

Bodyguard 6791

Chapter 6791 Half The Punishment

Liu Liang's whole body was lifted off the ground and flew sideways under the influence of the huge force. Yang Dian reached out and grabbed Liu Liang's ankle, then he swung it to the other side!

With a loud bang, Liu Liang was struck heavily on the ground. All the bones in his body seemed to have been broken, and he was seeing stars. He was completely dazed.

Why did it turn out like this?

When did yang Dian become so powerful?

Before he could figure it out, he found that his body was lifted up again and slammed to the ground on the other side!

This time, his face was facing the ground. In an instant, Liu Liang's originally handsome face was a bloody mess. His eyes were no longer eyes, and his nose was no longer nose ...

Perhaps Liu Liang would have some luck this year, because his face was already full of peach blossoms!

The senior students were all dumbfounded, and those who knew yang Dian were even more confused. Was there something wrong with the plot? Could it be that returning to the new student class to get resources was the best choice?

Yang Dian attacked Liu Liang seven or eight times in a row. He only stopped when he felt that it was about time. He did not stop attacking completely.

Yang Dian grabbed Liu Liang's collar and lifted him up. He looked around and felt that even Liu Liang's mother could not recognize his face. He was finally satisfied.

Then, yang Dian punched Liu Liang's mouth. Seeing that Liu Liang's remaining teeth had all fallen out, yang Dian finally nodded in satisfaction.

"Yang Dian, that's enough!"

Xu Xiaoyan opened her mouth to stop yang Dian from continuing to attack Liu Liang. Even she couldn't end this one-sided bloody abuse early.

Xu Xiaoyan had overestimated the strength of the senior students. Yang Dian, who couldn't even withstand a single blow from Lin Yi, could also make the senior students vulnerable in the intermediate class ...

Yang Dian shrugged his shoulders and let go of Liu Liang's collar. He felt so happy that he was in a good mood!

Beating people up really felt good-no wonder that B * stard Lin Yi liked to beat people up ... Wait, wasn't Lin Yi beating me up? why the F * ck would I be so happy?

Yang Dian wasn't as happy when he thought of Lin Yi. He turned around and saw Lin Yi holding his chin with a half-smile on his face, and his heart turned cold.

Something didn't seem right-was this Lin Yi up to something? What should he do?

Yang Dian was a little confused. He had won the match, but why did he feel like he had lost?

This damned Lin Yi!

"From today on, yang Dian will be the class monitor of the intermediate class. If you have any problems in the future, you can ask yang Dian to solve them. If you can't solve it, you can ask the teachers and the college."

Xu Xiaoyan did a simple check and knew that Liu Liang's life was not in danger, so she announced the result on the spot.

Unfortunately, not many people came to congratulate yang Dian, even though the strength he showed had shocked the senior students present.

"Congratulations! You're indeed born to be a class monitor!"

Surprisingly, the first one to congratulate su Hao was Lin Yi. Su Hao couldn't understand what was going on ... Weren't these two enemies?

The small boat of friendship was about to capsize, and the little bit of mutual appreciation that he had established with yang dianjian just now suddenly collapsed!

As expected, this young master is more suited to travel alone. None of these low-class people are qualified to be my friends!

"Congratulations, thanks for Lin Yi's support."

A stiff smile appeared on yang Dian's face, not knowing what Lin Yi was planning.

To be honest, yang Dian would rather be beaten up by Lin Yi again than make such a guess.

F * ck! If I can beat Lin Yi, I'll beat him up every time I see him! I don't want to see that annoying smile ever again!

Yang Dian was determined, but he didn't dare to show any dissatisfaction on his face. He couldn't fight Lin Yi now, so he had to admit defeat!

"Yang Dian, you're the best. If I had supported Xue Peng, he wouldn't have been able to win, right?"

Lin Yi patted yang Dian's shoulder with a casual smile, causing his body to Twitch and his heart to skip a beat.

The psychological trauma was a little serious ...

In fact, Lin Yi wanted yang Dian to compete for class president not only because he wanted to be lazy, but more importantly, he wanted to observe yang Dian from the side.

The rat's scent would only be more obvious during a fight. Lin Yi still had a lot of things to do, and he wouldn't be able to stay at the school for long. He had to use every opportunity he had to investigate.

Sure enough, although yang Dian did not spend much time in the previous battle and did not use any martial arts techniques, the aura of the sun-swallowing rat was much more obvious during the battle.

Xue Peng had been paying attention to Lin Yi's movements the whole time, and his mouth twitched upon hearing the words. Why did you guys have to drag me into this?

I just want to be a quiet, transparent, and handsome man. I don't want to get shot ...

"Haha, you're so good at chatting ... Thank you ..."

Yang Dian laughed dryly and stepped back uncomfortably, shaking off Lin Yi's hand on his shoulder. "Congratulations, I'll be going now."

Hurry up and leave! If they didn't leave, something would definitely happen!

Yang Dian's heart was filled with alarm bells. If he couldn't beat Lin Yi, it was better to stay as far away from him as possible!

"Don't worry, we're old friends. It's rare for us to get together, so let's have a good chat!"

Lin Yi caught up and put his arm around yang Dian's shoulder, looking very intimate.

Friend, your sister!

When did I become friends with you? Hurry up and get lost!

Yang Dian roared in his heart, but he admitted defeat. "You're right, old friends should have a good chat ... Why don't we sit down and have a meal some other day? You see, there's still class today, the time and place are not right!"

"No need, no need. It's just a casual chat. Why is it so troublesome?"

Lin Yi didn't seem to notice yang Dian's resistance and continued to put his arm around his shoulder, "I heard that there are many benefits to being a class monitor. There will be extra resources as a reward, right?"

"It should be ... Correct!"

Yang Dian wanted to say that there was no such thing, but in the end, he didn't dare to say it. He could only laugh dryly and say, ""It won't be much. It's just a little payment for the hard work I usually do."

Yang Dian finally realized what was going on-Lin Yi was after the class president's resources?

'Damn it!' Did he not want to do anything, but he wanted to get some benefits? Why? Even if I'm beaten to death, I'll never yield!

Yang Dian made up his mind that he would not obey! The school wasn't going to let Lin Yi Do something like that.

"Squad leader yang, you're too humble. I heard that the resources and rewards for being a squad leader are very generous. You see, we're old friends, so we should go through thick and thin together, right? Let's cut the crap, whoever sees it will get half!"

Lin Yi's firm tone almost made yang Dian laugh.

Chapter 6792 It's Fake If You Don't Give It

Just as I expected, you want half of my resources without doing anything and just saying a few words. Why?

Also, what do you think that sentence about sharing blessings and suffering means? Do you think I'm your shield?

"Lin Yi, I've worked so hard as the class monitor, why should I give you my resources? If you want resources, I'll just quit being class monitor and give them to you!"

Yang Dian was about to explode from anger, but he didn't have the courage to turn on Lin Yi. He could only say a few words that seemed tough but were actually cowardly to save some face.

Lin Yi revealed a mysterious smile to yang Dian and used his pure Qi to set up a sound-proof barrier before patting yang Dian on the shoulder. "You're really yang Dian? Are you a fake?"

You're the fake one, your entire family is fake! Otherwise, he would not have done such a thing! Lin Yi wasn't like this before!

"Lin Yi, just tell me what's going on-I'm giving you resources, what's the point of saying all this?"

Yang Dian hmphe coldly as he glanced at Lin Yi in disdain. Was Lin Yi out of ideas and trying to shake him up with these ridiculous words? This was too laughable!

"I think you're really an imposter. Otherwise, how could you have the aura of a darkness magical beast? Have you been possessed?"

Lin Yi looked at yang Dian with a half-smile, taking in all his subtle reactions.

This could also be considered as beating the grass and alerting the snake, but it was different from reporting to the school. Once the school made a move, the movement would be too big, and it would be easy to scare away the people behind yang Dian.

Lin Yi's casual comment might only shock yang Dian, but it might lead to clues.

Yang Dian's heart skipped a beat at the mention of the dark Demon beast, his eyes blinking.

At first, he didn't know what the dark Demon beast was. After all, it could be considered a legend. However, after Xue Peng gave him the new potion, he mentioned the dark Demon beast to yang Dian and said that the doppelganger technique came from the dark Demon beast.

It was because of this that yang Dian suddenly felt a sense of fear when he heard the words "Dark Demon beast."

Darkness magical beasts were taboo!

He would be viewed as an enemy by everyone on the Sky Class Island if he got involved. Yang Dian only heard about the dark Demon beast after he took the potion. Otherwise, he wouldn't have dared to take the new potion.

"You're talking nonsense! What darkness magical beast? I've never heard of it! Possession? Make up a story? I still think that you've been possessed!"

Yang Dian suppressed the uneasiness in his heart and refuted Lin Yi with a forced smile, "Do you think anyone will believe you if you say this?"

"I don't care if others believe it or not, but I do!"

Lin Yi's lips curled up into a smile. He was sure that yang Dian knew about the dark Demon beast. "Why else would you refuse to give me such a small amount of resources? You should know that I used to be close friends with yang Dian. If you weren't possessed, you would definitely give me the resources. "

"Nonsense! When did yang Dian have a good relationship with you? You're the fake Lin Yi, aren't you?"

Yang Dian's mind was in a mess, and he was still trying to fight back. Why did Lin Yi say the words "Dark Demon beast"? What did he know?

"Alright, it's hurtful to talk about this now. When we were on a mission with instructor Xu, didn't we fight side by side on the way back and live and die together? How is it a bad relationship?"

Lin Yi didn't continue talking about the dark Demon beasts-he couldn't rush things like this."Now that you've become the class monitor with our support, you'll definitely have endless resources in the future. Anyway, it's not a loss to give me half of them. Even if I have no use for them, I can give them to my little Senior Sister LAN 'er to make her happy, right?"

To your sister! Why didn't you die outside? You just had to come back and torture me!

"Yang Dian, you know, I talked to our director for a long time yesterday. He has a good impression of me and even told me to go to him when I'm free. He likes to chat with me. I'll talk to him about our deep friendship when I go to him one day."

Lin Yi continued to pressure yang Dian,"Do you think the headmaster will pay attention to you, the genius who became the class monitor of the intermediate class of the new students? This must be good for your future, right?"

Yang Dian's forehead was covered in cold sweat. If Lin Yi really got the Dean's attention, he'd be in big trouble.

That bloody Xue Peng said that the new medicine wouldn't have any side effects, but how did Lin Yi find out that he was related to the dark Demon beasts? How did he know?

If the Dean could also see it, yang Dian was sure that he would die without an intact corpse!

"That's not good. The Dean is busy every day and pays attention to the major matters of the Academy. A small figure like me will delay things too much. It's better not to mention it in front of the Dean!"

Yang Dian wiped the cold sweat from his forehead and squeezed out a stiff smile that was uglier than crying. He laughed dryly and continued, ""Look, we're old friends. There's no need to be so distant. It's just some resources. It's no big deal. Let me see how much I can get, and then we'll discuss how to split it. How about it?"

"Why the trouble? half each is good!"

Lin Yi frowned on purpose, making it look like he wasn't too satisfied, but he was actually quite satisfied. He'd achieved all his goals, and now it was up to yang Dian to cooperate and give him a chance to track him down.

"For example, if there's only one item, we can't split it in half, right? We'll have to see the situation first."
"

Yang Dian had already agreed to it-even if Lin Yi said he wanted everything, he had to!

But this was too scary, and yang Dian had to think it through. He had to run for his life. If Lin Yi really reported this to the Dean, he'd have to bear the consequences, even if it was just suspicion!

"You're always so troublesome! Forget it, if you want to think about it, then think about it. I have the patience, so give me an answer tomorrow!"

Lin Yi frowned and pretended to be impatient. He waved his hand to remove the sound barrier and walked over to Shangguan LAN 'er.

Yang Dian couldn't help but wipe his cold sweat. He was afraid that Lin Yi would be suspicious if he agreed too quickly. This should be more normal, right?

"Lin Yi, what are you talking about with yang Dian?"

Shangguan LAN 'er saw Lin Yi walking over and asked.

"I was going to congratulate him on becoming the class president. Then, he said that to thank me for my support, he would give me half of the resources and rewards he would get during his time as the class president. You can keep it when the time comes. It would be a waste not to take it."

Lin Yi chuckled as he pushed the blame to yang Dian. It didn't sound good to say that he'd be the one extorting.

It wasn't that extortion didn't sound good, but it was a loss of face to only extort so little things ...

Chapter 6793 Yang Dian Is From Central?

"When did yang Dian become so easy to talk to? Is it because he's afraid of being beaten up by you, so he wants to curry favor with you?"

Murong Feifei glanced over and expressed her disdain to yang Dian.

"Who cares? anyway, if he has something to take, then take it. When it's time to beat him up, I'll beat him up!"

Lin Yi smiled evilly-it wasn't very nice of him to say he was going to beat the guy up after he'd taken advantage of him, but yang Dian had thick skin and could take it, "Let's go, let's go. Instructor Xu still has class to attend. Let's not chat here."

Xu Xiaoyan had already walked in the direction of the classroom first, and the older students also followed. Liu Liang naturally had someone to help treat his injuries and take him away, so Xu Xiaoyan didn't have to worry.

Lin Yi told the others to follow the group back to the classroom, but his spirit locked onto yang Dian to see what he would do.

They didn't even need to wait for Lin Yi to find out what was going on- yang Dian whispered to Xue Peng as he watched them leave.

To be on the safe side, yang Dian even copied Lin Yi and used his Qi to set up a sound barrier, but he didn't know that it couldn't block Lin Yi's divine sense at all.

"Xue Peng, Lin Yi said that I'm being possessed by a Dark Demon beast, and he threatened me to talk to the Dean about it."

Yang Dian's heart was filled with fear. He had tried every possible way to become stronger, even disregarding his reputation. He would rather not go to the intermediate class than stay in the new student class. He had taken the medicine provided by Xue Peng at all costs just to make a name for himself in Feiyang college.

If the dark Demon beast was involved, he wouldn't have a place in the mystic class Sea area or even the Sky Class Island, let alone the Feiyang school. Maybe the evil cultivators would accept him.

"How does he know about the darkness magical beasts?"

Xue Peng's face instantly turned pale, and his heart beat violently. He was worried that he would jump out of his chest in the next moment.

"How would I know? how would he know?"

Yang Dian spat, feeling tongue-tied. "The most important thing now is what we should do. If Lin Yi really did tell the others about this, even if the Dean only suspects me, I'm dead!"

Xue Peng covered his mouth and fell into deep thought. He thought to himself, "it doesn't matter if you die, but don't drag me into this!"

It was a good thing that he had not taken any new potions before. It was a wise move!

"Don't worry, since Lin Yi asked for it, we'll just give it to him! I think Lin Yi's a selfish guy-as long as there's something to be gained, he wouldn't report you. "

Xue Peng had a plan in his mind. Now, he had to stabilize yang Dian first and not panic."Moreover, he said that you were possessed by a darkness magical beast. That's pure nonsense, there's no such thing. Even if the Dean suspects it, he won't be able to find any evidence."

Yang Dian blinked, thinking that Lin Yi was right. He couldn't find any evidence that Lin Yi was possessed, so Lin Yi just wanted to get some benefits by using the dark Demon beast as an excuse, right?

"If Lin Yi wants half of it, give him half. If he wants all of it, give him all. You don't need too many resources anyway, and with my potions, your strength will never stagnate!"

Xue Peng said a few words of comfort and then gave yang Dian a big promise."The previous version isn't the final version yet, and there will be better ones coming in the future. You can take it slowly, and the next time, you'll be stronger than Lin Yi. That'll be your chance for revenge!"

"You're right! I'm going to teach him a lesson next time!"

Yang Dian replayed the scene of him beating up Liu Liang and changed the target to Lin Yi. He suddenly felt that there was no best, only more!

"Alright, this matter is settled. Hurry up and follow them. Don't let anyone suspect you."

Xue Peng saw that most of the troops had gone far away and quickly urged yang Dian to leave. "Also, if something really happens, don't bite me out. I can find someone to save you. If we get caught together, we're really done for!"

"I understand. Don't worry about that. I, yang Dian, am not that kind of person!"

Yang Dian immediately patted his chest and promised. Who knew if he would betray him when the time came?

Lin Yi, who had already walked far away, revealed a smile of understanding. So that was what happened!

Yang Dian and Xue Peng hooked up, and Xue Peng provided yang Dian with a kind of potion to improve his strength!

The name sounded familiar, and Lin Yi immediately thought of central.

Xue Peng, Xue Keyan, Center, gray bamboo hat, scrapped metal machinery cabinet, flesh and blood of the rat tide and bee colony, gene extraction, medicine, yang Dian!

The messy puzzle was instantly pieced together by an invisible clue. Lin Yi didn't know if he should be relieved or not.

Fortunately, yang Dian didn't have any relationship with the dark Demon beast. He had only taken the medicine with the sun-swallowing rat's gene.

Unfortunately, the man with the gray bamboo hat had collected enough genetic samples of the rat tide and bee colony in the canyon of divine retribution. He even had the corpse of the shadowless demonic undead beast. He wondered how many yang dians central would produce from this.

Of course, Lin Yi knew that yang Dian was just a test subject to test the effects of the medicine.

Needless to say, yang Dian didn't use any forbidden skills in the last mountain-opening battle with Lin Yi, but he took an immature potion.

After central added the sun-devouring rat gene this time, the effect seemed to have improved a lot. Even yang Dian had some of the sun-devouring rat's innate skills.

This was not good news!

The mice tide and bees swarm were indeed terrifying, but it would also be a disaster if the center cultivated people like yang Dian on a large scale!

How troublesome!

Lin Yi was troubled by the thought- yang Dian and Xue Peng couldn't be touched yet, he had to keep them alive to keep an eye on central.

Since yang Dian was the experimental subject of the central Pharmaceutical Research Center, the progress of the central Research Center could be clearly known by yang Dian.

And Xue Peng didn't have the aura of a Dark Demon beast, which also proved that Central's potions were not perfect enough, so Xue Keyan must have warned Xue Peng to wait and see yang Dian's reaction.

Lin Yi's guess was pretty close to the truth, the only mistake was that he'd miscalculated Xue Keyan and Xue Peng's schemes.

Xue Keyan had never seriously warned Xue Peng, he had only vaguely mentioned it. The one who was really cautious was Xue Peng.

It wasn't very appropriate for Lin Yi to judge whether the medicine was perfect from Xue Peng's body.

After a while, everyone returned to the class. Yang Dian had calmed down and delivered an impassioned speech. He really liked being the class monitor and the feeling of being the center of attention.

"Good, everyone should have gotten to know the new class president by now. Today is the first day for the new students to enter the intermediate class, so there will be no group lessons. The old students can have their own free time."

Xu Xiaoyan waited for yang Dian to finish and dismissed the seniors.

Chapter 6794 The Expensive New Cultivation Room

Then, Xu Xiaoyan looked at the freshman."As for the few of you, I'll tell you about the situation in the intermediate class. You should know yang Dian. If you don't want to hear it, you can go back first. "

Yang Dian glanced at the remaining people. He was supposed to be the one explaining first, but he really didn't want to be with Lin Yi, so he suggested leaving.

"Instructor Xu, class monitor yang Dian has already told me about the intermediate class, so I won't listen to him anymore."

Seeing yang Dian leave, Xue Peng also made a request.

"Sure, you can go back."

Xu Xiaoyan waved her hand and didn't care.

Su Hao saw that the rest of them were his enemies. There was no point in staying, so he might as well leave!

"I didn't expect that only the four of you would be left. How is it? Do you need me to explain it to you?"

Xu Xiaoyan smiled as she looked at Lin Yi and the others, thinking that this was good.

"Of course! We just joined the intermediate class and don't know anything. It's great that you're willing to give us Special treatment, instructor Xu!"

"For example, we all live near the foot of the mountain. Is it because we're new students?" Lin Yi said casually.

"Haha, you've misunderstood. Those cave abodes are the better locations here. They're your rewards for passing the assessment. However, you'll only have the right to use them for a year. At that time, you'll have to give them to the newly promoted students."

Xu Xiaoyan waved her hand and started explaining, "This peak is called Earth Spirit peak, completely different from the young Eagle Peak. The closer to the foot of the mountain, the better."

"Why? Could it be that the spiritual Qi at the foot of the mountain is even denser than at the top?"

Shangguan LAN 'er was a little curious. The other peaks were not like this, so why was this place so special?

"LAN 'er, you've guessed it right. Why is this mountain called Earth Spirit peak? It's very simple, because there's a spirit vein underground!"

Xu Xiaoyan pointed to her feet and continued, ""The closer the place is to the spirit vein, the more abundant the spirit Qi is, so the cave abodes at the bottom of the Earth Spirit peak are more precious than those at the top."

"Doesn't that mean that many people can live down there? There's no need to fight or snatch. "

Including them, Murong Fei Fei only had about forty people in the intermediate class. Although they didn't see all of them today, the Earth Spirit peak was so big that it wouldn't take up too much space if all of them lived at the foot of the mountain.

"No! In order to get closer to the spirit vein, the place assigned to you on the Earth Spirit peak is only a small house, and that's just a portal. The real cave abode is from the portal to the inside of the mountain, and there's a space opened up inside, so it's quite large, you can do whatever you want. "

Xu Xiaoyan's words stunned Lin Yi and the others. They had all settled down in a simple house before they came, and it was indeed a small house. They didn't expect it to be just a door.

It was just that even Lin Yi didn't know how to enter the real cave at that time.

"Don't be suspicious, you'll find the way to enter the cave when we get back, so there's no need for me to say anything. "

Xu Xiaoyan smiled like a flower and felt that their expressions were very interesting. "Perhaps you think that many people can live in the cave on the mountain, but that's not the case! More than 90% of the Earth Spirit peak is occupied by a huge cultivation room!"

"A cultivation room? How big is it?"

It wasn't like Lin Yi had never been to the practicing room in Feiyang school before-it wasn't that big, to be honest. He didn't really think it was that big.

"It's said that it's more than 90% bigger than the Earth Spirit peak, how big do you think the Earth Spirit peak is?"

Xu Xiaoyan didn't know whether to laugh or cry. She then gestured for Lin Yi to look at the mountain.

"That's really big ..."

Lin Yi was speechless. Earth Spirit peak was a few times bigger than the young Eagle Peak, and the foot of the mountain was even bigger. From this, one could imagine how big this training room was.

"In this cultivation room, the best choice is to cultivate your spirit sense, true Qi, or martial arts. But no one would waste their time practicing true Qi or martial arts."

Xu Xiaoyan continued to explain the situation in the practice room. This was important for the development of Lin Yi and the others, "Except for LAN 'er, all of you have successfully opened the mountain, so the cultivation of your spiritual awareness is particularly important, because you must rely on your spiritual awareness to advance to the earth-splitting stage! In other words, those who don't have a strong enough spiritual sense will never be qualified to advance to the earth-splitting stage. "

Lin Yi was a little surprised-he didn't think that spirit sense would be this important for earth creation, but he didn't have to worry about that. Even if his spirit sense didn't grow, it was enough for him to use for earth creation and above.

"Instructor, can we enter this training room at will? Or will it be the same as the new student class, where you need to have enough credits and then use mission points to exchange for it?"

Murong Fei Fei asked with concern. Although it was still too early to advance to the earth formation stage, it was a long process of accumulation, so she had to prepare as soon as possible.

"It's the same, the system won't change, but your credits are enough to meet the requirements, including Lin Yi 's,"

Xu Xiaoyan smiled as she looked at Lin Yi. He'd been away from the school for a long time, and didn't even attend the new class properly, but as long as he passed the basic credit test, he should have no problem, "The only thing you need to worry about is that you don't have enough mission points to use. The points exchange for the cultivation room in Earth Spirit peak is very expensive."

At this moment, the few of them became silent. Indeed, mission points were a good thing. In the new student class, they needed a large number of mission points to exchange for cultivation time and various resources and items. Basically, no one would have any leftover.

It wasn't easy to get a satisfactory mission, so it wasn't easy to increase his points.

Lin Yi's participation in the operation could be considered a mission, but he didn't take out the accompanying Fire Crystal so it wasn't considered a complete mission. It only counted as a little mission points.

"Haha, actually, compared to the use of the cultivation room, the mission points are still very cheap. It's only 20 points each time. If you guys work a little harder, it's not considered hard to earn."

Xu Xiaoyan comforted them with a smile, but it sounded more like a blow. "However, although it's said to be one time and there's no clear time limit, because of the limit suppression of the divine sense, no one can stay for more than a day, so you can treat it as 20 points a day."

20 task points didn't seem like a lot, but it was only a day's time, which was really too short for spiritual awareness cultivation.

The cultivation rooms on the young Eagle Peak seemed to be more expensive than those on Earth Spirit peak, but at that time, the new students had just come into contact with divine sense cultivation, so the cultivation time couldn't be too long to avoid affecting the primordial spirit.

Therefore, it was equivalent to protecting the new students in a disguised way. It was different when they arrived at Earth Spirit peak. Everyone's divine sense had entered a period of rapid development, so how could one or two days of cultivation be enough?

"Instructor, we'll spend a lot of time doing missions too. The points we get might not last us a few days. Won't it delay our cultivation?"

Chapter 6795 The College Market

Murong xuyan asked, confused.

Lin Yi was his goal, and he wanted to spend every second and minute training. Missions were just too much of a waste of time. "Do I have to exchange mission points to use the cultivation room? Can you use something else as a substitute?"

"Of course not. Mission points are the means used by the Academy to encourage students to gain more experience. If you only know how to cultivate in seclusion, you won't be able to grow into a true expert!"

Xu Xiaoyan shook her head seriously. "You must remember that experience is as important as cultivation. Sometimes, it's even more important than cultivation. So, doing more missions will only benefit you. There's no harm."

Lin Yi agreed.

To be honest, he had not spent much time on cultivation. Instead, he had been running around and risking his life to temper himself. His strength had improved even faster.

Of course, it didn't mean that everyone had to go on adventures like him. After all, not everyone had a Jade space and a damn thing. If they weren't strong enough, they would only lose their lives.

Lin Yi himself, for example-he'd probably died a couple of times without the Jade or the ghostly stuff, and the grass on his grave would've been half a man's height by now.

"Of course, if you want more time to cultivate, you can use it. There is a market within the Academy that is only open to students of the intermediate class and above. You need an identity Jade card to enter, and even the lower class and new students have no right to enter. Inside, you can exchange items, buy and sell all sorts of things, including mission points."

After Xu Xiaoyan admonished him with a few words, she smiled again and changed the topic."If you have any good stuff, you can go to this market to sell it. As long as someone needs it, you can get task points. Of course, if you don't want the mission points, you can also exchange them for items of equivalent value or spiritual jades. "

The so-called Jade card was the one Lin Yi's group received when they accepted the mission. After they advanced to the intermediate class, their identity would change automatically.

Usually, he would need it to exchange for points and to open up his cave abode. It was an important item and couldn't be lost easily.

"This is a good place. Let's go and take a look later."

Lin Yi was overjoyed.

He was short of mission points now. Although his primordial spirit was strong, he would still pursue a stronger realm when he had the opportunity.

Moreover, he had long felt that he was not strong enough. As long as he could improve his strength, he would try anything that was helpful.

As for the items he could use to exchange for mission points, Lin Yi didn't lack them at all. For example, pills were rare items everywhere he went, and he wasn't afraid that no one would want them. He also had the stack of talismans that Wang shiqing gave him. He could just sell some of the things he didn't want.

After Xu Xiaoyan told Lin Yi and the others the location of the market, the group arrived at the residential area.

"That's about all you need to know about the intermediate class. If there's anything else you don't understand, you can come and ask me anytime in the future. "

Xu Xiaoyan stopped and waved to the four people with a smile. ""That's all for today. I still have some matters to attend to, so I'll leave first. You guys can familiarize yourselves with the environment. If you're interested, you can go for a stroll. See you tomorrow!"

"I'll see you tomorrow, instructor!"

"See you tomorrow!"

The four of them said goodbye to Xu Xiaoyan and watched her leave.

"Lin Yi, what are you and LAN doing? I'm preparing to go back and take a look at the immortal's cave that teacher mentioned. "

Murong Fei Fei turned around and looked at Lin Yi and Shangguan LAN 'er, "Are you going back to your cave residence or going out for a walk?"

Shangguan LAN 'er didn't say anything, raising her head to look at Lin Yi, waiting for him to make a decision.

"I want to go to the market to see if there's anything good to exchange. Aren't you going with me?"

Lin Yi was more interested in the market than the cave.

"You guys go ahead, Qianqian and I will go back to the immortal's cave to tidy up. We'll go to the market next time."

Murong xuyan had a cool expression on her face as she refused to go with Lin Yi and the others.

"Alright, see you later."

Lin Yi smiled and waved at the Murong siblings before turning to them. "Little Senior Sister LAN 'er, do you want to go to the market?"

"I want to! It would be best if Little Junior Brother could accompany me. I was worried that I would have to go alone. "

Shangguan LAN 'er's eyes were curved into crescents as she smiled. In fact, if Lin Yi didn't want to go, she wouldn't go either. What was important wasn't where they were going, but who was by their side.

"Then let's go!"

Lin Yi nodded and said goodbye to the Murong siblings before heading in the direction of the market.

The two chatted as they walked, and Lin Yi made use of this free time to rearrange the eight little spirit beasts.

Before he left, he had arranged for the little spirit beast to protect Shangguan LAN 'er and monitor Xue Peng and the others.

Unfortunately, he had entered an isolated area from the mystic class Sea area and completely lost contact with the little spirit beast.

So Lin Yi had no idea what Xue Peng did during that time.

This time, the spirit beast didn't look for Lin Yi on its own. Lin Yi was in a primordial spirit body, and the trace of consciousness that the frog used to control the spirit beast was in Lin Yi's physical body.

Lin Yi used his spirit sense to communicate with these little spirit beasts. It wasn't easy for him to get their approval, so he could command them for a while.

This time, Lin Yi left two Spirit beasts behind to protect Shangguan LAN 'er in secret, while the rest were sent out to monitor Xue Peng and yang Dian's movements.

If they found someone contacting Xue Peng or yang Dian, they would continue to follow and dig deeper. If they could find Central's nest, it would be an unexpected surprise.

"The market is right in front, it looks quite lively!"

The two walked for a long time, and Lin Yi finally saw the market. "The place isn't that big, so it shouldn't take too long to walk around."

The entire intermediate and advanced classes only had about 60 to 70 students. There might be even higher classes above the advanced class, the Academy's teachers, and so on. Even if all of them came together, there wouldn't be many people, so the place really didn't need to be too big.

Moreover, the probability of all the people who were qualified to enter appearing in the market together was too low. Usually, it was already a big scene if dozens of people appeared in the market at the same time.

In the market, most of the people were the Academy's staff, some shops and commercial buildings, etc., Which existed to serve the students.

"This must be your first time entering the city square, right? here's a brief introduction to the city square, please keep it."

At the entrance of the market, a guard smiled and handed Lin Yi a folded piece of paper after checking their identity Jade cards.

Lin Yi thanked him and opened it. It was mostly a map of the market, with the shops and areas all marked out. He could use his spirit sense to scan the area, but if he didn't know the functions of the houses, he'd have to walk around aimlessly.

Shangguan LAN 'er took a closer look, then turned around without any interest. Compared to the monotonous map, she preferred to look at the actual shops.

Lin Yi, on the other hand, scanned through it carefully, especially the currency rules of the market.

Chapter 6796 Former Class Monitor

According to the introduction she sent to Lin Yi, the market didn't accept payment using spirit Jade, but something called spirit crystals!

There was an exchange point on the left of the door. If you needed to, you could exchange for crystals there.

The exchange rate was 10000 spiritual jades for one spiritual crystal!

Lin Yi was already shocked at the sight-he didn't think that spirit jades were so cheap here!

10,000 spiritual jades could only be exchanged for one spiritual crystal. He had no idea what this thing was. It was too precious!

However, the more valuable items were still the mission points!

Each task point could be exchanged for 10 spiritual crystals! That was equivalent to a hundred thousand spiritual jades!

In that case, the cost of a day in the cultivation room of Earth Spirit peak was equivalent to two million spiritual Jade. It was really expensive!

Of course, this was not the main point. The main point was the exchange points. Mission points only accepted one-way exchanges. You could use mission points to exchange for spiritual crystals or spiritual jades, but not spiritual crystals or spiritual jades.

As a result, the value of task points was particularly prominent. Basically, no one would exchange task points for spiritual crystals and spiritual jades.

After figuring out the market's currency rules, Lin Yi wanted to go and Exchange for some spirit crystals first, but Shangguan LAN 'er was already looking around and wandering around, so he wasn't in a hurry. After all, the market was only this big, and he could exchange for spirit crystals anytime he wanted.

Lin Yi followed behind Shangguan LAN 'er for a few steps, and a young man in a brocade robe came out of a shop. His eyes lit up when he saw Shangguan LAN' er's pure and lovely appearance.

"Little Junior Sister, I've never seen you before. Did you just enter the intermediate class from the new class?"

The young man in embroidered clothes put on a warm smile and cupped his hands to Shangguan LAN 'er, saying, ""I'm a member of the Academy's advanced class. My name is Wang Ta long, and I was previously the class monitor of the intermediate class. I've just been promoted to the advanced class, and it seems that I've missed the chance to meet Junior Sister because of this. What a pity!"

Wang Ta Long's mouth was filled with regret, but his face was filled with a self-satisfied smile. He was clearly showing off his identity as an advanced class student.

After all, the entire Academy only had 20 spots, while the intermediate class didn't have any restrictions. There were too many people who wanted to get into the advanced class but couldn 't, so they could only stay in the intermediate class.

He felt that if he were to reveal his identity, be it his identity as the advanced class or the class monitor of the intermediate class, he would be able to easily gain the admiration of his beautiful Junior Sister.

This was especially so for girls who had just left the new class. They were the easiest to attract.

As for Lin Yi, he completely ignored him-he was a newbie of the same sex, so he couldn't be bothered with him!

However, Shangguan LAN 'er ignored him and turned around, saying, ""Lin Yi junior, let's go to this shop. There's a lot of pretty stuff there."

"Alright!"

Lin Yi smiled and nodded, ignoring Wang Ta Long as well as the two walked towards the shop.

The warm smile on Wang Ta Long's face suddenly froze, and he fell into an awkward situation.

So you all thought I was talking to air just now? Or do you think I'm just air?

A ball of fire rushed to the top of Wang Ta Long's head. If he didn't regain his face today, how could he still have the face to say that he was from the advanced class?

"Stop! Didn't you hear me talking to you?"

Wang Ta long didn't even think about it, he immediately stopped Shangguan LAN 'er with a spin,""Junior Sister, when your senior brother is talking to you, aren't you being very rude? you should at least introduce yourself, right?"

After stopping Shangguan LAN 'er, Wang Ta long forcefully suppressed the anger in his heart and tried to maintain his composure.

"Who are you? Do we know each other? Can I trouble you to move aside? we want to go in. "

Shangguan LAN 'er wasn't happy at being stopped-it was rare for her to go shopping with Lin Yi, why was this guy so annoying?

Wang Ta Long's mouth couldn't help but Twitch. This little girl was pretty, but she seemed a little slow!

"I was the class monitor of the intermediate class, Wang Ta long. Now that I've been promoted to the advanced class, I'm considered your senior brother ..."

He repeated what he had just said, but it did not feel as bad as before."Junior Sister, how should I address you?"

"I don't know you. Please don't block my way."

Shangguan LAN 'er smacked her lips. How could this person not understand human language? was he not letting people in to buy things?

"Hey, didn't you hear what my little Senior Sister said? Hurry up and get out of the way!"

Lin Yi took a step forward and stood in front of Shangguan LAN 'er, "I don't care if you're stepping on a Dragon or a horse, please step aside!"

"Who the hell are you? get lost!"

Wang talong's face changed. He could still maintain his patience with Shangguan LAN 'er, but Lin Yi, on the other hand, didn't need to be polite, "You're just a newbie who has just been promoted to the intermediate class. How dare you act like a protector in front of me? do you believe that I can kill you with ease?!"

Lin Yi laughed coldly-did this guy really think he was some Big Shot?

"I don't care if you believe it or not. I don't believe it. Just kill me with your hand!"

Lin Yi had a mocking smile on his face. He didn't know how strong the advanced class was, but he knew what this idiot was capable of.

He's only at the peak of the late stage of mountain split. He's so arrogant. Does he think he can do whatever he wants in Feiyang college?

It was simply laughable!

Wang Ta Long's face darkened. He had always been a man of his word in the intermediate class. When had he ever been looked down upon like this?

Moreover, he had already entered the advanced class and his status had become more and more distinguished. A mere kid who had just advanced to the intermediate class dared to speak to him like this?

"Kid, you've got guts! She called you Lin Yi Lil "bro, so your name is Lin Yi, right?"

Wang Ta long squinted his eyes and looked at Lin Yi, before glancing at Shangguan LAN 'er,""Get lost now and let me talk about life with this Junior Sister. Then I'll write off your offense this time. Otherwise, I won't even let you have the chance to regret!"

This idiot was still in the mood! If he'd met this idiot in the wilderness, he'd probably have slapped him already!

It was a pity that they were in the Academy's market, where fighting was forbidden. The introduction stated that whoever broke the rules would bear the consequences!

Lin Yi didn't want to go against the school's rules for no reason. He could leave the school, but Shangguan LAN 'er still had to stay here and cultivate!

"This person is so annoying! Lin Yi, Lil "bro, let's go to another shop. Let's not waste time with him."

Shangguan LAN 'er frowned as she glared at Wang talong, pulling Lin Yi away. She didn't want to waste her precious time with Lin Yi on someone so boring.

Chapter 6797 Let's Set Up A Stall Too

"Little Senior Sister, let's go in. We can't stop patronizing their shop just because there's a wild dog blocking our way!"

Lin Yi pulled Shangguan LAN 'er and walked around Wang talong.

Wang Ta Long's face turned ashen. He had been ignored again and again, and he couldn't suppress his anger any longer!

"Lin Yi kid! Aren't you being a little too arrogant? who gave you the guts to treat a senior from the advanced class like this?"

With a loud shout, Wang talong blocked Lin Yi's path again, his finger almost touching Lin Yi's nose, "Since you have such guts, I'm sure your strength must be amazing. Today, as your senior brother, I'll give you a chance. Let's go to the arena and have a showdown!"

Wang Ta long thought that a kid who had just entered the intermediate class from the new class would have a limit no matter how high his strength was. At most, he was only at the peak of the initial stage of the mountain-opening realm. Wouldn't it be a piece of cake for him to teach him a lesson?

He wasn't wrong-Lin Yi really was at the peak of the early mountain opening stage, but his actual combat strength was far beyond that. If he really went up the stage, Lin Yi would definitely teach him a lesson easily and happily.

Lin Yi smiled in disdain. Did this guy really think he was that great?

Forget it. How free would he be to fight with such a boring person?

"I'm not free!"

Lin Yi said honestly as he reached out his hand and removed Wang talong's fingers. "A good dog doesn't block the way. You don't even know that? I've never seen such a cheap dog!"

"Brat, you don't even dare to accept the challenge, what a coward!"

Wang talong didn't care about calling him a dog anymore-he just wanted to piss Lin Yi off!

Therefore, Wang Talong turned to Shangguan LAN 'er and said, ""This junior martial sister is really blind. Do you think that this kind of timid coward can protect you? I'm afraid that when something happens, he'll run away faster than anyone else!"

"Junior Lin Yi isn't like that! A hundred people like you can't even compare to Lin Yi!"

Shangguan LAN 'er was enraged-she could be criticized, but not Lin Yi! Moreover, the guy in front of him was really annoying. "You go away! Just looking at your face makes me feel uncomfortable!"

This was the most brutal thing that Shangguan LAN 'er could say ...

But it did work on Wang Talong-his face was even darker than when Lin Yi called him a dog. Pretty girls were deadly, after all, and that included insults.

"A coward will always be a coward. Do you still need a girl to protect you?"

Wang Talong suppressed his anger and didn't argue with Shangguan LAN 'er. He continued to provoke Lin Yi, "If you want to prove yourself, then come to the arena and fight me!"

Lin Yi was speechless-this idiot wasn't done yet! I know I can torture you to death, but I'm not interested and I don't have time to waste!

"Don't be so shameless! Do I have nothing better to do than to fight a barking mad Dog? Then wouldn't I be a Mad Dog too?"

Lin Yi was bullshitting with a straight face again-he didn't give Wang any face at all! He had never stopped smacking faces!

"I'm warning you one last time. If you continue to pester me, I won't be polite to you!"

Lin Yi's face darkened when he saw that Wang talong was about to speak again. He didn't have time to go up the stage, but he didn't mind teaching this guy a lesson in the dark. He could use a spirit sense attack or something.

"Come, come, come. I want to see how impolite a coward like you can be!"

Wang talong was overjoyed. This was the effect he wanted-as long as Lin Yi was angry, the rest would be easy!

Lin Yi hmped coldly as his spirit sense vortex formed. However, before he could release it, he felt two powerful spirit senses sweep over!

An expert from the Academy?

After sensing the two powerful senses, Lin Yi immediately dispersed the whirlpool.

It seemed that the prohibition of fighting in the market was not just a casual remark. There were experts monitoring at all times. Whoever wanted to fight here would have to bear serious consequences.

The two weren't as strong as Lin Yi, but they weren't weak either. Lin Yi had no reason to go against the school for some small fry.

"What's wrong? Do it! Let's see how impolite you are!"

Wang talong didn't even realize that Lin Yi was about to attack him. He continued to provoke Lin Yi, ""You coward, you can't do what you say, I ..."

"The market prohibits unnecessary provocation and quarrels. I hope that all students will respect themselves and live in harmony as their first principle!"

A deep male voice resounded throughout the entire city square.

The order in the market was quite good. Occasionally, there would be a conflict, and such a warning would sound. This was the most gentle stage. If it continued, it might attract the interference of experts.

Wang Ta Long's face changed, and he swallowed his words. He had just entered the advanced class, and if something were to happen to him now, he might be forced back to the intermediate class. Then, it wouldn't just be a matter of losing face, but his future would be ruined!

"You're lucky today. We'll settle this later!"

After a long while, Wang Ta long finally managed to squeeze out these words. He then turned around and left.

"Lin Yi, is there something wrong with this guy? It's ridiculous!"

Shangguan LAN 'er mumbled softly, and immediately threw Wang talong to the back of her mind as she pulled Lin Yi into the shop.

It was time to go shopping, and Shangguan LAN 'er didn't want to buy anything, just looking around. She was happy wherever she went with Lin Yi by her side.

Lin Yi, on the other hand, found that most of the items sold in the market were spiritual items. Most of them were defensive and offensive spiritual items. They weren't high level, but they were more than enough for students in the beginning stage.

In addition to tools, there were some books on spiritual awareness cultivation and simple spiritual awareness skill books.

But most of them were incomplete and didn't have much value. Lin Yi saw a few that he wanted and was ready to exchange them for crystals.

With the heaven's stolen Fortune's deduction ability, fragments that weren't of much value to others had a high chance of shining again in Lin Yi's hands!

In addition, there were spirit herbs and other materials for spiritual awareness cultivation. There were not many of them, but not many people liked them. After all, materials needed alchemists to transform into useful pills.

Lin Yi's eyes heated up. These spiritual herbs weren't as effective as spiritual roots or spiritual fruits, but they were definitely useful for these students. He'd have to buy them later!

It was a pity that there weren't enough-he'd have enough points to use just from refining elixirs.

"Lin Yi, Lil" bro, there's a stall over there. Should we go and set up a stall too?"

After shopping, Shangguan LAN 'er saw someone selling things in the free exchange zone, and she was eager to try.

This kind of thing was quite interesting. After Shangguan LAN 'er had sold pills last time, she had always wanted to sell them again.

Chapter 6798 Ten Thousand Is Not The Same As Ten Thousand

"Alright, let's set up a stall and sell a bottle of pills."

Lin Yi wanted to buy something, and selling the pills would save him the trouble of exchanging for crystals. However, the mainstream products in the market were all related to spirit sense-after all, they were dealing with students from the intermediate class and above, and all of them were focused on developing their spirit sense.

So Lin Yi decided to test the waters with two of them to see how much they could sell for.

As for the spirit accumulation pill, he couldn't bear to give it up ... He had a lot of spirit sense grass roots, but only a few spirit sense fruits!

However, Lin Yi had just taken out the Jade bottle when Shangguan LAN 'er took it away, a smile on her face, "Lin Yi, Lil" bro, I'm an expert in selling pills, leave it to me!"

Lin Yi didn't know what to say-that wasn't selling, it was giving, okay?

Thinking back to the Grand occasion of Shangguan LAN 'er's sale last time, Lin Yi felt that he'd miscalculated. The Xuanji soul quenching pill wasn't used to test the water, but to waste it!

But looking at Shangguan LAN 'er's happy face, Lin Yi could only shrug.

Luckily, he didn't take out the soul gathering pill ...

They could set up their stalls anywhere on the empty ground, and since there weren't many people, no one would fight for a stall. Shangguan LAN 'er picked a place that she thought was good, took out a blanket and laid it on the ground, indicating for Lin Yi to sit down with her.

Then, he placed the Jade bottle that contained the pills on the blanket and began to wait for business to arrive.

It was just a Jade bottle, and it felt so lonely. Lin Yi wondered if he should get something to eat or drink, and treat it as a picnic.

To be honest, the place Shangguan LAN 'er picked wasn't a good place, and there was only one small bottle. If they didn't say anything, no one would come over to take a look at Lin Yi and Shangguan LAN 'er, and they would probably think that they were a couple out playing.

"Lin Yi, Lil" bro, should I shout?"

After waiting for two minutes and seeing that no one came to ask about it, Shangguan LAN 'er began to wonder if the sales method was wrong.

He couldn't lose his title of pill-selling little expert here!

"It's fine. There aren't many people and stalls to begin with. There will always be people coming to ask. There's no need to be anxious."

Lin Yi comforted her. There were two pills in total-what if they didn't have enough to split? Could it be that there's going to be an auction?

Lin Yi told Shangguan LAN 'er to wait and see.

As expected, it was good to have fewer stalls. A Man in Black saw the small Jade bottle in front of Lin Yi and Lin Yi and walked over hesitantly.

"My two junior brothers and sisters, are you selling something?"

The Man in Black cupped his fists and pointed at the Jade bottle.

Shangguan LAN 'er quickly stood up and greeted him with a smile,""That's right. We're going to sell two pills. Are you interested?"

"I'm naturally interested, but I wonder what kind of pill it is?"

The Man in Black smiled-it was always a pleasant experience selling pretty girls, and Lin Yi was ignored again."Junior Sister, is it convenient for me to take a look?"

"No problem, you can take a look!"

Shangguan LAN 'er, on the other hand, was quite generous-she waved her hand, signaling for the man to do as he pleased before turning to Lin Yi, "Lin Yi, Lil" bro, what's this pill again?"

Lin Yi tried to hold in his laughter-what happened to the pill-selling expert? You don't even know what pill you're selling, and you actually dare to make a deal with others?

Of course, Lin Yi didn't want to dampen Shangguan LAN 'er's spirits, so he introduced her to the man himself.

"Here are two soul quenching pills. The main ingredient is spirit sense grass, which is used to refine the soul and improve the primordial spirit. The effect is quite excellent, but the only drawback is that the user will feel more pain, but this pain can improve the effect."

Lin Yi explained the pros and cons of the pill in two sentences, and he didn't have anything else to do.

"Spirit sense grass? There's still the legendary spirit sense grass?"

The Man in Black was surprised, but Lin Yi was surprised that he'd heard of spirit sense grass.

In fact, Lin Yi didn't tell him everything. These two pills were made from spiritual roots, not normal spiritual grass. The effect would be better.

As for the man's question, Lin Yi ignored it as if he was talking to himself.

"Special-grade!"

Since he had obtained Shangguan LAN 'er's permission, the Man in Black opened the Jade bottle and checked it. He was shocked and could not help but exclaim in a low voice!

Who the hell would actually take out special grade pills to sell? Just how much of a prodigal was this!

Realizing that he had lost his composure, the black-clothed man hurriedly covered the Jade tablet and subconsciously covered his mouth.

He observed his surroundings for a moment, and only heaved a sigh of relief after making sure that no one had noticed him.

The black-clothed man's eyes were filled with reluctance as he carefully placed the Jade bottle back on the blanket. A spiritual sense pill of this quality, every one of them was worth a sky-high price. He was afraid that he could not afford it.

However, he still had to ask for the price, or else he might not be able to sleep well in the future.

"That ... Junior Brother and Junior Sister, are you going to exchange this soul quenching pill for something else or are you going to sell it directly?"

As soon as the black-shirted man asked, he was already calculating what he could offer in exchange and how much capital he had to buy.

"Of course I'm selling it! We don't have anything we need. "

Shangguan LAN 'er, the pill seller, quickly came online. Since she was a pill seller, she naturally had to sell it. Otherwise, it would become a pill seller, which would be very unpleasant to hear.

"Then ... How much is this spirit tempering pill?"

The Man in Black's eyes were filled with hope. He knew that it was impossible, but he still hoped for a miracle to happen and for Shangguan LAN 'er to give him a low price.

"How are you selling it? Of course I'll sell them together. It's so troublesome to sell them one by one. "

Shangguan LAN 'er smiled, thinking that she was really smart to have thought of the idea of bundle sales.

Of course, selling two pills at once was better than selling one pill at a time.

The Man in Black was speechless, and almost called Shangguan LAN 'er sister. Why didn't you tell me the price of the soul quenching pill? He even sold two of them together. It would be good enough if he could buy one!

"I mean, what's the price of the spirit tempering pill?"

The Man in Black had no choice but to make it clearer. If Shangguan LAN 'er still didn't understand, he'd tell Lin Yi again.

"Oh, you're asking about the price?"

Shangguan LAN 'er suddenly realized and felt a little embarrassed. She quickly smiled to ease the embarrassment, ""Ten thousand it is then!"

Lin Yi's eyes went dark-this guy was too capable!

When the Man in Black heard Shangguan LAN 'er's offer, he thought to himself, "it's indeed expensive, I can't afford it ..."

However, it was rare to come across such a good thing, and he really did not want to miss it. What was the point of working hard to earn points? Wasn't it to improve his strength and pursue a higher realm?

Chapter 6799 Really Ten Thousand Times

"This ... Is a little expensive, can you make it cheaper?"

The black-robed man's expression was somewhat awkward.

Usually, when he bought things, he was confident and justified in haggling the price. However, now that he was facing such a good spirit tempering pill and a little beauty, it was a little embarrassing to haggle.

Ten thousand is expensive? Lin Yi blinked.

However, Lin Yi immediately understood-the currency used here was different!

Therefore, if Shangguan LAN 'er were to sell elixirs like this, not only would she not lose money, but she would also earn a profit!

Although Shangguan LAN 'er was definitely referring to 10000 spiritual jades when she said 10000, no one in the entire market would think so except for the two of them, because they did not accept payment with spiritual jades at all!

They were used to using spiritual crystals as a unit of measurement, which was quite different from spiritual Jade!

10,000 spiritual crystals were 100 million spiritual jades. With just a thin piece of spiritual awareness grass root, he could refine several soul quenching pills. He should be able to earn enough task points by selling this!

But he gave up on the idea after some thought-he couldn't give out too many of them at once.

Occasionally obtaining a few stalks of spirit sense grass was still acceptable, but if there was an endless supply of spirit tempering pills for sale, even a fool would know that you had a large amount of spirit sense grass in your hands, and that would be asking for trouble.

"Ah? Is it very expensive? It's only 10000 Yuan. Previously, I could easily sell some of my pills for several times the price. Why is it that in the city square, all of you from the intermediate and advanced classes are so poor?"

In fact, Shangguan LAN 'er did not remember how many pills she had sold last time, but she was right about one thing-she had really sold them casually at that time ...

Of course, Shangguan LAN 'er was still selling it casually this time, but no one knew about it.

If he had known that she was talking about spiritual Jade, the Man in Black would have thrown a spiritual crystal at her, grabbed the Jade bottle, and ran away.

"Hehe ... Hehe ... Junior Sister, is there some misunderstanding? Who said that the students from the intermediate and advanced classes were all wealthy? Everyone will spend what they earn on themselves, so they really don't have much left. "

The Man in Black laughed dryly. He did not doubt Shangguan LAN 'er's words that she could sell it for several times the price. Such a good thing was a priceless treasure in the eyes of those who needed it.

"Junior Sister, I really want to buy it. Can you give me a slightly cheaper price?"

The Man in Black asked in a low voice with a sad face, his eyes still glancing back and forth between Lin Yi and Shangguan LAN 'er's expressions.

Shangguan LAN 'er actually didn't care about the value of the pill at all, and was a little moved by the man's pitiful act, but she didn't want to lower the price when she saw Lin Yi's smiling face.

A little expert in selling pills couldn't take the initiative to lower the price. That would be too embarrassing. No matter what, he had to wait for the buyer to give a specific number before he could consider the situation and agree!

"Senior brother, you're making things difficult for me. Look at my ... Spirit tempering pill. It's definitely a good thing. I really didn't cheat you of the 10000 Yuan."

Shangguan LAN 'er pretended to be in a difficult position, thinking, "hurry up and haggle. You said 10000 is too expensive, so how about 8000? I've already said it!"

8,000 is too expensive. Can't I say 6000? I'll say yes too!

.....

Unfortunately, the Man in Black didn't know what Shangguan LAN 'er was thinking. After hearing what his beautiful Junior Sister had said, he would be too embarrassed to buy her elixir if he continued to complain!

"Alright, I understand! I'll go and borrow it now, and I'll buy it as soon as I have enough. Junior brothers and junior sisters, please keep it for me for a while. "

The black-robed man gritted his teeth. No matter what, he had to give it a try. Otherwise, he would definitely regret missing out on such a unique grade spirit tempering pill!

"It's not a problem to keep it for a while, but we won't wait for you for too long. An hour at most!"

Lin Yi didn't mind and agreed to the man's request. He had nothing to do anyway, and it was good to sit here and chat with Shangguan LAN 'er.

"Many thanks! I'll definitely rush back as soon as possible!"

The Man in Black was overjoyed, and after seeing Lin Yi signal for Shangguan LAN 'er to keep the Jade bottle, he was even more relieved and immediately turned and ran away.

The Jade bottle wasn't outside, and the two looked like a couple playing here. He didn't have to worry about someone buying the pill first.

After the Man in Black left, Lin Yi took out some food and drinks from the Jade space and started having a picnic with Shangguan LAN 'er. It felt like an hour had passed in the blink of an eye.

The Man in Black hurried back with an embarrassed look on his face. It was obvious that he had not been able to gather enough funds.

He promised Lin Yi that he'd be back in an hour, and he had to come back and tell him whether or not he had enough money. After all, there was still the possibility of a deal in the future, and he couldn't offend Lin Yi too much.

"I've already tried my best, but unfortunately, I still haven't been able to gather enough ..."

The black-clothed man's mood was quite depressed right now. It was not easy to encounter a medicinal pill of this grade, but he was really too poor. He disposed of the things he didn't need and asked a close friend to move a part of it, but it was still far from meeting the requirements.

"How many do you have?"

After eating and drinking to her heart's content, Shangguan LAN 'er chatted with Lin Yi for a long time, and was in a good mood, so she decided to lead the other party into bargaining, "Since you're so sincere and you're our first customer, I can consider giving you a discount,"

The black-robed man's face lit up with joy, but then it fell again. "I ... I only have about 2500 Yuan ... Not even enough for one ..."

"2500 Yuan? It's a little too little!"

Shangguan LAN 'er pretended to be in a difficult position on purpose, but in fact, she was thinking that 2500 Yuan should be fine, right? "Forget it, 2500 it is then. We'll take a loss today and sell you a soul quenching pill!"

"Thank you, thank you! I'm really grateful to you guys!"

The Man in Black was overjoyed. Even though there was only one, it was still an unexpected surprise!

25,000 crystals was a huge discount, which was a huge sum of money.

Afraid that Lin Yi and the others would go back on their words, the Man in Black quickly took out a bag of crystals and handed it to Shangguan LAN 'er, "Here are 1000 crystals. I'll pay the rest with mission points, okay?"

"No problem!"

Lin Yi nodded-he was satisfied with 2500 crystals for one pill. It was a good price.

Compared to the 2500 spirit Jade that Shangguan LAN 'er had thought it would cost, it was indeed 10000 times better!

"Crystals? What is it?"

Shangguan LAN 'er took the bag doubtfully and muttered softly.

She didn't look at the market's introduction, and Lin Yi didn't specifically mention the market's currency rules when they were chatting, so the girl thought that she was earning spirit Jade ...

"Such dense and pure spiritual Qi! Using this kind of spiritual crystal to cultivate is at least a few thousand times better than using spiritual Jade, right?"

Shangguan LAN 'er cried out in surprise. She opened the bag and took out a spiritual crystal. She immediately felt the difference!

Chapter 6800 Blocked Outside

"Of course. A spiritual crystal is said to be refined from 10000 pieces of spiritual Jade. Although it may be less in reality, it's at least 7000 to 8000 pieces of spiritual Jade. The pure spiritual energy it contains is indeed comparable to 10000 pieces of spiritual Jade ..."

The Man in Black took out his identity Jade card and was about to transfer the points to her. He smiled and explained to Shangguan LAN 'er, but then his face froze.

F * ck! This beautiful Junior Sister didn't even know what spiritual crystals were, so the 10000 she said just now ... Could it be, could it be, maybe, it couldn't really be spiritual Jade, right?

Two Spirit tempering pills for ten thousand spirit jades? Impossible, impossible. She's not crazy. I'm the one who's crazy, right? He actually had such a thought! What a joke!

The Man in Black did not know that he had already found out the truth ...

Lin Yi took out his identity Jade card and signaled the man to transfer the points over. 1500 crystals was 150 mission points, which was seven and a half days for one person. Three days for two people was too little!

The Man in Black laughed at himself-Lin Yi didn't look like he'd used the Lingyu calculations, either.

After all, the trading of spirit Jade was prohibited in the market, so it was impossible for such a thing to happen!

After the deal was done, the Man in Black left with the pill, satisfied. Lin Yi accepted the 150 points and 1000 crystals, satisfied.

Only Shangguan LAN 'er was dumbfounded, as if something was wrong. Did they open the wrong trading method?

"Little Senior Sister LAN 'er, there's one more soul quenching pill. Do you want to continue selling it?"

Lin Yi looked at Shangguan LAN 'er's cute expression and shook the small Jade bottle in his hand, "If you don't want to sell, we'll go back."

Without waiting for Shangguan LAN 'er to answer, a woman in white who had seen the trade going on came over and asked what was being sold here.

The confused pill seller quickly came online and smiled warmly again, snatching the Jade bottle from Lin Yi's hands and started promoting the pill.

Speaking of which, did the spirit tempering pill need to be promoted? Of course not!

As long as he opened the Jade bottle and all the students in the intermediate and advanced classes of the Feiyang Academy saw it, no one would be able to reject the spirit quenching pill!

This time, Shangguan LAN 'er offered 5000 Yuan, but The Woman in White was not embarrassed at all. She immediately started to bargain, and the two of them chatted happily, almost forming a deep revolutionary friendship through bargaining ...

In the end, the pill-selling expert still improved a little. He sold it for a higher price than the first one, 2550!

Don't look down on the small change of 50. That was 500000 spiritual jades! In Shangguan LAN 'er's words, it was a big profit!

In the end, Lin Yi had an extra 1050 crystals, and Shangguan LAN 'er had an extra 150 points. With this, the two could enter the training room together for at least seven and a half days.

Lin Yi didn't think that his pills were expensive-using the price of a training room, one pill only took twelve and a half days of training time. Normally, the effects of the pill would be much better than twelve days of training!

With the crystals in her hands, Lin Yi could go and buy the things he had his eyes on just now. Shangguan LAN 'er, who felt that she was great, was in a great mood and jumped up and down beside Lin Yi, satisfied with today's schedule.

Lin Yi spent all the 2000 crystals he just got, including the spiritual herbs, the remaining ones, and the formation flags that needed to be replenished.

Therefore, before he left, he simply exchanged all his spiritual Jade cards for spiritual crystals. These things were useful. When he set up an array, he could use them as an energy source. They were ten thousand times better than spiritual Jade!

Well, it was also ten thousand times more expensive ...

At this time, Shangguan LAN 'er finally understood the market's currency rules, but it was useless. Lin Yi decided that it would be better for her to sell less pills in the future.

The two of them left the market together, but they were stopped by four people not long after they left the gate.

"Lin Yi, I didn't expect to meet you so soon, what a coincidence!"

The one blocking the way was Wang talong, with three other students surrounding Lin Yi and Shangguan LAN 'er in a fan formation. It was obvious that this wasn't a coincidence-they'd been waiting for Lin Yi and Shangguan LAN' er.

"It's you again. Why can't you learn? they say that good dogs don't block the way. Do you want to be an evil dog?"

Lin Yi's face was filled with impatience, as if there was a fly that was always circling around you, and he didn't want to argue with it. It was so annoying, and he couldn't get rid of it with a wave of his hand. If you really pissed it off, you'd better kill it with a slap.

"Brat, you're still so stubborn. Do you know what the consequences are for angering me? I'm telling you, you'll never imagine it!"

Wang talong pointed at Lin Yi and laughed arrogantly, "Did you see that? any one of my brothers can take care of you. If you don't dare to fight with me, then do you dare to pick one?"

Lin Yi was a little speechless at this idiot-wasn't it good to just train when you had nothing better to do? why did she have to come out and do something like this? were the advanced class all like this?

As for the other three students, their strength was much lower than Wang Ta long 's, so they were probably students from the intermediate class. However, they didn't appear during the class just now, so they were probably part of the group that didn't go.

"You're right, I can't think of it, but if you anger me, I'm very clear what will happen to you!"

Lin Yi smiled in disdain. They were out of the market, but they were still not far from the entrance. Would the school interfere if they fought?

"That's great! I just want to see you get angry!"

Wang talong laughed loudly and waved his hand. The four of them moved forward, trying to force Lin Yi with their aura. "Little brat, if you know what's good for you, then just give in. Senior brother is generous, it's not like I can't let you go."

"Young master Wang, why are you wasting your breath on this kid? just kill him."

One of the men with a white beard laughed as he pointed at Lin Yi, as if he could kill him at any moment.

"Young master Wang, I heard that this kid just sold a very good spirit sense pill. He must have more on him. If you ask him to give it to you, I'll let him go today."

The other skinny young man rolled his eyes. He had probably heard about the black-clothed young man's gathering of funds and had gotten some news.

Lin Yi smiled coldly to himself. So Wang talong's goal was the spirit quenching pill. No wonder he was blocking the entrance of the market so eagerly. He was afraid that Lin Yi would slip away and not be able to find it!

As long as they returned to their respective cave abodes, Wang talong wouldn't dare to cause any trouble no matter how bold he was, so he could only take advantage of this opportunity to Rob them.

Wang Ta long pretended to be reserved and nodded,""What you said makes sense. You can consider it."

"Kid, young master Wang is giving you a chance. If you know what's good for you, you'll know what to do!"

"Hurry up and take out the pill. It's only right to show respect to senior brother. In the future, with senior brother Wang's protection, you won't have to worry about not being able to survive in the intermediate class."

The three people beside Wang Ta long had a tacit understanding, and they started to beat the drums.
