

## Bodyguard 6751

Chapter 6751 The Miserable Brother Yun

"Thunder Eagle City Master!"

After entering the city, a few guards greeted him in unison, their eyes full of respect. It was clear that Lin Yi's prestige in Broken City was not for nothing!

Lin Yi greeted the guards with a smile and found Wang shiqing with his spirit sense. The two-faced girl received the signal and ran over with a smile.

A while later, they met up near the city gates, and Wang shiqing smiled as she pulled Lin Yi back. "Big brother Lei Ying, are you alright?"

"I'm fine! Look at me, I'm fine. "

Lin Yi let Wang shiqing hold his arm as he lowered his head with a warm smile. She was a little Black-bellied, but she was still a caring girl.

"Yes, yes, it's pretty good. I didn't lose any arms or legs!"

Wang shiqing's head was bobbed up and down as she looked around Lin Yi, nodding from time to time.

Alright, I'll take back my words of concern!

Lin Yi didn't know what to say-did this guy want to see him lose an arm or a leg?

"Big brother Lei Ying, who is this person?"

Wang shiqing looked at Lin Yi and turned around, as if she had just noticed the man with the hat."Why is he wearing a bamboo hat? Is it because he's too ugly?"

Only innocent words would cause real damage. Lin Yi noticed that the man in the grey hat froze for a second. To be honest, he was curious-did Wang shiqing accidentally reveal the truth?

"This is the mysterious man in gray. You can call him old gray, or you can directly call him the gray bamboo hat."

Lin Yi's lips curled up into a smile as he introduced them to Wang shiqing. He then turned to the man with the grey hat,"This is Wang shiqing, the person I want to take away."

"You can call me whatever you want, as long as you're happy ..."

The man with the grey hat felt helpless and decided not to argue with the little bastard anymore.

"Hello, old grey with the bamboo hat!"

Wang shiqing smiled innocently and politely greeted the man with the grey bamboo hat ... But what the hell was this grey bamboo hat?

Lin Yi tried to hold back his laughter-it was rare for the two-faced girl to say something that he liked.

"Big brother Lei Ying, where are you taking me?"

Wang shiqing turned to Lin Yi after greeting old grey.

"The man with the grey hat wanted to take me away from the abandoned land, so I came back to take you with me!"

Lin Yi looked at the two Yun brothers behind Wang shiqing,"old Hui said that he can only take one more, so he can't take your two brothers. Do you plan to go with me or stay with them?"

Yun moxiang and Yun Hu N's expressions changed immediately, and a trace of panic appeared on their faces. They both looked at Wang shiqing at the same time.

If they had the chance to leave the abandoned land, no one wanted to stay, but if they had to stay, the two brothers of the Yun family hoped that Wang shiqing could be with them.

Share blessings and difficulties together!

"Is that so? What a pity! Can't I bring eldest senior Brother Yun and second senior Brother Yun with me?"

Wang shiqing's face was full of regret. She blinked her eyes in anticipation, hoping that the man with the grey bamboo hat would reconsider.

"We can 't!"

The man with the gray bamboo hat turned his head to the side and refused coldly.

Hmph Hmph! Old Grey's bamboo hat was too old to carry so many people! If she didn't promise Lin Yi, she wouldn't even bring this little girl!

"Alright, then eldest senior Brother Yun and second senior Brother Yun can only stay!"

Wang shiqing accepted the reality immediately.

"Little Junior Sister, are you just going to leave us behind like this?"

Yun Hu N gasped in disbelief. We've been through thick and thin together, yet you're leaving just like that?

"Second senior Brother Yun, please don't be like this. Xiaoqing has no choice. Big brother Lei Ying and I have already signed the contract. I have to go back with him."

Wang shiqing showed her helplessness and even raised her little finger."If I don't leave with big brother Lei Ying, he won't be able to take responsibility for Xiao Qing, and he won't be able to fulfill our agreement. Wouldn't I be setting him up for injustice?"

The two Yun brothers looked at Wang shiqing's little finger ... Dumbfounded!

What the f \* ck was this?

Lin Yi did promise Wang shiqing that he'd send her back, but she could've chosen not to! Now that she said it like this, was it a sin not to want him to send her?

Lin Yi's mouth twitched-it was still the same Black-bellied little loli, the same recipe, the same taste! This was normal!

"Big brother Lei Ying, do you think what Xiao Qing said is right?"

Wang shiqing didn't forget to ask for Lin Yi's affirmation. The innocent smile on her face made people think that she was speaking like a child.

Only Lin Yi knew how to F \* ck a kid! Whoever treated the Black-bellied little loli as a child would definitely be treated as a fool by her!

"Ha ... You're absolutely right!"

Lin Yi gave her a thumbs up. The girl wasn't just two-faced, she was thick-skinned too! She had a bright future!

"Brothers Yun, even big brother Lin Yi said that Xiao Qing is right, it must be true!"

Wang shiqing gave Lin Yi a big smile before turning to the Yun brothers. "Don't worry. After little Qing is out, she will immediately contact the Academy and get the Academy to negotiate with the mountain sect to open a passage for you to get out."

Regardless of whether the mountain sect would agree or not, he would first draw a cake and give them hope!

"There's one more thing. Senior brothers Yun, after we leave, I'll leave broken Yin city in your hands. You're the acting city Lord of broken Yin city, so impressive!"

Wang shiqing probably felt that it wasn't right to abandon the two of them, so she tried her best to bewitch them. "With the control array flag in hand, no one in Broken City would dare to disobey you. If not for big brother Lei Ying's promise, I would also like to stay and play as the city Lord!"

Lin Yi wanted to say that it was fine, but he knew that Wang shiqing would fall out with him immediately if he said that.

For the sake of the future, it was better not to provoke the Black-bellied little loli.

"Can you hurry up? I'm in a hurry!"

The man couldn't take it anymore and urged Lin Yi.

Lin Yi spread his hands helplessly, indicating that he couldn't do anything.

Fortunately, Wang shiqing also heard this. She turned around and smiled at the man with the grey bamboo hat. "Old grey, don't worry, I'll be done soon!"

After he finished speaking, he immediately turned around and continued to persuade the two brothers of the Yun family. Very quickly, he achieved results.

In fact, Yun mochen and Yun Hu N didn't have any other choice. If Lin Yi didn't want to bring them, they couldn't force him. Lin Yi could kill them with one hand!

"Little Junior Sister, it's fine if we stay, but if we encounter another rat tide and bee swarm attack the city, I'm afraid we won't be able to stop them!"

Yun Momo pulled a long face and admitted that she was not as good as Wang shiqing.

If it wasn't for Wang shiqing's leadership, the rats and bees would've already attacked Broken City of Sin before Lin Yi came back!

Chapter 6752 It Was An Accident

"Senior Brother Yun, you're too humble! Both of you are the geniuses of the Academy, and you will definitely not be worse than little Qing. If you really encounter the rat tide and the bee swarm that attacks the city, you will definitely be able to do better than little Qing!"

Wang shiqing continued to encourage them. If it weren't for the fact that she might be able to save them in the future, she wouldn't have wasted her breath trying to comfort them.

"Hehe ... You don't have to worry about the rat tide and the bee colony!"

Lin Yi coughed, "old Hui and I set a trap and killed all the rats and bees in the abandoned land."

Most importantly, even if a small portion of the rats escaped, without the existence of the large number of humans, it was impossible for the rat tide and the bees to reproduce on a large scale!

"Na na, did you hear that? Big brother leiying has already killed all the rats, so you're safe here. You can do whatever you want as the city Lord of Broken City!"

Wang shiqing waved her fists to encourage the two, not forgetting to turn back to Lin Yi. "Big brother Lei Ying is so powerful, he actually killed all the darkness magical beasts by himself! Oh, I'm sorry, I forgot there's still old Grey's bamboo hat. You're also very powerful!"

The man in the grey hat clenched his fist, thinking that Lin Yi might as well just ignore him. Did he think he was Lin Yi's follower?

She didn't know what the relationship between the girl and Lin Yi was-would Lin Yi fall out with her after she was killed?

The man in the grey hat silently calculated in his heart. He didn't know that Wang shiqing was also thinking about whether it was possible to get rid of this man and take the method to enter and exit the abandoned land for herself.

However, considering the difference in strength, Wang shiqing wasn't confident. She wouldn't do anything she wasn't confident in!

No matter what, the two brothers had no choice but to stay in Yin Duan city and become the acting castellans. Lin Yi also gave them the formation flags to control Yin Duan city.

Without the threat of the rats and bees, the remaining divine hidden demon eyes, shadow God-devouring Lion, and the others were powerful, but as long as the Yun brothers didn't leave Yin Duan city, they shouldn't be in any danger.

Yun moxiang and Yun Hu N watched as the light from the teleportation talismans outside the city disappeared. They did not know what to think. From now on, they were the only two brothers left to rely on each other. Perhaps it would be more beneficial for their relationship to improve ...

In an empty Valley in the abandoned land, the teleportation talisman lit up, and the three appeared.

"Where is this place? Mystic class Sea region?"

Lin Yi used his spirit sense to scan the area and didn't find anything, but he didn't think they were at Mystic class sea yet.

"We're still in the abandoned land. This is the place to leave,"the man with the grey hat said calmly.

"Oh," Lin Yi replied casually and continued scanning with his spirit sense, but he didn't find any signs of formations or a path out of the abandoned land.

"Old grey, how are we going to leave? There doesn't seem to be anything here!"

Wang shiqing looked around and looked at the man with the grey bamboo hat suspiciously. "You didn't remember the wrong place, did you? Is your memory bad because you're old?"

"Shut up! Otherwise, I'll kill you!"

The man didn't give Wang shiqing any face and scolded her fiercely. He wouldn't hold back just because she was a cute little girl. If it wasn't for Lin Yi standing by, he would've killed Wang shiqing.

Wang shiqing's face paled, and she snorted, no longer saying anything.

That pitiful look of hers really made one's heart ache ... Well, if she didn't have the attack talisman of the sea splitting stage in her hand ...

Lin Yi jumped and quickly gave Wang shiqing a look. He didn't mind killing one of the Masters from central, but the problem was that they still needed the hat to get them out of the abandoned land. If he killed the key, wouldn't they be dumbfounded?

Fortunately, Wang shiqing wasn't an ordinary child, and she immediately understood the severity of the situation. She only squeezed the attack talisman in her hand for a moment before putting it away.

She didn't even see Lin Yi's eyes!

Lin Yi let out a breath of relief when he saw the smile on her face again. That's right-he'd kill her after they got out of the abandoned land!

Wang shiqing's pitch-black eyes rolled a few times. In fact, she had planned to give the grey bamboo hat a hit when they left the abandoned land. She had plenty of attack talismans anyway, so she didn't need to worry about wasting them!

Even if he couldn't kill the man, Lin Yi was still here, and he could escape at any time!

The man with the grey hat was aware of Wang shiqing's little tricks, but he didn't care. She was just a little girl who hadn't even reached the beginning stage of her cultivation. Did she think that she could deal with him with a few sea splitting stage offensive talismans? What a joke!

If he pissed her off, he'd just kill her, and Lin Yi wouldn't be able to say anything.

The three of them had their own thoughts. The man with the grey hat had already taken out a metal box. He carefully observed it on an open space for a moment, then carefully put it down.

Lin Yi raised a brow, already having a guess!

The man with the grey bamboo hat was able to come to the abandoned land not through the teleportation formation, but by using the technology from the central hub!

Without a doubt, Central's technology had definitely reached a level that was beyond the current era!

If Han Jing Jing was there, she could probably break through the mechanical cabinet and the metal box in minutes, but Lin Yi couldn't do anything about it.

"Gray bamboo hat, how did the center discover the abandoned land? And how did you think of a way to get in and out?"

Lin Yi pretended to be nonchalant as he asked, not expecting the man to answer.

The man with the gray hat reached out and operated on the metal box for a while. The square box made a clicking sound like a transformer, and soon formed a metal arch.

"It was just an accident!"

Just when Lin Yi thought that the man was ignoring him, the man suddenly spoke up, "It was an accident to find this place, and it was also an accident to be able to enter and exit. Whether you believe it or not, I do!"

Who would believe you if you were so casual?

Lin Yi cursed to himself, but he wouldn't tell him the truth either-they were the same.

"This metal arch can only be used once. After we pass through it, it will self-destruct! If we want to enter the abandoned land in the future, we'll have to create it again and find this location. To be honest, I don't think we can do it again. "

The man didn't know what Lin Yi was thinking and explained everything to him. Lin Yi started to believe that it was an accident that central entered the abandoned land.

Because it was an accident, they sent a powerful expert in the shattered Sea to investigate?

It seemed to make sense, but it also didn't seem right ...

Lin Yi's lips twitched as he decided not to care about it. Central wouldn't give him the technology to get in and out of the abandoned land anyway!

Chapter 6753 Escaping And Getting Lost

After the metal arch was completely formed, the arc in the middle began to flow with electric current. It crackled for a moment before it stabilized, forming a blue and white door of light.

"Let's go. This door has a time limit. It will self-destruct after ten seconds."

The man finished his sentence quickly and walked through the door without waiting for Lin Yi's reply.

Ten seconds wasn't a long time, but for Lin Yi and the others, ten seconds was more than enough for them to run a few thousand meters.

So after the man entered, Lin Yi signaled for Wang shiqing to go first before following.

A moment later, Lin Yi walked out of the light door. This time, he didn't feel like he was teleported. It was like he just walked through a door. It didn't feel out of place at all.

"This isn't a teleportation?!"

Lin Yi was stunned and turned to look at the metal door!

Without waiting for him to study it carefully, the metal arch began to emit tiny electric arcs and sizzled softly. It looked like it was about to explode!

The man and Wang shiqing backed off at the same time, and Lin Yi didn't dare to stay any longer. When he finally stood still, the metal door exploded and was gone!

F \* ck! How could there be ten seconds? If he really believed the man with the gray bamboo hat, he would be screwed over in minutes!

"This is indeed not a teleportation. It's just a small gap found between two overlapping spaces that was temporarily opened by technological means!"

The man with the grey bamboo hat said indifferently, as if he didn't think it was a big deal.

Lin Yi suddenly realized that this place was the border between Mystic class sea and the abandoned land!

In that case, could it be the crack in the sealing formation? But the question was, how did the center Find this crack?

Lin Yi spread out his spirit sense and knew that this was a corner of an ancient forest. There weren't many people here, and there weren't many beasts either. After the metal arch disappeared, the gap that connected to the abandoned land disappeared as well.

What was the center doing here in such a remote corner?

Was it really just an accidental discovery that they had entered the crack in the abandoned land?

Lin Yi frowned, but he didn't ask.

"Alright, now that we're out of the abandoned land, little girl, do you still want to make a move?"

The man in the grey hat suddenly turned to Wang shiqing, and his aura rose.

Wang shiqing was shocked. She really did have the intention to sneak attack, but since the man with the grey bamboo hat had seen through her, she didn't dare to do it again.

"Old grey, what are you saying? Why did little Qing hit him? You only know how to bully children!"

Wang shiqing hmped and grabbed Lin Yi's pants, shaking it lightly. "Lin Yi big brother, old grey is bullying little Qing, you have to stand up for her!"

Lin Yi couldn't help but roll his eyes. If it weren't for his brother, he would've taught a Black-bellied little girl a lesson too!

"Don't stoop to the level of a child, gray-bamboo hat! Tell me, what's your condition?"

Lin Yi didn't want Wang shiqing and the man with the grey hat to be tangled up. It wasn't the time to fall out with central yet, and he was quite afraid of the mysterious man's strength.

"I wasn't in a hurry, but since you've mentioned it, I'll tell you."

The man with the grey bamboo hat chuckled and raised his right index finger. "One thing! We want the control of the wormhole!"

"You already have the right to use it. Are you still not satisfied?"

Lin Yi's lips curled up slightly, not surprised at all. What central wanted the most right now was the right to freely communicate with the secular world. "It's impossible to give you the control. Your conditions are beyond what I can agree to!"

"How can the right to use it be enough? He had to have control, at least half of it! After that, we will use it as a tool for both of us to control and use together. We will sign a separate agreement that no matter what happens between us in the future, it will not affect the use and control of the wormhole by both sides!"

The man said everything in one breath and waited quietly for Lin Yi's reply.

Lin Yi frowned. It was clear that Zhong Xin felt like he had the wormhole in his hands, and that it was like his throat was under someone else's knife. He wanted to seize the opportunity to gain control of the wormhole.

But half of the control wasn't out of the question-the man knew Lin Yi's bottom line, and he believed that Lin Yi would agree to this condition.

"I need to think about it. I can't give you an answer now. We'll talk about this the next time we renew the contract!"

Lin Yi muttered to himself. He was inclined to agree, but not right away. He had to at least discuss it with Han Jing Jing. After all, she was the one running the wormhole.

"Yes! But you have to remember, this is the condition you promised me, and it's not excessive at all. You have no right to refuse!"

"Your reputation is still very good. I hope you can keep it up," the man in the gray bamboo hat said with a faint smile.

She was sure that Lin Yi would agree, and Lin Yi had nothing to say.

Wang shiqing blinked her big eyes and looked at Lin Yi and then at the grey hat man. She didn't know what wormhole they were talking about, but it was obviously something important.

He had to remember it in his heart and think of a way to understand it later!

For a moment, the Black-bellied loli's mind was full of thoughts. She wondered if she should take some action to fight for some benefits for herself. In the end, she decided to wait and see!

Lin Yi said a few more perfunctory words before turning around and leaving coldly, not even bothering to say hello.

However, the two came to an agreement. As long as Lin Yi and Han Jing Jing agreed to it, they could make a separate contract for the wormhole's control when they renewed the contract.

"Alright, we're back at the mystic division now. Do you know where we are?"

After the man in the grey hat left, Lin Yi put the mask away. "You should have the positioning talisman of the Xuan Sea area, right?"

Lin Yi's intuition told him that the Wang family was an ancient family of formations, and they wouldn't let their direct descendants get lost in the mystic division sea. In terms of background, even the top schools might not be as strong as the Wang family.

"Don't worry, big brother Lin Yi, let little Qing take a look. "

Wang shiqing was smart enough not to ask about the wormhole. Instead, she checked their current location. "Uh ... Lin Yi big brother, little Qing's location isn't marked on the formation ... We're in an ancient forest, there's no sign of our location ..."

Lin Yi's face darkened-it seemed that the Wang family's Foundation wasn't that great after all ...

"Lin Yi bro, don't worry. It's just a primitive forest, it's no big deal!"

Wang shiqing felt embarrassed, so she quickly showed her ability. "We'll use a teleportation formation- no matter how big the forest is, there's always a boundary, right, Lin Yi bro?"

A prodigal little girl! Are you trying to show off your wealth? As expected, a talisman patrician family had a deep foundation.

Chapter 6754 I'm Back From Touring The World

"Your idea is not bad. As long as we can identify a direction to teleport, we will be able to leave the forest."

Lin Yi praised her-the Black-bellied girl was so poor that she only had talismans left, so there was no need to worry about not having enough.

"If Lin Yi bro thinks it's possible, then it's definitely possible!"

Wang shiqing's face revealed an excited and proud smile. She immediately took out a teleportation talisman and activated it. "Lin Yi bro, let's go!"

The teleportation light lit up-didn't Lin Yi need to discuss the direction first?

Unfortunately, before he could say anything, the two of them had already been teleported out of Xuanji. The Wang family's teleportation talismans were of such good quality! The speed was fast!

Anyway, it was the same no matter which direction he went. He could always leave after he had determined his direction ...

A moment later, Lin Yi regretted not discussing the direction first. After seven to eight teleportations, he realized that Wang shiqing had brought him back to the same place!

Lin Yi's face turned black as he looked at the black ash left behind by the metal doors after the continuous teleportation.

Did he just come back from a tour around the world?

Wang shiqing also realized the problem and was also confused.

"Big brother Lin Yi, look at this place, it's similar to the place we left from. Did old grey use that kind of door here?"

Wang shiqing's eyes suddenly lit up as she realized the truth!

Lin Yi suddenly felt that he should leave with the man, leaving the two-faced girl behind ...

"That ... Little Qing, when you used the teleportation talisman in the past, have you ever deviated from the right direction?"

Lin Yi chuckled dryly-the two-faced girl didn't have a bad sense of direction as well, did she?

"Lin Yi big bro, what's the direction?"

Wang shiqing's eyes widened innocently."In the past, when Xiaoqing used the teleportation talisman, it would be activated after locating the location."

Lin Yi almost spat out blood ... What direction was he going?

The direction is my brother! I'm starting to get a little flustered when I meet you!

Could Wang Shiyang also have a bad sense of direction? That's why she got lost from the East continent and ended up in the South Island?

"Ha ... Little Qing, let's not use the teleportation talisman for now. Just now, the man with the grey bamboo hat left from this direction. Let's follow the traces he left behind."

Lin Yi felt that he'd be better off pinning his hopes on the man in the grey hat than on Wang shiqing, who had no sense of direction."I feel that this person is a little mysterious. Let's secretly follow him. Maybe we can find something. If there's a chance, let's take him down together!"

The latter part was just an excuse! Lin Yi wasn't going to tell Wang shiqing that he didn't trust her sense of direction anymore.

"Good, good, it sounds fun! Lin Yi bro, you're so smart!"

Wang shiqing didn't doubt it and agreed. Perhaps she also felt that using a teleportation talisman wasn't reliable.

So the two activated Forest Adventure Mode-the hat didn't leave too many traces, and while they didn't waste too much time, it wasn't easy to track them either. In the end, Lin Yi was relying on his own experience to move forward.

Damn it, this forest was so vast, and there was even a restriction on flying. Lin Yi's spirit sense couldn't cover too much of the area, so the two walked around in circles, and a few months passed!

During this time, Lin Yi did find quite a lot of precious herbs and found a few normal practitioner ruins, but there wasn't anything good in them, nor was there anything like a map.

Wang shiqing, on the other hand, was quite happy. She was very happy to explore the jungle, and after a lot of questioning, she learned that wormholes weren't just wormholes, but a passage that connected Sky Class Island to the secular world!

But when she heard that he was from the secular world, Wang shiqing lost interest!

She didn't even want to go to the Golden sea, let alone the secular world.

Under a tree, Lin Yi stopped to rest.

His true Qi could be continuously replenished, but Wang shiqing didn't have this ability, so she would stop from time to time to let her recover her true Qi.

"Lin Yi bro, I found the markings!"

Wang shiqing, who had just sat down, looked at the positioning talisman out of habit, and suddenly jumped up and cheered, ""We can leave the forest now!"

In the beginning, Wang shiqing really wanted to sneak attack old grey, but after a few days, she knew that it was impossible to catch up with him. However, she still looked at the positioning talisman several times a day, and today, she finally found her target!

"That's great! It means that we are going in the right direction!"

Lin Yi's face was calm-he'd already gotten used to walking in the forest, so he didn't think anything was wrong.

"Lin Yi bro, let's go to this place first!"

On the surface, Wang shiqing seemed to be enjoying the forest Adventure, but she was actually sick of it. She couldn't wait to take out the teleportation talisman and leave with Lin Yi.

Lin Yi was already traumatized by Wang shiqing's teleportation-could she be up to something again?

Fortunately, Wang shiqing's bad sense of direction was perfectly hidden when she had a location. The two of them left the forest smoothly and appeared two or three kilometers away from a small village.

"That's great! Lin Yi bro, we're finally out of the forest!"

Wang shiqing couldn't help but cheer and said proudly, "After leaving the forest, little Qing's positioning talisman became normal. There's something strange about that forest!"

In other words, it's not me who has no sense of direction, it's all the forest's fault!

The forest team was speechless and silently took the blame ...

"Xiao Qing, do you know where we are now?"

Lin Yi didn't want to expose her-he just wanted to get back to the school as soon as possible.

"I know! Lin Yi big bro, look, we're here, this is my home. We only need six teleportation talismans to get home!"

Wang shiqing showed Lin Yi her location rune, which showed the teleportation route.

Lin Yi didn't know what to say-this wastrel girl was asking for a teleportation talisman the moment she opened her mouth, didn't she think of a more economical way of transportation?

Speaking of which, how many talismans did the Black-bellied little loli have? It was as if there was an endless supply of them. Even a talisman patrician family wouldn't casually create such high-grade goods, right?

Compared to Wang shiqing, Wang Shiyang looked like he was picked up from the trash ...

"Xiao Qing, use the teleportation talisman to return. Let's part here! I should go back too. "

Lin Yi was worried about Shangguan LAN 'er in the school, and wanted to get back as soon as possible. He didn't know how worried Shangguan LAN' er was after leaving for so long.

"What are you saying, Lin Yi bro? Are you going to leave Xiao Qing here alone?"

Wang shiqing's eyes widened in shock and disbelief. "Didn't we hook our fingers and stamp each other before? big brother is going to send Xiao Qing home safely, right?"

Lin Yi couldn't help but feel a little awkward-why was this Black-bellied girl's expression similar to those who were abandoned after having sex?

Chapter 6755 Wang Clan Of Formations

"Can't you just use the teleportation talisman to go back directly? there shouldn't be any problems with your safety. "

Lin Yi's smile was a bit forced, cursing himself for his lack of handsomeness. Why was he hooking his finger with this two-faced girl? This time, he had been led into a ditch!

"I don't care, Lin Yi big bro, you can't just go back on your promise! You're lying to a child!"

Wang shiqing's mouth twitched, and her big eyes were misty. She looked quite pitiful as she cried,"Lin Yi bro, you're lying! You scoundrel!"

Act! Continue acting!

Lin Yi's mouth twitched. He knew that he wouldn't be able to get rid of this two-faced girl so easily when she got serious!

Before Lin Yi could finish his thought, Wang shiqing had already hugged his leg!

The ultimate skill, Curly Bear leg hugging kill!

"I don't care! Lin Yi big bro had to send her home, or else she'd follow him wherever he went! Big brother, you can't leave little Qing alone!"

Wang shiqing's tears came as she said, and she even wiped her snot on Lin Yi's pants.

Lin Yi couldn't help but sigh.

"Alright, we'll send you home first, then I'll return to the Academy. Is that okay?"

Lin Yi didn't know what to do, but he really did say it. "Is your home far from Feiyang college?"

He hoped that it was on the way. He could use the Black-bellied little loli's teleportation talisman to go to the Wang family first. It could be considered a free ride.

"Not far, not far!"

Wang shiqing's tears turned into a smile as she achieved her goal. She quickly wiped her tears and snot on Lin Yi's pants and raised her head to reveal her signature innocent smile, "It's just a little further away from here to Feiyang college!"

Lin Yi put a hand to his forehead, telling himself to calm down and not hit the kid!

'Forget it, I'll settle the score with my brother after I get Wang Shiyang out of the illusionary mist space. I'll remember this for now!'

"Lin Yi bro, shall we go now?"

Wang shiqing was afraid that Lin Yi would change his mind and didn't let go of his leg. She took out a teleportation talisman.

"Let's go!"

Lin Yi nodded helplessly, consoling himself. The two-faced girl had a lot of teleportation talismans, and it wouldn't take long to send her back. He'd just need a few more when he got to house Wang, and it wouldn't be too late to go back to Feiyang school.

In this way, it didn't seem like he was at a loss.

With Lin Yi's permission, Wang shiqing activated the teleportation talisman with a smile on her face, and the two disappeared in a flash.

After a while, Lin Yi and Wang shiqing appeared in front of a villa. The villa was surrounded by clouds, and it was obviously built on the peak of a mountain, protected by a high-level formation.

"Lin Yi bro, this is Xiao Qing's home!"

Wang shiqing spread her arms and stood outside the gate of the villa with a proud expression."How is it? Isn't she beautiful?"

"Yes, very beautiful! As expected of a family of formations!"

Lin Yi praised from the bottom of his heart. Not only was this place rich in spiritual Qi and beautiful, but the surrounding defensive array was also very advanced. He wouldn't be able to understand it if the damn thing didn't make a sound.

"Lin Yi bro, let's go in! Xiao Qing will introduce you to your family. "

Wang shiqing had the awareness of a landlord and pulled Lin Yi into the villa enthusiastically.

"Miss Xiao Qing is back! I'll immediately go in and inform the head of the family!"

The two guards at the gate saw Wang shiqing and immediately greeted her with a smile. One of them immediately ran inside.

"Xiao Qing, you're home safely. I won't go in!"

Lin Yi didn't really like to socialize with people he wasn't familiar with, so he looked troubled. "In any case, we will have many opportunities to meet in the future, so I won't disturb your residence this time."

"How can you say that, Lin Yi bro? Since we're already at the door, if we don't go in, won't people say that our Wang family has no manners?"

Wang shiqing acted like an adult and tried to make Lin Yi stay, "Plus, Lin Yi big bro, you're my big bro's friend, and you even took the trouble to send me home. I should at least let my family express their gratitude!"

Lin Yi's mouth twitched ... It'd only been one or two minutes since you used the teleportation formation to come back, and I didn't even get to experience what the hell the hard work was, why didn't you say goodbye?

However, if you count the path in the forest, it was really tiring!

"Even so, I'm in a hurry to return to the Academy, in case the people in the Academy think that I've had an accident and cause some unnecessary trouble."

Lin Yi insisted on leaving, although he felt that it was a bit unreasonable to not enter the house, but the Wang family was obviously not as important as Shangguan LAN 'er.

"Alright, enough! Big brother Lin Yi, it won't take long to go in. Xiao Qing will give you some teleportation talismans later, and you'll be able to return to Feiyang college today!"

Wang shiqing continued to ask him to stay, and Lin Yi was moved.

If you wanted to give me a teleportation talisman, you should have said so earlier! This bro isn't an unreasonable person!

Lin Yi coughed lightly, thinking that it wouldn't take too much time to go in. He could also inform the Wang family about Wang Shiyang and see if they had a way to get him out of the illusion space in the South continent.

Wang shiqing didn't mention her brother at all, and Lin Yi didn't say anything either. After all, Wang shiqing's strength was limited, and even if she wanted to save him, she didn't have the ability to.

However, compared to Wang shiqing's pampering, Wang Shiyang really seemed like he was picked up from the streets. It was hard to say if the Wang family would send someone to save him ...

"Little Qing, why are you back? Come and let granduncle see if you've grown taller!"

Before Lin Yi could say anything, an old man in white with a long beard rushed out and opened his arms to Wang shiqing with a kind face, "I just came back from outside. I heard that you've arrived, so I came back to see you immediately. I think you've grown taller and more beautiful!"

"Hello, granduncle!"

Wang shiqing greeted the old man obediently, but didn't seem too friendly. She then turned to Lin Yi and introduced him, "Big brother Lin Yi, this is my family's third elder. He's also Xiao Qing's granduncle,"

"I'm Lin Yi from Feiyang school. Greetings, third elder!"

Lin Yi quickly cupped his fists in greeting. He was Wang Shiyang's elder, after all, and he had to show respect.

"A student from the Feiyang school. Hmm, he's young and promising. How rare!"

Third elder stroked his long beard and nodded at Lin Yi in greeting.

The Feiyang school was only a second-best school. If it was a higher-up, the elders of the Wang family would be more polite. However, it was just a junior. They didn't care.

"Granduncle, big brother Lin Yi's skills in formations are pretty good, even the heavenly array sect can't compare to him."

Wang shiqing suddenly squinted her eyes and smiled sweetly, which moved the third elder.

Chapter 6756 Cloud-Sky Formation

"Little Qing, mind your words!"

The sect was hidden in the mystic-class Sea area, and everyone had a tacit understanding not to mention it. Therefore, when Wang shiqing mentioned the heavenly spell formation sect, the third elder immediately gave her a serious reminder.

"Don't worry, granduncle, I'm not talking nonsense. If you don't believe me, you can try Lin Yi big bro's skills!"

Wang shiqing was like a child fighting for the face of the person she cared about. She turned to Lin Yi, "Lin Yi bro, do you think Xiao Qing is right?"

Lin Yi was a little speechless-he was just saying hi to the elder, why did the topic suddenly change to the heavenly array sect?

Shouldn't the next part of the script be Wang shiqing inviting him in, and then the Wang family would thank him and give him a lot of array talismans. Then he would take the array talismans and return to Feiyang college?

Speaking of the heavenly formation sect, Lin Yi knew that house Wang was related to the sect. That Wang chaozhi from The Pond of Reflection might be from house Wang. What happened to him after that?

Of course, this wasn't the time to worry about Wang chaozhi. Lin Yi really wanted to know what Wang shiqing was thinking.

Why did she have to put him and the heavenly formation sect together? with this Black-bellied girl's intelligence, she'd know that Lin Yi and the heavenly formation sect weren't on good terms after Qingshi town!

The third elder paused and looked at Wang shiqing, then at Lin Yi. He smiled, ""I'm starting to get interested now that you've put it this way, Lin Yi. You don't mind letting this old man have a look, do you?"

"Third elder, I'm flattered. I only know a thing or two about arrays. I don't even know the surface. How would I dare to show off in front of an expert?"

Lin Yi waved his hand to reject her. No matter what she wanted, Lin Yi's instinct told him that it was nothing good.

"Little friend, you're too humble! Xiaoqing, tell me, how can I let Grandpa see Lin Yi's skills in formations?"

The third elder stroked his long beard and looked at Wang shiqing.

From his understanding of Wang shiqing, third elder didn't think that this little girl was talking nonsense, so he was indirectly asking her what she wanted to do.

"Third Grandpa, I think we should let big brother Lin Yi take a look at our house Wang's cloud sky formation and let him have a taste of it. What do you think?"

Wang shiqing said with a smile and turned to Lin Yi. "Lin Yi big brother, my family's cloud sky formation is very interesting, it's different from other places" formations. You can study it, it might help you in your formation path. "

Lin Yi wanted to refuse, but his curiosity was piqued by Wang shiqing's words!

With this ghostly formation Grandmaster here, he really wasn't worried about falling into any formation.

It was just that Wang shiqing's behavior made Lin Yi feel that something was wrong. What was wrong?

The third elder's eyes lit up, and he nodded with a smile before Lin Yi could reply, ""Alright, since you're so full of yourself, then I'll have to see what he's made of in the array Dao!"

Before his voice had died away, a stack of talismans appeared in the hands of the third elder and Wang shiqing at the same time. With a wave of their hands, hundreds of talismans shot into the sky, turned into light spots, and disappeared into the clouds.

In an instant, the clouds and mist around the villa began to roll violently and quickly descended to the ground, completely enveloping the villa.

Lin Yi's strange feeling was getting clearer, but the Jade space didn't give him any warning, so he just thought it was strange.

Why did the third elder and Wang shiqing activate this so-called cloud-sky array without even saying a word to him?

"Little Qing, this formation is really powerful. I can't see anything clearly. Is this a maze?"

Lin Yi frowned. As he raised his voice, he extended his spirit sense out.

But the next moment, Lin Yi realized that his spirit sense was restricted!

The distance that he could extend was within the range of his naked eyes. As for the range of his vision, he couldn't even see his fingers!

"Little Qing?"

Lin Yi walked a few steps, but nothing changed. He didn't respond to Wang shiqing's call, either.

"Senior ghost, come out and take a look at this formation. Are you interested?"

Lin Yi had no choice but to call the ghostly thing out.

"Lin Yi, you're so troublesome. I've just found some clues, and you're here to disturb me again!"

The ghostly thing toot and then suddenly exclaimed, ""This is interesting. What kind of formation is this? This old man actually can't tell!"

"It's a formation from the talisman patrician Wang family, the cloud-sky formation! It's a formation that's activated or formed with formation talismans, completely different from the way we set up formations. "

Lin Yi guessed from what he'd seen.

"A formation made of talismans? Interesting!"

The strange thing began to explore the secrets of the cloud sky formation with great interest.

However, after the two people's spiritual awareness merged, the range that they could extend had only increased by two times. It went from being unable to see their fingers to being able to see their fingers, but it still did not help.

"The cloud sky formation should be a maze. Because it's a formation made up of formation talismans, our formation Dao methods are not suitable. It should be difficult to break it in a short time."

The ghostly thing immediately came to a conclusion. He was very interested in studying this kind of novel formation method, but it was a pity that it could not be completed in a day.

No matter what the Wang family wanted, they couldn't keep Lin Yi in the formation forever. They would probably let him leave the formation soon.

"Senior ghost, you can't break it either?"

Lin Yi exclaimed to himself.

A family of ancient formations was truly extraordinary. This damned thing's formation Dao was almost beyond the scope of a level nine formation, but he was actually helpless against the cloud sky formation!

"Let alone solving it, this old man can't even tell what level this cloud sky formation is. Simply put, this is basically a new formation path system that is completely different from our own."

The ghostly thing didn't hide anything, and there was nothing to be embarrassed about. "If you can trick Wang shiqing into telling me the basics of this formation, I'll be able to figure out its secret very quickly."

"With this kind of basic knowledge of array Dao, I can also figure out the profoundness within."

Lin Yi shook his head in disdain. He wasn't too interested in it.

Although the Wang clan's array Dao was a new technique, it first required the use of array talismans to set up the array, and this kind of array talismans couldn't be sold outside!

Unless Lin Yi could get a large number of formation talismans from house Wang, or he could become a talisman master and make this kind of formation.

These two things didn't seem to be simple!

"Xiao Qing, Wang shiqing, your family's cloud sky formation is very powerful. I can't break it. Take it!" He said.

Lin Yi didn't want to trouble the thing anymore since it couldn't do anything. He continued to shout for Wang shiqing to end the formation.

Chapter 6757 The Wang Family With Their Own Thoughts

Unfortunately, Lin Yi didn't get any response even after shouting his lungs out. Could it be that the cloud sky formation not only blocked divine sense and sight, but also sound?

That was indeed powerful!

Outside the cloud-sky formation, Wang shiqing and the third elder were coldly looking at the image of Lin Yi on a piece of Jade.

"Little Qing, why did you use the cloud sky formation to trap this kid? Isn't he your friend?"

The third elder stroked his beard and smiled. He asked with a kind expression, ""Did this kid offend you? I'll help you teach him a lesson?"

"Granduncle, you can't use the cloud sky formation lightly. You've already done a great favor by helping Xiaoqing."

Wang shiqing raised her head and smiled sweetly, but her eyes didn't show any affection. She pointed at Lin Yi on the Jade. "This person might be my brother's murderer, so I tried my best to trick him into coming home. I originally wanted him to enter the house before I took action, but he didn't really want to go in, so I could only use the cloud sky array to trap him!"

"This brat killed Shi Yang?"

The 3rd elder's hand tightened, and he didn't even notice that two strands of his beard had been pulled off. The killing intent on his body seemed to have materialized. "Can you be sure?"

Wang shiqing sneered to herself, thinking that third elder's acting skills were getting better.

"I'm not too sure, but I'm very confident!"

Wang shiqing's smile disappeared, and her face turned cold. "This person's escape techniques are very impressive, and his strength is also very strong. He can challenge those of a higher cultivation level, so Xiao Qing did not dare to be careless and directly used the cloud sky formation to trap the enemy. It's a good thing that great uncle understands me."

"I've watched you grow up. Of course I know what you mean."

The third elder's killing intent relaxed a little as he stared coldly at Lin Yi on the Jade, "Xiao Qing, how do you know that this person is related to Shi Yang's disappearance?"

"Big brother left the Academy to search for the spirit fire of heaven and earth. This person has a yellow level Spirit fire of heaven and earth. Other than that, he's also very familiar with the array talismans that only direct descendants of the Wang clan can use. He also admitted that he had used our array talismans before."

"As expected, it's related to Shi Yang! What did he say?"

The third elder's eyes flickered when he heard that Lin Yi had the heaven and earth Spirit Fire. He immediately confirmed Lin Yi's suspicion, ""Are you going to deny that you killed Shi Yang? Or should I just say that I don't know Shiyang?"

"No, Lin Yi admitted that he knows my brother, and he said that he's my brother's good friend. It's just that my brother's stuck in a place and he's trying to save him."

Wang shiqing curled her lips in disdain, obviously thinking that Lin Yi was talking nonsense, "Granduncle, do you believe in this nonsense? Xiao Qing doesn't believe a single word!"

"That's right, this is a complete quibble! This person must've seen the power of the heaven and earth Spirit Fire that Shiyang found, so he must've killed them in a fit of jealousy and then made up some lies to deceive our family. "

The third elder sneered and then changed the topic, ""By the way, what's the heaven and earth Spirit Fire that he stole from Shi Yang?"

"It's a type of flame that combines the cold and the scorching heat. He called it the icy flame, and it's indeed very powerful. "

Wang shiqing thought about Lin Yi's icy blaze fire and felt that her brother died a really unfortunate death. With such a powerful fire in her hands, she would definitely become a powerful talisman master in the future!

"Icy blaze fire? Interesting!"

The third elder revealed a faint smile and nodded slightly. "A flame with complex attributes is much stronger than a flame with only one attribute. If our family can obtain such a flame, we will definitely have a powerful talisman master!"

Wang shiqing's eyes turned cold. Shouldn't she be focusing on her brother, Wang Shiyang? No matter how good the icy blaze fire was, could it be compared to Wang Shiyang?

However, Wang shiqing didn't show her dissatisfaction. She had never been close to this third elder, and there were even some disputes between them, so they were only friends on the surface.

"Granduncle, what should we do next?"

Wang shiqing squinted her eyes and smiled. The cloud-sky array needed at least two people to activate, which was why she hinted at the third elder to work with her.

In order to deal with the people in the array, at least three people were needed to control it together. Wang shiqing's intention was to let the third elder take over, and she would no longer ask about it.

The little girl wanted to leave temporarily.

She was sure that Lin Yi was Wang Shiyang's murderer, but she couldn't deny that Lin Yi had always treated Wang shiqing well. In addition to the months they spent together, they had developed some feelings for each other. She didn't want to interfere with Lin Yi's interrogation.

"Xiao Qing, it's rare for you to come back. Go and rest first. Granduncle will put this kid in the secret prison first, and then decide on the rules at the family meeting and see what to do."

The third elder paused for a moment before continuing with a smile, ""Your father and the second elder are also here. Let us handle this."

A middle-aged man and an old man in white appeared at the entrance of the villa. Wang shiqing immediately greeted them with a smile.

"Good day, father, second Grandpa! Xiao Qing is back to see you. "

This time, Wang shiqing's attitude was obviously much better than before, and third elder's mouth twitched unnoticeably.

"Xiao Qing, what happened? Why did you use the cloud sky formation?"

The middle-aged man was Wang shiqing's father, Wang dingtian, the current master of the Wang family!

He had been disturbed by the cloud sky array, so he had come out to check. Otherwise, a little girl wouldn't have made him, as her father, come out to welcome her personally.

"Master, it's a long story. Let's first transfer the kid in the formation to the secret prison, and then we'll have a family meeting to discuss it."

The third elder cupped his hands to Wang dingtian, indicating that the gate of the villa was not a good place to talk.

"Father, my brother might have been killed. The murderer might be the man in the cloud sky array. That's why Xiao Qing brought him back, hoping to find out the truth."

Wang shiqing ignored the third elder and pulled Wang dingtian's hand to explain Lin Yi's situation.

Wang dingtian shook his head with a smile. All the direct descendants of the Wang family had their Natal talismans left in the family. Of course, he knew whether Wang Shiyang was dead or not. However, Wang Shiyang's Natal talismans were indeed a little strange recently. The color had become a little gray.

This wasn't a sign of death, but rather, it seemed like he couldn't sense it.

"Clan head, Xiaoqing said that the kid killed Shiyang for a heaven and earth Spirit Fire. A yellow grade flame with both Ice and Fire attributes is indeed worth it for him to attack Shiyang!"

The third elder suddenly said while looking at Wang dingtian with a meaningful look.

Wang dingtian's expression changed slightly. He raised his hand to stroke Wang shiqing's head and forced a smile, ""Xiao Qing, you've done a good job. Don't worry, I'll definitely find out how your brother is."

After saying that, the second elder and third elder knew what to do without his instructions. The three of them took out an array talisman at the same time and sent it into the cloud.

The clouds and mist at the entrance started spinning like a vortex. Lin Yi, who was in the cloud-sky formation, felt that something was wrong. He started spinning with the clouds and mist.

#### Chapter 6758 Trapped

After a while, the spinning stopped, and Lin Yi realized that he wasn't at the entrance anymore. He was in a small room.

The room was only six or seven square meters in size, with no windows or doors, and no light coming in. Lin Yi's eyes couldn't see anything, and he could only rely on his spirit sense to confirm his surroundings.

However, the range that his spiritual sense could extend to was only six to seven square meters of space. He didn't know what the wall was made of, but his spiritual sense couldn't penetrate it at all.

Other than that, Lin Yi realized that his Qi was a little stagnant as well, almost sealed in his dantian. In other words, if someone else was locked in here, they wouldn't be able to use their Qi. Only Lin Yi's heaven's fortune battle tactics could retain a bit of Qi.

At this point, Lin Yi naturally knew that he'd fallen into the trap. If this was just a joke, it'd be too much!

It seemed like Wang shiqing, the two-faced loli, still thought that Wang Shiyang had been harmed by him!

Lin Yi sighed softly, roughly guessing what had happened. No wonder the Black-bellied girl wanted him to send her home-she was waiting for him here!

Lin Yi didn't think too much of it after thinking it through-Wang Shiyang was still alive, after all, and things could be explained. House Wang wouldn't go to the trouble of locking him up if they wanted him dead.

Lin Yi walked to the wall and knocked on it, using his Qi to test it out. He didn't expect it to disappear as soon as it left his skin.

It was clear that there was some sort of energy absorption power in the room, and Lin Yi couldn't even make super alchemy fire bombs with brute force.

Lin Yi shrugged. Since he was at his wit's end, he decided to just sit down cross-legged and start practicing quietly, waiting for Wang shiqing to show herself.

On the other side, the Wang family's family meeting was having a small discussion.

In addition to Wang dingtian, the family master, there were also the second elder, the third elder, and the first elder who had just received the news.

Wang shiqing didn't go to rest. She wasn't qualified to attend the meeting before, but she made an exception to attend as an insider.

"That's what happened. Does everyone understand?"

Wang dingtian looked calm. After Wang shiqing finished, he glanced at the three elders and said, ""What should we do next, elders, please tell us."

In fact, there were more than three elders of the Wang family. Some of the core members of the Wang family who were of the same generation as Wang dingtian could also attend, but only the most important ones were gathered today.

"Xiao Qing did a good job this time!"

First elder coughed lightly and praised Wang shiqing. Then, he said seriously, "Since we've already caught that person, we must first clarify two things! The first is Shi Yang's whereabouts, and the second is the heaven and earth Spirit Fire in this person's hands!"

Wang dingtian answered noncommittally. He would do it even if he didn't say it.

"There's no problem with what the first elder said. However, this person is a student of the Feiyang Academy. If the news is leaked, I'm afraid there will be some trouble!"

The second elder continued. They didn't torture Lin Yi right away because they were worried about the Feiyang school behind him.

If it was just a normal student, the school probably wouldn't care too much, but Lin Yi was said to be the genius of the current batch, with extraordinary strength and endless potential. They probably treated him like a treasure.

Although the Wang family wasn't afraid of the Feiyang college, they didn't want to offend them too much because there was no need to!

Unless Wang Shiyang was really killed by Lin Yi, which everyone except for Wang shiqing knew was impossible.

Wang Shiyang wasn't dead yet, so where did the murderer come from?

"What's there to be afraid of? I don't think Feiyang school would dare to fight us head-on. It's actually very simple-we just need to prove that Lin Yi killed Shiyang, and then it'll be house Wang's turn to cause trouble for Feiyang school!"

The third elder snorted, expressing his dissatisfaction with the other two's overcautious attitude. "How about this, I'll go interrogate Lin Yi now, you guys wait for my results."

They wanted to confirm Lin Yi's crime first, and it didn't matter anymore!

"Third elder, please calm down. Xiao Qing has already repeated what Lin Yi said. It's not impossible that Shiyang was lost in the illusionary mist space in the South continent."

Wang dingtian waved his hand. He knew that Lin Yi was telling the truth. Wang Shiyang's Natal talisman wasn't broken, but it was a bit dark, which fit Lin Yi's description.

"Actually, it's very easy to prove whether Lin Yi's words are true or not-we just need him to tell us where he got the fire of heaven and earth. Little Qing said that he probably took it from Shiyang, and I think that's very possible."

The third elder stroked his beard and smiled, but a trace of impatience flashed in his eyes. "'I'll say the same thing again. Leave this matter to me. Wait for my news. "

He was hinting to Wang dingtian and the others that their target was the spiritual fire of heaven and earth, and other things were not important!

Wang shiqing sat on the side in silence. She felt a little impatient as she watched the top four of the Wang family Talk back and forth.

It was a waste of time!

After a while, the four of them came to an agreement that Wang shiqing would be the one to get to the bottom of Lin Yi's fire.

Wang shiqing was speechless. After half a day of discussion, this was the result?

But it was better than nothing, and she didn't mind asking Lin Yi.

What she didn't know was that the four wanted to buy some time and send someone to investigate Lin Yi's situation at Feiyang school before deciding on their next move.

After leaving the meeting room, Wang shiqing quickly arrived at the dark prison and lit up Lin Yi's space with a formation.

"Big brother Lin Yi, it looks like you're used to this place!"

Wang shiqing said with a smile, not feeling guilty at all for trapping Lin Yi.

Lin Yi opened his eyes and saw that the wall in front of him had turned transparent, and Wang shiqing was talking on the other side of the wall.

"Wang shiqing, is this how your Wang family treats its guests? A family of ancient talismans is truly different!"

Lin Yi's lips curled into a teasing smile as he stood up slowly. "So, what do you want? If you're asking about Wang Shiyang, I'll say the same thing. He's in the illusion fog space of the South continent, and I'll find a way to save him. It'll be better if your family has the ability to save him. "

"Let's put aside my brother's matter for now. Tell me, where did you get the heaven and earth spiritual fire in your hands? Tell me the truth! Is it my brother 's?"

Wang shiqing straightened her face and stared at Lin Yi with a sharp gaze. The Black-bellied girl was getting angry, probably because Wang Shiyang was involved.

"Have you heard about the great academies and the great clans joining hands to find the spiritual fire of heaven and earth? I got the icy blaze fire there. "

Lin Yi's mouth twitched. Wang shiqing didn't have the chance to find the fire, but she should have at least gotten some information with her status. Why did she still say it was Wang Shiyang's fire ...

Chapter 6759 The Truth Of The Investigation

"It seems to be the case, but I don't know the details. You said that you got the heaven and earth spiritual fire at that time? Is it the heaven and earth Spirit Fire that all the major Academies and aristocratic families want to fight for?"

Was he digging a hole to bury someone?

It didn't matter if Lin Yi got the fire or not-he'd become a target if people outside heard him. He did have the fire, but he couldn't let anyone know!

"You're thinking too much, I was just lucky enough to obtain an accompanying Spirit Fire Crystal, the icy blaze fire is a flame produced from an accompanying Spirit Fire Crystal. "

Lin Yi looked at Wang shiqing calmly. He was telling the truth, a part of the truth!

For example, the ice flame nether Lotus flame, the accompanying Spirit Fire crystals, and so on.

"The reason why I appeared in bluestone town was because I was accidentally sucked into the dimensional gateway when I was fighting for the accompanying life fire Crystal."

This wasn't a lie, it was basically like this ...

"Is that so?"

Wang shiqing looked at Lin Yi suspiciously. She didn't believe it, but it felt real, "I'll investigate this. Lin Yi big brother, can you tell me honestly, is my brother really still alive?"

"Of course! Wang Shiyang is currently in the illusionary mist space of the South continent. There's an ancient beast in there, and the illusionary mist space is its cage!"

Lin Yi nodded. He believed that the frog wouldn't kill Wang Shiyang so easily, "Don't worry, your brother will be fine. The beast of antiquity in the illusionary mist space wants to leave its cage. In order to force me out to work for it, it kept your brother as a hostage, so you don't have to worry about his safety. "

Wang shiqing frowned. Lin Yi had said something similar before, but she didn't believe him at all. However, it sounded different this time.

Was it because they had gone through thick and thin together in the abandoned land, and were now exploring the forest together?

"Big brother Lin Yi, your icy blaze fire is very powerful, our family wants to study it, can you give it to us? Of course, we will pay an equal price. "

Wang shiqing changed the topic and talked about the icy blaze instead of Wang Shiyang.

Although his words were pleasant to hear, in reality, the Wang clan had taken a fancy to the icy blaze fire and wanted to snatch it!

If Lin Yi didn't agree, he wouldn't be able to leave the dark prison.

Lin Yi might be doing nothing in there right now, but if the Wang family wanted to take care of him, there would definitely be other mechanisms activated. Lin Yi knew this.

"Xiao Qing, you should know that the spiritual fire of heaven and earth can't be used casually. It must be integrated with one's own soul in order to control it with one's divine sense. If I want to separate the icy flame, it will cause great damage to my soul."

Lin Yi looked at Wang shiqing indifferently. He knew that if the Wang family really wanted the icy blaze fire, they wouldn't care about his life or death.

In fact, since there was the ice flame serene lotus fire in the Jade space, there would naturally be accompanying Spirit Fire crystals!

With Lin Yi's friendship with Wang Shiyang, and the fact that he'd been exploring with Wang shiqing for a while, it wouldn't be a problem for him to give them one or two if the Wang family wanted them.

It was a pity that using this method to force Lin Yi to hand over the icy blaze fire would only have the opposite effect!

"Lin Yi big brother, it's clear who's more important between you and the icy flame. I'm just a Messenger, it's up to you to decide."

When Wang shiqing was sure that Lin Yi was the murderer, she didn't think it was a problem to deal with him, but she didn't speak as aggressively as she did now.

After all, Wang shiqing and Lin Yi had been together for quite some time.

"You mean if I hand over the icy blaze fire, you'll let me go?"

Lin Yi's eyes were filled with mockery. He didn't think that house Wang would let him go after getting the icy blaze fire by force, "Little Qing, if you really want to make a deal, you should at least show some sincerity and let me out to talk, right?"

"Big brother Lin Yi, if you're telling the truth, I'll do as you wish."

Wang shiqing smiled and waved her hand at Lin Yi. "Don't worry. You can think about it first. Xiao Qing will come to you later."

With that, the wall in front of Lin Yi returned to its original pitch-black state, and the light in the room disappeared as well.

Wang shiqing went to the meeting room to report the situation and suggested that they not touch Lin Yi yet, but ask about the fire first.

Wang dingtian and the others were interested in Lin Yi's background from the start, so they agreed to Wang shiqing's suggestion.

In fact, there were people from house Wang who were involved in the search for the fire, and everyone knew that Lin Yi might be telling the truth.

The Alliance of Academies was not the only one who participated in the search for the heaven and earth Spirit Fire. The aristocratic families had also sent people in!

As a clan of ancient talismans, the Wang family would naturally not be left out.

Unfortunately, there was an accident during that operation, and almost all the people who entered were annihilated. Until now, no one had been heard of coming out.

If Lin Yi was really involved, Wang dingtian and the others would never let him go so easily!

Since no one survived, everyone wanted to know what had happened during the search for the spiritual fire of heaven and earth. More importantly, where was the spiritual fire of heaven and earth?

The Wangs started a secret and detailed investigation, and as for Lin Yi, he was left in the prison for the time being. Two months went by in a flash.

One day, Wang shiqing finally gathered all the information she had and confirmed that Lin Yi was involved in the search for the fire. It was most likely Feiyang college who sent him!

After that, Lin Yi was the only genius who went missing.

However, there was no news of Lin Yi after that. Perhaps he really was teleported to somewhere near Qingshi town. Otherwise, it was hard to explain why Lin Yi would get into a conflict with the heavenly array sect at that time.

On the other hand, Wang dingtian and the others had also gotten a clear understanding of Lin Yi's background. Those North Island disciple, Fuma of the West Island, owner of the middle Island heavenly elixir Pavilion, and so on were not worth mentioning to the Wang family!

Who would care about those things in the mystic class sea?

The title of the best genius in the new class wasn't bad, but ever since Lin Yi joined the fire of heaven and earth, the school seemed to think that he had fallen!

With that, the Wang family could basically do whatever they wanted without any scruples!

In the same meeting room, Wang shiqing was reporting what she had found.

"Father, it's confirmed that Lin Yi participated in the fire of heaven and earth! Xiao Qing asked him about it before, and he told me that his icy blaze fire is the accompanying Spirit Fire Crystal of the heaven and earth Spirit Fire. It's said that in order to obtain this accompanying Spirit Fire Crystal, he almost lost his life. In the end, he was lucky enough to be teleported to the vicinity of the heavenly spell formation sect, and I met him there. "

Chapter 6760 Scheming For The Icy Blaze Fire

Wang shiqing believed Lin Yi's words now. She suspected that Lin Yi killed Wang Shiyang because of the fire,""It shouldn't be wrong, so maybe Lin Yi really didn't kill my brother ..."

Lin Yi had never used the icy flame before he went to look for the fire. The people of the Feiyang school could prove that Lin Yi had always used the refinement fire.

At this point, Wang shiqing started to regret her actions. She regretted being so stubborn and getting Lin Yi into trouble!

"Xiao Qing, you're saying that Lin Yi might be telling the truth and that your brother didn't die, but was trapped in the illusion fog space in the South continent?"

Wang dingtian thought to himself,"silly girl, we knew that your brother was not dead, but we didn't tell you.""In that case, he's your brother's friend. Isn't it inappropriate to keep him here?"

"Head, you're a little too assertive-we can't let Lin Yi go before we can confirm what's going on!"

The third elder's face was cold and he immediately interrupted,""The search for the heaven and earth Spirit Fire came to an end. No one knows where the fire is, and no one knows if the people inside are all dead. We can only find Lin Yi for answers to these questions!"

"Third elder, are you saying that Lin Yi might have gotten the real spirit Fire?"

The second elder shook his head with a smile, "that's impossible. A real heaven and earth Spirit Fire isn't something a kid like Lin Yi can control. However, he was able to get the icy blaze fire. He might have seen that heaven and earth Spirit Fire before."

"That's right, so we can't let this Lin Yi go. Other than getting his icy blaze fire, we need to find a way to get the location of the true heaven and earth Spirit Fire from him!"

The third elder's eyes lit up. If the icy blaze fire could allow the Wang family to produce a powerful talisman master, then it would be even more amazing if they could obtain the true spiritual fire of heaven and earth!

"Father, elders, Lin Yi's icy blaze fire has already fused with his spirit sense. Forcefully removing it will cause him great harm. He probably won't agree to hand over the icy blaze fire."

Wang shiqing's mind was in a mess, and the scheming little loli was in a difficult position. "If he agrees to trade the icy blaze fire, can we let him go?"

On one side was his friends, on the other side was his family, he was really in a difficult position!

"Xiao Qing, you're too naïve. If Lin Yi hands over the icy blaze fire, he'll become the enemy of house Wang. We can't let him go."

The third elder laughed coldly, his face revealing a ruthless expression. "We have to get the icy blaze fire. Since we've already offended Lin Yi, we don't have to worry about it anymore. We'll extract the icy blaze fire by force and interrogate him to get the information about the spiritual fire."

After a short pause, the third elder glanced at Wang dingtian and Wang shiqing and said slowly, ""Of course, we'll have to make him explain everything about the South continent's illusionary mist space. Perhaps we'll still have a chance to rescue Shiyang."

Is saving my brother that unimportant? It sounded like it was done in passing, and he didn't care at all!

Wang shiqing cursed in her heart, but she didn't say it out loud. She only looked up at her father.

"This matter can not be rushed ..."

Wang dingtian hesitated and turned to Wang shiqing, ""Xiao Qing, you should go and find out more about your brother, and see if Lin Yi is willing to hand over the icy blaze fire. After all, there's a big difference between him handing it over voluntarily and forcefully taking it away!"

The damage and pain from forcefully stripping away the flame was several times or even dozens of times greater than actively stripping away the flame. Moreover, the flame would also be damaged, and it might even become crippled!

If Lin Yi could hand it over, it would be good for both of them.

As for whether Wang dingtian was doing this for Lin Yi or for the icy blaze fire, no one knew.

"I understand!"

Wang shiqing lowered her eyes and turned around to leave. "Then, I'll go and persuade him."

"Qing, you don't have to be so polite with Lin Yi. If he doesn't want to cooperate, just punish him. If you can't bear to, I can do it for you."

The third elder sneered behind Wang shiqing, as if he couldn't wait for her to be defeated so that he could take over.

"Don't worry, granduncle. I know what to do. "

Wang shiqing didn't turn around. She replied coldly and left the meeting room quickly.

The light returned to the dark cell, and Lin Yi raised his head to look at the transparent wall. He stood up calmly.

"Lin Yi bro, what do you think?"

Wang shiqing's eyes met with Lin Yi's and she felt guilty. She couldn't help but look away, "Uh, there's no hurry. Can you tell Xiaoqing about my brother first?"

Compared to the icy blaze and the unknown heaven and earth Spirit Fire, Wang shiqing was more concerned about her brother, Wang Shiyang. If the third elder came, Wang Shiyang would probably be the last one to be mentioned.

If Lin Yi knew about this, he'd probably go ask Wang Shiyang if he was an adopted child. Otherwise, why would the son of the head of the house have such a low status?

In terms of talent, Wang Shiyang was definitely considered a genius. He was already in his early cultivation stage at such a young age. If he wasn't a good-for-nothing young master, there was no reason for him to be invisible under normal circumstances.

"I'll tell you if you want to hear it. "

Lin Yi smiled faintly and walked to the wall, facing Wang shiqing."At that time, I was a captive of the spirit beasts in the South continent ..."

In fact, Lin Yi and Wang Shiyang hadn't known each other for a long time. If it weren't for Wang Shiyang's loyalty at the last moment, Lin Yi wouldn't have gotten so close to him.

She briefly explained how they met and got separated, and Wang shiqing didn't say a word. She just listened quietly.

"I see, big brother Lin Yi and my brother are good friends!"

Wang shiqing nodded as if she was concluding Lin Yi's story, "In other words, there's no fixed location for the entrance and exit of the illusionary mist space, and I'll need the help of the ancient beast inside to enter?"

"That's almost what it means!"

Lin Yi nodded. The big Frog was the master of the illusionary mist space now. If it wasn't for the void chains, the illusionary mist space wouldn't be able to trap it.

Wang shiqing furrowed her brows, feeling even more conflicted.

Lin Yi's words didn't sound fake. Without Lin Yi's help, Wang Shiyang would have no hope of leaving the illusion fog space.

Although Wang Shiyang wasn't valued by her family, Wang shiqing still liked this big brother of hers. She was starting to regret imprisoning Lin Yi in a rush.

It's hard to stop riding a Tiger!

"Lin Yi big bro, do you have the confidence to save my big bro?"

If Lin Yi was confident, Wang shiqing would try her best to get Lin Yi to leave house Wang. No matter what, she had to find a way to help her brother.
