Chapter 6921 Lin Yi Erupts

Once hidden death sect took control of the blood spirit Demon Flower seed, the rest of the people would die!

Other than that, Lin Yi only hoped that the clones he sent out could find the blood spirit Demon Flower seed as soon as possible. Otherwise, he really wouldn't have a chance.

"Changlai ting!"

"Kill them all during the blood sacrifice!" The white-robed elder suddenly shouted.

Chang laiting was slightly taken aback, and he subconsciously glanced over.

There were hundreds of people!

It wasn't that changlai ting had never killed before, but he was still a little flustered after killing several hundred people at once!

After all, he knew quite a few of these people.

But if he didn't kill them, Chang laiting was afraid that he would become one of them. Thus, he only hesitated for a moment before he nodded firmly and cupped his fists. "Elder, I promise to complete the mission!"

All the captives had their strength sealed, so killing them was as easy as killing chickens and dogs. Chang laiting didn't have to worry about anything.

"Very good, you didn't let me down!"

The white-robed elder nodded slightly, a hint of approval flashing through his eyes. "Do it well. You will have a place in hidden death sect in the future!"

By asking changlai ting to kill the captives, he was basically showing his loyalty. As long as changlai ting made a move, he could only follow hidden death sect no matter what in the future. There would be no possibility of turning back!

"Elder, please leave such an important task to this subordinate!"

Lin Yi didn't say anything before, and the white-robed elder was treating him like he was invisible. He didn't expect Lin Yi to suddenly speak!

Of course, Lin Yi didn't want to be a busybody, but he didn't really care if these students lived or died- there wasn't anyone he cared about here, after all. He was a member of the mystic division's recruitment team, after all, and it was his duty to ensure the safety of these students.

And so, after Lin Yi finished speaking, he activated his earth formation talisman and attacked the three elders!

The white-robed elder might be very powerful, but the secret realm also had a suppressing effect on him. The earth creation stage offensive talisman was enough to crush him!

Of course, this was only a normal situation. However, the truth was not so!

A layer of light suddenly appeared around the white-robed elder's body, and it even enveloped old man beiming and changlai ting.

When the attack talismans landed on the light membrane, they only caused a slight ripple before quickly disappearing. They were unable to cause any damage to the light membrane at all!

"You really have a problem! You finally couldn't help but activate it?"

The white-robed elder turned to face Lin Yi, a calm look in his eyes, "I've long felt that there was something wrong with you, but I didn't expect it to be as I expected! Tell me, Who are you?"

Lin Yi's heart went cold. The elder in white was indeed a high-level member of hidden death sect. She actually carried an item that could withstand an attack from an earth formation talisman.

It was a pity that he had used up all the sea Rift talismans, and the most powerful ones he had now were earth formation talismans!

It seemed that he would have to be more diligent and thrifty in the future!

"Elder, would you believe me if I said I was just joking and my hand slipped?"

Lin Yi laughed dryly and started forming a super pill fire bomb with his hands behind his back. "I don't care if you believe it or not, elder, but I do. Why don't you guys continue talking while I go out and do my work?"

"Do you think I am an idiot? Tell me honestly, who are you, how did you sneak in, and what is your purpose? I can give you a quick death and leave you with an intact corpse!"

The white-robed elder suddenly extended his right hand and true energy gathered in his palm. "It's fine if you don't want to tell me. I don't want to know either. The altar is about to be completed. You can be the first sacrifice!"

"Speaking of the altar, elder, don't you think that it's a little crooked? Maybe we should start all over again!"

Lin Yi threw out a super alchemy bomb as he spoke, aiming at the altar!

It was a little rushed, and Lin Yi hadn't reached his limit yet, but it was enough to attack the altar. As long as it hit, the altar would be blown away.

"You're looking for death!"

The elder in White's eyes turned cold as he raised his palm. His Qi surged like a wave, blocking Lin Yi's super alchemy fire bomb in the air.

With a loud explosion, the violent explosion spread in all directions, but under the control of Lin Yi and the white-robed elder, it didn't affect the captives.

Both sides didn't want their captives to die pointlessly, so they had unexpectedly cooperated with each other.

"I'm looking for death! It's a pity that you don't have that ability!"

Lin Yi sneered as he activated his super butterfly micro steps, leaving a trail of afterimages as he charged at the elder!

"Ignorant brat! If you speak arrogantly in front of me, you won't even have the chance to cry!"

The white-robed elder advanced instead of retreating. He crossed his palms and activated his best martial technique!

The defensive barrier automatically changed shape. It was no longer an arc-shaped body of laws. Instead, it turned into a chiffon-like layer that directly adhered to his body!

"Ha ... Don't worry, I'll give you a chance to cry!"

Lin Yi didn't seem to mind at all as he stood a distance away, his expression calm.

As soon as he finished speaking, the white-robed elder's ultimate move came, the violent Qi sealing all of Lin Yi's escape routes!

Although the white-robed elder's strength was suppressed to the consummate level of the mountain split realm, because of the addition of the martial technique, the power of this move had already reached the earth split stage!

The white-robed elder's cold eyes were filled with cruelty and bloodlust. He couldn't wait to see Lin Yi's blood and flesh splatter!

However, to his surprise, his attack didn't even have any force. It went straight through Lin Yi's body!

"How is this possible? A Phantom?"

The white-robed elder cried out in alarm, but immediately denied his own guess. "Something's wrong! This is ..."

True attack!

Lin Yi's body turned illusionary, allowing the elder's attack to pass through. His attack, which he had been preparing for a long time, landed on the elder's chest!

Since the defensive layer could withstand the attacks of earth formation talismans, it could naturally dissolve Lin Yi's attack as well! However, the white-robed elder was still in shock and could not come back to his senses.

"Elder, although I'm not an assassin from hidden death sect, I'm still a top assassin! Don't think that a defensive barrier can stop my attack!"

Lin Yi said expressionlessly. His body flashed and he was behind the elder in white. He attacked the vital part of the elder again.

The essence spirit body's void-like properties were enough to ignore the elder's martial arts attacks. Only extremely powerful spirit sense skills would be a threat to Lin Yi.

In other words, Lin Yi was undefeatable. He was the only one who could fight his enemies, and his enemies couldn't do anything to him.

Lin Yi didn't want to expose his identity, so he didn't use the [three appearances of Cloud Dragon]. Instead, he used his essence Spirit's ability to turn invisible, in case he exposed his identity before killing the elder.

"He's indeed a good seedling for a top-notch assassin. It's a pity that he's going to die Here!"

The elder in white snorted as he felt the blow to his neck. He tried to hit back, but he missed. "Your assassination techniques are not bad, but they are useless against me. Just obediently accept your death!"

Chapter 6922 I'm The King Of Assassins

What answered him was Lin Yi's storm of attacks!

He didn't let go of any angle from front, back, left, right, up and down. Finally, he found a tiny flaw above the white-robed elder's head!

"It's not certain who will die!"

Lin Yi smiled as his spirit energy surged through the opening and into the elder's sea of consciousness!

No matter how strong elder Bai Yi was, his spiritual sense was definitely not stronger than Lin Yi 's. At most, he would be at the level of a master of the broken sea.

Divine sense collision!

Simple and crude!

Even if the white-robed elder had a deified soul defense tool, he had never heard of someone pressing down on his head and injecting a deified soul into him!

The white-robed elder's simple spirit sense defense tool couldn't stop Lin Yi's spirit sense at all!

BOOM!

The white-robed elder felt as if his sea of consciousness had been struck by a gigantic meteor. In an instant, huge waves surged and he was almost torn to pieces.

It was just a low-level collision of spirit senses, but with Lin Yi and the ghost's combined consciousness, the power was beyond imagination!

In the eyes of old man Beiming and the others, Lin Yi's hand gently landed on the elder's head, and then the elder's head seemed to have received a super heavy blow, and it was suddenly lifted up, even the sound of his neck bones cracking could be heard.

Then, the white-robed elder's body flipped backward. As he had temporarily lost control of his body, the defensive layer on his body immediately became chaotic.

"How disappointing, it seems like you can't hold on!"

Lin Yi shook his head in disdain. "Your Excellency elder, let me send you on your last journey!"

The battle seemed to have taken a long time, but it was actually just a blink of an eye. Before Lin Yi could finish his sentence, the assassins from hidden death sect who were supervising the construction had already rushed up to help.

Dozens of attacks landed at the same time, sealing all of Lin Yi's escape routes!

Under normal circumstances, Lin Yi would be dead for sure! After all, his strength had been suppressed to the mysterious Ascension stage. He couldn't withstand so many attacks.

Unfortunately, Lin Yi wasn't in his normal state right now. Since he'd already used the essence Spirit's void-like ability, he didn't mind using it again!

"Ha ... You think you can deal with me just because you have more people? All of you, open your eyes wide and see what the might of the King of Assassins is!"

Lin Yi didn't even try to Dodge, letting the attacks land on his body and passing through without any resistance. "Did you see clearly? If you can't see clearly, this King of Assassins doesn't mind letting you see it a few more times!"

Lin Yi activated his hand as he spoke!

One of the spirits was caught by Lin Yi, and before it could leave the body, it was sent into the Jade space.

Because of the dazzling effects of the surrounding attacks, no one had noticed the slightest clue!

He was the head elder of hidden death sect, and he lost Jingzhou just like that! He was so pissed off that Lin Yi killed him so easily and happily!

The only thing left was a shell that had lost its primordial spirit. It fell heavily to the ground like a broken sack, making a muffled sound.

The assassins surrounding Lin Yi were all dumbfounded-it was over just like that?

We've only just started, how could it end already?

Lin Yi looked around and laughed to himself when he saw the confusion in their eyes.

If one had to describe it, it was as if these guys had bought tickets to watch a show in high spirits, but just as they sat down, they found that the show had just ended.

"Your elder is finished. Do you want to follow him or kneel and surrender?"

Lin Yi put his hands behind his waist, looking like a master assassin, "Surrender to me, the King of Assassins, and your future will be even brighter!"

He was lying through his teeth-hidden death sect was going to disappear no matter what, and Lin Yi wouldn't let anyone escape!

He only said that to fool these assassins. After all, the assassins of hidden death sect would not surrender easily.

"I surrender! The King of Assassins! I'm your subordinate to begin with, so there's no problem at all for me to follow in your footsteps. Am I right, Milord?"

To Lin Yi's surprise, the assassins didn't even react. Chang laiting, on the other hand, came over with a smile, a smile that made Lin Yi want to puke.

Uh ... This shameless brat ... Should I just slap him to death?

Lin Yi scratched his head. He really did want to kill Chang laiting, but it didn't seem right to do that to someone who had surrendered!

"King of Assassins, I'm willing to be loyal to you. No matter what you ask me to do, I'll do my best!"

Chang laiting couldn't wait to show his loyalty, but he didn't know that this King of Assassins was the enemy he wanted to kill, Lin Yi!

Lin Yi guessed that if Chang laiting knew his true identity, would he still do something as shameless as this?

"Your talent ... Is too poor! It's a bit beneath me, the King of Assassins, to accept a person like you!"

Lin Yi's eyes were full of disgust-he really did dislike her!

Chang laiting's face stiffened and he quickly smiled apologetically."King of Assassins, your subordinate's aptitude is a bit poor, but I'm diligent, loyal, and obedient. I can't help you with big things, but I can always help you with small things."

In order to survive, this idiot Chang laiting was going all out-it was obvious that Lin Yi had to take him in even if he didn't want to!

"Really? No matter what the order is, you will carry it out without any discount?"

Lin Yi pinched his chin as he looked at Chang laiting with interest. He ignored the other assassins around him, and they didn't dare to make a move!

It couldn't be helped-Lin Yi's immunity was too unbelievable, and the assassins had lost the confidence to attack.

"Of course ... Of course it's true!"

Chang laiting had a bad premonition, but he could only brace himself and agree, ""Milord, if you have any orders, please give them! Your subordinate will definitely do his best!"

"I see! Then, you should commit suicide first!"

Lin Yi squinted his eyes mischievously, waiting to see how this idiot would go all out to commit suicide. He even added,"You have to kill yourself cleanly. Only those who are completely dead can be counted. Those who are half-dead don't count!"

F * ck! Can I try to commit suicide first? Was there still a saying of 'thoroughly dead' and 'half-dead'?

Chang laiting's expression was rather unsightly, and he couldn't help but turn to old man beiming, hoping that his cheap Grand Master would be able to save him!

Lin Yi wanted him to commit suicide to show his loyalty-he'd die if he didn't do it, and he'd die if he did ... There was no way he'd survive!

"This friend, my grand-disciple sincerely wants to serve you. Isn't it a bit too much for you to ask him to commit suicide to show his loyalty?"

Old man beiming bit the bullet and spoke. He wasn't doing this for changlai ting, but for himself as well. "If you insist on doing this, who will pledge their loyalty to you in the future?"

"Hall Master darknorth, when did I say I needed someone to pledge their allegiance to me? I might let anyone who surrenders live, but if they don't surrender, they'll die!"

Lin Yi spread out his hands and his body flashed like a ghost, appearing beside a hidden death sect assassin and lightly slapping his head.

Chapter 6923 Hidden Death Sect's Vice Sect Master

The assassin was channeling his Qi to try another sneak attack, but Lin Yi had already seen through his plan.

The assassin wasn't afraid of Lin Yi's sudden attack at all. Instead, a sharp light flashed in his eyes as he attacked, "Die, traitor! I will definitely kill you!"

"Ha ... If shouting can kill, you might really be able to kill me!"

Lin Yi didn't even try to Dodge, letting the attack penetrate his body. His palm didn't slow down at all, landing on his opponent's head almost at the same time.

The spiritual awareness fire Whirlpool in his palm surged in and instantly destroyed the primordial spirit in the Assassin's sea of consciousness, but nothing seemed to be wrong on the outside.

"Look, Hall Master darknorth, this is what you get for resisting me. Are you going to surrender or continue to resist?"

Lin Yi gave the assassin a light push, and the body of the assassin fell to the ground. Even the experts of hidden death sect had never heard of such a strange method of killing!

What they didn't know was that this assassin was different from the white-robed elder. Although they looked the same on the surface, they were completely different on the inside.

Elder Bai Yi's spirit was still in Lin Yi's Jade space, but the killer's spirit was completely destroyed. He was truly finished.

"Your Excellency's methods are astonishing, and this old man admires you ... But this is a different matter from what we're talking about!"

Old man beiming's old face revealed a forced smile. Lin Yi felt that it would be better if he didn't smile. "My grand-disciple has already surrendered. What's the difference between ordering him to commit suicide and killing him?"

"Of course there's a difference! If he killed himself, it would mean that he was loyal to me. If I killed him, he would be my enemy. Don't you think it's completely different?"

Lin Yi waved his hand as if he was serious and ordered the captives, "They've all stopped! You are not allowed to continue building the altar!"

Elder Bai Yi was dead, and the killers supervising the captives were all around Lin Yi, but the captives were still working, clearly afraid of the people from hidden death sect.

Lin Yi's order for them to stop was a sign of respect for the strong, and the captives really did stop.

Old man beiming's sparse beard trembled slightly, evidently pissed off by Lin Yi. He knew that Lin Yi was full of nonsense, but he couldn't refute it ... What if Lin Yi killed him if he said too much?

"Don't stop! Whoever dares to stop will be killed without mercy!"

The last killer shouted. He didn't dare to attack Lin Yi, but he didn't care about the captives, "All of you, continue working!"

As he spoke, the assassin suddenly took out a strong bow, pulled the bowstring, and shot three arrows in a row. The targets were all the captives who stopped first!

"You can die too!"

Lin Yi was furious. He had already shot out like lightning and arrived above the altar before the arrows could reach him. He blocked the arrows in the air and threw them back.

"Hahaha! Idiot, you actually went to save people!"

The assassin laughed out loud, ignoring the arrow that Lin Yi threw back. He opened his arms and shouted, "Activate!"

Blood spurted out as the three arrows pierced into the man's chest. It was not a fatal attack, but he had caused a fatal injury to himself.

Lin Yi was surprised as well, but he immediately understood why the assassin didn't Dodge the arrow, but let it Pierce his chest!

Four of the remaining assassins suddenly stood out and reached out their hands in tacit understanding. The blood that flew out from the arrow wound was immediately drawn into four blood lines, which surrounded the altar at lightning speed.

A layer of transparent light film suddenly appeared and enveloped the entire altar!

Lin Yi was shocked. This light was similar to the one in the Great Lake-he couldn't go through it at all. How could he get out now that he was wrapped in it?

Even in his essence spirit state, Lin Yi still couldn't pass through the transparent light!

"You deliberately led me to the altar to trap me with this thing?"

Lin Yi didn't continue after trying for a while. He looked at the killer with three arrows in his chest coldly."I don't quite understand. Even if you want to trap me, you don't have to get shot by the arrow on purpose. Are you tired of living?"

"Hahaha...This...Is a bloody sacrifice ..."

The killer who was shot in the chest laughed a few times, but before he could finish his words, his legs went soft and he fell to the ground, losing his breath.

He was indeed an assassin from hidden death sect. He was straightforward in killing others and was equally straightforward in letting others kill him.

Just because he wanted to use his life as! Blood sacrifice, he directly sacrificed his life ... Why were all these idiots from hidden death sect! Could it be that there was a concentrated brainwashing course?

"Why bother? Even if you can trap me for a while, can you trap me forever?"

Lin Yi sighed and touched the light. "You guys don't really think that this thing is useful, do you?"

"I don't need to trap you for too long, just a while will do! While you're still alive, do you have any last words to say?"

One of the four assassins who were drawing blood suddenly walked towards Lin Yi and looked at him indifferently, "Although there were some accidents because of you, the result will not change!"

"You ... You're not an ordinary assassin from hidden death sect, are you?"

Lin Yi looked at the killer through the light, feeling like there was no one in front of him. "You're able to completely integrate your aura into your surroundings. I can clearly see you, but I can't feel your existence. You're not simple!"

"Good eyes! I'm the deputy head of hidden death sect. Originally, I didn't need to show myself. However, you've even killed an elder, so I have no choice but to show myself!"

The mole Killer nodded slightly and revealed his identity. "To be honest, your strength is beyond my expectations. If you can join my sect, you will definitely be an elder-level high-level!"

"It's actually a vice sect master, hiding at the side as a trump card. He's really well-thought out!"

Lin Yi was a little surprised. Hidden death sect's plan was indeed shocking. If it wasn't for his unbelievable method of killing the white-robed elder instantly, someone else would've suffered a huge loss!

"Alright, let's end the chit chat here! I'll give you a chance to surrender, do you want to accept it?"

The Vice leader said confidently as he looked at Lin Yi with pitiful eyes. "If you refuse, you can only die!"

"I'm sorry, but I'm not someone who's easily scared. Meaningless threats have no effect on me!"

Lin Yi shrugged. The light membrane was only useful for trapping, but it didn't pose any other threat. "You don't need to waste your time!"

"It's almost the same as what I thought! Although it's a pity, there's nothing we can do!"

The Vice sect leader shook his head with slight regret. "Although the altar is not completely completed, it can still be used. If you are not willing to surrender, then you can die as a sacrifice!"

Chapter 6924 Become An Offering

At the same time, the altar that was covered in the light film suddenly trembled. At the same time, a dazzling white light shone at the top. Under the white light, the captives all screamed in pain.

These captives were like snow under the scorching sun, and they began to melt rapidly.

Their bodies dripped like wax in the white light, and their blood fell onto the altar, covering the entire altar with a layer of blood!

Lin Yi was a little shocked-this was probably the blood sacrifice!

However, the white light didn't seem to be a threat to the yuan spirit body. At least up until now, Lin Yi didn't feel anything wrong.

The Vice leader looked at Lin Yi, pleased."The blood sacrifice has begun. All of you will be the sacrifice!"

"Offering? You mean these captives? However, without these people, where are you going to get the offerings?"

It was only Lin Yi and Huang Yuntian's idea to let the students attack Yunyan Lake. Could it be Ding Yi?

Could this person really be related to hidden death sect?

"You're quite nosy, aren't you? He was going to die soon, and he was still asking questions. Was there any point in that? In fact, it's all thanks to you guys that we're in trouble this time!"

The Vice leader looked at Lin Yi, interested. "The sacrifices of the blood sacrifice. If you don't come, you're naturally one of us!"

Lin Yi nodded. These idiots from hidden death sect really did commit suicide!

However, Ding Yi's suspicion had not been completely cleared yet. He could only say that there was no relationship between them for the time being.

"Eh? That's not right, why don't you have any reaction?"

The Vice leader suddenly noticed Lin Yi's abnormality. "How is that possible? Do you have a tool to protect you?"

Other than Lin Yi, everyone else on the altar had turned into blood, covering every inch of the altar. Lin Yi was the only one who could still talk as if nothing had happened!

Although only Lin Yi's strength wasn't sealed in the light, the difference shouldn't be this big!

In the Vice sect leader's imagination, Lin Yi should at least be groaning in pain or rolling on the ground, begging for mercy.

"You're saying this white light can kill me? Then you've underestimated me. To be honest, the white light you've created is not as hot as the sun outside!"

"Don't forget, I'm the king of Assassins!" Lin Yi shrugged.

"Act, continue to act! I'd like to see how long you can last!"

"That's right," the Vice sect leader sneered. "You must be in a good mood to see all your companions die without an intact corpse and their flesh and blood absorbed by the altar, right?"

"What does it have to do with me?"

Lin Yi suddenly smiled, "to be honest, I'm really a killer. I didn't lie to you about that!" Do you think I would care about the anger of a group of unrelated people?"

Lin Yi was telling the truth—he only cared about the people around him, and he didn't care about anyone else.

"Hahaha! King of Assassins? You can continue to brag!"

The Vice sect leader laughed and mocked, ""Don't think that you're amazing just because you can last a little longer. I'll see how you die!"

As he spoke, the white light at the top of the altar slowly changed. As the blood sacrifice went on, the white light turned red, from faint to thick, and soon became a thick blood-red!

Lin Yi immediately noticed the problem and his face changed.

An invisible corrosive force actually began to affect his primordial spirit body. Although it would not cause any damage for the time being, it was hard to say if it continued.

"Do you feel it? I've already said that you'll definitely die inside! Once the blood sacrifice is activated, all living things in the area will become sacrifices. You will not be able to escape death!"

The Vice leader's sharp senses picked up on the slight change in Lin Yi's expression, and he immediately laughed wildly, "How about it? if you kneel down and beg for mercy now, I might still give you a way out!"

"What did you feel? I don't feel anything!"

Lin Yi spread out his hands, relaxed and happy. "If you don't believe me, you can come in and try. I guarantee that you'll be fine ... If you're not, then I'll die in vain!"

"You're stubborn! He continued to be stubborn! I'll see how long you can hold on!"

The Vice sect leader laughed coldly and crossed his arms in front of his chest, as if he was watching a show. "If you have any last words, say them quickly. This Lord estimates that you don't have much time left!"

Lin Yi was about to say something when the altar behind him suddenly shook violently. The blood-red light at the top of the altar became brighter, followed by a strong and strange aura!

Lin Yi's heart jumped, and he couldn't help but turn back to look. A giant vine plant suddenly appeared at the top of the altar, its blood-red branches and leaves quickly extending, starting to cover the altar from top to bottom.

"Blood spirit Demon Flower seed!"

The Vice sect leader cried out in alarm, as if the situation in front of him was beyond his expectations. "Why did he appear now? And it's not under my control at all?"

"What do you mean? Shouldn't the blood spirit Demon Flower seed appear?"

Lin Yi asked, confused.

"Dammit! Although I've successfully summoned the blood spirit Demon Flower seed, I can't fully control it!"

The Vice leader ignored Lin Yi and shook his head, "Because of you, the altar was forcefully activated before it was completed. Damn it! Damn it!"

Lin Yi understood now-he'd probably have to wait until the altar was completed before he could use the blood sacrifice.

But because of Lin Yi's sudden outburst, the Vice sect leader activated the altar early, leading to an unexpected outcome.

Lin Yi didn't know what to say-he'd ruined hidden death sect's plan, but he'd gotten himself in trouble!

"Bang! Bang! Bang!"

With a soft thud, a blood-colored vine whipped at Lin Yi like lightning!

The speed of the vine was no slower than that of a sea-shattering expert. Lin Yi's eyes flashed, and the vine had already landed on his body.

However, after his primordial spirit body turned illusory, it was completely immune to this kind of attack, so it didn't cause him much harm.

The vines that went through Lin Yi's body hit the light membrane with a loud bang.

The entire light film began to shake violently as if it would shatter at any moment.

A trace of panic flashed through the Vice sect leader's eyes. He knew very well how powerful the blood spirit Demonic Flower was. If it broke free from the light film's restraint, no one in the secret realm would be able to escape.

"The light membrane that you set up was originally used to trap the blood spirit Demonic Flower, right? I'm just unlucky to have been trapped inside by you. "

Lin Yi wasn't afraid of the vines, so he continued to chat, "To be honest, I don't think this thing can withstand many attacks!"

According to hidden death sect's plan, even if the blood spirit Demonic Flower seed resisted, it would definitely be within a controllable range. At most, the light membrane would only be a reinforcement and there was no need to worry about it being broken.

Unfortunately, Lin Yi's interference forced the altar to activate earlier, and everything was out of the Vice sect leader's control.

Chapter 6925 Cleaning Up The Mess

The blood spirit Demon Flower seed was no longer under hidden death sect's control. As for the protective light membrane, it would probably only last for a little more than ten seconds.

"Dammit! Why is it like this?"

The Vice sect leader clutched his head with both hands, his emotions agitated. "It's obviously close to perfect, just missing the finishing touches. There shouldn't be such a big deviation!"

"Silly thing, stop talking nonsense! Seeing that the light membrane is about to collapse, hurry up and tell me what its weakness is. How can we kill it?"

Lin Yi wasn't in the mood to listen to the Vice sect leader's yells, "don't tell me that the blood spirit Demon Flower seed doesn't have a weakness!"

"Is being afraid of experts stronger than it ... Considered a weakness?"

The Vice sect leader's mind was in a mess, and he subconsciously gave a nonsensical answer!

In the secret realm, no matter how powerful an expert was, their strength would be suppressed. However, the blood spirit Demon Flower seed was not affected. Its attack power was close to the sea splitting stage!

"It's nothing! You unparalleled mountain donkey B * stard, you must have eaten too many brain-damaged pills!"

Lin Yi cursed. He dodged again, but at the same time, he could only try to counterattack.

He quickly activated a few martial arts techniques and bombarded the side of the vines in one fell swoop. Unfortunately, other than hitting the vines to the side, there was no other effect.

"Don't waste your energy! Once the blood spirit Demonic Flower is planted, you'll definitely die. Even if I want to save you, I'll only be putting myself in danger!"

The Vice sect master was actually gloating when he said this!

However, he didn't think that once Lin Yi died, the blood spirit Demonic Flower would only become stronger and come out to devour more flesh!

"Get lost!"

"What's the use of you being a vice sect leader? you're worse than a dog!" Lin Yi yelled.

The Vice sect master was furious. He clenched his fist, but then released it again.

"Although the blood spirit Demon Flower seed has life, it's still just a plant. Not all martial techniques will work. For example, fire-type martial techniques will have relatively better effects!"

For the sake of all the hidden death sect members in the secret realm, the Vice sect leader forced himself to calm down. He didn't hesitate to end the fight with Lin Yi, "Do you know any fire attribute martial arts?"

But before the Vice leader could finish, Lin Yi's raging fire Eight Trigram palm was pushed to its maximum.

Unfortunately, Lin Yi's strength was suppressed. It was far from enough to pose a threat to the vine!

Lin Yi's martial skills weren't very effective, but the blood spirit Demon flower's vines weren't a fatal threat to his soul yet.

However, this situation was slowly changing. After the altar was completely covered by the blood spirit Demon Flower, the aura of the blood spirit Demon Flower was getting stronger and stronger, to a point where Lin Yi couldn't even estimate it!

Sea shattering stage?

It seemed to be even bigger!

It was almost the same feeling as facing a Big Frog!

Lin Yi felt like he was going crazy. Was this still a plant?

No wonder the people from hidden death sect said that the blood spirit Demon Flower seed could be considered a real life form. With such strength, it was not only a life form but also a predator at the top of the food chain!

The eyes of the Vice sect master outside the light film were filled with fear. The aura of the blood spirit Demon Flower seed was too strong, and he could clearly feel it through the light film.

In contrast, the people outside the light film felt that the suppression on their strength was becoming more and more obvious. Although the Vice sect leader had a secret technique, his strength had also begun to decline rapidly.

Lin Yi was the same. He was originally suppressed at the peak of the mystic Ascension realm, but now he had fallen to the peak of the mid-stage!

"Retreat! Everyone, retreat immediately!"

The Vice sect leader suddenly roared, not caring if retreating was useful. He added, ""Escape separately. There's no need to gather!"

In fact, hidden death sect had spent a lot of effort to enter the secret realm, even losing the life of a half-step heaven crushing expert. Therefore, it was not easy to leave the secret realm.

To be exact, hidden death sect's original plan was to use the blood spirit Demon Flower seed to open the passage after subduing it!

However, everything was over now. Without the blood spirit Demon Flower seed, he didn't know what to do to leave the secret realm.

With the Vice sect leader of hidden death sect in the lead, the remaining assassins immediately scattered and fled. They rushed into the cave passageway. Although they might not be able to escape alive, it was better than waiting for death here.

Old man Beiming and Chang Laiting also seized the opportunity to run away, afraid that they would be turned into a pool of blood by the terrifying vines if they were too slow!

"F * ck! The damned hidden death sect actually ran away just like that? He left me to clean up the mess!"

Lin Yi cursed and started using the icy fire to deal with the blood spirit Demon Flower!

Although it was only a spiritual fire derived from the accompanying spiritual fire Crystal, it had a natural advantage against plants!

Even the blood spirit Demon Flower seed that had surpassed the sea split stage showed a trace of hesitation and fear when facing the icy flame.

The vines that had been dancing in the air like a group of demons quickly retracted subconsciously after coming into contact with the icy blaze.

Unfortunately, that was all. The icy blaze could only make the blood spirit Demon Flower a little afraid, it couldn't burn it. In simple words, Lin Yi could only rely on the icy blaze to protect himself!

But if it continued to grow, even if Lin Yi had the icy blaze fire, it wouldn't be of much use anymore. The blood spirit Demon flower's aura continued to grow, and its strength was increasing as well.

Lin Yi was in a terrible situation right now, and the only way out seemed to be to hide in the Jade space ...

The problem was that Lin Yi wasn't sure if he'd be fine if he hid in the Jade space.

The blood spirit Demonic Flower seed was not originally here. It had only come to the altar automatically because it had sensed the blood sacrifice. It had broken through the space limit and suddenly appeared!

If he entered the Jade space to hide, would the blood spirit Demonic Flower seed follow him into the Jade space?

This matter was really hard to say! Lin Yi didn't dare to act rashly with the precedent of these things.

Lin Yi was trying to figure out a way to deal with this when an invisible attack came from another angle, breaking through the icy blaze's simple defense.

"Divine sense attack!"

Lin Yi was shocked, and his entire essence spirit body shook slightly!

At the same time, a tiny blood-colored seed shot out from the crack. It was surrounded by traces of blood-colored light. It was the seed of the demon spirit flower!

Lin Yi was shocked. This thing was not to be touched. If he touched it, he might become a puppet controlled by the blood spirit Demon Flower!

"Icy blaze fire!"

Lin Yi subconsciously gathered his icy blaze to meet the seed and exploded with his full power, freezing the seed and burning it.

Lin Yi let out a breath of relief when he saw the seed burn into nothing after a few seconds!

Fortunately, the icy blaze fire was effective on the seeds of the blood spirit Demonic Flower. Otherwise, it would be really troublesome!

"Hey! Blood spirit Demon Flower seed, since you have spiritual intelligence, you should be able to understand my words, right? How about we have a chat?"

Lin Yi frowned and tried to communicate with the clock.

However, what Lin Yi got in response was a barrage of tendrils and even more concentrated attacks on his consciousness!

Chapter 6925 Cleaning Up The Mess

The blood spirit Demon Flower seed was no longer under hidden death sect's control. As for the protective light membrane, it would probably only last for a little more than ten seconds.

"Dammit! Why is it like this?"

The Vice sect leader clutched his head with both hands, his emotions agitated. "It's obviously close to perfect, just missing the finishing touches. There shouldn't be such a big deviation!"

"Silly thing, stop talking nonsense! Seeing that the light membrane is about to collapse, hurry up and tell me what its weakness is. How can we kill it?"

Lin Yi wasn't in the mood to listen to the Vice sect leader's yells, "don't tell me that the blood spirit Demon Flower seed doesn't have a weakness!"

"Is being afraid of experts stronger than it ... Considered a weakness?"

The Vice sect leader's mind was in a mess, and he subconsciously gave a nonsensical answer!

In the secret realm, no matter how powerful an expert was, their strength would be suppressed. However, the blood spirit Demon Flower seed was not affected. Its attack power was close to the sea splitting stage!

"It's nothing! You unparalleled mountain donkey B * stard, you must have eaten too many brain-damaged pills!"

Lin Yi cursed. He dodged again, but at the same time, he could only try to counterattack.

He quickly activated a few martial arts techniques and bombarded the side of the vines in one fell swoop. Unfortunately, other than hitting the vines to the side, there was no other effect.

"Don't waste your energy! Once the blood spirit Demonic Flower is planted, you'll definitely die. Even if I want to save you, I'll only be putting myself in danger!"

The Vice sect master was actually gloating when he said this!

However, he didn't think that once Lin Yi died, the blood spirit Demonic Flower would only become stronger and come out to devour more flesh!

"Get lost!"

"What's the use of you being a vice sect leader? you're worse than a dog!" Lin Yi yelled.

The Vice sect master was furious. He clenched his fist, but then released it again.

"Although the blood spirit Demon Flower seed has life, it's still just a plant. Not all martial techniques will work. For example, fire-type martial techniques will have relatively better effects!"

For the sake of all the hidden death sect members in the secret realm, the Vice sect leader forced himself to calm down. He didn't hesitate to end the fight with Lin Yi, "Do you know any fire attribute martial arts?"

But before the Vice leader could finish, Lin Yi's raging fire Eight Trigram palm was pushed to its maximum.

Unfortunately, Lin Yi's strength was suppressed. It was far from enough to pose a threat to the vine!

Lin Yi's martial skills weren't very effective, but the blood spirit Demon flower's vines weren't a fatal threat to his soul yet.

However, this situation was slowly changing. After the altar was completely covered by the blood spirit Demon Flower, the aura of the blood spirit Demon Flower was getting stronger and stronger, to a point where Lin Yi couldn't even estimate it!

Sea shattering stage?

It seemed to be even bigger!

It was almost the same feeling as facing a Big Frog!

Lin Yi felt like he was going crazy. Was this still a plant?

No wonder the people from hidden death sect said that the blood spirit Demon Flower seed could be considered a real life form. With such strength, it was not only a life form but also a predator at the top of the food chain!

Lin Yi frowned and tried to communicate with the clock.

However, what Lin Yi got in response was a barrage of tendrils and even more concentrated attacks on his consciousness!

Chapter 6927 Breakthrough, Middle Stage Of Mountain Split!

"What are you doing? You want me to thank you? Alright, thank you!"

Lin Yi didn't know what The Lotus Fire meant, so he just thanked it.

The answer Lin Yi got was the sudden burst of light from the fire, turning into a huge lotus flower that appeared beneath his feet!

Lin Yi blinked-did the fire finally come to its senses and want to submit to him?

However, in the next moment, a pure essence spirit power wrapped around Lin Yi's essence spirit body and quickly seeped in.

At first, Lin Yi was shocked as well-he thought that the fire was going to attack him and use some sort of method to devour his soul, but it didn't seem to be the case!

The pure and gentle spirit energy entered Lin Yi's spirit body without any resistance, easily increasing the strength of his spirit.

Blood spirit Demon Flower seed!

Lin Yi immediately understood-this was the essence spirit power of the blood spirit Demonic Flower, the most original nutrients after it was completely burned and purified by the ice flame nether Lotus fire.

Of course, Lin Yi could use his essence spirit to get the nutrients himself, but it wouldn't be this pure without any side effects!

Although Lin Yi would use his essence spirit to devour as a last resort, he would discard the enemy's essence spirit power and use it for other purposes. He was afraid that the impure essence spirit energy would affect his own.

What the ice flame nether Lotus fire gave Lin Yi was pure nutrients, so Lin Yi broke through in shock and surprise!

Lin Yi felt a huge amount of pure essence spirit nutrients nourishing his essence spirit. It was as if he was soaking in hot spring water, extremely comfortable!

The ice flame nether Lotus fire didn't care about Lin Yi anymore, as if it had just done a small thing. It returned to its original position and stopped.

In fact, in the eyes of the simple-minded ice flame serene lotus flame, this was indeed a small matter!

It was just some leftover food that he couldn't digest, so he gave it to Lin Yi as a favor, treating it as rent!

The Jade space was filled with Qi, and it was constantly nourishing the ice flame serene lotus fire. It felt that it had taken advantage of the situation ... And so did Lin Yi!

Middle stage of mountain split!

Lin Yi's eyes shot open, a look of surprise on his face!

He didn't expect his primordial spirit to advance so easily this time. He had almost entered the peak of the middle stage of mountain split!

Ice flame serene lotus flame, I really have to thank you this time!

Lin Yi flashed and appeared three steps away from the fire. He smiled and cupped his hands to show his gratitude.

The ice flame serene lotus flame swayed a little. It was unknown whether it was grateful or not.

In the next moment, Lin Yi exited the Jade space and realized that the cave was mostly destroyed, and the altar was nowhere to be seen. Not even a speck was left.

What Lin Yi needed to do now was to go after the assassins from hidden death sect.

After a while, Lin Yi arrived at the foot of the mountain. He used the doppelganger he had set up earlier to find the direction the people from hidden death sect left in.

After a couple dozen miles, Lin Yi sensed a battle ahead, and it seemed pretty intense.

"Bastard, hurry up and get out of the way. I don't have time to waste with you!"

From afar, Lin Yi could hear the Vice sect leader's voice, "If you don't move, don't even think about living!"

"What a joke, you dare to be so arrogant in front of this old man! I can't even be bothered with you pieces of trash. Just these little guys at the mysterious Ascension stage are enough to kill you all!"

This was the voice of Gu Tiannan, the old man. He said that the other party was arrogant, but this old man was obviously more arrogant than the other party. "Don't think that just because you have an advantage in levels, you can defeat these little guys at the mysterious Ascension stage. You can only act arrogantly after you break their battle formation!"

Lin Yi suddenly realized that Gu Tiannan had gathered a lot of people to form a battle formation to stop these stray dogs from hidden death sect.

With a thought, Lin Yi had already sneaked out of the battle area and hid in a tree.

Since Gu Tiannan's side had the upper hand, Lin Yi decided to observe the situation first. It wouldn't be too late to make a move if necessary.

"Old thing, do you think I'm afraid of these incompetent juniors? If not for ..."

The deputy head of hidden death sect paused for a moment. He suddenly thought that if he did not tell these people the truth, it would not be a bad idea to let them stop the blood spirit Demon Flower from being planted!

Thinking of this, the Vice sect leader immediately changed his words, ""Don't get entangled with them, break through with all your might!"

Lin Yi could tell that the people from hidden death sect really didn't want to fight anymore. Otherwise, with the strength of these mountain opening Masters, they wouldn't be at a disadvantage even if they couldn't win against a dozen students in a formation.

In fact, it was very easy for hidden death sect to break the array without Gu Tiannan's help. However, they didn't know that the blood spirit Demon Flower seed was already done for. They thought that danger was right behind them, so they wanted to run as far away as possible.

"With this old master here, you still want to run? Wake up, stop dreaming!"

Gu Tiannan's mouth twitched in disdain. One of his hands was hidden in his sleeve as he gently clasped an earth-splitting stage attack talisman. "If you can escape from this old man, this old man will change my surname to yours!"

Although Gu Tiannan's strength was suppressed to the xuansheng stage, his attack talisman was not restricted. If he used it at the most critical moment, it would make it impossible for the opponent to escape and kill him in one blow!

Lin Yi hid on the side and laughed to himself. He didn't think that this old man would have an earth formation attack talisman.

He was a great expert of the shattered Sea, and a casual strike from him was more than ten times stronger than this talisman. She wondered what he was using it for. He couldn't have known that his strength would be suppressed in the mystic realm, right?

"Old bastard, you're bent on seeking death, so this Lord can't be too unreasonable. At most, I'll send you on your way!"

The deputy head of hidden death sect laughed hideously and raised his hand. His aura instantly exploded, ""Charge!"

The remaining assassins of hidden death sect surrounded the Vice sect leader and attacked at the same time!

Although the students on Gu Tiannan's side had formed a battle formation under his command, they were not from the same school after all, and there was no tacit understanding between them. If Gu Tiannan was not there, they would have been defeated in one blow.

"Hmph, this old man's body is very strong, I can send you on your way first!"

Gu Tiannan sneered. He turned his feet slightly and appeared at the weak point of the battle formation. While stabilizing the battle formation, he activated the attack formation talisman in his hand. "Go to hell!"

An earth-splitting stage attack was launched at the Vice sect master of hidden death sect at lightning speed. However, it was easily blocked by a flash of light!

It was obvious that the Vice sect leader's defensive item was not something that could be easily broken through by an attack talisman!

"Is this all you've got?"

The Vice sect leader of hidden death sect sneered in disdain, but he did not stop attacking. "Small tricks! Can you do anything to me?"

Chapter 6928 Not Leaving Again

However, his counterattack was also blocked by Gu Tiannan's defensive item and did not cause much damage to Gu Tiannan. The other students, on the other hand, did not have Gu Tiannan's wealth. In an instant, two more injured students were added to the team.

"Old bastard, if you have the ability, then come and fight me one-on-one. What's the point of letting these juniors charge into the enemy lines?"

The deputy head of hidden death sect was frustrated. Although he had the upper hand, he was afraid that the blood spirit Demonic Flower seed would appear at any moment. Hence, he did not want to waste any time. "You know you can't stop him, so what's the point of pestering him?"

"You talk too much nonsense. This old man is going to kill you today. If you have the ability, then charge over!"

Gu Tiannan was also in a difficult position. He wanted to kill these hidden death sect assassins with the advantage of having more people and the talismans he had prepared for the younger generation.

Who knew that these assassins would be so difficult to deal with? their strength had been suppressed to the mountain opening stage, and even the attack talismans of the earth opening stage were useless!

But if he ran now, wouldn't that be the same as leaving his back to these assassins? That's why we can't retreat!

"This Lord will definitely dismember you into a thousand pieces, old man. Otherwise, it will be difficult to dispel the hatred in my heart!"

The Vice sect leader gritted his teeth as he spoke, but his eyes were darting around, looking for a flaw in the battle formation, intending to leave this place as soon as possible.

Both of them spoke with a tough tone, but in fact, they were both thinking about how to leave and were afraid of being pursued by the other party ... If they knew the other party's thoughts, they would

probably sigh and say that it was better for everyone to be more honest and go their own ways peacefully!

Lin Yi, who was hiding on the side, observed for a while before finally making his move when the time came!

Throwing away his disguise, Lin Yi returned to his original appearance and appeared behind the hidden death sect members like a ghost. He raised his hand and released a Dragon-shaped five elements killing intent!

The five-colored Divine Dragon whizzed out and instantly charged into the bodies of the last two hidden death sect assassins!

With two muffled booms, the two assassins' bodies exploded into a rain of blood. The intense battle in the field also came to a standstill for a moment because of this sudden change!

Both sides were shocked and surprised. No one had expected that someone would suddenly appear.

Lin Yi frowned at Gu Tiannan, "Why are you still standing there? Do it!"

"It's our people!"

The student from the Golden class Sea area was excited, ""Our reinforcements are here! Let's kill these F
* cking assassins!"

Originally, their formation was still being suppressed by hidden death sect, but with Lin Yi's arrival, the sudden burst of power made the formation even stronger. Everyone was excited and went all out against the assassins from hidden death sect.

Only Gu Tiannan's old face was a little uncomfortable. If Lin Yi was dead, he would be happier!

"Lin Yi! You cowardly rat, you actually sneak attacked!"

The Vice leader recognized Lin Yi immediately-the kid was still alive!

Initially, hidden death sect was still in a favorable situation. However, due to the loss of two people, the situation instantly took a turn for the worse. Their plan to escape as soon as possible might have been completely destroyed.

Whether or not he could leave was now a problem!

"Ha ... The people from hidden death sect actually accused me of ambushing them? That's really funny. Could it be that you think I've plagiarized your hidden death sect's methods and are prepared to ask me for copyright fees?"

Lin Yi sneered as he sent a killer flying with a palm. "How many times have you hidden death sect ambushed me? did I say anything?"

The Vice leader was speechless-Lin Yi was telling the truth, what else could he say? Who made the rule that only killers could sneak up on others and others couldn 't?

"You have nothing to say?"

Lin Yi raised his hand coldly and killed two more assassins as if he were cutting vegetables. He then faced the Vice leader!

The Deputy sect master had a bad feeling and hurriedly activated a sea Rift stage defensive talisman. The Dragon-shaped killing intent of five elements hit the defensive layer, but it only caused a slight ripple and then disappeared without a trace!

"Pfft! You're really something. You're only facing me, who's at the xuansheng stage, and you're using a sea Rift stage defensive talisman! Are you trying to show off your wealth to me?"

Lin Yi almost burst out laughing as he changed his target and started attacking the other assassins. "I don't believe that all of you have a defensive talisman on you!"

However, this kind of talisman was a high-grade item that could not even be obtained in the mystic Sea area. How could it be spread on a large scale in the Yellow Sea area? He had put in a lot of effort to get the things that the Vice sect master had.

It turned out that other than the Vice leader, no one else had a defensive talisman. After a while, Lin Yi and Gu Tiannan took out the last assassin and turned to the Vice leader with smiles.

"Your men are all dead. How long are you going to hide? Do you think you're as steady as Mount Tai just because we can't break your defense?"

The Vice sect leader didn't know what Tai Shan was, but he knew that it wasn't anything good. He just wanted to kill Lin Yi!

"Lin Yi, there's no harm in telling the truth-I have the formation to protect me, I can leave whenever I want. Do you know why I have to stay?"

The Vice sect leader suddenly laughed sinisterly and slowly opened his arms,""You don't really think that this lousy battle formation can stop me, do you?"

Lin Yi blinked. The Vice sect leader had a sea Rift defensive talisman with him, so he could leave as he pleased. It wasn't difficult at all!

But since he could walk, why didn't he do so earlier? He had clearly been in a hurry to leave!

"What do you mean why? This old master thinks you're tired of living and want to stay here to die!"

Gu Tiannan laughed coldly-he was pissed that Lin Yi had stolen his spotlight, but he couldn't do anything about it. He could only vent his anger on the Vice leader, "It's easy to die. I like to fulfill your wishes. "

"Old bastard, don't be impatient. I've killed Lin Yi, so you're next. You don't have to rush to your death!"

The Vice leader glanced at Gu Tiannan with disdain, his aura slowly growing stronger, ""Are you ready? If you have any last words, say them quickly. Once this Lord strikes, you won't even have the chance to speak!"

"Earth formation stage! It was still getting stronger! How is that possible?"

Lin Yi's pupils contracted,"you can ignore the suppression now?"

Hidden death sect originally had a secret technique that could suppress the strength of the secret realm to the mountain opening stage. He did not expect that it would actually be raised to the earth opening stage. In fact, the earth opening stage was not even the end as the Deputy sect leader's aura was still rising rapidly.

"Hahahaha! When I recover my strength, killing you will be as easy as slaughtering chickens and dogs. You are just like ants, so it's not too late to kneel and beg for mercy now!"

The assistant leader laughed arrogantly and appeared in front of Lin Yi in a flash, "I'll start with you, little brat! Kneel down!"

"If you're willing to kneel, then kneel yourself!"

Lin Yi dodged indifferently, leaving behind a shadow as he reappeared a dozen meters away.

Chapter 6929 Secret Land Collapses

Three appearances of the cloud Dragon!

Lin Yi didn't want to expose his Yuan spirit body's characteristics, so he used his martial arts to Dodge. However, he couldn't understand why the Vice sect leader suddenly stopped running and was determined to kill.

Wasn't he afraid that the blood spirit Demonic Flower seed would chase after him?

Lin Yi frowned, leaving behind a second image. He was puzzled. If he appeared as blue shirt number two, it would be normal for the Vice sect master to think that the blood spirit Demon Flower seed had been killed. But Lin Yi was in his real body!

However, looking at the Vice head of hidden death sect, it was clear that he had cast away his fear of the blood spirit Demon Flower seed and was now in a state of great power. The only explanation was that he already knew that the blood spirit Demon Flower seed had been destroyed!

And the suppression of strength in the entire secret realm had also disappeared because of the disappearance of the blood spirit Demon Flower seed!

Lin Yi's breakthrough happened in the Jade space before, and he subconsciously suppressed his strength back to the xuansheng stage when he exited the space.

If the blood spirit Demon Flower seed was really the key to suppressing one's strength in the secret realm, then the previous restriction probably no longer existed!

It didn't matter how the Vice sect leader realized this-if he dared to let go of his suppression, Lin Yi would do the same!

"Arrogant my ass, do you think I can?"

Lin Yi immediately let go of the suppression and recovered his strength to the peak of the middle stage of mountain split, activating the icy blaze raging fire Bagua Palm!

The area within five meters of the Vice sect leader was instantly engulfed in flames!

"Good boy, you actually dare to show your strength? I've underestimated you!"

The Vice sect leader was slightly stunned,"unfortunately, so what if you've returned to your mountain-opening stage?" When an ant turns into a leech, it's also destined to be stomped to death!"

The sea splitting stage!

The Vice sect master's aura didn't stop even after he entered the sea splitting stage. Instead, it continued to soar!

The wild fire Eight Trigram palm was split into two by the Vice sect master's aura and swept past his body.

"If you dare to use your strength, why wouldn't I? It's not a big deal even if you're an expert in the shattered Sea. It's not like I've never killed an expert in the shattered Sea!"

Lin Yi left a shadow behind as he reappeared beside Gu Tiannan, "Elder Gu, the secret realm's suppression has already disappeared. Are you still trying to foot the bill?"

Anger flashed in Gu Tiannan's eyes, and he almost cursed out loud!

Lin Yi, this little bastard, was treating him like a thug? This was simply preposterous!

However, Gu Tiannan was 70 - 80% convinced that the suppression had failed. After all, the Vice sect master and Lin Yi had both shown their true strength and were not crushed by the secret realm.

"Why did the suppression suddenly disappear? Give this old man a reason!"

Gu Tiannan asked in a deep voice and began to carefully release his strength, ""If you don't explain clearly, this old master won't make a move!"

"If you don't make a move, are you going to wait for him to kill you?"

"Didn't you hear what he said?" Lin Yi asked back coldly, "you'll be the next one after I'm dead. Do you want to see him kill me first?"

Your eyes are so sharp, you saw through my thoughts in an instant! Was this old man's expression that obvious?

If the Vice leader could really kill Lin Yi, Gu Tiannan would clap his hands in joy, but he couldn't say it out loud!

"Nonsense! Am I that kind of person? I just want to know why the suppression of the secret realm suddenly disappeared!"

Lin Yi curled his lips. Who didn't know who? You're not that kind of person? Your whole family is like that, especially your grandson.

"You guys seem to be having a good time? I'm sorry, I have to disturb you. Why don't you all go together? you can have a companion on the way!"

The Vice leader had destroyed five of Lin Yi's images, but he couldn't even touch Lin Yi's clothes. He was already pissed off, and he couldn't help but get angry when he saw the two of them laughing.

In a flash, he appeared in front of Gu Tiannan and Lin Yi. The Vice-leader struck his palms on both sides, intending to kill Lin Yi and Gu Tiannan in one move!

"You're looking for death! Do you really think I'm an old ghost if I don't show my might?"

Gu Tiannan glared at Lin Yi. He couldn't be bothered to argue with Lin Yi anymore. He burst out his strength and raised his hand to meet the Vice leader's palm.

But what was this old man doing? he only dealt with the palm from his side and ignored Lin Yi 's.

As far as he was concerned, it would be great if the Vice sect leader could kill Lin Yi!

"Alright, I'll give you two a chance to have a fair duel. I've never liked to bully the weak with numbers, so I won't get involved in your grudges!"

Lin Yi turned into a lightning bolt and left, ready to watch the show, ""Selling front row, melon seeds, peanuts, mineral water, beer, drinks, and instant noodles!"

Gu Tiannan almost exploded in anger. He was full of disdain. How shameless!

"Old bastard, I didn't think you'd be this difficult to deal with. I admit that you're strong, but why don't you take your people and leave? I only want Lin Yi, how about that?"

The Vice sect leader and Gu Tiannan both took three steps back after the exchange of blows. They immediately knew that the other was a strong opponent. "If you and I go all out, we'll only end up with losses. Why would a master like you risk your life for someone like Lin Yi?"

Gu Tiannan was moved. He was very supportive of someone trying to kill Lin Yi. He even wanted to help.

However, he was worried that Lin Yi's survival skills were extremely strong. If he couldn't kill him in one hit, it would be quite troublesome later on, so he could only suppress this tempting idea!

"What are you? You dare to negotiate with this old man! How could a lowly killer be so arrogant?"

Gu Tiannan sneered and hid his thoughts. He dodged to the side and used his martial skill to attack the Vice leader, "Both sides are injured! Do you have the qualifications to fight with me?"

"Old thing, you really don't know life and death. I gave you a chance, but you don't know how to cherish it. Then don't blame me for not being polite!"

The Vice sect leader's eyes flashed with ferocity, and he brazenly accepted the challenge. "You old fart, you should've entered your coffin long ago. I'll take it as a good deed today and take your head for free!"

The two of them shouted and attacked each other. The brilliant light of martial techniques lit up and exploded into countless waves of true Qi.

The Xuan Sheng students were all rolling on the ground like gourds, scattering in all directions. Fortunately, Lin Yi was secretly taking care of them. Otherwise, the aftermath of the two sea-shattering Masters' battle would be enough to kill these Xuan Sheng students.

"All of you, hide further away. Don't come near!"

Lin Yi ordered the students to stay away from him and continued to watch the show.

Gu Tiannan was indeed an elder of the mountain sect. His strength was indeed strong, but the Vice sect master was not weak either. His martial arts techniques were unpredictable, and his movements were agile and ghostly. He was not inferior at all.

In the blink of an eye, the two of them exchanged over a dozen moves and actually fought to a draw, neither of them winning!

As for the space around them, cracks began to appear as the two of them fought!

This Mystic realm was about to shatter!

With the blood spirit Demon Flower seed destroyed, the secret realm naturally lost its rules. In addition, the two experts in the shattered Sea attacked at the same time, which accelerated the collapse of the secret realm.

Chapter 6930 Sneak Attack

"Stop, all of you, stop!"

Lin Yi understood the key point and immediately stopped him, "You two can fight later. Listen to me first!"

It was just a guess, but Lin Yi felt that it might be the truth. Once the secret realm collapsed, everyone inside would die.

"Shut up, do I need to listen to your commands?"

The Vice leader ignored Lin Yi and continued to fight with Gu Tiannan!

Gu Tiannan had the same thoughts. Lin Yi, Who Do You Think You Are? do you think I'm a hired thug? do you think I'm your Lackey? This was simply preposterous!

Lin Yi sighed. These two seemed to be really angry now. It seemed like he couldn't make them stop with just one sentence!

Lin Yi could barely interfere in a battle of this level, but separating them was something he didn't have the ability to do!

However, if they were allowed to continue fighting, the secret plane would probably be finished before long!

"Look at the surroundings carefully. You've created a spatial crack. If you continue fighting, the secret realm will collapse!"

Lin Yi could only add some pure Qi into his voice as he explained, "Once the space collapses, even with your strength, I'm afraid you won't be able to protect yourself!"

Gu Tiannan wasn't an idiot. Although he sounded tough, Lin Yi's warning made him split his attention to check the surroundings. It was just as Lin Yi said. His heart started to beat faster!

Even if he was an expert in the shattered Sea, he couldn't withstand the collapse of the space. Once that happened, it was impossible for him to survive. Perhaps only a heaven breaking expert might have a chance!

Therefore, even though Gu Tiannan was stubborn, he had not lived long enough! Hence, he immediately prepared to withdraw from the battle.

However, he didn't expect that the Vice sect leader would turn a deaf ear to him and continue to pursue him. The two of them were equally powerful, so Gu Tiannan couldn't escape even if he wanted to!

Lin Yi sighed. Hidden death sect was full of brainwashed lunatics after all. Suicide and mutual destruction were something they were used to.

However, he had no other choice. If he went to help Gu Tiannan, he could naturally suppress the Vice sect leader, but that would only accelerate the collapse of the space!

If he didn't help, Gu Tiannan wouldn't be able to get rid of the Vice sect leader. Not only that, but he was also worried about the collapse of the space. He didn't dare to attack and could only defend. As a result, he was at an absolute disadvantage.

If this continued, Gu Tiannan might not even be able to escape from the battle!

"You guys, go that way. Don't stand here!"

Lin Yi turned back and started ordering the students to leave. That direction was still safe for now, with Lin Yi's many clones guarding it.

Of course, if the secret realm collapsed, it would be the same everywhere.

The students were already dumbfounded, and upon hearing Lin Yi's words, they immediately ran in the direction he pointed out!

Without these students as a burden, Lin Yi was able to talk to the Vice sect master without worry, "Hidden death sect, you don't want to live anymore and you still want to drag a few people down with you? However, there should still be quite a number of hidden death sect members in the secret realm, right? do you want to bury all your elite members here?"

The Vice sect leader's attack paused-Lin Yi's words had hit his soft spot.

This secret realm operation had gathered more than 90% of hidden death sect's elites. Once they were completely annihilated, although it could not be said that hidden death sect would disappear, it would be almost equivalent to being crippled.

"Lin Yi, don't waste your breath. We, hidden death sect, have never been afraid of death. It's not a loss to die with you!"

"It's not a big deal," the Vice sect leader said righteously. "It's only a part of our strength that came this time anyway. It's not a big deal to lose it!"

"Nothing much? I don't think so! I've received news that you've moved your headquarters here. Does your leader know about this?"

Lin Yi knew that this person was only a vice sect leader, and there must be a sect leader above him. He might not have the courage to let everyone from hidden death sect die Here.

The Vice sect leader seemed to be moved by Lin Yi's words, and his attack slowed down again! Thinking about it carefully, it was indeed not worth it to use all his elites and his own life to take Lin Yi down with him!

Although Lin Yi was the enemy of hidden death sect, the price of killing him was too high!

Furthermore, hidden death sect's mission to enter the secret realm this time was to plant the blood spirit Demon Flower seed. Now that they had failed the mission, it would be a little too much if so many more people died.

The Vice sect leader hesitated, and his attacks slowed down. The pressure on Gu Tiannan was greatly reduced, and the cracks in the space around him stopped increasing. The situation was temporarily stabilized.

However, the two experts in the shattered Sea still released all of their auras, causing the self-repairing ability of the space to completely fail. The cracks still looked very frightening.

"Hey, assassin, I'm not afraid of you, but I don't have to die with you! You're also an expert of the shattered Sea, so why do you have to die Here?"

Gu Tiannan wanted to give up, so he went along with Lin Yi.

"Old bastard, this Lord isn't afraid of you. Since you're afraid of death, then we'll have another chance in the future. I'll let you off today!"

The Vice sect leader took advantage of the situation, and as he spoke, he and Gu Tiannan stopped fighting and took a few steps back vigilantly, ""After we leave this mystery realm, I'll definitely find you to reminisce about the past!"

"Hmph! I'll be waiting for you at any time, but I'm afraid you won't dare to come!"

Gu Tiannan snorted, but he was relieved that he didn't have to die Here. ""The spatial Rift is starting to close. As expected, as long as the battle stops, this space can still maintain its stability for the time being."

Lin Yi finally let out a breath of relief. He was in spirit form, but who knew what would happen if the space collapsed? He had to find an opportunity to kill these people from hidden death sect!

Lin Yi didn't plan to let hidden death sect go, and the Vice sect leader had the same idea. He saw Lin Yi's thoughtful face and was tempted!

Sneak attack! The Vice sect leader suddenly moved. His body flashed and he instantly appeared beside Lin Yi. He held a pitch-black Dagger in his hand and slashed it at Lin Yi's neck!

Previously, the Vice sect master had not used any weapons. Now, he had launched a sneak attack and directly used a dagger. It was obvious that he wanted to kill in one blow!

This kind of sudden assassination was hidden death sect's specialty. This attack was already the Deputy sect leader's masterpiece!

Although Gu Tiannan had been on guard against the Vice sect leader after he stopped, he could barely see the other party's movements!

If the enemy's target was Gu Tiannan himself, he would only be able to Dodge the attack, but it would be impossible to save Lin Yi!
