

Bodyguard 6661

Chapter 6661 What's There To Be Afraid Of?

"Thunder Eagle!"

Wu Yuhua didn't know what to say. She was clearly a very calm person before, so why did she suddenly become so irritable? Had he also been possessed by a darkness magical beast?

But to be honest, Wu Yuhua was still very happy. It was as refreshing as drinking ice water in the hot summer. It was just that her worry for Lin Yi diluted this feeling.

"Sister Yuhua, don't worry. We're in the right!"

Lin Yi smiled nonchalantly as he replied seriously.

Wu Yuhua didn't know whether to laugh or cry. You beat up a bunch of people, and you're still in the right?

Before he could finish his sentence, six figures had already arrived, surrounding Lin Yi and Wu Yuhua in the middle.

"Wu Yuhua and Lei Ying from the tianwu mercenary group greet the enforcer."

Wu Yuhua didn't dare to delay and quickly bowed, giving Lin Yi a look at the same time.

The six new people were the law enforcement patrols of Broken City. The leader was an initial stage mountain split expert, while the other five were xuansheng stage experts.

Lin Yi's casual greeting made the early stage enforcer a little unhappy.

"What's going on? Did you attack the city guards?"

The lead enforcer's face was cold as he glanced at Wu Yuhua, his eyes landing on Lin Yi.

It was obvious that Wu Yuhua, who was at the peak of the advanced stage of nascent soul, didn't have the strength to do so. It could only be Lin Yi, who was unfamiliar.

"It's this kid who dared to sneak attack the guards! He's simply lawless and doesn't put our Broken City in his eyes at all. I suggest that he be executed on the spot!"

Jiang Feng stood up and pointed at Lin Yi.

He relied on the fact that he had a backer to order the law enforcement team around. Although a trace of disgust flashed in the eyes of the leader of the law enforcement team, he couldn't say much.

"Law enforcer, it's not what he said!"

Wu Yuhua immediately became anxious, 'Jiang Feng didn't give our new members a temporary pass token, and even insulted us! This Jiang Feng wanted to pursue me before, but after I rejected him, he's been pestering me. This time, it's obvious that he's using his position to take revenge for a private matter. "

She didn't know if explaining would be of any use, but it would be even more useless if she didn't explain, so she simply told him the cause of the incident.

"So this idiot wants to pursue sister Yuhua. He's really a Toad lusting after a Swan's meat. Why doesn't he take a piss and look at his own virtue?"

Lin Yi shook his head as he clicked his tongue in disdain, not hiding the disdain on his face at all.

Jiang Feng was about to go crazy from anger, she immediately jumped up and pointed at Wu Yuhua, ""You shameless B * tch ..."

However, before he could finish cursing, he felt a sharp pain in his lower abdomen. He didn't know what was going on, but he was sent flying and crashed into the city wall's defense array.

It was also thanks to the defense array. Otherwise, the city wall might have cracked from his collision ...

Lin Yi said as he pulled back his foot, as if nothing had happened.

The enforcers "pupils contracted as they looked at Lin Yi with fear in their eyes.

The speed of the Super butterfly micro step was comparable to the lightning movement within a short distance. No one could see Lin Yi's movements clearly, and the law enforcement team would probably end up the same.

"Law enforcers, as you can see, this is Jiang Feng's own doing, you can't blame me!"

Lin Yi shrugged and spread his hands in an innocent gesture.

"You're called Lei Ying? Do you think you're very powerful, so you want to provoke our Yin duancheng?"

The leading law enforcer's face was dark. He didn't like Jiang Feng's behavior, but Lin Yi slapping Jiang Feng was the same as slapping Yin duancheng's face.

So he was hesitating on how to deal with Lin Yi.

"I never wanted to provoke Broken City Yin. However, if broken City Yin can't give me a fair environment and deal with it, I don't think I need to respect him."

Lin Yi didn't have any special feelings for Broken City. He couldn't even get a temporary pass, so it would be weird if he had a good impression.

"No matter what, it's a fact that you've beaten up one of our Broken city's men. Since you want fairness, then come with us!"

Although the leading law enforcer's attitude was cold, his words were still polite.

They didn't want to offend anyone because of Lin Yi's strength. Who knew what kind of Big Shot was behind this young master?

"Why are you leaving? Kill him! Because Broken city's people were being bullied, he still had to swallow his anger? Is this how you law-enforcement teams enforce the law? I'm telling you, it's a dereliction of duty!"

Jiang Feng clutched his stomach and sat on the other side of the city wall, not daring to come over, but he still shouted loudly.

Lin Yi glanced at him coldly, and Jiang Feng immediately shut up. Although he wasn't seriously injured, he had been beaten up by Lin Yi several times. There was a shadow in his heart, and he didn't dare to get close to Lin Yi.

"What a useless rabid dog, barking for no reason. I'll only dare to talk if I'm hit with a stick."

Wu Yuhua pursed her lips in disdain and muttered softly.

However, everyone present was a powerful expert. Who didn't have sharp ears and sharp eyes? Although it was soft, everyone could hear it clearly.

Jiang Feng's face turned from green to white. He wanted to explode, but he was also a little scared. He could only look at the law enforcement team, hoping that they would come out and deal with Lin Yi.

Unfortunately, he didn't know that the law enforcement team knew that they weren't Lin Yi's match either, so they didn't dare to make a move!

Broken city's reputation would be completely tarnished if the enforcers were to get wiped out by Lin Yi at the city gates.

"Lei Ying, come with us. Don't force us to make a move!"

The leading law-enforcer reminded again, as if he was getting impatient.

Wu Yuhua looked at Lin Yi nervously, not knowing what he would choose.

If he wanted to run, Wu Yuhua believed that Lin Yi would be able to escape. After all, even the mysterious divine hidden demon eyes couldn't stop him. How could the broken city guards have the ability to do that?

However, if they did that, they might be wanted by Broken City. In broken mountain range, the other cities would probably cooperate after receiving the wanted order.

"Let's go!"

Lin Yi smiled faintly, telling Wu Yuhua not to worry. He then walked into the middle of the law enforcement team with a nonchalant face, having the six people surround him.

"Thunder Eagle!"

Wu Yuhua called out worriedly and immediately followed him.

The leading law enforcer only glanced at Wu Yuhua, then motioned for her to be taken away as well.

"Don't worry, it's fine. I'm here. "

Lin Yi comforted Wu Yuhua, his expression confident that he had everything under control.

As long as Yin duancheng's sea Rift stage expert didn't make a move, these formations wouldn't be able to do anything to him. What was there to worry about?

"Lei Ying, you are too impulsive. You will get into trouble if you hit the guards in Broken City."

Wu Yuhua leaned in closer to Lin Yi, warning him in a soft voice.

Although Wu Yuhua felt great when Lin Yi was beating up Jiang Feng, that momentary feeling of pleasure couldn't solve the problem now.

"Justice can travel the world. We're right. What's there to be afraid of?"

Lin Yi smiled nonchalantly.

Chapter 6662 Hair Protection Backer

Wu Yuhua glared at Lin Yi. How could he be joking at a time like this?

After beating up the city guards, even if it was reasonable, it would become unreasonable!

And more than once!

Alright, Wu Yuhua was actually very happy. A B * tch like Jiang Feng should be beaten up a few more times.

"By the way, sister Yuhua, why don't you tell me what happened between you and that Jiang Feng? Who's behind him?"

Lin Yi set up a simple Qi barrier to block out their voices. The enforcers didn't look too good, but they didn't break the barrier to avoid angering Lin Yi and causing an uncontrollable accident.

If they could bring the two of them back peacefully, they would have completed their mission, so they didn't want to cause any more trouble.

"He's like a Mad Dog. He'll go and flirt with any woman in Broken City who is slightly more beautiful. He wouldn't dare to provoke those who are strong or have a strong background, but women like me who are not as strong as him and have a weaker background are his favorite targets."

Wu Yuhua pouted, her face full of disgust when she talked about Jiang Feng!

"He said that he likes me, but big sister still knows her own limits! My aptitude is average, at most a bit of beauty, I'm not worthy of being his Dao companion. He probably just wants to play with me! If it wasn't for the fact that my brother's strength is slightly stronger than his, I don't know how he would've bullied him. "

At the mention of Wu Zhaoyang, Wu Yuhua's face suddenly became a little sad, ""Now that my brother isn't by my side, this Mad Dog immediately pounced on me and started barking. It's really annoying."

"Sister Yuhua, you don't have to worry. Even if brother Wu isn't here, there's still me. I'm specialized in treating this kind of Mad Dog."

Lin Yi consoled softly, but he wasn't lying. He really wasn't convinced.

Although Wu Zhaoyang and zou Jiawang weren't there, Lei Ying was there! The tianwu mercenary group was still there!

Wu Yuhua was instantly a little excited. She paused for a moment before saying, ""Jiang Feng's backer is a Guardian of the city Lord's mansion, and his strength is at the peak of the late mountain split stage! He might not be the strongest in Broken City, but he has power in his hands, so many people will give him face, and Jiang Feng is also a Fox exploiting a Tiger's might. "

"A protector with a backer dares to order the law enforcement team around. I thought his backer was the city Lord!"

Lin Yi shook his head. Peak late-stage mountain-opening sect? Wasn't she afraid that he would kill her backstage?

As the two of them talked, they walked to a square with the law enforcement team. It was quite lively and bustling with people coming and going.

Some people saw Lin Yi and Wu Yuhua being surrounded by the law enforcement team and started pointing at them, guessing what they did.

"Protector Jiang!"

The leading law enforcer saw a middle-aged man walking over quickly with two guards. He immediately raised his hand and stopped in his tracks. He cupped his hands and bowed with his subordinates.

"No need to be so polite. I heard that someone attacked the guards at the city gate. Is it them?"

Protector Jiang waved his hand without any expression as he glanced at Lin Yi and Wu Yuhua indifferently.

"It is!"

The leading law enforcer lowered his head, but he was a little nervous.

Lin Yi was obviously a thorn in his side, and he was a hot potato in his hands. It would be great if that Jiang guy was willing to take over, but he was just afraid that this bastard would let him deal with Lin Yi.

"Someone dared to attack the guards of Broken City, and you didn't kill the murderer on the spot? Have the law enforcers lost their courage? don't they know how to protect the honor of Broken City?"

Protector Jiang snorted coldly and spoke in an official tone.

The leading law enforcer was filled with hatred. He knew that this bastard surnamed Jiang would use him as a gun. He was using his power to oppress him!

"Protector Jiang, you're too kind. There's a reason for this. Our law-enforcement team has already arrested the two of them and is preparing to bring them back for interrogation to find out the ins and outs of the matter."

The law-enforcer's head was still lowered, but his words had become a little cold.

Protector Jiang did have some real power, but he was not the direct leader of the law enforcement team. Therefore, this law enforcement envoy could still maintain a neither humble nor arrogant attitude.

"Interrogate what? Was it true that the two of them had attacked the guards at the city gate and injured the soldiers of Broken City? Was it clear enough? What else do you want to interrogate me for? The law enforcement team is used to enforce the law, when did they start investigating cases?"

Protector Jiang smiled coldly and said, "If you law-enforcement team continues to do things like this, I think Broken City has no need to support you idlers!"

"Guardian Jiang, if you have any doubts about the conduct of our law-enforcement team, you can take her away. We won't dare to stop you, but if you don't want to take her away, please don't hinder us!"

The leading law-enforcer was also a little unhappy, especially with Jiang Chen's loud scolding, which attracted the attention of all the people in the square.

There were already quite a few people paying attention to Lin Yi and Wu Yuhua, and after what happened with protector Jiang, even more people were paying attention to them.

"Who gave you the guts to talk to me like that? Even your commanders have to be polite in front of me. Shouldn't you call your commanders over and teach them how to behave?"

Protector Jiang squinted his eyes slightly, and a trace of hostility flashed through his pupils.

"The commander is here. I will do the same. If protector Jiang doesn't want to take over, please step aside. If you have any problems, you can directly find our commander!"

The lead law enforcer was already riding a Tiger and couldn't back down. There were so many people watching. If he admitted defeat, the reputation of the law enforcement team would take a dive in the future, and he would no longer have any prestige in broken Yin city!

Lin Yi, who had been watching from the side, couldn't help but laugh and shake his head. He pointed at protector Jiang and asked Wu Yuhua, "So that idiot is Jiang Feng's backer? As expected, we share the same bloodline. "

Wu Yuhua was instantly speechless. That protector Jiang was an expert at the peak of the late mountain split stage. She was already under a lot of pressure just standing in front of him. How could this Lei Ying be so heartless?

"How audacious! How dare you insult our Broken city's Guardian, you simply don't know what's good for you! Is this how the law enforcement team does things?"

One of the guards beside Jiang pointed at Lin Yi and turned back to the enforcers.

"Uncle, it's this brat. He's arrogant and despotic, and he doesn't put our Yin duancheng in his eyes at all. Otherwise, we would have completely lost our face because of the broken city!"

Unknowingly, Jiang Feng had also followed over, jumping out and shouting loudly.

Protector Jiang's expression was a little unnatural. Although everyone knew that he was here to stand up for Jiang Feng, and that Jiang Feng was his nephew, he couldn't help but feel a little embarrassed after being yelled at by Jiang Feng in public.

"Not only is he a Mad Dog, but he's also a Mad Dog who has forgotten the pain after the scar has healed!"

Lin Yi frowned slightly, getting impatient with Jiang Feng's pestering.

They didn't have any deep grudges, and Lin Yi had already taught Jiang Feng a lesson for her rudeness, so he let her go.

However, this idiot had jumped out to provoke them again and again, and even clamored to kill them. This was a little too much.

Chapter 6663 Then I Won't Let This Matter Rest

"Since the law-enforcement team is not taking action, it seems that I can only do it myself!"

As more and more people gathered around, protector Jiang didn't want to wait any longer. He couldn't count on the law enforcement team, so he could only do it himself.

The enforcers were all looking forward to Jiang Yi taking over. Lin Yi's strength was definitely not at the early stage of the mystic Ascension realm. The leading enforcer knew that he might not be Lin Yi's match.

"Then I'll have to trouble protector Jiang!"

The leading law enforcer cupped his hands courteously and retreated to the side with his men. However, there was a faint sneer on the corner of his mouth.

"The two of you, execute them on the spot and let them know that Broken City isn't a place where just anyone can act as they please!"

Protector Jiang waved his hand, signaling the two guards beside him to take action.

In his eyes, Lin Yi was only in the early stages of the mystic Ascension realm, and that woman wasn't even in the mystic Ascension realm. Sending two guards was like using a sledgehammer to crack a nut.

"Yes!"

The two guards were full of confidence as well. They cupped their hands and bowed as they walked towards Lin Yi and Wu Yuhua.

Looking at their carefree attitude, it was obvious that they didn't care about Lin Yi at all. Normally, they didn't need to care about him!

The difference in levels was obvious, and they had the advantage of time and location. Lin Yi was like meat on a felt board, waiting to be slaughtered.

"Uncle, that bastard's speed was a little strange. I was ambushed by him."

Jiang Feng ran to protector Jiang's side with a flattering look.

"What's the use of speed? in front of absolute strength, speed is nothing."

Protector Jiang smiled proudly. He was very confident in his two guards.

"No, uncle ..."

Jiang Feng still wanted to say something, but it was already too late.

Two of Jiang's guards suddenly attacked, pouncing at Lin Yi and Wu Yuhua. They didn't take Lin Yi seriously, but they used their best martial skills to establish their might.

However, it wasn't going to work ... Just as they activated their skills, Lin Yi took a step forward and appeared in between them.

"Pa pa!"

With two crisp and loud slaps, the two men were instantly sent flying to the left and right. The martial skills that had just gained momentum were instantly dispelled.

The entire square was silent-no one expected Lin Yi to send two masters from Yin duancheng flying so easily.

Strictly speaking, not everyone had not expected this.

When the six law enforcers saw the two unlucky guys fly up, their eyes showed that they had expected it.

"Uncle, quickly kill him!"

Jiang Feng quickly hid behind protector Jiang, afraid that Lin Yi would come and cause him trouble.

"Good-for-nothing!"

The people who saw this scene couldn't help but curse.

"You do have some tricks up your sleeve. No wonder you're so arrogant! Since you're bent on seeking death, then don't blame me for being impolite!"

Jiang Chen harrumphed coldly. He had to regain his face now.

"Oh, then I'll see if you're going to be polite!"

Lin Yi smiled faintly and hooked his finger at Jiang.

"Go to hell!"

Protector Jiang was burning with anger as he picked up his half-moon spade and attacked Lin Yi without holding back.

With Jiang Yi's strength and status, he shouldn't have used a weapon on a junior like Lin Yi. However, he was so angry that he didn't care about anything anymore.

The distance between the two sides was extremely close, and with protector Jiang going all out, the surrounding spectators didn't even have time to cry out in shock. He was already in front of Lin Yi, his half-moon spade landing on Lin Yi's head with a faint light.

There wasn't anything fancy about it-it was just a heavy blow. Jiang Yi was sure that Lin Yi was dead!

As the attack came, Lin Yi stood there like an idiot, letting the Half Moon shovel land on his head.

At this moment, exclamations of shock rang out around the square.

However, protector Jiang's heart sank. It seemed like he had hit Lin Yi, but he could clearly feel that the Half Moon shovel had hit nothing. It was hitting air.

Three appearances of the cloud Dragon!

Lin Yi appeared next to Jiang Feng, raised his hand and grabbed his neck. He exerted a little strength and lifted him up.

"Protector Jiang, if you don't stop now, I'm afraid your nephew will be finished!"

Lin Yi turned to look at Jiang with a faint smile.

In fact, it wouldn't be hard for Lin Yi to kill protector Jiang, but he was disguised as an early stage mysterious Ascension master.

Simply being invincible among those of the same cultivation level was nothing, but if he could easily kill an expert at the peak of the late stage of mountain split, that would be too terrifying. He did not want to change his identity for the time being.

"His speed is indeed fast, and his ability to escape is quite impressive! Release the river bee and I will give you a quick and painless death. Otherwise, you will know what it means to be better off dead!"

Protector Jiang looked at Lin Yi with a dark expression. His full-powered attack didn't work, and his nephew was caught.

He was really losing more and more face today!

"Tsk, tsk, tsk, he's completely disregarding his nephew's life! Mad Dog Jiang Feng, did you see that? Your uncle doesn't care about your life at all. You're such a failure. If I were you, I'd quietly find a place with no one around and end my own life. "

Lin Yi shook his head exaggeratedly and patted Jiang Feng's face.

Jiang Feng's neck was being held by Lin Yi as he was lifted into the air. Both of his legs were kicking powerlessly, and his face was completely red. He couldn't even speak.

"Kid, let go of Jiang Feng, and I promise I will only kill you and spare your companions. Otherwise, you two will die together! Moreover, he would die without a burial place! Of course, before I kill your companions, I will let the men in Broken City have some fun. "

Protector Jiang's face was extremely dark. He was determined to kill Lin Yi today, so even his threats were unscrupulous. He didn't expect that his words would completely infuriate Lin Yi.

"Heh ... Protector Jiang, you're really good. It seems like Broken City is owned by your family? You want a wasp? Here you go!"

Lin Yi's smile disappeared as well, and a faint killing intent started to gather in his eyes.

Originally, Lin Yi didn't want to kill anyone. He just wanted to stand up for Wu Yuhua and teach Jiang Feng a lesson.

However, since they were so aggressive and unwilling to let the matter rest ... There was no need for them to let it go!

Before he could finish his sentence, Lin Yi threw Jiang Feng into the air and landed on protector Jiang in a perfect parabola.

"Uncle, this kid doesn't have a temporary passage token on him. Use the formation to kill him!"

Jiang Feng, who was still in mid-air, couldn't care about panting. He immediately shouted in resentment, wanting to activate the defense array to attack Lin Yi.

In yinduan city, even an expert at the sea Rift stage wouldn't dare to say that he could resist the attack of the defense array without a passage token. And it just so happened that protector Jiang had such power.

However, just as wasp finished his sentence, his body exploded into pieces in the air before he could fall back. A five-colored Dragon-shaped killing intent of the five elements burst out of his body, completely annihilating his body in a spiral, leaving not even a trace of blood and flesh.

It was a waste of food to keep such a scumbag!

Chapter 6664 Reverse-Control Array

"How dare you rats!"

Protector Jiang's eyes were about to pop out of their sockets. He didn't think that Lin Yi would dare to play this kind of trick. He couldn't even protect his nephew.

Lin Yi hmped coldly. He'd already killed them, so what was there to be afraid of?

After he sent the Dragon-shaped killing intent of the five elements into Jiang Feng's body, he wasn't going to be kind to Jiang Feng!

The two guards who were sent flying by Lin Yi turned around and rushed back, tacitly surrounding them from the left and right. They knew that Lin Yi was no weaker than them, so they moved more carefully.

Lin Yi used his super butterfly micro-steps, and his body flickered in front of the two guards like a ghost.

The scorching flames suddenly exploded, and the two guards who had just rushed back were sent flying again, their bodies still burning.

"You're lucky, I don't want to hurt more people!"

Lin Yi glanced at the two indifferently. He did go easy on them, but it was also because the two hadn't done anything bad yet.

However, they did not have the ability to continue fighting!

Protector Jiang roared in anger but didn't charge at Lin Yi. Instead, he turned around and threw a shovel at Wu Yuhua. His goal was clear-he wanted to kill Lin Yi's partner in front of him!

Jiang Fengsheng's life was in front of protector Jiang, so he wanted to use the same method of revenge to make Lin Yi feel the pain!

"You think I don't exist?"

Lin Yi smiled disdainfully. With a thought, the Dragon-shaped five elements killing intent in the air whizzed over, baring its fangs and brandishing its claws to intercept the half-moon shovel.

The two collided, and the half-moon shovel almost flew out of Jiang's hand. The Dragon-shaped killing intent dissipated under Lin Yi's control.

It was already good enough that he could tie with protector Jiang. If he showed a crushing momentum, it would be hard for him to pretend to be weak in the future ...

"So strong! This little bastard must have hidden his strength! He's definitely not at the early stage of the mysterious Ascension realm. He's at least at the early stage of the mountain opening realm!"

Protector Jiang was shocked. He finally understood Lin Yi's combat strength after the direct confrontation.

Lin Yi's actual strength level was pretty much as he guessed, but his judgment of Lin Yi's combat strength was a hundred thousand miles away.

The six members of the law enforcement team were rejoicing in their hearts. Fortunately, they didn't force themselves at the city gate just now. Otherwise, they would be the ones lying on the ground now.

As for Jiang Feng, who had been killed without a corpse and had his soul destroyed, they didn't have a trace of pity in their hearts. This kind of idiot deserved to be killed. Otherwise, they might provoke even more powerful people in the future and implicate Yin duancheng.

"Kid, don't be too proud! I don't believe that you can still run amuck in Broken City!"

Protector Jiang growled and took out an array flag. Although it was only used to control a small part of the array's offensive power, it was more than enough to deal with Lin Yi.

Knowing Lin Yi's strength, protector Jiang used his trump card without hesitation. As long as he activated the formation, no one under the sea shattering realm could resist.

"I'm not smug, nor am I being reckless. However, you're too naive if you think you can threaten me with an array flag."

Lin Yi activated his limit butterfly microsteps at the same time that Jiang Yi took out the array flags.

Like a ghost, he appeared in front of protector Jiang with a wisp of shadow. He reached out and grabbed the formation flag.

Broken city's formation was activated, but the formation flags controlling the area were now in Lin Yi's hands.

"Playing with arrays in front of me? Your level is still too low. I don't know if you've heard of the classical story of showing off your skills before an expert, but it's just about people like you!"

Lin Yi teased softly. An attack appeared in the sky and instantly devoured protector Jiang.

With the formation flag in Lin Yi's hand, he naturally turned the attack on protector Jiang's head.

Poor Jiang never thought that he would die under the attack of his own formation one day.

The people around the square ran away, afraid that the attack of the array would land on their heads.

Wasn't it said that the formation wouldn't attack with the pass token?

No one would believe that Jiang Chen didn't have a passage token on him, but he had still died under the attack of the formation. For a moment, everyone was in a panic, and their sense of security instantly fell to the bottom.

"Lei Ying ... You ... You killed protector Jiang?!"

Wu Yuhua looked at Lin Yi with a blank face. She felt like her brain was in a mess. What happened?

When the Wasp exploded in the air, she was dumbfounded. Before she could even digest it, protector Jiang was also finished ...

Was he dreaming? Or had the world gone crazy?

"Sister Yuhua, you're wrong. Protector Jiang was killed by an attack he summoned, not me! I won't take the blame for this. "

Lin Yi smiled faintly, not sure if Wu Yuhua understood what he was saying.

The six members of the law enforcement team didn't dare to run. If they did, they would be finished.

It was fine when Lin Yi hit them, but now he killed two people in front of them, and one of them was for the sake of protector Duan. Even if the six of them died, they couldn't let Lin Yi go.

"Lei...Leiyang, you killed ... People in Broken City ... You've ... Offended us ..."

The leading law-enforcer stammered, not knowing what to say.

Lin Yi? Would the formation's next attack directly land on his head?

"Who dares to kill people in our Broken City and even use a formation?!"

A majestic voice came from afar, and a powerful aura enveloped the area first.

His style was similar to that of the old monsters of the heavenly spell formation sect, but the difference in strength was too great.

Lin Yi knew that he wasn't a match for an early-stage sea-shattering expert, but he couldn't take him down easily with just this aura.

"Kid, can't you be a little more low-key? You cause trouble everywhere you go, and every time you have to ask this old man to help clean up the mess. How can you have the cheek to do that?"

The damn thing complained as he started pointing out the nodes of the formation.

Even though this formation was only at the peak of level eight, the important thing was that it was too big. It was not easy to control it.

If Lin Yi used his lightning movement, he could travel between the nodes in a short time, but the damn thing didn't think it needed to be so troublesome.

With a controlling array flag, it was enough to temporarily control the operation of the array in this area. When needed, he could slowly nibble away at the nodes of the array in other areas.

"Senior ghost, you saw what happened just now. It's really unbearable! I've already spared him a few times, but he still insists on seeking death. What can I do?"

Lin Yi said helplessly.

Who would be willing to kill for no reason? he was being hunted down, but he couldn't even enter the city in a low-key manner. What else could he do?

Chapter 6665 Array Master

While the two were talking, two figures landed in front of Lin Yi. It was the two sea-shattering Masters he'd noticed earlier.

Of course, if Lin Yi had met them outside Broken City, he would've just run away and not waste the Black Pearl!

But in the broken city, with the defensive array, Lin Yi had more confidence!

It was obviously because of Broken city's trump card, but now it became the source of Lin Yi's confidence. It was ironic.

"Junior, you actually dared to kill my Broken city's people. Who ordered you to do so?"

The old man at the sea split realm who arrived first glared at Lin Yi and Wu Yuhua coldly, but he didn't make a move immediately.

If it was an ordinary cultivator, regardless of whether they were at the xuansheng stage or the mountain opening stage, or even the earth splitting stage, the old man would have attacked without saying a word if they dared to kill people in the streets of Broken City.

However, Lin Yi was still calm and composed under the pressure. He didn't seem to be a simple person, and that fearless face made the old man even more confused.

The most important thing was that Lin Yi didn't just ignore his pressure, he even helped Wu Yuhua resist it!

Otherwise, a small Yuanying stage master, the old man's eyes could make her kneel on the ground, unable to even raise her head.

"Senior, why do you say this? I have sister Yuhua behind me!"

Lin Yi shrugged as he pointed at Wu Yuhua.

"Junior, don't think we're joking. You've caused big trouble! If you don't tell me the truth, don't even think about leaving today!"

The sea split realm master who came later was an old woman with white hair and a ruddy face. She looked at Lin Yi with a mysterious look in her eyes.

"Ha ... Do I look like I want to leave? If I wanted to leave, I would've left long ago! I'll tell you the truth, my name is trouble!"

Lin Yi wasn't happy at all-the big one came after the small one, and the big one came after the big one!

"Lin brat, you're right. From now on, you'll be called trouble!"

The ghastly thing teased unhurriedly.

"Senior ghost, don't interrupt."

Lin Yi didn't know what to say-this guy was always impatient when he was looking for things, and now he was making sarcastic remarks when he wasn't looking for him. What the hell was this?!

"Kid, do you think you can look down on the heroes just because you have some ability? Today, I don't care who's behind you, I'll punish you!"

The old man coldly snorted in dissatisfaction.

Broken Yin city was one of the largest cities in broken Yin mountain range. Even if they had any qualms, it would be others who had qualms about them!

So the old man thought that giving Lin Yi a chance to reveal his background was good enough-if he didn't cherish it, then don't blame him for being impolite!

Lin Yi, on the other hand, shrugged nonchalantly and threw out a few formation flags. He then waved the control formation flag.

As the array flags fell to the ground and disappeared, the area began to tremble faintly. However, the range was not large, only encompassing the entire square.

Fortunately, the surrounding people had already fled. In the entire square, other than the two experts with the shattered Sea, there were only six law-enforcement teams and two guards of protector Jiang left.

The old man and the old woman's expressions changed drastically!

They weren't blind, and they could tell what Lin Yi was doing!

Control formation, splitting formation!

Moreover, the power of the formation that had been cut out did not decrease. Instead, it seemed to have increased slightly.

How terrifying was his array Dao attainments to be able to do this? Ninth-grade? Or was it a legendary array formation that had surpassed level nine?

"Stop, stop! Just Who are you?"

The old man quickly waved his hands. In this array, he and the old woman could still protect themselves, but the rest of them were completely finished.

Of course, the old man didn't care about the guards. He was more concerned about Lin Yi's control and changes to the broken city formation.

This kind of array Dao expert could destroy the entire broken Yin city with a flip of his hand!

Being able to separate a part of the formation would naturally allow him to control more areas. If he were to completely control the formation, everyone in the city would become the target of the formation!

"I am Lei Ying, a reserve member of the tianwu mercenary group, bi 'an Lei Ying! What do you need?"

Lin Yi smiled as he looked at the two, but he was thinking about how to end this.

Lin Yi wanted to keep a low profile, but things were getting out of control. For his and Wu Yuhua's safety, he had to be high-profile to scare the enemy.

"Tianwu mercenary group? When did this new mercenary group rise up? Please forgive this old man's ignorance. "

The old man let out a breath of relief when he saw Lin Yi stop. However, he had never heard of this tianwu mercenary group!

To have a level nine array master as a reserve member, just how powerful was this mercenary group?

The leader of the law enforcement team wanted to say something but stopped himself. He held it in a few times before he managed to hold it in. He really wanted to tell the old man at the sea shattering stage that there were only two people left in the tianwu mercenary group. One was the official member, Wu Yuhua, and the other was the reserve member, Lei Ying ...

It would be strange if an old man like you had heard of it!

"Alright, I know you're ill-informed, but what do you want now? Do you want to fight or not?"

Lin Yi waved his hand impatiently. He'd better end this as soon as possible, or he'd be exposed sooner or later.

It was a good thing the three Black-bellied girls weren't here, and Lin Yi dared to keep a high profile. He'd run for his life if he'd found them.

"I'm done! Master Lei, can you come and have a cup of tea? there are some things that I would like to discuss with you. "

The old man suddenly changed his attitude and started discussing with Lin Yi with a big smile on his face.

"What is it that can't be said here? I'm very busy!"

Lin Yi looked at the old man suspiciously, not sure if he was being sincere.

"Master Lei, don't worry. It won't take too long! And I promise that I won't let master Lei be in any danger. "

The old man straightened his back with a solemn look as he patted his chest.

"That's right, I'm elder Zhong buli from Yin duancheng. This is elder ding buqi!"

Zhong buli did not forget to introduce the old woman behind him when he introduced himself.

The names of the two were interesting. One never left and the other never abandoned. They might be an old couple.

"Elder Zhong, elder ding!"

Lin Yi cupped his hands in greeting.

"Master Lei, elder Zhong buli is right. We do have something to discuss with you, and we do not have any ill intentions. It's just that this matter is of great importance, and it's not convenient to talk here."

The old cook, ding buqi, chimed in, trying to dispel Lin Yi's wariness.

"There's nothing inconvenient about it. If you don't want others to hear you, just set up a sound-proof restriction. "

Lin Yi threw out a few formation flags, surrounding the four of them. A layer of invisible barrier rose up, blocking the sound from the outside.

"Master Lei's array Dao is indeed amazing. It has already reached the point of turning something rotten into something magical!"

Zhong buli clicked his tongue in admiration, then turned to look at ding buqi.

Chapter 6666 The Hope To Leave

"Master Ley, since you think it's more convenient to talk here, then let's do it here."

Ding buqi coughed lightly and nodded at Zhong buli.

"It's like this. Master Lei's attainments in the array Dao are so high. There's a very confidential matter that we would like to ask master Lei for help. But before we talk about this matter, can we first ask master Lei's teacher and background?"

Zhong buli looked at Lin Yi carefully, afraid of angering him.

"I'm sorry, but I can't tell you who my master is. As for my background, I'm a reserve member of the tianwu mercenary group!"

Lin Yi only smiled faintly, not saying anything.

"This ..."

Zhong buli was dumbfounded and didn't know what to say.

You can't say one, and if you say the other, it's equivalent to not saying anything. Can't you have a good chat?

"Elder Zhong, let's just be Frank, in case master Lei doubts our sincerity."

Ding buqi understood that Lin Yi didn't want to talk about it, and it was useless to ask. He'd rather not ask when he got fake information.

"Fine, then I'll be direct. It's just that I hope that master Lei and your noble friends won't spread the things I'm about to say. This concerns the fate of the entire human race in the broken mountain range, so we must be careful! Please forgive me. "

Zhong buli's serious attitude made Lin Yi correct his attitude.

What matter would affect the fate of all humans in the entire broken mountain range? This space was originally used to banish criminals, so there was no luck at all.

Now that so many years had passed, the abandoned land had finally undergone earth-shaking changes, and the spiritual Qi was becoming more and more abundant. Was something big about to happen again?

"I understand. Elder Zhong, please speak your mind. I'm all ears."

Lin Yi cupped his fists and put on a serious face.

Lin Yi didn't care about the Fortune of the abandoned land at all. He only cared about how to leave this place.

Maybe what Zhong buli said was helpful for him to leave the abandoned land, so Lin Yi accepted it humbly.

"It's like this. We've discovered a hidden place in the mountain range. It seems to be a node in the formation of the entire forsaken land. If we can break this node, although we won't be able to completely destroy the seal of the forsaken land, it's very likely that there will be some good developments."

Zhong buli's words were vague, but Lin Yi's eyes lit up!

It seemed that this was indeed a good opportunity. If this node of the formation was real, then breaking the node would definitely be a good opportunity to escape.

This was much more reliable than participating in the contest for the slots!

Lin Yi was sure that Wang shiqing's group of three would definitely participate in the competition, and he'd have to avoid her if he wanted to. He might even have to wait for her to leave before he signed up!

The main thing was that Lin Yi didn't want to see Wang shiqing right now, in case she wanted to kill him again. He couldn't touch her!

"Elder Zhong, can you tell us the details?"

Lin Yi may be expressionless, but the two would be overjoyed if he said something!

After all, Lin Yi's response meant that things could be pushed forward.

"Master Lei, we've found a possible node of the array, but because this sealing array is too advanced, all the array Masters are at a loss on what to do with it. We can only speculate that we might be able to open up another passage to leave the abandoned land by starting from there."

"Originally, there was only one passage between this place and the outside world, and it was controlled by someone. We were like fish on a chopping board. There was no hope for us to leave this place. Even if we fought for it and got a place to leave, we wouldn't know what the final result would be."

"If we open up another passage, and it's a free passage that is not controlled by anyone, we will have the opportunity to see the outside world. So, master Lei, if you can help us, the entire abandoned land will be grateful to you."

Zhong buli's eyes were filled with fanaticism. It was clear how crazy it was to leave this damn place.

Lin Yi didn't really care if he was grateful or not-he'd give it a shot if he had the chance to get out.

The problem was that if this node was opened, would it affect the effect of the entire seal formation? The abandoned land was the darkness magical beasts 'final cage!

Lin Yi didn't know how many dark beasts there were in the abandoned land, but the only ones he knew were the shadow God-devouring Lion and the God-hidden demon eyes, the two super troublesome ones. The dead black-scaled air wind beast wasn't easy to deal with either.

If the passage was opened, the darkness beasts would lose their cage. Would that have a huge impact on the mystic class sea?

"Senior ghost, if we really destroy this node, will there be any problems?"

Lin Yi was hesitating and decided to discuss it with the thing.

"Why are you thinking so much? I can't even see the place, what can I say? When we get there, we can do some research and see if we can open up a short passage. After we get out, we can return to the original state. "

"If it can't be closed," the demonic thing laughed evilly. "At most, we won't open it. After all, the control is in our hands."

"Heh ... Senior ghost, you're so bad! Using their information to do his own thing? Not bad, let's do that!"

Lin Yi didn't say anything when he talked to the thing, and the two didn't notice anything wrong.

"That's great! This is great news. As a member of the abandoned land, I will definitely participate! Elders, don't worry. Tell me where the node is. Once I'm done with my personal matters, I'll go over and help!"

Lin Yi thumped his chest excitedly, as if he couldn't wait to leave. What he said surprised the two.

"Master Ley, what other private matters do you have? Do you need our help? as long as it's within the range of broken Yin city, elder ding's and my words are still very effective. "

Zhong buli didn't want to wait any longer. She knew that it was a private matter, but she couldn't help but ask.

"There's no need to trouble the two elders. It's just some matters of our tianwu mercenary group. My companion and I will need to go into seclusion for a few days to sort out our recent insights. Once we're done, we can set off."

Lin Yi wanted to deal with the beast's spirit, but he couldn't say that out loud.

The tunnel the black-armored windbeast was cultivating was destroyed, but Lin Yi was very concerned about it. He had to get to the bottom of it.

"Regarding the matter of the tianwu mercenary group, master Ley can leave it to us to handle. It's something that can be settled with a single word! As for closed-door cultivation, in the entire Broken City, there's no better cultivation room than the city Lord's mansion. Master Lei and Noble friends, feel free to use it. Whether it's in terms of safety or the effects of the cultivation room, I can guarantee it!"

Zhong buli invited Lin Yi to the governor's mansion with great enthusiasm.

Chapter 6667 Making A Big Fuss

On one hand, the training room in the city Lord's mansion was good, helping the two of them to go into solitary cultivation. On the other hand, Zhong buli didn't feel comfortable letting Lin Yi leave her sight.

As for the dead protector Jiang and Jiang Feng, Zhong buli had long forgotten about them, and no longer remembered their existence.

Compared to leaving the forsaken land, what were two insignificant people?

If someone were to ask him about Guardian Jiang and Jiang Feng, he would definitely say, "who is that?"

"That's fine too. Thank you, elder Zhong!"

Lin Yi muttered to himself. He didn't have a reason to reject the offer, so he nodded.

Zhong buli and ding buqi smiled at the same time-Lin Yi's willingness to go to the city Lord's mansion meant that he was sincere in cooperating.

It was no wonder that the two of them were so eager. The experts under the mountain still had a chance to leave the abandoned land by fighting for the spots, but their strength had long exceeded the limit!

If he had not seen hope this time, he would have died of old age in the abandoned land, never to leave.

"Master ray, please come with us. There is no need to worry about the mercenary group. I will immediately call the person in charge of the Union to come over and serve you on the spot."

Zhong buli passionately led the two to the mansion and ordered the law enforcement team to inform the person in charge of the mercenary Association.

The members of the law enforcement team were all dumbfounded. They didn't know what the two elders had talked about with Lei Ying to make them so polite ... It could even be said that they were respectful!

But the elder's instructions, they still had to obey. This was an existence second only to the city Lord!

They immediately rushed to the mercenary Union and took away the two guards of protector Jiang.

Wu Yuhua still felt like she was in a dream. She didn't know if everything she had experienced was real or fake.

The tianwu mercenary group was the weakest of all the mercenary groups, and the person-in-charge of the mercenary Association had to personally attend to them? She didn't even dare to dream about it.

How could a reserve team member he picked up on the road be so powerful?

She'd always treated Lin Yi as her little brother, and wanted to take care of him-although Lin Yi was stronger than her from the start, he was now stronger than she could imagine!

There was a lot of information today, and before Wu Yuhua could sort it all out, she had already arrived at the city Lord's mansion.

Of course, Lin Yi didn't mind having a big sister. He had too many sisters, and it was fun to have a big sister. He didn't mind Shangguan LAN 'er calling herself little Senior Sister.

"Master Lei, the city Lord and a few other elders have all gone out because of that incident. We won't be able to see them for a while. Let's go there together and meet them."

Zhong buli told Lin Yi and Wu Yuhua to sit down and explained that the city Lord was supposed to come and see Lin Yi.

"I understand. That matter is of utmost importance and can not be lost!"

Lin Yi smiled faintly, showing his understanding.

In fact, Lin Yi wasn't interested in getting to know the city Lord. It didn't matter if he met him or not. He was going to leave this place anyway.

The few of them chatted for a while before a middle-aged man rushed over.

Zhong buli had already given instructions, so he did not ask anyone to inform him and this person came directly to the living room.

"Jiang Ping greets elder Zhong and elder ding. May I know what instructions the two elders have for me?"

The person bowed to Zhong buli and ding buqi before nodding to Lin Yi and Wu Yuhua.

He didn't know who these two were, but seeing that they were on the same level as the two elders, they shouldn't be ordinary people.

However, seeing that the two of them were not strong in terms of age and cultivation, Jiang Ping, as the person in charge of the mercenary Union, naturally would not treat them as people on the same level as Zhong buli and ding buqi.

"Master Lei, this is the president of Broken city's mercenary Association branch, Jiang Ping. If your mercenary group has any problems, feel free to look for him."

Zhong buli nodded at Jiang Ping and turned to introduce him to Lin Yi with a smile.

Jiang Ping was shocked!

If even Zhong buli had to address this young man as master, it seemed like this person's identity was truly extraordinary!

The mercenary Union had a high status, but he, Jiang Ping, was only a branch president. He had to maintain a good relationship with the upper echelons of Broken City. For Zhong buli to treat him this way, he naturally couldn't neglect him.

"So it's master Ley. May I know which mercenary group you are from? What can I do for you?"

Jiang Ping thought for a moment and smiled as he cupped his hands at Lin Yi.

His attitude was not particularly respectful, but his tone was much more polite than before.

"Chairman Jiang, you're too kind. It's just a small matter. I'm really sorry to have troubled you to make this trip."

Lin Yi smiled and returned the salute. He'd always return the favor-this had always been Lin Yi's principle.

"It's no trouble at all. It's my honor to be able to help master Lei. "

Jiang Ping laughed it off as he spoke politely, but he was actually guessing what Master Lin Yi was.

To be honest, the abandoned land really lacked Masters. Any master was very precious. Alchemy Masters, forging Masters, talisman array Masters, array Masters ... These were all very rare.

So even if Jiang Ping didn't know what kind of Master Lin Yi was, he still had enough respect for him!

Of course, if he knew that Lin Yi was an all-rounded master, he'd probably kneel down and lick Lin Yi's boots immediately!

The mercenary Union was lacking Masters too, and if they could get Lin Yi on their side, Jiang Ping would be the biggest contributor, and his career would skyrocket.

"Sister Yuhua, you should talk to Chairman Jiang about the mercenary group!"

Lin Yi wasn't too sure about the mercenary Group's business flow, so he turned around and pushed the dazed Wu Yuhua onto the stage.

"Ah? Oh, oh, okay!"

Wu Yuhua's reaction was a little slow. Even now, she still felt like she was in a dream.

It was so unreal!

However, the mercenary Association's President, Jiang Ping, was quite real. Wu Yuhua had seen him from afar before, but she didn't expect to see him in person today.

Shaking her head lightly, Wu Yuhua put aside all the distracting thoughts and registered Lin Yi as a member of the mercenary group before handing over the mission of the ring blade.

Not only Jiang Ping, even Zhong buli and ding buqi were dumbfounded!

What the hell is this?

It turned out that the tianwu mercenary group was just a small mercenary group that couldn't be any smaller. They had to register their members and hand over the items for the mission. Furthermore, it was a very low-ranked mission!

Letting Jiang Ping, the branch president, handle such a trifle matter was making a mountain out of a molehill.

If it wasn't for Zhong buli and ding buqi's instructions, Jiang Ping would probably have turned hostile on the spot!

"Ahem, Chairman Jiang, the aptitude of the tianwu mercenary group is a little too low. With master Ley around, even if it's just one person, it's still a top-tier mercenary group."

Zhong buli was a little embarrassed as well, but thinking about Lin Yi's skills in formations, he coughed and explained.

Chapter 6668 Level Nine Mission

Of course, this explanation was also a reminder for Jiang Ping not to underestimate the tianwu mercenary group. It would be best if he could immediately raise the tianwu mercenary group's aptitude so that they could take on more missions.

"Forgive me for being presumptuous, but I don't know what master ray is good at ..."

Jiang Ping knew what Lin Yi was doing-it all came down to what Master Lin Yi was.

If he was only a master blacksmith, then he wouldn't be of much use to the mercenary group. A truly high-level mission wouldn't require the mercenary group to forge a weapon!

"Chairman Jiang, you can hand over the level nine mission that was issued earlier to the sky martial mercenary group."

Ding buqi suddenly spoke, causing Jiang Ping to be slightly startled.

"The rank 9 mission that was released earlier? Elder ding, do you mean ... Master Lei is ..."

Jiang Ping thought for a moment and recalled what ding buqi had said.

That was why he was even more surprised!

That level nine mission was to find level eight and level nine array Masters to carry out an extremely confidential mission.

This was an open mission, and different mercenary groups could take it repeatedly, but in reality, no one took it.

There were no level nine array Masters in the abandoned land, and level eight array Masters were rare as well. Broken city's defender array was only at the peak of level eight, which showed how rare array Masters were.

"That's right. It's fine as long as you know. Master ray has already agreed, so please register this mission for the tianwu mercenaries as well."

Ding buqi waved his hand, not allowing Jiang Ping to continue.

"Understood, I'll get it done."

Jiang Ping nodded and turned to Lin Yi with respect.

A formation master!

With an array master, even the smallest mercenary group could turn the tables!

Lin Yi didn't mind-he was more than happy to help the tianwu mercenaries. If Wu Zhaoyang didn't die, then he'd be able to answer to them in the future.

After a short while, Jiang Ping and Wu Yuhua finished their tasks for the mercenary group and left.

Zhong buli and ding buqi didn't ask him to stay. They both stood up to send him off, which was already giving him face.

"Master Lei, shall we have something to eat first, or do you want to go into seclusion now?"

Zhong buli asked politely.

"We won't eat anything. We'll immediately go into seclusion."

Lin Yi was also in a hurry to get information on the wind beast's Dark Demon beast plan-he didn't have the time to satisfy his appetite.

"Alright, I'll bring you two to the cultivation room now."

It was exactly what Zhong buli wanted-he led the way with a smile, bringing Lin Yi and Wu Yuhua to the training room.

Their speed seemed slow but was actually fast. After going around in circles, they soon arrived at the place where the cultivation room was.

"Master Lei, this is the best training room in our city Lord's mansion. Please feel free to use it."

Zhong buli stopped in front of the two Jade doors, pointing left and right, and introduced them enthusiastically.

"Other than these two rooms, the one with the Golden Door is a slightly inferior cultivation room, the one with the silver door is even inferior, and the one with the bronze door is the worst. If master Lei feels that these two rooms are not suitable, you can choose at will."

Ding buqi also explained that the cultivation room in the Jade door was enough for sea Rift realm cultivators to use. With Wu Yuhua's strength, the silver door was enough.

Such a good cultivation room with a high concentration of spiritual energy was not necessarily a good thing for Wu Yuhua, who was at the nascent Soul Stage. Ding buqi was also subtly expressing his goodwill.

As for whether Lin Yi would listen to him or not, that was his business!

"Thank you, elders. We'll use these two rooms then."

Lin Yi smiled faintly. He more or less understood what ding buqi meant, but that didn't change his mind.

Wu Yuhua needed to cultivate to the peak of the great circle of the nascent Soul Stage in a short time, then break through to the xuansheng stage. A good cultivation room would be more suitable.

When he reached the xuansheng stage, he could choose a slightly worse cultivation room.

"Alright, we won't disturb your cultivation any longer!"

Zhong buli smiled and nodded, then asked, ""Master Ley, I wonder how long you'll need for your closed-door training?"

"It won't take long, at most a few days. Elder Zhong, don't worry, I won't delay your important matters!"

Lin Yi said faintly as he gave Zhong buli a calming pill.

It was the common wish of all the Masters in the abandoned land to open the path, and Lin Yi understood Zhong buli's urgency.

If he said that he wanted to go into seclusion for a few years, Zhong buli and ding buqi would probably fall out with him.

"Hahaha, master ray, you really know how to joke. Of course, we're not worried. We're just asking to prepare ourselves. We're not trying to rush you."

Zhong buli laughed and scratched the back of his head, the heavy stone in his heart finally settled.

It was only a few days. No matter how anxious they were, they could afford to wait.

Furthermore, if she were to go into seclusion for a few days, Wu Yuhua would probably be able to use the top-notch cultivation room without any problems of being too weak!

"Master Lei, you may go in. Elder Zhong and I will take our leave first!"

Ding buqi cupped his hands at Lin Yi and Wu Yuhua with a smile before pulling Zhong buli away.

After the two had left, Lin Yi turned to Wu Yuhua. "Sister Yuhua, cultivate well and improve your strength as soon as possible. It's best if you enter the mysterious Ascension stage before the next mission!"

"Lei Ying, to advance to the mysterious Ascension stage, you need to trigger the lightning tribulation. And the location of the lightning tribulation ... It's not my turn. I don't want you to go and find Zhong buli and the others for help because of me!"

Wu Yuhua was silent for a moment before she said softly.

From her point of view, Lin Yi was useful to Zhong buli and the others now, which was why he was treated so courteously. But in reality, they had enmity between them. After all, Jiang Feng and protector Jiang had died, and it wasn't like they died in vain.

The more Lin Yi asked them to do, the more they would have to pay him back in the future, so Wu Yuhua instinctively resisted Lin Yi asking Zhong buli for help.

"Hehe ... Sister Yuhua, you're thinking too much. You don't need their help to advance to the xuansheng stage. I have my own ways. You can cultivate in peace."

Lin Yi smiled faintly and didn't explain further. He pushed Wu Yuhua into a practice room with a Jade door.

Wu Yuhua wanted to say something, but Lin Yi didn't give her the chance. He quickly waved his hand and closed the door, walking into the training room opposite.

"The spiritual Qi here is indeed dense. It's even denser than the courtyard at the top of Feiyang College's eaglet peak. It's indeed one of the biggest cities in the broken mountain range!"

Lin Yi complimented as he scanned the room.

Compared to the spiritual sense cultivation room at the Feiyang college, this cultivation room was much bigger. There were three separate rooms on the side.

Lin Yi took a look-the three rooms each had their own uses. One was for making elixirs, one was for forging, and one was for making talismans. Only the main hall outside was for real practicing.

Chapter 6669 Devouring The Black-Scaled Air Wind Beast

There were different rooms, but Lin Yi didn't see many people using them. There weren't many masters in Broken City, and even fewer people were allowed to practice here.

"Other than the spiritual Qi being a little denser, there doesn't seem to be anything special about it!"

Lin Yi shrugged and walked to the center of the room, sitting down cross-legged.

The density of the Qi didn't really matter to Lin Yi, because the Qi in the Jade space was even purer and denser than here!

"Lin Yi, are you sure you want to do this? You know the consequences!"

In the Jade space, the ghostly thing was looking at Lin Yi's spirit with a serious face.

"Senior ghost, aren't you also looking forward to the answer? We don't have the time, and we don't have any other choice!"

Lin Yi said with a faint smile.

"You're right, but before we start, I think you should weaken the beast's yuan Shen. "

The demonic thing didn't insist, but it was still for Lin Yi's safety.

"There's no need. The black-armored wind beast's primordial spirit is already injured. If it's weakened any further, it might affect its memory. If we can't find what we need, we'll have taken the risk for nothing!"

Lin Yi shook his head and pulled out the beast's spirit.

As soon as the beast's essence spirit came out, it struggled with all its might, but Lin Yi didn't give it the chance to do so. He activated his essence spirit devour skill.

This skill was very powerful, and it was used to speed up spirit training. However, the side effects were too terrifying. Plus, devouring the spirit didn't fit Lin Yi's personality. He wouldn't use it unless it was something really important.

As for the soul-searching skill, it wasn't that Lin Yi didn't want to use it, but he was afraid that the beast might self-destruct if it couldn't take it.

It would be better to directly devour the primordial spirit!

After all, the black-armored aerial beast no longer had a physical body. To put it bluntly, it was completely disheartened and could very well commit suicide before dying.

"Ah, Yingluo, you'll regret this! You will regret devouring my primordial spirit! I'm going to blow you up ..."

The black-armored wind beast's last consciousness was to see its own primordial spirit being devoured. It really wanted to self-destruct, but it didn't have the time to do anything other than let out two unwilling howls.

Lin Yi's yuan Shen trembled slightly. The black-scaled air wind beast's yuan Shen was also quite strong. It wasn't as strong as the godly hidden demon eyes, but it was still a powerful existence.

Plus, compared to Lin Yi's spirit, the black-scaled air beast's spirit was a little stronger, so it was extremely dangerous to consume it. If it wasn't for the fact that its spirit was weakened, and that there was something watching, Lin Yi wouldn't dare to take the risk.

"How is it? If it's too hard, then give up. If you can't do it, then I'll do it!"

The ghastly thing was very nervous and kept mumbling.

Lin Yi, naturally, wouldn't do that-it'd be fine if it was at its peak, but now? That damn thing's broken primordial spirit couldn't even protect itself, yet it still wanted to devour others!

However, he couldn't afford to pay attention to this thing right now. The black-scaled air wind beast's yuan Shen was too powerful, and he was barely able to devour it.

Time passed by without Lin Yi's notice, and Lin Yi's spirit never settled down-it was still trembling slightly, and even the ghost's mood was fluctuating-he didn't dare to relax at all.

Lin Yi felt like his spirit was like a giant millstone, spinning with difficulty, grinding the beast bit by bit before slowly devouring it.

During this process, all sorts of memory fragments entered Lin Yi's sea of consciousness, causing his original body's memories to be in a trance.

After all, the black-armored wind beast had existed for far too long, and its memory was far beyond Lin Yi's expectations.

"Damn it, that Lin brat must have miscalculated. The black-armored wind beast has too many memories. If he doesn't handle it well, it might have a huge impact on his spiritual sea!"

The thing quickly realized that something was wrong with Lin Yi, but Lin Yi couldn't hear it anymore.

"I have to take measures. I can't let this continue!"

The demonic thing hardened its heart and carefully moved its spirit power into Lin Yi's essence spirit.

This was also quite risky. Although the two's spiritual awareness had fused perfectly before, it was only spiritual awareness after all.

The primordial spirit was different from the divine sense!

What the damn thing had to do now was to send his spirit sense into Lin Yi's spirit to help him digest the beast. If he wasn't careful, it was easy to damage Lin Yi's spirit, and he might end up dead too.

"Slower, slower! We can't make any mistakes!"

The demonic thing was also extremely nervous. This was the first time he had done something like this, so the outcome was still unknown.

"Lin brat, I risked my life to help you. Don't swallow my primordial spirit!"

The thing wasn't confident when its spirit sense was about to reach Lin Yi.

Lin Yi was using the essence spirit devour, and while his spirit sense could hurt Lin Yi's essence spirit, Lin Yi could also subconsciously devour his essence spirit.

That would be a big problem-Lin Yi's essence spirit would most likely explode, and his damn thing would be completely destroyed!

The damn thing was going all out, because if he didn't do anything, Lin Yi's sea of consciousness might be occupied by the beast's memories!

At that time, Lin Yi's memories would completely become the black-scaled air beast's memories, and it would be hard to say if he'd devoured the beast or if it'd possessed Lin Yi!

"Senior ghost ... You're really reckless!"

Lin Yi's essence spirit felt the familiar spiritual sense approaching, and his consciousness became clearer.

The two worked together perfectly, and Lin Yi didn't have to ask to know what the thing was doing. He could only smile bitterly, unable to refuse.

It was too hard for Lin Yi to swallow, it was even beyond his limit!

"You only know how to cause trouble. I asked you to weaken its primordial spirit a little, but you didn't listen! You suffered a loss, didn't you?"

The ghostly thing grumbled for a while before getting to the main topic. "Tell me, how can I help you?"

"Senior ghost, my sea of consciousness has absorbed too many memories of the black-armored aerial wind beast, and I need to clear some of them. I'll pass you the important memory fragments. After the pressure is less, I'll clear the fragments."

Lin Yi didn't want to waste any time.

"Then let's do it! Hurry up!"

The ghastly thing heaved a sigh of relief and began to cackle again.

As long as there was a way, there would be no danger!

Lin Yi didn't waste any more time and organized the memory fragments in his sea of consciousness. As long as they seemed useful, he would send them all to the ghost's spirit.

Chapter 6670 Memory Fragments

As for the useless memories, Lin Yi threw them to the side and burned them with his spirit sense.

With that, the burden on Lin Yi's sea of consciousness was reduced, and the speed of absorption increased.

After an unknown amount of time, the beast's spirit was finally completely devoured by Lin Yi, and all the memory fragments were rearranged. The useful ones were with the damn thing, while the useless ones were completely annihilated by the spirit Fire.

"Done! Senior ghost, how are things on your side?"

Lin Yi let out a breath of relief and immediately went to ask about the ghost.

The memory fragments that were sent over took up more than 20% of the black-armored aerial wind beast's entire memory, so it shouldn't be that much of a burden to the ghostly thing.

"Nonsense, do you think I'm like you? do you think such a small thing can trouble me?"

The ghostly thing proudly showed off.

However, this was also because the main body that completed the devouring was Lin Yi. The memory fragments of the past had lost their consciousness, so the ghost was so relaxed and happy.

"That's good. Senior ghost is indeed senior ghost. Did the reconstruction of the memory fragments go smoothly?"

Lin Yi laughed and didn't expose him, even flattering him.

"It's going very smoothly. Also, you've devoured the black-scaled air wind beast's soul. Have you absorbed the nutrients from its soul?"

The damn thing knew that Lin Yi wouldn't tell him, but he was thick-skinned enough to change the topic.

The beast's spirit was stronger than Lin Yi's own, and once it was completely digested, Lin Yi's spirit could level up by two or three levels.

However, using this method to level up his spirit was considered a crooked path-it did more harm than good to Lin Yi himself. The speed of leveling up would never be as solid as training on his own.

"No, I've sealed this part of my primordial spirit power. I'll slowly use it when I need it in the future."

Lin Yi, of course, knew the disadvantages, so he didn't absorb it on the spot.

"Very good. It's easy for problems to arise if you absorb too much of this kind of primordial spirit tonic that isn't pure enough. In the future, you can slowly remove the impurities and absorb them."

The ghastly thing said with satisfaction.

"I'm not going to absorb it myself. I'm going to purify this primordial spirit energy and add it into the pill! I want to try and see if this kind of pill refining can improve the quality and efficacy of the pill, especially the spirit sense pill. "

Lin Yi had never thought of using this shortcut to level up, but with such a huge amount of spirit energy, it would be a waste not to use it. That was why Lin Yi thought of making elixirs.

Perhaps this method could replace the effects of spirit sense grass and spirit sense fruits, in that case, refining spirit sense cultivation pills would no longer be a problem.

Of course, there was no rush in this-he'd look into it when he had the chance. After all, it was 99% up to han Jingjing to quietly complete the research, and Lin Yi didn't have the ability to do it himself.

"Eh, that's a good idea!"

The damn thing praised Lin Yi for once,"but let's get down to business first. Let's go through the black-armored wind beast's memories."

"Is there any information about the space portal and the divine hidden demon eyes?"

This was what Lin Yi was most concerned about-he'd be wasting his time if he didn't get anything out of it.

"There are some. Let's take a look first."

The demonic thing said as it connected its spirit sense with Lin Yi 's.

The two of them were already very familiar with this, and they could easily look through the memories of the black-armored aerial wind beast.

"As expected, the black-scaled wind beast used its innate ability to create a spatial tunnel, and the spatial tunnel is connected to the darkness demon beast's territory. It wants to use this method to bring the darkness demon beast over."

Lin Yi sighed. It seemed like his guess was right.

"I didn't think that the darkness demon beast clan would disappear because they all entered an independent space, and then couldn't come out. Only a small portion of the darkness demon beasts didn't go in, and they wanted to save the entire clan."

The ghostly thing couldn't help but sigh. So this was the reason why the darkness demon beast clan was almost a legend.

"This small group of darkness magical beasts was also unlucky. They were all captured and imprisoned in the same place as before. After a period of time, a weak one would be released as a trial for young human experts!

In that case, could it be that the person who set up all these powerful formations is an expert from the peerless Academy?"

Lin Yi's guess wasn't without reason. After all, only the students of peerless school had the chance to go on the mission to kill the dark Demon beast.

"Even if they're from the peerless school, I'm afraid they're Masters from a long, long time ago. They might not be alive now, but they've only left behind this place."

The ghostly thing didn't think much of it. How long had the darkness magical beasts disappeared? Even he could not remember.

Moreover, it was very likely that even the abandoned land had been set up by that person, which was probably even longer.

"That's true. Let's not care about this higher being for now and continue to study the darkness demon beast."

Lin Yi turned his attention back to the dark Demon beast-it was the biggest threat right now.

"There isn't much information about the darkness demon beast. After this black-armored wind beast escaped from its cage, it chose to hide in the wind crack cave as its lair. Later, the divine hidden demon eyes found it, and after some discussion, they decided to start building a Space Channel."

The thing explained as it opened the book.

"There are other dark creatures in the core area of the wind crack cave, but the black-armored aerial wind beast only knows about it and didn't even go to greet them. Is this the Otaku nature of the wind crack cave?"

Lin Yi teased with a bit of pity, but he was still a little scared.

The dark Demon beasts in the core area were definitely stronger than the wind beasts, and it was a good thing that they didn't come out. Otherwise, Lin Yi wouldn't be able to escape unscathed.

It was also understandable that the black-armored aerial beast didn't go to greet him. After all, the other party was a powerful being, and it would naturally look for him if he wanted to. It wouldn't be polite to go over rashly.

"We'll have to go to the wind crack cave again in the future. If there's another Dark Demon beast like the black-scaled wind beast in the core area, we'll be in trouble. "

The demonic creature shook its head. In fact, this matter had nothing to do with the demonic creature. No matter how powerful the dark demonic beast was, it would only wreak havoc in the mystic class Sea area after coming out. It would not affect the South continent.

After all, it was necessary to enter the Yellow Sea area from the Xuan Sea area, and it was not easy to enter the South continent.

That damned thing simply didn't like darkness magical beasts, and it hated them from the bottom of its heart.

But Lin Yi was different. He didn't have the heart to worry about the whole world, but the dark Demon beast's appearance would definitely threaten the people he cared about.

The sky-class Island was already the center of a storm-the spirit beasts, the sea beasts, and all the other troublemakers!

With the addition of the darkness demon beast clan, the world would really be in chaos!
