Chapter 6701 Only By Beating People Can You Be In Charge

Master Gu's legs were broken!

He said he was going to break Lin Yi's limbs, and in the blink of an eye, his own limbs were all broken!

Although young master Gu's strength at the beginning stage was trash, Lin Yi was only at the early stages of the mystic Ascension realm. Breaking the limbs of an beginning stage was as easy as crushing an ant, especially in front of two beginning stage guards!

Terrifying!

The two guards could only think of this word!

If the two of them were to fight Lin Yi, what would happen?

The two of them looked at each other and saw the coldness in each other's eyes!

If they were to fight Lin Yi, their outcome wouldn't be much better than master Gu 's!

"Men! Someone come quickly! Someone is rebelling and dares to attack me. He must be killed!"

Young master Gu roared madly, and a few divine senses immediately swept over from the building.

Lin Yi smiled coldly. Did he have to use this method to meet someone of importance?

Why are there idiots like this everywhere we go!

As for trash like master Gu, Lin Yi didn't even want to bother with him. If he really wanted to kill him, he'd be dead by now.

After all, they were people from the outside world, and Lin Yi didn't want to go too far yet. But if the other party wanted to go too far, he wouldn't be afraid!

In the blink of an eye, more than a dozen people poured out of the building. Most of them were mountain opening Masters, and only three were land opening Masters.

It seemed that the strength of the team sent in by the outside world was more balanced. There was no particularly strong or weak team.

Even young master Gu, that piece of trash, could be considered an expert in opening mountains.

"What's going on?"

The earth-splitting master at the front glanced at Lin Yi's group with a dark expression before asking the two guards who were supporting master Gu.

The others spread out and surrounded Lin Yi's group.

Lin Yi, on the other hand, wasn't nervous. As long as there weren't any sea-shattering Masters present, there shouldn't be any danger. At least, it was more than enough to protect himself.

Wang shiqing ran back to Lin Yi's side and raised her head with a smile, "Big brother Lei Ying, remember to protect Xiao Qing!"

The two Yun brothers did not look too good, but they did not panic. After all, they were genius disciples from the peerless Academy, so they had a strong mentality.

Lin Yi glared at Wang shiqing and ignored the two-faced girl. He turned to the three earth-opening Masters.

These people didn't start fighting and killing right away, but asked about the reason instead, which made Lin Yi feel good.

The two guards didn't dare to hide anything and reported the matter to the three land opening experts in a low voice. Obviously, these three were the real leaders.

The whole matter was not complicated, and the guard quickly reported.

The middle-aged man nodded, signaling the two guards to take master Gu away for treatment.

"No, I don't want to go back. I want to stay here and watch how that b\*stard's adopted son dies!"

Young master Gu had already taken the elixir. Although his limbs were not completely reconnected, after the pain disappeared, he started to shout arrogantly.

"Alright, you guys take care of master Gu."

The middle-aged man frowned slightly, shook his head helplessly, and ignored young master Gu.

"I've already heard about what happened. First, let's talk about the news you brought. Is it true about the darkness demon beast and the seal on the array Foundation?"

The middle-aged man looked at Lin Yi, his face expressionless.

Even if this person was not the highest leader here, he should be a second-in-command or something like that. He had a good grasp of the priorities of things, so he asked the most important part as soon as he came up.

"Of course! Otherwise, do you think that we have nothing better to do, wasting our teleportation talismans to come here and waste our time talking to you? Do you think we're as free as you all?"

Wang shiqing rolled her eyes and started complaining before Lin Yi could reply.

Lin Yi's mouth twitched-what was this two-faced girl up to this time?

Did they want to see the world in chaos and insist on fighting here?

The middle-aged man glanced at Wang shiqing. He probably knew that she was a genius student of Wushuang Academy and was a little girl, so he didn't bother to argue with her.

"What evidence do you have? How can I believe you when you say that?"

The middle-aged man ignored Wang shiqing and continued to ask.

Lin Yi seemed to be the weakest among them, but even a fool could tell that he was hiding his strength from breaking master Gu's limbs in front of two guards!

The middle-aged man's first guess was that Lin Yi was the backbone of the four, and that he wasn't even from peerless school.

"I don't have any evidence now, and I'm already very lucky to have escaped from the darkness demon beast! I don't have the time nor the ability to collect evidence. "

Lin Yi shrugged and put on an innocent face."If you're suspicious, I can provide you with the coordinates. You'll know if I'm telling the truth after you confirm it."

"Alright, give us the coordinates. We'll investigate this matter. As long as the information is true, we'll immediately send it out."

The middle-aged man nodded decisively.

Lin Yi told him the location of the canyon without hesitation, and with that, the mission was completed.

"One last reminder, the people you sent to investigate may not be able to come back alive. Everyone here will face the death of the sun swallowing rats and the corpse devil bees."

Lin Yi had good intentions, but it didn't mean anything to the man!

It was as if he was saying that it was not that he was looking down on them, but that everyone here was trash!

For a moment, everyone's faces turned ugly, but Wang shiqing was still smiling, clapping and nodding in agreement. She was clearly adding fuel to the fire!

"Did you hear that? Did you hear that? This kid still dares to be so arrogant in front of you, why are you still being polite with him? Hurry up and kill him! This young master doesn't believe that this brat can overturn the heavens!"

Young master Gu roared in anger. His patience had reached its limit!

All he wanted to do now was to cut Lin Yi into eight pieces! It was a thousand cuts, or else it would be hard to dispel the hatred in his heart!

"Master Gu, please calm down. We'll take care of things one by one. We won't let you suffer in your own territory."

The middle-aged man put away his displeasure, a hint of impatience in his eyes. He turned to Lin Yi after consoling master Gu, "No matter if it's true or not, you've done something for him. But, a credit is a credit, and a mistake is a mistake. Now, let's talk about how you broke master Gu's arms and legs."

"How do you want to negotiate?"

Lin Yi raised an eyebrow as he glanced at the two with a half-smile.

I knew this matter wouldn't end so easily, it's just as I expected.

That idiot, young master Gu, seemed to have a high status. Although he was the weakest among them, the three earth-opening Masters had to be wary of him. He had no idea where he came from.

Chapter 6702 Your Subordinates Are Not Enough

Could it be that master Gu was the son of the chief here?

Lin Yi made a wild guess in his heart, and naturally didn't have any results. He could only continue to wait and see.

"What else is there to talk about? Just capture him, this young master will let this brat know what it means to be unable to live or die!"

Mr. Gu had a vicious smile on his face. His limbs were recovering quickly after the treatment, but his hatred for Lin Yi was only increasing.

"Master Gu, I'll handle this. I won't let him off so easily! You can just rest at the side and recuperate!"

The middle-aged man turned around and smiled at Mr. Gu. However, there was no smile in his eyes, and his tone was unquestionable.

Anger flashed across young master Gu's face. He snorted and didn't say anything else.

It seemed that although the middle-aged man was somewhat protective of Mr. Gu, the two of them weren't completely in the same boat.

"We won't talk about the ins and outs of the matter. The final result is that you touched our people on our territory!"

The middle-aged man turned to Lin Yi, his expression cold. "No matter what, you have to give me an explanation today!"

"What kind of explanation do you want?"

Lin Yi laughed coldly to himself-what else was there to say if he didn't even want to talk about the whole story?

"No need to waste time, just draw the line!"

Lin Yi had some respect for the man at first, but that impression disappeared the moment he spoke.

"You have two choices. One is to break your own arms and legs and lie on the ground to beg for your forgiveness. Second, we will help you by cutting off your hands and feet. Listen carefully, we will cut them off! And it will leave a permanent wound, so don't expect to regrow your limb. Which one do you choose?"

The man's face was cold, as if he was asking Lin Yi to choose between eating or congee.

"Heh ... I don't like either of these choices!"

Lin Yi looked at the middle-aged man teasingly. Did this old fool really think he had him in the palm of his hand? "Is there a third option?"

If it weren't for the fact that he had to rely on these idiots to deliver messages, Lin Yi wouldn't even bother wasting time with them and would just beat them up.

"The third option is for you to die!"

Mr. Gu, who had just quieted down, couldn't help but shout again. He even used his arm, which had not fully recovered, to throw a punch.

This punch was too weak, and Lin Yi didn't even bother to Dodge it. He just sent out a slap, and the Qi of the two collided in the air.

Mr. Gu's Qi dispersed in an instant, but Lin Yi's Qi was almost completely intact. He continued to fly in the direction Mr. Gu came from.

The middle-aged man hmphe coldly as he reached out his hand and easily crushed Lin Yi's palm. His eyes had turned extremely cold.

"Since you don't want to choose, then I'll choose for you! You don't look like you're going to do it yourself, so the second option is more suitable for you!"

The middle-aged man looked at Lin Yi coldly and waved his hand. A few of the guards immediately charged at Lin Yi.

"Ha ... You're so thoughtful. Should I thank you?"

Lin Yi's lips curled into a cold smile, not even looking at the guards.

"What second option? This young master wants him dead! He would die without an intact corpse! Don't hold back, kill him for this young master!"

Young master Gu, who had the advantage of numbers, shouted even more crazily.

As for whether the middle-aged man would be unhappy because of this, he did not care at all!

The middle-aged man's face darkened. He was indeed a little unhappy. Young master Gu's overbearing behavior would make him lose his dignity in front of his subordinates.

But Lin Yi was more important right now, so the middle-aged man had to swallow his anger.

Hearing young master Gu's shout and seeing that the middle-aged man didn't object, the guards immediately increased their speed, revealing their imposing manner.

Lin Yi snorted and used the raging fire Eight Trigram palm.

Lin Yi didn't need the icy blaze's help at all to deal with a normal mountain-breaking master like this-he even had to hold back a little, in case he killed the person!

After all, any of his martial skills that were activated would be unrivaled in the mountain split stage.

The flames that suddenly exploded were swept back by a pile of martial arts techniques of various colors. The five mountain split stage guards who had rushed over were all sent flying back in just one exchange!

The five mountain opening stage guards did not even have time to react before they fell to the ground and vomited blood.

This was the result of Lin Yi showing mercy. The five of them weren't seriously injured, and they could recover after spitting out the blood.

"Powerful indeed! His means of hiding his strength were just as powerful! You do have the right to be arrogant. "

The middle-aged man's pupils contracted slightly, and the hands behind his back suddenly clenched into fists.

Sending five mountain-opening Masters flying with one move was something the middle-aged man could do as well, but he was earth-splitting final stage-what about Lin Yi?

He couldn't see through it! This was the most terrifying part!

"It's just so-so, not really powerful! Your men don't seem to be able to help me make a choice, let alone fulfill that idiot Gu's request. Isn't it time for the three of you to step up next?"

Lin Yi wiped his sleeves indifferently, making a gesture of dusting himself, his expression as if he was saying that the guards were no different from dust. "Come on, please start your performance!"

"Young man, even if you have the strength to be arrogant, don't be too arrogant! It's still too early to say whether I can help you choose!"

The middle-aged man snorted coldly, and six more guards beside him quickly stepped forward.

This time, they didn't dare to underestimate Lin Yi. They formed a battle formation as if they were facing a powerful enemy and slowly approached Lin Yi.

After the two-faced loli Wang shiqing fanned the flames, she ran to the side early in the morning and let the two Yun brothers protect her while she retreated a distance to watch the show.

"Senior Yun brothers, do you think big brother Lei Ying will use one or two moves to defeat his opponent this time? Why don't we make a bet? I bet it'll still be one move!"

Wang shiqing smiled like a little fox and joked with the two brothers in a low voice.

Wang shiqing already knew that Lin Yi was strong, but she needed to see how strong he was now!

Lin Yi had many ways to escape anyway, so Wang shiqing wasn't worried at all that his life would be in danger. If he couldn't win, he could always escape.

As for whether those guys would die or not ... Wang shiqing curled her lips. Who cared if they died or not?

"I already said that your men are not enough. The three of you still don't fight in person. Do you think that you can become stronger by letting them form a broken battle formation?"

Lin Yi didn't even bother to hide the mocking smile on his face as he stood there without any defense.

Lin Yi didn't think much of a low-level battle formation.

Lin Yi didn't even need the ghostly thing to do anything-he could find a bunch of flaws with his own formation skills and completely break the enemy's formation apart.

Chapter 6703 If You Want To Die, I'll Grant You Your Wish

The middle-aged man furrowed his brows, a bad feeling in his heart. Could it be that Lin Yi's strength was stronger than he had guessed?

Even the middle-aged man himself wasn't confident that he'd be able to retreat from a six-man formation without taking any damage, yet Lin Yi didn't seem to care at all. Where did he get his confidence from?

Soon, the middle-aged man knew where Lin Yi's confidence came from!

The six men's battle formation was successfully deployed, surrounding Lin Yi, but the moment before they were about to attack, Lin Yi moved!

Lin Yi's super limit butterfly micro steps was activated at full force, and his figure was like a ghost, instantly entering the gap in the battle formation before the six could react.

Such a tiny flaw would not appear for more than a hundredth of a second. It was insignificant in the operation of the battle formation. Ordinary people would not be able to discover it at all. Even if they could, it would be difficult to grasp the flaw.

Yet Lin Yi knew how the formation worked-he didn't even need to wait for the opening to appear, he could predict it in advance, and with the speed of his super butterfly micro steps, he could catch the opening as easily as flipping his hand!

"Go!"

Lin Yi shouted as he reached out to grab one of the guards, Qi erupting from his palm. The guard didn't even have time to react before he was sent flying.

Lin Yi's feet didn't stop at all, and he appeared in another blind spot of the formation.

With one less person, the formation paused for a brief moment, and Lin Yi completed the sneak attack without any effort. The second guard fell to the ground with the first one!

Losing two people in an instant, the entire battle formation immediately fell apart!

The remaining four people were dumbfounded. Before they could figure out what was happening, they saw a sky full of flames sweeping over.

Wild fire Eight Trigram palm!

Without the support of the battle formation, the four of them were completely defenseless against Lin Yi's attacks. They immediately followed in the footsteps of their comrades and fell to the ground.

"Amazing, amazing! I've underestimated you!"

The middle-aged man's face was dark as he stared at Lin Yi with a serious look.

Lin Yi was able to take care of the formation of six masters so easily-his strength was definitely not below the middle-aged man's. The middle-aged man couldn't help but take him seriously.

"You're finally going to take action? One by one or three together?"

Lin Yi's lips curled up as he glanced at the man. "Why don't we stop wasting time? you guys come at me together!"

"I didn't think that at such a young age, you would actually be an expert in arrays. Normal battle arrays truly are useless against you."

The middle-aged man let out a breath and nodded slightly. ""But isn't it a little inappropriate for you to be so arrogant?"

"You talk too much nonsense. Why do you care if I'm suitable or not? I told you not to waste your time. Hurry up and attack together, and we'll wrap up after you're done!"

Lin Yi hmped coldly, displaying his young man's insolent personality to the fullest.

"You're courting death! Don't worry, I'll definitely satisfy you, so there's no need to be too anxious!"

The middle-aged man laughed.

The middle-aged man had pretty much figured out how Lin Yi dealt with battle formations. Breaking a battle formation because he was familiar with it was completely different from breaking a battle formation with brute force!

Although he still didn't know Lin Yi's strength, the middle-aged man didn't think that he was afraid of Lin Yi.

The one who was truly afraid of Lin Yi was master Gu-he was dumbfounded after seeing Lin Yi send the mountain-splitting Masters flying twice, and the second time was when they were in a formation.

There were only three masters left who could deal with Lin Yi-what if these three weren't Lin Yi's match?

"You guys ... Since this kid wants you guys to attack him together, out of consideration for the spirit of humanity, you guys should fulfill his last wish!"

Young master Gu's voice was much lower. For safety's sake, he really hoped that his words would be accepted.

Young master Gu was a little frightened at this time. If the three of them were defeated even after working together, it would be a big deal!

What if this damn kid came back to find trouble with him, master Gu? Was it too late to escape now? Would he be targeted if he ran away?

Master Gu's mind was spinning, and he didn't dare to say anything to provoke Lin Yi.

In fact, Mr. Gu was overthinking things. In Lin Yi's eyes, he was just a piece of trash and wasn't worth paying attention to at all.

"Ha ... All these ungrateful things! I'm here to deliver the message out of good intentions, but not only did you not thank me, you even attacked me without distinguishing between good and bad!"

Lin Yi said as he waved at the man. "Come on! Since I'm in a hurry to die, then you guys better hurry up! I'm in a hurry!"

"Go! Hurry up, don't ... Don't let them wait too long!"

Young master Gu shrank back, but he couldn't help but encourage her.

"That Gu idiot has finally said something decent this time! Hurry up and don't dawdle like a turtle! This time, I won't hold back either. Everyone, finish this quickly!"

Lin Yi sneered. He didn't want to waste time here, so he pointed out the fact that he held back.

Everyone knew in their hearts that if they wanted to fight, they would fight. If not, they would go their separate ways.

We're all busy, why should we delay official business for that idiot, Mr. Gu?

Lin Yi was going to take Broken City as the base of the abandoned land, and the middle-aged man was going to verify the authenticity of the news about the dark Demon beast. It would be great if they could end this as soon as possible!

"Are you threatening me?"

The middle-aged man's eyes turned cold-Lin Yi's words were a threat to him!

"You think I'm threatening you? Fine, I'm threatening you! It doesn't matter. If you're not convinced, then hurry up and attack!"

Lin Yi was speechless-what was she thinking? Open your eyes and mouth wide, can't you have the demeanor of an expert?

If Lin Yi was alone, he might've just turned around and left-no one could catch up to him anyway!

This kind of meaningless battle was a pure waste of time and energy.

It was a pity that there were still three onlookers here-he didn't know what would happen to Wang shiqing and the others if Lin Yi left on his own. They shouldn't be in any danger with the Wushuang school's tag, but he was worried that the Black-bellied little girl would cause some trouble again.

The middle-aged man was in a difficult position. Not to mention young master Gu's broken arms and legs, his guards had been sent flying wave after wave. If he didn't stand up for himself, he would have no way to survive in the future. Who would be willing to obey Him?

Besides, Lin Yi had already said that. The middle-aged man had to make a move!

"Good! If you want to die, I'll fulfill your wish!"

The middle-aged man shouted coldly. He tapped his feet lightly and his figure shot out like lightning.

As he waved his palms, the water rippled, and the surrounding space seemed to turn into an underwater world. Lin Yi, who was in the middle of it, felt that his body was frozen, and he couldn't move fast or use his skills.

Chapter 6704 Almost Done

"Using water to subdue fire, let's see how arrogant you can still be!"

The middle-aged man had a cold smile on his face. This was also one of the reasons why he was so confident. With his water element skill as a counter, Lin Yi's explosive fire element skill from before would lose its power.

Lin Yi smiled faintly. How could his technique be a mere raging fire Eight Trigram palm? To think that using a Water-type martial technique would be able to restrain him, wasn't that too laughable?

Wood forest Eight Trigrams palm!

Countless palm shadows burst out. Lin Yi stood still, but his body was like a thousand-handed Buddha, pushing away all the water around him. He couldn't attack the middle-aged man yet, but he could at least move around in a small area.

"Eh? You have some skills!"

The middle-aged man wasn't surprised, but happy instead. He seemed to be praising Lin Yi, but his eyes relaxed a little.

"You flatter me! Not only do you have some skills, but you also have three or four skills!"

Lin Yi smiled faintly as he retracted his palm and turned into a lightning arc, passing through the opening.

"No matter how many martial arts techniques you have, if you don't have enough strength, it's still a match. The mountain opening stage is still the mountain opening stage. The gap between us can't be made up by a few powerful martial arts techniques!"

The middle-aged man laughed. He could tell that Lin Yi's pure energy was still at the mountain opening stage, and he was relieved.

"Is that so? How come I can't see how big the gap between us is?"

Lin Yi appeared beside the middle-aged man in a flash, a cold smile on his face as he raised his hand and sent lightning bolts down.

With Lin Yi's strength, normal earth stage cultivators weren't a threat to him at all, but this middle-aged man wasn't a normal earth stage cultivator-he was someone who could easily defeat anyone of the same level.

The sudden appearance of Lin Yi and the lightning bolt surprised the middle-aged man. They were too close and too fast-there was no way to Dodge!

When the lightning bolts landed on his body, there was an explosion of wind!

Countless tiny whirlwinds instantly formed around the middle-aged man's body. When the lightning bolts landed on them, they were easily torn apart, turning into weak arcs of lightning. After spinning a few times, they completely disappeared.

"Huh?" Lin Yi looked at her a few more times before quickly turning and leaving.

"Interesting. His wind control technique is also quite powerful. He actually managed to dissolve my lightning bolts so easily."

A smile appeared on Lin Yi's lips. These small whirlwinds were very useful for his Feng lie ya.

There weren't many people with wind-type spiritual roots. Other than Huang Xiaotao, Lin Yi didn't see many. Now that someone knew how to use wind-type martial arts, he was naturally curious.

Although Lin Yi was thinking that, he didn't panic at all.

Lin Yi used his super butterfly micro-steps, which was more useful than lightning escape in close combat!

Lin Yi's figure was like a ghost as he surrounded the middle-aged man. Raging fire Eight Trigram palm, raging fire thousand legs, wood forest Eight Trigram palm, five elements killing intent ...

All sorts of martial arts skills that he didn't usually use were thrown at the man-Lin Yi was treating him like a target.

Of course, Lin Yi only used these moves because he didn't want to use his ultimate skills. He might lose control and kill the man.

However, the middle-aged man had some skills as well-he was able to defend against Lin Yi's violent attacks, which impressed Lin Yi.

Lin Yi only needed to sneak up on a normal earth-opening master when they weren't on guard, and he had a good chance of killing them. This middle-aged man's defense was flawless, and he was indeed powerful.

However, the middle-aged man was actually complaining in his heart!

Where did this freak come from? he was clearly only at the mountain opening stage, but his combat power was so powerful that he was completely suppressed!

The middle-aged man wanted to puke blood-if he'd known that Lin Yi was complimenting him in secret, he'd probably puke blood right away.

The middle-aged man felt that he had lost all his face when he was being suppressed even though his strength was one level higher!

Now, he was a little regretful. He should have asked the other two earth-opening Masters to attack together.

It was a pity that the middle-aged man didn't know that Lin Yi wasn't using his full strength either. He didn't even use any of his powerful skills. Otherwise, he wouldn't have thought that two more people would be of any use.

"Attack together! There's no need to be polite when dealing with people who provoke us!"

The words that the middle-aged man did not say in his heart were spoken by another Earth-opening expert in a timely manner.

When the two earth-splitting Masters saw that the middle-aged man was completely at a disadvantage and had no chance to fight back, they immediately knew that the situation was not good. Taking advantage of the fact that the situation had not completely deteriorated, they immediately shouted and pounced on him from the left and right.

"Ha, you're finally attacking together?"

Gang up? Lin Yi wasn't afraid of being ganged up on!

He had seen the sea beast tide, the sun-swallowing rat tide, and the corpse demon bee swarm, so why would he be afraid of three land-opening experts?

Let's see who has more people!

Lin Yi smiled faintly and activated the thousand changes of wood and forest.

Lin Yi didn't go all out with the thousand transformations, either-he only used a hundred clones.

The doppelgangers were all in the xuansheng stage, and they weren't strong enough to fight a ground creation stage cultivator. Lin Yi had the doppelgangers form small groups of three to five and form all kinds of small battle formations.

A normal clone would only be cannon fodder in front of an earth creation stage cultivator. A casual attack from the three people on the opposite side could destroy a large number of clones. Only with the support of the battle formation could they have a certain ability to resist!

This was a new move that Lin Yi had come up with recently. Ever since he started learning about arrays, Lin Yi had been applying it to other fields.

"Big brother Lei Ying is so powerful, you've really opened my eyes! All kinds of martial arts techniques are emerging in an endless stream, and they're even more amazing than my formation talismans. "

Wang shiqing complimented with an innocent smile.

The two brothers of the Yun family looked at each other and saw the shock in each other's eyes.

This Lin Yi, he's so strong!

The two of them were the top geniuses of the peerless school, but they felt helpless in front of Lin Yi.

The three earth formation stage cultivators who were still fighting felt the same sense of powerlessness. They were also on the verge of collapse.

They thought that with the three of them working together, they'd be able to turn the situation around. Even if they didn't defeat Lin Yi immediately, they'd at least have the upper hand.

He did not expect the plot to not develop according to the script at all. The kid opposite him created so many clones at once and easily gained a greater advantage.

He wanted to get his other subordinates to help, but he didn't know if it would make the situation even more embarrassing. Who knew what other skills Lin Yi still had?

Oh, that's right, only ghosts would know!

"Lin Yi, that's enough-you're not giving them any face if you let them investigate and send the news. What if they don't do anything?"

The thing suddenly spoke up, but it didn't sound like it was trying to persuade Lin Yi ...

Chapter 6705 Wang Shiqing's Intervention

To be honest, these three were quite strong, many times stronger than normal earth stage cultivators. They didn't have as much of an advantage as Lin Yi, but they were only slightly weaker.

The damn thing felt that it wasn't a bad idea for Lin Yi to spend more time with a sparring partner like this, but he had a lot of things to do and didn't have time to waste.

"Alright, senior ghost, since you said that, I'll give you face. I'll give them a way out!"

Lin Yi went with the flow and pulled out all the moves he didn't use to gain some proficiency-it was enough.

However, before Lin Yi could stop, a spatial ripple appeared!

Before a figure could be completely revealed, a powerful pressure had already swept across the entire scene.

Lin Yi's heart skipped a beat. This was a real sea-shattering expert!

Just from the pressure this guy was releasing, Lin Yi could tell that he wasn't someone easy to deal with. He was sure that he wasn't a match for this guy!

"Elder! Quickly kill that little b\*stard's adopted son. He came to our place to cause trouble and didn't give us any face at all! And you even injured me!"

Mr. Gu, who had been silent just a moment ago, suddenly became excited after feeling this aura!

Now that his backer was back, his fear of Lin Yi was swept away!

The thought of killing Lin Yi grew like wild grass in spring!

"Not good! It'll be dangerous if we continue to stay here!"

The Jade space had already alerted Lin Yi, and he quickly used his lightning escape technique to escape.

As soon as he left, a huge pure Qi palm slammed down, leaving a big hole in the ground and sweeping away all of Lin Yi's clones.

"This little bastard is very arrogant. He didn't even say a word and directly killed him. If I still had the strength of that year, I would definitely slap him back and not even his bones would be left!"

The ghastly thing cursed, feeling a little nervous.

He could feel that this expert with the shattered Sea was not simple!

If it was just a normal guy, Lin Yi could at least run away even if he couldn't defeat him. But this guy was also an elite of the same level, and he was much stronger than a normal sea breaker.

It would be good enough if Lin Yi could escape, let alone fight back!

"Wang shiqing, hurry up and leave! I'm not his match, I'm going to die!"

Lin Yi's lightning bolts flashed continuously as he avoided the trio, avoiding them from getting caught in the crossfire. At the same time, he didn't forget to send a message to the two-faced loli to get her people to leave.

The sea-shattering expert was a skinny old man with a dark face. He stood in front of young master Gu without moving his feet. He only waved his hand and Lin Yi had no way out.

"Stop! Otherwise, many people will die!"

Wang shiqing's face was extremely serious as she took out seven to eight array talismans.

There were teleportation talismans and defensive talismans inside, but most of them were offensive talismans at the sea splitting stage!

This Black-bellied little loli was indeed the biological child of the Wang family ...

In the illusionary mist space, Wang Shiyang had already fainted from crying in the toilet!

The skinny old man's eyes narrowed and his expression became gloomier. He was not afraid of the talismans of the sea splitting stage, but his men did not have that ability.

His defense was simple, but it was almost impossible for him to protect everyone!

"The Wang clan?"

The skinny old man's mind moved like lightning and he silently retracted his attacking palm. However, his Qi and pressure still shrouded the surroundings.

Wang shiqing's defensive talisman was already activated, so she didn't feel much of the pressure. Lin Yi stopped dodging and stood at a place not too far away.

The skinny old man's pressure wasn't enough to restrict Lin Yi, but he didn't leave just yet, in case the old man attacked him again.

To be honest, Lin Yi was quite surprised at Wang shiqing's choice. He didn't think that this two-faced girl would choose to fight the old man for him!

It was a little unscientific!

Could it be that he was feeling guilty because of the indiscriminate pursuit earlier? Did the Black-bellied loli know how to spell the word 'sorry'?

If Wang shiqing knew what Lin Yi was thinking, she might just throw the attack talismans at his head and start a new round of pursuit!

"Not bad! Senior has very good eyes. With a single glance, you can tell that the talisman in my hand is the Wang clan's talisman!"

Wang shiqing smiled sweetly, but it wasn't clear if she was complimenting him or mocking him.

"Offensive talismans that only direct descendants of the Wang clan can use. It's a priceless item outside. To be able to take out so many at once, this little girl must be very doted on at home, right?"

The thin old man's mouth twitched twice, probably trying to show a smile, but unfortunately, with his dark face, it only made him look extremely cold.

Lin Yi said, thinking that the girl was definitely favored, at least a lot more than Wang Shiyang. There really was no harm without comparison. He felt bad for Wang Shiyang for three seconds.

"It's alright. I'm just a little cute, so everyone likes me!"

Wang shiqing smiled and didn't blush at all when she boasted.

"Even the higher-ups of the Wang family are far from enough to meddle in our sect's Affairs. You're just a little kid, do you really want to use these talismans to threaten me?"

The skinny old man laughed coldly, his words were arrogant and unyielding.

The Wang family was an ancient family of talismans, and their status was completely different from the other families in the mystic division sea.

Therefore, the Wang family's influence was no weaker than any of the top schools.

But against a sect, the Wang family had no advantage!

It was because of this that the skinny old man was only unhappy when he found out about Wang shiqing's background.

He could give face to the Wang family, but if Wang shiqing went too far, the skinny old man wouldn't be able to control his temper.

As long as he didn't kill Wang shiqing and taught her a lesson, the Wang family wouldn't have anything to say.

"No, I just asked senior to stop and listen to the cause of the matter. You can't blame us for it just because of the appearance. At least give us a chance to explain, right?"

Wang shiqing continued to smile and act cute. She didn't dare to offend the old man when she heard the word "sect."

The Wang family was her backing and also her home, so she couldn't casually provoke a powerful enemy for the family!

"Alright, I'll give you a chance to explain."

The skinny old man squinted at Wang shiqing and nodded after a while.

"Many thanks, senior! Big brother Lei Ying, leave the rest to yourself. I can only help you up to this point."  
"

Wang shiqing smiled sweetly and turned to Lin Yi.

Lin Yi rolled his eyes. He knew that the Black-bellied girl didn't want to get involved anymore after hearing about the sect's background, but it wasn't easy for her to get to this point.

Chapter 6706 Shrinking The Ground Into An Inch

"Senior, it's like this ..."

Lin Yi nodded at Wang shiqing before turning to the skinny old man and explaining the situation to him.

If he could turn hostility into friendship, it was best not to offend a sect. He'd already offended the heavenly array sect, and he wasn't sure if he'd be able to stay in the mystic class sea if he offended another sect.

The old man's face was still dark as he listened to Lin Yi's explanation without interrupting. His expression didn't change at all.

After a while, Lin Yi finished his sentence, and the old man nodded, ""You're done?"

"I've finished speaking. I wonder what senior thinks?"

Lin Yi had a bad feeling about this-the old man didn't seem to mind his explanation.

"This old man's opinion is that you're in our sect's territory and you've injured our sect's disciples without restraint. It's obviously impossible for you to not pay the price!"

The old man laughed coldly, treating Lin Yi's explanation as a joke. He didn't take it to heart at all. He pointed at Lin Yi and ordered, "Kneel down before this old man first!"

"Kneel down and talk? Hehe, if you have the ability, try making me kneel!"

Lin Yi was so angry that he laughed-the old man was trying to play him for a fool, wasn't he?

"You think I can't do it?"

The skinny old man smiled coldly and glanced at Wang shiqing. He turned his fingers into a palm and slapped at Lin Yi!

He had already seen through Wang shiqing's intention to retreat, so he attacked again!

He had already given face to the Wang family, and now it was the Wang family's turn to give him face!

With a flash of lightning, Lin Yi escaped the old man's aura. He didn't need to worry about the little girl's safety-it was clear from the old man's behavior that he was still a little afraid of the Wang family.

"Old man, let's talk after you catch up to me!"

Lin Yi laughed as he sped away, not wanting to waste any more time.

The skinny old man's face turned ferocious for a moment. His body swayed slightly and he suddenly disappeared from the spot.

Wang shiqing's eyes narrowed as she looked in the direction the two disappeared in silence. No one knew what she was thinking.

"Little Junior Sister, what should we do?"

Yun Momo asked Wang shiqing in a low voice. The people around them were not looking at them in a friendly way. Although they did not attack, he still felt a little scared.

"Go! Let's go to Yin Duan city and wait. "

Wang shiqing immediately made a decision. She raised her head and waved at the old man's subordinates, then activated the teleportation talisman and headed directly to Yin Duan city.

On the other side, Lin Yi used his lightning escape technique to escape, but the skinny old man's speed wasn't much slower than his. He couldn't break free in a short time.

"This old man isn't simple. As expected, people from the sect have their own extraordinary points!"

Lin Yi sighed.

Lin Yi's lips twitched. If it was just an ordinary master in the shattered Sea realm, he might be able to injure him with a sneak attack. Unfortunately, this skinny old man's strength was not ordinary at all!

If Lin Yi's sneak attack didn't work, the opponent would seize the opportunity to beat him up!

Lin Yi sighed and used his spirit sense to check the old man's position. He could have lured him to Yin Duan city, but that was his backup plan!

Lin Yi could use the entire city's defense formation to deal with this old man. It wasn't a piece of cake, but it was a piece of cake!

But the problem was that Lin Yi didn't want to kill this old man!

After all, there weren't many human experts in the abandoned land, and the death of one meant one less. Such a powerful expert in the shattered Sea would be a very important fighting force when dealing with the darkness magical beasts.

But before Lin Yi could make a decision, the skinny old man suddenly appeared in front of him, looking at him with a dark face.

The powerful aura trapped Lin Yi like a swamp-he was a completely different person from before, and it was clear that the old man still had some strength left.

"This is ... Spatial bending?"

Lin Yi looked at the skinny old man in surprise. The old man's lightning movement wasn't the fastest in the world, but it was at least in the top three.

Although Lin Yi's strength level meant that he couldn't use the full speed of lightning movement yet, it wasn't something that just anyone could catch up to.

Spatial bending was a high-level escape technique that wasn't inferior to Lin Yi's lightning escape technique. It even contained a trace of space law and was similar to teleportation!

"You have good eyes. If you can see that this is spatial bending, then you should also understand that no matter how fast your lightning escape technique is, you can't escape from me."

The thin old man's mouth twitched twice, which could be considered a smile. "Also, don't try to use a teleportation talisman. The moment you use it, I can instantly lock onto your location and follow you. Doing so will only waste your teleportation talisman, and there's no need to do it!"

It sounded like a persuasion, but it was actually a threat. Lin Yi frowned, but he didn't doubt it at all.

"I don't need the teleportation talisman. If I want to run, I can! It's just that there's not much point in that. Just tell me what you want!"

Lin Yi spread out his hands, his attitude neither humble nor arrogant. He looked at the skinny old man indifferently, his mind spinning quickly, thinking of how to deal with it.

"This old man sees you as a talent. As long as you swear to surrender and give me everything you have, I can make the decision to spare your life. From now on, you can follow this old man as a follower!"

The old man said proudly, as if he were doing Lin Yi a great favor.

"Ha ... What a generous offer. Are you still sleeping? are you dreaming?"

Lin Yi couldn't help but sneer at the old man-did he really think he was some Big Shot?

Even the Vermilion Bird, the giant frog, and other experts who were countless times more powerful than him had never said such words. Who was he?

"You reckless thing! This old man will teach you a good lesson first!"

The skinny old man snorted and waved his hand continuously. Countless real Qi palms shot out in all directions.

Boom! Boom! Boom!

The loud explosion of pure energy kept exploding around Lin Yi!

It was just as the old man said-both lightning movement and super limit butterfly micro steps were greatly restricted, and Lin Yi had no choice but to Dodge.

He couldn't even activate the talisman when he was using spatial bending.

Lin Yi smiled bitterly in his heart-he was still too weak!

Any random expert in the shattered Sea realm in the sect could easily suppress him!

The old man didn't even seem to be using his full strength yet-that relaxed attitude he had was a clear sign of his disdain for Lin Yi.

Lin Yi secretly made two super alchemy bombs, fused them together, and detonated them in front of him!

Chapter 6707 You Still Dare To Be So Arrogant In My Territory

The violent explosion blasted a gap in the thin old man's restraint and spread in all directions with irresistible force.

Lin Yi's body relaxed as he took out a teleportation talisman and activated it. The light of teleportation enveloped him and he instantly disappeared, not giving the skinny old man any time to react.

"This is a good move! It's also powerful enough!"

A look of surprise flashed across the old man's eyes. He nodded slowly and complimented before taking out a teleportation talisman and following Lin Yi.

After two teleportations, the skinny old man finally arrived at Lin Yi's location, but Lin Yi didn't stop. He had already teleported away, leaving only a faint fluctuation.

"The Wang clan's teleportation talisman! How annoying ... The distance between the two of them is already so far. It seems like this junior has a very close relationship with the little girl of the Wang family!"

The skinny old man shook his head and muttered a few words. Then, he activated the array talisman again and left according to the teleportation fluctuation that was about to dissipate.

The skinny old man knew that if Lin Yi used the teleportation talisman again, he wouldn't be able to track him anymore. The fluctuations left by the teleportation talisman dissipated very quickly, and he would lose track of Lin Yi by the time he reached the place where he appeared again.

He could only hope that Lin Yi had a limited number of teleportation talismans. After all, the Wang family's teleportation talismans weren't like cabbages, and even non-direct descendants couldn't get a few easily. Lin Yi shouldn't have too many.

"Broken City?!"

When the skinny old man arrived at the teleportation location, he realized that he was overthinking things. Lin Yi didn't teleport away, but appeared outside one of the biggest cities in the mountain range, broken Yin city!

"Old man, you've really caught up! However, Broken City is my territory, so I'll give you a piece of advice. You'd better hurry back! Right now, our common enemy is the darkness demon beast, so don't do things that make your family feel pain while your enemy is happy!"

Lin Yi stood at the gate, surprised by the old man's tracking ability. He didn't show it on his face, even waving at the old man with a smile.

"Big words! When did Broken City become your territory?"

The old man hmped coldly, not taking Lin Yi's words seriously at all.

He was sent here by the sect to take charge of the abandoned land, and he knew who the people in the broken mountain range were-there was no Lin Yi!

Although Lin Yi wasn't weak, it was impossible to take a city from a few Masters in the shattered Sea!

"Old man, that's why you have to listen carefully when you're talking. I told you just now that the middle and upper echelons of Broken City have all died, and most of them were done by the darkness demon beasts. I've spent so much effort to inform you guys about this, but in the end, it was a waste of effort. Your sect is awesome, but don't believe me. Just wait for the darkness demon beasts to sweep you away."

The old man blinked-he didn't pay much attention when Lin Yi was talking, but it did seem to be true!

Could it be that this kid was telling the truth? Broken City had already fallen into his hands?

"So much nonsense! Even if broken City really falls into your hands, what can you do?"

The skinny old man thought to himself, but on the surface, he snorted coldly. His feet moved slightly, and he instantly appeared at the city gate.

Lin Yi was prepared for this. He turned into a lightning arc and entered the city, activating the city's defensive formation to lock onto the skinny old man.

Even if he didn't kill this old man for the sake of the overall situation, he had to beat him up to vent his anger!

The skinny old man stopped in his tracks, his expression changing. The activation of the formation couldn't be hidden from his senses. So Lin Yi was telling the truth?

The invisible killing aura quickly condensed, and the thin elder's expression changed again and again. He had never been to Broken Yin city before, but he had heard of the city protection formation of Broken Yin city. It was definitely not this powerful, so he dared to enter the city directly.

This kid could really stir up some waves!

"Lei Ying! Let's have a good talk!"

The old man suddenly raised his hand, signaling Lin Yi to stop.

"Who do you think you are? you can decide whether to talk or not."

Lin Yi stopped, a mocking smile on his face. "Now I don't want to talk about it! Try our city's defensive formation first, then we'll talk!"

"Do you really think this formation can stop me from leaving?"

The skinny old man raised his head arrogantly, but a trace of fear flashed in his eyes.

"If you wanted to leave just now, you might still have time. But now, you can try!"

Lin Yi smiled faintly and gestured for them to do as they pleased as he took out a controlling formation flag.

Under Lin Yi's control, the invisible killing aura quietly fell towards the skinny old man!

"Stop!"

The skinny old man roared, but his hands didn't dare to slow down, fully defending against this wave of killing aura attack.

The formless swamp that could easily trap Lin Yi was completely useless under the attack of the array. It was torn into pieces easily, and the killing intent hit the skinny old man without any resistance!

If he had not made defensive preparations in advance, this attack would have been enough to severely injure him.

"Stop! This old man has something to say!"

The thin old man's face turned red. He finally stabilized his body and raised his hand again.

"You say it! I'm listening. "

Lin Yi smiled faintly as he continued to bombard the old man with killing intent.

The skinny old man was depressed, and he was barely able to deal with it. He almost spat out a mouthful of blood!

It was really too embarrassing, so he quickly tried his best to hold it in.

"Lei Ying! If you stop, this old man will no longer pursue the matter from before! If you continue to attack, you'll completely offend our sect. I can guarantee that you won't have a good life if you offend our sect in the abandoned land or in the mystic class sea. "

The skinny old man said in a tough tone, obviously showing his weakness. He felt even more ashamed, and swore to himself that he would find a chance to kill Lin Yi after leaving Yin Duan city to vent his hatred!

"Are you threatening me? I've been scared since I was young!"

Lin Yi's face darkened as he controlled the formation flags to wave more and more, the killing aura attacks getting faster and faster.

This damn old man actually said that he would not pursue the previous matter? Shouldn't you be the ones apologizing? You're the one who let me off after chasing me for half a day?

Then what else was there to say? he could do whatever he wanted!

Lin Yi really wanted to tell the old man that he bought a watch last year, but the old man probably didn't understand what he was saying.

"Big brother Lei Ying, it's better to be merciful. Our enemy is the darkness magical beasts, so we should avoid internal conflicts as much as possible."

Wang shiqing came out of nowhere and tried to persuade Lin Yi with an innocent smile.

Chapter 6708 Let's Write It Off?

The two-faced girl didn't waste any time and teleported back to the broken city, so it was a lot faster than Lin Yi who was fighting and running. He didn't think it was strange, but it was a little strange that she spoke now.

"What a joke! Do I need to be spared? Lei Ying, your formation is indeed powerful, but it might not be able to do anything to me. If you're not afraid of the sect's revenge, then continue!"

The skinny old man didn't appreciate it. Even though it was hard for him to hold on, he was too proud to accept Wang shiqing's plea!

"Let's continue then! I'm not afraid of you!"

The formation flag in Lin Yi's hand glowed as he controlled the killing intent of the formation to continue attacking the skinny old man. This old man really thought he could make him yield with threats?

Wang shiqing's mouth twitched. She knew that these two were really angry now, and there was no point in saying anything. She simply retreated to the side and continued to watch the show with the Yun brothers.

House Wang had already done their part for the old man, and Wang shiqing had already tried to talk him out of it. It wasn't her fault that Lin Yi didn't give him face!

Plus, Lin Yi had the upper hand, so he shouldn't be in any danger. Lin Yi knew what he was doing, so the old man probably wouldn't get hurt.

After a short while, the skinny old man was beaten down by Lin Yi's defender array. He lay on the ground panting. It was rare to see a sect's sea-splitting master in such a sorry state.

"Hey, old man, are you still going to be stubborn?"

Lin Yi had a mocking smile on his face as he looked down at the old man.

"Very good, you've got balls!"

The skinny old man could still smile, although his smile was uglier than crying. "Kid, you're really good. You've even upgraded Broken city's great array! Compared to before, the current Broken City can definitely be called an iron wall and impregnable fortress!"

Lin Yi didn't know what to say when the old man gave him a thumbs up.

What was this? No discord, no Concord? Mutual appreciation?

No, this was called a wretch! He would feel uncomfortable if he didn't clean up ...

"Are you asking me to spare your life?"

Lin Yi said, acting all high and mighty on purpose, trying to hurt the old man's pride.

"What a joke! Who do you think I am? do I need you, a junior, to spare me? Boy, don't underestimate the sect's Foundation. If this old man wants to fight with his life on the line, the entire broken Yin city will be buried with him!"

The skinny old man laughed disdainfully. He slapped the ground and stood up.

"Lin Yi kid, this old man might be telling the truth. Look at that cheap face of his, he probably still has a trump card up his sleeve. He's either going to use it to save his life or use it to die with us!"

The damn thing suddenly reminded Lin Yi, adding a serious sentence, "You be careful, in case this old man immediately wants to fight you to the death,"

Lin Yi squinted his eyes and looked at the old man with uncertainty.

Looking at the old man's expression, it seemed that he really had a trump card up his sleeve, just as the ghost had speculated!

Of course, it could be that he was just bluffing, but no matter what, Lin Yi didn't want to take the risk. He didn't want to kill him in the first place, so why take the risk?

"Lei Ying! This old man admits that you have enough strength to talk to this old man face to face! Therefore, this old man will carefully consider everything you've said! Let's write off the previous matter and no one should mention it again!"

The old man patted the dust off his body as he stood up, his eyes on Lin Yi.

He was a loser, but he acted like he was letting Lin Yi go.

"You mean that if I don't have enough strength, I don't have the right to talk to you at all, and it doesn't matter whether I'm telling the truth or not, it's meaningless to you?"

Lin Yi was so angry that he laughed. What kind of logic was this?

"Little friend, you can't be so naïve as to think that there's really reason in this world? Your strength is trash, what right do you have to reason with me? There's a group of ants moving food on the ground, and you kicked their food away and stomped more than half of them to death. Would you bend down and reason with them?"

The skinny old man laughed coldly, as if he was trying to educate the younger generation.

Lin Yi didn't know what to say ...

If Lin Yi's strength was really only at the mountain opening stage, then this old man really didn't need to waste his time. No matter how reasonable Lin Yi was, he just needed to know that his people were being bullied and then kill the person who bullied his people!

In fact, that was exactly what the old man was doing. He didn't even waste any time before he made his move, trying to kill Lin Yi.

In the world of cultivators, whoever had the bigger fist was the one who made sense!

Lin Yi looked at the skinny old man indifferently, lamenting that he wasn't strong enough!

If not for this improved defender array, he would not even be qualified to reason with them today.

Whether it was speed or combat power, Lin Yi was completely suppressed by the skinny old man. At first, he wasn't familiar with Lin Yi's fighting style, but once he got used to it, the old man would definitely crush him!

"Lei Ying, don't be unconvinced. If your formation can completely suppress me, I won't be able to turn the tables and even use my trump card. I'll also bow my head and admit defeat!"

The skinny old man's smile was still as ugly as ever, but his attitude made Lin Yi an opponent on the same level, "If it really comes to that, this old master can apologize to you for the previous matter however you want. This is your strength! Do you understand what I'm saying?"

"You mean, I'm not strong enough to suppress you now, and you can't win against me. It can only be considered a draw, so the previous matter can only be written off, right?"

Lin Yi's lips curled up as he waved his hand, removing the suppression from the formation.

Lin Yi didn't feel the need to be petty and continue suppressing the other party.

"You're a smart person. This old man admires smart and talented young people like you the most! To be honest, our sect welcomes talents like you. If you're interested, this old man can be a guarantee and make an exception to recruit you into the sect. "

The skinny old man suddenly changed the topic and started recruiting Lin Yi.

The old man's decision to make Lin Yi surrender was completely different from his decision to recruit Lin Yi now. It was clear that Lin Yi's talent had moved the old man.

He didn't want to kill Lin Yi anymore-recruiting a top talent was far more important to a sect than personal grudges.

This change was a bit too fast, and Lin Yi didn't know how to react.

"Perhaps you don't know what a sect means, but I can explain it to you briefly."

The skinny old man slightly puffed out his chest, showing an obvious sense of pride."On the surface, the most powerful forces in the mystic Sea region are the academies under the Alliance of Academies, followed by the domain Lords and families of the mountain regions. However, these are all just appearances. There are hidden sects that are above all the forces, and I'm from one of them!"

Chapter 6709 Mountain Sect's Recruitment

Lin Yi blinked as he looked at the old man, thinking that the old man probably thought he was a native practitioner from the abandoned land ...

But this was good-he'd be able to get more information about the sects from the old man's story. He only knew that there was a heavenly array sect, and this was the second one he'd come into contact with.

"Our sect is called the mountain sect! Although he wasn't famous in the mystic Sea, he did it on purpose to hide his identity! In fact, with the mountain sect's strength and combat power, it wouldn't be a problem for it to become the strongest sect. "

The skinny old man's face was full of pride, as if the mountain sect was the strongest sect in the mystic Sea.

"May I know how I should address you?"

Lin Yi's lips twitched slightly. He didn't know how strong the mountain sect was, but it was questionable if they were the strongest sect in the mystic Sea.

This skinny old man could not even deal with the city's protective formation. It was hard to say that the mountain sect would have the upper hand against the heavenly spell formation sect.

"I'm Liu Zhanggong, The Guardian elder of the mountain sect, and also the person in charge of the abandoned land. "

The skinny old man raised his head proudly.

"It's elder Liu. Nice to meet you. I wonder how many powerhouses as powerful as elder Liu are there in the mountain sect?"

Lin Yi cupped his hands casually, not looking pleased at all.

"There are at least ten or twenty Guardian elders like this old master, and there are even more powerful Masters above. You won't understand even if I tell you."

Liu Zhanggong smiled complacently and continued to promote the strength of the mountain sect, "Your combat strength is indeed not bad, but unfortunately, your level is still a little too low. As long as you're willing to join the mountain sect, you'll have plenty of opportunities to get to know them in the future."

Lin Yi's heart shivered. Liu Zhanggong was an elite in the sea-shattering realm. Normal sea-shattering realm cultivators might not even be his match, and there were still ten or twenty of them in the mortal mountain sect?

In comparison, the heavenly spell formation sect was probably in a similar situation. They really did have some troublesome opponents!

"Senior ghost, are there any other hidden experts in the spirit beast clan? With such a strong foundation, it shouldn't be difficult for them to deal with the spirit beast clan. "

Lin Yi ignored Liu zhangong and turned to the ghost, "Even if there is a super expert like the Vermilion Bird who has surpassed the sea shattering realm, they can't resist the siege of so many elite experts at the sea shattering realm, right?"

"I really don't know about this. I always feel that I'm missing a lot of memories about the spirit beast clan."

The demonic thing laughed bitterly. He didn't know what memories he had lost. For example, he remembered most of the things about the darkness demon beast, but he couldn't remember anything about the spirit beast clan. "We'll talk about the spirit beast clan later. Don't be too honest, kid. You believe everything that old man says. How can an Elite Expert at the sea Rift stage appear so easily?"

"You're bragging ... Senior ghost, you really dare to think about it. It's indeed possible."

Lin Yi found it funny-he looked up at Liu Zhanggong's cocky face and confirmed his suspicions.

"Lei Ying, what's your decision? With this old man's recommendation, your chances of joining the mountain sect will be very high. Moreover, you won't be an ordinary disciple after joining. The resources you'll get will be completely different from those in the other Abandoned Lands. It's also very possible for him to become a guardian elder like me in the future. "

Liu Zhanggong didn't know that Lin Yi had already labeled him as a scammer-he started pushing again when Lin Yi didn't say anything.

A young sect-opening master was worth recruiting and training in the first place, not to mention that Lin Yi's combat strength was almost at the earth-opening stage, and he had extremely high attainments in formations.

If they could successfully recruit such a super genius, Liu Zhanggong's voice in the sect would definitely rise.

"Many thanks for elder Liu's favor. I will consider it carefully. I wonder what other sects exist besides the mountain sect?"

Lin Yi said casually. He didn't like the way the mountain sect people did things, so he never planned on joining them.

In comparison, it was more important for him to gather more information about the other sects.

As for whether or not Liu Zhanggong was sincere in inviting Lin Yi to the mountain sect, Lin Yi didn't really care.

"You don't need to know about the other sects right now. When you join a sect and reach a certain position, you'll naturally know all this."

Liu Zhanggong squinted his eyes and chuckled. His sinister old face clearly showed that he was unwilling to reveal more information.

"Alright, since elder Liu has said so, I won't ask any further."

Lin Yi shrugged nonchalantly and changed the topic. "By the way, there's something I'm more concerned about. What's the identity of that young master Gu from before?"

"He's the son of another elder in the sect. He came to the abandoned land to complete missions to gain experience so that it would be more convenient for him to work in the sect in the future. You don't need to care about him. With this old man's guarantee, his father will also give him some face!"

Liu Zhanggong gave a confident smile before looking at Lin Yi with a dark expression. "Of course, if you don't join our mountain sect, it's hard to say what elder Gu's reaction will be."

"So he's the son of a sect elder. I was wondering why all your subordinates listen to him."

Realization dawned on Lin Yi-no wonder the kid was so cocky, he had an elder's dad backing him up!

From Liu Zhanggong's strength, it could be inferred that the elders of the mountain sect were all very strong. With Lin Yi's current combat strength, there was a 99% chance that he wouldn't be a match for them.

Liu Zhanggong's face looked a little unnatural-Lin Yi saying that his subordinate was listening to another elder's son was like saying that he didn't lead well! It was like a slap to his face!

"Big brother Lei Ying, this is a good opportunity. You must grasp it well."

Wang shiqing was trying to persuade Lin Yi again with a smile.

"The Wang family's little girl is right. This old man doesn't have the opportunity to represent the sect in recruiting people every day. There's no such opportunity."

Liu Zhanggong quickly followed Wang shiqing's lead and tried to talk Lin Yi out of the awkwardness, "It's a pity that the direct descendants of the Wang family are not suitable for our mountain sect. Otherwise, it would be good to recruit you into the sect, little girl. "

At this point, Liu Zhanggong's face was full of regret. His attitude towards the Black-bellied little loli was quite friendly. After all, the importance of the Wang family and the sect could not be ignored.

It was a pity that the Wang clan and the heavenly spell formation sect were considered allies. If their disciples wanted to enter a sect, they would have to choose the heavenly spell formation sect. Other sects could be chosen, but they could not take the initiative to recruit them, as that would break the rules.

"Xiao Qing thanks elder Liu's grandfather for his love. If big brother leiying really enters the mountain sect, Xiao Qing might join you."

Wang shiqing didn't mind the drama at all, adding fuel to the fire with an innocent face. Liu Zhanggong's heart was moved, and he looked at Lin Yi with even more passion.

Chapter 6710 Magical Beast Tide

Getting two super geniuses at once was a huge contribution to the mountain sect. Liu Zhanggong was already thinking about what he could offer to win Lin Yi over.

As long as Lin Yi agreed to it, it was worth it. Buy one get one free wasn't something that happened every day!

"Haha, that's great! Although our mountain sect isn't very suitable for the Wang family's disciples, since you're willing to come, the sect will definitely give you the best resources and nurture you. We definitely won't waste your talent!"

Liu Zhanggong's face was full of smiles as he tried to think of a way to convince Lin Yi, and at the same time, he promised Wang shiqing.

Lin Yi chuckled to himself. If he didn't know about the heavenly array sect, he would've believed the old man's words.

There were sects that were not suitable for people from formations and talismans clans? It was obvious that the mountain sect couldn't snatch it even if they wanted to! Old Liu was quite good at putting gold on his own sect's face.

"Elder Liu, you're too kind. Xiao Qing is just a good-for-nothing little girl in the family. I'm afraid that she'll bring shame to the sect if she enters the mountain sect."

Wang shiqing smiled humbly before turning to Lin Yi. "Therefore, only by following big brother Lei Ying will I have the confidence to enter the mountain sect. Big brother Lei Ying will take care of me."

Lin Yi's lips twitched-what was this two-faced girl up to? This was the rhythm of sending him into the mountain sect!

"You're already so strong at such a young age. If you're still a good-for-nothing, then how powerful is your Wang family? Being too humble will become arrogance. Little girl, are you bullying this old man's old eyes?"

Liu zhangong laughed, his tone relaxed as he teased her. Before Wang shiqing could say anything, he turned to Lin Yi,"My young friend Lei Ying, joining the mountain sect is definitely a great opportunity for you to reach the heavens in a single bound. There's nothing to consider, just listen to my little love!"

"That's right, big brother Lei Ying. Grandpa elder Liu is right. You don't have to think about it anymore!"

Wang shiqing grabbed Lin Yi's sleeve and shook it a few times, her face full of anticipation. "I've heard that the mountain sect is one of the strongest in the mystic division sea!"

Liu Zhangong immediately puffed out his thin chest, a smug look on his old face. As a Guardian elder, he naturally felt honored to be praised by a direct descendant of the Wang family.

He wanted to give Lin Yi some benefits, but with Wang shiqing's help, he wanted to see Lin Yi's reaction.

"Little Qing, do you really want me to join the mountain sect?"

Lin Yi's heart skipped a beat, not understanding what the two-faced girl was up to this time.

"I'm only thinking for big brother Lei Ying. What's wrong with joining the mountain sect?"

Wang shiqing raised her head and looked at Lin Yi with her innocent eyes.

Lin Yi's mouth twitched unnoticeably ... There was nothing wrong with joining the mountain sect, but the Black-bellied little girl's enthusiasm made him feel bad!

"Little friend Lei Ying, even your little sister is strongly recommending you to join the mountain sect. What else do you have to consider? When the time comes, the two of you can go together and take care of each other. "

Liu Zhanggong had a faint smile on his face. Coupled with his dark expression, there was an indescribable strange feeling.

To be honest, Liu Zhanggong's appearance was really not suitable for recruiting people. Even if he had good intentions, he would give people the feeling that he was up to no good ...

Before Lin Yi could reply, Liu Zhanggong's face changed as he waved his hand, "Let's put this matter aside for now. This old man has some matters to attend to and needs to leave immediately. Little friend Lei Ying, you can think about it carefully. This old man will come back again after the matter is resolved, and we can discuss it in detail then. "

Before he finished his words, Liu Zhanggong had already dashed toward the city gate. He didn't even have time to say goodbye.

"Wang shiqing, help me control Yin duancheng. I'll go with you!"

Lin Yi's heart skipped a beat, and he didn't have time to say anything else. He cast the thousand changes of wood and forest, leaving behind twenty clones and a formation flag as he chased Liu zhangong out of Yin Duan city.

As soon as he got out of the city, Lin Yi saw Liu Zhanggong using a teleportation talisman to leave. The direction of the spatial fluctuation should be the exit of the abandoned land, the mountain sect's base in the abandoned land!

For him to rush back in such a hurry, something big must have happened there.

Lin Yi activated his lightning movement and used red dust manifestation to change his appearance again so that Liu zhangong wouldn't recognize him.

Liu Zhanggong had been so enthusiastic in recruiting Lin Yi, but who knew if he was doing this because of the formation?

Maybe the old man pretended to leave in a hurry just to lure Lin Yi away from Broken City.

"If you rush over like this and something really happens, it'll be too late. Why don't you use the teleportation talisman?"

The ghost was curious about Liu zhangong's sudden departure as well, afraid that Lin Yi would miss the show.

"Senior ghost, the teleportation talisman can easily expose our whereabouts. That old man Liu Zhangong is very sensitive to spatial fluctuations. It's better to keep a low profile while following him."

With that, Lin Yi picked up his speed. "You see, the lightning movement technique isn't slow either. Although it'll be a little late, it's better than being schemed against, right?"

The demonic thing thought about it and agreed. The speed of the lightning escape technique was really not slow. It would not take too much time to reach the mountain sect's encampment.

The two of them chatted casually through their divine senses, and they soon approached their destination.

Before entering the mountain sect's base, Lin Yi used his ghost speed wings to fly at a low altitude, approaching quietly. He didn't expect to see the sun-swallowing rats and corpse demon bees first with his spirit sense!

"Hell! How did the rat tide and the bee colony get here?"

Lin Yi was shocked. He quickly hid his presence and observed the situation.

"It might not be the group of darkness demonic beasts from before. They won't give up the opportunity to attack the defense array so easily. Perhaps this is another wave of mice and bees!"

"If that's the case, it only means that there are a lot of rats and bees," the ghastly thing said with a serious expression.

"It's possible ... But why would the darkness demon beasts attack the mountain sect's base? Aren't you afraid that the news will be leaked?"

Lin Yi's heart jumped-this was probably the result of the dark Demon beasts "intentional attack. The formation's node was already exposed, so they decided to attack this side to divert their attention!

It would be best if they were lucky enough to succeed, but it would be fine even if they did not. The mountain sect would definitely focus their defense on the entrance of the passage and ignore the nodes of the formation!

The damn thing naturally saw through Lin Yi's thoughts and changed the topic, "The sun swallowing rat and the corpse demon bee aren't highly intelligent beasts, so they must have a commander behind them. Lin Yi, you have to be careful!"

Lin Yi nodded with a serious expression as he watched the battle.

The mountain sect's people still had some tricks up their sleeves, and their defensive abilities were pretty good. At the very least, their defensive array would not be broken by the rat tide and the bee swarm for a short period of time.

But he wasn't sure how long they could last, and most importantly, he didn't know if they'd sent the dark Demon beasts out!
