

Bodyguard 6781

Chapter 6781 The Same Move

Lin Yi's strength was enough to completely suppress a pseudo-perfect mid-stage mountain split master. He didn't even need to use any skills!

One punch!

It was just a simple punch that went straight into the middle of the palace, simple and violent!

The violent true energy completely tore apart su Hao's incomplete martial arts technique. The fist that was as powerful as a Thunderbolt landed on su Hao's lower abdomen, causing his body to arch and float in the air.

Lin Yi's other hand gently pulled su Hao, who was about to fly out, back. Lin Yi lifted his knee and hit su Hao's chin, turning him over.

Everyone had a strange feeling. The scene in front of them was so familiar that it was as if they had seen it before!

Elbow, leg whip, side kick ... Lin Yi didn't use any martial arts. It was just some simple movements, but it was like a storm, hitting su Hao so hard that he couldn't even find his direction.

Everyone present finally confirmed that Lin Yi was reenacting the battle between su Hao and Murong xuyan.

Although Lin Yi hadn't arrived at the time, he perfectly recreated the scene after listening to Shangguan LAN 'er's description.

However, Murong xuanyan didn't appreciate it at all! He thought that Lin Yi was rubbing salt on his wound!

Previously, Murong Fei Fei had rushed out to stop the battle, but su Hao had not done so. Without su Hao's order, su BA did not know if he should stop the battle on stage.

If Lin Yi's attack threatened su Hao's life, su BA would not hesitate to attack Lin Yi. However, he could clearly see that Lin Yi's attack was measured and would not endanger su Hao's life.

Its only use was probably to humiliate!

Su Hao, who was still showing off his strength before, was now beaten like a dead dog by Lin Yi. He had no way to fight back at all. His reputation would probably be ruined in the future!

In fact, su BA wanted to help, but Xu Xiaoyan was watching from the side. He also thought that Xu Xiaoyan and Lin Yi were in the same group. Naturally, he would have some scruples. He was afraid that his rash action would put su Hao in more danger.

"Alright, next is the finishing action!"

The battle on the stage had only been a blink of an eye, as if Lin Yi's words had already been heard from the start.

The so-called ending action was when Lin Yi grabbed su Hao's wrists with both hands and squeezed them hard. The crisp sound of bones breaking could be heard. Su Hao couldn't help but scream. Everyone could clearly see that his palms and arms were bent at a strange angle!

Everyone who saw this instantly understood that Wufu was taking revenge for Shangguan LAN 'er!

However, this was not the end. Lin Yi picked up su Hao's body and threw him on the ground like a windmill, cutting off su Hao's scream.

Su Hao's five viscera and six bowels seemed to be rolling and mixing together. He opened his mouth and spat out a mouthful of blood. The blood scattered in the air and landed on his own face.

Lin Yi's face was cold. He did not show any mercy to su Hao who was on the ground. He raised his foot and stepped on su Hao's chest. The crisp sound of bones breaking was heard again. Su Hao's body twitched and he spat out a large amount of blood.

Brutal!

It was too F * cking brutal!

Su Hao had done the same thing to Murong xuyan before, but no one felt cold at that time. Now, it was completely different. Looking at Lin Yi's appearance, the people below the stage felt a chill in their hearts.

They would rather offend Lin Yi himself than the people around him!

Inexplicably, everyone had the same thought in their minds, and it lingered in their minds.

"Lin Yi, that's enough!"

As a mentor, Xu Xiaoyan couldn't just pretend she didn't see anything. She had to stop Lin Yi.

Lin Yi's killing intent disappeared instantly, and he turned back into a big boy with a friendly smile.

"Instructor Xu, I didn't intend to continue. I already said that this was the end. Ah, maybe I used too much force and didn't hurt young master su Hao?"

Lin Yi pretended to look down at su Hao's injury, but su BA had already stepped in to protect su Hao. He stared at Lin Yi with a face full of vigilance, afraid that Lin Yi would continue to hit him.

Under the stage, yang Dian sneered to himself. What the f * ck was he using too much force? if he had used too much force, su Hao would have been finished! Yang Dian, who had fought with Lin Yi before, knew that Lin Yi was already showing mercy!

"How is it? Did Lin Yi improve?"

Xue Peng wasn't surprised by this at all. He was more concerned about Lin Yi's condition, so he asked yang Dian in a soft voice, "I know he didn't use his full strength, but since he's already made a move, you should be able to see some clues, right?"

"He's still at the peak of the early mountain opening stage, but his aura seems to have changed. I don't know how it'll affect his combat strength. "

Yang Dian replied softly as he evaluated Lin Yi's true combat strength. "Other than that, Lin Yi doesn't seem to have improved much, I should be able to beat him!"

"Of course you can beat him! Today is the best chance for revenge!"

Xue Peng revealed a cold smile and carefully observed the surroundings. After making sure that no one was paying attention, he continued in a low voice, "You must have confidence in yourself! The new medicine is very stable, and now that you're at the peak of mountain split middle stage, your actual combat strength will be at the peak of earth split middle stage-it's a world of difference compared to before! You can definitely kill Lin Yi!"

Yang Dian showed a proud smile. This was where his confidence came from, so he did not take su Hao and the others seriously. Su BA might not even be his opponent.

The only person he was afraid of was Lin Yi-the man was too unpredictable!

Even though Xue Peng said that the new medicine could stabilize his strength at the earth formation stage, it didn't help him get rid of the shadow of Lin Yi in his heart.

"How is it? Now's the best chance-your combat strength is way above Lin Yi 's, and I can guarantee that you'll be able to keep up your output without side effects!"

Xue Peng encouraged yang Dian in a low voice to see the effect of the new medicine.

Last time, yang Dian had used the medicine Xue Keyan gave him and had a big fight with Lin Yi. In the end, he was beaten into a pig's head, and there were strong side effects. Yang Dian, who had just broken through to the mountain opening stage, almost fell back to the xuansheng stage.

Seeing such an outcome, Xue Peng decisively gave up the idea of using that life-saving potion. Who knew if it was to save his life or to hasten his death?

More than two months ago, Xue Keyan had sent a new drug. This time, he said that the effect was remarkable and the stability was excellent. There was basically no risk of sequelae.

However, as usual, he still had to let someone test it out to see the effect.

Yang Dian was naturally the first choice!

It turned out that the potion this time was much more reliable. Not only did yang Dian make consecutive breakthroughs in a short period of time and reach the peak of the middle stage of mountain split realm, but his real combat strength also increased by a large level and he could maintain a stable state!

Chapter 6782 The Return Of Yang Dian's Powerhouse

The only thing he lacked was actual combat experience, and Lin Yi's return gave Xue Peng a chance to observe.

If the safety and stability of the medicine were proven, he would also take the new medicine himself.

"Hehehe, you don't have to tell me, I'm going to get even with Lin Yi today!"

Yang Dian let out a low chuckle as he stared at Lin Yi on stage. "Just wait and see, I'll beat Lin Yi up!"

In the ring, su Hao had already been carried down by su BA. The remaining blood was cleaned up by the Academy staff.

"Lin Yi has successfully challenged su Hao and is currently in first place. Is there anyone else who wants to challenge?"

Xu Xiaoyan asked with a smile after Lin Yi left the arena.

The current top five weren't the strongest five of the new student class, so the challenges would definitely continue.

For example, Murong xuyan, who had recovered, would definitely challenge him back. As for Murong buqi, who was ranked fourth, and the nameless, who was ranked fifth, they probably wouldn't have a chance to stay in the top five.

Su Hao was more seriously injured by Lin Yi. To be honest, Lin Yi did it on purpose. He couldn't kill su Hao, but he had to make su Hao lose his ability to move. Even if su Hao took the elixir, su Hao still wouldn't be able to recover.

Xu Xiaoyan looked at Shangguan LAN 'er as she spoke.

In her mind, Lin Yi was ranked first, so Shangguan LAN 'er would definitely try her best to win and get into the top five, so the next challenger would most likely be Shangguan LAN' er.

"LAN 'er, you go up and challenge me, and then I'll challenge Xue Peng. I won't feel good if I don't find someone to beat up today!"

Murong Fei Fei pulled on Shangguan LAN 'er and whispered. She was really angry today. Although Lin Yi taught su Hao a lesson and let her anger dissipate a lot, she still wanted to vent it out herself.

Of course, Murong xuanyan was also worried that Shangguan LAN 'er was not Xue Peng's match!

This was because Xue Peng had also recently advanced to the mountain-opening stage!

"Yingluo, this isn't good. You should let your brother challenge you ..."

Shangguan LAN 'er felt that she shouldn't take second place, and she didn't want Murong Feiyan to challenge Lin Yi.

As long as she could get into the intermediate class and be with Lin Yi, it didn't matter if she was in the second, third, fourth or fifth!

While the two girls were still discussing, yang Dian suddenly jumped onto the stage and pointed at Lin Yi arrogantly, "Lin Yi, come on up! I, yang Dian, want to test you!"

Xu Xiaoyan was slightly stunned. Since yang Dian was a member of the previous intermediate class, he could enter the intermediate class without the assessment. Of course, he could also choose to take the assessment to prove his strength.

It was just a few months ago that yang Dian lost to Lin Yi, and he even used a forbidden technique that hurt his body. It was a pretty miserable defeat, so why did he want to challenge Lin Yi again today?

Yang Dian didn't say anything when su Hao was trying to provoke Lin Yi, and only jumped out when su Hao was defeated. Did he think that Lin Yi had used up a lot of his energy?

However, anyone with eyes could see that Lin Yi really didn't put in much effort to take care of su Hao!

"Lin Yi, yang Dian has the right to challenge you."

Xu Xiaoyan didn't understand, but she could only follow the rules and tell Lin Yi. No, he did not!

Lin Yi had the upper hand in the previous battle with yang Dian. Even if yang Dian improved in such a short time, he couldn't erase the huge gap between them!

"Yang Dian, have you forgotten the pain after the scar has healed? I haven't seen you for so long, it seems like you're itching for a beating and want me to help you collect your bones?"

Lin Yi jumped onto the stage again and grinned at yang Dian, "It seems that I didn't beat you hard enough last time, so you didn't learn."

"Hahaha, Lin Yi! I've been waiting for you for a long time! I heard that you might have already died. I was quite sad. I was really afraid that you would die outside. If that happened, I wouldn't have the chance to take revenge!"

Yang Dian ignored Lin Yi's mockery and continued laughing, "I'll prove that I'm the strongest in this class today!" I've been cultivating for so long just for this moment! It's a pity that you still look the same as before you left. I'm a little disappointed!"

"Ha ... You're so full of confidence! It seems like you've really made great progress!"

Lin Yi raised an eyebrow as he studied yang Dian.

He had felt a familiar aura on yang Dian just now. It seemed a little strange, but he didn't observe it too closely.

After careful observation ... He still couldn't figure out why he felt familiar, but he could see yang Dian's strength level: "Peak of the middle stage of mountain split? You've really made great progress!"

Lin Yi was a little surprised-this really wasn't an act!

After the last war, yang Dian almost lost his mountain opening stage because he used the forbidden skill. He didn't expect that he would jump three levels in just half a year. Could it be that his talent was beginning to explode?

"In order to defeat you, I trained hard day and night, and finally got a huge improvement. How is it? are you afraid now?"

Yang Dian took the effect of the medicine as his own hard work and did not feel embarrassed at all."Lin Yi, it's great that you're still alive. Otherwise, all my efforts would have been in vain!"

"So I'm your motivation? Should I feel honored?"

Lin Yi's lips twitched as he looked at yang Dian with a mocking smile."Also, what makes you think that I haven't made any progress in the past half a year? Who gave you the confidence to think that you can defeat me now? Is it a baby fish?"

On the surface, Lin Yi's strength didn't increase at all, still at the peak of the initial stage.

However, Lin Yi didn't want to level up too quickly-it wouldn't do him any good in the future.

Besides, Lin Yi's combat strength had never been measured by his level. Even normal sea splitting cultivators would be defeated by his sneak attack, let alone earth splitting cultivators.

Yang Dian thought that he could challenge Lin Yi after leveling up a few levels in isolated practicing, but he'd know how naive he was after the fight!

And most importantly, even if Lin Yi's strength didn't increase at all, the experience of fighting through mountains of corpses and seas of blood was also a display of his combat strength.

A master who only knew how to cultivate in seclusion, even if he was stronger than Lin Yi, as long as he wasn't too strong, he was no match for Lin Yi!

"Cut the crap. Let me see how much you've improved after being away for so long!"

Yang Dian roared, rushed forward, and began to attack. ""If you can't take it, I'll allow you to surrender!"

Lin Yi couldn't help but laugh.

It was not certain who would surrender!

Chapter 6783 Beaten Up Again

Inspired by the last battle, yang Dian didn't use any martial arts and wanted to use simple moves to trample Lin Yi!

A straight punch!

Lin Yi didn't back down and threw out a punch as well. The two fists collided with a loud noise, and their true Qi spread in all directions, forming a vortex on the stage.

Lin Yi took three steps back, his fist aching and his wrist numb. He was surprised that he didn't get the upper hand.

Yang Dian, on the other hand, took three steps back just like Lin Yi, but he didn't seem to feel any discomfort.

"Interesting! I didn't expect that when your strength increased, your body would also be tempered to such a powerful level!"

Lin Yi smiled after the initial shock. "It seems that my motivation for you is surprisingly effective!"

"There are even better ones that you haven't seen yet. Open your eyes wide and watch!"

Yang Dian was very proud of himself. He laughed and rushed forward again.

In fact, yang Dian didn't deliberately practice body refining, but the new medicine given to him by Xue Peng could significantly improve his physical fitness!

Yang Dian didn't understand the specific principles, but the improvement in his physical strength was real!

The two of them fought quickly without any complicated moves. They exchanged dozens of punches and kicks in an instant.

The audience was dazzled and didn't even dare to blink.

In the blink of an eye, the victor would be decided on the stage. If he didn't see it, wouldn't he be at a disadvantage?

In fact, most people couldn't see what was going on even if they saw it. Lin Yi and Yang Dian were too fast, and even regular mountain opening Masters might not be able to catch their movements, not to mention that most of the students were only in the xuansheng stage.

For a moment, only a series of crackling sounds could be heard in the ring. Then, two figures retreated and stood in two corners of the ring.

Lin Yi's breathing was steady as he put his hands behind his back and smiled at yang Dian.

But the pain from his fist made Lin Yi curse inwardly-why was yang Dian as tough as iron?

Using his primordial spirit to simulate a physical battle was still a bit of a disadvantage!

Yang Dian, on the other hand, was panting a little, and only calmed down after a few breaths. It was clear that he was still inferior to Lin Yi in this aspect.

"That's enough for the warm-up. Next, I'm going to get serious!"

Yang Dian twisted his neck, his face full of confidence. "Lin Yi, are you ready?"

The onlookers were all dumbfounded. What did you say? The intense battle just now was just a warm-up?

There should be a limit to acting cool, right? I didn't study much, don't lie to me!

Only a few people who were stronger than the first mountain could be sure that yang Dian was telling the truth!

The two people in the ring didn't show their true abilities. It looked like an intense fight, but it was not an exaggeration to say that it was a warm-up.

After being beaten half to death by Lin Yi, su Hao, who couldn't recover for the time being, was even more embarrassed and angry. He still thought that he was invincible in the new class, but in the end, he was tortured to death by Lin Yi's warm-up exercise.

Yang Dian, who he had always looked down on, also had such warming up skills!

Since when did the new students of Feiyang college have such strong abilities?

"Come on, let's finish this as soon as possible. I still want to have a meal with little Senior Sister LAN 'er and catch up with her. You're so busy!"

Lin Yi raised his palm to the sky and curled his finger at yang Dian!

Although he looked relaxed, he was actually quite serious.

In the last battle with yang Dian, the two of them took turns to improve their strength. After each improvement, they could easily suppress each other, so they almost didn't use martial arts techniques.

This time, the two of them were evenly matched without using any martial arts. Lin Yi felt that yang Dian had a strange sense of familiarity, but he couldn't figure out where it came from.

It was precisely because he couldn't understand that Lin Yi decided to take it seriously and avoid falling in an easy way!

"While you can still laugh, laugh as much as you want. You'll feel like crying in a while!"

Yang Dian sneered. He stomped his feet and rose into the sky. "Take this! Watch my flame flow break!"

In the air, yang Dian's body burst out with dark red flames like a volcano. These flames were extremely viscous and poured down like lava.

In an instant, the endless heat waves completely surrounded Lin Yi. No matter which direction Lin Yi dodged, he couldn't avoid yang Dian's martial arts.

"Is this all you're capable of?"

Lin Yi smiled, not moving at all, allowing yang Dian's lava to drown him. In the next moment, he was already in the air next to yang Dian. "Don't you know that I'm a master of fire?"

A new flame appeared out of thin air, easily tearing through yang Dian's lava flow. Lin Yi's palm, carrying the raging flame, landed on yang Dian's body like lightning.

Three appearances of Cloud Dragon, and wild fire Eight Trigrams palm!

Lin Yi's combat experience could only be described as terrifying, and his body movements and martial arts were perfect!

Yang Dian didn't have time to react and took Lin Yi's attack head-on. He was covered in flames and crashed into the ring like a meteor.

Looking at the big pit that was blasted out on the ring, Xu Xiaoyan could only smile bitterly.

The last time Lin Yi and Yang Dian fought, it was in the xuansheng stage's ring. In the end, both of them broke through the mountain opening stage and their combat strength was amazing. They tore the ring apart.

This time again!

Even if it was a ring prepared for students in the mountain opening stage, it seemed that it could not stop the two people's hearts from forcibly tearing down the place!

Lin Yi's body flashed in the air, and he appeared above the hole again. He swept out a thousand kicks, and countless shadows of his kicks landed in the hole. Yang Dian was suppressed below and couldn't break out.

"Hey, yang Dian, I really want to cry, but I can't. Your performance is too funny. I obviously want to cry, but I can't help but laugh out loud. What should I do?"

Lin Yi teased as he suppressed yang Dian in the hole, "Hurry up and come out, or I won't be crying even if I cry from laughing!"

Before he could finish, Lin Yi suddenly exclaimed and turned around to slap at the empty space behind him. His spirit sense was already locked on yang Dian, and he found out that yang Dian created a tunnel with magma and shot up into the sky when he couldn't break through!

Lin Yi couldn't help but sigh. It was a waste of talent for yang Dian not to be a Tomb Raider. His digging was fast and good, and his skills were first-class!

Yang Dian had just rushed out of the ground, planning a sneak attack on Lin Yi, but he didn't expect to be met with a slap as soon as he showed his head. He tried to block it, but he couldn't get rid of Lin Yi's pure energy completely and fell to the ground again.

Chapter 6784 I'll Let You See What A Clone Is

Xue Peng looked at Lin Yi in shock. He knew yang Dian's strength the best, but Lin Yi was still suppressing him!

What kind of monster was this?

Although yang Dian was only at a temporary disadvantage, it was shocking enough!

Yang Dian was at the peak of mid-stage earth splitter, so wouldn't Lin Yi be stronger in comparison?

At this moment, yang Dian, who was on the stage, was so angry that he almost set himself on fire!

Why did the situation turn out like this? this was completely different from the script he had set up!

Lin Yi didn't care what yang Dian's script was-since he'd provoked him, there was nothing he could say. One word, he'd do it!

After another round of frenzied attacks, yang Dian tried his best to stabilize himself. After blocking Lin Yi's attack, the two separated again.

"Lin Yi, I'll admit that you're strong. I've been training so hard, but I still can't beat you easily. I even ended up in a draw!"

Yang Dian panted heavily and continued his boastful style of speaking. "It seems that I can only use my ultimate move, or else I really can't deal with you!"

Lin Yi's mouth twitched, chuckling to himself. Who wouldn't use their ultimate move until now?

And yang Dian was obviously being suppressed by Lin Yi, and he had the nerve to say it was a draw?

The audience's eyes were bright and clear-someone started the bet, and all of them bet on Lin Yi winning, and the bet ended just like that ... Or the person who started the bet would go bankrupt!

"There's still an ultimate move? Then hurry up and let me see and broaden my horizons!"

Lin Yi crossed his arms and raised his chin, signaling for yang Dian to start his performance.

If it weren't for the familiar aura on yang Dian, Lin Yi wouldn't have bothered with him and would've ended the battle long ago!

If he had the time, what else could he do? For example, talking to little Senior Sister LAN 'er.

"Don't worry, I'll definitely let you broaden your horizons! Just open your eyes wide and watch!"

Yang Dian's face was a little ferocious. He slightly bent his body, stood with his legs apart, and bent his knees. He crossed his fists in front of his chest and mumbled something.

However, the true energy in yang Dian's body seemed to be boiling, and he kept emitting a powerful aura.

"Clone technique!"

After a series of gestures, yang Dian roared, and his whole body suddenly became extremely soft, like a ball of soft mud. Then, two balls separated from his body rapidly and turned into two other yang dians.

That was not all. Immediately after, two more teams were separated. The audience only felt a blur in front of their eyes, and one yang Dian became five.

Lin Yi looked at yang Dian, dumbfounded. You call this cloning? It should be called split, right?

It was so disgusting ...

Thinking about splitting, Lin Yi's mind suddenly lit up-he finally remembered what that familiar feeling was!

Sun-devouring rat!

The scene of the crazy division and reproduction in the abandoned land was as terrible as a nightmare!

And yang Dian actually had a trace of the sun-swallowing rat's aura on him!

However, the sun-swallowing rat's aura changed slightly, and Lin Yi had never associated yang Dian with a sun-swallowing rat before, so he didn't think of it just now!

Why did yang Dian have the aura of the sun-devouring rat and have learned the sun-devouring rat's splitting skill?

Did he also like to eat people, then evolve and split?

Lin Yi couldn't help but shiver at the thought, his face turning pale ... It was so disgusting ...

"Hahaha, Lin Yi, you're finally scared? Unfortunately, it's too late!"

Yang Dian saw Lin Yi's expression and laughed proudly. He thought that Lin Yi was scared by his doppelganger technique, but that wasn't the case!

Lin Yi only felt disgusted at the thought of yang Dian eating people ...

"That's right, that's right. I was really scared to death. I've never seen such a disgusting clone technique!"

Lin Yi mocked yang Dian mercilessly. He decided to pretend that he didn't know about the sun-swallowing rat.

If he told them now, he would only alert them. He had to find out if the darkness demon beast had already appeared in the mystic class sea!

Lin Yi's heart was heavy when he thought about the humans almost going extinct because of the rats and bees. He couldn't let the mystic class Sea area go through the same thing!

Yang Dian was stunned for a moment before he flew into a rage!

My clone technique is so cool, and you say it's disgusting?

Disgusting your ass!

"Lin Yi, don't just talk! You'll soon know the power of my clone technique!"

Yang Dian roared, and his four doppelgangers immediately surrounded him and formed a battle formation!

Lin Yi squinted his eyes and used his spirit sense to observe. Yang Dian had indeed inherited the sun-swallowing rat's characteristics-his strength dropped after splitting!

However, unlike the sun-devouring rat, his strength didn't decrease much, and he could split into four clones at once.

At this time, yang Dian's main body's strength was at the peak of the early stage of mountain split, which was two levels lower, while the four split avatars were all at the early stage of mountain split.

To be honest, yang Dian was stronger than the sun-swallowing rat ...

"You have the nerve to call such a disgusting move a clone technique? I'll show you what a real clone technique is!"

Lin Yi curled his lips in disdain as he activated the thousand changes of wood forest.

Twenty-four doppelgangers appeared out of thin air, and for a moment, the entire arena seemed to be a little crowded ...

"Wow, so cool! This is called a clone technique ..."

"Compared to Lin Yi, yang Dian's is so weak ..."

"And it's really disgusting!"

.....

The audience supported Lin Yi one-sidedly-Lin Yi's thousand forest illusions was indeed much more beautiful and cool than yang Dian's clone technique!

However, Lin Yi's thousand changes of wood and forest wasn't a real clone technique. Strictly speaking, it was a clone technique that could exist in reality and forever, no different from the original body. Yang Dian was closer in this aspect.

"Yang Dian, you want to compete with me in numbers? Then you've got the wrong idea!"

Lin Yi waved his hand with a smile, and the twenty-four clones split into five small groups, forming five battle formations. Four of them were with Lin Yi.

With Lin Yi's skill in formations, yang Dian using a battle formation in front of him was like using his weakness to attack his enemy's strength.

Although yang Dian's doppelgangers were stronger, the power they could exert after forming a battle formation was beyond imagination.

However, Lin Yi easily separated yang Dian's battle formation, and each of his four clones fell into one of Lin Yi's clones.

As for yang Dian's main body, he was treated even better. Lin Yi personally brought four clones to meet him in battle formation.

"Yang Dian, long time no see. Today, I'll teach you how to use the battle formation for free!"

Lin Yi waved his hand, and the five battle formations attacked at the same time, each surrounding a yang Dian and starting a gang fight.

Chapter 6785 The Principal Summons

Poor yang Dian wasn't even Lin Yi's match in a one-on-one, let alone five Lin Yi's in a battle formation!

In addition to the decrease in strength, it was a miserable scene! He didn't even have the slightest strength to fight back!

Off the stage, Xue Peng's face was pale. Yang Dian, whom he had high hopes for, was beaten up again, and he felt despair at Lin Yi's strength.

However, the new drug seemed to be stable, which was more or less a comfort. Xue Peng had already started to consider whether he should take this new drug.

Then, he saw the miserable yang Dian in the ring!

She'd still ended up getting beaten up by Lin Yi even after taking the medicine ... She'd better wait a little longer-maybe better medicine would come.

A moment later, all four of yang Dian's doppelgangers exploded, and yang Dian himself was also swollen. The exploded doppelgangers left a pool of body tissue, which wriggled back to yang Dian's body.

The scene was as disgusting as it could get-Lin Yi almost used his icy fire to destroy all of them!

In the end, he suppressed his urge to investigate the relationship between yang Dian and the dark Demon beast.

"Yang Dian's challenge against Lin Yi is over, Lin Yi wins!"

Xu Xiaoyan went on stage to announce the final result and then signaled for people to carry yang Dian down for treatment. His injuries were similar to su Hao 's, and he would not be able to recover his ability to move in a short time.

"Let's ... Change to another arena for the next round of the competition!"

Xu Xiaoyan smiled helplessly. Next time Lin Yi had a match, it seemed like she would have to send him directly to the arena for earth stage cultivators.

Perhaps it would be safer to use a special arena for the sea splitting stage?

After changing the venue, the remaining matches began again. However, after Lin Yi's match against su Hao and yang Dian, the rest of the matches were a little boring.

Yang Dian and su Hao had lost their ability to fight again, and the final five spots had changed a little. Lin Yi was the strongest in the new student class, ranking first.

Murong Feiyan was in second place, and Murong Feifei did come back to challenge Xue Peng, but Xue Peng didn't choose to fight back. He definitely wouldn't give Murong Feifei a chance to beat him up, so he casually gave Murong Feifei the third place.

Shangguan LAN 'er's final challenge was Murong buqi. After winning, she became the fourth place, while Xue Peng, who had lost the third place, took the fifth place without much trouble.

As long as he could get into the intermediate class, Xue Peng didn't really care about third or fifth place.

"Alright, this year's annual examination for the new student class has come to an end. All students, report to your new class tomorrow. Dismissed!"

Xu Xiaoyan announced the results casually and walked to Lin Yi's side.

"Lin Yi, I know that you just came back and shouldn't affect your reunion with LAN 'er and the others, but there are some things I need to ask you. Can you come with me?"

Xu Xiaoyan smiled as she asked for Lin Yi's opinion.

She could use her position as a mentor to order Lin Yi around, but she couldn't do it that way, as they were all on good terms.

"No problem. I'm already back anyway. There are some things that I need to explain to the Academy."

Lin Yi knew that he'd be interrogated about the fire the moment he came back-this was the question he was supposed to be asked about, so he wasn't surprised."Senior Sister LAN 'er, you can go back first. I'll come to you after I'm done."

"Okay, Lin Yi Lil" bro, come back quickly. "

Shangguan LAN 'er really didn't want Lin Yi to leave, but she knew that Lin Yi was doing something important, so she agreed obediently.

"I'm still the teacher for the intermediate class, so I won't say much. See you tomorrow. "

Xu Xiaoyan smiled and nodded at Shangguan LAN 'er and the other two. These were the most talented students she had ever taught. Xu Xiaoyan was also very happy to be able to continue being their instructor.

"That's good! The fact that instructor Xu Can continue to teach us is the best news I've heard today!"

Murong Fei Fei laughed and touched Guan LAN 'er with her arm,""Am I right, LAN 'er?" he asked.

Shangguan LAN 'er was stunned, and her face slowly turned red ...

Wasn't Lin Yi's return the best news today?

Although it would be good if instructor Xu could continue to teach, he couldn't lie!

Murong Fei Fei covered her mouth and laughed secretly. This honest child was really beyond redemption!

Lin Yi smiled as he glared at Murong Qianqian. After coming back this time, the Murong siblings seemed to have returned to the beginning when they were still best friends!

It didn't matter if Murong xuyan wanted to make Lin Yi her goal-it didn't stop them from becoming friends.

After a few more words, Xu Xiaoyan left with Lin Yi.

"Instructor Xu, where are we going?"

Lin Yi wondered why they had to go so far to ask. We can just find a place to chat!

"Let's go see the principal! Although you've been missing for a long time, the Dean would ask about you from time to time. He also often told us to report to him immediately if we found any news about you!

You don't even know how many people the Academy sent out to find you. They even specially entrusted mercenary groups outside to search for your whereabouts. "

Xu Xiaoyan didn't regard Lin Yi as an outsider and told him a lot of things with a smile, "Don't think that the principal is concerned about the mission. He is actually more concerned about you. He said that you are a rare genius of the Academy. If he had known that the mission would be so dangerous, he would rather not participate than send you out. "

"You're too kind, director. I'm not that outstanding. "

Lin Yi put on an embarrassed face and pretended to be humble. He then thought of su Hao, "Instructor Xu, you said that su Hao was a transfer student arranged by the Dean. Who is he to the Dean?"

"Pfft, are you worried that the Dean will take revenge on you? Then why didn't you show any mercy when you beat up su Hao?"

Xu Xiaoyan couldn't help but smile. She gently shook her head and continued, "Don't worry, even if su Hao is really the director's relative, he won't blame you. After all, it's a normal competition. You just used a little more force. Plus, as far as I know, su Hao and the director have no relationship. "

"It has nothing to do with the Dean? Then why did the director personally arrange for him to transfer?"

Lin Yi was a little confused, but then he remembered that if su Hao was really from the Dean's family, he wouldn't have transferred to Lin Yi's class so late. He must have been Lin Yi's classmate from the very beginning.

"Maybe the director was entrusted by someone. Anyway, you don't have to worry about su Hao. The director is a fair person. He won't make things difficult for you because of such a small matter."

Xu Xiaoyan waved her hand and gave Lin Yi a calming pill.

However, Lin Yi wasn't worried at all. So what if su Hao was the Dean's relative? whoever dared to touch Shangguan LAN 'er deserved to be beaten!

At most, he would not stay in the Feiyang college. Anyway, he came here to accompany Shangguan LAN 'er. There was more than one Feiyang college in the mystic division Sea area. He could find another way out!

Chapter 6786 Saw Through At A Glance

"By the way, although su Hao didn't get into the top five in the freshman assessment, I think he will still enter the intermediate class. Yang Dian will be the same. Don't go too far when the time comes."

Xu Xiaoyan remembered su Hao the moment he mentioned him, so she gave Lin Yi a heads up in case Lin Yi was still going to beat them up when they met tomorrow.

Although the possibility wasn't high, Xu Xiaoyan still had to remind Lin Yi.

"Instructor Xu, do I look like the kind of person who would cause trouble? You know me, I've always been the most obedient student!"

Lin Yi's serious face made it obvious that he was just bullshitting ...

"I'm being serious, don't mess around!"

Xu Xiaoyan wanted to laugh, but she held it in and reminded Lin Yi again with a serious face.

"Instructor Xu, I'm talking to you seriously. How am I messing around?"

Lin Yi felt wronged. How am I not serious?

"Su Hao's identity should not be simple. Although I don't know his true identity, with his strength, he can actually enter the intermediate class directly. He doesn't need to go to the new student class."

Xu Xiaoyan rolled her eyes at Lin Yi and casually told him about su Hao, "His motive for entering the new student class was perhaps to obtain the first place in the assessment and enter the intermediate class with this identity. So, you've ruined his plan, so he might bear a grudge in his heart."

"Mr. Xu, you knew su Hao would hold a grudge, but you still told me to stop? You're just taking a beating and not retaliating?"

Lin Yi laughed as he joked. He knew that Xu Xiaoyan didn't mean it that way.

"You wouldn't be Lin Yi if you didn't fight back after getting hit."

Xu Xiaoyan glanced at him and shook her head with a smile. "I'm just telling you that su Hao isn't simple. You need to know your limits. "

This probably meant that they could beat him up but not kill him, right?

Lin Yi understood it that way.

"Alright, let's not talk about su Hao. Let's talk about you!"

Xu Xiaoyan changed the topic, but she didn't want to talk about Lin Yi's recent events, "Lin Yi, with your strength, you can definitely enter the advanced class. What do you think? do you want to consider challenging it?"

"What's the situation with the advanced class?"

Lin Yi scratched his chin. If Shangguan LAN 'er could go too, he could consider it.

"The advanced class is different from the intermediate class. They have a fixed quota. There are only twenty people in the entire advanced class. There are several ways to enter the advanced class."

Xu Xiaoyan reached out her hand and started to raise her fingers one by one. "The first is that someone from the advanced class leaves, and then an outstanding student from the intermediate class will be chosen to replace him. The second way is for an intermediate class student to challenge an advanced class student and the winner will take their place. The third option is for the advanced class students to return to the intermediate class and give their spot to someone from the intermediate class. However, the person they want to give their spot to must be able to pass the advanced class "test and can be easily challenged by others. That's why very few people choose the third option."

Lin Yi frowned and thought for a moment before shaking his head with a smile, "Then I'll pass. It's good to be in the intermediate class, and I can even receive your guidance. If I go to the advanced class, I won't have this opportunity anymore, right?"

"What a sweet mouth! You're actually just reluctant to leave LAN 'er, right?"

Xu Xiaoyan pointed at Lin Yi with a smile, revealing the truth with one sentence!

Lin Yi didn't deny it-with his strength, getting into the advanced class was no problem at all, but Shangguan LAN 'er had no hope.

Even if Lin Yi went in first and replaced her with Shangguan LAN 'er, she'd still be challenged.

He wasn't strong enough, and getting into the advanced class would only be torture, so it was better for him to stay in the intermediate class with Shangguan LAN 'er.

Xu Xiaoyan was just mentioning it casually. She didn't really want Lin Yi to challenge the advanced class right away, and she also knew that Lin Yi wouldn't separate from Shangguan LAN 'er.

It was just that Xu Xiaoyan felt that it was a waste of Lin Yi's talent if he didn't mention it. No matter what, the choice had to be given to Lin Yi.

Soon, the two arrived at the Dean's Mountain peak. After reporting to the Dean, Xu Xiaoyan brought Lin Yi to him.

"Director Liu, Lin Yi's back, I brought him to see you."

Xu Xiaoyan bowed slightly with respect and introduced him to Lin Yi,"Lin Yi, this is the Dean of our Feiyang school, Dean Liu Xiaoyu!"

"Lin Yi greets Dean Liu!"

Lin Yi cupped his fist and saluted as well before sizing up the Dean curiously.

Liu Xiaoyu didn't look very old. He was a middle-aged man with a square face. However, he had a refined temperament and didn't lose any masculinity. In the secular world, he would be a handsome uncle.

"Lin Yi, I finally get to see you! I've wanted to meet you, the genius of the Academy, for a long time, but it's a pity that I've only just gotten my wish!"

Liu Xiaoyu stood up with a bright smile, not putting on the airs of a Dean at all. But when he saw Lin Yi, his eyes flashed with a strange light.

"Lil" Xu, thank you for your hard work. I'll talk to Lin Yi, you can go back to work. "

Liu Xiaoyu sent Xu Xiaoyan away gently. It was obvious that he didn't want others to know what he was talking about with Lin Yi.

Lin Yi curled his lips, thinking that it was just about the fire of heaven and earth, it wasn't a secret anymore. Plus, he wouldn't tell her the truth!

"Yes, director. I'll get back to work then. You guys take your time to chat!"

Xu Xiaoyan left tactfully, not forgetting to say goodbye to Lin Yi before she left, "Lin Yi, I'll see you in the intermediate class tomorrow."

"Instructor Xu, I'll see you in the intermediate class tomorrow!"

Lin Yi replied with a smile and watched as Xu Xiaoyan left.

"Lin Yi, come sit down and talk. Don't be so formal."

Liu Xiaoyu found a random chair and sat down, signaling for Lin Yi to sit beside him. "Do you want some tea?"

"Thank you, director. There's no need to trouble yourself."

Lin Yi said politely before sitting down.

As for being awkward in front of the Dean? It didn't exist!

All he wanted to do now was to finish his work and go back to chat with Shangguan LAN 'er.

There were rumors that Lin Yi had died, and he hadn't appeared for so long. He didn't know how LAN 'er got through it.

Liu Xiaoyu's face was full of admiration, as if he was very satisfied with Lin Yi's performance.

Lin Yi sat down, thinking about how he should talk about the spirit Fire, but Xiaoyu's first question wasn't about the fire at all!

"Lin Yi, where's your body?"

Liu Xiaoyu's words were light, but they sounded like thunder in Lin Yi's ears!

His primordial spirit body had been seen through?

"Associate Hospital director Liu ... You ... You ..."

Lin Yi's face was full of shock-he wasn't faking it, he was really shocked!

His Yuan spirit was extremely refined, almost no different from a physical body. Even Xu Xiaoyan, an earth opening stage master, didn't notice anything when she walked beside Lin Yi, but Liu Xiaoyu saw through it with one look?

Chapter 6787 "Truthfully" Answer

"Why are you so surprised? Do you think that no one can see through a primordial spirit?"

Liu Xiaoyu chuckled and shook his head, sighing, "I should be the one shocked. Who would have thought that I would actually see a student of my own Academy with such a powerful primordial spirit!"

Lin Yi didn't know what to say, so he just kept silent.

"I heard that you have just broken through to the mountain split stage. However, judging from the strength of your primordial spirit, you have at least reached the sea splitting stage. Although the experts in the sea splitting stage have such a primordial spirit, they can't condense their primordial spirit into a primordial spirit body that is almost the same as their physical body!"

Liu Xiaoyu mumbled to himself, the expression on his face becoming more and more emotional, "Lin Yi, you're a genius!"

Actually, my primordial spirit hasn't reached the sea splitting stage yet. It's at the same level as my physical body!"

Lin Yi felt like he was sitting on pins and needles-he couldn't see through Liu Xiaoyu's strength, and so he didn't dare do anything even if Liu Xiaoyu's primordial spirit was seen through. "My inheritance is a bit special. I started cultivating my consciousness from a very weak time, so the level of my body and consciousness will rise at the same time."

"Your inheritance is very impressive. Legend has it that in ancient times, this was how you cultivated. However, it was slowly lost later on. Most of us in the Xuan Sea region only started cultivating the divine sense during the Xuan Sheng stage. That's why the primordial spirit of the sea splitting stage is comparable to yours."

Liu Xiaoyu understood immediately, and it was because of this that he was even more surprised, "Lin Yi, can you tell me where you got your inheritance from?"

Lin Yi pondered for a moment before replying seriously, "I shouldn't have mentioned my teacher's name, but since Dean Liu asked, Lin Yi didn't dare to hide it. I'm my master's last disciple, and very few people outside know about it. I hope principal Liu can help me keep this a secret!"

It was a great shield for her master, and it just so happened that Zhang Liju's line of disciples did place a lot of importance on spirit sense cultivation-it was a perfect move!

"So you're an alchemy God's disciple. No wonder you're so outstanding!"

Liu Xiaoyu showed a look of admiration. It seemed that his cheap master's name was quite famous in the mystic Sea.

The reason why Liu Xiaoyu didn't suspect Lin Yi at all was because he knew from Lin Yi's experience that it was only reasonable for Zhang Liju to teach him to become a Mystic at such a young age!

Since Lin Yi's heritage came from Zhang Liju, he couldn't ask too much-it was a sect secret, after all, and it was taboo to ask.

"Let's get back to our previous topic. What happened to your body?"

Liu Xiaoyu went back to the topic. With Lin Yi's shocking talent, if he lost his body, it would be the same as losing his Foundation. No matter how strong his Yuan spirit was, it would be hard for him to improve in the future.

"My physical body was lost in a secret realm, and I can't pass through there. I was trapped inside and worried about the Academy, so I could only release my primordial spirit first and come back in the form of a primordial spirit to take a look.

The secret realm was naturally house Wang's prison. Lin Yi didn't mention house Wang because he was worried that Liu Xiaoyu would go and cause trouble.

If he really did have to go against house Wang, it'd be a good thing if the school stood up for him, but the problem was that Lin Yi didn't want to go against house Wang for the sake of the Wang siblings.

The school's involvement would only complicate things-the old men from house Wang might even destroy Lin Yi's body in a fit of rage. He'd have no place to cry then.

I'll think of a way to get my physical body out in the future.

"Where is the secret realm? I'll find someone to help you get your body out. If it really doesn't work, I can go there myself. "

Liu Xiaoyu was very loyal. He immediately expressed his willingness to help. It was rare for Feiyang college to have such a super genius. They could not stop moving forward just because they lost their physical body.

"Dean, I don't know where the secret realm is either. I only know its rough location. Because I left using a teleportation talisman, I can only slowly search for it in the future. No one else can help me with this matter. Only I can handle it."

Lin Yi quickly declined. If the people from Feiyang school really did help, it wouldn't be helping but causing trouble. But he couldn't say it like that-he had to thank them,"I appreciate the Dean's kind intentions, but if there's anything I can help with, I won't hesitate to help."

"Fine, since you've said so, if you need anything in the future, just let me know and come to me directly!"

Liu Xiaoyu made the decision in a domineering manner, and then said with a heavy heart,"Lin Yi, your soul is strong, but it's not as strong as your body. If you get hurt, it'll be a regret that can't be fixed. You have to take this seriously and get your body back as soon as possible, understand?"

Lin Yi could feel that Liu Xiaoyu was really thinking for him, and he was touched.

He didn't press Lin Yi for details, either-it was obvious that he didn't want to go into the details.

"Lin Yi understands! Thank you, principal!"

It didn't matter why Liu Xiaoyu was concerned about Lin Yi-as long as he was sincere, he'd accept it!

"You're welcome. It's very important to find your body anyway. You must take it to heart."

Liu Xiaoyu warned again, then continued,"What exactly happened in the last mission of the spiritual fire of heaven and earth? So far, you're the only one who has returned after going in, so only you can explain this. "

Lin Yi had expected this question, and it meant that they were getting to the point.

"Dean, I'm not too sure why no one has come out from inside. In fact, I left that area because of the heaven and earth spiritual fire."

Lin Yi repeated what he'd said to Wang shiqing-it was the truth, but he'd cut it down and made it unclear on the key points, which was why it'd be misunderstood. Lin Yi didn't feel any pressure at all.

Because he really wasn't lying! He just didn't explain it in detail.

"The spiritual fire of heaven and earth is in the territory of the heavenly spell formation sect?"

Liu Xiaoyu's brows furrowed, looking a little regretful."In that case, Feiyang college has no chance of getting that heaven and earth Spirit Fire. Whatever, it may not be a good thing to obtain it. The heavenly spell formation sect will benefit from it. "

Lin Yi was secretly impressed-Liu Xiaoyu was really open-minded, putting the matter of the fire aside in the blink of an eye.

It was a pity that the heaven and earth Spirit Fire was too important, especially entering the Jade space. It was Lin Yi's biggest secret, and he couldn't tell anyone about it no matter what.

"Dean, I obtained the accompanying Spirit Fire Crystal, but I used it on my own and didn't bring it back to hand it over to the Academy. Please punish me, Dean."

Lin Yi had to use his icy blaze fire eventually-it was something he couldn't hide, and so he admitted his mistake first.

If Liu Xiaoyu was like the Wang family and wanted to take away Lin Yi's icy blaze by force, then he didn't need to stay at Feiyang school anymore!

Chapter 6788 The Hospital Director's Care

Lin Yi didn't believe that Feiyang school had a secret prison!

As long as it wasn't an array set up by the talisman system, who could trap him with that damn thing?

"It's a small matter-accompanying life fire crystals are precious, but they'll only be useful in the right hands. You're the alchemy God's disciple, and you're a Mystic-class refiner-it's very important to have a suitable fire!"

Liu Xiaoyu waved his hand nonchalantly. Even if the Academy obtained the heaven and earth Spirit Fire, it would not be for his own use. Instead, it would be used to nurture the Academy's outstanding disciples to become talisman Masters, alchemy Masters, and so on.

Now that Lin Yi was a ready-made genius refiner, what else was there to say?

If other people found a heaven and earth Spirit Fire, they might give it to Lin Yi when they came back, not to mention that it was Lin Yi who found the accompanying Spirit Fire Crystal.

"Thank you, principal!"

Lin Yi thanked him from the bottom of his heart. If the Wang family had Liu Xiaoyu's tolerance, he wouldn't have to hide his body in the dark prison,"Dean, please take a look. This is the flame I derived from the accompanying life fire Crystal. I call it the icy Blaze Flame."

Before he could finish his sentence, an ice-colored flame appeared in Lin Yi's palm. It jumped silently in the air, emitting both cold and hot auras.

"Icy Blaze Flame, this name is very good. It is indeed an excellent heaven and earth Spirit Flame, and has already entered the yellow level threshold. Unfortunately, it is a flame derived from the accompanying Spirit Fire Crystal, and has no room for growth in the future."

Liu Xiaoyu looked at the icy Blaze Flame, his eyes flashing with admiration and regret, but there was no greed.

Lin Yi was finally able to relax-Xiaoyu was a man of his words, after all, and didn't seem to have any intentions of taking the icy blaze fire.

Lin Yi was planning on giving a companion Spirit Fire Crystal to the school, but it wouldn't be easy to explain. Besides, people would know about Wang shiqing's icy blaze fire, so Lin Yi gave up on the idea.

The Feiyang college wasn't in urgent need of Spirit Fire crystals anyway, and Lin Yi decided that he'd do more in the future to repay Liu Xiaoyu and the college.

"Lin Yi, if you left that area so early, why didn't you go back to the Academy? why did you take so long?"

Liu Xiaoyu gestured for Lin Yi to put away the icy blaze fire before asking him about what happened after. After all, Lin Yi didn't mention how his body was lost in the secret realm.

"After that, I left the heavenly spell formation sect's District and came to a small place called bluestone town. I met three students from the unparalleled Academy and they invited me to go on a mission."

Lin Yi found it funny-it wasn't an invitation, it was more like a bribe, but he was just going with the flow. The three girls helped him avoid the heavenly formation master's pursuit.

Hearing the term "darkness demon beast," Liu Xiaoyu's expression suddenly became serious. He obviously knew what a darkness demon beast was.

From the trial grounds of peerless school to the abandoned land, Lin Yi's experience was full of ups and downs, especially the rat tide and bee swarm that swept through the abandoned land. Even someone with Liu Xiaoyu's mental strength couldn't help but turn pale.

As for Lin Yi's cooperation with others to destroy the rat tide and the bees, Liu Xiaoyu, who had been listening quietly, suddenly cheered, his face full of excitement!

"Lin Yi, you've done great! He's simply a great hero to our human race! If the rat tide and the bees completely ruled the abandoned land, the mystic class Sea area would also fall sooner or later! The only thing we have to worry about now is whether there are any sun devouring rats and corpse demon bees that have escaped from the mountain sect. "

Liu Xiaoyu couldn't sit still anymore. He stood up and walked around a few times before continuing, "It's been a few months. There's no point in asking now. Besides, the mountain sect doesn't have any relationship with our Feiyang college. I just hope they can clean it up."

"Don't worry, principal. The passage was destroyed very quickly, and there weren't many sun swallowing rats and corpse demon bees that passed through the passage. Most of them would have died in the passage. Even if there were any who managed to escape, they would have been killed by the guards of the mountain sect."

Lin Yi, on the other hand, saw through everything. It was just as Liu Xiaoyu said-it'd been a few months already, and if there really were some sun devouring rat corpse demonic bees that slipped through the net, there might already be traces of the rat tide Bee Group in the mystic division Sea area.

The only thing that made Lin Yi suspicious was the sun-swallowing rat's aura on yang Dian-what was this idiot doing?

But he'd decided to investigate this in secret-he'd be letting Xiaoyu know if he did, since he didn't have any evidence. He'd also be alerting the enemy, and the school would be running around trying to find out the truth, but it'd be all for naught.

"What you said makes sense!"

Liu Xiaoyu nodded, seemingly relieved, "That's right, the man with the gray bamboo hat who helped you is an extraordinary figure. Not only is he powerful, but he's also very good at formations. I don't know if I'll have the chance to see him again in the future. I really want to thank him in person."

That's right, Lin Yi gave the credit for setting up the formation to the man in the grey hat. The people in central were mysterious anyway, and Liu Xiaoyu would never be able to see him.

After that, Lin Yi talked about how he got lost in the forest and described the place where he lost his body as this forest.

With the vastness of the forest, it was normal for such a secret realm to be hidden.

"I see. No wonder you took so long to return. You've really worked hard!"

Liu Xiaoyu couldn't help but sigh after listening to Lin Yi's story. There were rumors that Lin Yi had fallen, but who knew that he had gone through so many life and death situations?

He only mentioned that he'd be sending Wang shiqing back to house Wang, but he didn't mention that he'd be trapped by house Wang-it was an ambush.

"Regarding the heaven and earth Spirit Fire, there might be trouble in the future. But don't worry, as long as you are in Feiyang college, the other colleges and families can forget about touching you!"

Liu Xiaoyu was full of confidence. Although Lin Yi was the only one who survived the fire of heaven and earth operation, he wasn't someone who could be dealt with just because he wanted to,"In addition, I'll say the same thing again. You have to find your physical body as soon as possible. It's not good for you to keep using the primordial spirit form."

"You're right, headmaster. I'll find a way to get my physical body back as soon as possible."

Naturally, Lin Yi agreed without hesitation-he couldn't say that he'd gotten used to being in this state ... He'd be asking for a beating ...

"You're going to start the intermediate class tomorrow, right? However, with your strength, the intermediate class isn't suitable for you. You're just wasting your time by staying in the class. "

Xiaoyu suddenly started talking about the course, and just when Lin Yi thought that he was going to persuade him to go to the advanced class, he went back to looking for a body. "That's why I'll assign you some missions to give you more time and opportunities to go out and find your own body. As for the intermediate class, I'll leave it to you. "

Chapter 6789 The Intermediate Class 'Class Monitor Selection

Lin Yi understood immediately-this was Liu Xiaoyu's way of thinking for him. He wanted to keep his place in the intermediate class and go out for a long time without being affected.

In fact, Liu Xiaoyu felt that Lin Yi's best choice was to go out and travel-it would be easier to find a body, but he knew that Lin Yi came to Feiyang school to accompany Shangguan LAN 'er, so he needed a place in the intermediate class.

Once they chose to travel, it would not be so easy to return to the class.

"Thank you, director. I will definitely find my physical body as soon as possible and not let you worry."

Lin Yi quickly thanked him, and the two exchanged some irrelevant words before letting Lin Yi go.

Lin Yi tried to make it sound simple, but it still took him a lot of time. When he came out, the sky was already dark.

Naturally, Shangguan LAN 'er was still waiting for Lin Yi. Not only her, but Zhang jinmiao had also arrived, so Lin Yi could only repeat his experience.

To Zhang jinmiao and Shangguan LAN 'er, of course, Lin Yi couldn't just give them a simple explanation-even if he wanted to, Shangguan LAN' er wouldn't agree!

And so, the night passed as Lin Yi continued to talk ...

The next day, Lin Yi and the others arrived at the mountain where the intermediate class was located.

From today onwards, their lives and studies would all be moved here. As for their living quarters, they had already been properly arranged. The results of the assessment would also be suitable for them to be allocated their living quarters.

After a short rest, the seven new students, including yang Dian and su Hao, officially met with the senior students of the intermediate class.

However, he didn't get to see all the students of the intermediate class today. They would usually go out to do missions and cultivate, so it was very difficult for them to gather together.

"Everyone, I'm the new teacher of the intermediate class, Xu Xiaoyan. The seven people here are the students who have advanced to the new class. You may or may not know each other, but it doesn't matter. In the future, everyone will have plenty of time to get along. I hope that you can all be United and live in harmony."

Xu Xiaoyan led the seven new students and gave a simple opening speech, ""Next, we need to choose the class monitor for this intermediate class."

The original class monitor of the intermediate class got the opportunity and was successfully promoted to the advanced class, so the position of class monitor was empty. The original teacher had to leave the Academy for some matters and the return date was not fixed, so Xu Xiaoyan came from the new student class to the intermediate class.

"Instructor Xu, we don't have enough people today. Is there a problem with choosing the class monitor?"

One of the seniors from the intermediate class asked. There were more than 30 of them in the intermediate class, but only 15 of them had come today, not even half of them. It made sense for him to ask this question.

"No problem! We'll decide on the class president first today. If the students who aren't here have any objections to the results, they can issue a challenge. We don't forbid anyone from competing for the class president position, as long as it's within the scope of the Academy's rules!"

Xu Xiaoyan answered with a smile as she glanced at Lin Yi.

In her heart, the class monitor of the intermediate class was Lin Yi. With Lin Yi's strength, so what if there were people in the intermediate class who didn't want to accept him?

You can challenge him all you want, and whoever can beat Lin Yi will be the class president!

"Instructor Xu, how do we choose the class monitor this time? If you want to participate, then sign up and we'll decide through a competition?"

Another senior student asked. He was clearly someone with his own thoughts.

Being the class monitor of the intermediate class would naturally bring a lot of benefits, so anyone with a bit of strength would want to fight for it. What if they really succeeded?

Even if he could only be the class monitor for a short period of time, it would be good.

"Free registration is a waste of time. The class president has to be able to convince the masses first. So, this time, everyone will recommend two candidates. After the competition, the class president will be decided."

Xu Xiaoyan chose a simple method. If everything went well, the class monitor election would be completed in a few minutes. "For the sake of fairness, the seniors and the freshmen will each elect a representative. You can discuss it now."

She didn't know who the seniors would choose, but she was confident that Lin Yi would be the new student!

Although Yang Dian, Su Hao, and Xue Peng were enemies with Lin Yi, the Murong siblings and Shangguan Lan'er were on good terms with him!

Even if they voted, Lin Yi won with four votes!

"Lin Yi, Lil' bro, do you want to be class monitor?"

Shangguan LAN 'er blinked her eyes at Lin Yi, not knowing if she wanted him to be class monitor or not.

"Lin Yi, my brother and I will support you if you want to be class monitor."

Murong Feifei made her stand clear. Just from Lin Yi beating up su Hao yesterday to avenge Murong xuyan, she would support Lin Yi with all her heart.

Yang Dian and su Hao glared at Lin Yi from the side. They knew that they couldn't win against Lin Yi after getting beaten up yesterday.

Even if he did become class monitor, Lin Yi could still come and challenge him if he was in a bad mood. Who the F * ck could take that?

At first, yang Dian and su Hao didn't see eye to eye with each other, but after Lin Yi beat up Yingying yesterday, the two of them seemed to want to bury the hatchet.

In other words, the enemy of an enemy is a friend. These two people actually had similar interests.

Yang Dian and su Hao were thinking about how to stop Lin Yi from being class monitor. If they couldn't be class monitor, why should Lin Yi be class monitor?

But before they could come up with a plan, Lin Yi turned to them and pointed at yang Dian, "I don't like being the class monitor. Yang Dian used to be the class monitor of the new student class. Let's recommend him to compete for the position now."

As soon as these words came out, the others were all stunned. Only Shangguan LAN 'er wrinkled her small nose and shook her head with a smile.

Lin Yi wanted to slack off again ...

A class monitor couldn't just enjoy the benefits and not work-there were a lot of things he had to do, and Lin Yi didn't have the time for that.

Lin Yi, on the other hand, didn't want to be class president. The Murong siblings and Shangguan LAN 'er didn't have the strength to be class president, so he might as well let yang Dian do it.

Yang Dian was into this, and Lin Yi could track him down if he got carried away.

"You ... You're recommending me to run for class monitor?"

Yang Dian looked at Lin Yi in disbelief. What was going on today? Did he meet a fake Lin Yi?

"What, you're not interested in being a class monitor? Then forget it!"

Lin Yi shrugged. "Why don't our new student class give up and let the senior student be the class monitor? I don't care."

"That won't do! If we don't go out and compete, we'll be looked down upon by the older students in the future!"

Yang Dian felt that Lin Yi wasn't joking. He puffed out his chest and spoke with a serious tone, "As the ex-class monitor, it's my responsibility to fight for the benefits of the new students. If you don't want to be the class monitor, Lin Yi, then I'll do it!"

Lin Yi chuckled to himself. Yang Dian was a big fan of being a class president. He wouldn't miss a chance to be a class president.

Chapter 6790 The Powerful Yang Dian

"Alright then, we'll support you in running for class monitor. Do a good job!"

Lin Yi nodded casually, bringing up the Murong siblings as well. "By the way, are your injuries alright? Will it affect your battle?"

Yang Dian's face twitched at the mention of this, and he felt pain all over his body, even his bones ... Damn! Why was he beaten up so badly by Lin fan every time?

"It's fine, it's fine, it won't affect you!"

Yang Dian was speaking against his conscience. It would be strange if nothing happened!

His injuries weren't a big problem, and he'd be fine after two days of rest. The problem was that Lin Yi had destroyed the four clones, and although he'd recovered most of them, yang Dian's strength still dropped by a small level.

Originally, his strength was at the peak of the middle stage of mountain split. Now, there was no peak, only the middle stage of mountain split.

But fortunately, yang Dian's real combat power was still at the beginning stage, and he had no pressure to deal with the senior students of the intermediate class.

"That's good. I was thinking that if you were seriously injured, I would give you a healing pill. Since it doesn't affect you, I'll save a pill."

Lin Yi's serious face almost made yang Dian believe him.

"We've already selected a candidate for the class monitor. Is it done on your side?"

Someone from the senior students "side raised his voice and asked. From their appearance, it seemed that they felt that the position of class monitor was in the bag. It was clear that none of them had paid attention to yesterday's freshmen assessment.

Normally, those who came out of the new student class would be considered as newbies who had just learned to fly!

None of the senior students in the intermediate class looked down on those in the new class. After all, they had all experienced the new class and knew what the standards were like inside.

"Alright! Instructor Xu, we recommend yang Dian as a candidate for the class monitor!"

Lin Yi said as he shook his head at yang Dian, signaling him to leave. Yang Dian was a little pissed, but he didn't say anything else, afraid that Lin Yi would revoke his position as class monitor.

"Isn't this yang Dian? he can't stay in the new class anymore and is finally going back to the intermediate class?"

The name of the candidate for the senior student was Liu Liang. He was the third place of the previous new student class and yang Dian's classmate. When he saw that it was yang Dian who came out, he immediately said with disdain, ""You're just trying to show off in the new class by snatching the position of class monitor. Now that you're in the intermediate class, you're still trying to do this? are you looking for a beating?"

It was normal to be despised by the students of the intermediate class for having to return to the new student class to get resources after getting a place in the intermediate class.

After all, the cultivation methods and martial arts techniques that could be learned and cultivated in the intermediate class were more profound and exquisite. The new students only had more resources, but they couldn't improve their strength.

"Liu Liang, Who Do You Think You Are? You dare to talk nonsense in front of me!"

Yang Dian's eyes widened, his body emitting a murderous aura. I can't beat Lin Yi, but I can take care of you, Liu Liang!

In the past, Liu Liang's strength was indeed slightly better than yang Dian 's. After a year of cultivation in the intermediate class, he was even more spirited and felt that he could defeat yang Dian. Unfortunately, yang Dian was no longer the same person as before!

"Oh, you're not capable, but you have a big temper! In this aspect, you have the imposing manner of our class monitor!"

Liu Liang's face was full of mockery as he laughed in disdain,""Looking at your sickly appearance, don't fall down before the fight. Do you want to go back and sleep before coming back? Otherwise, I'm worried that I'll accidentally kill you, and that'll be a sin. "

Yang Dian was still recovering from Lin Yi's beating-he didn't look too good, and it was no wonder Liu Liang looked down on him.

"Liu Liang, it's useless even if you have a sharp tongue. In the end, you still have to rely on your fists to speak."

Yang Dian suddenly grinned and raised his fist. ""If you can still speak later, I, yang Dian, will admit defeat!"

Liu Liang's face changed, and a trace of anger flashed in his eyes. Yang Dian meant that he, Liu Liang, would be beaten up so badly that he couldn't even speak?

Very good! Then let's see who's the one looking for teeth on the ground!

"Since the two candidates have been selected, let's go to the arena to compete!"

Xu Xiaoyan opened her mouth at the right time and stopped the two of them from fighting. If she didn't speak, they would probably start fighting now!

"Let's go! Let's see how hard your fists are in the new student class!"

Liu Liang narrowed his eyes and stared at yang Dian with a gloomy expression. ""I think it's a question whether your fist will still be there or not."

"The problem is that you probably won't have a mouth to say such things later, so say as much as you want now!"

Yang Dian didn't want to be outdone. The two probably had a long-held grudge, so they wouldn't back down even if they were to bicker.

Xu Xiaoyan couldn't help but smile bitterly to herself. She just said that they should be United and live in harmony, but it seemed that there was no hope!

It might be a mistake to use this method to campaign for class monitor!

Since things had come to this, they could only let nature take its course. Of course, Xu Xiaoyan couldn't go back on her word and overturn the rules she had set. If that happened, who would still respect her as a teacher in the intermediate class?

After a while, everyone came to the fighting ring for the intermediate class. Yang Dian and Liu Liang jumped into the ring at the same time and started fighting without saying anything!

The two of them had already said what they needed to say along the way. Now, it was time to see the real deal. Neither of them would back down!

Liu Liang wasn't weak. He was already at the peak of the middle stage of mountain split. He was the top student of every batch of the Feiyang college. He wasn't a mediocre person. It was normal for him to be arrogant.

According to yang Dian's original strength, he was indeed no match for Liu Liang, and the gap between them was getting bigger and bigger.

However, after meeting Xue Peng, or to be exact, after getting Central's medicine, yang Dian's explosive growth was not something Liu Liang could hope to catch up with.

Liu Liang's expression changed in horror as soon as they exchanged blows. He had just activated his martial arts technique when yang Dian's fist had already arrived. It was the simplest straight punch without any complicated moves!

Perhaps he was influenced by Lin Yi, yang Dian also thought that he shouldn't use martial arts, but use pure fists to fight the enemy. The feeling of hitting the flesh with each punch was quite satisfying!

The most important point was that any martial technique needed time to accumulate power. Even the so-called instant-cast martial techniques always had time to circulate true Qi to activate. How could it be faster than a direct punch?

If the distance between the two sides was relatively far, it would be more advantageous to use martial arts. However, in close combat, forgetting martial arts and directly beating up was the best way!

Liu Liang's martial arts technique, which had just been activated, didn't play the slightest role in blocking yang Dian's fist. Yang Dian's fist passed through the martial arts technique and instantly attacked Liu Liang's cheek.

In a hurry, Liu Liang could only raise his arm in an attempt to block. Immediately after, he felt as if his arm had been hammered. The huge pain made him wonder if his arm had been broken.

However, he didn't have time to think about his arm, because yang Dian's fist only stopped for a moment before it followed the predetermined trajectory and landed on Liu Liang's face.
