

Bodyguard 6811

Chapter 6811 Convinced After A Violent Beating

The veins on Wang Jian's forehead popped out. Are these two guys tired of living? There were no teachers in the Academy to look after the cultivation room. Was he courting death?

"Apologize to me immediately and give up your cultivation spot, and I'll let you go. Otherwise ..."

Wang Jian's eyes narrowed into a slit, a dangerous glint flashing in them.

"Otherwise what? How are you going to take revenge on us?"

Lin Yi looked at Wang Jian with a smile that wasn't a smile. He knew that the training room could block out the spirit sense from the outside, so if Wang Jian really wanted to fight, Lin Yi didn't mind letting him know that not everyone had the right to be arrogant!

"You two should be students from the intermediate class, right? I don't know what your background is, but if I want to teach you a lesson here, no one can stop me. When we get out, if I want to teach you a lesson, no one will be able to stop me!"

Wang Jian revealed a trace of pride. In his opinion, dealing with two kids from the intermediate class couldn't be any easier. Whether it was his own strength or his influence as the Vice class monitor of the advanced class, he could easily crush them.

"Then do it, no one's stopping you!"

Lin Yi looked left and right, confirming that no one was pulling her!

"It seems that you are really tired of living! Since you want to die, I'll fulfill your wish!"

Wang Jian grinned hideously and pounced on Lin Yi, ready to send him flying with a slap.

With his strength at the peak of the mountain-opening realm, it would be a piece of cake for him to deal with an opponent at the peak of the early stage of the mountain-opening realm. However, Lin Yi was the last unstable factor in this!

Lin Yi didn't even move a finger, he just released a spirit sense attack. Wang Jian's body was still in the air, but his head felt like it was hit by a hammer, he suddenly leaned back and his body flipped back.

If it was any other time, an advanced class student like Wang Jian would naturally wear all sorts of spiritual sense defense tools. However, when entering the cultivation room, no one would continue to wear these things.

One reason was that the cultivation room had restrictions on spiritual sense. Almost no one could release their spiritual sense and launch an attack, so it was useless to bring it. The second was that when cultivating, wearing spiritual sense defensive props would greatly affect the cultivation effect.

Everyone spent task points to come in and cultivate their spiritual sense. Who would have nothing better to do than to bring a spiritual sense defense tool to affect their cultivation?

Therefore, when Wang Jian entered, he had already put away all his spiritual sense equipment.

Lin Yi naturally knew this, so a simple clash of consciousness was enough to take care of this arrogant guy!

Wang Jian, who had fallen heavily to the ground, was dumbfounded. He really couldn't understand how he had fallen to the ground without even seeing his opponent's attack.

After being dizzy for a while, Wang Jian finally came back to his senses. The turbulence in his sea of consciousness had not subsided yet. This was a F * cking spiritual attack!

And it was a relatively simple collision of spiritual awareness!

After thinking it through, Wang Jian really wanted to cry but had no tears. He had never thought that he would one day be dealt with by someone's spiritual sense!

"You ... How can you use your divine sense skill here?"

Wang Jian stood up and looked at Lin Yi in shock.

It was said that those who could use their divine sense in the cultivation room were at least Masters in the middle and late stages of the earth-splitting stage. Was this kid in front of them at the earth-splitting stage?

That was impossible! He must have used some kind of method!

Thinking of this, Wang Jian quickly took out his spiritual awareness defense tool from his storage bag and put it on, his heart calming down.

"Kid, don't think that you can do whatever you want just because you used some tricks. If you have the ability, try again!"

Wang Jian, who thought that he had made up for his shortcomings, once again pounced forward with a ferocious expression. He raised his hand and was ready to activate his martial skill.

Wang Jian only wanted to teach Lin Yi a lesson and make him kneel down and apologize. He wanted to humiliate Lin Yi a little and then pretend to forgive him, but now he just wanted Lin Yi to die!

What a murderous aura!

Unfortunately, before he could activate his martial skill, Lin Yi's figure flashed, and Wang Jian lost track of Lin Yi.

What followed was a sharp pain in his lower abdomen, as well as a tremendous force that sent his entire body flying backward.

Before he could react, his body that was still flying in the air suffered continuous attacks.

After being hit continuously, Wang Jian was completely dumbfounded. He had no way to fight back and could only rely on his instincts to defend.

Lin Yi easily and happily beat Wang Jian up like a sandbag. Based on the principle of hitting people, not hitting their faces, Wang Jian's face was at least intact, of course, only his face was not injured.

Other than his ordinary-looking face, Wang Jian's body was probably covered in bruises!

"Alright, stop playing dead on the ground. Get up and get lost."

Lin Yi felt refreshed after the fight and kicked the curled-up Wang Jian, deciding not to argue with him.

Wang Jian looked like he was beaten up badly, but Lin Yi didn't even use much strength. It was just a superficial wound, and he only needed to circulate his pure Qi a few times to clear the clotted blood and everything would be fine.

He was just a little cocky, and Lin Yi didn't need to kill him. He was a student of the advanced class, after all, and he had to give him some face.

Wang Jian's body twitched after being kicked by Lin Yi. He carefully peeked at Lin Yi through his arm and after making sure that Lin Yi wasn't joking, he quickly got up from the ground and ran away without saying anything.

It seemed that Wang Jian had been beaten into submission ...

Little Senior Sister LAN 'er, do you want to stay here or continue to find other cultivation points?"

Lin Yi shook his head as he watched Wang Jian leave. He then turned to Shangguan LAN 'er and asked, "If you think this place is not bad, I will set up a defense array here to prevent anyone from disturbing you."

The training spot itself had a defense array, and it was a pretty high level one, a level 8 one. But with Lin Yi's current standards, a level 8 formation was obviously not enough. For Shangguan LAN 'er's safety, it should at least be a level 9 formation!

"Hmm...Then I'll stay here. I feel that this cultivation spot is very suitable for me!"

Shangguan LAN 'er pondered for a moment before making a decision, or rather, Wang Jian had already made a decision for her.

Lin Yi had already chased her away, if she didn't stay, wouldn't it be a waste of Lin Yi's effort?

In fact, Shangguan LAN 'er was thinking too much-Lin Yi didn't have any intentions at all!

It was purely because he didn't like Wang Jian's arrogant attitude, plus that idiot was asking for a beating, so Lin Yi didn't hold back.

Wang Jian wasn't crippled or killed by Lin Yi, he should really go back and burn some incense.

Chapter 6812 I Finally Found You

"Alright, what's most important is that you think it's suitable. I'll immediately set up a defense array for you to ensure your safety when you cultivate in the cultivation site."

Lin Yi did as he said and immediately started waving the formation flags. There was a spirit vein underground, so he didn't have to worry about the energy problem of the formation being broken through.

With the guidance of this damn thing, the level nine formation was set up very quickly. Shangguan LAN 'er watched Lin Yi busy the whole time, her eyes full of gentleness and admiration.

"Well, Junior Sister apprentice LAN 'er, you can start cultivating. I'll come to find you when it's almost time. Don't run around alone. It looks dangerous here."

It wasn't the cultivation room that was dangerous, but the people inside. They would start a fight if they didn't agree with each other. Shangguan LAN 'er was not strong enough, so it was indeed dangerous.

"Okay, I got it. Lin Yi Lil" bro, go find a suitable spot, I'll be waiting for you here. "

Shangguan LAN 'er smiled and nodded, waving at Lin Yi before entering the training point and activating the defensive array.

Following that, the cultivation spot lit up, indicating that there were already people cultivating here. Other people who wanted to come could see it from afar, so they could directly turn to other cultivation spots.

Lin Yi smiled slightly. He knew that Shangguan LAN 'er didn't want him to worry, so she pretended to enter the cultivation state immediately. In fact, she was mostly watching Lin Yi at the cultivation point, and would only cultivate in peace after Lin Yi left.

"Senior Sister LAN 'er, I'm leaving now. Wait for me!"

Lin Yi waved his hand at the location and activated the formation he'd set up outside. He used his butterfly microstep and went to the next location.

It wasn't that Lin Yi didn't want to hurry, but the thing was that he couldn't be too fast. He needed to observe every place he passed, so lightning movement was out of the question. He gave up on the Super limit butterfly micro steps, too. He could only accept the normal butterfly micro steps.

As for why he had to go to the next cultivation spot? Of course, he was going to see which cultivation spot was suitable for him to cultivate at!

After an hour of wandering around, Lin Yi arrived at the third spot. The second spot was already occupied, so he didn't stop.

What Lin Yi didn't expect was to meet Wang Jian at the third practicing spot. The guy seemed to have lost his direction after losing his usual practicing spot, not knowing where to go.

"Yo, what a coincidence, we meet again!"

Lin Yi grinned and waved at Wang Jian in a friendly manner, but Wang Jian jumped back and looked at Lin Yi warily.

Was he afraid of being beaten up again? It seemed that he had a psychological shadow!

"What a coincidence, we meet again!"

Wang Jian forced out a smile, not knowing what to say.

To be honest, he was a little suspicious-why did Lin Yi beat him up just now?

With Lin Yi's strength, he shouldn't have been so aggressive, not giving him a chance to fight back. Thinking about it, maybe it was because of the collision of consciousness at the beginning?

Because his Yuan Shen was hit, Wang Jian thought that his strength was affected, and Lin Yi's speed was strangely fast!

He didn't notice and got hit by Lin Yi's combo!

When Lin Yi hit him, it did hurt, but that was all. Not long after, his injuries were all healed!

This made Wang Jian suspect that Lin Yi's attack power was very weak. Did he only rely on his spirit sense to sneak attack, plus his super fast movement and attack speed, to suppress him when he was unprepared?

"What, you still haven't found a suitable place to cultivate? This won't do either?"

Lin Yi had just beaten up Wang Jian and didn't want to continue making things difficult for him. He even greeted him in a friendly manner, as if he was reuniting with an old friend.

"This isn't very suitable. If you need it, you can take it."

Wang Jian's tone wasn't very good. Anyone who had just been beaten up wouldn't have such a good tone.

But he was telling the truth-the one that was most suitable for Wang Jian was the one that Shangguan LAN 'er was at, and the one in second place was the one that Lin Yi saw with people ...

Wang Jian felt that he was really unlucky today. The two most suitable spots had already been taken, and the third most suitable spot was the cultivation spot furthest away. He wasn't sure if he should go.

The effect of the cultivation point in front of him was much worse, but after deducting the travel time, it was actually about the same as the third place.

But even so, Lin Yi was going to take it away?

Could he be any more unlucky?

Wang Jian even wanted to leave the cultivation room immediately and come back next time.

Or should he attack again and see if Lin Yi was just for show? That beating just now was a mistake?

After some consideration, Wang Jian decided to give up on the idea. Even if he wanted to test Lin Yi, he couldn't waste his time in the training room. What if he guessed wrong?

"Don't worry, I won't snatch your cultivation spot this time. I'm just here to experience the environment of this cultivation spot.

Lin Yi waved his hand with a smile and walked into the spot on his own. After feeling it for a while, he was sure that this spot was no different from the first one. It didn't seem to be the one that suited him.

"It seems that I have to continue looking for him. You can cultivate here. See you later!"

Lin Yi smiled at Wang Jian, who stuck his head out and followed him in. He waved his hand casually and prepared to continue his wandering journey.

Wang Jian's heart relaxed. So this kid wasn't lying. He really didn't want to fight with me for this cultivation spot. At least he wasn't that unlucky!

At that thought, Wang Jian suddenly realized that he was afraid of Lin Yi.

She felt that Lin Yi's strength wasn't as strong as he appeared to be, so why was she subconsciously afraid of him?

It seemed like he had to test Lin Yi out, or else Lin Yi would become his inner demon!

Just as Wang Jian was struggling in his heart, Lin Yi, who had just walked out of the training area, was stunned to see two familiar faces in front of him. They were the Kongtong King and Jia Liu!

"Lin Yi, I finally found you! Let's see where you're going to run to this time!"

Wang talong laughed as he signaled Jia Liu to be on guard, not giving Lin Yi any chance to escape, "Brat, if you don't kneel down and beg for mercy today, don't even think about leaving this place!"

"Aren't you that evil dog that steps on Dragons and horses? don't tell me that you're bored and came to chase me, just to get beaten up?"

Lin Yi raised an eyebrow. Was there another guy coming to get beaten up? No, it was two!

As sandbags, the two of them seemed more qualified. Come on, come on, my fists are already thirsty!

"Lin Yi kid, your mouth is still as cheap as ever. I hope you can still say such shameless things later!"

Wang talong opened his arms and was ready to launch an attack when he saw another Wang Jian appear behind Lin Yi.

Chapter 6813 Why Aren't You Helping?

This was the assistant class monitor of the advanced class. He was very strong, and it was said that as long as his spiritual sense improved, he would be able to successfully split open the earth and enter the next level.

"Class monitor Wang, you're here too? You know Lin Yi?"

Wang talong quickly retracted his pure energy. If Lin Yi and Wang Jian were friends, then it wouldn't be good for him to make a move ... It wasn't that he was giving Wang Jian face, but that even he and Jia Liu combined wouldn't be Wang Jian's match.

"It's Wang Ta long, you also came to the cultivation room to cultivate? What a coincidence!"

As he spoke, Wang Jian turned around and glanced at Lin Yi. He said casually, "So your name is Lin Yi? I didn't even bother to ask for your name just now. "

This meant that he had no relationship with Lin Yi, and was just a passerby!

Wang talong's eyes lit up. As long as Wang Jian and Lin Yi weren't related, he wouldn't have any pressure dealing with Lin Yi.

Plus, Wang talong and Wang Jian were both advanced class students, and Wang talong had interacted with Wang Jian before when he was the class monitor of the intermediate class. He might be able to get Wang Jian to help him deal with Lin Yi.

"Squad leader Wang, please step aside. I have a grudge with this kid. I'll have a good talk with you after I've settled it."

Wang Ta long gave Jia Liu a meaningful glance. He was about to make his move!

Time in the practicing room was precious, and Wang talong didn't want to waste his time talking to Lin Yi-he had to take him down first!

"Ahem, Wang talong, what's going on between you and Lin Yi? If it's not a big grudge, then peace is the most important! After all, we're all from the same sect!"

Wang Jian wanted Wang talong to attack Lin Yi so he could observe Lin Yi's strength. That was why he pointed out that he had no relationship with Lin Yi!

However, Wang Ta long was still a member of the advanced class. Even if Wang Jian wanted to trick him, he had to leave no evidence behind. He had to pretend to persuade Wang Ta long, which was the foreshadowing he had set up!

"Class monitor Wang, you don't have to say anything else. I have to teach this arrogant Lin Yi a lesson today. We're all from the advanced class, even if you don't help me, you can't help an outsider, right?"

Wang talong thought that Wang Jian was going to interfere, so his words were a little stiff. But when he saw Wang Jian winking at him, he suddenly understood!

So Wang Jian said that on purpose to prevent Lin Yi from saying that the class monitor didn't want to help? As expected, he was scheming!

Wang talong, who thought that he had understood Wang Jian's intentions, gave him a look of understanding. He raised his hands and his true Qi exploded!

As long as Wang Jian didn't interfere, Wang talong felt that Lin Yi would be a piece of cake for him!

However, just as Wang Ta Long's hand was raised, before it could reach him, let alone capture him, a spirit sense collided heavily into his spirit sense.

Wang Jian looked at Wang talong's head jerking up with a gloating expression. He felt an indescribable pleasure in his heart. The torture he had just gone through would only be better if someone else had also gone through it.

It's better to be happy together than to be happy alone!

Jia Liu was slightly stunned. He had yet to understand why Wang talong would suddenly fall backward. His own sea of consciousness had also suffered a similar collision. Thus, he immediately understood why Wang talong was like this ... Because he was doing the same action.

Following that, Wang Jian saw Lin Yi seemed to have turned into a tornado as he circled around Wang Ta long and Jia Liu, punching and kicking them continuously. The crackling sounds were endless.

Wang Jian finally saw clearly how he had been beaten up just now. It was indeed brutal!

Lin Yi's attack didn't look strong, but this speed ... Wang Jian felt like he couldn't keep up no matter what ...

In other words, in front of Lin Yi, he, Wang Jian, could only be beaten up. What a sad story!

At this moment, Wang Ta long and Jia Liu were repeating the mental journey that Wang Jian had experienced previously. Other than being dumbfounded, they were still dumbfounded. At that time, Wang Jian was dumbfounded, and now, the two of them were dumbfounded. Dumbass!

While they were being beaten up, Wang Ta long and Jia Liu were wondering what was going on. They really didn't understand what had happened to them. Why had they been beaten up so badly by someone weaker than them?

And it was two against one, Oh, wrong, it was one against two!

No one would believe it!

Wang Jian squinted his eyes as he watched Lin Yi beat up the two, thinking about how to deal with it. He'd already been beaten up once, and he'd watched from the side again, but he still felt that it was hard to deal with.

Was this the so-called "only speed can not be broken"?

Unless one's speed was faster than Lin Yi's, it would be difficult to break through Lin Yi's storm of attacks, especially under the collision of the spirit sense!

Thinking of the collision of consciousness, Wang Jian's eyes suddenly lit up!

That's right, if he wasn't hit by the spirit sense, it wouldn't affect his combat ability. As long as he could defend against Lin Yi's first attack, he wouldn't be able to use the combo after that!

Then, he'd use a powerful martial skill for an area-of-effect attack, forcing Lin Yi to give up on his speed and face the attack head-on. That should work, right?

This would definitely work!

Wang Jian was secretly excited, thinking that he finally found a way to deal with Lin Yi. However, this method seemed to be something he could only try after he got out of the room. Lin Yi was able to use the spirit sense skill in the cultivation room, so it must be some kind of item.

After a while, Lin Yi finally stopped after he'd had enough fun.

"These two idiots. They think they're proud if I don't beat them up. Once, twice, and even three or four times, they're coming at me. I'll be letting you down if I don't beat you up!"

Lin Yi didn't forget to taunt him even after he'd stretched his arms and legs. He waved his hand at Wang Jian, "So cheap! I'm leaving, see you later!"

F * ck! I'm Wang Jian, not a real b * stard!

The veins on Wang Jian's forehead were popping, but he held it in and didn't make a sound. What if he angered Lin Yi and he came back to beat him up? he didn't seem to be able to withstand it now.

Although he had already put on his spirit sense defense device, what if Lin Yi's device could counter it?

Wang Jian's mind was spinning as Lin Yi disappeared into the distance. Only then did Wang Ta long and Jia Liu stand up, groaning.

Just like Wang Jian, Lin Yi didn't hit them in the face, but there were bruises all over their bodies, which would disappear soon. He was being merciful.

Unfortunately, Lin Yi didn't know that his mercy was being treated as a lack of attack power by Wang Jian. If he knew Wang Jian's thoughts, Lin Yi might just laugh out loud and show him what attack power is!

"Senior brother Wang, class monitor Wang! Why aren't you helping? We are from the same advanced class!"

Wang talong was depressed, and he couldn't help but start to complain about Wang Jian.

Chapter 6814 The Forbidden Area Of The Cultivation Room

She'd come to Lin Yi happily and wanted to teach him a lesson, but Lin Yi did it!

And in such a humiliating way, Wang Ta long was so depressed that he was about to explode.

"Wang talong, I've already hinted to you not to mess with Lin Yi, but you didn't listen, and now you're blaming me for not helping?"

Wang Jian snorted unhappily. The foreshadowing he had left behind just now was now useful for the sect.

"When did you ever hint to me?"

Wang talong was at a loss. He carefully recalled the conversation he had with Wang Jian after he came here, and then he realized ... It seemed like there really was a hint!

Wang Jian had tried to persuade Wang Ta long to make peace, but Wang Ta long didn't listen. Wang Jian winked at Wang Ta long, but Wang Ta long thought that he was hinting him not to take his words seriously ...

F * ck! It wasn't a question of whether it was true or not, but this was a F * cking trap!

"You don't remember? Think again, did I give you a look? Tell you not to provoke him? I didn't dare to provoke him, so I didn't tell you loudly!"

Wang Jian felt that he couldn't make Wang talong unhappy, so he dragged himself down with him and told him about how Lin Yi taught him a lesson. Wang talong felt much better after that.

If I'm unlucky alone, that's really unlucky. If the two of you are unlucky with me, then I feel very lucky ...

Wang Jian and Wang talong's relationship became a lot closer after a few words, and the two decided to form an alliance-they'd fight Lin Yi together if they had the chance!

He had to get back the face he had lost today!

He had to return the beating he had received today!

The humiliation he suffered today must be paid back in double!

.....

After making up his mind, Wang Ta long asked a very practical question, ""Brother Wang, how should we deal with Lin Yi?"

Wang Jian pinched his chin and pondered for a moment before slowly saying, "Did you guys notice that before Lin Yi made his move, he used his spirit sense skill to attack your spirit sea, and then seized the opportunity to launch a lightning-fast, storm-like attack!"

"If you put it that way, it seems to be true!"

Wang Ta long was slightly startled, and his face immediately revealed a shocked expression, ""Wait, why is Lin Yi able to use a spirit sense skill?"

Wang Jian was disdainful-did Lin Yi beat him into an idiot? Only now did she realize that Lin Yi could use spirit sense? How did he become the class monitor of the intermediate class in the past?

"I suspect that Lin Yi has some kind of tool that can protect him from the suppression of the spiritual sense in the training room, and that's why he can use spiritual sense attacks. After we came in, we took off our defensive tools out of habit, so naturally, Lin Yi can kill us all with one hit."

Wang Jian's face didn't reveal any trace of disdain for Wang talong, and he calmly explained his speculations, ""I think we won't be as passive when facing Lin Yi if we have the spirit sense defense item,"

Although he said that, Wang Jian still didn't dare to personally test if his idea was correct.

"That makes sense! Senior brother Wang is indeed wise! Should we go after Lin Yi now? As long as he's not attacked by the spirit sense, the three of us can take him down!"

Wang talong agreed and immediately gathered Wang Jian to fight Lin Yi with them, ""Lin Yi isn't too far away, we should be able to catch up with him soon."

Wang Jian's lips twitched slightly. He could block the spirit sense attack, but he wasn't confident in dealing with Lin Yi's ghostly speed.

"Don't worry about Lin Yi yet, I came in to train my spirit sense and wasted a lot of time. We'll talk about Lin Yi after we get out. "

Wang Jian shook his head and rejected Wang talong's suggestion. It wasn't easy to enter the cultivation room, and he could only last for 20 hours. He had already wasted about two hours, and he couldn't waste any more.

"But after we leave, the people from the school will interfere, and it won't be easy for us to deal with Lin Yi!"

Wang Ta long was depressed, and he couldn't help but Mutter, ""If I could take care of Lin Yi outside, why would I come in here? Sending themselves to Lin Yi's door and giving him a beating?"

Wang Jian didn't hear what Wang talong was mumbling about, but he didn't care. The most important thing right now was to train, not to chase Lin Yi.

As long as he had a breakthrough in his spirit, Wang Jian's breakthrough to earth formation stage would be almost certain. At that time, he would be able to take care of Lin Yi.

Well, he really couldn't! Unfortunately, Wang Jian didn't know ...

"We'll find a chance to deal with Lin Yi eventually, but now's not the time. You guys go and find a place to cultivate, I'm going to start too!"

Wang Jian waved his hand to chase Wang talong away. If Wang talong continued to ramble on, he would waste a lot of time, and he really didn't want to delay his cultivation.

"Alright, then let's go cultivate first. We'll discuss this matter with senior brother Wang later."

Wang talong nodded resentfully and cupped his fists to Wang Jianlue, "Later on, I will wait for senior brother Wang at the door of the cultivation room with Jia Liu. Let's eat something and chat while we eat."

"Alright, I'll see you later!"

Wang Jian didn't refuse this time. He simply cupped his hands, turned around, and entered the cultivation point, starting to cultivate his spiritual sense.

Wang Ta long and the other man had no choice but to find a suitable cultivation spot to cultivate. Since they were already here, they couldn't waste it.

As the three of them split up, Lin Yi continued to wander around on his own, completing the monster's request. However, during this process, Lin Yi's spirit sense was activated the entire time.

In this cultivation room, the cultivation point was naturally the best place to cultivate, but it wasn't necessary to cultivate at the cultivation point. In the entire cultivation room, any point could cultivate the spiritual sense.

Lin Yi's battle tactics of heaven's fortune was a top tier technique, so he was naturally affected by the environment.

It was because of this that Lin Yi noticed a phenomenon-the closer he was to the center of the mountain, the faster the heaven's stolen fortune circulated, and the better the effect of his spiritual sense.

The cultivation spots he passed by weren't necessarily better than the center, and so Lin Yi slowly moved closer to the center.

After another four hours, Lin Yi had walked around the entire room, but he couldn't enter the core area because of the formation.

"This is a restricted area. What's inside? You're being mysterious. "

Lin Yi touched the invisible barrier in front of him and mumbled, "Senior ghost, can you break this formation?"

"Wait, I need to take a look first."

The damn thing didn't have much confidence either. Otherwise, with his eyesight and formation skills, he would be able to see the depth of the formation with a glance. Only when he wasn't confident would he need time to observe.

Chapter 6815 Big Sister, Big Sister Li Xiaomeng

Lin Yi nodded slightly and looked around himself, trying to see if he could find any clues.

It was a pity that while Lin Yi's formation skills improved at a godly speed, there was still a huge gap between him and this thing. If this thing couldn't see through formations, then there was no way he could.

"There's nothing I can do. This array is quite advanced, and I can't break it in a short time. I didn't expect there to be such a powerful defense array here!"

After a long while, the ghastly thing couldn't help but sigh. "How profound were the array Dao in the past? now, most of it has been lost and what's left is just a superficial knowledge. Who else can set up the defensive array and the space-expanding array here?"

"Senior ghost, if you study it properly, you might be able to crack and learn these two formations!"

Lin Yi smiled as he consoled the ghostly thing. It wasn't exactly consoling-he really did think so. The ghostly thing was a super genius in formations.

"You're right, kid. There's no formation this old man can't study. As long as I have enough time, I'll definitely be able to crack and learn these two formations!"

The ghostly thing laughed and said heroically, ""Lin Yi, you stay here and cultivate. I'll study these two formations."

"No problem. This place is very suitable for my cultivation. Even if you didn't say so, I would have chosen to stay here!"

Lin Yi smiled and shrugged. He wasn't talking nonsense-this area was more suitable for him than any other training spot. The effect was definitely great, and his spirit sense, which didn't grow much, was obviously loosening up here.

As he sat down, he suddenly thought of Shangguan LAN 'er, "No, senior ghost, little Senior Sister LAN 'er is still waiting for me. I'll tell her first and ask her to go out by herself when it's about time."

Xu Xiaoyan said that no one in this cultivation room could persist in cultivating for more than 24 hours, so the price of 20 points at a time was equivalent to 20 points a day. If one forcefully continued to cultivate, they would eventually suffer the backlash of the divine sense.

However, after Lin Yi came in, he didn't feel that he was restricted. Perhaps he would spend more than 24 hours in one cultivation session, so he had to make arrangements for Shangguan LAN 'er.

Otherwise, Shangguan LAN 'er would be seriously injured if she insisted on staying at the cultivation point just to wait for Lin Yi to go out with her. This was a situation that Lin Yi didn't want to see.

The damn thing didn't object-with Lin Yi's speed, it wouldn't take long for him to get back to the spot if he didn't take so long to observe the formation.

He used his lightning escape technique to return to Shangguan LAN 'er's training spot, not bothering her.

Lin Yi entered the formation he set up and left a message for Shangguan LAN 'er at the entrance, telling her not to wait for him. He then returned to the edge of the forbidden area.

After he started training, time flew by, and around 20 hours passed in a flash. Lin Yi's spirit body felt like it was soaking in a hot spring-it was extremely warm and comfortable, while the others who entered the training room had mostly reached their limits.

People had already started to leave the entrance of the cultivation room. There were also people who came to wait for the next wave of people who wanted to go in to cultivate. However, because the people inside had not all come out, they could not open the next time.

Wang Jian and Wang talong appeared at the exit together, while Jia Liu had been waiting here for two hours.

Before the three of them could gather, a woman in red walked over. She frowned when she saw the three of them.

"Wang Jian, Wang talong, what's going on with you two? Did you fight inside?"

The red-robed woman's expression was cold as she looked at Wang Jian and Wang talong's sorry state. She seemed to be a little unhappy.

"Senior Sister li!"

"Senior Sister li!"

When Wang Jian and the other man saw the red-robed lady, they hurriedly cupped their fists and saluted her. Their faces even revealed a slightly embarrassed expression.

Jia Liu did not know the lady in red, but he had heard of her name. He immediately bowed and greeted her with a look of reverence and fear.

This red-robed lady was rather famous in the Feiyang Academy. It was just that Jia Liu had never had the chance to meet her.

Her name was Li Xiaomeng. She was quite pretty, but she had nothing to do with being cute. It was said that she had a sect background, so she was quite overbearing.

Li Xiaomeng was one of the twenty students in the advanced class. Although she didn't hold the position of class monitor or vice class monitor, Wang Jian, as the Vice class monitor, had to bow his head and greet Li Xiaomeng when he saw her.

To put it bluntly, Li Xiaomeng was like a big sister in the advanced class. She was not the class monitor, but she had more authority than the class monitor.

"Say something! I'm asking if you guys fought!"

Li Xiaomeng didn't even glance at Jia Liu. She continued to stare at Wang Jian and the other man. "After entering the cultivation room, instead of making good use of the time to cultivate, you still have the mood to fight? The face of the advanced class is going to be lost by you guys!"

Wang Jian and Wang talong looked at each other and saw the pride in each other's eyes.

The two could've packed up before coming out-Lin Yi didn't kill them, after all, and they'd be completely healed in two hours if it was just a small wound. They had spare clothes in their storage bags as well.

The reason why he came out like this was because Wang Jian, the Vice class monitor, knew that Li Xiaomeng was in the next group of people to enter the cultivation room!

This was deliberately shown to Li Xiaomeng. For this reason, Wang Jian even deliberately found Wang Talong and asked him to cooperate with him to make his image even more miserable!

"Senior Sister Li, we didn't fight with each other. We were beaten up by a kid from the new student class who had just advanced to the intermediate class ..."

Wang Talong lowered his head, looking as if he couldn't bring himself to speak, "That newbie is very arrogant. Not only did he rob our cultivation spots, but he also took the initiative to attack us ..."

"At first, we were just trying to reason with him and didn't tell him that we were from the advanced class. However, he said that he had never seen us in the intermediate class and asked if we were from the advanced class."

Wang Jian also put on an embarrassed look and even deliberately blushed. His acting skills were definitely full marks. "I thought that he would still be in awe of the advanced class. Who would have thought that after he confirmed it, he would laugh wildly and say that the advanced class was nothing more than this. He didn't want to join the advanced class. Otherwise, the advanced class's ... Trash ... Who could be his match?"

Li Xiaomeng's pretty face was frosty, but the anger in her eyes was enough to burn people to ashes. If Lin Yi was here, she would've made a move immediately to clear the name of the advanced class!

As the big sister of the advanced class, she was already pissed that someone dared to beat up an advanced class student. With Wang Jian's simple description, Lin Yi was on her blacklist without a doubt!

"Trash! You two are really trash! You can't even deal with a kid from the new class, and you were even beaten up to this state. I really don't know how you guys even got a place in the advanced class!"

Chapter 6816 Simply An Actor

Li Xiaomeng scolded sternly, her delicate hands clenched into fists, and the blue blood vessels on her white skin bulged faintly. She was obviously really angry.

Wang Jian and Wang talong's lowered eyes flashed with pride once more, but this time, they didn't look at each other. Instead, they bent down in tacit agreement, continuing to act as if they were in fear and embarrassment.

If Lin Yi saw their performance, he'd give them a like for sure-they were actors!

Jia Liu, who was watching from the side, was dumbstruck. Wang Jian and Wang Ta long did not tell him about their plan, but a smart person like Jia Liu understood everything in a moment's time!

He wanted Li Xiaomeng to be the gun!

With regards to their acting skills, Jia Liu was even more impressed. If 100 points were full marks, he would give Wang Jian and Wang talong 82 points, and split the remaining 18 points into 666 points to give to them!

"Senior Sister Li, that kid's name is Lin Yi. I heard that he's the Super genius of this year's new class. He's been in the limelight for a while, and his strength is also unfathomable. He can actually use a spirit sense attack in the cultivation room!"

Wang talong made Lin Yi sound like he was very powerful so that Li Xiaomeng would be interested.

However, when he thought about it carefully, it seemed like he was telling the truth, without any elements of fabrication!

"That's right, Senior Sister Li, that Lin Yi kid can not only use spirit sense skills in the cultivation room, his attack speed is also super fast. After he sneaked an attack on us, our sea of consciousness was in chaos, and then we were crushed by the storm of attacks!"

Wang Jian and Wang talong were in sync with each other as they sang and bragged, "If Lin Yi didn't use his spirit attack first, we might be able to defend and fight back, but after his spirit sea was attacked, we can't even defend!"

"You can use spirit sense attacks in the cultivation room?"

Li Xiaomeng was slightly stunned, and the murderous look on her face disappeared instantly. Instead, she became a little solemn. "Are you guys sure that Lin Yi kid can do this?"

Li Xiaomeng, who had a sect background, was very knowledgeable. Of course, she knew what this meant!

In the training room, only Masters at the late-stage of earth creation or above could release their spirit sense, and it might not even be able to form an attack power. What did it mean if Lin Yi could do it?

This meant that Lin Yi was a master at the late stage of earth-opening?

How was this possible? Lin Yi was just a new student who'd just gotten into the intermediate class-how could he be at earth-opening realm or higher?

Li Xiaomeng herself was also a genius with outstanding talent. She was already at the great circle of mountain-opening at a young age and had even entered the half-step earth-opening realm, which was close to the threshold of the earth-opening stage, so she immediately ruled out this possibility.

How could there be someone more talented than her? That was impossible!

"Senior Sister li, we're guessing that Lin Yi used some spirit-related item to use the power of the item to attack in the cultivation room!"

Wang talong observed Li Xiaomeng's expression and was afraid that she would back down. He immediately threw out their guesses,""So we're planning to wait for Lin Yi to come out and then find a chance to test him. As long as he has a spirit sense defense item, we won't be afraid of him!"

"Spiritual awareness tool? It's possible!"

Li Xiaomeng's face relaxed and felt that this was reasonable. ""But you two are still trash! You can't even deal with a kid from the new class, you're really giving face to the advanced class monitor!"

Wang Jian and Wang talong apologized in unison, and Li Xiaomeng's big sister attitude soared.

"Just wait, Senior Sister will help you get back at them!"

Li Xiaomeng waved her hand and walked into the cultivation room with her head up and chest out. However, she was stopped by the college staff who was guarding the cultivation room.

"I'm sorry, it's not time for the next batch to enter yet. Please wait a moment, or you can go back first!"

The staff member was very polite, but not enthusiastic. So what if she was a genius from the advanced class? she had nothing to do with him, so he naturally didn't need to flatter her.

"There should only be one or two people left inside, right? What's wrong with me going in a little earlier?"

Li Xiaomeng frowned slightly. Although she knew that this was the rule of the cultivation room, she couldn't help but show off her sense of superiority. "Move aside. I'm only going in to find someone. It shouldn't affect me if I don't cultivate."

There didn't seem to be any problem with his words, but the staff member didn't respond at all. He just smiled and shook his head."According to the Academy's rules, before the first batch is completely out, the next batch can not enter. It doesn't matter who comes."

Li Xiaomeng was stunned. The other party's meaning was very clear. Not to mention that you're just an advanced class student with a sect's background, even if the sect's leading figure came, he had to abide by the Academy's rules.

Although he would definitely not be able to stop the sect's higher-ups from entering the cultivation room by force, it was more than enough to stop Li Xiaomeng now.

"Good! I'll be waiting, waiting for that Lin Yi kid to come out!"

Li Xiaomeng secretly gritted her teeth, but she couldn't flare up at the staff. She could only stomp her feet and stand at the entrance angrily, muttering,""No one has ever been able to last more than 24 hours in the cultivation room. That kid has been in there for about 24 hours. I'll wait for you a little longer!"

Shangguan LAN 'er had just come out and heard Li Xiaomeng mention Lin Yi. She immediately looked at the woman in red warily.

She wanted to wait for Lin Yi to come out with her, but after seeing Lin Yi's message, she didn't force herself to stay in the room.

After all, the backlash of a spirit was no small matter, and Shangguan LAN 'er was focused on increasing her strength so that she could help Lin Yi in the future. She didn't want anything to happen to her in the cultivation room.

Li Xiaomeng felt Shangguan LAN 'er's gaze. She turned her eyes and coldly glanced at Shangguan LAN 'er's delicate face. She said in an unkind tone, ""What are you looking at? Haven't you seen a girl more beautiful than you?"

Wang Ta long and the others couldn't help but Twitch their lips. Li Xiaomeng was pretty, but it would be a little too much to say that she was prettier than Shangguan LAN 'er.

In fact, anyone with a discerning eye could see that Shangguan LAN 'er only looked a little young and inexperienced, far from Li Xiaomeng's charm and maturity.

Shangguan LAN 'er didn't know what Li Xiaomeng's relationship with Lin Yi was, so she didn't know how to respond and just ignored Li Xiaomeng.

"Yo, you're quite arrogant. You actually dare to ignore this young lady!"

Li Xiaomeng's mood became more and more unpleasant. She squinted her eyes slightly and her pupils flashed with an unfriendly light. "You're from the same new class again, right? Daring to treat this young lady like this, you're truly a newborn calf that's not afraid of Tigers!"

The surrounding people were all speechless. "You're not happy when Shangguan LAN 'er looks at you, and you're not happy when she doesn't look at you. You're so hard to please!"

Wang Ta Long's eyes brightened. He quickly stepped forward and whispered, ""Senior Sister Li, she's indeed a new intermediate class student, her name is Shangguan LAN 'er, she's that Lin Yi's girlfriend ..."

Chapter 6817 No One Can Persist

It was because of Shangguan LAN 'er that Wang talong and Lin Yi became enemies.

Although he was asking for it, he didn't think that he was in the wrong. As he hated Lin Yi, he also hated Shangguan LAN 'er.

"Oh? So you're jackals of the same tribe, no wonder you're so arrogant!"

Li Xiaomeng raised her eyebrows and her eyes suddenly became sharp."Wang talong, you can't even deal with a little girl who hasn't even opened the mountain yet, right? Go, take her down first!"

Wang talong was slightly startled. Although he still held a grudge against Shangguan LAN 'er, it wasn't that he couldn't deal with such a beautiful woman ... But he couldn't do it in public, in front of so many people!

If he did that, his reputation would be completely ruined!

Bullying a weak little girl, bullying a Junior Sister ... And so on and so forth. The Academy would probably come out and teach him a lesson!

"Senior Sister li, this isn't too good, right? After all, she's just a little girl who hasn't even reached the mountain-opening stage. It won't be nice to say. "

Wang talong laughed dryly and whispered in Li Xiaomeng's ear,""We don't need to worry about her, as long as we keep an eye on Shangguan LAN 'er, we won't have to worry about Lin Yi running away."

Keeping an eye on Shangguan LAN 'er and attacking her were two completely different concepts!

Moreover, Wang Ta long knew very well who Shangguan LAN 'er's master was. She was the vice principal of Feiyang college, Zhang jinmiao!

Li Xiaomeng had a sect background. Perhaps she didn't need to care about Zhang jinmiao, the Vice Dean. However, Wang talong didn't have such a strong background. If he really offended Zhang jinmiao, the Vice Dean with real power, his future in Feiyang college would be bleak!

"Trash!"

Li Xiaomeng cursed in a low voice and didn't continue to command Wang talong or Wang Jian to attack.

She would not take the initiative to attack Shangguan LAN 'er. It did not matter if she was arrogant or domineering, but Li Xiaomeng still wanted to maintain her beautiful image.

As long as she attacked Shangguan LAN 'er unreasonably, the rumors of Li Xiaomeng hitting someone out of jealousy because they were prettier than her would probably spread throughout the entire Feiyang college.

"You two, keep an eye on her. Don't let this little girl leave this place!"

Li Xiaomeng snorted and pointed at Shangguan LAN 'er. Her eyes swept across Wang Jian and Wang talong. As for Jia Liu, he was not qualified to work for her. "We'll wait here. I'd like to see how powerful the new students are!"

Wang Jian and Wang talong looked at each other, secretly rejoicing.

The two were actually a little guilty towards Lin Yi-they'd said that they'd win if they worked together, but they knew that they weren't confident.

Provoking Li Xiaomeng was completely different. This was a very powerful woman, especially with a strong background. Even if Lin Yi's strength was heaven-defying, as long as he dared to touch Li Xiaomeng, the sect behind Li Xiaomeng would definitely let Lin Yi know what regret was!

"Senior Sister li, don't worry. This little lass won't be able to escape!"

Wang Ta long smiled and turned to Shangguan LAN 'er,""Junior Sister Shangguan, you'd better cooperate with me. I don't want to make things difficult for you, but if you don't know what's good for you, I might have to teach you a lesson."

"You guys want to deal with Lin Yi?"

Shangguan LAN 'er didn't look worried at all. Instead, she stared at Wang Ta long with a strange look and shook her head, ""Just the few of you? Well, I won't leave. I'll just wait here to watch a good show. "

How strong was Lin Yi? To be honest, Shangguan LAN 'er didn't know much about Lin Yi's strength. She only knew that Lin Yi was very strong, and that he was invincible among his peers. He could even challenge those of higher cultivation levels.

So as long as the advanced class students weren't earth formation Masters, they didn't need to worry about Lin Yi at all-they were just a bunch of weaklings.

Wang Ta long was very happy. He thought that there was some conflict between Shangguan LAN 'er and Lin Yi, and wanted to see them teach Lin Yi a lesson. If that happened, he would have a chance to win the little Beauty's heart.

But thinking about it, he realized that Shangguan LAN 'er clearly thought that they wouldn't be able to fight Lin Yi even if they all worked together!

This damned little girl, he really wanted to teach her a lesson right away and let her know that senior brother was not an idiot ...

Unfortunately, Wang Ta long really didn't dare to attack Shangguan LAN 'er. He could only laugh dryly and pretend that he didn't understand what she meant.

In the boring wait, time slowly passed. Today, the people who were ready to enter the cultivation room were basically all here. Normally, at this time, the access rights would have been opened, but today there was some abnormality.

There was still one student from the last batch who hadn't come out yet, and that was Lin Yi!

"Hey, it's been twelve hours, and that Lin Yi kid still hasn't come out. Do we have to keep waiting?"

Li Xiaomeng was already a little impatient. She counted the time and found the staff again. "You only know how to stop us, don't you know how to do something?"

Although it was said that there was no time limit for 20 points per entry into the cultivation room, no one had ever been able to last more than 24 hours. Therefore, the unspoken rule was that one day was the time for rotation in the cultivation room.

Because of this, after Lin Yi's group entered, the next group would come around 24 hours later. Who would've thought that Lin Yi would break this unspoken rule?

Everyone present was thinking about that Lin Yi kid-could he have suffered from the backlash already?

Especially Wang Jian and Wang talong, they were secretly overjoyed. They both thought that this was Lin Yi's first time in the practice room, and that he might've delayed his departure because of the pleasure of training.

If he went too deep and cultivated to the limit before leaving, he might die from the backlash of his spiritual sense on the way out!

In that case, it was a good thing that Lin Yi didn't come out!

They didn't have the pleasure of taking revenge with their own hands, but Lin Yi's death would save them a lot of trouble!

"Senior Sister li, why don't we wait a little longer, it's not like we're short of this little bit of time!"

Wang talong had a reserved smile on his face as he tried to persuade Li Xiaomeng in a low voice,""Wait a little longer, maybe Lin Yi will come out, or maybe he won't ..."

Li Xiaomeng was slightly stunned, but she immediately reacted to the meaning of Wang talong's words. A trace of contempt flashed in her eyes. Wang talong didn't even have the courage to take revenge with his own hands!

But this wasn't li Xiaomeng's business-she was only teaching Lin Yi a lesson for the sake of the advanced class "reputation, as well as her reputation as the advanced class" big sister.

If Lin Yi really died in the cultivation room, it wouldn't be a big deal. Li Xiaomeng didn't have any direct conflict with Lin Yi.

"Alright, then let's wait a little longer!"

Li Xiaomeng replied indifferently. The anger on her pretty face disappeared and she glanced at the staff coldly. "Are you satisfied now?"

Chapter 6818 Did You Suffer A Backlash?

"What do I have to be satisfied with?" the staff member smiled and shrugged. There's never been a time limit in the cultivation room. If they have the ability, they can even stay for 24 hours, let alone 24 hours. "

Li Xiaomeng snorted coldly and didn't want to talk nonsense with this staff member.

No one had ever been able to cultivate for more than twenty-four hours in the room. No matter how strong Lin Yi was, he was just a little over twenty-four hours. Eighteen hours, twenty-four hours, that was insulting to Li Xiaomeng!

If he had the chance in the future, he would definitely teach this staff a lesson and let him know that Li Xiaomeng from the advanced class was not someone he could offend easily!

Li Xiaomeng didn't say anything more. Wang Jian and Wang talong didn't dare to be long-winded either. They could only use this method to communicate with each other secretly. It had to be said that after these two colluded, they really had a tacit understanding.

After waiting for another half an hour or so, Li Xiaomeng didn't speak, but the other students who were preparing to enter the cultivation room couldn't help it.

"What's going on? why aren't they coming out?"

"It's been more than 24 hours, right? Could it be that the junior martial brother's spiritual sense has already reached such a powerful level?"

"Or did something happen to that person in the cultivation room? It's not like something like this has never happened before, the backlash of the divine sense ..."

"I'm afraid that Junior Brother is in danger. He might have already died in the cultivation room ..."

The few of them discussed in low voices, and the more they talked, the more it seemed like it was true. Shangguan LAN 'er, who was originally calm, gradually changed her expression.

She had full confidence in Lin Yi, but she couldn't handle so many people talking about him. The crowd's words were like gold, and three people made a Tiger. She started to worry!

Zhang jinmiao and Xu Xiaoyan both said that no one could stay in the training room for more than 24 hours, and Shangguan LAN 'er naturally knew that. But now Lin Yi had stayed in the training room for almost 24 hours!

"Don't talk nonsense, my Lin Yi junior is much stronger than you guys. Just because you guys can't keep training for 24 hours doesn't mean he can 't!"

Shangguan LAN 'er's eyes were a little flustered. Rather than saying that she was scolding the students, it was more like she was comforting herself and cheering herself on!

Believe in Lin Yi! He believed that Lin Yi would come out safely!

There were so many dangerous places, and Lin Yi Lil "bro came back safe and sound, how could something happen to him in the practice room?

"Hehe, what an innocent little girl!"

Li Xiaomeng glanced at Shangguan LAN 'er disdainfully and finally felt a sense of superiority, ""I'm afraid that your lover is already dead. Perhaps you can start preparing for your funeral. "

His words were so vicious that Shangguan LAN 'er's face turned pale, and she clenched her fists tightly, about to lose her temper!

If Li Xiaomeng had humiliated Shangguan LAN 'er, she might not have taken it to heart with her personality, but cursing Lin Yi like this had touched her reverse scale!

However, Li Xiaomeng's next sentence made Shangguan LAN 'er suppress her anger. She turned to look at the staff member with a conflicted expression.

"Hey, aren't you going to take care of the people inside? If something really happened, we might be able to save him if we find out earlier. We can't just keep waiting. "

After Li Xiaomeng said this, not only was Shangguan LAN 'er conflicted, but the staff member was also conflicted.

If something really did happen to Lin Yi, it'd be better to find out earlier, but that wasn't in line with the rules ...

But this time was indeed a little too long. No one had ever exceeded 24 hours, and Lin Yi was already at 24 hours. Perhaps something had really happened?

The staff member was weighing the pros and cons in his heart. For a moment, he did not know how to choose. He wanted to ask his superiors, but he was afraid of wasting time.

"You'd better let this young lady in! I can see what's going on inside, it'll be of some help. Maybe that Lin Yi Junior Brother has already suffered from the backlash of his spirit sense, and I can save his life. "

Li Xiaomeng was completely boasting shamelessly. The staff's eyes directly expressed this meaning.

You're obviously going to cause Lin Yi trouble, and you're saying you can save his life? Are you sure you're not going in to kill Lin Yi?

"Someone hasn't come out yet, so I can't let you in! This is the rule, no one can break it!"

The staff member stood firm and stuck to this principle. Then, he changed the topic. "But you guys have a point-it's almost twenty-four hours, and it's necessary to make sure Lin Yi's fine!"

"How do you know?"

Shangguan LAN 'er could not help but blurt out, but immediately regretted it, ""If Lin Yi Junior Brother is still training, will it affect him?"

At this time, Shangguan LAN 'er's feelings were indeed conflicted. She wanted to make sure that Lin Yi was fine, but she was afraid of disturbing his cultivation.

"It's impossible for people to enter, but there's an Emergency communication array here that connects to the cultivation room. As long as you're inside the cultivation room, you can contact them. "

The staff member's attitude towards Shangguan LAN 'er was kind. He smiled and explained, "If Lin Yi was cultivating, he might be interrupted, but it won't have any negative effects. Don't worry."

Shangguan LAN 'er let out a breath of relief. As long as it didn't affect her cultivation, it wasn't a big problem. She'd be more at ease to know about Lin Yi's news, so she didn't object to it.

Li Xiaomeng and the others naturally agreed to contact Lin Yi. They had to find out whether he was dead or not.

After the staff member finished speaking, he immediately took out an array flag and activated the communication array at the entrance of the cultivation room. A faint light flashed, and a faint fluctuation immediately appeared in the air.

"Lin Yi, Lin Yi, can you hear me? I'm the administrator of the cultivation room at Feiyang College's Earth Spirit peak. "

The staff called out to Lin Yi through the fluctuations in the air, but the gazes of the crowd made him uncomfortable, "Please answer if you can hear me. No matter where you are in the cultivation room, just speak normally."

At this time, Lin Yi was immersed in his spirit training, and the comfort of his Yuan spirit never stopped. His spirit power was also rising rapidly, and if he maintained this state for another day or two, his spirit power would probably break through to the middle stage of mountain split.

This was the true mid-stage of mountain split-it was completely different from the mystic class sea realm's understanding of mid-stage mountain split-as long as his spirit broke through, Lin Yi's suppressed Qi would naturally break through as well.

Because of the unique nature of the battle technique for seizing heaven's fortune, after the level of one's consciousness and true Qi broke through at the same time, one's body would also be tempered, and it was likely that the strength of one's body would also be strengthened.

However, the staff's shouts echoed throughout the room, interrupting Lin Yi's training. It wasn't as dangerous as Qi deviation, but it still pissed him off!

Chapter 6819 Cultivation Was Interrupted

Lin Yi had always felt that he wasn't strong enough, especially after the dangerous experiences he'd gone through recently. His desire for strength had reached a peak.

Now that he finally had a chance to completely break through, he was inexplicably interrupted. How could he be in a good mood?

"I'm Lin Yi, what's up?"

Lin Yi suppressed his unhappiness and asked faintly, "I'm in the middle of my cultivation. I hope you can give me a satisfactory answer."

If nothing happened and the administrator called Lin Yi to stop his cultivation, Lin Yi wouldn't mind teaching the administrator a lesson when he left.

Liu Xiaoyu probably wouldn't have any objections to this.

"Are you alright? There are quite a few people outside who are worried about your condition, that's why I called you. "

The staff at the entrance was a little embarrassed, but Lin Yi didn't seem to have any problems at all. He continued explaining, "You've probably heard that no one has been able to cultivate for more than 24 hours in the cultivation room, and you've been in the cultivation room for nearly 24 hours ..."

Lin Yi understood-he'd broken the record already, no wonder the staff paid attention to him. They probably cared about him, too, right?

However, many people outside were worried about what was going on.

"I'm fine ... Who else is worried about me?"

Lin Yi asked casually. Other than Shangguan LAN 'er, were Zhang jinmiao and Xu Xiaoyan also here? It can't be, right?

"Lin Yi, you better come out now, your little girlfriend is still waiting for you!"

Li Xiaomeng took the lead and said coldly, ""I'm Li Xiaomeng from the advanced class. Wang Jian and Wang talong are also here. Everyone is worried about you with your little girlfriend!"

She said that she was worried, but it sounded more like a threat. Lin Yi's face turned ugly.

Using Shangguan LAN 'er to threaten him? Was this woman looking for death?

"I don't care if you're Li Xiaomeng or stupid li. If you dare to touch little Senior Sister LAN 'er, you'd better clean your neck and prepare for your funeral!"

It was rare for Lin Yi to threaten her directly like this, but the thought of Shangguan LAN 'er being in the hands of Wang Jian and the others made the fire in his heart burn.

After hearing Lin Yi's words, a sweet smile appeared on Shangguan LAN 'er's face as she quickly opened her mouth, "Lin Yi, Junior Brother, I'm fine. They didn't do anything to me. I'll be here waiting for you."

"Lin Yi, you dare threaten me? You're just a little girl from the freshman class. If it wasn't for the fact that I don't want to make a move, she would have died a long time ago. You can choose not to come out, but let's see if I dare to make a move!"

Li Xiaomeng's eyes flickered and she looked at Shangguan LAN 'er with a sharp gaze, ""I'll give you the time it takes to finish a cup of tea, if you don't come out, just wait to see your little Senior Sister cry!"

"Ahem, Li Xiaomeng, this is the Feiyang college. Please mind your words!"

The staff member couldn't stand it anymore and coughed twice to remind Li Xiaomeng.

Although the conflict between the students had nothing to do with him, if something bad happened at the entrance of the cultivation room, which was his territory, it would still be difficult to escape punishment.

Before Li Xiaomeng spoke, Lin Yi had already transformed into a lightning bolt and was moving quickly towards the exit. By the time the staff finished speaking, Lin Yi was almost near the exit of the cultivation room.

"What does it have to do with you? Go to the side!"

Li Xiaomeng wasn't polite to the staff at all. She scolded them coldly, ""Do your job well. If you have any dissatisfaction, go directly to the higher-ups of the Academy and complain about me! Let's see if I'm afraid of you!"

Just now, Li Xiaomeng was a little unhappy with this staff member. Now that she had seized the opportunity to fly into a rage, it made the staff member's face turn a little ugly.

"You were the one who spoke just now? Silly li?"

Li Xiaomeng hadn't finished her sentence when Lin Yi suddenly appeared at the exit. His cold eyes swept past Wang Jian and Wang talong before finally landing on Li Xiaomeng, ""I'm Lin Yi. What's your plan?"

"Lin Yi junior! You're out so quickly!"

Shangguan LAN 'er exclaimed in surprise. She then thought of Lin Yi's speed with the Thunder escape technique and knew that he had rushed back with all his might. She was even more touched.

"Lin Yi, are you really okay? I didn't think that someone would be able to break through the limit of 24 hours. Truly amazing. "

The staff member was surprised to see Lin Yi, and his dissatisfaction with Li Xiaomeng faded a lot.

"Little Senior Sister LAN 'er, it's good that you're fine!"

Seeing that Shangguan LAN 'er was unscathed, Lin Yi let out a sigh of relief, his face softening as he turned to the staff,"Of course I'm fine. What's the matter now that you've called me out?"

"Lin Yi, I heard that you're very unhappy with the advanced class students, and I'm very displeased with that. Now that you're out, you should explain it to me!"

Li Xiaomeng wasn't happy with Lin Yi's attitude. She rushed in front of Lin Yi and glared at him, "Don't think that just because you're a super genius, you can show no respect to the seniors of the Academy. "

Lin Yi frowned. The woman in front of him was pretty, but she was very arrogant. He didn't want to talk to her at all.

Besides, Li Xiaomeng had just used Shangguan LAN 'er to threaten Lin Yi. The fact that he didn't slap her was already the result of Lin Yi not wanting to hit a woman.

"Little Senior Sister LAN 'er, if anyone wants to bully you, you can fight back with the thing I gave you. Don't be afraid if something happens, I'm here!"

Lin Yi didn't shake Li Xiaomeng off, but smiled at Shangguan LAN 'er. He was talking about the Wang family's array talismans. Wang shiqing gave him a stack of various array talismans, and Lin Yi gave some to Shangguan LAN' er a few days ago to protect herself.

If he hadn't come out to warn her, Lin Yi wouldn't have used the talisman to fight back even if he was worried that Shangguan LAN 'er would be bullied. Now, it was great. Whoever dared to touch her would be asking for death!

He retaliated in self-defense, so he deserved to be killed. Liu Xiaoyu couldn't even say anything wrong.

"Lin Yi junior, don't worry, I'll protect myself!"

Shangguan LAN 'er's eyes were curved as she smiled happily. With Lin Yi by her side, she was really not afraid of anything.

"Lin Yi, how dare you ignore me! As expected, you're very arrogant!"

Li Xiaomeng's face turned green. How could someone as proud as her tolerate Lin Yi's disregard?

For a long time, she, Li Xiaomeng, had always been the center of attention no matter where she was!

Only Lin Yi didn't care about her!

"Lin Yi, How dare you! Do you know who Senior Sister Li is?"

Wang Ta long jumped out at the right time, his expression filled with righteous indignation, ""It's fine if you're not respectful to me and senior Wang, but senior Li is the most respected Senior Sister in our advanced class. She's giving you face by asking you a question, but you don't know what's good for you!"

Chapter 6820 If You Don't Give In, You're A Vicious Dog?

Wang Jian didn't want to fall behind and stood on Li Xiaomeng's side, pointing at Lin Yi with the same anger, "Lin Yi, Li Xiaomeng is the most respected senior. You're just a little intermediate class student, how dare you be so presumptuous in front of her?"

Lin Yi only laughed in response to the three's scolding as he looked at Wang Jian and Wang talong, "Are you two not satisfied with the beating? Are you itching for a beating again?"

Wang Jian and Wang talong's blood boiled as if they'd just been humiliated. They raised their fists, ready to attack Lin Yi.

Of course, they were just putting on an act. They didn't really plan to take action. If they wanted to take action, they had to drag Li Xiaomeng along!

"Since there's nothing else, I'll go back to cultivate!"

Lin Yi didn't even look at Wang Jian and Wang talong, he only said to the staff before turning to Shangguan LAN 'er, "Little Senior Sister LAN 'er, wait for me here. We'll go back together."

"Alright, Lin Yi Lil" bro, you can go and train, don't worry about me!"

Shangguan LAN 'er smiled and nodded, raising her arm and waving at Lin Yi.

"Since you've already come out, it's time for the next batch of people to enter the cultivation room to cultivate. We can't let you delay everyone's time alone."

Li Xiaomeng gritted her teeth and sneered. The ten people from this batch had already arrived and had been waiting for at least two hours. She said that on purpose to make Lin Yi a public target.

Didn't you ignore me? under the rage of the masses, can you still continue to ignore me arrogantly?

According to Li Xiaomeng's personality, she should be teaching Lin Yi a lesson right now, but Lin Yi was still at the entrance of the training room. If she wanted to do something, she had to go in, but she couldn't!

"Does the Academy have a rule that Earth Spirit Peak's cultivation rooms can only cultivate for twelve hours at a time?"

Lin Yi ignored Li Xiaomeng and turned to the staff, "If I exceed 24 hours, I have to leave the cultivation room?"

"No, as long as you can bear it, it doesn't matter how long it takes!"

The staff member shook his head with a smile. He didn't have a good impression of Li Xiaomeng, and he was happy to cooperate with Lin Yi, ""You've already broken the record for the longest cultivation time. If you want to continue, there's no problem. "

"That's good. If there's nothing else, I'll go in and continue my cultivation. Don't call me next time!"

Lin Yi nodded and waved at Shangguan LAN 'er before walking back to the training room.

"Lin Yi, you're too much! You actually dare to treat our Senior Sister Li like this!"

Wang talong pointed at Lin Yi and yelled, "If you have the ability, then hide in the cultivation room and never come out! Otherwise, you'll suffer a loss one day!"

Li Xiaomeng's face was extremely ugly, and her body was trembling slightly. She was angered by Lin Yi!

"Sister Li, you've seen it for yourself. Lin Yi's too arrogant, and this is in the intermediate class. If he enters the advanced class one day, wouldn't he be able to turn the world upside down?"

Wang Jian whispered in Li Xiaomeng's ear. He was actually very familiar with this kind of act of adding fuel to the fire and fanning the flames.

"He wants to enter the advanced class with just his abilities?"

Li Xiaomeng sneered a few times and stomped her foot. "Wait! Let's keep waiting. I'd like to see how long this kid can stay in there!"

Lin Yi couldn't be bothered with these boring people and quickly returned to where he was practicing. He sat down cross-legged and started practicing again.

However, this time, he was unable to enter the state, and he could no longer find that mysterious feeling from before!

"Dammit! As expected, after being interrupted, I can't re-enter my cultivation state for a short period of time. Senior ghost, have you made any progress in your research on formations?"

Lin Yi felt helpless. The only purpose of staying in the cultivation room was to let this damn thing study formations. He couldn't continue with his spiritual sense cultivation for now.

"I've roughly recorded it down. Next up is in-depth research. It'll be good if I can continue to stay here, but it doesn't matter if I leave. It won't affect me much."

The demonic thing replied casually before going back to its research.

Lin Yi's lips twitched-this meant that there was no point in him staying in the training room anymore. It was time to leave.

Lin Yi could still stay in the practicing room, but he didn't want to be a dog in the manger. After all, he didn't have any grudges with the people waiting behind him, and he didn't want to waste their time.

And so, Lin Yi went around the room and returned to the entrance, but only a few minutes had passed. Li Xiaomeng's anger still hadn't subsided when she saw the culprit.

"I feel like I've reached my limit in this training, so let's call it a day."

Lin Yi nodded at the staff, not blaming him. It was his duty, after all, and the staff didn't mean to interrupt his training.

"Lin Yi, what do you mean? When I asked you to come out, you didn't come out, and now you're talking about your limit after going in for a while. Are you trying to embarrass me on purpose?"

Li Xiaomeng glared at Lin Yi unhappily. Lin Yi had only been in there for a short time, and anyone would think that he was slapping her on purpose.

"What you think is your business, don't block my way!"

Lin Yi frowned, thinking that this woman was ridiculous. He didn't even know her before, did she have to target him like this for those two idiots, Wang Jian and Wang talong?

Did you have nothing better to do?

"Senior Sister Li, Lin Yi is scolding you!"

Wang talong took the chance to provoke Lin Yi, his eyes full of disgust.

"Why did he scold me?"

Li Xiaomeng was stunned, even forgetting her anger towards Lin Yi. She tried to recall Lin Yi's words, but couldn't figure out where he was scolding her.

Lin Yi's attitude wasn't very nice, and his tone was impatient, but it was a bit too much to scold her.

"Sister Li, you don't know this, but Lin Yi's favorite line is" a good dog doesn't block the way. "He told you not to block the way because he's saying you're ..."

Wang talong was secretly pleased with himself. He had been scolded by Lin Yi and Shangguan LAN 'er before, and he remembered it clearly."Although this brat didn't curse us out loud, he's even more detestable when he's beating around the bush. Senior Sister li, if you give in to him, then you're a good dog. If you don 't, then you'll become an evil dog"

Lin Yi was speechless. "A good dog doesn't block the way "wasn't something he used often, and telling Li Xiaomeng not to block the way was just something he said casually. Wang talong was a genius to be able to think of such a rich plot!

Li Xiaomeng's pretty face was red and the people around her seemed to be able to see smoke coming out of her head. Which girl could bear such humiliation?
