

## Bodyguard 6851

Chapter 6851 Secret Date?

Plus, after today, she'd be able to be with Lin Yi tomorrow. It was a happy thing.

The two walked side by side, walking around ding City Academy. Ni caiyue talked a lot, and Lin Yi heard a lot of things that he shouldn't know, and his mood became bright.

Later, seeing that it was getting late, they decided on a time to meet the next day and then left.

The next day, when Lin Yi went out, Wu Jun, Yang Xiaoyan, and the others weren't there. The four seemed to be getting along quite well after yesterday's stroll.

Lin Yi didn't accept the invitation yesterday, so they didn't disturb him when they went out today. However, Lin Yi didn't think that Wu Jun, Yang Xiaoyan, and Zhang Jihua would really form a small group. They were two different types of people, and they probably just got along on the surface.

"Lin Yi, over here!"

Ni caiyue was already waiting at the entrance, and she waved at Lin Yi with a smile when she saw him.

A few of the ding City Academy students passing by all looked at Lin Yi with envy and jealousy-one of the three fairies of the Golden class Sea area!

It was not easy for her to come to ding City Academy, but she was actually so close to this brat who came out of nowhere.

It was a pity that they knew ni caiyue's identity, so they could only watch from a distance, and no one dared to come forward and talk to her.

"You've been here for a while?"

Lin Yi picked up his pace and smiled as he got closer. "Didn't you say that we're going to eat? it's still early. "

"No, no. I just arrived and then saw you."

Ni caiyue's pretty face blushed, and she explained uneasily, "You're a little early, we'll walk slowly to ding town, it's about time. "

"En, that's right. Let's go!"

Lin Yi smiled and nodded, walking side by side with ni caiyue. They chatted casually, and the atmosphere between the two slowly improved.

After a short while, the two of them entered ding town. Because it was close to the ding City Academy, although the scale of this town was not big, it was extremely prosperous. The town was filled with traffic, and it was very lively.

"I didn't expect this place to be so nice. Have you been here before? Is there any place you can introduce?"

Lin Yi looked around casually, keeping his spirit sense within a few dozen meters to ensure his safety.

"I've been here twice, but I've never really strolled around ... I don't know how to introduce it ..."

Ni caiyue was a little embarrassed, as if she was disappointed that she wasn't familiar with ding town despite being half a landlord.

What an honest and upright girl!

"It's alright. We're not familiar with each other. We can just walk around and look around."

Lin Yi raised his head with a smile and picked a random shop after seeing how popular it was. "This place looks very popular. Let's go to this one first."

Ni caiyue naturally didn't object and happily followed Lin Yi.

The two of them walked around casually and bought some trinkets along the way. Ni caiyue's smile never disappeared, and her small face flickered with a faint blush, making her look extremely beautiful.

It was almost dinner time, and the people in ding town all went to the restaurants, and Lin Yi and Ni caiyue followed them into a restaurant.

More than 90% of the seats in the hall were filled, and there were only a few empty seats, which did not seem suitable for two people to eat.

"Are the two guests eating?"

A waiter with a towel on his shoulder quickly came forward and bowed to greet him. His young face was full of smiles.

"Yes, do you have a private room?"

Lin Yi smiled as he nodded. He'd never be overbearing towards these normal people.

"Yes, yes, yes. There's a private room on the second floor. This way, please, my two distinguished guests."

The young waiter's smile became even more enthusiastic. There was a minimum spending standard for private rooms. To be able to entertain such a guest, he would be paid more. There might even be additional tips, so he naturally had to be more attentive.

Lin Yi and Ni caiyue followed the waiter up to the second floor and entered a room by the street. The room was elegantly decorated, and it was indeed worthy of its name. They could see the street View from far away when they opened the window, and when they closed the window, they could isolate the sounds from the outside world, keeping it quiet enough.

"Are the two distinguished guests satisfied with this private room? If you're not satisfied, this little one will go and see if there are any private rooms available. "

The young man maintained his bow as he asked Lin Yi and Ni caiyue with a respectful face.

"This place is not bad, we're quite satisfied."

Lin Yi looked at ni caiyue and saw a slight smile on her face. He took out a few spiritual jades and gave them to the shop assistant. "This is your tip. Choose your signature dishes, a pot of good wine, and a pot of good tea!"

"Thank you for the tip, Sir. I'll go to the kitchen and place an order immediately. Please wait for a moment."

The young shop assistant was overjoyed. After taking the spiritual Jade, he quickly nodded and bowed to express his thanks, then ran out to make arrangements.

It was rare to meet such a generous customer. He had to serve him well, and he might even get a reward.

"Let's sit down and talk. Business here is pretty good. It seems like the taste should be good too. We'll be able to have a good meal today. "

Lin Yi invited ni caiyue to have a seat and chatted with her to pass the time.

The two had just sat down when the waiter came back with a tray with the wine and tea Lin Yi asked for, as well as a few small plates of snacks and nuts.

"My two distinguished guests, these are the appetizers of the store. Please enjoy."

Before he could finish his sentence, a few people happened to walk past the door of the private room. The leader looked inside and immediately stopped in his tracks.

"Lin Yi! Ni caiyue! You two are good! You actually had a secret date behind this young master's back!"

The person who spoke was none other than ni caiyue's nominal fiancé, Chang laiting. They had parted on bad terms yesterday, and he did not expect to meet him again today.

"Chang laiting, did the monkeys send you here to be a joke? Ni caiyue and I were having a proper meal, how did we end up on a date in private?"

Lin Yi's face turned cold. He didn't care, but he couldn't stand seeing Chang laiting looking down on ni caiyue, "Let's take a step back. Even if I were to meet up with ni caiyue, what does it have to do with you?"

Chang laiting didn't know what a joke was, and he didn't know what kind of relationship Lin Yi was talking about, but he could tell that Lin Yi wasn't saying anything nice.

"Lin, don't be so arrogant. This is ding town, my territory! You're just a mere exchange student, I might still have some reservations in the Academy, but once you're in ding town, do you believe that no one will speak even if I kill you?"

Chang laiting sneered, his eyes sweeping over the two guards, signaling for them to take Lin Yi down.

The originally enthusiastic waiter didn't even dare to let out a fart. He directly bent down, lowered his head, and sneaked out against the wall.

Chapter 6852 You Are In Big Trouble

To be able to open a restaurant in the most prosperous area of ding town, one naturally had to have some background. But in ding town, who could have a more powerful background than changlai court?

"Changlai ting! You.....Don't go too far!"

Ni caiyue's face flushed red, but she did not know what to say. She was too easily nervous, and once she was nervous, not only would she not be able to speak smoothly, but her movements would also be distorted.

Ni caiyue wasn't nervous when facing changlaiting, but she couldn't help but panic when Lin Yi was by her side ...

"Bullying? You're the one who's going too far, you little slut! I'll kill Lin Yi in front of you today and see if you'll shed a few tears!"

Chang laiting's face was twisted as the two guards closed in on Lin Yi, ready to attack at any moment.

The coldness in Lin Yi's eyes intensified. If Chang laiting really dared to make a move, he'd make sure this idiot got to know Jiao zuoren!

Just as the two sides were about to go all out, a few more people came up. Lin Yi wasn't unfamiliar with them-they were the people from the temporary recruitment team.

"Eh, Lin Yi! You're not coming with us because you have a date with a beauty!"

Wu Jun saw Lin Yi and Ni caiyue beside him, and a strange smile appeared on his face. His eyes darted around,"Why are you ..."

He had originally wanted to say that the people around him were all top-notch beauties, but he suddenly realized that it wasn't very appropriate to say so, so he quickly swallowed his words.

Zhang Jihua's eyes flashed with a complicated look, a mix of jealousy and anger, and an inexplicable sense of relief. It was as if Huo yudie would like Lin Yi if he had ni caiyue.

"What a coincidence, you guys are here to eat too?"

Lin Yi didn't need to explain. He nodded to the group as usual and greeted, "I have something to do here. You guys go eat first, I'll look for you later."

Chang laiting looked at Wu Jun and the others with a little fear. Although he didn't know these young men and women, the aura on their bodies was very powerful. Tao Wu was much stronger than him!

If the four were to help Lin Yi, Chang laiting felt that he wouldn't be able to teach Lin Yi a lesson today. Fortunately, they didn't seem to be that close.

"What's the matter? Do you need any help?"

Yang Xiaoyan looked like a carefree girl on the surface, but she was still a girl-she could tell that there was something going on between Lin Yi and Chang laiting with one look.

But with Lin Yi's strength, he probably didn't need their help. Besides, who would dare to offend a recruitment team from the mystic Sea to the Golden sea?

Lin Yi gave her a warm smile and shook his head, "No need, he's just a clown, I can easily get rid of him."

Yang Xiaoyan smiled and shrugged. She was only asking Lin Yi to show her kindness. As long as Lin Yi was willing to accept it, it was fine.

"Hahahaha, Lin Yi, you sure know how to act cool! Acting cool in front of your friends, and then I'll beat you up like an idiot ... Is that really good?"

Chang laiting was so angry that he laughed. He was afraid of Wu Jun, Yang Xiaoyan, and the others, but this was ding town!

What was a little fear? The Chang clan had the final say in the entire ding town. Who would dare to cause trouble for a few young people in the mountain opening stage?

One slap to death!

With confidence, Chang laiting decided to ignore Wu Jun and the others. He gave the two guards a look, and they nodded before charging at Lin Yi.

These two guards were at the initial stage of mountain-splitting, but they were just the most ordinary early stage mountain-splitting cultivators. Their strength was not much stronger than that of the Xuan Sheng stage, who could split a mountain with a thought.

Lin Yi wasn't interested in dealing with trash like them at all. He waved his hand, and with two crisp sounds, the two were sent flying to the left and right.

That speed ... Was several times faster than when they had arrived!

Chang laiting was dumbfounded. What was going on? How come I didn't see anything, and the two guards in the mountain opening stage were sent flying?

"Lin Yi! How dare you hit my people in ding town? You're dead! I'm telling you! You're dead!"

After a brief pause, he jumped up like a cat whose tail had been stepped on, pointing at Lin Yi as he screamed. "This is ding town. If you dare to attack, don't even think about walking out of ding town! You're in big trouble, you know?"

Before he could finish his words, Chang laiting had already taken out a jade talisman. Circulating his zhenqi, he was about to crush the Jade talisman.

Lin Yi looked on coldly, guessing that it was a signal tool. Ding town wasn't that big, and it might take less than a minute or two for reinforcements from ding town to come and help changlai ting.

"Ha ... I'm most afraid of getting into big trouble, so that I don't even know how I died!"

Lin Yi raised an eyebrow and looked at Chang laiting with a smile that wasn't quite a smile. He sounded like he was giving in, but then he changed the topic. "It's a pity that I can't cause any big trouble in ding town. After all, there are only so many places in ding town. It's not a big deal to destroy them all!"

"Who doesn't know how to brag? However, when it comes to acting tough, I'm only convinced by you!"

Chang laiting laughed maniacally. He was afraid that Lin Yi would stop him, so he quickly crushed the Jade talisman in his hand. A loud bell-like sound rang out from the center of ding town, and dozens of people rushed over from all directions.

Lin Yi's spirit sense told him that the fastest ones only needed a dozen seconds to get here.

"Brat, I want to see how arrogant you can be. In ding town, even if you are a Dragon, you have to bow down to me!"

Chang laiting glared at Lin Yi with a menacing smile on his face. The two guards who had been sent flying had already retreated to stand in front of him, protecting him. With the two guards behind him, the four of them formed a simple battle formation, and their combat strength was instantly boosted.

This was also the reason why Chang laiting had the courage to call for backup after seeing Lin Yi's attack. If he couldn't protect himself, he'd probably run away long ago and come back for revenge.

"What are you afraid of? If you want to teach me a lesson, then do it yourself!"

Lin Yi's face was full of disdain, a mocking smile on his face. Beating up someone like Chang laiting was too much of a hassle-they were on completely different levels.

Zhang Jihua, who was watching from the side, barely had the right to stretch Lin Yi's muscles ...

"Do I need to deal with you personally? There are plenty of people who are willing to take care of you for this young master!"

Chang laiting sounded arrogant, but he was actually feeling a little guilty. If he could beat Lin Yi, he'd do it himself, of course. Revenge or whatever ... How could it be more satisfying to beat someone up himself?

It was a pity that he didn't even see how Lin Yi sent the guards flying with one slap.

He wasn't an idiot-he knew that he wasn't Lin Yi's match, and if he really went up, he'd be asking for it!

Chapter 6853 You Dare To Offend The Representative Team?

As the two of them were talking, the fastest person had already arrived at the entrance of the restaurant. However, before he could enter, another person came up the stairs.

Lin Yi thought that this guy looked familiar. He seemed to be from Ding City School. He seemed to have seen him before when he first arrived. He was a teacher in charge of receiving the temporary student recruitment team, right?

"Oh, isn't this teacher Wang? it's rare for you to come out for a meal today. I'll treat you to a meal later. I'll also thank teacher Wang for taking care of me all these years."

Chang laiting was very familiar with the people who just came up, and he greeted them enthusiastically, leaving Lin Yi behind.

Although he was the young master of Ding town, this instructor Wang was in charge of recommending students to the various Academies in the mystic division Sea area. The treatment for students who had a instructor's recommendation and those who had registered was definitely different.

"Oh, it's Chang laiting. It's not convenient today. Let's talk another day."

Teacher Wang was polite but reserved. He was familiar with Chang laiting, but he had to be polite and not be too intimate with him since the temporary student recruitment team was present.

"The representatives are already here? I'm really sorry, this Wang was delayed for a while and caused everyone to wait for a long time. Sorry, sorry!"

After greeting Chang laiting, instructor Wang immediately put on a smile and apologized to Wu Jun and Yang Xiaoyan with cupped hands.

Chang laiting was slightly taken aback, and he had a bad feeling about this.

Before instructor Wang could finish his sentence, a series of hurried footsteps could be heard coming from the stairs. It was the reinforcements that Chang laiting had called over. They were the fastest and closest group of people to the restaurant!

"Young Chang! Are you alright? Who dares to touch my young master in ding town?"

The first person to come up was a skinny middle-aged man with a goatee on his chin. When he saw Chang laiting, he immediately rushed over and expressed his loyalty.

Those who didn't manage to grab the opportunity were secretly upset. They didn't have many chances to show off in front of Chang laiting. They only hated that their parents didn't have two legs, so they were slower!

The two guards who'd been sent flying didn't know who Lin Yi was from the way he'd addressed Wu Jun and the others, and the humiliation they'd suffered earlier had already enraged them. They didn't wait for Chang laiting to speak before pointing at Lin Yi.

"It's that brat. Not only did he dare to offend our Young Chang, but he also dared to hit people! Brothers, let's go together and kill this brat today!"

The skinny man with the goatee didn't say anything-he waved his hand and led the people behind him to pounce on Lin Yi. They had to be brave at a time like this, of course, so they could leave a deep impression on Chang laiting!

"How audacious! Are you guys crazy? Who gave you the guts to be so impudent!"

Teacher Wang was scared out of his wits at the sight. He quickly moved in front of Lin Yi and Ni caiyue, his face red as he opened his arms to stop the people from changlai ting.

Lin Yi pursed his lips-it seemed like he wouldn't have the chance to move his muscles today. With the mentors from ding City School around, the Laoting probably wouldn't have the guts to fight anymore.

"Come back!"

Chang laiting growled. The bad feeling in his heart grew stronger. He had a very good relationship with teacher Wang. He would not do such a thing unless it was something important ...

The few people who had come to support him retreated even faster, but their faces were a little dumbfounded. They thought to themselves, Young Chang has sent an emergency signal to gather people. Are they going to give up just because someone stopped them?

"Teacher Wang, why are you protecting them?"

Chang laiting forced out a smile. He really didn't want to believe the ominous premonition in his heart, even though it was already on the verge of being realized.

"Chang laiting, are you crazy?"

Teacher Wang glared at Chang laiting and cursed under his breath before turning to face Lin Yi. His expression did a 180-degree change as he did so. "Representative Lin Yi is here too? That's great!"

Lin Yi's representative?

It was as if Chang laiting had heard a Thunderbolt from a clear sky. He was dumbfounded, and so were his guards.

"I was a little disappointed when I heard that Lin Yi didn't have time to come, but it's all good now that all five representatives are here, I can play the host!"

Teacher Wang smiled very warmly, even a little fawningly. "Chang laiting doesn't know the representative's identity. It's all a misunderstanding. Please be magnanimous and don't lower yourself to his level."

Lin Yi shrugged nonchalantly. Changlai ting wasn't on the same level as him anymore-it was like a man fighting an ant under his feet. Who would care if the ant waved its fist at them?

It didn't matter if he crushed it or not-that was what Lin Yi was thinking.

Chang laiting's face turned pale. Wasn't Lin Yi an exchange student at ding City College? Why did he suddenly become a representative?

Wasn't teacher Wang in charge of receiving the recruitment team representatives from the mystic division Sea region?

Lin Yi ... The student recruitment representative? Chang laiting felt that his brain wasn't working well enough ...

Teacher Wang also felt that there was something wrong with Chang laiting's brain. He was about to take part in the mystic division Sea region's entrance examination, and he dared to offend the representative of the recruitment team?

Come, come, come, tell me what you're thinking.

Lin Yi was only representing the school, and Chang laiting would lose his chance to go to the school if he offended Lin Yi.

However, if such a terrible incident were to spread, it was likely that not only the Feiyang Academy, but any other Academy would consider whether they wanted to accept such a mentally-challenged student before accepting changlai ting.

If Chang laiting's talent was top-notch, it would still be fine. However, this fellow was only above average and could not even reach the threshold of a genius. If not for his good father and the resources he had accumulated, he would not even have the qualifications to take part in the assessment.

"Thank you for your kind intentions, teacher Wang. I'm out with my friends today, so I won't disturb you."

Lin Yi didn't want to eat at the same table as Zhang Jihua, so he declined politely, "We still have to stay in ding City Academy for a period of time. We will have plenty of opportunities to get closer to teacher Wang."

"Hahaha, you're right, representative Lin. However, I'd like to discuss the recruitment with the other representatives today. It would be best if you could participate."

Teacher Wang laughed heartily and looked at ni caiyue, one of the three fairies of the yellow-class Sea area. He naturally knew her. "Ni caiyue is our Academy's exchange student, so there's no problem eating with her. Representative Lin doesn't have to worry about her."

This was practically giving Lin Yi a favor and letting ni caiyue benefit from it.

He had no choice-Chang laiting almost hit Lin Yi, and the professor had to think of a way to save him. He wouldn't continue inviting Lin Yi after he rejected the invitation.

It wasn't a big deal to offend Lin Yi, but he was representing the entire Mystic division sea Academy Alliance's recruitment team. If an attack really happened on ding City Academy's territory, then ding City Academy would be finished.

## Chapter 6854 Waiting For You To Cancel The Engagement

Not to mention this time, there might not be any more Mystic division Academies in the future that would accept students from Ding City Academy.

After losing the chance to enter the Mystic class Sea region, Ding City Academy would not be able to recruit any talented students. In less than a year or two, it would close down.

"Teacher Wang, you're welcome. Ni Caiyue and I are old friends. We haven't seen each other for a long time, and we still have a lot to talk about. Wu Jun and the others will tell me about the recruitment later, so you guys can decide."

Lin Yi cupped his fists casually and rejected Teacher Wang's invitation again. He would rather have a good meal with Ni Caiyue than go to Zhang Jihua, who he didn't like.

"Alright, then I won't disturb Representative Lin's meal."

Teacher Wang didn't insist. He didn't want to annoy them if he continued. He turned to Chang Laiting and said, "Get your men to leave and apologize to Representative Lin!"

How could Chang Laiting be willing to lower his head to Lin Yi? Moreover, he had gathered so many people, so wouldn't it be very embarrassing to send him back like this?

Seeing Chang laiting's conflicted expression, teacher Wang was instantly enraged. ""Changlai ting! Representative Lin Yi is the representative of the top school in the mystic division, Feiyang school. If you don't want to go to the mystic division, you can continue to show your strength!"

In other words, Chang laiting would probably have nothing to do with the recruitment this time and the future. Obediently staying in the Yellow Sea region was the only outcome.

Chang laiting panicked-his old man could skin him alive if he couldn't go to Mystic class, but apologizing to Lin Yi ... This was too much!

"All of you, step down. Let the people behind you go back and do what you have to do!"

After quickly weighing the pros and cons in his heart, Chang laiting immediately made a decision. What was face? His life and benefits were the most important things.

First, he had to send his own people away to prevent his subordinates from seeing this embarrassing scene. That would really be embarrassing!

The guards were very perceptive. Hearing Chang laiting's words, they all retreated downstairs. No one was stupid. After seeing their young master embarrass himself, if any rumors were to spread, they would be the first to be punished.

"Haha, that ... Lin Yi, it was all a misunderstanding ... You know I like to joke, right, I was just joking."

Chang Laoting laughed dryly as he cupped his fists and bowed to Lin Yi, making up a lie that anyone could tell. "I knew you weren't simple, Lin Yi-it's only been a while since we last met, and you've already become the mystic class sea's representative! Amazing, he's really amazing!"

Even Chang laiting felt disgusted by himself, but he still hoped that Lin Yi would be happy and let him go.

Lin Yi smiled teasingly as he watched Chang laiting's performance. He was thinking of teaching the guy a lesson, but it didn't seem appropriate to do it in front of the teachers of ding city.

"Ni caiyue, the matter between us was decided by the elders in private. In fact, you and I both know that we're not suitable for each other. I'll go back and tell my father to look for your master to cancel our engagement!"

Chang laiting was flustered, and in his desperation, he even said that he wanted to cancel his engagement with ni caiyue.

As far as he was concerned, Lin Yi was going against him because he liked ni caiyue. As long as he had nothing to do with ni caiyue, Lin Yi would let him go!

In any case, Chang laiting did not value ni caiyue too much. As long as he could protect himself, the marriage agreement was nothing. Moreover, if his father did not agree to it after he returned, he could not be blamed, right?

Ni caiyue was slightly stunned, but she was rather happy. It would definitely be a good thing if that was the case.

"Chang laiting, you'd better do what you say. I'll be waiting for the news of the annulment of your engagement."

Lin Yi was smiling, but his eyes were cold as he looked at Chang laiting.

He didn't ask him to do it, but since he'd brought it up himself, Lin Yi didn't mind teaching him the consequences of going back on his word.

"Of course. I, changlai ting, have always kept my word. My words are like nails!"

Chang laiting forced a smile, cursing Lin Yi to death in his heart.

As for the matter with ni caiyue, only a ghost would really do it. At most, it was just for show. It was none of his business if he was rejected by the elders.

"Alright, get lost if you don't have anything to say. You're an eyesore."

Lin Yi waved his hand disgustedly, as if he was shooing away a fly.

It was a pity that the situation was more pressing than the person. After knowing Lin Yi's identity, Chang laiting didn't dare to waste his breath anymore. He quickly said goodbye to the others and left the place.

"Lin Yi, you're so cool! You actually forced someone's fianc  to break off the engagement. My Junior Sister will definitely be very interested in your glorious deeds. "

After Chang laiting left, Zhang Jihua couldn't help but mock Lin Yi. He was trying to ruin Lin Yi's relationship with Huo yudie, and also plant a thorn in the heart of ni caiyue.

Ni caiyue was one of the three fairies of the Golden sea area, on par with Huo yudie. With beauties of the same level surrounding Lin Yi, it was no wonder Zhang Jihua was jealous!

"Zhang Jihua, you're not only a villain, you're an idiot! If you want to tattle on me, why don't you do it in secret? are you afraid that I won't punish you if you say it in front of me?"

Lin Yi's face was full of mockery, as if he was looking at the hopeless situation."If you feel like your skin is itchy, just tell me. I don't mind loosening your bones."

"If you have the guts, try and see if the mystic Sea region's Alliance of Academies will side with you!"

Zhang Jihua's face changed, but he still retorted.

They were representing the entire Mystic Sea region's Alliance of schools. If they started a fight in front of the people from the Golden sea region, it would be a disgrace to the entire Mystic Sea region's Alliance of schools.

If Lin Yi attacked now, there was indeed the possibility of him being punished. It was no wonder that Zhang Jihua would suddenly provoke him.

"Alright, alright. We're all family, so let's not talk too much. Teacher Wang, let's go eat first and discuss the enrollment."

Yang Xiaoyan stepped in to smooth things over. She was really afraid that Lin Yi would teach Zhang Jihua a lesson. Although she also felt that this idiot needed to be taught a lesson, now wasn't a good time, "Lin Yi, you should spend some time with your friend. Don't let this affect your mood."

"Yes, yes, yes. Let's go and eat first. Representative Lin, you're busy with your work. We'll have a meal together when we have the chance."

Teacher Wang smiled and tried to smooth things over. His identity was a little awkward, and if Lin Yi and Zhang Jihua really got into a fight, he'd be the one in trouble.

Lu Jun silently pulled Zhang Jihua away and nodded at Lin Yi before half-forcing Zhang Jihua to walk to the private room on the other side.

Chapter 6855 There's Really No Compensation

Wu Jun greeted Lin Yi and Ni caiyue as if nothing had happened, and followed behind the two of them. Yang Xiaoyan and teacher Wang were the last to leave.

In an instant, Lin Yi's side was much quieter-the guy who'd sneaked away earlier sneaked back up and greeted Lin Yi when he saw that everything was fine.

Someone who dared to confront changlai ting directly and had nothing to do with it was definitely not someone they could offend. It was definitely not wrong to serve him well.

When Immortals fought, it would be a disaster if mortals were involved.

After Chang laiting's interference, ni caiyue's mood was clearly affected. She was especially worried about the marriage contract.

Thus, the meal was hastily ended. The two of them were not in the mood to continue shopping, so they could only return to ding City Academy together.

The next two days were calm, and then news came from changlai ting, saying that the elders on both sides did not agree to break off the engagement. He had no choice but to let it go for now.

"I knew that this unrivalled mountain donkey wouldn't break off the engagement so easily. Just wait, I'll find an opportunity to let you know the consequences of talking like you're farting."

Lin Yi had expected this, but he was still a little angry after confirming it. He was thinking about when he should take care of Chang laiting.

Ding City School was in the middle of recruiting students, so Lin Yi didn't have the chance to go and find Chang laiting. Luckily, that idiot was going to take part in the test, and he'd have a chance to get his hands on him.

The job of the temporary recruitment team was actually very simple. They just had to promote their own college and attract outstanding talents to apply.

If both sides felt that they were suitable, they would make initial contact and let each other have a general understanding of each other. As long as they could pass the selection and enter the assessment list of the mystic Sea area, the chances of success would be higher.

Chang laiting knew that he'd offended Lin Yi, so he didn't show his face at all. Lin Yi's group was only the first batch, after all, and there would be other groups coming later. It wasn't a big deal to give up on the first batch.

There weren't many people from ding City Academy who were qualified to participate in the selection. With the addition of a few exchange students from other Academies, the preliminary selection process was completed in just one or two days.

After some rest, the five of them left ding City College and headed to the next recruitment destination, Hongwu college. As for ni caiyue, she stayed in ding City College and would meet up with Lin Yi when the selection started.

There wasn't anyone Lin Yi was close to in Hongwu, so the process was very simple. It was free time for the members to do whatever they wanted before the selection.

"Mission accomplished. I'll take my leave first. We'll meet again when the selection begins!"

Outside of Hongwu Academy, Lin Yi smiled as he bid farewell to Wu Jun and Yang Xiaoyan, ""I have a lot of old friends I need to visit in the Golden class Sea area, so I can't go with you guys. I'm sorry!"

"I understand! We'll take care of ourselves, see you later!"

Wu Jun gave Lin Yi an unspoken look, as if he thought that Lin Yi was going to meet some pretty girl again, like Huo yudie and Ni caiyue.

Lin Yi's mouth twitched. What was a man doing with those eyes? Was it disgusting?

"Lin Yi, you're so mean-this is my first time here, and I wanted you to be my guide, but you ran off on your own."

Yang Xiaoyan laughed heartily and said,"but forget it. I know you have a lot of good sisters to see. I won't make things difficult for you. Just remember to compensate me in the future."

"I really don't have any!"

Lin Yi quickly explained with a smile. He wanted to go to the blissful Valley to check on Hao Zili and the others. He didn't know what was so urgent that even feiyi and min huichen had to rush back to the Golden class Sea area.

As for having a good sister, there was no such thing in the Golden sea!

"What? Not even a little compensation? I didn't know you were like this, Lin Yi! I really misjudged you!"

Yang Xiaoyan's expression of shock and anger was really good at acting, ""Forget it, forget it. It's fine if you don't have it. It seems that we can only end our friendship!"

"Ha ... You're good at bullshitting. I really wasn't going to look for my good sister. A few of my brothers seem to be in trouble, so I'm going to see if I can help."

Lin Yi explained with a smile as he admired Yang Xiaoyan. If it was someone like Zhang Jihua who dared to talk to him like that, he'd probably have slapped her already.

"So that's how it is. Could it be that I've really wronged you?"

Yang Xiaoyan's face was suspicious, and she suddenly clapped her hands and said, ""If that's the case, why don't we go with you to find your friend? if you really need help, we'll do our best to apologize for what happened just now."

"Yang Xiaoyan, you don't believe Lin Yi's words and want to verify it? Could it be that you're into Lin Yi?"

Wu Jun laughed and teased Yang Xiaoyan. These few days, they had become very familiar with each other, and it was not a problem for them to make small jokes.

"Get lost. I have a Dao companion, okay? if you continue to talk nonsense, do you believe that I will cut off your tongue?"

Yang Xiaoyan laughed and scolded a bit before turning to Lin Yi seriously, "Lin Yi, I really want to help. I don't have anywhere I want to go in the Golden class sea anyway, it's good to hang out with you. Of course, if it's really inconvenient for you, just pretend I didn't say anything. "

"It's not inconvenient at all. I don't know what I'll encounter there. If you really want to go with me, then let's go together. "

Lin Yi shrugged. He couldn't reject her anymore after what she said.

It wasn't certain if something had really happened to the blissful Valley yet, but with Lin Yi's relationship with Hao Zili, min huichen, and the others, it shouldn't be a problem for him to bring his friends to the blissful Valley.

"Then it's a deal, I'll go with you!"

Yang Xiaoyan clapped her hands and nudged Wu Jun with her shoulder, ""Hey, how are you? Do you want to play by yourself or come with us?"

"What are you saying? I, Wu Jun, have always been a loyal man who would do anything for a friend. If Lin Yi's in trouble, of course I'll go help!"

Wu Jun's face was righteous, but his heart was bursting with joy. He was someone who couldn't stand loneliness, and it was much better to be able to talk and laugh with Yang Xiaoyan and Lin Yi than to hang around alone,"Lu Jun, what do you say?"

From Wu Jun's point of view, the more people there were, the more lively it would be. Although Lu Jun was a taciturn person, with him around, it was not bad to be able to tease him.

"I won't go. There are some places I want to see alone!"

Lu Jun said indifferently and continued to remain silent.

Wu Jun pouted his lips with some regret. Since Lu Jun didn't want to go with him, he wouldn't force him.

Chapter 6856 Disappeared Paradise Valley

As for Zhang Jihua, he knew that he had a conflict with Lin Yi, but he still invited him. Wu Jun was stupid.

Zhang Jihua secretly gritted his teeth and put on an arrogant look. He didn't say anything to the others and directly turned to leave. It was quite straightforward to part ways.

After Zhang Jihua walked away, Lu Jun also cupped his hands and said goodbye to the three of them in silence. He then left in another direction.

"Lin Yi, where are we going?"

Yang Xiaoyan retracted her arm and looked at Lin Yi excitedly, ready to start the journey, "First, tell me if there's any fun places or things there."

"There should be, right? Actually, I've never been there before. This is my first time, but I'm guessing it'll be interesting. "

Lin Yi scratched his chin, unsure. "The place we're going to is called the blissful Valley. Doesn't the name sound happy?"

"The blissful Valley? I don't think it's fun, but I think it's a little improper. "

Wu Jun mimicked Lin Yi and held his chin, the expression on his face was the real one. If Yang Xiaoyan wasn't there, he might have said something shocking.

"You're the one who's not serious. If you want to go, then go. If you don't want to go, then forget it. So much nonsense!"

Yang Xiaoyan spat on Wu Jun's face mercilessly, afraid that Lin Yi would turn hostile and leave them both behind.

Lin Yi, of course, wasn't that petty-he took a joke seriously."Alright, alright. Let's go. Let's not waste any more time."

Min huichen and feiyi had left Mystic class sea for a while now. They weren't in a hurry, but Lin Yi still wanted to meet them as soon as possible.

"You're such a busybody, are you planning to leave me and play with Lin Yi alone?"

Wu Jun made an apologetic gesture to Lin Yi before continuing his daily bickering with Yang Xiaoyan."If you really think so, just say it. If you don't say it, how would I know what you want? Am I right? If you say it, I'll definitely agree to it. If you don't say it, how would I know what you're thinking?"

"Lin Yi, do you think it'll be a problem if I kill him?"

Yang Xiaoyan's face was filled with despair as she rubbed her fists and was ready to attack Wu Jun.

"Heh ... I think ... I don't know anything. I can't see or hear anything you do!"

Lin Yi smiled evilly and played along with her, "Remember, do it cleanly. Don't leave any clues."

"Don't worry, I'm good at destroying corpses. "

Yang Xiaoyan nodded seriously, her big eyes squinted slightly, and she stared at Wu Jun as if she was examining a lamb waiting to be slaughtered. ""Should I just bury it or cut it into eight pieces first?"

"Hey, hey, hey, I'm not dead yet. Is it really good to say that?"

Wu Jun laughed dryly and pulled on Lin Yi's arm, "Lin Yi, is this woman crazy? Aren't you afraid that she'll kill you to keep the secret after killing me?"

"You're right!"

Lin Yi thought so as he pinched his chin. "Otherwise, I'll be her accomplice, and there's no need to kill her! We're all in the same boat ..."

"Hahaha, that's a good idea, Lin Yi, let's just go with that!"

Yang Xiaoyan clapped her hands and laughed, her two small hands clenched into fists, making a crackling sound, ""Do you think we should take action here or move him to a more remote place?"

"When did you two become so treacherous? End of friendship!"

Wu Jun stomped his feet and shouted angrily. Then, he couldn't help but laugh.

This boring joke made the atmosphere between the three of them even more harmonious. While the three of them were laughing heartily, the gigantic aerial spirit beast soared into the sky and left the Hongwu Academy, heading towards the blissful Valley.

Other than the blissful Valley, Lin Yi wanted to visit Zhuang Yifan and he Hao as well. They were the most convenient people for him to find out more about the Golden class sea.

There was also hidden death sect. Although the assassin who had been chasing him was killed, Lin Yi wouldn't hold back if he could uproot hidden death sect.

However, he was still not strong enough. Maybe he could ask Zhuang Yifan and he Hao for help.

Thinking about it, there were quite a lot of things to do. He didn't know if he could finish all of them before the selection started.

Along the way, Wu Jun and Yang Xiaoyan were there, so they didn't have to worry about getting bored. Their daily bickering was very interesting, and before they knew it, they had already arrived at the blissful Valley.

Unfortunately, Lin Yi wasn't happy at all when he saw the blissful Valley ... To be exact, he couldn't even see it!

Hao Zili and the others had given Lin Yi the location of the blissful Valley. There was no way that they would be in the wrong place, and Lin Yi was sure that he was in the right place.

However, the place where the blissful Valley used to be had been razed to the ground!

That's right, it was razed to the ground!

It wasn't just a pile of ruins. There wasn't even a pile of ruins here!

The area within a radius of several dozen li was like a grayish-white Desert, covered in rock powder. From the fault at the edge of the mountain range, this place should have been a continuous mountain range before forming a Valley.

"How could this be? The blissful Valley ... Has disappeared ..."

Lin Yi couldn't believe his eyes. He had some guesses that something big had happened in the valley and that they needed min huichen and feiyi to come back from the mystic division Sea area for help, but he didn't expect the entire Valley to be gone!

Where were Hao Zili and the others?

"Lin Yi ... Your friend ... He should be fine, he's probably somewhere else!"

The usually eloquent Yang Xiaoyan was at a loss for words, not knowing how to comfort Lin Yi.

Looking at the scene in front of her, she couldn't believe that the people in the blissful Valley were fine.

Wu Jun was the same-he didn't say anything, only sighing and patting Lin Yi's shoulder, encouraging him with silent comfort.

"You're right, they've most likely gone to another place!"

Lin Yi suddenly smiled and nodded at Yang Xiaoyan, "Looking at the marks below, this place has been flattened for a long time. My friend might not have returned at that time."

After using his spirit sense to observe, Lin Yi concluded that min huichen and feiyi left the mystic division sea after the destruction. They probably received the news about the blissful Valley, but didn't receive the news.

Hence, min huichen and Fei Yi might not have been involved in the blissful Valley's destruction. The only thing to worry about was Hao Zili. He was most likely in the blissful Valley at that time.

However, Lin Yi didn't feel that Hao Zili was dead. On the contrary, he felt that the three of them were still alive.

Chapter 6857 Visiting Zhuang Yifan

"That's good. It's better to be safe than sorry. If the place is gone, we can just find another place to rebuild it."

Yang Xiaoyan heaved a sigh of relief and smiled, ""Lin Yi, where would your friend go? Why don't we go and look for them?"

As soon as the words left her mouth, Yang Xiaoyan secretly regretted it and wanted to slap herself twice. Wasn't this touching her sore spot?

Maybe Lin Yi was just saying it as a memento?

"I'm not sure. I just feel that they're still alive. There's no evidence."

Lin Yi laughed at himself-it didn't sound very confident."But I trust my intuition, so I'm going to look for them everywhere. If you don't mind, you can come with me."

"I don't mind, of course not! Your friend is our friend. We're more than happy to help!"

Wu Jun immediately expressed his support, and even subtly gave Yang Xiaoyan a look, "I trust your intuition. In fact, for people of our level, our intuition is already quite sharp. It can't be wrong."

"That's right, that's right, Lin Yi, you're right! If there's anything we can do for you, just tell me and I'll do it without any hesitation. "

Yang Xiaoyan quickly expressed her position as well. She didn't have a clear destination anyway, and following Lin Yi around was her original plan. She didn't change it.

"Thank you both. Let's go!"

Lin Yi smiled and cupped his hands to express his gratitude before turning the flying spirit beast around.

His next destination was the Alliance of Academies in the Yellow Sea region, where Zhuang Yifan was.

Zhuang Yifan was the only one who could explain the blissful Valley incident clearly!

The Alliance of Yellow Sea class Academies!

With his hands behind his back, Zhuang Yifan was pacing around in the courtyard, frowning. He looked extremely tired.

"President, there are three young men and women outside requesting an audience!"

A young man in a black robe bowed respectfully outside the courtyard and reported to Zhuang Yifan.

"He's gone!"

Zhuang Yifan waved his hand impatiently. He was very frustrated. "I can't interfere too much in the selection in the yellow-class Sea area. What's the point of all of them coming to me?!"

With the arrival of the mystic division sea College's recruitment team, people from all over the world who wanted to pass the selection wanted to get in touch with Zhuang Yifan, so he had been very annoyed recently.

The most important thing was that he really couldn't do much as the president of the Alliance of Yellow Sea Academies during the recruitment year.

"President, this subordinate has already spoken to them, but they said that they're not looking for you for the recruitment examination, but for an old friend of yours."

The black-robed young man was also a little helpless. Zhuang Yifan had already told him not to meet the students who wanted to take the assessment, so he did not dare to disobey.

"An old friend? Who's there?"

Zhuang Yifan was slightly stunned, and his brows furrowed even deeper. He did not think that any young man could be considered an old friend. "Did they say what their names are?"

"Yes, the leader said his name was Lin Yi!"

The black-robed young man replied respectfully. The name Lin Yi sounded familiar, but he couldn't remember where he'd heard it.

"Lin Yi?!"

Zhuang Yifan was pleasantly surprised. He clapped his hands and said, "I didn't expect him to come! Please, please! Take him to my study!"

Zhuang Yifan quickly waved his hand and said, "Forget it, I'll personally welcome you!"

After he finished speaking, he ran outside, ignoring the stunned black-robed young man.

Who was this Lin Yi? He actually made the president lose his composure in an instant?

The black-robed young man was suspicious, but he did not dare to delay. He quickly followed Zhuang Yifan out. The three young men and women were obviously important guests, and he could not let the president Welcome them alone.

After a short while, Zhuang Yifan rushed to the gate and laughed heartily with his arms open. "Lin Yi lil bro, I'm so happy to see you again! Why didn't you inform big brother earlier so that I could make more preparations?"

Lin Yi's identity as a Mystic was already enough for Zhuang Yifan to be polite to him. Now that Lin Yi's name was on the mystic division's recruitment list, Zhuang Yifan naturally became more enthusiastic.

"Brother Zhuang, long time no see. It seems that you have advanced to the sea splitting stage and stabilized your strength!"

Lin Yi smiled as he cupped his hands in greeting. Since Zhuang Yifan didn't hide his aura, Lin Yi could tell his strength level with one look.

He was at the early stage of the shattered Sea realm. He was just a step away from the peak of the early stage of the shattered Sea realm.

"It's all thanks to the pills you sent over, lil bro Lin. Otherwise, I don't know when I'd have the chance to break through!"

Zhuang Yifan laughed as he went up to Lin Yi and gave him a hug. This kind of ceremony wasn't popular on Sky Class Island, and it was obvious how excited he was.

"Are these two little brother Lin's friends? Aren't you going to introduce her to big brother?"

After Zhuang Yifan let go of Lin Yi, he didn't forget to take care of the other two. As expected of the president of the Alliance.

"This is Wu Jun, and this is Yang Xiaoyan. They're both from the Xuan Sea region's recruitment team, and we hit it off very well, so we came together. This is the president of the Yellow Sea region's Alliance of Academies, Zhuang Yifan. "

Lin Yi gave the three a simple introduction and continued after they greeted him, ""Brother Zhuang, I have something to discuss with you. Is it convenient now?"

"Convenient! Lil bro Lin, when are you looking for your big brother? I'll be free!"

Zhuang Yifan laughed as he invited the three in, "Let's go in and talk, there's no rush. "

Lin Yi smiled and cupped his hands, signaling for Wu Jun and Yang Xiaoyan to join him.

They went to Zhuang Yifan's study room and sat down. After the servants served tea and snacks, they started to talk.

"Lil bro Lin, you've come at the right time. I was thinking that I'd have to wait a while before I could see you again, but it's great that you're here."

The happiness on Zhuang Yifan's face was genuine. Lin Yi felt a little strange. Could it be that Zhuang Yifan was looking for him?

"Brother Zhuang, I treat you like an elder brother. If you have anything to say, just say it."

Lin Yi looked at Zhuang Yifan and suppressed the urge to ask about the blissful Valley. "If there's anything I can do to help, I'll definitely help!"

He needed Zhuang Yifan's help later, so Lin Yi didn't hold back on his promise.

"Well said! We're brothers, so there's no need for formalities. However, this time, big brother doesn't have anything to ask you for help with, but I have some bad news to tell you. "

Zhuang Yifan paused for a moment, looking a little ashamed. "Brother Lin, last time you asked Hao Zili from the blissful Valley to send me some pills. Thanks to you, I was able to stabilize my earth formation stage cultivation and break through to the sea splitting stage."

Lin Yi's heart skipped a beat. He guessed that Zhuang Yifan was going to tell him about Hao Zili. It seemed like he didn't need to ask him. Zhuang Yifan would tell him about the blissful Valley.

## Chapter 6858 There Are Still Survivors

"Brother Zhuang, don't be so polite. We're brothers, what kind of blessings do we have?"

Lin Yi waved his hand, signaling for Zhuang Yifan to continue.

"Brother Lin is right. We are brothers, so let's not waste time on pleasantries. I am very ashamed about Hao Zili!"

The shame on Zhuang Yifan's face grew. "Something happened to Hao Zili, but I couldn't help. I'm sorry, little brother Lin!"

"Brother Zhuang, can you be more specific? what happened to Hao Zili?"

Lin Yi had expected it, but he couldn't help but ask, "In fact, I came here not only to visit you, but also to ask about the blissful Valley!"

"So brother Lin has already been to the blissful Valley! It's much more convenient for me to talk about it."  
"

Zhuang Yifan immediately knew that Lin Yi was from the blissful Valley. "After Hao Zili returned to the blissful Valley, a few months later, the blissful Valley was uprooted by a mysterious force. When I received the news, it was already too late. I couldn't even come to the rescue in time."

Hao Zili was Lin Yi's man, and he also gave him the elixir, so Zhuang Yifan blamed himself. The Golden class Sea area was basically his territory. He didn't expect something to happen to the blissful Valley, and he didn't even have time to react. It was really unreasonable.

"Brother Zhuang, has Hao Zili already fallen?"

Lin Yi's heart was heavy-was he wrong? If Hao Zili was in the blissful Valley, he would not have been able to escape.

The word 'uprooting the entire blissful Valley' could not be more suitable to describe the current state of the valley!

"Brother Lin, don't worry. Hao Zili and the rest of the blissful Valley might not have been killed!"

Zhuang Yifan quickly shook his head. "According to the information I've received, the blissful Valley didn't really lose many people. About 70% to 80% of their disciples were captured by the mysterious force. Hao Zili should be among the 70% to 80% of the captives."

Lin Yi raised an eyebrow.

In that case, it could explain his feelings.

If Zhuang Yifan wasn't trying to comfort Lin Yi, it would be good news.

"Brother Zhuang, how did you know that the blissful Valley people were captured? Where are those captives now?"

Wu Jun and Yang Xiaoyan stared at Zhuang Yifan curiously.

Lin Yi's question was very important. If Zhuang Yifan couldn't give a perfect explanation, then it would be hard to say how much of what he said before could be trusted.

"Because I got the information from a survivor in the blissful Valley!"

Zhuang Yifan spread out his hands to show that the source of the news was absolutely reliable. "He just left the blissful Valley before it was destroyed. When he came back, he witnessed the entire process, so he knows how many people were captured."

"Where is that person now? Can't he be sure that Hao Zili is indeed a prisoner?"

Lin Yi was overjoyed-there were witnesses at the scene, so it would be easier to restore the scene.

"He can't be sure because the distance is quite far. He doesn't dare to get too close, so he can only observe vaguely."

"You know that he is very courageous for not running away from an enemy that could destroy the blissful Valley. It is not courageous to let him get closer to observe. It is a stupid move." Zhuang Yifan said helplessly.

Lin Yi nodded in agreement-he'd only be throwing his life away if he got too close to a powerful enemy without enough strength.

In that case, there wouldn't even be a Messenger left ...

"As for that survivor, he's not in the Alliance of Academies right now. He's being protected in a secret and safe place. If you want to see him, you'll have to wait for a few days. I'll arrange for someone to pick him up."

Zhuang Yifan was indeed polite to Lin Yi, and Lin Yi couldn't be picky about this arrangement. However, it was a waste of time.

"Brother Zhuang, if it's convenient, I'd like to go find him directly, so as not to waste time."

Lin Yi cupped his hands and counted directly, "Brother Zhuang, if you send someone to pick him up, not only will it waste time on the way, but it will also put him in danger. If we go, we won't have to worry about that."

"No problem, I'll make the arrangements now!"

Zhuang Yifan nodded immediately. He'd be more than happy to cooperate with Lin Yi. "Brother Lin, are you preparing to set off now?"

"There's no time to lose, the sooner the better!"

Lin Yi had already stood up, and so did Wu Jun and Yang Xiaoyan. They were ready to head to the blissful Valley.

"Brother Zhuang," Lin Yi suddenly asked, "you still haven't told us where the blissful Valley captives are?"

"Right! Although the survivor didn't dare to get close, he followed the mysterious enemy from a distance. After tracking them for a while, he still lost track of them. "

Zhuang Yifan also got up, and there was a faint regret on his face. "If I knew where their nest was, I would have brought my men to the valley and saved them all."

"Brother Zhuang is so thoughtful! Little brother Rong asked again, where was the last place where the mysterious person was lost? Where could they have gone?"

Lin Yi didn't want to give up. This was an important clue that might lead him to Hao Zili and the others.

"The Yellow Sea is too big, so I didn't follow them too far away. However, from the direction, I think they're moving towards the coastline of the Yellow Sea."

Zhuang Yifan shook his head with a bitter smile. It was impossible to deduce the other party's movements with only this level of clues. "I've already used all the power at my disposal to search, but unfortunately, I didn't find anything."

"The direction of the coastline ... Could it be out at sea?"

Lin Yi frowned, wondering if these mysterious people were related to central. "Brother Zhuang, you searched on land, right? Have you ever looked for the sea?"

There were countless small islands near and far away from the Golden class sea. No one lived on them, but if someone dug the center of the island and transformed it, it would not be difficult to turn it into a good base.

Lin Yi had a place like this himself, and the wormhole that Han Jing controlled was in an uninhabited island near the middle Island, so he thought of this immediately.

"That's possible, but I really can't go out to sea for a large-scale search ... Especially an aimless search!"

Zhuang Yifan was helpless. If he could do it, he would do it. After all, the opportunity to be on Lin Yi's good side wasn't always there, but it was beyond his capabilities.

Lin Yi nodded in understanding, but Hao's face appeared in his mind. Maybe it'd be more convenient to ask this talkative old man for help.

He didn't know if Zhuang Yifan didn't have any relationship with the yellow Class sea route management Association, or he would have gone to the Association for help.

Chapter 6859 The Array Was Destroyed

"Brother Zhuang, it's already very rare for you to be able to do this. I will never forget this. Let's hurry and find that blissful Valley survivor. Maybe we will find some new clues."

Lin Yi changed the topic-it'd only embarrass Zhuang Yifan if he continued.

The four of them quickly left the study room, rode on Zhuang Yifan's special large flying spirit beast, and soared into the sky.

Normally, when Zhuang Yifan went out, he would be accompanied by a lot of people, but he was accompanying Lin Yi this time, so he didn't even bring any guards. He left the Golden class Sea School Alliance with Lin Yi and the other two.

After flying for about ten minutes, the large aerial spirit beast began to land. Its destination was a small, remote Valley.

There was a stealth formation on the outside, making the valley look like a small hill. If Lin Yi didn't improve his formation skills, he wouldn't be able to see through it immediately.

"The next one is here. This place is protected by a formation. I've also arranged for ten mountain opening experts to guard it. I'm afraid that this only clue will also have some mishaps."

When they landed, Zhuang Yifan smiled at Lin Yi. "Actually, I'm worrying too much. That person wasn't discovered when he was tracking the enemy. The enemy doesn't know of his existence at all. Why would anyone specifically come to deal with him?"

"That's true, but there's nothing wrong with being careful. Brother Zhuang, you're so thoughtful. I'm impressed."

Lin Yi cupped his fist and smiled, but his face changed as he looked down at the valley. "No, this formation has been destroyed by someone!"

Lin Yi jumped down from the spirit beast's back before he finished his sentence. Zhuang Yifan was shocked and followed him.

Wu Jun and Yang Xiaoyan looked at each other. They didn't jump off the flying spirit beast, but released their divine senses to explore the surroundings.

It was a pity that the strength of their divine senses was limited, and the range of their detection was so small that it didn't have much effect.

When the spirit beast landed, Wu Jun and Lin Yi saw Lin Yi and Zhuang Yifan walking out from the ruins. Their faces were as black as the bottom of a pot. It was obvious that the blissful Valley survivor was already dead ...

"Brother Zhuang, what's going on?"

Lin Yi's heart was burning with rage. He knew that it had nothing to do with Zhuang Yifan, but he still couldn't help but ask, "Could it be that one of your subordinates leaked the news?"

As Zhuang Yifan had said before, the existence of this survivor was not known to anyone, and those mysterious people had no reason to come to the door to kill him.

Zhuang Yifan's arrangement was very thorough. Ten mountain opening experts were strong enough in the Golden sea.

With their protection and the array, even if this place was not impregnable, it would definitely not be unable to send out a signal if it was attacked.

"Lil bro Lin, this is my mistake ..."

Zhuang Yifan's face turned pale, but he did not shirk his responsibility. "I was too careless. Let's not talk about whether there's a mole or not. I'm afraid that my previous large-scale search has alerted the enemy and the other party has noticed the existence of survivors."

Lin Yi raised an eyebrow, not quite accepting the statement.

"Of course, even if we alert the other party, this place may not be discovered, so I suspect that the other party does have spies in the Alliance of Academies."

Zhuang Yifan's expression was grave. No one would be happy to know that there were spies of the enemy around. "I'll look into it later and give lil bro Lin an explanation. So what do we do now?"

Lin Yi turned back to look at the ruins and rubbed his brows helplessly.

He was already dead, what else could they do?

In addition to the blissful Valley survivor, two out of the ten mountain opening experts arranged by Zhuang Yifan had died, and the remaining eight were missing. Most of them were probably dead.

If the traitor wasn't among the eight, they should have been captured.

"Brother Zhuang, do you remember what I told Hao Zili to tell you when he came to you?"

Lin Yi changed the topic and decided not to mention the valley for now. "Have you investigated that matter in secret?"

When Lin Yi sent Hao Zili to find Zhuang Yifan, other than giving him the pills, he also asked Zhuang Yifan to help him investigate if there were any signs of central activities in the Golden class sea, especially information on the biochemical Warriors.

"Yes, but I didn't find anything. Maybe it only exists in the mystic class sea."

Zhuang Yifan nodded. Of course, he'd do his best to help Lin Yi, "Are you suspecting that the destruction of the blissful Valley is related to this?"

"Central's actions are strange and unpredictable, and the enemy this time likes to capture experts. So, I'm thinking, could it be that central is taking this opportunity to take revenge and collect experimental subjects?"

Lin Yi scratched his chin, deep in thought. "Are they trying to break the balance?"

Zhuang Yifan had heard of central before, but Wu Jun and Yang Xiaoyan had no idea what central was.

As for what he meant by "breaking the balance," the three of them were completely confused. They didn't understand what Lin Yi meant at all.

Lin Yi shook his head-there was no point in telling them this. He needed to figure it out himself.

"Brother Zhuang, I need to go to the yellow Class sea route management Association to get help. Take Wu Jun and Yang Xiaoyan back first, I'll come back to you guys later."

Hao Zili must've looked for he Hao when he came back from the mystic division sea. He might have some clues. Plus, Lin Yi needed the sea route management Association's forces to search for the island in the Yellow Division sea. It was necessary to go there personally.

"Lil bro Lin, why don't we go together?"

Zhuang Yifan just wanted to make up for his mistake. He didn't do anything that Lin Yi asked him to do, and it didn't matter if he could help or not, there was no harm in following him,"If this matter can not be resolved properly, I won't be able to eat or sleep well, so ..."

"Brother Zhuang, aren't you going to go back and investigate how this place was discovered?"

Lin Yi thought that it'd be more convenient for him to move alone, so he found an excuse to decline."And these two friends of mine, help me entertain them well and don't neglect them."

"Lin Yi, you're going to dump us? Or do you think we can't help you?"

Xiaoyan put her hands on her hips and raised her chin, glaring at Lin Yi."We agreed to leave together. What do you mean by that?"

"Yang Xiaoyan, don't misunderstand. You two stay here and help me find out more about the blissful Valley. I'll be back soon, so there's no point in you coming with me. You might as well stay here and help me."

Lin Yi waved his hand with a smile, explaining his intentions quickly so that Xiaoyan wouldn't argue with him.

"Lin Yi's right. Yang Xiaoyan, don't you think that helping President Zhuang find the mole is more interesting than following Lin Yi around?"

Wu Jun chuckled and nudged Yang Xiaoyan with his shoulder, ""Lin Yi said he's looking for help, maybe he's looking for his old lover? Do you think we'll get in the way if we follow?"

Yang Xiaoyan revealed an expression of realization and nodded solemnly, ""You're right, you're right, I was just thinking too much-Lin Yi, hurry up and go, we'll be waiting for you at the Alliance!"

Chapter 6860 Guild Leader He In Danger

Lin Yi didn't know what to say. Old lover? He was old enough ... He didn't dare to mess with he Hao, even if he was a beautiful woman, for fear of being nagged to death ...

"Lil bro Lin, since you've made up your mind, big brother will go back to work and entertain your two friends while I'm at it. You can use this flying spirit beast. It's not close to the yellow Class sea route management Association, and it'll be fast if we walk back. "

Zhuang Yifan walked to the side of the flying spirit beast and patted it. It was his special flying spirit beast, and it was the first time he had lent it to someone else.

Lin Yi didn't decline and jumped on his flying spirit beast. He cupped his fists and said, "Thank you, brother Zhuang. I'll leave Wu Jun and Yang Xiaoyan in your care. See you later!"

"Come back early! Don't indulge in gentleness and forget about home!"

Yang Xiaoyan yelled and waved at Lin Yi, "When you see your old lover, send our regards. Next time, let's go and get to know each other!"

Lin Yi's mouth twitched. Was this proof that he was going to meet his old lover? He had the heart to explain ... Forget it, what was the point of explaining to them? they might even think that he was trying to cover up. Let them think whatever they wanted!

The aerial spirit beast carried Lin Yi and soared into the sky, piercing through the clouds and into the distance. Zhuang Yifan and the other two simply cleaned up the bodies in the ruins and left the valley.

Half a day later, Lin Yi landed at the yellow Class sea route management Association. He said he wanted to see he Hao and was let through immediately.

But what did the guard mean by that strange look?

"Someone's actually looking for Vice President he Hao. That's really courageous. How long do you think he'll be out this time?"

After Lin Yi went in, one of the guards whispered to the other.

"I think it'll take at least half a day. It might even take tomorrow."

"Same old rules. Let's make a bet. I bet that he will only come out tomorrow morning. Ten pieces of spiritual Jade ..."

"I'll bet on it! I said he'll only be out tomorrow afternoon ..."

Lin Yi's ears twitched, and he couldn't help but shake his head with a bitter smile. The two guards were quiet, but there was no way they could hide from him.

However, he didn't expect these two to bet on he Hao's nagging. He wondered how he Hao would react if he found out.

Hmm ... He'll probably catch them and nag them for two days ...

The yellow Class sea route management Association's interior was heavily guarded, with people standing on both sides of every road. Lin Yi wanted to find he Hao, so naturally, he had someone to guide him. He arrived at he Hao's courtyard without any trouble.

"You're looking for President he? Unfortunately, he's out on business, and I don't know when he'll be back. "

One of the guards said apologetically to Lin Yi, "President he has always been elusive, so the brothers outside don't know, causing you to come here in vain."

Lin Yi was a little surprised-his luck wasn't very good recently, and he'd missed a few places.

"Where did President he go? If it's convenient, I'd like to go find him because there are some urgent matters that I can't delay. "

Lin Yi cupped his hands and asked politely, "I have an old relationship with President he. Perhaps you can inform President he?"

"I'm sorry, I really don't know where President he has gone. Not to mention that you have an old relationship with President he, even if you call him uncle, I still can't tell you his whereabouts. "

The guard had a helpless expression on his face, but he still had the leisure to tease her.

"Then will President he be able to come back in the next two days?"

Lin Yi rubbed his forehead, helpless. "I'll wait for President he here, is that okay?"

"It's fine if you're willing to wait, but it's really hard to say when President he will return. He might return today, but he might not even return after a few months. "

The guard shrugged his shoulders, looking indifferent. ""You know, I'm just a small character. President he's schedule definitely won't be known to me, so you do as you see fit."

What could he do? Are you going to wait here like an idiot?

It was a pity that Lin Yi didn't know any higher-ups in the Association other than he Hao. He didn't know where to find help.

Depressed, Lin Yi walked out of the Association, thinking that maybe he could contact Xiao Yan and see if he could borrow the sea beast's power in the Golden class sea.

In terms of power at sea, even if the Yellow Sea route management Association was 100 times stronger, it still couldn't be compared to the sea beast clan.

Just as he was about to leave on his flying spirit beast, the Association suddenly became chaotic. Lin Yi stopped and used his spirit sense to check the situation.

"Hurry! It's an emergency signal from Vice President he Hao. Gather all the combat personnel immediately!"

"...Team one has gathered. Let's go!"

"Team two ... Move out!"

Lin Yi was a little surprised to hear the chaotic yet orderly noise inside. How did this happen?

Before Lin Yi could think further, dozens of flying spirit beasts from the yellow Class sea route management Association took to the sky, bringing the Masters who were guarding the area to support he Hao.

Lin Yi didn't hesitate and jumped on his flying spirit beast, following him. He Hao was a Chatterbox, but he was a good person. Lin Yi had no reason not to help him since he knew he was in danger.

There were many masters in the Association, but he Hao was already at the top. No matter how many people they sent, they wouldn't be of much help. Only Lin Yi might be able to help.

An aerial spirit beast streaked across the sky at lightning speed, stirring up the thick clouds, giving off a feeling of the weather changing.

After flying for about ten minutes, Lin Yi's spirit sense was able to pick up the Qi fluctuations. There was indeed an intense battle in the distance, and it seemed that he Hao's opponent didn't have an overwhelming advantage over him, even though he had forced him to send out a distress signal.

Lin Yi's flying spirit beast was Zhuang Yifan's personal flying spirit beast, and it was much faster than the yellow Class sea route management Association's flying spirit beast. Since they had already found their destination, there was no need for Lin Yi to follow them.

"Full speed charge!"

Lin Yi patted the beast's back, urging it to go all out. The speed instantly doubled.

When he was close to the battlefield, Lin Yi turned into a lightning arc and landed on the ground.

"President he! Hold on!"

Lin Yi yelled. The situation on the ground wasn't as good as he thought. He Hao was struggling and could be killed at any time, so he had to let him know that reinforcements were here!

He Hao was surrounded by three burly Men in Black armor with long sabers. They wore helmets with facial armors on their heads, and because of their similar figures, they looked almost the same.

In addition to the three people who attacked, there were twelve Men in Black armor scattered around. On the ground, there were more than ten guards of the yellow Class sea route management Association.
