Chapter 6761 The Regretful Little Loli

"There's already some progress. If everything goes smoothly, there shouldn't be any problems. "

Lin Yi nodded. He wasn't bluffing-as long as he could find all the chains, the frog would be able to escape."You want to let me go so that you can save your brother?"

"Lin Yi big brother, give me the icy blaze fire, and I promise I'll find a way to let you go."

Wang shiqing gritted her teeth and made her promise."Also, do you know where the spiritual fire of heaven and earth is? To be able to obtain the accompanying Spirit Fire Crystal that gave birth to the icy blaze fire, don't tell me you've never seen that heaven and earth Spirit Fire. "

Lin Yi's icy blaze fire was only a flame born from the accompanying Spirit Fire Crystal. It was impossible for Lin Yi to tame a real heaven and earth Spirit Fire, so Wang shiqing didn't suspect that Lin Yi had a real heaven and earth Spirit Fire.

After all, the storage bag couldn't contain the fire, and Wang shiqing didn't know that Lin Yi had the Jade space.

"I've really seen a heaven and earth spiritual fire before. "

Lin Yi smiled playfully and nodded, "At that time, the heaven and earth spiritual fire was teleported to the vicinity of the heavenly spell formation sect with me. You know, this spiritual creature can run on its own. I can't control where it wants to stay."

He was right, but Lin Yi didn't say that the fire was in his Jade space. From Wang shiqing's perspective, it meant that the fire was still near the heavenly formation sect.

Lin Yi was telling the truth, and it didn't matter how others interpreted it.

"Little Qing, if I give you the icy blaze fire, will you really let me go?"

Lin Yi still wanted to get back to Feiyang school as soon as possible. It didn't matter if house Wang wanted the icy blaze fire, as long as they didn't bother him, ""As long as you say yes, I'll give it to you!"

He couldn't even use the Wang family's teleportation formation in this small room-he had to rely on Wang shiqing if he wanted to leave.

Lin Yi wasn't too angry at the two-faced girl for setting him up. After all, Wang shiqing was doing it for Wang Shiyang's sake.

"Lin Yi big bro, I don't want to lie to you, but it'll be hard for you to leave."

"But I'll think of a way," Wang shiqing said,"as long as I have the icy blaze fire, things will turn for the better." Wait a moment, I'll leave for a moment. "

With that, Wang shiqing didn't care about Lin Yi anymore and ran out.

Her heart softened-since Lin Yi was willing to hand over the icy blaze fire, she wanted to discuss the possibility of letting him go.

At the door of the family meeting room.

"Master, Xiao Qing has been gone for so long and hasn't returned. I'm worried that she's in danger. Why don't you let this old man go and take a look personally?"

The third elder looked at Wang dingtian impatiently.

"Don't be impatient, I know what I'm doing!"

Wang dingtian waved his hand indifferently."She must be here to ask about Shiyang's whereabouts. It's normal for her to be a little slow."

"Clan head, Shi Yang's life formation talisman didn't shatter, which proves that he didn't die!"

"Even if we don't know his whereabouts, we can ask our ancestor to use the thousand-mile tracking talisman to locate him!" The third elder said.

It seemed like the third elder wasn't ignoring Wang Shiyang, but the Wang family still had a trump card.

At the door, Wang shiqing stood there in a daze.

Brother really didn't die?

His father and the three elders all knew that he wasn't dead?

Wouldn't she be making a huge mistake and getting Lin Yi into trouble?

So Lin Yi was telling the truth-he really was her brother's best friend.

At this moment, Wang shiqing was very sad. She was really Black-bellied and confused at this moment. She actually mistook a good person for a bad one!

Taking a deep breath, Wang shiqing knew that since her father and the three elders wanted to hide it, it wouldn't help even if she went in and exposed it. On the contrary, it might anger her father and make him not interfere in the future.

"Father, Xiao Qing is back!"

Wang shiqing deliberately stomped a few times on the spot before running into the meeting room, shouting, "I've asked, Lin Yi big brother should be able to help save my brother, and he's very close to my brother. He was planning to give the heavenly flame to my brother ..."

With that, Wang shiqing displayed her two-faced ability to make up stories again, describing Lin Yi and Wang Shiyang as brothers of the opposite sex who hit it off at first sight. Wang Shiyang was loyal enough to give the chance to leave to Lin Yi, and after Lin Yi got the heavenly flame, naturally, the first thing he thought of was to give it to Wang Shiyang as a reward.

Unfortunately, the few elders were expressionless after hearing it.

"Little Qing, this is the decision of the elders. Even if what you said is true, we have locked Lin Yi up. Once he gets out, the Feiyang school will know about this and there will be a Rift between us and house Wang!"

Wang dingtian waved his hand, "let's stick to the original plan. To save Wang Shiyang, we can bring Lin Yi to the South continent. As for the icy fire, house Wang must get it!"

Although it was a flame derived from the accompanying Spirit Fire Crystal, the icy Blaze Flame had clearly stepped into the yellow level, and also entered the category of the spirit fire of heaven and earth.

A precious flame like this was extremely important to the Wang family, and they couldn't let it go. Naturally, Lin Yi couldn't let it go.

Wang dingtian didn't believe the lie that he wanted to give it to Wang Shiyang. If he wanted to give it to Wang shiqing, why didn't he?

"Lin Yi big brother, you should just hand over the icy blaze fire. If you take it away by force, it'll hurt you more."

Wang shiqing went back to the prison and tried to persuade Lin Yi, "As long as you hand over the icy flame, they won't continue to attack you. Although you can't leave for the time being, I promise you that I will let you go when I have the chance."

"Wang shiqing, you're the one who lured me here and imprisoned me. You're also the one who said that you'll help me leave. How can I believe you?"

Lin Yi's face was cold, his impression of house Wang was pretty bad, "Since you want to forcibly strip away my icy blaze, then try it!"

"Lin Yi big brother, I misunderstood you before. It's too late to regret it now. Please believe me one more time."

Wang shiqing raised her head and looked at Lin Yi, her big eyes watery, "Hand over the icy flame, and Xiao Qing will compensate you with other things. The most important thing now is for you to take care of yourself."

Lin Yi looked at her coldly, unable to tell if the two-faced girl was telling the truth or not.

Wang shiqing gritted her teeth and stepped forward. She passed through the transparent wall and entered the small room.

"Lin Yi bro, to show my sincerity, it's better if we talk face to face!"

Wang shiqing reached out to Lin Yi, telling him to sit down first.

"Aren't you afraid that I'll kill you to vent my anger?"

Lin Yi shook his head and looked at Wang shiqing with a strange look, "Or do you think that I'm not a threat to you at all because I'm in your family's cage and my strength is sealed?"

Chapter 6762 Sorry To You

In fact, Lin Yi's spirit sense could still be extended in this small space, so it wasn't a big problem to use spirit sense attacks. Although his Qi couldn't leave his body, he could still circulate it.

He didn't need to use any skills, and with his strong body and pure Qi, killing Wang shiqing was a piece of cake.

"Lin Yi bro, this is my sincerity!"

Wang shiqing looked at Lin Yi with a serious face, "If you really want to kill me, I won't blame you. If it's possible, I'd like you to use me as a hostage to escape from this place. Unfortunately, this won't work."

She didn't say why it wouldn't work, but Lin Yi was sure that she wasn't lying.

After seeing the cloud sky formation and this prison, Lin Yi knew how deep the foundations of the ancient talisman families were. There must be more unknown methods in their base.

"You can't let me go. What else do we have to talk about?"

Lin Yi shrugged, looking relaxed on the surface, but he was troubled inside. "Wang shiqing, what are you thinking?"

Wang shiqing didn't even know what she was thinking, but she was conflicted.

In the end, no matter how mature she was, she was still a child!

"Lin Yi big brother, if you hand over the icy blaze fire, I'll do anything to protect you. I'll find a chance to let you out after a while, but if you don't, the third elder will come and deal with you in my place."

Wang shiqing sighed softly, her expression was one of melancholy that Lin Yi had never seen before, "If the third elder comes, not only will he forcefully extract the fire, he'll also do something to hurt Lin Yi big brother. I don't want to see that happen."

"You tricked me into coming here, so you should know what will happen. It's meaningless to talk about this now!"

Lin Yi didn't know if he should trust her.

"Lin Yi big bro, I've already said that I misunderstood you. We've sealed it, and you'll keep your promise and send me home. I'll take full responsibility for you!"

Wang shiqing's face was filled with determination as she spoke, and Lin Yi couldn't help but want to believe her again.

"If that's the case ... Do you think your family will continue to imprison me after I hand over the icy blaze fire and become a Living Dead without any consciousness?"

Lin Yi's godlike words stunned Wang shiqing for a while.

"Lin Yi big brother, even if you hand over the icy blaze fire, you won't become a Living Dead without feeling anything, right?"

Wang shiqing looked hesitant. She hadn't heard of this before. "But ... If you don't take it out yourself, third elder will definitely strip you of your icy Blaze Flame ... That's why ..."

"I'm saying that if I become like that, your family won't care about me anymore, right?"

Lin Yi wanted to explain, but he found it funny himself.

If he really became a Living Dead man, the Wang family would either kill him directly or lock him up. They couldn't just throw him out.

"Maybe, but you've become like that. Even if I let you go, you won't be able to leave."

Wang shiqing had also thought of this, but she was a smart person, so she immediately understood. "Lin Yi big bro, you mean you can control yourself and turn into that state?"

"That's right. Little Qing, if you really want to let me go, I can give you a piece of icy flame, but you have to ensure the safety of my physical body. "

Lin Yi decided to trust Wang shiqing one more time. He didn't trust the two-faced little girl, and he was sure that he'd never be able to leave house Wang, "If I become a Living Dead, it would be best if you can send me back to the Feiyang college. If not, you must protect my body and not let me get hurt!"

"No problem!"

Wang shiqing nodded and patted her chest. "Lin Yi bro, as long as you have the icy flame, I'll guarantee your safety. If there's a chance, I'll send your body back to Feiyang school!"

Then, Wang shiqing stuck out her right hand and raised her little finger. "Come! Let's make a pinky promise again!"

Lin Yi didn't know what to say.

Last time, it was this pinky swear that pulled him into the gutter. Again?

Lin Yi, who was already traumatized, was actually very resistant to this action, but seeing how serious and formal Wang shiqing was, he couldn't say no.

Anyway, he decided to trust the Black-bellied loli one more time, so let him do it!

"Alright, let's pinky swear! I will never go back on my word!"

Lin Yi laughed dryly as he hooked his pinky with hers and gave her a thumbs up. "Stamp another seal!"

After the sacred ceremony, Wang shiqing was very happy, and a sweet smile appeared on her face.

But Lin Yi didn't really like her smile-the sweeter the Black-bellied girl's smile was, the more she calculated!

"Big brother Lin Yi, are you really giving the icy blaze fire to Xiao Qing? How much damage would it cause you?"

Wang shiqing asked out of concern. Then, she felt that it was a bit pretentious, so she quickly explained, "I'm just concerned about Lin Yi bro's health ..."

It didn't seem right no matter how she explained it. After all, it was Wang shiqing who forced Lin Yi to hand over the icy blaze fire. She couldn't help but feel a little awkward and didn't know what to say.

"Ha ... Actually, I didn't really want to give you my icy blaze ..."

Lin Yi smiled faintly and took out an ice-colored crystal for her. "I obtained two accompanying Spirit Fire crystals at that time. I'll give you the extra one!"

Wang shiqing's mouth was wide open as she looked at Lin Yi in shock. This was the turning point she didn't expect. Who knew that Lin Yi would get two of such precious crystals?

With Wang shiqing's understanding of Lin Yi, if she had asked about the whole thing in the forest and asked for the icy blaze fire, Lin Yi would most likely have given it to her directly.

It was a pity that Wang shiqing didn't mention anything about the fire to avoid Lin Yi's suspicion. She didn't want to be a bad person after all the trouble she caused!

"Lin Yi bro ... I'm sorry!"

Wang shiqing didn't take the crystals immediately but lowered her head and apologized to Lin Yi, "If it wasn't for little Qing being too willful, this wouldn't have happened at all!"

"Alright! Let's not talk about the past, you should quickly take the accompanying Spirit Fire Crystal and give birth to the icy blaze fire as soon as possible, otherwise our plan can't be carried out. "

Lin Yi pushed the crystal into Wang shiqing's hand and urged her to move.

Chapter 6763 The Way To Leave

Wang shiqing knew that time was of the essence and didn't reject it. If she took the crystal back-the third elder and the others would probably come back and take away Lin Yi's icy blaze fire to make two heaven and earth Spirit fires-which was twice as strong as one!

"Lin Yi big brother, wait a moment, Xiao Qing is going outside!"

Wang shiqing pointed outside the transparent wall and said in embarrassment, ""Only house Wang's members can come and go as they please, the rest of us can't leave without a special formation. Lin Yi big brother, you'll have to suffer for a bit."

"Go, I'm used to it anyway!"

Lin Yi waved his hand with a smile. If Wang shiqing lied to him again ... He could only accept it!

Wang shiqing waved at Lin Yi and walked out of the transparent wall as if she was walking through a water curtain. Lin Yi reached out his hand and touched the cold wall.

As expected, he had some skills!

Wang shiqing didn't leave. She sat down cross-legged outside the transparent wall, placed the crystal on her crossed hands, and started refining it.

Lin Yi knew that it wasn't that Wang shiqing didn't believe him, but there were too many restrictions in this room. She had a way to be immune to it, but refining a life fire Crystal wasn't something she could do easily. She didn't want to make any mistakes.

Ten minutes later, the accompanying Spirit Fire Crystal had completely disappeared and turned into a small ice-colored flame, gently dancing in Wang shiqing's palm.

It had to be said that the Black-bellied little loli's talent was really strong!

Moreover, it seemed to be very compatible with the icy blaze fire's attribute. Under the nourishment of her divine sense and true Qi, the newly born icy blaze fire was slowly growing and stabilizing.

Lin Yi looked at Wang shiqing with a smile-it was time for him to leave house Wang!

Wang shiqing put away her icy blaze fire and jumped up from the ground, cheering. She walked into the cell and held Lin Yi's hand,"Lin Yi bro, thank you so much! Xiao Qing really likes the icy blaze! I'm sure I'll make a lot of powerful talismans with the icy blaze fire in the future. Lin Yi bro, if you need any talismans, just ask me!"

The Black-bellied girl finally had some real childishness to her, unlike the one she'd been putting on before. Lin Yi could easily tell the difference.

"I'm taking it seriously! In the future, if I need talismans, I'll look for you. Don't feel bad when that time comes. "

Lin Yi smiled and patted Wang shiqing's head, relieved that she didn't burn the bridge after crossing it.

"How is that possible? I don't have anything else, but I have plenty of talismans!"

Wang shiqing took out a huge stack of talismans from her storage bag and placed them in Lin Yi's hands. "Big brother Lin Yi, you can take these first. When Xiao Qing can make high level talismans, you can have as many as you want."

After saying that, Wang shiqing seemed to have thought of something. She stuck out her tongue and said with an embarrassed smile, "But little Qing can't make formation talismans yet, she's too weak ... Even if she does, they'll all be low-level stuff. I'm too embarrassed to give them to you, big brother Lin Yi."

"Hahaha, it doesn't matter. I'll wait for little Qing to become a powerful talisman master in the future! I'll kindly accept these, they're just right. "

Lin Yi laughed as he put the talismans away. One accompanying Spirit Fire Crystal in exchange for so many talismans was a pretty good deal. The Black-bellied girl had plenty of talismans anyway, and it would be a waste not to take them. She'd probably just squander them away if he left them for her.

"It's a pity that we can't use normal teleportation formations here, or else you'd be able to leave this place right away, big brother Lin Yi. "

Wang shiqing sighed and asked, ""Lin Yi bro, you said you'll become a Living Dead? How do I change?"

"You watch carefully!"

Lin Yi smiled mysteriously. Suddenly, another Lin Yi appeared beside him, and the original Lin Yi lost his energy and fell back.

The new Lin Yi reached out and pulled the old Lin Yi, placing him on the ground.

"This is a clone technique? It was wrong! A primordial spirit body?"

Wang shiqing wasn't an ignorant girl, and she immediately knew what she was seeing. "How is that possible? Big brother Lin Yi's essence spirit is so solid, like a human with a physical body. Your essence spirit and spirit sense are so strong!"

As a genius of house Wang and Wushuang college, Wang shiqing had started training her spirit and consciousness a long time ago. Her spirit and consciousness were only a little stronger than people of the same level, but compared to Lin Yi, it was a world of difference. The difference was incalculable.

Not to mention Wang shiqing, she even suspected that among all the higher-ups in house Wang, how many of them had a stronger essence spirit than Lin Yi?

If she didn't see Lin Yi with her own eyes, she would've thought that Lin Yi's yuan spirit was his real body!

Was it really a good thing for the Wang family to offend such a person?

"Big brother Lin Yi, you're so strong! Can you teach little Qing how you cultivate your primordial spirit? There's actually such a powerful primordial spirit!"

Wang shiqing's eyes were full of stars, full of admiration for Lin Yi, "If little Qing had such a powerful primordial spirit, it would be even easier for her to become a powerful talisman master!"

"Ha ... I just had some fortuitous encounters. I obtained some spirit sense grass before and used it to refine my spirit sense and increase the strength of my essence spirit."

Lin Yi explained casually. The yuan spirit body was one of his trump cards, and he wouldn't reveal it unless he had to, "Right now, I'm only left with a physical body. No matter how I examine it, it's just a Living Dead person with one breath left."

"Xiao Qing understands. In this situation, our family might move Lin Yi bro away, and then we can leave the secret prison easily!"

Wang shiqing's eyes lit up, and she clapped her hands. "Big brother Lin Yi is so smart! Even if they don't let him go, as long as we leave the prison, we'll be able to teleport anywhere!"

"Little Qing, let's try to see if my primordial spirit can use you to leave the secret prison. As long as my primordial spirit can leave, it doesn't matter if my physical body is temporarily stored in the secret prison."

Lin Yi knew that house Wang wouldn't move his body so easily, so he was prepared for both eventualities. It'd be best if he could leave with his body, but if he couldn't, he'd go back to Feiyang school with his Yuan spirit first.

"Alright, what should little Qing do?"

Wang shiqing agreed immediately, but she was still confused because she didn't know much about primordial spirit forms.

"The primordial spirit can be turned into nothingness, but the walls of your house's cage are quite strong, and even divine sense can't penetrate it. However, since you can come and go as you please, my primordial spirit might be able to leave this place by attaching itself to you."

With that, Lin Yi's yuan spirit disappeared and floated to Wang shiqing's sleeve."Alright, try to walk out."

Chapter 6764 You've Fused?

A strange light flashed in Wang shiqing's eyes. She was thinking about something, but she was already walking towards the wall.

As expected, Wang shiqing's entry and exit weren't restricted at all, and Lin Yi's spirit didn't suffer any rejection either, leaving the prison easily.

He was planning to enter Wang shiqing's body temporarily to avoid the wall if the first attempt failed, but he didn't need to try again after the first success.

"Lin Yi bro ... Are you out?"

Wang shiqing couldn't feel Lin Yi's presence so she asked uncertainly, "Lin Yi bro? Are you there?"

"I'm out. Thank you, little Qing!"

Lin Yi's yuan spirit formed again and nodded to Wang shiqing with a smile, ""Next, I'll have to trouble you to inform them and see if you can get my physical body out."

"You're welcome, it's all Xiao Qing's fault, she's dragged Lin Yi bro into this!"

Wang shiqing's face was full of guilt and confusion. "I'll go find my father and the others now, what about you, Lin Yi big bro?"

"I'll go with you?"

Lin Yi wanted to know what house Wang would do to his body, so he asked Wang shiqing even though he knew it wasn't appropriate.

In fact, Lin Yi could have followed her without asking. With his spirit and consciousness, Wang shiqing wouldn't be able to find him, and house Wang wouldn't scan her with their consciousness.

He only asked out of respect for Wang shiqing.

"Sure, Lin Yi bro will be with little Qing, he'll be the first to know."

Wang shiqing smiled happily, as if she didn't mind Lin Yi following her.

She was being honest with Lin Yi and didn't want Lin Yi to suspect that something was up.

After seeing how strong Lin Yi's soul was, Wang shiqing wanted to be on good terms with him. If possible, she really wanted to tell the elders about Lin Yi's situation.

Unfortunately, Wang shiqing knew that these elders were not easy to deal with. If they knew about Lin Yi's condition, their first reaction would be to kill him to avoid a strong enemy in the future.

If Lin Yi wasn't locked up, the elders would be more than happy to befriend a genius with endless potential. Since they'd already offended him, it didn't matter how big or small the matter was. Getting rid of the danger was their only choice.

"Lin Yi big brother, if my lover's elders offended you in any way, please don't hold it against them."

Wang shiqing whispered as she walked, she knew that Lin Yi could hear her, "The few granduncles of my lover are all people who think for the family with their hearts and minds. Each one is more stubborn than the other, so ..."

Lin Yi knew that Wang shiqing was just giving him a heads up so that he wouldn't hate house Wang.

Soon, Wang shiqing returned to the meeting room. Wang dingtian and the other three were still sitting there, not showing any impatience.

"Xiao Qing, is Lin Yi willing to hand over the icy blaze fire? If he's not willing, then let great-uncle talk to him! Under great-uncle's methods, he will definitely cooperate obediently!"

Seeing Wang shiqing's expressionless face, the third elder thought that things weren't going well, so he rushed to take over. "Don't worry, I'll spare his life. He'll be of use to Shiyang in the future!"

Wang shiqing's face darkened-Lin Yi was in her sleeve, and the third elder's words were going to ruin things.

"There's no need to trouble granduncle, Lin Yi has already given the icy blaze fire to Xiao Qing. "

Wang shiqing interrupted third elder. She stretched out her right arm and opened her palm. A small ice-colored flame rose up and danced in her palm.

In an instant, the conference hall was filled with an icy cold aura, and within the cold aura was an extremely hot aura. It was truly strange and inexplicable.

"It really is the icy blaze fire! Little Qing, you've already fused with this flame?"

Wang dingtian's eyes lit up, and he felt much better. He didn't need to worry about who he should give the icy flame to in his family!

"Yes, father. After Lin Yi stripped the icy blaze fire, the state of the fire wasn't very stable, and it had to be fused immediately. So Xiao Qing didn't report it to father and the elders and acted on her own."

Wang shiqing put away the icy blaze fire and said calmly, "It's a good thing that the difficulty of fusing the icy blaze and fire in this state is very low, so little Qing didn't make any mistakes. "

If it was a natural spirit Fire, Wang shiqing wouldn't be able to subdue it with her strength. Only the flames produced by the accompanying Spirit Fire Crystal could be successfully fused.

"It was an emergency. Little Qing, you did well."

Wang dingtian said lightly and erased the matter easily. After all, Wang shiqing was his daughter. It was only right for him to speak up for his daughter!

As expected, the three elders didn't say anything else. In fact, it would be more effective if the icy blaze fire was given to a genius talisman master from the Wang family. Wang shiqing didn't have the ability to make talismans on her own yet, so it would be a waste to leave the icy blaze fire in her hands.

"Little Qing, did you manage to find out where the natural spiritual fire of heaven and earth is?"

The third elder didn't ask Wang shiqing about the icy blaze fire. Wang dingtian would definitely go crazy if he asked her to hand over the flame she had already fused with. Therefore, he wisely asked about the heaven and earth spiritual fire.

If they could obtain the natural spirit fire of heaven and earth, the third elder might have to fight for it. This kind of flame was the most suitable for them to use.

"Lin Yi did mention that when he was fighting for the accompanying life fire Crystal, he was teleported to somewhere near Qingshi town with the heaven and earth Spirit Fire, or the heavenly array sect's territory. After that, the heaven and earth Spirit Fire disappeared."

Wang shiqing was too focused on Lin Yi's release that she forgot to tell him about the fire.

Lin Yi couldn't help but chuckle to himself when he saw her explaining the situation to him.

This was the effect he wanted!

Lin Yi didn't say that he didn't know where the fire was, but he did hint at it, and Wang shiqing fell for it.

"The heavenly spell formation sect's territory?"

Wang dingtian frowned slightly. The Wang family had a good relationship with the heavenly spell formation sect and there were many Wang family disciples in the sect. However, it was still unrealistic to find the spiritual fire of heaven and earth near the heavenly spell formation sect.

"Inform the heavenly spell formation sect to keep an eye out!"

Wang dingtian waved his hand. This was the only decision he could make. If the heavenly spell formation sect found out about the fire, the Wang family could forget about getting involved. Without the sect's consent, the Wang family could not send anyone over.

The only thing they could do was to have their clansmen keep an eye out for the fire while the heavenly spell formation sect was still unaware of it. Once the heavenly spell formation sect found out about it, the Wang family would no longer be able to do anything.

The third elder's eyes flickered. A natural spirit Fire! How could he give up so easily just because it was within the territory of the heavenly spell formation sect?

Chapter 6765 Can't Transfer

This was not something that belonged to the heavenly spell formation sect. Furthermore, the heavenly spell formation sect did not know about the existence of the spiritual fire of heaven and earth. This was a good opportunity for the Wang family to make their move. So what if they were discovered? With the friendly relationship between the Wang family and the heavenly spell formation sect, what problem could there be?

"Patriarch is right. Then we'll put this matter aside for the time being and let the clan members in the sect secretly pay attention."

The third elder stroked his long beard and chuckled. He agreed with Wang dingtian's opinion, but in fact, he was planning to find someone to go there secretly.

He was determined to get the heaven and earth Spirit Fire!

"Father, three elders, there's one more thing I need to report."

Wang shiqing ignored the third elder's words and said seriously, ""After Lin Yi took out the icy blaze fire, his spirit was severely damaged, and his consciousness was scattered. He's now unconscious, and after little Qing's examination, she found that it's almost impossible for him to wake up."

"It's that serious?"

Wang dingtian was surprised and frowned. Lin Yi was still useful to him, and it would be troublesome if he didn't wake up, ""This person is related to Shi Yang's life and death. Let's go and take a look."

Before Wang shiqing could continue, Wang dingtian had already stood up and signaled the three elders to go to the secret prison together.

The higher-ups of house Wang didn't want to go to a place like the dark prison if they had nothing to do, so they didn't follow Wang shiqing when she looked for Lin Yi.

In order to verify Lin Yi's condition, the four of them brought Wang shiqing to the prison.

To Lin Yi, the walls of the prison were like a natural chasm, but to the higher-ups of house Wang, they were like air. The five of them walked in, and the small space suddenly felt a little cramped.

"He's indeed unconscious. I can't even detect his primordial spirit, and there's no spiritual sense fluctuation!"

Wang dingtian inspected Lin Yi personally, his face complicated. This young man was supposed to be a genius with a bright future, but he ended up like this because of an icy blaze fire.

An ordinary man is innocent, but he is guilty of possessing a Jade!

This man was probably a friend of his son, Wang Shiyang, too-he couldn't bear to see Lin Yi in this state!

"What a waste. Stripping away the icy blaze fire would actually cause his primordial spirit to collapse. It would be a waste if he didn't die!"

The third elder snorted coldly and said in a mean tone,"In any case, he's already in a half-dead state. Why don't we just kill him directly?"

Lin Yi looked like he was on his last breath, and it didn't make much of a difference if he died or not.

"Granduncle, Lin Yi's already in such a miserable state, there's no need to kill him, is there?"

Wang shiqing quickly spoke up to stop him. If someone agreed with the third elder, Lin Yi's body could really be sentenced to death,"What do you think, father?"

Wang dingtian was the one in charge of the Wang family, after all. As long as he didn't agree, Lin Yi's body would be fine.

In fact, Wang shiqing was afraid that they were really going to make a move on Lin Yi. Lin Yi wouldn't just sit around and wait for death. If he went on a rampage, it would be bad for everyone. If Lin Yi escaped from house Wang, then the disaster would be inevitable.

"Lin Yi's still useful-even if he's a zombie, he'll be useful when we're looking for Shiyang!"

Wang dingtian glanced at the third elder, saving Lin Yi's body,""Also, if Feiyang college comes to us and there's a Living Dead, it can be explained. Although we are not afraid, we don't need to make more enemies."

"You're right, master. Lin Yi can't blame house Wang for turning into a Living Dead man. It's his fate!"

The second elder nodded with a smile, making Lin Yi sneer in her sleeve.

"Father, since Lin Yi's already a Living Dead, why don't we move him to another normal cell? after all, it's not suitable for him to recover in the dark cell. If he wakes up in the future, he can help save brother."

Wang shiqing's eyes turned as she took the chance to ask for Lin Yi to be moved away.

Wang shiqing wanted to ask Wang dingtian to throw Lin Yi's body out and let him live and die on his own, so that the Wang family could cut off all ties.

But Wang dingtian said that the Living Dead was useful too, so Wang shiqing had to go for the second best option. As long as Lin Yi left the dark prison, his spirit would return and he could use the teleportation formation to leave.

"Xiao Qing, Lin Yi's yuan Shen has been destroyed, it's impossible for him to regain consciousness. It's too troublesome to move him around, let him lie here!"

The third elder looked at Wang shiqing with a smile and glanced at Lin Yi in disdain, "He's lucky that he didn't die, and he wants to live comfortably?"

Wang shiqing cursed in her heart. It was always this third elder who came out to cause trouble. She really wanted to pull out his broken beard!

If he had the chance, he would definitely teach third elder a lesson!

The Black-bellied little loli was bearing a grudge against the third elder. It was a pity that this old man still didn't know about it. In the future, there would definitely be a time when he would cry.

"Father, if Lin Yi can wake up, it'll be better than this. Brother is still counting on him to save us!"

Wang shiqing said with a hint of urgency. Everyone thought that they were siblings, but she knew that it was all for Lin Yi, and for the future of house Wang.

"Qing, don't interfere in this. It's true that Lin Yi can't recover. It's the same no matter where he is."

Wang dingtian waved his hand and didn't support Wang shiqing this time, ""The dark prison is more suitable for Lin Yi. It'll be troublesome if he's moved to another place and got found out."

Wang shiqing wanted to continue, but Wang dingtian rubbed her head, indicating that he didn't want to talk about it anymore. She gave up.

Lin Yi bro, this is all I can do ...

Wang shiqing felt a little guilty as she touched her sleeve where Lin Yi's primordial spirit was.

Lin Yi smiled bitterly to himself. He'd expected it, but it was still a bad result, and he couldn't change it.

"Let's see if this kid has any other good stuff!"

The third elder grabbed the storage bag from Lin Yi's waist and opened it easily without his spirit sense.

Wang shiqing's heart skipped a beat. She gave Lin Yi many talismans just now, if he found out ... How was she going to explain it?

"Tsk ... What a pauper. He doesn't have anything of value on him. It seems like he doesn't have any impressive background."

The third elder checked the items in the storage bag and immediately looked disgusted. ""Master, this kid's identity is only worth this much. You don't have to worry about any trouble. At most, he can deal with the Feiyang college!"

The storage bag on Lin Yi's waist was just a decoration-there were a few sets of clothes, a few spirit Jade cards, some normal formation flags, and some elixirs and spirit herbs that he didn't want-it wasn't anything good!

Chapter 6766 Leaving The Wang Family

They looked rich, but they were all trash that Lin Yi didn't care for, and so third elder thought that Lin Yi was pretty shabby.

The disciples of the North Island, the Prince Consort of the West Island, the master of the heavenly elixir Pavilion of the middle Island, and so on, were all reduced to this state?

The items of a Mystic class Noble House were at least a hundred times more valuable than Lin Yi's storage bag-this was a true symbol of status.

"There's really nothing useful. "

Wang dingtian glanced at the opened storage bag and nodded,""Third elder, you deal with it!"

Everyone present was a high-level member of house Wang, and no one would care about Lin Yi's little tricks.

Wang shiqing was the only one who looked calm on the surface, but her heart was filled with shock. Where was the stack of talismans?

Could it be that Lin Yi's yuan spirit body could store items? The primordial spirit actually had such a mysterious effect?

Before Wang shiqing could figure it out, Wang dingtian told everyone to leave. No one wanted to stay in the dark prison for long.

After they left, Wang dingtian turned around and asked Wang shiqing,""Xiao Qing, are you alright with the Academy after staying at home for so long?"

"Father, are you trying to drive Xiao Qing back to the Academy? Don't you care about little Qing anymore?"

Wang shiqing was still thinking about where Lin Yi's talismans went, and she shook her head with a smile. "Forget it, forget it. Xiao Qing, I'll leave now. After returning to the Academy, I'll immediately go into seclusion and properly control the icy blaze fire. Then, I'll start trying to refine array talismans."

"You little girl, your father loves you the most. Don't you feel guilty for saying this?"

Wang dingtian touched Wang shiqing's nose with a smile. As the head of the family, he had always been dignified, and it was rare for him to show such an intimate expression, "It's good to go back. If you need anything, just let your family know."

"Xiao Qing knows. I'll go back to the Academy now. Father, you have to take care of yourself!"

Wang shiqing just wanted to leave house Wang as soon as possible so she could have a good talk with Lin Yi. "Also, take care of your granduncles. Xiao Qing will come back to visit you when she has the time."

The three elders encouraged her kindly and then watched Wang shiqing jump out.

As soon as she left their sight, Wang shiqing, who wasn't short of money, used a teleportation talisman to teleport away. Just as she appeared and was about to activate the second talisman, Lin Yi's yuan spirit appeared in front of her, flustered and exasperated.

"Xiao Qing, you're going back to the Academy just like that?"

Lin Yi's face didn't look too good, and Wang shiqing jumped, "My physical body is still in your Wang clan's Secret prison. Aren't you going to keep an eye on it for me?"

Although Wang dingtian had said that he wanted Lin Yi's life, the third elder of the Wang family still wanted to get rid of him. Was it really okay to leave him alone?

"But Lin Yi bro, Xiao Qing has to go back to the Academy ..."

Wang shiqing felt wronged. She thought that with her father's words, Lin Yi's body would be fine in the prison, "Although Lin Yi big bro's body didn't leave the prison, it's actually really safe there."

Lin Yi's mouth twitched, not sure where was the safe spot ...

"Lin Yi bro, listen to little Qing-not everyone can go in and out of the prison. They need a special formation to go in and out, and this formation is bound to the user, so no one can use it after it's activated."

Wang shiqing opened her palm, and a faint array pattern appeared on it. "This kind of array talisman has different levels of authority. Whoever enters or leaves the secret prison will be recorded."

Lin Yi suddenly understood-this thing was similar to the access cards in the common world. Each one had its own number and could only be used by the person-it was a high-class item!

"Xiao Qing's father is the head of the Wang family, and since he's given the order, no one would dare to enter the prison and harm Lin Yi big brother's body. Otherwise, they'd be considered traitors of the Wang family, and everyone would have to kill them!"

A proud expression appeared on Wang shiqing's face. In every child's heart, their parents were the greatest existence, and the two-faced little girl was no exception.

After a short pause, Wang shiqing smiled slyly and said,"Although I'm back at the Academy, I'll know if Lin Yi bro's body is touched."

"It's that little thing you made last time, right?"

Lin Yi shook his head with a smile. Back in the abandoned land, Wang shiqing had used the chance to stamp a tracking talisman on his thumb, thinking that it would be able to monitor his movements.

How naive! Something like that would only work if Lin Yi wanted it to. If he didn't want it to work, Wang shiqing would be fooled by him.

Now that he thought about it, the two-faced girl had already been plotting against Lin Yi from the start, hadn't she?

"That's right, although that was for Lin Yi bro to be responsible for Xiao Qing, it's the same for Xiao Qing to be responsible for Lin Yi bro now!"

Wang shiqing's eyes narrowed as she smiled, thinking that this was her own masterpiece.

Lin Yi, of course, wouldn't tell her that his little trick was completely useless. Since he couldn't get his body back for now, he planned to use his Yuan spirit to go back to Feiyang college first.

As for the safety of the body, according to Wang shiqing, unless Wang dingtian changed his mind, no one would risk the world to plot against a Living Dead who was no threat.

Even the third elder, who wanted to get rid of the root of the problem, would not do something that would harm others without benefiting himself.

"Xiao Qing thought about it carefully, and Lin Yi bro's words make sense. Although the dark prison is safe, I'm still worried if there's no one to look after it."

Wang shiqing touched her chin with her index finger and furrowed her delicate brows as she pondered. "Hmm ... I think I should go back and arrange for someone to look after Lin Yi bro. If anything happens, I'll be able to tell you immediately."

"Sure, I'll have to trouble you then."

Lin Yi nodded. This way, his body would be much safer. After all, he wasn't in his own territory. If something happened to him, he and the ghost would be in the same boat.

"It's no trouble, no trouble at all. Since little Qing is responsible for big brother Lin Yi, these are just small things. "

Wang shiqing waved her hands with a smile and took out a teleportation talisman."Then I'll go back and make the arrangements. Lin Yi big brother, are you going back with me?"

"I won't be going. I've been away from the Academy for too long. I want to go back as soon as possible."

Lin Yi really wanted to go home, and he didn't want to waste a single second. God knew how Shangguan LAN 'er had been living without any news from him.

"Oh!"

Wang shiqing was a little disappointed. She wanted to spend more time with Lin Yi, but it seemed like it was time to part.

However, she immediately thought of something and hurriedly asked,"Right, there's something I want to ask Lin Yi bro-where are the talismans I gave you? Lin Yi bro doesn't have it in his storage bag. "

Chapter 6767 For Lin Yi's Sake

"Ha ... That storage bag is just a cover. The talismans and arrays are in this storage bag."

Lin Yi was prepared for this-he didn't lack storage bags now, and he had quite a few spoils of war. As for the Jade space, he wouldn't tell her, "I've kept all my good stuff here. My primordial spirit is a little special, so it can store this storage bag."

Of course, that was nonsense-no one's soul had a storage ability. Lin Yi was just taking advantage of her lack of knowledge in this area.

"Wow, big brother Lin Yi is so strong! Can you teach little Qing how to use her primordial spirit to store things in the future?"

Wang shiqing was like a fangirl, her hands clasped together as she looked at Lin Yi with bright eyes, anticipation on her face.

That was awkward-Lin Yi wanted to learn how to use his spirit to store things ...

"Yes, this technique has a high requirement on your primordial spirit. Little Qing, you can't learn it for the time being. When your primordial spirit is about the same as mine, I will definitely teach you."

Lin Yi felt like he was lying to a kid."So, when Xiaoqing returns to the Academy, she must cultivate properly. Not only true energy, martial arts techniques, talismans, and so on, but she must also pay attention to her primordial spirit."

"MMH! I understand. Don't worry, big brother Lin Yi, I'll train hard and try to catch up to big brother Lin Yi's essence spirit. "

Wang shiqing nodded her head, showing her determination to Lin Yi.

Lin Yi could only smile bitterly to himself. Luckily, the Black-bellied loli's spirit and consciousness were still weak-it was impossible for her to catch up to Lin Yi's spirit.

After all, Lin Yi would continue to grow, and the gap between the two would only get bigger.

Unless Wang shiqing used devouring to increase the strength of her primordial spirit, but that would basically be the same as crippling her.

Lin Yi smiled and encouraged them a bit more before the two separated.

Wang shiqing used another teleportation talisman to go back to the Wang family and arrange for someone to take care of Lin Yi's body, making Lin Yi cry out for being a wastrel.

In the entire Mystic division Sea area, no one would be as extravagant as Wang shiqing, using teleportation talismans to travel at any time.

After sighing, Lin Yi took out his teleportation talisman and squandered.

It was a free gift anyway, so he wouldn't feel any heartache using it!

Feiyang college.

At this moment, the annual assessment was being held!

However, they had already entered the final stage, and the final challenge match for the new students had also reached its most intense stage.

The results of this assessment would be used as the basis for the class allocation.

The top five students can be promoted to the intermediate class, and those after the top five can only enter the low-level class.

The students who were qualified to enter the intermediate class could request to stay in the new class and study with the next batch of new students. Yang Dian, for example, had such a privilege. However, the students of the lower class did not have such a privilege.

However, the cultivation methods and martial arts techniques that could be learned in the intermediate class were far more advanced than those in the low-level and freshman classes. Therefore, there were not many people like yang Dian who stayed in the freshman class for resources.

The students in the intermediate class were basically all at the great circle of mysterious Ascension or mountain-splitting with a single thought. There were even quite a few at the mountain-splitting stage!

Some of the mountain-opening students who were not used to the advanced class would choose to stay in the intermediate class to further their studies, so this class could be considered as a connecting link between the past and the future.

At the moment, the first and second place in the new student class assessment were the Murong siblings.

As for Shangguan LAN 'er, as Zhang jinmiao's disciple and one of the most eye-catching geniuses of this year, she was only ranked 10th, barely entering the final challenge.

"LAN er, you need to pull yourself together. If Lin Yi comes back and sees you like this, he'll be heartbroken!"

Murong Fei Fei put her arm around Shangguan LAN 'er's thin shoulders and whispered in her ear, ""Look at you, you're always distracted. If it weren't for your solid foundation, you wouldn't have made it into the top ten. You need to be more serious, Lin Yi will be fine. He'll only know how much you've improved after he comes back."

"Wanwan, don't say anymore-there's no news of Lin Yi Lil 'bro yet, I don't have the time to think!"

Shangguan LAN 'er's face was full of worry. She was able to enter the top 10 because of her good foundation and good luck. She did not meet any decent opponents in the combat round, and some even directly admitted defeat, so she basically did not fight much.

After Lin Yi went on a mission and disappeared, Shangguan LAN 'er seemed to have lost her soul. She was usually a little muddleheaded, and only when she was training would she forget everything and show off her training talent.

So during this period of time, Shangguan LAN 'er's strength had improved by leaps and bounds, but she was a lot more Haggard. If there was no news of Lin Yi, who knew how long the little girl could last.

In fact, it wasn't just Lin Yi who had no news of the mission, everyone who had entered the mission had no news. It had been so long since then, and it was pretty much certain that no one had survived. It was just that Shangguan LAN 'er didn't want to believe it.

"My dear LAN 'er, this is not a competition, but the Academy's annual assessment! Wake up! Don't tell me you want to go to the lower class?"

Murong Fei Fei was really disappointed-was she going to live without Lin Yi?

Thinking of this, Murong Fei Fei shook Shangguan LAN 'er's shoulder a few times, as if she wanted to wake her up,""Think about your master, Deputy Dean Zhang. You are the direct disciple that she brought back from the North Island. If you don't perform well during the assessment and end up in the lower class, wouldn't she be very disappointed?"

"Master, she ..."

Shangguan LAN 'er's eyes darkened, and she shook her head, saying, ""Master won't blame me. She knows that I'm worried about Lin Yi Lil 'bro. Plus, I'm already in the top ten this time, so I'll have the chance to challenge the intermediate class in the future."

Murong Jinyan was furious. The Academy's annual assessment was not just a result, it was also related to one's status in the Academy in the future, as well as the resources and cultivation one could get.

To put it simply, there was a world of difference between the intermediate class and the low-level class, and the gap would widen every day.

Although the top ten students have a chance to challenge the intermediate class once a month, how much can they do in a month? Wouldn't it be better to just go in?

Moreover, fighting for a better ranking was the fighting spirit that every motivated student should maintain. Don't look at how Murong Feiyan was in first place, Murong Feifei didn't want to be modest!

She had been holding back her energy and wanted to challenge him later. She couldn't let her brother get first place so easily.

"LAN 'er, cheer up! Other than Lin Yi and Yang Dian, the only stronger one in our class is that Xue Peng kid. He's never really gotten along with Lin Yi ..."

Murong Fei Fei blinked her big eyes, observing Shangguan LAN 'er's expression as she used a roundabout tactic,""Think about it, if someone who doesn't get along with Lin Yi steps over your head, how disappointed would Lin Yi be when he comes back? Even if you don't want to compete, you should at least step on Xue Peng. "

Speaking up to this point, Murong Fei Fei paused for a moment and said seriously,""This is for Lin Yi!"

Chapter 6768 Anyone Else Want To Challenge?

"For Lin Yi's sake ..."

Shangguan LAN 'er's eyes brightened a little, but then dimmed again,""Lin Yi Junior Brother and Xue Peng do have some grudges, but he wouldn't like me fighting Xue Peng face to face."

Murong Fei Fei almost went crazy, can't we have a pleasant chat? Don't you have some tacit cooperation?

"Shangguan LAN 'er! That's enough! Do you really want to go to the lower class and die?"

Murong Fei Fei's pretty face turned serious as she scolded in a low voice,""Lin Yi wouldn't be happy to see you with no fighting spirit. Plus, with Lin Yi's strength, he's more than enough to get into the advanced class. If he came back, he'd probably choose to stay with you. Do you want him to go to the lower class too?"

This was her last trump card. Murong Fei Fei decided not to persuade Shangguan LAN 'er anymore and let her do whatever she wanted!

Shangguan LAN 'er blinked-he did make sense. She didn't mind, but Lin Yi couldn't go to the lower class with her if he came back!

"Yingluo, thank you! I know what to do!"

Shangguan LAN 'er's eyes finally lit up, and her expression became serious, ""Don't worry, I'll definitely enter the top five!"

Murong Yanyan wanted to cry, she was really too stupid! Wouldn't everything have been fine if he had brought out his trump card earlier? All his saliva had been wasted.

At this time, the top five were Murong Xinyan and her sister, Xue Peng, Murong buqi, and another person from the new student class.

Lin Yi's disappearance and yang Dian's position in the intermediate class meant that he didn't need to take the test to get into the intermediate class.

Of course, it was not a problem if yang Dian wanted to participate. It would be more prestigious for him to get a good ranking than to enter with the identity of the intermediate class.

To the other new students, it was a good thing that Lin Yi and Yang Dian weren't competing with each other. It was like they had two more spots to compete for.

"Yingluo, what's the name of the student in fifth place?"

Shangguan LAN 'er hesitated for a while and asked Murong Fei Fei in a low voice.

After coming to Feiyang school for so long, Shangguan LAN 'er was either cultivating like crazy, accompanying Lin Yi, or thinking about Lin Yi. She didn't know most of the new students.

However, one couldn't blame Shangguan LAN 'er for this. Those normal students knew about her relationship with Lin Yi, and they also knew about her relationship with Zhang jinmiao. Who would dare to mess with her for no reason?

Therefore, Shangguan LAN 'er could only speak to the Murong siblings and a few other limited people.

"LAN 'er, if you want to challenge someone, then challenge Xue Peng. What's the point of fighting with that nameless person?"

Murong Jinyan was furious. After talking for so long, she still didn't have enough fighting spirit!

"It's fine as long as you can get into the top five. There's no need to challenge Xue Peng. He's quite annoying, and I don't like to fight with him. "

Shangguan LAN 'er frowned slightly. She was not afraid of Xue Peng, but she really did not want to fight him.

"If you hate him, then you should teach him a lesson!"

Murong Fei Fei didn't understand Shangguan LAN 'er's thoughts and continued to try her best to persuade her, ""If he's not pleasing to the eye, then beat him up until he's pleasing to the eye. Why don't you challenge me? if I lose and fall to the bottom, then I'll beat him up!"

The rules of the assessment challenge were that the person at the back could challenge the person in front. If he won, he would replace the person in front. If the person who was challenged failed, he would fall directly to the position of the Challenger.

Then, the loser could still issue a challenge, but everyone only had one chance to challenge. After using it, it would be gone, so they had to choose their opponents carefully.

The challenged had a protection mechanism, and the situation of a tag-team battle could not happen. If there were consecutive challenges, the Challenger could refuse the challenge unless the Challenger was willing or the instructor confirmed that the contestant was not affected by the previous round at all. Only then could the next round of the competition be moved on.

What Murong Fei Fei meant was that Shangguan LAN 'er would challenge her, Murong Fei Fei, and become the second place after winning, while Murong Fei Fei would fall to the tenth place and challenge Xue Peng.

Shangguan LAN 'er didn't know why Murong Fei Fei hated Xue Peng so much, but this plan was feasible. She didn't really want to fight anyway.

Speaking of which, Xue Peng had been keeping a very low profile after Yang Dian and Lin Yi's defeat. Other than the occasional time he was with yang Dian, he never interacted with anyone else. He spent most of his time cultivating and learning by himself, as if he was invisible.

"Yingluo, why do you look like you've been through so much?"

Shangguan LAN 'er looked at her best friend strangely. Lin Yi and Xue Peng's enmity started with Jiang He and hai, and she hated Xue Peng because of that, not even willing to fight him.

What was Murong Fei Fei doing this for?

"Why? Can't I? It's just hate, there's no reason why I can 't?"

Murong Fei Fei rolled her eyes and continued to persuade Shangguan LAN 'er, ""LAN 'er, tell me, do you want to beat Xue Peng up, or should I? It's boring to bully that nameless student. He's in a rare moment of glory, so I'll just do him a favor by crippling Xue Peng. "

The poor student who had accidentally entered the top five was currently excited, hoping to attract the attention of the beauty. However, he did not expect that in the eyes of the beauty, he was just a nobody.

Shangguan LAN 'er was touched by Murong Fei Fei's words. It seemed that bullying a nameless student was really not right. She might as well suffer a little and teach Xue Peng a lesson, so as to avoid taking second place from Murong Fei Fei.

If the invisible Xue Peng knew what Shangguan LAN 'er was thinking, he might have gone berserk after drinking the medicine and come to fight with her! What's wrong with being invisible? You don't have the right to teach an invisible person a lesson!

The two of them were whispering to each other. Another battle had ended in the ring. The nameless student in fifth place had successfully blocked a challenger. For a moment, he was in high spirits and very proud.

He knew that Shangguan LAN 'er was very powerful, but she had been very tired recently and was not very willing to fight with others. So he had some lucky thoughts in his heart, hoping that he could enter the intermediate class, even if it was only for a month!

Other than Shangguan LAN 'er, the nameless student felt very good about himself, thinking that none of the people at the back of the line were his match!

The teacher of the new student class, Xu Xiaoyan, was the one who presided over the assessment. She went up the stage and motioned for the nameless student to go down and rest. Then, she smiled and nodded to the new student class below the stage.

"Everyone performed very well today. Are there any more students who want to challenge me?"

According to the rules, no one was allowed to take turns to fight. The students who had just been challenged would have a period of recovery. Only after the other students had fought could they accept another challenge. Therefore, the nameless student was temporarily safe. Only the top four students could accept the challenge.

Among the top four, only Murong buqi was relatively weak, but he still surpassed the others by quite a bit, so after Xu Xiaoyan finished asking, no one answered for a while.

Among the top ten, only Shangguan LAN 'er had the ability to challenge the top four. If she did not fight, today's assessment seemed to be over, so everyone turned their eyes to Shangguan LAN' er.

Chapter 6769 The Mysterious Transfer Student

Shangguan LAN 'er was thinking about Lin Yi in her heart, and was ready to challenge Xue Peng. In terms of strength, she was a bit weaker, but ever since she started cultivating Lin Yi's Arts, both her spiritual sense and pure Qi had greatly improved, and it wasn't hard for her to challenge someone of a higher level.

"I want to challenge Murong xuanyan!"

A cold man's voice suddenly sounded, interrupting Shangguan LAN 'er's action of getting up. In an instant, Shangguan LAN' er's eyes turned to the man.

"Su Hao? Are you sure you want to challenge Murong xuanyan?"

Xu Xiaoyan was a little surprised. She was very clear about Murong xuyan's strength, but this su Hao was very mysterious. It seemed that she could finally see it clearly today!

"Yes, I'm sure!"

Su Hao stood up without any expression and casually jumped into the ring, "Mr. Xu, am I not qualified to challenge Murong Jinyan?"

Suddenly, there were many whispers in the audience. Su Hao did not enter the school with everyone, but was a transfer student who had transferred in the middle.

This person's origin was mysterious, and Xu Xiaoyan didn't know anything about him. He usually had a servant with him, which was a treatment that other students didn't have!

Other than being arrogant, su Hao did not have much interaction with other people. He was similar to Xue Peng, but it was not because he wanted to keep a low profile. It was more like he was disdainful.

However, su Hao was only ranked ninth in this assessment. He did not have any particularly outstanding performance. Xu Xiaoyan thought that he was just arrogant and average.

He didn't expect that he would challenge the strongest Murong xuyan directly. Where did his confidence come from?

"Of course you have the right to challenge Murong xuanyan!"

Xu Xiaoyan smiled and nodded. She was not annoyed by su Hao's tone. Instead, she looked at Murong xuyan affectionately, ""Murong xuanyan, come on stage."

Murong xuyan smiled proudly and moved her feet slightly, instantly standing beside Xu Xiaoyan on the stage.

"Teacher!"

After going on stage, Murong yuanyan first respectfully cupped her fists to Xu Xiaoyan and then nodded to su Hao. She was elegant and polite. Although there was pride on her face, it was not disgusting.

Compared to su Hao's cold and arrogant face, Murong xuanyan's temperament had already won over her opponent.

"You all know the rules. I won't say anything more. Let the competition begin!"

After a simple greeting, Xu Xiaoyan left the ring nimbly and watched the competition from the side. At the same time, she prevented any serious accidents from happening.

"Su Hao, I hope you are mentally prepared before you challenge me!"

Murong yuanyan's face turned serious as she looked at su Hao indifferently, ""If you feel that you can't win, you can admit defeat at any time, and I'll stop!"

"Hahaha, Murong xuyan, do you really think you're invincible in the new class?"

Su Hao revealed a sneer and disdainfully stretched out his right index finger, shaking it left and right, ""In my opinion, you're just a good-for-nothing who has an undeserved reputation! You'd better admit defeat, I won't give you the chance to do so!"

"Good! Since you're so confident, then there's no need to waste your breath!"

Murong yuanyan's eyes flashed with a trace of killing intent. Her aura exploded and at the same time, she glanced at yang Dian who was watching the battle.

His opponent had always been yang Dian, and the target he wanted to surpass was Lin Yi!

It was a pity that yang Dian wasn't going to take part in the exam, and Lin Yi was probably dead. This made Murong xuyan very disappointed!

I'm working so hard so that I can defeat you all! Why didn't they even give him a chance?

Anger rose in Murong Feiyan's heart inexplicably, and her aura rose!

Peak of the early mountain split stage!

Xu Xiaoyan revealed a look of admiration. The Murong siblings were indeed rare geniuses. Under their accumulation, not only did they break through the mountain opening stage, but they also entered the peak of the mountain opening stage in one go!

Besides, the two siblings were perfect mountain-opener, and no one in the class could compare to them except for Lin Yi and Yang Dian.

Of course, the Murong siblings "perfect mountain-opening was only a pseudo-perfect one-it was completely different from Lin Yi 's.

"Hmph! Do you think you're invincible just because you've broken through to the peak of the initial stage of mountain split?"

Su Hao showed no fear under Murong xuyan's violent aura. Instead, the mocking look on his face became more intense,""This young master will let you know that a so-called genius like you is nothing but trash in front of this young master!"

Before he could finish his words, an even more powerful and violent aura rose to the sky and instantly suppressed Murong xuyan!

"Middle stage of mountain split!"

Xu Xiaoyan's expression changed slightly, and she couldn't help but exclaim in a low voice!

She didn't expect that su Hao had hidden his strength. Even she couldn't see it!

Usually, he didn't show off his abilities and only had a slightly arrogant attitude. Everyone thought that he only had the strength to split mountains with a thought. Who knew that was not the case at all!

Even in the previous tests, su Hao still didn't show his true strength and deliberately fell to the ninth place. Was he waiting to challenge Murong xuyan in the challenge competition so that he could surprise everyone with his performance?

Below the stage, Xu Xiaoyan's mind was full of thoughts, but on the stage, Murong yuanyan was full of fighting spirit and couldn't help but laugh at the sky!

"Good! This is interesting! If you're really a weakling, I, Murong xuyan, wouldn't have any interest in fighting you!"

Murong xuanyan made a martial arts competition's starting gesture and looked at su Hao with bright eyes,""Only by defeating someone stronger than me can I prove my strength. Please!"

"Good job, brother! Beat this kid to death!"

Murong Fei Fei and her brother's minds were connected. At this time, her blood was also boiling. She jumped up and waved her fists while shouting. Only she understood that Murong Fei Yan was a warrior who always dared to challenge the strong!

As for the ladylike demeanor, rudeness, and so on, go to hell!

"What a joke! Stronger than you is stronger than you. Those who were defeated by you can only be said to be weak!"

Su Hao sneered, his eyes indifferently swept across Murong Fei Fei, ""Your younger sister is not bad. Why don't you let her be this young master's concubine? today, this young master will give you some face and won't let you be too badly injured."

"Go to hell!"

Murong xuanyan roared and used the martial skill that she had been storing for a long time.

He knew that su Hao was deliberately provoking him, but su Hao had insulted Murong Fei Fei. As an elder brother, he couldn't help but be furious!

BOOM!

The two's martial techniques collided without any warning, and the aftermath of their true energy swept in all directions. Fortunately, there was a defense array at the side of the ring, so it did not affect the students below the stage.

Most of the students below the stage had Xuan Sheng's strength. Even the aftershocks of the battle during the mountain opening stage were a great threat to them.

"Murong xuyan, is this all you can do? You've really disappointed this young master!"

Su Hao easily blocked an attack, appearing to be at ease. He even laughed at her, "You're indeed an undeserved idiot. You said that you can only prove yourself by defeating someone stronger than you, but the truth has proven that you're a weakling!"

Chapter 6770 Shangguan LAN 'Er's Rampage

Murong yuanyan gritted his teeth and forced himself to calm down.

Su Hao's strength was indeed extraordinary. If it was an ordinary mid-stage mountain split expert, he believed that he could easily defeat him. However, su Hao was different. This person was definitely a perfect mountain split expert!

Continuing to fight in anger would only make the situation worse. He had to stay calm!

Unfortunately, the gap in strength could not be closed just by calming down. Su Hao had already taken the initiative, and it was almost impossible for Murong xuyan to turn the tables.

He was being suppressed!

Murong Feifei, who had just jumped up, looked at the stage in a daze. She had always thought that no one in the new class could be her brother's match except for Lin Yi and Yang Dian.

Who would have thought that a random transfer student, su Hao, could completely suppress Murong xuyan?

"Bang Bang Bang"

With a dull sound, su Hao easily shattered Murong xuyan's martial technique. His right fist landed on Murong xuyan's lower abdomen without any fancy moves.

Murong xuyan's whole body was arched like a big shrimp. She was in a state of floating in the air. Her body, which was about to fly out, was pulled back by su Hao's left hand.

Knee strike!

The powerful impact hit Murong xuyan's chin and his body instantly flipped over. Su Hao's attack had just begun!

Elbow strikes, whip kicks, side kicks ... Simple and brutal!

Murong xuanyan was probably dazed from the beating and didn't have the strength to fight back at all!

"Stop! Su Hao!"

Murong Fei Fei was deeply in love with her brother. She couldn't help but rush to the side of the ring and shout, ""If you dare to hurt my brother, I, Murong Fei Fei, swear that I will make you pay back ten times, a hundred times!"

Before he could finish his sentence, Murong xuyan's body was hit hard and fell to the ground. Su Hao's foot stomped down with force, and Murong Feifei, who was at the side of the stage, could hear the crisp sound of her sternum breaking.

"Su Hao! I'm going to kill you!"

Murong Fei Fei's eyes were wide open as the true Qi in her body circulated. Her aura exploded and she was ready to rush up to the arena!

"Enough!"

Xu Xiaoyan spoke first, and at the same time, she swept her red silk and easily moved Murong Feiyan out of the ring. ""Su Hao wins this round!"

Murong Feifei, who was about to rush out, subconsciously caught Murong Feiyan, who was being delivered by Hong Luan. She immediately took out a healing pill and fed it to her brother while glaring at su Hao.

"Don't be too pleased with yourself. I, Murong Fei Fei, will definitely take revenge for this!"

After saying that, Murong Feifei immediately started to check on Murong Feiyan's injuries.

Fortunately, the school had a rule that no fatal attacks were allowed, so su Hao did not kill him.

Murong xuanyan looked extremely miserable, but in fact, she was fine. They were all superficial wounds, and broken bones were not a big problem. With the physical quality of a mountain-opening master, she could recover quickly with the help of medicinal pills. She could even continue to challenge and come back later.

"This little girl is quite bold. This young master has this kind of taste. Why don't you not wait for the future and come up now!"

Su Hao ignored Xu Xiaoyan, who was on the stage. With an evil smile on his face, he hooked his index finger at Murong Feifei, ""Since you're a beauty, I'll let you have three moves. If you can defeat me, you can do whatever you want to me. If not, hehe ..."

Hehe, your sister!

Murong Fei Fei instantly went berserk. Looking at su Hao's lecherous smile, she knew that this B * stard was up to no good!

If it wasn't for Shangguan LAN 'er who came to stop her in time, Murong Fei Fei would definitely have rushed up and started fighting!

"Yingluo, calm down! He's trying to anger you!"

Shangguan LAN 'er had indeed matured a lot, and was no longer the naïve little princess of Beidao. "Your brother isn't his match. Do you think you can beat him? Don't be fooled!"

As the saying goes, the onlooker sees more clearly. Shangguan LAN 'er definitely could not let her best friend suffer, although she also felt the same anger.

Murong Fei Fei took a few deep breaths and suppressed the anger in her heart. She nodded at Shangguan LAN 'er.

"LAN 'er, thank you! I'm fine now!"

It was never too late for a gentleman to take revenge. Murong Fei Fei was not a gentleman. She was a little girl. Although she couldn't wait for ten years, she could wait for a few days. "I'll settle the score with my brother when he's fully recovered. "

The strength of the two siblings was almost on par with each other. The elder brother Murong Feiyan was slightly stronger. Therefore, if it was a one-on-one battle, Murong Feiyan would definitely be a piece of cake. However, if the two siblings joined forces, su Hao would not be able to stand up to them!

She would not be a woman if she did not take revenge for this! Su Hao, just you wait!

"Oh, Shangguan LAN 'er, you're here to join in the fun. The two beauties are really good at each other's work. Why don't you come together? I like to fly with beautiful women!"

Su Hao had changed his usual arrogant and cold image and started to flirt with the two beauties of the new class. No one knew what he was thinking.

Or was this his true face, and he had only been in disguise in the past?

"Su Hao, mind your words! It's the Academy's annual examination now!"

It was rare for Xu Xiaoyan to not smile. Instead, she coldly warned su Hao in a low voice, "I don't know where you're from, but while you're in the Academy, I hope you can unite with the other Academies!"

This was pretty much speaking up for Shangguan LAN 'er and Murong Feifei. After all, Xu Xiaoyan had a good relationship with them. After Lin Yi's death, Xu Xiaoyan's heart ached for Shangguan LAN' er.

Not to mention that Shangguan LAN 'er was Zhang jinmiao's disciple. No matter what, she had the obligation to take care of Shangguan LAN' er!

"A Fair Lady is a gentleman's dream! Instructor Xu, the Academy won't prohibit students from finding partners, right? Isn't it said that cultivating the spiritual sense with a partner will yield twice the result with half the effort?"

Su Hao shrugged his shoulders and said to Xu Xiaoyan with a smile, "I think Shangguan LAN 'er and Murong Fei Fei are both good. They suit my taste very well. You won't stop me, will you?"

Xu Xiaoyan narrowed her eyes and looked at su Hao coldly. If she could, she really wanted to teach this arrogant kid a lesson!

Unfortunately, as a teacher of the college, Xu Xiaoyan definitely couldn't deal with the students casually!

"Hey, Shangguan LAN 'er, I heard that your partner was called Lin Yi, he was the most powerful new student, but he's dead now, right?"

Seeing that Xu Xiaoyan didn't say anything, su Hao became even more excited. He hooked his index finger at Shangguan LAN 'er, who was below the stage, and said, ""You're such a beautiful little beauty, don't tell me you're going to keep your chastity for a dead person? Why don't you come and follow this young master!"

Shangguan LAN 'er's expression changed instantly. Her little face was full of killing intent, and her eyes were as cold as a knife!

"Lin Yi Li" bro didn't die! I will never forgive you for cursing him! I definitely won 't!"

In Shangguan LAN 'er's heart, Lin Yi was an untouchable reverse scale, especially when she said that Lin Yi was already dead. It was simply intolerable!

Shangguan LAN 'er, who was still trying to calm Murong Fei Fei down, went into a state of rage and wanted to go on stage to teach su Hao a lesson.

Since su Hao was the Challenger and only became the challenged after he won, there was no rule to protect the challenged. If Shangguan LAN 'er really wanted to challenge him, there was no problem with the rules.
