

Bodyguard 6691

Chapter 6691 Did A Stupid Thing

However, the square-faced man immediately thought of something and his expression relaxed a little. "Because most of Broken city's experts aren't in the city, it's normal for them to suffer heavy casualties. You're still alive, so Broken City must have turned from danger to safety! In that case, are you the messenger sent by Broken City?"

"You really do know where Broken City Lord and the others went! If I'm not wrong, your city Lord isn't here either, right?"

Lin Yi raised an eyebrow, not answering directly.

Among those corpses, there might be people from Feng Duan city. It was a pity that so many experts were unable to resist in front of the shadowless demonic corpse beast.

Lin Yi had to thank the damn thing for setting up the formation quickly, or it would have become one of the ingredients for the corpse demon bees.

"You know?"

The square-faced man's eyes flashed, and his expression became solemn.

"I know more than you think!"

Lin Yi smiled faintly.

"Come with me!"

The square-faced man threw down this sentence, turned around, and walked inside.

He couldn't let too many people know about the nodes of the array. As for those who were his trusted aides, he just pretended that he didn't say anything.

Lin Yi smiled faintly and didn't say anything else. He followed behind the square-faced guy, and after a few turns, they entered a Hall.

"Sit down. There's a sound-proof restriction here. No one will hear you."

The square-faced guy sat down first, gesturing for Lin Yi to find a chair. "What's your name again?"

"Lei Ying of the tianwu mercenary group!"

Lin Yi didn't mind. He introduced himself again and sat on the chair to the left of the square-faced guy.

"Lei Ying, what do you want to say by barging in?"

The square-faced man nodded and asked directly.

He couldn't help but be nervous when it came to the nodes of the formation!

"The broken city was attacked by a rat tide, but there was a formation master in the city who upgraded the defense array. The rat tide saw that there was no chance, so they retreated. However, the two elders who were left behind to guard broken Yin city have both fallen. "

Lin Yi explained briefly what happened at Broken City-it was all the truth, but he'd left out some key points, so the square-faced guy didn't think it was true at all.

"Apart from the rat tide because of the broken city, there's also the node of the abandoned land's sealing formation. This is a complete conspiracy, and everyone who participated in the node has already been killed by the darkness demon beasts! If there are people from your sealed city among them, then I'm sorry, I can only ask you to accept your loss!"

Lin Yi said calmly, but the square-faced man's face changed as he slammed the table and stood up. "What did you just say? If you dare to make irresponsible remarks, I'll kill you immediately!"

"I'm telling the truth! The darkness demon beasts wanted to leave the abandoned land, so they revealed the nodes of the formation to the human experts in an attempt to open up a passage through you. Unfortunately, something happened in the end, causing their efforts to fail. "

"The people who participated in it were all killed by the dark Demon beasts and turned into the breeding base of the corpse demon bees. Now that the place has been occupied by the corpse demon bees and the sun-swallowing rat tide, because the top array Masters of the human race have been killed by them, they should be attacking the defense array of the array nodes next."

"Once the formation's defense is broken, the darkness demonic beasts could very well destroy the formation and open a path to the mystic class sea. So I hope you can come out and call for everyone in the city to destroy the rat tide and the bees, and protect the formation's node, to prevent the darkness demonic beasts from sweeping through the entire Sky Class Island."

Lin Yi explained the situation in a simple manner, and the square-faced man's angry face slowly calmed down as he sat back down.

"You're saying that the darkness demon beasts' goal is to break the seal of the forsaken land and head to the mystic class sea?"

The square-faced guy glanced at Lin Yi, his tone unhurried and annoying.

Lin Yi's heart sank as he thought of the problem he'd been neglecting ... Why were the people of the abandoned land guarding the nodes?

Not to mention the darkness demon beast's scheme, the people of the abandoned land and the darkness demon beast had the same desire to destroy the nodes of the formation and open the passage to the mystic class sea!

"Senior ghost, I think I've done something stupid ..."

"I also think that this is indeed a stupid thing to do ..."

Lin Yi and the damn thing were silent-they'd both overlooked such an obvious fact!

"What does it have to do with us that the darkness magical beasts have swept through the entire Sky Class Island? We'll go and protect the formation nodes so that the darkness magical beasts can't leave, and then the abandoned land will be completely destroyed? Or perhaps we've paid a painful price and won, but we're still trapped in the abandoned land. Those who have passed the mountain-opening stage can't get out forever?"

The square-faced guy was already sneering as he spoke, and Lin Yi's heart sank-what he was worried about had happened!

The people of the forsaken land were already being polite by not helping the darkness magical beasts destroy the nodes of the spell formation. It was impossible for them to fight the darkness magical beasts!

"Lei Ying, right? I don't know where you heard all this from or if you're just making it up, but you can't deceive the public like this! In addition to that, you're guilty of barging into the city Lord's mansion just now. Admit your guilt and go to our sealed break city's prison to reflect on your actions!"

The square-faced man's face was dark and cold-he said he wanted to put Lin Yi in jail, but he actually wanted to kill Lin Yi so he wouldn't have to go out and spread rumors again.

"Since we can't get along, I'll take my leave!"

Lin Yi knew that it was pointless to say anything else, so he stood up and cupped his hands, ready to leave.

"You can come and go as you please? do you think Feng Duan city is your backyard?"

The square-faced guy hmphe coldly as his aura exploded. A powerful pressure descended on Lin Yi as he reached out his hand, trying to grab Lin Yi's neck.

Lin Yi's face turned cold, the square-faced man's palm was filled with killing intent. He wanted to kill him on the spot!

However, the square-faced man's hand only managed to grab air after going through Lin Yi's neck.

The cloud Dragon appeared three times, and Lin Yi had already left the hall, appearing outside the door.

"You have some skills!"

The square-faced guy hmped coldly, not expecting Lin Yi to escape from his eyes. He couldn't help but feel a little more serious.

With a slight sway of his body, the square-faced man appeared behind Lin Yi again, his hand still reaching for Lin Yi's neck, but his eyes and divine sense were paying attention to Lin Yi's body movements.

There was no response!

The square-faced guy didn't know what to think-there was no reason for Lin Yi not to react, judging from how he dodged earlier!

Before he could figure it out, his palm had already pierced through Lin Yi's neck again, and it was still an illusion!

"This little bastard is really slippery! I don't believe that you can ascend to the heavens today!"

The square-faced man gritted his teeth and cursed in a low voice. He had failed twice in a row, and he had lost some face.

Chapter 6692 I'll Teach You A Lesson On Behalf Of Your Brother

When the square-faced guy caught up to Lin Yi for the third time, he didn't look down on Lin Yi anymore. It wasn't a simple snap anymore, but he activated his martial arts!

However, Lin Yi didn't continue to run this time!

The square-faced guy was only an early-stage sea Rift master. To be honest, Lin Yi wasn't completely helpless.

Although Lin Yi wasn't a square face's opponent in a direct fight, he wasn't sure if it was a sneak attack, especially when the opponent didn't have a spirit sense defense tool.

The square-faced guy had failed twice, and he was getting a little pissed off the third time, but he didn't expect Lin Yi to fight back!

Lin Yi had condensed three fire vortex and hit the square-faced guy's path first, so it looked like the square-faced guy had rushed in by himself!

However, the square-faced man's body flashed a few times quickly, which meant that he was wearing a strong spiritual sense defense tool!

"Divine sense attack!"

The square-faced man's face changed, and he couldn't care less about attacking Lin Yi. He tapped his foot and wanted to retreat quickly.

The Lin Yi in front of him was slowly fading away, still one of the three appearances of the cloud Dragon, while the real Lin Yi appeared in front of the square-faced man like a ghost!

Lin Yi immediately activated a spirit collision, bombarding the square-faced man's mind!

The square-faced guy's defensive items weren't weak, but they were almost all used up by the fire and spiritual sense vortex. He was caught off guard this time and was hit by Lin Yi's Black brick.

The violent shaking of his primordial spirit caused the square-faced man's eyes to turn black, and he almost fell over!

The most important thing was that the divine sense elixir fire Whirlpool in front of him had also caught up. Without the protection of the divine sense defensive tool, the square-faced man had no resistance to the divine sense elixir fire Whirlpool!

Lin Yi was overjoyed. The square-faced guy's spirit sense defense item was similar to his God bracelet, both with a limited number of times. Under the continuous attacks of a few fire vortex, the number of times was used up very quickly, which was why he could succeed so easily.

Since the square-faced guy wanted to kill him, Lin Yi wouldn't go easy on him. He was the one who started it, after all, so it wasn't a big deal to kill him!

Lin Yi suddenly made a move and blew the Super alchemy fire bomb on the square-faced man's head. The explosion happened at such a close distance. Unless the cultivators were above the mid-stage of the shattered Sea realm, they wouldn't be able to withstand it.

The square-faced man was an ordinary cultivator at the early stage of the sea Rift realm. Therefore, his head exploded into a cloud of air without any suspense.

He was a sea-shattering expert, but he didn't even have time to use his skills before he was killed by Lin Yi's continuous heavy punches!

Lin Yi sighed and grabbed the square-faced man's storage bag. He turned into a lightning bolt and rushed out of the mansion. He had to leave as soon as possible.

It was a pity that the soul-snatching hand was too difficult to deal with the primordial spirit of a sea Rift realm cultivator. Otherwise, it would be useful to capture the primordial spirit of the square-faced man.

"Seal the city gates and chase down the murderer!"

A loud male voice bellowed in rage, resounding through the skies of Feng Duan city like a thunderclap!

This was the strongest sea-shattering expert in the mansion, who had reached the peak of the mid-stage of the sea-shattering realm. Lin Yi knew that he was no match for this man, so he was determined to run for his life.

Lin Yi pushed his lightning escape to its maximum and reached the city gate in a flash!

Although the reaction of a strongest sea breaker was fast enough, Lin Yi's speed was even faster. Before the city gate closed, he flashed and left Feng Duan city!

As for whether or not the people in the manor would explode from anger, that wasn't Lin Yi's concern.

Far away from Feng Duan city, Lin Yi felt depressed.

He had done a good deed with good intentions, but how did it end up like this? In the end, there was another force that was after his life!

After leaving the school, Lin Yi felt as if he was cursed-there were people after him everywhere he went, and he never had time to rest.

The heavenly spell formation sect, the shadow God-devouring Lion, the two-faced little loli, the divine hidden demon eyes, and now the experts from the broken seal city ... There was no way they could survive!

"Lin Yi! Don't you run!"

Just as Lin Yi was feeling depressed, a spatial ripple appeared in front of him. Wang Shi hadn't even appeared yet, but she threw out a formation talisman.

"Wang shiqing? Are you a summoned beast? Why did you suddenly appear?"

Lin Yi was speechless and turned to run!

However, Lin Yi immediately realized that something was wrong. Wang shiqing didn't throw out an attack talisman, but a space seal no escape flag with similar effects!

The lightning movement technique couldn't be used within the range of the talisman ...

"Lin Yi! Let's see how you're going to run!"

Wang shiqing jumped out of the teleportation talisman's light and threw out several talismans in a row. Boom boom boom boom!

Lin Yi couldn't understand how many talismans this two-faced girl had.

Compared to her, Wang Shiyang was simply poor!

They were clearly brother and sister, but why was there such a huge gap between them?

Could it be that Wang Shiyang was picked up? This Black-bellied little loli was his biological daughter?

"Wang shiqing, that's enough! If you continue to pester me, I won't be polite to you!"

Lin Yi's heart was burning with anger. He could accept the fact that he was being hunted by those powerful Dark Demon beasts and sea Rift Masters.

But what was a little kid doing here?

And he was addicted to endless pursuit! This was simply intolerable!

"Junior Sister, Junior Sister, calm down!"

Yun moqian and Yun Hu N teleported over as well, and they couldn't help but shiver at the sight of Lin Yi's angry eyes. They quickly pulled Wang shiqing back.

"Let me go! I'm going to kill him to avenge my brother!"

Wang shiqing struggled with all her might.

Lin Yi's anger rose, and he used his extreme butterfly micro-steps to disappear from the spot. When he reappeared, he was already beside Wang shiqing!

Yun mochen and Yun Hu N didn't have time to react at all. Lin Yi's speed was just too fast. Although they had been paying attention to him, their eyes couldn't catch his movements at all.

"Pa pa pa pa!"

A series of crisp slaps rang out, and the Yun brothers and Wang shiqing were instantly dumbfounded. They didn't know how to react!

"How can I run? I can run away no matter what. Do you think you can catch up with me if I want to run? Do you think you're very powerful? Don't you dare be so arrogant! More domineering!"

Lin Yi cursed as he continued to slap Wang shiqing's butt ... It was a clear and crisp sound, and his chest felt comfortable!

The anger that he had been holding in for a long time was finally completely released!

If Wang shiqing was two or three years older, Lin Yi would be too embarrassed to spank her butt. But now, she was just a little girl. He'd just do it on her brother's behalf.

"I'm helping your brother to teach you a lesson so that you'll remember not to lay a hand on your elders in the future!"

Lin Yi gave Wang shiqing twenty to thirty punches before shaking his hand to get her to stand properly. He took a few steps back and scolded her.

Chapter 6693 You Have To Take Responsibility

Wang shiqing covered her butt, feeling both pain and numbness. She was both embarrassed and angry, and she was dumbfounded.

Everything had happened too quickly, and the two Yun brothers were equally dumbfounded.

"Wuwuwu, you hooligan! Big pervert! You molested me!"

Wang shiqing was stunned for a few seconds before tears started to well up in her eyes.

At the same time, she covered her butt with one hand and pointed at Lin Yi with the other.

Lin Yi's forehead was covered in sweat ... He wondered if he'd hit her too hard just now.

After all, she was Wang Shiyang's younger sister. It was not glorious for her to bully a little girl.

This was especially so for Wang shiqing's accusation that she was a hooligan, a pervert, and molested a little girl ...

Lin Yi felt like his reputation was about to be destroyed.

"Lin Yi! You're too much! A warrior could be killed but not humiliated! If you have the guts, then kill us! How could you use such a method to insult our Little Junior Sister?"

Yun mochen blocked Wang shiqing's path in a flash and rebuked her angrily.

Yun Hu N didn't want to be outdone, and stood in front of Wang shiqing, pointing at Lin Yi and scolding, "Lin Yi, don't think that we can't recognize you just because you put on a disguise! He wouldn't even let a little girl go. Feiyang college really raised a good student! Kill us if you dare!"

Lin Yi sweated-what the hell was this?

Didn't he just hit a little yellow-haired girl a few times? did he have to go so far?

"Lin Yi, you killed my brother, and you're humiliating me like this! As long as I, Wang shiqing, am still alive, I will definitely seek revenge from you!"

Wang shiqing continued to cry, but her words were so smooth that Lin Yi started to wonder if the two-faced girl was really crying or faking it.

It didn't matter if it was real or fake, it was still Lin Yi's fault for telling others about this, so he had to think of a way to calm the little girl down first.

"That ... Little Qing, listen to big brother Lin. First of all, your big brother isn't dead. I'm really friends with him, and he told me a lot of things about your family. He even gave me a lot of your family's talismans for me to use! It's just that he's temporarily trapped in a place and can't get out. I'm trying to find a way to save him. You'll understand what I'm saying when he comes out. "

Lin Yi explained in a nice tone-the spanking wasn't for nothing, after all, Wang shiqing let him finish his sentence.

"And you see, my strength far exceeds yours. I can kill you at any time, right? However, I've been chased by you all this time and have never fought back. This proves that I'm not lying. Otherwise, with my bad temper, if you dared to attack me, I would have killed the three of you long ago. Isn't that the reason?"

The two brothers nodded in agreement with Lin Yi's reasoning. He wasn't lying!

Wang shiqing didn't care and continued crying!

However, her cries were a little softer.

"Little Qing, brother Lin hit you just now because he was angry. You said that your brother and I have been through life and death together, and his sister is my sister. I've always taken good care of you, and during the Academy's entrance examination, did I always ask you to help you? You're now hunting me down indiscriminately and attacking me the moment you see me. You don't even give me a chance to speak. Tell me, is this appropriate?"

Lin Yi continued to reason with her, trying to get rid of the two-faced girl's resentment.

"Suitable! I'm just a child, and you're my brother's friend, so you should give in to me. I can't kill you anyway!"

Wang shiqing sobbed and raised her head to glare at Lin Yi.

This brat! He really knew how to make things difficult! If he didn't clean up, he wouldn't be able to calm his anger!

Lin Yi glared at him! But decided to hold it in! It was better to let other people discipline their own naughty children!

"Xiao Qing, you're wrong. It's not that you can't kill me, but I escaped quickly. Otherwise, I would have been killed by you! The consequences will be very serious!"

Lin Yi tried to reason with her.

"Are you dead?"

Wang shiqing's face was fierce, and she hit her target!

".....He didn't die!"

"You hit me if I'm not dead? Why did you hit me if I'm not dead? Even my parents have never hit me like this! You're a hooligan, you're a big pervert!"

Wang shiqing's mouth twitched as she started her act of crying again.

Lin Yi couldn't help but look up at the sky, speechless. How am I supposed to hit you if I die?

How blind must I be to be acting like a hooligan to a little girl like you?

Lin Yi could tell that reasoning with Wang shiqing was the same as taking things too hard!

At the end, this two-faced little loli would definitely make you feel that you should stick your head out for her to chop off, and even smile and thank her!

"Forget it, I have nothing to say to you! There's a generation gap between us, and we can't communicate! You guys take care. "

Lin Yi waved his hand and turned to run. He was afraid that he wouldn't be able to control himself from beating her up if he continued to fight with her!

"Stop! You want to run after taking advantage of me? How can it be that easy?"

Wang shiqing wiped her tears and jumped over to Lin Yi's leg, hugging it like a koala bear ... Or a Curly Bear.

Lin Yi's face darkened-this scene was too familiar ... The two-faced little loli was officially online ...

"Miss Wang, what do you want?"

Lin Yi pressed a hand to his forehead, feeling mentally exhausted.

"You hit my butt, which means you're molesting me, so you have to take responsibility!"

Wang shiqing wiped her tears and snot on Lin Yi's leg and raised her head to glare at him.

Lin Yi wanted to slap the guy to death-he'd stop his tears if he wanted to talk, but he'd just get his snot on his pants, disgusting!

The two brothers of the Yun family were completely dumbfounded. They didn't know what to say or do at all. They were just short of moving a stool to sit on the side and watch the two of them perform.

"Wang shiqing, you're the one molesting me, okay? Let go of me!"

Lin Yi pointed at Wang shiqing, the veins on his forehead popping.

"I won't let go! I'm a child, and a girl at that. How could I possibly molest you? You have to be responsible for me!"

Wang shiqing acted like a child who couldn't get her candy, acting like a spoiled brat, but Lin Yi couldn't do anything about it.

She was really just a kid, but Lin Yi wouldn't treat her like one. He'd just be devoured whole.

"So, how do you want me to take responsibility?"

Lin Yi felt like he'd just met his nemesis-his head was starting to hurt, and he had no choice but to admit defeat.

The Black-bellied girl probably wanted to extort some benefits from him-Lin Yi wasn't so naive as to think that she meant marrying him.

Chapter 6694 Tricked Again

"Normally, when a man molested a woman, you'll be responsible for what he did!"

Wang shiqing blinked her eyes and started to spout nonsense.

Lin Yi suddenly felt like killing her with a slap would be easier ...

"I didn't molest you!"

Lin Yi didn't sound very confident-hitting a little girl's butt wasn't considered indecent, was it?

That was a lesson!

If she was older by a few years, it might be considered molestation ...

"You hit my butt and you said you didn't molest me! Yun da and Yun er, don't you think this is considered molestation?"

Wang shiqing was furious and turned to ask the two brothers who were watching the show.

The two brothers of the Yun family were dumbfounded. So he wasn't supposed to be called eldest senior Brother Yun and second senior Brother Yun? How did it suddenly become Yun da and Yun er?

What about senior brother? Where did senior brother go?

"I ... Sort of ..."

Under Lin Yi and Wang shiqing's glares, Yun moqian finally chose to give in.

Lin Yi was strong, but he obviously wouldn't do anything to them. In that case, he might as well take care of their Junior sister's feelings ...

In fact, Yun moxiang felt that if she didn't say that, something terrible would happen to her. As a genius cultivator, she couldn't ignore her intuition for danger!

Yun Hu N was the same. This time, she was in sync with her brother. No matter what, protecting herself was the most important thing.

"You see, they all say it counts. You molested me, so you have to take responsibility!"

Wang shiqing's lips curled up into a proud smile, but she turned her head to glare at Lin Yi.

Lin Yi felt that killing Wang shiqing with one slap wasn't enough-he should add two more slaps to kill those two as well ...

"Wang shiqing, just tell me what you want! I'll turn around and leave if you keep messing around. You've tried to kill me so many times before, so what if I slap you a few times? When your brother comes out, I don't believe he'll think you're right!"

Lin Yi put on a stern face on purpose, trying to scare her.

Unfortunately, she didn't care about Lin Yi at all. She didn't know if it was because of Lei Ying's friendly appearance or Lin Yi's lack of intimidation.

"I'm right! I am the reason! If you don't take responsibility, I'll go to Wushuang Academy to find sister Shangguan and ask her to be the judge! Let's see if you're in the right or I'm in the right. "

Wang shiqing wasn't afraid of Lin Yi at all. She was sure that Lin Yi wouldn't do anything to her, so she didn't feel any pressure at all.

"You ... You're ruthless!"

Lin Yi rolled his eyes. If the two-faced girl really went to find Shangguan LAN 'er and said that he molested a little girl ... Fine, he'd be too embarrassed to face anyone!

"How is it? Are you convinced now? Do you want to take responsibility for me?"

Wang shiqing was very proud of herself, as if she had won a battle.

"Tell me, how do you want me to take responsibility?"

Lin Yi had no choice but to accept.

If the two-faced girl really wanted to marry him, he'd consider killing her right here and now-this was the wilderness of the abandoned land, after all, it was the perfect place for that!

"Hmm ... Wait, let me think!"

Wang shiqing sniffed and wiped her snot on Lin Yi's pants.

Lin Yi's face turned as black as the bottom of a pot-he decided to just kill her before she could say anything!

"Yun da and Yun er, that ... What exactly do men have to be responsible for?"

Wang shiqing turned her head and asked the two Yun brothers in a low voice, a rare look of embarrassment on her face.

It was indeed a little awkward to ask him to take responsibility, but not know what he had to take responsibility for.

Lin Yi rolled his eyes, chuckling at himself for overthinking. The two-faced girl was still a little girl, after all. She may be mature, but there were still many things she didn't understand.

Most of the time, she only heard stories about making men take responsibility.

"Well, I'm in charge of your safety so that we can go home safely!"

Yun Momo rolled her eyes and said to Wang shiqing with certainty.

"Oh, really? It was that simple? Why does it sound like a bodyguard's job?"

Wang shiqing looked suspiciously at Yun mochen, causing him to break out in a cold sweat. She then turned to look at Yun Yunyun.

Yun Hu N and her big brother had a tacit understanding, and she immediately nodded in confirmation, "Yun mochen is right. That's exactly what he said!"

"Why do I feel like something's not right ..."

Wang shiqing muttered in a low voice, but the two brothers of the Yun family had always been talking about things one way or the other. It was rare for them to have a consensus, so they should believe it, right?

"Then you'll be in charge of my safety and bring us home safely! If you don't take responsibility, I'll continue to hunt you down!"

Wang shiqing took out a formation talisman and threatened Lin Yi.

Lin Yi sweated-so the two-faced girl was this easy to trick? If he had known, he wouldn't have talked so much nonsense with her!

But was she really that easy to deceive? Could it be that he had some bad intentions again?

Lin Yi felt like he was going crazy with Wang shiqing around-it was better to just kill her with one slap, wasn't it?

"Okay, okay, okay, I'll be in charge of your safety and send you home! Are you satisfied now? Can you come down now?"

Lin Yi was still hesitant, but he quickly accepted the good conditions. Who knew what this Black-bellied girl would do next?

"You promised! Let's make a pinky promise!"

Wang shiqing didn't believe Lin Yi's words as she reached out her chubby hand and hooked her pinky finger at him.

Lin Yi smiled wryly-he couldn't tell if the Black-bellied girl was acting all innocent or not.

Seeing how determined Wang shiqing was, Lin Yi reached out his hand helplessly and made a pinky promise with her.

In the end, the two of them pressed their thumbs together, which was considered a stamp that would not change for a hundred years.

Lin Yi felt something strange when the two thumbs touched each other, as if there was something strange on his thumb.

With a sweep of his spirit sense, he saw a miniature formation diagram quickly merging into his meridians. Lin Yi immediately understood that he'd still fallen for this Black-bellied girl's trap despite all his precautions!

Wang shiqing was smiling like a fox that had just stolen a chicken, her eyes full of pride. Lin Yi wanted to strangle her to death!

"Big brother Lin Yi, don't worry. I won't harm you. I'm just leaving a mark. This way, it'll be much easier to hunt you down ... Oh, no, it'll be much easier to find you. I won't have to worry about not being able to find you."

Wang shiqing knew that Lin Yi had already noticed her small actions, so she admitted it first.

Even an idiot would know that Lin Yi had found out from his fierce glare. She'd only be asking for a beating if she didn't admit it. She was a smart girl, and she wouldn't do something so stupid.

Chapter 6695 Jade Pass

"A tracking talisman?"

Lin Yi's expression was a bit unfriendly-this damn two-faced girl still wanted to keep chasing!

Lin Yi rolled his eyes and gave up on the idea of killing the kid.

Wang Shiyang, do you know how many times the Black-bellied little loli has used your face?

When you come out of the illusionary fog space, I'll settle accounts with you properly, your sister!

"That's right, this is the most precious tracking talisman, I don't use it easily. Lin Yi big brother, I'm so good to you, even using such a precious tracking talisman on you, you have to be good to me!"

Wang shiqing blinked her big eyes, looking innocent.

"So you're saying I should thank you?"

Lin Yi gritted his teeth as he spat out the words.

"You don't have to thank me. With our relationship, there's no need to thank me! Just treat me well for the rest of your life!"

Wang shiqing let go of Lin Yi's hand and jumped down, patting Lin Yi's leg as if they were very close.

My heart hurts, old tie!

"Little Qing, do you know What I Like About You the most?"

Lin Yi smiled as he looked down at Wang shiqing, trying to remember what Wang Shiyang looked like.

If he had forgotten what Wang Shiyang looked like, he might be able to give this two-faced little loli a good beating!

"What do you like about me the most, Lin Yi bro? Was it innocent and cute? Or was she beautiful and kind? Could it be that she was smart? Aiyaya, I have too many good points. I really don't know what you like about me. "

Lin Yi didn't notice the bashful look on her face-the two-faced girl was quite narcissistic, after all.

"Then I'll tell you. I like it when you stay away from me!"

Lin Yi hmphed and turned to the other side.

He didn't care if the three followed him or not! If you want him to protect you, then follow me. If you don 't, you deserve to die!

Wang shiqing's face froze as she glared at Lin Yi and beckoned the two brothers to follow.

Lin Yi didn't bother with them and used his spirit sense to search for the tracking talisman. He knew that it must be an extremely high-end talisman to be able to send a talisman into a person's meridians.

As expected of an ancient formation family, their strength was extraordinary. If Lin Yi hadn't been paying attention to Wang shiqing, he wouldn't have noticed it.

If the talisman was hidden, it would not be easy to find it again.

Things were much easier now-Lin Yi's spirit sense had locked onto the tracking talisman from the start, so he couldn't hide it no matter how hard he tried. Soon, Lin Yi found the tracking talisman in his meridians, but he didn't have the intention of removing it.

In the short term, keeping the talismans in his body would be of some use. If he got separated from the two-faced loli, she would be able to catch up to him.

It wouldn't be too late to get rid of her completely after he had safely sent her back.

After wrapping the tracking talisman with his spirit sense, Lin Yi didn't bother anymore. He started thinking about what he should do from now on.

"Wang shiqing, how did you guys find me?"

Lin Yi suddenly remembered that he'd been wearing the red dust all creation mask, and he'd never seen Wang shiqing. How did they know?

"We're in a sealed off city! When I saw someone using the lightning movement technique, I guessed it was you!"

Wang shiqing said it as if it was a matter of course, but Lin Yi was a little surprised.

This Black-bellied little loli's intelligence was indeed impressive!

"At that time, I wasn't very sure, so I tried to catch up by estimating your speed and the distance between you and the transfer talisman. Coincidentally, I managed to block you."

Wang shiqing was a little proud of herself.

"You're saying that you're actually not sure that I'm the one who used the lightning escape technique?"

Lin Yi was speechless.

"That's right, I wasn't sure at that time, but when I shouted Lin Yi's name and you ran away, I was sure!"

Wang shiqing revealed the answer with a smile.

Lin Yi wanted to cry! So he exposed himself because of his guilty conscience. Otherwise, Wang shiqing wouldn't be able to recognize Lin Yi with his appearance!

So much trouble was brought upon himself, what else was there to say?

"Have you been sealing off the city?"

Lin Yi didn't bring up the sad topic anymore.

"That's right. After we left last time, we were teleported to somewhere near Broken City. We've been moving around here ever since. I heard that the entrance to the outside world will only open in four months, so we could only wait here."

Yun moxiang did not want to remain an invisible existence, so she rushed to speak first.

"You don't need a quota to leave the abandoned land?"

Lin Yi was shocked!

Yun moxiang had said that the entrance was open, not that they were fighting for a spot. Could it be that they had some special rights?

"That's right. We are students of the peerless school. For this trial mission, each of us has a Jade card that records our identity information. We didn't know what it was used for at first, but when we got here, we realized that we can use this Jade card to pass through directly."

Yun hunyun was very proud-he knew that Lin Yi didn't have the Jade token, and it was a rare chance for him to show off his superiority in front of Lin Yi!

"You only understand now? Who told you that? Aren't you afraid of being snatched away?"

Lin Yi looked at Yun hunyun strangely. The three of them weren't that strong in the abandoned land, and if people knew that there were spots like this, they'd probably be gone already.

"Lin Yi big brother, the Jade has our identity and our presence, so no one else can use it. We didn't ask anyone, the Jade only showed us the information after we arrived here."

Wang shiqing explained with a smile.

Lin Yi understood-he'd thought that entering the abandoned land was part of the test as well, but it didn't seem like that was the case. The peerless school had prepared an escape route for the genius students.

As for whether they would find something to do while waiting for the passage to open, it would depend on their own will.

"So that's how it is. Have you guys made any gains recently?"

Lin Yi nodded and asked some unimportant questions.

"We didn't find anything. This abandoned land is lacking in resources and there's nothing good here, so we were too lazy to walk around and just stayed in sealed city, waiting for the exit to open."

Yun Momo shrugged, his tone full of disdain for the abandoned land.

Lin Yi's lips twitched, but he could understand.

The three of them were the talented disciples of the peerless school, a top school. They used the best resources for their daily cultivation. Coming to the abandoned land was like a city child going to the countryside. At first, they found it fresh, but later, they naturally lost interest.

Chapter 6696 Find A Stronghold

"It's a good thing we're at the city gates today, or we wouldn't be able to see you use the lightning escape technique to leave. We wouldn't be able to get out before the gates close, and we'd miss you. "

Wang shiqing proudly raised her face and complimented herself.

"Alright, you guys are lucky that you didn't go out and run around. Otherwise, it would have been dangerous."

The two brothers didn't take Lin Yi's words seriously, but Wang shiqing was confused.

"Lin Yi bro, what do you mean by dangerous?"

Wang shiqing walked to Lin Yi's side and raised her head to look at him.

"There are many darkness magical beasts in the abandoned land. They probably escaped from the trial grounds, just like the shadow God-devouring Lion. If you encounter it, I'm afraid you won't even be enough to fill the gaps between its teeth."

Lin Yi didn't have any intention of hiding it-it was good to let them know.

"You've encountered it before? What kind of darkness magical beasts are they?"

Yun mochen wasn't convinced-he wanted to know how amazing Lin Yi was after being looked down on by him.

"I've indeed encountered some darkness magical beasts. I don't know if you've heard of them. "

Lin Yi smiled faintly and briefly explained the dark beasts he'd encountered.

Although there were many missing details, the danger could still be imagined.

The two Yun brothers were completely dumbfounded. What black-scaled wind beast? what divine hidden demon eyes? what sun swallowing rat tide? just thinking about it was terrifying!

The undead bees and shadowless undead beasts behind them were even more terrifying. They didn't even let go of the corpses after their deaths. It was simply unbelievable!

"Big brother Lin Yi, you're saying that the destroyed node might have opened up a path to the outside world?"

Wang shiqing's face was solemn. She didn't pay attention to the powerful darkness demon beasts, but quickly found the main point.

"That's right, the sun swallowing rat tide and the corpse demon bee swarm have gathered together and are focusing on attacking the defensive array of the array nodes. If they succeed in destroying it, the darkness demon beasts will most likely enter the Mystic class sea. "

Lin Yi said seriously.

"Is Lin Yi big brother going to Feng Duan city to look for reinforcements to protect that formation node?"

Wang shiqing nodded and asked Lin Yi about the purpose of their visit.

"That's right, that's what I planned, but unfortunately ..."He said.

Lin Yi shook his head and didn't continue.

"It's a pity that the people from Feng Duan city didn't agree to this, right?"

Wang shiqing chuckled with disdain."They'll definitely think that there's only benefit to them if the darkness demon beasts open up the passage, and that stopping the darkness demon beasts is the worst choice for them. "

"Argh! Little Junior Sister, you're right! That's what the people from Feng Duan city will think!"

Yun moxiang clenched her fist and revealed an expression of realization. ""The abandoned land was originally a place of exiles. The people there all desired to leave, but they were restricted. To the cultivators from the outside world, the people here were very disgusting."

"If they had to choose between a Mystic or a Dark Demon beast, they'd probably choose the mystic class sea humans, right?"

Yun Hu N also understood, and continued.

Of course, not everyone would feel this kind of disgust, but when it came to choosing between leaving the darkness demon beast in the abandoned land or going out to wreak havoc in the mystic class sea, everyone would probably choose the latter.

This way, they could also leave the abandoned land!

For cultivators above the mountain-opening stage, this was the only chance to leave the abandoned land. Therefore, it was self-evident what their choice would be!

Lin Yi was ashamed-Wang shiqing and the others could see through it with one look, but he couldn't. It was embarrassing!

It wasn't that Lin Yi's IQ was lower than Wang shiqing's, but he still felt embarrassed.

"What should we do? We can't stop the darkness magical beasts, but if they're allowed to destroy the formation nodes, the mystic Sea region will be in for a catastrophe!"

Yun mochen's brows were deeply furrowed, and she looked deeply worried.

He wasn't worried about the world, but he had to. All his family and friends were in the mystic class sea, and if the darkness demon beast really went out, it would definitely be affected!

When the nest was overturned, there would be no intact eggs!

If they were caught off guard, the darkness demon beast would very likely grow rapidly. Thinking about the overwhelming scene, Yun moxiang could not help but shudder.

"There's no need for other dark beasts. Just the sun swallowing rats and corpse demon bees are enough to sweep through the mystic division sea. No matter how strong a master is, they can't stop the endless rat tide and bees. "

Yun Hu N's face was also deathly pale. He had also thought of how terrifying the darkness demon beast was.

Even if the sun swallowing rats and the corpse demon bees didn't have any cultivators at the shattering sea realm, and there were many cultivators above the shattering sea realm in the mystic division Sea area, these cultivators had limited Zhen Qi and couldn't resist the rat tide and the bees all the time.

In this area, only Lin Yi had the ability to do so in the mystic division sea!

"Lin Yi big bro, what are your thoughts now? If the people from Feng Duan city refused to help, the other cities would definitely do the same. In the bigger picture, there was a chance to leave the abandoned land, but in the smaller picture, he could hide in the city and rely on the defense array for defense, which was safer than going out of the city to find the darkness magical beasts. Therefore, you can't count on any help in the abandoned land. "

Wang shiqing had a clear understanding of the people in the abandoned land.

"What are your thoughts?"

Lin Yi turned to look at Wang shiqing-this two-faced girl was a very scheming person. It might not be a bad thing to listen to her opinion.

"En, since big brother Lin Yi asked, then I'll just tell you. Since we're in the abandoned land, we need a place to stay first. Otherwise, it'll be dangerous to encounter the dark Demon beasts. Big brother Lin Yi, you're also being hunted by Feng Duan city, it'll be more convenient to have a base."

"That makes sense. Do you mean to find a place to set up a stronghold first?"

Lin Yi pinched his chin-this was a suggestion worth considering.

"Does Lin Yi big bro have a target already?"

Wang shiqing raised her head to look at Lin Yi with a smile.

"You have a target, right?"

Lin Yi raised an eyebrow and looked at her with a half-smile.

"It's all the same. Because of Broken City, almost all of the high-level members were lost. Not only the sea splitting experts, but also many mountain splitting experts! It's a time when there's a power vacuum, and it's the best time to take over Broken City Yin. Plus, big brother Lin Yi, you're the hero of the city when the rat tide attacked, you'll make everyone follow you!"

"With broken Yin city in your hands, Lin Yi big brother, you can attack and retreat at will. Whether it's to protect the nodes of the formation or to defend broken Yin city, you have enough capital, right?"

Wang shiqing squinted her eyes and smiled confidently.

"Right! It's also feasible, do you have any more?"

Lin Yi nodded. He had a feeling that Wang shiqing still had more to say.

Chapter 6697 You Did It On Purpose, Right?

"Lin Yi bro really understands me, there's more! Controlling Yin duancheng will only give us a place to settle down in the abandoned land, but it won't be of much help in dealing with the threat of the darkness demon beast. If we can't personally protect the formation nodes, we can only think of a way to notify the outside world and have the mystic class Masters prepare in advance. Once the darkness demon beast appears, we'll use all our strength to destroy it!"

"Do you have a way to inform the outside world?"

Lin Yi's eyes brightened. If the mystic division was prepared and found the exit in time, they wouldn't be able to use their numbers to their advantage.

This was a good plan to annihilate the sun-devouring rats and the demonic corpse bees. Of course, the premise was to send the news out first!

Apart from that, the only thing he needed to consider was where the exit of the formation was.

"Big brother Lin Yi, you're the one who's in the middle of it. Sending the news out is actually very easy. There are people stationed in the outside world to take charge of the annual quota competition. As long as we find them, we'll be able to send the news out."

Wang shiqing laughed.

"Little Qing, you're so smart. I didn't think of this! That's right, although the exit will only open in four months, it definitely won't take that long to send a message. They must have some special means!"

Lin Yi couldn't help but smile, and his impression of the two-faced girl improved a little.

If there were any changes in the abandoned land, the people inside would definitely send out the news and let the outside world decide on a countermeasure based on the situation.

The dark Demon beast's appearance was an important piece of information, and as long as Lin Yi could confirm that the news was true, it would attract the attention of the mystic class sea.

"Lin Yi big bro, you haven't even protected me yet and you're already getting so many benefits, don't you think you've earned a lot?"

Wang shiqing squinted her eyes and smiled like a little fox. It was obvious that she was thinking of something.

"I don't think so ... Alright, let's continue our previous topic. It's not a problem to send out the news, but how do we determine the location of the exit?"

Lin Yi pinched his chin-this sort of professional stuff was probably hard to find without some damn formation skills.

"If you can't be sure, then there's no need to be sure. As long as we monitor the Grand sealing array of the abandoned land, once there's an abnormal passage, we'll immediately set up a defense array."

Wang shiqing said casually.

"That's reasonable. Then why don't you guys go and inform them first? I'm going to Yin duancheng alone?"

Lin Yi thought that splitting up would be more efficient, but Wang shiqing shook her head and refused.

"No way, Lin Yi bro, you promised to protect me, so I have to be by your side. Look at how thoughtful little Qing is, she didn't even ask Lin Yi bro to be by my side. "

Wang Shiyang's expression was as if he was trying to say, "you've taken advantage of me, don't try to act innocent."

Lin Yi was speechless.

"Lin Yi, the dark Demon beasts won't be able to break through that node for a while, so we can take our time to deliver the message. Broken City is more important, and the power vacuum won't last for long. If we don't go quickly, someone will take advantage of it."

Yun mochen quickly interjected.

He was afraid that Lin Yi would take Wang shiqing to yinduancheng and send the two brothers to report to him.

Lin Yi nodded. If Wang shiqing wanted to go with him, then so be it. She had the teleportation formation, after all, so it was convenient for her to go.

"That's right. The most important thing now is to have the people outside make preparations as soon as possible. This matter can not be delayed and must be done immediately. Broken City is not in such a hurry, so let's go and spread the news first. "

Lin Yi said.

Yun Momo rolled his eyes. He said that the broken city was more important, but Lin Yi said that it wasn't that urgent. Was he doing it on purpose?

"Big brother Lin Yi, you're pretty confident about Yin duancheng? Although there aren't any powerful people there, if it's controlled by someone else, it won't be easy to take it back. "

Wang shiqing reminded him kindly. She didn't understand where Lin Yi's confidence came from.

Lin Yi only said that he was helping to destroy the sun-devouring rats and repair the hole in the formation, but he didn't mention anything about upgrading the entire city's defense formation.

So Wang shiqing would never have expected that Yin duancheng was completely under Lin Yi's control!

As long as he wanted to, he wouldn't be afraid even if there were sea Rift realm experts in the city!

A level nine city-guarding formation was completely different from the level nine formation that the damned thing had set up in a hurry with formation flags. The two were completely different, like the difference between heaven and earth, like clouds and mud.

"Don't worry, you don't have to worry about Broken City. We'll go and report the news first and then return to Broken City. Do you have enough teleportation talismans?"

Lin Yi only smiled faintly, not explaining much.

"I've got enough teleportation formations. Lin Yi big bro, do you know where the exit is?"

Wang shiqing took out a stack of teleportation formation talismans and started to play with them.

How could the word "rich" be so great!

Lin Yi suspected that Wang Shiyang was adopted, and that Wang shiqing was his real daughter ...

Wang Shiyang, who was in the illusionary mist space, said that he had fainted from crying in the toilet ...

"I have the map of the abandoned land. The exit is here, and the distance from our current position is ..."

Lin Yi shook his head, not wanting to think about the family's privacy. He took out the map.

Wang shiqing was indeed talented. She was very accurate in calculating space and soon found the teleportation talisman needed to get to the exit.

With the help of the transfer talismans, the four of them arrived at the exit in the blink of an eye.

"What a precise teleportation. This Black-bellied little loli really has some skills."

Lin Yi sighed to himself.

"Big brother Lin Yi, I'm good, right? You've really earned a lot by protecting me!"

Wang shiqing said with a smile.

Lin Yi ignored her and ran towards the building in front of him. If he paid attention to the two-faced girl, she might just follow the pole and cause more trouble.

Wang shiqing's lips twitched, she had already expected this outcome. Her face didn't change as she followed Lin Yi.

"You two, I would like to pay a visit to the person in charge here, I wonder if it's convenient?"

Lin Yi arrived at the white building and cupped his hands at the two guards politely.

This scene reminded him of the incident in the Lord's Manor of sealed break city not long ago. He hoped that it would not happen again.

"It's not time for registration yet. If you don't have anything important to say, please go back. Our chief isn't someone you can meet easily. "

The guard spoke politely, but his attitude was firm.

Chapter 6698 We're Acquaintances

Lin Yi raised a brow. Was he supposed to attract the manager's attention by causing a scene?

While he was thinking, Wang shiqing walked over and waved a Jade token at the two guards.

"We are not from the abandoned land. We came here on a trial mission. Can we meet your leader?"

The innocent smile on Wang shiqing's face instantly won the two guards "favor.

In addition to the Jade token, the two of them immediately had a kind smile on their faces.

"So they're the disciples of the unparalleled Academy. I haven't received any foreign challengers for a long time. I didn't expect four of them to come at once!"

The Guard's attitude was nice, even greeting Lin Yi and the Yun brothers with a nod.

"I'm really sorry, but our leader isn't here, so you can't see him even if you want to! The exit will only open in four months, so you should find a place to cultivate for a while, or walk around and continue your trial. How about you come back when it's almost time?"

"You don't have any other managers? Or is there anyone who can communicate with the outside world?"

Lin Yi couldn't wait for four months.

Even if he could wait, the sun-devouring rat and the demonic corpse bees wouldn't!

If they acted quickly, the nodes of the array would be destroyed in one or two months.

If they didn't send the news out immediately, the people outside wouldn't have time to make preparations.

"Do you want to inform Wushuang Academy of your news? That won't do! "Your entry here is actually part of the trial. It's just that it wasn't stated in the mission description! I'll secretly reveal some inside information. You guys should hurry up and complete your mission while you still have time. Your performance here will also be included in your mission assessment!"

The guard lowered his voice and whispered to the four of them. However, there were only a few people present, so there was no need to make a big deal out of it.

"We're not contacting the Academy. We have important information that needs to be transmitted to the outside world! This is a matter of great importance and can not be delayed. "

Lin Yi said seriously as he shook his head.

"What important information? Tell me about it. "

The guard who spoke was slightly startled. He exchanged a glance with his companion and asked with interest.

They were sent here to collect intelligence and monitor the abandoned land!

It was just that for so many years, the abandoned land had been calm and there had been almost no changes, so the work of collecting information was basically just a formality.

"The magical beasts of darkness have discovered a node of the forsaken land's sealing formation, and are now attacking it with all their might! It would probably be destroyed soon, and the passage to the outside world might open! If we're not prepared, the darkness magical beasts will quickly sweep through the entire Mystic class sea, and even the entire Sky Class Island!"

Lin Yi didn't plan on hiding anything and explained the situation, especially the sun rat and the demonic corpse bees.

The two guards looked at each other in disbelief.

Had the situation in the abandoned land become so bad?

This news really couldn't be delayed. It had to be spread immediately!

"Please wait a moment, I have to report this."

One of the guards hesitated for a moment. In the end, he decided to believe it and prepared to go in and report to his superior.

But before he could go in, a man came out, displeased to see Lin Yi and the others gathered at the door.

"Who are you people? Don't block the way. It's not time for registration yet, so you're not allowed to stay here. "

This man looked to be no more than 22 or 23 years old, but he had a dispirited and old air about him.

"Good day, master Gu! Is young master Gu going out?"

When the two guards saw this man, they bowed and greeted him respectfully. It was obvious that this was a person of status.

"It's boring to stay here, so I went out to have some fun. What's wrong with you two? Why were there people blocking the entrance? Don't forget who you are!"

Mr. Gu mumbled to himself and started to reprimand the two guards.

He seemed to be very powerful.

"Yes! Young master Gu was right! We haven't forgotten our identities, but they're not from the abandoned land. They're students on the trial at the Wushuang Academy, so they're all considered our own people. "

The guard who spoke earlier explained with a smile and introduced Wang shiqing and the others.

"Oh? Were they from the peerless school? This is rare, much better than the barbarians in the abandoned land!"

Mr. Gu's eyes brightened, and the way he looked at Lin Yi and the others changed.

"Oh, this little girl is so pretty and cute. Are you also from Wushuang Academy? What's his name? To participate in the trial at such a young age, how amazing! Come and tell big brother, what did you experience in the trial this time?"

Mr. Gu didn't think much of it at first, thinking that Wang shiqing was just a child! However, upon a closer look, he realized that it was a little loli with a delicate face, and he immediately smiled.

Lin Yi looked at this master Gu with a weird expression. This idiot didn't know what was good for him-he was messing with the two-faced little girl!

He wasn't too familiar with the guy, but Lin Yi still felt the same way. Should he remind him?

At that thought, Lin Yi decided to just watch the show!

"Big brother, are you the boss of this place? You're so strong, becoming a leader at such a young age, big brother is so awesome!"

Wang shiqing's smile was extremely sweet, and her innocent face caught people off guard.

It was just two simple words of praise, but it made Mr. Gu feel as if he had just eaten honey. His whole body began to float, and he suddenly felt that this little girl was so cute!

"Haha, little sister, although big brother isn't the boss here, his words carry enormous weight! What are you planning to do here? I can't go back for the time being, but other than that, if you have any problems, feel free to look for your brother Gu, I'll definitely settle it. "

Young master Gu laughed and reached out his hand, trying to touch Wang shiqing's delicate and smooth face.

Although she was a little loli who had not yet grown up, she was so beautiful, so she must have a different flavor! He might as well try a new flavor today.

At the thought of this, Mr. Gu's expression became more lecherous.

Who was Wang shiqing? Even Lin Yi fell for her trick when he wasn't careful, so she could tell what Mr. Gu was thinking.

"Big brother, my mother said that I can't let strangers touch me!"

The coldness in Wang shiqing's eyes disappeared in an instant. Of course, Mr. Gu, who was up to no good, didn't notice it.

Seeing Wang shiqing take a step back and avoid his palm, Mr. Gu felt even more tempted. He thought that this little girl was interesting and could be taught a good lesson.

"Little sister, you're wrong. We're strangers now, but we're acquaintances now. Your mother is right, but we're already acquaintances, so what does it matter?"

Mr. Gu took a step forward and continued to touch Wang shiqing's face.

Chapter 6699 Arresting People At The Slightest Disagreement

The two guards looked down and pretended not to see anything. It was obvious that they were already used to it. The one who was supposed to report the matter also stood still.

Lin Yi chuckled to himself-this Mr. Gu idiot was messing with a two-faced little girl like that! Who knew what he'd get into later!

Lin Yi didn't have the responsibility to protect Wang shiqing anyway, so he decided to just continue watching the show.

There was a reason why he was so certain. Although young master Gu's strength was at the peak of the initial stage of the mountain-opening stage, his aura was not very stable. He had definitely used the most convenient way to enter the mountain-opening stage.

One look at young master Gu's strength and one could tell that he was extremely weak. His Foundation was not solid at all. He had probably used resources to forcefully increase his level.

Practitioners like that were trash in Lin Yi's eyes, not even cannon fodder on the battlefield.

Among the four of them, even the two Yun brothers were enough to destroy this trash, let alone Lin Yi.

As for the Black-bellied little girl, she had an endless supply of talismans in her hands, and that was enough to give even Lin Yi a headache, let alone an idiot like master Gu!

If he really pissed Wang shiqing off, she would probably be blown to pieces.

"Master Gu, we have important information to pass on. It's very serious, so please don't waste time."

Yun Momo took a step forward and blocked young master Gu's path. He cupped his hands indifferently.

Wang shiqing was their Little Junior Sister, and she was a rather special one at that. Although they had sensed that she wasn't as simple as she appeared to be, Yun moxiang still instinctively wanted to protect her.

Yun mochen really couldn't stand young master Gu's blatant teasing of Wang shiqing.

More importantly, Yun mochen knew Yun Yunyun's temper. If she hadn't stopped this young master Gu, Yun Yunyun might have already beaten him up.

The genius students of the unparalleled Academy naturally had good judgment. Moreover, they were all at the level of mountain-splitting with a thought, so they could see Mr. Gu's situation at a glance.

If they were to really fight, any one of the two brothers could kill this little brat!

"What are you? Move to the side for this young master!"

Young master Gu's face darkened, and his outstretched hand moved in an attempt to push Yun Momo aside.

However, he did not expect Yun moxiang to remain unmoved. This was awkward!

"What's going on? Let's hear it first!"

Young master Gu's eyes were cold. He retracted his arm without a sound and asked calmly.

Young master Gu had a clear idea of what kind of person he was.

Therefore, with a push and no push, young master Gu knew that Yun mochen was not easy to get along with, so he immediately put on a business-like face. There would come a time when he could control these people.

"We have important information to pass on to the outside world, so that they can prepare to defend against the darkness magical beasts ..."

Yun mochen's eyes narrowed as he repeated Lin Yi's words.

"Darkness magical beast? Or a large-scale darkness magical beast? Are you trying to scare me? There hasn't been a darkness demon beast appearing in the abandoned land for so many years, and now it's here, and it wants to break the seal of the abandoned land. Do you think this young master is a three-year-old child?"

Young master Gu sneered and picked his ears with his fingers. He did not believe Yun mochen's words at all.

Anger flashed in Yun Momo's eyes. If this matter did not concern his family and friends in the mystic Sea, he would not have bothered to care! What kind of trash are these people in this abandoned land!

"You want to pass on information, but do you have any evidence? Why don't we just spread the news to the outside world? do you think that's appropriate?"

Young master Gu cast a disdainful glance at Yun mochen. He was so shocked that he was certain that the kid was spouting nonsense. How could he believe him?

After all, the four of them were all Xuan Sheng. If they really found a Dark Demon beast that could destroy the seal formation, how could they come back unscathed? Who are you trying to fool!

Young master Gu thought that he had seen through the truth and was even more certain. He was already thinking about how to use the excuse of lying about military intelligence to arrest these students from the peerless Academy and lock them up for a few days. Then, he would take the opportunity to play with this beautiful little loli.

Yun mochen was at a loss for words. He definitely didn't have any evidence, because everything was from Lin Yi's words. But for some reason, when Lin Yi said it, he didn't suspect it at all!

It was probably because she'd seen Lin Yi's battle with the shadow God-devouring Lion, and had personally experienced the darkness demon beast trial!

However, it was also because of this that Yun mochen didn't have the confidence when young master Gu questioned her. She couldn't help but look at Lin Yi, hoping that he would show evidence.

Lin Yi scratched his head. He couldn't produce any evidence. When he fought the dark Demon beast, he was on the verge of death every time. Sometimes, he didn't even have time to run for his life, so why would he have time to collect evidence?

"Lin Yi bro, didn't you say you wanted to protect me? Just now, this big brother seemed to want to hurt Xiao Qing. Why didn't you come and protect me?"

Lin Yi was still thinking about the evidence when Wang shiqing suddenly ran over and shook his arm, pointing at master Gu with a face full of fear.

Mr. Gu's face darkened, and Lin Yi was dumbfounded as well!

"You've got the wrong person, I'm not Lin Yi, I'm Lei Ying!"

Lin Yi's lips twitched. Was it too late to pretend that he didn't know her?

"Oh, big brother Lei Ying, you've already hooked up with me, are you trying to go back on your word?"

Wang shiqing immediately changed her words and continued shaking.

"I didn't threaten you, so what am I protecting?"

Lin Yi replied helplessly.

"He's trying to be a hooligan to me, help me beat him up!"

Wang shiqing pointed at master Gu.

The Yun brothers "expressions were very interesting, master Gu's face was very ugly, and Lin Yi's face was very helpless!

That idiot wants to play hooligan with you, but you, this Black-bellied little loli, are clearly a little hooligan. Who can play with who?

"The few of you are actually impersonating the students of the peerless Academy to cause trouble, right? Men, arrest them all!"

A trace of hostility flashed in young master Gu's eyes. He turned around and called out to the two guards.

These two guards were both Masters of the mountain, and their strength was much stronger than young master Gu 's. The only thing they were lacking was their status.

Hearing young master Gu's words, the two of them looked at each other.

They had all seen Wang shiqing's identity Jade card, and it was definitely real. It was against the rules to attack a trial participant from peerless school!

On the surface, the purpose of the passage in the abandoned land was to collect information, host the competition and distribute the quotas, but in fact, it was more to receive the trial-takers who had come here.

Those who could enter the abandoned land safely were all top geniuses of the peerless school. They might become influential figures in the mystic division Sea area in the future. They were a little afraid to offend such a person.

Chapter 6700 Do You Like To Break Other People's Legs?

"Young master Gu, they are really the participants. They have the Jade identification card of the Wushuang Academy."

A guard reminded him in a low voice. Although young master Gu's status was noble and he wasn't afraid of being questioned by the top schools, he would still cause trouble.

In the end, they were the ones who had to take the blame for this kind of trouble!

"Jade identity card? Take out your identity Jade plates and let this young master see!"

Mr. Gu was slightly stunned. He could only verify his identity first.

But he knew that this identity shouldn't be a problem, so he could only continue using the excuse of lying to deal with Lin Yi and the others ...

"Gentlemen, I'm sorry, but please show me your identity Jade card. This is also a rule."

The guard smiled awkwardly at Lin Yi's group-they couldn't offend either side.

Wang shiqing's eyes narrowed, and a proud smile appeared on her face. She took out her identity Jade card without hesitation, and the Yun brothers followed her.

Lin Yi was the only one who didn't take out his Jade card-he came here by accident, and didn't take any missions, so he wouldn't have an identity Jade card.

"Where's your identity Jade card?"

Young master Gu was overjoyed-Lin Yi didn't provoke him, but Wang shiqing's intimacy with Lin Yi had already pissed him off!

Master Gu wouldn't let go of a chance to take care of Lin Yi, but he didn't know that Wang shiqing had the same idea. She wanted him to take care of Lin Yi, and then she would be taken care of by Lin Yi!

It's time to watch the show! It would be perfect if there was a small stool and a bag of melon seeds! Wang shiqing's heart was filled with regret as she moved her legs away from Lin Yi and back to the Yun brothers.

Lin Yi didn't know whether to laugh or cry-Wang shiqing was doing this on purpose, right? I really beat him up too little just now! He should beat her up more.

"Big brother Lei Ying isn't from our peerless Academy, so he doesn't have an identity Jade card, but what does that matter? We're not going out now. "

Wang shiqing put on an innocent face as if she was speaking up for Lin Yi, but she was selling him out without hesitation.

"He's not from the peerless Academy, but he's here to impersonate one. Arrest him and interrogate him!"

Mr. Gu was overjoyed. He felt that using Lin Yi to intimidate the remaining three was the best way to set an example!

"Are you crazy? Did I say I was from the Wushuang Academy? There was a problem with this? Can't we come here if we're not from Wushuang Academy?"

Lin Yi turned his head coldly and looked at master Gu with a half-smile.

He didn't want to be used as a knife by the two-faced girl, but this idiot just wanted to walk right into it.

"I have the final say here. You didn't reveal your identity, so you're trying to fish in troubled waters! Who knows what you're up to? take him down!"

Young master Gu was in high spirits as he waved his hand!

Anyway, he was not a participant. He was a native of the abandoned land. Coming here was simply courting death. He, young master Gu, could play and kill however he wanted to. Who could say no?

The two guards looked at each other and very readily pressed forward.

Since Lin Yi wasn't a practitioner, they had nothing to worry about. It was just as master Gu had thought- a practitioner from the abandoned land was nothing in their eyes!

"I'm kind enough to tell you important information, and this is how you treat me?"

Lin Yi frowned, his eyes cold.

A similar incident had happened in Feng Duan city, and it was the same here!

It was fine if it was Feng Duan city, but Lin Yi could understand the thoughts of the practitioners in the abandoned land. After all, they would only be doing more harm than good to the abandoned land if they tried to stop the dark Demon beasts.

However, these people were different. As the eyes and ears of the outside world in the abandoned land, they had heard important information that could affect the entire Mystic Sea area, but they didn't report it earlier or check it carefully. Instead, they made things difficult for the person who delivered the information. They deserved to die!

"Little brother, I'm sorry, but don't resist and just surrender! On the account of your companion, Mr. Gu probably won't make things too difficult for you. At most, he'll just vent his anger. "

The guard who spoke earlier looked a little guilty, thinking that Lin Yi's words made sense.

The other nodded, signaling Lin Yi not to resist.

Lin Yi felt a little better-at least these two guards had some humanity.

What he didn't know was that the two guards didn't care about Lin Yi's life at all despite their guilt. They were only trying to persuade Lin Yi for the sake of the three girls.

If master Gu asked them to kill Lin Yi, they wouldn't even hesitate!

"What are you two talking about? hurry up and take down this kid. Hmm, break his arms and legs first before he runs away."

Young master Gu impatiently urged the two guards. The order to break a hand and a leg was given so casually, it showed how cruel his heart was.

Lin Yi was getting a little angry-he'd been getting hunted down all over the place recently, and he'd been holding a lot of pent-up anger in his heart. Mr. Gu's words were like a fire, igniting the bomb in his heart.

Before the two guards could do anything, Lin Yi moved his feet and used butterfly steps, appearing in front of Mr. Gu in a flash.

Mr. Gu was taken aback-he couldn't help but panic when he saw Lin Yi appear in front of him like a ghost.

"Do you like to break other people's arms and legs?"

Lin Yi's lips curled up into a cold smile as he grabbed both of master Gu's arms in his palm.

Before master Gu could react, Lin Yi exerted his strength and broke his bones. Two crisp sounds of bones breaking could be heard as master Gu's arms were twisted at an upside-down 90 degrees, exposing the White bones.

"Ah, Yingluo."

Young master Gu suddenly screamed in pain. Since he was young, everything had been smooth for him. His cultivation had also been based on the accumulation of resources. He had basically never gone out to gain experience. When had he ever suffered such pain?

"Stop!"

"Let go of me!"

The two guards were shocked. Master Gu's arms had been broken right in front of their eyes. No matter what, it was their responsibility. They immediately shouted and rushed over!

Lin Yi hmphed coldly. He didn't want to make things difficult for the two guards, no matter if they were sincere or not. He let go of Mr. Gu's broken arm and quickly kicked him twice, retreating back to his original position with butterfly steps.

"Master Gu! Are you alright?"

"Young master Gu ..."

The two guards didn't chase after Lin Yi after he let go. They held onto master Gu's armpits, stabilizing his body.

" My legs!"

Young master Gu screamed in pain, tears and snot flowing down his face. His entire body went limp. If it weren't for the two guards supporting him, he would have rolled on the ground.

The two guards felt a chill in their hearts. Their reactions were fast, and their speed was absolutely fast, but they still couldn't stop Lin Yi. They didn't even see Lin Yi's movements.
