

Bodyguard 6871

Chapter 6871 Can You Open The Door?

"Get lost! Don't talk nonsense here!"

Lin Yi scolded jokingly, and Xiaoyan even raised her leg to kick him. The Allies from before had turned into enemies-this Alliance wasn't reliable at all!

"Alright, alright, stop fooling around!"

Wu Jun laughed and jumped aside, waving his hand to signal for Yang Xiaoyan to be quiet. Then he said seriously, ""Listen to me, the president of the mystic Sea region's Alliance of schools has never come to the yellow region to recruit students personally, so there must be a reason for this."

"What do you want to say? Is there a reason why it's related to you?"

Yang Xiaoyan frowned and retorted, "I think it's best if you don't get involved in President Huang's matters. If something goes wrong, who can bear the responsibility?"

"Yang Xiaoyan, you've suddenly become timid! Besides, I didn't say I wanted to get involved in President Huang's matters ..."

Wu Jun pouted and continued, "I'm saying that President Huang's coming to the Golden class sea to recruit students might just be an excuse. There are more important things to do. Do you think President Huang will ask us for help?"

His words were directed at Yang Xiaoyan, but Wu Jun's eyes were on Lin Yi, obviously thinking that Lin Yi had hooked up with Huang Yuntian.

Alright, this guy's eyes were sharp indeed. Although Huang Yuntian didn't say anything explicitly to Lin Yi, all things considered, it was very close to Wu Jun's guess.

"What are you looking at me for? I don't know anything!"

Lin Yi spread out his hands innocently. "We were really just casually chatting earlier. President Huang didn't say anything to me."

It was true that Huang Yuntian didn't mention it, but it was Gu Tiannan who brought it up. Lin Yi didn't even know what was the point of telling him.

"I don't care if you know or not, but if we're brothers, don't keep all the good things to yourself!"

Yang Xiaoyan stepped forward and patted Lin Yi's shoulder, giving him a look that said "I've seen through everything. "

Lin Yi didn't know what to say ... You're a pretty girl, after all, and I treat you like a brother? Can't we just be good sisters?

He could tell that these two were sure that Lin Yi and Huang Yuntian had something going on, and they wanted to interfere!

He was so F * cking wronged! There was no way to reason with him ...

"Alright, alright, alright. I'll count you two in if there's anything good or bad. Is that okay?"

Lin Yi raised his hands in surrender and continued to tangle with them. "But let's make this clear first. If guild leader Huang Yuntian doesn't agree, I can't do anything about it!"

"I understand! It'll be fine as long as you can ask President Huang to bring us along. "

Wu Jun squeezed out a flattering smile, pretending to be a Lackey as he tried to massage Lin Yi's shoulders, but Lin Yi slapped him away.

"You finally admit it! I knew that you and President Huang must have some unspeakable secret!"

Yang Xiaoyan chuckled and gave Wu Jun a look that said everything was under her control, ""Little Wu, you can't go wrong by following your sister in the future!"

Lin Yi didn't know whether to laugh or cry at the two's antics, not bothering to explain. "Let's go! We haven't solved the blissful Valley issue yet!"

"By the way, what are you going to do about the blissful Valley? The selection is about to begin. You can't leave now, can you?"

Wu Jun caught up to Lin Yi's pace, his expression turning serious. "Although we're only the student representatives and are insignificant in the recruitment team, even President Huang Yuntian has come personally. If we're absent at this time, it will have a great impact on the Academy."

"How troublesome!"

Lin Yi couldn't help but mumble. He had planned to miss the selection, but Wu Jun's words reminded him that this would make the school lose their reputation in Huang Yuntian's eyes.

With Lu Yongming, the unparalleled mountain donkey from clear flow school, as the leader, many forces had their eyes on Feiyang school, and it was all because of Lin Yi. They couldn't just ruin Feiyang school for Hao Zili and the other two, could they?

"It's no trouble at all. Lin Yi and President Huang are so close, he just needs to say hi. What's there to worry about?"

Yang Xiaoyan gave Wu Jun a light push, thinking that they were both worrying for nothing.

Lin Yi smiled bitterly to himself. Do you guys really think I'm close to Huang Yuntian? Today was only their first meeting, and they had only exchanged a few words, and he had even casually greeted her ...

"I've already asked for help. You don't have to worry. Everything will work out when it comes to it. It'll definitely be resolved smoothly!"

Lin Yi, the person in question, was the one consoling the two people beside him-he felt weird. Shouldn't they be the ones taking turns consoling him?

When talking to Wu Jun and Yang Xiaoyan, he would always be led astray without knowing it ...

In the next two days, the people from the mystic division's recruitment team came back one after another. The people from Feiyang college gathered again.

To be honest, Lin Yi really didn't want to see nie Xiaohu and Li Xiaomeng. It was annoying!

Apart from the members of the recruitment team, the students who were participating in the assessment also rushed to the Alliance of Academies after receiving the notice.

The college Alliance was in an uproar at this point, and Lin Yi decided to just hide in his room and wait for Zhuang Yifan or the recruitment team's news.

Another day passed, and the sky was just starting to light up when someone knocked on Lin Yi's door. He scanned with his divine sense and found Li Xiaomeng outside the door. Lin Yi frowned immediately.

"Lin Yi junior, can you open the door?"

Li Xiaomeng's soft voice sounded, and it made people feel comfortable. "Senior Sister has something to discuss with you."

Lin Yi couldn't help but rub his furrowed brows. Li Xiaomeng was a fickle girl, and he didn't know how to deal with her.

However, he was already standing outside the door, so it was impossible for him not to open it.

"What is it?"

Lin Yi opened the door and looked at Li Xiaomeng coldly, "I'm very busy. If it's not important, you don't have to say it!"

Li Xiaomeng's originally smiling pretty face suddenly froze, then she raised her chin and said, "Lin Yi junior, do you think I'd come and chat with you?"

Lin Yi's mouth twitched, thinking that this woman's attitude changed so quickly. In just a blink of an eye, she'd gone from gentle to cold ...

"Since there's something, then please speak!"

"I'm all ears. "Lin Yi didn't want to argue with Li Xiaomeng.

"Lin Yi Junior Brother, is this how you treat your guests? Let people speak outside the door?"

Li Xiaomeng was still raising her delicate chin, looking a little dissatisfied. ""No matter what, I'm still your Senior Sister. Do you understand the necessary respect?"

Lin Yi really wanted to say that he only respected those who were worthy of his respect, and that she wasn't on the list ... But as a good man, he didn't fight with women, so he held back and let her in.

"Have a seat. There's no hot tea for you. There's a drink here."

Lin Yi took out a bottle of milk tea from the common world and placed it on the table. He didn't know if it had expired, but Li Xiaomeng's body was strong enough to drink it even if it expired.

Chapter 6872 You Won't Find Me If I Don't Go

"Didn't nie Xiaohu, who is always with you, come along?"

Lin Yi asked casually.

"Who's always with him? Also, don't mention that good-for-nothing in front of me!"

Li Xiaomeng showed a look of disgust. It seemed that she really hated nie Xiaohu. "That person doesn't have much ability, but his ability to stick to people like a dogskin plaster is very strong. It's hard to get rid of him, so don't make Senior Sister worry."

"I'm just asking, you don't have to answer ..."

Lin Yi scolded himself for being a busybody-wasn't it good to get Li Xiaomeng to talk to him earlier? he even started chatting with her!

"Yes, let's not talk about that good-for-nothing!"

Li Xiaomeng wrinkled her nose and picked up the bottle of milk tea to take a sip. The strong fragrance made her eyes light up. "It's quite good ..."

"What's the matter? can you tell me now?"

Lin Yi waited for Li Xiaomeng to put down the bottle before looking at her indifferently, "You came to find me so early in the morning, you should be in a hurry!"

"Well, you can say that. It's a little urgent."

Li Xiaomeng sat gracefully and said seriously, ""I heard that Lin Yi Junior Brother is looking for a missing friend in the Golden class sea. After I finished my mission, I went to the Golden class sea and saw some strange people coming in and out of a Valley near the coast. Do you think it's related to the person you're looking for?"

"Is this true?"

Lin Yi's face changed.

If it was on the shore, it might be related to the blissful Valley incident. "Where is that Valley? Can Senior Sister Li tell me in detail?"

"When you need my help, you should just call me Senior Sister Li. Just now, you were so cold as if I owe you a lot of spirit crystals."

Li Xiaomeng's face instantly turned into one of resentment, and Lin Yi's forehead was filled with black lines.

You're not here to tell me the news, but to perform a face-changing act, right?

"Senior Sister Li, this matter is extremely important to me, please enlighten me!"

Lin Yi cupped his fists helplessly. If he could find the blissful Valley survivors without going out to sea, he Hao and Zhuang Yifan wouldn't have to work so hard to prepare.

The only thing Lin Yi couldn't figure out was the valley. Zhuang Yifan had sent so many people to search the area, he shouldn't have missed any Hidden Valley.

But why didn't he find it, while Li Xiaomeng could find it by just wandering around?

To be honest, Lin Yi suspected that Li Xiaomeng was just lying to him. After all, the news had spread long ago, and if Zhuang Yifan wanted to mobilize his men, the whole blissful Valley incident would be revealed. Li Xiaomeng knew what Lin Yi was looking for.

However, Lin Yi would rather believe it than not. If there was any clue, he would grab it with all his might until he saved Hao Zili and the others!

"How boring, can't you even say a few nice words?"

Li Xiaomeng glared at Lin Yi flirtatiously. Lin Yi was already numb to the speed at which she changed her attitude. He just watched her quietly.

"Forget it, I'll tell you, okay? it's just that I can't tell you the location of the valley ..."

Li Xiaomeng stretched out her index finger and tapped on her chin. She looked up as if she was thinking, ""How about this, I'll take you to that place, what do you think? I can find the route if I go there myself. "

"Alright, we'll set off immediately!"

Lin Yi said as he gestured for Li Xiaomeng to move.

Regardless of whether this matter was true or false, he had to confirm it with his own eyes before he could rest assured.

As for whether or not Li Xiaomeng would use this chance to set a trap for him, Lin Yi wasn't worried at all. After all, this wasn't the Feiyang school. Everyone came out to represent the school and no one would fight in front of so many outsiders.

Was he a joke? If they really did that, the Feiyang college would not be able to accommodate them when they returned to the college, regardless of Li Xiaomeng's background!

Most importantly, Lin Yi's own strength was enough to easily suppress Li Xiaomeng, di Xiaohu, and the others. A trap? It was still unknown who would be the unlucky one in the end!

"You're so impatient, Junior Brother Lin Yi. I'm fine with it, I'll go with you anytime!"

Li Xiaomeng stood up with a smile and walked out slowly, saying, ""There's one thing I have to make clear first. If we were to ride on our flying spirit beasts, it would take at least half a day. The round trip would take a day, so it wouldn't be considered a delay. "

"What does Senior Sister Li want to say?"

Lin Yi paused, "do you think it's meaningless to spend a day traveling back and forth?" In fact, if you tell me the general location, I can go find it myself. "

If he had a rough location, Lin Yi could even use a teleportation formation to go back and forth, giving him a lot more time. Unfortunately, Li Xiaomeng had to search all the way there, so he couldn't use the teleportation formation.

"Senior Sister doesn't have any sense of direction. If I can't see the scenery on the road with my own eyes, I can't remember where it is. It would be a wonder if you could find it if I told you."

Li Xiaomeng covered her mouth and chuckled. Lin Yi really wanted to ask if she had a screw loose. Wasn't it better to maintain that arrogant attitude?

"Lin Yi Junior Brother, I mean we have to leave for at least a day. Elder Guan won't agree to it, and President Huang Yuntian might call for the recruitment team at any time ..."

Lin Yi understood what Li Xiaomeng meant. Wu Jun and Yang Xiaoyan had mentioned this topic before. At that time, it was only directed at Lin Yi who was looking for Hao Zili and the others.

Now that Li Xiaomeng had left with him, things would obviously become more complicated. If she went to ask Guan Wenxuan for leave, he would most likely not approve it.

"Senior Sister Li's meaning is?"

Lin Yi wondered if she was planning to go in a few days. Saving people was like putting out a fire. He didn't know what would happen in a few days. Since he knew there was such a place, he should go there immediately.

"What I mean is that we should leave secretly and not alert anyone ..."

Li Xiaomeng said in a low voice, adding "ran ran" in her heart. It's like they're eloping!

Unfortunately, her plan was destined to fail. Before she could finish, Lin Yi saw nie Xiaohu running over. A dog-skin plaster was indeed sticky!

"Xiao Meng, you're really here!"

Di Xiaohu rushed into Lin Yi's courtyard and saw the two people at the door. His face turned extremely ugly, ""Why? Why did you come to Lin Yi, that bastard!"

Lin Yi's face darkened. You're the bastard! Your whole family is a bunch of bastards! Unparalleled mountain donkey!

"Yan Xiaohu, watch your mouth! Who gave you the guts to shout at me?"

Li Xiaomeng's almond-shaped eyes widened as she glared at nie Xiaohu and scolded loudly, ""Who are you to say where I like to find people and do what I like? Who Do You Think You Are?"

"I ... I ... I'm ..."

Yan Xiaohu shrank his neck and wanted to say that he was her fianc , but when he saw Li Xiaomeng's angry face, he instantly swallowed his words and did not dare to refute, ""Xiao Meng, I didn't mean to interfere with you. I was just worried that something might have happened to you ... I wanted to protect you!"

It was hard to believe that nie Xiaohu could change his mind at the last minute. What he said made sense.

Chapter 6873 It Was All Said By The Other Party

"Pfft, you're such a good-for-nothing, do you want me to protect you by following me?"

Li Xiaomeng's pretty face was frosty. She put her hands on her hips and continued to scold, ""You have so much time. Why don't you think about how to improve your strength? you even said you'd protect me. If you have the ability, then beat me first!"

Di Xiaohu looked constipated. He was slightly stronger than Li Xiaomeng, but unless it was a life-and-death battle, it was almost impossible for him to win.

What else could he say?

"Get out of the way, Lin Yi and I need to go out, don't block the way!"

Li Xiaomeng pushed away di Xiaohu in disgust and turned to Lin Yi with a bright smile, ""Lin Yi Junior Brother, let's go! The earlier we go, the earlier we can come back!"

"Xiao Meng, where are you guys going? You can't leave the Alliance of schools now!"

Di Xiaohu had just been pushed away when he heard that Li Xiaomeng was going out with Lin Yi. He immediately blocked Li Xiaomeng, ""This is elder Guan's order. You can't disobey!"

Afraid that she wasn't enough, she even used Guan Wenxuan's name. However, Li Xiaomeng didn't care about Guan Wenxuan at all. As long as she didn't rebel in Feiyang college, the elders wouldn't really do anything to her.

"If you don't tell him, Guan Wenxuan won't find out. In other words, if elder Guan finds out, you're the one who told on him. I don't think I need to remind you of the consequences of telling on him, do I?"

Li Xiaomeng's expression changed again. She narrowed her eyes and threatened Yu Xiaohu coldly, "Hurry up and move, don't get in our way."

"Xiao Meng, you guys really can't leave. We've just received a notice for all the members of the recruitment team to gather for a meeting later. President Huang Yuntian of the school Alliance will be hosting the meeting, so you can't be absent!"

Di Xiaohu's eyes suddenly lit up like a drowning man who had found a life-saving straw. "I came here to inform Lin Yi, but I didn't expect you to be here ..."

Lin Yi couldn't help but smile coldly. She was clearly here to cause trouble for Li Xiaomeng and Lin Yi, and now she was here to specially inform them?

Who are you lying to?

"How come I didn't know about this? Even if President Huang Yuntian wants to hold a meeting, he wouldn't go around and inform people so early, right?"

It wasn't long before the sun rose, and normally, they wouldn't send out a notice so early.

"How would I know? Perhaps it's because there are too many people, so it takes time to inform them, or perhaps President Huang gave us time to prepare. In any case, this matter is absolutely true, so you'll know once you go out and ask. "

Seeing that Li Xiaomeng was a little suspicious, nie Xiaohu quickly raised his right hand and made a vow. ""Xiao Meng, you know that I would never lie to you. Besides, I wouldn't dare to tell you such an easy lie!"

Li Xiaomeng's eyebrows furrowed slightly. Although Tong Xiaohu was a coward, he was right.

It seemed like she had to put her plan of going out with Lin Yi on hold for now!

Li Xiaomeng didn't completely trust nie Xiaohu yet, but another Feiyang school staff came to Lin Yi immediately, telling him to get ready for the meeting.

"Xiao Meng, see, I didn't lie to you, right? President Huang Yuntian is really going to hold a selection meeting for the Golden class Sea region's students. We all have to participate!"

After the people from Feiyang college left, Yan Xiaohu smiled and approached Li Xiaomeng. ""We can ignore Guan Wenxuan, but we can't not give President Huang Yuntian face."

"Go away! Don't come so close to me!"

Li Xiaomeng waved her hand dismissively. She couldn't be bothered to argue with nie Xiaohu anymore. The news was true, but if nie Xiaohu came to inform Lin Yi, then she would really be an idiot!

"Lin Yi junior, let's go to the meeting first. Huang Yuntian is a man of action, he should be done soon ..."

In other words, he would continue to go to the valley after he was done. It would not take too long.

"Alright, we'll attend the meeting first. See you later!"

Lin Yi nodded helplessly. He needed Li Xiaomeng to lead the way, so he couldn't force his way out now. He just cupped his hands casually, signaling the two to leave his place.

Li Xiaomeng and nie Xiaohu were clearly two enemies, and Lin Yi didn't want to see them bickering, so he made a gesture to see them out.

"Xiaomeng, let's go back first and let Lin Yi get ready."

Nie Xiaohu didn't hide the hostility in his eyes. He didn't want Li Xiaomeng to stay with Lin Yi either, "I just so happen to have something to tell you."

"See you later, Lin Yi junior!"

Li Xiaomeng was disappointed, but she couldn't show it. She waved her hand elegantly and left.

As for what she was going to do with the pot, Lin Yi wasn't interested.

After the two left, Lin Yi paced back and forth in the courtyard, thinking about whether Li Xiaomeng's information was reliable. Should he inform Zhuang Yifan after the meeting and ask him to send someone over?

After thinking for a while, Lin Yi decided to go and see for himself first. He couldn't completely trust Li Xiaomeng's words. He'd have to confirm it first.

He waited a while more, and decided that it was time for the meeting.

The Yellow Division sea Academy Alliance had a Hall specially prepared for this kind of meeting, which could accommodate nearly a thousand people at the same time.

Lin Yi thought that he was early, but the hall was already packed when he arrived. Most of the representatives were already there.

"Lin Yi, what took you so long!"

As soon as they entered the hall, Wu Jun saw Lin Yi from afar and ran over while calling out to him, "The people from your Feiyang college are all here except for you. I thought you had sneaked away by yourself!"

"It's not time yet, why did you come so early?"

Lin Yi shrugged nonchalantly as he looked around and saw quite a few familiar faces.

Yang Xiaoyan, who was further away, had been paying attention to the entrance and was on her way over.

There was also Huo yudie. She was even further away than Yang Xiaoyan, but she was faster than Yang Xiaoyan.

Beside Huo yudie was Zhang Jihua, who had a sour face. He didn't want to face Lin Yi, but he was also worried about Huo yudie meeting Lin Yi, so he shamelessly followed.

"Kid, you're really big-hearted! The notification starts when President Huang shows up. If you really wait until then to arrive, see if your team's instructor won't give you a good beating!"

Wu Jun said with a smile. Huo yudie and Yang Xiaoyan had already arrived.

"Lin Yi, I didn't see you these past two days, I thought you weren't in the Alliance!"

As soon as Huo yudie arrived, she immediately smiled and complained,""I went to your Feiyang school to look for you, but they said they didn't know where you were."

Lin Yi's mouth twitched. You're asking about people like nie Xiaohu and yang Dian, right? These idiots were all his enemies, it would be a wonder if they could tell him the news.

Chapter 6874 Clear Flow Academy's Targeting

"I've always been in the Alliance of Academies. The last time, your Academy hadn't arrived yet, so I went into seclusion. That's why I didn't get to see you. "

Lin Yi laughed dryly. He wasn't in isolation, but he didn't want to come out. He didn't have the mood to deal with people before he solved the problem with Hao Zili and the others.

"Hey, Lin Yi, you're the only one acting like a big Shot here, even the people from Feiyang school are here!"

Yang Xiaoyan suddenly interrupted the conversation between Lin Yi and Huo yudie,"Have you been ostracized by the people of Feiyang college? Why don't you just transfer to our Spirit flight college?"

"F * ck off, how can your lingfei college compare to Lin Yi 's? That's one of the top tier sub-tier schools, Lin Yi should've transferred to one of the top three if he wanted to. "

Wu Jun immediately started his daily bickering with Yang Xiaoyan, but he immediately changed the topic, ""But to be honest, if you want to change schools, it'd be great if you came to our Morning Star Mystic division school. It'd be great if we were brothers."

"Pfft, shameless. Your morning Star Mystic class school isn't any better than our lingfei school, why would Lin Yi go there?"

Yang Xiaoyan glared at him and immediately retorted, ""Don't be unconvinced. If you're unconvinced, we'll go out and practice!"

Lin Yi smiled-the two weren't in the same school, and he didn't know if it was a good thing or not. It'd be a lot of fun if they were together.

However, what did they mean by saying that she had been transferred to another hospital? Who said he was leaving?

"Alright, stop it. I'm not being pushed out by the people from Feiyang college, and I'm not planning to transfer to another college!"

Lin Yi stepped forward to separate the two and smiled at Huo yudie, ""These two people like to joke around. You don't have to pay attention to them."

"Hmph, Lin Yi, I heard that your school is in big trouble, and it's because of you. It's normal for you to be pushed out, you don't have to act like nothing happened."

Zhang Jihua wasn't happy that Lin Yi was talking to Huo yudie, so he interrupted, "A jinx like you will be unlucky no matter which Academy you go to. I think you'd better return to your North Island as soon as possible!"

Lin Yi raised an eyebrow as realization dawned on him. It seemed like the news of Lu Yongming contacting all the noble houses to deal with Feiyang school had spread, and that was why Wu Jun and the others used this method to express their concern for Lin Yi.

"Zhang Jihua, no one's going to think you're mute if you don't talk, but if you want to talk, please step away. We're talking to Lin Yi, what are you doing?"

Yang Xiaoyan's eyes widened, and she was about to flip out, ""Get as far away from here as you can, or else don't say that I didn't give Huo yudie face!"

"You don't have to give me face. I have nothing to do with him!"

Huo yudie quickly waved her hand, afraid that Lin Yi would misunderstand her words. "Lin Yi, let's talk on the side,"

"Alright," he said.

Lin Yi was taken aback. He nodded at Wu Jun and Yang Xiaoyan before walking to the door with Huo yudie.

Zhang Jihua wanted to follow them, but he was blocked by Wu Jun and Yang Xiaoyan. He could only watch Lin Yi and Huo yudie talk.

"Yu die, what are you trying to say? Don't worry, I've already set up a soundproof barrier here. "

Lin Yi guessed that Huo yudie was going to talk about the rumors she heard, about the trouble at Feiyang school, or about Lin Yi's investigation into blissful Valley.

"Well, it's nothing. I just want to ask if you'll be in danger if the clear flow school wants to deal with the Feiyang school."

Huo yudie lowered her head so that Lin Yi couldn't see the worry on her face, ""Our school has also received an invitation from clear flow school, but I don't know if the principal has joined their alliance."

"You don't have to worry. These things will naturally be handled by the Dean and the others. Even if we get involved, we won't be of much help."

Lin Yi's heart was bitter, but he still had to smile to comfort Huo yudie, ""Lu Yongming from the clear flow school is here for me, but our Vice Principal Liu will deal with him, so I should be fine."

It's good that you're fine ... I'm just worried ... If your Feiyang college can't hold on, will you hand you over to calm the situation?"

Huo yudie didn't care about Feiyang school, she only cared about Lin Yi's safety, ""You're just an ordinary student of the Feiyang college. No one can say for sure what they'll do when the college is in danger."

Lin Yi blinked. He believed that Liu Zhanggong wouldn't do that, but Huo yudie's words made sense. If it really came to a life and death situation for the school, even if Liu Zhanggong didn't hand Lin Yi over, would Lin Yi be able to let the school be destroyed with a clear conscience?

There was Shangguan LAN 'er, Zhang jinmiao, the Murong siblings, Liu Zhanggong, the loyal Dean, and Xu Xiaoyan, who was smiling like a flower and was also a Senior Sister, and so on ...

Lin Yi didn't care about people he didn't know or didn't know, but he couldn't let anything happen to the people he recognized. Lin Yi would rather suffer in pain himself than let anything happen to them!

"You're thinking too much. Feiyang school is one of the top schools. Even if they have the ability to touch Feiyang school, the school Alliance is still there. Do you think the school Alliance will just watch them?"

Lin Yi let out a relaxed smile, as if he didn't care at all. But only he knew that clear flow school had already made a record with Huang Yuntian. If they really wanted to touch Feiyang school, the school Alliance might not care.

Unless Huang Yuntian stepped in!

Lin Yi couldn't help but pinch his chin, thinking about why Huang Yuntian came to the Golden class sea.

If he needed her help, did it mean that he would protect Feiyang college?

No matter what, Lin Yi couldn't reject Huang Yuntian's request this time. He just hoped that it wasn't something that would make things difficult for him ...

"You're right. After all, Feiyang school is one of the top schools in the mystic division Sea area. The Alliance of schools won't let anything happen to you. I'm just worried too much."

Huo yudie smiled and nodded in agreement. She seemed to be relieved, ""By the way, I heard that you're investigating the blissful Valley. If you need any help, just let me know. I have some friends in the yellow-class Sea area, and they can help you."

"You know about this too? It seems like the news spread faster than I thought ..."

Lin Yi smiled bitterly. It was impossible for Zhuang Yifan to hide such a big move from everyone, but now that everyone knew about it, it was beyond Lin Yi's expectations.

Chapter 6875 Lin Yi's Rage

If the group of people who kidnapped the blissful Valley had received the news in advance and made preparations, it would have been much more difficult to save Hao Zili and the other two!

"The destruction of the blissful Valley was a big event that shook the entire golden sea region. Although it has been a long time, it still attracted a lot of attention. President Zhuang Yifan has been investigating this matter, and I heard about it when I returned to the Academy."

Huo yudie understood Lin Yi's thoughts and explained, ""Now, President Zhuang Yifan has started to mobilize a large number of people again. Although he didn't say his purpose clearly, it can't be hidden from the eyes of those with discerning eyes."

"I see, I just hope we don't alert the enemy ..."

Lin Yi nodded and sighed. Before he could finish his sentence, Huang Yuntian and Gu Tiannan walked out from the other side and walked up to the stage.

There was a row of tables and chairs in that area, and the teachers from the various Academies were seated there. Guan Wenxuan was one of them.

"The meeting is about to begin. We'll talk after it's over."

Huo yudie glanced at the stage and waved her hand before leaving. Wu Jun and Yang Xiaoyan didn't dare to delay either, and they went back to their own areas after bidding Lin Yi goodbye.

Before Zhang Jihua left with Huo yudie, he glared at Lin Yi as if his eyes could kill.

Lin Yi couldn't help but shake his head and chuckle. This idiot was so childish-he knew he couldn't win, yet he still made this kind of provocation. Did he think that Lin Yi wouldn't beat him up here?

In Lin Yi's eyes, this was like a wild dog barking at him, but he didn't dare to rush up and bite him. He couldn't turn around and fight the dog, it would be embarrassing.

Huang Yuntian and Gu Tiannan were already on the stage, greeting the people from the other schools. Lin Yi didn't bother with Zhang Jihua and quickly went to the Feiyang school area.

The seats for Feiyang school were very close to the stage-it was the top school, after all, and they had a lot of seats. Lin Yi found an empty seat and sat down.

Li Xiaomeng smiled and nodded at Lin Yi, acting friendly. Nie Xiaohu, on the other hand, was like another Zhang Jihua. Their eyes and expressions were exactly the same.

Yang Dian, on the other hand, looked at Lin Yi indifferently and nodded in greeting.

He wasn't friends with Lin Yi, but Lin Yi had something on him, so he didn't dare to offend Lin Yi too openly.

"Everyone, I'm Huang Yuntian, the president of the mystic Sea region's Alliance of Academies. Some of you have seen me before, but most of you have only heard of me. I'll introduce myself to you today."

After Huang Yuntian sat down, he faced the members of the recruitment team and said with a smile, "It's been hard on everyone to come from the mystic division Sea area. We'll be even busier from now on, so I'd like to thank everyone for their contribution to the Alliance of Academies in the mystic division Sea area!"

The crowd started applauding and cheering, and Lin Yi curled his lips. Was the leader someone they'd arranged to be in charge?

In fact, Huang Yuntian's words weren't even the most formal. Lin Yi didn't think it was worth cheering for.

"I don't need to come here personally, but not only did I come here, I even brought elder Gu Tiannan. Why? Because we place great importance on the selection in the Golden sea region!"

Huang Yuntian waved his hand in an imposing manner. His face was solemn,""In recent years, many super geniuses have emerged in the yellow region. After entering the mystic region, they quickly grew to become elite students of various Academies, so I think there will be more geniuses emerging in the yellow region."

Lin Yi scratched his chin. He should be one of the Super geniuses Huang Yuntian was talking about, right? But no matter how much attention they paid, it was not that easy to get more geniuses!

Geniuses were geniuses because they were rare. If geniuses were everywhere, what was the difference between them and the average person?

On the stage, Huang Yuntian said some more nonsense before moving on to the serious topic.

"There was a selection process in the Golden sea area before, but I want to change it this year. If you have any opinions or suggestions, please feel free to voice them out."

At this point, Huang Yuntian paused for a moment and looked around with a sharp gaze, ""Today's meeting is mainly to discuss this matter. Everyone, please speak your mind without any scruples."

Guan Wenxuan and the other team leaders from the other major Academies looked at each other without batting an eyelid. No one spoke first, all of them thinking about how they could gain benefits for their own Academies from this.

As for Lin Yi, he didn't think much of it at all. This kind of thing was for Guan Wenxuan and the other team leaders to make the decision. He didn't have to worry at all.

However, although these people below the rostrum didn't have the right to make decisions, their private discussions weren't ambiguous. Soon, a low buzzing sound rang out.

Huang Yuntian casually picked up his teacup and slowly sipped his tea, leaving enough time for the others to discuss.

At that moment, Zhuang Yifan appeared at the door. He did not come in directly, but bowed respectfully.

"President Huang, I'm Zhuang Yifan. I'm here to report the situation of the trainees."

"Come in!"

Huang Yuntian nodded slightly and put down his teacup. He waited for Zhuang Yifan to run over before he continued to ask, ""How is it? Tell me in detail!"

"This subordinate will do as you command!"

Zhuang Yifan cupped his fists and bowed again. After a meticulous bow, he said, "There are a total of 3127 people who have registered for the selection this time. Currently, 3089 people have already arrived here. The reason for the rest of the people who have yet to arrive is unknown."

"This gathering was rushed, so it's normal for some people to be absent. Moreover, only one percent of the people are absent. It's not a big deal."

Huang Yuntian revealed a satisfied smile and nodded to Zhuang Yifan, "You've done well. As long as you organize this selection well, you'll have made a contribution!"

"Thank you for your praise, President Huang. I'll definitely work harder to complete the mission!"

Zhuang Yifan looked very excited, as if Huang Yuntian's praise was very important to him!

"It's such a small matter, and you've dragged it until now, and you still have the face to come and report? Get out!"

Gu Tiannan suddenly scolded Zhuang Yifan without any warning, "Remember, you're not allowed to go near the mystic class Sea area's meetings without a summons!"

Everyone was a little stunned, but they soon felt relieved!

After all, everyone present was from the recruitment team from the mystic division. Not to mention their mountain sect background, just their status as an elder of the Alliance of Academies was enough for Gu Tiannan to put on airs.

Only Lin Yi had a flash of anger on his face. Zhuang Yifan was his friend, and even if the position of the president of the yellow Class sea Academy Alliance was nothing in Gu Tiannan's eyes, he couldn't tolerate this damn old man humiliating his friend.

Lin Yi had always been the kind of person who protected his own people!

Chapter 6876 Huang Yuntian's Background

"Elder Gu, what do you mean? What's the problem with President Zhuang being here?"

"Also, as the president of the Alliance of schools in the Golden class Sea area, you know the students there like the back of your hand-it'll make the recruitment process much easier!" Lin Yi said.

Gu Tiannan's face darkened. He didn't want to fall out with Lin Yi yet, but what about the mountain sect elder's face if Lin Yi talked back to him in front of so many people?

"Lin Yi, mind your status!"

Gu Tiannan gritted his teeth and looked at Lin Yi coldly, "You're just a student who helped out in the recruitment team. You only have the right to vote in the meeting. You have no right to speak. Don't cause trouble for your Academy!"

Zhuang Yifan's eyes were full of humiliation and tolerance when he was scolded by Gu Tiannan, but when Lin Yi stood up for him, it immediately turned into gratitude.

Seeing that Lin Yi was about to offend the higher-ups of the mystic division sea college Alliance, Zhuang Yifan quickly cupped his fists and bowed, "You're right, elder Gu. It's all my fault. I won't do it again. Please don't take it to heart. "

"Shut up! I didn't ask you to speak, so you just stay here quietly. I'll deal with you later!"

Gu Tiannan didn't want to yell at Lin Yi, but he didn't care about Zhuang Yifan at all. "How can an unruly person like you be the president of the Alliance of Yellow Sea tier Academies? Do you want this old master to replace you?"

Zhuang Yifan's face turned red, but he didn't dare to say another word. He could only continue to bow and stand.

Although he would probably step down from his position as President of the Alliance of Academies at the Yellow Division after the recruitment period, a normal transfer and being dismissed were two completely different things. His development would be completely different after he came to the mystic division.

"Elder Gu, it's just a small matter. There's no need to be angry!"

Huang Yuntian finally spoke. He smiled and raised his hand to calm Gu Tiannan down, ""President Zhuang's doing a good job at the yellow region. He was sent here by the mystic region's Alliance of Academies to manage the yellow region, so he's not an outsider. It's not inappropriate for him to attend the meeting."

Lin Yi was stunned. Huang Yuntian was backing Zhuang Yifan up!

Was it because he used to be with Zhuang Yifan? Or ... Was he only helping Zhuang Yifan because of Lin Yi?

Lin Yi's intuition told him that the second possibility was more likely. Otherwise, Zhuang Yifan would've been sitting on the podium a long time ago. He wouldn't have been scolded by Gu Tiannan when he came in to report the situation.

"What President Huang said makes sense. However, it's time to set the rules. Otherwise, some people will take advantage of us and be shameless!"

Gu Tiannan cupped his hands and was very polite and respectful to Huang Yuntian. Although he still spoke with a firm tone, it was obvious that he was giving in, ""Since President Huang has said so, this old man will not say anything more."

Lin Yi felt that it was a little strange. He felt that Gu Tiannan was a little afraid of Huang Yuntian. An elder of the mountain sect should at most have some respect for the president of the Alliance of Academies. Wasn't it a little too much to be afraid of him?

"Zhuang Yifan, after this selection meeting, you should return to the Alliance of schools at the mystic division Sea area. With your current strength, you should be able to take on more important positions."

Gu Tiannan decided to announce Zhuang Yifan's identity in front of everyone. This way, it would be justifiable for him to participate in the meeting at the mystic division Sea area.

"Many thanks, President Huang! Your subordinate will do my best in the future and will do anything for the development of the Alliance of Academies!"

Zhuang Yifan could not hide his excitement. He quickly bowed to thank him and expressed his loyalty at the same time."As for the selection this time, I'll definitely do my best and stand on the last shift in the Yellow Sea!"

"Very good, it's good that you work hard! Since you're here, let's find a place to sit down and have a discussion!"

Huang Yuntian smiled and nodded, indicating that Zhuang Yifan did not need to leave and should stay for the meeting.

"Brother Zhuang, come and sit with me, there's no one here!"

Lin Yi greeted Zhuang Yifan enthusiastically, ignoring Gu Tiannan's displeased face. "Also, don't thank me. There's no need for that between us."

"Haha, lil bro Lin, if you know what I'm going to say, doesn't that mean I don't have to speak anymore?"

Zhuang Yifan was in a good mood, and he quickly sat down beside Lin Yi. He spoke in a relaxed tone, "To be honest, it's all thanks to you, lil bro Lin, that I've profited from this disaster. After this is over, I'll have a better future when I return to the mystic Sea area."

"Brother Zhuang, does President Huang have a lot of power? Why does that old man, Gu Tiannan, seem so obedient to him?"

Lin Yi set up a soundproof barrier and asked Zhuang Yifan for Huang Yuntian's information, "Do you know what Gu Tiannan's background is?"

The existence of a sect in the mystic division was a secret. Not everyone knew about it. Zhuang Yifan had always been the president of the Alliance of Academies in the Yellow Division, so he might not know Gu Tiannan's true identity.

"I've heard a little. It's said that the power behind Gu Tiannan is even greater than that of the Alliance of Academies. There are many people in the Alliance of Academies who are of similar status as him. Therefore, Gu Tiannan's status in the Alliance of Academies is quite high!"

Zhuang Yifan nodded. He had only heard some rumors about Gu Tiannan, but he did not know the details. However, it was enough for him to understand how powerful Gu Tiannan was. "As for President Huang, he has an even bigger background! I can't afford to offend Gu Tiannan. "

"What's President Huang's background? is it convenient for you to tell me?"

Lin Yi's eyes lit up, interested in the news. "I felt that Gu Tiannan was a little afraid of President Huang just now. It seems that the truth is indeed so."

"You want to know? It's actually very simple-President Huang is just like me in the Golden sea, because I'm the person sent here to manage the mystic Sea, so even if there's someone stronger than me in the Golden sea, they wouldn't dare to be disrespectful to me!"

Zhuang Yifan patted his chest and said proudly, "I represent the mystic division. In the Golden Division, this identity is more useful than the president of the college Union. No one would dare to offend the representative of the mystic division."

"So that's how it is! I understand!"

Lin Yi understood immediately and turned to the stage, his eyes probing. "So you're saying that President Huang is from the earth-ranked Sea region? With such an identity, is that why Gu Tiannan is so afraid of President Huang?"

"There's no mistake! No matter how powerful Gu Tiannan's faction is, they wouldn't dare to go against President Huang. That's an act of offending the earth-class Sea area, and the consequences are serious!"

Zhuang Yifan had a strange look on his face. Although he knew that there was a soundproof barrier, he still lowered his voice and said, "Lil bro Lin, I'm actually just a small fry in the mystic division sea, sent to the Golden Division sea. I shouldn't have been able to get involved in this kind of recruitment. Do you think President Huang is the same as me?"

Chapter 6877 We Can Form A Team

It seemed to be a little disrespectful to Huang Yuntian, but Zhuang Yifan could not help but guess.

Although he was the president of the Alliance of Academies and was in the limelight when he came to the Golden sea region, did Zhuang Yifan really want to come to the Golden sea region?

Of course I don 't!

As a cultivator, who would go from the mystic Sea area with abundant spiritual Qi to the Yellow Sea area where the spiritual Qi was relatively scarce?

If Zhuang Yifan didn't meet Lin Yi, how could he reach the broken sea realm in the Golden sea region? Let's see if there's a chance after a few more decades of cultivation!

Moreover, the president of the academicians 'Union had a noble status, but he also had a lot of things to do. If he wanted to cultivate and pursue his own strength, he could only do it intermittently. Only Zhuang Yifan himself knew the hardships of it.

"Heh ... Brother Zhuang, you're too humble. Even if you weren't valued in the mystic division Sea area, you're now a bridge to the mystic division Sea area in the Yellow Division Sea area. Of course, your status can't be compared to before."

Lin Yi smiled and shook his head. "President Huang might be in the same situation, but in the mystic Sea, so what if everyone knows he's a small fry in the earth Sea? No matter where the Imperial envoy goes, he is a rank higher than the officials!"

"Brother Lin, you're right! I'm not as good as you!"

Zhuang Yifan gave Lin Yi a thumbs up, but Lin Yi knew that he was only saying that to save face. How could someone like Zhuang Yifan not understand that?

"Brother Zhuang, don't be so modest! Speaking of which, did brother Zhuang have a hard time in the mystic division sea?"

Lin Yi changed the topic, curious about the question. "Brother Zhuang, you don't mind me asking this, right?"

"Hey, we're brothers, what's there to mind? Besides, it's not an embarrassing question. "

Zhuang Yifan shook his head with a smile. "I don't have any background in the mystic division sea, and I don't have many connections. I don't get to do good things, but I do have to do hard work. I'm not doing well."

"Brother Zhuang, adversity is not necessarily a bad thing. People who grow up from hardships will have a better future than sect disciples who have had smooth sailing!"

Lin Yi said, consoling the guy a little. "Brother Zhuang, you're finally getting over your hard work. After you enter the sea Rift stage, you'll definitely have a place in the Alliance of Academies in the mystic division Sea area!"

"Speaking of which, I still have to thank you, brother Lin. If not for you, I wouldn't be where I am today."

Zhuang Yifan cupped his hands and said sincerely, "If I didn't meet you, lil bro Lin, I wouldn't even be able to ask for a Mystic first level pill! That's why I say you're the Savior of my life!"

"Brother Zhuang, you're being so polite with me again. You said you weren't treating me as an outsider just now!"

Lin Yi pretended to be unhappy.

At this moment, the discussions of the surrounding people were almost over. Someone on the platform stood up and cupped his fists towards Huang Yuntian, "President, I've gathered everyone's thoughts and

feel that there's nothing wrong with following the rules and regulations of previous years. If you have any new ideas, why don't you bring them up for everyone to discuss?"

"Well, if that's the case, I'll tell you my thoughts."

Huang Yuntian gestured for the person to sit down. He then looked around at the crowd and said, ""It's not that the previous years' selection methods are bad, it's just that they're more time-consuming. What I mean is to simplify it and complete the selection in a shorter time. What does everyone think?"

With that said, the people below understood!

The big boss was very busy. He had already shown enough respect by taking time out of his busy schedule to preside over the selection of the Golden sea region. Was it reasonable for him to waste so much time?

"Well said, President Huang! I also feel that the selection process is taking too long and that it's a waste!"

The first one to support Huang Yuntian was the clear stream school's mentor. Lin Yi didn't know his name, but his blatant bootlicking made him wary!

Clear flow school was preparing to attack Feiyang school and was doing everything they could to please the school Alliance!

After the first one, the second, and the third quickly emerged like bamboo shoots after the rain. Each and every one of them couldn't wait to express their support for Huang Yuntian.

Guan Wenxuan was rather reserved, but in the end, he still agreed with Huang Yuntian's suggestion.

After thinking about it carefully, there was nothing wrong with keeping it simple. Lin Yi agreed with it. At least if the selection ended quickly, he'd have more time to deal with the blissful Valley incident.

"Since everyone has agreed, let's discuss how to simplify everything!"

Huang Yuntian had a smile on his face. He was satisfied with this result, ""If you have any ideas, you can raise them now."

"President Huang, I feel that we should first conduct a Foundation test to brush off a batch of unqualified students. The remaining students can directly compete with each other. This way, we can quickly select the required quota!"

"President Huang, I think ..."

"President Huang, I think ..."

Once someone took the lead, more people would naturally follow. No matter if what they said was right or not, they had to get familiar with Huang Yuntian first.

The atmosphere suddenly became lively, and various plans began to be discussed, passed, rejected, and so on. Soon, a general framework was formed.

Lin Yi listened for a long time before he got up and cupped his fists. "President Huang, I also have a little idea."

"Lin Yi! We're almost done with our discussion, so can you stop adding to the mess?"

Gu Tiannan interrupted him out of reflex, but he didn't want to offend Lin Yi, so he didn't sound as aggressive.

"It doesn't matter. It's just brainstorming. It hasn't been decided yet anyway!"

Huang Yuntian smiled and waved his hand, signaling for Lin Yi to continue.

"President Huang, I think we can add a team element in the selection and let two people compete in a group. Perhaps there will be an unexpected surprise."

Lin Yi's suggestion was completely selfish-it was for Qin Yue and Jiang He's sake. He'd given them a simplified martial skill when he'd sent them out of Mystic division sea.

To be exact, it was a simplified joint attack martial skill. When the two of them joined hands, they could exert a more powerful force.

It was not a battle formation, but just a joint martial technique that could display a stronger combat power than a battle formation!

With Jiang He hai and Qin Yue's strength, they didn't have to worry about not passing the selection, but Lin Yi wanted to make it easier for them.

"Nonsense! When did the selection have a two-man team competition? If an expert brings a weak companion and wins, do we still have to give that weak companion a spot?"

Gu Tiannan's face darkened and he immediately objected, ""Lin Yi, you should just sit down and be a quiet audience, don't come out and cause trouble!"

"Elder Gu, how am I causing trouble? If there really is a situation like what you said, it can only mean that their team composition is reasonable. What's the problem with giving spots?"

Lin Yi retorted with a cold smile.

Chapter 6878 Lin Yi's Face

Lin Yi then turned to Huang Yuntian, "President Huang, from now on, teamwork will be more important than fighting alone. I feel that the team selection is very important for both the Academy and the students. With a partner who can work well with you, you can unleash a stronger combat power!"

"Nonsense! Lin Yi, don't think that you can do whatever you want here just because we're old friends! Don't blame this old man for being impolite if you continue to speak nonsense. "

Gu Tiannan continued to oppose Lin Yi. He didn't know why, but he just wanted to fight Lin Yi whenever he saw him. He wanted to fix things with Lin Yi temporarily, but his mouth didn't stop!

"Elder Gu, you're too polite. I've never felt that we were old friends, and I don't want to have any relationship with you, so you don't have to be polite with me!"

Lin Yi's lips curled into a mocking smile as he curled his finger at Gu Tiannan. "Elder Gu, come on, let me see how you can be so rude."

Gu Tiannan's old face was as black as the bottom of a pot. His chest heaved up and down, and he almost exploded.

If it wasn't for the fact that he was afraid of Lin Yi exposing his business, he would've done it already.

"Elder Gu, don't be angry. Sit down and talk!"

Huang Yuntian tried to calm the situation down, comforting Gu Tiannan and telling Lin Yi to stop provoking the old man.

Lin Yi curled his lips. Since Huang Yuntian was here, he had to give him some face. So, he quieted down for now.

Gu Tiannan knew that he would not be able to take advantage of the situation, so he decided to give in and sat back down.

"Actually, I think Lin Yi's suggestion is pretty good. From now on, a team with good teamwork will be more important than a student fighting alone. We'll use two-person teams for the selection ... That's it!"

There was no discussion or discussion. Huang Yuntian had directly expressed his attitude. Then, he said hypocritically, ""Everyone, let's vote to decide if we should pass Lin Yi's suggestion!"

No one here was an idiot. Since Huang Yuntian had already said it, if they didn't support Lin Yi's suggestion, it would be going against President Huang Yuntian!

Who would go against Huang Yuntian? Are you looking for death?

Even the people from clear stream school could only pinch their noses and vote for Lin Yi's suggestion with a "eat a pile of shit" expression. The two-man team mode was decided!

Gu Tiannan was dumbfounded and suspicious. He didn't understand why Huang Yuntian would agree to Lin Yi's suggestion, even going so far as to back him up.

To get Lin Yi on their side? Was there a need to do this?

Lin Yi wasn't sure what to do. He made this suggestion to make it easier for Qin Yue and Jiang He to pass the selection, but it was also to test Huang Yuntian's support.

Now it seemed that the thing that Huang Yuntian wanted him to do was really important. It was so important that Huang Yuntian was willing to show his goodwill to him. His attitude towards Zhuang Yifan was also a sign of goodwill!

"Alright, today's meeting will end here for now. I'll have to trouble everyone to make the necessary preparations!"

Lin Yi was still thinking when Huang Yuntian stood up and announced the end of the meeting.

Everyone stood up and bowed to Huang Yuntian, then they all left.

"Lin Yi, Zhuang Yifan, please come with me. I still have something to talk to you about."

Huang Yuntian suddenly beckoned to Lin Yi and Zhuang Yifan, "Don't worry, I won't take up too much of your time. "

"President Huang, you must be joking. If you have anything to say, just say the word. How can we possibly waste time!"

Zhuang Yifan cupped his fists, feeling flattered.

Lin Yi smiled as well. Since Huang Yuntian had shown him kindness, he naturally had to return the favor, "As long as it's within brother Zhuang and my power, we won't hesitate!"

As he spoke, Lin Yi thought back to the last time they met. Huang Yuntian didn't make it clear then, but he should be able to make it clear today, right?

Many of the members who were leaving couldn't hide the shock on their faces. They didn't understand why Huang Yuntian would ask Lin Yi to stay behind. As for Zhuang Yifan ... He was from the Alliance of schools!

If it was for the sake of Feiyang college, Huang Yuntian should have invited Guan Wenxuan. Since when did it become Lin Yi's turn?

There must be something fishy about this matter!

It was a pity that Huang Yuntian's matters were none of their business. They could only watch as Lin Yi and Lin Yi left with Huang Yuntian.

"President Huang, do you have any orders?"

They arrived at Huang Yuntian's living room and sat down. Lin Yi cupped his hands and asked, ""If there's anything we can do for you, we won't refuse."

"Hehe, if it were someone else, they would definitely add the word 'even if I have to go through fire and water' when they say this. You're so straightforward. If you can do it, then do it. If you can 't, then just forget it, right?"

Huang Yuntian smiled faintly and said Lin Yi's unspoken words, "It's almost time. I've already asked someone to prepare dinner. Let's talk while we eat."

"President, you've put in a lot of effort. This should have been this subordinate's matter. It should be this subordinate treating you to a meal."

Zhuang Yifan quickly cupped his fists in thanks. However, before this, it was not easy for him to even meet Huang Yuntian, let alone treat him to a meal.

"You provided all the things, so it's your treat. I'm just using it as an excuse!"

Huang Yuntian smiled and waved his hand. He then ordered, ""Hurry up and bring out the prepared food and wine. This Lord will entertain the honored guest."

Someone answered from outside, and soon, the dishes and wine were served.

Gu Tiannan, that old man, had been sent away by Huang Yuntian. The two of them probably had a tacit understanding not to disturb Huang Yuntian, so the atmosphere between the three of them was not bad.

During the banquet, Huang Yuntian took the initiative to chat with Lin Yi and Zhuang Yifan. His attitude was warm and polite, making people feel like they were bathing in the spring breeze.

Not to mention Zhuang Yifan, even Lin Yi had a good impression of Huang Yuntian.

After three rounds of wine and five dishes, Huang Yuntian, who had been chit-chatting, inadvertently said, ""Yifan, you're now a master of the shattered Sea. When we return to the Xuan division Sea area Alliance of schools, I'm going to make you the managing elder. This is a tough job, so you have to be prepared."

"Thank you for your guidance, President. I will do my best and give all my energy to the Alliance!"

Zhuang Yifan was overjoyed. He quickly put down the wine glass in his hand and cupped his hands in thanks.

He had thought that it would be good enough if he could be a manager in a certain Department of the mystic division sea Academy Alliance, but he didn't expect it to be a managing elder!

Although the status of a managing elder was not comparable to a true elder like Gu Tiannan, he was still considered to have stepped into the upper echelons of the Alliance of Academies!

More importantly, as long as it was a managing elder, it was a position with real power in their hands. It was not an empty position that sounded noble.

"This is what you deserve!"

Huang Yuntian waved his hand nonchalantly and continued, ""You were able to break through to the shattered Sea realm in the Yellow Division Sea area, which means that your talent and potential are excellent. You can also be a powerful help to me when you return to the mystic division Sea area."

Chapter 6879 As Expected, You Have A Request

"President, you're too kind. It's all thanks to brother Lin that I was able to break through. Without brother Lin, I would have needed at least ten more years of cultivation to break through."

Zhuang Yifan praised Lin Yi from the bottom of his heart. At the same time, he understood that Huang Yuntian was probably waiting for him to say this.

As expected!

Huang Yuntian turned to Lin Yi with a surprised look on his face. "So, Lin Yi, you played a part in this! As expected, heroes come from youngsters!"

'Act, continue acting!'

Lin Yi pursed his lips. He didn't believe that Huang Yuntian didn't know the reason behind Zhuang Yifan's breakthrough!

"You're too kind, brother Zhuang. In the path of cultivation, one can only rely on themselves. The help of outsiders is only an auxiliary."

Lin Yi smiled humbly, wondering if Huang Yuntian wanted to ask him for help.

So much foreshadowing before, was it just to find him to refine pills?

That didn't seem like a big deal-Lin Yi wouldn't have rejected the president of the mystic division sea college Alliance, after all!

As for the reward, Lin Yi believed that Huang Yuntian wouldn't give him any less. In short, if he wanted to ask Lin Yi for help, he didn't need to go through so much trouble.

"President Huang, you should have heard that this brother Lin of mine is a Mystic second level Alchemist. I was able to break through to the sea shattering stage mostly because of brother Lin's pills,"

Zhuang Yifan was very grateful to Lin Yi, and he wanted to help Lin Yi out. In fact, Zhuang Yifan had guessed that Lin Yi could make Mystic third level pills a long time ago, but he didn't promise Lin Yi anything.

To be able to refine Mystic second grade ocean acceptance pill to special grade, it shouldn't be too difficult to refine Mystic third grade pills.

"That's right, I've heard that Lin Yi's talent in refining pills is outstanding. He's already a Mystic class level two refiner at such a young age, he's amazing! I should be addressing you as Master Lin!"

Huang Yuntian didn't hide his admiration for Lin Yi, "I wonder if you've tried to make a Mystic third level pill before, Master Lin? If you can advance to Mystic third grade at this age, it'll definitely be a big event that will shake the mystic Sea!"

"President Huang, you're too kind! As for refining Mystic third level pills ... Would President Huang need them? If I had the pill recipe and ingredients, I could try to make it. "

Lin Yi smiled reservedly, giving his promise in a subtle way. At the same time, he told Huang Yuntian his attitude. "If you want to ask me for help, sure, but you have to prepare the recipe and ingredients yourself!"

"Hahaha! Master Lin is indeed extraordinary. This kind of self-confidence isn't something that ordinary people can have!"

Huang Yuntian laughed out loud. Then, he said with a hint of anticipation, ""Master Lin, do you know about the void pill?"

"Mystic third level pill, void pill? He broke through the void and soared through the sky! This was a pill to increase the chances of entering the heaven breaking stage! Is President Huang already about to enter the heaven breaking stage?"

Lin Yi was surprised, and his expression became serious. He couldn't see through Huang Yuntian's true strength, but it turned out that he was already at the heaven breaking stage!

"Master Lin is right! To tell you the truth, I'm now at the consummate level of the sea splitting realm, or rather, I'm already at the half-step heaven breaking realm. It's just that I've been stuck here for many years and have almost no progress. "

Huang Yuntian shook his head with a bitter smile. Just like Zhuang Yifan, advancing to the heaven-breaking stage was the most direct way for him to return to the earth-class Sea area.

Similarly, if he wanted to advance to the heaven breaking stage, he wouldn't be able to get any help from the earth-class Sea area. He had to find a way himself.

It wasn't that there weren't any Mystic third level alchemists in the mystic region, but no one dared to make the void pill for Huang Yuntian. Although it was a Mystic third level pill, the difficulty of making it was definitely comparable to a Mystic fourth level pill.

It would be easy for a heaven breaking refiner to make it, but for those who weren't heaven breaking, even Mystic fourth level refiners wouldn't dare to make it, let alone Mystic third level ones, for fear of the backlash.

Huang Yuntian was desperate. He knew the danger, but he still wanted Lin Yi to help him.

"No wonder President Huang wants to refine the void pill. Having a void pill can indeed greatly increase your chances of advancing."

Lin Yi nodded slightly, thinking if he should help.

Lin Yi knew that if he wasn't careful with the void pill, he'd suffer from the backlash of the void-shattering force, but he wasn't worried.

When refining pills with the Shennong cauldron, everything would be perfect. There was almost no possibility of failure. In addition, with the help of that damn thing and some understanding of the laws of space, there should not be any danger in refining the void pill.

Lin Yi decided to help after thinking about it for a while.

After all, having a friend in the heaven breaking stage was something that would only bring him benefits.

From a closer perspective, the Feiyang College's crisis would be easily resolved with Huang Yuntian's help.

In the future, when Lin Yi and the others went to the earth Class sea, they would be safer with Huang Yuntian's help.

Especially to the people around Lin Yi-even if Lin Yi wasn't there at the earth Class sea, there would still be people to take care of him.

"President Huang, do you have the void pill's pill formula and ingredients? If you're fully prepared, I can try to make it for you. "

Lin Yi cupped his fists and waited for Huang Yuntian to reveal a surprised expression before continuing,"However, I can't guarantee that I'll succeed. President Huang, you must be mentally prepared."

"Of course, how can there be a 100% success rate in alchemy? As long as Master Lin is willing to help, I will be extremely grateful!"

Huang Yuntian thought to himself,"if you fail, you might not even be able to survive. Why would I blame you?"

Of course, he couldn't say that out loud-Lin Yi might just flip out on the spot.

"Also, Master Lin, you don't have to call me President anymore. If you don't mind, you can call me big brother Huang. I will also follow Yifan and call you little brother Lin. How about that?"

In terms of status, it was normal for a master of the sea shattering realm to be on the same level as a Mystic second level Alchemist.

Huang Yuntian was the president of the mystic Sea region's Alliance of schools, and he had a higher status than Lin Yi. He was of the same generation as Lin Yi, and it wasn't an insult to him.

"Alright, I'm indebted to big brother Huang for not abandoning me. This little brother would rather respectfully accept it!"

Lin Yi raised his glass with a smile. "Let's toast to big brother Huang first!"

Huang Yuntian laughed as he raised his cup, clinking it with Lin Yi's and Downing the drink at the same time.

"Younger brother Lin, I've heard of your alchemy skills. They're indeed quite impressive, so I won't ask how confident you are. Here are three sets of materials for the void pill, you can practice first!"

Huang Yuntian put down his cup and placed a storage bag in front of Lin Yi, acting like he didn't care,""If it can form pills, that would be the best, but if it can 't, it doesn't matter. In any case, I can wait."

Chapter 6880 Heavenly Scar Grass

He made it sound pretty, but Lin Yi knew that Huang Yuntian was just trying to save face. The void pill's main ingredient was extremely precious, and it was difficult to even gather one portion. There were three portions here, and it went without saying how much effort Huang Yuntian had put in.

If Lin Yi were to fail, Huang Yuntian would probably feel as if his heart was dug out.

"Don't worry, big brother Huang. If I'm not confident, I won't open the furnace to refine the pill. For these three sets of ingredients, I'll have to return you a void pill!"

Lin Yi put the bag away and smiled as he promised, "Other than the void pill, does big brother Huang have any other needs for medicinal pills? If there's anything you need, just let me know. "

"Little brother Lin is really straightforward! However, the void pill is what I need the most right now. I don't really care about anything else ... Don't worry, if there's a need, I'll definitely look for you at the first possible moment!"

Huang Yuntian was in a good mood as he smiled and returned the toast, ""That's right, it's said that refining the void pill is extremely difficult. I can't let lil bro Lin work for nothing. Here are some spirit crystals. They're not payment for refining the pill, but they're for your cultivation!"

Lin Yi looked at the second storage bag in front of him, sighing at Huang Yuntian's spendthrift!

Why don't you just put the spiritual crystals in the first storage bag? why do you have to split them into two? what a waste!

It must be known that outside of the East continent, storage bags were considered treasures. However, in Huang Yuntian's hands, storage bags were like a one-time shopping bag ...

"Since big brother Huang said so, it would be embarrassing if I don't accept it!"

Lin Yi scanned with his spirit sense and was satisfied with Huang Yuntian's forthright attitude. 20000 crystals!

This was definitely a huge sum of money!

Huang Yuntian took out 20000 spirit crystals just to make one void pill, not including the three sets of materials. Lin Yi's face was red.

Earning too much ... It's a little embarrassing!

With three sets of void pill materials, the automatic pill refining system might be able to refine four void pills. If he gave one to Huang Yuntian, he would be able to obtain three void pills and 20000 spirit crystals. As expected, being an Alchemist was the most profitable profession!

"Let's put the void pill aside for now. After all, it can't be refined immediately. It won't be too late to talk about it after the matter at the Yellow Sea region is settled. "

Huang Yuntian didn't know Lin Yi's refining speed, and gave him a deadline according to his understanding.

"If brother Huang isn't in a hurry, then I'll immediately go into seclusion to refine pills when we get back to the mystic division Sea area."

Lin Yi went with the flow and agreed. He had too many things to do right now, and he really wasn't in the mood to refine elixirs, especially the place he promised to go to with Li Xiaomeng. He was burning with anxiety.

If it weren't for the fact that Huang Yuntian was related to the Feiyang school, Lin Yi wouldn't even be in the mood to come here!

"En, since I've already waited for so long, I don't mind waiting a little longer."

Huang Yuntian nodded slightly, then changed the topic, ""Other than the matter of the void pill, there's actually something else that your older brother would like to discuss with you, younger brother Lin."

"Brother Huang, if you need anything, just say it. As long as it's within my means, I'll do it without any hesitation!"

Lin Yi knew that Huang Yuntian had other things to do. If it was just refining, he wouldn't need to do all that.

"This matter ... I would be worried if I were to find someone else. Brother Lin's words will definitely be done!"

Huang Yuntian complimented Lin Yi a little before getting to the main topic, "It's like this. I saw a piece of information in an ancient book. There's a secret realm in the Yellow Sea area that will open in ten

days. There are restrictions on the strength of the people who can enter this secret realm. Only those who are at the mountain opening stage and below can enter ..."

"Big brother Huang wants me to enter the secret realm?"

Lin Yi blinked, a look of confusion in his eyes. "If it's only to limit the strength of those at the mountain split stage and below, brother Huang, you should have many suitable candidates under you, right?"

Lin Yi couldn't be blamed for being weird, but Huang Yuntian was the president of the mystic division sea college Alliance. How many opening stage Masters could he use?

Just the genius disciples of the various Academies could already form an elite army, especially the Super geniuses of the three top Academies. Their strength at the mountain opening stage could definitely cross levels to challenge those at the earth opening stage!

"There are indeed a lot of Masters at the beginning of the mountain, but it's very difficult to find a suitable candidate!"

Huang Yuntian revealed a bitter smile and said honestly, "That secret realm is a spiritual herb mountain in ancient times. There should be a large number of natural treasures in there. I need someone to find a precious spiritual herb, and this spiritual herb can only be obtained by powerful alchemists."

"There's such a saying? What kind of spirit herb can only be obtained by alchemists?"

Lin Yi was a little surprised-this was the first time he'd heard that picking herbs required a refiner!

"It's not what you think. Anyone can pick the spiritual grass, but according to the records, only an Alchemist can enter the place where the spiritual grass is planted."

Huang Yuntian understood what Lin Yi meant and explained,""The spiritual herb I'm looking for is called the heavenly scar grass!"

"It's actually the heavenly scar grass!"

Lin Yi couldn't help but exclaim. He'd never seen sky scar grass before, but he'd read about it in books. "It's said that the heavenly scar grass has gone extinct. Brother Huang, are you sure there are more in that secret realm?"

"I can't be sure, but according to the records, there's at least a 50% chance!"

Huang Yuntian hesitated for a moment. He did not dare to make any guarantees,""Brother Lin, do you think it's worth it to go and take a look since there's a 50% chance?"

"Of course it's worth it! If we can find the heavenly scar grass, we might be able to re-cultivate it!"

Lin Yi nodded without hesitation. He'd risk it even if there was only a ten percent chance, let alone a fifty percent chance."Brother Huang, now that you don't let me go, I must go!"

"Lil bro Lin, what's the heavenly scar grass?"

After listening for a long time, Zhuang Yifan couldn't help but ask in a low voice, "I've never heard of heavenly scar grass. Is it very precious?"

"Brother Zhuang, the heavenly scar grass is also used to sense the heaven breaking stage and increase the chances of advancing. Do you know about the void pill that brother Huang wanted?"

Lin Yi paused for a moment before continuing, "if the special grade void pill can increase the chances of breaking through by 30%, then with the sky scar grass, it can increase the chances by another 30%. Don't you think it's precious?"

Zhuang Yifan's mouth was wide open. The effect of taking one void pill was the same as taking 100 void pills. At most, it would increase the success rate by 30%.

And the heavenly scar grass could actually increase it by 30%?

With a 60% increase in probability and the user's own strength, it was almost certain that the user would be able to reach the heaven breaking stage. No wonder Huang Yuntian cared so much about the heavenly scar grass!

If the sky scar grass could be grown as Lin Yi said, then the number of heaven breaking Masters would increase greatly!

"Brother Lin is indeed a genius Alchemist. You even know the extinct sky scar grass like the back of your hand!"

Huang Yuntian clapped his hands and laughed. Lin Yi's quick agreement put a huge weight off his mind, "If that's the case, I'll leave the heavenly scar grass to you, lil bro Lin!"
