

Bodyguard 6651

Chapter 6651 Wind Beasts With Intelligence

It was a good thing he had dodged in time-if he'd been any slower, he might've been seriously injured or even killed!

"Earth formation stage wind beast? There are earth formation stage wind beasts here!"

Lin Yi dodged to the side, his heart heavy!

Although the lightning arcs from the lightning movement technique managed to avoid the fatal attack, they were unable to penetrate the wind vortex. When they approached the edge, they were suddenly bounced back by the extremely tough barrier.

There was no need to ask to know that this was the doing of the wind beasts hidden within!

"Good fellow! He really hid it well! The icy blaze didn't even force you out!"

Lin Yi's tone turned cold as he circulated his pure Qi, healing his wounds at a visible speed.

His true Qi had the effect of healing, and with the strong self-healing ability of his body after body cultivation, these injuries were healed in a breath.

The wind beast didn't pay attention to Lin Yi, still watching from the side, waiting for Lin Yi to show his weakness.

"Who said that wind beasts are ignorant creatures? He's as cunning as a Fox!"

Lin Yi couldn't help but sigh.

At this moment, Lin Yi also understood that those three wind beasts were just thrown out to attract their attention!

The combination of the wild fire Eight Trigrams palm and the icy flame might not cause much damage to this land creation stage wind beast, but it would definitely force it to reveal a flaw.

So, the three of them decided to just rush out of the wind vortex to attract Lin Yi's attention and hide their boss.

Lin Yi was too careless-he thought that an opening stage wind beast was his limit, and he even thought that there was only one at the beginning.

When three mountain opening stage wind beasts appeared at the same time, they would naturally be a little shocked and distracted.

After that, Lin Yi walked into the whirlpool when he thought there was no danger, allowing the earth opening stage wind beast to complete the sneak attack.

Lin Yi's mind raced, and he understood the whole situation.

Lin Yi had a layer of fire and lightning on him.

The fire was on the outside, and the lightning was inside. Although its defense was not very strong, it would not be easily injured in the face of a sneak attack like the one just now.

The earth opening stage wind beast didn't attack again, probably because it thought that Lin Yi was prepared and the chance of success wasn't high.

From this point, Lin Yi was sure that the wind beast was quite intelligent.

Under normal circumstances, how could a mountain opening stage wind beast let Lin Yi, who was far weaker than it, go so easily? They would have already attacked!

Because it realized how difficult Lin Yi was to deal with, the wind beast didn't do anything and waited for Lin Yi to use up his energy.

A layer of fire and a layer of lightning. If it was an ordinary cultivator, the consumption of true Qi alone would be enough to kill them!

Thus, the wind beast's wait wasn't without reason. From this, it could be seen that this guy's combat intelligence was equally outstanding.

Unfortunately, Lin Yi was an exception. Fire and lightning defense didn't consume much of his pure Qi, and he had the Jade space. He could exhaust the wind beast to death.

"Since you don't want to make the first move, then I won't be polite!"

Lin Yi roared at the wind beast that was hiding somewhere, and a five-colored Dragon-shaped killing intent rushed into the wind vortex.

As soon as the Dragon-shaped killing intent of the five elements entered the vortex, it immediately swam quickly. The rapid wind had no effect on it at all.

Lin Yi wasn't sure if the Dragon-shaped five elements killing intent could counter the wind beast, so he didn't stop and started to form super alchemy bombs.

If he couldn't kill this wind beast, he would rather blow up the entire cave!

After the Dragon-shaped killing intent of the five elements entered, the spinning speed of the wind vortex suddenly accelerated.

Within a short period of time, it had already accelerated by more than two times!

Clearly, that wind beast had the ability to control this wind vortex!

"Eh? You're actually using wind power to tear apart my Dragon-shaped killing intent of the five elements. You're really good at it!"

Lin Yi squinted at the Dragon-shaped killing intent.

The strong wind did not affect the swimming speed of the Dragon-shaped killing intent of the five elements, but it was slowly wearing down the body of the wind Dragon.

In a short period of time, the Dragon-shaped killing intent of the five elements was weakened.

The worst thing was that the ground opening stage wind beast still didn't show any signs of being exposed, and Lin Yi couldn't target it.

Lin Yi suddenly realized that he was wrong.

The raging fire Bagua Palm didn't kill the wind beast before, so Lin Yi subconsciously used a stronger Dragon-shaped killing intent.

As a result, the Dragon-shaped five elements killing intent couldn't find its target and its power couldn't be released at all. It wasn't as effective as the wild fire Eight Trigrams palm.

Since the power from before wasn't enough to kill the wind beast, then he would use a fire-type martial arts technique!

Wild flame thousand explosive fist!

One of Lin Yi's palms continued to form the Super alchemy bomb, while the other activated the even more explosive wild flame thousand explosive fist!

This was the most powerful attack in a small area.

Although the icy blaze still couldn't be integrated into it and was only wrapped around it as an auxiliary, its power couldn't be underestimated.

The blue flame easily rose in the wind and spread out in an instant, as if it had ignited the entire wind vortex.

On the other hand, the wild flame thousand explosive fist continued to explode in the vortex, further boosting the power of the flames and disrupting the flow of the entire wind vortex.

Even though new wind power immediately filled the gap created by the explosion, the explosions were too concentrated.

If it wasn't for the wind beast controlling it, Lin Yi could probably destroy it himself.

"Here! He's finally appeared!"

Lin Yi's eyes narrowed as he smiled.

The wind beasts hidden in the wind vortex were revealed under the burning of the icy blaze fire!

This was a wind beast that was more than twice the size of the previous three. Because of the chaos in the wind vortex, it could no longer hide its traces.

However, although the wild flame thousand explosive fist was violent, it was still unable to do anything to this wind beast.

First of all, it was lacking in power, and second, the recovery ability of an earth opening stage wind beast was very strong. Even with the assistance of the icy blaze fire, it was impossible to kill this wind beast in a short time.

The Dragon-shaped killing Qi of five elements whizzed out again. Even though it had been weakened, a killing move was still a killing move. As long as it could hit the wind beast, it was not impossible to kill it with the help of the wild flame thousand explosive fist and icy flame.

"Add more fire!"

Lin Yi's eyes flashed with ruthlessness-since he'd found the wind beast's location, it was time for the Super alchemy bomb to show up!

With a flash of lightning, Lin Yi instantly blew out the Super alchemy fire bomb, detonating it before it could even touch the wind beast.

Lin Yi controlled the power of the explosion to a very small area, and when it was fully released, the destructive power was even more shocking. The wind beast couldn't avoid it and directly crashed into the explosion circle, instantly disintegrating!

Chapter 6652 The Mastermind Behind The Scenes

The Dragon-shaped killing intent of the five elements also followed closely, crazily grinding the scattered fragments of the wind beast. In an instant, it had completely annihilated them.

After all the attack waves dissipated, the wind vortex slowly returned to its original state, and the speed of the wind also returned to its original state.

"That was close. These wind beasts are really difficult to deal with! I'm so tired. "

Lin Yi took the wind Spirit crystal and sighed in relief.

Lin Yi's face was serious as he left the wind vortex. He didn't look excited at all after solving the problem.

If such a powerful wind beast had already appeared in the outer region, how powerful would the wind beasts be in the core region?

Sea shattering stage?

Wind beasts were different from ordinary opponents. If one didn't have an overwhelming burst of power, one wouldn't be able to do anything to them.

Lin Yi wasn't sure if the Super pill fire bomb could threaten a sea-shattering wind beast. If it couldn't, how was he going to protect himself?

Lin Yi pondered as he entered the tunnel. He was even thinking if there was a need to go to the deepest part of the wind crack cave.

The heavenly spell formation sect's pursuit and the dark shadow God-devouring lion's lesson were still fresh in his mind. There was no need for him to provoke a stronger enemy!

"Eh? How come this tunnel is gone again?"

Lin Yi pondered as he rushed, collecting some wind crystals from the wind beasts. When he reached the intersection he was supposed to turn at, he realized that there was no intersection at all!

"What's going on? Even if I remembered it wrong the first time, you can't do it twice in a row. It looks strange!"

Lin Yi stood still and frowned as he looked at the wall.

If it had only happened once, the map might have been wrong, but twice in a row ... Lin Yi was sure that there was a reason!

"Senior ghost, stop studying it. Hurry up and help me take a look at the situation."

Lin Yi had no choice but to call out the space formation flag research.

"Lin kid, you're really troublesome now. Why can't you just stop and let me do some research? How long had it been? You're here to find me again, do you really think I'm free?"

The damn thing grumbled, but in fact, he'd appear as soon as Lin Yi asked for him.

No wonder Lin Yi trusted him so much!

"That's the situation. What do you think, senior ghost?"

Lin Yi didn't care about the monster's complaints and explained the situation simply.

"What you said is indeed a little strange. However, I can tell you with certainty that there is no formation here."

The demonic thing immediately concluded that the disappearance of the path was not due to the formation.

"Without the formation, where did the two passages go?"

Lin Yi couldn't help but scratch his head. Other than these two paths, there wasn't a third one on the map that led to the mission area.

There might be some unknown passages that led to the mission area, but it would take more time and energy to explore, and at the same time, it would be very risky.

"If you're sure there's a passage here, then open up another one! Although you said that the area can't be explored with divine sense, it doesn't mean that the area doesn't exist. "

The ghostly thing was straightforward and simple.

"You're right, then let's try!"

Lin Yi thought that this was a good idea.

Unfortunately, he didn't have any suitable tools on hand, so he could only rely on his own hands.

The best way to deal with these rock lumps was naturally to use wood-type martial arts.

Wood forest thousand transformation!

Countless of Lin Yi's palm shadows landed on the rock wall, and the wood spiritual force seeped into it, the effect surprisingly good.

The originally hard rock became soft, like loose soil.

The rock fragments were sent flying by the palm shadows, but Lin Yi didn't bother to deal with them. He put them all into the Jade space, thinking that he'd throw them away when he had the chance.

The speed of opening the tunnel was much faster than Lin Yi expected. After a while, there was an empty area in the blurry range of his spirit sense-it was a part of the tunnel that disappeared.

"It's connected!"

Soon, Lin Yi felt the weight in his hand disappear, and a new tunnel appeared in front of him.

The wind got stronger and stronger after the tunnel was opened up, pouring into the new tunnel.

Lin Yi compared it to the map in his mind and confirmed that this was the path he was looking for. He didn't hesitate and activated his lightning escape!

After entering this area, there were no traces of the wind beasts. The ghostly thing didn't continue to study the space Array flags. He and Lin Yi's spirit sense combined, and their detection abilities multiplied, but they still couldn't find anything.

"There's probably someone controlling this from behind the scenes. You need to be mentally prepared!"

The ghostly thing reminded him solemnly. Although he had not discovered anything yet, he already had a bad feeling in his heart.

"I understand!"

Lin Yi replied and continued flying.

The tianwu mercenaries would need a day or two to travel, but Lin Yi only needed an hour.

Soon, Lin Yi arrived at the target area. The wind here was stronger than the wind vortex, and if there were wind beasts, they might be stronger than the earth stage wind beasts from before.

He'd wanted to test the waters first, and let the tianwu mercenaries look for the item themselves, but he changed his mind after seeing the strength of the wind in this area.

This place was not suitable for a mercenary group of their strength.

Just as he was thinking, the wind in the tunnel suddenly changed. The invisible wind turned into visible wind blades, shooting towards Lin Yi.

The Jade space's warning was unprecedentedly strong, and Lin Yi's face changed. He quickly turned into a lightning arc and retreated, but he still couldn't avoid the wind blade.

There were wind blades all around him. No matter how he retreated, he couldn't get out of the attack range!

In an instant, Lin Yi's body was covered in thousands of wounds.

This was only Lin Yi, if it was a normal mountain opening master, they would've been cut into pieces.

As expected, there was someone behind the scenes controlling them!

Lin Yi cursed in his heart. He knew that if he didn't leave now, he'd be in deep trouble.

"Go! Hurry up! Use fire attribute martial arts to open up a path!"

The ghostly thing was burning with anxiety, but it couldn't help much and could only urge him as much as possible.

Lin Yi, who was covered in blood, didn't need the warning-he'd already activated his raging fire Bagua Palm!

The flaming palm danced in the air, and every palm strike collided with the wind blade, causing countless flames to splash.

Lin Yi's wounds were healing quickly, but his blood was being washed away.

In just a breath's time, the blood that flowed out completely disappeared in the wind. Other than the tattered clothes that proved that he had indeed been injured, there was no longer any trace of blood. Not even a drop was left on his clothes.

This wasn't a normal situation, but Lin Yi didn't have the time to care. He used his wild fire Bagua Palm with all his might and kept moving, trying to get out of danger as soon as possible.

Chapter 6653 Then We'll Fight To The Death

Lin Yi's heart dropped as he heard a sharp howl. He wasn't unfamiliar with this howl-it was the unique sound of wind beasts!

Damn it, the direction the wind beasts were coming from was the direction they were running in!

"BOOM!"

Lin Yi quickly released the Super alchemy fire bomb he had condensed. The huge explosion disrupted the attack of the wind blades and temporarily stopped the wind beasts from approaching. Unfortunately, the power of the explosion didn't reach the expected limit.

"Give up! There's no point in struggling!"

A low and sinister voice suddenly pierced through the wind and the explosion, ringing clearly in Lin Yi's ears.

"Who are you?"

Lin Yi asked subconsciously, but his feet didn't stop moving. He took advantage of the small gap in the explosion to quickly advance a distance, and then fell into the endless attack.

"You're quite strong, but it's a pity to kill you like this! Don't resist, let the wind beast bring you to me. This is your only chance to live!"

The low and gloomy voice said arrogantly in a commanding and charitable tone.

Lin Yi was on alert-he didn't believe that this guy would leave his life in someone else's hands. They might as well die on the spot!

Unfortunately, some things couldn't be avoided just because he ignored them. The two wind beasts quickly broke through Lin Yi's defense and slammed into his left and right shoulders. The huge impact made Lin Yi fall back.

Lin Yi's shoulder bone cracked slightly, and his arm lost its strength in an instant. The palm disappeared, and countless wind blades swarmed up, cutting freely on his body. The blood that spurted out was sucked away by the wind.

After a short while, Lin Yi felt that he had lost half of his blood.

He was at their mercy!

Lin Yi tried his best to maintain his body's defense, but sadly, he realized that he couldn't stop the beast-like wind blades from cutting him.

The two wind beasts, on the other hand, stopped moving after the collision, quietly waiting for Lin Yi to lose his ability to move.

He was still too weak!

Lin Yi didn't even get to see the enemy's face and he almost knelt down.

"Pull yourself together. Even if you give up your body, you still have your origin soul. It's good to be like this old man!"

The ghostly thing shouted, encouraging Lin Yi.

The Jade space was Lin Yi's only way out, but his opponent was mysterious. Lin Yi didn't know if the body could still hide in the Jade space after it was destroyed.

"Bring him over!"

Just when Lin Yi thought he was done for, the dark voice spoke again.

The wind blades all over the sky slowly retreated and became normal strong winds again. The two wind beasts, on the other hand, picked up Lin Yi and quickly moved through the wind without any obstruction.

After a while, the two wind beasts carried Lin Yi into a cave without any wind. They left him behind and left without stopping.

But while he was being taken away, Lin Yi secretly used the battle tactics of heaven's fortune. He was a little dizzy from losing too much blood, but now he recovered a lot.

But Lin Yi still pretended to be extremely weak as he forced himself to look up, his eyes finally landing on a stone platform in the cave.

A beast covered in black armor ...

Lin Yi didn't know how to describe it-it wasn't the same as the animals he knew.

The creature's body was flat and about four to five meters long. It had six legs in its abdomen and a tail that was a foot and a half long. The tail was covered in scales and looked like a nine-section soft whip.

Its head looked more like an insect's head. Because it was big enough, it looked extremely ferocious, especially the two fangs exposed at the corners of its mouth.

"There's no need to look. I'm the one who spared your life. Seeing that your body is strong enough, I'll give you a chance to live. It'll depend on whether you cherish it or not."

The black armored beast on the stone platform opened its mouth and spat out the same sinister and deep voice as before.

Lin Yi slowly sat up straight, thoughts flying through his mind as he took out a teleportation talisman, ready to try and escape.

"There's no need to try. In front of me, it's impossible for your teleportation talisman to be activated successfully!"

The Black Beast laughed arrogantly, seeing through Lin Yi's little trick.

"He's right. This is a black-scaled wind beast, a variant of the darkness demon beasts. It is born with the ability to control space and wind elements. No wonder it is able to move freely in the wind crack cave. "

The ghastly thing sighed softly and felt a little helpless.

The black-armored aerial wind beast was no weaker than the shadow God-devouring Lion. This fellow had probably escaped from the same cage formation and had been hiding in the wind crack cave for countless years. Its strength must have recovered long ago.

"Spatial manipulation? In that case, the two passages were also blocked by its spatial ability? Why? Don't you want to be disturbed while you're cultivating?"

Lin Yi asked in his heart as he tried to stand up.

As long as it didn't trigger the black-scaled air wind beast's nerves, this kind of action was basically ignored.

"What do you want to do by capturing me?"

Lin Yi generously put the talisman away-he didn't even want to try it if the thing said it didn't work. He'd be in trouble if he messed with the black-scaled air wind beast.

"Didn't I say that I will give you a chance to live? As long as you pledge your loyalty to me and become my subordinate, I will spare your life. Otherwise, you will die without a burial place!"

The black-armored wind beast raised its right front foot and stomped on the stone platform. Then, its aura suddenly burst out.

It was definitely above the late-stage of sea-shattering realm, but Lin Yi couldn't be sure of the exact level. What he was sure of was that he was no match for this beast.

"You have many subordinates. Those wind beasts are all under your control, right? Why do you need a subordinate like me?"

Lin Yi smiled faintly as he tried to figure out a way to escape.

"You don't need to care so much. Just say yes or no!"

The black-armored aerial beast snorted coldly, and its aura instantly rose.

Lin Yi had just stood up when the invisible pressure made him fall back on his butt. It wasn't that he couldn't fight back, but he didn't need to reveal that he'd recovered.

"Are you willing or not?"

The black-armored wind beast was a little pissed-it wanted Lin Yi to kneel down, but he sat on the ground instead. It wasn't very effective.

"I'm not willing!"

Lin Yi smiled coldly. He didn't know if there was a problem with the oath, but the beast must have something to back it up. It couldn't be anything good.

Hence, Lin Yi would rather fight to the death than to pretend to be polite.

Chapter 6654 You Can Die Now!

Lin Yi secretly took out the Black Pearl-it was his biggest trump card. If he couldn't kill the beast, then he'd be dead.

The beast's pressure was strong, but it was still a distance away from the old monster from the heavenly formation sect. Lin Yi wasn't completely immobile-he could still fight to the death!

"If you don't want to, then die! After I've extracted your primordial spirit, I'll turn your physical body into a puppet shell. Although the effect won't be as good, it'll still be barely useful. "

The wind beast laughed, not surprised at Lin Yi's rejection.

Lin Yi grunted and raised his hand, ready to activate the Black Pearl.

Although he might be discovered by the black-scaled wind beast, he could only count on this last attack!

But as soon as Lin Yi raised his hand, the space in front of him twisted, and the distance between him and the Beast seemed to suddenly change. He couldn't even determine the beast's position, let alone aim.

The ability to control space!

If it was someone else with a weaker will, they might have lost all hope of fighting back.

But Lin Yi wasn't going to give up so easily. He closed his eyes and merged with the ghostly thing's consciousness to search carefully.

The beast could control the changes in space, but it couldn't stop Lin Yi's spirit sense. As long as he could catch a trace, he could fight to the death. Sitting around and waiting for death had never been Lin Yi's style!

"Your divine sense is quite strong, how rare! If you choose to submit, you'll be a great subordinate. "

The beast's voice was filled with mockery, as if it didn't care about Lin Yi's spirit sense at all. "What a pity, what a pity, I wasted such a good spiritual awareness!"

Desperate situation!

"Even in a desperate situation, there's still a way out!"

Lin Yi suddenly yelled, and eight spirit sense fire vortexes formed at the same time, sweeping the entire cave.

The fire vortex pierced through the twisted space, thanks to Lin Yi's powerful divine sense after merging with it, as well as the damn thing's research on space formation flags!

The spatial distortion wasn't too profound, but it was just the right thing to use. The spiritual sense pill fire vortex suddenly descended on the black-scaled air wind beast's head while it was caught off guard.

"What is this?"

The black-armored wind beast's shrill cries echoed throughout the cave. Although only a spiritual sense fire core Whirlpool landed on its head, the pain that was enough to tear and burn its primordial spirit was unbearable.

The twisted space shattered inch by inch, and the powerful pressure disappeared without a trace. Lin Yi panted heavily, thinking that he was lucky.

The wind was too strong, and Lin Yi didn't expect the fire vortex to be this effective!

But it seemed that the darkness magical beasts didn't have any means of defending against spiritual attacks. Apart from the shadow God-devouring Lion, they had no way of resisting spiritual attacks.

This was also within reason.

It was all thanks to this thing-otherwise, Lin Yi wouldn't have been able to use his spirit sense to pierce through the twisted space and land on the beast.

"The black-armored aerial beast is only so-so!"

Lin Yi smiled faintly as he wiped away the cold sweat ...

"Human, don't be too proud!"

The black-armored aerial wind beast let out a mournful roar as the space around it shattered into pieces. Countless wind blades flew in from outside the cave, piercing through the shattered space.

"There's such an operation?"

Lin Yi's jaw dropped-even the damn thing's understanding of space couldn't help him pass through such a chaotic space.

"Go to hell!"

The black-scaled air wind beast's eyes were blood-red; a single consciousness fire core Whirlpool had weakened its primordial spirit. If it hadn't desperately shattered the space around it to stop the other consciousness fire core whirlpools, its primordial spirit might have already been torn apart.

As the black-armored air wind beast roared, the space in the entire cave was being squeezed and crushed. The spiritual sense pill fire vortexes were all crushed by the space.

"If we're going to die, we'll die together!"

Lin Yi was determined to kill this beast, even if it cost his life!

Unfortunately, the space between Lin Yi and the black-scaled air wind beast had shattered, and he could do nothing but watch as the beast attacked!

"Don't worry! There will be a way!"

The ghostly thing was not flustered. He had done a lot of research on space. No matter how the space changed, there would definitely be a point-to-point connection between the two spaces!

Just because the space around the beast had been shattered didn't mean that it was in a completely different space from Lin Yi!

On the contrary, no matter how the space here crumbled, there would always be a spatial link between Lin Yi and the Beast. After all, no matter how crumbled the space was, they were still in the same dimension.

"Find the connection between the spatial points, and we'll be able to get close to the black-scaled space wind beast!"

The ghastly thing roared.

Find a way? However, it was too slow to search alone.

Wood forest thousand transformation!

Hundreds of Lin Yi's clones filled the entire cave in an instant, and nearly 90% of them were crushed by the spatial cracks as soon as they appeared. The remaining 10% were scattered in all directions.

The distance that they charged out varied, and without exception, they all dissipated in the shattered space. Then, hundreds of clones appeared again, continuing to search for the only passage in this spatial turbulence.

The Qi in the Jade space was being drawn into Lin Yi's body, and transformed into his own Qi through his dantian, to continue the thousand forest transformation.

"I don't believe it! I can't find the spatial link!"

Lin Yi's original body was also covered in blood, looking extremely miserable.

In just a breath's time, there were five to six thousand clones that appeared and disappeared-this was something only Lin Yi could do, and only the Jade space could handle this consumption.

"I found it!"

The ghostly thing shouted loudly. The two's fused divine senses were basically indistinguishable, and anyone could take the lead. The next moment, a simple divine sense attack was sent out by the ghostly thing.

The spatial link wasn't always static. Ordinary attacks could very likely dissipate halfway through because of the spatial Link's changes.

This spirit sense attack went through it easily-one could only say that Lin Yi and the ghost's combined spirit sense was too strong, the aftereffects were too strong!

The invisible spirit sense hit the target, and the black-armored air wind beast's head suddenly tilted back. Its primordial spirit, which had just been ravaged by the spirit sense pill fire Whirlpool, was almost knocked out of its body.

The collapsing space around him stopped for a second, including the wind blades. Lin Yi turned into a lightning arc almost instinctively and passed through the spatial line.

"You can die now!"

Lin Yi roared and flashed out of the lightning arc, using the soul-hooking hand at close range!

To deal with the darkness demon beast, a spiritual awareness attack skill was more powerful than any martial skill!

Chapter 6655 An Unexpected Obstruction

As soon as Lin Yi's hand appeared, more than half of the beast's yuan spirit was forced out, while the other half struggled to pull its body back to fight against Lin Yi's hand.

"Let go! You will regret this!"

"I'll regret it if I don't kill you! Come out!"

Lin Yi's face was pale. He knew that without the help of the thing, his spirit sense wasn't strong enough to deal with the beast.

However, he didn't expect that even with the help of that damn thing, the soul snatching hand almost failed!

Lin Yi activated his fire vortex again, burning and tearing at the beast's essence spirit to help with the soul-seizing hand.

"Human, if you kill me, this space will collapse, and you won't be able to live! Stop, let's have a good talk!"

The black-armored wind beast endured the indescribable torture and screamed for peace.

"You're trying to scare me? You die first and let me see how the space collapses!"

Lin Yi spat out some blood and smiled coldly as he activated his spirit sense again.

The black-armored wind beast's huge body suddenly trembled violently, and its primordial spirit also moved a bit further due to the collision. It looked like it was about to be completely pulled out.

"Eh? There's an unstable spatial tunnel there!"

The ghostly thing exclaimed. Lin Yi's spirit sense was connected to him, and he saw the tunnel immediately.

"The aura of this spatial tunnel is so eerie. Where does it lead to?"

Lin Yi didn't slow down his attacks on the beast, but he was still on guard against the tunnel.

"Don't be distracted. I'll go and check! This spatial tunnel seems to have been created by the black-scaled windbeast itself, and it only appears when it's attacked. "

The demonic thing guessed.

"Senior ghost, be careful. This spatial tunnel is unstable. Don't take any risks."

Lin Yi didn't feel at ease-this thing was already obsessed with space, who knew if he'd just rush in?

"Don't worry, do I still need you to teach me? You should take care of yourself first!"

The ghastly thing let out a strange laugh and extracted a small part of its divine sense with its primordial spirit. Then, it carefully approached the spatial passage next to the black-armored void beast.

Lin Yi didn't say anything else and focused on the black-scaled air wind beast.

"Lei Ying! Release the black-armored aerial wind beast!"

A familiar man's voice sounded from outside the cave. At the same time, a violent attack came through the air, aiming for Lin Yi's back.

The Jade space was frantically warning him, indicating that the attack this time was fatal.

Lin Yi's face changed-he was so close to successfully imprisoning the beast's spirit, was he just going to fail?

"Let's go all out!"

Lin Yi's eyes flashed with ruthlessness as he activated his spirit sense. The soul seizing hand finally succeeded in imprisoning the extremely weak beast's essence spirit at the last moment.

The attack hit Lin Yi's back accurately and went through without any resistance, brushing past the beast's body.

Three appearances of the cloud Dragon!

At the last moment, Lin Yi used the cloud Dragon's three appearances to leave a shadow behind and successfully escaped. He felt lucky.

It was really a close call! If he had been a little slower, he would have been severely injured or even killed!

"Dammit! I almost killed senior ghost!"

Lin Yi revealed himself, his eyes filled with rage.

If the wind beast's spirit returned, then the spirit of the strange thing observing from the tunnel would be killed. This was more unacceptable to Lin Yi than putting himself in danger!

"Little Lin, well done! This spatial tunnel is very dangerous, and I can feel the aura of a darkness demon beast. If I'm not wrong, the black-armored wind beast is trying to connect to the spatial location of the darkness demon beast clan. "

The ghastly thing's tone was grave, and his primordial spirit quickly returned to the Jade space.

The location of the darkness demon beast clan?

The black-armored wind beast wanted the darkness demon beast clan to return to the mystic-class Sea area, even if it was an abandoned land?

Lin Yi shook his head and decided not to think about the dark Demon beast for now. He needed to face a familiar person who was walking in from the entrance.

"Richard gawang, what do you mean?"

Lin Yi's eyes were as cold as ice as he looked at his relaxed teammate.

"What do you mean? Didn't I tell you to release the black-armored wind beast's primordial spirit? It shouldn't be dead yet, right? Your divine sense is pretty good. "

Lin Jiawang walked over to Lin Yi with a faint, evil smile on his face.

"Who are you? Where are big brother Wu and big sister Yuhua?"

Lin Yi was sure that this was Lin Jiawang, not someone else in disguise.

However, the aura on Richard Gawain's body was completely different. There was a faint black mist lingering on the surface of his body, and his normal pupils had become two intersecting rings.

The person was Richard gawang, but he was no longer the original Richard gawang.

"Do you really care about those two weak humans? Release the black-armored wind beast's soul, and I can give you a hint. "

Lin Jiawang raised his hand with an evil smile and flicked his finger.

A wisp of finger wind broke through the air and arrived, giving off a sharp whistle.

Lin Yi's eyes focused as he swung his arm to meet the finger force head on. His body shook a few times with a slight explosion before he stabilized himself.

"So you're also from the darkness demon beast clan. You're here to fight for justice for your brother?"

Lin Yi's head hurt-why were they running into dark beasts everywhere? And each one was more difficult to deal with than the last!

Was the darkness demon beast clan, which had disappeared for a long time, really going to be born again?

"This is a small warning for you. You should be able to see that your strength is far inferior to mine. Don't look for trouble and obediently release the black-scaled air wind beast."

Lin Jiawang retracted his finger calmly. His combat strength was indeed above Lin Yi 's, and he had the right to be arrogant.

"You value the black-scaled air wind beast so much because of this spatial passage?"

Lin Yi smiled faintly as he looked at the small black hole beside the meat.

An unstable spatial passageway would not allow the darkness magical beast clan to pass through. Not only was the spatial passageway not constructed properly, but it was also unstable.

Entering a spatial passageway that could collapse at any moment was equivalent to courting death.

"It doesn't matter whether it's true or not. What's important is whether you want to live or not. And the lives of the two people from the Wu family? They're your friends, right?"

Lin Jiawang's evil smile widened as he flicked his fingers, sending three finger winds towards Lin Yi.

"Of course they are my friends. Brother Zhai is also my friend. So, I advise you to leave brother Zhai as soon as possible!"

Lin Yi smiled faintly-he'd had trouble dealing with that one finger attack.

This time, he didn't Dodge the three finger forces. He just stood there and let them penetrate his chest.

There was no splattering of blood, so it was still an illusion!

Three appearances of the cloud Dragon!

Lin Yi appeared beside him like a ghost and used a simple clash of spirit sense and soul snatching hand. As long as he could trap this guy's spirit, the danger would be over.

Chapter 6656 Destroying The Tunnel

"Eh? A divine sense defense skill?"

Lin Yi was shocked. His spirit sense didn't touch Lin Jiawang's spirit but was blocked by another spirit.

The soul snatching hand that came right after also crashed into the spiritual energy, and the invisible clash only lasted for a moment. Lin Yi knew that he was in trouble today.

The soul Catcher hand wasn't a powerful spiritual awareness skill, and it would be useless against the other party's spiritual awareness defense.

"I've said it before, your divine sense skill is not bad, but it's only not bad! Now, let's try mine!"

Richard gawang's lips curved into an evil smile, and his pupils rotated rapidly, turning into a larger round pupil.

Lin Yi was just about to use his fire Whirlpool when his sea of consciousness was suddenly washed by a storm!

Countless divine senses condensed into tiny raindrops and turned into the shape of sharp needles. In an instant, his primordial spirit was riddled with thousands of holes.

"Don't waver. The holes are just an illusion. Your primordial spirit isn't seriously injured!"

The ghostly thing roared at the right time, pulling Lin Yi back from his daze.

"What a powerful divine sense technique, what is this guy?"

Lin Yi snapped back to reality, his back drenched in cold sweat.

If his primordial spirit had not been tempered to an extremely solid state, this attack might have really riddled him with thousands of holes.

Of course, if it wasn't for that damn thing's advice, Lin Yi would've been crushed by Chu gawang in the illusion!

"Among the darkness demon beasts, only the divine hidden demon eyes have this kind of spiritual sense ability. This kind of demon beast's body doesn't have a fixed form."

"Because it doesn't have a fixed form, it can attach itself to someone else and control them. Unfortunately, it chose Richard Gawain this time!"

"The strength of the divine hidden demon eyes" spiritual sense is definitely second to none among the darkness magical beasts. If it were anyone else, they would have been killed long ago. "

The demonic thing had a headache too. His spirit sense combined with Lin Yi's was no weaker than the divine hidden demon eyes, maybe even stronger, but it was almost impossible to use spirit sense against the divine hidden demon eyes.

In terms of strength, the divine hidden demon eyes was no weaker than the shadow God-devouring Lion at its peak, and it could still crush Lin Yi.

"Your divine sense skill is also not bad, just not bad!"

Lin Yi held his head and raised his head with a smile.

When he looked at Lin Jiawang, who was under the control of the divine hidden demon eyes, his spiritual will pill fire Whirlpool instantly fell.

Lin Jiawang's eyes were filled with surprise, not expecting Lin Yi to be able to block his spirit sense.

In an instant, the two's consciousness collided with each other again. The defensive layer of Lin Jiawang's consciousness shattered inch by inch. The invisible consciousness Whirlpool kept pulling his primordial spirit, and the consciousness pill fire burned wildly.

Lin Yi wasn't feeling good either-his spirit was still suffering from the pain of countless needles piercing through it. The God bracelet had no effect on this kind of spiritual attack.

"You really have some skills. I've underestimated you. It's normal for you to kill the black-scaled wind beast."

The pupils in Lin Jiawang's eyes spun faster and faster. In this battle of attrition, he was already at a disadvantage. "Since you refuse a toast only to drink a forfeit, then don't blame me for being impolite!"

Lin Jiawang shouted in a low voice. The smile on his face disappeared as he raised his hand and flicked his fingers.

Lin Yi quickly formed a super alchemy bomb in his palm, "ha ... You make it sound like you've always been polite to me!"

Lin Yi sneered back as lightning arcs flashed around him, dodging the finger attack.

Lin Yi didn't wait for the Super alchemy bomb to reach its limit and sent it out.

However, the target this time was not Louis Gawain, but the unstable spatial tunnel.

"Stop! If you dare to touch the spatial tunnel, I will definitely kill you!"

Chu Jiawang was shocked and roared as he rushed over, pouring all his spiritual sense and pure Qi onto Lin Yi.

Lin Jiawang really had the intention to kill!

"We'll talk about it when you can kill them!"

Lin Yi smiled faintly as he sent the Super alchemy fire bomb into the tunnel.

"Run! There will definitely be a spatial Rift after the explosion!"

The ghastly thing shouted.

Lin Yi didn't wait for the ghostly thing to finish and used his lightning escape to Dodge, just in time to avoid the space that was torn by the explosion.

"Damned human, you must die!"

Lin gawang roared madly, and then watched as the black-scaled air wind beast's body turned into pieces and was swallowed by the spatial Rift.

"If not for the fact that your body is brother Zhai 's, you would be the one dead now!"

Lin Yi hmped coldly and left the cave with a flash of lightning.

Chu gawang's goal was not to save the black-scaled aerial beast. What he wanted was the spatial tunnel. Now that the beast's body was gone, even if its primordial spirit came back to life, it would be impossible to open another spatial tunnel.

"That damned Thunder Eagle! You're dead!"

Lin Jiawang was furious as he chased after the lightning.

It was a pity that he didn't have the black-scaled wind beast's ability to restrict Lin Yi's movements.

He wasn't slow, but he couldn't catch up to Lin Yi's lightning escape. After a few turns, he lost Lin Yi's trail.

"The divine hidden demon eyes came very quickly just now, almost chasing after me. If Wu Zhaoyang and Wu Yuhua aren't dead, they shouldn't be too far away."

Lin Yi had already given up on the idea of going deeper into the wind crack cave. He only wanted to find the Wu siblings.

Lin Yi just wanted to leave as soon as possible. This wind crack cave was probably going to become the dark Demon beasts "nest soon. With his strength, he could still deal with the wind beasts, but it would be a bit difficult to deal with these strange Dark Demon beasts.

"I hope they're fine! If I had known earlier, I would have advised them to leave when they first came in. "

Lin Yi sighed to himself. He thought he could destroy the wind crack cave, but it turned out to be a Tiger's mouth.

"My divine sense's detection is a bit clearer. I don't know if it's because the black-armored wind beast is dead or because the divine hidden demon eyes were injured, but in any case, this is beneficial to us. Look, there's a hidden cave over there, and there's a pile of things inside."

The ghostly thing's spirit sense was still connected to Lin Yi 's.

"It seems so. I'll go and take a look!"

Lin Yi didn't hesitate. The hidden cave wasn't far from the fork. He wanted to explore the wind crack cave more while not affecting his escape.

"So it's a pile of weapons. The tianwu mercenary group's mission items might be here. You can take them."

The ghostly thing looked at the pile of knives, Spears, swords, and halberds. It didn't think much of them. They were all useless.

"I don't even know if the tianwu mercenary group still exists. It's no longer important if we have any mission items."

Putting the weapons away in the Jade space, Lin Yi sighed and turned to run.

There were a total of 21 weapons in this pile. It seemed that many people had died in the wind crack cave. The quality of these weapons was also good, but it was unknown why they were all piled up here.

Chapter 6657 Escape

Soon, Lin Yi returned to the cave with the wind Whirlpool. His senses were clearer here.

"It's Wu Yuhua! There are still signs of life. "

Lin Yi found Wu Yuhua lying on the ground with his spirit sense the moment he left the cave.

As for Wu Zhaoyang, he wasn't nearby. No one knew where he went.

Lin Yi came to Wu Yuhua's side-the wind was strong, but she was lying on the ground, unmoving.

"Sister Yuhua! Wake up!"

Lin Yi reached out and patted her lightly, but she didn't respond.

"Look at her body. There's a layer of white gas protecting her, so the wind doesn't affect her."

As a bystander, the ghostly thing could see clearly and discovered the abnormality.

Lin Yi lowered his head and looked at the White gas. The strange thing was that he didn't feel the gas at all with his hand. He patted Wu Yuhua's shoulder without any resistance.

"Don't think too much. Let's take her out first. The divine hidden demon eyes have already caught up with her."

The damn thing quickly urged. After all, Lin Yi wasn't his match.

He was only able to escape because he was distracted by the tunnel. If he was focused on fighting Lin Yi, it would be hard for Lin Yi to escape from his spirit sense attack.

"Alright, since Wu Zhaoyang isn't here, we'll just leave him be for now."

Lin Yi sighed and picked Wu Yuhua up, flying out of the wind crack cave.

With Wu Yuhua as a burden, Lin Yi was no match for nie Jiawang. He couldn't care about Wu Zhaoyang anymore-it'd be good enough if he could save his and Wu Yuhua's lives.

"This layer of gas is really strange. Not only can it block the wind in the wind crack cave, but it can also block your lightning."

The ghostly thing studied the gas on Wu Yuhua's body with great interest.

Lin Yi looked over as well-Wu Yuhua's body didn't have any lightning at all.

"It's strange indeed. What is this thing?"

Lin Yi mumbled. He didn't have time to study it and focused on running.

After a while, Lin Yi rushed out of the wind crack cave, not seeing Wu Zhaoyang and the mist around Wu Yuhua.

"Thunder Eagle? Are you alright?"

As the mist disappeared, Wu Yuhua woke up as well, breathing a sigh of relief when she saw that Lin Yi was fine.

"Sister Yuhua, it's good that you're awake. I'm fine!"

Lin Yi found a place to put her down.

"It's good that you're fine. Where's my cousin and Lin Jiawang? We've already left the wind crack cave?"

Wu Yuhua touched her forehead, still confused by the situation.

"Sister Yuhua, you don't know what happened?"

Lin Yi was still hoping to get some information from her, but it seemed like that wasn't going to happen.

The thousand changes of wood forest's clones had flaws, and after they were destroyed, the original had no idea what the clones went through, so Lin Yi couldn't guess what the tianwu mercenaries went through.

"I only remember that there was an attack by a wind beast. I fainted and then you brought me out. What exactly happened?"

Wu Yuhua blinked, looking at Lin Yi blankly.

"Let's not talk about this for now. Take this teleportation talisman and be prepared to escape at any time. "

Lin Yi smiled bitterly as he handed a teleportation talisman to Wu Yuhua.

At this time, Chu Jiawang, who had been chasing Lin Yi, also rushed out and stopped not far from Lin Yi and Lin Yi.

"Not bad, your escape skills are quite good, why aren't you running? Can't you run anymore?"

Lin Jiawang had a faint evil smile on his face as he looked at Lin Yi and Wu Yuhua coldly. He didn't attack immediately because he saw the teleportation talisman in Wu Yuhua's hand!

It would be troublesome if the two of them ran away.

"Chu gawang, what's wrong?"

Wu Yuhua looked at Chu gawang, who had been possessed by the divine hidden demon eyes, in shock. Her face was filled with disbelief.

The person in front of her was still her familiar partner, but the aura on his body and the expression on his face were so unfamiliar. Wu Yuhua could not believe that such a huge change could happen to a person in such a short period of time.

"Lei Ying, release the black-scaled wind beast's yuan Shen, and I will let you off today. If you don't agree, neither of you will have an easy time. I will fight you to the end of the world!"

Lin Jiawang ignored Wu Yuhua and stated his conditions with an indifferent expression.

Although the black-scaled air beast's body was gone, Chu gawang wasn't sure if it still had its original innate ability. There was still a glimmer of hope to get back its Yuan Shen.

"If you have the ability, then catch up to me first! What's the point of talking big!"

Lin Yi smiled faintly-he still had use for the beast's essence, so why would he give it back to Lin Jiawang?

"How about this, you hand over the black-scaled air wind beast, and I'll return Wu Zhaoyang to you. I'll also give you some benefits, enough for you guys to cultivate to the earth formation stage. How about it?"

Richard gawang didn't get angry, and his cold face showed his signature evil smile.

Wu Yuhua's breathing became rapid behind Lin Yi.

After all, Wu Zhaoyang was her cousin. The two grew up together, cultivated together, and did missions together. In terms of feelings, they were like real siblings.

Lin Yi's offer to trade Wu Zhaoyang for the air wind beast made her panic. She was afraid that Lin Yi wouldn't agree.

"Bring big brother Wu over first."

The reason why Lin Yi didn't run away was to confirm Wu Zhaoyang's condition.

Lin Yi couldn't kill Lin Jiawang, but he could at least hold on. He just had to activate the teleportation talisman and everything would be fine.

"First, let me see the black-scaled wind beast's soul. If you've already destroyed it, then there's no need to talk about our deal. The soul is in your hands, so you don't have to worry about me going back on my word, right?"

Lin Jiawang spread out his hands, looking open and honest.

Wu Yuhua held her breath. She was worried about Wu Zhaoyang, but this wasn't something she could interfere with. She'd only make things difficult for Lin Yi.

"There's no point in us wrangling like this. If you don't let me see big brother Wu, I won't believe you no matter what you say!"

Lin Yi took out a random teleportation talisman and shook it lightly. "How is it? If you can't, we'll leave!"

"Lei Ying, I've given you a chance, so you should cherish it. Even if you run away, I'll still be able to find you. Since you know that I have the divine hidden demon eyes, you should also understand my abilities."

Lin gawang squinted his eyes slightly, his eyes flashing with a demonic light.

Wu Yuhua couldn't help but shiver. Although Chu Jiawang was looking at Lin Yi, she still felt a sense of fear.

"Cut the crap, where's big brother Wu?"

Lin Yi hmped coldly, completely ignoring his threat.

"Lin brat, the tracking ability of the divine hidden demon eyes is indeed superb. Anyone who has been seen by him can't escape his pursuit no matter how they disguise themselves. The red dust manifestation can only hide your true appearance, but you can't escape from this guy's pursuit."

The ghastly thing reminded.

Chapter 6658 No News Is Good News?

Lin Yi was shocked-the ability of the divine hidden demon eyes was terrifying. Even the world of mortals couldn't be hidden?

But even so, Lin Yi wouldn't hand it over so easily.

"Good! He had balls! Since you refuse a toast only to drink a forfeit, then don't blame me for not being polite!"

Lin gawang's eyes began to spin rapidly again, and an invisible consciousness attack suddenly descended.

Lin Yi was already prepared for this. A fire Whirlpool appeared beside him and Wu Yuhua, resisting the spirit sense attack.

Using attack to replace defense!

The attack power of the consciousness pill fire vortex was undeniable, and it was not weak!

"Sister Yuhua, let's go!"

Lin Yi said without hesitation.

Although Wu Yuhua was worried, she still activated the teleportation talisman she had prepared. With a flash of light, she disappeared.

Lin Yi didn't waste any time and activated the talisman as well. Chu Jiawang didn't stop them at all, only smiling mockingly as he watched the two teleport away.

"Senior ghost, how did you complete the tracking with the divine hidden demon eyes? Could it be that you're using your spiritual sense to mark it?"

Lin Yi asked as he emerged from the light.

"I'm not too sure about the details. Perhaps it's the ability of his demonic eye that can lock onto the characteristics of the primordial spirit and divine sense, so no matter how you change your appearance, you can't hide it from him. "

The ghastly thing said in a deep voice.

"Senior ghost, it seems like you really understand the darkness demon beast clan."

Lin Yi was curious-he knew all the dark beasts he met here.

"Don't ask so many useless questions. You'd better hurry up and think about how to escape. You're really troublesome. You provoke enemies everywhere you go. If you provoke them, then so be it. The key is that you can't beat them!"

Lin Yi didn't know what to say to the monster's complaints.

"Leiyang, what's wrong with Chu gawang? Is my cousin still alive?"

Wu Yuhua asked with tears in her eyes as she saw Lin Yi.

One was a comrade who had gone through life and death with her, while the other was her cousin. Wu Yuhua was unwilling to believe that there would be such a huge change in the mission.

"Sister Yuhua, don't be so agitated."

Lin Yi smiled bitterly to himself. He knew what Wu Yuhua wanted to hear, but he couldn't lie to her.

"Big brother Kuai Gawain ... Was possessed by the darkness magical beast's godly hidden demon eyes. I don't know when this happened, but I'm sure that big brother Kuai Gawain is still alive, and there's hope for him to recover in the future."

Lin Yi wasn't trying to comfort him-Lin Jiawang's essence spirit was too weak, and the divine hidden demon eyes probably wouldn't even be a threat to him. It was very likely that he was sealed off.

As long as he got rid of the divine hidden demon eyes, there was a high chance that Lin Jiawang would recover. If it was a spirit as strong as Lin Yi's, the divine hidden demon eyes would definitely kill Lin Yi's spirit first.

Of course, if he really did possess Lin Yi, it was hard to say who would die. Don't forget that there was still the existence of the ghost.

"What about my cousin?"

When she heard that there was still a chance for Lin Jiawang to recover, Wu Yuhua relaxed a little, and her eyes were filled with hope.

"Big brother Wu ... I didn't find any traces of him. Sister Yuhua, I think no news is good news. Maybe big brother Wu has already escaped. Otherwise, Lin Jiawang would have used big brother Wu to threaten us just now."

Lin Yi said, a little insincere.

Wu Yuhua's eyes dimmed. Lin Yi's words were possible, but it was more likely that there was no news. He was most likely dead.

"By the way, sister Yuhua, there was a faint layer of mist on your body earlier to protect you from the wind. What was that?"

Lin Yi changed the topic subtly. He was curious, of course.

"A faint mist? What's that?"

Wu Yuhua raised her head in confusion.

"Do you have any defensive items on you?"

Lin Yi found it strange-if Wu Yuhua didn't know herself, then the mist's origin was suspicious.

Lin Yi's expression turned serious as he recalled the black mist from the demon eyes. Could it be that Wu Yuhua was infected as well?

"Senior ghost, is there any way to check if there's a problem with Wu Yuhua's body?"

Lin Yi didn't dare to delay.

"You can use your spiritual sense to penetrate into her body, check the flow of all her meridians, and then see if there is any abnormality in her knowledge sea, but I think that if there really is such a thing, it will not be easy for you to find it."

The damn thing was uninterested.

Lin Yi went silent-his spirit sense was countless times stronger than Wu Yuhua 's, and he could do this without attracting her attention.

However, doing so would be an invasion of her privacy, and it was likely to hurt her fragile sea of consciousness.

"Silly boy, I know what you're worried about. Don't worry, there aren't many darkness magical beasts that can parasitize other than the divine hidden demon eyes. Moreover, after they parasitize, they will only produce a black mist and not like what happened to Wu Yuhua!"

The ghostly thing clicked its tongue twice and finally said something human.

Lin Yi didn't feel anything special from Wu Yuhua's body, and let out a breath of relief.

"I do have defensive equipment, but I don't have one like this."

Wu Yuhua couldn't figure it out, but her worry for Wu Zhaoyang was diluted.

"Forget it, sister Yuhua, let's leave this place first. Do you know what this place is?"

Lin Yi waved his hand and looked around. He had no idea what this place was.

"I know. Our mercenary group has passed by this place a few times. If we walk in that direction for about four hours, we'll reach broken Yin city. This is the central city of human cultivators in broken Yin mountain range, and it's one of the most prosperous cities in the entire abandoned land."

Wu Yuhua pointed in a direction. Her mood became low again at the mention of the mercenary group.

"Then let's go. We'll go to Yin Duan city first."

Lin Yi patted Wu Yuhua's shoulder, hoping to comfort her this way.

"Yes, let's go to Broken City! Although the two of them are temporarily gone, our tianwu mercenary group's reputation can not fall! We'll go take on another mission and wait for them to come back!"

Wu Yuhua seemed to have made up her mind and clenched her fists tightly.

She seemed to have thought of something as she turned to Lin Yi. "Lei Ying, you ... Will you still join the tianwu mercenary group?"

If it wasn't for Lin Yi, she'd be the only one left in the entire tianwu mercenary group. She wouldn't be able to complete the mission, but she'd basically be removed from the mercenary group if she was alone.

"Sister Yuhua, what are you saying? I'm already a member of the tianwu mercenary group, so what's the point of me joining or not?"

Lin Yi smiled, his casual reply making Wu Yuhua's eyes redden.

She was not the only one left in the tianwu mercenary group!

Chapter 6659 Broken City

"I almost forgot, sister Yuhua, what kind of knife are we looking for this time? I've found a few knives. Can you take a look and see if there's any of our mission targets?"

Lin Yi smacked his forehead-he really did forget about the weapons he'd just picked up.

She pretended to take out her weapon from her storage bag and spread it all over the ground. Wu Yuhua was instantly dumbfounded.

All of these weapons were of high quality, and almost all of them were above her short sword. Lin Yi just threw them on the ground like they were trash?

"Sister Yuhua, take a look and see if there's any?"

Lin Yi used the tip of his foot to draw a few lines, revealing all the weapons inside.

"Yes, it's this saber!"

Wu Yuhua didn't know what to say, so she subconsciously pointed at a thick-backed ring knife inside.

"There really is? We're in luck, the mission is finally completed. In order to save the two big Brothers, we have to work harder to complete more missions!"

Lin Yi said, feeling a little awkward and embarrassed at the same time.

Fortunately, Wu Yuhua had been shocked by the pile of fine weapons and had yet to come back to her senses ...

"Sister Yuhua, can you see if there are any weapons suitable for you? You can choose whatever you want, I'm useless anyway. "

Lin Yi waved his hand and took out the mission's thick ring blade, pointing at the weapons on the ground for Wu Yuhua to choose.

"Alright, I won't stand on ceremony with you."

Wu Yuhua was a straightforward person to begin with, and now that she treated Lin Yi like a little brother, she naturally wouldn't be polite with him. She bent down and picked up a dagger.

She was originally using a short sword, and this dagger was slightly shorter than the short sword, but the blade was slightly wider, but it would not affect her too much.

She weighed it in her hand a few times. The weight and feel were quite suitable, and Wu Yuhua immediately loved it.

"Lei Ying, I'll take this dagger. I don't need the others, so you can keep them."

It was enough for Wu Yuhua to get the dagger. She didn't care about anything else.

In terms of quality, this dagger might not be the best among the weapons, but it was the most suitable for her. Therefore, in her eyes, the other weapons combined were not as valuable as this dagger.

"Alright, then let's continue our journey!"

Lin Yi nodded and put the weapon away before heading to Yin duancheng.

"Lei Ying, how did you find these? Is it so easy to find good things in the wind crack cave?"

Wu Yuhua followed behind Lin Yi and couldn't hold back her curiosity. She didn't treat Lin Yi as an outsider and asked directly.

"It's also a coincidence. I don't know what's going on with these weapons, but they're all piled up in a cave that's sheltered from the wind. I happened to pass by and saw them, so I swept them all away without any hesitation!" Zhang xuan said.

Lin Yi shrugged, not thinking much of it.

"Lei Ying, you're a man of good fortune. I believe that with you here, my two brothers will return safely!"

Wu Yuhua was silent for a moment before speaking in a low voice.

Lin Yi's ears twitched-he could hear what Wu Yuhua was saying, but he couldn't guarantee anything. He could only continue walking in silence.

Not to mention Wu Zhaoyang, even Chu gawang ... How could the divine hidden demon eyes give up on this parasite so easily?

With Lin Yi's current strength, he could barely resist it. There was no chance of winning.

The two of them had their own thoughts as they arrived outside Yin Duan city without a word.

Lin Yi stopped in his tracks and transferred a portion of the original infant and xuansheng stage wind beast crystals into a storage bag, passing it to Wu Yuhua.

"Sister Yuhua, there are some Wind Spirit crystals here. We hunted them in the wind crack cave. You can exchange them for resources. After you hand in your mission, you can go into seclusion and cultivate for a while."

"Lei Ying, what are you planning to do?"

Wu Yuhua paused, not taking the bag. She looked at Lin Yi worriedly.

If Lin Yi left, leaving her alone in broken Yin city, where would she go?

"Oh, I'm also going to go into seclusion for a while. I've had some comprehensions recently and need to sort them out. After we come out of seclusion, we'll go and take on new missions."

Lin Yi smiled and put the bag in Wu Yuhua's hands.

In the Yellow Sea and other big islands, a storage bag was basically a luxury, and it was rare to see people use it.

But in Mystic class sea, storage bags weren't that common, but they were pretty common. Lin Yi had quite a few of them already, so giving one to Wu Yuhua wasn't much.

Wu Yuhua let out a breath of relief. It was fine as long as Lin Yi didn't leave.

Lin Jiawang had said before that he would come to track them. Wu Yuhua was still a little apprehensive, so it was better for her to go into seclusion in Broken City. If Lin Jiawang came, she could use Broken city's array formation and experts to subdue him.

"Also, here are two pills. Try your best to break through to the peak of the original level. I will find a way to help you break through."

Lin Yi took out two small Jade bottles and handed them over.

Wu Yuhua was an expert at the peak of the advanced stage of the original level, but her abilities were still too weak!

She couldn't even protect herself when something happened, let alone drag him down. Lin Yi wanted to make Wu Yuhua stronger.

"Special grade golden core! There's also a special grade Thunder profound pill!"

Wu Yuhua opened it and looked at it. She immediately covered her mouth and exclaimed.

There were also alchemists in the abandoned land, but special grade pills had almost never appeared. Because the broken mountain range wasn't rich in resources, the materials for alchemy were also very precious. If one wanted to buy pills, they would basically have to go bankrupt.

"Lei Ying, this is too valuable. I can't accept it!"

Wu Yuhua subconsciously wanted to return the two bottles to Lin Yi, but Lin Yi glared at her.

"What's so precious? I don't need it, and I have plenty of it. If you think it tastes good, I can give you more to eat like jelly beans. "

With that, a few more golden cores appeared in Lin Yi's palm, all of them special grade.

Wu Yuhua was dumbfounded and completely dazed ...

Special grade golden core cultivators could be eaten like candy?

Who the hell was this person? Were the resources in the world outside the abandoned land so abundant?

No wonder so many people would fight to get a spot every year. It made sense!

Of course, Wu Yuhua was thinking too much. After they left, the pills would be extremely precious.

"Alright, sister Yuhua, let's go. Let's not waste time outside the city."

Lin Yi kept the pill and walked towards Yin duancheng.

He didn't know if the Black-bellied little loli and the others were also in Broken City. This place wasn't very peaceful. Should he bring the three of them along?

But he still shook his head at the thought-she'd probably rush at him if she saw him, wouldn't she? This kind of little lunatic, if he couldn't afford to offend him, he could still hide.

Lin Yi walked to the city gates with Wu Yuhua as his thoughts ran wild.

As Broken city's defense array was kept at its lowest state all year round, it did not consume much energy and could be switched back to normal mode at any time in the face of danger.

Chapter 6660 You'll Get Kicked If You Act Like An Egg

At the city gate, there was a passageway that could be opened and closed. There was a team of experts on guard.

It seemed like the broken mountain range wasn't safe. Even such a large city had to be careful and vigilant.

"Wu Yuhua, why did you bring a pretty boy back? where's your cousin and Lin Jiawang?"

Some of the guards recognized Wu Yuhua, and they started teasing them when they saw Lin Yi and Lin Yi.

Wu Yuhua's face darkened. Although she knew the person who spoke, they weren't on good terms. Furthermore, the other party's words made her a little unhappy.

The man's words hit the nail on the head. She didn't know if Wu Zhaoyang and Lu Jiawang were still alive, so she didn't have the patience to talk to him.

"This is a new member of our mercenary group, Thunder Eagle! I'll take him to go through the formalities. He doesn't have a pass token yet, so help him get a temporary pass first. "

Wu Yuhua pointed at Lin Yi expressionlessly and took out a few spiritual jades for the guard.

People without an official identity had to have a pass token to enter and exit Yin Duan city. This was also a rule made to ensure the safety of the city.

All the members who registered in the broken city would have a long term pass, but Lin Yi, who was here for the first time, had to get a temporary pass and be monitored by the array.

Within one day, the holder must change the temporary token into an official token. Otherwise, they would either leave Yin Duan city or be warned by the array that they were ready to attack.

"I'm sorry, there has been some small chaos in the city recently, so the temporary passage token can't be processed for the time being. Outsiders are prohibited from entering. You can go and register his identity first, and then come out to pick him up. "

The guard who spoke earlier walked over and pushed Wu Yuhua's spiritual Jade back.

"Jiang Feng, what do you mean? I've never heard of such a rule before. Besides, Lei Ying is a member of our tianwu mercenary group, so naturally, I'll be his guarantor. What right do you have to not help me with this?"

Wu Yuhua looked at Jiang Feng unkindly, unable to hide the anger in her eyes.

"On what basis? I have the final say here! Sue me if you can! I'm suspecting that this Lei Ying is up to no good, so I forbid him from entering the city. I, Jiang Feng, am doing my duty. Is there a problem?"

Jiang Feng laughed sinisterly, showing a fearless look.

"Jiang Feng, don't go too far! Are you trying to take revenge on me? I'll report you to the city Lord's mansion, I don't believe you can hide the truth from the public. "

Wu Yuhua gritted her teeth and glared at Jiang Feng, but she was helpless at the moment, so she could only intimidate him.

Although Jiang Feng was only the captain of the city gate guards, he had a backer in the city Lord's mansion. Moreover, it was indeed within his authority to allow people into the city or not. If he really wanted to report it, it might not have much effect.

"Wu Yuhua, don't talk nonsense! What did he mean by abusing his power for personal revenge? What did it mean to cover the sky with one hand? Although I'm just abusing my power to take revenge, I can't say it out loud. Don't you think so, brothers?"

Jiang Feng wasn't afraid of threats at all, and his big words caused the surrounding guards to burst into laughter.

"Captain Jiang is right. Our Captain Jiang is a low-profile person ..."

"Wu Yuhua, just follow our Captain Jiang ..."

"Are your two brothers dead? Then all the more you should join our Captain Jiang. Do you really want to rely on this pretty boy?"

Jiang Feng looked at his underlings teasing Wu Yuhua with a smug expression.

Wu Yuhua's face turned pale and she was about to explode!

Especially the guy who said that her two brothers were dead. It touched the wound in her heart that had yet to form a scar, making her tremble all over.

Lin Yi squinted his eyes. He didn't want to argue with these guards. If it wasn't for the fact that he didn't want to reveal his strength, he would've killed this Jiang Feng with one slap.

But to Lin Yi, he really didn't care if he had a pass or not. A mere peak level 8 formation was nothing in front of this damn thing.

He just didn't expect these people to be getting more and more out of hand, and Lin Yi never liked people acting cool in front of him! After so many years, he had also tacitly accepted the nickname of acting tough leader.

"Pa pa pa pa pa!"

A series of crisp slaps sounded, and Lin Yi returned to Wu Yuhua's side, looking at the guards rolling on the ground.

Anyone who teased Wu Yuhua was slapped twice in the face. Those who said that Wu Zhaoyang and Chu Jiawang were dead were even more miserable. They were slapped six times, and all their teeth flew out. Their faces were swollen like pigs' heads.

As for Jiang Feng, the one who started all this, Lin Yi naturally didn't let him go. He gave him a good beating, but because the speed was too fast, he didn't even have time to react. His whole body was already swollen and he was moaning on the ground.

"Sister Yuhua, what's this idiot? How dare you provoke our powerful tianwu mercenary group? is there something wrong with your brain?"

Lin Yi asked seriously, as if he wasn't the one who beat up the guy.

Wu Yuhua was really speechless this time. Although Lin Yi's beating made her feel good, they were still broken city's guards. Was it really okay to beat people up?

As for provoking the tianwu mercenary group, Wu Yuhua could not help but burst into tears!

What was the tianwu mercenary group in broken Yin city? There were at least a thousand of such small mercenary groups in the broken city, so the city Lord's mansion would not even give them a glance!

"Lei Ying, let's go ..."

Wu Yuhua came back to her senses and knew that this matter couldn't be resolved peacefully. She wanted to take Lin Yi and leave Yin duancheng immediately.

Mercenary groups could not only hand over their missions in broken cities. There were mercenary guilds in every city, and it was the same in other cities, but it would delay some time.

"Why are you leaving? let's go into the city. Ignore these idiots."

Lin Yi shrugged.

The reason why he dared to make a move was that he had joined forces with that ghastly thing's divine senses to explore the entire Yin Duan city. They had confirmed that there were no powerful experts here, only two at the early stage of the shattered Sea realm.

Lin Yi wasn't a match for them yet, but he had no problem escaping and protecting himself. As for Broken city's defense array, it was a joke.

With the presence of this damned thing, this formation could be reversed controlled at any time. At the same time, its power could be increased from the peak of level eight to level nine.

"You want to leave? Don't even think about leaving Yin Duan city. You're all crippled, do you know that?"

Even though Jiang Feng was still rolling on the ground, he roared loudly.

The city gate's change was already known to the guards in the city, so Jiang Feng was very confident.

Lin Yi's strength was only at the early stage of Mystic Ascension, on par with Jiang Feng 'S. He felt that the reason he was ambushed was because he wasn't prepared.

"Yo, you're quite arrogant!"

Lin Yi didn't say a word and went up to kick the bee a few more times, turning it into a shrimp.

It was a good thing Lin Yi didn't want to kill him, or he'd be dead with a kick.

Ever since he'd met Tian Gang, Lin Yi started liking kicking people-he'd kick you to death if he didn't like you!
