

Bodyguard 6881

Chapter 6881 Helping Out

"President, is there any danger in that secret realm? If brother Lin enters, can you bring some helpers?"

Zhuang Yifan came back to his senses, but the first thing he did was not exclaim at the reappearance of the sky scar grass, but worry for Lin Yi's safety.

"According to the records, there might be some danger in there. However, it's nothing to brother Lin's strength. After the secret ground opens, only one person can enter at a time. Hence, brother Lin has to act alone."

Huang Yuntian's face was filled with regret. He wanted to send someone to follow Lin Yi in, but ...

There were so many treasures in the secret realm-Lin Yi was the only one who could take them!

Lin Yi's lips curled up. He didn't care about the danger at all. If it was really life-threatening, Huang Yuntian wouldn't have given him the void pill materials in advance.

He was looking for the sky scar grass to increase his chances of breaking through to the heaven breaking stage. Huang Yuntian couldn't just send Lin Yi to his death and destroy his own future.

"It's more convenient to act alone. Brother Huang, when is the secret realm opening?"

Lin Yi's only concern was whether the trip to the secret realm would affect his search for Hao Zili and the others. It would be great if he could solve the blissful Valley incident first!

"According to my calculations, it'll take about ten to fifteen days. We'll see when we find the place."

Huang Yuntian was not too sure and could only give a rough range, ""By then, the selection should have ended. We can go to the secret realm."

Lin Yi suddenly understood. So this was why Huang Yuntian wanted to start the selection earlier!

It was wrong!

Huang Yuntian wanted to go to the secret realm, so why would he use the excuse of presiding over the selection at the Yellow Sea region? Who would pay attention to him if he acted in private?

And that old man, Gu Tiannan, was obviously an insider too ...

There seemed to be something strange!

Lin Yi frowned. He felt that things weren't as simple as they seemed, but he couldn't figure out what the problem was.

Looking at Huang Yuntian's impeccable performance, Lin Yi scratched his head. Was he just overthinking it?

Lin Yi thought about it again and again, but he still couldn't figure it out. He could only put his doubts aside and look for an answer later.

"Brother Lin, there's something I want to ask you. If it's not convenient for you to answer, just pretend I didn't say anything."

Huang Yuntian looked at Lin Yi's hesitating expression. He was a completely different person from his carefree attitude just now.

"Big brother Huang, if you have something to say, just say it. There's no need for formalities between us."

Lin Yi thought to himself-I still have some questions, but it's not convenient for me to ask."Is it about the void pill or the heavenly scar grass?"

"It's about the condition of your body, lil bro Lin ... Your current condition is a little abnormal!"

Huang Yuntian's eyes flickered, but he did not reveal it. He only asked, ""Will this affect your pill refining and entering the secret realm?"

"Is there something wrong with little brother Lin's body? Are you hurt or uncomfortable?"

Zhuang Yifan immediately looked at Lin Yi nervously, "There doesn't seem to be anything wrong. Did he suffer internal injuries?"

"Brother Huang has good eyes! You can even see through this!"

Lin Yi was surprised. He was very good at hiding his aura and disguising, but Huang Yuntian still saw through it, ""There's nothing I can't say in front of my two brothers. Brother Huang might have seen through my condition."

"Younger brother Lin, since you don't mind, I'll be direct. You're in your primordial spirit form now. Such a powerful primordial spirit is rare, but for pill refinement ... It should have some effect, right?"

Huang Yuntian was indeed a half-step to heaven breaking expert-it wasn't strange for him to see through Lin Yi's yuan spirit body, ""Big brother, I'm not doubting little brother Lin's alchemy abilities. It's just that if there's anything I can help you with, just tell me and I'll definitely help you!"

The void pill was related to whether Huang Yuntian could successfully advance to the heaven breaking stage and then return to the earth-class Sea region. It would be a lie if he said that he was not nervous.

Lin Yi's yuan spirit body definitely wasn't as confident as his normal state, so Huang Yuntian didn't say it out loud. However, his meaning was clear-as long as Lin Yi said something was wrong with his body, he would find a way to help him recover.

"Younger brother Lin, you're actually a primordial spirit? I can't even tell!"

Zhuang Yifan couldn't help but exclaim. He looked up and down with his eyes wide open,"Why is it like this? What happened to your body?"

"Don't worry, my physical body isn't damaged, so I don't need to use possession or the like to recover my physical body. "

Lin Yi shook his head, his face serious."Since big brother Huang asked, this little brother will be honest! I can also refine pills in my primordial spirit form, but I'm definitely not as confident as I was in my physical body. This is without a doubt. "

Huang Yuntian and Zhuang Yifan nodded their heads in unison. Even a layman in the field of alchemy could imagine this.

"My body is now in the hands of the Wang family, a talisman family in the mystic-class Sea region. Because of some misunderstanding, they've detained my body ..."

Lin Yi was thinking that it would be easier to get Huang Yuntian to get his body from the Wang family, so he said it directly,""After this matter is over, I will make a trip to the Wang family. After I find my physical body, I will open the furnace and refine pills for big brother Huang."

"The Wang family ... How did you get into trouble with them? This matter is a little tricky!"

Huang Yuntian furrowed his brows and tapped his fingers on the table, ""The status of the talisman patrician family is transcendent. I might not give you any face even if I personally come to visit. I can only try to help you mediate."

Huang Yuntian wanted to guarantee that he'd solve Lin Yi's physical problem, but after hearing the Wang family's name, even the president of the mystic Sea division's Alliance of schools was a bit scared!

"It's okay. Brother Huang, you don't have to come out. I can handle it myself."

Lin Yi saw Huang Yuntian's face and his heart went cold. He waved his hand disinterestedly, "It's just a misunderstanding. I'm sure the Wang family won't make things difficult for me."

"You can't say that. The people of the Wang family are all very difficult to deal with. Although I don't have much confidence, brother Lin's problem is my problem. Moreover, your body is related to the refining of the void pill, so I must go to the Wang family with you!"

Huang Yuntian's expression gradually turned solemn. For the void pill, he had decided to go all out. Even if he had to offend the Wang clan, he would not hesitate, ""We can't force the Wang family. It's not that I'm afraid of them as the president of the Alliance of Academies, but at this level, we have to be careful!" The elder said.

Lin Yi understood-it was already good enough that Huang Yuntian was willing to come out. Of course, he wouldn't let the Alliance and house Wang go to war.

In that case, Lin Yi would be the first one to suffer-his body might just end up being sacrificed.

"We'll talk about this when we get back to the mystic division sea. I'll go to the Wang family and ask them what their conditions are. Since it's a misunderstanding, we'll explain it clearly and give them some compensation. It'll be resolved!"

At this point, Huang Yuntian felt that he had been too weak in front of the Wang family, so he quickly added,""It doesn't matter if we suffer some losses, but the most important thing is that brother Lin's body must be unscathed, so that the Wang family can have some fun first!"

Chapter 6882 He's Going Too?

In Huang Yuntian's opinion, as long as he could obtain the void pill and the heavenly scar grass, he would be able to advance to the heaven breaking stage. Then, the talisman family would not be a big deal!

"Many thanks, big brother Huang! I'll follow your arrangements!"

Lin Yi cupped his fists in thanks before changing the topic.

"Brother Huang, you know about the blissful Valley incident, right? I've been working on this matter recently. If this matter isn't resolved before the secret realm opens, I'm afraid ..."

Lin Yi didn't finish his sentence, but Huang Yuntian understood what he was trying to say.

"Brother Lin, you're a warm-hearted man, and you've been running around for your friends. I've heard about it, and I've also heard about what happened in the blissful Valley."

Huang Yuntian nodded slightly and said with a serious expression, "Little brother Lin's friends are my friends as well. Even if you didn't say anything, I would have still intervened. Yifan, have you made any new progress?"

"President, I've gathered two thousand men and am in contact with Vice President he Hao of the yellow-class sea route management Association. We're going to spread out our men and search all the islands in the yellow-class sea."

Zhuang Yifan didn't dare to disobey. He quickly cupped his fists and replied, "It is estimated that the exploration of the island will begin in the next one or two days. I believe that we will have results before the mystery realm opens!"

Towards Huang Yuntian, Zhuang Yifan didn't dare to be as casual as Lin Yi. After all, Huang Yuntian valued him more because of Lin Yi.

Huang Yuntian didn't hide from Zhuang Yifan about the secret realm. It was obvious that he wanted to win over the hearts of the people and train Zhuang Yifan as a trusted aide. However, this was still doing Lin Yi a favor. Zhuang Yifan was well aware of this, so he was very clear about his position!

"Not bad, not bad. I'm at ease with you handling things. As long as there are results before the mystery realm opens, we can make targeted arrangements."

Huang Yuntian smiled and nodded, but his expression was a little unpredictable, ""Brother Lin, don't worry. The heavenly scar grass in the secret realm is important, but I won't delay you from saving your friend!"

His words were beautiful, but it was hard to say if he really thought so in his heart!

"Thank you for your understanding, brother Huang. I hope these two matters can be solved smoothly!"

Lin Yi replied casually, and felt that it was enough. He stood up and said goodbye, "Brother Huang, if there's nothing else, I'll take my leave."

"I haven't finished yet, you don't have to be so anxious, right?"

Huang Yuntian was slightly surprised and asked him to stay, ""You and I are having a good time talking, why don't we sit for a while? Could it be that this brother is lacking in hospitality?"

"Big brother Huang, you must be joking. I have an appointment with a Senior Sister in the Academy, and I'm going to check out a place. Perhaps I'll find some clues about the blissful Valley. I can't wait any longer, so I want to leave as soon as possible."

"We'll have plenty of opportunities to chat with Huang bro," Lin Yi said honestly, "we'll have plenty of time in the future. I'll have to apologize for my lack of manners today!"

"Any new clues? Why don't I go with you? maybe I can help you a little?"

When Huang Yuntian heard that it was about the blissful Valley, his interest was piqued, ""You know that I'm not good at anything else, but I'm good at fighting!"

As a mighty half-step heaven crushing expert, how could he be good at fighting? Not many people in the entire golden class Sea area are his match!

"That's right, lil bro Lin, why didn't you tell us earlier that you had a new lead? President Huang and I can go with you, there's strength in numbers!"

Zhuang Yifan also volunteered. If he could fight alongside Huang Yuntian, the relationship between the two would be more harmonious.

"No need! We're only going to investigate this time, so it might not be convenient to have more people. Besides, I'm not sure if this news is true or false. "

Lin Yi wasn't sure if Li Xiaomeng was telling the truth, so he didn't want to trouble Huang Yuntian and Zhuang Yifan."If the information is confirmed to be true, I will definitely trouble my two brothers!"

"That's true, but speed is the most important thing in war. If you alert the enemy during the investigation, the strength of you and your Senior Sister will be a little weak!"

Huang Yuntian furrowed his brows and pondered for a moment. Then, he slapped the table and said, ""How about this! Yifan and I will bring some people and follow you from a distance. When you need our help, you can send a signal and we will be there in an instant! If you don't need our help, then we'll just take it as a walk!"

Lin Yi scratched his head. He couldn't say no to Huang Yuntian's enthusiasm!

Of course, Huang Yuntian was doing this to ensure Lin Yi's safety. Before he made the void pill and found the sky scar grass, he couldn't let anything happen to him!

"Alright! Then I'll have to trouble the two big Brothers. We'll set off immediately!"

Lin Yi didn't want to waste any more time. If they wanted to follow, then so be it-they might be of some use at a critical moment.

"There's no time to waste! Little brother Lin, go and meet up with your Senior Sister. Yifan, go and arrange for people to act as reinforcements. Then, we'll set off in batches!"

Huang Yuntian made a prompt decision and quickly made arrangements. After all, he was used to giving orders, so he subconsciously entered the role of a leader.

Lin Yi didn't mind. He nodded and got up to go find Li Xiaomeng.

Li Xiaomeng had been waiting for a long time. If it wasn't for Huang Yuntian calling Lin Yi, she might've already gone to the door to get him.

"Lin Yi Junior Brother, you're finally back! Are we leaving now?"

It wasn't easy to see Lin Yi coming back, so Li Xiaomeng immediately went up to him, "Or does Junior Brother Lin need to make any other preparations?"

"No need, let's go now, in case a long night brings trouble!"

Lin Yi was more anxious than Li Xiaomeng and was about to leave when he saw nie Xiaohu beside Li Xiaomeng. He couldn't help but ask, ""He's coming too?"

"Lin Yi, what do you mean? Xiaomeng is going out to help you take risks, so of course I have to follow and protect her!"

Nie Xiaohu hmped coldly and glared at Lin Yi, ""I don't trust you! No matter what, I have to follow Xiaomeng today. "

Lin Yi's mouth twitched. Worried about nie Xiaohu? Did she think that Lin Yi would have feelings for Li Xiaomeng? Or was he simply worried that Li Xiaomeng would be in danger?

Well ... It was most likely the former ...

"Nie Xiaohu, that's enough! Lin Yi's way stronger than you, if he can't even protect me, what makes you think you can?"

Li Xiaomeng was a little disdainful and annoyed. She couldn't get rid of this dog-skin plaster, "Now that your wings have hardened, you even dare to disobey my words?!"

"Xiao Meng, you know that's not the case. I've ... Ever since I was young, when have I ever gone against your wishes?"

Di Xiaohu's face turned red as she stammered, ""This is the Golden class Sea area after all, not our place. I can't be at ease if you go out with an unreliable person ... Xiao Meng, it's not that I don't listen to you, I'm really just worried about your safety ..."

Lin Yi pressed his forehead-he really didn't want to get involved with these two's bullshit.

However, he still had to rely on Li Xiaomeng to lead the way. If he wanted to ignore them, he could only let them pester him and waste his time.

Chapter 6883 The Reason To Get Rid Of Her

"Forget it, Senior Sister Li, if he wants to follow then let him follow, at least he's a helper! If you force him to stay, he might follow you in secret and ruin our plan. "

Lin Yi sighed.

Li Xiaomeng frowned slightly. She wanted to go out with Lin Yi alone, so why was this nie Xiaohu following her?

But since Lin Yi said so, it was impossible for him not to let nie Xiaohu follow!

"You're right, Lin Yi-if that's the case, you should go!"

Li Xiaomeng's face was full of disgust. She reluctantly nodded, but she didn't forget to threaten him, "Di Xiaohu, I'm warning you. If you ruin my plans, no one can save you!"

"I don't dare, I don't dare. Don't worry, Xiao Meng, I'll definitely follow your orders!"

Di Xiaohu was delighted, but his eyes were filled with hatred, ""Xiao Meng, you can order me to do whatever you need, as long as you're safe!"

"Since we've agreed, let's go. Let's not waste any more time!"

Lin Yi pretended not to see the look in her eyes and gestured, ""Senior Sister li, please!"

Getting information about the blissful Valley was his top priority, and Lin Yi didn't want to waste his time on nie Xiaohu. However, if this idiot didn't know what was good for him and did something that would delay his plans, Lin Yi wouldn't mind teaching him a lesson!

The three of them quickly left the Feiyang College's encampment and rode a large flying spirit beast into the sky.

"Junior Brother Lin Yi, we managed to sneak out without Guan Wenxuan's notice, so we can't stay here for too long. We'll be back after a little investigation, is that okay?"

Li Xiaomeng smiled at Lin Yi after leaving the yellow Class Sea School Alliance, "The preparations for the selection are in progress. If we leave for too long, it will not look good for Guan Wenxuan, the team leader."

"Senior Sister Li's words are reasonable. When we arrive at the place, why don't the two of you go back first, I will stay here alone to investigate."

Lin Yi nodded, his face calm. "I have a teleportation talisman. As long as we reach the place, we can teleport back to the Alliance of Academies at any time. If elder Guan looks for me, I can help cover it up."

Li Xiaomeng's face changed slightly. She hated herself for talking too much and giving Lin Yi a reason to send her back.

"Xiaomeng, Lin Yi's right. We'll come back immediately after sending him there, and we won't delay Lin Yi's operation. Isn't that the best of both worlds?"

Di Xiaohu, on the other hand, was overjoyed, thinking that Lin Yi finally said something human, ""Since Lin Yi has the teleportation formation talisman, we should leave first. Maybe we won't be able to go back before him!"

"Shut up! Why is everything your business? If you continue to be so long-winded, get out of here!"

Li Xiaomeng's eyes widened and she gritted her teeth. ""We're all students from Feiyang school, after all. No matter what, we have to stick together when we're outside. How can we leave Lin Yi alone?"

To be honest, Li Xiaomeng really wanted to pull out her knife and cut Luo Xiaohu. She was so righteous in her heart, but this guy still said such words to make things worse!

"Senior Sister Li, you're thinking too much. It's not that you're abandoning me, but it's just that it's inconvenient for me to move around with the two of you. It's safer to be alone."

Lin Yi hinted calmly that the two of them were burdens, not at all concerned about how they'd feel after hearing it. "That's right, Senior Sister Li, how much longer do we have to fly?"

Li Xiaomeng almost crushed her teeth from gritting them. Lin Yi's expression was too infuriating, but no matter how angry she was, she couldn't show it now.

"What did you say, Lin Yi? We're both helping you now! It's fine if you don't know how to be grateful, but you even dare to make fun of us like this. Do you really think that this young master doesn't dare to kill you?"

Di Xiaohu did not have any scruples. He took the opportunity to curse, ""Don't think that just because you're stronger than me, I can't do anything to you ..."

As a disciple from a sect, who would not have a few trump cards in their hands?

Usually, he would not use it on a small scale, but when he really had no other choice, he would use his trump card at any time.

"I'm talking to Senior Sister Li, why are you randomly interrupting? If you want to do it, do it directly, don't talk! I'll look down on you even more then!"

Lin Yi glanced at nie Xiaohu indifferently and didn't want to talk to him anymore, "Senior Sister Li, don't say you don't know the way!"

"No, of course I won 't!"

Li Xiaomeng forced a smile and glared at nie Xiaohu, signaling him to shut up. She then looked down and said, ""I have some impression of this place. We shouldn't have flown in the wrong direction ..."

Yan Xiaohu was indignant, but Li Xiaomeng had already expressed her dissatisfaction. If she continued to speak, she might be chased off the flying spirit beast, so she could only keep her mouth shut.

"Senior Sister Li, can you be certain?"

Lin Yi's mouth twitched-this was the most confusing thing he could do. "We don't have much time. We can't waste it on finding the right direction."

Li Xiaomeng thought that this was good too. She might as well just lead Lin Yi around in circles, but it would be great if nie Xiaohu wasn't here ...

With a guy as bright as the sun around, there was no point in going around in circles with Lin Yi. She was really annoyed with that useless nie Xiaohu!

"Don't worry, Junior Brother Lin. I have an impression of these scenes. I'm sure of it!"

Li Xiaomeng glared at Xiaohu hatefully and suppressed the urge to kick him down. She pretended to calculate,""I estimate that we'll be there in at most an hour. We just have to fly in this direction!"

Lin Yi nodded, not saying anything else.

Nie Xiaohu didn't dare to speak after Li Xiaomeng's warning.

Li Xiaomeng wanted to talk to Lin Yi, but she kept silent because of nie Xiaohu. The flying spirit beast, on the other hand, was quiet.

Soon, a Valley covered in clouds appeared in the distance. Li Xiaomeng pointed at the valley with her chin listlessly. "That's the place. Junior Brother Lin, are you really going down there alone?"

This was Li Xiaomeng's last attempt. She really wanted to take the risk with Lin Yi, but the pride in her heart couldn't make her completely lose face.

"That's right. Senior Sister Li, you guys go back first. I'll leave after a little investigation!"

Lin Yi cupped his fists and sent his spirit sense out first, "I'm afraid of alerting the enemy, so I'll just go down here!"

With that, Lin Yi jumped lightly and turned into a lightning bolt, disappearing into the forest below.

Huang Yuntian and Zhuang Yifan should be here soon, or they might have already arrived.

After all, with Huang Yuntian, a half-step to heaven crushing expert, their speed would definitely not be slower than Li Xiaomeng's flying spirit beast.

"Junior Brother Lin ..."

Li Xiaomeng reached out her hand and called out, but Lin Yi had already disappeared into the distance. She stomped her foot and said angrily, "Forget it, what does your life or death have to do with this young lady? If you don't need my help, do you think I'll rush over to help you?"

Chapter 6884 Tracking Array Disc

Nie Xiaohu's expression was strange. He didn't know if he should be happy or sad when Li Xiaomeng was angry. He only hoped that Lin Yi would die in the valley so that everyone could be in peace!

The aerial spirit beast circled in the air once before flying back the way it came without turning its head back. Soon, it disappeared into the horizon.

Li Xiaomeng ignored Lin Yi and went back.

Lin Yi didn't bother with the two-it'd be inconvenient for them to follow him, but he wouldn't stop them if they really wanted to.

It's still the same old saying, avoid trouble and save time!

But after entering the valley, Lin Yi regretted it a little. He didn't ask Li Xiaomeng clearly where she found the problem.

According to Lin Yi's spirit sense, other than the quiet and remote area, there was nothing else!

Not to mention people from some mysterious force, there wasn't even a ghost to be seen!

Li Xiaomeng was talking nonsense?

Lin Yi's first reaction was that he'd been tricked, but he couldn't figure out why Li Xiaomeng had tricked him out.

Luring the Tiger away from the mountain? There was nothing on the mountain, so what did it matter if the Tiger left or not?

Unwilling to give up, Lin Yi decided to use his spirit sense to search and quickly move around the valley!

Lin Yi concealed his presence and moved with the same speed, searching the entire Valley in no time.

There was still no trace of a ghost, but he finally found some subtle traces. Someone had indeed been here.

"Lil bro Lin, what did you find?"

"I'll have Zhuang Yifan and his men wait for me outside the valley. Even if there are people here, they won't be able to find me,"Huang Yuntian said.

A master who was half a step into heaven-breaking couldn't be found by just anyone. Even Lin Yi only noticed it when Huang Yuntian got close.

"It's been hard on you, big brother Huang. Unfortunately, this trip is mostly in vain. There are no valuable clues here. "

Lin Yi shook his head, a little unwilling."Maybe this is just a temporary resting place. I found some traces of them. Although they were carefully cleaned up, they were not completely destroyed."

"In that case, it's not like we didn't find anything. The person who stayed to rest might be the one you're investigating!"

Huang Yuntian's lips curled up, revealing an expression of wisdom,""If a normal person was resting here, there would be no need to destroy the traces. Brother Lin, do you have any way to follow the traces?"

"It's very difficult. I'm trying, but the chances aren't high!"

"It looks like we didn't get anything," Lin Yi said with a bitter smile. "Why don't you go back first, Huang bro?"

"Since we're already here, there's no reason for us to go back. Besides, it's better to leave traces than not. Let's take a look together!"

Huang Yuntian took out a formation disk and activated it with his true Qi, "This is a tracking array disc. As long as there is a bit of aura left behind, we can follow the clues and find it."

"There's such a thing? The world is so big, and there are indeed all kinds of strange things!"

Lin Yi couldn't help but praise.

He was an array master, but he had never heard of an array used for tracing, let alone making an array disc. Today was an eye-opener for him.

"It's just an unpopular path in the Dao of arrays, not anything rare. However, no one uses it in the mystic and golden seas, so it's normal that you've never heard of it, brother Lin. "

Huang Yuntian smiled and waved his hand, passing the glowing formation plate to Lin Yi. "Place the formation disk next to the traces you've discovered. If not too much time has passed, the formation disk will show the direction the other party has gone. Even if it's been cleaned up, it doesn't affect me. "

"How long do you mean not long?"

Lin Yi was overjoyed, but still had his doubts about the disk. "If four to six hours is considered not long, then it probably won't be of much use."

"Naturally, it's not as short as two or three hours. Two or three days should be about right."

"Haha!" Huang Yuntian laughed, "if it's only six to six hours, how could I bring myself to embarrass myself?"

"You must be joking, brother Huang. Even if it's only six hours, it's excellent for tracking. At the critical moment, it's even comparable to a divine artifact!"

Lin Yi sighed from the bottom of his heart. He used to be an assassin and a mercenary, so he knew how precious a tracking device was. Once you set your eyes on it, it would be as deadly as a parasite!

"We'll only know if it's useful after we try. Let's go and try!"

Huang Yuntian was trying to get on Lin Yi's good side, and so he was even more enthusiastic than Lin Yi, "If we hurry up, we might be able to keep up with the other party."

"That's right, there's no time to waste. "

Lin Yi said as he flew away, quickly stopping in a small clearing. "This is the place where the traces were left!"

Huang Yuntian didn't wait for Lin Yi to finish his sentence. He used his spirit sense to scan the area, and even his eyes, ears, mouth, and nose were searching. Unfortunately, he didn't find anything.

"Lil bro Lin, are you sure this is the place? I didn't find any traces of human activity, not even any traces of you. Did you just clean it up again?"

"No, I'm just very careful to keep my whereabouts a secret, so I didn't leave any traces."

Lin Yi shook his head and led Huang Yuntian to the edge of a rock, "Big brother Huang, look. There's a piece of cloth here that fell into the crack of the rock. It was probably hooked and pulled off. Because it's too light, no one noticed it."

As he spoke, Lin Yi used his fingers to pull out the cloth from the rock crack and shook it in front of Huang Yuntian, ""Look, this color is still quite lustrous. This means that it has definitely not been left here for more than seven days. Otherwise, it would have become much dimmer."

"It's just a small piece of cloth ... How did you find it, little brother Lin? I can't imagine it!"

Huang Yuntian was speechless. The cloth in Lin Yi's hand was only the size of his pinky fingernail. Because it was black, it fell into the gap between the rocks and couldn't be seen at all.

It was hard on Lin Yi to find something so small in such a short time.

"Ah ... It's not that hard to search with divine sense ..."

Lin Yi thought to himself, "did Huang Yuntian not learn how to use spirit sense properly?"

Although it was not easy to find the cloth with his spiritual sense, it was not too difficult with Huang Yuntian's strength.

"I've forgotten that you're a primordial spirit now, brother Lin. With such a powerful primordial spirit, you'll be able to achieve twice the results with half the effort."

Huang Yuntian nodded and gestured for Lin Yi to look at the formation plate, "Any reaction?"

The tracking array disc was already in an activated state. As the cloth scraps approached, the light on the array disc brightened a little.

Lin Yi focused and didn't even dare to blink. After a while, he couldn't help but ask, "Brother Huang, is this considered a reaction?"

After all, he'd never touched a tracking formation disk before, and he wasn't sure if a little bit of light was a reaction.

Chapter 6885 Hengsheng Chamber Of Commerce's Manager

"Actually, I haven't really used it ... There doesn't seem to be any obvious hints. It's most likely that there's no reaction, right?"

Huang Yuntian revealed an awkward expression.

As the president of the mystic division sea Academy Alliance, he didn't have many opportunities to track down his enemies, so he wasn't familiar with the tracking array disc. He only knew that he had it.

He'd wanted to give it to Lin Yi as a benefit, but he didn't expect it to be such a big mistake.

If there was no reaction from the disk array, it would be simple. There were no clues. But now, it was slightly brighter than before ... What should he do?

"Maybe it's at the exact time when the tracking array disc can't track it, but it can still sense it? If you can't, then forget it!"

Lin Yi handed the disk back to Huang Yuntian and said casually, ""Since they're just passing by, this Valley doesn't have much value. Brother Huang, don't worry about it. Let's go back!"

Huang Yuntian was a little embarrassed as he took the tracking array disc back.

He wanted to give it to Lin Yi, but it didn't work the first time he used it. He didn't know if he should give it away.

Just as they didn't know what to say to ease the atmosphere, their faces suddenly changed!

"Who's there?!"

Lin Yi shouted in a low voice. Huang Yuntian also turned his head and looked behind him. A few dozen meters away, a figure suddenly appeared.

With Lin Yi's and Huang Yuntian's strength, to be discovered at such a close distance was enough to prove how strong the other party was!

"Don't be nervous, you two. I'm Ding Yi, a businessman!"

The person standing not far away was wearing a normal blue robe, his face clear and bright with a smooth smile on his lips. He cupped his hands and bowed slightly to Lin Yi and Lin Yi, "To be able to meet the two of you in such a desolate wilderness, it's really fate!"

"A businessman? Since you're a businessman, why don't you do business in a busy area, but in the wilderness?"

Lin Yi's eyes were cold as he looked at the man, ready to strike. "Don't tell me you're here to do business!"

"Little brother's eyes are really sharp! This one is here to do business! I wonder if little brother has anything you need?"

Ding Yi was still full of smiles, as if he didn't notice Lin Yi's hostility and wariness towards him. "Let me formally introduce myself. I'm Ding Yi, the president of Hengsheng Chamber of Commerce. I sell everything in the world. I'll sell you anything you want!"

"What big words! You really sell everything?"

Lin Yi's lips twitched, thinking that this guy was quite a talent at bragging. "If you don't have what I want, what should you say?"

"Of course, situations where you want it but I don't have it will also happen. I will try my best to satisfy your requirements. If there really isn't anything ... You will have to buy something else."

One's expression made Lin Yi speechless. Not only was the braggart invincible, but his shamelessness was also invincible!

"Then what do you have now? If you have any precious treasures on you, why don't you take them out and let us admire them? perhaps we can close a few deals. "

Huang Yuntian squinted his eyes and smiled. Since he knew that Ding Yi was not an ordinary person, he naturally did not mind playing along with the act and finding out the truth.

"That makes sense! One look and you can tell that this gentleman is an important guest! It's fate! Since that's the case, I'll have to take out my most precious treasure!"

Ding Yi clenched his right hand into a fist and gently hammered it in the palm of his left hand. He gave Huang Yuntian a friendly smile and took out a large box.

Lin Yi's eyes narrowed-he saw clearly that Ding Yi's chest was taken out from the ring on his hand. Anyone who had a storage ring had to be pretty rich!

Huang Yuntian looked at Ding Yi with interest, fiddling with his big box, but he did not say anything.

Very quickly, the large box was opened by Ding Yi. After a series of light clicking sounds, the box actually turned into a large container, on which rows of goods were neatly arranged.

At the very top, there were four big words: Hengsheng Chamber of Commerce!

"Chairman ding is really dedicated to his work. Wherever he goes, he brings your Chamber of Commerce's containers!"

Lin Yi couldn't help but be impressed-the president of a Chamber of Commerce was acting like a peddler."May I know where the headquarters of Hengsheng Chamber of Commerce is, President ding? Forgive me for my ignorance, but I've never heard of it before. "

"Headquarters? I'm ding Yi, the president of Hengsheng Chamber of Commerce. The headquarters will be wherever I am!"

Ding Yiyi puffed out her chest and said proudly,""Don't worry. I'll bring anything good with me. Do you need me to introduce it to you?"

Lin Yi's mouth twitched-so you're just a peddler! She didn't even have a fixed business. If she was in the secular world, she would be chased away by the city management ...

(In "rebirth of water-like youth", Shen Haitao wondered who he had offended.)

But Lin Yi didn't look down on him just because of that. He had a storage ring, and he could take something out in front of the two of them without a care, and he could even appear so close to them without making a sound. No matter what it was, he wasn't a simple person!

"There's no need for an introduction, I'll take a look myself. "

Lin Yi thought to himself as he scanned the items on the shelves.

In the end, he was shocked!

It was filled with rare items, like Mystic first and second level pills, and all sorts of materials for making elixirs and weapons. Most of them were things that Lin Yi could use at his current stage.

Lin Yi didn't lack these things, but it wasn't easy to see everything at once.

"Chairman ding, there's really a lot of good stuff. Aren't you afraid that we'll have evil intentions and Rob you?"

Lin Yi touched his chin, a half-smile on his face, a little evil. "There's no village or shop here. If you die in the wilderness, no one will know if you're buried. Don't you think?"

"Hehe, Master Lin really knows how to joke. These things might be good for others but they're probably not attractive to Master Lin at all. Moreover, Master Lin still has that Chairman Huang Yuntian by his side ..."

Ding one suddenly revealed a strange smile and pointed out the identity of the two people."President Huang, Ding Yi offers his greetings!"

"Interesting! You actually know who we are! Tell me, Who are you? Why are you following us?"

Huang Yuntian placed his hands behind his back. He had a smile on his face, but his eyes flashed with a cold light, ""There's no need to beat around the bush with me. Since you dare to appear so openly, I'm sure you've already prepared for the worst. "

"Wait, wait! Did President Huang misunderstand something? I am Ding Yi, a businessman!"

Ding Yi's hands shook and he slapped the container. The container instantly turned back into a large box and was kept into his storage ring."Forget it, forget it. I don't think these ordinary goods will catch your eyes."

Chapter 6886 Interesting News

Lin Yi's feet moved slightly as he and Huang Yuntian prepared to attack together!

Although Ding Yi's strength was mysterious, with Huang Yuntian's strength and Lin Yi's help, it was not impossible to take him down, unless Ding Yi was at the heaven breaking stage!

If Ding Yi was really at the heaven breaking stage, then the other party didn't need to waste any effort at all. They could just crush Lin Yi and Huang Yuntian directly.

"Don't be nervous, President Huang, Master Lin. I'm ding Yi, the president of Heng Sheng Chamber of Commerce. I'm definitely not lying! However, our shop doesn't just sell things, we also sell information ..."

Ding Yi revealed that strange smile again. ""That's why when I saw you two, I immediately knew your identities. I didn't follow you here on purpose. "

"You mean ... Our information is also part of the information you sold?"

Lin Yi wasn't too happy about it-it was only natural that people wouldn't be happy about their information being sold in the dark."So what information do you have on us now?"

"Master Lin, do you want to know? Well, I can only tell you this for free, but since it's all your own information, I'll give you some for free today!"

Dingyi's face was twisted in pain, as if he'd really lost a lot of money. Lin Yi wanted to slap him!

You want to charge me for my information? Why don't you just go to hell!

"Lin Yi ... Mystic division Sea area, Feiyang school student, Mystic division level three refiner, at least level eight formation master, identity ..."

Ding Yi's information came out of his mouth so quickly that Lin Yi was shocked!

This damn B * stard, the information he had collected was quite complete!

"Enough!"

Lin Yi raised a hand to stop him, his face dark. "Where did you collect these things?"

"I'm sorry, it's trade secret! I can't tell you!"

Ding Yi cupped his hands and squeezed out a seemingly sincere but annoying smile. "Master Lin, do you think there's anything you've overlooked? Do you want to personally replenish some?"

Get lost!

Do you want to sell it for a good price after it's complete?

Lin Yi pinched his chin, seriously considering the possibility of killing him.

"Lil bro Lin, you're already a Mystic level three Alchemist?"

Huang Yuntian did not hear anything else but the words 'Mystic third grade'. His eyes were filled with unconcealable joy!

She'd thought that Lin Yi was only a Mystic class level two refiner, and it'd be good enough if he could try to make the third level void pill. She didn't think that Lin Yi was already a Mystic class level three refiner-the difference between them was too big!

"Right ... I just advanced ..."

Lin Yi was quite troubled-he'd been thoroughly investigated, and he still didn't know how the guy found out.

Huang Yuntian didn't ask anymore and just felt happy and excited.

However, Huang Yuntian quickly thought of a problem. He cupped his fists to Ding Yilue and said, ""Chairman Ding, since you have information to sell, then this Lord has a question to ask you and see if you have an answer to sell!"

"President Huang, please speak. This one is all ears!"

Ding Yi bowed slightly, showing a very respectful attitude. ""If there is an answer, I will naturally give a reasonable price!"

"The price is not a problem. I only want answers!"

Huang Yuntian lowered his arm and stared at Ding Yi without blinking, ""Who was behind the Blissful Valley incident in the yellow region? What was their goal? Where is the base?"

Lin Yi's heart trembled. He couldn't wait to give Huang Yuntian a thumbs up and say "666." There was actually this kind of operation!

After thinking about it carefully, there really was a chance for him to get the answer. After all, Ding Yi's strange appearance might be to sell information to them. Unfortunately, Lin Yi was shocked by his information, so his reaction was a little slow. Huang Yuntian, on the other hand, was a bystander.

"I do know a little about the blissful Valley incident, but I haven't verified it yet. For the sake of my reputation, I can't tell anyone about it without any proof."

Dingyi's expression was as if he had expected this. Then, he said righteously, ""You two don't have to try to bribe me. My Shang Yu is a priceless treasure!"

"Don't you sell everything? Your business is also in the selling range, right?"

"It's fine if you're not sure," Lin Yi said faintly, "I won't trouble you if I'm in the wrong in the future!" State your price!"

"Master Lin, you must be joking. Allow me to investigate this matter in detail and then I'll give you the news. Why don't you change the news today?"

Ding Yi smiled. He was the one who decided what to sell anyway.

"I just want to know more about the blissful Valley. I'm not interested in anything else."

Lin Yi shook his head. He didn't have much hope in the first place, so he wasn't disappointed. "Since you don't have what I want, then please go!"

"Don't! Why is Master Lin in such a rush? why don't you listen to my news before you decide whether to pay?"

Ding Yi paused for a moment, then sighed. "Forget it. It's my first time meeting you today. I won't charge you anything. I'll give you this information for free. Consider it a good deed with Master Lin!"

"If you have something to say, then say it. If you really have value, this Lord naturally won't treat you shabbily!"

Huang Yuntian frowned slightly. Since it was related to Lin Yi, he naturally had to seize the opportunity to express his goodwill, "I'll make it clear in advance, if you lie, don't blame me for ordering the ban on your Chamber of Commerce. "

"I wouldn't dare, I wouldn't dare. I value my reputation the most when I do business. It's absolutely genuine and I'm honest with all my friends. President Huang, you can rest assured."

Ding Yi cupped his hands with a smile, then continued, ""The free information is about hidden death sect. I wonder if Master Lin would be interested? If you're not interested, then I won't say anything!"

"News from hidden death sect? I have to say, you are indeed quite capable. You even know about the conflict between me and hidden death sect. "

Lin Yi looked at the man thoughtfully."Alright, I admit that you've piqued my interest. Tell me about it!"

In fact, Lin Yi was a little suspicious of Ding Yi now. He felt that this person was very secretive, and was very likely an assassin sent by dark kill sect to spread the news to lure him into the trap.

If Ding Yi was really a member of hidden death sect, it would not be strange for him to know everything about him. After chasing him for so long, it was normal for him to collect some information.

"I knew that Master Lin would be someone who knows what's good. I'm giving you this information for free. That's why our future cooperation will be so close."

Ding Yi didn't notice Lin Yi's suspicion."Recently, hidden death sect has been gathering their elite assassins to ambush and kill Master Lin. According to the information I received, hidden death sect has sent at least 90% of their elite assassins!"

"What is hidden death sect? He actually dared to attack a member of the recruitment team in the mystic Sea region? He's simply lawless!"

Huang Yuntian was furious. Lin Yi was the key to whether he could break through to the heaven breaking stage. If he was killed, when would he be able to return to the earth Class sea?

Chapter 6887 Secret Realm

"Brother Lin, don't worry. I'll take full responsibility for this. No matter what background hidden death sect has, I'll definitely uproot them!"

Before Ding Yi could finish his sentence, Huang Yuntian had already declared hidden death sect as a must-kill target.

Huang Yuntian would naturally not dare to say such words if it was the Wang family or the talisman patrician family. But what was hidden death sect? He had never heard of it!

Since he had never heard of hidden death sect in the mystic region, it must be an organization from the yellow region. What was a mere yellow region in Huang Yuntian's eyes?

"Thank you, brother Huang. I've long wanted to get rid of these clowns from hidden death sect. Since they've gathered together to deal with me, it saves me the time to look for them."

Lin Yi's lips curled into a cold smile, his eyes cold."Chairman ding, please continue. When and where does hidden death sect plan to deal with me?"

"The exact time will be around ten days later. There is no news of the exact location. Perhaps, hidden death sect has not set a precise location yet."

"But I can tell Master Lin where the hidden death sect members will be gathering!" Ding Yi shrugged his shoulders and said.

"Didn't they gather at their base and set off together to deal with me?"

Lin Yi raised a brow, not sure if Ding Yi was telling the truth. "Chairman ding, you should know the location of hidden death sect's base, right?"

Lin Yi knew where hidden death sect's base was and how to get in, but he didn't have the time to mess with them. This question would test if Ding Yi was telling the truth.

"Of course I know. However, hidden death sect's old nest is currently moving. Its original location is here!"

As he spoke, Ding Yi took out a yellow-class Sea Map and pointed at a remote corner of the map. "This place is well hidden, but it's a pity that the outside world still knows about it! Therefore, hidden death sect has decided to give up and look for a new headquarters. "

Lin Yi was deep in thought. The location that Ding Yi pointed out was indeed hidden death sect's base. If that was the case, there was some credibility to his words.

"Master Lin, the new headquarters of hidden death sect has not been confirmed yet. Hence, I can not give you any concrete information. That is why the hidden death sect did not gather at the previous headquarters this time."

Ding Yi said indifferently.

"You're so clear about the movements of hidden death sect. Could it be that you've planted spies in hidden death sect?"

Lin Yi was curious-Ding Yi's words were like a live broadcast, as if he'd be the first to know anything new about hidden death sect!

Hence, Lin Yi couldn't help but suspect that this Ding Yi was from hidden death sect!

"Master Lin, I've already told you that this is a trade secret. No matter how much you try to worm your way into it, I won't say anything more. So, Master Lin, you should just give up!"

Ding Yi chuckled and changed the topic. ""This time, hidden death sect will gather at great Yunyan Lake and launch a general attack on you. What is Master Lin planning to do next?"

What else could he do? Of course, the one who attacked first would gain the upper hand, and the one who attacked later would suffer!

Lin Yi wasn't a kind person. Since hidden death sect wanted to kill him, how could he just sit back and do nothing?

Besides, Lin Yi was planning to kill those idiots from hidden death sect anyway, and it was even better that they came to him themselves.

"The Yunyan Great Lake? Why did hidden death sect choose that place to gather?"

Huang Yuntian suddenly frowned and his expression turned ugly, ""Lil bro Lin, if this is true ..."

At this point, Huang Yuntian suddenly stopped talking. His eyes, intentionally or unintentionally, swept over Ding Yi.

"President Huang, you don't need to look at me. The Great Marsh's Secret realm is about to open. Although this matter is rather secretive, I know about it."

Ding Yi calmly revealed another shocking piece of news.

"Brother Huang, the secret realm you mentioned is also in the great Smoky clouds Lake?"

Lin Yi didn't expect such a coincidence. Huang Yuntian didn't tell him the exact location, but Ding Yi pointed it out right away.

"Yes, it's indeed in the great Smoky clouds Lake. I'm afraid that it's not just a coincidence that hidden death sect chose to gather there. Perhaps, while they're dealing with you, they also have the intention to explore the secret realm."

Huang Yuntian nodded. Since Ding Yi knew about this, he had nothing to worry about. ""In this case, we must hurry up and destroy hidden death sect. Otherwise, there will be trouble when the secret realm opens."

Huang Yuntian squinted his eyes as he seriously considered how to make a move. Since this was related to the sky scar grass, he did not want any accidents to happen!

"President Huang, I have some information regarding the Great Swamp. I wonder if you would be interested?"

Ding Yi did not care about Huang Yuntian's expression at all. He continued to smile faintly, ""Of course, the information this time isn't free. As long as you buy my information, this product will be sold out and won't be available for sale again."

Lin Yi thought that Ding Yi was a clever man, treating information as a unique commodity. With the emphasis he'd given Shang Yu earlier, it was easy to convince him.

"Oh? I don't know much about that secret realm. If you have any additional information, you can tell me. As for the price, you can state it!"

Huang Yuntian's heart relaxed slightly. It would be great if he could buy it exclusively. It would be worth it no matter how much he paid, ""I believe that Chairman ding's words will not disappoint me."

"Of course. Our Chamber of Commerce's reputation is Supreme. The things we sell are the most suitable for our customers!"

Ding Yi praised himself before returning to the main topic. "Although this information isn't free, this is the first time we're working together, so I won't name a price. After I'm done, President Huang, you can just give me whatever you want."

This was Ding Yi's intelligence. He did not state a price and let Huang Yuntian speak. This was another piece of useful information.

Huang Yuntian nodded his head indifferently, signaling for Ding Yi to continue.

"President Huang should know about the restrictions on entering the Great Swamp's Secret realm, right? Each time it opens, only experts at the mountain opening stage and below can enter, and only one person can enter!"

Ding one seemed to be asking, but in reality, he did not need Huang Yuntian to answer. "In fact, the description of this restriction is not accurate. There is some room for change."

"Interesting. I didn't know about this."

Huang Yuntian admitted it frankly, and his face revealed a deep interest, "Tell me in detail how to change?"

"Entering a master below the mountain opening stage is the safest state in this secret realm. There is almost no danger of injury, so that's why it's said that."

Ding Yi smiled and nodded, then changed the topic. "It's not impossible for experts above the level of mountain splitter to enter the secret realm, or for two people to enter at the same time. However, the danger in the secret realm will increase by several times. "

Chapter 6888 Assessment Turned Into A Siege

"What do you mean? What exactly are the dangers in the secret plane?"

Lin Yi couldn't help but ask. After all, he was the one going into the secret realm to find the sky scar grass.

"Master Lin, please calm down. I was just about to explain."

Ding Yi raised his hand and pressed down. "For example, if the person who enters the secret realm is a land-opening expert, then the danger inside will reach a level that can kill a half-step to the broken sea realm. If another person enters, even if it's an ordinary person, the danger will directly increase to a level that can kill an expert in the broken sea realm."

After a slight pause, Ding Yi added solemnly, "And so on. Every time the limit is exceeded, the danger will increase greatly."

Huang Yuntian couldn't help but take in a cold breath. He and Lin Yi looked at each other, not knowing what to say.

The two exchanged a glance and agreed that Ding Yi was telling the truth. If they had followed their original plan, Lin Yi would've entered the secret realm alone and be safe.

The problem was that hidden death sect was involved in this, so it was hard to say what would happen.

"Chairman ding, is the gathering of hidden death sect in the Great Swamp related to the mystic realm?"

"You even know about the relocation of hidden death sect's headquarters," Lin Yi replied. "This shouldn't be too hard, right?"

"I'm sorry, Master Lin. This piece of information has already been sold out. The Chamber of Commerce can't sell it again. Please forgive us. "

Ding Yi cupped his fists and bowed, apologizing to Lin Yi sincerely. This would make Huang Yuntian and Lin Yi feel more at ease.

The information that was sold to others would not be sold to them, so the information that was sold to them would naturally not be sold to others.

"That's a pity ... Why don't I change my question? where is the exact assembly point of hidden death sect?"

Lin Yi shrugged. The answer didn't matter. He had already decided to make a move on hidden death sect!

With Huang Yuntian's help, it would not be difficult to exterminate hidden death sect.

"I can have this, but it's still considered a free gift. I've already marked it clearly on the map. You should be able to find it if you follow the map."

Ding Yi took out a folded sheepskin map and handed it over. "Take a look. If there's anything you don't understand, ask now."

Lin Yi opened the map and took a look. Yunyan Lake was on the map, but it was so small that he couldn't find it with just two fingers.

As for the symbol that represented hidden death sect on the great foggy Marsh ... It was not worth mentioning. That symbol covered almost the entire great foggy Marsh. It was the same as not having a symbol.

Alright, I can't ask for too much for something that's free ...

Lin Yi thanked him as he put away the map.

"Let's not talk about whether your information is true or not for now. I'll give you what should be given first. If it is proven that you are talking nonsense in the future, I naturally have a way to find you!"

Huang Yuntian warned Ding Yi with a cold face, then threw a storage bag to him, ""Here are 5000 spiritual crystals as payment for the information about the secret realm. Is that enough?" he asked.

He could get 5000 crystals for just a few words. That was enough!

"Thank you, President Huang. I hope we'll have more opportunities to do business in the future."

Ding Yi accepted the storage bag with satisfaction and cupped his hands courteously. ""Is there anything else you two need? If not, this one will take his leave!"

"Chairman ding, if we still want to trade in the future, I wonder how we should look for you?"

Lin Yi wasn't really expecting to find any traces of him, so he just asked casually. "If I can't even find you, how am I going to give you a chance to trade, right?"

"Master Lin is right. However, I'm a person who treats the world as my home. Wherever I go, I do business. It won't be easy for you to find me."

Ding Yi chuckled. "Speaking of which, as long as there's an opportunity to trade, I'll come to you without you looking for me, Master Lin. It's up to fate whether we'll run into each other or not!"

Lin Yi's lips twitched-fate was all bullshit!

In short, if Ding Yi wants to find you, he can find you no matter where you are. If you want to find Ding Yi, but he doesn't want to see you, you won't be able to find him anywhere!

After the deal was done, ding Yijing left quietly, just like how he had come quietly and waved his sleeves without taking a single cloud with him ...

Some random thoughts flashed through Lin Yi's mind before he turned his attention back to hidden death sect and Yunyan Lake.

"Lil bro Lin, how reliable do you think Ding Yi is?"

Huang Yuntian waited for Ding Yi to disappear before he spoke, ""I think it's at least 80% true."

Lin Yi didn't ask how he figured it out, but he didn't think the man was lying.

"Brother Huang, what do you plan to do on your side?"

Lin Yi asked casually. In fact, he would have done it without Huang Yuntian's help, "The assassins of hidden death sect are all experts in assassination. However, they might not be good at face-to-face combat."

"I understand what you mean, brother Lin. We'll go back and prepare enough people to launch a surprise attack on the Great Lake!"

Huang Yuntian was filled with killing intent. The fact that hidden death sect had chosen to gather at the Great Swamp had crossed his bottom line: "We can't afford to make any mistakes. I'll get everyone from the Xuan Sea region's recruitment team to participate!"

There wouldn't be too many heaven-ranked killers in hidden death sect. How many sea splitting and land splitting experts would there be?

Huang Yuntian himself was a half-step heaven crushing expert. Together with Gu Tiannan, that old man, the teachers and elders of the mystic division Sea region recruitment team, they were all at least earth formation stage and above. There were also many sea splitting stage experts like Guan Wenxuan. In addition, there was a newly advanced sea splitting expert, Zhuang Yifan. Together, they were more than enough to crush hidden death sect.

The problem was, with such a huge commotion, was Huang Yuntian not afraid that the news of the Great Swamp's Secret realm would be exposed?

"Brother Huang, I have an idea. You can consider it."

Lin Yi pondered and pinched his chin, "It's not too appropriate for us to let the members of the recruitment team participate in the encirclement and annihilation. We need a reason for it. Why don't we make the encirclement and annihilation of hidden death sect one of the assessment missions of the selection? we'll let the experts from the recruitment team lead the team to protect them. What do you think?"

"Interesting, can you tell me more about it, lil bro Lin?"

Huang Yuntian thought about it and felt that this was a good idea.

"First of all, we need a lot of manpower to annihilate hidden death sect. The people brother Zhuang has gathered are already preparing to head to the yellow-class sea route management Association. We need to replenish our manpower."

It was important to deal with hidden death sect, but it was also important to find the people from bliss Valley. Lin Yi didn't want to transfer his men here, "Secondly, the average elite assassins of hidden death sect are at most at the mysterious Ascension stage. There are only a few who are at the mountain opening stage and above. It's just right for the assessment and selection."

Huang Yuntian nodded subconsciously. This was an important point. If the participants could not deal with the assassins from hidden death sect, it would be meaningless for them to serve themselves up.

If a large number of casualties occurred, even he, the president of the mystic Sea Academy Alliance, would be under great pressure.

Chapter 6889 Dissing Each Other At The Meeting

"Third, we can explain the danger of this mission so that we can reasonably assign tasks. If the students participating in the selection encounter an enemy they can't deal with, we can let the experts of the recruitment team deal with it!"

"One last thing, the selection test will be held in these two days. If we don't use the students, then we'll have to deal with hidden death sect and affect the test ..." Lin Yi explained in detail.

Huang Yuntian immediately understood and smiled, ""That's right. If we delay the assessment time, it will naturally affect our entry into the secret realm."

Such a hasty selection was to free up time for the exploration of the mystic realm.

Although Huang Yuntian didn't need to enter the secret realm, he still needed to guard the entrance. He didn't feel at ease leaving this matter to others.

"Lil bro Lin is really outstanding! In the blink of an eye, he had already thought of a perfect plan! Let's go back and discuss the details of the assessment. We'll head to the great Smoky clouds Lake immediately!"

Huang Yuntian decisively said.

He was extremely satisfied with Lin Yi now. If possible, he really wanted Lin Yi to follow him. With such a talent, even if he returned to the earth Class sea, he could still fight for his own territory!

In fact, other than the reasons Lin Yi had given, there was another important reason-Huang Yuntian's identity!

The president of the mystic Sea region's Alliance of Academies naturally had the power to command these Academies, whether they were Mystic or yellow.

After dealing with hidden death sect, Huang Yuntian had enough authority to order everyone to withdraw from the Great Swamp or to set up a defense outside the Great Swamp to prevent others from entering.

At the end of the day, the sky scar grass in the secret realm was the most important thing to Huang Yuntian. For this, he did not mind using any power he had!

"If that's the case, then let's not delay any further. We'll return immediately!"

Getting rid of hidden death sect would be a load off Lin Yi's mind, and he'd be able to help Jiang He and hai Yunhe at the same time.

During the siege on hidden death sect, Jiang He hai and Qin Yue would definitely be on Lin Yi's watch list, and with their safety, it would be much easier to score points.

While they were talking, they had already left the valley and met up with Zhuang Yifan, who was waiting outside to provide support.

Although he had failed to achieve his goal this time, he had gained something from meeting Ding Yi.

After returning to the Alliance of Academies, Huang Yuntian immediately called for a second meeting. He announced that the first round of the selection assessment would be carried out in the form of encircling and annihilating bandits. The recruitment teams of each Academy had to participate as protectors.

All the enemies in the xuansheng stage were left to the students to deal with. As for enemies in the mountain opening stage and above, the members of the recruitment team were responsible for them.

"President Huang, I don't quite understand. Why do we have to use this method? Besides, we're members of the recruitment team, and we'll have to take part in the assessment. Don't we only have to watch?"

After hearing Huang Yuntian's words, Zhang Jihua stood up and questioned, "If we all follow them, then who's going to be the one to kill the bandits?"

The leading instructor from morning's pride Mystic class Women's Academy had an unsightly expression on her face. She secretly tugged at Zhang Jihua's sleeve, indicating for him to quickly sit down.

She was really a child who had been spoiled by the director!

No one else said anything, so why did you randomly say something? That was the president of the Alliance of Academies!

If he was only the president of the mystic Sea region, then it was nothing. But the key was that Huang Yuntian came from the earth-class Sea region. If they wanted to go to the earth-class Sea region in the future, they would have to follow his wishes.

"This must be ... Young master Zhang from Morning Glory Women's Academy? Your question is very reasonable, and I will naturally have an explanation. "

Huang Yuntian's expression was indifferent and his tone was calm, as if he didn't care about Zhang Jihua's words.

However, calling him young master Zhang was enough to show Huang Yuntian's displeasure. In the mystic division sea, how many people could be worthy of being called young master Zhang by Huang Yuntian?

The grandson of the principal of the morning Pride Mystic class Women's Academy, what the hell was that?

"President Huang, Zhang Jihua from our Academy is young and ignorant. He can't see through the president's deep meaning. I'll teach him a lesson later. Please don't take it to heart and continue."

The leading teacher of the morning Pride Mystic class Women's Academy quickly stood up and cupped her hands with a smile, apologizing humbly.

"Don't touch me! Even President Huang said that I'm in the right. How am I young and ignorant?!"

Zhang Jihua swung his arm and pushed the leading instructor's arm away, his face full of displeasure. ""What did this young master say wrong? When had the recruitment team ever participated in an assessment? Why should we be babysitting for those rookies?"

The leading instructor from morning's pride Mystic class Women's Academy was so angry that her face turned black. She knew that it would only be more embarrassing if she continued to talk to Zhang Jihua, so she cupped her fists at Huang Yuntian and sat down angrily, clearly not wanting to get involved.

You're the young master, you can do whatever you want! I don't want to serve you!

"Well said, young master Zhang! But there's one thing you're not clear about. We're here to select good seedlings, not to send them to their deaths!"

Huang Yuntian's tone was as calm as water, but everyone could tell that he was not in a good mood, ""The participants are all outstanding students from the Golden Division Sea area, but the enemies they can deal with are only xuansheng Masters. As for higher level enemies, if we don't help them, they'll just be food!"

"President Huang, I understand what you're saying. I just don't understand. Since there's such a danger, why do you still want them to encircle and annihilate the bandits? Can't we just go through the normal tests and selections?"

Zhang Jihua did not know what was wrong with him, but he wanted to fight with Huang Yuntian to the death today, ""Besides, don't you think we're being a busybody by interfering with the bandits of the Yellow Sea region?"

No matter how good Huang Yuntian's self-restraint was, the anger in his heart could no longer be suppressed. As the president of the mystic division Sea region's Alliance of Academies, he was smacked in the face by a student of an Academy. This was truly intolerable!

"Bang!"

The teacup that Huang Yuntian had just picked up was heavily placed on the coffee table. An invisible force immediately spread out!

If the Tiger doesn't show its might, do you really think I'm a sick cat?

"This matter is entirely voluntary. If you feel that my proposal is inappropriate, you can leave on your own. I will not hold you back!"

As soon as he said this, the audience was silent. Leave on his own? Should he leave the meeting room or the Alliance of schools?

Needless to say, it was definitely the latter. After offending the president of the Alliance of Academies, he still wanted to recruit more students? In the future, I'd better play by myself behind closed doors!

"President Huang, you're openly threatening ..."

Zhang Jihua straightened his neck and wanted to argue, but the leading teacher from morning's pride Mystic class Women's Academy couldn't take it anymore. He slapped the back of Zhang Jihua's head and the idiot staggered.

"President Huang, Zhang Jihua is just an ordinary student. All his words are his own opinions and have nothing to do with our Academy. He can't represent our Academy."

The leading instructor wanted to slap Zhang Jihua to death!

What Dean's grandson? this was related to the survival of the morning's pride Mystic class Women's Academy. He would rather offend Zhang Jihua than offend Huang Yuntian.

Chapter 6890 Let's Go On An Adventure First

Huang Yuntian snorted and took a sip of the tea, but he did not say anything.

The leading instructor gritted his teeth, cupped his fists, and bowed. "President Huang, there's no problem with our Academy's assessment to encircle and annihilate the bandits. We'll definitely do our best to support the president's orders. As for Zhang Jihua ... Our Academy will give him the punishment he deserves!"

"This is not an order. It's just a suggestion. If you have any opinions, you can raise them. If you don't want to participate, you can leave. I've always been very open-minded!"

Huang Yuntian put on the airs of the president of the Alliance of Academies, and took the opportunity to knock down Morning Pride Mystic class Women's Academy.

With that, there were no more objections from the other Academies!

Lin Yi praised in his heart-this was open-minded? What kind of dictatorship would that be?

"Since no one has any objections, I'll immediately inform all the students participating in the assessment to gather and prepare to set off for the target area!"

Huang Yuntian swept his gaze across the room and stood up in satisfaction,""The recruitment team is based on the Academy as a unit. Each of you will lead dozens of people, and the students will move in small groups! Those who are unwilling to participate can go back! However, you don't have to take part in the mystic division test anymore!"

With this sentence, no one would dare to back out of this operation unless they were determined to stay in the Golden class Sea area for the rest of their lives!

As for how to distribute them, Huang Yuntian naturally did not need to personally ask. He just needed to wait and set off!

Lin Yi had his own plans as well. He had to bring ni caiyue, Jiang He hai, and Qin Yue with him because Huang Yuntian and Zhuang Yifan would be with him. Their safety would not be a problem.

Gu Tiannan and Guan Wenxuan were also present. With such a lineup, even the elite higher-ups of hidden death sect might not be able to gain any advantage if they were to attack.

After half a day, the students who had been assigned to their respective groups gathered behind the student recruitment team leading them. They boarded their flying spirit beasts in an orderly manner, and three to four thousand people charged towards the great foggy lake in the sky!

"Big brother Huang, won't we alert the enemy by making such a big fuss? If the people from hidden death sect were to escape in advance, it would be a bad thing!"

Lin Yi, Huang Yuntian, and Zhuang Yifan were on a flying spirit beast, and they felt a little uncomfortable as they looked at the dark mass of flying spirit beasts behind them.

"What do you think, little brother Lin? Are we going to split up and advance in batches?"

Huang Yuntian always had a smile on his face when facing Lin Yi, "Why don't I have them split up in groups and gather when we reach the place?"

"There's no need to go through so much trouble. I want to go to the great Smoky clouds Lake first to confirm whether hidden death sect is really inside. If I find nothing, it would be hard to explain. "

Lin Yi wanted to finish the job in one go, and he couldn't afford to make any mistakes. "Brother Huang, you know my ability to hide. As long as I'm careful, the assassins from hidden death sect won't find me."

"It's too dangerous! You're the target of hidden death sect. If you go alone and accidentally expose your whereabouts ... Why don't we do this? I'll go with you!"

Huang Yuntian was worried. If something happened to Lin Yi, who was going to make the void pill for him? Who would help him gather the heavenly scar grass?

"No need. Brother Huang, you still have to stay in the middle of the Army. Just leave the Scout job to me!"

Lin Yi cupped his hands at Zhuang Yifan. "Brother Zhuang, do your best to help Brother Huang. I'll head over first. See you later!"

"Lil bro Lin, since you've made your decision, I won't say anything more. Be careful!"

Huang Yuntian's mouth opened and closed. He wanted to say something, but he stopped himself. In the end, he only casually warned, ""Remember, the people from hidden death sect are not even fit to carry your shoes for you. Therefore, if there's danger, don't force your way in! We'll be there soon!"

"I know. Don't worry, my two brothers! I'll take my leave first!"

Lin Yi cupped his fists and took out a teleportation talisman, activating it to teleport to the great Smoky clouds Lake.

It was more convenient to use lightning movement or ghost speed wings, but he didn't want to expose himself in front of thousands of people. Teleportation talismans didn't have to worry about that.

At the border of the Great Swamp, the light from the teleportation talisman faded. Lin Yi's spirit sense had already scanned out, making sure there was no danger nearby.

In the Yellow Sea region, this Great Swamp was a relatively dangerous place. There was smoke all year round, and the smoke here contained toxins that could cause hallucinations.

People with weak wills could also die.

To be honest, it was indeed inappropriate to choose such a place as the assessment venue. However, it was extremely beneficial to the assassins of hidden death sect.

Lin Yi used his pure Qi to grab a ball of smoke and put it under his nose. He closed his eyes and felt it.

Fortunately, the poison in the smoke was not strong. It might be dangerous for Jindan experts, but for experts above xuansheng, the impact was quite weak.

As long as he used some ordinary poison-repelling pills, it would be enough to make the mist lose its threat.

Of course, Lin Yi guessed that there would be a difference between the border and the core area.

The next step was to look for traces of hidden death sect. Lin Yi's body moved and disappeared into the smoke like a ghost.

On the other side, Huang Yuntian and Zhuang Yifan were discussing how to encircle and annihilate hidden death sect on their flying spiritual beasts.

"President Huang, there are many of us in the several thousand li radius of the great Smoky clouds, but if we were to really throw it, it would just be like throwing a small stone into a Big River. It wouldn't cause much of a wave."

Zhuang Yifan took the map of Yunyan Lake and pointed at it. ""How should we attack to ensure the success of the encirclement?"

"We can't be sure of hidden death sect's exact location yet, but if Lin Yi can find them, he'll be able to surround them and no one will escape!"

Huang Yuntian was helpless as well-Ding Yi's information wasn't detailed enough, which was why he'd agreed to let Lin Yi go alone.

Hidden death sect probably didn't have too many people. One-tenth of Huang Yuntian's people would be good enough. With the accurate location, it wouldn't be too difficult to surround them.

"President Huang, this subordinate suggests that we divide our people into six parts, separated by some distance. This way, we can effectively and quickly send reinforcements without appearing too large."

Zhuang Yifan pondered for a moment and said,"these six parts can be arranged according to the directions of front, back, left, right, up, down. When we arrive at the Yunyan Lake and determine the enemy's assembly point, we can surround them from the East, South, West, and up. The last part will stay on the periphery to kill the escaped enemies."

When he returned to the mystic division, Zhuang Yifan would become the managing elder of the mystic division sea college Alliance. So, he was trying his best to show his ability now, so that Huang Yuntian would truly value him and not just give Lin Yi face.

"Alright, we'll do as you say!"

Huang Yuntian also felt that there was no problem, so he immediately decided,""You'll be in charge of the distribution, but the Feiyang college ..."

"Of course, President Huang will lead the Feiyang college personally. They will be the main force!"

Zhuang Yifan understood tacitly. In fact, even without Huang Yuntian's reminder, he would have made the same arrangements.

This was Lin Yi's school, after all, and there were a few golden class sea class students that Lin Yi valued. He had to bring these people with him.
