

Bodyguard 6631

Chapter 6631 Wicked Lion

"You talk a lot today! Can't you just stay by the side and be a handsome man? What control formation?"

The demonic thing was getting impatient, but it forced itself to look in the direction Lin Yi was pointing at. Its essence spirit shook, and it woke up completely.

"A formation that controls the opening of the cage! Who's such a scammer!"

The demonic thing was shocked and immediately wanted to get the person who set up the formation out and give him a good beating.

He was an array master, so he could tell with a glance that the control of the array was due to a problem with the energy maintaining the array. This problem was most likely caused by the activation of the teleportation array.

The energy used by the teleportation array and the control array were shared, so if the teleportation array continued to consume energy, the control array would run out of energy. It had been hidden, but now it was exposed.

"Close the teleportation formation! That damned Lion is coming out!"

The ghastly thing ordered Lin Yi to shut down the teleportation formation without hesitation. Although he really wanted Lin Yi to kill the lion, he didn't have the confidence to do so, so it was more important to keep his life first.

Lin Yi was already used to listening to these things, and he instinctively closed the portal.

The light of the teleportation array flashed and then began to dim, but at the same time, an accident happened.

The control formation also dimmed after a flash. The thick metal bars began to spin up silently.

The cage was opened!

For the first time, the ghostly thing felt like it was out of control. Even at its peak, it wouldn't have been able to easily crush the shadow God-devouring Lion, much less in its current state.

The damn thing felt like it had jumped into a pit it had dug today, and it was an extremely huge pit!

The damn control formation, it just had to be destroyed the moment Lin Yi shut down the teleportation formation!

There was really no limit to the traps!

Even if it was destroyed a second earlier, the damn thing could still let Lin Yi escape through the teleportation formation!

If he'd been a bit late, Lin Yi could've at least restarted the formation, but it was still in a closed state. There was a short cooldown time before it could be activated again, and it was enough for the lion to yawn and stretch before coming back to Lin Yi!

"Run!"

The thought crossed Lin Yi's and the ghostly thing's minds at the same time. The lightning flashed and charged into the quicksand-shaped entrance.

Hopefully, it wasn't a one-way tunnel that only allowed entry and not exit ...

In an instant, Lin Yi's lightning arc appeared at the quicksand entrance. Fortunately, it was indeed an exit.

But it wasn't that easy to get out either, because this was an entrance that was pulled inward. If they left in the opposite direction, they would need to spend more energy.

It was like running on a treadmill—he might still be in the same place after half a day, but if he didn't, he'd be brought back. The pressure prevented Lin Yi from even using his lightning escape.

Lin Yi knew that he was in big trouble today. The Jade space's warning was getting more and more intense. He took a step back without hesitation and used his lightning escape to get away from the entrance.

Immediately after, a shockwave exploded at the entrance. If Lin Yi didn't run fast enough, he would've been heavily injured, if not dead.

"You're pretty good at running away. If you have the ability, continue running!"

The lion was like a king, standing proudly in front of the cage. Its eyes had a hint of disdain and mockery towards Lin Yi.

"Why are you running? This guy's strength is even lower than I expected. He's only at the peak of the late stage of earth creation!"

The ghastly thing suddenly realized that the aura the shadow God-devouring Lion was displaying was not as powerful as it had imagined, and it immediately gained an inexplicable confidence.

It seemed that the cage had greatly weakened the shadow God-devouring Lion. In the outside world, a peak of late earth-splitting stage would be considered an expert. However, to the shadow God-devouring Lion Clan, it was simply a newborn or an old lion on the verge of death.

However, the lion's influence on one's consciousness was fatal. It wouldn't have encouraged Lin Yi to fight it if it didn't have a choice.

"Good! Then let's kill it!"

Lin Yi activated his lightning escape and appeared on the lion's left side in a flash.

At the same time, Lin Yi took out the Black Pearl.

"Your lightning escape technique is not bad. However, you're too naive if you think you can get close to me with this!"

The shadow God-devouring Lion glared at Lin Yi in disdain before disappearing into the darkness, disappearing without a trace.

The black bead in Lin Yi's hand lost its target instantly-it'd just be a waste even if he activated it ...

"Hell! What's going on?"

Lin Yi subconsciously used his lightning escape to leave the place, and as expected, an invisible shockwave exploded at his previous position again. The force was stronger than before.

"Shadow God-devouring Lion. Do you understand why it's called that?"

The demonic thing was helpless. He wanted Lin Yi to use lightning escape to catch it off guard, but the lion wasn't going to let it off so easily. It used its innate ability to merge with the shadows!

This kind of ability that allowed them to be immune to almost 90% of physical attacks, in addition to the soul-devouring ability that could annihilate divine sense, established the shadow God-devouring lion's position as a powerful magical Beast of Darkness.

"How do we fight this? Let's find a chance to escape!"

Lin Yi was a little depressed-this was the first time he'd met someone stronger than him, and with such a sick style.

"The teleportation array will take a while to activate. Try to stay as far away from the teleportation array as possible. Then, use the lightning escape technique to activate it!"

The ghastly thing quickly commanded.

At this moment, the ghostly thing didn't want Lin Yi to kill the shadow God-devouring Lion anymore. It was more important to keep its life.

The flow of Qi around him was clearly getting faster-this was a sign that the lion was absorbing Qi. The longer it took, the worse it was for Lin Yi.

However, what Lin Yi didn't expect was that the lion's next attack wasn't aimed at him, but at the teleportation formation not far away!

With a loud explosion, the teleportation array was instantly destroyed. Not to mention a while, even if it was a lifetime, it could not be activated again!

"I'll F * ck your grandfather's legs ..."

Lin Yi wanted to cry, but no tears came out. This damn Lion, not only were its moves abnormal, but its actions were also so wicked!

Was this the power of the darkness magical beast?

"This damn bastard, it wants to keep you here as food! You can only try your best to kill it, or else you'll be killed by it!"

The demonic thing was furious. The perfect plan he had just set up had been ruined by the shadow God-devouring Lion before it could even be implemented.

This was simply preposterous!

Chapter 6632 Struggling

Lin Yi didn't reply. He knew that he had to go all out this time. He could still deal with the lion before it recovered its strength, but if he waited for it to recover, it would be dead.

The lightning bolts flashed around, and Lin Yi didn't dare to stay in one spot for more than a second. The lion wasn't as fast as the lightning escape technique, but its attacks weren't slow at all. It was practically chasing after Lin Yi.

"I can't go on like this. If I just run away and get beaten up, I'll only be pressed to the ground and beaten up. I have to fight back!"

Lin Yi gritted his teeth as he tried to figure out where the lion was.

He had already put the black bead away. In a situation where he could not determine the target, using the black bead was a waste of his trump card.

For now, he could only try using a super powerful move.

As Lin Yi kept moving, a super alchemy fire bomb appeared in each of his palms.

This time, he wasn't going to throw it out casually. Instead, he was going to condense it until he could control it to the limit!

Not only that, Lin Yi also tried to fuse the fire from the icy fire into it, but it was a bit difficult. He couldn't fuse the two super alchemy bombs at the same time, so he chose the one on his right hand.

Men would subconsciously choose their right hand sometimes, and Lin Xiaoyi was no exception.

It was a difficult process, but Lin Yi was sure that he'd managed to get some of the Ice and Fire into his body.

However, the Super alchemy bomb became unstable after the infusion of the icy blaze fire, and the infusion speed of the other types of true Qi began to slow down accordingly.

Lin Yi could easily tell which bomb was stronger.

However, he could use the shadow God-devouring Lion as an experiment.

Lin Yi's lightning arc spun twice in the air, avoiding two of the lion's attacks before stopping.

"Over there!"

Lin Yi's eyes focused on a certain empty area-the shadows there didn't look any different from the other areas.

However, all the spiritual Qi in the space was gathering in that direction!

The lion needed Qi to recover, and it was like pointing Lin Yi in the right direction to attack!

Lin Yi threw out the Super alchemy bomb that contained the icy blaze. As Lin Yi's strength increased, the weakness of the Super alchemy bomb's slow firing became less and less obvious.

This time, the attack was like a meteor falling to the ground, landing on the shadow in an instant. Of course, this was also because Lin Yi used his Thunder escape technique to get close to it.

The cold and heat formed a strange balance after the explosion, and within Lin Yi's control, a vortex-shaped shock wave appeared, but the outermost layer was covered in bright frost, limiting the power within this area!

Lin Yi's body flashed, using his lightning movement to avoid the explosion before checking the results, which surprised him.

"So strong! It's several times more powerful than a normal super pill fire bomb. "

Lin Yi exclaimed. It was a pity that the surprise attack didn't kill the lion.

When Lin Yi appeared, the lion's attack followed. It was clear that the Super alchemy bomb didn't cause any fatal damage to it, or rather, it missed.

"Is it too slow? Or did he not find the right place at all? Or perhaps you found the right place, but you couldn't break through the lion's shadow defense?"

Lin Yi dodged again as he quickly thought of a plan.

However, the Qi's direction had changed, and it wasn't in the explosion area anymore. Lin Yi's judgment was right.

Lightning arcs flashed continuously. Lin Yi dodged the lion's attacks as he approached the center of the Qi flow. At the same time, another super alchemy bomb slammed down!

Without the unstable element of the icy blaze, Lin Yi could still control this super alchemy bomb.

Under Lin Yi's guidance, the force of the explosion followed the flow of spiritual Qi and extended to the center. The entire Rocky space shook from the explosion.

The energy from the two super alchemy bombs hadn't dissipated yet, and under Lin Yi's intentional guidance, the two super alchemy bombs collided and stacked on top of each other, creating a new round of explosion!

The dark shadow God-devouring Lion couldn't sit still any longer. It was 90% immune to physical attacks, but Lin Yi's super alchemy bomb was beyond that. It was the 10% that could hurt it.

At the same time, Lin Yi created another super alchemy bomb and threw it into the vortex, creating the third explosion.

The power of the Super alchemic bomb this time was naturally not as great as the previous two, but the effect it displayed was not small at all!

The spiritual energy in the entire space was messed up by Lin Yi, and the lion couldn't absorb any more spiritual energy even if it wanted to. It was even injured by the shockwaves.

Lin Yi dodged the lion's attack with lightning escape again and looked up.

This Rocky space was already on the verge of collapse from the continuous battle. The gravel at the top was constantly falling, and irregular cracks were spreading like a spider web. It probably wouldn't last much longer.

The lion was no longer as calm and elegant as before after escaping the Shadow's protection. It started to chase after Lin Yi.

It wasn't as fast as lightning movement, but it had a wide range of attack. No matter how fast Lin Yi's lightning movement was, he couldn't escape this space and could be hit at any time.

Lin Yi could only continue to run. He had no choice. Even in its weakened state, the shadow God-devouring Lion was not something he could fight against. He could lose his life if he wasn't careful.

Lightning movement, ghost speed wings, three Cloud Dragon forms-even so, Lin Yi was forced into a difficult position.

To be honest, Lin Yi hadn't felt this kind of powerlessness in a long time. He didn't think he'd have to experience it again.

First, it was the old monster from the heavenly array sect, who stopped Lin Yi from moving with just his aura. And now, it was the shadow God-devouring Lion, and a weakened one at that!

If he waited for it to recover, Lin Yi guessed that even if it had the lightning escape technique, it would still be dead.

He was still too weak! He had to improve his strength!

Lin Yi screamed in his heart as the entire cave started to collapse, large pieces of rocks falling down.

Not only did Lin Yi have to Dodge the lion's attacks, but he also had to be careful not to get hit by the rocks. If he paused for a moment, the lion would take the chance to deal a fatal blow.

Chapter 6633 Destroying The Teleportation Array

The water outside the rock started pouring down in large amounts, and Lin Yi knew that his chance had come. If he didn't leave now, when would he?

With a flash of lightning, Lin Yi rushed out of the hole and into the water.

Although the consumption of the lightning escape technique would increase in the water, it was enough as long as he could escape.

Lin Yi threw out two more super alchemy bombs after he rushed out of the rock space. One of them was a new super alchemy bomb with the icy blaze.

As far as Lin Yi was concerned, the lion would definitely come after him when it saw him run away. Even if it didn't, it would still attack him continuously, and two super alchemy bombs would be enough to slow it down.

These two bombs weren't as powerful as the first two, but they weren't much weaker. Under Lin Yi's control, they exploded as soon as they entered the exit.

The continuous explosions mixed with Ice and Fire instantly tore through the entire outer layer of the Rocky space, forming a temporary Ice and Fire vortex in the area.

Lin Yi didn't care about the result and used his lightning escape technique to escape.

The shadow God-devouring Lion had indeed caught up at the first moment. Because it had not hidden in the shadows, the two super alchemy bombs had landed on its face!

Although it wasn't killed instantly, the weakened shadow God-devouring Lion was still heavily injured by this sudden attack.

If Lin Yi turned around and fired another shot with the black bead, he might really be able to kill the lion.

The injured Lion roared madly in the water, creating a powerful undercurrent. This made its injuries worse, but it was enough for Lin Yi to not know what was going on and turn around to kill it.

All this while, the lion had been suppressing Lin Yi on all fronts. He didn't expect to get hit in the end.

It had to be said that he had failed miserably.

As Lin Yi escaped and the lion was heavily injured, the battle on the other side continued.

The black wind three-tailed Fox moved like the wind. Wang shiqing's attack talisman couldn't lock on to it, while her defense talisman was constantly attacked by the black wind three-tailed Fox.

Even if the Blackwind three-tailed Fox was in its weakened state, the number of attacks was enough to shake the defensive barrier.

Wang shiqing glanced at the Yun brothers who were healing their wounds, and couldn't help but sigh in her heart that she had been too soft-hearted just now. She should have let them fight heifeng three-tailed Fox in the cage and have both of them suffer.

Now, not only was he unable to kill the Blackwind three-tailed Fox, but he was also going to die. He did not know when these two guys would recover. If they attacked together, there would at least be a chance to fight back.

At this moment, the cave suddenly began to shake. Small gravel kept falling from above, and it was getting bigger and bigger, as if it was about to collapse.

"What's going on?"

Wang shiqing was confused, not knowing what was going on.

But no matter what the situation was, it was of no benefit to her current situation. She was holding on to the defensive barrier, and her ability to move was equivalent to zero. If the cave collapsed, she would only be buried alive.

The heifeng three-tailed Fox did not change because of this. It still moved quickly, dodging and dodging between the falling gravel. From time to time, it launched a few attacks, making the defensive barrier on the verge of collapse.

Wang shiqing frowned and took out a teleportation talisman. The three-tailed Fox's strength was slowly recovering, and the gap between them would only get bigger and bigger if they continued to fight.

It seemed like she wouldn't be able to complete the task this time, so she didn't want to waste any more time.

"How did this happen?!"

The next moment, Wang shiqing's face was filled with panic. She wasn't pretending this time. The teleportation talisman in her hand couldn't be activated!

This place seemed to have restrictions on teleportation talismans. Wang shiqing had thought that she could escape if she couldn't win, but she didn't expect it to turn out like this!

"No, I have to find a way to leave!"

Wang shiqing quickly calmed down and started to plan.

The way out had been sealed off, so they could only look for a new way out.

Normally, there would definitely be another passage here for those who had completed the mission to leave.

The Academy's mission would not cause the students to be trapped in a predicament that they could not escape from. However, it had not appeared at this moment. Was it because the mission had not been completed?

Wang shiqing's mind spun quickly as a few more attack talismans appeared in her hand.

This time, she didn't chase after the heifeng three-tailed Fox. Instead, she spread out and attacked every corner of the cave. The concentrated attack wave almost swept through the entire cave.

The offensive talismans that Wang shiqing had chosen weren't very powerful, but they were large in number and had a wide range, so they were the most suitable for testing.

She intended to use this kind of small power but large area attack to find a possible retreat. As for whether the Blackwind three-tailed Fox would be hit, it was not within her consideration.

However, this kind of attack hit the Blackwind three-tailed Fox several times in a row. After all, the cave was not big, and there was little room to Dodge. It was normal to hit it a few times from time to time due to the dense attack waves.

Of course, the heifeng three-tailed Fox didn't care. An attack of this level couldn't threaten it.

"There it is! It's a teleportation formation!"

Wang shiqing's eyes flashed, and the teleportation formation hidden near the cage was destroyed by the concentrated attacks.

Fortunately, these attacks weren't very powerful, or else it would've been easy to destroy the teleportation formation.

The black wind three-tailed Fox also found the teleportation formation at the same time. Before Wang shiqing could do anything, it rushed over.

No matter where this teleportation array led to, as long as he could escape, it was better than being locked up in a cage!

As for the three little guys, the heifeng three-tailed Fox didn't care about them anymore. After all, they wouldn't have to worry about food when they got out of here, and the spiritual Qi outside would be more intense.

"Hmph! I knew you would want to run away, you Fox!"

A smug smile appeared on Wang shiqing's face. An attack talisman in her hand glowed brightly, and she launched a series of powerful attacks.

This was an attack talisman of the earth formation stage. If the heifeng three-tailed Fox was at its peak, it would have to be careful. But now, if it was hit, it would be almost useless.

Wang shiqing's timing was perfect. Her target wasn't the three-tailed Fox, but the teleportation array, which was the only way out!

"Little girl, you're really looking for death!"

The heifeng three-tailed Fox realized something was wrong, so it changed its direction and rushed toward Wang shiqing.

Those attacks all landed on the teleportation array, and with a series of explosions, more than half of the teleportation array was destroyed.

At the same time, the entire cave suffered a fatal blow, and the speed of its collapse accelerated.

"Junior Sister, why did you destroy the teleportation formation?"

Yun moxiang happened to open her eyes and saw this scene, and her expression immediately changed.

Although he did not know how they got out of the teleportation array, he knew at first glance that it was the only way they could leave.

Chapter 6634 Escape

"That bad Fox wanted to escape. I wanted to stop it, but I accidentally ..."

Wang shiqing began her performance out of habit, her face on the verge of tears. Yun Momo could not blame her for that.

She was such a lovely girl, and she had been protecting them all this time. Even if she had destroyed the teleportation formation, it had not been intentional. How could he, Yun mochen, continue to blame her?

While they were talking, the heifeng three-tailed Fox had already arrived outside the defensive barrier and began to attack it crazily.

In just half an incense's time, Wang shiqing had to re-activate the defense rune.

"Yun Hu N, quickly get up. This little injury won't kill you. If you don't get up, you'll really die!"

Yun mochen could no longer care about lamenting over the destruction of the teleportation formation. He kicked his younger brother hard.

Yun Hu N stood up in a daze, cursing and swearing as he began to fight back. He did not have the time now, but he would definitely settle the score with Yun Momo later.

Who would kick someone when they were healing? It was a good thing that Yun Hu N's healing was almost complete. Otherwise, he would have gone mad, my ass. That would be a huge problem.

The heifeng three-tailed Fox did not care about the addition of these two defeated soldiers in the battle. Its condition was getting better and better, and its speed was also getting faster and faster. It was like a ghost, and the attacks of the three people could hardly hit it.

The three of them weren't good at using long range martial skills or talismans, and the ones they had weren't of much use because they were too weak.

Wang shiqing felt that if this continued, the three of them would be eaten by the Black Fox sooner or later. Thinking about the bloody scene, she couldn't find a place to cry even if she wanted to!

It was a pity that the teleportation formation had been destroyed by Wang shiqing. She had thought that she would be able to escape by killing the Fox, but she didn't expect that she would die soon.

"Senior brothers, stop fighting. That Fox is very cunning. Each of you is responsible for one area of attack. Don't let it get close to you."

Wang shiqing had no choice but to order the two brothers to defend two areas first.

"Alright, Junior Sister, don't worry. Leave it to us."

"Yes," Yun moxiang replied. She didn't think that Wang shiqing's current behavior was completely different from the little girl from before.

Yun Hu N did not say a word. He was focused on attacking the Blackwind three-tailed Fox outside the defensive barrier. He had just been injured more severely, so his hatred for the Blackwind three-tailed Fox was naturally stronger. At this time, he wanted to catch the Blackwind three-tailed Fox and give it a good beating.

Wang shiqing assigned the two brothers their respective areas, then squinted her eyes and calculated in her mind how to trick the three-tailed Fox into her strongest attack point.

As it turned out, chasing and attacking was definitely not a good idea. He had to think of a strategy.

As she was thinking, a loud boom suddenly came from above her head!

Then, a large number of rocks fell from the sky. Wang shiqing didn't have to worry anymore. The entire cave was collapsing. The Blackwind three-tailed Fox also gave up attacking and started to escape.

"Junior Sister, let's leave quickly. It's too dangerous here!"

Seeing the heifeng three-tailed Fox Run away, Yun moxiang heaved a sigh of relief and quickly called Wang shiqing.

"Junior Sister, quickly use the teleportation talisman and give up on the mission."

Yun Hu N was also a little anxious. It was impossible to kill the Blackwind three-tailed Fox, so it would be good enough if it could keep its life.

Wang shiqing secretly rolled her eyes. If she could leave with the teleportation formation, why would she wait until now?

As for the mission, she had long wanted to give it up.

"Two senior brothers, this space is a little strange. My transfer talisman can't be activated, so we can only find another way out."

Wang shiqing wasn't in the mood to pretend anymore. She still spoke like a child, but her words were clear and organized.

Unfortunately, the Yun brothers were too focused on the three-tailed Fox to notice Wang shiqing's reaction.

"Junior Sister, let's go after the heifeng three-tailed Fox. That cunning thing must know the way out."

Yun moxiang was still calm. She knew that she could not defeat the Blackwind three-tailed Fox, but her best choice was still to follow it.

That was the most likely way to find the way out. Staying was waiting for death. If he caught up with the Blackwind three-tailed Fox, he would at most have a big fight, but he might not die.

"Good! Let's go!"

Wang shiqing nodded without hesitation. She retracted the defensive array talisman's defensive cover and only covered her surface. Then, she signaled the two to follow the heifeng three-tailed Fox.

Yun moxiang and Yun Hu N took the lead and flew over. At the same time, they did not forget to take out a defensive formation talisman to add a layer of defense to themselves.

Their level of talismans couldn't be compared to Wang shiqing 's, but at times like this, they would feel more at ease with more protection.

The black wind three-tailed Fox continued to jump among the gravel and arrived at the top of the crack. The crack suddenly burst open and a water column suddenly rushed down. The impact was so strong that even the black wind three-tailed Fox was suppressed and fell for a while.

The black wind three-tailed Fox did not panic even though it had no leverage in the air. A Black Whirlwind instantly formed and wrapped it in it. It forcibly reversed the flow of water and turned it into the thrust for it to rise up. It went against the flow steadily and quickly rushed out of the crack.

"What's outside? Is it seawater?"

Yun Hu N was a little dumbfounded. He did not have the ability of the heifeng three-tailed Fox, and this ability to go against the flow was really not something that could be imitated.

"Don't care what it is. Hurry up and rush out. Otherwise, we'll die Here!"

Yun Momo growled in a low voice, and blue veins appeared on his forehead. He was extremely anxious.

If it was just water flowing down, it wouldn't be a big problem. After this space was filled, people would float up.

However, the problem wasn't just the water flowing down. The rocks above were also falling down. Once the entire structure collapsed, the three of them would be completely buried here.

"I'll blast a hole. Everyone, focus your energy. We must take this opportunity to rush out. There's only one chance!"

Wang shiqing's expression was serious as she took out an attack talisman.

Without waiting for the two brothers to speak, Wang shiqing had already used the momentum to rise up. When she was close to the gap, she immediately activated the attack talisman in her hand.

The continuous waves of attacks hit the gap, instantly tearing it apart. However, the water flow was unable to enter because of the power of the attacks. Instead, it rolled back, forming a temporary space of reverse flow.

Wang shiqing didn't say anything. Her small figure shot out like lightning, and while there was no water impact, she rushed into the short space of water like a meteor and disappeared into the water outside.

The Yun brothers didn't dare to be slow, they were only a little slower, and they also rushed into it. Then, the space that was supported by the attack wave shattered with a loud bang, and swept down with an even more turbulent momentum.

Fortunately, the three of them had anticipated this. They fled with all their might into the distance, barely avoiding the water current. If they were pulled over, they would really be buried alive in the space below.

Chapter 6635 The Powerful Lin Er

"That's Lin er?"

The three of them finally got out of danger and were still worried that the heifeng three-tailed Fox would launch a sneak attack here. However, they found that there was a person fighting with the heifeng three-tailed Fox in the water in the distance.

Yun Yun looked at that person in disbelief and couldn't help but exclaim in a low voice.

That cannon fodder? He was fighting the three-tailed Fox alone? And it didn't seem like he was at a disadvantage?

The three of them had a layer of defense on the surface of their bodies, so it did not affect their ability to speak in the water. Although their voices were a little muffled, it was not a big problem for them.

Yun mochen was completely silent. She really didn't know what to say. Seeing this cannon fodder's performance, she could only rejoice in her heart that he had not killed the three of them with a single slap.

Only Wang shiqing clenched her fists and gritted her teeth.

"It really is Lin Yi! This guy actually pretended not to know me, this is preposterous!"

Wang shiqing saw the lightning in the water and added with her suspicion, she was sure that Lin er was Lin Yi!

That lightning movement technique had basically become Lin Yi's signature technique. There might be others who knew it, but it was hard to find someone who could use it continuously like him.

Lin Yi was quite troubled as well-it wasn't easy for him to escape, and he didn't know if the shadow God-devouring Lion would come after him.

Didn't this darkness magical beast disappear for a long time? Why were they like cabbages on the side of the road, one at a time, and a pair at another?

Luckily, the three-tailed Fox wasn't too strong. It seemed to be in a weakened state, so it wasn't too hard to deal with. Lin Yi decided to go all out and end the battle as soon as possible.

Even without the shadow God-devouring Lion, obtaining the Blackwind three-tailed Fox was a pleasant surprise.

Compared to Lin Yi, the heifeng three-tailed Fox was even more depressed. It thought that it was food that came to its door, but it didn't expect it to be stone instead of fresh meat!

And it was a big rock that could break his teeth with one bite!

Lin Yi had been maintaining his identity as Lin er and his strength was at the peak of the advanced stage of nascent soul. In the eyes of the three-tailed Fox, Lin Yi was definitely the best snack.

Who knew that Lin er's combat strength would be even more terrifying than the three of them combined?

"Human, it's not safe here. Let's stop and go our separate ways!"

The heifeng three-tailed Fox couldn't gain any advantage. Instead, it was at an absolute disadvantage, so it could only ask for peace.

It was known for its speed, and the black Whirlwind was balanced in attack and defense, but it was greatly reduced in water.

On the other hand, Lin Yi's lightning escape technique didn't slow down even though it consumed a lot of energy in the water. The three-tailed Fox was in a lot of pain.

"Do you think you can fight and stop whenever you want? Who Do You Think You Are?"

Lin Yi's lips curved into a mocking smile. He finally got to vent all the frustration he'd had from the shadow God-devouring Lion.

"Human, don't go too far. If I go all out, you won't have an easy time either!"

The heifeng three-tailed Fox was a little angry, but its voice was still soft and slow.

Unfortunately, Lin Yi didn't buy it at all. Who didn't have a trump card when it came to explosive power?

"What bully? are you even human? If you want to fight, then hurry up. I'm in a hurry. If you don't fight for a while, you won't have a chance. "

The more Lin Yi fought, the more relaxed he became. Without the shadow God-devouring Lion by his side, his spirit sense was still restricted, but it didn't affect his battle.

Lin Yi tested it twice and got a rough idea of the situation. He released three swirls of consciousness and surrounded the three-tailed Fox in the middle.

Then, Lin Yi used the lightning to weave an electric net, making it impossible for the three-tailed Fox to escape.

"Dammit! How can this person be so strong?"

The heifeng three-tailed Fox was secretly shocked. It could only think about how to escape since it could not make peace.

However, as the three consciousness vortexes fell, its primordial spirit was immediately torn apart. It was already extremely weak, and now it was in even more danger, as if it could be torn apart at any time.

The heifeng three-tailed Fox was scared out of its wits, and it immediately burst out with all its strength without reservation.

The black Whirlwind split into countless wind blades, scattering 360 degrees without any blind spots, trying to open up a path of escape.

Unfortunately, the deified soul vortex was targeted at the primordial spirit, so the Blackwind three-tailed Fox's attack could not affect the deified soul vortex at all. As for the electric net formed by the lightning arcs, it was a little unstable from the impact of the wind blades.

But Lin Yi didn't care at all. Since the three-tailed Fox was afraid of spiritual attacks, then it was simple.

The hand landed, and the three-tailed Fox struggled for a bit before Lin Yi easily captured its spirit. The body that was left behind started to float in the water.

If it was the heifeng three-tailed Fox at its peak, Lin Yi's soul-summoning hand might not have been able to kill it easily, but it was too weak now, so it couldn't fight back at all.

"Big ... Big brother Lin! Xiao Qing has been looking for you for a long time!"

Wang shiqing had already swum over from a distance, and she waved at Lin Yi with an innocent smile on her face.

"As expected, I've been recognized by this Black-bellied little loli."

Lin Yi waved helplessly at her with a faint smile.

It wasn't that he didn't think of leaving, but since his identity had been exposed, who knew what the black-bellied little loli would do if he just left?

For Wang Shiyang's sake, he decided to just greet him.

"Big brother Lin, you're so powerful! You killed the heifeng three-tailed Fox by yourself!"

Wang shiqing didn't directly reveal Lin Yi's identity, but vaguely changed Uncle Lin to big brother Lin.

The Yun brothers behind him were only puzzled for a moment before they felt relieved. In the face of such a powerful existence, it was really inappropriate to call him uncle. Calling him big brother would seem more intimate.

However, after seeing Lin Yi's strength, they had more thoughts. Lin er was at least above the mountain opening stage, and he had to disguise himself as a nascent Soul Stage cultivator. Could this be the person the heavenly array sect was after?

Yun mochen and Yun Hu N looked at each other in tacit understanding, not revealing their thoughts.

Even if he told them, it wouldn't do them any good, or rather, it wouldn't do any good for the peerless Academy.

Lin Yi smiled at Wang shiqing and nodded as a greeting. He then reached out and grabbed the body of the three-tailed Fox.

"Big brother Lin, this black wind three-tailed Fox is our mission item. We were chasing it just now and almost let it escape. Big brother, you're amazing. You killed this stinky Fox in one shot."

Wang shiqing didn't ask Lin Yi to give her the three-tailed Fox, but that was what she meant. She even said that she was chasing the three-tailed Fox without blushing.

Lin Yi was speechless-this was his loot, after all, and he didn't want to give it away so easily.

Chapter 6636 Where Did Wang Shiyang Go?

But this two-faced little girl was staring at the heifeng three-tailed Fox with sparkling eyes, as if Lin Yi had just snatched a little girl's favorite lollipop ...

"Forget it, I'll give it to you!"

Lin Yi was a generous person, and since it was a mission item for the Black-bellied girl, he'd give it to her as a way of returning the favor.

If it wasn't for Wang Shiyang, Lin Yi wouldn't even bother with her!

"Thank you, big brother Lin! You're really too good! I really like big brother Lin!"

Wang shiqing caught the body of the black wind three-tailed Fox with joy, her smile as bright as a flower.

This was a gift from Lin Yi, so the two brothers didn't get a share. It was already good enough that she completed the mission, so she didn't want to think about anything else.

Yun mochen and Yun Hu N were both a little confused. They felt that they could not understand this Little Junior Sister of theirs. Although she looked the same as usual, she felt that she was still different in front of this cannon fodder ... Alright, Master Lin er.

"It's dangerous here. If you don't have anything to say, then leave quickly!"

Lin Yi waved his hand, wanting to get the girls to leave.

The Blackwind three-tailed Fox was not a powerful demon Beast of Darkness. If it was the shadow God-devouring Lion, a few of them would not even be enough to fill the gaps between its teeth.

"Big brother Lin, why don't you leave with Xiao Qing? I'll only feel safe with big brother's protection."

Wang shiqing pretended that she didn't understand Lin Yi's meaning and wanted him to go with them.

"No, I still have things to do."

Lin Yi rejected immediately. He had to run for his life now, not just for the heavenly spell formation sect, but also for that damn shadow God-devouring Lion.

Wang shiqing and the other two would be a burden to him, and it wouldn't help him hide his identity.

"Big brother Lin, take Xiao Qing with you. How can you bear to let me stay in such a dangerous place?"

Wang shiqing tried to act cute to get close to Lin Yi, but Lin Yi didn't buy it.

"You have a teleportation talisman, right? The teleportation talismans of your Wang family are much better than the ones outside. Consider it a return gift from the three-tailed Fox. "

Lin Yi didn't respond to her tantrum, but reached out his hand and asked for the talisman.

If he didn't have the teleportation talismans earlier, he would've been killed by the old monster of the heavenly formation sect. Now that he had the chance, he had to use some as a trump card.

The teleportation talismans Lin Yi had were all low-grade goods that circulated outside, mostly made by low-level talisman makers. They were on a completely different level from the ancient Wang family.

Wang shiqing couldn't help but feel bitter. How could there be such a person? He actually had the face to ask for a return gift for something he had given others. Was that even a gift? That was a deal!

But Wang shiqing didn't mind too much. As the princess of the Wang family, she had a lot of formation talismans on her. She took out a stack of about ten of them and handed them to Lin Yi.

"You've used our Wang clan's teleportation talisman?"

Wang shiqing felt that something was wrong after Lin Yi put the talismans away.

The Wang family's high-quality teleportation talismans were basically used by their own disciples, and the ones for sale were all ordinary goods, only slightly better than the ones made by inferior talisman makers outside.

The question was, where did Lin Yi get the Wang family's teleportation formation? Those ordinary goods would not be able to get a good evaluation.

"Ha ... I've never used it. I'm just guessing."

Lin Yi smiled faintly and changed the topic. "Alright, I'll be leaving first. You guys better leave as soon as possible. This place is very dangerous."

"But we can't use the teleportation talisman. Big brother Lin, you should at least help Xiao Qing find a place where she can use the teleportation talisman, right?"

Wang shiqing was suspicious, but she didn't show it on her face and continued to act cute.

Lin Yi blinked-he didn't want to just leave the guy like that after taking his talisman.

Lin Yi was still hesitating when Wang shiqing suddenly spoke up,"where the hell is Wang Shiyang?"

Lin Yi paused and frowned, hesitating if he should tell her the truth.

But Lin Yi didn't want to lie about something like this. He said,"You might be able to feel that I'm taking care of you more because of your brother! He's my friend, but he's been trapped for some special reason. I'm currently researching a way to save him. "

"Trapped for some special reason? Who are you trying to fool? My brother is dead because of you!"

Wang shiqing's lips curved into a cold smile, and her eyes were filled with killing intent.

Wang shiqing threw out an attack formation talisman from each hand and threw it at Lin Yi who was only a few feet away.

Wang Shiyang was her brother and had loved her since she was young. She could be two-faced to anyone but her brother.

She was sure that her brother was killed because she had evidence, but Lin Yi said that Wang Shiyang wasn't dead-he was obviously lying.

As for whether or not Lin Yi killed Wang Shiyang, she didn't care anymore. She would rather kill the wrong person than let him go!

Wang shiqing thought that even if her brother wasn't killed by Lin Yi, Lin Yi must know something.

"You're crazy!"

Lin Yi was shocked. He instinctively activated his lightning movement and dodged the attack by a hair's breadth. His back was covered in cold sweat.

"Senior brothers Yun, please help me kill this bastard!"

Wang shiqing shrieked as she attacked with the talismans in her hand.

Yun moqian and Yun Hu N didn't know why Wang shiqing and Lin Yi were fighting.

They were a little afraid of Lin Yi, but they had to go up now that Wang shiqing had summoned them.

"Wang shiqing, what are you doing? Stop!"

Lin Yi didn't know what was wrong with this two-faced girl.

He originally thought that this little loli was just two-faced, but he didn't expect to find out that her hands were also black!

She was actually using earth-formation level offensive talismans!

If Lin Yi hadn't dodged in time, he would've been blown to bits!

"You killed my brother. I'm irreconcilable with you!"

Wang shiqing's voice was hoarse and sounded like she was crying, and her attacks became even more intense.

Lin Yi didn't know what was going on-who the hell heard that? Could a Black-bellied person have a big hole in his brain?

"I didn't kill ..."

Lin Yi was just about to explain when a violent attack came.

The two Yun brothers joined in as well, and Lin Yi had no choice but to use his lightning escape technique to escape.

If it was an enemy, Lin Yi would've just killed her already. Wang shiqing's attacks were powerful, but they were full of flaws. With Lin Yi's speed, killing her was a piece of cake.

Chapter 6637 The Right Path

The problem was that Lin Yi really couldn't touch Wang shiqing!

No matter what, she was still Wang Shiyang's younger sister. Moreover, this was just a misunderstanding. When Wang Shiyang returned, he would be able to explain it.

He couldn't fight, and he couldn't talk, either. Annoyed, Lin Yi decided to just ignore Wang shiqing and leave.

How troublesome. Why would he think that he had killed Wang Shiyang? It was simply ridiculous!

Even Lin Yi found it funny after leaving. He wondered what the girl's expression would be like when she saw Wang Shiyang.

Of course, Lin Yi didn't mind it at all. If Wang shiqing misunderstood him, so be it. She couldn't affect him anyway. At most, he'd get away from this two-faced girl before Wang Shiyang came back.

He hoped that they wouldn't encounter any darkness magical beasts, especially that shadow God-devouring Lion. Otherwise, he could only pray for himself.

Lin Yi shook his head. He wasn't in the mood to worry about Wang shiqing right now. Even if he encountered the shadow God-devouring Lion, he could only run for his life.

It didn't take long for Lin Yi to reach the top of the stream. There was still a layer of rocks above, and there was no exit.

After using his spirit sense to scan the area, Lin Yi was lucky to find that this layer of rock wasn't too thick. With his strength, he should be able to break through the rock and leave.

There was a tunnel on the rock, but he didn't know if it was the same one.

Without Wang shiqing and the others messing around, Lin Yi was smashing the rocks leisurely. It didn't take long for him to break through the rock layer, revealing a hole big enough for people to pass through. He then climbed out easily.

"Phew, I'm finally out of the water! Senior ghost, we're just leaving the shadow God-devouring Lion alone. Nothing can happen to it, right?"

Lin Yi let out a long breath, but at the same time, he was worried.

With the dark shadow God-devouring lion's abilities, if it was allowed to recover to its peak state, not many people in the mystic division would be its match.

After all, Lin Yi was the one who released it, so he had to take responsibility.

"It's hard to say. There seem to be many of those cages in this place. The shadow God-devouring Lion is one of them, and so is the Blackwind three-tailed Fox. If these creatures all recover their strength and escape, it will be a disaster."

The ghastly thing's tone was a little heavy, and it was also a little worried.

If the long-lost darkness demon beast clan reappeared on the Sky Class Island, it wouldn't just affect the mystic class Sea region, but the entire Sky Class Island!

However, it was still too early to worry about this. Moreover, it was uncertain if these darkness magical beasts would be able to find the teleportation formation. Instead of worrying about this, he might as well think about how to get out.

Lin Yi picked a random direction and used his super butterfly micro steps to speed up. In an instant, he'd covered a long distance.

"After the shadow God-devouring lion's location collapsed, there seems to be a chain reaction. There are signs of collapse everywhere. If there are other darkness magical beasts imprisoned here, there's an 80% chance that they've escaped their cages."

The ghostly thing's spirit sense extended as Lin Yi ran, and it saw many signs of collapse.

"Senior ghost, why do you think the shadow God-devouring Lion didn't pursue me? Could it be that they haven't left the cave?"

Lin Yi was a little confused. With the lion's strength and temperament, it shouldn't have given up on chasing him.

But the fact was that Lin Yi and the three-tailed Fox only fought for a short time, and after that, there were misunderstandings with Wang shiqing and so on. If the shadow God-devouring Lion wanted to kill him, it would've caught up by now.

"It's not possible. You shouldn't think too much. Perhaps, you've wounded him badly, so he doesn't have the strength to chase after you. "

The demonic thing made a random guess, but it didn't know that it was almost the truth.

Lin Yi didn't take it seriously and shrugged as he continued running. The tunnel quickly widened, and a fork appeared in the road.

The restrictions on spiritual sense still existed here, and it was impossible to find out where the forks led to, so he could only choose one and try his luck.

Lin Yi didn't stop, and without asking for the ghostly thing's opinion, he charged into the left tunnel.

There was no specific destination anyway, so it didn't matter which passage they took.

A moment later, Lin Yi came to another fork in the road, still split into the left and right paths.

Lin Yi continued to walk to the left, but he made a mark as he passed by.

If this was a maze, at least they would be able to confirm if they had passed through it again.

After seven or eight forks, Lin Yi stopped, speechless. He saw the mark he left behind.

"This really is a maze. Senior ghost, do you know how to walk in a maze?"

Lin Yi frowned, not planning on walking around.

"Of course. If it's not left, then it's right. If left doesn't work, then it's right!"

The ghostly thing laughed evilly and began to spout nonsense.

Lin Yi's lips twitched as he left another trail behind him and started running towards the right.

After another seven or eight turns to the right, Lin Yi stopped again-he was back at his original spot, and the two markings were right in front of him.

"If going right all the way doesn't work, does that mean one has to go left and the other to right?"

The ghostly thing was also speechless.

"This labyrinth is a little strange!"

Lin Yi sighed as he stood at the junction, not moving at all. He stared at the two markings.

He'd made the markings himself, one to the left and one to the right, but Lin Yi looked at them as if he'd never seen them before.

"Hey, what's wrong? You're not going to continue running?"

The damn thing didn't understand what Lin Yi was looking at-he'd drawn those two marks himself, so how could he see a flower in them?

"I'm thinking that no matter which way I go, it's the wrong choice. "

Lin Yi smiled and raised his fist.

Since going left or right was wrong, then was the correct one in the middle?

With a punch, lightning flickered, and a five-colored Dragon-shaped killing intent of the five elements roared out, heavily bombarding the rock between the two marks.

Lin Yi and the ghostly thing had scanned this place with their spirit sense before-this should be normal rock layers. They didn't know how thick it was, but it wasn't something that could be broken with a fist.

However, when the Dragon-shaped killing intent of the five elements struck the rock layer with violent lightning arcs, it easily penetrated the rock layer.

Then, the entire space shattered like a mirror, and the fork disappeared completely. In the end, only a straight passage was left.

"This is an illusion?!"

The ghostly thing finally understood and was dumbfounded.

Even he didn't realize when he had fallen into an illusion, or had he been in an illusion all along? That didn't seem possible ...

Chapter 6638 It's All An Illusion

"It was indeed an illusion!"

Lin Yi smiled faintly. He was just curious. If it really was a maze, it shouldn't be this small. Seven or eight intersections back to the starting point. With this distance, no matter how limited his spirit sense was, he should be able to detect it.

After all, if he wanted to go around it, he had to form a circle, which would shorten the distance of the cross-section detection.

So, other than an illusion, it could only be an illusion.

With no more forks, the rest was simple. Lin Yi continued forward and soon came to a very familiar Rocky space. Looking at the layout, it was exactly the same as the place where the shadow God-devouring Lion was imprisoned.

However, this place seemed to be slightly smaller than the previous Rocky space. The metal bars on the cage were also smaller.

Lin Yi walked up slowly and scanned the area-there was indeed a Dark Demon beast locked up inside. It was small and exquisite, and it looked like a cat, but it was very pretty.

What caught Lin Yi's attention the most were the two eyes of the beast, which were glowing.

"Illusionary night demonic cat?"

The ghastly thing was a little surprised and a little enlightened.

"Illusionary night demonic cat? Is it a darkness magical beast that can create illusions?"

Lin Yi was stunned for a moment before he understood.

The fork in the road caused by the illusion just now was probably the work of this little thing.

However, at most, it would only make people run a few more laps, so there was no danger.

The only bright spot was that Lin Yi and the ghost had fallen into an illusion.

This was quite impressive. In a battle, it was definitely a deadly weapon to make people fall into an illusion without a sound!

"That's right, but don't underestimate it!"

The damn thing hmphed softly, as if it felt Lin Yi's contempt, "You think that the illusion just now was not a threat, right?"

"Isn't that so?"

Lin Yi asked.

If the illusion was more perfect, he wouldn't have returned to the place where he made the mark, and the mark would've been erased, making Lin Yi keep running.

"Of course not. A Phantom Night demonic cat at its peak might not be strong, but its ability to create illusions is absolutely terrifying. This cage has weakened The Phantom Night demonic cat's abilities. I can say with certainty that the illusions you experienced were not even one-tenth of its power."

The demonic thing was disdainful of Lin Yi's words, and its words were full of praise for the illusionary night demonic cat.

Lin Yi was taken aback. The illusion wasn't that strong, but it was after all a weakened Phantom Night demonic cat. If it was at its peak, would he be able to escape?

"Actually, you're lucky to have met such a sick cat at this time. Let's kill this cat first and then use the teleportation array here to leave."

The ghastly thing ordered.

Lin Yi and the damn thing were pulled into an illusion when they weren't on guard, but now that they were on guard, it wasn't that easy to pull these two strong spirits into an illusion!

Lin Yi nodded and found the control formation outside the metal bars.

As the metal bars rose, the Black Phantom Night demonic cat's eyes suddenly opened wide. Its pupils were like two black vortexes, spinning rapidly.

An invisible wave enveloped Lin Yi, and he couldn't help but feel a little dazed.

"He actually hid his strength. The previous illusion was just to show weakness to the enemy!"

Lin Yi laughed out loud. The illusionary night demonic cat's illusionary realm was more than ten times stronger than he expected, but it still couldn't affect Lin Yi, who was on guard. He had already merged with the demonic thing's consciousness.

After their consciousness had fused, even if the fantasy night demonic cat had recovered to its peak, it wouldn't be able to get hit easily, let alone now.

"No wonder you deliberately let me leave a mark at the fork just now. You wanted me to find out that something was wrong and then find this place? What a far-reaching plan!"

Lin Yi muttered to himself and shook his head. Three spirit vortexes surrounded the illusionary night demonic cat and destroyed its illusion attack.

In the end, illusions were a type of spirit sense technique, and Lin Yi's spirit sense vortex was surprisingly effective.

The illusionary night demonic cat shrieked. It did use some tricks to lure Lin Yi over. Even if Lin Yi didn't use the illusion, he'd still be here, but using it would make Lin Yi have the preconceived notion that the illusionary night demonic cat's abilities were trash.

When Lin Yi saw the weakened illusionary night demonic cat in the cage, his guard would naturally be lowered to the lowest point, and the illusionary night demonic cat would pretend to be weak to numb Lin Yi's senses.

When the cage was opened, the illusionary night demonic cat would suddenly burst out with at least ten times its original strength, enough to completely confuse Lin Yi.

At that time, whether it wanted to feed Lin Yi or escape from the cage, it would all be under the control of The Phantom Night demonic cat.

Unfortunately, it didn't think that Lin Yi and the demonic thing's spirits were too strong. Not only were they unafraid of the illusionary night demonic cat's illusions, but they were also easily countered.

"This darkness magical beast is really weak. It's as easy as blowing off dust to deal with it."

Lin Yi smiled faintly and used the soul seizing hand to restrain the illusionary night demonic cat's spirit before putting its body away.

"Let's go. There's a teleportation formation here as well. Let's hurry and leave. "

The ghostly thing urged Lin Yi to quit while he was ahead and leave this place.

"Aren't you going to continue looking for other cages? There should still be darkness magical beasts here, right?"

Lin Yi didn't feel like it was enough-they were running for their lives anyway, so staying here wasn't necessarily a bad thing.

"Don't be too greedy. Even if there are other cages, you'd better not touch them. How can a person who can hunt so many darkness magical beasts be an ordinary person? He has imprisoned the darkness magical beast here, and that's still useful. If you recklessly release your soul to hunt the darkness magical beast, once that expert comes, you'll probably be locked up. "

The ghastly thing warned with a cold smile.

"Well, alright, let's go!"

Lin Yi's hair stood on end-if there really was a practitioner like that, he'd really become the next mission target.

Lin Yi suddenly thought of Wang shiqing when he opened the portal. He didn't know if the two-faced little loli could escape. If the three of them couldn't even handle a heifeng three-tailed Fox, they'd probably be dead if they encountered other dark beasts!

"Wang Shiyang, it's not that I don't want to help your sister. It's your sister who's crying and screaming to kill me, so you can't blame me for this!"

Lin Yi's lips twitched as he mumbled to himself before stepping into the teleportation formation.

The light flashed, and the teleportation formation dimmed. Lin Yi disappeared into the darkness.

Chapter 6639 Another Person Teleporting

The teleportation this time was a little long, and it seemed like it was a long distance one. Lin Yi felt a little dizzy before he appeared in an open wilderness.

"Did he teleport out of the mystic class Sea area? It's actually taken so long!"

Lin Yi mumbled as he shook his head.

It would be great if it could be sent back to somewhere near Feiyang college. Otherwise, he wouldn't know where it went and would have to re-locate it.

Lin Yi took out the formation and sighed. The distance was far enough, and they were out of the mountain range of the Wushuang college.

This simple formation wasn't of much use anymore, unless Lin Yi went back to the mountain range at Wushuang college one day.

If he had known earlier, he would have asked the Black-bellied little loli for a positioning talisman. The Wang family's positioning talisman should be more detailed.

Lin Yi felt that he'd miscalculated-he turned around to look at his surroundings.

Although this was wilderness, there were concealment and confusion arrays set up around the teleportation array. When ordinary people passed by here, they wouldn't discover the existence of the teleportation array, and the confusion array would make people automatically bypass the teleportation array.

"This formation is really brilliant. No one would have thought that there would be a teleportation formation hidden in such an open space."

Lin Yi praised from the bottom of his heart. The person who set up the formation wasn't just skilled, they were also very meticulous.

"This teleportation array is one-way. From here, we can't go back to the place we were at!"

The damned thing's attention was completely focused on the teleportation formation. It didn't care about any concealment or bewildering formations at all.

"Yi, the teleportation array lit up again. Someone is coming out!"

Lin Yi was attracted by the words of the ghost and turned to look at the teleportation formation, just in time to see the light.

It was either Wang shiqing's group of three or dark beasts that came out of the teleportation formation. Lin Yi was on alert.

However, Lin Yi wanted to see Wang shiqing more. No matter how much she wanted to kill him, he still wanted her to be safe.

The light faded, and three people appeared-it was Wang shiqing and her gang, as expected. Lin Yi let out a breath of relief.

'I'm really here to borrow a positioning talisman from this two-faced little loli. '

Lin Yi shook his head, thinking that the girl had probably calmed down by now. Perhaps the misunderstanding would be resolved if he explained it to her.

"Bastard! So you're here, let's see where you're going to run this time!"

He didn't expect Wang shiqing to react like she had just eaten gunpowder the moment she saw Lin Yi. She took out her attack formation and activated it.

"Wang shiqing, can you listen to my explanation?"

Lin Yi didn't know whether to laugh or cry-the girl was pretty smart, why was she so stubborn?

Before Lin Yi could finish his sentence, waves of attacks came at him. If it weren't for his lightning escape, he might've been hit.

Yun moxiang and Yun Hu N were already used to Wang shiqing's sudden outburst, so the two of them followed her.

After all, they were two genius students who could split mountains with a single thought. They might have looked weak when they left the water, but Lin Yi still gave them some pressure when they returned to the surface.

Lin Yi's lightning escape technique flashed, and he was furious. This Wang shiqing didn't even let him speak! So Lin Yi decided to beat her up first, and he believed that Wang Shiyang would understand!

"What else is there to say? Are you still trying to deceive children with your flowery words? I won't be fooled!"

Wang shiqing's face was full of anger as she continued to attack Lin Yi with her talismans.

Lin Yi didn't know what to say. He couldn't even speak, so how could he use flowery words?

Although bullying Wang shiqing was a little like bullying a child, this kind of brat needed to be taught a good lesson or he would be a burden to his brother in the future!

Lin Yi was just about to make his move when the teleportation formation lit up again.

Wang shiqing and the other two were already here. Would anyone else come? It was probably a darkness magical beast?

"Those who don't want to die, move!"

Lin Yi yelled, ignoring Wang shiqing and the Yun brothers as he arrived at the teleportation formation in a flash.

They didn't know what was coming out, but if it was a shadow God-devouring Lion or something of similar strength, then even Lin Yi would be dead, let alone Wang shiqing and the others.

Lin Yi might be able to escape with his lightning escape, but what about Wang shiqing and the others?

So Lin Yi's first thought was to destroy the teleportation formation and kill the dark Demon beasts in the tunnel.

Even if they couldn't stop the teleportation this time, they had to stop the next one. Who knew how many more darkness magical beasts would come?

"If someone is going to die, you'll die first!"

Wang shiqing didn't believe him at all as she followed Lin Yi to the teleportation formation.

The Yun brothers followed Wang shiqing's lead and turned around to attack Lin Yi.

Lin Yi almost died from anger-why were they still holding him back at a time like this? If it wasn't for Lin Yi trying to save them, he would've run away already. These three kids deserved to die in the mouths of the dark Demon beasts!

Lin Yi could only Dodge as he attacked the formation, but the three's attacks also landed on the formation!

What surprised Lin Yi was the fact that the teleportation formation activated a defensive barrier during the teleportation. Neither Lin Yi nor Wang shiqing could break the formation.

"Are you all blind? The darkness demon beast is about to come out, can't you see? If you really want to die, I'll help you first!"

Lin Yi roared as he sent out a lightning arc, landing in front of the three.

"Who are you trying to scare? Even if the darkness demon beast comes out, it'll kill you first!"

Wang shiqing didn't appreciate it at all. She took out a new attack talisman and continued to attack Lin Yi.

Lin Yi was furious-Shiyang had a sister like that, no wonder he'd run away from home to the frog ... Of course, it was just a joke.

At that moment, the light from the teleportation formation went out, and a familiar face appeared ... It was the dark shadow God-devouring Lion!

Lin Yi's head hurt-this was the last opponent he wanted to see.

If it were any other Dark Demon beast, Lin Yi could take advantage of the moment when they were still in shock and use his hand to take them down.

But the lion wasn't afraid of consciousness attacks at all, and Lin Yi couldn't do anything.

However, Lin Yi's thoughts weren't on how to deal with the lion. He was thinking about how to destroy the teleportation formation.

With the trio and the shadow God-devouring Lion as a precedent, Lin Yi was pretty much sure that no matter which formation he activated, he would end up here.

Since that was the case, he would destroy the exit permanently, and the remaining darkness magical beasts would have to hold their heads in there.

Chapter 6640 Peace

"Yi, do you see this node? After you destroy it, you can cut off the operation of the teleportation formation, and the teleportation formation will be useless. "

The damn thing's research during this period of time was not in vain. It soon found the problem.

Destruction was always easier than construction. The damned thing might not be able to set up such a long-distance teleportation array, but it was not difficult to destroy it quickly.

Lin Yi raised his finger after receiving the instruction, and a thick bolt of lightning landed on the node. The entire formation lit up for a moment before dimming completely, like a normal roadside rock.

After destroying the teleportation formation, Lin Yi finally relaxed. He turned around to deal with the shadow God-devouring Lion, but he didn't think that the three traps behind him would still attack him!

What kind of idiots were they? Can't you see the shadow God-devouring Lion coming out of the teleportation array? Are you all blind?

In the next moment, the shadow God-devouring Lion suddenly opened its mouth and roared. An invisible shock wave swept across the entire area.

Wang shiqing and the other two were dumbfounded. Although they were protected by defensive talismans, they were still blown away. Fortunately, they weren't injured.

However, the Yun brothers' defensive talismans were relatively low-level and had been completely shattered. They didn't have the time to reignite the talismans.

Lin Yi used the speed of his lightning escape technique to avoid the shockwave, but he wasn't thinking about how to deal with the lion anymore. He was thinking about how to avoid being killed.

After the dark shadow God-devouring Lion roared, it immediately turned into a shadow and began to move around on the ground, as if it had already recovered its strength.

"You three, get lost!"

Lin Yi waved his hand and a lightning arc, along with the raging fire Bagua Palm with the support of the icy blaze fire, landed on the dark shadow of the God-devouring shadow Lion. At the same time, he shouted for the three to leave.

Regardless of whether it worked or not, Lin Yi could only try his best to slow down the lion's movement, giving Wang shiqing a chance to escape.

Wang shiqing was taken aback. She wanted to attack Lin Yi, but seeing that he'd stopped the lion, she didn 't.

"Eh? Lin Yi's flame ... It's no weaker than the spirit Fire of the world!"

Wang shiqing's big eyes flashed with surprise. She didn't expect Lin Yi to have such a powerful fire.

Although it did not cause any damage to the shadow God-devouring Lion, it was certain that the flames had hindered the lion to a certain extent.

"Could it be that this flame was also snatched from my brother's hands? That had to be the case-this was something only a talisman master would have. Lin Yi was just a normal practitioner, why would he need a spiritual fire? Damn bastard!"

Wang shiqing gritted her teeth and wanted to eat him alive.

Wang Shiyang had his own flame before, but it wasn't strong. As a direct descendant of the Wang family, he had to find a stronger flame, which was why he had such a goal when he went out on a journey.

Wang shiqing saw Lin Yi's icy blaze and immediately thought of Wang Shiyang. She felt that her brother must have found the flame but Lin Yi took it away from him.

This hole in his brain was already about to break through the horizon!

"Junior Sister, let's go quickly. That darkness demon beast is a shadow God-devouring Lion, and its strength is incomparably powerful. Even in its weakened state, it's not something we can deal with, let alone now that it's recovered! Let's hurry up and leave this place while cannon fodder Lin is blocking us. It'll be too late!"

Yun mochen grabbed Wang shiqing and anxiously tried to persuade her.

He didn't understand why Wang shiqing hated Lin Yi so much. At a time like this, even if she didn't help Lin Yi deal with the lion, she should at least run.

"You guys go, I'm definitely going to kill this guy!"

Wang shiqing threw a teleportation talisman to Yun moxiang and attacked Lin Yi again!

Yun Momo was stunned for a moment. She did not know what had gotten into Wang shiqing that made her so crazy that she did not care about her life.

Helping a darkness magical beast to deal with a human ... If this got out, no matter how many reasons you had, you would become a target for all, and everyone would attack you.

The darkness demon beast wasn't just the mortal enemy of the human cultivators of the Sky Class Island. It was also the mortal enemy of the spirit beasts and the sea beasts. Once it appeared, even the opposing human, spirit beasts, and sea beasts would all come to a tacit agreement to temporarily stop fighting and join forces to deal with it!

"Junior Sister! You're crazy!"

Yun mochen pulled Wang shiqing back. If Lin Yi really died, the shadow God-devouring Lion would turn its attention to them without any hesitation. Wouldn't they die Here too?

"Release me! Let go of me!"

Wang shiqing struggled with all her might, but she was unable to break free from Yun moxiang's grasp.

After all, Yun moxiang's strength was higher, and Wang shiqing was an expert in formations.

"Don't bother about Lin er, that cannon fodder. We don't even know if he can escape alive. Let's hurry up and leave. If he doesn't die, we'll find another chance to kill him. "

Yun Momo had already decided that if Wang shiqing continued to be disobedient, he would have to resort to coercive measures.

Yun Hu N also rushed over and grabbed Wang shiqing's other arm. She yelled at Yun mochen, ""Let's go!"

The two brothers had a tacit understanding. They exerted their strength at the same time and rushed out of the range of the formation with Wang shiqing.

A trace of annoyance flashed across Wang shiqing's face, but she stopped struggling.

At this time, when they looked at the array again, they could no longer see anything. In front of them had become an empty wilderness, without any abnormalities. If it wasn't for the fact that their heartbeats had not calmed down, they would have even suspected that it was just a dream.

Yun moxiang didn't dare to stay any longer and immediately activated the teleportation talisman in her hand. Fortunately, Wang shiqing didn't play any tricks this time, and the light of teleportation flashed smoothly, enveloping the three of them and quickly leaving.

"Bastard, I'll definitely kill you. You'd better not die Here so soon!"

Wang shiqing's voice was still echoing in the air, but she was nowhere to be found. She didn't care if Lin Yi could hear her or not.

On the other hand, Lin Yi didn't have the time to care if Wang shiqing was threatening him or not-the three burdens were finally gone, and he felt a lot more at ease.

He'd fought with the shadow God-devouring Lion once before, and he'd calmed down a lot this time. He couldn't do anything to it, but the other party couldn't do anything to him either.

Of course, Lin Yi didn't know that this was because the lion was heavily injured and hadn't recovered yet. As a result, although it looked strong now, it wasn't as strong as it used to be.

It was all thanks to the lion's God-devouring talent that Lin Yi's spirit sense couldn't work. Otherwise, he'd be able to find some clues.

"Human, I don't want to fight to the death with you here. How about we stop here? You should be able to feel that I will only become stronger and stronger if we continue fighting!"

The shadow God-devouring Lion was also bitter. It had escaped with great difficulty, and now it had to meet its nemesis again!
