different!

In addition, due to the reputation of the peerless Academy, this Cheng clan's expert xuansheng had long lost his confidence. When Yun Hu N made her move, he did not even have the thought of resisting before he was directly swallowed by the flaming Python.

With a shrill cry, the Cheng clan's xuansheng stage expert struggled for a while and fell to the ground. Soon, he turned into a pile of flying ash without even a corpse!

Lin Yi's brows twitched. The faint was a trick-the fire Python had the ability to manifest with pure Qi. It was far from his Dragon-shaped killing intent, but its power couldn't be underestimated.

Especially that fire, Lin Yi could feel that it wasn't purely made of pure Qi!

Although it was not as powerful as the spiritual fire of heaven and earth, it was definitely not ordinary. He guessed that it was a flame obtained by using the accompanying life fire Crystal.

"Uncle, you don't seem surprised at all. It seems like you've seen the world!"

Wang shiqing said suddenly, smiling at Lin Yi.

"Senior must be joking. That senior Yun's strength is too astonishing. Junior has never seen it before and was scared silly on the spot. How could junior have seen the world? "

Lin Yi quickly made a fist salute and forced a smile.

Did this Black-bellied little loli have nothing better to do? Why should she pay attention to him for no reason? wasn't he a little too shrewd? why did she suspect him?

When he got Wang Shiyang back, he would definitely ask him to teach his sister a lesson. If he didn't teach her a lesson, she would really turn the world upside down!

"Oh, really? I thought you were someone who had seen the world."

Wang shiqing smiled sweetly and turned to the Cheng family, not caring about Lin Yi anymore.

But Lin Yi knew that it was all an illusion-the moment he made a mistake, the two-faced girl would grab onto it!

If it wasn't for the heavenly array sect, Lin Yi wouldn't mind being discovered, but he had to be careful.

"Do you see that? The strongest Xuan Sheng among you can't even take a single move from me. Do you want to live or die?"

Yun Hu N smugly glanced at her brother. With her hands on her hips, she arrogantly put on airs in front of the Cheng family Village People.

Yun Momo could not be bothered with him. His figure flickered quickly and he headed straight for the other gate of bluestone town.

Duan Yao knew that she and bluestone town would be saved when Wang shiqing and the other two arrived.

The people from peerless Academy would definitely protect bluestone town, so Duan Yao had opened the defense array early in the morning, allowing Yun mochen to pass through the city.

Yun mochen's movements were extremely fast, no slower than Lin Yi's butterfly microsteps, but that was when Lin Yi was suppressing his strength.

While Yun Yunyun was still flaunting her might in front of the Cheng family, Yun mochen had already arrived at the other end.

With a simple punch, he killed another xuansheng stage expert. The remaining 10 or so people did not dare to resist and obediently came over to meet up with Cheng Ye and the others.

"Aiya, Yun Moshan, you're a little devious. You actually killed that xuansheng stage cultivator over there. Fortunately, the one I killed was more powerful!"

When Yun Hu N saw Yun mochen return, she immediately did not forget to express her sense of superiority.

"Boring! Childish! Don't tell anyone you know me!"

Yun Momo snorted and turned away, not wanting to talk to his younger brother.

"Tsk, you're talking as if no one wants to know you. Who are you?"

Yun Hu N snorted and turned to look at the people of the Cheng clan, ""Kneel if you want to live, stand if you want to die, and squat if you want to be half-dead! The men kneel here, the women kneel there, and the androgynous ones kneel in the middle!"

The corners of Yun mochen's lips twitched a few times, feeling deeply sad for having such a 'second' brother ...

Chapter 6618 The Cruel Yun Brothers

Cheng Ye's expression was a little dazed. The loss of two xuansheng stage experts caused him to feel heartache.

After today, the Cheng family's strength was bound to be greatly reduced. Even if the people of the peerless Academy did not kill them, their future days would not be good.

In the entire Mystic division Sea area, other than the school Alliance, mountain regions, and aristocratic families, there were also countless small forces like them. It was common for them to swallow each other up.

After hearing Yun Yunyun's words, Cheng Ye was still in a daze. He only knew that the Cheng family was probably going to be finished, and the cause was just some minor conflicts between him and Duan Yao.

Other than Cheng Ye, most of the people in the Cheng clan did not dare to disobey Yun Yunyun. They obediently followed his instructions and separated the men and women. Those who wanted to live

happily knelt down. Among the more than 20 people, only Cheng Ye and the two middle-aged men did not move.

Those two were also the core members of the Cheng family, but their strength was slightly lower, not even in the Yuanying stage.

Like chengye, they were at a loss. With chengye as their leader, they subconsciously followed suit when they saw that he did not move.

"Very good, everyone is very cooperative! Those who are kneeling want to live, and those who are standing want to die. The question is, why should I fulfill your wishes? I'm not familiar with you guys, am I?"

Yun Hu N paced back and forth, a sly smile on her face.

The Cheng clan members who were kneeling on the ground were instantly dumbfounded. What did he mean?

However, there was no need for them to ask, as Yun Hu N had already used her actions to give them the answer.

The two flame pythons swept out from left and right, and all the people who were kneeling were swept up without exception. Miserable cries rose and fell, and in just a breath's time, everything returned to silence.

Cheng Ye and the other two men were drenched in cold sweat. They never thought that this would be the final outcome.

They had knelt down to beg for their lives, but in the end, they had all died without a corpse. On the other hand, the three of them could still stand here and breathe air because of a moment of hesitation.

Lin Yi saw this scene and was dumbfounded. Yun hunyun really was cruel!

As expected, the people who hung out with the Black-bellied little loli were not easy to deal with.

The people of the Cheng family didn't have much of a relationship with Lin Yi. On the contrary, they had some conflicts before. Naturally, Lin Yi wouldn't be sad that they were killed, but he was shocked by Yun Yunyun's methods.

If it was him, he would definitely not be able to lay his hands on these people who had no sense of resistance!

Duan Yao had already left the city and was standing on the side to watch the show. Now, she felt like she was sitting on pins and needles. She wanted to stay away from these people, but she was afraid of offending them. Therefore, she could only smile with cold sweat dripping down her back.

"Hey, you three, do you want to live or die? "

Yun Hu N casually patted her sleeves, as if killing so many people had only caused a few specks of dust to fly off.

Cheng Ye was completely awake now. He no longer considered the survival or destruction of the Cheng family Village. Instead, he began to consider whether he could return to the Cheng family Village alive.

"I want to die!"

The other two members of the Cheng family didn't wait for Cheng Ye this time, but rushed to speak in unison.

Just now, those who wanted to live were all dead, and those who wanted to die were all alive, so now it was better to continue thinking about death!

"Well, since I've already refused you once, I'll feel a bit embarrassed to refuse you again. I'll satisfy your request then!"

Yun Hu N shrugged her shoulders, as if she was very helpless.

The two of them were dumbfounded. Didn't they say that they wanted to die but couldn't? The script wasn't supposed to be like this!

"No, no, no! I want to live ..."

One of them reacted quickly and quickly retorted, but it was too late.

Two balls of flames exploded on their bodies. This time, Yun Hu N didn't even bother to use her true Qi to manifest. She just waved her hand and sent these two useless golden core cultivators away!

"If you want to kill me, just kill me. Why do you have to play so many tricks? I, chengye, am weak and not your opponent, but one day, you will meet someone even more powerful than you. Let's see if you can still be arrogant! A brutal, overbearing, and disloyal person like you will definitely suffer retribution in the future!"

Chengye's eyes were bloodshot as he cursed Yun Yunyun. Since he was going to die anyway, he might as well just be quick about it.

As for risking his life, chengye didn't even think about it, because that wasn't risking his life, but asking to be humiliated!

"I don't know what will happen in the future, but I can predict what will happen to you today,"

Yun Hu N didn't mind, a nonchalant smile on her lips. She was prepared to end her career just like that.

"Second senior Brother Yun, can you stop killing people? I don't think it's a good idea."

Wang shiqing suddenly asked Yun hunyun, but in reality, she was asking him to let Cheng Ye go.

" Haha, if Junior Sister says not to kill, then we won't kill. This little bandit is lucky. Otherwise, this day next year will be his death anniversary! "

Yun Hu N turned around and smiled, then immediately retracted her hand. " You're lucky today to have met my Junior Sister with a Bodhisattva's heart. Hurry up and get lost. Don't let me meet you again, or I'll make you suffer! "

To Yun Yunyun, chengye was just an ant-like existence. He could kill or kill him at any time, so if he let him go, so be it.

Cheng Ye gritted his teeth and glared at Yun Yunyun, then at Wang shiqing. Without saying anything, he took out a teleportation talisman and disappeared.

"Don't play such boring games in the future. It's too childish!"

Yun moxiang walked past Yun Hu N and said this indifferently before walking to Wang shiqing's side.

"Pfft, I beat you to it. You don't have anything to play with, so you're saying I'm bored? You're the one who's boring and childish!"

Yun Hu N spat and quickly ran over.

"Junior Sister, the small quest in bluestone town has ended here. Should we set off for the big quest now?"

When Yun moxiang spoke to Wang shiqing, she was not as cold as she was to Yun Hu N. Instead, she was smiling warmly and asking for her opinion in a soft voice.

"Yes, senior Brother Yun, you decide. I'll listen to the two senior brothers."

Wang shiqing smiled and looked very obedient. People who weren't familiar with her would think that she was just an obedient child.

"Hey, what are you still doing here? Hurry up and go away. Don't get in the way. "

Yun hunyun followed over, and was a little unhappy to see Lin Yi still beside Wang shiqing.

If Wang shiqing didn't say that she didn't want to kill anymore, this guy would've done the same to Lin Yi.

"Can I go now? Then I'll take my leave!"

Lin Yi was already getting impatient, so he cupped his fists and walked away.

"Wait, Uncle Lin er, don't be in such a hurry to leave. I still have something I need your help with later, okay?"

Wang shiqing reached out her hand and shook Lin Yi's sleeve.

That pouting look ... Lin Yi really wanted to kick her away!

"Stop! My Junior Sister told you not to go, so don't go!"

Yun Hu N's heart skipped a beat. Did they chase the wrong person away? Hence, he quickly jumped out to stop them.

Chapter 6619 Come With Us

Lin Yi's heart was like a river of curses-why was it so hard to leave Qingshi town?

It was a good thing that the heavenly spell formation sect did not come. If they had come together, it would have been more lively!

"You, don't come over. Go do what you need to do."

Yun mochen didn't stay idle either. She turned around and sent Duan Yao, who wanted to say hello but didn't dare to, back.

This time, he had come to green stone Town to help out because of the mountain region's domain lord. He had also done a small mission to earn some points. As for talking to the people of green stone Town, he had no interest in it at all!

Peerless school's proud sons of heaven were not top geniuses of the same level, so they would not even pay attention to them.

"Yes, thank you for your help, my Lords. Thank you, I'm extremely grateful!"

Duan Yao quickly bowed and thanked her. Yun mochen's refusal to let him go was exactly what he wanted. He had prepared some gifts for her, but now he decided not to take them out.

Duan Yao was under a lot of pressure dealing with these geniuses who had different emotions. Besides, she had more important things to do now, which was to kill Cheng Ye!

Cheng clan's strength had been reduced by more than half, and this was the best time for him to take revenge.

"Seniors, do you have any other instructions?"

Lin Yi was helpless. If the Cheng family were to stop him, he could still kill them, but the one stopping him was Wang shiqing. He didn't like this two-faced girl, but she had a brother called Wang Shiyang!

For Wang Shiyang's sake, Lin Yi decided not to touch Wang shiqing.

So he could only continue to play along with Wang shiqing, hoping to get rid of this little girl as soon as possible.

"Junior Sister, why are you keeping this guy? If you don't like him, why don't senior brother help you teach him a lesson?"

Yun hunyun moved closer to Wang shiqing. Lin Yi's strength was nothing in her eyes. As long as Wang shiqing was happy, she could do anything to him.

"Second senior Brother Yun, three of us is not enough for this mission. I think this uncle is quite pleasing to the eye, so I want to bring him along. Senior brothers Yun, what do you think?"

Wang shiqing looked back and forth between Yun moxiang and Yun Hu N with a smile, her tone carrying a hint of coquettishness.

"Good! Of course it's good! Junior sister's consideration is really thoughtful, I think we should do it this way!"

Yun Hu N immediately made her decision. As long as Wang shiqing was happy, she would do anything.

"Junior Sister, are you sure you want to bring him along? The strength of the original level is still too weak and will become our burden!"

The corners of Yun mochen's mouth twitched in slight disagreement.

He had wanted to agree, but Yun Hu N had agreed first, so he could only use his objection to get Wang shiqing's attention.

Yun moxiang's concerns were also true. The mission this time required the strength of at least the xuansheng stage, and Lin Yi wasn't even at the peak of the original level. He was far from that.

"Eldest senior Brother Yun, I think this uncle is very powerful. Don't worry, uncle will definitely not become a burden."

They didn't know where Wang shiqing's confidence came from, but she insisted that Lin er was an expert. The two brothers of the Yun family were speechless.

"If Junior Sister says he's very powerful, then he must be very powerful. I have no objections."

Yun Hu N continued to support Wang shiqing, and at the same time, she gave Yun Momo a look.

Although the two of them usually didn't like each other and would bicker with each other, they were twins after all. Their chemistry was pretty much the same as that of Murong Zhenyan and her sister.

Hence, when Yun mochen saw the look in her brother's eyes, she immediately understood.

This meant that Lin Yi would be the cannon fodder first-he'd be able to make the best use of Lin Yi if they ran into any dangerous places.

"Alright, since Junior Sister insists, then it's decided."

Knowing this, Yun moxiang didn't continue to disagree and nodded in agreement.

"Um, I have something urgent to attend to. Don't call me for your mission."

Lin Yi rolled his eyes internally-he was the one being ignored, after all, and they didn't even ask for his opinion?

"What could be more important than completing the mission with us? Don't you know that we're helping you? If it was someone else, they wouldn't even have the chance to beg us to bring them along! You still dare to say you're not free?"

Yun hunyun's eyes widened. If Lin Yi didn't know what's good for him, he might just attack.

He was just a useless original infant cultivator. It was his honor that the three super geniuses of the unparalleled Academy were willing to take him with them, yet he still dared to complain.

"Senior brothers Yun, this uncle doesn't want to go with us. What should we do?"

Wang shiqing's expression changed instantly, and she looked pitiful. The Yun brothers couldn't take it anymore.

"Junior Sister, this guy is really shameless. Don't worry, I'll talk to him alone, and maybe he'll change his mind!"

Yun Hu N smiled sinisterly as she looked at Lin Yi with an unfriendly gaze.

Yun Momo was equally unhappy-this Lin Yi didn't know what was good for him. If Yun Hu N wanted to teach this kid a lesson, he had no objections.

"Alright, I'll go with you. Is that okay?"

Lin Yi suddenly changed his tone, as if he was really scared of Yun Yunyun, a helpless expression on his face.

In fact, only Lin Yi himself knew that he wasn't afraid of these three weak students, but the heavenly array sect's pursuers!

Within the range of Lin Yi's spirit sense, there were three blue-robed men approaching Qingshi town. From their auras, they were at least at the early stage of earth splitter.

With three masters in a formation like this, the power they could unleash was probably close to the sea Rift realm, so Lin Yi didn't want to waste time on them.

Since Wang shiqing wanted to get him on her side, Lin Yi decided to just agree. If he was with the peerless school people, even if they met the heavenly formation sect, they wouldn't suspect anything.

"You ungrateful fellow ... You agreed just like that?"

Yun hunyun wanted to talk to Lin Yi in private and was trying to come up with some words to scare him, but Lin Yi agreed before she could even say anything. The turn of events happened too quickly, and he couldn't react in time.

"I can't even agree? what do you want me to do?"

Lin Yi put on a sad face on purpose, trying to dispel Wang shiqing's suspicion.

"That's great, let's go!"

Wang shiqing didn't buy it and insisted on Lin Yi leaving with them.

The people from the heavenly spell formation sect arrived very quickly. Wang shiqing's voice had just fallen, and she didn't even have the time to take out her teleportation talisman when the three blue-robed men arrived near Qingshi town. They didn't even bother to hide their earth stage Qi.

"So strong! What are these three doing?"

Yun mochen's expression changed, and she instantly entered a battle-ready state.

Yun Momo knew that even if he joined forces with Yun Hu N, they might not be able to fight against any earth formation stage cultivator. If these three people came with enmity, they would be in danger.

Chapter 6620 Avoided

"Eh, they're so fast. They've already arrived at bluestone town!"

Wang shiqing didn't use the teleportation talisman to leave.

The peerless school was the Overlord of this mountain. Although the three blue-robed men were powerful, Wang shiqing didn't take them seriously.

Moreover, as the little princess of a talisman family, she must have some life-saving trump cards in her hands. It wouldn't be too difficult for her to deal with a few earth-splitting experts.

When Yun moxiang and Yun Hu N saw Wang shiqing's smile, they blushed slightly and looked at each other awkwardly.

Lin Yi had already retracted his spirit sense, no longer paying attention to the three. After all, they were earth formation Masters-even if their spirit sense wasn't as strong as his, it still shouldn't be underestimated.

If they sensed Lin Yi's spirit sense, it would be a lot of trouble for no reason.

"Who are you people?"

Instantly, the three blue-robed men came to Wang shiqing and the others with Duan Yao.

"And who are you? Shouldn't you report your family background before asking others?"

Yun Momo snorted coldly and raised his head to meet the man's eyes.

She must have felt that her nervous performance just now was a little embarrassing, which was why she was so unyielding!

In this Mountain region, the students of the peerless Academy did not dare to be tough, so they might as well go home and hide.

"A student of the Wushuang Academy?"

The blue-robed man ignored Yun moxiang's disrespect. His gaze swept over their robes and the Academy badge on them, and his expression softened.

The heavenly spell formation sect was hidden in the vicinity of the unparalleled Academy, and most of its disciples came from the unparalleled Academy. It could be said that the two sides of the same coin existed.

"That's right. We are students of the unparalleled Academy. May I know who you three seniors are?"

Yun mochen's sharp senses noticed the change in the blue-robed man's expression. She probably knew about peerless Academy, so her tone and demeanor immediately became much friendlier and she respectfully cupped her fists.

"You will know who we are in the future. Maybe you will become one of us."

The blue-robed man looked at Yun moxiang with a profound look and nodded.

Yun Moyi and Yun Hu N's bodies trembled as their eyes widened, as if they had thought of something.

Wang shiqing didn't react at all. Obviously, the Yun brothers had heard of sects before, but Wang shiqing hadn't come into contact with them yet.

"Yun moxiang greets the three seniors!"

The two Yun brothers didn't dare to be slow and respectfully saluted the three of them.

Wang shiqing blinked and bowed as well, and Lin Yi followed suit.

"You guys, did you see any strangers passing by? His strength is roughly at the mountain opening stage ... His appearance is roughly like this. "

The blue-robed man took out a drawing-it was the image of Lin Yi when he escaped from the sect.

Lin Yi couldn't help but feel glad when he saw the portrait-he'd be dead if he didn't have the mask.

"This portrait is very likely a disguise of this person. So, if you find anyone suspicious, you can report to us."

The blue-robed man put away the portrait and casually glanced at the crowd.

Lin Yi's heart shivered-the heavenly array sect had surmised that he'd been in disguise, and that was bad news!

Now that they had a guess, the other party would definitely pay more attention to those who had disguised themselves. Fortunately, red dust manifestation's level was high enough, so these blue-robed men did not notice anything wrong. Otherwise, they would have been exposed on the spot.

"Three seniors, our bluestone town is a small place. These past few days, no powerful experts have passed by, except for these few Lords, of course."

Duan Yao answered with a big smile, hoping that the blue-robed man would let him go after asking.

In fact, Duan Yao felt that Lin Yi was the most suspicious person! Of course, in terms of strength, the difference between Lin Yi and the blue-robed man was huge. Yuanying and mountain split were like ants and elephants.

Other than that, Lin Yi was standing behind Wang shiqing, and it seemed like he was with the people from peerless school. Who knew if they'd piss the school off if they got Lin Yi involved?

In this Mountain region, you could offend anyone but peerless school!

"It's fine if you don't have any. Go and inform everyone here to keep their eyes open and pay attention to any suspicious people who meet the requirements."

The blue-robed man gave an order coldly and threw Duan Yao away.

Duan Yao felt aggrieved, but she couldn't offend any of the people in front of her, so she could only stand up and leave respectfully.

As she left, Duan Yao swore to herself that one day, she would let these people have a taste of being looked down on and ignored!

"We received a rescue mission from bluestone town, so we rushed over to help. As for those xuansheng stage experts, I did kill a few of them, but they were from the Cheng clan. They had nothing to do with the person you're looking for."

Yun Hu N also stepped forward to explain.

He didn't mention Lin Yi, not because he was trying to cover it up, but because Lin Yi was just cannon fodder in his eyes. A nascent Soul Stage trash didn't even have the right to be mentioned.

The blue-robed man saw that Lin Yi's clothes were different from the others, but he didn't mind. Lin Yi had been standing behind Wang shiqing the whole time, so they subconsciously thought that Lin Yi was Wang shiqing's guard.

If Duan Yao mentioned that Lin Yi was a stranger, or if Yun hunyun said that they only met after they came here, the blue-robed man would have to check Lin Yi's real identity.

Now that they thought Lin Yi was on the same side as peerless school, they naturally wouldn't ask any more questions. Just like that, the real Lin Yi disappeared from their sight.

Since there were no clues, the three men didn't waste any more time and turned around to continue their journey. Only Wang shiqing, Lin Yi, and a few others were left.

"Uncle Lin er, you seemed a little nervous just now?"

Wang shiqing looked at Lin Yi with a faint smile on her face, looking innocent as if she was just having a casual chat.

"Perhaps. The pressure from those three seniors is so great that just looking at them makes me feel like I'm under a mountain. It's normal to be nervous."

Lin Yi laughed, a little scared. He was just pretending to be nervous-facing three earth formation Masters, it'd be weird if a nascent soul cultivator wasn't nervous.

"Uncle, you're so honest."

Wang shiqing smiled sweetly, it was hard to tell if she was complimenting or insulting Lin Yi.

"Ha ... It's alright."

Lin Yi laughed dryly as he thought of a way to get rid of the two-faced girl.

"Alright, if there's nothing else, let's hurry on with our journey. We can return to the Academy as soon as we finish the mission."

Yun moxiang clapped her hands and reminded him.

"Yes, senior Brother Yun is right. Let's hurry up and leave."

Wang shiqing smiled as she took out a different teleportation talisman from the one Lin Yi had used before.

The Yun brothers quickly surrounded Wang shiqing and told Lin Yi to come closer, but not to Wang shiqing, only the two of them.
