### Chapter 6801 Old Class Monitor Invites New Class Monitor

Lin Yi shook his head. Shameless people always associated with shameless people. This was what it meant to be Birds of a Feather!

"I wonder if the Academy will blame you if you resist and injure someone after being robbed?"

Lin Yi mumbled as he looked up at the sky, but everyone could hear what he was saying.

Wang talong and the other three were speechless. They didn't know the answer to this question. It didn't seem like there had been any robbery in Feiyang college.

Should he try to be the first person to block the road and Rob?

Wait a minute, Lin Yi's words weren't about what would happen to the school, but about fighting back and hurting people?

Did he F \* cking think that he could still hurt someone under the siege of four people? He's so arrogant that he's lawless!

Wang talong was really angry now. He had to teach Lin Yi a lesson today no matter what. He had to show Lin Yi the respect he should show to people who were stronger than him!

As for Lin Yi, he was ready to make his move after saying that.

The Dean seemed like a nice guy, and Lin Yi thought that as long as he didn't go too far, he wouldn't be too harshly punished for murder.

The three spiritual awareness vortexes had already formed and could envelop the four people in front of them at any time. If they didn't have any props that could defend against the spiritual awareness vortexes, then this would be enough to make the four of them suffer.

However, before Lin Yi could do anything, another powerful spirit sense swept over. It was clear that the entrance of the market didn't allow any conflict!

"Forget it, I won't stoop to your level. Little Senior Sister, let's go. Let's see if they have the guts to stop us!"

Lin Yi sighed in his heart as he dispersed his consciousness Whirlpool. He could have taught Wang talong a lesson, but it seemed like he had to find another opportunity,""Dodge! If you have the guts, then try it. If you don 't, then don't block the way!"

Lin Yi held Shangguan LAN 'er's hand and went through the gap between the four of them. The man with the White face and beard was pushed to the side by Lin Yi.

Wang talong's face was frighteningly dark, but he didn't really make a move. Lin Yi didn't hide the strong spirit sense he felt, so they all felt it.

This kind of silent warning was the most frightening. If you dared to ignore it, you might be taught a lesson in the next second.

He had chosen the wrong place! He should have walked further away!

Wang talong was regretting his decision to block Lin Yi at the entrance-he had to be more careful next time.

"Young master Wang, we're letting him go just like that? Wouldn't that be too easy on this kid?"

The man with a pale face and no beard was called Jia Liu. He was Wang Ta Long's trusted follower when he was in the intermediate class. The other two had a much worse relationship with him.

"He's lucky, let's think of another way!"

Wang Ta long waved his hand irritatedly and told the other two to go back first.

Jia Liu stayed behind to continue discussing with Wang Ta long.

"Young master Wang, aren't those two kids from the new class that just got promoted to the intermediate class? why don't you step out and let our brothers from the intermediate class find trouble with them?"

Jia Liu was thinking that Wang Talong had been the class monitor in the intermediate class before, and now that he was in the advanced class, his influence was still there. If the seniors in the intermediate class were willing to give him face, Lin Yi and the others wouldn't have a good time.

"We don't have much interaction with ordinary students. What trouble can they cause that kid?"

Wang Talong frowned and thought about it. He felt that this suggestion wasn't very reliable, "How about this, help me make an appointment with the new class monitor of the intermediate class. Only he has the opportunity to secretly make things difficult for that kid. Anyway, who's the class monitor this time?"

"This ... I'm not too sure. I was doing a mission outside and just came back ..."

Jia Liu laughed dryly and quickly patted his chest. "Young master Wang, don't worry. I'll go ask around and ask her out immediately."

"Alright, I'll wait for you at the Drunken God House in the city square. Today, I'll treat you to a good meal!"

Wang Ta long laughed as he patted Jia Liu's shoulder. He spoke very forthrightly, "I heard that the newly brewed spirit wine of the intoxicating God residence has already started to be sold. You're in luck, kid!"

"Young master Wang, you're so awesome! I'm drooling when you talk about the spirit wine in the drunken God residence! Wait a moment, I'll be back with my men. "

Jia Liu put on a drooling expression and wiped the corner of his mouth. He then turned around and quickly fled.

After returning to Earth Spirit peak, Jia Liu quickly found out from his acquaintances who the new class monitor was. It was yang Dian, who had obtained a place in the intermediate class last year but chose to stay in the new student class!

How could such a person be the class monitor of the intermediate class? Was it really that awesome to stay in the new student class?

Jia Liu instantly started to doubt his life. Originally, he had looked down on yang Dian's choice. He had never laughed at him when he heard about it.

He didn't expect that ... Yang Dian, who was so opportunistic, could defeat Liu Liang in a head-on battle!

No, it was not enough to say that yang Dian was powerful. He should have crushed Liu Liang head-on and didn't give him any chance.

On the other hand, Jia Liu's strength was only on par with Liu Liang 's. In fact, he was even slightly inferior to Liu Liang. In other words, he could not even withstand a single blow from yang Dian ...

Hence, when Jia Liu found yang Dian's cave abode, he maintained sufficient respect. He would be asking for a beating if he dared to be arrogant when facing someone who was much stronger than him.

It was a pity that he didn't find out that yang Dian was also the one who was crushed during the freshman advancement assessment!

And the one who crushed yang Dian was the one they wanted to deal with, Lin Yi!

"Class monitor yang Dian, I'm Jia Liu from the intermediate class. I'm here today to say hello. Please take care of me in the future."

When he saw yang Dian come out, Jia Liu immediately put on a smile and greeted him seriously.

Yang Dian was immediately overjoyed. Jia Liu was the first senior student from the intermediate class to come and greet him. This greatly satisfied his vanity as a class monitor. For a moment, he admired Jia Liu very much.

"So it's brother Jia Liu. It's an honor to meet you. Please come in and have a seat!"

Yang Dian turned sideways to show the way. Since the other party had come to visit, of course, he had to let them in to entertain him and show his class monitor's bearing.

"I won't be going in. Today, other than greeting the new class monitor of our intermediate class, the most important thing is to invite him to the drunken God residence in the market for a meal."

Jia Liu didn't dare to waste any more time. Wang talong was still waiting for them at the drunken God residence. Thus, he went straight to the point and stated his intentions.

"How can I accept that? I should be the one treating everyone to a meal."

Yang Dian's smile became more and more brilliant. He thought that it was a welcome party arranged by the senior students of the intermediate class, so he was a little reserved in his pride.

"Squad leader yang, you've misunderstood. The host today is the former class leader of the intermediate class, your predecessor, senior brother Wang Ta long, who has now entered the advanced class. He has heard of squad leader Yang's heroic deeds and wants to make friends with you. He also wants to tell you some things about the intermediate class so that you can lead the intermediate class to a higher level as soon as possible."

Chapter 6802 Can't Afford To Offend Even One

Jia Liu did not even blink when he lied. He himself had only just found out that yang Dian was the class monitor, and Wang talong was even more clueless. Yet, Wang talong was still able to speak so naturally and smoothly. He was also a talent!

"So it's senior brother Wang Ta long. I've heard of him before. He's said to be a genius."

Yang Dian said casually, but it sounded a little perfunctory. Which one of those who could enter the intermediate class didn't have the reputation of a genius?

As for Wang talong, a genius who had just entered the intermediate class, yang Dian really didn't care about him!

With his current strength, any so-called genius who hadn't entered the earth stage was trash ... Except for Lin Yi ...

"Squad leader yang, do you have the time to go with this little brother? I've heard that the new wine of the intoxicating God residence is very beneficial to the spiritual sense, and the taste is excellent. It's rare for someone to treat me, so I should get drunk!"

Jia Liu invited him very politely. Yang Dian felt that he couldn't reject the good intentions of others.

Although he didn't care about that Wang talong, it would be good to expand his network. Perhaps it would be of some use when he entered the advanced class in the future.

In the end, yang Dian was still a person who had a greater desire for power. Thus, he only considered for a moment before immediately nodding and agreeing to go to the drunken God residence with Jia Liu.

In a private room of the intoxicating God residence, Wang talong had already ordered a table full of dishes and two jars of intoxicating God brew. When he saw Jia Liu enter, he thought for a moment before standing up to welcome him.

After all, he needed someone to help him with something, so he had to give him some face. Moreover, it could also show his affinity.

However, Wang talong was slightly surprised when he saw yang Dian. This was a strange face. In his mind, the new class monitor would most likely be selected from the senior students. Was that not the case?

"Young master Wang, I'm lucky to have invited squad leader yang Dian here. It's a pity that I didn't go to class today. Otherwise, I could have witnessed squad leader yang easily defeat Liu Liang like a god descending from heaven. What a pity!"

Jia Liu seemed to be sighing, but in fact, he was calmly explaining yang Dian's situation.

Just now, Jia Liu had bragged that Wang talong knew that yang Dian was the class monitor, so he invited him. If Wang talong acted as if he didn't know yang Dian, then his braggart would be exposed.

Wang Ta long and Jia Liu's cooperation was well-coordinated, so they naturally understood what was going on. They immediately revealed a happy expression and said, "Yang Dian, you're really good. Liu Liang is already a good master in the intermediate class, but you could beat him so easily. It seems that you won't be too far away from entering the advanced class!"

"Senior brother Wang, you're too kind. I can't compare to you, senior brother Wang. You're so talented and you've already entered the advanced class. You're my role model!"

Yang Dian felt comfortable in his heart, so he was not stingy with his words of praise. Who didn't know how to say beautiful words?

As a result, the first meeting between the two intermediate class monitors was completed in a happy atmosphere.

After the three of them sat down, Jia Liu consciously poured tea and wine for Wang Ta long and yang Dian. He did not talk much, but he did a lot of work. No wonder Wang Ta long liked to bring him along.

"Senior brother Wang, you didn't come here today to invite me for a meal, right? Such good food and wine must be very expensive!"

After three glasses of wine, yang Dian was the first to speak. He didn't believe that Wang talong would treat him to a drink for no reason.

The dishes of the drunken God Tavern were all rich in spiritual energy. Not only were they extremely delicious, but they could also be quickly transformed into true energy after eating them. It was equivalent to enjoying the delicious food while undergoing another kind of cultivation.

As for the drunken God brew, it was even more amazing. This was a top quality wine that could strengthen one's spiritual sense and its price was extraordinary.

Although it only had a slight effect and couldn't be compared to the spirit tempering pill, the taste was excellent. It could make people in a slightly tipsy state feel boundless joy, which was more than a hundred times better than the spirit tempering pill.

Therefore, all expenses at the drunken God Tavern were also paid in spirit crystals according to the rules of the market. This meal wasn't a small sum, and Wang talong must have a request for spending so much!

Yang Dian felt that he couldn't eat at ease before he figured out Wang talong's purpose.

"Junior Brother yang is really smart. It's actually not a big deal, it's just a simple matter for you."

Wang talong laughed and put down the glass in his hand. He said to yang Dian casually, ""There's a blind guy in the intermediate class who has offended me, but I've already joined the advanced class, so it's not convenient for me to deal with him. Therefore, I'd like to ask Junior Brother yang for a favor. I'd like you to target him more often so that he won't be able to have a peaceful time in the intermediate class. "

"It's indeed a small matter. Senior brother Wang, you're too polite. You could've just asked someone to tell me about such a small matter. You even specially invited me to drink and eat. How embarrassing. "

Yang Dian was relieved when he heard this and laughed as he said some polite words.

However, he was well aware that if Wang Ta long really sent someone to ask him to deal with someone, he would definitely ignore Wang Ta long.

For the sake of the delicious meal, yang Dian agreed to help. As for who they were going to deal with, he didn't care.

In yang Dian's opinion, Wang talong must be dealing with the senior students of the intermediate class. Since he had resigned as the class monitor, Wang talong was too far away to deal with them, so yang Dian asked for his help.

"Hahaha, Junior Brother yang is really a straightforward person. Come, this senior brother offers you a toast, let's drink!"

Wang talong was very satisfied with yang Dian's attitude. He felt that he could recruit yang Dian as his underling in the future. In the future, when he entered the advanced class, he could form a force.

Jia Liu had a good use of it, but it was a pity that it would be difficult for him to enter the advanced class. Yang Dian was different. As the class monitor of the intermediate class, he naturally had the advantage of entering the advanced class.

"Senior brother Wang is too polite. I should be the one toasting you. Let's drink first ..."

Yang Dian raised his glass and clinked it with Wang talong 'S. He raised his head and drank the drunken God brew in one gulp. Suddenly, he felt as if he was floating in the air.

The meal ended in a friendly and harmonious atmosphere. When they were about to leave, yang Dian finally remembered that he had not asked who he was going to deal with.

"Senior brother Wang, you still haven't told me which blind person offended you. This Junior Brother will go back and deal with him! I'll definitely not let him have a good life in the future!"

Yang Dian was currently in a state of tipsiness. He was in a good mood and admired Wang talong quite a bit. He decided that he would do this matter beautifully and make Wang talong satisfied.

"Oh, that brat should also be a student who was promoted from the new student class to the intermediate class. I'm guessing you know him."

Wang talong said nonchalantly. Yang Dian suddenly quivered. A student from the freshman class? He wasn't a senior student?

You're a freshman who just came to report today. How did you offend the class monitor who has already left the intermediate class?

Thinking about the seven new students, yang Dian suddenly realized that he couldn't afford to offend any of them. Not to mention Lin Yi, he didn't even dare to touch Murong xuyan now that she was on Lin Yi's side.

Chapter 6803 This Is Too Much

Xue Peng was also in control of the key potions that would improve yang Dian's strength in the future. It was more appropriate for him to worship Xue Peng, so how could he dare to offend him? Only su Hao seemed to be able to be bullied.

However, su Hao's background did not seem simple. He even had a follower who was in the earth stage. Yang Dian really did not want to provoke him.

This was very awkward. Was it worth it to sell himself for a meal?

Well ... This was a question that needed to be thought about!

If it was really su Hao, then he would just find some random faults to deal with Wang Ta long.

Yang Dian's mind was filled with thoughts. He felt that the possibility of su Hao being the culprit was very high. After all, that kid was very arrogant. It was not surprising that he had offended Wang Ta long.

Wang talong didn't see the change in yang Dian's expression and continued to speak, ""I heard the pretty girl beside him call him Lin Yi ..."

As soon as he said this, yang Dian's face turned pale. He had been floating in the clouds a moment ago, but now he had fallen from the sky to the ground!

F \* ck! You tricked me!

That bastard Lin Yi ... I can't wait to hide, and you want me to deal with him?

I'm not F \* cking drinking, I'm pouring wine into my brain! That's why I agreed to your stupid request!

"Brother Wang, this is a bit difficult. It's easy to talk to other people, but Lin Yi ..."

Yang Dian squeezed out a smile, thinking that he couldn't beat Lin Yi right now. If you want to die, go die yourself.

To be honest, Wang talong looked like he was quite strong, a few levels higher than both yang Dian and Lin Yi, but in a real fight, yang Dian felt like he could beat both of them with one hand!

If it was Lin Yi, he'd probably be able to beat two of them up without using his hands, right?

"You're friends with that Lin Yi?"

Wang Ta long was slightly surprised. Why didn't he think of this possibility earlier? after all, they were all from the new student class, so it wasn't strange for them to be friends.

"We're not really friends, and we're not on very good terms. But I don't want to go against this person for the time being, so I can't agree to this!"

Yang Dian finally understood, so he rejected Wang talong directly, ""As for eating senior brother Wang's food and wine today ... I'll spit it out and return it to you, okay?"

Wang Ta long was disgusted. "You want me to eat you?"

Wang Ta long almost blurted out the word 'scram', but he managed to hold it in with great difficulty. Then, he calmed his emotions.

"Junior Brother yang, if you don't want to do this, of course I won't force you. As for the food and wine, it's just a small matter. Can't we just eat together?"

Wang talong thought to himself, "if you didn't have any value, I'd make you end up like Lin Yi one day." "You said that your relationship with Lin Yi isn't that good either. If that's the case, then we have the same goal, don't you think?"

Yang Dian made up his mind that no matter what Wang talong said, he wouldn't turn on Lin Yi at a time like this, even if Wang talong had a silver tongue.

"How about this-you don't have to do anything to Lin Yi, just keep an eye on him for me. We're brothers, this shouldn't be a problem, right?"

Wang talong decided to go for the second best option-he wanted to find out Lin Yi's whereabouts through yang Dian. Yang Dian had the advantage as the class leader, since he would be involved in many things.

"Just keep an eye on Lin Yi? This isn't difficult, but what are you going to do, senior brother Wang?"

Yang Dian pondered for a while and felt that this would only benefit him. If Wang talong really could kill Lin Yi, he would be able to benefit from it!

"En, how about this-let me know when Lin Yi's leaving the school, I'll ambush him outside!"

Wang talong didn't hide anything from yang Dian. In his opinion, yang Dian was already on his ship, and it would be easier to control him if he knew more.

"No problem! I'll keep an eye on Lin Yi's whereabouts, and I'll let you know as soon as he leaves the school. "

Yang Dian nodded quickly, but he felt that Wang talong's actions would only be serving food to Lin Yi!

Should he remind Wang Ta long about this?

Forget it, I'm not even close to Wang talong, so why do I have to worry so much? Perhaps Wang talong still had other trump cards that he hadn't shown yet.

Yang Dian thought about it and threw away this thought. He continued, ""But Lin Yi just came back to the school, and I don't think he'll be leaving anytime soon. If you want to wait until he's out of the school to ambush him, it'll take a long time."

"Like this? Then what should I do? I don't want to wait too long!"

Wang Ta long scratched his forehead and immediately had an idea, ""If he doesn't leave the Academy, then help me keep an eye on him and see when he can enter the cultivation room!"

The most precious thing on Earth Spirit peak was, of course, the huge spiritual sense cultivation room in the belly of the mountain. In fact, it was more appropriate to call it a cultivation field than a cultivation room.

As long as Lin Yi went in, Wang talong would follow. There weren't any Masters from the school watching over the place, and if anything happened, they could just treat it as a problem with cultivation.

"This is simple! You guys wait for my news!"

Yang Dian agreed immediately. Although the cultivation room in the belly of the Earth Spirit peak was vast, only ten people could enter at a time and stay inside to cultivate. Only when everyone came out could they change people to enter.

Therefore, under normal circumstances, if one wanted to enter the cultivation room to cultivate, they had to register an appointment with the class monitor, and the class monitor would make the arrangements.

The class monitors referred to the intermediate class and advanced class monitors. Because both classes had the right to enter, their schedules were relatively tight.

Wang talong was planning to apply for a training room when he got back, but he would wait until Lin Yi went in. He had put in a lot of effort to deal with Lin Yi!

The two agreed-they were just waiting for Lin Yi to apply for the practicing room!

Lin Yi had already returned to his cave. As for Wang talong, he didn't care about him at all. He was just an idiot, and if it weren't for the fact that there were people watching, he would've taken care of him already.

It was fine if they didn't provoke Lin Yi in the future, but if they did, they'd have to teach them a lesson.

"Lin Yi, this cave is huge! Wouldn't that be too much of a waste? It can be completely divided into five or six living areas!"

Shangguan LAN 'er didn't return to her own cave, but followed Lin Yi around, "Right, Lin Yi, Lil" brother?"

"Perhaps it's to ensure that every cave has a sufficient supply of spiritual Qi. If we divide too many residences, the spiritual Qi will inevitably be diluted. In any case, there aren't many students in the intermediate class."

Lin Yi smiled and shrugged, answering her casually. He was quite satisfied with the cave.

Although they were in the middle of the mountain, it wasn't dark. There was a formation to gather light, and there was an abundance of spiritual Qi. There were also multiple functional areas. Whether it was alchemy or martial arts, there were special places for them.

#### Chapter 6804 The News Was Leaked

There was even a study room in the cave, and the two bookshelves were filled with all sorts of books. There wasn't much about practicing, but there were a lot of records about Sky Class islands and Mystic class seas, and Lin Yi was quite interested in them.

"That's true. If there were more people in the intermediate class, we might not have such a big cave to live in!"

Shangguan LAN 'er said with a smile, and then thought of a question, ""Aiya, Lin Yi Li" bro, you're first in the exam, so you should be given the best cave. I'm going to see if mine's a lot worse than yours!"

If you think of it, then say it, and do it!

Shangguan LAN 'er was always like this-she didn't even wait for Lin Yi to say anything before pulling him up and running.

After leaving Lin Yi's cave, they quickly arrived at Shangguan LAN 'er's cave. The two's doors weren't far from each other, but the direction of the mountain was different, so the two actually lived quite far apart.

Zhang jinmiao came in just as they were about to enter, and the two decided to wait outside.

"Master!"

"Auntie Zhang!"

The two of them greeted each other affectionately. Zhang jinmiao smiled and nodded, ""How do you feel about your first day of intermediate class?"

"Master, we didn't talk much in class today. We just elected the class monitor for the intermediate class, and then instructor Xu introduced us to the situation of the intermediate class."

Shangguan LAN 'er went up and held Zhang jinmiao's arm, leading her in with a smile. ""After that, Lin Yi and I went to the market. We strolled around for a while and sold two pills."

When it came to selling pills, Shangguan LAN 'er immediately became high-spirited. Selling pills was not a casual remark. She had to have a good talk with her master about this.

Zhang jinmiao listened with a kind expression and entered Shangguan LAN 'er's cave abode after a few words.

The little girl's attention was immediately diverted, and she ran around cheering, chattering about how to decorate and transform.

It was the fourth place, but the size wasn't much different from Lin Yi 's-the location didn't really matter since it was in the middle of the mountain.

If there was really a difference, it would be that the spiritual Qi here wasn't as dense, but it was only a slight difference, and only Lin Yi, who had been baptized by the spiritual Qi in the Jade space, could feel it. Shangguan LAN 'er probably couldn't.

"Lin Yi, don't take on any missions for the time being. Stay in the school and spend time with LAN 'er. She hasn't been happy for a day in the past six months,"

Zhang jinmiao whispered to Lin Yi while Shangguan LAN 'er wasn't around,"I should've told you yesterday, but it's not convenient to say it in front of LAN 'er. You should know what to do."

"Yes, don't worry, Auntie Zhang. I understand!"

Lin Yi agreed immediately-this was an elder's advice, of course he'd listen to it.

"It's good that you understand. Actually, I didn't come here today to tell you this. I have another piece of news to tell you. You should be prepared. "

Zhang jinmiao's voice became lower and lower. Although Shangguan LAN 'er was not by their side, she obviously did not want her to know.

"Auntie Zhang, please speak. I'm listening."

Lin Yi's expression turned serious-it couldn't be anything simple for Zhang jinmiao to be so serious.

"The principal has already ordered for the matter of you returning to the Academy to be sealed, but it was still leaked out. Although the scope was not large, there just happened to be one person who wanted to find you and ask you about the details of the operation of the spiritual fire of heaven and earth."

Zhang jinmiao paused and looked at Lin Yi with a weird expression. Lin Yi didn't understand what she was saying, but she continued after a while,""Don't misunderstand. That man didn't come for the spiritual fire of heaven and earth. He came to punish his grandson for someone who went in! He's the principal of one of the academies. This matter wasn't easy to deal with, but the principal stopped him for the time being. "

Lin Yi remembered Liu Xiaoyu saying something similar-he'd help Lin Yi block the side effects of using the fire. It seemed like the Dean was starting to keep his promise.

"I see. The Dean's grandson didn't make it back, so he wanted to find me for information ... Or he simply thought that I killed his grandson, right?"

Lin Yi understood-this wasn't a big deal, but it wasn't a small one either. If he didn't handle it well, it'd be a big problem.

But Lin Yi wasn't sure if he'd killed the Dean's grandson. After all, he did kill a few people in the operation, and everyone was wearing a mask. Who knew who died?

Of course, Lin Yi wouldn't admit to that-he didn't know who died, and he couldn't just blame everyone who didn't make it out.

"It's good that you understand. If you really can't handle it, you'll be called to answer questions, so think about how you should speak first. Don't make any mistakes when the time comes."

Zhang jinmiao's words made Lin Yi feel a little awkward. Did she not believe him? Was that why he had told him to make up a lie?

"Master, what are you guys talking about?"

Lin Yi was still feeling awkward when Shangguan LAN 'er turned around and took Zhang jinmiao's arm to help him out,"This place is really good. Master, do you want to come and live with LAN 'er?"

"That won't do. I naturally have my own residence. You should live by yourself!"

Zhang jinmiao patted Shangguan LAN 'er's hand and turned to Lin Yi,"LAN 'er's strength is increasing very quickly, but it's still a little weak. Lin Yi, you can keep her company in her cultivation."

"Don't worry, aunt Zhang. I'll supervise Junior Sister LAN 'er's cultivation and improve her strength as soon as possible."

Lin Yi nodded with a smile, but Shangguan LAN 'er was displeased.

"Master, I've been working hard on my cultivation. Look at how much my strength has improved in the past year. Why are you still not satisfied?"

Shangguan LAN 'er was acting cute to Zhang jinmiao, and making faces at Lin Yi.

"You little girl, among the freshmen, you're the only one who hasn't reached the mountain-opening stage. Don't you feel embarrassed?"

Zhang jinmiao reached out her finger and touched Shangguan LAN 'er's nose, making her wrinkle her delicate nose, which made her look particularly cute.

"What's there to be embarrassed about? They're all older than me, so it's only natural that they're of a higher level than me. Besides, if we really fight, I might not be the last one. "

Shangguan LAN 'er raised her chin proudly, not forgetting to ask for Lin Yi's support, "Don't you think so, Lin Yi junior?"

"Yes, Junior Sister LAN 'er is very powerful. At least Xue Peng might not be your opponent, otherwise he wouldn't be ranked behind you."

Lin Yi laughed as he chimed in, while Shangguan LAN 'er looked at him suspiciously, not sure if he was being serious or just patronizing her.

Chapter 6805 Coming To The Door

But it didn't matter-he'd just take it that Lin Yi was complimenting him!

Shangguan LAN 'er thought about it and became happy again.

"Earth Spirit Peak's practicing room is one of the best in our school. Lin Yi, bring LAN 'er in and practice, it'll be good for your spirit sense. I have some mission points that I can't use, so I'll give them to you!"

After Zhang jinmiao finished speaking, she took out her identity Jade card. The Academy's mission system not only gave missions to students, but teachers could also take on missions to earn points.

For example, when Zhang jinmiao went to the Golden class Sea area to recruit students, she would be rewarded with mission points. She would also be rewarded with points for discovering super geniuses, so she was still a relatively wealthy clan.

"Thank you, master!"

Shangguan LAN 'er had never been polite to her master. If her master gave it to her, she would just take it. There was nothing to be embarrassed about.

Soon, Shangguan LAN 'er's tag had an extra 600 points. This was a huge sum for Lin Yi and Shangguan LAN 'er at the moment. After all, the one-way exchange rule limited the use of spirit crystals to exchange for mission points. If you wanted to enter the training room, it didn't matter how many spirit crystals you had.

If it was used for cultivation, the two of them could go into the cultivation room together for fifteen days. Lin Yi's spirit might not be strong enough, but Shangguan LAN 'er was definitely enough.

"What are you thanking me for? you're master's only direct disciple. Of course, I have to nurture you well. It's a pity that your master isn't very rich and can't give you more."

Zhang jinmiao smiled and patted Shangguan LAN 'er's head, then said to the two seriously, ""The cultivation room of the Earth Spirit peak can only accommodate ten people at a time, but the space inside is very wide, more than enough to accommodate 100000 people. There are some things to pay attention to inside, I'll tell you first."

"Aunt Zhang, please tell us. We will definitely remember it."

Lin Yi nodded with a smile, knowing that Zhang jinmiao was speaking from her experience. It would be useful to the two of them.

"First of all, you can't just go anywhere in there. Some areas have been set up as restricted areas by the Academy, and there will be danger in there. When you see the signs, quickly stay away from those areas. You must never try to enter the restricted areas. You Must Remember This."

Zhang jinmiao's face was serious when she said this, letting Lin Yi know that she wasn't joking."The other thing is the cultivation spot after entering. In theory, you can cultivate anywhere in the cultivation room, but the Academy has set up a protection array at the best cultivation spot. Entering it to cultivate will yield twice the result with half the effort, and it's also safer."

"Master, is there any other danger to cultivating in the cultivation room other than getting close to it?"

Shangguan LAN 'er blinked her big eyes and asked in confusion,""Could there be some kind of fierce beast inside?"

"No, but the cultivation of the soul has never been smooth sailing. Sometimes there will be a backlash, causing one's mind to be in chaos and do some things that go against common sense ..."

Zhang jinmiao seemed to be trying to find the right words, not knowing how to make it more obscure."""You must know that after entering the cultivation room, the divine sense from the outside world will be isolated. No one will know what happens inside in time ..."

Lin Yi instantly understood-they were afraid that someone would attack the others in the room!

It wasn't impossible for a problem to occur in the cultivation of the spiritual awareness, leading to a mental disorder, but the greater possibility was that he was sneak attacked while cultivating. After all, no one knew what happened inside, and it was more likely to kill for money.

Not only was it more effective to cultivate in the defense array, but it could also prevent any possible dangers. It was indeed the best choice.

"Auntie Zhang, we understand. If we want to go in to cultivate, we'll find this kind of cultivation spot to cultivate."

Lin Yi agreed readily. He didn't really care-with the Jade space's warning and the damn thing looking after them, anyone who dared to ambush them would be asking for death.

However, Shangguan LAN 'er did need a place like this to train. Lin Yi was even thinking of setting up another layer of the array to protect her.

"As long as you know what to do. If you really want to go in and cultivate, you must first choose a suitable cultivation point. Not all of those cultivation points are suitable for you to cultivate. Only by finding the most suitable one can you get twice the result with half the effort."

Zhang jinmiao said a few more words of advice before changing the topic and chatting with the two.

His first day in the intermediate class passed by peacefully, but Lin Yi didn't know what was going on beneath the surface. He wouldn't care even if he did.

Yang Dian was invited to a banquet by Jia Liu, and the little spirit beast was monitoring the meeting with Wang talong. However, Lin Yi didn't care at all because Wang talong obviously wasn't related to central. He didn't need to take it to heart.

The next day, Lin Yi and Shangguan LAN 'er requested to enter the training room, but there were no empty spots yet, so they had to wait for a while.

Yang Dian immediately informed Jia Liu of this news. He was in charge of reporting to Wang talong, and both sides would make arrangements according to their schedules. As the class monitor, yang Dian's authority was just enough to meet this need.

In the time they were waiting to enter the training room, Lin Yi and Shangguan LAN 'er went to classes, cultivated, and strolled around the market, refining some pills to exchange for mission points as they waited to enter the training room.

Ten days passed like this, and Xu Xiaoyan came to Lin Yi with a serious face.

"Lin Yi, the Dean's looking for you, please go."

After a slight pause, Xu Xiaoyan reminded him in a low voice, ""It's about your last mission. Someone came to our door, and the director couldn't stop them from questioning you."

Lin Yi understood-Zhang jinmiao was talking about some Dean, right? The one whose grandson had died.

"Thank you, mentor. I'll be right there."

Lin Yi thanked Xu Xiaoyan with a smile, and said goodbye to Shangguan LAN 'er before rushing to Liu Xiaoyu's Mountain peak.

Lin Yi didn't really care about the Dean-Xiaoyu couldn't stop people from questioning him, but he couldn't let anyone do whatever they wanted in the school!

"Director, I'm here!"

Lin Yi quickly rushed to Liu Xiaoyu's side and greeted him honestly.

"Lin Yi, you're here! Come in!"

Liu Xiaoyu's attitude was kind as he stood up to greet Lin Yi. "Come and sit here, I'll introduce you ..."

As he spoke, a flash of surprise appeared in Liu Xiaoyu's eyes-he realized that he couldn't see through Lin Yi's yuan spirit form!

The Lin Yi right now was in his normal physical state, but Liu Xiaoyu knew that was impossible. Lin Yi didn't go out at all after he came back.

Of course, this was a good thing. Before Lin Yi came, Liu Xiaoyu was still thinking about how to help Lin Yi hide his Yuan spirit form. After all, the guests were quite strong, only a bit weaker than Liu Xiaoyu himself.

#### Chapter 6806 Closing In Step By Step

But he put his heart at ease the moment he saw Lin Yi-even he couldn't see through Lin Yi's yuan spirit form now, let alone the old man with the mustache.

"Lin Yi, come and meet the Dean of clear flow school, Lu Yongming. He's a respected senior."

Liu Xiaoyu relaxed, and the smile on his face became gentler, "If there's a chance in the future, I'll ask Dean Lu for more guidance."

"Lin Yi greets Dean Lu!"

Lin Yi gave him face and cupped his hands in respect. He saw Liu Xiaoyu's expression and let out a breath of relief.

Last time, his Yuan spirit body was seen through, and it raised Lin Yi's suspicion. So these few days, when he had time, he discussed it with the ghost and finally found a way to hide his Yuan spirit body and simulate a physical body. He tried it out today, and it worked as expected.

However, this method required a certain amount of spiritual energy, and maintaining it for a long time was too much of a burden on Lin Yi's body. He could only use it at this specific time.

In normal times, he didn't need to use this method. After all, experts at the sea splitting stage and above weren't everywhere on the street. There definitely weren't many whose spiritual awareness was stronger than his.

"You're Lin Yi?!"

Lu Yongming's face was cold, and he sat still on the chair, his eyes containing a cold chill. "I'm not a person of virtue and prestige. You're overpraising me, director Liu. I'm here today to ask you a few questions."

"Please speak, Dean Lu, Lin Yi will tell you everything he knows!"

Lin Yi put away the smile on his face and straightened his back, looking straight at Lu Yongming.

This old man was pretty cocky, thinking of Lin Yi as a suspect. Lin Yi wasn't happy about that!

Was the president of the clear flow school that amazing? Unfortunately, this was Feiyang college. Lu Yongming, you're nothing!

"Lin Yi, come sit down and talk. We're not outsiders, there's no need to be so formal."

Liu Xiaoyu laughed, trying to ease the atmosphere, but the two didn't seem to care.

As far as Lin Yi was concerned, Lu Yongming was an outsider, an uninvited guest, and yet his attitude was so cold and hard-it was as if he'd turned the tables.

Lu Yongming, on the other hand, felt that Lin Yi was just a student and had no right to appear in front of him. If it weren't for the fact that he wanted to ask about his grandson, he wouldn't even waste time talking to Lin Yi.

"Lin Yi, describe the entire process of your operation with the fire of heaven and earth in detail. Don't try to lie. I'm very sensitive to other people's lies, and I can tell if you're telling the truth with one look."

Lu Yongming nodded at Liu Xiaoyu and used a questioning tone to question Lin Yi, which made Lin Yi very unhappy.

But for Liu Xiaoyu's sake, Lin Yi decided to hold it in for the time being. He then repeated what he said before.

He'd already said this no less than three times, and there were basically no flaws. As for Lu Yongming's lie about being able to see through it, Lin Yi didn't believe it at all.

After a while, Lin Yi finished his words and looked at Lu Yongming quietly. Lu Yongming's eyes were fixed on Lin Yi, the coldness in them getting stronger and stronger.

"You're lying!"

This was Lu Yongming's conclusion after listening to it, and he said it in an extremely certain tone, leaving no room for argument.

"What right do you have to say that I'm lying?"

Lin Yi looked at Lu Yongming calmly, "Don't say that your intuition is telling you that I'm lying. Before you question others, you should at least have evidence!"

"Kid, you have balls! How dare you speak to this old man like that!"

Lu Yongming's eyes flashed with contempt, looking at Lin Yi like he was looking at an ant. "The last person who dared to speak to me like this has already been reincarnated. Do you want to be the next one?"

"Dean Lu, mind your words. This is the Feiyang school, not your clear stream school!"

Liu Xiaoyu's face sank, and he rudely interrupted Lu Yongming's words: "You said you were here to ask me a few questions, and that's why I asked Lin Yi to help you out as a member of the Alliance. But remember, in the Feiyang school, my students will not be threatened by anyone!"

This showed Liu Xiaoyu's tough attitude, completely different from the Liu Xiaoyu who was trying to ease the atmosphere just now. Lin Yi was grateful, thinking that the Dean was quite reliable.

"Hmph, do I still need to threaten a little fellow? Associate Hospital director Liu, you're underestimating this old man!"

Lu Yongming snorted coldly and gave a perfunctory reply, giving Liu Xiaoyu face. "Lin Yi, you said that you didn't kill anyone in the operation, and you didn't even meet anyone, that's obviously nonsense!"

Lin Yi didn't even bother with Lu Yongming. He crossed his arms and leaned back in his chair, looking as if he wanted Lu Yongming to start his performance.

Lu Yongming's mouth twitched as he suppressed the thought of killing Lin Yi on the spot. "That area is neither big nor small. Although there are many entrances, the final destination is where the spiritual fire of heaven and earth is. Since you saw the spiritual fire of heaven and earth, how could you not meet other people?"

The meaning of this sentence was similar to all roads lead to Rome. It meant that all roads lead to the same destination. No matter which direction other people entered this area from, their final destination would be the same.

Since the destination was the same, as long as nothing happened halfway, they would naturally meet up in the end. That was what Lu Yongming roughly meant.

"If you can lie about this, then you must be lying about everything else! Wasn't this old man right!"

Lu Yongming's expression said, "I've already seen through the truth, don't you dare try to fool my eyes!"

"If you want to punish someone, you can't find a good excuse! I'll just ask, did you go in to take a look?"

Lin Yi snorted in disdain and mocked, "Could it be that you found the spiritual fire of heaven and earth after you entered, so you killed everyone inside in order to monopolize the spiritual fire?"

Who didn't know how to talk nonsense and make wild guesses?

Lu Yongming's face turned red, and his beard curled up in anger. "Lin Yi! I'm certain that you're likely to kill someone in the matter of the spiritual fire of heaven and earth! No matter how glib your tongue is, don't even think about getting rid of your suspicion!"

Pestering endlessly!

Lin Yi laughed coldly to himself. This old man wasn't here to find out the truth at all-he was just trying to use what he thought was the truth on Lin Yi!

This meant that Lu Yongming was sure that Lin Yi killed his grandson!

It didn't matter if Lin Yi killed him or not-if his grandson didn't make it back alive, the others would die with him!

"Lu Yongming! This is too much!"

Liu Xiaoyu shouted in a low voice. As the principal of a second-rate school, he was embarrassed by such an ugly expression.

They were all people of the same level, so they had to take their status and face into consideration!

Chapter 6807 Protect To The End

"Liu Xiaoyu! Lin Yi's full of lies, he's definitely the culprit behind the fire incident, are you trying to cover for the culprit?"

Lu Yongming stood up and glared at Liu Xiaoyu fiercely, ready to start a fight at any time!

"Lu Yongming, I, Liu Xiaoyu, respect you as the Dean of clear flow school, but you should also respect yourself. You're slandering my student without any basis. Do you really think that the Feiyang school is afraid of your clear flow school?"

Liu Xiaoyu was also really angry. He took a step forward and stood in front of Lu Yongming, not giving in an inch.

With just a few words, the situation had escalated to the level of the two academies. Lin Yi was a little confused. So you guys are all Deans like this? is it really good to let the students see?

But then again, he was touched by Liu Xiaoyu's determination to protect Lin Yi.

Lin Yi didn't have much sense of belonging to the school at first, and was just here to go through the motions with Shangguan LAN 'er.

But at this moment, Lin Yi felt a strange sense of pride sprouting in his heart. So being a student of the Feiyang school wasn't bad at all.

"Liu Xiaoyu, you're going down this path to the end and are determined to cover up for the murderer, aren't you?"

Lu Yongming narrowed his eyes, his pupils flashing with a fierce light.

However, he was not as strong as Liu Xiaoyu. The overall strength of clear flow school was also slightly inferior to Feiyang school. So, he was a little afraid to fall out with Liu Xiaoyu on the spot. He had to think carefully!

"Lu Yongming, I'm warning you, don't keep calling me a murderer. Show me the evidence, and I'll definitely deal with it fairly. But if you want to convict my Academy's student based on your own assumptions, then you should give up!"

Liu Xiaoyu's imposing manner made the unreasonable Lu Yongming even more guilty.

"Liu Xiaoyu, the fire of heaven and earth operation involves many schools in the alliance, as well as people from the noble houses. Only this Lin Yi from your school has appeared. Do you think this matter will be over?"

Lu Yongming's mind turned, and he suddenly sneered. "Don't think that you're all that great. In the Alliance of schools, Who are you? Who Do You Think You Are, Liu Xiaoyu? Let's see how long you can protect this kid!"

"It doesn't matter what rank our Feiyang school is in the Alliance of schools, we are still stronger than your Clearwater school! I'm sorry, I have something to do today, so I won't be able to receive you, Dean Lu. Please! Forgive me for not seeing you out!"

Liu Xiaoyu pointed his finger at the door and ordered him to leave!

Lin Yi praised him internally-this Dean Liu sure was domineering!

But Lu Yongming's words weren't without reason. The people from the Alliance and the noble houses all died in the fire of heaven and earth operation, and all the pressure would eventually fall on Lin Yi, the Feiyang school and Liu Xiaoyu.

If there were still one or two people alive, this would never have happened!

Lin Yi wanted to know what happened after he left the area. If he hadn't been teleported away, would he have died there?

"Liu Xiaoyu, how are you? You're good! This old man will wait and see how long you can hold on!"

Lu Yongming laughed coldly and glared at Lin Yi a few more times before leaving.

It went without saying that Lu Yongming and Liu Xiaoyu were enemies now, although Lin Yi didn't know what was going on.

It would've been fine if the old man had evidence, but he didn't have any-he wanted Lin Yi to take the blame just from his deductions, and he'd even offend Liu Xiaoyu and the Feiyang school!

"Principal, this is all because of me. I've caused trouble for the Academy and you!"

Lin Yi cupped his fists and bowed, thanking Liu Xiaoyu from the bottom of his heart.

If it was someone else, they wouldn't offend so many forces for Lin Yi, but if the other alliances and Noble houses thought the same as Lu Yongming, then Feiyang school would be the world's enemy!

"Lin Yi, you're treating me like an outsider. If I can't even protect the students of Feiyang school, what kind of Dean am I? Don't worry, I'll take full responsibility for this. I won't let them find trouble with you!"

Liu Xiaoyu revealed a warm smile and showed his responsibility, "I told you last time that I would give you some missions so that you can find your body as soon as possible. What do you think? Why don't you set off as soon as possible!"

"Thank you, Dean. It's Lin Yi's fortune to meet a master like you!"

Lin Yi put his hands down with a smile and shook his head. "I've only been back for a few days, so I won't go out to do any missions for the time being. I'm finally back, so I'm going to spend more time with my little Senior Sister LAN 'er."

Shangguan LAN 'er was Vice-Principal Zhang jinmiao's disciple, and Liu Xiaoyu naturally knew about it. He also knew about the relationship between Lin Yi and Shangguan LAN' er. Since Lin Yi said so, he couldn't persuade him, but he still had to say what he had to say.

"You're right. However, a primordial spirit is still a primordial spirit. If you leave your physical body for too long, both your physical body and primordial spirit will be damaged. You should rest for a few days and find your physical body as soon as possible."

Liu Xiaoyu didn't know how long Lin Yi had been back in the mortal world with his spirit projection. Otherwise, he wouldn't be saying something like this.

"Lin Yi understands. When the time is right, I'll go get my body back."

Lin Yi nodded. After agreeing, he suddenly thought about what would happen to his body in the prison if the Wang family heard that he was back at Feiyang school.

Liu Xiaoyu had sealed off the news of Lin Yi's return, but if Lu Yongming knew about it, then other people would know as well. With Lu Yongming's personality, he'd probably notify all the houses and gather people to come to Feiyang college for an explanation!

How troublesome! Should he secretly follow him and kill this old man?

Lin Yi had just come up with this idea when he suddenly realized something. Liu Xiaoyu didn't just want him to go out and find his body because he was worried about the condition of his spirit and body. He wanted him to go out and avoid trouble, right?

If the Alliance and the noble houses were really coming for Feiyang school, Liu Xiaoyu wouldn't be able to stop them, but as long as Lin Yi wasn't in the school and went to the secret realm to find his body, who could do anything to him?

However, all the pressure was now on Liu Xiaoyu. How could he possibly withstand such a huge pressure alone?

Liu Xiaoyu didn't know what Lin Yi was thinking and continued, "It's best if you know what you're doing. I think the sooner the better. As for when exactly, it's up to you. Otherwise, I'm worried it'll affect your future cultivation!"

Chapter 6808 Class Monitor's Reward Conditions

"Dean, speaking of cultivation, I recently want to enter the cultivation room of Earth Spirit peak to cultivate for a while. I heard that it's very good for the divine sense. My current state is more suitable for the cultivation of primordial spirit and divine sense."

Lin Yi changed the topic with a smile-he'd guessed what Xiaoyu was thinking, and he couldn't just run away and let Xiaoyu take all the pressure.

As for the body in the Wang family's Secret prison, he could only count on Wang shiqing to keep a close eye on it and not let anything happen to it.

"The cultivation room of Earth Spirit peak? Oh, that place is indeed very helpful for spiritual sense cultivation. If you go there to cultivate, it's really possible that you'll improve again. "

Liu Xiaoyu turned around and sat down, signaling for Lin Yi to sit closer so they could talk."Your primordial spirit and divine sense are already so powerful. If you can go one step further, your strength may increase greatly after you find your physical body."

Lin Yi couldn't help but chuckle to himself-the conversation hadn't even started yet, and Xiaoyu was already talking about his body-it seemed like he was determined to get Lin Yi out of the school!

"The Dean's right-the Sky Class island's current training system focuses on Qi training, and using consciousness training as a support is the wrong thing to do."

Lin Yi decided to talk to Xiaoyu about the connection between the physical body and the consciousness."Why would I say that this is the wrong way of doing things? This is because the

improvement and strength of true energy can only bring about a breakthrough in level, but it can't drive the spiritual awareness to improve with it. "

"Is it like this? However, every time my strength increases, my primordial spirit and divine sense will also grow stronger. What you said doesn't seem to be true. "

Liu Xiaoyu looked as if he wanted to discuss with Lin Yi. In terms of spirit and consciousness, Lin Yi did have the qualifications. Liu Xiaoyu knew that he couldn't be as solid as this in his Yuan spirit form.

Putting aside his body, Lin Yi's spirit and consciousness alone were no weaker than Liu Xiaoyu 's, so he could treat Lin Yi as an equal.

"What you said is true, but it's just a simple increase in strength and quality. It didn't increase in level."

Lin Yi looked at the cups on the table and picked up two."For example, one of these two cups represents the level of true energy and the other represents the level of spiritual awareness. The tea inside is the true energy and spiritual awareness."

Liu Xiaoyu didn't say anything, but looked at Lin Yi with interest.

"When our true energy level increased, it was equivalent to changing to a big cup. The level of our divine sense didn't increase at the same time, but the cup used to only have half a cup of water, and now there's a little more. This is the benefit brought by the increase in strength level, nothing more."

Lin Yi's explanation was simple, and Xiaoyu nodded in understanding.

"And if you start from the spirit to increase your strength, then every time your spirit improves, your body will level up as well. Do you understand what I'm saying?" Lin Yi continued.

"You mean you don't need to cultivate true Qi, and you can rely on cultivating your divine sense to drive the improvement of true Qi?"

Liu Xiaoyu was a little surprised. This was simply unbelievable. He had never heard of such a shocking method. Then, all these years of cultivation, were they all in vain?

"What I mean is, simply cultivating the spiritual sense can improve the level of the body, but this way, the strength of the body will be relatively weak, and without enough true Qi as a guarantee, the growth will be greatly restricted."

There were plenty of examples like this in the ancient martial world, and Lin Yi had a deep understanding of it. "That's why my legacy requires both true Qi and spiritual sense to be cultivated at the same time, influencing and driving each other. Not only is the foundation solid, but the speed of improvement is also quite fast!"

Lin Yi used his Shifu's name as a shield again, but everything he said was the truth!

"The divine alchemy doctor's inheritance is indeed unique! No wonder your primordial spirit is so powerful. "

Liu Xiaoyu praised Zhang Liju's inheritance and asked, "In that case, doesn't that mean that your senior and junior brothers are also this powerful?"

Lin Yi didn't know what to say.

In fact, up until now, he had only seen Li Zao Yi's spirit sense, which was normal. The other registered disciples of Zhang Liju obviously didn't receive the true inheritance, and their spirit sense was no different from the others on the Sky Class Island.

Lin Yi quickly ended the topic after a vague explanation.

Xiaoyu didn't feel like he had enough, but he felt that the topic touched upon Lin Yi's sect's secrets. He didn't want to ask more if Lin Yi didn't want to.

The two chatted for a while more before Lin Yi left. His meeting with Lu Yongming was a failure, but he was a little more intimate with Liu Xiaoyu. From Lin Yi's point of view, the gains outweighed the losses.

He'd let Lu Yongming be, but if he pissed Lin Yi off, he'd have plenty of chances to teach him a lesson in the future!

Yang Dian stopped Lin Yi at the door after they got back to the intermediate class. He looked around and signaled for Lin Yi to talk to him further away.

"Class monitor yang, what's the matter today that you've been waiting for me?"

Lin Yi followed yang Dian to a corner and looked at him teasingly, "Go ahead, I'm listening. I hope it's good news."

"Good news, of course!"

Yang Dian put on a fake smile. He didn't want to smile at Lin Yi, but he'd get beaten up if he didn't ...

He was the class president of the intermediate class, and it'd be so embarrassing if he got beaten up! He had to endure it before he had the strength to crush Lin Yi!

"Then hurry up and tell me. I'm very busy, I don't have time to chat with you!"

Lin Yi picked at his ear with a finger. He really wasn't interested in talking to yang Dian, unless the guy could give him some information about central.

"Very soon!"

Yang Dian felt so wronged that he wanted to press Lin Yi to the ground and rub him, but he had to put on a fake smile, "It's like this, my class monitor reward has been given out. According to my request, I

didn't ask for any resources, but directly exchanged them for task points. This way, it's easy to split it in half. What do you think?"

"Not bad, it's good news indeed!"

Lin Yi was overjoyed. He didn't care about resources, but mission points were a different story. This was the hard currency of Feiyang college. No matter how many you had, it wouldn't be enough, Class monitor yang, how many mission points will you get as a reward?"

"There are 30 mission points every month. According to our agreement, half of it will be given to you, which is 15 mission points."

Yang Dian said it straightforwardly, but his heart was bleeding. Although 30 mission points could only be used to enter the cultivation room for one and a half days, it was worth 300 crystals!

You can buy a lot of things ...

Fortunately, he only got half of it, so he could at least get 15 mission points.

Chapter 6809 The Huge Cultivation Room

"There's one every month. Not bad. I didn't expect the benefits of being a class monitor to be so good!"

Lin Yi expressed his surprise at the right time, making yang Dian feel a little better.

Fine, I'll take it as Lin Yi's gift for letting me be class monitor-I won't get a single point if Lin Yi becomes class monitor!

Eh, doesn't that mean Lin Yi gave me half of the mission points? What a great advantage!

With that thought in mind, yang Dian was instantly happy, as if he had really taken advantage of Lin Yi!

It was a good thing Lin Yi didn't know what yang Dian was thinking, or he would've laughed so hard that his stomach would cramp up and wrote the word "stupid" on yang Dian's head!

After transferring fifteen points, yang Dian didn't seem to have any intention of leaving."Is there anything else? If you have something to say, just say it. Don't waste time. "

"Oh, it's like this. The cultivation room that you and Shangguan LAN 'er applied for can be entered tomorrow. There just so happens to be a group of people coming out, and there are enough spots. If you want to bring two more people in, it's no problem."

Yang Dian quickly spoke up, afraid that Lin Yi would find an excuse."I just told Shangguan LAN 'er about this, so I was thinking if I should tell you again. Since you asked, I'll tell you."

Lin Yi thought,"when did I ask you about the practice room?" How come I don't remember?

But it was a small matter, and Lin Yi didn't take it to heart. "Okay, I see. This time, only LAN 'er and I will go in. Can you help me register? what time is tomorrow?"

The Murong siblings didn't have enough mission points, so they took a mission the day before yesterday and went out to earn mission points.

Lin Yi didn't mind sharing some with them, but with Murong xuyan's pride, she wouldn't accept Lin Yi's gift. She'd rather go on missions than wear down her goal and fighting spirit to catch up or even surpass Lin Yi.

"You can enter tomorrow morning. I'll help you settle your leave before class starts, so don't worry."

Yang Dian was very considerate, as if he had completely immersed himself in the role of the class monitor.

"Then I really have to thank you for your help. See, I told you we're good friends!"

Lin Yi patted yang Dian's shoulder with a smile, as if he were a leader encouraging his subordinate. "Do it well, I think you can do better!"

Yang Dian laughed dryly, but he was cursing Lin Yi to never come out of the room again.

It didn't seem too reliable to count on that idiot Wang talong to deal with Lin Yi, but he had to have a dream. What if it came true?

"Well, cultivate well tomorrow. You'll definitely be stronger when you come out ..."

Yang Dian was cursing Lin Yi in his heart, but the words came out of his mouth so casually. He really wanted to slap himself. If Lin Yi was stronger, wouldn't he be even more unlucky?

PEI, PEI, PEI, he should be dying inside and not be able to come out!

The sky, the land, the good or the bad ... F \* ck, Lin Yi's bad luck is a good thing for me, but if he's fine, I'll be in bad luck. Which one is better?

Yang Dian's mouth twitched, almost crying at his own stupidity, but Lin Yi didn't care at all and left.

He still had to find Shangguan LAN 'er to discuss the training room tomorrow, although it didn't seem like there was anything to discuss ...

Yang Dian gritted his teeth as he watched Lin Yi leave, wondering if he should follow him into the training room tomorrow and watch Wang talong fight Lin Yi.

Then, he felt that a miracle wouldn't happen so easily. It was better for him to stay away from that idiot Wang talong so that he wouldn't be caught in the crossfire.

None of them were good people, so let them do it themselves. It didn't matter who was unlucky, they would just watch the show!

Early the next morning, Lin Yi and Shangguan LAN 'er arrived at the entrance of the training room, where there was a guard from the Academy.

"Are you guys from the training room? What's your name?"

"Lin Yi!"

"Shangguan LAN 'er!"

Lin Yi and Lin Yi gave their names with a smile, and the man looked up after a while. "There is indeed a registration to enter the cultivation room today. Take out your identity Jade card, and after verifying that there is no mistake and paying the task points, you can enter."

The so-called verification didn't need to be done manually, but just put the identity Jade card in the groove at the door, and the task points would be automatically transferred.

Lin Yi and Shangguan LAN 'er completed the procedures under the staff's guidance and walked through the door.

Not long after the two of them entered, another two students entered the cultivation room. Wang Ta long and Jia Liu also followed them in.

Probably because he felt that Lin Yi was a coward, Wang Ta long only brought Jia Liu and didn't look for any other helpers.

After all, entering the cultivation room required mission points, so it was better not to waste them if possible.

On the other side, Lin Yi and Shangguan LAN 'er were shocked after entering the training room. They couldn't believe that they were in the middle of the mountain.

What appeared in front of them was clearly an independent space with mountains, water, and sky. Who would believe that they were in the belly of a mountain?

Moreover, this space was ridiculously large, probably more than ten times the size of the foot of Earth Spirit peak. Without question, some kind of formation must have been used as a supplementary method.

When it came to spatial formations, things would pop out on their own without Lin Yi's command.

"Tsk tsk, I didn't expect Feiyang college to have such a good place. Looking at this array, it shouldn't have been set up later, but it has existed for a long time. I don't think Feiyang college has such an expert!"

The ghostly thing praised as it used its spiritual sense to observe this space. Although there was a restriction on spiritual sense here, it was only effective on the spiritual sense of cultivators below the earth formation stage. The ghostly thing was naturally not included. Even if it was affected, it would only be a little bit.

"Senior ghost, you should study it carefully. In the future, we will also find a place to set up such a formation and use it as our paradise. How about it?"

Lin Yi joked. He didn't really want to go to a place like this.

"Of course I'll study it carefully. This kind of spatial manipulation technique is worth learning from."

There were many different ways of using the laws of space, such as teleportation and other methods of crossing space, or spatial ripples that could detect hidden objects in space, and also the method of expanding a small space into a large space.

If that damned thing wanted to apply the spatial laws to his array Dao, it would naturally be better if he had more research subjects. The more techniques he mastered, the faster his array Dao would improve.

"Lin Yi, walk around. My spirit sense can't cover this entire space. In order to get the complete spatial location, you can't just stay in one place and not move."

Lin Yi's face darkened at the request. He spent the mission points to train his spirit, and this old man was telling him not to train and to wander around? Wouldn't that be too wasteful?

## Chapter 6810 Assistant Class Monitor Of The Advanced Class

Of course, Lin Yi was just thinking about it. He still had to complete the damn thing's request.

After all, leveling up his formation skills was the same as leveling up his own, and their strengths were completely the same!

"No problem. I'll take a look around after I've settled Junior Sister apprentice LAN 'er. We have plenty of time anyway."

After Lin Yi finished talking to the ghost, he took Shangguan LAN 'er to the nearest training spot.

"Lin Yi, Lil" bro, why do you think only one person can cultivate at a spot? In the past, we even cultivated together. At that time, didn't they say that we would improve faster if we cultivated together?"

Shangguan LAN 'er pouted as she complained. She didn't want to be separated from Lin Yi, and it would be great if they could train together.

"The cultivation room at that time was different from now. The two people's spiritual senses helped each other to speed up cultivation, but it's different here. I don't know if you can feel it, but after entering here, the primordial spirit has a kind of comfortable feeling of being independent from the world."

Lin Yi closed his eyes, trying to think of a way to describe the feeling. "It's as if I have a completely different and clear understanding of myself. At this time, if other people's primordial spirits and divine senses interfere, it will be a problem. "

"It does seem a little ..."

Shangguan LAN 'er mimicked Lin Yi and closed her eyes, and as expected, she felt something different,"It seems like the environment here is indeed suitable for a person to cultivate alone."

Although it was a pity, Shangguan LAN 'er could only accept this fact. Lin Yi was getting stronger and stronger, and her progress was already very fast, but she still couldn't catch up with Lin Yi's pace.

In order not to be a burden, Shangguan LAN 'er had to force herself to work harder to improve her strength, so that she could help Lin Yi when he needed it, and not be a burden to him.

Their speed was neither fast nor slow. After talking for nearly ten minutes, the nearest cultivation point to the door appeared in front of them.

Zhang jinmiao and Xu Xiaoyan had told them that the cultivation points in the cultivation room were the most suitable places for cultivation, but not every cultivation point was the same. There were the most suitable places and the least suitable places. It all depended on luck.

Because everyone's primordial spirit and spiritual awareness were different, what was suitable for you might not be suitable for yourself. Similarly, there might only be one cultivation point that was suitable for yourself!

Lin Yi's plan was to take Shangguan LAN 'er to the most suitable training spot. It didn't matter if he spent more time, since the damn thing asked him to walk around anyway.

As for how to determine the most suitable cultivation point, it depended on one's own feeling. This was a very mysterious saying. When you walked into this cultivation point, your primordial spirit would tell you whether it was the most suitable place for you.

The two of them entered the closest cultivation point, and Shangguan LAN 'er immediately cheered, ""Lin Yi Junior Brother, I feel so comfortable here, as if I've come to the safest and most comfortable place. I think this is the most suitable place for me to train, do you feel it?"

Lin Yi's mouth twitched.

To be honest, Lin Yi didn't feel anything different about his essence spirit. At most, he felt that his spirit was progressing faster.

"Little Senior Sister LAN 'er, are you sure this is the best place for you to cultivate? Should we continue to look at the other positions?"

Lin Yi asked casually. If Shangguan LAN 'er really thought it was a good place, then he'd let her stay. After all, there was no good or bad for cultivation, only suitable or not.

Shangguan LAN 'er was conflicted-this place did make her feel a sense of connection, but if she stayed, Lin Yi would have to leave on his own.

Should she continue walking around with Lin Yi? Maybe there was a better place to train, and she could even spend more time with Lin Yi-it was the best of both worlds! At most, he could just come back here.

However, it wasn't easy to enter the cultivation room. Was it really good to waste time on this?

Shangguan LAN 'er continued to struggle. She wanted to increase her strength as soon as possible, and she needed to make use of every second, but it wasn't easy being with Lin Yi, and she also wanted to make use of every second ... What a dilemma!

At this time, one of the two people who came in after Lin Yi's group also came to the cultivation spot. These two probably came here often and had a clear goal.

One of them went to another spot, while this one chose the spot Lin Yi and Lin Yi were at.

Seeing that there were people, the young man who came later frowned. After looking at Lin Yi and Shangguan LAN 'er carefully, he was sure that he didn't know them.

"Junior brothers and sisters, I'm Wang Jian, the Vice class monitor of the advanced class. This cultivation spot is the most suitable for me. You two can go and find another one!"

Wang Jian asked the two to give up their spots right away with an arrogant attitude, which pissed Lin Yi off.

Was the advanced class that great? Was a vice class monitor awesome?

How could the advanced class of Feiyang college have people like this? first, there was Wang talong, and now there was Wang Jian. Should he mention this to principal Liu Xiaoyu and tell him to reorganize the advanced class? otherwise, if they were all like this, it would be a disgrace to Feiyang college!

"What's wrong? Was this cultivation point for Wang Jian's use? Where was he? How come I didn't see it?"

Lin Yi's face darkened as he mocked Wang Jian, "Maybe it's not Wang Jian, but really cheap?"

If Jianke Wang was polite and discussed it with Lin Yi, Lin Yi might be willing to let him use it, provided that Shangguan LAN 'er agreed.

On the other hand, Shangguan LAN 'er was still hesitating whether she should stay or follow Lin Yi around-as long as Wang Jian asked politely, she'd definitely agree to it without hesitation, and perhaps even be grateful for Wang Jian's decision.

It was a pity that Wang Jian had missed the best opportunity. Now, it was impossible for him to get the points easily. Lin Yi wouldn't agree to it, and Shangguan LAN 'er would definitely not agree to it.

From another perspective, Wang Jian had made a decision for Shangguan LAN 'er ...

"What are you saying? Are you trying to provoke me?"

Wang Jian's face darkened as he heard Lin Yi's words, anger in his eyes, "Didn't you guys hear me? I'm the assistant class monitor of the advanced class, Wang Jian!"

"Oh, the assistant class monitor of the advanced class! You scared me to death!"

Lin Yi made a terrified expression, even patting his chest with his palm. He turned to Shangguan LAN 'er and said, "What do we do, what do we do? You've offended a Big Shot!"

Shangguan LAN 'er really wanted to play along with Lin Yi's act, but she couldn't help but burst out laughing as she covered her mouth and shrugged.

Really, that smile was not ladylike at all!
