

## Bodyguard 6911

Chapter 6911 Meeting An Acquaintance When I Came Back

"Interesting!"

The white-robed elder nodded and praised, ""That's a good idea. We can also take back the people we've sent out. As long as we succeed, we can indeed speed up the progress!"

"So elder, you agree with this subordinate's suggestion?"

Lin Yi raised his head in surprise. He wasn't doing this to help hidden death sect deal with the students, of course. He was gathering everyone, including Huang Yuntian and Gu Tiannan.

Whether they were suppressed by their strength or not, Lin Yi still had to gather them first. Of course, Lin Yi also wanted to know what hidden death sect was up to.

"Why not? That's a good idea! Since that's the case, you'll be responsible for this matter!"

The white-robed elder didn't care about the green-robed man's feelings and appointed Lin Yi as the person in charge, "You guys listen to his orders and do a good job. I won't treat you badly."

The leader was dumbfounded-he'd always been the leader, and Lin Yi just took his spot with a few bullsh  
\* t words!

This was simply intolerable!

It was a pity that he had to endure it even if he couldn't. Otherwise, the elder's anger was no laughing matter.

"Yes, elder, this subordinate will do as you command!"

The leader pinched his nose and forced himself to cup his hands at Lin Yi.

"There's no time to lose, what do you think we should do?"

The leading man in green held back his anger and asked with cupped fists.

"You go and send the signal. Lure them over. If one comes, catch one. If two come, catch a pair!"

With that, Lin Yi turned to elder Bai Yi, "elder, what do you think?"

The elder nodded, satisfied with Lin Yi's request. After all, he was the one in charge here, and Lin Yi's question was a form of respect.

"Sure, go ahead and do it. I'll hand this matter over to you, so you can do it with ease and don't have any scruples!"

He paused for a moment. "Are the three of them enough? if not, I'll ask the people who went out to help you when they come back."

"Many thanks, elder. Naturally, the more manpower the better!"

Lin Yi cupped his fist and turned to the leader, "You can go."

"How can I go? I've never done such a thing before, please tell me how I'm going to do it!"

The leading man in green asked back indifferently, clearly unconvinced in his heart.

The elder in white turned to look at the progress of the altar, as if he did not hear the words of the leading man in blue. It was clear that he did not care about this matter.

He gave the command to Lin Yi-if Lin Yi couldn't handle his men well, he'd be considered a useless person and would be eliminated immediately.

"Since you don't know how to do the high-end stuff, then go for the low-end stuff. Set up an ambush on the road up the mountain and cooperate with the hidden sentries to catch the people coming over. This should be simple, right?"

Lin Yi shrugged, a mocking smile on his face. "It was my fault just now. I arranged a task that was beyond your ability. Fortunately, you mentioned it in time. Otherwise, after the mistake, I couldn't escape the fate of not knowing people well."

The leader of the men in green was furious. He moved his arm as if he wanted to attack Lin Yi, but he was afraid of the white-robed elder.

"Good! I'm good at catching people, so I'll go and take your orders!"

The leader took a few deep breaths and glanced at Lin Yi coldly. He bowed to the elder in white, "Elder, this subordinate will go down the mountain and wait. Let's see how many people will walk into the trap."

Lin Yi couldn't help but chuckle to himself at that sour tone. He turned to green shirt number three and four, "The two of you, go and help. I'll personally arrange the layout at the top of the mountain!"

Green shirt number three and four didn't have any objections to Lin Yi becoming the leader. They quickly agreed and left with the leader.

After bidding farewell to the elder, Lin Yi quickly left the cave and ran through the tunnel, releasing his spirit sense.

His spirit sense couldn't detect living things, but it didn't affect the terrain. Lin Yi easily sketched out the floor plan of the cave.

The previous karst cave was almost at the center of this mountain peak, but the entrance was not far from the top of the mountain. The entire mountain peak was crisscrossed with passages, like a maze.

It would be hard for a first timer to find the cave without Lin Yi's strong spirit sense.

The question was, how did the people from hidden death sect know about this mountain and the existence of such a place?

And how did they immediately gather here after entering the secret realm?

Lin Yi thought to himself as he walked back to the entrance of the cave. The guards at the entrance didn't even look at the person who came out from inside, letting him pass by.

After exiting the cave, Lin Yi quickly reached the top of the mountain. There weren't any guards here.

"The place is fine, but what should we do?"

Lin Yi stood at the peak, holding his chin as he pondered. Setting up a formation was easy, but did the original blue dress number two know how to do it?

Let's look for any useful loot first!

And so, Lin Yi started rummaging through the Jade space for stuff-he had quite a lot of loot, and most of them were just tossed aside without even looking at them.

Now that he had looked through it carefully, he found a lot of interesting gadgets. Although they were not of much use usually, they could have a good effect when used at a specific time or place.

This is it!

After a while, Lin Yi took out a formation disk, satisfied. It wasn't some high quality stuff, and he didn't even care about it before, but it was suitable to be blue shirt number two's property.

The only use of this formation disk was to emit strong light-it could be used as a light source, as well as a signal. Lin Yi modified it a little, upgrading the formation disk's effect by a few levels. He then took out some spirit jades to power it, and the peak instantly lit up!

With the guidance of the formation plate's light, everyone within hundreds of miles would rush over to find out what was going on.

Lin Yi also added some invisible energy waves to the formation plate, too. Even if people couldn't see the light, they'd feel the slight energy waves.

Lin Yi didn't leave immediately after setting up the formation. He continued with the help of the ghostly thing.

This time, it was a genuine high-level formation technique. Furthermore, it was a high-level formation technique that had been stacked on top of one another. In the end, it was completely hidden. Only a level nine formation master would be able to see through it.

Hidden death sect was powerful, and Lin Yi had to be prepared. He wasn't afraid of a master, but the others didn't have the ability to.

Seeing that he'd stayed long enough at the top of the mountain, Lin Yi slowly returned to the cave and followed the path he remembered.

Lin Yi froze when he entered-it was a familiar face, Chang laiting!

Other than Chang laiting, there was also a Haggard-looking old man with a thin beard on his chin. He had a haughty expression on his face.

Chapter 6912 Shameless

Next to them stood number 3 and 4 in green. It was obvious that they were the ones who had been caught by number 3 and number 4.

"I am old man beiming. Have you ever heard of me?"

The wizened old man beside Chang laiting stroked his sparse beard and arrogantly faced the white-robed and masked elder. "In addition, are you the leader of this place? The kind that can make decisions?"

"So it's old man darknorth. You've been missing for so many years, how did you suddenly appear again? I thought you were already dead!"

The white-haired elder chuckled and nodded politely, "Although I respect you very much, you are now a captive of hidden death sect. You shouldn't talk to me like this, right?"

Old man beiming's eyes narrowed, and his face turned ugly. Who would dare to disrespect him when he mentioned his name decades ago? But it didn't seem to work today!

"I am old man beiming. Even if I fall into the hands of hidden death sect today, I am still qualified to talk to you as an equal, am I right?"

Old man beiming suppressed the anger in his heart and snorted coldly, "This is the most basic respect you have for an alchemy Grandmaster!"

Lin Yi chuckled to himself-the old man was already meat on a chopping block, and he still wanted respect? Alright, even if I give you respect, I can't avoid being chopped up and made into a dish!

Did water enter his brain?

"Old man beiming, Grandmaster Alchemist, so what? Since you've come to cause trouble for hidden death sect, you should be prepared to be killed!"

The white-robed elder chuckled and shook his head. He was not interested in these so-called alchemy grandmasters. "I'm the knife and you're the fish. It's my freedom to do whatever I want to you. You still want to reason with me?"

Assassins never talked about reasons. They only believed in the knife in their hands!

Kill, or be killed!

"Even if my alchemy skills are not unparalleled in the world, I am still one of the best in the world. Don't you hidden death sect need high-grade elixirs?"

Old man beiming tried to calm himself down and put on a proud expression. "With my help, hidden death sect's overall strength will increase by leaps and bounds. Is this not worthy of your respect?"

Lin Yi's eyebrows twitched-could it be that the old man wanted to join hidden death sect? How shameless!

If he had surrendered, then so be it. He even made himself sound so great, but in reality, he was treating himself as goods. At this moment, he was trying his best to show the advantages of the goods, waiting for the right price to sell!

"Oh? If old man beiming is willing to join hidden death sect, he is worthy of my respect. Have you really thought it through?"

The white-robed elder looked at old man beiming thoughtfully, thinking about the implications of this matter.

In this secret realm, there were many precious materials for alchemy. However, for hidden death sect's big event, they did not have the time to collect them for the time being. Once the big event was over, hidden death sect would definitely not miss out on those spiritual herbs.

With an alchemy Grandmaster around, the spiritual herbs they collected could be converted into strategic resources at once. This was a good thing for hidden death sect!

"I've always kept my word, and my ambition is to continuously improve my alchemy skills. It doesn't make much of a difference where I refine pills for who. "

Old man beiming's wrinkled face relaxed, and a smile appeared on his face. At least he had received some respect."However, if I join hidden death sect, I have a small request. I hope that you can hand this person over to me!"

Lin Yi was surprised-the person old man was pointing at was his clone, who was lying on the ground with all his limbs broken!

Without any warning, without any warning, how did this fire inexplicably burn him?

"You're old friends with Lin Yi?"

The white-robed elder's brows furrowed slightly. Without waiting for old man darknorth to reply, he shook his head. "Regardless of whether you are acquainted with him or not, this person is a target that hidden death sect must eliminate. We can not hand him over to you!"

In fact, using Lin Yi to exchange for the loyalty of an alchemy master was not a bad deal. However, Lin Yi had killed too many people from hidden death sect. If they let him go just like that, the assassins below would probably be unhappy!

If the People's hearts were scattered, it would be difficult to lead the team!

So elder Bai Yi couldn't let Lin Yi go, no matter what. He didn't kill Lin Yi until now because he wanted to make use of him!

"Your Excellency is overthinking! This old man has no friendship with this child. On the contrary, there is a great enmity between us! Today, I'm shamelessly opening my mouth so that I can personally take revenge!"

Old man Beiming laughed as he stared at Lin Yi's clone on the ground with hatred. "This man once attacked my disciples and Grand-disciples, and if I didn't save them myself, they might've been dead for a long time. So I must end Lin Yi with my own hands today!"

As he spoke, he pointed to Chang Laiting and introduced, "This is my grand-disciple, Chang Laiting. He's the young lord of Ding town in the yellow region. His mother, Zang Zili, was my disciple."

"So that's how it is! I've also heard of this matter, but I didn't think that Zang Zili was your disciple!"

The white-robed elder nodded slightly. When Hidden Death Sect investigated Lin Yi, they naturally wouldn't miss out on people who had grudges with Lin Yi, "But Lin Yi can't die yet-if you don't mind, you can wait a little longer, and I'll give you the chance to kill him with your own hands!"

Since Old Man Beiming didn't want to save Lin Yi but wanted to kill him, it didn't matter who killed him.

If Old Man Beiming insisted on killing Lin Yi immediately, the white-robed elder wouldn't reject him. This kind of favor in exchange for an alchemy master joining Hidden Death Sect was extremely beneficial!

"Of course I don't mind. As long as I can kill Lin Yi, I don't mind waiting a little longer,"

Old man Beiming laughed and said, "But before I kill Lin Yi, I still have some questions for him-can you let me interrogate him first?"

This was old man beiming's true goal. It didn't matter if they could kill Lin Yi or not-the pill Dao inheritance was the most important!

"No problem. From now on, you will be the hall Master of hidden death sect's pill Hall! Please do as you please, as long as you don't kill this Lin Yi!"

The white-robed elder seemed to have great authority in hidden death sect. He casually gave old man beiming the position of a Hall Master."As for this grand-disciple of yours, young master Chang laiting, he can temporarily be my personal guard! I'm the chief elder of hidden death sect, so I shouldn't be considered an insult to him, right?"

"Quickly thank the elder for his appreciation and promotion!"

Old man beiming patted Chang laiting's back, ordering him to come forward and express his thanks.

In truth, old man beiming also knew that the white-robed elder was doing this to keep a hostage by his side so that he wouldn't be half-hearted.

But in reality, old man beiming really didn't care about working for hidden death sect!

All he wanted was to improve his alchemy skills. As for changlai ting, old man beiming might have called him his good grand-disciple, but in truth, he didn't care about him at all. Whether he was Dead or Alive, what did it matter?

Chapter 6913 Exposed

"This subordinate Chang Lai ting thanks elder for your appreciation!"

Chang laiting was displeased, but he tried his best to put on a happy expression. "To be able to follow by elder's side day and night to seek advice and listen to elder's teachings, I will definitely be able to grow rapidly and contribute to hidden death sect in the future!"

He said it beautifully, but what Chang laiting was really thinking was who wanted to be an assassin? This young master's future is bright and promising. I could've gone to the mystic Sea, but now I have to stay in the Yellow Sea. I'm really unlucky!

Lin Yi pursed his lips, amused by Chang laiting's flattery. He was more worried about the clone's condition.

Old man beiming wasn't just going to interrogate Lin Yi's doppelganger-he'd have to punish him as well. He wouldn't be afraid if it was the real Lin Yi, but not the doppelganger!

The clone would dissipate with the slightest touch, and it was impossible to resist the interrogation. Wouldn't he be exposed all of a sudden?

It wasn't easy for Lin Yi to get into the company-he couldn't just go bankrupt right at the start of his plan, could he?

"Elder, I've finished my arrangements and I'm here to report to you,"

Lin Yi quickly took a step forward and shut old man beiming's mouth, "There will be more and more people who will walk into the trap. Not all of our people who went out have returned, so we are short of manpower."

"That's a problem! Since that's the case, I'll temporarily assign this new personal guard to you. If there's anyone else you can transfer, you can do it yourself. "

Elder Bai Yi pondered for a moment. Not only did he send changlai ting over, but he also gave Lin Yi a token that allowed him to mobilize the hidden death sect assassins in the cave.

"Many thanks, elder!"

Lin Yi took the token and was overjoyed. With this, it was much easier for him to do things, "Other than that, I'm interested in Lin Yi as well. I wonder if I can participate in the interrogation?"

"Are you very free? Isn't it because we don't have enough manpower?"

The white-robed elder squinted his eyes and looked at Lin Yi with a weird expression, ""You may be the ones who caught him, but the head of the beiming clan is interrogating Lin Yi, what are you doing there?"

Old man beiming's heart skipped a beat. He felt that there was a deeper meaning to her words. On the surface, she seemed to be rejecting green-robed number two, but in secret, she seemed to want her to participate.

Old man beiming, who had just joined hidden death sect, would not be able to gain their trust so quickly. Therefore, this was normal.

"Elder, since Lin Yi was caught by this brother, it's fine if he wants to participate in the interrogation. I'm just trying to solve some doubts, after all."

Old man beiming really didn't want Lin Yi's pill Dao inheritance to be known by others, but now that he was in hidden death sect, he had to put on an open front. Otherwise, it would raise the suspicion and vigilance of hidden death sect.

Once he offended hidden death sect, the so-called pill Hall's Hall Master would just be a joke. If hidden death sect wanted to kill him, old man beiming, it would only be a matter of minutes.

"Alright! Since Hall Master darknorth has said so, you should come along and see if you can get any useful information. "

The white-robed elder muttered to himself for a moment before nodding in agreement. "You guys take Lin Yi away, don't let him get away. Also, don't delay the arrest!"

"Yes! This subordinate will do as you command!"

Lin Yi cupped his hands and bowed. He picked up the clone and turned to old man beiming. "Please come with me, head of the beiming clan. We'll find a quiet place to interrogate him!"

"Good! Then this old man will take his leave!"

Old man beiming cupped his hands at the white-robed elder courteously before following Lin Yi into the tunnel with Chang laiting.

Lin Yi didn't stop as he thought about how to deal with old man beiming and Chang laiting. These two idiots had defected so easily-they weren't good people, and it made sense to kill them.

But now didn't seem to be the best time-after all, Lin Yi's plan hadn't started yet, and it wasn't worth it to expose himself for these two idiots.

The problem was that if he didn't kill the two of them, how could he hide the fact that he had a clone?

"This big brother ... Uh, how should I address you?"

Chang laiting smiled at Lin Yi after walking for a while,"This little brother is Chang laiting. In the future, we'll all be family, so please take care of us."

One of his own? Don't you know that yours truly is thinking of how to kill you, you idiot?

Alright, you really don't know ...

Lin Yi chuckled and looked at Chang laiting, deep in thought. He didn't know what the blue shirt number two's name was, so he didn't know how to answer.

The few companions from before had never called green shirt number two by her name or code name. The white-robed elder had even given casual instructions and did not call her by her name or code name at all.

Now that Chang laiting had asked, Lin Yi felt a little awkward. Wouldn't he be exposing himself if he just randomly said something?

However, it didn't seem necessary for him to devour the primordial spirit of the blue-clothed number two for such a small matter.

"Is this a taboo? I'm sorry, this little brother doesn't know the rules. If it's inconvenient to say, then there's no need to say it!"

Chang laiting's hair stood on end from Lin Yi's glare and quickly waved his hands to save the situation. "I understand, the killer is nameless! A powerful killer like big brother should have no name, right? I won't ask anymore, I won't ask anymore!"

Lin Yi curled his lips-what was this mess? A killer's nameless did that mean that the killer had no name? It was terrible to be uncultured!

Whatever, whatever. Lin Yi snorted a couple of times, not sure if it was an admission or a denial, but he didn't care.

If he was a tactful person, he would have shut his mouth and stopped talking.

It was a pity that young master Chang was never a tactful person-Lin Yi didn't want to talk to this idiot, but he still tried to get close to him.

"Big brother is so wise and brilliant, and has been highly regarded by the chief elder. You must have held a very important position in hidden death sect, right? In the future, I'll follow big brother and hope big brother will guide me. "

Chang laiting said with a straight face.

"That's easy. As long as you do your job well, you'll have plenty of opportunities to stand out!"

Lin Yi said casually, thinking that he'd chop off your head if you wanted to stand up for him.

"Definitely, definitely! I don't have any good points, but I'm a down-to-earth and hardworking person. Especially under your leadership, big brother, I'll definitely be loyal to you!"

Chang laiting patted his chest with an impassioned expression. "In the future, little brother will follow big brother and I will fight wherever you point! If you want me to go east, I will never go west. If you want me to go to heaven, I will never go to Earth!"

It wasn't illegal to brag anyway, and Lin Yi didn't realize that the idiot was quite good at bragging!

"It's good enough that you have this thought. I'll see how you perform!"

Lin Yi waved his hand impatiently—he really wanted to slap Chang laiting to death so his ears would be clean.

Chapter 6914 Lin Yi Is Dead!

"Yes, big brother, just watch my performance!"

After Chang laiting expressed his loyalty, he suddenly changed the topic. "Big brother, I heard that one's strength will be suppressed to the xuansheng stage in this secret realm, right? However, I see that the people from hidden death sect seem to have the strength to open up a mountain. Is there some secret behind this?"

Lin Yi looked at Chang laiting oddly. This idiot wasn't stupid!

Too bad Lin Yi didn't even know about it himself, how was he supposed to tell him?

Plus, even if Lin Yi knew, he wouldn't tell Chang laiting!

"This is our sect's Secret. You don't need to know. Besides, you're already at the xuansheng stage. It doesn't make a difference whether you know it or not!"

Lin Yi said faintly, thinking that old man beiming was quite lucky that he didn't die from the invisible force. "Also, where did you hear about this? Who told you that one's strength would be suppressed to the xuansheng stage in the secret realm?"

"This matter is this old man's speculation. Because this old man has personally experienced it, I mentioned it to my grand-disciple, and he has taken it to heart."

Old man beiming suddenly spoke, his old face as calm as an ancient well. "As the hall Master of hidden death sect's pill Hall, do I have the right to know?"

"You naturally have the right to know about this, but I can't make the decision. It's best that you personally ask the elders when we return."

Lin Yi shrugged and pushed it away. When old man beiming asked, he'd be able to take advantage of the situation!

"Hmph! Don't worry, this old master will ask about it!"

Old man beiming snorted in dissatisfaction. He then turned to look at a stone chamber at the side of the passage and said, "Let's do it here. There won't be many people disturbing us. It's quiet enough!"

"Good, this is indeed a good place!"

Lin Yi nodded and threw the clone in."Hall Master darknorth, you interrogate him first. I'll bring Chang laiting around to familiarize himself with the place and arrange for some men to be sent over!"

"This isn't very good, is it? Aren't we going to interrogate him together?"

Old man beiming stroked his beard in a reserved manner as he thought to himself,'why is this person suddenly so tactful?'

"Of course we'll interrogate them together, but you can interrogate them first, Hall Master darknorth. The result will be the same even if you tell me when I return."

Lin Yi cupped his fists and pulled Chang laiting out, "Don't worry, I'll be back soon. I hope you'll be able to get some clues from the interrogation, Hall Master darknorth!"

Chang laiting was extremely resistant. It was not easy for him to get a chance to take revenge on his enemy. Of course, he did not want to leave just like that. However, he had just said that he would listen to the leader's orders. How could he go back on his words now?

The two of them were extremely fast. Before old man beiming could say anything, they had already turned a corner and disappeared from sight.

However, the sound didn't have to be restricted by this distance. Chang laiting soon heard the screams behind him, and imagined Lin Yi being tortured, a fate worse than death. He felt great.

The only pity was that he couldn't witness it with his own eyes. This revenge wasn't enough!

Lin Yi, on the other hand, laughed to himself-this was the effect he wanted!

The first step was to take Chang laiting away. The second step was to let Chang laiting hear his clone's miserable cries. The third step was to take Chang laiting back immediately.

"That's not right! Lin Yi's bones are pretty tough-he didn't even make a sound when I broke his limbs, but now he's making a sound like this. Something's obviously wrong, let's go back and take a look!"

Lin Yi didn't even finish his sentence before he turned around and ran back. The doppelganger's scream was intentional, and old man beiming didn't even have the time to make a move yet. He had to appear immediately!

In the blink of an eye, Lin Yi was back in the stone room, and old man beiming was looking at the clone on the ground, dumbfounded.

"Hall Master beiming, what did you do to make Lin Yi cry out like this? I'm impressed!"

Lin Yi cupped his hands in respect. "When I attacked him earlier, he didn't say a word. I was curious when I heard the commotion, so I came back immediately to see what you're capable of."

"I ... I didn't do anything ... Lin Yi just screamed on his own!"

The corners of old man beiming's mouth twitched slightly. He felt that something was wrong. "Forget it, let's not talk about this first. Since you're back, why don't we interrogate you together? There's no need to rush!"

"Alright! Then, it's better to obey than to show respect! Speaking of which, why isn't Lin Yi doing anything?"

Lin Yi cupped his hands casually and looked at the clone on the ground, pretending to be casual. "Eh? That's not right! This kid seems to be out of breath!"

Old man beiming was taken aback. His skinny body swayed slightly, and he instantly appeared beside the clone. At the same time, he stretched out his hand to check the situation.

Under Lin Yi's control, the clone on the ground was a dead body, and no one would be able to find any flaws in it unless they flogged it!

"How is this possible? Why did Lin Yi suddenly die?"

Old man beiming's face was full of frustration-he'd finally caught Lin Yi, and he'd died before he could interrogate him about the pill Dao inheritance!

I've travelled thousands of miles to come to this damned place and even had to surrender to hidden death sect, just to see Lin Yi die?

"Hall Master beiming, I'd like to know as well-why did Lin Yi suddenly die? He was fine just now. Other than his broken limbs, he didn't have any serious injuries!"

Lin Yi narrowed his eyes and started to shift the blame onto her,"Lin Yi screamed as soon as Chang laiting and I left, and there's only one person here, hallmaster beiming. Can you explain this to me?"

"What do you mean? Are you saying that I killed Lin Yi?"

Old man beiming was pissed off at Lin Yi's provocation,"Even if I kill Lin Yi, what right do you have to order me around? Could it be that hidden death sect's pill Hall head is just a decoration that can be bullied by anyone?"

"I wouldn't dare. The status of the hall Master of the pill Hall is naturally noble. Who would have the guts to bully the hall Master of the darknorth Hall? I just want to know the truth!"

Lin Yi didn't back down at all, but he was laughing inside."You must have heard the elder's words just now, right? Don't kill Lin Yi, he's still useful to hidden death sect!"

"I didn't kill Lin Yi, he died on his own, it's none of my business!"

Old man beiming suddenly stood up. No one knew what kind of expression he had on his Haggard face. Anger, injustice, fear ... All kinds of emotions were present.

One had to bow his head when he was under someone else's roof. Even though old man beiming's strength was restricted to the mysterious Ascension stage, he did not dare to offend the people of hidden death sect.

"Big brother, Lin Yi's the sneaky one! Perhaps he was pretending to be dead! Why don't you let me attack him, and perhaps he will wake up!"

Chang laiting lifted his foot and rolled up his sleeves, ready to attack the clone. It wasn't clear if he was really trying to help old man beiming or just venting his anger.

Chapter 6915 The Corpse Is Gone Too

"You want to destroy the evidence? What a good plan!"

Lin Yi said indifferently, and Chang laiting froze in his spot, not knowing what to do.

If he was really convicted of destroying the corpse, it was hard for Chang laiting to imagine what kind of ending he would have. The assassins from hidden death sect did not seem to be easy to deal with ...

"I said, I didn't kill Lin Yi, he died on his own, it has nothing to do with me! So there's no such thing as destroying the corpse!"

Old man beiming was very annoyed. He didn't get to eat the mutton and got himself into trouble. What bad luck!

"I can't make the decision on this matter, let's ask the elder to make a decision!"

Lin Yi's cold eyes swept over the two before he cupped his fists to old man beiming. "I'll go and invite the elder over. This place must be kept as it is, there can't be any mistakes!"

Old man beiming's wizened face twitched a few times before he shot Chang laiting a look. "That's good too, let Chang laiting accompany you! I'll definitely protect the scene and wait for the elder to come and check. "

Upon receiving old man beiming's signal, Chang laiting immediately understood.

Now, they were still considered as new members in hidden death sect. If they were to be casually turned around by this assassin in green, they might be killed.

And so, they couldn't let Lin Yi go alone when they went back to invite the white-robed elder. One of them had to go with him.

Bringing the body back with them was the best option, but Lin Yi's order to protect the scene made it impossible. Old man beiming was afraid that something might happen, so he had to stay behind and guard the place.

Poor old man beiming didn't realize that he'd fallen right into Lin Yi's trap!

Lin Yi laughed inside, but didn't show it on his face. He nodded faintly, "Alright. Changlai ting, come with me to invite the elders. I'll leave this place to Hall Master beiming to take care of. Don't make any more mistakes!"

Old man beiming was secretly angry. I'm just a Hall Master. Do you have to look down on me like this?

However, the situation was more pressing than the person, so he could only pinch his nose and reluctantly agree.

Lin Yi turned around and left with Chang laiting, quickly returning to the cave.

However, Lin Yi deactivated the thousand changes of wood forest before he met the elder. The body disappeared without a trace. He wondered what old man beiming's expression was like.

Thinking about it, he was really looking forward to seeing that ghostly appearance! Would the old man run away because of this?

Lin Yi's eyes flickered, wondering if it'd be better for him if old man beiming ran.

Before he could finish, the two had already returned to the cave. Lin Yi quickly went up and bowed.

"Elder, Lin Yi's dead ... There was only the head of the beiming branch there. I was about to go arrange a mission with changlai ting, but I heard Lin Yi's screams right after I left. When I went back, Lin Yi was already dead!"

Lin Yi was pretty smooth with his words, but it was a little awkward to keep saying that he was dead.

"He's dead?"

The white-robed elder seemed to be taken aback, but he didn't mind. He'd already expected this when he handed Lin Yi to old man beiming, "Is Hall Master darknorth's punishment too severe?"

Although the white-robed elder didn't mind, he still had to ask. Of course, he wouldn't pursue the matter in the end. He would pretend to be kind and let old man beiming go. Therefore, it would be a waste of resources if he let it go now.

"The head said he didn't do anything, Lin Yi died after screaming."

Lin Yi replied seriously, as if he wasn't biased at all, as if he were just stating the truth. "This subordinate does not dare to handle this matter on his own, so I have asked Hall Master beiming to remain at the

scene and maintain the original state. After that, I brought Chang laiting over to invite elder to take a look."

Elder Bai Yi frowned. If Lin Yi died, then so be it. Although he was an enemy of hidden death sect, it was just a mission. He was a little unwilling to leave the cave to deal with such a small matter.

However, this matter involved old man beiming. No matter what, he was still an alchemy Grandmaster and the head of the newly established alchemy Hall. It wasn't a bad idea to take this opportunity to make him submit.

"Chang laiting, what he said is the truth, right? Are there any discrepancies?"

The white-robed elder turned to Chang laiting, feigning concern. "If there's anything wrong with it, you can speak your mind and I'll help you."

Chang laiting felt a bitter taste in his mouth. He felt that something was wrong, but Lin Yi didn't seem to be wrong ...

What to do?

Under the white-robed elder's intense gaze, Chang laiting didn't dare to lie. He could only grit his teeth and nod. "Elder, there's nothing wrong. It's just like this!"

"In that case, I'll go and take a look! No matter what, Lin Yi is hidden death sect's biggest enemy!"

The white-robed elder grunted in agreement. "Let's go. We'll return quickly!"

"Yes, this way please, elder!"

Lin Yi turned his body to the side and led the way.

I wonder if old man beiming is still around? If Lin Yi was in the same situation, he'd probably run away already. After all this trouble, what was he waiting for?

Unfortunately, his spirit sense was able to scan the stone room, but he couldn't find any living being. He wasn't sure if old man beiming was still there.

A while later, the three returned to the stone room, and Lin Yi looked at old man beiming in surprise. This old idiot didn't run?

Did he feel that he couldn't escape? Or did they think that he was important to hidden death sect and would not be punished?

"Darknorth greets you, elder!"

Old man beiming's old face was a little depressed and embarrassed. When he saw the three of them walking over, he quickly stepped forward and bowed."Lin Yi ... I really don't know where to start!"

Other than old man beiming, there was no one else in the room. Lin Yi's clone had disappeared without a trace, and old man beiming didn't know what to say.

Say that this place was haunted? That would really be a ghost!

"There's no need to be so polite, Hall Master darknorth! Where's Lin Yi's body?"

The white-robed elder waved his hand and a hint of surprise flashed through his eyes. "Didn't he die? Where did the corpse go?"

"Well ... Darknorth doesn't know!"

Old man beiming revealed a helpless and bitter smile, and the sparse beard on his chin was almost torn off by him."Not long after the two of them left, Lin Yi's body suddenly disappeared without any signs ... It's weird, so I don't know what happened!"

"Are you kidding us, Hall Master darknorth? You were there when Lin Yi died, and you said you didn't know how he died. You were also there when the body disappeared, and you said you didn't know how it disappeared! Do you think it's appropriate?"

Lin Yi sneered, "I said I wanted to keep the scene intact, but now it's gone. What's the point of elder coming?"

"I really don't know!"

Old man Beiming was extremely aggrieved, and it seemed like he couldn't get rid of the blame. "Elder, everything I said is true. If I'm lying, I'm willing to be struck by lightning!"

Chapter 6916 You Take Off Your Mask!

"If swearing is useful, then if you do something wrong in the future, you just have to swear!"

Lin Yi didn't give old man Beiming any face. "If darknorth Hall Master betrays hidden death sect in the future, then just say that he doesn't know and make an oath, then everything will be fine?"

"Enough! Let Hall Master darknorth finish his words first!"

The white-robed elder spoke unhurriedly. He was almost done with the beating. Next, it was time to show his kindness. "There's no need to rush, Division Head darknorth. Tell me everything that happened in detail. Don't miss out on any details. "

"Yes, thank you, elder!"

Old man Beiming squeezed out a grateful smile. After sorting out his thoughts, he said, "Lin Yi died too suddenly, I didn't even have time to interrogate him before he let out a blood-curdling scream and died."

"Are you sure there's no one else around besides you?"

"Is it possible that someone's been secretly targeting Lin Yi?" the white-robed elder asked. Don't miss out on anything!"

"No, I didn't! Beiming didn't dare to lie, there really was no sign at all, Lin Yi died on his own!"

Old man Beiming pondered for a moment, but he didn't dare to make up a story. "Maybe Lin Yi's injuries were too heavy, and he's like a dying lamp, that's why he died right away."

Even though he said that, old man Beiming himself didn't have much confidence.

"He died and disappeared on his own—could it be that Lin Yi's son wasn't dead at all, and he was just playing dead?"

Chang laiting muttered, but old man Beiming's eyes lit up!

"Not bad! Perhaps Lin Yi was really playing dead! That kid has many tricks up his sleeve and is very cunning!"

Old man beiming clapped his hands as if he had found a life-saving straw. "Elder, Lin Yi might be nearby!"

Lin Yi curled his lips-he wasn't just nearby, he was standing right in front of them!

The clone's crisis had been averted, but the words of old man beiming and Chang laiting had aroused the suspicion of the white-robed elder.

"Head beiming, you're right. I've heard that Lin Yi has a lot of tricks up his sleeve, playing dead ... It's possible!"

The white-robed elder nodded, "Lin Yi's dead, actually. It's just a matter of time. It's nothing compared to the head!"

"Thank you elder for thinking so highly of me, but I really didn't kill Lin Yi, nor did I destroy his body!"

Old man beiming looked grateful and cupped his hands. "If this old man really did this, then punish this old man by making him unable to refine pills for the rest of his life! All of them are useless!"

Old man beiming had devoted his entire life to alchemy, and since he would never be able to concoct any more pills, it would be better to just kill him. This was why even the White-robed elder was moved by this.

"You're being too serious, head of the Beiming clan. I naturally believe you. Lin Yi is a cunning man, and we have to find him. Otherwise, it'll affect our plans greatly!"

The white-robed elder consoled before turning to Lin Yi. "Take off your mask!"

Lin Yi's heart skipped a beat. He knew that the elder was suspecting him, but he couldn't show any signs of abnormality!

"Yes, elder!"

Lin Yi cupped his fists and took off his mask without hesitation.

Although Lin Yi didn't devour the blue dress number two's spirit, he had devoured another Assassin's spirit before. He knew that the mask couldn't be taken off under normal circumstances, but it wasn't an order from the higher-ups.

Elder Bai Yi was Lin Yi's superior without a doubt, so if he said to take him down, Lin Yi had to do it immediately.

The face under the mask was an illusion of the world of mortals. It was not the same as the original green shirt No. 2, only 30% similar!

Lin Yi used this face because the aura of this face was more in line with the blue shirt number two. He could only bet that the elder in white was not familiar with the blue shirt number two!

From the moment Lin Yi entered the cave until now, the white-robed elder had never once called out blue shirt number two's name, and it was because of this that he dared to take the risk!

Of course, there were only four people in the room right now. Under the suppression of the secret realm, old man beiming and Chang laiting were only xuansheng, and elder Bai Yi was only at the opening level. Even if he failed, Lin Yi was confident that he could kill all of them!

"Put it on! Tell me, did Lin Yi's limbs really break?"

The white-robed elder looked at Lin Yi's face carefully and waved his hand casually, "Based on your judgment, does he still have the ability to move?"

Lin Yi put the mask back on and shook his head. "Elder, I'm sure that all of Lin Yi's limbs are broken, and his pure Qi is sealed. He can't move on his own!"

Lin Yi paused for a second before continuing, "Maybe Lin Yi has some sort of secret technique that can heal his injuries on his own. It's possible, head of the beiming clan."

It'd be great if old man beiming could take the blame, but the white-robed elder didn't want to look into it anymore. Lin Yi agreed with old man beiming-it'd be better to retreat for the sake of advancing!

"There's something strange about this. Arrange for people to search carefully. We have to find Lin Yi!"

The white-robed elder snorted. "If he's alive, I want to see him. If he's dead, I want to see his corpse!"

"Your subordinate understands!"

Lin Yi bowed.

"Hall Master beiming, since Lin Yi's missing, you should come back with me!"

The white-robed elder was worried about the altar and wanted to return immediately. "If there's news of Lin Yi, you can go and help capture him."

"Thank you, elder. I'll do as you say. There are still many things I need to ask you!"

Old man beiming didn't dare to object and obediently followed behind the white-robed elder. At the same time, he reminded Chang laiting, "My good Grand disciple, help me find Lin Yi. If you have any news, report to the elder immediately."

Chang laiting replied immediately. He was worried that Lin Yi's disappearance would have some serious consequences, but nothing happened at all.

"Farewell, elder and Division Head darknorth!"

Lin Yi made sure that not a single drop of water would leak out-he put on a show of bowing and cupping his fists, sending off the elders and old man beiming before leaving the cave with Chang laiting.

Even though old man beiming and changlaiting hadn't been caught in the crossfire, he had still managed to resolve the problem with his clone.

As soon as the two of them left the cave, they saw a signal coming from the foot of the mountain. The hidden death sect's assassin at the entrance of the cave immediately exclaimed, ""There's a strong enemy! The brothers at the foot of the mountain are sending out distress signals. Quickly report to the elders!"

"I'll go, I'll go!"

Chang laiting was very smart-he was no match for hidden death sect's enemies. He was afraid that Lin Yi would take him to risk his life, so he ran back to the cave passage without waiting for Lin Yi's order, away from this dangerous place.

Lin Yi's mouth twitched-she ran pretty fast!

"He's gone to report. You two, come with me!"

Lin Yi waved his hand and was about to bring the two killers down the mountain. He wasn't going to help, of course-he wanted to find a chance to kill the two guards first!

Chapter 6917 Help Or Kill

"We can't leave the cave. Without the elder's order, we can't go anywhere!"

The killer shook his head and refused without any hesitation. He didn't know that his refusal had inadvertently saved his life.

"Do as you wish! Reinforcements are like putting out a fire, I'll go first!"

Lin Yi didn't force it. As he said, saving the enemy was like putting out a fire, but the people he wanted to save were the enemies of hidden death sect!

Before he finished, Lin Yi had already left the cave and rushed down the mountain. He was at the foot of the mountain in no time. He couldn't see the person yet, but he could already feel the shockwaves of the battle.

"Gu Tiannan? So it's this old thing!"

Lin Yi couldn't help but think that since he was now a member of hidden death sect, he might as well just kill Gu Tiannan.

Although Gu Tiannan's strength had been suppressed to the xuansheng stage, he was still an elder of the mountain sect and one of the few Masters in the shattered Sea. His experience and various means were not something that the assassins of hidden death sect could compare to.

Although this old thing was surrounded by five assassins from hidden death sect alone, he was not flustered at all. He dealt with them with ease and even had the upper hand.

However, if Lin Yi joined the fight against Gu Tiannan, the old man would be in deep trouble!

Forget it! No matter what, they were still temporary companions. He would deal with hidden death sect first before anything else!

Lin Yi made up his mind and started planning.

It wasn't hard to take out the five assassins, but what was hard to deal with was how to deal with the aftermath. Lin Yi only had one immature thought in his mind.

"Brothers, don't worry! I'm here to support!"

Lin Yi roared and shot out like lightning. He took out an earth formation talisman and activated it with his pure Qi.

The five assassins were feeling a little strained, but when they saw that their companions had come to help, they were instantly delighted and their spirits were lifted!

"You're just in time. This old man is quite difficult to deal with. It seems like he's a big fish. If we catch him, it'll be a great merit for us brothers!"

One of the assassins who was attacking Gu Tiannan laughed and replied. With one more person, the power of their battle formation would double, and it would be easy to deal with Gu Tiannan!

But when he saw the talisman in Lin Yi's hand attack, his happy expression turned into fear, "You ..."

Before he could finish his sentence, his entire body was blown into pieces. At the same time, the other four attacks landed on the other four assassins, ending their lives without any suspense!

"Who are you? why are you helping me?"

Gu Tiannan took a step back, his face alert. "If I'm not wrong, the talisman in your hand is from the Wang family, right?"

Lin Yi complimented-the old man's eyes were sharp, and he could tell that Lin Yi's attack talisman came from the Wang family.

"Elder Gu, you have good eyes! To be honest, I'm a distant relative of the Wang family, and I've had the honor of meeting elder Gu once! Later on, because I came out to train, I joined hidden death sect. "

Lin Yi didn't want his identity to be exposed, since he had the aura of the blue shirt number two now, so he started talking nonsense,"I saw elder Gu in trouble today, so I couldn't help but help. Are you alright, elder Gu?"

"Of course I'm fine! How can a few little thieves stop this old man!"

Gu Tiannan's face was full of pride, as if he was criticizing Lin Yi for being a busybody."However, this old master is also indebted to you for helping me. How should I address you? When this old man goes to the Wang family in the future, I'll mention this to your patriarch. "

Lin Yi said that he was from a branch of the Wang family, but Gu Tiannan didn't really believe him. The attack formation in Lin Yi's hands was the best of the best, and it was hard for normal disciples to get their hands on it. Even if they had it, they would use it with great care.

Who would be like Lin Yi, using only five attacks on five mountain opening assassins?

One had to know that Gu Tiannan had the upper hand before, and if Lin Yi helped, there was no need to use an attack formation.

"Elder Gu, you're too polite. I'm part of an assassin organization, so I don't have the face to mention my name. I don't dare to let my family know about this. Elder Gu, please don't mention it!"

Lin Yi waved his hands, looking terrified. "This is not the place to talk. I've dealt with them in a thunderous way because there will be a large number of assassins coming to help. Let's talk somewhere else!"

"Alright! You're more familiar with this place, so you lead the way. "

Gu Tiannan's suspicions were cleared up a little as he followed Lin Yi to the forest, "I saw the light at the peak of the mountain, so I came over to take a look. Did hidden death sect do this on purpose?"

"That's right. To be honest, I was the one who suggested setting up the signal. The purpose is to attract everyone who enters the mystic realm!"

Lin Yi didn't hide the fact. He didn't get along with Gu Tiannan, but he still needed his help. "Although I'm in hidden death sect, I'm in Cao's camp and my heart is in the Han. I don't want our people in Mystic and golden seas to be killed by hidden death sect one by one, so I thought of this way to gather everyone together."

Gu Tiannan didn't know what Lin Yi meant by "in the CAO camp, but in the heart," but he assumed it was a spy. He didn't want to get to the bottom of it, but the information Lin Yi revealed was more important.

"What is hidden death sect doing here? Why aren't you suppressed by the secret realm and can still display your strength? What do you plan to do by gathering everyone here?"

As expected of an old fox, all the questions he asked were very important!

"Hidden death sect is carrying out a project here. I don't know the ultimate goal, only the highest level knows."

Lin Yi blinked. He was telling the truth, "As for the suppression of strength, it's also a secret of the higher-ups, and we don't know about it."

Saying it was equivalent to not saying it!

The corner of Gu Tiannan's mouth twitched slightly. He felt that the way this kid spoke was quite annoying ...

"As I said, although I'm in hidden death sect, my heart is with the people of Mystic Sea. Hidden death sect kidnapped those who entered the secret realm, forced them to do hard labor, build altars, and even killed them after. I can't stand such a cruel thing!"

Lin Yi explained the situation in the cave briefly before continuing, "Elder Gu, it's up to you now. Gather all the people who are rushing here and wait for my signal. Then, we'll attack!"

"With our strength suppressed, even if we gather all our people, we will not be a match for hidden death sect. Do you want us to die?"

Gu Tiannan laughed coldly. He wasn't a hot-blooded kid, he wouldn't be moved by Lin Yi's words, "No matter what hidden death sect wants to do, it has nothing to do with me. As long as I can get out, what is a mere hidden death sect?"

This was not wrong. Once they left the secret realm, Gu Tiannan's own strength was enough to be proud of, not to mention that he had the mountain sect behind him!

Chapter 6918 Taking Them Down One By One

If the mountain sect were to go all out to deal with hidden death sect, they could easily destroy it!

Even though hidden death sect had hidden an unimaginable power, compared to the mountain sect, it was still a small force not worth mentioning!

Lin Yi raised a brow. This old man ... If he didn't want to deal with hidden death sect, he should've just killed him!

"Elder Gu has also said that as long as we can get out, it will be as easy as turning our hands over to deal with hidden death sect. However, the problem is that you can't get out now. Once hidden death sect completes their plan, I'm afraid you won't be able to get out, right?"

Gu Tiannan's face darkened. Lin Yi's words didn't sound nice, but he had to admit that it was very possible.

"If you want me to help you, you'll have to find hidden death sect's technique. Before that, I'll gather my men and wait for you!"

The dignified mountain sect elder was indeed not a simple person. In a flash, he had thought through the gravity of the matter and immediately adopted a limited cooperative attitude. "Or you can make hidden death sect's techniques ineffective, causing their strength to similarly drop to the xuansheng stage."

"I can't guarantee anything, I can only say that I'll try my best!"

Lin Yi thought, "I'll do it even if you didn't ask. It'd be great if I could disable the hidden death sect's methods, since most of the Golden class Sea area students are in the xuansheng stage." "Then I'll leave it to you, elder Gu."

Gu Tiannan nodded his head slightly, "how's the strength of hidden death sect? Are they all experts with the power to split mountains?"

Lin Yi blinked-he didn't notice this before, but it was impossible!

The mountain-opening expert was already the middle-upper echelon of hidden death sect. Although those who entered the secret realm were all elites, most of them should be at the xuansheng stage.

Just now, he had killed five mountain splitting experts at once. He was afraid that this had severely weakened hidden death sect's strength.

"Most of them are still Xuan Sheng experts. Therefore, elder Gu, you don't have to worry. As long as we have enough manpower, we can crush hidden death sect."

"That's good!"

Gu Tiannan nodded, not suspecting anything.

After all, if hidden death sect really had countless sect-breaking Masters, then with the Dead Sea-shattering master and the half-step heaven-shattering master, they would be able to gain a foothold even in the mystic Sea region and become a strong force. There was no need for them to stay in the Golden sea region!

"The people from hidden death sect are here. I'll draw them away first. Elder Gu, take care of yourself!"

Suddenly, Lin Yi's eyes narrowed. He cupped his fists and flew away like lightning.

"Why are there only a few of you?"

Lin Yi knew three of the eight assassins from hidden death sect! They were the green-clothed leader and green-clothed number three and four!

"It's not a big deal. How many people do we need?"

The leader was displeased to see Lin Yi.

"Not a big deal? Are you blind? can't you see the dead brothers over there?"

"They were all elites," Lin Yi sneered, "don't you think it's a big deal that they've been killed here?"

"How is that possible? Who can kill five of our experts in one go in the secret plane?"

The leader of the green-robed men cried out in alarm. The people who were arranged to be below were all mountain-opening experts, but they actually died just like that.

"He's already dead, and it's still impossible?"

"Don't underestimate the enemy. Even if they're suppressed, who doesn't have their own trump cards?" Lin Yi laughed coldly.

Lin Yi was thinking about killing these people as well, but he wasn't sure if there were more hidden death sect assassins on their way.

The cyan-robed number 4 flew to the side of the five corpses, and after examining them, she raised her voice, "They all have the same wound. It should be an attack from the earth formation stage. I guess it was an attack talisman!"

Assassins had their own way of observing wounds, so it wasn't strange for cyan-clothed number four to notice the problem at a glance.

"An attack talisman? No wonder!"

The leader nodded and looked at Lin Yi, his eyes flashing. "The five of them are dead, so why aren't you dead?!"

"What's wrong? Do you really want me to die? And then you'll be able to take the position again?"

Lin Yi laughed coldly as he looked at the leader, "You want me to die so much? Why don't you go and collude with the enemy and then find an opportunity to kill me?"

The leader didn't dare to accept Lin Yi's accusation. Hidden death sect's punishment for traitors was quite severe. Just thinking about it made him shiver!

"How is that possible? I'm just curious. Maybe the enemy just ran out of offensive talismans ..."

"Forget it, I'm not interested in what you think! Now, split up into groups of two and search for traces of the enemy!"

Lin Yi interrupted the leader roughly and assigned the task to him. "The enemy might still have more attack talismans, or they might have already used them up. So, if you find any clues, immediately send a signal! But we don't seem to have enough people. Are there any more reinforcements?"

"Not for the time being ... The cave still needs to be guarded, and there's no way to transfer more reinforcements! Besides, no one thought that this place would be too troublesome in the beginning!"

Blue shirt number three answered quickly, in case Lin Yi got into another fight with the leader, "If the enemy's attack talismans have already been used up, then the few of us are enough!"

"I think two people in a group is a little too little. There are exactly nine people including you. How about three people in a group and we split into three groups?"

The others had already accepted the arrangement, but the leader in green was not.

"Do I have the final say or do you? If I say two people, then two people! I'll act alone and travel all over the place as a mobile support!"

Lin Yi said firmly.

Three people in a group was fine, but if Lin Yi wanted to kill these assassins without a sound, two people in a group was obviously more convenient.

"Whatever you say ..."

The leader acknowledged Lin Yi's position as the leader, and saluted perfunctorily before leaving with the other assassins.

The remaining six all bowed to Lin Yi and headed off in their own directions.

After the four groups disappeared from sight, Lin Yi disappeared into the forest as well. He activated the thousand changes of wood forest and created hundreds of clones, using wood escape to hide in different places.

This was not to deal with the assassins from hidden death sect, but to be used as a pair of eyes to monitor the situation in all directions!

His spirit sense couldn't find living things in the realm, so Lin Yi decided to use his clones to replace his spirit sense. He could also find the members of the recruitment team and the Golden class sea students scattered in the realm.

After the clones disappeared, Lin Yi hid in a tree and used wood escape to get close to the first group.

Lin Yi didn't have any special reason for choosing them to start first-it was just that they were the closest to him ... Simply put, they were the unluckiest!

When it came to sneak attacks, Lin Yi was the ancestor of all assassins, and these assassins were nothing in front of him!

The Sky Class island's assassins relied on only their strength and special skills-they had no experience or technique at all. Lin Yi was different, and it was a tragedy for these two.

Chapter 6919 Altar's Function

In an instant, Lin Yi's Soul Catcher hand silently flew towards the two assassins' heads.

The two killers were instantly killed without even making a sound, let alone sending out a distress signal.

The next moment, Lin Yi put the two spirits into the Jade space and appeared where they were.

It was too easy! If the people from hidden death sect didn't have any spirit sense defense items, how easy would it be for Lin Yi to take them out?

Lin Yi quickly split into two clones and put on the Assassin's clothes. He then used the icy blaze to destroy the corpse, leaving no trace behind.

All assassins from hidden death sect had face masks, and no one would suspect Lin Yi's clone after he put on his clothes.

These were all Lin Yi's underlings to slowly weaken hidden death sect's strength.

Lin Yi switched in his clone and found a chance to figure out hidden death sect's true purpose. He'd destroy it at the critical moment!

After that, Lin Yi did the same as well, switching the equipment without much effort.

But the three in the lead were a bit special-Lin Yi's clone might've disguised himself, but he wouldn't be able to hide from the white-robed elder!

After Lin Yi had successfully switched out the eight assassins, he arranged for them to go up the mountain openly.

After finishing his preparations, Lin Yi went up the mountain alone and returned to the cave to report to the elder.

"An enemy has appeared? He killed five of our people? Did you use an attack talisman?"

The white-robed elder's brows furrowed slightly, but he quickly regained his composure."I know, this is also within my expectations. How many people have returned from the outside?"

"No one has returned yet!"

Lin Yi found it strange as well-why were the people from hidden death sect even slower than the mystic and Golden Division after receiving the signal?

Other than old man beiming and Chang laiting, there were also a few other people who were captured and sent to the limestone cave to be laborers. However, they did not see any of hidden death sect's own people.

"Go and send the signal for them to retreat as soon as possible! No matter what, we can't let anything go wrong with the altar!"

The white-robed elder ordered coldly.

"Yes!"

Lin Yi replied.

What was the altar for? Judging from the importance the white-robed elder placed on this altar, it was obviously of the utmost importance. Should he launch an attack now and destroy this altar that was more than 90% completed?

When the hidden death sect's assassins who were scattered outside received the news and returned to this mountain like moths to a flame, he would be able to capture them all in one fell swoop!

"Elder, what's the use of this altar? Is it convenient for you to tell this old man?"

Old man beiming seemed to be a little curious. It was already a miracle that he had waited until now to ask. "Of course, if it's not convenient, you don't have to say anything!"

Lin Yi suppressed the urge to hit him. To be honest, he was quite curious about this too.

Hidden death sect had gone through so much trouble and even sacrificed a half-step heaven crushing expert to enter the secret realm to build the sacrificial altar. What was their purpose?

"Haha, it's not inconvenient at all! Although it's our sect's Secret, darknorth Hall Master is already a high-ranking member of our hidden death sect. Therefore, you should know about it!"

The white-robed elder smiled warmly and looked at the altar proudly. "Once the altar is completed, our hidden death sect will soar to the sky. No one will be able to stop us in the Golden or Mystic seas!"

Lin Yi's heart skipped a beat. Then he would have to destroy it in advance!

"Thank you for your trust, elder! This old man will definitely do his best and not betray your trust!"

Old man Beiming was very excited, and he said with the air of a man dying for his friend, "But it's such a secret ..."

As he spoke, old Deng glanced at Lin Yi, meaning that Lin Yi had the right to hear this kind of secret?

Lin Yi gritted his teeth—he would've killed this old lamp already if he didn't have to listen to this secret!

"The altar is about to be completed anyway. There's no harm in letting them know in advance!"

The white-robed elder stretched out his palm nonchalantly and calculated with his fingers. "The altar will be completed in the time it takes to brew a cup of tea at most. At that time, you'll be able to see a truly shocking wonder!"

"Oh? What shocking spectacle? This old man is really looking forward to it!"

Old man Beiming was very cooperative, just like a sidekick in a comedy show. "Why don't you keep it a secret, elder? it's only ten minutes anyway, so just treat it as a surprise!"

"Haha, then I won't beat around the bush!!"

The white-robed elder waved his hand and explained, "There's a huge secret in this mystical realm! In the entire Sky Class Island, I'm afraid only hidden death sect knows!"

Elder Bai Yi and old man beiming were teasing each other, but Lin Yi's heart was exploding. But from the looks of it, he was prepared to tell a story!

"Oh? This old man has indeed never heard of it, but I'd like to hear the details!"

Old man beiming, the professional sidekick, expressed that he was all ears.

"Hall Master darknorth is a Grandmaster Alchemist. Have you heard of the blood spirit Demon Flower seed?"

The white-robed elder changed the topic, his eyes carrying a trace of examination. "Although it's a legendary item, I'm sure you know about it, right?"

"It's actually the blood spirit Demon Flower seed? Could there really be such a devil here?"

Old man beiming had obviously heard of it before, and he had a deep understanding of it. When he heard this name, his face changed. "Elder, are you building the altar to summon and activate the blood spirit Demon Flower seed?"

Lin Yi frowned as he tried to recall the name of the demonic blood spirit flower, but he couldn't find anything. Luckily, Chang laiting asked the question for him.

"What is the blood spirit Demon Flower seed? It sounds like he's growing spirit herbs?"

Chang laiting didn't understand why old man beiming was so surprised. He had never heard of it before, so he didn't think it would be anything impressive!

"Grand-disciple, it's normal that you've never heard of the blood spirit Demon Flower seed. This is indeed something from the legends. It's said that every time the blood spirit Demon Flower seed blooms, it will release tens of thousands of seeds!"

Old man beiming's face turned pale, as if he had just thought of a terrifying scene. "These seeds of blood spirit Demon Flower will live in the human body by themselves before taking root and sprouting. The host will only listen to the owner of the mother of the blood spirit Demon Flower!"

As for the mother, it would naturally fall into the hands of hidden death sect!

Was hidden death sect planning to use the blood spirit Demonic Flower to control a large number of people and then sweep the world?

"Hall Master darknorth is indeed knowledgeable. You know the blood spirit Demonic Flower like the back of your hand!"

The white-robed elder nodded in praise. "The outside world knows very little about the existence of this secret realm. Even if they know about it, they will only think that there are a large number of spiritual herbs inside. Even if they don't refine pills, they will be beneficial to consuming it. In fact ..."

So that was how it was!

Lin Yi nodded. Huang Yuntian was one of them. He only wanted to find the sky scar grass in the secret realm! Who would have known that there was a shocking conspiracy hidden in this!

Chapter 6920 Everyone Is An Offering

"Elder, you're too kind. I've only heard that where the blood spirit Demonic Flower is planted, there will be a large number of heaven and earth Spirit herbs, among which there is no lack of extremely precious spirit herbs. But this place ..."

Old man beiming calmed himself down and asked, ""With all due respect, this mountain doesn't have any spiritual herbs that are pleasing to the eye ..."

Lin Yi suddenly understood-so the blood spirit flower had this function as well. Did this mean that the herbs in the secret realm were just side effects of the blood spirit flower?

Could it be that the sky scar grass was one of them?

How precious was the sky scar grass? it was only an accessory to the blood spirit Demon Flower. From this, it could be seen how powerful the blood spirit Demon Flower was!

"Hall Master darknorth, you're indeed knowledgeable. However, you only know a part of it and don't know the rest. Although there are a large number of precious spiritual herbs and spiritual herbs around the blood spirit Demonic Flower, you can't get close to it directly!"

The white-robed elder laughed triumphantly. He was a little carried away as the matter was about to be settled, "The blood spirit Demonic Flower is extremely dangerous. If we go there now, we'll only become its nourishment. That's why we need this altar!"

"Elder, are you saying that the blood spirit Demonic Flower is not planted here? The altar was built just to get close to the blood spirit Demon Flower?"

Chang laiting finally understood what was going on, and he quickly seized the opportunity to show his presence!

In the future, he wanted to stay in hidden death sect and it was important to get familiar with them from time to time. "So, when the altar is completed, we'll set off to find the blood spirit Demon Flower seed?"

"Hahaha! To find the blood spirit Demon Flower seed? How could it be that troublesome! The blood spirit Demon Flower seed will come over automatically!"

The white-robed elder laughed out loud, "what do you think the blood spirit Demon Flower seed is?" A plant that can't move? Wrong! It's a plant, but it has a low level of intelligence and can automatically transfer!"

Lin Yi was surprised-the blood spirit Demonic Flower seed still had its own consciousness? Didn't that mean that it could already be called a living being?

Perhaps, being unable to use divine sense to detect living things in the secret realm was a self-protection measure of the blood spirit Demon Flower!

"This secret realm is too big. We, hidden death sect, are unable to find the location of the blood spirit Demon Flower. Furthermore, time does not allow us to search slowly as the secret technique of hidden death sect can not shield us from the suppression of the secret realm's rules for a long time!"

The white-robed elder seemed to be in the mood for a conversation as he revealed some of the secrets of hidden death sect, "Once the time limit is exceeded, the secret realm will realize that there are so many people coming in together, or the blood spirit Demonic Flower seed will realize that there are so many people. The seed will leave and spread to every corner of the secret realm."

Lin Yi couldn't help but feel his hair stand on end. No wonder Huang Yuntian said that it was best for people below the mountain opening stage to enter the secret realm.

Once the number of people increased, the danger level of the secret realm would increase exponentially. This was probably referring to the blood spirit Demon Flower seed!

Perhaps Huang Yuntian didn't know the details, but this legend was likely to come from this.

Lin Yi already had a lot of guesses in his heart. For example, this secret realm might exist because of the blood spirit flower seed, and now the blood spirit flower seed was in a dormant state.

If only one or two people came in, the blood spirit Demon Flower seed would not be awakened. If more people came in, it would definitely be awakened.

It was unknown where hidden death sect had obtained this secret technique, but they were actually able to deceive everyone and temporarily block out the feeling of the blood spirit Demon Flower. Therefore, although hundreds of people had entered the secret realm, they did not wake up the blood spirit Demon Flower.

The altar here was not only the key to attracting the blood spirit Demon Flower seed, but also the key to controlling it!

Countless thoughts crossed his mind in an instant, and Lin Yi didn't dare to act rashly again!

If he destroyed the sacrificial altar and the arrangements of hidden death sect, would the secret realm immediately return to normal? Then, the berserk blood spirit Demon Flower seed would suddenly awaken and kill everyone in the secret realm in an instant?

"Elder, this altar can actually attract the blood spirit Demonic Flower. It's really amazing! This subordinate sees that although this altar is quite Grand, there's nothing special about it. "

Chang laiting was very tactful and complimented him without leaving a trace, "Elder is still the best. You can even subdue such a magical spiritual plant like the blood spirit Demon Flower!"

"Of course, the altar alone is not enough. There must also be sacrifices!"

The white-robed elder's eyes flashed with a brutal and bloodthirsty glint as he coldly swept his gaze over the busy captives. "The blood spirit Demon Flower seed can only be attracted by a large amount of blood and spiritual power, as well as a fresh primordial spirit, and then be controlled by us!"

Lin Yi felt as if he had fallen into an ice cave, a chill running down his spine. No wonder his clone was brought here, and he said it was useful-it was just a sacrifice!

Hidden death sect was really good. They killed so many people just like that. Before they killed them, they even forced the people to build the sacrificial altar for their last deaths!

"Good move, elder! What's a few hundred people to be able to subdue the blood spirit Demon Flower seed?"

Old man beiming laughed sinisterly. He didn't care about the lives of hundreds of people at all. "But what will happen to the spiritual herbs around the blood spirit Demonic Flower after it's attracted by the altar?"

In old man beiming's eyes, spiritual herbs were far more important than the hundreds of lives that were being sacrificed. This kind of Alchemist had fallen into the evil path!

"Once the blood spirit Demonic Flower is planted, the surrounding heaven and earth spiritual herbs will naturally be destroyed and become nutrients for the blood spirit Demonic Flower. However, these are all small matters!"

The white-robed elder didn't seem to mind. He patted old man beiming's shoulder and said, "Don't worry, Hall Master darknorth. If you want to concoct pills, you'll definitely have plenty of spirit herbs in the future. As long as you have the blood spirit Demon Flower seed, you won't have to worry about not having enough spirit herbs to concoct pills for you. "

"Elder is right! In the future, our hidden death sect's pill Hall will definitely become the number one pill refining place on Sky Class Island!"

Old man beiming twirled his sparse beard and laughed towards the sky. He suddenly felt that his decision to join hidden death sect was an extremely wise one.

Not only did he avoid the tragic fate of becoming a sacrifice, but he also didn't need to worry about not having enough materials for alchemy in the future!

"I can't wait to see the blood spirit Demonic Flower! Elder, after the sacrificial altar is completed, should we immediately start the blood sacrifice?"

Old man beiming's eyes were filled with greed. He looked at the busy captives as if he was looking at countless spiritual herbs.

"Once the altar is completed, the blood sacrifice will begin immediately. Don't worry, it won't take long. It's going to start soon!"

The white-robed elder was extremely excited. Success was in sight, and he couldn't help but let his guard down. "Fortunately, everything went smoothly. If the altar was destroyed, all of us would have died!"

Lin Yi couldn't help but smile bitterly-the white-robed elder's words confirmed his guess!

So should he make a move now or not?

If they made a move, everyone in the mystic realm might die!

If they didn't make a move, the people here would die!

It was a good urban book, the introduction to The Man from Hell: The starry sky demon Emperor had been Reborn! The enemy must kneel! Beautiful women must lie down!
