

## **Bodyguard 6621**

Chapter 6621 Disappeared

It was obvious that this teleportation talisman could teleport multiple people at once.

The little princess of a talisman family indeed had the goods. Furthermore, she didn't even show any heartache when using such a high grade teleportation talisman.

Lin Yi obediently stood by Yun hunyun's side under the three's gazes, watching as Wang shiqing activated the teleportation talisman.

A faint Halo spread out and surrounded the four of them. Then, it formed a spatial fluctuation and teleported them in unknown direction.

The teleportation process didn't last long, only a few seconds. There was a bit of dizziness, but it was nothing to Lin Yi.

In order not to make Wang shiqing suspicious, Lin Yi pretended to be dizzy, at least not stronger than the Yun brothers.

"Uncle Lin er, you're not done yet? We'll be leaving now. "

Wang shiqing shook Lin Yi's arm, her face full of concern.

But no matter how Lin Yi looked at it, the Black-bellied girl seemed to be testing him.

"I'm sorry, I'm too poor and rarely use teleportation talismans, so I'm not quite used to it. "

Lin Yi nodded awkwardly with a hand to his forehead.

"Trash will always be trash. Even using a teleportation talisman can make you faint for half a day."

Yun Hu N snorted disdainfully, then moved closer to Wang shiqing. "Junior Sister, look. That little stream not far away is the place we're going to. We'll reach the mission location after walking along the stream for a while."

"Why are you talking so much nonsense? It's not like Junior Sister doesn't know, do you need to explain?"

Yun Momo laughed coldly and started to bicker again.

"So what if Junior Sister knows? Can't you explain it in detail? Don't get jealous every time you don't get a chance to perform!"

Yun Hu N didn't hold back at all, and similarly started to bicker.

Wang shiqing's big eyes flashed with a trace of helplessness. With these two teammates, she had to pretend to be innocent and cute all the time. Just thinking about it made her tired ...

"Lin er, you'll lead the way. As long as you don't die, I'll give you some of the benefits when the time comes,"

Yun hunyun and Yun Momo exchanged a few words and quickly ordered Lin Yi to leave first.

If it weren't for Wang shiqing, Lin Yi would've killed these two idiots already.

"Oh, I'll try not to die. I'll wait for the benefits."

Lin Yi let out a cold smile as he walked forward, giving up on the idea.

"Heh, this old fellow is quite unreasonable. If it was in the past, I would have directly burned him to death with a ball of fire!"

Yun Hu N spat fiercely. However, she didn't know that if this was in the past, the one who would be burned to death would be him.

Of course, this was someone that Wang shiqing wanted to bring, so Yun Yunyun had to give her face no matter what, so she just said it.

Wang shiqing didn't have any objections to Yun Hu N's arrangement, instead looking at Lin Yi's back expectantly.

The three followed behind Lin Yi-the school's mission stated that this wasn't a dangerous place, and that the three of them would be enough to handle the situation and get out of it safely.

But to Lin Yi, who was a 'nascent soul', it was a little dangerous. Fortunately, Lin Yi wasn't a true nascent soul.

When he reached the stream, he realized that it was the entrance to a level Seven stealth formation!

The only way to enter the entrance was through the stream here. Then, at a certain point upstream, he could really pass through the concealment array.

If he went directly upstream, he wouldn't be able to enter. Similarly, if he walked upstream along the stream, he wouldn't be able to enter unless he reached the right place. Neither of the two was dispensable.

It wasn't easy for Lin Yi to discover this formation without the ghostly thing's help. He only noticed it after entering the entrance.

"There's no road ahead, how do we go?"

Lin Yi stood in front of a big rock and turned to the three.

Of course, he knew that he would enter the invisibility formation after passing through this huge rock. However, there were three people following behind him. He would be a fool if he really walked in!

"Just use your head to hit that big rock and there will be a way out. Don't worry, nothing will happen."

Yun Hu N laughed as she pointed at the rock, making Lin Yi look bad on purpose.

Lin Yi could tell that Yun hunyun liked to play these boring games, and that was how he killed the Cheng family people.

It was the same this time. Lin Yi was sure that he'd be fine even if he hit a rock, but why should he play with him?

"This rock is very hard. I think he'll most likely be crippled if he hits it. Is there any other way?"

Lin Yi touched the rock, troubled.

On the surface, the large rock had enough camouflaging ability. A normal touch and knock would not reveal any flaws, unless it was passed through with force.

"If I tell you to hit it, then hit it. If you don 't, I'll help you hit it!"

Yun Hu N immediately turned hostile, a hint of killing intent flashing in her eyes.

Lin Yi was just cannon fodder for him to use, and if cannon fodder didn't listen to him, then there would be no meaning to his existence.

Seeing that Wang shiqing didn't seem to care about Lin Yi at all, Yun Yunyun's heart started to race again-if Lin Yi didn't listen to her, she'd just kill him.

"I didn't say I wouldn't hit him, what's the rush!"

Lin Yi mumbled on purpose before adjusting his body angle and facing the rock with his shoulder, ready to charge.

"I said use your head! Not his body! Don't you understand human language?"

Yun hunyun roared, a mischievous smile on her face as if she found it very interesting to tease Lin Yi.

"Yes!"

Lin Yi secretly rolled his eyes. In order to avoid unnecessary trouble, he could only lower his head and face the big stone. He gritted his teeth and stomped his feet, rushing over.

Wang shiqing's eyes flashed with confusion. Was she really mistaken? He lowered his head just like that. He really didn't look like a proud person.

Wang shiqing shook her head slightly and decided to continue observing.

At the same time, Lin Yi lowered his head and slammed into the rock. Of course, he wouldn't use his full strength to charge at it. It would be too fake if he used all his strength.

"Hahaha, he really did crash into it. Although he held back a little, he's still qualified to be cannon fodder."

Yun hunyun laughed and followed behind Lin Yi, entering the invisibility formation.

Wang shiqing and Yun Momo entered the formation one after another. This was the safe way to enter the formation as mentioned in the intelligence report. Yun Yunyun was just toying with Lin er.

However, when they entered, they immediately realized that something was wrong!

Yun Hu N stared at the empty mountain path in front of her with her mouth agape, completely not knowing how to react.

That's right, it was a person!

There was only Yun Hu N!

Lin er, who had entered first, seemed to have disappeared into thin air. There was no trace of him at all.

Not to mention Yun moqian and Wang shiqing, even Yun Yunyun, who came in right after Lin Yi, had no clue.

Chapter 6622 Trapped In The Array

Second senior Brother Yun, where's Uncle Lin?"

Wang shiqing also noticed that something was wrong after entering, and asked Yun Yunyun in confusion, "Is uncle playing hide-and-seek with us?"

Yun Momo did not know whether to laugh or cry. How could anyone be in the mood to play hide-and-seek at a time like this? Yun Momo calmed himself down and comforted Wang shiqing, even though the two-faced little loli did not need his comforting at all!

Only then did Yun moxiang look at Yun Hu N with rapt attention. "What exactly happened? What Do You See?"

"I don't know either. I didn't find any trace of Lin er when I entered this place. Where did he go?"

Yun Hu N was also a little confused. This matter was really unscientific!

After entering the concealment array, there was only one mountain path with steep cliffs on both sides. It was impossible to escape even If You Had Wings. Where did Lin er go?

Wang shiqing's fingers, which were hidden in her sleeves, twisted together. What else could it be? He must have escaped!

There was something wrong with this Lin er, but was he really Lin Yi? It didn't look like it, but their escape methods were similar.

"Could there be other hidden formations here? Did Lin er enter another formation because he was too aggressive?"

Yun moxiang's guess was not without reason, but Wang shiqing still thought that Lin er had taken the opportunity to slip away.

Of course, she would not say this out loud. She could only slowly verify it.

"Are there any other concealment formations?"

Yun Hu N looked at her surroundings suspiciously. She then waved her hand and shot out a huge flaming Python, which rolled and danced around her.

If there was a concealment array, such an attack would most likely reveal some clues. However, there was nothing.

No matter how violent Yun Hu N's attacks were, the surrounding space didn't change at all.

"Forget it, let's not care about him. He's just cannon fodder. Our priority is to complete our mission. What do you think, Junior Sister?"

Yun moqian didn't want to waste time on Lin Yi, so she asked Wang shiqing with a smile.

"Alright, let's go and complete the mission. Even though I'm sorry to Uncle Lin er, it seems like this is the only way. "

Wang shiqing nodded vigorously in response, her eyes curving into crescents.

Since Wang shiqing had agreed, the rest of the matter was easy to handle. Yun Yunyun didn't waste any more energy, and the three of them quickly moved along the mountain path.

Lin Yi, on the other hand, was strolling around by himself.

Lin Yi didn't have to worry about being discovered by the heavenly spell formation sect after entering the formation. Even if Wang shiqing was suspicious, she wouldn't tell on him before the mission was completed.

As for the Yun brothers, they had always been two-faced little lols-if Wang shiqing didn't go out, they wouldn't go out first. Besides, they didn't have the brains to suspect that Lin Yi was the person the heavenly formation sect was looking for.

However, Lin Yi was interested in the location. The three of them came here with a purpose. He didn't know what their mission was, but could there be something good here?

Lin Yi stopped in his tracks and used his spirit sense to scan the surroundings.

"There are so many formations here. It seems this place isn't simple."

With his spirit sense, Lin Yi found many trap formations, kill formations, and illusion formations, all on the sides of the path. The path was the only safe place.

Lin Yi could only find formations that were level five or six. Formations that were Level Seven and above were a little hard to find.

However, it was already very impressive to be able to discover this. If it were someone who didn't understand formations, they would be played to death by the formation at any time as long as they deviated from the mountain path.

For example, if Wang shiqing and the other two were to accidentally fall into the formation outside the mountain path, they would probably die, unless they had some life-saving trump card.

Lin Yi pinched his chin and looked at the path, weighing the options.

If he was right, he should be able to get a good harvest if he followed the mountain path, but this might conflict with Wang shiqing's mission.

If he took all the good stuff first, with Wang shiqing's intelligence, she would be able to guess that Lin Yi was the one who took the stuff first.

Forget it, it's better not to Rob them. It's more troublesome to be remembered by the Black-bellied little loli! Lin Yi shook his head and went into a level six trap formation.

There might be something more important inside if there was a formation. Of course, these formations weren't for Wang shiqing's level.

A level six trap formation wasn't a threat to Lin Yi-he could walk through it easily without breaking the formation.

Lin Yi studied the formation as he walked-the details were pretty good, but he didn't know who did it.

The only thing he could be sure of now was that these formations had nothing to do with the heavenly spell formation sect's heritage. This was because the terrain and environment here were very suitable for the semi-natural formations of the heavenly spell formation sect.

It was difficult to form a natural formation, but there were plenty of places that had the chance to form a half-natural formation. This place, for example, wasn't a natural formation yet, but Lin Yi believed that the heavenly formation sect could make it a perfect one.

Lin Yi wasn't interested in this formation, and he didn't want to waste too much time. He did some research on it and walked right through it.

"To hell with it!"

Lin Yi's expression changed as soon as he took two steps out of the formation. A layer of lightning formed around him, but he didn't dare to move.

The Jade space sent out a warning, but Lin Yi could only stand there and face the dozens of attacks.

"You're such a troublesome kid! Why are we in danger again?"

The damned thing that was studying the space Array flag was very unhappy. It hadn't been long before his thoughts were interrupted again.

Well, he actually didn't have any ideas, but he was still interrupted in the process of thinking ...

"Senior ghost, I don't want to either! What the hell is this formation?"

Lin Yi smiled bitterly. He didn't think that he'd be walking into a whole new formation after leaving a level six trap formation! Furthermore, he had not discovered the existence of a level eight formation before!

But with Lin Yi's current level, it was normal that he couldn't see through a level eight formation. As for breaking it, he couldn't even think about it.

"What other formation could it be? A trap and kill array! I'm at rank 8. "

The demonic thing laughed evilly. A level eight trap and kill array was nothing to him, and he was happy to see Lin Yi embarrass himself.

If he wanted to grow, he had to keep training, and this level 8 trap and kill array was perfect for Lin Yi's training.

"Move two steps to the left, three steps forward, one step back, and two steps to the left. Good, that's it!"

The demonic thing pointed at Lin Yi to make a small movement and didn't speak anymore.

"Senior ghost, there's an attack here? How do I get out?"

However, the pressure on Lin Yi was also greatly reduced. Although there were still attacks, they were already within the limits of what he could withstand.

Chapter 6623 The Strange End

Even though it was still a little strenuous, it would no longer affect his life.

"How can you go out and find it yourself? this is all I can help you with!"

The demonic thing laughed sinisterly and didn't say anything else.

Lin Yi rolled his eyes. He understood the meaning behind this damn thing's words. He had to admit that this unfamiliar level eight trap and kill array was indeed a chance to train. Whether it was his strength or his array skills, he could improve.

"Senior ghost, can you stop fooling around? Right now, we're in a hurry. Once we find something good, we'll have to continue running for our lives. Where would we find the time to improve?"

Lin Yi was speechless-it took time to level up!

Lin Yi wouldn't be afraid of normal pursuers, but the old monster at the sea Rift realm was here again. He had no chance of escaping.

There was only one flying saucer, and he'd used up all his teleportation talismans. He'd be dead for sure if he had to face that old monster again.

The damn thing ignored Lin Yi, and Lin Yi had no choice but to continue studying the trap & kill array!

Fortunately, the ghost wasn't completely ignoring Lin Yi. When Lin Yi was in danger, it would give him some advice and help him out.

At the same time, Wang shiqing and the other two had already walked past the cliff and arrived at Lin Yi's previous position.

There were large forests on both sides, but the mountain path still led to the distance.

"Junior Sister, according to the mission information, there are great dangers on both sides of the mountain road, and you must not leave the mountain road. Do you see any danger? I don't think there's a problem at all. Could Lin er be in this forest?"

Yun Hu N moved closer to Wang shiqing, trying to make her presence known.

"Nonsense. I already said that there's great danger. If Lin erzhen enters the forest, he's courting death. Do you need to worry about him?"

Wang shiqing didn't say anything, but Yun mochen couldn't help but mock her.

If these two brothers didn't argue with each other, they would feel uncomfortable all over!

Naturally, Yun Hu N was not to be outdone, and she turned around to start bickering with Yun Momo.

While they weren't paying attention, Wang shiqing pressed her forehead and rolled her eyes. When could these two childish ghosts make people stop worrying?

If the two Yun brothers knew that this little girl had such an impression of them, he really didn't know what they would think.

"Senior brothers Yun, stop quarreling. Could that second Uncle Lin have gone to the place we wanted to go? What if he destroys the mission?"

Wang shiqing raised her head and blinked her big eyes, looking worried.

Yun Moyu and Yun Hu N's expressions changed at the same time. If they failed this mission, they could forget about the reward, and their academic credits and mission points would be deducted.

It was fine if their credits and mission points were deducted, but if it affected their mission completion rate, it would cause a lot of negative chain reactions.

"We have to speed up. That cannon fodder can't run faster than us, but we can't let our guard down either."

Yun mochen immediately nodded in agreement, no longer interested in arguing with him.

"Junior Sister, I'll carry you and run. It'll be faster this way."

Yun Hu N was even more direct. With a whoosh, she stretched out her hand and suggested with a smile. The good young man suddenly felt like a strange uncle who deceived little girls ...

"Thank you, second senior Brother Yun, but there's no need for that. I can run very fast too."

Wang shiqing smiled sweetly. She waved her hand, and an array rune appeared between her fingers.

This was a Gale talisman used to increase speed. It could increase the user's running speed for a short period of time. To the Wang family, it wasn't too precious. However, if used well, it would be a pretty good tool.

Wang shiqing wasn't as strong as the two from the Yun family, but after using the gale talisman, she was no slower than them.

"Oh, okay. Let's go then."

Yun Hu N laughed drily and retracted her hand without a trace. She shook her head at Yun moxiang and ran along the mountain path.

Yun moxiang gestured for Wang shiqing to go first, and only ran after her after she had used the gale talisman.

While running, Wang shiqing casually looked at the forest beside the mountain path, a flash of thought in her eyes. As the genius little princess of the talisman family, she wasn't weak in terms of formations. Even if she wasn't as strong as Lin Yi, she could at least see some problems.

Dangerous places. That person seemed to like to run to dangerous places. If it was really him, perhaps he would go in?

Wang shiqing's eyes flickered. Unfortunately, she knew her own level of array Dao. The arrays on both sides of the mountain path weren't something she could easily touch.

Therefore, her only choice was to follow the mountain path to complete the mission.

Lin Yi was in the trap & kill array, and he received some pointers from the damn thing from time to time. He avoided the deadly attacks and stayed at the edge of his limit. He continued to train like this and gradually grasped some of the tricks.

As he moved slowly, Lin Yi started to get deeper into the center of the formation. If he kept going like this, he would definitely be able to pass through the formation.

At the same time, Wang shiqing's group of three had already reached the end of the mountain path.

"Is this the mission location?"

Yun Hu N looked at the pitch-black cave in front of her, and for some reason, she felt a little scared.

The mission description clearly stated that the danger level this time was relatively low, but why did he still have this feeling?

"It does not seem right."

Yun moxiang felt the same, and she stood in front of the cave with a grave expression.

"Senior Yun, is there a problem? I didn't feel anything!"

Wang shiqing's big eyes flashed, and she looked confused. "Should I go in and take a look?"

"How can we do that! Junior Sister, you can't take such risks so easily. Leave this matter to me ... My Yun mochen!"

Yun Hu N rejected Wang shiqing's suggestion and sold her brother Yun Momo out.

Seeing him Pat his chest, she thought that he would take the initiative to volunteer. She did not expect that in the end, he would push someone else out. Yun mochen was also drunk.

"Yun Hu N, do you still have any shame? How could he say such words! Why don't you go yourself? You're the one who lost Lin 'er's cannon fodder!"

Yun mochen was not a Tiger, and she immediately launched a counterattack.

"Did I lose cannon fodder Lin er? We followed you together. You didn't do anything and now you want to push the blame to me? If you have the ability, go and get Lin er back!"

Yun Hu N laughed coldly, and the two of them immediately began to fight.

The veins on Wang shiqing's forehead twitched. She really wanted to take out a pile of talismans and blast these two idiots to death. Why were they still chirping at this time?

"Yi, there seems to be light over there. It's so strange, is there a treasure about to be born? Aren't you going to take a look?"

Wang shiqing stood at the entrance of the cave and looked inside. She turned around and shouted in surprise.

Even Wang shiqing felt embarrassed using such a low-level diversion technique, but since the effect was good, she reluctantly used it.

Chapter 6624 Four Passages

Yun hunyun and Yun Momo rushed over and stood in front of Wang shiqing.

"Junior Sister, this cave is a little strange. Don't go near it."

Yun moxiang warned in a deep voice as she carefully looked at the cave.

Yun Hu N was even more direct. She stood in front of Wang shiqing and started circulating her true Qi, entering a state of alert.

"Forget it, Yun mochen, you coward. As expected, only I am qualified to be a Pathfinder. Protect Junior Sister and follow behind. Don't get in my way!"

Yun Hu N didn't look back. After observing for a while, she left these two words and walked into the cave.

He had only taken a few steps when tens of invisible wind blades attacked him without making any noise.

Yun Hu N's mind was highly focused, and when she sensed danger, she immediately released the martial technique that she had been storing for a long time.

The fire Python slithered back and forth in the cave, and there were flames exploding continuously. It was a combination of attack and defense, and its power was quite impressive.

"Hahahaha, and here I thought it would be more dangerous. As expected, it's just a child's play!"

Yun Hu N laughed loudly, and her pace became faster.

Yun Momo protected Wang shiqing and followed them in. Seeing Yun Hu N's performance, he felt much more at ease. The mission instructions were indeed not nonsense, and the danger was indeed not high.

After a short while, the three of them arrived at the depths of the cave. The attacks of the wind blades had stopped, and four deep passages appeared in front of them.

"A fork? I've never mentioned this before!"

Yun Hu N maintained a vigilant posture, her brows slightly furrowed.

"One of the four passageways has a restriction and is impassable. The remaining three are all passable."

Yun mochen walked around the four passages and turned back to explain the situation.

"Then let's try them one by one. We have plenty of time anyway. Lin 'er cannon fodder probably doesn't have the strength to pass through the path just now. He shouldn't have been here."

Yun Hu N laughed out loud, and pointed to the middle of the tunnel. "Let's start with this one. "

"Don't be too careless. We don't know if there's any danger in these passages. We must be careful."

Yun mochen stretched out her hand to stop Yun Hu N. Compared to her younger brother, he was more reserved.

"There are only three DAOs, what's there to be cautious about? The entrance to the passage is exactly the same. There's no hint at all. Tell me, which one should I choose?"

Yun Hu N waved her hand impatiently, then turned to look at Wang shiqing.

Although they had always considered themselves Wang shiqing's protectors, they subconsciously listened to Wang shiqing's opinions when it came to certain decisions.

"It's not like there's no hint at all. Senior brothers Yun, look at the entrance of the three passages. Don't you see some traces of destruction?"

Wang shiqing's eyes widened as she pointed at the edge of the entrance.

Yun Hu N and Yun mochen were stunned at the same time. They moved closer to take a look, and sure enough, this was the case.

"There really is a little bit of damage. Although it's not too obvious, you can still see the difference if you look closely."

Yun moxiang's eyes lit up, and she turned to Wang shiqing with a smile. "Junior Sister, you're so meticulous. You can even notice such a small detail."

"It's not that. I'm small, so I'm looking from a lower position. I just happened to notice it. "

Wang shiqing pretended to be shy, but she didn't know what to say to them in her heart.

"Junior Sister, are you saying that we don't have to go through any of these three passages? Which one with the restriction is the correct choice?"

Yun Hu N clapped her hands and immediately stood up to look at the entrance of the sealed passageway.

"Ah? I didn't say that! Second senior Brother Yun, what are your thoughts?"

Wang shiqing blinked her eyes and looked at Yun Yunyun with an innocent expression.

"Junior Sister, you don't think that way. Don't worry, senior brother will tell you! You see, these three passages have traces of destruction, which means that someone has been here before. If we go through these three passages, we will definitely find nothing in the end. "

Yun Hu N seemed to have found an opportunity to show off, and she speculated proudly.

"Yes, yes, that makes sense! Second senior Brother Yun is so smart. "

Wang shiqing smiled and gave Yun hunyun a thumbs up, complimenting her.

"Yun Hu N's words do make sense. It's a good thing we didn't act rashly just now, or we'd be in trouble."

Not to be outdone, Yun moxiang took the lead and did not forget to step on Yun Hu N, who had been about to walk to the middle.

"What's the trouble? At most, we'll just turn back and walk again!"

Yun Hu N snorted disapprovingly.

"Turn back and walk again? You're too naive!"

Yun mochen smiled faintly because he had also found an opportunity to show off. "Look at the marks on these three passages. It's obvious that they weren't left in the same period. Don't you all understand what they mean?"

Wang shiqing's mouth twitched, thinking that he finally got to the point.

"Eh, that's true. In other words, those who come here can only choose one passage to enter at most, and they won't return to this place after entering?"

Yun Hu N was also a student of the unparalleled Academy, and her talent was top-notch. She thought about it for a moment and found the key to the problem.

The traces of these three passages were left at different times. If the first person who entered here could turn back, then the traces of destruction should have been left at the same time. Moreover, the restriction of the last passage should have been destroyed, so there was no reason for it to be left alone.

From this, it was easy to deduce that there was only one chance to enter the passage. If he randomly chose a passage that others had entered before, he would only be wasting his time.

"Not only can't we return to this place, I'm afraid it's impossible to enter from the same place we came from. Otherwise, after so many years, this place would have been explored long ago, and we wouldn't have had a chance to explore it."

Yun moxiang smiled confidently.

"Then let's do it."

Yun Hu N sighed, feeling a little unhappy that she had been overshadowed. However, she could only roll up her sleeves and prepare to get to work.

The two brothers started to attack the tunnel entrance, but Lin Yi felt the change in the formation.

It was not that the power of the trap & kill array had changed, but the position of the array seemed to have shifted slightly.

It was a rare sight, and Lin Yi didn't know what was going on.

"Senior ghost, have you discovered the problem?"

Lin Yi had already gotten used to the attack rhythm of the trap & kill array.

"It's nothing. The mountain path that we came from has disappeared. The formations on both sides have merged together, so there was a slight vibration. However, this has nothing to do with you. "

The demonic thing used his divine sense to easily detect the problem. Although his words were calm, he was very surprised.

He had originally thought that it was an ordinary array Dao method, but now it seemed that it was not simple at all!

The mountain path disappeared, and the formations on both sides closed up. The level five and level six formations on both sides of the mountain path had all transformed into Level Seven and level eight formations.

For example, the level six trap formation that Lin Yi had been in before had become a level eight trap formation. In terms of trapping enemies, it was probably much more effective than this level eight trap and kill formation.

Chapter 6625 The Strange Water

The demonic thing clicked its tongue in admiration. Although this technique was completely different from the heavenly spell formation sect 's, it was not inferior in terms of the exquisiteness of the formation.

Combining two or more low-level formations to form a higher level formation was something unheard of.

The normal method of setting up a formation was to stack different formations of the same level together to form a stronger power, but combining them was something he had never heard of before.

If he could master this technique, his speed of setting up arrays would increase greatly. After all, the speed of setting up low-level arrays was not just one or two times faster than that of high-level arrays, but at least ten times or even dozens of times faster!

Setting up a high-level array with the technique of combining arrays and then stacking them on top of each other, the increase in speed and power was simply immeasurable.

The ghostly thing made up his mind. While studying the space formation flags, he also needed to study this newly discovered formation method.

Just as he was thinking, the ghostly thing suddenly realized that Lin Yi had stepped out of the level eight trap and kill array!

He didn't break the formation, but walking out of a level eight trap and kill formation was a huge improvement for Lin Yi's array Dao.

"I'm finally out. I say, senior ghost, can there be a time when we have to go through such experiential learning? If you waste so much time, you'll probably be finished once you leave the formation!"

Lin Yi's tensed up nerves relaxed-he wanted to yell at someone.

It didn't seem like it lasted long, but Lin Yi's body and mind were clearly exhausted.

Lin Yi's position was the limit of his endurance, and it wasn't an exaggeration to say that he was on the line between life and death.

"What's the hurry? As long as the heavenly spell formation sect can't find you, it doesn't matter where you are!"

The ghost didn't take Lin Yi's words to heart at all.

Lin Yi thought that it made sense-the people from the heavenly array sect might have given up after they couldn't find him.

"Heh ... Senior ghost, do you see any more formations up ahead? I can't tell. "

Lin Yi raised his head and saw a smooth cliff in front of him. He couldn't see the top at all, and it was covered in clouds and mist that blocked divine sense, making it mysterious.

"There's no formation, but there seems to be a Hole in the Rock wall. The path you chose should lead you to that place. "

The demonic being said indifferently after scanning the area with his divine sense.

"I don't have a goal, I'm just looking around. I'm thinking that if there's nothing good here, there's no need to surround it with two formations."

Lin Yi walked towards the cave and arrived at the entrance.

The dark hole was bottomless, and even Lin Yi and the ghostly thing couldn't go too deep in.

"This cave is a little strange. You have to be careful."

The ghostly being felt that something was amiss and solemnly warned.

Lin Yi nodded, feeling that something was wrong as well, but the Jade space didn't give him any warning, so there shouldn't be any danger.

"I'll go in and take a look. "

No matter what was wrong, Lin Yi had to see it with his own eyes.

Judging from the level of the array set up in this place, there shouldn't be anything simple inside.

After Lin Yi was suppressed by the old monster of the heavenly array sect, he desperately wanted to get stronger. He didn't want to let go of any opportunity.

After entering the cave, a layer of lightning arcs appeared on Lin Yi's body, like a shining armor. This accidental discovery had become a defensive skill he used often.

Its defensive power might not be too strong, but it was enough to block some damage. It could also activate the lightning escape technique at any time, so it was quite practical.

In addition to defense, the flashing lightning arcs could also be used as light bulbs to illuminate an area, adding some light to the dark cave.

When one's spiritual sense was restricted, the effect of the naked eye became extremely great.

There was no danger along the way. However, some water appeared on the ground.

At first, it might have only been a little damp, but as time went by, it had already reached the top of her shoes.

The lightning around Lin Yi's body was guided by the water, disappearing with a crackling sound.

Helplessly, Lin Yi could only control the power of the lightning to rise a little, avoiding his feet and stopping the unnecessary consumption.

"It's really strange. Where did the water come from? I didn't find any water source!"

Lin Yi mumbled as he continued his useless search.

Gradually, the water level rose higher and higher, reaching Lin Yi's calf. The cave still didn't seem to have an end, and even without the Jade space's warning, it was still uncomfortable.

The water under Lin Yi's feet didn't move at all, other than the sound of his footsteps. It was like a pool of still water, with no flow.

Lin Yi wanted to use the lightning movement technique to speed up, but he had a feeling that something bad might happen if he used it. He didn't know why, but he had to take it seriously.

At his level of strength, his senses were already quite sharp. The so-called sixth sense, after cultivating the primordial spirit and divine sense, would inevitably be greatly enhanced. Any cultivator would be quite dependent on their own senses.

As he was thinking, Lin Yi took a step out and fell down.

Lin Yi subconsciously wanted to use lightning escape to escape, but he forced himself to hold back.

The buoyancy of the water wasn't that high, but it was enough to keep Lin Yi's speed of sinking at a very low level.

The lightning arcs in the water radiated a blue light, illuminating a large area under the water. However, the speed at which his physical strength and true Qi were consumed increased by more than ten times.

Lin Yi quickly retracted his lightning-this wasn't something his stamina or Qi could handle.

What Lin Yi didn't expect was that even without the lighting, the water wasn't pitch black!

On the contrary, there was a faint blue light flashing in the water. The lightning was too bright earlier, so the blue light blended into the darkness.

"What a huge place. Is this an underground lake? I can't even see the end of it!"

Lin Yi clicked his tongue in admiration as he let himself sink slowly, his eyes wide open as he looked at the bottom.

With the help of the blue light, Lin Yi could see further than his spirit sense. Spirit sense was restricted here, but it wasn't just limited to spirit sense-it was a natural restriction, and it felt weird.

Lin Yi looked around and didn't find anything, so he used both his hands and feet to start swimming.

Lin Yi was still swimming in the same direction as before.

"Huh? what's that?"

Chapter 6626 Shadow God-Devouring Lion

After swimming for a while, Lin Yi noticed a dark shadow below him, which didn't fit in with his surroundings. He waved his arm and swam down.

As they got closer, Lin Yi could see more clearly. The shadow below was actually a large protruding rock, but the color of the rock was different from the surrounding.

Lin Yi continued to dive down and soon reached the bottom. He slid along the edge of the rock for a short distance and found something different.

On this protruding Black Rock wall, there was a small area that was actually in the shape of quicksand, and was slowly flowing!

This quicksand-like area was only slightly bigger than Lin Yi's body-it could be considered a door.

Lin Yi didn't rush in recklessly, but slowly approached the area, bit by bit.

Lin Yi had to be careful. After all, the situation was still unclear, and he couldn't take risks.

However, it was useless. Before Lin Yi could get close, a suction force came from the quicksand, pulling him in.

Lin Yi could've gotten out if he'd struggled, but the Jade space didn't give him any warning. He decided to just relax and let the force pull him in.

Lin Yi felt as if he had entered real quicksand, slowly being pulled in. The feeling of being wrapped tightly around him made him feel suffocated.

Lin Yi relied on the strength of his body to pass through the quicksand-like barrier smoothly after a little discomfort.

But immediately after, Lin Yi felt his body sink, and he fell from the air.

A lightning arc flashed, and Lin Yi landed lightly on the ground. The interior of the Black Rock was extremely dry, without a drop of water.

Lin Yi wasn't used to being in the water all of a sudden.

Looking up, Lin Yi realized that the inside of the rock was huge, much bigger than what he saw from the outside!

"What is this? A cage?"

Lin Yi retracted his gaze and realized that there were many thick metal bars behind him, forming a prison-like place.

It was pitch black behind the metal strip. He couldn't see anything clearly. His soul consciousness couldn't penetrate it, so he couldn't figure out what was inside.

"Could it be that there isn't any treasure or good stuff here, but something is imprisoned here?"

Lin Yi looked at the thick metal strip suspiciously. If there was a person trapped inside, it was a bit too big. Was it not a person?

Lin Yi looked left and right, and saw nothing out of the ordinary. He walked towards the cage and stood under the thick metal bars, looking inside.

The thick darkness seemed to be fading away, and Lin Yi could finally see the situation clearly after getting used to the darkness.

A majestic black Lion was lying inside. It seemed to have felt Lin Yi's gaze and opened its eyes indifferently.

His cold and emotionless eyes scanned Lin Yi's body, and a sense of danger washed over him like waves.

With a loud bang, the metal bars in front of Lin Yi blocked an invisible Black Attack!

It didn't break the metal rod, but Lin Yi jumped in shock!

"Shadow God-devouring Lion!"

The ghastly thing cried out in alarm. It did not expect to see such a thing in this place.

Lin Yi's luck was bad at the same time-he was just taking a risk, and he met an enemy of this level!

It was a good thing that the lion was trapped inside, or Lin Yi would've been killed the moment he came in without even having time to react.

Lin Yi was drenched in cold sweat. He was really scared. Why did he always meet people who were much stronger than him?

Lin Yi had always thought that he could fight people of a higher level than him, and he was proud of his trump card. It was only now that he realized his true strength-he was nothing in front of a truly powerful opponent.

"Senior ghost, the shadow God-devouring Lion is also a darkness-type magical beast? What about his strength?"

Lin Yi composed himself and didn't back down. He looked at the lion's cold eyes through the metal bars.

"That's right, the shadow God-devouring Lion is one of the more powerful types of darkness magical beasts. They are born with the ability to annihilate their surroundings "divine sense. Because this place has the effect of blocking divine sense, you can't release your divine sense, so you won't be able to experience the horror of annihilating it."

The ghastly thing said sternly, as if it was very afraid of the shadow God-devouring Lion.

After pondering for a while, the ghastly thing continued,""As for its strength, this adult shadow God-devouring lion's combat power should be ... On par with The White Tiger."

The damn thing thought for a moment before bringing out The White Tiger for comparison. Lin Yi's heart froze.

The White Tiger was second only to the Vermilion Bird among the four great elders of the spirit beast clan. If the dark shadow God-devouring Lion could be compared to The White Tiger, one could only imagine how powerful it was.

"The shadow God-devouring Lion is so powerful. Why is it imprisoned here? And who was it that was able to set up a cage?"

Lin Yi was shocked.

"Human, get lost immediately!"

The dark shadow God-devouring Lion suddenly spoke, its deep and cold voice rumbling through the space.

Lin Yi's lips twitched. What was wrong with her? couldn't they just talk normally? Who was he trying to scare by making it sound like thunder? So what if you have a loud voice!

"What's there to be arrogant about when you're a caged beast?"

Lin Yi smiled nonchalantly. The lion was trapped and couldn't get out, so there was nothing to be afraid of.

"Get lost! A mere human ant, what qualifications do you have to speak in front of me!"

The dark shadow God-devouring Lion opened its mouth and roared. A few more black shock waves hit the metal railing, forming waves of vibrations. Unfortunately, not a single one passed through the metal railing.

He didn't know what material this railing was made of, but its hardness was astonishing.

"Eh, this shadow God-devouring Lion isn't that strong! Although his strength was still at the same level, his body was quite weak. At most, he was at the early stage of the shattered Sea realm! It seems that this cage also has the ability to weaken strength. If you can kill him, you may gain a lot. "

The ghostly thing let out a surprised cry, and then became somewhat excited.

At its peak, Lin Yi couldn't fight against the lion at all-a single roar could kill him.

But now that he was facing the weakened shadow God-devouring Lion, he might have a chance to kill it!

The lion had a lot of good stuff, and it might even help Lin Yi increase his strength and break through.

Lin Yi looked at the cage and didn't know what to say,"senior ghost, you should be more reliable. This cage can weaken the shadow God-devouring Lion, so if I go in, I might be weakened too. Are you trying to give it a free meal?" Besides, if this guy were to rush out while I'm going in and suddenly recover his strength, wouldn't everyone in the vicinity be finished?"

Chapter 6627 Wang Shiqing's Trial

"That makes sense, you're too weak!"

The demonic thing laughed evilly as it attacked Lin Yi. "But it's a little strange for a high-level darkness demon beast to appear here. We even encountered a Dark Flame demonic Wolf before. How did a darkness demon beast that had been missing suddenly become so worthless?"

"It's just two of them. It's just a coincidence,"

Lin Yi didn't think much of it—he didn't know much about dark beasts, after all.

"Alright, since you don't intend to kill the shadow God-devouring Lion, let's go. Let's see if there's anything else. It's a rare trip, and a thief never leaves empty-handed, right?"

The damn thing knew that Lin Yi didn't have the strength to fight the lion yet, so it didn't force him.

Even if he used the black bead, he might not be able to move the shadow God-devouring Lion, especially since he couldn't use his divine sense to lock onto it. If he missed, it would be a waste.

"You're making me sound like a thief, but I'm not going to play coy with you. Let's find another place. "

Lin Yi shook his head and turned around to search the area. As for the lion, he'd leave it there.

At the same time, Wang shiqing and the Yun brothers had broken through the tunnel's restrictions and were moving forward. They came to a place that looked like a cage, similar to what Lin Yi had found before.

There were metal bars here as well, but the scale was much smaller than what Lin Yi had discovered. It looked more like a normal human cage.

"This is the target of the mission! A three-tailed black wind Fox!"

Yun Hu N looked at the black three-tailed Fox in the cage, and a hint of excitement flashed in her eyes.

Darkness magical beasts were a legendary species, and even the students of the peerless Academy rarely saw a living darkness magical beast. They didn't expect that this mission was to hunt and kill a darkness magical beast!

Actually, it wasn't right to say that they were hunting it. A complete heifeng three-tailed Fox would at least be at the earth creation stage. It wasn't something that three little students at the mysterious Ascension stage could kill.

Before they came, they already knew that the Blackwind three-tailed Fox was imprisoned in a cage and its strength was greatly weakened. Otherwise, they would not have dared to act so recklessly.

Looking at the dying appearance of the heifeng three-tailed Fox, Yun hunyun felt that the three of them together were overkill. Even if no one came to kill it, this little thing would not live for long.

"This Black Fox is so beautiful! Do we really have to kill it?"

Lin Yi would've laughed at her for pretending to be innocent, but it was effective on the two brothers.

"Junior Sister, don't be soft-hearted towards this Fox just because it's cute. It's a darkness type demon beast, and it's bloodthirsty by nature. It doesn't ask for any reason and kills all living beings. It's the natural enemy of all races, so we have to kill it quickly."

Yun moxiang patiently explained to Wang shiqing, as if to show off his understanding and research of the magical beasts of darkness.

"If that's the case, then why wasn't the Black Fox killed, but imprisoned here?"

Wang shiqing didn't mind talking nonsense with Yun Momo so that she would have time to think about how to deal with the Blackwind three-tailed Fox.

Although the heifeng three-tailed Fox looked like it was dying, it might not be easy to deal with!

Only a fool like Yun mochen would think that it was easy!

Of course, Wang shiqing wasn't just thinking about this. She was also thinking about the final distribution of benefits.

There were many precious materials on the black wind three-tailed Fox, and the task only required her to hand over the inner core. There were no other restrictions, so Wang shiqing was naturally tempted.

However, the two Yun brothers were not idiots. They seemed to be obedient to her now, but when it was time to pick the peaches, they might not take care of her.

"That's because the Academy locked us up for a trial! We can't deal with the heifeng three-tailed Fox in its peak state, but it's quite suitable for this weak little guy. "

Yun moxiang continued to explain to Wang shiqing with a smile.

Yun Hu N felt that she couldn't just stand there, so she ran over and interrupted,""The Academy wants us to familiarize ourselves with the darkness magical beasts" fighting style, and their most powerful skill when they are dying! In the future, if we really encounter darkness magical beasts, we'll have some experience!"

"So that's how it is. The Academy really put in a lot of effort! I don't know who the senior who set up this place is, he's really amazing, he was actually able to imprison the darkness magical beast, so powerful!"

Wang shiqing clicked her tongue in admiration, but she was thinking about how there was probably one darkness demon beast imprisoned in each of the previous three passages.

He didn't know what kind of magical beasts those three were, and whether the people who had completed the mission had successfully obtained them.

"That's right! Unfortunately, I heard that this place has existed for a long time. I don't know how long it has been here, but that senior might have already passed away. "

Yun mochen sighed and lowered her voice,""Junior Sister, I heard that this place has issued no less than seven or eight missions."

Wang shiqing was slightly surprised. After all, she was a new student at the unparalleled Academy, so she was unfamiliar with these things. She wasn't as deeply rooted as the Yun brothers in the Academy.

If that was the case, did that mean that there were more than four cages?

In other words, there were actually many passages like the one-of-four earlier, but they could only come and see this one?

It was a bit strange to think about it this way. There were so many darkness magical beasts that had disappeared for a long time, but they were still imprisoned here. Perhaps there was some kind of secret behind this.

Wang shiqing couldn't figure it out, so she focused on the three-tailed Fox.

Yun Hu N had already started to look for a way to open the cage. In fact, it wasn't difficult to find it. At the edge of the cage, there was a palm-sized glowing area. It was the opening array of the cage!

This formation should be related to the vital signs of the living being imprisoned in the cage. It would only appear when the life force dropped to a certain level.

Of course, Yun hunyun and the others didn't know about this, and neither did Lin Yi. This was because the shadow God-devouring Lion didn't reveal this formation.

"Let's quickly get rid of this heifeng three-tailed Fox and leave. To be honest, I don't feel very comfortable here."

Yun moxiang turned to Wang shiqing and saw Yun Yunyun placing her hand on the activation array.

The metal bars rumbled as they turned and rose up. The heifeng three-tailed Fox slightly raised its head and looked at the three people outside the cage.

At the same time, the passage that the three of them came from was sealed at the same time. As expected, one could only enter and not leave this place. If they wanted to leave, they would probably have to complete the task before a new passage would appear.

"This Blackwind three-tailed Fox is about to die. It doesn't seem like there's any trial effect even if we attack!"

Yun Hu N's mouth twitched, and she was very disdainful of the mission's target.

Yun Momo, on the other hand, was on high alert. He looked at the Blackwind three-tailed Fox, which seemed to be on the verge of death, and was ready to attack.

Chapter 6628 Cunning Fox

"It looks so pitiful, I really can't bear to do anything to it."

Wang shiqing blinked her eyes and thought about how she could get the most benefits.

The two brothers of the Yun family were very strong. Although they usually didn't like each other, if Wang shiqing really wanted to set them up, they would definitely stand together against her.

He had no choice. If he really couldn't do it, he could only act coquettishly and then use some talismans to exchange for benefits. That was the only way.

It wasn't that Wang shiqing didn't want to kill the two brothers, but it wouldn't be easy to explain when she returned to Wushuang Academy. Besides, it would be much more convenient to have the two of them by her side!

Therefore, Wang shiqing wouldn't have made this choice if she had a choice.

"Junior Sister, you're too kind. When dealing with a darkness demon beast, what's there to be soft-hearted about? You guys don't need to move, I can handle this alone!"

Yun Hu N laughed heartily, patting her chest as she strode into the cage.

Perhaps the heifeng three-tailed Fox used to be very powerful, but now, its aura was very weak. It was probably only at the peak of the mid-stage of the xuansheng realm. Yun hunyun felt that she could crush the heifeng three-tailed Fox with one finger.

The heifeng three-tailed Fox's eyes were dull and listless as it watched Yun hunyun walk over step by step. It seemed to have given up and was too lazy to even move.

"Heifeng three-tailed Fox, there's no point in you suffering so much. I'll help you end it! Don't worry, I won't let you feel any pain. You'll be fine soon!"

Yun Hu N chuckled as she approached the heifeng three-tailed Fox. There were already flames burning on her raised palm.

"Senior Brother Yun er, please don't burn it. It'll be very painful, and it'll burn its beautiful fur. I want a fur coat!"

Wang shiqing suddenly raised her voice, and Yun Hu N's footsteps immediately slowed down.

"Ah? Like this? Then I won't use the flame!"

Yun Hu N turned around and agreed.

The fur of the black wind three-tailed Fox was very precious, and it could be made into a very gorgeous robe. Since Wang shiqing asked, he would naturally be satisfied.

Of course, ordinary flames couldn't hurt the black wind three-tailed Fox's fur, but Yun Hu N's was different. It was obtained from a top-grade companion Spirit Fire Crystal. Although its power was not as strong as the heaven and earth Spirit Fire, it could be said to be the strongest flame among the companion Spirit Fire crystals.

The heifeng three-tailed Fox, whose eyes were dim as if it had already given up and was waiting for death, suddenly had a tremendous change the moment Yun Huiyun turned her head!

The gloominess in the heifeng three-tailed Fox's eyes was swept away, and a hint of slyness flashed in its eyes. Then, its dying body suddenly tensed up and bounced up!

It was as if a whirlwind had appeared in the cage, and before Yun Hu N could react, the heifeng three-tailed Fox had appeared beside him like a ghost.

A Fox, no matter if it was a spirit beast or a magical beast, was definitely the representative of cunning and intelligence!

The same was true for the heifeng three-tailed Fox. It might be very weak, but it was definitely not on the verge of death like it was before.

Everything was a disguise to numb the enemy so that they could turn around at the critical moment and obtain the greatest chance of survival!

The careless Yun Hu N had indeed fallen into the trap, and the heifeng three-tailed Fox had instantly closed in on her. The situation had been completely reversed!

Wang shiqing's eyebrows twitched, and her eyes flashed with understanding.

The heifeng three-tailed Fox was cunning, and the little loli had expected this to happen!

As for Yun Hu N, if he were to be killed by the heifeng three-tailed Fox, he could only blame himself for not being skilled enough!

"Be careful!"

Yun Momo cried out involuntarily. No matter how much he disliked Yun Yunyun, he was still his younger brother. Yun Momo naturally could not sit by and do nothing.

As Yun Momo shouted, he had already dashed out to save Yun hunyun. Unfortunately, no matter how fast he was, he could not be faster than the heifeng three-tailed Fox!

If Yun Hu N couldn't save herself, when Yun Mochen went over, she would probably only be able to collect Yun Hu N's corpse.

When Yun Hu N saw the change in Yun Momo's expression, she felt an extreme sense of danger. At this time, she could not care less about anything. Without looking back, she turned her palm and the flame Python rose up, whistling and rushing towards the position where the Blackwind three-tailed Fox was.

At the same time, Yun Hu N stomped on the ground and flew back, trying to put some distance between her and the heifeng three-tailed Fox.

If it was an ordinary darkness demon beast, Yun Yunyun's reaction would have allowed him to escape unscathed. Unfortunately, he had encountered the Blackwind three-tailed Fox!

Smart, cunning, and most importantly, a Swift attack like a whirlwind!

The heifeng three-tailed Fox easily dodged the flame Python, and its speed was not affected at all.

Yun Hu N's retreat was not completely useless, but it was still too late. Of course, he was just not killed by the heifeng three-tailed Fox in the first instance.

Originally, the heifeng three-tailed Fox was going to bite Yun hunyun's neck. However, because he suddenly retreated, the heifeng three-tailed Fox could only take a step back and bite Yun hunyun's shoulder.

The blood spurting out, but was greedily sucked in by the heifeng three-tailed Fox. Unfortunately, there was too little time. It did not dare to be too presumptuous. In the end, it tore off a piece of muscle and retreated like a ghost.

Under Yun Hu N's control, the flaming Python swept back, but it brushed past the heifeng three-tailed Fox, which had dodged in time. It did not even touch a single hair on the Fox.

Yun Yunyun screamed and staggered a few steps before she could regain her balance. At the same time, Yun moxiang had finally arrived. She stared at the heifeng three-tailed Fox warily and protected Yun Yunyun behind her.

The heifeng three-tailed Fox squinted its eyes and looked at the Yun brothers indifferently. It chewed twice and swallowed the piece of shoulder meat that it had torn off. A trace of satisfaction flashed in its long and narrow eyes, and it looked a little red.

"Little children, I really have to thank you for sending me blood food from thousands of miles away. In order to thank you, I will definitely taste your bodies well and not let down your fine skin and tender flesh!"

The heifeng three-tailed Fox stretched out its bloody tongue and licked its mouth. Its soft voice said something that made people shudder.

Yun Hu N felt dizzy, partly due to the loss of blood, and partly due to anger. She was clearly a Fox that was about to die, and was only half a breath away, but in the end, she still managed to bite back, almost breaking his neck!

The wound on her shoulder wasn't too serious, but the wound on Yun Yunyun's self-esteem was still dripping with blood, and it couldn't be healed no matter what.

"Stinky Fox! You dare to trick this young master! You're looking for death!"

Yun Yunyun randomly swallowed a healing elixir. After stopping the bleeding, she let out a loud roar. The two flaming pythons immediately crossed each other and quickly circled the entire cage.

The heifeng three-tailed Fox sneered. With a gentle swing of its three tails, it passed through the gap between the flaming pythons like a breeze and appeared next to Yun Hu N and Yun mochen!

Chapter 6629 Withdrawing From Battle

After eating a piece of Yun hunyun's flesh, the heifeng three-tailed Fox's aura had clearly increased. During the years it had been imprisoned, it had not had any chance to eat at all, and it could not absorb spiritual energy to cultivate in the cage.

The heifeng three-tailed Fox had completely used its own blood essence to survive, so its strength had been greatly reduced. Now that it had eaten Yun Yunyun's flesh and blood, which was rich in spiritual power and true Qi, it immediately recovered.

Moreover, after seeing blood, the darkness demon beast's bloodthirsty attribute would also be activated. In order to satisfy its desire for fresh blood, the heifeng three-tailed Fox would definitely attack the Yun brothers with all its might.

Wang shiqing stood outside the cage, holding a few talismans in each hand as she watched the battle indifferently.

Once the Yun brothers joined forces, their strength would also be greatly improved. In its weakened state, the heifeng three-tailed Fox might not be able to do anything to the two of them for a while.

Similarly, it would not be easy for the two brothers to completely suppress the heifeng three-tailed Fox.

The battle went on like this, and as time passed, the Yun brothers became more and more disobedient!

After the cage was opened, the spirit Qi from the outside world flowed into the cage. The Blackwind three-tailed Fox was like a thirsty beach that was absorbing water, constantly absorbing the spirit Qi.

Although it was slow, it was undeniable that the Blackwind three-tailed Fox was slowly recovering its strength!

"Junior Sister, hurry up and attack!"

Yun moxiang took the time to shout.

Yun moxiang and Yun Hu N didn't want Wang shiqing to do anything. It was embarrassing for them to ask a little girl for help.

However, at this point, they could no longer care about their pride. This was a genuine darkness demon beast. When it was weak, they could beat it up, but once it recovered its strength, they would be no match for it!

"My two senior brothers, I can't do anything when you're fighting each other!"

Wang shiqing's small face was full of grievance, and her big eyes were misty as if she was going to cry at any moment.

Wang shiqing squeezed the array talismans in her hand, feeling helpless and pitiful.

Unfortunately, the Yun brothers did not have the time to watch her performance. The pressure from the heifeng three-tailed Fox was getting bigger and bigger, and they could not afford to be distracted.

"I can't take it anymore. Let's go out first and close the cage. Otherwise, the more spiritual Qi there is, the faster the Fox's strength will recover."

Yun moxiang forced the heifeng three-tailed Fox back and roared at Yun Hu N.

The two of them joined forces and barely managed to keep the heifeng three-tailed Fox in the cage. If it were to get out, it would probably be invincible!

The scariest thing was that the passage they came from had disappeared, and they had no way out. With their way out cut off, they were basically dead if they were to face the powerful heifeng three-tailed Fox.

As for Wang shiqing, Yun Moyan had already given up hope. The talisman was indeed a good thing, but if it didn't hit the enemy and instead landed on one of her own, it would only lead to a worse death.

"Good! Retreat!"

"Attack!" Yun Hu N roared. The two flaming pythons no longer tried to attack. Instead, they retracted their attacks and began to defend against the heifeng three-tailed Fox's breakthrough.

If it had more time, the heifeng three-tailed Fox could have easily broken the seal. Unfortunately, it was in a weak state, and it did not have even 10% of its strength left. It would not be easy to recover.

"You want to run?"

The heifeng three-tailed Fox screeched coldly, and a violent Black Whirlwind blew in the cage. Each Black Whirlwind was as sharp as a blade, and it could cut a person's skin and flesh at any time.

Under normal circumstances, the fire would borrow the wind's power, and Yun Hu N's flame Python would be able to restrain the Blackwind three-tailed Fox's skills. However, this was not the case. The black Whirlwind was extremely powerful, and Yun Hu N's flame Python was blown to pieces. It was even almost extinguished by the wind.

The heifeng three-tailed Fox was also going all out. Once the two of them successfully escaped from the cage and re-activated the mechanism, the spiritual energy inside and outside the cage would be isolated again, and it would once again enter the terrifying hell that would continue to consume its own energy.

Yun mozhao and Yun Hu N gritted their teeth and held on. Their only advantage was that they were at the edge of the cage. As long as they could escape the cage and lower the metal bars, they would be done.

This time, it had suffered a small loss. After the battle was over, it wouldn't be too difficult to kill the three-tailed Fox with Wang shiqing's cooperation.

Wang shiqing squinted her eyes and hesitated. If she wanted to have the Blackwind three-tailed Fox all to herself, now was the best chance.

As long as Wang shiqing put down the metal bars, the Yun brothers and the heifeng three-tailed Fox would be locked up in the cage together. Under such circumstances, they had no choice but to fight to the death.

Meanwhile, Wang shiqing could just sit back and watch the two tigers fight. When both sides were injured, she would open the cage and clean up the mess. With the array talismans in her hands, she could completely crush the winner.

"Forget it. These two are still useful. It's a pity to die like this."

Wang shiqing gave up on this tempting idea.

Yun moxiang and Yun Hu N retreated as they fought, and they finally stepped out of the cage. The Blackwind three-tailed Fox had almost half of its body following them out.

"Junior Sister, quickly close the cage!"

Yun moxiang couldn't help but shout for Wang shiqing's help.

Even if he didn't have the ability to fight, he should be able to do this small thing, right?

"So scary! I don't want this Fox to come out!"

Wang shiqing suddenly screamed. She didn't care about the closing of the cage. She activated the array talismans in her hand and threw them into the cage with her eyes closed.

The two Yun brothers had already left the cage. After these talismans passed them, they began to explode!

The heifeng three-tailed Fox was also very knowledgeable. It knew that it couldn't resist this formation by force, so it turned into a Black Whirlwind and retreated quickly.

After a series of explosions, the cage's entrance immediately closed. Yun moxiang's reaction was extremely fast. She immediately lowered the metal bars and closed the cage again.

The heifeng three-tailed Fox retreated to the deepest part of the cage and stared at Wang shiqing with its red and angry eyes. It really wanted to swallow this damn little girl.

"That's great, Junior Sister, you did well!"

Yun Hu N's tensed up nerves relaxed, and she stumbled, almost falling to her knees. However, she didn't forget to praise Wang shiqing.

"Yes, Junior Sister, you did very well. Don't be afraid, that Fox won't be able to come out."

Yun mochen also came over to comfort Wang shiqing. The two-faced little loli's eyes were still closed, and tears were still flowing down her face.

"You can't get out?"

Wang shiqing opened her eyes and peeked at the cage. She was relieved to see that it was closed.

"You see, is it already impossible to get out? If not for Junior sister's last attack with the talisman, we would have been in danger. Once that Fox comes out, its recovery speed will increase greatly! Next time, Junior Sister, you can do better and kill this Fox in the cage. "

Yun moxiang consoled and encouraged him, hoping that the next battle would be smoother.

Chapter 6630 A Dangerous Signal

"Next time, with Junior sister's help, that Fox won't be able to cause any waves at all. When I'm better, I'll immediately kill this little competition's adopted son!"

Yun Hu N waved her hand fiercely, but it ended up touching the wound on her shoulder, causing her to grimace in pain.

Originally, this kind of injury was not a problem for him at all. However, he could not heal his injuries during the battle, which led to many tears, making it even more serious than before.

"Yes, I won't be afraid next time. I won't be a burden to you two!"

Wang shiqing clenched her fists tightly as if she was cheering herself on. Then, the way she looked at the cage suddenly changed.

Did you not control the talisman attack just now?

Wang shiqing was a little shocked. The formation that controlled the cage was damaged, and the light of the formation was unstable.

Just as he was looking at it, the control array suddenly shone brightly and then silently collapsed ...

The metal bars rotated and rose again. The two Yun brothers had their backs to the cage, so they didn't notice this abnormality at all.

The heifeng three-tailed Fox, who had been hiding in the deepest part of the cage, had already come to the railing like a ghost, as if it had expected the cage to open!

It wasn't the attack of the talisman that had a problem, but the trick of the heifeng three-tailed Fox!

Wang shiqing immediately realized that she hadn't noticed this detail because she had been screaming with her eyes closed while she was acting!

It should be that the heifeng three-tailed Fox had attacked the control formation while it was retreating!

He was indeed a cunning Fox. He was so meticulous that the three of them didn't even notice it!

Wang shiqing didn't have the time to remind him. The cage was opened very fast, and the prepared three-tailed Fox dashed out from the half-opened cage like a breeze.

"Explode!"

Wang shiqing didn't bother to hide anymore. She waved her hands and an attack talisman exploded in the air, blocking the three-tailed Fox's sneak attack!

As for the other defensive talisman, it covered all three of them.

This time, Wang shiqing's reaction was so fast that it was like she was a completely different person!

Even so, they were still a step too late. Before the defensive talisman was activated, the Yun brothers, who were caught off guard, suffered a long-range attack from the heifeng three-tailed Fox!

Dozens of small and sharp black wind blades hit them first, bringing out a rain of blood.

Fortunately, Wang shiqing was smart enough to hide behind the two of them and wait for the defensive barrier to activate.

"To hell with it!"

Wang shiqing couldn't help but Mutter. The Yun brothers "injuries weren't fatal, but they'd lost 70 - 80% of their combat power in a short period of time. They wouldn't be able to help much.

Not only could he not help, but he also needed Wang shiqing to take care of him. Wang shiqing was extremely depressed about this.

After the heifeng three-tailed Fox left the cage, its recovery speed was obviously faster.

Previously, Wang shiqing was confident that she could kill the Blackwind three-tailed Fox in the cage, but now, she only had less than 50% confidence.

The three-tailed Fox was too fast, and the space outside the cage was too big. It was hard for Wang shiqing to lock onto it.

As time passed, this situation would only become more and more serious. Unless she used a large area attack talisman, but that would very likely affect the three of them.

All in all, the dividing line between hunter and prey was already blurred. Who knew when it would completely reverse!

Wang shiqing wasn't the only one in trouble-Lin Yi was in trouble as well!

Lin Yi found a hidden teleportation formation near the cage by accident, and he started studying it with interest.

It wasn't a big deal to research teleportation formations-the demonic thing and Lin Yi could both set up short-distance teleportation formations, and they could be considered half-experts in this area.

Lin Yi activated the teleportation formation for easier research-he didn't have to worry about getting teleported away as long as he wasn't in the area. He'd always been in a hurry when he came across teleportation formations before, and he'd never had the chance to study them up close.

This time, Lin Yi and the ghost finally had a chance. They were all focused on the teleportation formation, so they didn't notice that outside the lion's cage, there was a control formation that controlled the opening of the cage!

Not only that, but the light that controlled the array was also flickering and seemed to be very unstable. Although it did not collapse directly like the Blackwind three-tailed Fox, it was still on the verge of collapse.

"Eh, senior ghost, why do I feel like something is wrong?"

A faint warning came from the Jade space, making Lin Yi's heart skip a beat.

"What's wrong? Don't be noisy, this old man is busy!"

The thing was getting impatient, annoyed that Lin Yi was disturbing it.

Lin Yi's lips twitched-the Jade space was sending out warnings, and it didn't seem like anything big was going to happen.

Lin Yi tilted his head. As long as he didn't die, it wasn't a big deal!

But it didn't feel too good. He frowned and started searching.

"Could it be a problem with the teleportation formation? Could it be that there's some kind of danger approaching from the other side of the teleportation formation, and keeping the teleportation formation open will bring danger over?"

Lin Yi scratched his head. It was a bit of a wild imagination, but it wasn't impossible.

In fact, Lin Yi's guess was quite accurate. The source of the danger was indeed caused by the teleportation formation!

However, the direction he was coming from was not the opposite side of the teleportation array, but behind him!

"Senior ghost, turn off the teleportation formation first. We don't know where the energy source for the teleportation formation is coming from, but if it's used up, we might not be able to leave."

Lin Yi felt that something wasn't right.

"Don't talk nonsense. When the energy of the teleportation array is almost exhausted, we can just leave. And there's still a huge area out there that hasn't been explored yet, and you're already thinking of leaving?"

The damn thing was just brushing him off-he didn't even want to talk to Lin Yi.

Lin Yi's mouth twitched. He knew that it wouldn't be easy to convince this damn thing who was obsessed with formations. He didn't say anything more and looked around casually.

He was just looking around casually, but Lin Yi's eyes froze.

There was a palm-sized control array outside the shadow God-devouring lion's cage, and it was flashing faster and faster, as if it could be extinguished at any moment.

"Senior ghost, something's not right. Look at the control formation over there!"

Lin Yi's heart started to beat faster-he was a pretty good formation master, after all, and he could tell the problem with one look.

Lin Yi was also shocked to find that the frequency of the formation was almost the same as the warning in the Jade space!

The Jade space was reminding Lin Yi that the moment the formation was extinguished, the shadow God-devouring Lion would be in danger!
