

## Bodyguard 6951

### Chapter 6951 The Annoying Old Man Gu

As soon as he said this, many people around him looked at him with understanding. Everyone knew about Lu Yongming's confrontation with Zhuang Yifan a few days ago, and it seemed like it was a continuation of that day.

Needless to say, all the votes of trust went to Lin Yi. As for Lu Yongming, the more they looked at him, the more he looked like a two-faced old liar!

The headmaster of the clear stream school was an old swindler. How could he be called clear stream? It was so ironic!

It's as ridiculous as a chastity Memorial Arch!

Lu Yongming felt the malicious gazes around him, and his old face suddenly turned red and black. This time, he was really angry and not pretending to be angry. "Nonsense! Lin Yi, you dare to say you didn't attack me and didn't interfere with the fight?"

"Ha ... Why wouldn't I dare? As for you, the Grand headmaster of The Clearwater School, how dare you say that you didn't use the two loud shouts to influence Qin Yue's actions? Swear that if you don't attack, not only will your grandson die, but you'll also die without any descendants!"

Lin Yi said with a look of disdain. I may not be a match for you in a fight, but Who Do You Think You Are in a fight?

"That makes sense. The Clearwater School's Dean has shouted twice, and both times he has obstructed Jiang He and hai Tianqing's movements. It seems like there's a problem!"

"That's right, I noticed it too! Initially, they were evenly matched, with Jiang He and hai Shui having the upper hand, but every time Dean Lu spoke, the Bai brothers would instantly turn the tables!"

"As expected, there's a little trick. It's really a thief crying thief ..."

The audience around them whispered to each other, and Lu Yongming's old face became darker and darker!

Wayayaya, this is infuriating, too infuriating! Lu Yongming wanted to suppress it, but he was afraid that others would say that he was guilty. He was really angry!

"Lu Yongming, the public's eyes are clear. You can deny what you've done, but you can't stop people from discussing it. The truth is so obvious that there's no point in denying it!"

"I don't know if you've heard of this story, but what you're doing right now is no different from that. I'd advise you to leave before you ruin the school's reputation!" Lin Yi said indifferently.

"Preposterous! Lin Yi, you little bastard, how dare you slander me like this! I'm going to fight you to the death today!"

Lu Yongming knew that continuing to argue would only make the situation worse, so he made a gesture of anger and was ready to kill Lin Yi.

Since Gu Tiannan was not around, as long as he could get to the bottom of this, Gu Tiannan would not turn against him over a dead person.

The crowd was in an uproar. On stage, Jiang He hai and Qin Yue had completely suppressed the Bai brothers, and the battle was about to end. However, the audience's attention was all on Lin Yi and Lu Yongming, and no one cared about the outcome of the battle.

Just quarreling was already exciting enough-if Lu Yongming really wanted to fight Lin Yi to the death, it'd be even more exciting than the small fight on stage!

"Ha ... Are you angry from embarrassment? You even said that you won't rest until you die!"

Lin Yi beckoned to Lu Yongming, "Come here! The Grand headmaster of The Clearwater School, an expert of the shattered Sea, was actually going to fight to the death with a student in the mountain opening stage? It's such an honor to tell others!"

Lu Yongming was speechless. He really did want to kill Lin Yi, but it wasn't good to have the reputation of a bully. If he really did it today, he'd become a laughing stock in the mystic division sea!

If he wasn't careful enough to kill Lin Yi ... He'd be the laughingstock of the next ten years!

After considering these consequences, Lu Yongming hesitated and suddenly felt like he was riding a Tiger and couldn't stop!

"Lu Yongming! Are you making things difficult for Lin Yi again? Could it be that my words are not effective?"

Gu Tiannan suddenly appeared and coldly rebuked, ""You're the headmaster of clear flow school, how did you set an example in front of the students of the Golden sea region?"

"Elder Gu, I didn't mean to pick on Lin Yi, it's just a misunderstanding!"

Although Lu Yongming's expression was ugly, he was relieved in his heart!

Gu Tiannan's appearance gave him a way out. ""This old master will take his leave first!"

Lu Yongming didn't have the face to stay any longer. He beckoned to them and left in a hurry, not caring about what others would say about him after he left.

He had already admitted defeat in front of Gu Tiannan, so it didn't matter if he admitted it again.

Lin Yi wasn't too happy about this-was this old man doing this on purpose? He didn't show up earlier or later, but at this time, he came out to give Lu Yongming a way out?

"Elder Gu, you've come at the right time. Otherwise, who knows what bad things would have happened!"

Lin Yi said with a cold smile on his face. It sounded like he was thanking Gu Tiannan, but everyone could feel that there was something wrong with it.

"Alright, Lin Yi, don't mind him. You still have a lot of things to do, why bother with Lu Yongming?"

Gu Tiannan pretended not to hear Lin Yi's sarcasm and tried to persuade him, "I've just settled your grudges, and if you provoke Lu Yongming again, the loss will outweigh the gain!"

"I usually don't care if people don't mess with me, but if they do, I'll pay them back ten times! Lu Yongming thinks I'm easy to bully, then he's wrong! I've never been afraid of anyone!"

Lin Yi looked at Gu Tiannan with a meaningful look. Although he was talking about Lu Yongming, the meaning was self-evident.

"Young people are young and full of vigor. It's nothing!"

Gu Tiannan laughed drily and changed the topic, ""The two on the stage are your friends, right? They've already won, so why don't you go and congratulate them for entering the top ten!"

To be honest, Gu Tiannan did have some selfish intentions. He wanted to keep Lu Yongming to deal with Lin Yi, so he could only accept Lin Yi's sarcasm. Everything would be clear when Lin Yi left the mountain sect!

"Boss Lin Yi, I'm really sorry for making you worry for us!"

Jiang He hai and Qin Yue came to Lin Yi's side after defeating the Bai brothers-they'd been paying attention to what was going on here while they were fighting.

They were grateful that Lin Yi stood up for them, even going so far as to offend the Dean.

He was the president of clear flow Academy! In the mystic Sea region, there were all big shots who could shake an area with a stomp of their feet!

"It's fine. That old man has a grudge Against Me!"

Lin Yi shrugged, not really bothered."Not bad, you've already entered the top ten! The next step was to fight for the group Championship! After we win the championship, we just need to perform well in the third round!"

"Don't worry, boss. We won't let you down. We'll definitely do our best in the third round!"

"We ... Will definitely be able to follow in boss's footsteps!" Jiang He hai said solemnly. Get into Feiyang college!"

In comparison, boss Lin Yi almost got into a fight with Lu Yongming for her. Entering the school was a small matter-what couldn't he do?

Chapter 6952 He Hao Returns

"Good! Then I'll wait for you at Feiyang college!"

Lin Yi smiled and patted Jiang hehai's shoulder."For the next round of the top 10, you guys continue to work hard. I won't be watching from here!"

"Yes, boss Lin Yi, just wait for our good news!"

Jiang He hai nodded vigorously, patting his chest to indicate that it was no problem.

Lin Yi said a few more words of encouragement to Qin Yue before leaving the area and walking to ni caiyue.

When all the top ten spots were settled, Lin Yi suddenly received news of he Hao's visit. He didn't have time to look at the remaining top ten spots and left in a hurry.

"Lin Yi, I heard that you came to see me. What a pity, I just happened to be away for a while, and I came to see you immediately after I heard that you came. Come, come, come, sit down and talk. "

He Hao started chatting with Lin Yi enthusiastically as soon as he saw him. It was the same taste and the same recipe ...

"President he, I found a small island in the coastal waters. There are traces of a base being built on it, so I wanted to ask if you have any information on a deep-sea Island that has a similar environment to that Island ..."

Lin Yi didn't want to let he Hao Do whatever he wanted, so he quickly told him what he wanted to say first! Otherwise, he might not even have the chance to speak when he Hao started talking about it.

"Information on islands in the deep sea? you've found the right person. We, the Yellow Sea route management Association, may not be able to say much, but we have a lot of say in this area. After all, we need to find new routes every year and explore unknown areas. We need this kind of information."

He Hao nodded with a smile and continued, ""Come on, I'll tell you about the distribution of the small islands in the deep sea, as well as the various dangers that may exist ..."

Lin Yi's scalp went numb. He was most afraid of he Hao saying "simple"-it turned out that every time he said "simple," he was never simple. He couldn't be defeated without a few hours!

"President he, you haven't heard what the island looks like. We can narrow down the search. I don't need information on all the islands."

Lin Yi quickly interrupted he Hao's long story. "We'll look for him specifically. After all, the blissful Valley incident is quite urgent. "

"You're right. Then you go first, I'll listen, and I'll help you find an island that fulfills your conditions."

He Hao didn't insist and told Lin Yi to continue. They had plenty of time to talk.

Lin Yi wiped off his cold sweat-it was a good thing he'd managed to stop he Hao from talking, or he wouldn't even be able to get a word in tonight.

After that, he gave a simple description of the island's environment, as well as the characteristics of the surrounding sea. In a few words, Lin Yi had a rough outline of the island.

He Hao nodded thoughtfully and said after a moment of thought, ""I understand now. You think that such a small island would be the first target of the other party, but the offshore area is not ideal, so they moved to the deep sea! Not bad, that's a good idea!"

Lin Yi didn't say anything else, prepared to be showered with he Hao's saliva.

"Let's analyze it first. Why did they choose such a small island as their base? is there a possibility that they will choose a different environment? After all, there are tens of thousands of islands in the deep sea. Perhaps they have many other choices ..."

Once he Hao entered the state of a Chatterbox, he couldn't stop talking!

Lin Yi had to admit that the old man's words did make sense-it would be even better if he didn't have all that bullshit!

After six hours, he Hao finally stopped for a moment. He picked up the teacup and drank the tea that had turned cold. "I've analyzed so much. Do you have any opinions? you can also say it. Don't just listen to me. Let's discuss it together!"

Lin Yi's mouth twitched-he wanted to say something, but she had to give him a chance! Alright, now he finally had a chance!

"I think you're right, but do you have any available information? I want to take a look and find an island that meets the requirements."

Lin Yi said in one breath-as long as he had the information, it'd be much more useful than all this bullshit.

"Of course we do, but it's all confidential information. Only the higher-ups of the aviation Administration are allowed to see it. Although we have a good relationship, we can't make an exception!"

He Hao put down his teacup and said with a smile, ""Are you disappointed? Hahaha, it doesn't matter. Although I can't show you the information, I can tell you! All the information is in my head, don't worry!"

"That's good!"

Lin Yi's mouth twitched-it was a smile, wasn't it? How long would it take for him to read the information? Two hours was the most he could do!

But for he Hao, was one day and one night enough?

It was hard to say! After drinking a cup of herbal tea, he Hao, who had finished his warm-up exercise, started his invincible mountain-chatting mode!

The sky turned dark, the sun rose, and the sky turned dark again ...

Lin Yi's face was full of helplessness. He was in despair and on the verge of breaking down. It'd been so long, but he hadn't heard much useful information. Instead, he'd learned about many special islands in the deep sea that no one knew.

But those were not what he needed at all! Master he, can't you say something useful?

"Aiya, I almost forgot that I have something to deal with. Let's end it here!"

He Hao suddenly slapped his forehead, as if he had thought of something urgent.

Lin Yi was shocked-she was leaving after all this time?

"No, President he, I haven't found an Island that meets the requirements yet. You can't just leave like this. At least give me a confirmation!"

Lin Yi's forehead was covered in cold sweat-he'd been listening to you for an entire day and night, at least say something useful, right?

He Hao scratched his chin and looked confused. ""Didn't I mention an Island that meets the requirements? Heya, I'm getting old and my memory isn't that good. I thought I said it before!"

Lin Yi didn't know what to say-what the f \* ck? did you have a bad memory? I said you'd repeat the same thing for a day and a night. If your memory isn't good, who else can?

From now on, he would never be able to chat with he Hao again!

"Wait, I thought of a place that fits the island you described, but we can't go there now!"

He Hao didn't waste any time this time. He thought for a while and found his target. "If we're talking about using it as a base, that place is quite suitable! However, I'm not sure if they can enter. "

"Why can't I? Was it because of the sea fog? Or was it because of the sea beast clan in the deep sea? Or are there other dangers?"

Lin Yi's heart skipped a beat-his instincts told him that this was the place he was looking for. "President he, when you say you can't go, do you mean that you can't go, or that everyone can't go?"

Chapter 6953 Turbulence In The Sea

"I don't know about the others, but the ships of the sailing route management Association can't get in."

He Hao shook his head and continued, "we could have gone over to the island, but a strange turbulence appeared in the sea. No matter if it was ships or flying spirit beasts, they would lose their way and leave in circles. In serious cases, they would disappear and never be heard again!"

Bermuda Triangle!

Lin Yi's first thought was that the common world was called the sea of death. Some people said that it was an alien base, but according to Dafeng bro's information, Central's base was nearby!

And so, Lin Yi thought of central again when he heard that there was a similar sea here.

"Strange turbulence? Is it naturally formed or man-made?"

Lin Yi frowned. If it was man-made, it was almost certain that it had something to do with central.

"I don't know. We thought it was a natural phenomenon. After all, all kinds of strange things are happening in the deep sea. But now that you've said it, it's possible that it's man-made. "

He Hao's eyes suddenly lit up. After a short pause, he said seriously, "If it's man-made, then the island inside must be the target you're looking for! Come, let's do a simple analysis ..."

"President he, let's not analyze for now. Don't you still have something to do? Give me the location of the island, I'll go over and take a look. "

Lin Yi's scalp tingled as he quickly interrupted he Hao. After a simple analysis, he estimated that he didn't need to go anymore. The entrance exam would be over by then!

"You can't get in even if I give you a seat. The turbulence there is too strange. Even if you take the ancient warship, there is a risk of the ship being destroyed and people dying."

He Hao shook his head, looking worried. "Of course, you can go and take a look, but don't get close to the turbulence. Once you fall into it, it's all up to luck whether you can come out or not! We can have a simple chat about how we can save ourselves if we fall into it ..."

"No need, I swear I won't sail into the turbulence. Just tell me the location!"

Lin Yi wanted to knock uncle he unconscious. Why didn't you finish your business earlier?

She finally knew why he Hao was often away from the airline management Association. He would probably chat with people for a day or two every time he went out to settle some business before going back!

"Young man, you're so impatient. Alright, alright, prepare a pen and paper. I'll draw the route and Sea area for you!"

He Hao mumbled to himself. Finally, he stopped talking nonsense and started to get to the point.

Lin Yi didn't dare to waste any time-he quickly got pen and paper and started helping the old man with the drawing, afraid that he'd come up with something he'd like to talk about ...

After a while, Hao finished drawing the map, and Lin Yi didn't hesitate to burn the bridge after crossing it. He looked respectful on the surface, but in his heart, he was sending Hao He out of the Alliance.

Lin Yi finally let out a huge breath of relief after sending he Hao off.

She didn't expect chatting to be so tiring. Thinking about it, she really felt sorry for Zhang jinmiao and Shangguan LAN 'er. They had spent so many days with he Hao before. How did they survive?

Lin Yi couldn't wait to leave now that he had a lead, but he should say goodbye to Zhuang Yifan before leaving.

"Brother Zhuang, I'm preparing to go out to sea to search. I'll have to trouble you to help me keep an eye on the selection."

Lin Yi and Zhuang Yifan got straight to the point. "What's Jiang hehai and Qin Yue's final group?"

"Your two friends are very good. In the end, they won first place in the group. With the basic full score and the reward points from the clues in the first round, they are far ahead in the overall score of the two rounds. As long as they maintain a moderate score in the last round, they can be guaranteed to be among the top."

Zhuang Yifan complimented him, then continued, "There's also your little girlfriend, ni caiyue. Her final results are not bad either. She's ranked sixth in the top 10 in the group. Her partner, mu Xiaoxiao, is even better. She can always take care of her."

"Brother Zhuang, you must be joking. Ni caiyue isn't my little girlfriend ..."

Lin Yi explained. It didn't matter if Zhuang Yifan believed him or not. "Since that's the case, I have nothing to worry about. I'll take my leave."

"How long will you be out for this time? Aren't you going to inform President Huang and elder Gu?"

Zhuang Yifan reminded him out of goodwill. After all, they were two great gods from the mystic Sea region, and it was best not to offend them if they could get along well. "I'm not in a hurry anyway, so why don't I go with you?"

"Forget it. Isn't brother Huang in seclusion? there's no need to disturb him. Maybe he won't be out of seclusion by the time I return. As for Gu Tiannan ... We're not friends. We've only made some deals for benefits, so there's no need to pay him any attention!"

Lin Yi waved his hand. He was willing to risk his life for his friends and brothers, but he didn't want to deal with someone like Gu Tiannan, who wasn't even a friend.

Zhuang Yifan shook his head with a bitter smile. He knew Lin Yi's personality pretty well, so he didn't say much, "Whatever you say, then I'll send you out!"

"No need, I'll leave by myself. Brother Zhuang, you can go ahead with your work. I might be back in a few days!"

Lin Yi smiled and cupped his hands in farewell. He didn't ask Zhuang Yifan to send him off, and Zhuang Yifan didn't force him either.

After leaving the exam grounds, Lin Yi rushed to the beach.

The cooperation between the college Alliance and the sea route management Association had not ended. Although the student selection had ended, the people gathered by Zhuang Yifan in advance were still searching the sea.

There weren't any big boats, but there were plenty of small ones. Lin Yi bought a small express boat and set off for the deep sea alone.

In fact, Lin Yi didn't need a boat. It would be faster to fly there, but it was more convenient to use a small boat to hide.

With Xiao Yan's Pearl in the sea, the sea beasts would not come looking for trouble.

After entering the deep sea region, there were no more humans around. Lin Yi put the small fast ship into the Jade space and used his ghost speed wings to fly in the air and follow Hao's map.

With that, his speed increased by several times, and he soon arrived at the turbulent area Hao was talking about.

Lin Yi observed for a while. It was just as he Hao said-there was turbulence in the sea and in the air as well. Anyone who wanted to use an aerial spirit beast to enter would most likely be tricked!

Lin Yi, on the other hand, didn't have to worry about that. With his essence spirit body's invisibility, he could basically ignore more than 99% of physical attacks and magnetic fields. Whether it was the turbulence in the sea or in the air, none of them were a threat to him.

Chapter 6954 Ding Yi Reappears

Lin Yi stopped for a moment outside the turbulence before flying in without hesitation.

I've finally found the place. Let's take a closer look and see if it's related to the center!

After entering the area, Lin Yi realized that there were indeed some strange places that could make people lose their way.

Lin Yi sighed. Luckily, he'd been under the influence of that thing recently, and he'd done some research on space. This was no problem at all.

After flying for a while, Lin Yi's eyes opened up-the turbulence was gone, leaving behind a clear sky and a beautiful island with clear water and sand.

He found it!

Lin Yi could tell with one look that this was the island Hao was talking about!

This was because the terrain and environment here were very similar to the small island from before. The only difference was that although this small island was not big, it was at least three to five times bigger than the island near the sea.

He hoped that he could find the real clue here!

Lin Yi's spirit sense covered the entire Island.

As expected, there was a hidden base in the middle of the mountain. Lin Yi's spirits lifted, but he was also depressed-there was no one in the base!

Moreover, the interior of the base was severely damaged. It didn't look like it was used normally and looked more like an abandoned place.

Could it be that it was an empty joy again?

Lin Yi was very disappointed. He flashed and appeared inside the base, planning to walk around and see if there were any clues he missed.

There were many traces of destruction here that were not too old, and the dust on the items was very thin. Based on this, it could be inferred that this place had been abandoned for no more than two months!

If it was two months ... It might have something to do with what happened in the blissful Valley!

Lin Yi frowned as he pinched his chin, deep in thought.

Could the people from the blissful Valley have been here before?

It was a pity that no useful clues were left behind. Any place that could reveal a flaw had been completely destroyed, perhaps because of this, it looked somewhat dilapidated.

Lin Yi walked around the base a couple of times, making sure that he'd come for nothing. He couldn't find anything, so he gave up and prepared to leave.

Their only clue was cut off. If they continued to look for similar islands, they might not find anything.

Should he go back and ask he Hao again, or should he continue to ask Zhuang Yifan to send people out to search for him?

Lin Yi was about to leave when he felt something strange behind him, as if he was being followed.

With the strength of his current spiritual sense, there was actually someone who could get close to him without him knowing?

"Who's there?!"

Lin Yi said in a low voice as he quickly turned around, ready to attack. "Ding Yi?"

Lin Yi couldn't help but be surprised when he saw the person in front of him. He didn't expect to see Ding Yi here!

This guy ... The information he'd received earlier was right, but Lin Yi felt that something was wrong. Who was he to suddenly appear here?

"It's really a small world! Lin Yi, we meet again!"

Ding Yi chuckled and stepped forward to greet him in a familiar manner. "It's fate that we've met. Are you interested in taking care of my small business today?"

"We are indeed fated. I didn't expect to see you here. How did you get in? Could it be that you are familiar with this place? Are there any other passages?"

Lin Yi squinted his eyes and looked at the man.

The turbulence outside was not something that ordinary people could pass through. He had only been able to enter smoothly because of the characteristics of his primordial spirit body.

What did he, Ding Yi, have?

"Hahaha, how did I get in? that's a trade secret. If you really want to know, how about ..."

After saying that, Ding Yi rubbed his fingers and made a gesture that everyone understood. ""A small business?"

"How is this a small business? it's clearly a business without capital!"

Lin Yi was a little speechless-this guy really did sell everything he had."Forget it, I'm not interested in how you got in!"

"What a pity. I thought I could close a deal with you just like that. You're an acquaintance and a regular customer, so I can give you a 20% discount. You really don't want to know?"

Dingyi was like a peddler trying his best to sell his goods, and only changed the topic after seeing Lin Yi's lack of reaction."How was the news last time? It's accurate enough, right?"

Lin Yi raised an eyebrow-he was going to ask her about that, but she picked it up herself.

"Yes, it's accurate. Hidden death sect has indeed gathered most of their elites at the Great Swamp. However, their target is not me! I say, manager ding, you're not trying to trick me on purpose, are you?"

"That can't be! This is a small business, and integrity is the most important. If I cheat my customers, won't there be no returning customers? That's not how you do business!"

Dingyi immediately shook his head like a rattle. ""There must be a misunderstanding!"

"I don't know if there's a misunderstanding, but because your information was wrong, I almost died in the Great Marsh and lost hundreds of lives. How do you think this debt should be settled?"

"Hmph!" Lin Yi hmphed, "are you trying to sell me fake information?"

"I'm wronged, I'm so wronged! I've always emphasized that integrity is the most important thing, and I will never do anything that will damage my reputation!"

Ding one's face was full of grievance. Suddenly, he changed the topic. "It was really a mistake this time. My sources of information did not mention hidden death sect's true objective. In the end, I found out that they had gathered in the great foggy Marsh for the secret realm inside!"

"So you know about the secret plane?"

"Are you going to say that you only got the news after the incident?" Lin Yi asked with a half-smile. I just want to know, how did you get the news after that? As far as I know, not many people have survived in the secret plane!"

In fact, Lin Yi only knew that three people came out of the secret realm-Huang Yuntian, Gu Tiannan, and himself!

"You don't have to test me. These are trade secrets. I won't sell them even if I have money!"

Ding Yi shook his head and smiled again. "There were indeed some small problems with the hidden death sect. However, the final result was not bad. At least you destroyed hidden death sect, right?" su mo said.

Lin Yi hmped. He didn't want to talk about this anymore.

Although there were some issues with the information, it was just as the other party had said. Hidden death sect had indeed been almost exterminated.

From the looks of it, Ding Yi might not be related to hidden death sect.

"Tell me, what information do you want to sell this time?"

Lin Yi's mind raced, and he decided to test the waters. If dingyi really did have other information for sale, it would mean that he was right. "You claim to be selling information that others want to know the most. I'm looking forward to it!"

Chapter 6955 News Of Zhang Liju!

"Young master Lin, have you finally decided to take care of my small business? Don't worry, I won't let you down!"

Ding Yi's face lit up with joy, but his next words were like a heavy bomb. ""I heard that young master Lin is looking for Zhang Liju? I have news of him, I wonder if young master Lin is interested?"

"What? You have news of the pill God and medical Saint?"

Lin Yi's heart skipped a beat-he thought he'd hear something about this abandoned base, but it was Zhang Liju! "Ding Yi, don't lie to me. If the information is wrong, you know my personality!"

"Young master Lin, you must be joking. It seems like I need to remind you that honesty is the most important thing! It's definitely real!"

Ding Yi revealed a hint of arrogance, but he immediately became Philistine again. ""Of course, if the information is valuable, young master Lin has to pay the corresponding price!"

"Speak! What's the price?"

Lin Yi didn't say anything and stared at Ding Yi coldly. As long as he could find Zhang Liang, he didn't care if he had to give up everything!

"Let's not talk about this for now. Look at how much importance young master Lin places on this matter. There can't be any mistakes in the information! I won't hide it from young master Lin, but I'm not 100% sure about the pill God and medical Saint Zhang Liju. Although it's pretty accurate, we can discuss the deal after it's confirmed. "

Ding Yi muttered to himself for a moment, then actually swallowed his words.

"You're playing with me?"

Lin Yi's face went cold, ready to fall out. "I told you, this is an extremely important matter. Don't lie to me!"

"I'm not lying. When you return to the mystic class sea, I can personally take young master Lin to that place. I'll pay you after I confirm it. How about it?"

"I shouldn't have told you this so early," Ding Yi said, waving his hands. "Wait until you get back to the mystic division Sea area. Then, everything will be fine."

"Then why did you mention the divine alchemy doctor?!"

Lin Yi's anger still hadn't subsided-it wasn't easy to get information on his master, but it was all for nothing. "Ding Yi, if you do this again, don't blame me for turning my back on you!"

"Alright, alright, I mentioned the divine Alchemist and Holy doctor to make you believe in my small business! Now, I'm going to tell you the news of the official sale!"

Ding Yi laughed, not taking Lin Yi's threat to heart. "I have information on this Island. Is young master Lin interested?"

Lin Yi thought, that's right!

You suddenly appeared on this small island. It's unbelievable that you didn't sell any information about the island!

"You knew I was interested, so you came to me, right? Don't beat around the bush, just say it!"

Lin Yi didn't want to haggle with him anymore, but it didn't cross his mind that this might be the real reason why he brought up Liju.

Using Liju, who Lin Yi cared about the most, to raise his expectations, and then hitting him with the stick, and then bringing up the current lead, made Lin Yi lose interest in bargaining.

Compared to Zhang Liju, the news on this Island was not even worth mentioning!

"Alright, this information is worth a stalk of heavenly scar grass. Young master Lin doesn't have any objections, right?"

Ding Yi narrowed his eyes and smiled. He extended a finger and stated the price of the information calmly.

To him, the heavenly scar grass was like cabbages on the side of the road. It didn't seem to be precious at all, as if anyone could take out eight to ten of them.

Lin Yi's heart skipped a beat. This Ding Yi was quite something, he even knew about Lin Yi's sky scar grass.

Other than Huang Yuntian, Lin Yi didn't tell anyone else about this. Even Huang Yuntian didn't know how many sky scar grass he had.

Huang Yuntian would most likely think that he had obtained the only heavenly scar grass.

"You want the heavenly scar grass? Are you preparing to break through to the heaven breaking stage?"

Lin Yi didn't say yes or no-he started probing for more details."I didn't expect manager ding to be a super expert!"

"What expert? young master Lin thinks too highly of this one. Sky scar grass is something that this one's customer needs. You should know that our Chamber of Commerce will sell anything. As long as you need it, this one will do everything in my power to fulfill your request."

Ding Yi laughed so hard that no one could tell if he was telling the truth. "I know that young master Lin has the heavenly scar grass. However, this information is confidential and I will not sell it to the public. So, young master Lin, don't worry!"

Lin Yi's mouth twitched-this guy was supposed to sell everything, but he kept it a secret and didn't sell it to the public-why was it so hard to believe?

"Good! A heavenly scar grass! Deal!"

Lin Yi pretended to hesitate, gritting his teeth as he said yes.

Lin Yi didn't know how Ding Yi knew he had sky scar grass, but he couldn't let the profiteer guess that he had a lot.

Even if Ding Yi was sure that Lin Yi still had more, he'd still suspect that there were only one or two left.

"Great! I like straightforward customers like young master Lin the most. Don't worry, if the information is useless, I won't take a single cent of compensation!"

Dingyi was overjoyed. He patted his chest and said, ""Honesty is the foundation, I'm honest with all!"

"Alright, hurry up and tell me your news. Don't blow your own trumpet!"

Lin Yi frowned. He'd just accepted Hao's inhumanely long-winded speech, and he really didn't want to waste time talking to him.

"No problem, your request is my mission!"

Ding Yi shouted a slogan pretentiously, then continued, ""The base on this Island is very mysterious. It was difficult to get close when we used it before, and many disc-like flying objects came in and out. They don't look like spirit beasts, but I don't know what they are."

Lin Yi's heart skipped a beat. Flying saucer? This was indeed Central's base!

"Chairman ding, where did the people on this Island go? Does the blissful Valley incident have anything to do with the people here?"

Lin Yi quickly asked. This was related to the central base, and it might be related to the destruction of the blissful Valley!

"That's another piece of information. It's not included in the price just now!"

Ding Yi chuckled and twirled his right index finger and thumb. ""If young master Lin needs it, we can discuss another deal! But I'll have to say first that we'll only get more information after we get back to the mystic region. There's nothing more for us to sell now. "

Profiteers!

Lin Yi cursed inside-it was just one thing, and they had to split it up into several parts! What the hell was that?

The people of the blissful Valley couldn't have been taken to the mystic-class Sea area, could they?

At that thought, Lin Yi suddenly realized what Ding Yi was trying to say-the blissful Valley people were taken to Mystic class sea!

Chapter 6956 News About The Blissful Valley

"What is the value of this information?"

Lin Yi asked calmly, thinking about how to get some information out of him. "Will you give me the information as long as I return to the mystic division?"

"We'll talk about the price of the information later. As long as young master Lin returns to the mystic-class Sea area, I'll naturally find you to complete the deal!"

Ding Yi chuckled and didn't give Lin Yi a chance to ask for information. He cupped his hands casually. "I'll take my leave today. I look forward to our next meeting! By then, young master Lin will be a regular customer of my alternate account. As a high-class vip, I'll definitely give you a discount!"

Lin Yi curled his lips subconsciously. Discount? To hell with the lies!

I've long seen through your unscrupulous nature, and you're specialized in ripping off regular customers!

Without waiting for Lin Yi's reply, dingyi's figure flickered and disappeared!

There was no sound, no trace, as if the person had never appeared in front of Lin Yi, as if everything was an illusion!

Lin Yi was extremely shocked. How many people under the heaven breaking stage could do this under his spirit sense?

The terrifying and Mysterious D1!

But it was because of this that Lin Yi had more confidence in Ding Yi.

At least from the accuracy of the two reports, it was worth looking forward to. Lin Yi could also confirm that Ding Yi wasn't from hidden death sect!

"Oh right, I have a piece of information for young master Lin!"

Lin Yi was still in the middle of lamenting when dingyi suddenly appeared again, without warning. "The blissful Valley's people are safe for now. Young master Lin, you've been searching in the yellow region, but it's useless! Well ... Because it's free information, I can't guarantee that it's completely true. It's up to you to believe it or not!"

Before he could finish his words, Ding Yi disappeared again!

Ding Yi came and went without a trace. If he was an assassin of hidden death sect, how many people in this world could escape from his sneak attacks?

Lin Yi didn't give up and used his spirit sense to search carefully, even using his space scale, but he still couldn't find any traces of Ding Yi.

He didn't know if the other party had used some kind of mystical movement technique or some unknown escape technique.

Next time, he could ask Ding Yi if there was any possibility of this thing being sold.

As for Ding Yi's last piece of information, he couldn't guarantee that it was true, but Lin Yi's instinct told him that it couldn't be fake. Connecting this to his previous guess, it was very likely that the blissful Valley people were taken to Mystic class sea.

It seemed that he had to bring up the matter of returning to the mystic-class Sea area. However, this way, it would not be good to drag Gu Tiannan on. When he returned to the mystic-class Sea area, he would have to go to the mountain sect with him!

"So many things ..." Lin Yi rubbed his forehead and turned to leave the abandoned base.

There were no more valuable clues here, and there was no point in staying. Lin Yi went back the way he came, took out a small express boat near the coast, and returned to the Association in the Golden class Sea area.

After returning the boat, Lin Yi didn't go look for he Hao, afraid that he'd be dragged back for another day or two. He returned to the Alliance immediately.

In the meantime, the third round of the selection had ended. Qin Yue from Jiang He sea had passed the selection and was ranked first in the overall results.

After getting the bonus points from the mystic division Sea area test, it shouldn't be a problem for him to enter Feiyang college.

Ni caiyue and mu Xiaoxiao had also obtained a place for the assessment and could go to the mystic class Sea area.

But when Lin Yi came back, all the students had already dispersed. They went back to do their own things, and would set off together when it was time to gather.

"Brother Zhuang, you'll be coming with us to the mystic division sea, right?"

Lin Yi went straight to Zhuang Yifan to ask about the results of the selection and his personal arrangements. "Have you arranged everything in the Golden class Sea area?"

"That's right, I'll go back with you guys. It's all thanks to you that I can finally return to the mystic division sea!"

Zhuang Yifan laughed out loud. He was in a good mood. "When we get back to the mystic division, they'll send someone to the Yellow Division to preside over the Alliance. The handover can be done there. Everything has been arranged here."

"Brother Zhuang, I already said you're welcome. We're brothers, so don't be so formal!"

Lin Yi waved his hand, suddenly remembering something. "By the way, brother Zhuang, the people you arranged to search the sea can be withdrawn. President he Hao can also be done with his task."

"Brother Lin, did you get any results from your trip?"

Zhuang Yifan was a little surprised. He thought that Lin Yi didn't get anything since he only went out for a few days, so he didn't want to ask.

She didn't expect Lin Yi to have done it without a word.

"I guess not!"

Lin Yi sighed, not knowing where to start. "I can't be sure where the people from the blissful Valley are right now, but according to the clues, they might have already gone to the mystic division Sea area. So, it's pointless for us to waste any more manpower in the Yellow Division Sea area,"

"Do you know who did it? It's not easy for so many people to enter the Mystic class Sea area!"

Zhuang Yifan's face suddenly turned serious. Even as the president of the Alliance of Academies in the Yellow Sea, it was impossible for him to get a group of people into the mystic Sea without being noticed.

It was obvious that the mastermind behind the blissful Valley incident was very powerful!

"We have a preliminary suspect, but we can't be completely sure, so we still need to continue investigating!"

Lin Yi waved his hand and decided not to hide anything. After all, this was a brother he trusted. "I suspect that central is behind this. Although I don't know what their goal is, with Central's ability, it is indeed possible to do all this!"

"Central is indeed a mysterious organization! Although we didn't find anything in the yellow-class Sea area, you asked Hao Zili to bring us the news. It's possible that our search was not strong enough!"

Zhuang Yifan furrowed his brows. He did pay attention to the information about the bio-Warriors Lin Yi sent over, but he didn't get anything.

"There's nothing we can do about this. We can only take it slow in the future!"

Lin Yi didn't know what to do-Central's people were like ghosts, causing trouble everywhere. He'd established a certain amount of influence, but it was still too early to go against them. "By the way, has big brother Huang come out of seclusion yet?"

Huang Yuntian had been cultivating in seclusion for many days. He didn't know if he had gained anything. Once they reached the mystic class sea, he would need to come out and deal with the central region.

"The president hasn't come out of seclusion yet. He should be coming out in the next two days!"

Zhuang Yifan answered casually. He was not too sure himself. "You're looking for President Huang to talk about central?"

"Ah ... It's time to let brother Huang know about the central region, but there's no need to rush it. It's not too late to talk about it when we return to the mystic division sea."

Lin Yi smiled as he shook his head.

Chapter 6957 Promotion Failed

As they were talking, Lin Yi's spirit sense saw Huang Yuntian walking over.

It really was the devil!

However, Huang Yuntian's worried expression meant that he was not in a good mood.

"Yifan, little brother Lin is here too. I was just thinking that you might be here."

Huang Yuntian's face relaxed a little when he saw Lin Yi. He smiled and greeted the two, ""Did anything happen during my closed-door cultivation?"

"Big brother Huang, did your closed-door training not go well?"

Lin Yi didn't answer. He didn't need to ask to know that Huang Yuntian was in a bad mood. If everything went well, he wouldn't be in this state, "No progress?"

"That's right ... It wasn't easy to obtain the heavenly scar grass, but it was wasted!"

Huang Yuntian sighed softly as a rare look of melancholy appeared on his face, ""Although I've gained some insights, I haven't found the opportunity to break through ..."

"Brother Huang, don't worry. Breaking through requires accumulation, how can it be achieved overnight? When you accumulate enough, you'll naturally be able to break through!"

Lin Yi consoled Huang Yuntian, thinking that he had to hurry up with the void pill. Otherwise, he would be a burden to Huang Yuntian when he returned to the mystic division Sea area.

"When the water flows, a channel will be formed ... It's easier said than done! Lil bro Lin, big brother is counting on you this time. Once you've refined the void pill, I'll have another chance to fight!"

Huang Yuntian shook his head."If I can't advance with the void pill, then who knows when I'll be able to return to the earth-class Sea region!"

Lin Yi couldn't help but chuckle. He was just thinking about making the void pill, and Huang Yuntian brought this up. It seemed like they had developed a tacit understanding!

"Don't worry, big brother Huang. The void pill is just a small matter. After this matter is over, we can open the furnace and refine the pill on the way back to the mystic Sea region!"

"Are you serious, lil bro Lin? You can start the furnace to refine pills soon?"

Huang Yuntian was overjoyed. His main purpose for coming here was to ask about the void pill. His mood immediately brightened, ""We're going back to the mystic division Sea area? then ... Brother Lin, are you not going to care about the blissful Valley?"

"President, there's been some progress with the blissful Valley. Brother Lin went into the Yellow Sea and found some clues. I think the people from the blissful Valley have been taken to the mystic Sea."

Zhuang Yifan quickly explained. Huang Yuntian was his friend because of Lin Yi, but they were more like a superior and subordinate. Zhuang Yifan was clear about this, "So, before the recruitment team returns to the mystic Sea region, brother Lin can free up some time to focus on refining the void pill for the president."

"I see!"

Huang Yuntian almost blurted out, "great!" She'd have offended Lin Yi a lot if she hadn't changed her course at the last minute.

Other people's Affairs were not settled, and you were cheering for your own affairs. Could you still be brothers and friends?

"Brother Lin, the mystic division Sea area is your big brother's territory. As long as it's within the mystic division Sea area, I'll definitely help you find those people from the blissful Valley!"

Huang Yuntian patted his chest. Even if he wasn't confident, he had to act like he was.

"Thank you, brother Huang. This matter really needs your great assistance!"

Lin Yi nodded. With Huang Yuntian's help, it was a thousand times better than looking for him alone.

"We're all brothers, no need to thank me! Moreover, this matter should be my responsibility as the president of the Alliance of Academies. It can't be considered as helping. "

The more Huang Yuntian said it, the more Lin Yi would accept it. "Oh right, the ingredients for the void pill have all been prepared. It just so happened that one of my subordinates sent me a set, so I have four sets of ingredients now. Brother Lin, take it!"

As he spoke, a storage bag was handed to Lin Yi. Although Huang Yuntian looked calm, Lin Yi could already feel the urgency in his heart.

"Alright, don't worry, big brother Huang. I won't let you down! I'll go back today and prepare to refine the pill. I'll definitely be able to refine the void pill before we reach the mystic Sea!"

Lin Yi promised seriously as he kept the storage bag.

"Brother Lin, you don't have to be too nervous. Take your time. Even if you fail, it doesn't matter. I still have people collecting materials. If you fail this time, just treat it as a practice to gain experience. It's okay!"

Although Huang Yuntian was anxious about the void pill, he spoke with great confidence.

After all, everyone knew how difficult it was to make the void pill. Lin Yi had never made the void pill before, so it was normal to lose all four sets of ingredients.

Unfortunately, the void pill's ingredients could not be easily gathered. No matter how much time Huang Yuntian spent, he had only managed to gather four portions.

If it were an ordinary expert in the shattered Sea, it would be extremely difficult for him to gather enough.

"Hehe ... Brother Huang, do you not have enough confidence in me? You're already comforting me even before the fight started. I'm not that weak!"

Lin Yi smiled and shook his head, patting his chest. "Brother Huang, if you only have one set of ingredients, I can't guarantee that I'll be able to make the pill. But if you have four sets of ingredients, I can only say that I'll take care of the void pill. Brother Huang, you can just wait to continue your closed-door cultivation!"

"Hahahaha, I misspoke. What nonsense are you talking about? I have absolute trust in lil bro Lin's abilities. I'll start preparing for a new round of closed-door cultivation then!"

Huang Yuntian laughed heartily. Lin Yi's confidence had infected him, and he couldn't help but feel more confident.

Perhaps, he could really break through to the heaven breaking stage this time!

"There's no time to waste, I'll go back and prepare to refine pills. Two elder brothers, you can take your time to chat, this little brother will take his leave first!"

Lin Yi stood up and cupped his fists. Huang Yuntian and Zhuang Yifan also stood up to see him off. They only said their goodbyes once they were out of the door.

Lin Yi saw Li Xiaomeng running around in circles outside the base, mumbling something to herself.

He wanted to pretend that he didn't see it and directly dodged over, but Li Xiaomeng was one step ahead.

"Junior Brother Lin, you're back! Why didn't you say hello when you saw Senior Sister?"

Li Xiaomeng saw Lin Yi and was pleasantly surprised. She appeared beside him in a flash, "I heard you came back from outside. Senior Sister has been waiting for you here."

"Is there something you need?"

Lin Yi frowned, his tone neutral. "If you have something to say, just say it! I don't have time to chat. "

He didn't have a good impression of Li Xiaomeng, but ever since they came to the Golden sea area, Li Xiaomeng's attitude had been pretty good, so he could talk to her a little more. Otherwise, he wouldn't have paid her any attention.

"Junior Brother Lin is really heartless. Why does Senior Sister have to look for you? Can we just have a casual chat?"

Li Xiaomeng looked at Lin Yi resentfully. If she didn't see how fierce Lin Yi was to nie Xiaohu, she might really be confused.

Chapter 6958 Refining The Void Pill

"You can 't!"

Lin Yi dodged around Li Xiaomeng, "I'm in a hurry to refine a pill for President Huang. I don't have time to chat with you!"

Lin Yi didn't want to say the second half of the sentence, but Li Xiaomeng pulled his arm and he said it out of nowhere.

Perhaps he wanted to use this as an excuse to get rid of Li Xiaomeng's pestering, or perhaps he wanted to use Huang Yuntian's identity to suppress Li Xiaomeng. It was almost the same anyway.

"Junior Brother Lin, you're so amazing! Even President Huang needs your help in pill refinement!"

Li Xiaomeng's face suddenly showed an expression of worship, and her eyes were shining with little stars. "President Huang is definitely one of the top figures in the mystic Sea. Since he specifically came to you for alchemy, it means that your alchemy skills are also at the top of the mystic Sea, right?"

"What do you want?"

Lin Yi was getting a little impatient-he'd have slapped her already if it weren't for the fact that she was a girl, and yang Dian was the one who'd pester her like that!

"Alright, alright, Lin Yi-junior has something to do, so I won't stop you. Go do your thing, we'll talk after you're done!"

Perhaps it was because of Huang Yuntian that Li Xiaomeng finally gave up on Lin Yi, but the bitter expression on her face was getting thicker and thicker, making her look like an abandoned woman ...

Lin Yi couldn't help but shiver, goosebumps rising all over his body. Did Li Xiaomeng take the wrong medicine?

Since Li Xiaomeng was willing to let him go, Lin Yi naturally had no reason to stay. He quickly entered the camp and went straight to the courtyard.

Li Xiaomeng's current state was much more destructive than her previous arrogance. At least Lin Yi would rather face ten of the old Li Xiaomeng 's, at least he could deal with them in one wave ...

When Lin Yi returned to the yard, he had already put Li Xiaomeng to the back of his mind. In order to make the void pill in peace, he had to set up an array to protect the yard.

It was a simple task, and it only took a few minutes for Lin Yi to set up the defensive formation. He then took out the automatic refining device in the living room and started inputting the recipe.

The void pill was the highest level pill he'd ever made, and Lin Yi wasn't sure if he'd be able to succeed.

If only han Jingjing was here. No matter how difficult the pill was, it would not be a problem.

After inputting the recipe, the liquid crystal screen showed the curves of the pill. Lin Yi studied it for a while and calmed down.

From the looks of it, even though the difficulty had increased, the automatic pill-refining God tool had not failed. Completing the void pill's refinement was not a problem.

Lin Yi opened the Shennong cauldron and threw all four sets of void pill materials in. He then transferred the refinement fire and started making the void pill.

The Qi and spirit Fire were being used alternately, and sometimes at the same time. Lin Yi focused all his attention on it, not daring to make any mistakes.

Huang Yuntian thought that Lin Yi's refinement was the same as other refiners, refining one set of materials once. He thought that it didn't matter if he failed once, twice, or three times-there was still a fourth chance!

What they didn't know was that Lin Yi was only planning to make it once. Success meant maximum profit, and failure meant nothing.

As the pill refinement process progressed, some strange fluctuations gradually appeared in the room.

It was clearly a normal space, but it gave people a hazy illusion, as if the space that was originally invisible and untouchable had now become a layer of gauze, as if it could be torn apart with force.

Lin Yi's mind was completely focused on the Shennong cauldron, so he didn't notice the changes around him.

This meant that the void pill was successfully made, and the effects were starting to show some form of realization. If Lin Yi could get a feel of it, it'd be a great help for his future.

But if Lin Yi really did that, this whole batch of void pills would be wasted ...

As time passed, the spatial phenomenon slowly disappeared and was all absorbed into the Shennong cauldron. The time for the pill to be formed was approaching.

Lin Yi's expression was serious as he focused on the void pill. He controlled the curve perfectly to ensure that he could complete the refinement successfully.

After another hour or so, the Shennong cauldron suddenly emitted a rich pill fragrance. The pill-refining curve had finally completed the final short distance.

The void pill was formed!

Lin Yi's face relaxed instantly. He opened the Shennong cauldron and waved his hand. Six black, half-transparent pills floated in the air, controlled by his pure Qi. They formed a small circle.

Each pill had a beautiful pill Halo circulating around it. Although it couldn't be said to be gorgeous, it had a kind of ethereal and mysterious aura.

Four special-grade, one high-grade, and one medium-grade!

Lin Yi was quite satisfied with this result-he'd gotten six void pills out of four sets of ingredients, and four of them were special grade-what more was there to ask for?

After admiring it for a while, Lin Yi took out six Jade bottles and put the six void pills in them. He then took out the other herbs and prepared to make some other pills.

The entire void pill process took less than a day-this speed might scare people, so Lin Yi decided to stay for a few more days to make it seem like it wasn't going to be easy for him to succeed.

Twenty days later, Lin Yi couldn't even remember how many pills he'd made, but it was almost time for the students to leave for the mystic division. He put away the Shennong cauldron, removed the formation, and walked out of the yard.

As soon as he came out, he saw Huang Yuntian and Zhuang Yifan waiting outside the door. He didn't know if they had just arrived or had been here for a long time.

"Brother Huang, brother Zhuang, what are you doing?"

"Are you protecting me?" Lin Yi quickly cupped his hands.

"That's right. I'm worried that someone might disturb you while you're concocting, so I dragged Yifan along to guard you and chat with you."

Huang Yuntian laughed heartily. He did not hide his nervousness towards the void pill,""Seeing how happy lil bro Lin is, shouldn't this big brother be happy too?"

"It's been hard on the two brothers to protect me. I naturally can't disappoint brother Huang. The pill has been successfully refined!"

Lin Yi smiled as he took out a Jade bottle and handed it to Huang Yuntian with both hands, ""The void pill is here. Brother Huang, you can prepare to go into seclusion after returning to the mystic-class Sea area!"

Although Huang Yuntian had already expected this, he was still excited when he saw the Jade bottle. He extended his hands and received it solemnly.

Zhuang Yifan quickly congratulated Huang Yuntian, ""Congratulations to the president for obtaining the void pill. Your promotion to the heaven breaking stage is just around the corner! It's a pity that once the president is promoted, he will be promoted back to the earth-class Sea area. If that's the case, it won't be easy for this subordinate to continue asking for help at any time!"

Zhuang Yifan turned to Lin Yi. "Lil bro Lin, I've gained a lot of benefits during the days you were in seclusion. The president gave me a lot of guidance, and my progress was several times faster than if I were to cultivate on my own."

Chapter 6959 Li Xiaomeng's Confession

Lin Yi believed him, because Zhuang Yifan had just broken through to the sea Rift realm, while Huang Yuntian was a half-step to the heaven breaker realm.

A lot of experience in the sea splitting stage was very precious to Zhuang Yifan!

With Huang Yuntian's guidance for more than twenty days, it was indeed much better than Zhuang Yifan fumbling around on his own.

"Then I'll have to congratulate you too, brother Zhuang. Maybe you'll be able to break through again when you return to the mystic division!"

Lin Yi was genuinely happy for Zhuang Yifan. "We'll both be in the mystic division in the future. The more powerful brother Zhuang is, the more glory I'll be able to get!"

"Lil bro Lin, you're joking. If you want to talk about taking advantage of someone, it's me, your big brother, who's taking advantage of you!"

Zhuang Yifan laughed out loud. If it wasn't for Lin Yi, he would still be stuck in the earth-splitting stage and wouldn't have the chance to return to the mystic division sea. He wouldn't be able to reach the sky in one step and become a managing elder in the mystic division sea.

Speaking of basking in Lin Yi's light, Zhuang Yifan knew that he did indeed bask in Lin Yi's light, and it would continue to be so in the future.

This wasn't a joke-with Lin Yi's potential and momentum, his future was limitless!

As the two of them were talking, Huang Yuntian had already carefully opened the Jade bottle. When he saw the void pill in the bottle, his eyes widened and his pupils contracted. He could not help but exclaim in a low voice, ""A special grade void pill? How is that possible?"

How difficult was it to refine the void pill? It could be seen from the fact that the mystic alchemists didn't dare to try it.

To be honest, Huang Yuntian had already mentally prepared himself. It would not be a surprise if all four sets of materials were wasted. Being able to refine a low quality void pill had already satisfied his expectations!

If he was lucky enough to obtain a medium-grade void pill, it would definitely be a pleasant surprise.

Special-grade! This had simply gone beyond the scope of surprise. It was almost a frightening existence!

Just how terrifying was Lin Yi's alchemy? The void pill of such high difficulty could actually be refined into a unique grade pill?

At this moment, Lin Yi's importance in Huang Yuntian's heart rose to another level. With such amazing skills, even if he was in the heaven breaking stage, he could still leave many of his needs to Lin Yi.

A powerful Alchemist was definitely more valuable than a powerful expert!

"I was just lucky, I was just lucky!"

Lin Yi waved his hand humbly. Although Huang Yuntian hadn't started complimenting him yet, Lin Yi still felt that he should be humble.

"Lil bro Lin, this isn't a pill that can be concocted just by luck. I'm really curious, just how strong are your alchemy skills, or are there any pills that you can't concoct?"

Huang Yuntian let out a breath and calmed himself down. He kept the Jade bottle carefully, ""No matter what, this big brother really has to thank you properly, little brother Lin. With this special grade void pill, this big brother's promotion to the heaven breaking stage is almost certain!"

If it was low-tier or mid-tier, Huang Yuntian could only say that he was confident in breaking through. High-tier was extremely confident, and super-tier was a sure bet!

After all, even though the heavenly scar grass did not help Huang Yuntian break through, it did help him accumulate a lot of energy. With the addition of the unique grade void pill, everything would be smooth sailing!

At this time, Huang Yuntian wished he could go into closed-door cultivation immediately. Unfortunately, the day of his return to the mystic class Sea region was just around the corner. It was not suitable for him to rush into closed-door cultivation. He could only wait until he returned and make preparations for his breakthrough.

"This little brother is also very happy to be able to help big brother Huang. As for the medicinal pills that I can't refine, there are too many of them! The path of alchemy is as vast as the ocean, and I only know a little about it, so I can't be considered powerful!"

Lin Yi chuckled dryly. Without the Shennong cauldron, or perhaps without Han Jingjing, he wouldn't even be able to make the most basic of pills. He wasn't being humble when he said he knew a little—he was just putting on an act.

"No matter what, brother Huang's breakthrough is what this little brother is most happy about! By the way, when are we leaving?"

Lin Yi believed what Ding Yi said, that the people from the valley were safe for now, but he didn't want to waste too much time. He had spent so many days making elixirs, and he was at his limit.

"Tomorrow! If you hadn't come out, we would've delayed it for a few more days, but there's no need for that now. "

"Is there anything else you need to do before we leave the Yellow Sea?" Zhuang Yifan asked. If you need any help, just let me know. "

"There's nothing else ... It's best if we can go back as soon as possible!" He said.

Lin Yi sighed and shook his head, "I wanted to find time to visit the other islands ... But I'll think about it later!"

Lin Yi had planned to go back to the Middle Island and the North Island, but the blissful Valley incident and hidden death sect took up most of his energy.

In addition, there were some small matters such as the selection and refining pills for Huang Yuntian. He really could not get away from the middle and North Islands.

"If that's the case, then we'll go back to the mystic division as planned tomorrow!"

Huang Yuntian nodded. He wanted to go back and break through, so he naturally had to help Lin Yi.

"Lil bro Lin, I'll go make arrangements for tomorrow's departure. I'll take my leave first!"

Zhuang Yifan was still in charge of the affairs in the Yellow Sea area, and there was no room for any mistakes.

"I'm going back too. Brother Lin, you've been refining pills for so long, and you've used up a lot of true Qi. You should take a good rest. It's not too late to talk about anything else later. "

Thus, the three of them agreed to meet again the next day. Huang Yuntian and Zhuang Yifan then left separately.

Lin Yi was just about to turn around and enter the house when he saw Li Xiaomeng coming over.

"Lin Yi Junior Brother, you've come out! I just saw President Huang's jubilant look. Have you successfully refined the pill he needs?"

Li Xiaomeng smiled, completely ignoring Lin Yi's cold expression, "We're going back to the mystic division Sea area tomorrow. Junior Brother Lin, you're really timely!"

"Does it have anything to do with you? If there's nothing else, please leave!"

Lin Yi still didn't give Li Xiaomeng a good look. He felt a little strange that her follower, Qie Xiaohu, wasn't with her recently.

"Junior Brother Lin, you said you were busy last time because you had to refine pills. Now that you're done, you should have time to talk to me, right?"

Li Xiaomeng looked at Lin Yi bitterly, "is Senior Sister that annoying?"

"Yes! You're just making me impatient!"

"I've just finished making elixirs," Lin Yi said coldly, "I'm exhausted and want to rest." You and I are just students of the same Academy, and we don't have any special friendship, so don't bother me if you don't have anything important!"

He was already being very polite-if it were someone like nie Xiaohu or yang Dian, Lin Yi would've taught them a lesson already.

"Junior Brother Lin! I know we had some misunderstandings before, but all this time, Senior Sister has been trying very hard to resolve them!"

Li Xiaomeng's eyes were full of sadness. She bit her lip and tried to come up with an excuse, ""I'll make it clear today, Junior Brother Lin. I have a good impression of you ... Yes, I like you, so I'm willing to lower myself again and again ... I just hope you can understand my feelings!"

Chapter 6960 Qin Yue's Old Flame?

"I understand!"

Lin Yi nodded with a cold face, "I appreciate your kind intentions, but I don't like you. It's impossible between us, so you don't have to waste your time on me. Nie Xiaohu is the most suitable person for you!"

Lin Yi felt a little awkward after saying that. What did Li Xiaomeng and nie Xiaohu have to do with him? What was the point of saying this?

"Junior Brother Lin, don't be in such a hurry to reject me. If you're only worried about nie Xiaohu, there's really no need to!"

Li Xiaomeng's face turned pale, obviously not expecting Lin Yi to reject her so directly without any hesitation. However, she still wanted to make one last effort, ""Nie Xiaohu and I are just elders in the family. I've never liked him. The person I like has to be a hero who is much stronger than me. Nie Xiaohu doesn't fit that criteria ..."

"That has nothing to do with me. I already said that I don't like you and it has nothing to do with anyone else, so you don't have to waste your breath! Moreover, I'm not some unrivaled hero. There are many people stronger than me. "

Lin Yi waved his hand roughly and interrupted Li Xiaomeng, "I'm sorry, I need to rest. If you have nothing else, please go back!"

For this woman, perhaps a simple and direct rejection was the best choice, so that she would not have any fantasies and continue to pester him.

Lin Yi had a lot of female friends around him. In terms of looks, Li Xiaomeng was pretty, but she wasn't even on the list. In terms of personality, she was extremely bad. They couldn't be compared at all.

There was no way Lin Yi would fall for someone like this!

Li Xiaomeng's face was pale and her eyes were filled with despair. She mustered up the courage to confess to Lin Yi, but Lin Yi rejected her mercilessly ... What should she do next?

Lin Yi didn't give Li Xiaomeng time to think about what to do. He went back to his room and closed the door. He didn't believe that Li Xiaomeng would be able to break in!

Li Xiaomeng really didn't have the courage to continue pestering him. She paced back and forth in front of the door a few times, and finally left resentfully.

He didn't know what would happen in the future, but he probably wouldn't disturb Lin Yi for a while.

In the time that followed, Lin Yi had a rare moment of peace and quiet. During this time, Jiang He hai and Qin Yue came to visit him once, and they went their separate ways after having a meal together.

The next day, the students who passed the selection set off together with the recruitment team, heading to the teleportation array in a grandiose manner.

Huang Yuntian brought Zhuang Yifan to drink and chat with Lin Yi, so the journey wasn't lonely.

Huang Yuntian didn't leave immediately after returning to the mystic division sea. He wanted to go back and break through immediately, but he still had to finish the final test. Since he wanted to do Lin Yi a favor, it wouldn't be too late to go back after this.

With Huang Yuntian's supervision, the progress of the mystic division sea Academy's assessment was quite fast. It was the final two-person team advancement competition.

Jiang He hai and Qin Yue had the advantage of points in the Golden class Sea area. As long as they won one more round, they would be able to reach the admission point requirement of Feiyang college.

Lin Yi's heart was set-Qin Yue and Jiang He's opponents in the next round were just two average golden class kids-they weren't much of a threat to them.

As long as they performed normally, the two of them could instantly kill their opponent at any time.

Unfortunately, this match was destined to be unusual, as Jiang He hai and Qin Yue's opponents were two familiar faces!

Qi Dong, Chen Qiang!

These two were the second generation of cultivators in Qin Yue's original Academy. With the protection of the elders in their families, sufficient resources, and smooth sailing, they had improved their strength, and Qin Yue had once been their plaything!

"Yo, yo, yo, if it isn't Qin Yue! Long time no see, you've become even more beautiful!"

Qi Dong whistled frivolously, a lecherous smile hanging on the corner of his mouth. "I couldn't believe that you'd be the number one in the Golden class Sea area, but now that I've seen you face to face, it's really you. My longing for you has not been in vain!"

Qin Yue's pretty face was as pale as a sheet of paper. When she saw Qi Dong and Chen Qiang, she already had a bad feeling, and the result came true!

The dark past that she wanted to forget and cut away from the most was now exposed in broad daylight because of the appearance of Qi Dong and Chen Qiang!

Chen Qiang pulled on Qi Dong's sleeve nervously, glancing at Lin Yi's position below the stage.

The two of them knew Lin Yi's background very well, and provoking Qin Yue was only for the sake of winning this battle.

Although Morning Star Mystic Academy had preferential treatment when accepting students from Morning Star yellow Academy, they still needed enough points to take in the top students. They wouldn't take in everyone.

Those who didn't meet the requirements would still be sent back to the yellow-class Sea area to re-cultivate!

Qi Dong and Chen Qiang were quite lucky. They did not encounter any strong opponents all the way until the most crucial match!

It was Qin Yue, the strongest combination of the Yellow Sea region!

Under normal circumstances, Qi Dong and Chen Qiang knew that they were no match for Jiang He hai and Qin Yue, which was why they had such evil thoughts.

Lin Yi frowned. He didn't have any memories of these two people, but he knew what kind of people they were from their tone.

Although everyone knew about Qin Yue's past, it would still have an impact if she was exposed in front of them.

Qi Dong was also a little apprehensive, but there was no turning back. Since he had already decided to do it, there was no reason for him to stop halfway!

Gently patting away Chen Qiang's fingers, Qi Dong maintained his annoying smile and said, ""Qin Yue, as the saying goes, 'one day as husband and wife, a hundred days as husband and wife, and a hundred days as deep as the sea'. Chen Qiang and I have deep feelings for you, do you have the heart to hit us?"

Qin Yue's body shook a few times and almost fell to the ground.

Even with Qin Yue's tenacity, being humiliated in front of so many people almost made her collapse, especially in front of Jiang He and hai.

The dark past was a thorn in Qin Yue's heart. Now that this thorn had been repeatedly stabbed, her heart was full of holes and blood!

Lin Yi's face was as cold as ice, a flash of killing intent in his eyes!

Are these two idiots tired of living? Don't you know that Jiang He hai and Qin Yue are my people?

A Morning Star Mystic class school, what a strong backing! Did they really think that no one would dare to touch them?

Jiang He Hai's face was equally cold, but he did not flare up. Instead, he reached out to hold Qin Yue's hand and felt the cold temperature of her palm.

"Don't be afraid, I'm here!"

He spoke softly and gently like water. It was the complete opposite of the expression on his face!

Just these five words made Qin Yue's heart surge with warmth, and her eyes instantly became wet.

"Oh, oh, oh, so you've forgotten your old love after getting a new one. Could it be that you feel that us brothers haven't served you enough, so you want to find a few more lovers?"

Qi Dong smiled suggestively as he continued to utter humiliating words that all men knew.
