

## Bodyguard 6931

### Chapter 6931 Insta-Killing The Vice Sect Master

Of course, even if Gu Tiannan could do it, he would not do it! In fact, when he saw the Vice sect leader attacking Lin Yi, his first reaction was to make sure he didn't miss!

Lin Yi watched as a black light cut through the space and appeared on his neck like a ghost. He wasn't shocked, but happy. This was his chance!

Even if the Vice sect leader didn't make a move, Lin Yi would still look for an opportunity. Now that he made the first move, he revealed his biggest weakness!

This was because the Vice sect master's attack was his strongest attack. When the attack power was raised to the limit, the corresponding defense power was bound to be infinitely weakened!

"Good!"

Lin Yi didn't Dodge, letting the dagger slice across his throat as his right palm pressed lightly on the Vice leader's head!

The dagger flashed past without any resistance, as if it was cutting through the air!

Another Phantom?

The thought flashed across the Deputy leader's mind, but he felt Lin Yi's light palm land on his head-it wasn't a huge amount of pure Qi!

There was no true Qi, but there was a powerful divine sense!

The whirlpool of consciousness elixir fire spun like a drill and broke through the Deputy sect master's simple defense. It rumbled into his consciousness sea, and then it wreaked havoc!

"It's you! You ..."

The Vice sect leader's pupils suddenly contracted and his eyes widened. He wanted to say something, but he could only say these few words. Then, his eyes instantly lost their light.

Before he died, the Vice sect leader recognized Lin Yi's essence spirit body and realized that Lin Yi was the blue shirt number two from before!

But it was too late!

"That's me! Don't die with your eyes wide open!"

Lin Yi smiled and gently pushed the Vice sect leader's head, and the man fell straight down, no longer breathing.

"Lin Yi, how did you do that? He actually killed an expert in the shattered Sea realm in seconds?"

Gu Tiannan was bewildered, and his body involuntarily went into a defensive posture. "Since you have such strength, why didn't you make a move just now?"

Gu Tiannan was sure that if they were to face the Vice sect leader directly, their strength would be on par. However, if the Vice sect leader were to launch a sneak attack, he was not confident that he could avoid it. Even if he managed to avoid it, he would be in a sorry state!

And this was the kind of opponent that Lin Yi killed in one move when he tried to ambush him?

It was too terrifying!

Will I be next?

Why did this little bastard Lin Yi have such strength? It was simply unimaginable and terrifying!

"Elder Gu, what are you doing? Are you afraid that I'll attack you?"

Lin Yi looked at Gu Tiannan playfully, but his moves were useless when the opponent was on guard.

The Vice leader didn't know that Lin Yi had the ability to turn his Yuan spirit body invisible. Even if the three Cloud Dragon silhouettes were just shadows, they couldn't attack him.

However, it wasn't the three appearances of the cloud Dragon sect this time, so the Vice sect leader had suffered a loss and was killed. This kind of coincidence couldn't be replicated.

"Haha, how is that possible! This old man saw that the people from hidden death sect wanted to ambush you and wanted to save you. I didn't expect you to settle it yourself! Look, he's already in a good position!"

Gu Tiannan laughed dryly and put away his defensive posture. He laughed at himself and said,""Lin Yi, you're so strong, you're a young hero! This old man can't compare! You were ..."

Lin Yi curled his lips-what was this old man up to? He's starting to flatter me?

"Elder Gu, you're flattering me. To be honest, it's not worth a single cent. I only used a precious prop. In terms of actual combat, elder Gu is the best!"

"It's not a big deal-we should leave as soon as possible. The secret realm isn't stable-it could collapse at any time!"

"That's reasonable. I wonder if you have any way to leave?"

Gu Tiannan didn't fully believe Lin Yi's words, but he decided to follow the conversation and think of a way to leave.

"No, I didn't! I'm not familiar with the secret realm. Let's find brother Huang first. He might have a way!"

After all, it was Huang Yuntian who asked Lin Yi to go into the secret realm to look for the sky scar grass. There must be a way out, otherwise what was the point of finding the grass?

With that, Lin Yi subconsciously released his spirit sense. To his surprise, after the suppression of the secret realm disappeared, his spirit sense seemed to return to normal!

Lin Yi was like a blind man who saw light when he saw the life forms in his spirit sense.

Gu Tiannan nodded and replied perfunctorily, "This secret realm is vast. It won't be easy to find President Huang."

It wasn't easy for Gu Tiannan, but it wasn't difficult for Lin Yi. He had hundreds of clones spread out, and it was much more efficient to find someone together.

But Lin Yi didn't want Gu Tiannan to know too much about him, so he asked, "It's a waste of time for us to search together. Why don't we search separately and then agree to meet here?"

"Alright, let's do that!"

Gu Tiannan didn't want to go with Lin Yi either-the scene of Lin Yi killing the Vice leader was too shocking, and he was afraid that Lin Yi might kill him too,""I'll go this way. Whether or not we can find President Huang, we'll meet back here in 24 hours!"

Lin Yi nodded and cupped his hands before leaving, "It's a deal! Then I'll be leaving first!"

Lin Yi couldn't be blamed for being in a hurry-his clone had found something, and he needed to confirm it with his real body.

Along the way, Lin Yi's clones returned one after another, killing all the hidden death sect assassins around him.

After all, the clone's eyes weren't that useful anymore after his spirit sense could find living things.

At this moment, Lin Yi had also noticed Huang Yuntian. He was in the direction they were going, not too far from their destination.

Lin Yi pushed his lightning escape to its maximum speed, and it took him about an hour to reach the hidden spot where the clone found the problem.

"Spatial fluctuations, and this aura ... There's no mistake, it's the blood spirit Demon Flower seed!"

Lin Yi sensed it and a faint smile appeared on his face.

What he saw was a small basin with a huge deep pit in the center. Soil and gravel were everywhere. It was obvious that it had just been turned over.

The surrounding area was also in a mess, but there were still many spiritual herbs left!

Lin Yi's eyes brightened-he'd hit the jackpot!

When the blood spirit Demonic Flower was planted, it actually didn't sweep away all the spiritual herbs in the surroundings!

Come to think of it, perhaps it was because the altar was incomplete that the blood spirit Demon Flower seed that was summoned in a hurry did not have time to sweep away the surrounding spiritual herbs!

Chapter 6932 Obtaining The Heavenly Scar Grass

Lin Yi dashed towards the remaining herbs, hoping that there was still some sky scar grass left. That was the main purpose of his visit-he'd be disappointed if there weren't any.

Even though the heavenly scar grass wasn't of much use to him now, he would need it in the future!

Besides, even if I don't use it now, I can use it to exchange for something ... Eh?

Lin Yi was thinking about it when he realized to his surprise that he couldn't stop his luck!

Heavenly scar grass!

And it wasn't just one or two. At a rough glance, there were at least forty to fifty of them!

Other than that, there were many other herbs of the same level as the sky scar herb-Lin Yi had a huge harvest this time!

In an instant, Lin Yi turned into a hardworking gardener and dug up all the herbs around him. He even took a large amount of soil and transplanted it into the Jade space.

These precious spiritual herbs were all rooted in the Jade space, and the spiritual Qi in the space was abundant, so they could continue to grow.

After a while, there wasn't a single plant around the basin anymore, and Lin Yi finally stopped!

However, although Lin Yi's harvest this time was rich, from the surrounding situation, only five to six percent of the herbs were left. It was a waste of God's gift to sweep away more!

After sighing, Lin Yi quickly left and headed in Huang Yuntian's direction.

"Brother Huang, you've made me look for you!"

Lin Yi saw Huang Yuntian and welcomed him warmly, "I've already met Gu Tiannan. We've agreed to meet up when we've found you."

"Brother Lin! It's good to see you! I'm fine, but I'm just worried about you!"

Huang Yuntian laughed as he patted Lin Yi's shoulder in a friendly manner, "Elder Gu is also fine? That was the best! Did you encounter any assassins from hidden death sect?"

"Not only that, but I've also encountered quite a few of them. However, I've dealt with them all!"

Lin Yi didn't go into the details, but asked directly, "Brother Huang, how are we going to leave the secret realm? Do you have any plans?"

"Let's talk about this in detail after we meet elder Gu!"

Huang Yuntian's face revealed a trace of anxiety. He lowered his voice and said, ""Lil bro Lin, did you notice that thing?"

In the secret realm, Huang Yuntian was most concerned about the heavenly scar grass!

He'd been looking for it all this while, but to no avail. Now that he'd seen Lin Yi, he'd placed all his hopes on him!

"I've indeed found it! We'll talk about it after we get out!"

Lin Yi nodded, but he wanted to know how to get out more. Huang Yuntian was worried about the sky scar grass, but he wasn't! Now that Huang Yuntian was keeping him in suspense, he naturally had to play along.

Of course, Lin Yi wouldn't give it up if he only got one or two. He was brothers with Huang Yuntian, but they weren't that close.

Even if Lin Yi didn't need it for himself, there were many people he could give it to. It was still too early for Huang Yuntian to do it!

Fortunately, there was a large amount of heaven scar grass in the basin, so it didn't matter if he gave one away.

"That's great! Lil bro Lin, you're a Lucky Star indeed!"

Huang Yuntian's face immediately brightened up. He was so excited that he almost jumped up. He subconsciously rubbed his hands together, ""Don't worry, lil bro Lin, I won't let you suffer!"

"We're brothers, what's the point of saying that?"

Lin Yi waved his hand, acting generous as he pointed at the dozen or so students gathered not far away. "There are too many people around now. Let's talk after we leave the secret realm."

These were the students that Huang Yuntian had recruited. After all, he had been the one to make this happen. As the president of the mystic Sea region's Alliance of schools, it was a good thing to be able to bring some people back.

"Brother Lin is right, let's go find elder Gu Tiannan first and discuss this secret realm on the way."

Huang Yuntian's strength and vision were still there. Even though he was itching for it, he quickly put it aside, ""Brother Lin, do you feel that the space in this secret ground is not very stable?"

"That's right, it could collapse at any time!"

"That's why we need to leave as soon as possible!" Lin Yi nodded in agreement.

As the two spoke, they brought the students back. There were too many people this time, so Lin Yi couldn't use his lightning movement. When they reached the place, it was almost time for him to meet Gu Tiannan!

Not long after, Gu Tiannan returned on time. The three of them chatted for a while more before they returned to the secret realm.

"President Huang, there's been an unforeseen event in the mystic realm and we shouldn't stay for long. Do you have a way to leave?"

Gu Tiannan did not beat around the bush and asked directly, "Of everyone present, only President Huang has some understanding of Mystic realms. Please come up with an article as soon as possible!"

Elder Gu, you may not know this, but I don't know much more about the mystery realm than you do. If everything was normal, there would be some ways, but now ..."

Huang Yuntian paused for a moment, his face filled with helplessness, "Normally, we leave the way we came in! However, the way we entered is very strange, and I can't do anything about it!"

"Brother Huang, tell me how to leave under normal circumstances!"

Lin Yi asked directly.

Huang Yuntian did not hide anything this time, "under normal circumstances, one must enter the secret realm from the entrance when it is open. When one leaves, one must return the way they came. As long as one doesn't break the rules of the secret realm, there won't be any danger."

In his original plan, Lin Yi would enter the secret area from the entrance alone to find the sky scar grass, but the situation was different now.

Lin Yi sighed. It seemed that Huang Yuntian didn't want to say it, but he really didn't know. Lin Yi couldn't blame him.

"President Huang, can you be certain where the entrance and exit are under normal circumstances?"

"Maybe we can find this place and leave this place!" Gu Tiannan said urgently.

"Elder Gu, I don't know the exact location of the entrance."

Huang Yuntian spread out his hands. "This is the first time I've come to the inside of the secret realm. If we enter from the entrance, there will be a set of coordinates. Unfortunately, we don't even know where we are now. How can we determine the location of the exit?"

Gu Tiannan was stunned. After a long while, he sighed, ""So there's no other way? Or we can go and capture a few assassins from hidden death sect. There should be a solution to the situation they created!"

Gu Tiannan couldn't help but complain, ""If I had known earlier, I would have left a few alive. All the killers in the vicinity have been killed. Where can I find them in such a short time?"

"I feel that we can't count on the people from hidden death sect. If they knew how to get out, they would have gone out first. If they were caught by us, they would probably not know anything."

Huang Yuntian shook his head and said. He looked up at the spatial crack that appeared in the sky.

Chapter 6933 Extorting Old Man Gu

Lin Yi didn't say anything because there was nothing wrong with what Huang Yuntian said. Hidden death sect had spent so much effort to enter the secret realm in hopes of getting the blood spirit Demon Flower seed and then using it to leave. The entire secret realm was actually under the control of the blood spirit Demon Flower seed, and with the blood spirit Demon Flower seed in control, there was naturally no obstruction in coming and going!

Unfortunately, the blood spirit Demon Flower seed had become nutrients for the ice flame nether Lotus fire ... And Lin Yi's yuan spirit body!

To put it bluntly, the unforeseen event in the secret realm was because they had lost the suppression of the blood spirit Demon Flower!

"Do you think we'll have a chance to leave if we use violence to break the spatial barrier?"

Huang Yuntian pondered for a while before saying, ""After all, after the space is shattered, it's hard for us to escape death. It's better to take a gamble. Maybe there's still a chance of survival!"

Gu Tiannan didn't say anything, but he also looked at the spatial cracks with a thoughtful expression.

Among the people present, Huang Yuntian and Gu Tiannan were the most powerful. Thus, if they opened up an opening, they would have the highest chance of survival!

As for the other students, most of them would die, but in comparison, Gu Tiannan didn't care about their lives! That was something that Huang Yuntian should consider.

That little bastard Lin Yi's strength was shocking, but his strength level was there. He would probably die together with him, which was a good thing!

Gu Tiannan felt that he could take the risk!

However, Gu Tiannan didn't know that Lin Yi was in his Yuan spirit form. As long as the opening wasn't the kind of violent spatial turbulence that could tear a Yuan spirit apart, it wouldn't affect him much.

If the space crack was similar to a wormhole, then Lin Yi would be able to kill Gu Tiannan easily!

"Although it's a bad plan, there's no other way. This is the only way!"

Gu Tiannan had already made up his mind and immediately put on a serious look. He nodded slightly, ""President Huang is indeed an outstanding person of his generation. He was able to find a way out for us in a desperate situation!"

The 'we' Gu Tiannan was referring to was only Huang Yuntian and himself. Everyone else, including Lin Yi, was already considered dead by Gu Tiannan!

That was because once the gap was opened by force, they would be able to pass through it smoothly, but if they couldn 't, they would die without a burial place!

And those who continued to stay in the mystic realm were basically dead! After this plan was carried out, the collapse of the secret realm would only take a snap of the fingers!

Lin Yi laughed coldly in his heart. Thanks to this damn thing, his understanding of space was much deeper than Gu Tiannan and Huang Yuntian. Naturally, he knew the danger!

However, Gu Tiannan was right. This was the only way to survive! However, the person who had the highest chance of escaping was Lin Yi himself.

"What brother Huang said might be our only chance! This matter should not be delayed!"

Lin Yi smiled mysteriously. "By the way, I have some knowledge about arrays. I can set up an array to increase the stability of the space Channel. However, the materials for the array ..."

"Lil bro Lin actually knows about space formations? Your attainments in the array Dao are actually so high, this big brother really has a whole new level of respect for you!"

Huang Yuntian was overjoyed. If Lin Yi was telling the truth, then the success rate would increase by a lot. In a life and death situation, even a small increase in the success rate was precious, "What materials do you need? Big brother has some here, you can use them all you want! Elder Gu should have some too, right? Take them out!"

The corner of Gu Tiannan's mouth twitched. Giving something to Lin Yi made him quite reluctant, but it was related to his life, so he could only pinch his nose and accept it!

Both of them were Dukes. Even if they were not deeply involved in arrays, they did not lack good things, especially spiritual crystals!

Lin Yi's goal was to loot the place, but his main target was still Gu Tiannan. As for Huang Yuntian, he didn't care about him!

"Lin Yi, you really know how to set up a space formation? This is a serious matter, so don't brag!"

Gu Tiannan took back his empty storage bag, gritted his teeth and said, ""If you can't set up the formation, I won't let you off easily!"

"Don't worry! I'll definitely make good use of elder Gu's items and not waste your efforts!"

Lin Yi put away the things, satisfied. The feeling of robbing Gu Tiannan was no less than the joy of getting a large amount of elixirs!

Especially when he saw Gu Tiannan's heartache, it made him even happier!

"Don't worry, lil bro Lin. I'll make sure you're safe!"

Huang Yuntian patted Lin Yi's shoulder and said, "Even if the array is useless, I will protect you from the gap!"

In Huang Yuntian's eyes, Lin Yi's strength level was indeed a bit low. No matter how outstanding his combat strength was, it couldn't cover up this weakness. So he already had a plan, and he was going to do his best to protect Lin Yi's safety.

After all, the sky scar grass was still with Lin Yi, and the void pill had to be made by Lin Yi. Unless Huang Yuntian's life was in danger, he would protect Lin Yi even if he was seriously injured.

"Many thanks, big brother Huang! However, I'm not that weak!"

Lin Yi said casually.

Huang Yuntian and the others tacitly did not mention the students they had recruited. If possible, Huang Yuntian wanted to bring them back, but unfortunately, he could not even protect himself.

Even if the spatial tunnel was opened, it would only be for the three of them. The rest of the Xuan Sheng students would not be able to survive!

Fortunately, only a small portion of the students were in the secret plane. The majority of the students were outside and had evacuated before the secret plane opened.

"Tell me, are you going to set up the formation first, or should we open the spatial gap first?"

Gu Tiannan snorted. He just wanted to leave as soon as possible.

"I'll set up the formation first!"

Lin Yi ignored Gu Tiannan and looked up at the crack in the sky. He took out a formation flag and started waving it around, "When I'm done, I'll give you guys a signal. At that time, you guys can work together to open up a gap!"

Huang Yuntian replied and looked at Lin Yi's formation with curiosity. Unfortunately, the formation flags disappeared without a trace after they landed on the ground. In an instant, an independent area was created.

Gu Tiannan already knew that Lin Yi was a master of formations. He only snorted coldly and stood aside without saying anything.

In the next moment, Lin Yi's body moved and entered the formation. The next formation involved the spatial scales, and Lin Yi didn't want them to see him, so he set up a stealth formation first.

Huang Yuntian didn't say anything, and Gu Tiannan couldn't say anything either, but he was cursing Lin Yi in his heart.

After a while, Lin Yi said, "Alright, we can start now!"

Huang Yuntian and Gu Tiannan were ready to go. Hearing Lin Yi's command, they immediately activated all their true Qi and showed their strongest aura. The faint cracks in the space became more obvious with their aura.

Then, the two of them joined forces to activate their martial skills at full force on the crack, instantly tearing a dark gap in the fragile barrier of the secret realm!

Chapter 6934 Safe Return

"Now! Rush out!"

Lin Yi opened up his spatial scales layer by layer, forming a tunnel-like protective layer in the gap. "Hurry up, I can't hold on for much longer!"

Gu Tiannan's old face was extremely serious. He wanted to rush out immediately, but he was worried that Lin Yi would take the chance to trick him. His eyes fell on Huang Yuntian, hoping that Huang Yuntian would be the first to fight.

Huang Yuntian, on the other hand, was so focused on bringing Lin Yi along that he didn't even notice the look in Gu Tiannan's eyes.

"Lil bro Lin, where are you? let's go together!"

Huang Yuntian was anxious. He couldn't see Lin Yi in the formation, so he could only hope that Lin Yi could come out by himself.

"Brother Huang, let's go!"

Lin Yi didn't care if Gu Tiannan left or not. He rushed to the gap and waved to Huang Yuntian, ""We don't have much time, don't waste it!"

Huang Yuntian rushed to Lin Yi's side and circulated his Qi, protecting Lin Yi.

He didn't know that Lin Yi didn't need this kind of protection at all. In terms of safety, Lin Yi was the safest in the entire gap!

Seeing this, Gu Tiannan did not dare to hesitate. He immediately followed and rushed into the spatial gap.

If she fell too far behind, who knew if she'd fall into the little bastard's trap again?

Lin Yi could guess what was on Gu Tiannan's mind, but he didn't want to bother with the old man. If it wasn't for the fact that it was hard to control the spatial scale, it wouldn't be impossible for him to kill old lamp.

"Wait for us, we also want to leave ..."

"Charge! Follow them ..."

When the students nearby saw the three masters leave, they all shouted and flew up, trying to enter the gap. However, just as they approached the dark hole, they were crushed to pieces by the spatial power that spread out in all directions!

Even with the spatial scale, it could only increase the safety of the passage. For the students at the mysterious Ascension stage, if they couldn't even guarantee their own safety, what was the use of the passage's safety?

The whole process was dangerous, but it was completed in the blink of an eye. The three of them were safely in the Great Swamp.

The three of them felt a sense of familiarity when they saw the thick smoke!

"I'm back! It actually worked!"

Huang Yuntian retracted the true Qi in his body and could not help but sigh, ""I didn't expect this trip to the secret plane to be so tortuous! It's a good thing you're fine, lil bro Lin!"

"It's considered a scare but no danger!"

Lin Yi smiled casually, but his sea of consciousness was a little weak.

It couldn't be helped. He had used the spatial scale in the spatial gap before, which had consumed too much of his divine sense. If it weren't for the help of the damn thing, he definitely wouldn't have been able to handle it.

Luckily, this weakness would disappear soon and didn't affect his Yuan spirit body. Lin Yi was relieved.

"Hmph! We're pretty lucky this time, but Lin Yi, you have to remember that I'm only doing this to help you!"

Gu Tiannan was ready to settle the score with Lin Yi after he escaped from danger. He wouldn't be able to live up to all his efforts!

At the very least, he needed Lin Yi to owe him a favor!

"Elder Gu, what does this have to do with brother Lin? It was originally this Lord's matter, and everyone was trying to help this Lord! Alright, this Lord owes you a favor! Don't be conflicted!"

Huang Yuntian laughed. He seemed to be in a good mood.

It wasn't unreasonable for him to be in such a good mood. His goal had been achieved-he'd found the sky scar grass, hidden death sect's elites were trapped in the Great Swamp, and most importantly, Lin Yi was safe and sound. He'd be able to refine the void pill in peace when he returned.

It seemed that he could return to the earth-class Sea area soon!

"President Huang sure is nice to this Lin Yi kid! Lin Yi, you have to repay President Huang. "

Gu Tiannan thanked Huang Yuntian with cupped hands before turning to Lin Yi,"Although President Huang owes this old man a favor for helping you, this old man hopes that you can also remember this old man's good!"

"Hehe ... Elder Gu, you don't have to worry. I will naturally repay brother Huang. As for elder Gu ... I will naturally treat you the same way you treat me!"

Lin Yi's lips curled up, equally emotionless. "Now that this matter is over, let's go and join the main force as soon as possible!"

Zhuang Yifan and the people from Feiyang school should still be at the outskirts of Yunyan Lake, and Lin Yi wanted to make sure that the people he cared about had all retreated safely!

After all, there were still some people who had been sucked into the secret realm, such as the captives from changlai ting.

At that thought, Lin Yi suddenly remembered old man beiming in the secret realm. This idiot first went to hidden death sect, then he wanted to go to green shirt number two. At the last moment, they escaped the cave with the people from hidden death sect and disappeared. He didn't know if they were dead or not.

However, unless they could also find a way to leave, they would die without a doubt! Whether they lived or died would depend on their luck!

After leaving Yunyan Lake, the three found the others quickly. There was no doubt about Zhuang Yifan's ability. Those who didn't enter the secret realm were all gathered together.

Zhuang Yifan had already counted the number of people before. Those who had not returned so far could basically be considered dead. Most of those people were the ones who had outflanked them, and the total loss was about 500.

Lin Yi didn't really mind, since he didn't know anyone from the student body or the student body.

Huang Yuntian and Zhuang Yifan would naturally take care of the aftermath. Everyone boarded their flying spiritual beasts and headed back!

After returning to the college Alliance, Huang Yuntian couldn't wait to bring Lin Yi to his residence, unable to hide his excitement.

"Lil bro Lin, big brother is really depending on you this time!"

Huang Yuntian invited Lin Yi to sit down and poured him a cup of tea, "Under such difficult circumstances, little brother Lin was still able to find the heavenly scar grass. You're really amazing, big brother doesn't know how to praise you!"

"Big brother Huang is too polite. How can a mere heavenly scar grass compare to what you've done for this little brother!"

Lin Yi smiled as he took out a sky scar grass and handed it over. "The most important thing is that all the elites of hidden death sect have been annihilated!"

Lin Yi's words were beautiful, and Huang Yuntian was satisfied. At least he didn't feel like he owed Lin Yi a big favor.

Huang Yuntian jumped in shock when he saw Lin Yi handing the herb over to him. How could he take such a precious item with his bare hands?

"We're brothers, let's not talk about the formalities. I'll keep everything in my heart!"

Huang Yuntian spoke courteously, but he quickly took out an exquisite Jade box. He solemnly received the heavenly scar grass and kept it in the jade box.

In fact, Huang Yuntian didn't know about Lin Yi's Jade space. No matter how good a Jade box was, the sky scar grass couldn't be stored as well as Lin Yi's space.

Chapter 6935 Gu Tiannan Begs

"You're right. There's no need for such polite words between us brothers!"

Lin Yi paused for a moment before changing the topic, "We've lost quite a few students in this assessment. How should we continue with the selection?"

The loss of students was not the main point. The main point was the method to continue the selection!

Although more than 500 people had died, it was nothing compared to the total number of candidates in the recruitment year. It was impossible for everyone to pass the assessment.

And so, Lin Yi was thinking of getting some information for Qin Yue and Jiang He hai!

"It's not that difficult. We originally planned to use killing hidden death sect's assassins to calculate the score. However, all the assassins who had killed hidden death sect's assassins were annihilated. Therefore, we can only proceed according to the original plan!"

Huang Yuntian kept the jade box with a calm expression. He then changed the topic and said, ""What do you suggest, lil bro Lin? You can tell me about it. "

Previously, he had planned to complete the selection as soon as possible so that he could save more time to search for the heavenly scar grass in the secret realm. However, now that he had obtained the heavenly scar grass, there was no need to rush the selection.

To be honest, after obtaining the sky scar grass, Huang Yuntian did not want to stay here to preside over the selection. After all, it was only the selection of the yellow region. He was not very interested.

If it wasn't for Lin Yi, Huang Yuntian might've already gone back to Mystic class sea.

"I've only participated in one assessment, so I don't have any suggestions. "

Lin Yi wanted to give a suggestion, but he couldn't just say it out loud."I was just asking! By the way, do you have any news about the blissful Valley?"

"Speaking of the blissful Valley, you and Yifan said that you were going to send people out to sea to look for those mysterious people, right?" Huang Yuntian asked.

"Yes! It's already in progress, and brother Zhuang has contacted the yellow-class sea route management Association, and they're about to send people out to sea. "

Lin Yi didn't expect Huang Yuntian to be such a smart person. It seemed like their cooperation would be very pleasant in the future.

"Since that's the case, let's have the students go out to sea and search for a fixed Sea area for the first round of the selection! Set the mission as a special product of a fixed Sea area and gather information while you're at it!"

Huang Yuntian held his chin and started to set the rules,""If you obtain special products within the specified time, you will get a basic score. If you obtain useful information, you will get additional reward points!"

If they were just asking for information, there probably wouldn't be any danger. Of course, Huang Yuntian didn't care if a few of them died. He just needed to ensure that the normal number of students was maintained.

The path of cultivation was cruel. Huang Yuntian could no longer remember how many people he had stood out from to reach his current position.

His former companions had either died or were injured, and very few of them could make it to the end.

While Lin Yi and Huang Yuntian were talking, Zhuang Yifan was outside, asking to see them.

Because of Lin Yi, Huang Yuntian also treated Zhuang Yifan as a trusted subordinate, so he invited him in immediately.

"Your subordinate greets the president, brother Lin! I hope I didn't disturb you by coming in such a hurry?"

Zhuang Yifan cupped his hands respectfully. He knew his place in front of Huang Yuntian.

"Yifan, you don't have to be so restrained. We're all family, so relax."

Huang Yuntian smiled warmly and asked Zhuang Yifan to sit down. Then, he said, "Lin Yi and I were just discussing the selection process, you're here just in time! By the way, why are you looking for me?"

"It's like this. The list of casualties from the trip to the Great Lake has been sorted out. I'm here to ask the President how to compensate and compensate these students?"

Zhuang Yifan took out a book and handed it to Huang Yuntian with both hands,"As for the recruitment, this subordinate will listen to president's instructions!"

"En, the Golden sea area is your territory, so you'll be fully in charge of the compensation. I believe that you can do it properly. As for the funds, you can apply for it from the mystic Sea area!"

Huang Yuntian did not take the book and pushed it back,""I was just talking to brother Lin about going out to sea to look for clues, and I wanted to arrange the preliminary round like this ..."

Huang Yuntian then explained his and Lin Yi's plan, which was to use these people to find clues.

"So that's how it is! This subordinate thinks that this plan is completely feasible! Although we've already gathered a group of people, with the addition of the students participating in the selection, the efficiency will be higher. "

Zhuang Yifan immediately agreed with a smile. In fact, as long as it was Huang Yuntian or Lin Yi's suggestion, he wouldn't object to it. This plan wasn't a problem.

"Since that's the case, let's discuss the details of the rules. Then, we'll inform the other parties and have them prepare for the selection!"

Huang Yuntian made his decision on the spot. He even skipped the process of discussing with the other members of the recruitment team.

"Brother Huang, brother Zhuang, I won't participate in this matter. You guys can continue to discuss. I'll take my leave first!"

Lin Yi decided to go talk to Jiang He hai, Qin Yue, and the others-he had to get them into Mystic class no matter what.

However, just as he was about to leave, the old man Gu Tiannan's voice came from outside the courtyard,""President Huang, is Lin Yi with you? This old man has some matters to discuss with him!"

"Haha, what a coincidence. Brother Lin, you said you're leaving. Could it be that you have an appointment with elder Gu?"

Huang Yuntian's smile was a little strange. He knew that Lin Yi and Gu Tiannan didn't get along. If they didn't have the same goal in the secret realm, they might have already started fighting.

"How is that possible? it's a pure coincidence!"

Lin Yi's lips twitched, thinking that he must be out of his mind to have a date with that old fool."Since elder Gu is looking for me, I'll have a chat with him."

Huang Yuntian nodded, not letting Gu Tiannan in but watching Lin Yi leave.

Lin Yi saw Gu Tiannan's face at the door, and it seemed that something had really happened to the old man.

"Elder Gu, you were looking for me?"

Lin Yi didn't want to waste any more time with the old man, "Just say it."

"This isn't the place to talk, how about we change to another place?"

Gu Tiannan looked left and right. Although there was no one around, it was not a secret place like the one in the room.

"It's fine. No one can hear the contents of our conversation. Let's do it here!"

Lin Yi didn't want to waste any more time with Gu Tiannan. He waved his hand and set up a sound barrier. "I'm a very busy person. If elder Gu doesn't want to tell me, then we'll go our separate ways!"

The corner of Gu Tiannan's mouth twitched, and his old face became uglier. "Forget it, if you say it's here, then it's here!"

As he said this, Gu Tiannan subconsciously looked around, especially at the courtyard where Huang Yuntian was!

However, since Lin Yi had already set up a sound-proof barrier, Huang Yuntian probably wouldn't be able to eavesdrop on them. Even if he didn't give Gu Tiannan face, he couldn't not give Lin Yi face.

"Lin Yi, after we're done in the Golden class sea, can you come back to the mountain sect with me?"

Gu Tiannan stammered, and in a rare tone of negotiation, he said, ""You and I can be considered to have gone through thick and thin, right? I don't think it's a problem ... For such a small matter?"

Chapter 6936 You Still Want After-Sales Service?

"Slow down! When did we go through any hardships together? From the beginning to the end, it was just cooperation, each taking what they needed, and you still want me to remember your good, how is that called sharing hardships?"

Lin Yi corrected him coldly. The old man was speaking in such a low voice, so he couldn't be up to anything good."As for returning to the mountain sect with you ... I'm sorry, I'm not free!"

Gu Tiannan's face darkened even more, and he was already cursing in his heart. This stubborn little bastard, he rejected her without even hearing her words!

"Lin Yi, you're done in the Golden class sea, what do you have to do in the mystic class sea? A trip to the mountain sect won't take up too much of your time, so don't be in a hurry to refuse!"

Gu Tiannan suppressed his anger and forced out an ugly smile, ""There's actually no grudge between you and me. This cooperation can be considered pleasant, so we can be considered friends, right?"

Lin Yi chuckled to himself-something really did happen to Gu Tiannan, and he had to go there himself!

However, Lin Yi didn't have much interaction with the mountain sect, so it was easy to guess that the incident with Gu Tiannan's precious grandson had a repeat. Otherwise, why would the old man put down his face and say these things?

"I really can't get close to friends! Elder Gu, if you have something to say, just say it. I'll listen first!"

Lin Yi said ambiguously, a half smile on his face.

Of course, Lin Yi wasn't interested in listening to Gu Tiannan's nonsense at all, but his precious grandson's bad luck could be treated as a joke.

"In fact, the reason why I want you to go to the mountain sect is because of what happened last time! I'll be Frank, there are people in the mountain sect who don't believe my testimony and want to use it to cause trouble!"

Gu Tiannan gritted his teeth. He wasn't afraid of embarrassing himself. He had already gone all out. "I've just received news that someone in the mountain sect has already taken advantage of my absence to stir up trouble and suppress me!"

"Does that have anything to do with me? Our deal has been over since I gave you the testimony. You can do whatever you want for however much money you spend, and you still want after-sales service?"

Lin Yi said, thinking that neither of them were good people-it'd be better if they were both dead."And you want me to provide door-to-door service? I'm sorry, I don't have that kind of free time!"

"Lin Yi, don't be in such a rush to reject me-you can just say how much money you want to spend, but that's fine-how about we do the trade again?"

Gu Tiannan squinted his eyes. Since the relationship card was not working, he would play the interest card."Partners are meant to work together. We can work together again, what do you think?"

"Oh, then why didn't you say that earlier? So much nonsense. Tell me, what's in it for me to go to the mountain sect?"

Lin Yi raised an eyebrow, forcing a smile. "I'll make it clear first. If the benefits aren't enough, you won't be able to hire me! I'm a Mystic level three Alchemist, and I can earn tens of millions of spiritual crystals every minute!"

"Ahem ... You won't be interested in ordinary things. Why don't I tell you a piece of information as a bargaining chip?"

Gu Tiannan really wanted to curse out loud, but he held back his smile and said,""This information is very important to you! Do you want to hear it?"

"What kind of information is so valuable? Elder Gu, you're of noble status, so don't just say that it's important!"

Lin Yi scoffed. One piece of information?

"As you said, with my status, how could I lie to you? It must be very valuable!"

Gu Tiannan looked confident and stroked his beard, "I believe in your character too, Lin Yi, so I'm not worried that you'll turn your back on me after hearing the news."

He started to make things difficult for Lin Yi, but the more Gu Tiannan acted like this, the more Lin Yi believed that the news was reliable!

"Tell me about it. If it's really valuable, I'll judge it myself!"

Lin Yi said slowly, his tone serious. "But I'll make it clear first, if it's worthless, don't even think about asking me to go back with you!"

"Naturally!"

Gu Tiannan smiled in satisfaction. As long as Lin Yi agreed, it would be easy, "Then I'll be direct. Before I came to the yellow region, I received news that The Clearwater School has contacted many schools to target the Feiyang school."

"Just this news? Gu Tiannan, are you kidding me? Who didn't know that the clear flow school was colluding to cause trouble? I've already reported it to brother Huang!"

Lin Yi almost laughed out loud-what the hell was this? "You're an elder of the mountain sect, can't you just stop bullshitting? At least show us something useful!"

"This old Deng should be a little stingy. He's using this outdated information to fool me. He might as well give me some crystals!"

But then again, he seemed to have already taken all of Gu Tiannan's spiritual crystals in the secret realm. No wonder he couldn't take out anything useful.

Even if he still had some good things on him, they would most likely be his trump cards and would definitely not be easily used for trade.

"Don't worry, there's definitely more information!"

Gu Tiannan quickly gestured for her to calm down, ""I can tell you with certainty that the clear flow school has completed their alliance and is now heading to the Feiyang school to question them! When you get back to the mystic division, I don't think the school will still be there!"

Lin Yi's face changed. He didn't go to the school to study, but it was very important to him!

Among them were the Dean and teachers who cared about him, as well as Shangguan LAN 'er who he cared about!

If Gu Tiannan was not lying, then this matter was really serious! However, would Clear Flow Academy really dare to do so?

Lin Yi's thoughts turned and he smiled coldly, "Gu Tiannan, don't be an alarmist! Brother Huang is inside. Why don't we go to him and ask him for confirmation? Brother Huang didn't tell you this information, so where did you get it from?"

"Hahaha, Lin Yi, you're really calm, alright! I'll be honest, the news is true, but if you're not at Feiyang school, Clear Flow school and the other forces won't do anything to Feiyang school. At most, it'll be because of you!"

Gu Tiannan did not feel embarrassed at all, as if he was not the one who had been spouting nonsense. "You can ask President Huang for confirmation. I'm telling the truth."

"Yes, but you've already said that they're just wrangling. What's the point of this information to me?"

Lin Yi hmped, thinking that Gu Tiannan was wasting his time, "I'm sorry, but I think we can cancel our deal!"

"No, no, no, Lin Yi, don't worry, I'm not done yet!"

Gu Tiannan waved his finger. This old man was quite naughty. "The clear stream school won't make things difficult for the Feiyang school, but they'll definitely force you for your whereabouts! And your whereabouts are not a secret. Even if the Feiyang college doesn't say it, Lu Yongming will probably bring people to find trouble with you soon!"

Chapter 6937 Deal Closed

Lin Yi blinked-that was a possibility. That old man from clear flow school almost had a falling out with Feiyang school just to deal with him, so it wasn't strange for him to chase Lin Yi all the way to the Golden Division.

Lin Yi wasn't afraid of Lu Yongming, but chasing him all the way to the Golden class Sea area was still a problem!

"I'm sure you understand the pros and cons of this without me explaining! Right now, the people you care about have all been assigned to the student recruitment team of Feiyang college. Anyone who's interested can tell at a glance that those few golden class students are like dust in Lu Yongming's eyes. No one will say anything for them. "

Gu Tiannan's words hit Lin Yi's soft spot, "How about this, I'll give you the information for free. Our real deal is that you help me, and I'll help you!"

"What do you mean?"

Lin Yi asked without changing his expression. It was obvious that Gu Tiannan had wasted so much time talking nonsense. This was the main point.

"It's very simple. Lu Yongming came to find you because everyone who was involved in the spiritual fire of heaven and earth died, and you're the only one who survived! Then this old man will help you settle this matter. You accompany this old man back to the mountain sect, and we'll have a fair deal!"

Gu Tiannan was very pleased with himself, he was sure that Lin Yi would agree.

"Since you can handle it, why can't big brother Huang? His status is higher than yours, right? With my relationship with him, why would I seek your help?"

Lin Yi looked at Gu Tiannan from the corner of his eyes. Did this old man think he was stupid?

Gu Tiannan did not seem to mind. He smiled and shook his head. "You're really wrong! President Huang can naturally force Lu Yongming to give up, but it won't solve the root of the problem, and it won't change your situation! If he can't do it in the open, he'll do it in the dark. Won't You Be in more trouble? However, mine is different!"

"What you said makes sense. If you really settle it, I'll naturally go to the mountain sect with you!"

Lin Yi nodded, "tell me, why do you want me to go back with you?" Is there any danger?"

"Don't worry about that. I will ensure your safety in the mountain sect. If you lose even half a hair, you can ask me to do it!"

Seeing that his goal had been achieved, Gu Tiannan's frown finally eased, ""I don't need you to take any risks. I just want you to show your face as a witness!"

If it was possible, Gu Tiannan really wanted to kill Lin Yi after he was a witness.

Unfortunately, if something really happened to Lin Yi at the mountain sect, the Feiyang school might just expose the deal between him and Lin Yi, and then he and his grandson would be finished.

So not only could Lin Yi not die, he had to live well.

"Sure. If there's nothing else, elder Gu, then I'll take my leave!"

Lin Yi nodded and removed the sound barrier before leaving.

Jiang He hai and Qin Yue were already waiting for him when he returned to the Feiyang school's base, saving him a lot of trouble.

"Boss! You're back!"

Jiang He hai and Qin Yue quickly bowed when they saw Lin Yi. "We didn't have a chance to talk to boss before, so we decided to come here and wait for you."

Lin Yi had already taken good care of Qin Yue and Jiang He hai in the last tournament, and so Jiang He hai was completely convinced of his boss "abilities.

"There's no need to be so polite. We're all on the same side. There aren't so many rules."

Lin Yi smiled and nodded at the two as a greeting. "Let's sit down and talk. Even if you didn't come to me, I was planning to go to you. "

"What orders does boss have for us?"

Jiang He hai and Qin Yue sat down, but they maintained their respectful posture. ""We'll definitely do our best!"

"Jiang hehai, you don't have to be so serious ... Forget it, I've come to you two to ask about your cultivation progress and to discuss the selection."

Lin Yi looked at the two and asked.

"It's all thanks to the elixir that boss gave us. Our cultivation is naturally twice as effective with half the effort. Now, Qin Yue and I are already at the peak of the late stage of mysterious Ascension, only half a step away from completion. There should be no problem in this selection!"

At the mention of the elixir, Jiang He Hai's face was full of gratitude, but his tone was extremely confident, ""Don't worry, boss, we'll definitely stay in the mystic division!"

"I just don't know if I have the chance to enter Feiyang college!"

Qin Yue chimed in with a smile, then looked sweetly at Jiang He hai.

This was a little too much ... Lin Yi was happy for the two from the bottom of his heart-it was rare for lovers to get together after going through so much.

"As long as you perform well enough, Feiyang college will have a chance too!"

Lin Yi had the idea, but he didn't have the final say in the student body of Feiyang college. He could've just made a decision and it'd be much easier.

"Haha, I'm just saying. Although we really want to be with boss, the standards of the Feiyang college are higher. We don't have much confidence."

Qin Yue shook her head with a smile and held Jiang He Hai's hand. ""The two of us don't want to be separated, so in order to be more confident, we chose to join an ordinary Academy. It'll be bad if one of them gets accepted and the other gets eliminated. "

If either Jiang He hai or Qin Yue failed to stay in the mystic-class ocean, the other would definitely leave as well. They would definitely do something like that.

"The requirements for Feiyang college are not as high as you think, but let's not talk about this for now. We'll talk about it after we pass the selection and go to the mystic division Sea area to take the entrance exam."

Lin Yi respected their choice, but if they were willing to enter the Feiyang school, he would do his best to help!

"You're right. It's too early to think about this. We have to deal with the selection in the Golden sea area first!"

Jiang He hai laughed and asked, ""Boss, you said you wanted to talk to us about the selection? Is it about the matter at the Great Lake?"

The Great Marsh was supposed to be an assessment, but who would have expected an accident to occur? Jiang He and the other selected students were all very concerned about the results.

"Yunyan Great Lake was an accident. This assessment should be scrapped, so a new one will be drafted."

Lin Yi's face turned serious as he started explaining, "President Zhuang Yifan of the Alliance of Academies in the Yellow Sea has been discussing a partnership with the Association of sea routes management in the Yellow Sea. The Alliance of Academies will send people, and they'll send ships to go out to sea to get information."

Although Lin Yi didn't make it a definite promise, Jiang He hai and Qin Yue knew that it was basically a done deal. After all, they heard that Lin Yi was close to both Zhuang Yifan and Huang Yuntian!

Sometimes, Jiang He hai and Qin Yue were glad that they followed such an impressive boss and were able to do well wherever they went! Who would've thought that a student like Lin Yi would be this close to Huang Yuntian?

Chapter 6938 Student Selection Tournament

"We know that. It's because of what happened in the blissful Valley, right? It's been spread around in private. "

Qin Yue's face was a little solemn, and she lowered her voice, ""I wonder who destroyed the blissful Valley so easily!"

"It seems like the speed of the news spreading is much faster than I thought ..."

Lin Yi was starting to get worried-the more the news spread, the higher the chance of the enemy knowing and preparing for it!

Of course, Lin Yi wanted more people to help him, so he couldn't avoid this situation. "It's good that you guys know about it. The new test is related to the blissful Valley incident. "

"You want us to go out to sea to look for clues? The score will be calculated based on this?"

Jiang He hai furrowed his brows and hesitated. ""Boss, it's our duty to help search for clues, but isn't it a little inappropriate to use it as an assessment? After all, I'm afraid that only a few people will find clues, and most of them may not find anything. How do you judge this?"

"That's right, so looking for clues is just a bonus point. The basic rule is to get the special products of the designated area! In order to obtain the mission item, we will definitely search that area. Whether or not we find any clues will depend on our luck. "

Lin Yi explained the rules. Although Huang Yuntian wanted to use these students to help gather the number of people to return the favor, he would not ignore the selection. Otherwise, wouldn't these students form an alliance and cause trouble?

"So that's how it is. There's no problem then!"

Realization dawned on Jiang He hai, and he was even more convinced of Lin Yi's position in Huang Yuntian's heart, his admiration growing!

Changing the rules for Lin Yi's personal matter at the mystic division sea showed just how important he was.

"Go back and prepare well. I'll go out to sea with you. There shouldn't be any more accidents this time!"

After all, it was an accident at the great Smoky clouds Lake. He would definitely not let such a thing happen again.

"Thank you for taking care of us, boss. We'll go back first! You should rest well too!"

Jiang He hai and Qin Yue immediately stood up and bade their farewells. It would not be too late to talk about it when they were out at sea!

"Go, I estimate that you will set off in these two days. You should also adjust your state. Here are some medicinal pills that are suitable for you. Take them!"

Lin Yi took out a few Jade bottles and passed them to Jiang He hai and Qin Yue. They were all elixirs suitable for the xuansheng and mountain split stages.

"Many Thanks, boss!"

Jiang He hai accepted the gift without hesitation-he didn't need to stand on ceremony with Lin Yi's gift, as long as he remembered it.

Lin Yi said that he'd be leaving in two days, but it was actually three days.

All the students were divided into thousands of small teams of two, and then more or less formed into large teams, each heading to the designated Sea area to search.

In addition to the people that Zhuang Yifan had originally gathered, the number of people going out to sea this time was quite amazing. They were densely packed and gathered on the coast, looking very spectacular.

However, once these people were scattered into the sea, they were just a drop in the ocean. They were nothing compared to the vast ocean.

Lin Yi didn't bring anyone else, only Jiang He, Qin Yue, and Jiang He's team. They were driving a small express boat, and there were crew members working on it, but only the three of them were passengers.

According to the mission, the area they needed to explore was near the sea, but there were three small islands within the range, all of which might be the center of the base. Lin Yi was helping them complete the mission, and he was also searching for the small islands.

"Boss, isn't our mission too simple? We're only searching for 3 islands in the sea, and the quest items we're looking for are all common items on the islands. Doesn't that mean we can complete it very quickly?"

Jiang He hai and Lin Yi stood on the deck with the mission item list in their hands. "Why don't we expand the scope and search a little more?"

"There's no need. There are people searching nearby. There's no point in running!"

Lin Yi's mood brightened up as he enjoyed the sea breeze. "If the people from the blissful Valley were really brought to the area we're searching for, we'll definitely be able to find them. But if they're not there, it's useless even if we go."

Jiang He Hai's mission list was indeed filled with items of no value. However, it was precisely because they were of no value that no one would intentionally collect them.

Therefore, it was impossible to find a place to buy it, and no one was selling it. He could only search in the corresponding quest area.

It seemed that Huang Yuntian and Zhuang Yifan had put in a lot of effort to get the information of these special products!

There were nine different items on Jiang He Hai's list, and that was not a lot. Some people even received a list of ten to twenty items.

Of course, this was also based on the size of the island. If the island was small, more items would be set up to be fair.

"I hope we can find some clues this time. Not only will boss's wish be fulfilled, but we can also take the lead in the selection competition!"

Qin Yue was suddenly looking forward to it. If she could really lead this assessment, it seemed possible for her to enter Feiyang college.

The best results in the selection at the Yellow Sea area would also add points to the assessment at the mystic Sea area. This was very important, so it also gave Qin Yue confidence.

"I hope everything goes well!"

Lin Yi was smiling on the surface, but he wasn't very optimistic inside. He hoped that Hao Zili, min huichen, and feiyi were all fine!

The small fast ships sailed through the wind and waves at an amazing speed. Of course, they were still much slower than the ancient battleships. However, it was obvious that the yellow-class sea route management Association had also shown their sincerity this time. These ships were all good.

The journey was calm and peaceful, and with Lin Yi around, even the sea beasts wouldn't bother them. It only took half a day for the three to reach the first island.

"Young hero Lin, this Island is surrounded by submerged reefs. Although we are a small fast boat, we are still in danger of hitting the reefs, so we can't dock ..."

The captain was a forty to fifty year old man with the surname Luo. He had a handsome face, but he was very respectful to Lin Yi, "If you want to get on the island, I'll have to trouble young hero Lin and your noble friend to use a sampan."

"It doesn't matter, as long as we can get ashore!"

If it was Lin Yi driving the boat, he would be able to Dodge the rocks easily, but now wasn't the time to show off his skills.

"That's good! This lowly one will immediately prepare a sampan and personally send the three of you ashore!"

After Captain Luo finished speaking, he immediately ordered his men to get busy. In less than a minute, the sampan was ready.

Although it was called a sampan, it was actually a leather raft. It was covered with wooden boards and could accommodate five or six people without being crowded. It was usually hung on the side of the ship in case of emergency.

Chapter 6939 A Clue

Captain Luo jumped down first, stabilized the raft, and invited the three to board the boat. He then sent them to the island.

"Young hero Lin, I'll wait here. You can go and carry out your mission!"

"Thank you for your trouble, Captain Luo!"

Lin Yi thanked him and brought Jiang He hai and Qin Yue to the island.

The island wasn't big, and Lin Yi released his spirit sense after he got on-the entire island's terrain was reflected in his spirit sea.

The island was not big, at most two or three square kilometers in area. With the speed of the three people, they could quickly explore the entire Island.

"Boss, there doesn't seem to be any special place. It's indeed deserted!"

Jiang He hai looked around and could not help but feel a little disappointed."It seems like we didn't find anything on our first stop!"

Although Jiang He and hai did not know how to use their consciousness to search, the size of the island was enough to use the naked eye.

"That's normal. It'd be strange if we found a clue at once!"

Lin Yi didn't expect to find any clues at the first stop. He sent his spirit sense into the inner part of the island to see if there were any hidden bases.

Unfortunately, he didn't find anything! The small island was just an ordinary Island. It didn't even have a large cave, let alone a stronghold. It also didn't have any strange things like concealment formations.

What a nice little island! The outer area was covered with submerged reefs, and the inner area was deserted. They actually did not set up a stronghold here. This good place was really wasted!

There were three items on the quest item list that were produced on this Island. After going up the mountain, down the sea, and digging holes, he spent more than two hours and finally collected all of them.

Of course, Lin Yi didn't use his spirit sense to help them. He was already giving them special treatment by bringing them along, it would be too much to use his spirit sense to help them cheat.

Soon, they returned to the small express boat and continued to set off for their next destination.

The second island didn't have any reefs around it, but it didn't have a beach to shore on either. The entire Island was surrounded by rocky cliffs, so they had to fly over.

A place like this wasn't suitable to build a base unless they could use flying saucers on a large scale.

As expected, there were no clues on the island. The three of them could only continue to collect the quest items and quickly leave.

"Boss, there's only one island left. If we don't find it ..."

Jiang He and hai looked at their final destination from the bow of the ship, feeling a little indignant. ""The previous missions were very smooth and didn't take much time. Why don't we take a look in the direction of the deep sea?"

The assessment area was basically divided into offshore areas. There were not many arrangements in the deep sea, mainly because the deep sea was too dangerous. The students would encounter some irresistible factors in the deep sea, which could cause the ship to be destroyed and people to die, even if there were no sea beasts.

Jiang He and hai really wanted to help Lin Yi, and so no matter how dangerous it was, they weren't afraid!

"There's no need for that. The deep sea region is too vast. Our small boat won't be able to explore much even if we spend a few months. If we encounter any trouble, we'll just delay your assessment for no reason!"

Lin Yi smiled and shook his head as he looked at the island. "Besides, if someone finds a clue near the sea, we won't be able to come back in time if we go to the deep sea."

"Boss, you're right ... I didn't think it through!"

Jiang He hai thought about it and realized that it was true. He could only smile awkwardly as he scratched his head. "Then let's hope that we can find some clues on this Island! Otherwise, we can only go back and wait for the news!"

As he spoke, the small boat had already cut through the waves and quickly approached the last island.

This was a place with a better environment than the previous two small islands. There were no submerged reefs in the surrounding area, and there was a natural port where ships could dock.

However, the more the island looked like this, the more Lin Yi felt that something was wrong.

And so, after getting on the island, Lin Yi released his spirit sense to cover the entire Island and found a few places that his spirit couldn't go through.

"Interesting! It seems like I really did gain something!"

Lin Yi's heart skipped a beat as he led the two to the nearest spot. "Let's go over there and take a look. There's something you need!"

"Boss is indeed boss. There's nothing that can be hidden from you!"

Jiang He hai praised from the bottom of his heart. He hadn't even seen the uses of the consciousness yet, but he felt that Lin Yi was very strong-as expected of his boss!

"It's actually very simple. You can easily do it in the future!"

Lin Yi said as he brought the two over. They soon found the place where the sacred sense was blocked, and the item that Jiang He sea needed was a vine growing outside the cave.

"There's a cave. Boss, should we go in and take a look?"

However, Jiang He hai was not in a hurry to pick the vines. Instead, he focused on peeking into the cave. "It seems quite deep. There shouldn't be any problems inside, right?"

"Let's take the quest item first!"

Lin Yi lifted his chin and pointed at the vines before walking to the entrance. "There might really be some gains inside!"

As he spoke, Lin Yi had already broken through the Spirit sense shield and sent his powerful spirit sense into the cave.

"Boss, I've kept the things. Shall we go in?"

Jiang He hai swiftly cut off a part of the vine and went up to Lin Yi, "I'll take the lead and see if there are any clues we need inside!"

"Alright, I'll give you a chance to perform!"

Lin Yi didn't really mind-he'd scanned the place with his spirit sense and found no danger in there, after all. It was a rare opportunity for Jiang He and the ocean to show off, so he might as well fulfill his wish.

With Lin Yi's approval, Jiang He hai rushed to the front and entered the cave.

Afraid that something might happen to Jiang He and hai, Qin Yue quickly followed, only half a step behind him. He was on high alert, ready to help at any time, and Lin Yi only smiled to himself.

The cave was rather dark, but it posed no obstacle for cultivators of their strength. Even if Jiang He hai and Qin Yue did not cultivate their spiritual sense, their Six Senses were sharp to begin with, so they quickly arrived at the end of the cave after a few turns.

"It's just a slightly larger stone room! There doesn't seem to be anything special!"

Jiang He hai took out a lighting prop and shone it around, a look of disappointment appearing on his face. ""Boss, it seems like we've really made a wasted trip."

Without any clues, just collecting the quest item would have been a wasted trip for Jiang He hai.

"Not necessarily. There are some traces here. The time left here isn't too old. Someone should have stayed here recently!"

Lin Yi waved his hand and walked to the end of the path, wiping his hand. "Although I don't know if it's related to the person we're looking for, it's still a clue!"

Chapter 6940 Lu Yongming Came To Find Trouble

If someone had only appeared here before, it wouldn't be strange, but it was an ordinary cave, and they had to set up a method to shield their spiritual sense. That was a bit strange!

"Um ... Boss, I didn't see it ..."

Jiang He hai stood beside Lin Yi and looked at it for a long time before scratching his head awkwardly, "Are these traces clues?"

No matter how he looked at it, he felt that it was something insignificant, but it was actually a clue? Boss is boss, he's unfathomable!

"We can count it as a clue. It'll give you bonus points!"

Lin Yi dusted off his hands and turned around, "Let's go to other places. Maybe we can find other clues."  
"

"Oh," Jiang He hai replied, pulling Qin Yue's hand and following Lin Yi. It didn't matter if he didn't understand-as long as his boss said it worked, it would!

After leaving the cave, Lin Yi took the two to check the other three places with the spirit sense shield. From the position, the four spots were spread out in four directions of the island, surrounding the entire Island.

And the traces left behind did seem to point to something.

"Boss, what did you think of?"

Jiang He hai followed Lin Yi to the peak of the island, and couldn't help but ask after looking at the scenery for a while. "Are these useful clues?"

"It can be considered a useful clue!"

Lin Yi's eyes flashed as he pondered, not hiding anything. "From the traces left behind, this Island was originally planned to be transformed into a base or stronghold. However, for some reason, it was abandoned, and the people on this Island left."

"The traces left behind were used to transform the island?"

Jiang He hai was shocked-how could he not see that?" "Then, did you think that this place was easier to find, so you gave up? Or is it because you found a more suitable place?"

"Hehe ... Both are possible, and it might not be done by the people who destroyed the blissful Valley!"

Lin Yi's brows relaxed as he shook his head. "No matter what, this is still a clue. After we go back, we can gather information about the environment of this Island and see if there are any similar islands. Next time, we'll focus on searching!"

With Qin Yue and Jiang He's mission completed, Lin Yi had to go back and make some preparations before going out to sea. He didn't waste any more time and returned to the ship.

By the time they reached the shore, Jiang He hai and Qin Yue's teams were unsurprisingly the first to complete their mission! Not only did he manage to collect all the quest items, but he also brought back a valuable clue!

For now, their selection journey had already started off well. As long as they performed as usual, it would not be a problem for them to enter the Mystic Sea area assessment with top results.

Jiang He hai and Qin Yue went to report on their mission, while Lin Yi left alone. He wanted to ask he Hao if there was any information on a deep-sea Island similar to the one he found before, but he didn't find him.

The old man was always mysterious, and Lin Yi couldn't do anything about it. He could only return to the Alliance of schools to see if Zhuang Yifan had any information.

The Alliance of Yellow Sea class Academies!

Lin Yi felt that the atmosphere wasn't right the moment he arrived-there were two parties at each other's throats outside the gates, ready to start a fight at any moment!

What was going on? Someone dared to come to the Alliance of schools at the Golden class sea? And it's during the selection period of the mystic division sea college?

Lin Yi's suspicions had just risen when his spirit sense scanned a familiar face. He immediately understood!

Lu Yongming!

This old man really did come to the Yellow Sea region. It was obvious that he was here for him. No wonder he dared to confront the people from the Yellow Sea Academy Alliance. After all, he was the Dean of the clear stream Academy in the mystic Sea region. It was normal for him to look down on Zhuang Yifan!

"Hand Lin Yi over, and I won't make things difficult for you. Otherwise, don't blame me for not giving you face!"

At this moment, Lu Yongming was yelling at Zhuang Yifan,"Look carefully, this old man is surrounded by representatives from the schools and Noble houses. You're just the president of the Alliance of schools in the Golden class Sea area, don't put yourself in danger just to protect Lin Yi!"

"Dean Lu! This isn't your Clearwater school. The Alliance of schools in the Yellow Sea region isn't anything special, but you're in my territory, so it's impossible for you to act all high and mighty here!"

Zhuang Yifan laughed coldly, neither servile nor overbearing, hiding needles in the cotton."Dean Lu, do you think you can do whatever you want in the Alliance of Academies and families just because you've got some higher-ups? Then this Lord really has to say sorry to you!"

To be honest, if it was before, Zhuang Yifan wouldn't be so tough. Even if he wanted to protect Lin Yi, he'd do it secretly!

After all, the yellow Class sea Academy Alliance was nothing in front of Lu Yongming's group, but Zhuang Yifan was different now. He wasn't afraid of Lu Yongming at all!

Not to mention that he was about to return to the mystic division as a managing elder, just the Huang Yuntian standing behind Lin Yi was enough to suppress these people easily and happily.

However, Zhuang Yifan did not alert Huang Yuntian. After all, the situation was still under his control. If Huang Yuntian had to step in for everything, then what was the point of Zhuang Yifan?

"You're quite arrogant! This old man would like to see who gave you the confidence!"

Lu Yongming snorted coldly and was about to explode!

Although he knew that Huang Yuntian was in the yellow region, since Huang Yuntian didn't appear, Lu Yongming felt that Huang Yuntian didn't want to get involved.

"Heh...Dean Lu, you're so impressive! Are you treating the Golden class Sea region as your clear flow school's back garden?"

Lin Yi suddenly appeared in the middle of the two groups. He smiled at Zhuang Yifan first, then looked at Lu Yongming coldly."I, Lin Yi, am right here, Dean Lu. What are you going to do to me?"

"Lin Yi! I didn't expect you to dare to appear in front of this old man! Your courage is commendable!"

Lu Yongming was stunned at first, then he laughed out loud. "It's really easy to find it after searching high and low! Since you've delivered yourself to my door, then this old man won't be polite!"

At this point, Lu Yongming's eyes suddenly widened and he shouted,""Speak! Did you kill my good grandson? And the most outstanding genius disciples of each family? Today, in front of so many seniors, if a junior like you dares to quibble, this old man will make you wish you were dead!"

"He's really shameless and invincible! Dean Lu Yongming, do you not care about your old face anymore? No matter what I say, as long as I don't admit that I killed your grandson, it's my excuse, right?"

Lin Yi laughed coldly.
