

Bodyguard 6861

Chapter 6861 Better Dead Than Nagging

Lin Yi scanned with his spirit sense and saw that they were only knocked unconscious. None of them were in any life-threatening danger. It seemed that these Men in Black armor didn't want to kill.

"This is a trap! Hurry up! Don't worry about me ..."

He Hao didn't realize that it was Lin Yi who was talking, and he shouted as he fought the three of them.

Each of the black-armored men was only at the earth formation stage, but when the three of them joined forces and formed a battle formation, they actually forced He Hao to the point where he couldn't fight back at all.

It was obvious that it would not be difficult for them to take down He Hao. They were just playing a cat and mouse game, and they could also besiege him to get reinforcements!

There were many experts in the sea route management Association of the yellow-class Sea area, but they couldn't fight with these big Men in Black armor unless they sent out all of their experts, and the number of people they sent this time wasn't enough.

He Hao understood this, so he was already regretting sending the distress signal.

"Don't worry, President He! These guys can't do anything to me!"

Lin Yi appeared beside he Hao in an instant and shot out a few lightning bolts at the three men.

Countless tiny electric arcs were running through their armors. This kind of metal armor was very suitable for Lin Yi to use lightning-type martial arts. As for the battle formation ... It could force he Hao into a difficult situation, but it was just child's play to Lin Yi. He could break it easily!

"Let's kill him together!"

One of the black-armored men who was watching the battle suddenly rushed forward and shouted in a deep voice, ""Chain formation! Black Thorn!"

The rest of the Men in Black armor stepped forward at the same time, raising their long swords. Pure Qi surged on the blades, instantly forming a snow-white net of blades. A sharp black light shot out from the net, aiming at Lin Yi!

Lin Yi's pupils contracted-this black light was extremely dangerous, and the Jade space had already sent out a warning-if he was hit, he'd be heavily injured even if he didn't die!

He didn't expect the black-armored men to have this skill!

Lin Yi was still in the mood to think about why they suddenly went crazy at this critical moment?

They didn't even try to kill him, but the moment Lin Yi appeared, they started acting like they wouldn't stop until they killed him. Was Lin Yi their target all along?

Or did they think that Lin Yi was a threat to them, so they decided to kill him?

"Good!"

Lin Yi's mind was spinning as he laughed and waved his fist, activating the defensive formation that Wang shiqing gave him!

A layer of light instantly appeared, covering both Lin Yi and he Hao. Lin Yi's fist was covered in lightning arcs as it landed on the black light.

Lin Yi's defensive layer was almost shattered by the huge explosion. As for his fist, it was protected by both the lightning and the defensive layer, so it wasn't injured. However, both Lin Yi and he Hao were pushed back five to six steps by the shockwave.

The black light dissipated, but the black-armored men didn't move at all. The net of blades was still bright and dense, without any flaws.

"Retreat!"

The black-armored man who had spoken earlier waved his hand and retracted his blade. When the blade net dispersed, the fifteen black-armored men had already begun to retreat quickly.

"Ha ... You're here and you want to leave? How can it be that easy?"

Lin Yi guessed that these black armored men had something to do with the blissful Valley's disappearance. Of course, he wasn't going to let them go just like that. As he spoke, he circulated his Qi and activated his martial arts!

Wood forest thousand transformation!

Hundreds of Lin Yi's clones appeared in an instant, forming into groups of three to five and surrounding the black armored men.

Although the clone's strength was not strong, it won in terms of numbers. With the support of the battle formation, it was not impossible for it to deal with an earth creation stage cultivator alone.

"Small tricks!"

The black-armored man who spoke earlier sneered and waved the long blade in his hand. The other 14 Black-armored men also waved their blades like mirrors!

The blade lights flashed continuously, and Lin Yi's clones didn't even have time to surround them before they were destroyed by the blade lights. They couldn't stop the black armored man at all.

"You have some skills!"

Lin Yi couldn't help but praise. This was the first time the thousand changes of wood and forest was broken so easily. These armored men were indeed strong. "I don't believe that I can't make you stay!"

Two attack talismans appeared in Lin Yi's hands. With Wang shiqing's gift, Lin Yi was a nouveau riche now and didn't have to worry about wasting talismans!

Several powerful attacks at the sea Rift stage were attacking several black armored men. Even if they could join forces to fight against the enemy, they might not be able to deal with the attacks from several directions at once. As long as there were flaws, it would be easy to divide and annihilate them!

Other than the talismans, Lin Yi continued to throw out lightning bolts. The effect from before was further enhanced. After the metal armor was hit by the lightning, the black armored man's movements clearly slowed down, making it easier for the talismans to attack!

At the same time, the yellow Class sea route management Association's reinforcements finally caught up.

Dozens of Masters of different levels descended from the sky, but they saw the fight between Lin Yi and the black armored man and wisely chose not to get involved.

It was too violent!

Even if they wanted to interfere, they had no way!

They surrounded he Hao and protected him as they backed away from Lin Yi and the armored man.

"All of you, back off!"

He Hao finally caught his breath. After swallowing a healing pill, he split the crowd in front of him and rushed into the battle again.

He Hao was the only one here who had the ability to help Lin Yi, and he felt a little guilty if he didn't help.

"President he, you can rest at the side!"

Lin Yi looked like he was at ease as he turned around and smiled at he Hao, "These clowns just happen to be restrained by me. Don't worry, they won't be able to cause any trouble."

"Lin Yi, it's only been a year since we last met, and you've grown to this extent! I was right about you, I knew you had a bright future ahead of you!"

He Hao stopped walking and stroked his beard. He smiled with relief.

"It's such a coincidence to meet you today. Vice Principal Zhang jinmiao and your little girlfriend didn't come? Long time no see, I miss them. When you're free, can you bring them over and we can meet again ..."

Lin Yi didn't know what to say-he Hao had just gotten out of danger, and he was already going crazy ... He couldn't stop talking, could he see that they were still fighting?

Aren't you afraid that I'll be beaten to death by your nagging?

Hmm ... Maybe he would be nagged to death by he Hao before the black-armored man killed him!

However, why didn't this old man use this ultimate skill to kill the black-armored man just now?

The mouths of the people from the yellow Class sea route management Association who had rushed over to help twitched, their faces filled with helplessness.

They felt embarrassed to have such a Vice President. They shouldn't have come to help just now, right?

Perhaps it wouldn't be a bad idea to let Vice President he Hao sacrifice himself gloriously!

Many people had such a thought in their minds. They looked around guiltily, afraid that their thoughts would be discovered!

Then, they realized that many of their companions had the same look in their eyes ...

Chapter 6862 Black-Armored Man Transforms

Lin Yi didn't bother with he Hao anymore-the more he did, the more excited he got. The black armors in front of him were more important.

With the talismans, the lightning, and the clones, Lin Yi had the absolute upper hand. He killed four men in a flash.

The rest were all separated by Lin Yi's clones, unable to form an effective link.

"Why aren't you guys surrendering? Do you all want to die?"

Lin Yi had a confident smile on his face as if he had the whole situation under control. He activated three more fire vortex.

Unfortunately, spiritual sense attacks didn't have much effect on these black armored people.

Lin Yi didn't feel the presence of any defensive items, so how did these black armors block the attacks of the fire vortex?

Were they immune to divine sense attacks, or did they not have primordial spirits at all?

Lin Yi thought it was weird and wanted to keep a few alive for questioning, but none of the black armors were afraid of death. They had no intention of surrender.

"Kill!"

The leader didn't care about Lin Yi as he swung his sword at Lin Yi!

However, his target wasn't Lin Yi, nor the clones of the thousand forest illusionary technique, but his companions!

Lin Yi blinked. What did that mean? Was it an internal weakness?

Before Lin Yi could figure it out, all the black armors waved their long swords in unison, attacking their companions beside them!

The blade flashed and blood splattered!

In an instant, blood flowed all over the ground!

All the black-armored men were dead on the spot. Only the leader of the black-armored men was not attacked by his companions, so he still maintained his saber-wielding posture!

"Aiyo! What was going on? How could they be so neat when they were fighting their own people? Then why didn't they fight just now? Are you looking down on my old family?"

After he Hao recovered from his shock, he began to mumble, "If you had committed suicide earlier, I wouldn't have had to suffer so much! Speaking of which, this remaining kid, you killed one of our own. Are you trying to use it as a token of your loyalty so that we will let you go?"

"Actually, if you want to surrender, you don't need to make such a big fuss. You can just directly say that you want to surrender! I'm not a bloodthirsty person, and I can't stand seeing so much blood. Now that it's like this, I don't know what to say!"

I don't know what to say ... Can you please stop talking?

Lin Yi's mouth twitched. He really wanted to sew up his mouth!

Can't you see that the atmosphere here is so serious? You're ruining the atmosphere of the battle!

"You've killed all your subordinates. Are you going to commit suicide next?"

Lin Yi held two unused attack talismans in his hands as he looked at the last black armored man, "If you want to commit suicide, I won't stop you. You can do it now."

He said that, but Lin Yi didn't have the confidence to stop the man from killing himself. It was easy to kill him, but not so easy to stop him from killing himself!

"You guys ... Talk too much ... Nonsense!"

The black-armored man said slowly in a deep voice.

Lin Yi wasn't pleased. What did she mean by "you guys"? He Hao was the only one who was full of nonsense! It has nothing to do with me!

But before Lin Yi could protest, the black-armored man made his move!

The black-armored man casually stabbed the long saber that was still dripping blood into the ground. He spread his hands, and his ten fingers wrapped in metal armor slightly bent. Two invisible vortexes appeared in the air.

The two vortexes didn't affect Lin Yi and the others, but their target was the dead bodies of the Men in Black armor!

Under the pull of the vortex, the black-armored corpses suddenly burst out with blood mist from their armors, which rushed toward the remaining black-armored men like lightning.

"Not good!"

Lin Yi was shocked. This was obviously an unknown move, and he couldn't let the black armor succeed. "You can die too!"

With a loud roar, Lin Yi activated the two talismans in his hands, but the attack only stopped on the blood mist around the opponent's body. It didn't even touch the black armor.

Lin Yi's face changed. The talisman in his hand was an attack talisman of the sea-splitting stage. Although it was only equivalent to the attack of the early stage of the sea-splitting realm, it was still not something that could be blocked easily!

And the black-armored man had completely ignored the attack of such a high-level talisman?

If this was the case now, how powerful would it be once he completed this big move?

"All of you, leave! Hurry up and leave!"

He Hao, who had been talking non-stop, couldn't help but be shocked. He turned around and waved at his subordinates!

He might not even survive the following battle. The experts in the Association might not even be able to withstand the aftermath of the battle.

"Quickly get lost! This is an order!"

If they didn't leave, they would die without a doubt!

The veins on he Hao's forehead popped out. Seeing that his subordinates were still hesitating, he was also anxious!

Hearing he Hao's last sentence, the people from the Association finally moved. However, they did not run away. Instead, they rushed forward and surrounded he Hao.

He Hao was usually a talkative person, so talkative that everyone wanted him to return to the West as soon as possible!

However, it was undeniable that the people in the Association respected he Hao a lot. After all, he had always been fair and impartial!

Therefore, at the critical moment, everyone wanted to protect he Hao!

Even if he had to sacrifice himself, he would not hesitate!

"What are you guys doing? Do you want to disobey? This is a rebellion!"

He Hao's eyes were bloodshot, and he wanted to beat the people around him up, but how could he do it?

"President, we're here to protect you. If we leave instead of you, that'll be considered a rebellion!"

"Yes, we'll be wherever you are!"

He Hao didn't know whether to laugh or cry in the face of all the noise!

Lin Yi didn't know whether to laugh or cry.

Can you guys be more serious? It's a matter of life and death, can we talk later?

Since he Hao likes to chat, why don't you all join in the fun?

While he was speaking, the blood mist around the black-armored man had become extremely dense. It kept spinning and formed a blood cocoon, completely wrapping the black-armored man inside!

Lin Yi's eyes narrowed. His spirit sense couldn't penetrate the blood cocoon, so he didn't know what was happening inside!

The only thing he could feel was that the aura inside the blood cocoon was getting stronger and stronger. It broke through the shackles of the earth splitting stage almost instantly and stepped into the sea splitting stage!

Moreover, this powerful aura was still rising, which meant that the blood-armored man's strength was still increasing!

"Dammit! This must be a monster created by central! Break!"

"Lightning waterfall!" Lin Yi shouted as he used his own lightning to draw in the lightning elements in the air.

Lightning burial!

With Lin Yi's current strength level, lightning burial wouldn't cause any fatal damage to sea Rift cultivators, but his intuition told him that lightning skills were a great help in this strange situation!

As expected, the blood mist was quickly disintegrated by the flashing lightning waterfall!

Chapter 6863 Self-Destruction Again?

In the blink of an eye, the black-armored man revealed himself from the blood cocoon. His red eyes stared at Lin Yi, the killing intent in them almost tangible.

If looks could kill, Lin Yi would've been riddled with holes by now!

"Roar!"

The black-armored man suddenly roared at the sky, stretched out his hands, and made a tearing action ... And the Thunder waterfall was forcibly pulled away by him as if he had lifted a curtain.

"Hiss ..."

Lin Yi took in a deep breath, the shock in his heart couldn't be any greater!

That was the lightning burial!

An expert at the sea splitting stage might be able to block it, but he couldn't break it easily!

The black-armored man had done it!

Yingying was really strong!

Lin Yi didn't have time to react as the man's hands continued to pull and stir, gathering the lightning waterfall in his hands and punching the ball of lightning into the air.

The powerful lightning scattered in all directions, like dazzling fireworks for a moment, and the entire sky was filled with tiny electric arcs.

"Small tricks, nothing more than this!"

The man twisted his neck as he looked at Lin Yi. "What other methods do you have? Just use it! If you don't, then prepare to die!"

A sharp killing intent instantly enveloped Lin Yi. The black-armored man in front of him was an existence that threatened his life. If he wasn't careful, he might die Here today!

"I have many tricks up my sleeve, let's see how many times you can last!"

Lin Yi didn't back down. He laughed coldly and flashed away, using his super butterfly micro steps to get close to the man. He was ready to use his killer move at close range.

Unfortunately, before Lin Yi could make a move, the Man in Black armor had already swung his fist. The black armor was covered in a dark red light, and it streaked across the distance between the two like a meteor, aiming for Lin Yi's face.

It was dangerous!

If he was hit, he'd be crippled if not dead, and he'd have to face the man's storm of attacks.

The Man in Black armor laughed eerily. As far as he was concerned, Lin Yi wouldn't be able to dodge this attack, so this battle was in his hands!

In the next moment, the dark red fist went through Lin Yi's head, but the expected blood and flesh didn't fly out. The black armored man even staggered a little because he used too much force.

Three appearances of the cloud Dragon!

The menacing laughter stopped, and the man leaned forward, his right leg sweeping back at the position where Lin Yi had appeared!

The dark red shadow of a leg swept past Lin Yi's waist, shattering the afterimage. It was another fake clone!

The real Lin Yi had already returned to his original position, exclaiming in surprise.

The black armor's combat strength and reaction speed were beyond Lin Yi's expectations. Yun Long san's illusion was real and fake, but the black armor forced Lin Yi to turn real into fake these two times!

Lin Yi's brows furrowed, his mind spinning. Was he going to use all his ultimate skills?

But the next second, he was dumbfounded!

The Man in Black armor, who had just forced Lin Yi back, stood firm on his feet when his body suddenly shook violently.

The black armor made a grinding sound that made one's teeth ache, and then a lot of blood spurted out from the gap ... It was not appropriate to say it this way, because the blood that left the black armor All turned into mist in an instant!

It was as if time had turned back, and they returned to the appearance of the blood cocoon. However, this time, the blood mist did not form a blood cocoon, and the black-armored man could no longer absorb the blood mist.

"What's the situation? Spit out what you've absorbed and absorb again? And then become stronger?"

Behind them, he Hao couldn't help but start to mumble, "Where did this monster come from? it's so strange and unpredictable!"

Lin Yi ignored he Hao and focused on the man's condition with his spirit sense, ready to attack at any moment.

However, according to past experiences, the black-armored men should be in an unstable period. After their strength erupted, they would quickly enter a weak period, and they might even be killed directly!

If Lin Yi was right, he should be able to take down this mysterious Man in Black armor. If he had an essence spirit, he might be able to get some information!

Unfortunately, from the black-armored man's previous performance, this guy was not affected by the spiritual awareness skill attack, so it was likely that he did not have a primordial spirit!

"President he, you take your men and leave first! I'll stay and see what happens!"

A few seconds later, Lin Yi didn't even turn his head. He told he Hao to leave, "It's too dangerous for you to stay here. Leave first!"

The man's aura was weakening, but if it exploded, Lin Yi might be able to react, but the others might.

"No, Lin Yi, you're here to help me. How can I leave with my men and let you fight here alone?"

He Hao immediately refused and shook his head like a rattle. "Besides, I think that monster is most likely done for. There shouldn't be any danger for us to stay here. Don't worry, we won't drag you down!"

As soon as he said that, he Hao felt that something was wrong. It was excusable for him to stay, but it seemed unnecessary to drag these subordinates who could not help.

"You guys retreat first. I won't be in danger. The enemy is already finished. You guys will only be a hindrance if you stay here. Hurry up and leave!"

He Hao put on his vice-leader's authority and wanted to send his subordinates away, but no one paid him any attention. They all pretended to be very serious and observed the changes in the black-armored man.

At this time, the black-armored man did have some new movements. The blood mist in the black armor gradually thinned. Before it stopped, the black armor shook a few times, and then the black-armored man fell back.

The aura had disappeared!

Lin Yi looked at the broken pieces of the black armor, not sure what he was feeling.

Such a powerful enemy had actually died for no reason?

He'd won the battle, but Lin Yi wasn't happy at all. After the black armor fell to the ground, a layer of dark red fire appeared and started burning the armor.

"Destroy the corpse! You've really done it thoroughly ... President he, I'll leave the finishing touches to you. "

Lin Yi shook his head and turned to Hao."Speaking of which, how did you offend such a powerful and strange enemy?"

"Pfft, I'm a righteous and upright person who has offended too many people. How could I know who this guy is? It's a pity that their bodies have self-immolated, so there's no way to find out their identities. "

He Hao hmped,"Lin Yi, why are you here all of a sudden?"

"I came to look for you, President he, but it's a pity that you haven't returned from your trip. I also happened to hear that you were in danger, so I followed you here."

Lin Yi's spirit scanned the body as he spoke-the guy was very professional at destroying the body, not leaving a single piece of flesh!

"I see, thank you for coming to find me today, otherwise my old bones might have died here! To be honest, Lin Yi, you really are my Savior!"

He Hao laughed heartily. He was in a good mood after surviving a disaster. "Tell me, Lin Yi, what's the matter? as long as I can help, I'll do it!"

Chapter 6864 People And Ships

"Thank you, President he. We'll talk about it after we get back."

Lin Yi smiled as he cupped his hands in greeting, but he was thinking, "you'd be a fool if you didn't say anything ... You can even split a sentence in half ..."

The people from the Association collected the black armors on the ground. Although there was nothing left inside, the armors were made of good materials and could be used after washing.

Lin Yi, of course, didn't want the junk. He was more interested in the body, but there wasn't a single piece of flesh left. Even if there were some fragments, he could take them back for Han Jing Jing to study.

"Lin Yi, let's not talk about why you're looking for me-tell me who attacked me?"

He Hao's mouth couldn't stop for a moment. "Before you came, they only surrounded me and knocked out my guards. They didn't kill them!" But as soon as you came, they immediately became murderous. Do you have a grudge against them?"

As expected of a veteran, sharp!

Lin Yi praised internally, but he wouldn't admit it.

"President he, you speak as if I provoked these people to attack you, but I didn't even know you were here before I came here. Do you think they would know in advance that I would come to save you?"

Lin Yi shrugged, his face innocent. "They must have a grudge against you for attacking you. Don't you know that?"

"I have some idea! That's why I think I'm implicated by you. Don't doubt it!"

He Hao touched his beard and lifted his chin at the black armors that had been collected. "You sent someone to tell me about the bio-Warriors in the mystic division sea, so I arranged for someone to keep an eye on it! Although there are no results, these monsters seem to be the bio-Warriors you mentioned, right?"

Lin Yi couldn't help but want to give Hao a thumbs up!

His observation skills were indeed impressive. Although the black-armored warrior and the bio-soldier that appeared in the mystic division sea were different, they had some similarities.

To be honest, Lin Yi thought of central immediately, but he didn't have evidence.

However, he Hao's information couldn't be compared to Lin Yi 's, and yet he was able to connect the two. He was indeed experienced.

"President he is wise!"

Lin Yi cupped his fists in respect and set up a Qi barrier around the two, cutting off the sound from passing through. "I originally wanted to go back and discuss it in detail with President he, but since you've mentioned this matter, I might as well say it first."

"You came to find me because of this? I'm afraid I don't have any more information for you. Don't be too disappointed. "

He Hao didn't look surprised. It was obvious that he had expected this. "I've already said it just now. Of course, I don't mind saying it again. I've been paying attention to the things you sent to tell me, but I didn't find anything."

"Thank you, President he. I'm already clear on this point."

Lin Yi's mouth twitched. You don't mind saying it again, but I do-stop taking the chance and blabbering, okay?

He raised his hand to signal for he Hao to keep quiet before continuing, "I'm here to ask about the blissful Valley. You should know that the person who visited you last time was Hao Zili. "

"That's right, that's right, that's right, that's Hao Zili from the blissful Valley. That young man is not bad, he has a bright future!"

He Hao didn't care about Lin Yi's signal-he'd rather kill him than keep him quiet."Are you here to find Hao Zili? I'm afraid he'll be even more disappointed. After he came, he immediately left the Association. I enthusiastically asked him to stay for two days, but he refused to do so. This is very bad!"

Lin Yi clenched his teeth. It wasn't the right time to laugh, so he had to hold it in. Not many people in this world would be willing to stay when he Hao asked them to stay.

To be honest, Vice-President he Hao, don't you have any idea why he came and left in a hurry?

"I'm not here to find that ... Young man ... Hao Zili ..."

Lin Yi's mouth twitched. If Hao Zili was a kid, he would probably be a sunny teenager. However, in he Hao's eyes, Hao Zili was indeed young.

"You're not looking for him? then why did you mention Hao Zili? Wait, did you just say the blissful Valley incident?"

He Hao's fingers that were pinching his beard tightened slightly, and his expression became serious. "Hao Zili is from the blissful Valley. I'm getting old, and I actually forgot about this!"

"President he, do you know what happened in the blissful Valley?"

Lin Yi wasn't surprised. With the power of the Association, it'd be weird if they didn't know what happened in the valley, "Do you have any news?"

"I've heard about the blissful Valley, but I didn't pay much attention to it. If I remembered that Hao Zili was from the blissful Valley, I might have paid more attention to it. "

He Hao admitted that he wasn't interested in the blissful Valley, so all he knew was the rumors. "Was Hao Zili there when the blissful Valley was attacked? Is he alive or dead now?"

"Hao Zili should still be alive. I am looking for President he to ask for your help in finding Hao Zili."

Lin Yi explained his purpose in simple terms so that he wouldn't get tangled up with he Hao. "I have news that most of the people from the blissful Valley were captured and taken to ... That direction."

"The sea?"

He Hao followed Lin Yi's finger and paused. He was the Vice President of the yellow Class sea route management Association, and he was naturally sensitive to the ocean. Lin Yi only pointed out one direction and he immediately thought of the sea.

"There is only this possibility, so I need President he's help to arrange for people and fleets to go out to sea to search. As long as we can find an island that can be used to build a secret base, I'm afraid there is a chance to save Hao Zili and the others."

Lin Yi was very confident that central wouldn't dare to fight him on the surface, so they would only do things in the dark. If they were sure that Hao Zhongyi was in Central's hands, they could save him easily through negotiation.

"This is easy. There won't be any problems ... But I can't say there won't be any problems!"

He Hao agreed readily, but then he immediately looked embarrassed. "We're just an organization in charge of the sea routes. We don't have many people, and most of them don't have any experience ..."

Lin Yi scratched his head-this was a problem. The Golden class Sea area was vast, and there were countless islands scattered all over. How were they supposed to search without people?

As for ships, it was not a big problem. It was not a battle, so there was no need to use warships. Any ship that could sail out to sea could be used. If it was just a search mission, it would not be too dangerous.

"This ... We'll think of another way. President he, you just need to prepare more ships!"

Lin Yi had no choice but to go for the next best thing-the Association didn't have enough people, and he'd have to find someone else to help.

For example, Zhuang Yifan's Alliance of schools in the Yellow Sea area definitely had enough manpower! He went back to discuss it with Zhuang Yifan.

Chapter 6865 Seeing The Black Bamboo Hat Again

"You can just tell me what you need. I can basically satisfy you unless you want a fleet of ancient warships. If that's the case, I really can't help you."

He Hao patted his chest with a smile, agreeing to the request. He then started chatting with Lin Yi again."Now that we're done with business, let's talk. Your strength has improved so quickly, do you have any secret? I don't think these old bones of mine are a match for you. "

"No... I always rely on external forces, such as talismans and other tools. They can't be compared to your true combat power."

Lin Yi smiled and waved his hand, looking very humble."Actually, my strength didn't increase by much. It's all the strength I've honed through narrow escapes, so I have some advantages in combat."

"Tell me about your life and death story. I'm very interested."

He Hao tugged at Lin Yi's sleeve excitedly-what a great topic! This time, she could talk to Lin Yi for three days and three nights without repetition!

Lin Yi's eyebrows twitched-he felt like he'd fallen into a trap ... He had to save himself!

"Actually, there's nothing much to say. It's just some boring experiences. We'll talk about it in detail when we have the opportunity in the future!"

Lin Yi chuckled dryly and removed the barrier. He saluted with his fists."President he, you should get ready first. I'm going to find someone to help me. I'll come back to find you after I'm done."

"Ah? You're leaving just like this? This matter can't be rushed. Let's plan it out first!"

He Hao was disappointed and tried to make Lin Yi stay,"Besides, we haven't seen each other for a long time, and you came all the way here to save me. You should at least stay for a meal, right?"

"It's fine, it's fine. It'll take some time to gather people, and I'm a member of the mystic division's recruitment team. I have a lot of things to do next time, so let's just wait for the next time. "

Lin Yi didn't want to stay and listen to he Hao's nagging. He even used his identity as a Mystic division member,"President he, don't worry. We'll have plenty of opportunities to drink and chat in the future. We're really in a hurry today."

"There's no need to rush! How long will it take for a meal?"

A meal really doesn't take much time, but it's hard to say how many days it'll take to have a meal with you ...

Lin Yi cursed in his heart, but kept a smile on his face. "President he, look at that flying spiritual beast. I borrowed it from Zhuang Yifan, the president of the Yellow Sea Academy Alliance. It's his personal Mount, so I have to return it as soon as possible."

"Eh, I didn't expect you to be so close to Zhuang Yifan. He's even willing to lend you his personal Mount. Not bad, not bad!"

He Hao's attention was diverted. He looked at the aerial spirit beast that was descending from the sky and nodded with a smile. "How about this, you return this flying spiritual beast, and I'll give you one as a ride. Even if it's not as good as Zhuang Yifan, it won't be too inferior!"

"No need to trouble yourself. I'm only using it occasionally. In fact, I don't need a flying spirit beast."

Lin Yi declined tactfully so that he wouldn't have to waste more time with he Hao.

Even so, Lin Yi was dragged along by he Hao for over ten minutes before he jumped on his flying spirit beast and left.

Lin Yi couldn't help but wipe the cold sweat off his forehead after they were far away. He didn't think that Hao would've wasted so much effort fighting the armored men. He could've just talked to them and forced them to commit suicide ...

He turned around and saw that Hao and the others were as small as dust, disappearing from his sight. Lin Yi couldn't help but laugh. When did Hao's nagging become as dangerous as a monster in his heart?

As he was thinking, Lin Yi's spirit sense caught a figure flashing by on a mountain peak below.

Originally, it wasn't strange for people to appear on the mountain peak. There were many cultivators in the Golden class Sea area, and people could often be seen shuttling back and forth in the barren mountains.

What caught Lin Yi's attention was the person's Kasaya and bamboo hat!

This had almost become the standard of the center!

Thinking back to his suspicions about the black armored man's background, Lin Yi jumped off the flying spirit beast and spread his ghost speed wings in the air. He then used lightning escape and arrived at the mountain peak in a flash!

To hell with it! Where did he go?

Lin Yi's spirit sense couldn't find the figure after he landed, as if he'd never even been there.

"Senior ghost, let me borrow your spiritual energy!"

Lin Yi didn't dare to waste any time and let the ghostly thing lend out its spirit sense. After the two merged, the range and accuracy of the detection increased several times and finally found some clues!

There was a discovery!

With a flash of lightning, Lin Yi quickly arrived at the trace he scanned with his spirit sense, but it was only a trace. He didn't find the person.

Just give up? How could Lin Yi accept this?

If he could catch the tail of that person, he might be able to find the location of the blissful Valley people. Lin Yi wouldn't let this go!

Lin Yi followed the weak trail and occasionally found the other party's tracks, but the person's movements were extremely slippery. Even after merging with the ghost's consciousness, it was hard to lock on!

After two to three days, the hooded figure suddenly appeared in front of Lin Yi!

"Lin Yi, long time no see. How much did you miss me for you to be chasing me so closely?"

The man in the Black Hat chuckled as he stood in front of Lin Yi, "I didn't want to pay attention to you, but you just had to run into my hands. I don't mind imprisoning you again."

"So it's you!"

Lin Yi was a little surprised, but he maintained a calm smile on his face. "It's been a long time indeed. Why did you move to the East continent after you couldn't survive in the southern island?"

Lin Yi could tell that the man was the special envoy from central from the South continent. He was powerful enough to face Vermilion Bird and Azure Dragon in the spirit beast clan. Lin Yi knew that he was no match for him.

"This Lord is busy, and it's normal for me to patrol everywhere. What do you mean by following this Lord? Do you think I don't dare to take you down?"

The man in the black bamboo hat snorted and suddenly put on an air. "Although central has an agreement with you, if you don't know your place and insist on provoking us, I'll kill you!"

"Are you threatening me? Don't just talk and don't practice, come and try!"

Lin Yi's lips curled into a mocking smile as he hooked his finger at the man. "Although my strength is low, I'm not someone that any random cat or dog can threaten!"

Lin Yi was no match for the man in the Black Hat if they really fought, but it wouldn't be easy for the man to catch or kill Lin Yi either!

The Wang family's talismans alone were enough to guarantee Lin Yi's safety. The sea Rift realm's defensive talismans and the teleportation talismans were more than enough to save his life!

Not to mention, Lin Yi still had a lot of trump cards up his sleeves, and his survival skills were top class!

Chapter 6866 People From Mystic Division

"Do you really think that I don't dare to make a move?"

The man laughed coldly and raised his arm, ready to attack Lin Yi. Lin Yi's eyes narrowed, and he immediately went into a defensive position, but the man pulled back his arm.

"I'm just scaring you, don't be nervous! I can't be bothered to make a move on you, in case you say I'm bullying the weak!"

The man in the black bamboo hat changed his tone and laughed, "We still have an agreement, which is that we are allies! I'm just joking, okay?"

"No problem! I'm just playing along with your performance. Do you really think I'll be nervous?"

Lin Yi's lips twitched, and he naturally returned to his relaxed state. "Don't bring out your self-destructing failed experimental subjects to embarrass yourself in the future. Do you have any more mature experimental subjects?"

Normal people would fall for Lin Yi's trick if they weren't on guard, but the man wasn't a normal person. Lin Yi's trick didn't work on him.

"What failed test subject and matured test subject? I have no idea what you're talking about. Is it something interesting? tell me in detail. "

The man in the black bamboo hat chuckled and shrugged, putting on a look of listening attentively. "If you say so, I might be interested in doing some experiments. If there are results, you'll be given credit."

"Ha ... You're really good at pretending. It doesn't matter if you don't admit it!"

Lin Yi shrugged and smiled at the man with the hat, "It's too much to say if we don't get along. If you don't make a move, I'm leaving!"

Now that he'd been discovered, Lin Yi's goal couldn't be achieved.

"If you want to go, then go. Do you want me to send you off?"

The man in the black bamboo hat mocked. It wasn't that he didn't want to take Lin Yi down, but he didn't want to do it before he had full confidence. Central wasn't ready to completely turn against Lin Yi yet.

"I don't dare to trouble you, we will meet again!"

Lin Yi waved his hand and turned around to leave, his back to the man with the Black Hat.

After wasting two days, they only managed to prove Central's existence. There was still no news about the blissful Valley survivors, and they had no idea where Central's base was.

That damned black bamboo hat!

When his strength increased in the future, he would definitely give him a good beating!

Lin Yi gritted his teeth and disappeared into the distance. The man in the Black Hat's body flickered and disappeared on the spot. He repeated Lin Yi's thoughts in his heart, still a little scared.

It hadn't been long since he'd found Lin Yi-around an hour at most.

But Lin Yi said that he'd started tracking the black armored men after their operation failed-that was two to three days!

It was a good thing the man didn't go back to the base right away, wandering around collecting the things he needed. Otherwise, he'd have brought Lin Yi back to his base.

Lin Yi's threat was getting bigger and bigger-it seemed like they needed to discuss how to deal with him!

This kid's growth was too fast. If he continued to be left alone, he would definitely become a major threat to central!

Lin Yi spread his ghost speed wings and flew at a low altitude above the forest. He'd been tracking Zhuang Yifan for two to three days, and Zhuang Yifan's flying spirit beast had already returned by itself. He could only fly to the Golden class sea Academy Alliance on his own.

There was still some time before the recruitment gathering, and Lin Yi decided to use this time to settle the blissful Valley issue.

"Lil bro Lin, you're finally back! When the aerial spirit beast returned, you didn't come back. I was so worried!"

As soon as they returned to the Alliance of Academies, Zhuang Yifan greeted them with a face full of fear and surprise. "What's going on?"

"Thank you for your concern, brother Zhuang. I met a suspicious person on the way, so I followed him alone."

Lin Yi cupped his fists to show his thanks and said, "It's a pity that I'm not his match, so I can only give up for now. "

"It's a pity! But the most important thing is that you're fine. We can take our time with the rest!"

Zhuang Yifan sighed as he led Lin Yi into the study. "What else did you gain this time?"

"I was just about to talk to you about this. I have an agreement with President he Hao of the yellow Class sea route management Association. He'll provide enough ships for us, but I'll have to find a way to get more manpower because he doesn't have many people with him."

"That's why I'd like to ask for your help, brother Zhuang, to get some people from the Alliance to go out to sea and look for islands that can be used as a base. "

"This is easy. How many people do you need? I'll arrange it."

Zhuang Yifan agreed readily. He was more than happy to help Lin Yi. It was just manpower. At most, he could just distribute it to the other schools and get some instructors and students for them to train.

As the president of the Alliance of Academies, he had this power.

"Many thanks, brother Zhuang! You've been a great help!"

Lin Yi smiled as he cupped his hands, "The islands in the Yellow Sea are scattered all over the place. I don't know how many there are. Do you know, brother Zhuang?"

"I really didn't notice, but you don't have to worry about this. I'll contact Vice President he Hao and arrange the manpower according to the ships he can provide."

"Speaking of which, I don't have much of a relationship with the yellow Class sea route management Association," Zhuang Yifan clapped his hands and laughed, "thanks to you, brother Lin, I'm able to get to know their senior management."

Lin Yi scratched his head-was this a good thing or a bad thing?

The Yellow Sea region wasn't that big, but it wasn't that small either. The school Alliance and the Yellow Sea route management Association were two giants. One was in charge of the land, and the other was in charge of the sea.

Unless there was a conflict of interest between the two, so the king did not see the king, each minded their own business, and did not contact each other?

But this didn't really concern Lin Yi, and he didn't want to get to the bottom of it.

To be honest, as long as Zhuang Yifan and he Hao could help save Hao Zili, min huichen, and feiyi, nothing else was important.

Even if the rest of the blissful Valley died, it had nothing to do with Lin Yi. He didn't even know them anyway ...

"Heh, I'll leave this matter to brother Zhuang!"

Lin Yi replied politely before asking, "Where are Wu Jun and Yang Xiaoyan? Why don't I see them?"

"They're still here, but they can't leave because of something. "

Zhuang Yifan had a strange look on his face. He smiled unnaturally and said, "There's someone from the mystic division sea. The recruitment this time is really Grand ... You still don't know, right?"

"Know what? Who was this person from the mystic Sea? Are you a member of the other recruitment teams?"

Lin Yi thought it was weird-even if someone had come, there shouldn't be such an expression on Zhuang Yifan's face.

Besides, the other members of the recruitment team, even the higher-ups of the major Academies, were not that impressive. It was not like they had not seen them before. Why would they make Zhuang Yifan act like this? And Wu Jun and Yang Xiaoyan couldn't leave?

"It's the president of the mystic division Sea region's Alliance of Academies, Huang Yuntian. There's also an old man with a very high status. I think his surname is Gu, and President Huang Yuntian calls him elder Gu. "

Zhuang Yifan saw that Lin Yi really didn't know, so he explained simply, "These two are big shots from the mystic division Sea area. In the past, when recruiting students from the Yellow Division Sea area, there have never been people of this level. It's the first time in history!"

Chapter 6867 Guild Leader Summons

Lin Yi blinked. He didn't know Huang Yuntian, but the name "elder Gu" sounded familiar. Could it be that Old Man from the Mountain sect?

The Gu family was not a big family name in the mystic division sea, so there should not be many elders. Could it really be Gu Tiannan? He wouldn't be here to cause trouble, right?

"Brother Zhuang, what are they doing here? To host this year's selection?"

Lin Yi pinched his chin, confused. "By right, someone of the president's status wouldn't even care about the selection in the Golden Division. He'll only show his face in the mystic division when they go through the entrance exam. That's already a very important thing!"

What he meant was, what was Huang Yuntian and the others doing here? Last year, Lin Yi's group didn't even get to see the president of the Alliance at Mystic division ...

"How would I know what the higher-ups mean ... To be honest, I'm just a nobody in their eyes. They have to ask me in advance to meet them, and it also depends on their mood."

Zhuang Yifan's words were full of resentment. It couldn't be helped, they were both presidents of the Alliance of Academies. Unfortunately, the difference between the Yellow Sea area and the mystic Sea area was huge, and the two couldn't be compared.

As they were talking, someone walked in quickly from outside. Zhuang Yifan looked unhappy. This was his study room. Who would dare to come in without his permission?

However, when he saw that it was Wu Jun, Zhuang Yifan quickly turned his displeasure into a smile. "It's Wu Jun! Brother Lin was just talking to me about you guys. "

"President Zhuang, I'm sorry. I came in a hurry. I'm sorry!"

Wu Jun was not an insensible person. After entering, he first cupped his fists and bowed to Zhuang Yifan, apologizing.

"It's fine, it's fine. We're all family. There's no need to be so formal."

Zhuang Yifan quickly waved his hand. He wouldn't argue with Wu Jun for Lin Yi's sake, not to mention that Wu Jun was someone worth befriending.

Wu Jun smiled and turned to Lin Yi, "Lin Yi, the president of the mystic division sea Academy Alliance, Huang Yuntian, is here. He heard that you've returned and asked me to bring you to him. Hurry up and go!"

Lin Yi was stunned. He'd never interacted with Huang Yuntian before, so why was he asking to meet him?

And how long had he been back? He had only exchanged a few words with Zhuang Yifan, and Wu Jun had already come looking for him. Huang Yuntian's Information Network was too well-informed!

"Are you sure Huang Yuntian is looking for me?"

Lin Yi pointed at his own nose, still in disbelief. "The high and mighty President of the Alliance of schools would know of a nobody like me?"

"Nonsense! Do I dare to joke about this?"

Wu Jun couldn't help but roll his eyes. If he really used Huang Yuntian's name to mess with Lin Yi, he wouldn't even be able to stay in the mystic division sea anymore!

Moreover, Huang Yuntian was indeed here. Even if Wu Jun had two more guts, he wouldn't dare to do this: "Also, your name, Lin Yi, is a lot more famous than you think ... It's no surprise that President Huang has heard of you."

Lin Yi raised a brow, understanding that it was most likely the aftereffects of the fire!

The operation was supposed to be a top secret, but Lin Yi was the only survivor, so it was no longer a secret.

Plus, Lu Yongming, that old mountain donkey, was spreading the news everywhere, so it was normal for people to notice Lin Yi.

The only thing they needed to worry about now was house Wang. The news of Lin Yi's return to Feiyang school should have spread out already. Would his body be okay in house Wang?

"Why are you in a daze? why are you shaking your head? I've never seen someone as foolish and bold as you, to actually dare to make President Huang wait for you! Even the Dean of your Feiyang college wouldn't dare to be so arrogant!"

Wu Jun saw that Lin Yi was a little distracted, so he went up and grabbed his arm to pull him out. He didn't forget to call out to Zhuang Yifan as he left, "President Zhuang, I was in a rush today. I'm sorry! Let's drink and apologize to you later!"

"You're treating me as an outsider again! You guys should get back to work!"

Zhuang Yifan stood up and waved his hand with a smile. He sent the two of them out of the study room with some envy in his eyes.

For Huang Yuntian to remember Lin Yi, how important was he?

As expected, befriending Lin Yi was the right choice-not to mention his status as a Mystic, just Huang Yuntian's high regard for him was enough!

That was why Lin Yi's matter had to be taken care of even more. After the two left, Zhuang Yifan immediately went to arrange for the mobilization of manpower and contact he Hao to discuss the ship's matter. He wanted to start the search as soon as possible.

Lin Yi followed Wu Jun to a courtyard. This was where the Golden class Sea School Alliance received their most distinguished guests. Naturally, Huang Yuntian was worthy of such a place. Even Zhuang Yifan would be willing to give up his place.

The guards in and out of the courtyard were all from the mystic class Sea region. Zhuang Yifan's men could not interfere at all, so if he wanted to ask to see Huang Yuntian, it would depend on his mood. The guards at the door might not even be bothered to report him.

However, seeing Wu Jun bring Lin Yi over, the guards didn't stop them and let them in-they must've been informed.

"Wu Jun, when did you start running errands? Where's yang Xiaoyan?"

Lin Yi couldn't help but tease Wu Jun a little after seeing his serious face. "Have you ever seen guild leader Huang Yuntian? How is he?"

"Shush, don't speak! You're still so restless even here. "

Wu Jun's expression became even more serious. Without even turning his head, he opened his mouth slightly and said, ""It's our honor to be able to run errands for the big shots of the Alliance of Academies! Yang Xiaoyan is about the same, let's talk later!"

Lin Yi chuckled to himself, but it made sense-the president of the mystic division School Alliance!

Wu Jun was only a student of the school that managed the entire Mystic division Sea area. Being able to see Huang Yuntian was similar to the disciples of the North Island who were able to see Shangguan Tianhua. It would be strange if he was not nervous.

However, Lin Yi was an exception. He didn't expect to develop in the school from the start. He was just playing the role of a Princess, so he didn't really care about Huang Yuntian.

Since Wu Jun didn't dare to say more, Lin Yi didn't continue the conversation. The two walked silently and soon arrived at the living room.

"President, I've brought Lin Yi here!"

Outside the door, Wu Jun bowed and respectfully cupped his fists as he reported to the person inside, ""What other instructions does the president have?"

"You've worked hard. Go and rest first!"

A gentle male voice came from the living room. Wu Jun responded and took two steps back before straightening up. He gave Lin Yi a look, signaling for him to be more respectful. He then waved his hand at his chest and left.

Lin Yi didn't want to use his spirit sense to scan around, so he wasn't sure what was going on in the living room. He turned around and saw that there were only two people inside.

One of them was a man in a loose robe sitting at the head of the table. He had a handsome face and an exquisite mustache above his lips. He was probably the president of the mystic Sea region's Alliance of Academies, Huang Yuntian.

In fact, when he saw the other person, Lin Yi knew that he was right. Because the person sitting on the left of Huang Yuntian was indeed the old man, Gu Tiannan!

Chapter 6868 A Strange Attitude

"Lin Yi greets President Huang and elder Gu,"

Lin Yi cupped his hands and greeted politely, "I wonder what instructions the president has for me?"

Before he could figure out Huang Yuntian's goal, Lin Yi's attitude was still decent. If the other party was planning to work with Gu Tiannan to screw him over, then there was no need to be polite!

If he wasn't afraid of central, then he had no reason to be afraid of the president of a Mystic division sea Academy Alliance.

"Lin Yi! I've long wanted to meet you, the genius of last year, and my wish has been fulfilled today. Come, come, come, sit down and talk!"

Huang Yuntian stood up affectionately and gestured for Lin Yi to sit on the chair opposite Gu Tiannan, ""You're an old acquaintance of elder Gu from our Alliance of Academies. There's no need to be so polite."

Lin Yi raised an eyebrow, not sure what Huang Yuntian was up to. Gu Tiannan, on the other hand, just sat there with a cold smile on his face.

It was not strange for an elder of the mountain sect to hold a position as an elder in the Alliance of Academies. What was strange was what Gu Tiannan meant. What did he say to Huang Yuntian?

"Many thanks, President Huang!"

Lin Yi was suspicious, but he smiled and sat down on the chair after thanking him.

Huang Yuntian returned to his seat and smiled at Lin Yi, "Lin Yi, I've heard a lot of rumors about you recently, so I took advantage of the fact that I'm hosting the selection at the Golden class sea this year to meet you. It's nothing much, you don't have to be nervous."

Lin Yi thought, I'm not nervous! If you are in trouble, I will help you if I can. If I can't, then forget it. What is there to be nervous about?

Of course, it was better that nothing happened. Everyone could drink tea and chat. It didn't matter if they had some time.

"I see, I'm really flattered!"

Lin Yi gave an exaggerated look of surprise before continuing, "Guild leader, are all the rumors you've heard not very good?"

"Why do you say that? I've only heard rumors about you, such as last year's strongest genius, or even the strongest genius in the last ten years. What have you done that you're not confident in yourself?"

Huang Yuntian looked at Lin Yi with a meaningful smile, asking for a beating.

"Ha ... Rumors are just rumors. President, just listen to them. Don't take them too seriously."

Lin Yi said casually, trying to figure out what Huang Yuntian wanted. "Elder Gu and I are indeed old acquaintances. He should have mentioned me to the president, right?"

That old man Gu Tiannan probably wouldn't say anything good about Lin Yi, and that was why Lin Yi was suspicious of Huang Yuntian's intentions.

"Of course, if I didn't mention you, how would the president know that we're old acquaintances?"

Gu Tiannan smiled coldly as he looked at Lin Yi, "However, this old man praised you in front of the president and didn't say anything bad about you. Don't blame me if you feel guilty!"

"That's strange. Why should I feel guilty? You're making it seem like you're guilty!"

Lin Yi mocked, but he had a rough guess.

Huang Yuntian was probably asking Gu Tiannan for information about Lin Yi, but because of the deal with Lin Yi, Gu Tiannan didn't want to smear Lin Yi's name too much. He didn't want to expose the mountain sect's internal affairs.

And from Gu Tiannan's words, Lin Yi's sharp senses noticed that this old man was actually a little afraid of Huang Yuntian. It was very strange!

By right, the sect in the mystic division Sea area was definitely more powerful than the Alliance of Academies. As an elder of the mountain sect, he was even more respected than the president of the Alliance of Academies. Why would Gu Tiannan be afraid of Huang Yuntian?

"Hahaha, you two are really familiar with each other. That's great. We're all on the same side to protect the mystic division Sea area."

Huang Yuntian saw that the atmosphere between Gu Tiannan and Lin Yi was a little strange, and immediately smiled to smooth things over, ""Right, Lin Yi, I've heard some rumors recently, and they're really bad for you! For example ... In the incident of the spiritual fire of heaven and earth, you killed all the participants and took the spiritual fire of heaven and earth for yourself!"

Lin Yi's eyes narrowed. Huang Yuntian had changed the topic too quickly. It was like a 180-degree turn. What did he mean? Did he want Lin Yi to be caught off guard?

"President Huang, did you hear this rumor from Lu Yongming from the clear flow school?"

Lin Yi's mind whirled, and he immediately guessed the truth. "Lu Yongming came to our Feiyang school to ask me about this. Actually, he didn't ask at all. He just wanted to blame his grandson's death on me. After he failed, he started to spread rumors."

"Is this all nonsense? However, you were the only one who survived that operation. The dead can't testify, so you can say whatever you want. "

Huang Yuntian touched his small beard with his finger, a faint smile on his lips, ""But it doesn't matter. I'm just telling you about this. I'm not going to pursue any responsibility or the truth."

Lin Yi didn't know what to say-why would she say it if she didn't care? Everyone was busy, so why waste time?

"Lin Yi, I'm very impressed with your ability to cause trouble. No matter what the truth of the fire is, Lu Yongming is determined to deal with you, so you have to be careful."

Gu Tiannan seemed to be concerned about Lin Yi, but he was actually mocking him,"Lu Yongming has already come to the college Alliance to file the case. If Feiyang college wants to protect you, many colleges and families will target you. You have to be mentally prepared!"

"Many thanks for elder Gu's reminder. Otherwise, I wouldn't have known."

Lin Yi squinted his eyes. He didn't care if Gu Tiannan was being kind or sarcastic. It was enough to get the news that Lu Yongming was going against the Feiyang school!

Lin Yi had anticipated Lu Yongming's revenge, but he didn't think that the old man would move so quickly-he'd already filed it with the Alliance.

"President Huang, don't you have any doubts about the clear flow Academy's actions?"

Lin Yi looked at Huang Yuntian indifferently. As a student of the Feiyang school, Lin Yi's attitude could be considered an offense to Huang Yuntian, but Huang Yuntian didn't mind.

"Principal Liu of your Feiyang school will talk to me about this. What are you worried about?"

Huang Yuntian chuckled and shook his head. He then said gently, ""Don't worry, before I go back, Lu Yongming won't dare to go against Feiyang college. "

Lin Yi's heart jumped. Huang Yuntian was ... Trying to curry favor with him?

But was it necessary for the president of the Alliance of Mystic Ocean Academies to do this?

"President Huang, did you come to the Yellow Sea region just to host the selection?"

Lin Yi changed the topic and ignored Lu Yongming, "This kind of thing can be handled by the recruitment team, right?"

There was something else that Lin Yi didn't say out loud, but he was guessing in his heart. Perhaps Huang Yuntian and Gu Tiannan came to the Golden class sea for Lin Yi?

As for the entrance examination, it was completely done in passing!

Chapter 6869 Not Much

"What else? Do you think there's anything else that's worth me personally coming to the Yellow Sea?"

Huang Yuntian's small beard curled up slightly. He said with a faint smile, "Of course, if you say that I came here just to see you, I won't deny it."

Lin Yi was a little surprised. His thoughts were seen through by Huang Yuntian? As expected of the leader of the Alliance of schools, he was indeed powerful.

"You're joking, President. Lin Yi isn't worthy enough for you to come personally. If there's anything you need, you can just send someone over. "

Lin Yi's expression was the same as usual, not revealing any of the surprise in his heart. He smiled and laughed with Huang Yuntian, "Right, after talking for so long, I still don't know what specific instructions the Guild leader has for me!"

"Don't keep saying 'give orders,' it makes us seem distant. "

Huang Yuntian waved his hand and revealed a friendly smile, "As I said just now, I mainly want to see you, the future star of the Alliance of Academies. If I have something to say ... Well, I heard that you were in trouble before. Why don't you tell us and see if we can help you?"

"Thank you for your concern, President. It's not that I'm in trouble, but my friend is in trouble."

Lin Yi knew that he couldn't hide the blissful Valley incident from Huang Yuntian, and that Wu Jun and Yang Xiaoyan had probably already been interrogated by them. So, he explained it simply, "That's the

basic situation. I'm asking for help now, and I'm preparing to go out to sea to search for the traces of those mysterious people."

"So that's how it is! You have the help of the two forces in the Golden class Sea area, so there's no need for me to interfere. If you need me, just come to me. "

Huang Yuntian nodded and gave Lin Yi a promise to help, but this promise was probably not needed, so it was a way to win him over.

"Yes! If there's anything I need the president's help with, I won't hesitate to help. "

Lin Yi cupped his fist to express his gratitude before turning to Gu Tiannan,"Elder Gu will help out when the time comes, right? There aren't many high-end combatants in the Yellow Division, and I might need your help one day. "

Gu Tiannan's mouth twitched. Beating Lin Yi up for him was something he wouldn't refuse to do, but help Lin Yi? It's more like he's not helping!

"Wherever the Guild leader is, this old man will be there!"

Gu Tiannan snorted and made a promise that was not really a promise,""Lin Yi, I'll treat you to some drinks and reminisce when we have time!"

No one could change the topic so abruptly!

Lin Yi didn't have a good relationship with Gu Tiannan, and nothing good would come out of it if he invited him for a drink.

"There's no time like the present. Don't wait to turn back, go now. Lin Yi, you're from the Golden class sea, so you're half a host. Please treat elder Gu well today. "

No one knew what Huang Yuntian was thinking, but he actually smiled and let Lin Yi and Gu Tiannan leave alone.

Lin Yi didn't know what to say-he didn't call him here just to buy Gu Tiannan dinner, did he? What was the meaning of this, letting go of grudges with a smile?

What reason did Huang Yuntian have to resolve the conflict between Gu Tiannan and Lin Yi? Besides, the old man didn't seem to be trying to be friendly with Lin Yi.

"President Huang ... There's no problem with entertaining elder Gu. However, why did you ask me to come here today?"

Lin Yi was determined to get to the bottom of this. He didn't believe in any bullshit like getting to know Lin Yi, unless Huang Yuntian was gay and had taken a liking to Lin Yi.

"Alright, I might as well tell you the truth. I did have some matters to discuss with you, but it's not the time yet. We'll find an opportunity to talk about it later. You should deal with your own matters first."

Huang Yuntian smiled indifferently as he glanced at Gu Tiannan.

Lin Yi understood immediately-she didn't want to talk to Gu Tiannan in front of him!

But since he didn't want to talk in front of Gu Tiannan, he could have just sent the old man away. Why did he have to cause so much trouble?

I'm so busy, and I have to make two trips back and forth. Do you think you're so great just because you're the president of the Alliance of Academies?

Alright, the president of the mystic Ocean region's Alliance of Academies is amazing ... I can't be bothered with you!

Lin Yi curled his lips subconsciously and cupped his fists, "Since that's the case, I won't disturb you anymore, President. I'll take my leave first."

As for entertaining Gu Tiannan, Lin Yi wasn't interested. The old man was a dark man, and he'd better stay away from him.

Lin Yi wasn't afraid of trouble, but he was afraid that he might accidentally kill Gu Tiannan ...

"President Huang, I'll see Lin Yi off!"

It seemed like Gu Tiannan was determined to find Lin Yi. He actually stood up and greeted Huang Yuntian before following Lin Yi out of the living room.

"Elder Gu, if you have something to say, just say it. You don't really want to have a meal and chat with me, do you?"

After leaving the courtyard, Lin Yi stopped and turned to face Gu Tiannan with a mocking smile,""A straightforward person does not resort to insinuations. The two of us can not be considered friends. Once the deal is completed, we will have nothing to do with each other!"

"Lin Yi, don't worry, I mean you no harm."

Gu Tiannan's previously indifferent attitude changed. He spread his hands and appeared to be very enthusiastic,"On the contrary, after thinking about it, I feel that a genius like you is really rare. No matter what you have done before, don't take it to heart. How about we forget all the grudges with a smile?"

Laugh your sister! If you love to smile so much, why don't you sell your smile!

Lin Yi cursed in his heart and raised his guard!

Those who were unaccountably solicitous were either evil or thieves! Gu Tiannan's sudden change of attitude was definitely a conspiracy!

"Elder Gu, if you have something to say, just say it. You don't have to beat around the bush with me. You know that I'm very busy!"

Lin Yi's expression was cold as he wanted to leave this place as soon as possible.

If it weren't for the fact that Gu Tiannan might affect the entrance exam and cause Lin Yi's friends to be in trouble, he wouldn't even bother with this old man.

"Alright, then this old man will make it short!"

Gu Tiannan's face froze for a moment, then he smiled and said, "I'm a person who values talents, and I really admire a genius like you, Lin Yi. Let's not talk about our previous deal, but I'd like to take you directly into my sect and specially recruit you into the mountain sect. What do you think?"

Gu Tiannan had the intention to recruit Lin Yi before, but he never said it out loud.

Taking Lin Yi as a personal disciple and bringing him into the sect as a normal disciple were two completely different things.

If it was any other student, Gu Tiannan's invitation would be like a meat pie falling from the sky, but to Lin Yi, it felt like Gu Tiannan was digging a hole for him to jump in.

"I don't think so ..."

Lin Yi shook his head expressionlessly. "Forgive me for being blunt, but I have no interest in joining the mountain sect. I have no intention of having you as my master!"

Gu Tiannan seemed to have expected this and did not feel embarrassed at being rejected. He continued to smile and said, "Alright! If you don't want to join the mountain sect, I won't force you. As long as you know that I have good intentions towards you, even if we can't be master and disciple, I hope we can be friends. "

Chapter 6870 It's No Use Even If I Say It

Lin Yi was a little surprised. Gu Tiannan's posture was very low, as if he was very sincere, completely different from how he was in the living room.

What was the reason behind this?

Both Huang Yuntian and Gu Tiannan were very concerned about Lin Yi's performance, but Lin Yi himself was confused. It was a very uncomfortable feeling.

"Elder Gu, if you have something to say, just say it. Is there something you need my help with? Seeing that we've had a deal before, as long as you can offer me enough benefits, I don't mind making another deal with you. "

Lin Yi's mind moved quickly, but he pretended to not care. "It doesn't matter if we're friends or not. What's important is that we each get what we need. That's enough!"

"Well said!"

Gu Tiannan clapped his hands and heaved a sigh of relief, ""Friends are just the products of an exchange of interests. I believe that we can become true friends in the future!"

After a short pause, Gu Tiannan continued, ""I'll tell you something first. President Huang and I did come to the Golden class sea this time to do something else other than to preside over the selection,"

"What is it?"

Lin Yi wondered if they were finally getting to the point. This matter was most likely related to him, which was why Huang Yuntian and Gu Tiannan valued him so much, ""Is it convenient for you to tell me now?"

"I can't be sure now. I need to wait for a while, so it's useless even if you know!"

As expected, Gu Tiannan was not willing to say it out loud. He wanted to keep her in suspense. "When the time comes, you'll naturally know. Because of this, the selection in the Golden sea has been brought forward. Before you came back, all the members of the recruitment team have been informed, and they will be back here in a few days. "

"The selection is about to begin?"

Lin Yi was surprised. He thought that there would be a long time before the selection, but it was only a few days.

He had planned to look for Jiang He hai and the others, but he had no time because of the blissful Valley incident. Now, he decided to wait for them to come.

"It's indeed a little rushed, but with President Huang personally hosting it, no one dares to complain!"

Gu Tiannan didn't care if it was inconvenient for those who participated in the selection. They were just students who were preparing for the mystic division sea Academy. As a high and mighty elder, he didn't care at all.

"Alright, let me know if there's anything. Goodbye!"

Lin Yi didn't want to waste any more time with Gu Tiannan. He saluted casually and turned to leave.

Although the mystic division entrance exam was important, it was nothing compared to the lives of Hao Zili and the others.

Plus, he wasn't the only student in the school-he was just a dispensable student. He decided that as long as he Hao and Zhuang Yifan were ready, he'd join the search.

As for the entrance examination, let nie Xiaohu and Li Xiaomeng do it!

Gu Tiannan opened his mouth as if he wanted to say something, but in the end, he didn't say it. A dark light flashed in his eyes, and it was clear that he was just saying that he wanted to be friends with Lin Yi.

Lin Yi didn't need to worry about his debts anymore, and Gu Tiannan didn't care about his enemies either.

It'd be great if this old lamp could show off a couple of chapters as a supporting character, and he wanted to steal Lin Yi's spotlight? In his dreams.

Lin Yi saw Wu Jun peeking his head out from behind the rockery as soon as he stepped out of the yard. He smiled and waved at Lin Yi as soon as he saw him.

Lin Yi shook his head with a smile and walked over unhurriedly. Yang Xiaoyan's head popped out from behind the rockery again.

"What are you two doing? Are you hiding here for a date?"

Lin Yi waved his hand at Xiaoyan, teasing the two of them, "I've only been away for a few days, and you've already gotten together?"

"Pei Pei Pei! Lin Yi, are you looking to die? You know I have someone I like, yet you're still talking nonsense. Do you believe I'll beat you up?"

Yang Xiaoyan glared at him and pretended to hit him, but she couldn't hold it in and laughed first, ""You're still so annoying!"

The three of them were used to laughing and joking around. There was no taboo in their words, so no one took it to heart.

"Lin Yi's the one with the evil heart, so everything he sees is evil. We don't need to bother with him!"

Wu Jun and Yang Xiaoyan were on the same side, naturally, he had to take advantage of the situation to insult Lin Yi. "Cut the crap and tell me the truth. Why did President Huang look for you?"

"Yes, yes, yes. Hurry up and tell me. Is there something good?"

Yang Xiaoyan couldn't be bothered to continue trampling on Lin Yi as she looked at him with wide eyes, "We're all Good Brothers, don't forget about us if something good happens!"

"What are you guys thinking? I didn't even know President Huang before, how could it be anything good?"

Lin Yi laughed as he pushed Wu Jun's face away. He shrugged innocently. "President Huang has only heard of me and knew that I had returned, so he came to chat with me and encourage me."

"F * ck, if you don't want to say it, then forget it. Why make up such lies to deceive us? do we look that stupid?"

Yang Xiaoyan waved her hand, her face full of disapproval, ""You're such a Big Shot, Lin Yi-did President Huang hear about you and he's asking to talk to you? I even found you right after you returned!"

Lin Yi didn't know what to say. Huang Yuntian was able to find him immediately because he was interested in Lin Yi's whereabouts. He sent people to report to Lin Yi as soon as he came back.

"It's up to you to believe it or not. In any case, I believe it ... Bah, What do you mean believe it? this is the truth!"

Lin Yi smacked his forehead, feeling like he was making things worse. "Forget it, let's not mention this matter!"

Huang Yuntian didn't tell him the details, and what Lin Yi said was the truth-what else could they do?

"You all know that the selection for the Golden class Sea area will be held in advance, right?"

Lin Yi asked, but he knew that they probably already knew.

"I know. There are already members from other recruitment teams coming to the Alliance of Academies today. We're considered the first batch, and today is the second batch. There should be more coming tomorrow."

Wu Jun nodded his head. Huang Yuntian would definitely inform the recruitment team to carry out this plan. Therefore, Wu Jun and Yang Xiaoyan were the first two members of the recruitment team to know about this.

"There aren't many people here today. None of our senior and junior brothers are here, nor are there any people from your Feiyang college. I wonder if this is good news or bad news."

"What do you mean?"

Lin Yi didn't understand-what did his absence have to do with good news or bad news?

"If we're counting it as good news, then those people will have more time to prepare for the recruitment of students. If we're to count it as bad news, then it'll leave a bad impression in President Huang's heart."

Wu Jun started to analyze the situation as if it was a matter of fact, and it sounded very reasonable ...
