Chapter 6841 The Sissy Who Was Spoiled

"However, senior Zhang's living quarters are different from us ordinary students. He lives alone with the Dean."

Huo yudie continued to explain. She didn't know why, but she was afraid that Lin Yi would misunderstand ... Whether it was Chen Jiao Mystic class Women's Academy or her, it wouldn't be good.

"I understand. He's just someone who stayed in the Academy because of nepotism. It's no big deal."

Lin Yi smiled casually, his evaluation of Zhang Jihua lowered even more.

No wonder he would show that kind of undisguised murderous look to someone he just met. His brain was really not very good.

They were all spoiled!

Zhang Jihua was probably a little tyrant in the morning glory Mystic class Women's Academy, and no one dared to disobey him, so he was still as arrogant as ever.

"Martial sister Yu die, who is this Lin Yi to you? If it's just an irrelevant person, then tell him to get lost!"

Zhang Jihua was very unhappy in his heart, but he wanted to maintain his manners in front of Huo yudie. In the end, he was too aggressive with his words, which made people feel disgusted.

"Senior Zhang, what does Lin Yi's relationship to me have to do with you?"

Huo yudie was a little displeased. Lin Yi's weight in her heart was so heavy that Zhang Jihua couldn't even be compared to him, "I'm talking to Lin Yi, you're the one who's not involved here, please leave!"

Her words were cold and unyielding. Zhang Jihua's face suddenly turned pale as he looked at Huo yudie in disbelief.

In fact, he did not know Huo yudie at all. He only saw Huo yudie's gentle and pleasant appearance and thought that she was a weak woman.

However, Huo yudie was a girl who was soft on the outside but strong on the inside. When Lin Yi was injured, she didn't leave him and saved him. So when Zhang Jihua wanted Huo yudie to leave Lin Yi, she immediately expressed her attitude with her force field.

"Zhang Jihua, right? Huo yudie and I haven't seen each other for a long time. Can you stop being a hindrance here?"

Lin Yi's lips curved up as he looked at Zhang Jihua, "We have some private matters to discuss. Please leave."

Zhang Jihua's face twitched a few times. He was about to explode, but he had to care about his image in front of Huo yudie. He could only grit his teeth and glare at Lin Yi, stomp his feet, and leave.

Lin Yi almost burst out laughing-Zhang Jihua's stomping was so sissy!

Perhaps this idiot had been messing around in the women's Academy all day, so she was unconsciously influenced by it. It could only be said that the Dean of the morning Pride Mystic Women's Academy was not in the right mind to come up with such a bad idea.

It looked like he was spoiling his grandson, but in fact, he had harmed him!

As the principal of the morning's pride Mystic class Women's Academy, it wasn't impossible to let Zhang Jihua enter one of the top three schools. If that happened, Zhang Jihua's future would be completely different.

"Lin Yi, don't blame him, he's just a spoiled kid!"

Huo yudie looked at Lin Yi apologetically, afraid that Lin Yi would be angry,""I haven't seen you for so long, how are you?"

"Let's not talk about Zhang Jihua! I'm fine, how are you?"

Lin Yi waved his hand and smiled at yudie, ""Looking at your appearance, you should be doing very well. At least your strength has increased very quickly. You're already in the mountain-opening stage!"

"Aren't you already in your mountain-opening stage? although I've long expected you to reach this stage, I'm still a little unwilling to see it with my own eyes. "

Huo yudie wrinkled her delicate nose and showed a cute expression, ""I've been cultivating very, very hard. I thought I could surpass you, but I didn't expect that I'm still not as good as you. "

Her strength level wasn't as high as Lin Yi 's, and her combat strength was even lower than Lin Yi' S. Huo yudie was very clear about this, but she was still very happy.

The stronger Lin Yi was, the happier she was!

"I was just lucky. I had many fortuitous encounters, so my strength improved quite quickly."

Lin Yi was being humble for once, and he started talking to Huo yudie about his life after they parted.

Huo yudie listened with great interest and asked a few questions from time to time. The two had not seen each other for a long time, but there was no estrangement between them.

"Lin Yi junior, you're so passionate. You have a LAN 'er in the school, and now you're here to hook up with the goddess Huo yudie from chenjiao Mystic class Women's Academy!"

While Lin Yi and Huo yudie were talking, Li Xiaomeng walked over and said sarcastically, "With Senior sister's looks, it's no wonder you don't like her. I just wonder if this fairy Huo yudie knows about Shangguan LAN 'er's existence?"

"Lin Yi, who's this woman? Why is there a sour smell all over your body?"

Huo yudie blinked her eyes and a strange smile appeared on her face.

"Someone similar to Zhang Jihua is the big sister of our Academy's advanced class. You don't have to know her, she's not very smart ..."

Lin Yi's fingers moved around her temple, and Li Xiaomeng's face turned red. She didn't know what to do. Or an attack? Let's forget it ...

At this moment, nie Xiaohu, Wang Jian, and yang Dian had all come over. The four of them didn't get along with Lin Yi and were naturally allies.

Li Xiaomeng had some thoughts about Lin Yi, but Lin Yi didn't appreciate it at all, so she hated him now.

"Lin Yi, the group needs to stay together. You're always acting alone, and it's making things difficult for us."

Di Xiaohu couldn't read Li Xiaomeng's mind, so he said to Lin Yi coldly, ""If we all act as we please like you, the student recruitment team might as well disband on the spot."

"Yu die, let's go somewhere else to talk. These guys are quite annoying."

Lin Yi couldn't be bothered with them. They were out of the school, but he couldn't just beat them up. The recruitment team represented the Feiyang school, and if they started an internal fight, it would be embarrassing for the school.

Huo yudie saw that Lin Yi didn't even introduce them to each other and understood that these people didn't have a good relationship with Lin Yi.

Since that was the case, Huo yudie naturally didn't have a good impression of them. She immediately walked to the side with Lin Yi and turned back to say, ""We want to talk about some personal matters. Don't disturb us."

Nie Xiaohu and Li Xiaomeng's faces darkened, but Huo yudie and Lin Yi were going to the recruitment team of the morning glory Mystic class women's college, so they couldn't follow them.

"Lin Yi, what's going on with you and them?"

After walking for a while, Huo yudie asked Lin Yi curiously, ""Looking at their strength, they're only in the mountain opening stage. You've probably taught them a lesson before, right?"

"You're so smart, you guessed it right!"

Lin Yi shrugged with a smile, "they're all weird people. They like to provoke people for no reason. They deserve to be beaten up. If the other party can't beat them, then they'll be the ones beating the other party up."

"You'll meet this kind of people everywhere you go. Be careful not to be plotted against by them. "

Huo yudie reminded him but didn't take it to heart. After all, Lin Yi was a top-tier master in both strength and wisdom. It was almost impossible for a normal mountain opening master to plot against him.

Chapter 6842 Missing Wang Xinyan

"Don't worry, I won't fall into their trap. By the way, do you have any news on the other few?"

Lin Yi asked about the other girls. They didn't go to the same school at the Golden class sea, but they still became good friends because of Lin Yi, and they kept in touch occasionally.

"We haven't been in contact since we came to the mystic division Sea area. He should be doing well."

Huo yudie was a little embarrassed. After entering the mystic division sea Academy, she had focused on cultivating, which was why her strength had improved so much.

This was also the norm for all the students who came from the Golden sea area. The training conditions in the mystic Sea area were much better than the Golden sea area. As long as they were willing to work hard, they would have an explosive improvement in one or two years.

Why did people from the Golden Division want to enter the Mystic division? This was the reason.

Lin Yi was a little disappointed, but he couldn't say that yudie didn't care. He'd been in the mystic division for a year, and he didn't even have time to look for Xinyan and the others.

"Lin Yi, that's the Morning Star Mystic division's recruitment team. Let's go and ask them."

Huo yudie looked around and her eyes lit up. She pointed to a group of people and said, ""Maybe they have news of Wang Xinyan and Huang xiaotao, but they don't seem to be in the list."

Lin Yi's spirits lifted-he didn't know how Xinyan and xiaotao were doing, but it was good news.

After the two passed, Lin Yi cupped his hands and asked a young man in white, ""Hello, I'm a student from the Feiyang school. I have two friends in the morning Star Mystic division. I haven't seen them in a long time, so I'd like to ask about their situation. Is that okay?"

The young man in white smiled and nodded at Lin Yi, then cupped his fist politely to Huo yudie. He said slowly, ""It's fine, everyone has friends and relatives in other Academies, it's normal to ask around. I wonder who you want to ask? I might not know everything. "

A few other men also came over to him. Most of them had seen the beautiful Huo yudie and wanted to get close to her.

"They're two of my friends, one is Wang Xinyan, the other is Huang xiaotao, have you heard of them?"

Huo yudie smiled sweetly and her beautiful eyes swept over everyone around her. "I want to know how they're doing."

"I know Junior Sister Huang xiaotao. She's a famous genius in our Academy. She's currently in seclusion in preparation for breaking through to the earth creation stage. Otherwise, she would definitely have a place in the recruitment team this time."

The young man in white seemed to have a higher status, so no one fought with him to speak. "As for Wang Xinyan ... That name is unfamiliar, I don't think I've heard of it before. Do any of you know her?"

The others shook their heads at the man's questioning look, indicating that they'd never heard of Wang Xinyan.

Lin Yi's heart skipped a beat, feeling a little uneasy.

By right, Wang Xinyan's talent was no less than Huang xiaotao's, so there was no reason for Huang xiaotao to rise to fame while Wang Xinyan remained unknown.

Even if Wang Xinyan was weak, she was pretty!

Just like how Huo yudie attracted attention here, Wang Xinyan would definitely be the center of attention in the morning Star Mystic division. Especially the male students, there was no way they wouldn't know of her existence.

"Yu die, did Wang Xinyan really go to the Morning Star Mystic class practitioner institution with Huang xiaotao?"

Lin Yi frowned and turned around, "Or did Wang Xinyan go to another school?"

Huo yudie's pretty face was full of confusion. She subconsciously shook her head and said, ""It can't be, they went to the Morning Star Mystic class practitioner's College together. There's no mistake about that."

Lin Yi didn't know what to do-how did this happen?

When Huang xiaotao was mentioned, the boys from the Morning Star Mystic division school all looked at her with admiration. If Wang Xinyan and Huang xiaotao were together, it was impossible for no one to know.

It was just like in the Feiyang school, when Shangguan LAN 'er was with Lin Yi. Those who knew Lin Yi knew about Shangguan LAN' er, or those who knew about Shangguan LAN 'er knew about Lin Yi's existence.

"I'm sorry, may I ask where your instructor is? I'd like to ask, maybe the teacher will know. "

Lin Yi didn't give up hope-these students were probably around the same level as the advanced class. They probably didn't pay much attention to the intermediate class, and didn't know who Wang Xinyan was.

However, it was different for instructors. The students in the Academy would basically have some knowledge of it.

"This time, we are led by an elder of the Academy. There are also two teachers who are in charge of logistics matters. They are not familiar with the students. I'm afraid that it's not very possible for you to ask about your friend."

The young man in white had an apologetic look on his face, but of course, it was mostly for Huo yudie. He didn't care what Lin Yi did.

Lin Yi didn't want to give up and insisted on meeting the elders and mentors of the Morning Star Mystic division. It turned out that they were just as the White-clothed man said-they knew nothing about the students.

They'd heard of a super genius like Huang xiaotao, but they had no impression of Wang Xinyan, who they'd never even heard of.

"How could this be? Wasn't Wang Xinyan at the Morning Star Mystic division? Then where would she go? Or did something happen to Wang Xinyan?"

After leaving the Morning Star Mystic division's recruitment team, Lin Yi's face was full of disappointment. He couldn't suppress the worry he had for Xinyan. "I want to go to the Morning Star Mystic class practitioner's College and find out more about Wang Xinyan. What do you think, Yu die?"

"I think you should calm down!"

Huo yudie held Lin Yi's hand and looked at him, ""The recruitment team will set off today. You won't have the time to go back to the Morning Star Mystic division school. Even if you do go, what can you do?"

Lin Yi blinked, but nodded.

"If you go to Wang Xinyan, you might not be able to get any news. The only person who knows the truth is Huang xiaotao, and she's in closed door cultivation. You can't just force your way out, right? Even if you wanted to, the Morning Star Mystic class school wouldn't agree!"

What Huo yudie said made a lot of sense. Every Academy would do their best to protect their talented disciples. If he went there now, he would definitely not see Huang xiaotao.

"I understand. It looks like we can only go to the Morning Star Mystic division Academy after we return from the Yellow Division. By then, Huang xiaotao should have already finished her closed-door cultivation."

Lin Yi shook his head helplessly, accepting the result. "Do you know which college ning Xuefei went to?"

Wang Xinyan from the Morning Star golden class academy all the way to the Morning Star Mystic class academy was in trouble, would ning Xuefei be in trouble too?

Chapter 6843 So Many Enemies

This was Lin Yi's fiancée—he should've gone to find her when he first came to Mystic class, but he'd been delaying it until now.

"Ning Xuefei entered one of the top schools, the clear stream school. I wonder if she'll come this time?"

Huo yudie looked around at the recruitment team and continued, "The people from the clear stream school haven't arrived yet. We can go and ask them when the time comes."

Lin Yi thought that the name sounded familiar, and his face darkened as he thought about it.

Wasn't this Lu Yongming's school? If Lu Yongming found out about Lin Yi and ning Xuefei's relationship, the girl would have a hard time!

Last time, Lu Yongming was sure that Lin Yi killed his grandson. He even said that he'd go to Feiyang school together with the other schools in the alliance and the noble houses that were involved in the fire!

It was probably because he hadn't completed his task yet, so Lin Yi's life was pretty peaceful these days. But if he dared to go to the recruitment team and tell them he was looking for ning Xuefei, things would get really bad!

"Yu die, I'll have to ask for your help. I have some conflict with the Dean of clear flow school. If he finds out about my relationship with ning Xuefei, that old man will definitely make things difficult for her."

Lin Yi lowered his voice, a little embarrassed. "You understand what I mean, so you must help me keep this a secret."

"You have so many enemies. You can even offend the principal of a second-rate top school, and you're still living so comfortably?!"

Huo yudie couldn't help but facepalm, impressed by Lin Yi's ability to offend people.

"I didn't offend him. He just wanted to pin the crime on me. I'm innocent!"

Lin Yi spread out his hands helplessly, "I was the only survivor in the operation of the spiritual fire of heaven and earth, so Lu Yongming, that old man, put the blame for his grandson's death on me."

"I've heard of the heaven and earth spiritual fire operation. So you were involved in it, and you're the only survivor?"

Huo yudie was shocked and scared. It was said that no one who participated in the fire operation survived, but Lin Yi was the only one who survived.

"I'm lucky that I didn't get trapped inside ..."

Lin Yi explained the fire in simple terms, the kind that didn't need to be told to anyone.

Huo yudie didn't ask for details, and Lin Yi didn't tell her anything either. If she asked, Lin Yi might tell her the truth.

"The people from the clear stream school are here. I'll go ask around for ning Xuefei. Lin Yi, go back and wait for them. I'll come find you later."

Another large flying spirit beast landed, and Huo yudie immediately recognized the clear flow school's logo. She asked Lin Yi to leave and went to ask about ning Xuefei.

Lin Yi went back to Feiyang school as he was told, and Huo yudie caught up with him soon after. She seemed to have gotten what she wanted.

"Lin Yi, I've heard that ning Xuefei is indeed in the clear stream school, and she's doing well."

Huo yudie had an excited smile on her face. She was very happy to be able to help Lin Yi,""Ning Xuefei didn't get into the recruitment team this time, but she's still one of the candidates. I heard that she's also in closed-door cultivation. I don't know if it's true."

Lin Yi let out a breath of relief and nodded with a smile. "You've worked hard. It looks like I'll have to go to the clear stream school to see how ning Xuefei is doing. "

If Lu Yongming, that old man, dared to make things difficult for ning Xuefei, Lin Yi would tear down the school!

"I'll go with you then. I haven't seen them in a long time. "

After Huo yudie and Lin Yi made their arrangements, the groups on both sides were calling for them to gather, so the two said their goodbyes.

Although not all the student recruitment teams had arrived, there were already quite a number of them. The teleportation array was already packed with people, so the teleportation was about to begin.

Lin Yi went back to the Feiyang school team and it was their turn soon. He stepped on the teleportation formation and returned to the Golden class Sea area with a flash.

"Everyone, gather together. Let's distribute the tasks."

As the head of the recruitment team, Guan Wenxuan naturally had to give orders when they arrived at the Golden-class Sea area." "This time, there are a total of eighteen of us. Everyone has a different mission and needs to go to different Academies to select students. So, everyone must be alert and not lose to the people from the other Academies."

Lin Yi scratched his chin, calculating how much free time he had left. He had a lot of things to do back at the Golden class sea.

"Each of us will form a temporary recruitment team with students from other Academies to recruit students from the academies at the Yellow Sea area. For fairness 'sake, we'll draw lots to decide which Academy to go to."

Guan Wenxuan was already prepared. As he spoke, he took out a small paper box that contained about twenty pieces of paper.

Lin Yi didn't bother to use his spirit sense to read the words on the paper. Other than him, no one else had the guts to play tricks in front of Guan Wenxuan, so the ceremony was completed very quickly.

He opened the paper and saw the names of the two schools. It was clear that Lin Yi's mission was to enroll students in these two schools. It seemed easy.

But the name of the first school on the page looked familiar to Lin Yi. It was ding City School!

Where had he heard or seen it before? Perhaps there were some acquaintances inside.

Lin Yi kept the note and wondered which school Huo yudie was going to. It would be best if they could leave together.

Unfortunately, the chances weren't high. Lin Yi didn't think his luck was that good.

"Alright, everyone has their own destination now. Once you're done with your tasks, you'll be free to do whatever you want, but remember the return day-don't go crazy and don't want to go back to the mystic division. That's up to you."

Guan Wenxuan laughed and said something that he thought was interesting, but unfortunately, no one supported him. Everyone quietly watched him laugh foolishly.

Li Xiaomeng was very unhappy. She thought that she would at least be able to follow Lin Yi, but she had to go alone. She couldn't even bring nie Xiaohu, let alone Lin Yi.

In the days to come, she would have to rely on herself to complete the mission!

The only good news was that the speed of the scattered recruitment was very fast. After completing their tasks, they would be free to do whatever they wanted until the selection competition in the Golden class Sea area began.

"Next, everyone will go find your own assembly point. We will meet again before the competition begins."

Guan Wenxuan announced the disbandment in a clean and straightforward manner, telling everyone to find other like-minded members of the student recruitment team on their own. This was a very straightforward way of putting things together.

Lin Yi didn't look for the meeting point first. He went to find Huo yudie to confirm her destination.

Chapter 6844 Temporary Party

"Lin Yi, I'm going back to the Golden class girls" Academy, where are you going?"

Huo yudie was a little disappointed. She wanted to go with Lin Yi, but she couldn't refuse her school.

The most annoying thing was the students from golden class girls "Academy. If they went to Mystic class ocean, 99% of them would go directly to the Academy and not to other schools, so this place basically didn't accept other schools" recruitment teams.

In other words, there was no way that Lin Yi would go with Huo yudie.

"I want to go to ding City Academy."

Lin Yi felt helpless as well. He was still thinking of exchanging missions with other people to travel with Huo yudie, but now it was completely impossible.

"Ding City Academy? What a coincidence, this young master is also going to this ding City Academy, we can get to know each other on the way. "

Zhang Jihua, who was a few steps away from Huo yudie, had been eavesdropping. He immediately sneered at Lin Yi, and didn't look like he wanted to get close to Lin Yi.

"It's a coincidence ..."

Lin Yi's mouth twitched. He was just about to say that he wanted to get rid of Li Xiaomeng and the other annoying guys when another one came. Why was it so hard to get some peace and quiet?

"Junior Brother Lin, since we are also heading to ding City Academy, let's find the gathering point together. Let's not delay any further and leave now!"

Zhang Jihua wanted to pull Lin Yi away, obviously not wanting Lin Yi to talk to Huo yudie anymore.

Lin Yi swung his hand and slapped Zhang Jihua's hand away. He didn't need to be nice to people who were hostile to him.

"First, I'm not your Junior Brother, so don't call me that! Second, Yu die and I still have something to talk about. If you want to leave, please do so and don't get in our way. Third, we're not familiar with each other, so don't touch me. I hate it when strangers do that. "

Zhang Jihua's face turned dark as Lin Yi's words were a slap to his face!

"Lin Yi, you're good, I'll remember you!"

Zhang Jihua squinted his eyes at Lin Yi and pointed at him. He stomped his foot and turned to leave.

Everything else aside, this sissy was quite straightforward-Lin Yi was quite satisfied with that.

"Lin Yi, Zhang Jihua isn't too bad, he's just a big kid who's been spoiled too much, please be more forgiving."

After they walked away, Huo yudie held back her laughter and said to Lin Yi, ""If you want to teach him a lesson, remember not to use too much force, or he'll cry in front of you."

"I thought you'd say something nice for him, but it's not!" Lin Yi smiled.

Huo yudie chuckled, but she didn't think that she had gone too far by saying this to Zhang Jihua.

At this time, all the temporary groups had started to gather, and there wasn't much time left for the two of them. So, Huo yudie quickly whispered a few more words to Lin Yi, set a time for the meeting, and watched Lin Yi leave.

There were already four people waiting for them at the temporary gathering point for the new students of ding City College. No wonder they had to be teleported here together at the mystic division Sea area. It was because the various colleges had to form temporary groups.

In addition to Zhang Jihua, who looked gloomy as if everyone owed him millions of crystals, there were two men and a woman. They were all young people, most of whom were students from their respective Academies.

"Everyone's here. The five of us are the first batch of students to go to ding City College. After that, we'll go to Hongwu college together. Everyone, let's introduce ourselves first. Since we'll be together in the future, we should get to know each other. "

The only young woman seemed to have a bright personality-she introduced herself when she saw Lin Yi. "I'm yang Xiaoyan from the lingfei college. Please take care of me in the future. "

Lin Yi's heart moved. The last time he came to the Golden class Sea area, there was a lingfei school's yang jadeite who had a good relationship with Lin Yi. He didn't know what her relationship with Yang Xiaoyan was, but the two looked similar, except for the age difference.

Perhaps yang feicite was Yang Xiaoyan's elder? It was unlikely that they were mother and daughter. Both of them had the surname yang, so they were most likely aunts.

"I'm Zhang Jihua from Morning Pride Mystic class Women's Academy!"

Zhang Jihua glared at Lin Yi. He wasn't introducing himself, but he was more like a fight.

The other people's expressions were a little strange. Zhang Jihua came from a special place. If Yang Xiaoyan said so, then there was no problem at all.

The girls 'Academy's student was a boy, this was indeed a bit of a joke, he didn't know if the higher-ups of the morning's pride Mystic class Girls' Academy had a screw loose in their head to make such an arrangement.

Yang Xiaoyan thought to herself, "if it were me, I would probably never choose to cultivate at the morning Pride Mystic class Women's Academy after seeing such an unreliable arrangement."

Zhang Jihua's attention was all on Lin Yi, so he didn't notice the strange looks in everyone's eyes. Otherwise, he'd be angry again.

"Ahem, I'm Wu Jun from the Morning Star Mystic division. We're all friends from now on, so if you need any help, just come to me."

The one who spoke was the young man standing next to Zhang Jihua. His expression was a little unnatural because many people would mix up the two schools, Morning Star and Morning Pride, so with Zhang Jihua in front, Wu Jun was a little embarrassed.

It would be great if morning's pride had sent a beautiful woman ... Like that fairy Huo yudie!

Lin Yi smiled and nodded at Wu Jun. He had an impression of this man. When he went to ask for information with Huo yudie, Wu Jun was among the people on the side.

Wu Jun was no stranger to Lin Yi, either. He was with Huo yudie, and he even went to ask their school's goddess, Huang xiaotao. It was impossible for him to not notice Lin Yi.

The two of them smiled and nodded at each other, having a good understanding.

The third young man was a little unsmiling and said dryly, ""Clear flow school, Lu Jun!"

Lin Yi blinked-what a coincidence! He'd run into all the schools he had connections with, after all.

Lingfei College's yang jadeite was fine, as they weren't too familiar with each other. Zhang Jihua's side had Huo yudie, Wu Jun College's side had Wang Xinyan and Huang xiaotao, and Lu Jun's side was more complicated, with his enemy Lu Yongming and his fianc e ning Xuefei.

This matter was really interesting. He wondered what would happen if the five of them gathered together.

Lin Yi put on a smile as the thought crossed his mind. He cupped his fists casually, "I'm Feiyang school's Lin Yi. If you're willing to be friends with me, then we're friends. "

In other words, whoever wants to be my enemy is my enemy!

The corner of Zhang Jihua's eyes twitched, and his eyes darkened as he looked at Lin Yi. He was probably thinking about how to kill Lin Yi.

"You're Lin Yi? I've heard of you, you're the most powerful genius in the last golden sea region. I didn't expect you to join the recruitment team this year. You're a genius indeed, amazing!"

Yang Xiaoyan's eyes lit up as she looked Lin Yi up and down.

Chapter 6845 Because You Understand

As a girl, Yang Xiaoyan's words could only show that she was really forthright.

"You flatter me. I was just lucky."

Lin Yi smiled humbly and continued, "Does miss yang have a relationship with your school's instructor yang feichen? I'm indebted to instructor yang Emerald for taking care of me during the Golden sea area selection last time, and I haven't had the chance to thank her properly. "

"Eh, you still remember my aunt? you're indeed a man with a conscience. Not bad!"

Yang Xiaoyan smiled brightly. Although she was not as beautiful as Huo yudie, her smile was still quite dazzling. She was also a rare beauty.

Wu Jun and the others were secretly happy. With a beautiful woman on the trip, it would be much livelier. If the whole group was made up of men, it would be boring.

"Lin Yi, since you know my aunt, we're good friends now. You can just call me by my name!"

Yang Xiaoyan waved her hand, directly regarding Lin Yi as a good friend, "You should thank my aunt. I'll thank you on her behalf. Then, I'll accept all your thanks on her behalf."

Lin Yi couldn't help but smile-this was an interesting girl, and it'd be nice to be friends with her.

"But don't fall in love with me. I already have someone I like. If you fall in love with me, you'll be disappointed!"

Yang Xiaoyan didn't treat Lin Yi as an outsider at all and started joking.

"Haha, don't worry, Yang Xiaoyan, I promise that Lin Yi won't fall for you!" Wu Jun joined in the conversation.

"Eh, why is that? Could it be that I, Yang Xiaoyan, am not pretty enough?"

Yang Xiaoyan's eyes widened and she pointed at Wu Jun, asking him to explain himself. Otherwise, she would not accept it!

"Because Lin Yi and Huo yudie from the mystic class Women's Academy ... You know what I mean!"

Wu Jun smiled slyly and gave Lin Yi a look.

Lin Yi couldn't help but chuckle-this guy wasn't as serious as he looked, after all. But it didn't seem like the journey would be lonely with these two around.

On the side, Zhang Jihua's face was ashen. He couldn't help but shout, "Don't talk nonsense. Martial sister Yu die only knows this person. They have no relationship. "

The way they looked at Zhang Jihua suddenly became strange. This strong sense of jealousy, there was a story!

"I understand, Wu Jun, I really understand what you're saying!"

Yang Xiaoyan nodded her head seriously and said,""Lin Yi and Huo yudie are definitely related, and some people are very unhappy with their relationship. Oh, I forgot to bring some snacks."

Lin Yi and Zhang Jihua didn't understand what Xiaoyan meant when she said she would bring snacks.

However, Wu Jun understood what he meant and immediately smiled and said, ""I brought a lot of snacks. Don't worry, you'll definitely have your share when we watch the show!"

Yang Xiaoyan pointed at Wu Jun with a smile on her face, as if she regretted not meeting him earlier.

Lin Yi didn't know whether to laugh or cry-these two bastards! So he was going to move a small stool to sit on the side and watch the show, and even eat some melon seeds?

Zhang Jihua flew into a rage. When had he ever been treated like this in the morning glory Mystic class Women's Academy? The young master's temper flared up, and he was about to explode.

But at this moment, Lu Jun, who had been facing him coldly the entire time, said, ""Cut the crap, we should set off!"

The other members of the temporary recruitment team were leaving the place one after another. They really should leave because the flying spirit beasts prepared in the Yellow Sea area could only be ridden by one person. If they were late, they might not have any flying spirit beasts to use.

"Let's go, let's go. We'll talk when we reach ding City Academy!"

Lin Yi led the way and walked towards the aerial spirit beasts. Wu Jun and Yang Xiaoyan naturally followed. Lu Jun also followed with a cold face. Zhang Jihua was dumbfounded.

Can you guys wait a little longer? At least let me vent my anger before leaving! It'll hurt your body if you keep it in, Hey!

Unfortunately, the people in front only casually greeted him, and no one cared if Zhang Jihua followed.

We're not from the same college. If you're willing to play together, then we're friends. If you're not willing to play together, then we'll just be passers-by. It doesn't matter!

In just a short while, a small group of five had formed. Lin Yi, Wu Jun, and Yang Xiaoyan were clearly the type to get along, but Lu Jun was cold and didn't actively join or reject them, and as for Zhang Jihua ...

To be honest, everyone thought that this guy from the women's Academy was a joke at first!

If Zhang Jihua couldn't put down his status and join them, he was destined to be the one rejected.

It wasn't that the others wanted to isolate him, but his own personality had decided the result.

By the time Lin Yi's group of five arrived at the aerial spirit beast, the other temporary student recruitment teams were already seventy to eighty percent gone, and Huo yudie was already in the air.

After collecting five small-scale flying spirit beasts, the five of them took off at the same time and headed towards Ding City Academy.

On the way, Zhang Jihua asked them to rest. Wu Jun and the others didn't object. They landed in a forest. There was an open space there, and there was a small pool in the middle. It was where a small stream converged. The water was clear, and the bottom could be seen. It was very suitable for resting.

Zhang Jihua and Yang Xiaoyan walked to the sides, while Lin Yi and the other two sat by the pool, chatting casually.

"Brother Lu, our names are both Jun. If someone calls us brother Jun in the future, how do you think we should respond? How about I call you da Jun and you little Jun?"

Wu Jun couldn't stay idle, so he deliberately teased the cold Lu Jun.

"I'm the Jun of the fine horse!"

Lu Jun half-squinted his eyes and casually replied Wu Jun.

"Oh, then I'm really handsome and you're fake handsome!"

Lin Yi was speechless at Wu Jun's serious bullshit.

How free are you to talk about this?

Lu Jun's face was still cold and he couldn't be bothered to talk to Wu Jun. Wu Jun turned to Lin Yi.

"Lin Yi, are you in a relationship with Huo yudie? Then, what was his relationship with Huang xiaotao? And that Wang Xinyan ... I don't know who she is, but she should be pretty too, right? What's your relationship with them?"

Lin Yi's mouth twitched. Wu Jun's gossiping soul was burning, but why the hell did he burn his body?

The ears of the cold Lu Jun twitched slightly. Although his eyes were still in a half-closed state, it was clear from his appearance that he was also very interested in knowing the answer.

Lin Yi's sharp senses noticed this and laughed inside. This guy was a boring guy, he looked like Bingbing wasn't interested in anything but it was all an act!

"They're all my close female friends, there's nothing I can't say. Are you satisfied?"

Lin Yi shrugged and smiled. "To be honest, when you go back, help me keep an eye on Wang Xinyan. She and Huang xiaotao went from the Yellow Sea together. She's also a Morning Star yellow Class school student, so there's no way she wouldn't be at your school."

Chapter 6846 Resolving Future Trouble

"No problem, this is a small matter, leave it to me."

Wu Jun readily patted his chest and took charge. Wasn't it just asking about a person? what was the matter?

Lin Yi had to go to the Morning Star Mystic division school himself. Other than looking for Xinyan, he had to see Huang xiaotao as well, but it'd be more convenient to have Wu Jun gather information first.

"Thank you, then. I'll repay you when the time comes."

Lin Yi smiled and cupped his hands at Wu Jun. It was a pity that he didn't know Lu Jun's character, or he could talk to ning Xuefei.

"I can repay you, but if you want to give me your body, I can't afford it!"

Wu Jun laughed and waved his hand, not at all serious.

"You wish!" Lin Yi chuckled, "if she wasn't an absolute beauty, how could I give myself to her?" With your looks, if you were a woman, you'd only be a mediocre beauty. "

"Hey, hey, hey, you can insult my character, but you can't insult my looks. I'm so handsome, and even my name can only be described as handsome. How blind are you to say such things?"

Wu Jun was really bored and started chatting with Lin Yi.

After a few words, Yang Xiaoyan turned back and joined the conversation. Now that Wu Jun had a partner, he was even more excited, and the two were having a great time, letting Lin Yi go.

Lin Yi, who was enjoying his leisure time, looked around and felt a faint warning rising in the Jade space. It was weak, but it was getting stronger.

Lin Yi's heart skipped a beat as he stood up naturally, "I'll go over there and take a look, you guys wait for me. "

"Go, go, we're not going anywhere."

Wu Jun was having a good time chatting with Yang Xiaoyan. After he waved his hand in agreement, he continued to talk nonsense with Yang Xiaoyan.

Lin Yi walked into the forest without making a sound. The Jade space's warning signs were getting more and more obvious, but it wasn't enough to threaten Lin Yi's life.

It wasn't common to see this level of warning before-perhaps Lin Yi's strength had increased, and the Jade space became more sensitive?

In any case, this was a good thing. Any danger that could be predicted in advance could be completely avoided or even counterattacked.

"Senior ghost, come out and help. See if it's that lingering assassin from hidden death sect again!"

Lin Yi needed to use the space scale skill to find the hidden assassins. Without the help of the ghost, it would be very difficult for him to rely on his own spirit sense.

"Do you still need me to take action for such a small matter? You really haven't improved at all!"

As usual, the ghastly thing first complained a little, then immediately appeared to help.

"Senior ghost, what you said makes sense. In that case, let's not use the spatial scale first. We'll talk about it later."

Lin Yi's heart skipped a beat as he stopped using the skill and continued walking into the forest as if nothing had happened.

The demonic thing didn't say anything, letting Lin Yi decide.

After another dozen meters, Lin Yi stopped. A black color flashed in his spirit sense and appeared at his chest.

It was a long and thin black arrow!

It didn't make any sound, but it was as fast as lightning. If Lin Yi didn't focus and the Jade didn't alert him, he wouldn't have noticed the arrow.

But Lin Yi was prepared for this, he didn't even try to Dodge the arrow, pretending that he didn't have time to react and let it pierce through his chest.

Fresh blood spurted out, dyeing the leaves red. As Lin Yi fell, he twisted his body with all his might, trying to find cover.

However, the second arrow followed closely behind, piercing through Lin Yi's shoulder again, causing more blood to spurt out.

Lin Yi was in an extremely sorry state-he had rolled behind a tree with all his limbs and found a temporary hiding spot.

The third arrow was slightly thicker than the first two. It hit the trunk of the tree and exploded. The whole tree fell down with a loud sound.

Not far away, the three people by the pool were all shocked. They suddenly got up and rushed over, wanting to see what had happened.

Lin Yi, on the other hand, was in an extremely miserable state. Half of his body was a bloody mess, and he looked like he was on the verge of death.

A faint figure appeared not far from Lin Yi. The bow in his hand wanted to shoot again, but because of the angle, it couldn't hit the fatal part.

Wu Jun, Yang Xiaoyan, and the others wouldn't even need two to three seconds to arrive, and to avoid trouble, the Archer didn't hesitate and went to Lin Yi's side like a ghost, wanting to shoot another arrow and confirm Lin Yi's death at the same time.

But what he didn't expect was that when he appeared next to Lin Yi, the dying Lin Yi suddenly opened his eyes wide, a playful smile on his face, and threw out an attack talisman!

He had been tricked!

The Assassin's Heart trembled. He knew that something was wrong. He wanted to hide his body into the dimensional space in an instant. This was his best life-saving skill and he had never failed before.

However, today was the only exception!

The space around Lin Yi seemed to be covered in fine scales. As he locked onto the Assassin's position, the space around him became extremely solid, making it impossible for him to enter the dimensional space.

"I've finally caught you! Have a safe journey!"

Lin Yi's mouth had a faint smile of death. He activated a sea split realm attack talisman and landed it on the assassin. The assassin couldn't escape and was turned into ashes in an instant, leaving nothing behind.

Confession? No need! Skill? No need! Spoils of war? No need!

Lin Yi didn't need anything. He just wanted this assassin who threatened him time and time again to die!

Not only did this bastard threaten Lin Yi, but he also tried to threaten the people around Lin Yi. It was unbearable to have a person like him live for a second longer.

"Kid, you did well. You know how to use the characteristics of your primordial spirit body to lure that foolish killer!"

The ghost praised, satisfied with Lin Yi's performance. "It seems that I will have more time to study the array Dao in the future. You can protect yourself."

"Senior ghost, don't even think about slacking off. I won't be polite when I need to find you."

Lin Yi was in a good mood-killing this killer that was like gangrene attached to his bones made him feel both physically and mentally at ease, and his thoughts cleared up. He chatted and laughed with the ghost for a bit.

With his Yuan spirit body's characteristics, the arrows didn't do much damage. Lin Yi pretended to be hit, and then used some spirit beast blood to shoot at the killer.

When the assassin from hidden death sect stupidly came over and wanted to finish Lin Yi off, he'd use a sea shattering stage attack talisman and the effect of the space scale to kill Lin Yi in one shot!

"Lin Yi, what happened? How did this place end up like this?"

Wu Jun was the first to arrive and saw Lin Yi standing there unscathed with a smile on his face. He was confused.

Chapter 6847 Delivering Himself To Be Beaten

"I'm fine. There was a Mad Dog that suddenly rushed out and wanted to bite me, but I killed it with one slap! Unfortunately, I used too much strength and nothing was left!"

Lin Yi shrugged and explained casually.

Wu Jun and the other two looked at Lin Yi with a weird expression, as if saying, "you keep lying, we won't expose you."

The fluctuations here just now were clearly an extremely high-level battle scene. In the end, there was even an attack on the level of the sea Rift stage.

Shouldn't you make it up more seriously to deceive a child?

However, Wu Jun and the others didn't think that the shockwave was from Lin Yi. It was more likely that Lin Yi used some life-saving trump card, like an attack talisman or something.

It was the truth, but attack talismans weren't Lin Yi's life-saving cards-Wang shiqing had given him quite a few, and he could spend a lot on them.

"Alright, if there's nothing else, let's go back and see if Zhang Jihua is done. If he's done, we'll continue on our way."

Lin Yi waved his hand and walked towards the pool, "What do you guys think that guy is doing? It's even more troublesome than a woman. "

"Hey, Lin Yi, speak clearly, do you think I'm very troublesome now?"

Yang Xiaoyan couldn't take it anymore and put her hands on her hips as she glared at Lin Yi. "If you don't give me an explanation, we'll end our friendship here!"

"Hehe ... Yang Xiaoyan, we've only just met and you're already ending our friendship. Isn't that a little too rushed?"

Lin Yi laughed as he talked nonsense with Xiaoyan, but he was wondering how the assassin knew he was here.

They'd just returned to the Golden class Sea region, and the ding City Academy wasn't arranged in advance-it was a draw, and they'd be riding on flying spirit beasts to their destination. But the killer was actually waiting for Lin Yi to appear on the way.

It didn't feel right no matter how he thought about it. If hidden death sect could easily determine Lin Yi's location, then Lin Yi really wouldn't be able to eat and sleep in peace!

Perhaps, when he had the chance, he really had to destroy hidden death sect's lair and get rid of them once and for all.

The group laughed and chatted as they returned to the pond. They didn't mention what happened in the forest again, but the way Wu Jun and the others looked at Lin Yi changed.

Their opinions of Lin Yi must've changed-they knew that this was a ruthless man they couldn't afford to offend, and it was best to make friends with him.

"Did you rest well? Let's go as soon as we're done resting!"

After a while, Zhang Jihua also came back. When he saw them, he naturally gave them an order, ""It's best to find a town to stay in tonight. Otherwise, it's very inconvenient in the wilderness. Do you have any objections?"

Lin Yi raised an eyebrow, remembering what Huo yudie said about Zhang Jihua being a spoiled child. It was true, and there was no need to argue with someone like that.

However, the straightforward Yang Xiaoyan snorted and said, ""I almost thought I was a student from the morning Pride Mystic class Women's Academy, I'm really getting a little dizzy!"

This wasn't a subtle way of expressing dissatisfaction, but a direct way of telling Zhang Jihua that this wasn't morning's pride Mystic class Women's Academy, and he better put away his attitude. Everyone here was an elite from their respective Academies, and if it wasn't what the public wanted, who would care about you?

"Aiya, I'm feeling a little dizzy too. Why don't we rest a little more? Your health is more important, so there's no rush. "

Wu Jun and Yang Xiaoyan had already cooperated with each other very well. Their bodies, which had just stood up, slightly tilted and sat back on the big rock by the pool, ""Lin Yi, Jun, do you feel uncomfortable?"

Lu Jun snorted and ignored him. However, the fact that his body didn't move at all while sitting upright was enough to explain the problem.

"Then let's rest for a while. We have plenty of time anyway, so we really don't have to rush."

Lin Yi nodded with a smile. Of course, he wouldn't go against Wu Jun and Yang Xiaoyan-their tempers were to his liking, and they were already considered his friends.

Going against his friend for a stupid Zhang Jihua? Zhang Jihua's brain was broken, but Lin Yi wasn't.

"Lin Yi, you're going against me on purpose, right? I'm telling you, this young master won't give you any face. If you dare to go against this young master, you'll be out of luck in the end. "

Zhang Jihua ignored Yang Xiaoyan and Wu Jun, pointing at Lin Yi's nose and yelling.

Lin Yi didn't know what was going on-he didn't even want to argue with her, and she was already taking advantage of him.

The one who opposed it was Yang Xiaoyan, and the first one to agree was Wu Jun. If you want to flip out, you should find the right person, right?

"Pa!"

Lin Yi waved his hand and slapped Zhang Jihua's fingers away, "I hate it when people point at my nose and talk. If there's a next time, I'll break your fingers!"

It was a clear warning. Lin Yi didn't want to talk to Zhang Jihua, but that didn't mean he had the patience to tolerate Zhang Jihua's provocation.

There was a slight change in the eyes of Yang Xiaoyan and the others. She and Wu Jun tacitly chose to shut up and watch the show. As for Lu Jun, he had always been cold and taciturn. Now, he would not speak even more.

"You're looking for death!"

Zhang Jihua's hand was burning, and so was his face. Lin Yi's slap on his hand was no different from a slap on his face.

Before he could finish his sentence, Zhang Jihua circulated his pure Qi and threw a slap at Lin Yi. Even if he couldn't kill Lin Yi directly, he would at least knock him to the ground and regain his face.

Zhang Jihua wasn't old, but his strength wasn't bad. He was almost on par with Wang Jian, and with Lin Yi's strength, he could easily crush him.

So, Zhang Jihua was very confident. He was even considering if he should take this opportunity to kill Lin Yi and make Huo yudie give up on him.

Zhang Jihua didn't even have time to think before Lin Yi's palm came at him!

He arrived first despite launching later!

With a loud and clear slap, Zhang Jihua was sent flying and fell into the middle of the pool.

Although the pool was very shallow, the water only reaching up to his knees, Zhang Jihua was still in a sorry state when he fell into it.

"Lin Yi, I'm going to kill you!"

Zhang Jihua jumped out of the pool, bringing with him a long string of water droplets as he pounced at Lin Yi. However, Yang Xiaoyan and the others looked at him as if he was an idiot.

Lin Yi's slap had hit Zhang Jihua first, and there was almost no pure Qi fluctuation. It was clear that Lin Yi's combat power was not as simple as it seemed. Zhang Jihua had no chance of winning at all.

Zhang Jihua was too simple-minded to be yelling about killing Lin Yi at a time like this. He deserved to die!

"What an idiot! You just had to come to my door and get beaten up!"

Lin Yi shook his head helplessly and reached out.

Chapter 6848 Ding City Academy

Zhang Jihua's arm seemed to be automatically delivered to Lin Yi's palm. He felt a huge force coming from his arm, and his body in the air couldn't help but accelerate!

Then, the world turned upside down with a loud bang!

Zhang Jihua was thrown to the ground by Lin Yi, and the ground cracked. Lin Yi had used a lot of strength.

Wu Jun's face was scrunched up. Although he was not the one who was picked up and thrown, he could still imagine the pain.

Perhaps Zhang Jihua's bones were already broken. This poor child, how could he be so blind?

Other than that, Lin Yi's combat strength had also exceeded their expectations!

They'd already tried to overestimate Lin Yi, but now they realized that they'd still greatly underestimated him.

"For Yu die's sake, I'm only going to punish you a little today. You'd better not provoke me again, or it won't be as simple as a fall!"

Lin Yi stood next to Zhang Jihua, looking down at him with disdain, as if he was looking at an ant under his feet, cold and merciless, as if he could crush him at any time!

Zhang Jihua's face was blank, and the pain was coming from all over his body. He couldn't even move a finger, and Lin Yi's strength had left an indelible shadow in his heart.

In fact, Zhang Jihua wasn't so vulnerable to a single blow. He had been overly pampered and overprotected. He probably hadn't taken any risks since he started cultivating.

A peak-level disciple who only knew how to rely on resources and practice—even if it was a pseudo-perfect level, it was still trash that could only scare weaker opponents.

"Zhang Jihua is so weak. It seems that the reputation of the morning's pride Mystic class Women's Academy is only so-so."

Yang Xiaoyan turned to Wu Jun and whispered, "Looking at that guy, I'm afraid his courage has been destroyed. If he can't cross this threshold, he'll be a cripple in the future."

"Yeah, Zhang Jihua's willpower isn't strong, and he'll be unable to recover from the slightest setback. If he's destroyed just like that, do you think the principal of the morning's pride Mystic Women's Academy will go crazy?"

Wu Jun was mumbling as well, and the two were very close to each other. Lin Yi found it funny and annoying at the same time when he saw how sneaky they were.

Do you think that others can't hear you because you're so quiet? After cultivating to this level, who wouldn't have sharp ears and sharp eyes?

"Alright, that's enough for you two. Stop mumbling all day and get on your way!"

Lin Yi reached out and grabbed Zhang Jihua, who was on the ground, wrapped in pure Qi. He then threw him onto a flying spirit beast.

"He's leaving just like that? Didn't you say that you wanted to rest for a while?"

Wu Jun grinned as he stood up, ""Lin Yi, Zhang Jihua isn't finished, is he?"

"If you want to rest, then continue. I'll be leaving first, you guys do as you please."

Lin Yi shrugged and said nonchalantly, "Zhang Jihua only suffered minor injuries. He'll recover soon. He won't be finished."

His body would be fine, but he didn't care if his spirit was damaged.

"Let's go, let's go. There's no point in staying here. Let's finish our business as soon as possible so that we can go and play!"

Yang Xiaoyan also stood up and walked towards the flying spirit beast. Once Lin Yi said something, they would naturally choose to listen-this was the embodiment of leadership.

Although Lin Yi didn't fight for the leadership, the others were convinced by Lin Yi's strength and subconsciously followed his command.

The five flying spirit beasts flew up into the sky, and Zhang Jihua, who was casually thrown up by Lin Yi, had already come back to his senses. He silently took a healing pill and stared at Lin Yi in front of him with shame and anger.

Zhang Jihua wanted to turn around and leave Lin Yi, never to see him again, but he was unwilling to do so!

What right did she have to avoid Lin Yi after being humiliated like this? No, he had to take revenge! As long as he had the chance, he would kill Lin Yi!

Lin Yi felt the angry glares behind him, but he didn't care. There were too many people who hated him, four of them from Feiyang college. Who was Zhang Jihua?

As long as Zhang Jihua stayed quiet for a while after he was dealt with and didn't provoke Lin Yi, Lin Yi would have achieved his goal.

As expected, Zhang Jihua was a lot more well-behaved on the way. It was as if Lu Jun No. 2 had joined them, and Lin Yi finally had some peace and quiet.

When they arrived at Ding City Academy, there were naturally people from the Academy who came out to receive them. The five of them were the first batch of recruitment teams from the mystic region to come to Ding City Academy, so they were warmly received.

There were other temporary student recruitment teams whose first stop would be another school, and their second stop would be Ding City School, but Lin Yi's group would probably be on their way to their second stop by then, so they probably wouldn't meet them.

"Lin Yi, we're a little early-the Dingcheng College's recruitment isn't done yet, so we'll start the day after tomorrow. We've got nothing to do today, do you want to go to the nearby town?"

After the meal with the receptionist of Ding City College, Wu Jun and the others didn't want to stay at their place, so they asked Lin Yi to go out with them.

They were all tired of staying in the Academy, and it was rare for them to have the opportunity to come out, so of course they had to go for a walk.

"You guys go ahead, I won't be going."

Lin Yi smiled and shook his head, rejecting the invitation.

It wasn't like he hadn't been to a town in the Yellow Sea before, but it was just like that. Without a female friend to accompany him, what was the point of shopping?

"Alright, we'll be going then. See you later!"

Wu Jun waved his hand and set off with Yang Xiaoyan and the others.

Lin Yi didn't think that a cold guy like Lu Jun would like to go shopping with them. The most surprised person was, of course, Zhang Jihua, who followed them without saying anything.

Maybe it was because Lin Yi didn't want to go, so Zhang Jihua followed? As long as he wasn't with Lin Yi, he would feel better.

After everyone had left, Lin Yi was left alone in the courtyard. He suddenly felt a little bored, so he walked out of his residence and strolled around the ding City College.

To be honest, ding City Academy's environment was quite good. Although it wasn't as huge and Grand as the mystic Ocean Academy, the buildings were extremely exquisite, like an ancient garden of China in the secular world. It was quite a different feeling to walk in.

"Yo, look who I'm looking at? Isn't that Lin Yi?"

A few people walked over, one of them pointing at Lin Yi and laughing, "I heard that there were a few exchange students coming to the Academy these few days. I didn't expect you to be one of them!"

Lin Yi frowned-he knew the man.

Chapter 6849 Meeting Ni Caiyue Again

This person seemed to be called Chang laiting, and he was a despicable man who had actually robbed his own fiancée, ni caiyue, before.

To be honest, Lin Yi didn't like people like this. His spirit sense had already noticed him, but he didn't want to bother with him. He didn't think that this idiot would come and provoke him.

"Brothers, come here, let me introduce you to this Lin Yi, the great genius. I heard he's a very talented genius, but I don't know how talented he is."

Chang laiting probably thought that this was his territory, and Lin Yi was just an exchange student-he wasn't a threat at all. "Genius Lin coming to our ding City College as an exchange student is already a great achievement. In the future, when I go to the mystic division sea, you can all follow genius Lin."

"If Young Chang says he's a genius, then he's a genius. Even if he's an idiot, he'll become a genius among idiots. Everyone must listen to Young Chang and follow great genius Lin in the future."

A student beside Chang laiting joined in on the fun, mocking Lin Yi as well.

The other students didn't want to be outdone, either, and started mocking Lin Yi as well.

Lin Yi looked at the group of idiots "happy performance, amused.

Exchange student? What was that thing? Why would that idiot Chang laiting think that he was coming to ding City Academy as an exchange student?

"Since everyone thinks that we can follow the great genius Lin, why don't we test his charm first? At least you know how much of a genius Lin is!"

After a long time, Chang laiting finally revealed his true intentions and was ready to teach Lin Yi a lesson. "The two of you, go and seek guidance from genius Lin. Let him point out if there are any flaws in your battle techniques!"

"You guys want to be my underlings? I'm sorry, but I'm afraid you don't have the qualifications!"

Lin Yi smiled awkwardly after a while. "I'm not looking down on any of you. What I mean is that everyone here is trash in my eyes. I'm sorry, but I never accept trash as my underlings!"

Arrogant! He was too arrogant!

All the students of Ding City School were boiling with anger after being called trash to Lin Yi's face. They rolled up their sleeves and wanted to rush up and teach Lin Yi a lesson.

Chang laiting was furious on the surface, but he was secretly happy inside-Lin Yi was looking for death! After instigating public anger, he deserved to be beaten to death.

A mere exchange student had offended so many senior students. What else could he do if he was beaten to death? The law couldn't punish the masses, and he couldn't kill all the people involved, right?

Lin Yi's lips curled into a cold smile as he looked at the crowd. He'd already decided that if these idiots tried to attack him, he'd teach them a lesson!

As a member of the mystic division's recruitment team, he was definitely someone all the major Academies wanted to befriend. Who would dare to offend him for no reason?

Even if Lin Yi wasn't in the right, they'd still find him.

"Lin Yi, you've got some guts. If that's the case, I'm afraid you won't be able to escape today!"

Chang laiting had a triumphant look on his face, and a sinister smile appeared on his face. "I'll give you a chance. If you have any last words, you can say them first. Otherwise, you won't even have time to say them when you die. "

"Chang laiting, if you're tired of living, you can try. Don't think that your old man can back you up. Sometimes, even your old man can't handle the trouble you cause!"

Lin Yi wasn't spouting nonsense-golden class seas were already big shots when they were still in their early stages. Lin Yi's strength alone was enough to sweep through the Golden class seas without the hidden masters.

It was just ding town, and if Lin Yi wanted to, he could easily destroy it.

"Yo, yo, yo, what you said really scared people to death! Do you think that I, Chang laiting, can be scared? You sound like you're very powerful. Why don't you make a move!"

Chang laiting's impression of Lin Yi's strength was still the same as back then. Lin Yi was already stronger than him back then, but he felt that he'd grown pretty fast in the past two years. Lin Yi might not be able to suppress him anymore.

Plus, there were so many seniors from ding City School around, not to mention beating Lin Yi up, killing him was a piece of cake.

"Young Chang, didn't you say you wanted to test the great genius Lin's charm? let's go and try! Let's see if he dares to make a move. "

One of Chang laiting's students turned his head, signaling for his friends to surround Lin Yi. Who would want to fight Lin Yi one on one when there were so many of them?

It wasn't a one-on-one battle in the arena, so of course, he had to do it as simple as possible. If he could suppress his opponent, it would be a victory!

Lin Yi's eyes flashed with killing intent-it seemed like these idiots wouldn't know fear if he didn't use his full strength today!

But Lin Yi immediately restrained his killing intent, because his spirit sense found a familiar person provoking ni caiyue!

Ni caiyue was running over at this time, and she obviously saw the confrontation here, so she was a little panicked. Lin Yi was really surprised, not knowing why NI caiyue would come to ding City College.

If he remembered correctly, ni caiyue should be a student of Donghua Academy!

"Stop! All of you, don't move!"

Ni caiyue's speed was very fast, and she shouted as she ran. She was about to arrive, but she tripped and fell forward with a cry of surprise.

If she were to fall to the ground like this, her beautiful little face would probably be in close contact with the ground. Coupled with the inertia, she would probably be in a more miserable state.

Lin Yi's body flashed and he instantly appeared in front of ni caiyue. He opened his arms and held her in his arms before she fell.

People who didn't know better would think that two couples who had reunited after a long time rushed to each other and hugged each other passionately.

"Ni caiyue, are you alright?"

Lin Yi swore that he wasn't trying to take advantage of her, but he couldn't help but feel a little weird carrying one of the three fairies of the Golden class sea.

"I ... I'm fine ..." She said.

Ni caiyue's pretty face blushed, and she stuttered a little because she was nervous.

Remembering that there were a lot of people watching, he straightened his back and turned to changlaiting, not daring to look at Lin Yi.

"Chang laiting, you're bullying me again! And it's Lin Yi-I'm telling you, if you keep doing this, I'm going to tell my master ... And your father!"

These words sounded like they were tough on the outside but weak on the inside, and it was probably the most ruthless words ni caiyue could say!

"Ni caiyue, you B * tch! Seeing her old flame, she wanted to go against her fiancé, right? Hurry up and get out of my way, or else I'll take care of you as well!"

Chang laiting was burning with rage, or perhaps jealousy!

Chapter 6850 Settling Scores Later

His fiancée was defending an outsider. Of course, Chang laiting would feel embarrassed, even though he didn't really care about his fiancée.

"What ... What old flame? Chang laiting, don't go too far!"

Ni caiyue's face was as red as blood, but she still didn't want to take a step back and stood in front of Lin Yi.

"Ni caiyue, I'm fine. You can let them come up."

Lin Yi thought, "how am I supposed to teach them a lesson if you don't let them come up?" Wouldn't that be bullying the weak?

Unless the weak took the initiative to provoke him, then it would be natural for him to counterattack and teach him a lesson.

"Lin Yi, don't worry about this. I'll stick to this until the end, and I'll report this to Ding City College!"

Ni Caiyue was usually a little dazed and cute, but she was very stubborn in critical moments. No matter what Lin Yi said, she didn't back down and would go all out to protect Lin Yi.

"What are you guys waiting for? Quickly go and spar with genius Lin, and ask him how to become a genius!"

Chang Laiting was sure that he had Lin Yi in the palm of his hand today. The more Ni Caiyue protected Lin Yi, the more accomplished he felt when bullying Lin Yi. He was going to the Mystic Division Sea anyway, and Ding City Academy wouldn't punish him for a small exchange student.

Ni Caiyue panicked. She was still standing in front of Lin Yi, but her body was shaking. Lin Yi was speechless. She was still the same girl who panicked when she met an opponent of the same level!

A girl like this stood up for Lin Yi, and he'd be lying if he said he wasn't touched!

"Ni Caiyue, get out of the way! They can't do anything to me!"

Lin Yi smiled and patted ni caiyue's shoulder. "I'll handle the rest. You just watch from the side!"

"No... We can 't, they have too many people ... Let's go ..."

Ni caiyue was extremely nervous, and she did not know what to do as she looked at the two people who were getting closer.

Lin Yi thought to himself,"you're panicking so much, it's better to move away." What a silly girl ...

At this moment, two figures appeared in the distance. The two students who were approaching immediately retreated after they saw them.

"Young Chang, a teacher from the Academy is coming. It won't be good if he sees us."

One of them pointed in the direction of the incoming person and whispered to Chang laiting,""Why don't we forget about it today and deal with that brat when we have the chance next time? anyway, he can't run away in ding City Academy."

Being found out by the Academy after the incident and being caught red-handed by the Academy's teachers were two completely different things. No matter how arrogant and despotic Chang laiting was in ding City Academy, he would not dare to do such a thing.

Especially at this crucial moment when they were about to participate in the mystic division sea selection, if they were disqualified by the Academy because of this, then it would really not be worth it!

"This kid is lucky!"

Chang laiting hmphed, his eyes landing on Lin Yi and Ni caiyue. "I'm in a good mood today, so I won't argue with you. However, I won't let this matter go just like that. I'll settle the score with you later!"

After he finished speaking, Chang laiting simply shook his head and beckoned the people beside him to leave. The group of them left before the two teachers could get close.

"That was close! Fortunately, there were instructors passing by, or else it would be troublesome today!"

Ni caiyue heaved a sigh of relief, and her face turned slightly pale. She patted her chest and said, "Lin Yi, why are you at Ding City College? Which college are you an exchange student from?"

"I'm not an exchange student. I just have some matters to attend to and came to Ding City Academy for a few days. As for you, why did you come here?"

Lin Yi didn't tell her that he was here to recruit students. Ni caiyue was probably going to participate in the selection as well, and Lin Yi felt that it would be awkward to tell her his identity.

"I see. That's good. It won't be easy for those people to find trouble with you."

Ni caiyue was slightly relieved, and then she began to answer the question about herself. "I'm an exchange student from Dong Hua Academy. Because my master felt that my personality was not too ... Um ... Steady, so he sent me to ding City Academy to train."

Lin Yi raised his eyebrows. Ni caiyue's personality was indeed problematic, but that was only limited to battles. What training could she get in ding City College?

Perhaps ni caiyue's master wanted her to have more contact with changlai ting so that they could continue their arranged marriage?

"Your master is really thoughtful. How long have you been in ding City Academy?"

Lin Yi's meaning might be different from ni caiyue's understanding, but he didn't want her to understand it too clearly, "Are you used to this place?"

"I haven't been here for long, probably about ten days. I'm quite used to it. Actually, the environment of ding City College and our Dong Hua college are pretty similar, so I think it's fine."

Ni caiyue smiled, but she was slightly disappointed. "But my friends are all in Dong Hua Academy. I haven't made many friends since I came here, so sometimes I feel bored."

"Why would I? You're so pretty, cute, and kind. There should be many people who would like to make friends with you. "

Lin Yi was indeed a little surprised. Ni caiyue was one of the three fairies of the Yellow Sea region, and there was no doubt that she was very popular. Even if she had only been at ding City College for a day, she would definitely be the center of attention.

How could he not make any friends after ten days? It was probably because of that idiot Chang laiting, right?

She didn't know what kind of sh * t was in Chang laiting's head. One of the three fairies of the Yellow Sea region was his fiancée, but he didn't cherish her and even looked at her with disdain. She really couldn't understand.

Normally, shouldn't he try every possible way to please ni caiyue so that he could bring the beauty home as soon as possible? Except for the fact that laiting didn't like women ...

Lin Yi rubbed his chin, feeling as if he'd just found out the truth ...

"Lin Yi, you're so sweet! I feel so much better just listening to you!"

Ni caiyue revealed a bright smile and invited him, "Now that you've come to ding City Academy, I finally have a friend that I can talk to. Why don't we go for a stroll around ding City Town?"

Lin Yi really wanted to agree, but he couldn't because Wu Jun and the others were in ding town as well. If he went with ni caiyue now, he might run into them.

Lin Yi had just rejected their offer to go with them, and it didn't seem appropriate to bring ni caiyue along now.

"Let's go tomorrow. I just arrived today, so I want to take a look around the school. If you're free, can you be my tour guide?"

Lin Yi didn't reject ni caiyue, but he changed the time to tomorrow.

Ni caiyue didn't mind, of course. Lin Yi was with her today anyway, so it didn't make much of a difference whether they visited the school or ding town.
