

## Bodyguard 6671

### Chapter 6671 Wind Attribute

"Yes, but we have to be well prepared before going next time. The abilities of these darkness magical beasts are very strange, and we might capsize if we're not careful!"

Lin Yi thought about the shadow God-devouring Lion, the black-scaled aerial beast, and the demonic eyes-none of them were easy to deal with.

"Not bad. I'll definitely prepare well next time. But if you can go out this time, I don't know when you'll be able to come back."

The ghastly thing shook its head.

"I have a five-year agreement with the shadow God-devouring Lion. I just don't know what will happen here in five years, so I think it's better to come here early. "

Lin Yi scratched his head-he had too many things to do!

It would be great if the thousand changes of wood forest's clones could stay there forever. Then Lin Yi could go around and take care of other things.

"The black-scaled air wind beast's control and usage of wind have already reached a rather exquisite level. Here are some memory fragments regarding wind control. Take them and study them well.

Perhaps you can comprehend the inheritance of the black-scaled air wind beast's ability and activate a wind-attribute spiritual root or something!"

The demonic thing gave Lin Yi the wind-controlling part, while he kept the space-related part.

"Unfortunately, the black-armored wind beast's spatial and wind abilities are its own talents. Therefore, there is very little use for these memory fragments. Most of them are just some of its insights!"

Lin Yi shook his head in regret-it'd be amazing if he had the complete wind control skill!

However, he didn't have a wind attribute spirit root, so he didn't know if he could use it even if he comprehended it.

However, just as the ghost said, what if it was like the lightning eel before, and a new spiritual root was inherited? Even if the legacy could not be passed down, the martial arts techniques derived could be given to Huang xiaotao to use.

"What complete version do you want? Don't you know how to deduce it yourself? Also, you can also deduce these spatial insights, and perhaps you can come up with some spatial skills. However, I'll study the space first. You can study the wind-type skills first. "

This damned thing attached great importance to the black-armored air wind beast's spatial perception, which might be of great use to the study of the space Array flag.

"That makes sense. I'll try to deduce it then."

Lin Yi pinched his chin and started studying the beast's wind control.

"You can figure it out yourself. I'll go study the space. If I can figure it out earlier, I'll have one more trump card in the future."

The ghostly thing called out and went off to study it.

Lin Yi didn't care about the damn thing, and focused on the memories the beast left behind.

It was intermittent and messy, but Lin Yi quickly immersed himself in it.

The wind element had always been Lin Yi's weakness-he wanted to see if he could get the black-scaled windbeast's inheritance with this opportunity!

The Jade space seemed to have a wind flowing as well, slowly gathering around Lin Yi's spirit. At the same time, the same thing happened to his body.

Unfortunately, this situation quickly disappeared.

This made Lin Yi a little disappointed-it seemed like he couldn't get the inheritance after thinking about it!

The electric eel's inheritance was a passive inheritance, and Lin Yi didn't need to do anything to get it. But it was different now, the black-scaled air wind beast didn't want to give it to him, and Lin Yi didn't know how to do it.

The wind wasn't Lin Yi's doing, it was the wind energy from the beast's memory fragments.

It seemed that it was not realistic to obtain a spiritual root through inheritance. However, it was not surprising. If it was so easy to obtain a wind spiritual root, Huang xiaotao would not have been so valued back then.

He had to find a way to obtain a wind spiritual root, even if it was an illusory one!

In the Jade space, Lin Yi's mind was on the wind Spirit root, and his eyes subconsciously swept over the things he had. Suddenly, an idea flashed!

A pill recipe!

The ancient elixir recipe he got from the ruins in the South continent seemed to have a record of a type of elixir. Lin Yi glanced at it but didn't pay much attention because of the harsh conditions!

With a thought, the recipe from the Jade space appeared in front of him.

The pages flipped quickly, and Lin Yi quickly found the recipe for the hollow Wind pill!

The pill recipe was written in the ancient language. Of course, when translated, the main ingredients were the wind Spirit crystal and the inner core of a wind-type spirit beast. There were 18 supplementary ingredients. After the pill was formed, there was a very small chance of opening up a void-attribute Wind Spirit root. The success rate of low-grade pills was 2.5%. Every increase in grade had an additional 2.5% chance ...

Lin Yi didn't even know about the wind Spirit crystal back then-he didn't even have it, and just the small chance of success was enough to make him laugh and cry.

Special grade void wind pills only had a ten percent success rate ...

But now, things were different. Lin Yi had the wind Spirit crystal, and the inner core of a wind-type spirit beast ... The darkness demon beast was considered a branch of spirit beasts, so he could have this too!

The illusionary night demonic cat's body was still in the Jade space, and Lin Yi had all the other ingredients!

Everything was ready, and Lin Yi immediately started making the pills!

Fortunately, the hollow Wind pill wasn't a high level pill. After inputting the recipe, the automatic refining process was completed easily. Lin Yi put the materials into the furnace seriously and started the refining process.

After an hour, the hollow Wind pill was successfully refined without any surprises. He obtained a total of three medicinal pills, one of which was unique grade.

"Jing Jing is the best! With special grade Hollow Wind pills, the success rate will be higher!"

Lin Yi couldn't help but give han Jingjing a thumbs up again. He waved his hand and took out a pile of the best Wind Spirit crystals and placed them in front of him as a drug primer. Then, he put the special class void wind pill into his mouth and entered the state of comprehension again.

As time passed, the wind Spirit crystal in front of Lin Yi quickly became smaller, turning into the purest wind elemental energy, entering his body and fusing with the hollow Wind pill.

The success rate of the void wind pill to form a void-attribute Wind Spirit root was indeed low, but with the black-scaled air wind beast's wind-type perception and high-quality wind Spirit crystals, it was completely different!

Lin Yi was undoubtedly extremely lucky-the beast's enlightenment had given him a huge boost!

Without this portion of wind element comprehension, it would be useless no matter how many Wind Spirit crystals and Hollow Wind pills he had.

Similarly, without the hollow Wind pill and the wind Spirit crystal in front of him, it would be useless to just comprehend the wind element!

Soon, a stream of wind elemental energy started circulating in Lin Yi's meridians, and the wind started to flow around his body again!

Void-attribute Wind Spirit root, complete!

It wasn't stable enough yet, but it was enough for Lin Yi to study martial arts!

After the wind Void Spirit root was formed, Lin Yi wanted to give the ghost some good news, but looking at the way he was studying it, Lin Yi felt that even greeting him would cause a lot of complaints. He decided to close his eyes and start studying the wind skill.

Chapter 6672 A Trusted Person

After an unknown amount of time ...

In the sealed cultivation room, a strong wind began to blow, getting stronger and stronger. In the center of the cultivation room, it almost formed a vortex of wind!

"So this way, we can use wind power to form a powerful attack!"

In the cultivation room, Lin Yi's essence spirit returned to its position. His eyes opened suddenly, and a satisfied smile appeared on his face.

[Wind-cracking teeth],[thousand blade slash]!

The wind around Lin Yi's body instantly changed shape. It was originally spinning around him like a vortex, but suddenly it turned into thousands of Wolf Fang-like wind blades, attacking in all directions according to Lin Yi's will.

Countless tiny but sharp howls tore through the air, and irregular traces appeared everywhere in the air. They were like real wolf fangs intertwining, directly tearing the space apart.

"Go!"

With a thought, Lin Yi used his spirit sense to control the thousands of Wolf Fang wind blades in the air. They stopped and changed directions, like a school of agile fish.

"Beautiful!"

Lin Yi couldn't help but praise!

This was a skill that came from the black-scaled air wind beast, but after Lin Yi's refinement, it was even more powerful and perfect!

Whether it was offense or defense, it would be the best.

Lin Yi wanted to try out the power of the thousand blade slash, but he remembered that this was the training room of the mayor's residence. It'd be embarrassing if it got damaged.

The thousands of Wolf Fang blades didn't damage anything in the room. They flew around for a while before disappearing under Lin Yi's control.

To Lin Yi, this was a complete surprise. Not only did he have a wind attribute spiritual root, but he also had a powerful wind-type martial skill. He could use it the next time he went to the wind crack cave.

"I wonder how sister Yuhua is doing. Let's go and see if she has entered the great circle of the original level!"

Lin Yi was done with his stuff, so he was ready to leave!

Lin Yi didn't know how long he'd been in isolation-his consciousness had started to get blurry when he was consuming the essence spirit, but he only managed to control the situation with the help of the ghostly thing.

After that, he focused on studying the thousand blade slash of the wind cracking tooth. He was no longer clear about the concept of time. It could only be two or three days, or one or two months.

He opened the Jade door, and relaxed a little when he saw that no one was waiting for him.

At least he could be sure that he had not been in closed door cultivation for too long, or else Zhong buli would not have been able to wait to send someone to guard this place.

Lin Yi was just thinking about triggering the restriction on the Jade door when it opened on its own.

"Lei Ying, you've come out! I've been waiting for you for two days!"

Wu Yuhua walked out with a face full of joy. The aura on her body had already stabilized at the great circle of the original level!

"Sister Yuhua, it looks like your cultivation is going very smoothly, and your strength has completely stabilized after increasing in rank."

Lin Yi nodded at Wu Yuhua, genuinely happy for her.

"Lei Ying, your nascent soul golden pill is too powerful. After taking it, I easily advanced a level! After cultivating for a while, I've completely stabilized my strength. "

Wu Yuhua didn't forget to thank Lin Yi.

"Let's go in first, it's not very convenient here. "

Lin Yi pointed at Wu Yuhua's training room.

Next, he was going to help Wu Yuhua advance to the mysterious Ascension stage. It was a little eye-catching to stand at the door of the cultivation room.

"Alright, hurry up and come in!"

Wu Yuhua smacked her forehead and stepped aside, letting Lin Yi in.

The layout was the same as Lin Yi's room, and Lin Yi didn't pay much attention to it.

"Sister Yuhua, how long have we been in closed-door cultivation this time?"

Lin Yi asked, gesturing for her to sit down.

Just now, Wu Yuhua said that she had been waiting for him for two days. Adding the time she took to break through and stabilize, it should have been at least three or four days.

"Probably less than three to four days. Lei Ying, I really have to thank you this time. I never thought that I would improve so quickly in just three to four days!"

Wu Yuhua and Lin Yi sat opposite each other on the futon, expressing their sincere gratitude.

"Sister Yuhua, why are you still being so polite with me? I've really treated you as a big sister. "

Lin Yi waved his hand with a smile-it wasn't a big deal.

"It's my fortune to have a little brother like you,"

Wu Yuhua laughed and patted Lin Yi's shoulder, returning to her usual bright self.

If it were someone else, they'd probably be extremely cautious after knowing Lin Yi's strength and abilities, not daring to interact with him openly anymore.

Only someone like Wu Yuhua would only look at Lin Yi as a person and not care about his abilities or status.

Lin Yi was already stronger than her when they first met, and now he was just a little stronger.

"Let's not talk about this anymore. Sister Yuhua, I'll help you break through to the xuansheng stage next. Take the Thunder elixir I gave you before!"

Lin Yi's expression turned serious as he cut to the chase.

"Lei Ying, you're going to help me advance to xuansheng? You're not joking? It's impossible that you don't know that I don't even have the right to use the lightning tribulation points here!"

Wu Yuhua asked directly.

If she had to beg Zhong buli, Wu Yuhua would rather not advance for the time being. After all, she had just stabilized her peak nascent soul realm, and she was already very satisfied.

"Sister Yuhua, don't worry. Have you forgotten my name? Lei Ying, I'm an expert in playing with lightning! I don't need to go anywhere else, I can create it myself. "

Lin Yi smiled and rubbed his fingers together. There were small lightning arcs dancing on his fingertips.

"Oh right! You're a lightning element cultivator! But even a lightning element cultivator can't create lightning tribulations, right?"

Wu Yuhua was confused. She wasn't ignorant, and Lin Yi's words were completely beyond her understanding.

Although lightning element cultivators were rare, they were not completely non-existent. She had never heard of a lightning element cultivator who could act as a lightning tribulation point.

"Sister Yuhua, if I say I can, I can. Don't you trust me?"

Lin Yi smiled faintly as the lightning arcs disappeared.

If Wu Yuhua really didn't believe him, he didn't mind. He could ask Zhong buli for help and let Wu Yuhua cut the queue to go to the lightning tribulation.

Only Lin Yi knew how important Zhong buli's request was. For this matter, Jiang Feng's death and cutting the queue at the lightning tribulation point were nothing.

"Of course I can! Lei Ying, you are now the person I trust the most!"

Wu Yuhua suddenly laughed and took out the Thunder elixir and swallowed it. ""Let's start now!"

"Ha ... Alright, sister Yuhua, you're really a forthright person!"

Lin Yi smiled, thinking that she'd continue questioning him. He didn't expect her to start right away.

Chapter 6673 Long Time Waiting

Since Wu Yuhua was ready, Lin Yi didn't want to waste any more time.

Creating a lightning tribulation like this was a piece of cake for Lin Yi right now-he didn't even need to prepare anything.

The lightning from his cells and Qi fused together, forming a new type of lightning arc that was even stronger. Lin Yi's control of the area of the artificial lightning trial was even more precise, and the movement was much smaller, but the effect was even better!

With the special grade Thunder elixir and the new man-made Thunder tribulation, Wu Yuhua's advancement path was smooth. She quickly completed her breakthrough and began to enter a stable period.

The spiritual energy in this cultivation room was quite pure and rich, which was the most suitable for a breakthrough.

It would be a waste if he only used it for cultivation, but it was just right now. He could quickly stabilize Wu Yuhua's level after her breakthrough.

After Lin Yi helped Wu Yuhua break through, he retreated to the pill room to protect her. He didn't want to disturb her.

After half a day, Wu Yuhua successfully stabilized her level.

"Sister Yuhua, your aptitude is actually quite good. Not only have you successfully stabilized your level, but you're also showing signs of breaking through again. If you continue to cultivate in seclusion, you might be able to break through to the peak of the early mysterious Ascension stage very soon."

Lin Yi went back to the hall and saw Wu Yuhua's strength level immediately.

He had just broken through to the mysterious Ascension stage, but he had already stabilized his level. His personal talent was indeed extraordinary.

"Lei Ying, don't make fun of me. This is all because of your pills and lightning tribulation! In addition, the spiritual energy in this cultivation room is also a great help. If it were another place, it would be good if I could successfully break through. "

Wu Yuhua's face was filled with a happy smile, and she looked radiant.

"I'm not laughing. Sister Yuhua, you're really talented. It's just that you lacked sufficient resources in the past."

Lin Yi smiled and didn't dwell on the topic. "Sister Yuhua, I'll teach you a small technique to hide your aura. You can temporarily hide your strength so that others won't find it strange."

"Alright, hurry up and teach me!"

Wu Yuhua nodded immediately. Lin Yi could create lightning tribulations to help people break through to the mysterious Ascension stage. Naturally, the fewer people who knew about this, the better.

She didn't really care if Lin Yi was teaching her something profound or not. Since he was her little brother now, she didn't need to be polite.

Lin Yi spent some time teaching Wu Yuhua a trick he'd learned when he was free to hide his aura.

Wu Yuhua was indeed very perceptive, and she quickly and smoothly grasped the trick.

Of course, this wasn't actually difficult. Many powerful cultivators could do it, but Wu Yuhua's knowledge was too limited, so no one told her.

"Lei Ying, this little trick of yours is indeed amazing. Although it's simple, it's very effective! If others don't pay attention, even if I fight, they shouldn't be able to find out that I'm hiding my strength!"

Wu Yuhua gave it a try, and her face immediately bloomed into a smile.

She could easily change her strength back to the peak of the original level. This way, it wouldn't arouse suspicion.

Of course, if people of Zhong buli and ding buqi's level were to carefully probe, they would be able to see through this kind of concealment technique.

But Lin Yi didn't think that the two would test Wu Yuhua's strength on purpose-first, it would be impolite, and second, it'd make Lin Yi angry.

"It's good that it's effective,"

Lin Yi smiled, not minding it.

"Lei Ying, you're truly an amazing person! How good would it be if I had a brother like you!"

Wu Yuhua's expression suddenly turned a little dejected, and her tone became a little desolate.

Lin Yi knew that she must be thinking about Wu Zhaoyang and Lin Jiawang. If they were still here, they would be so happy to see her breakthrough.

If everyone was present, wouldn't the skymartial mercenary group be even more prosperous?

"What are you saying? I'm sister Yuhua's younger brother. Don't you think so?"

Lin Yi did feel that Wu Yuhua was like a big sister to him, a straightforward girl.

"I was wrong. Lei Ying, you are my younger brother!"

Wu Yuhua immediately smiled, and the gloominess and loneliness on her face were swept away, returning to her original bright smile.

"Let's go. We're going out now. Zhong buli and the others might be waiting anxiously."

Lin Yi smiled and nodded, opening the door and walking out.

As expected, Zhong buli and ding buqi were already waiting outside when he opened the door. Lin Yi guessed that they had already received the news the moment he opened the room.

"Elder Zhong, elder ding, I've been waiting for you!"

Lin Yi said politely.

"Master Lei, you've come out of seclusion. We just happened to come over to take a look and didn't wait for long. What a coincidence."

Zhong buli laughed, he would not admit that they had been waiting here for a long time.

"So that's how it is. That's really a coincidence,"

Lin Yi didn't expose them. The two of them were already doing a good job by patiently waiting outside the door and not triggering the restrictions.

"What a coincidence! I just happened to see the two of you coming out of seclusion. It seems that master Lei and heroine Wu have both gained a lot. Their seclusion this time was very successful!"

Ding buqi smiled and continued the conversation.

Wu Yuhua was a little nervous at first, afraid that her jump from the peak of the advanced nascent Soul Stage to the early mysterious Ascension stage would be seen through. Later, she realized that she had really been thinking too much!

Zhong buli and ding buqi didn't pay much attention to her at all. They only took one look before focusing on Lin Yi.

"Not bad. The time was too short, so I can't say that I've gained much. I've just sorted out my recent insights."

"Let's find a place to talk about it," Lin Yi smiled humbly.

"That's what I was thinking. Please, Grandmaster Lei!"

Zhong buli was overjoyed as he led Lin Yi out.

Ding buqi smiled as well, satisfied with Lin Yi's cooperation. He was even more enthusiastic towards Wu Yuhua.

Wu Yuhua forced out a smile and chatted with ding buqi, afraid that her concealment technique would be seen through. Fortunately, that did not happen.

The four of them quickly returned to the living room.

"Master Lei, this is an urgent matter. If you have nothing else, please hurry over!"

After Zhong buli sat down, he directly requested.

"No problem. Give me the location and I'll set off immediately."

Lin Yi nodded. He was in a hurry, too, so it was natural for them to hit it off.

"Master Lei, you are really straightforward. However, that place is rather hidden and I can't explain it clearly. It's better if I go with you, master Lei."

Zhong buli was all smiles, but everyone knew what he was thinking.

They were probably afraid that Lin Yi would change his mind halfway, or that Lin Yi wouldn't go even if they told him the location.

Chapter 6674 Sneak Attack Halfway

"That's good! With elder Zhong accompanying us, our safety will be guaranteed. When do we set off?"

Lin Yi nodded happily, pretending not to know anything.

"Master Lei, if there's nothing else you need to deal with, we can set off now!"

Zhong buli's old face bloomed into a smile, very satisfied with Lin Yi's straightforwardness.

"Sure!"

Lin Yi nodded.

Zhong buli stood up immediately after receiving an affirmative answer. He turned to ding buqi and said, ""Elder ding, I'll accompany master Lei. I'll leave the broken city to you. Be careful."

"Don't worry, elder Zhong. Broken City will be fine with me around. You must be careful on the road, especially master Lei's safety. You must ensure his safety!"

Ding buqi nodded solemnly, not forgetting to remind him.

Wu Yuhua looked at Lin Yi, not knowing what to do.

She didn't want to be Lin Yi's burden if she went with him, but she didn't want to leave him alone.

The two of them were the only ones left in the tianwu mercenary group!

"Elder Zhong, is it okay for my sister to come with us?"

Lin Yi didn't want to leave Wu Yuhua behind-if he could really leave the abandoned land, he'd bring her along.

"No problem, of course no problem! Since your tianwu mercenary group has already accepted this mission, master Ley can naturally bring someone else along. "

Zhong buli laughed. Even if Lin Yi didn't mention it, he would've brought Wu Yuhua along.

After all, Wu Yuhua was already one of the insiders. Only by bringing her along could he ensure that the secret would not be leaked.

"Many thanks, elder Zhong!"

The stone in Wu Yuhua's heart was lifted, and she immediately smiled and bowed to thank Zhong buli.

"I should! Please don't stand on ceremony. "

Zhong buli was very polite to Wu Yuhua for Lin Yi's sake.

"Alright, there's no time to lose. If you have anything to say, say it on the road, lest a long night brings more dreams."

Ding buqi urged with a smile. On this matter, neither of them wanted to waste a single moment.

Lin Yi didn't have any objections to that and left the living room with Zhong buli after saying goodbye to ding buqi.

Zhong buli took the two of them around the city Lord's mansion and came to a quiet place at the back door. There was already a carriage pulled by wind chasing dagger parked there.

There was no one else in the carriage. Zhong buli put on the prepared cloak and looked like he was going to drive the carriage himself.

"Master Lei, please get in the car. I will bring you there safely. As the journey is rather secretive, please do not open the car door."

Zhong buli stood beside the car and opened the door for Lin Yi and Wu Yuhua.

"No problem, but I'll have to trouble elder Zhong."

Lin Yi understood that Zhong buli was still on guard against him, but he didn't care.

Wu Yuhua didn't have any objections, either. She followed Lin Yi in silence and closed the door.

"Leiyang, isn't it a little too much for Zhong buli to be so mysterious? If you don't believe us, you don't have to ask for our help!"

Wu Yuhua felt that the car was completely isolated from the outside world and was instantly a little unhappy.

She was feeling indignant for Lin Yi. As for herself, she didn't really mind. After all, she was weak and nobody liked her wherever she went.

"It's fine. He's just being cautious. That place is of great importance. If any information is leaked, it will cause irreparable losses."

Lin Yi smiled as he consoled Wu Yuhua. He understood Zhong buli's thoughts very well, so he didn't think much of it.

There was a spirit sense restriction in the car, but it was nothing to Lin Yi and the damn thing. They could check the situation outside at any time.

"It's only because you're magnanimous. If it were any other master-level figure, who would take this kind of anger?!"

Wu Yuhua was still angry, but she was a straightforward person. Lin Yi didn't mind, so she didn't take it to heart.

"Sister Yuhua, you should continue cultivating. I have nothing to do anyway. I'll cultivate for a while."

Lin Yi didn't want to continue this topic.

Wu Yuhua had risen two levels in a row, and one of them was a major breakthrough. She was now in the heat of cultivation, so she didn't object and entered her cultivation state after agreeing.

This carriage was quite stable and there was no bump at all. There was no problem with cultivation, but the concentration of spiritual energy was different from the cultivation room.

Lin Yi sat cross-legged as well, but he didn't cultivate. Instead, he sent his spirit sense out to observe the outside world.

He didn't want to know Zhong buli's direction or position, but he did it to ensure his safety. It was very dangerous to be locked in the carriage without knowing anything about the outside world. Who knew if the divine hidden demon eyes would appear at any time?

Lin Yi had nothing to fear in Broken City since there were many masters in the city and he could use the city's defensive formation to deal with the divine hidden demon eyes.

Zhong buli was an early-stage sea-shattering expert, but he probably didn't stand a chance against the Ares-class hidden demon eyes. Lin Yi would have to rely on himself in the end.

Lin Yi's spirit sense had scanned Zhong buli before, but he didn't react at all. It was clear that spirit sense was his weakness.

Against the divine hidden demon eyes, Zhong buli would be killed instantly if he didn't have a good divine sense defensive tool, let alone win.

At that moment, the car had already turned from a remote path to the main road of Broken City and rushed out of the city gate without slowing down. The guards did not stop anyone from leaving the city, so Zhong buli did not need to expose his identity.

After leaving the city, the wind chasing foal ran at full speed. Although it was pulling a carriage, it was still as fast as lightning.

Lin Yi's spirit sense told him that the carriage didn't leave any traces behind-he didn't know how it did it, but even if someone was following them, they wouldn't be able to tell where they were going.

After entering the yinduan mountain range, the wind chasing foal's speed didn't slow down. It crossed the mountains as if it was on flat ground. The carriage behind it also maintained absolute stability. The comfort level was comparable to a high-speed train.

After an hour in the mountains, Lin Yi's spirit sense detected a black shadow flying towards him from the side. It whistled, aiming at the carriage.

There was a sneak attack!

Lin Yi was surprised and was ready to intercept it, but Zhong buli made a move first.

A thin whip shadow made a crisp sound and instantly hit the side of the black shadow. The violent power was concentrated at one point and exploded!

Lin Yi's spirit sense clearly saw that the black shadow that was hit by the whip immediately shattered with the whip mark as the center.

The debris that was produced was also completely isolated and turned into broken stones on the ground. It turned out that it was a mountain rock the size of a millstone that had been thrown over by someone!

If it had hit the carriage, from the force of the Qi that wrapped around the rock, it would've flipped over, and even if Lin Yi could protect Wu Yuhua, it would've taken a lot of effort.

Chapter 6675 They Really Came

"As expected, he still came!"

Lin Yi frowned. His spirit sense had already caught the attacker-it was Lin Jiawang, who had his divine hidden demon eyes!

Outside, Zhong buli had already stopped his wind-chasing foal. He stood proudly on top of the carriage and looked in the direction of the mountain rock.

"Who's there? Do you have the guts to sneak attack but not the guts to show yourself?"

Zhong buli shouted in a low voice, his voice condensed and spread far away.

The operation and route this time had to be kept a secret. Zhong buli didn't want to cause trouble, but he couldn't ignore it!

Anyone who was a threat to this operation must be eliminated!

"Human, are you blind? Can't you see that I'm right here?"

Richard Jiawang appeared nearby like a ghost. He was clearly far away before, but now he was very close.

Lin Yi's heart shivered. The fusion between Lin Yi's divine hidden demon eyes and Lin Jiawang was much more perfect now, and the strength he could unleash was on a whole new level.

If Lin Yi had been this fast in the wind Cave, it would've been hard for him to escape from the wind with his lightning escape.

"Who are you? why did you attack me?"

Zhong buli's heart trembled violently. With his strength, he actually could not discover how this man with an evil smile appeared!

A formidable opponent!

An absolutely dangerous enemy!

"I'm the one who wants your life!"

The evil smile on the corner of Lin gawang's mouth became even wider. The pupils in his eyes rotated rapidly, and a powerful spiritual sense attack immediately bombarded the three people inside and outside the carriage.

Lin Yi pulled Wu Yuhua and broke through the car door, using his spirit sense vortex to protect himself and Wu Yuhua at the same time, barely blocking the attack.

But Zhong buli did not move an inch. A ray of light shone on the surface of his body, blocking all the attacks on him. The defensive layer flashed with dense fluctuations.

"Hehe, a spiritual sense defense tool is not bad, but I don't know how long you can last!"

Lin gawang looked at Zhong bu li with disdain. His spirit sense attacks could be continuous, but spirit sense defense tools couldn't last forever.

In the defensive layer, Zhong buli's expression was extremely ugly. He had not expected that the opponent he would meet would be an enemy with such a powerful spiritual sense!

If it wasn't for Zhong buli obtaining a high-grade spirit sense defense tool by chance, it was very likely that he would have been killed today!

"As long as I can hold on for long enough to kill you!"

Zhong buli gathered his thoughts and pounced on Chu gawang like lightning.

Before his spiritual sense defense tool reached its limit, he had to kill Lin gawang!

Zhong buli didn't think it would be hard to kill Pi gawang, because the other's aura wasn't strong. However, the truth left Zhong buli dumbfounded.

Pi gawang didn't rely on his speed to Dodge. Facing Zhong buli's fierce and domineering punch, he only extended a finger and steadily hit Zhong buli's fist.

With a loud explosion, Lin Jiawang's body flew back and he only managed to stabilize his steps after ten steps. Zhong buli also didn't have the upper hand and also retreated six or seven steps before stopping.

"How is this possible? It's actually so powerful!"

Zhong buli's eyes flickered and his face was filled with shock.

On the surface, it seemed like he had the upper hand, and the distance between the two of them was almost double, but Zhong buli knew that he had lost!

He had used all his strength to attack with his fist, and Chu gawang had only used one finger to fight in a hurry. Zhong buli really didn't have the face to say that he had the upper hand.

"Hahahaha, it seems that your strength is only so-so after all. I can easily kill you without even using my divine sense!"

Pi Jiawang laughed wildly at the sky, mocking Zhong buli.

"We don't know who will win yet! Receive this!"

Zhong buli roared and took out a bronze ferule. With the infusion of his Zhen Qi, the green light grew and he charged at Chu Jiawang again.

"We'll talk if you can hit me!"

Lin Jiawang laughed evilly. His body flashed and he disappeared.

Zhong buli's speed wasn't as fast as nie gawang 's, and his eyes couldn't catch the other's movements, let alone his divine sense. So, he was stunned on the spot, and his subsequent martial skills were also stopped.

"Don't be too arrogant! Do you really think you're the fastest in the world?"

Lin Yi came to his aid at the right time. His lightning escape was enough to keep up with all of Chu Jiawang's movements without being affected.

"I thought you would run away. I didn't expect you to be so bold!"

Lin Jiawang had already attacked Lin Yi hundreds of times as he spoke.

Unfortunately, Lin Yi had the upper hand in terms of speed, and 80% of his attacks missed. The remaining portion was blocked by Lin Yi, who managed to successfully defend himself.

Wu Yuhua knew that she couldn't help much in a battle of this level, so she ran away and found a place to hide.

Not being a burden was the greatest help!

Wu Yuhua's positioning was quite accurate!

"Master Lei, I'll give you a hand!"

Zhong buli turned around and saw the two balls of light and shadow attacking each other in mid-air. Although he had rushed over, he could not interfere at all.

"You take care of yourself! I don't want to accidentally kill you!"

Lin Jiawang's expression was relaxed as he teased Zhong buli.

Lin Yi, on the other hand, felt a huge pressure-there was still a huge gap between their strength.

"Big words! If you have the ability, then don't run with your speed!"

Zhong buli roared and the bronze ferule in his hand shone brightly.

Measuring heaven and earth!

Countless shadows of the ferule filled the entire space. No matter how fast Lin gawang was, he couldn't escape the net formed by the ferule.

A series of crackling sounds rang out as Zhong buli's martial arts suppressed Chu gawang's speed to the minimum!

"Hahahaha, you're only so-so!"

Zhong buli laughed complacently, and the light of the ferule grew brighter as he continued to attack Chu Jiawang.

"What a joke. I thought he was more powerful. It turns out that he's just good-looking and not threatening at all!"

Although Lin gawang was attacked by many ferule, his body was not injured.

The ferule were so densely packed that in order to pursue an area of effect attack, their power was naturally unsatisfactory. Perga Wang did not need to specially block it and would not be injured.

"You talk too much nonsense!"

Lin Yi's cold voice appeared behind him as he threw the Super pill fire bomb at his back.

Once hit, even the shadow God-devouring Lion would have to kneel, not to mention the divine hidden demon eyes Chu gawang!

Lin Yi's attack, however, didn't hit him. He dodged immediately after feeling Lin Yi's attack.

When the Super pill fire bomb exploded, Lin gawang was only slightly affected by the aftershock, but it didn't cause any damage.

"You think you can defeat me by joining forces? You're too naive!"

Lin gawang sneered arrogantly as he increased his speed.

The bronze ferule's attack had already been seen through by Lin gawang, and it was no longer effective.

#### Chapter 6676 Darkness Domain

"This old man Zhong buli is too weak. His offensive martial technique has no power at all. He can't even break through Chu gawang's defense. Is he a fake sea splitting stage cultivator?"

Lin Yi cursed to himself. He thought that they would have the advantage if they teamed up with a sea Rift master, but he didn't expect Zhong buli to not even be able to hold down Chu Jiawang ...

"Die!"

At this moment, Zhong buli was also extremely ashamed and resentful!

Lin Yi's attack had to be dodged by Lin Yi, but Lin Yi's attack was completely ignored. This was a huge humiliation. Zhong buli roared and activated a new martial skill.

Zhong buli had no other choice. The heaven and earth measurement was a supplementary technique to trap the enemy, so it was normal for it to be weak. However, he didn't expect it to be so weak when facing Chu gawang.

This time, the tip of the ferule condensed into a sharp green light. Taking advantage of the opportunity when Chu Jiawang dodged the Super alchemy bomb, it struck down like lightning.

And then, it just slashed down.

This was because Lin gawang was no longer in his original spot. The green glow had left a large pit on the ground.

Zhong buli felt aggrieved. His big moves couldn't hit, his small moves didn't work, and he still had to resist the other's consciousness attacks ... What the hell!

"Elder Zhong, look for an opportunity and coordinate with my attack. Don't attack blindly!"

Lin Yi saw the problem with Zhong buli and quickly pointed it out.

"Master Lei, don't worry. I understand!"

Zhong buli wasn't displeased at all. Instead, he took a deep breath and calmed down to look for an opportunity.

"What can two weak chickens do together? Forget it, I don't have time to play with you guys, let's end this quickly!"

Richard gawang looked at the two of them disdainfully. His eyes spun even faster, and a faint black light shone from them.

The entire sky suddenly turned dark, and everything in the surroundings was swallowed up by the thick darkness.

In an instant, Lin Yi and Zhong buli couldn't even find each other's position.

"This is an illusion created by a spiritual awareness technique?"

Lin Yi reacted immediately and his face changed.

"It's not just an illusion. This can be considered a domain created by the consciousness. It's similar to the domain formed when displaying Saber Force, but neither of them can be considered a true space domain!"

The ghostly thing had already stopped his research, and his mood was extremely heavy.

The so-called space domain was a kind of cultivation method similar to the spiritual sense. However, in the mystic division Sea area, only the masters of the sea splitting stage or even the heaven breaking stage could dabble in it.

Lin Yi instantly merged his consciousness with the ghostly thing, quickly looking for the exit in the darkness.

If he continued to delay, Zhong buli might be in danger!

The divine hidden demon eyes were indeed powerful-as long as Lin Yi was in the abandoned land, he would never have peace! He was even more difficult to deal with than the assassin who appeared and disappeared in the Academy!

Lin Yi couldn't help but smile bitterly as he shook his head. Every single one of the dark Demon beasts was this strong. If they really came out, how many humans would be able to fight them?

"Focus, don't get distracted!"

The demonic thing growled. It was rare for him to be so serious, and even though he knew that Lin Yi could split his attention, he couldn't help but remind him.

Lin Yi didn't say anything else and focused on finding the flaws with the ghostly thing.

Lin Yi wasn't attacked yet, perhaps because Lin Jiawang was focusing on Zhong buli. However, this peace only lasted for a short while before the God bracelet on his wrist lit up with a defensive light.

Different from those subtle and dense spiritual awareness attacks, the attack this time was powerful and relatively simple, so the God tamer bracelet was able to defend in time.

"It seems like Zhong buli is already in trouble!"

Lin Yi's heart tightened as he released his fire vortex to surround his body.

However, this time, the consciousness pill fire Whirlpool didn't have much effect. The omnipresent darkness wasn't something the consciousness pill fire Whirlpool could block.

The God tamer bracelet flickered continuously, and it soon reached the upper limit of its defense!

"Shrink your pill fire Whirlpool and protect your sea of consciousness!"

The demonic thing shouted, and Lin Yi immediately retracted the fire vortex back into his sea of consciousness.

The endless darkness surged over, but it wasn't easy to enter Lin Yi's sea of consciousness.

"Senior ghost, the divine hidden demon eyes are too powerful. We can't just passively defend like this!"

Lin Yi's back was covered in cold sweat. He and the damn thing's consciousness were suppressed by the divine hidden demon eyes. This had never happened before.

"Don't be noisy and continue searching! We can't panic now!"

The demonic thing was also a little nervous. The power of the divine hidden demon eyes 'divine sense had also exceeded his expectations.

If this damned thing was at his peak, he wouldn't be afraid of the divine hidden demon eyes, but now that the Tiger had fallen into the sun, even Lin Yi and him were no match for the divine hidden demon eyes!

One could only imagine how aggrieved the dignified elder Azure Dragon was when he was suppressed by a darkness magical beast.

"Senior ghost, the consciousness fire pill Whirlpool can't last much longer ..."

Lin Yi was feeling bitter as well. His powerful spirit sense had always been his most important life-saving card, but now it was easily crushed by the divine hidden demon eyes. He wasn't feeling any better than the ghost.

"If we can't hold on, we'll be finished together! Don't ever give up!"

The ghastly thing encouraged him and said, ""Let's try using the Super alchemic fire bomb! It can increase the concentration of spirit sense pill fire, so add in the icy blaze fire as well. "

Lin Yi did as he was told without hesitation.

Before this, Lin Yi had already launched a few random attacks, but no matter if it was the Dragon killing intent or the lightning arc, they were all silent like a clay ox entering the sea.

He could only hope that the ghost's suggestion was effective ...

The two super alchemy fire bombs quickly formed in Lin Yi's palms. He didn't pursue the maximum power, but just wanted to test it out. He threw it out as soon as it formed.

The exploding super alchemy fire bomb lit up the thick darkness. The icy blaze's cold air permeated the air, as if it had frozen the space. The subsequent explosion of flames shattered the frozen space.

With the help of the icy blaze fire, the power of the Spirit sense pill fire was greatly increased. The shattered darkness that came into contact with the spirit sense pill fire immediately melted.

"Senior ghost, it's indeed effective!"

Lin Yi was overjoyed. He started gathering super alchemy fire bombs in his palms again!

It wasn't enough to completely tear this dark space apart, but Lin Yi saw hope. Fortunately, he could multitask, or he'd have a hard time defending against the invasion of the Sea of consciousness.

"Be careful that the divine hidden demon eyes will find time to deal with you personally!"

The ghastly thing reminded Lin Yi, but before he could finish, the divine hidden demon eyes came at him.

Dozens of sharp finger forces surrounded Lin Yi's body, each one strong enough to pierce through metal and stone. With Lin Yi's current strength, if he was hit, he would be crippled if not dead!

In the flash of lightning, Lin Yi dodged the attacks by a hair's breadth, but he didn't manage to form the Super alchemy fire bomb in his hand.

Facing the attack, Lin Yi had to give up on condensing and focus on defending his sea of consciousness.

Chapter 6677 Superb Acting Skills

"Dammit! I don't know how Zhong buli is doing, if he's not dead and can help me delay for a while, that would be great!"

Lin Yi sighed to himself-he was more worried about Wu Yuhua than Zhong buli.

After gaining the upper hand with his demon eyes, he wouldn't let Wu Yuhua go for sure. Lin Yi couldn't even save himself, but he didn't want anything to happen to the Miss.

Perhaps it was the right choice to let her stay in Yin duancheng!

"Little Lin, don't let your thoughts run wild. Focus!"

The damn thing sensed Lin Yi's distraction and was disappointed.

You're about to die, and you still have the time to worry about others? Can't you be more careful?

Lin Yi sweated and quickly gathered his energy. He kept moving and creating super alchemy bombs at the same time. The finger wind attack of the divine hidden demon eyes didn't stop at all. As long as Lin Yi stayed in one place for more than half a second, he would be turned into a sieve.

Another two super alchemy bombs exploded, and the power of the conflagrated fire and icy blaze increased even more. Lin Yi could almost see the light outside after the darkness was split open.

Unfortunately, these dark cracks were too small. Even with lightning escape, it was hard to get through. Plus, the divine hidden demon eyes had a very tight defense against these cracks. Lin Yi didn't have any chance at all!

Since the crack was too small, he would make it bigger!

In Lin Yi's hands, a new super alchemy fire bomb was forming!

Lin Yi didn't need to worry about his Qi consumption-his Qi recovery speed during the mountain opening stage was much faster than before, and with the heaven's stolen fortune, he could quickly convert Qi into Qi!

But before Lin Yi's new super pill fire bomb could be used, the dark space suddenly lit up with a light, and within the light was a dazed Wu Yuhua!

"Lei Ying, I advise you to give up on resisting. Otherwise, if you attack again, the one who will be hit will be your sister Yuhua!"

Lin Yi felt a chill run down his spine as Lin Jiawang's voice echoed in the dark, teasing him.

As expected, Wu Yuhua was still caught by the divine hidden demon eyes!

Actually, this result was not surprising. Even if Wu Yuhua had broken through to the xuansheng stage, she was still an ant-like existence to the divine hidden demon eyes.

He didn't have time to deal with her before, but now that he was done with Zhong buli and Lin Yi couldn't escape, he grabbed Wu Yuhua to attack Lin Yi.

"Do you think I'll give up on the divine hidden demon eyes? After I give up, I'll still be at your mercy. Am I stupid or are you stupid?"

Lin Yi hmped coldly.

"If you don't give up, the first to die will be Wu Yuhua. Of course, you might not care, but even if you kill Wu Yuhua, you still won't be able to escape from me. Don't you think you're stupid for putting up such a useless resistance?"

Lin Jiawang laughed proudly.

"It's better than waiting for death! Don't waste your breath, if you want to kill me, show me your methods!"

Lin Yi's face was dark, but his heart was burning.

His words could be said coldly, but he really didn't dare to make a move, for fear of accidentally hurting Wu Yuhua.

"Hahaha, a dead duck's mouth is stubborn! You want me to show you my methods? You don't dare to attack? Lei Ying, I didn't expect you to be so loyal. Since that's the case, I won't be polite!"

Lin Jiawang laughed maniacally as he sent two gusts of wind towards Lin Yi's arms. "You'd better not move. Once you Dodge, the attack will land on your sister Yuhua. I promise there won't be the slightest deviation. Wherever it hits you, it will hit her."

Lin Yi wanted to Dodge, but he held back the urge after hearing the warning.

The two streams of wind easily pierced through Lin Yi's arm when he wasn't on guard, and he was instantly injured.

The Super alchemy fire bomb that was gathering in Lin Yi's palm disappeared completely.

Richard gawang's laughter became more and more arrogant, as if everything was under his control.

"Brat, you're going to let this soul be slaughtered? Wu Yuhua is just an ordinary person you met by chance. You've already helped her enough and don't owe her anything! Think about those people who are waiting for you to return!"

The damn thing was in the middle of the Jade space, panicking and shouting, trying to wake Lin Yi up.

"Senior ghost, I know what to do."

Lin Yi shook his head and quickly activated the art of Dragon mastery, secretly repairing his injured arm. "Don't forget my fast healing ability. I'm just paralyzing the divine hidden demon eyes!"

"Good boy, you can still remain calm at a time like this. I'm the one who's a little anxious. What are you going to do next?"

Damn it, it was indeed so when he thought about it now.

As long as Lin Yi didn't get a fatal injury, it was nothing.

What should he do next? Lin Yi was thinking about the same thing-he couldn't do anything as long as Wu Yuhua was still in danger.

Even if he attacked, he was no match for the divine hidden demon eyes. This was truly a difficult problem that had no solution!

"Haha, very well. Lei Ying, I'll give you another choice. Hand over the black-scaled aerial beast's soul and submit to me. Then, I'll spare your lives. How about it?"

Lin Jiawang's main goal was still the beast's essence spirit. As for whether he was sincere or not, he probably didn't even know.

After all, he had no use for a disloyal outsider like Lin Yi.

"Let go of sister Yuhua first and we can talk about other things. I'm already in your hands anyway, so why should I make things difficult for a weak woman?"

Lin Yi said faintly, the injury on his arm almost healed.

However, he didn't heal his external wounds, so they still looked badly mangled. This way, it would be easier for him to deceive the divine hidden demon eyes.

"Cut the crap. Is this the time for you to raise your conditions? If you don't agree, you'll all die. "

The divine hidden demon eyes didn't fall for this trick at all, and at the same time, two more finger winds were shot out.

This time, the target was Lin Yi's legs-it was a move that couldn't be avoided!

Lin Yi gritted his teeth and held on, two bloody holes appearing on his left and right legs.

Lin Yi's legs gave way, and he fell to the ground. He had to hide the condition of his arm, and so he almost fell to the ground when he sat down.

This acting ... Even the ghost wanted to say that when "the school Belle's bodyguard" was made into a big movie, they wouldn't even need to ask someone else to act-Lin Yi could just act as himself!

"Lei Ying, don't refuse a toast only to drink a forfeit! If you surrender and release the black-scaled wind beast's soul, I won't mistreat you. "

Lin Yi didn't know what to say, and Lin Yi didn't know what to do.

To be honest, he still didn't know where Lin Yi had locked the beast's spirit up. If he did, he'd have killed Lin Yi already.

Chapter 6678 Phenomenon Reappears

"Ha ... I still stand by my words. Let sister Yuhua go and we can talk about everything between us! Otherwise, even if you kill me, you won't get what you want. "

Lin Yi's lips curled into a smile as he forced himself to sit up.

The injury on his leg was about to heal in this short amount of time. Lin Yi just wanted to buy some time and get more wounds on his body so that he could continue to paralyze his divine hidden demon eyes.

He'd wait for the guy to let his guard down and appear in front of him-that'd be the best time for him to counterattack.

"It's okay, I have time. I'll take it slow. "

Pi Jiawang laughed and sent out two more finger forces!

This time, the target was Lin Yi's left and right shoulders. It wasn't fatal, but it was enough to make him lose even more of his fighting strength.

Lin Yi didn't even try to Dodge, letting the wind pierce through his body. He fell to the ground face up, struggling a few times before he could sit up.

That bloody appearance was really as miserable as it could get. The damn thing still said the same thing, Best Actor!

"Lei Ying, don't worry about me. You can go on your own!"

Wu Yuhua didn't know why, but when she suddenly saw Lin Yi's face, hot tears streamed down her face as she screamed.

Lin Yi and her were the only ones left in the entire tianwu mercenary group, and she didn't want to see her only partner and brother die in front of her!

"Hahaha, he does want to leave, but can he? He's just a pitiful worm now. Wu Yuhua, you'd better persuade him to quickly surrender. We're acquaintances after all, so I won't really kill him!"

Lin Jiawang's voice had a hint of mockery in it-it was obvious that he'd arranged for Wu Yuhua to see Lin Yi in this state.

"Chu gawang! You still have a bit of your own consciousness, you shouldn't have attacked your companions! Wake up, Richard gawang, how can you tolerate this dirty thing occupying your body? To deal with your brothers and sisters? Wake up! Richard gawang!"

Wu Yuhua screamed madly, her voice turning hoarse, but she still didn't care.

What could be more painful than watching your most important companion attack you and your other companions?

Although this wasn't the original intention of Chu gawang, that familiar face couldn't be covered by the thick darkness.

"Hahahaha, Lin gawang's weak and pitiful consciousness, do you still expect him to affect me? Don't be too naïve, advise your little brother Lei Ying properly. Look at his miserable appearance, he probably won't be able to hold on for long!"

"Lei Ying, quickly leave. Don't worry about me!"

Wu Yuhua turned to Lin Yi and shouted. She knew that Lin Yi had the teleportation talisman.

As for herself, if she died, then so be it!

The three founders of the tianwu mercenary group would go together!

"Sister Yuhua, don't worry. He wouldn't dare to kill me."

Lin Yi struggled to turn his head to look at Wu Yuhua, forcing a smile that was uglier than a crying face.

It was indeed difficult for him to pretend to be so miserable ...

"Lei Ying, don't overestimate yourself. It's fine if I kill you. I just wanted to give you a chance because I saw that you have some ability. If you don't cherish it, don't blame me for being merciless!"

Lin gawang said as he flicked out two more finger forces.

Lin Yi's left and right ribs had two spurts of blood. It wasn't fatal, but it would affect his mobility.

"Tsk, tsk, tsk, is this the legendary double rib? Wu Yuhua, you should be glad! To have someone willing to risk their lives for you, how blissful would that be! Aren't you going to try to persuade him again? Look, there are two more wounds. I can't bear to do it!"

Lin Jiawang added another injury to Lin Yi's body.

"Stop! Lin Jiawang, stop!"

Wu Yuhua's eyes were about to split open, and she was about to go crazy!

Watching Chu Jiawang torture Lin Yi made Wu Yuhua feel like it was more painful than her own torture!

If Lin Yi didn't join the tianwu mercenaries, he wouldn't be in this kind of trouble. From the beginning to the end, Lin Yi didn't complain at all, and he just helped her.

Now, he was even willing to risk his life for her. If it was possible, Wu Yuhua would rather use her own life to replace Lin Yi 's, but she didn't know that Lin Yi's miserable state right now was completely an act for Chu Jiawang.

"Lei Ying, are you still not going to surrender? If you continue playing, I'm afraid ... It'll be very difficult for you to recover!"

Chu Jiawang ignored Wu Yuhua and continued to attack. He laughed coldly as he looked at Lin Yi's blood.

"Ha ... This guy is really cautious. I'm already in such a miserable state, and he still hasn't revealed himself. Senior ghost, can you determine his position from his attacks?"

Lin Yi was helpless-he only had one chance to sneak attack!

If he failed, he would really fail.

"You're really a tough one. Since you're not willing to surrender even if you die, I'll fulfill your wish. I'll destroy your physical body first, then extract your primordial spirit and make your soul scatter, never to be reincarnated!"

Louis Gawain threatened in a very sincere tone, as if he was open to discussion.

But before he could finish, dozens of attacks were already concentrated on Lin Yi. Once they hit, Lin Yi would be dead!

Lin Yi sighed to himself-all the pain and suffering he'd gone through was for nothing!

It was impossible for him to just sit there and wait for death. However, the moment he dodged, Lin gawang would see that his injuries were all fake!

"I said, Zhenzhen, stop!"

Wu Yuhua suddenly spoke calmly. Her body instantly emitted a layer of light, and within the light, her entire aura changed.

Lin Yi blinked and gave up on the idea of dodging. He continued to play dead on the ground.

This was because Lin gawang's attack had also stopped in the air at this moment, unable to advance an inch!

"Eh? What's going on?"

Chi gawang was shocked. His attack seemed to be restrained by an invisible force, and the source of this force was actually ... Wu Yuhua?

"Divine hidden demon eyes ... Chu gawang! You deserve to die!"

Wu Yuhua said slowly as she raised her head.

Her pupils had already turned into an icy color, and her body was emitting a faint white mist. The surrounding darkness slowly melted, and the entire dark space began to shake.

This sudden change made Lin Yi and Lin Jiawang a little suspicious!

However, Lin Yi found it familiar. He remembered that Wu Yuhua had the same mist on her back in the wind Cave!

He didn't expect this to happen again, but it didn't seem to be a bad thing.

"Yo! I didn't expect you to have a secret, Wu Yuhua. Whose aura is this?"

In the fading darkness, Chu gawang's figure was slowly revealed. On his face, there was an excited and playful evil smile, as if he had developed a great interest in Wu Yuhua.

Lin Jiawang didn't even pay attention to Lin Yi anymore. He didn't even care about the condensed attacks in the air, letting them dissipate on their own.

Chapter 6679 Wu Yuhua's Transformation

"Divine hidden demon eyes! Today is the day you die!"

Wu Yuhua looked at Chu gawang coldly. Her body swayed slightly, and in an instant, a ray of light drew out in the darkness, stabbing towards Chu gawang's chest.

The black light in Lin gawang's eyes brightened, and the area in front of him was instantly filled with darkness.

The ray of light formed by Wu Yuhua's body hit the layer of darkness. It was like a sword stabbing into water. Although it pierced through the darkness, there was no ripple.

The ray of light transformed into Wu Yuhua again. Her cold face was filled with killing intent as her arm passed through the dark layer of Chu gawang, missing by a hair's breadth.

"What are you? It's similar to me, is it the same kind?"

Lin Jiawang sized up Wu Yuhua calmly, not taking her attack seriously at all.

"Divine hidden demon eyes, you're nothing! Who's the same kind as you? Go to hell!"

Wu Yuhua said indifferently. Light gathered in her palm and struck Chu gawang's chest.

Unfortunately, with a slight sway of his body, Lin gawang easily dodged the attack that was so close to him.

"Your strength is not bad, but it's a pity that you haven't fully awakened, and your degree of fusion is very low. If I were you, I would continue to lay low for a while and slowly awaken your fusion. Be my subordinate? I'll help you!"

Richard gawang began to persuade them to surrender out of habit, but he couldn't tell if he really thought so.

"You talk too much nonsense. When you die, the world will be clean!"

Wu Yuhua laughed coldly. The mist around her body grew thicker and the light she emitted grew brighter. Small cracks had already appeared in the dark space.

Chu Jiawang's expression changed slightly. This situation was not within his calculations. Wu Yuhua's strength was getting stronger and stronger, so the threat she posed to him was naturally getting greater and greater!

In an instant, Chu Jiawang had already decided that he could no longer treat Wu Yuhua lightly and had to kill her!

Lin Yi watched coldly from the side as he secretly gathered two super alchemy bombs in his palms. Chu Jiawang's attention was completely on Wu Yuhua, and this was the perfect time for a sneak attack.

The turbulence in the dark space intensified as Wu Yuhua's attacks caused more and more cracks to appear in the darkness.

Lin Yi believed that with the help of his two super alchemy bombs, he could very well tear apart the darkness.

But before Lin Yi could do anything, the situation changed again.

Following the full-powered attack of Chu gawang, Wu Yuhua's body suddenly exploded with an aura several times stronger than before. She blocked the attack in one move and counterattacked.

"Are you crazy? He was actually burning his own primordial spirit! Even if you win, you won't be able to survive. Is there a need to fight so hard for your host?"

Lin Jiawang was shocked and angry.

"If I can't win against you, I'll still die. In that case, I might as well drag you down with me!"

Wu Yuhua laughed coldly. She didn't know if it was Wu Yuhua's consciousness or something else's consciousness.

"Crazy! I can't be bothered to talk nonsense with you!"

The evil smile on Richard gawang's face had disappeared, replaced by a little panic.

Just a moment ago, everything was under his control, but in the next moment, it was out of the ordinary.

Richard gawang wanted to play with the mouse leisurely, not be a cat that was bitten to death by the mouse, so he had already begun to retreat in his heart.

Wu Yuhua was fighting to the death, but there was no need for his divine hidden demon eyes to be buried with her. Should he let Lei Ying go this time and think of a way in the future?

Thinking of Lei Ying, Chu gawang suddenly felt that something was wrong. He seemed to have overlooked something!

Before he could finish his thought, a bolt of lightning streaked across the dark space, and the two super pill fire bombs had already exploded around him!

The powerful wave tore apart the already cracked darkness and pushed Richard Gawain's body forward.

"Damn it!"

Lin Jiawang roared, his eyes spinning rapidly. He couldn't care about Lin Yi for now as he attacked Wu Yuhua with his spirit sense without holding back!

However, Wu Yuhua had already changed into a different person. Her spiritual sea was like an iron wall, and there was no way to attack her.

And Wu Yuhua's attack had once again arrived in front of Chu gawang!

In a hurry, Chu gawang could only cross his arms and block Wu Yuhua's attack!

There was a loud bang!

The collision between the two was even more intense than Lin Yi's super alchemy bomb. Lin Jiawang was hit by the shockwave and was sent flying. He spat out a mouthful of blood, his eyes filled with shock.

Not only that, but his arms were hanging limply. It seemed that his bones and tendons were broken, and he was seriously injured.

The darkness quickly receded, and in the blink of an eye, the original clear scene was restored.

Lin Yi used his spirit sense to scan and found Zhong buli lying limply on the ground.

But Lin Yi didn't have the time to check on Zhong buli's condition. He activated his lightning escape technique and instantly got close to Chu Jiawang.

The Dragon-shaped five elements killing aura and Thunder burial were used at the same time. He wanted to take advantage of the weakened state to kill Chu gawang!

He didn't expect Wu Yuhua to be even faster. She turned into a beam of light and threw a simple punch before Lin Yi could, aiming for his head.

With Wu Yuhua's current attack power, once it hit, Chu gawang's head would definitely burst open like a watermelon.

Richard gawang turned his body in a hurry, avoiding the head but not the shoulder.

Wu Yuhua's punch shattered half of Chu gawang's shoulder. Only one-third of his arm was left, and he looked extremely miserable.

"Crazy woman! If you want to die, then die by yourself, don't get in my way!"

Lin gawang roared in anger and spat out a mouthful of blood.

Lin Yi saw the opportunity and followed up with an attack. The Dragon-shaped killing intent of the five elements roared and Thunder burial brought a lightning waterfall down from the nine Heavens like the Milky Way, enveloping the entire area around Chu Jiawang.

Lin gawang's eyes flashed with ruthlessness as he burned his essence spirit to increase his strength temporarily. He then retreated quickly.

Lin Yi's attack did hit him, but it didn't do much damage. Most of it was blocked!

Wu Yuhua's body flashed, easily passing through Lin Yi's attacks and appearing in front of Lin Jiawang again.

This time, Wu Yuhua and Lin Jiawang attacked almost at the same time, their fists colliding in the air.

The violent fluctuations erupted again, sending Lin Yi flying.

Richard gawang's intact arm was broken again, and blood gushed out of his mouth like it was free.

Wu Yuhua wasn't having a good time either. Her arm was also hanging by her side, and it looked like she didn't get any advantage.

"Sister Yuhua, are you alright?"

Lin Yi asked, taking some time out to show his concern. He wasn't sure if this person was still Wu Yuhua.

"I'm fine! Don't let Ling gawang get away. "

Wu Yuhua's body swayed slightly as she spoke, then she charged forward again.

Lin Yi quickly followed. Lin Jiawang was a big problem as long as he wasn't dead. It was best to kill him in one go with the help of Wu Yuhua.

Chapter 6680 Two Wu Yuhua

"Just you wait, I'll be back!"

Richard gawang shouted in embarrassment, and his body quickly fell into the thick darkness.

Lin Yi and Lin Yi weren't slow, but Lin Jiawang was faster. They couldn't find him even when they were about to stop him.

"Leiyong, stop looking. Chigawain's life-saving means are extremely powerful. Since he wants to escape, you can't catch up."

Wu Yuhua retracted her attacking arm. Her body shook even more violently, and she couldn't help but fall to the ground.

"Sister Yuhua, are you alright? Hurry up and take the medicinal pill to heal your injuries. "

Lin Yi stepped forward and took out a Jade bottle, which contained his best healing medicine.

"Lei Ying, I can't take care of you anymore. You have to be careful and take good care of yourself!"

Wu Yuhua leaned against a rock and swallowed the pill.

However, she knew that her injuries couldn't be healed by elixirs, at least not by elixirs from the mystic Sea.

She ate it just to make Lin Yi feel at ease.

"Sister Yuhua, don't say such silly things. You'll be fine with me here!"

A bad feeling rose in Lin Yi's heart. He quickly took Wu Yuhua's pulse and started channeling the art of Dragon mastery, sending Qi into her body.

Wu Yuhua's injured arm was healing rapidly under the combined effects of the pill and Lin Yi's pure Qi.

Unfortunately, her aura was getting weaker and weaker, and her spirit was also getting more and more dispirited.

"Lei Ying, there's no need to waste your true Qi. Listen to me."

Wu Yuhua sighed softly, her voice becoming low and weak.

"Sister Yuhua, don't say anything. I'll cure you."

Lin Yi shook his head. As he continued to channel his Qi, he thought about how he could save Wu Yuhua.

Lin Yi could tell that it wasn't just her body that was injured-physical injuries were nothing compared to that.

"I can't be cured, Lei Ying. I can't really be considered as your sister Yuhua. It should be said that her consciousness has merged with mine! I was originally a broken primordial spirit, but because Wu Yuhua's body was very compatible with mine, I had to reside in her body. "

Wu Yuhua forced a smile and slowly explained.

"You're preparing to possess me?"

Lin Yi had some guesses, but he wasn't too surprised.

"I'm just a broken primordial spirit, so I can't possess her yet. I'm just nurturing myself in Wu Yuhua's body, and then slowly merging into her primordial spirit without her knowing. If everything goes smoothly, we'll become one. She'll be able to retain her consciousness and thoughts, and I can obtain a new life through her."

"The new primordial spirit after the fusion will still be under her control. She won't even know of my existence. I'll only provide her with a stronger primordial spirit and strength, as well as some inheritances she can't explain! It's a pity that this happened before I could fuse with her. "

Wu Yuhua sighed again, with deep regret and unwillingness. ""Wu Yuhua's primordial spirit was in turmoil because she wanted to save you so much. I could only forcefully fuse with her, otherwise, she would have forced herself to die. In the end, I was still not a match for the divine hidden demon eyes even after forcefully merging them. "

Lin Yi didn't know what to say-he didn't know that Wu Yuhua had to make such a huge sacrifice just to numb Lin Jiawang ...

Judging from the situation just now, Lin Yi's choice wasn't wrong. The wrong thing was that he didn't know that Wu Yuhua had the ability to change the situation!

"You saw what happened after that. Wu Yuhua burned her primordial spirit and completely gave up on her consciousness to forcefully push the fusion process. I took control of everything, and in order to not let her down and to obtain powerful combat power in a short time, I could only burn my remnant soul ..."

Wu Yuhua's voice was getting lower and lower, and Lin Yi's heart was filled with sorrow!

This woman, who he regarded as his sister, had two souls in her body. However, in order to save him, these two souls had both burned themselves, and he had no way to stop them.

Lin Yi suddenly remembered that he still had the spirit accumulation pill. It was a pill made from the spirit sense fruit, close to Mystic class level two. It could help to cultivate the spirit and spirit!

Lin Yi took them out and put them all into Wu Yuhua's mouth, not caring how many there were.

"Sister Yuhua, you can't be in trouble. I'll definitely find a way to save you!"

Lin Yi didn't care if this was the Wu Yuhua he knew or not-he'd already decided that this was his sister.

The spirit accumulation pill melted in her mouth, and Wu Yuhua's spirit was roused. Her eyes also brightened up."Lei Ying, your pill is amazing. It's very helpful to the primordial spirit. If it was before, it would have been very effective on me. Unfortunately, it's useless now."

"Wu Yuhua's consciousness has already dissipated, and our forcefully fused souls are also crumbling. You don't have to be sad. Although I'm not Wu Yuhua, I have her memories and emotions. I know that she's very grateful to you, her brother. She hopes that you can live well and revive the tianwu mercenary group."

"If Wu Zhaoyang is still alive, you must find him. If nie Jiawang can be saved, you must find a way to save him! If you really can't do it, just put yourself first and don't take any risks!"

Wu Yuhua continued to ramble on as her eyes slowly dimmed. It was obvious that the effects of the spirit accumulation pill would not last long.

"Sister Yuhua, hold on! Let's revive the tianwu mercenary group together! Without you, the tianwu mercenary group has nothing to do with me, so you must hold on! That's right, I still have the Black Sea soul-consolidating liquid!"

Lin Yi suddenly thought of Wangba, and the Black Sea soul-freezing liquid came to mind as well.

The Black Sea soul-consolidating liquid was extremely helpful for the collapse of the primordial spirit. However, when he took out the Black Sea soul-consolidating liquid, he was rejected by Wu Yuhua.

"Lei Ying! Don't waste it. The Black Sea soul condensing liquid is good stuff, but I know my own situation! There's no use for anything now, so listen to me properly and stop wasting time and treasures!"

Lin Yi didn't listen and forced the Black Sea soul concentrating liquid into Wu Yuhua's mouth. Wu Yuhua was so weak that she only ate two drops and didn't want to eat more.

"Lei Ying, if you continue to waste the Black Sea soul condensing liquid, I will immediately die in front of you!"

The two drops of Black Sea soul condensing liquid made Wu Yuhua more energetic, but she knew that this was only the final radiance of the setting sun.

Lin Yi's hand froze in the air. He could see Wu Yuhua's determination, and he couldn't bear to go against her anymore.

"Lei Ying, you're Wu Yuhua's good little brother, but to be honest, I don't have a good impression of you. If it wasn't for you, I wouldn't be in such a sorry state. Forget it, what's the point of saying all this now?"

Wu Yuhua's lips curled into a bitter smile.

Lin Yi didn't know what to say, but the sadness in his heart didn't decrease at all.
