

Bodyguard 6971

Chapter 6971 Life-Risking Protection

Wang dingtian's mouth corners twitched. "I knew you were going to sh * t the moment you stuck out your butt. How dare you play this trick with me?" he thought.

However, Wang dingtian had always loved his youngest daughter, so he couldn't bear to scold her. He rolled his eyes and said, ""Then you can say hello and leave immediately."

She pulled Wang shiqing by her collar and moved closer to Lin Yi, but she didn't let go of her.

Wang shiqing was furious. Why are you grabbing my collar? I'm not a kitten or a puppy, do you dare to put me down?

Unfortunately, she didn't dare to say this to her father, for fear that he would throw her out ...

"Brother dingtian, third elder, this Lin Yi is a cunning and cunning bastard. He's definitely up to something, and he's trying to harm house Wang! This old man feels that keeping his body will always be a disaster!"

Lu Yongming rolled his eyes and ignored Wang shiqing. He said righteously, "The Miss is young and innocent, she'll most likely be the target of that Lin Yi bastard's lies. To protect the Miss, I think you should send Lin Yi's body away as soon as possible!"

Wang dingtian and the third elder looked at each other and saw through each other's eyes that the anglerfish had bitten the hook!

"Hey, old man Lu, what are you saying? Lin Yi big bro isn't like that!"

Wang shiqing waved her hands and legs in the air, baring her fangs and claws, but it was a pity that she didn't have any intimidation. She looked like a kitten or puppy."And this is our Wang clan's territory. Why are you randomly interrupting?"

"Shut up! You little girl, you're getting more and more unruly! Do you really want me to teach you a lesson?"

Wang dingtian scolded her in a low voice and put a restriction on Wang shiqing so that she couldn't speak for the time being, ""Dean Lu, please don't mind my daughter's nonsense. Please continue to analyze for us!"

That expression and tone, in the words of the secular world, was "Wanwan, come come come, here you go, please start your performance!"

Lu Yongming coughed twice and took the opportunity to sort out his words.

Although his shamelessness skill was quite deep, his ability to talk nonsense was still a little lacking. He had to think about it carefully.

"Think about it, Lin Yi left his body here for a reason! Otherwise, why would he take such a risk? The separation of the corporeal body and the primordial spirit is not a fun thing!"

"That makes sense ..."

Wang dingtian and the third elder chimed in, thinking that Lin Yi had a reason for leaving his body behind-they wanted to keep his body!

Of course, Lu Yongming couldn't know about this, or else the show wouldn't be able to continue!

"Although I can't guess Lin Yi's evil intentions, this matter can't be underestimated. Leaving his body alive is a disaster!"

Lu Yongming felt that his brain wasn't enough and couldn't continue to talk nonsense, so he could only reveal his true intentions."Brother dingtian, third elder, why don't you let me deal with his body? no matter what he is planning, let him come at me. What do you think?"

"I'm afraid that's not appropriate!"

The third elder was already very willing to do so, but he still appeared to be in a difficult position."Lin Yi's still our Xiao Qing's friend. Dean Lu's guess makes sense, but it's not enough to prove that Lin Yi really has bad intentions towards house Wang ..."

"That's right, Lin Yi's still a guest of house Wang-it'd be immoral of us to just give his body away!"

Wang dingtian also chimed in. The two of them sang and sang together with great tacit understanding.

"The two of you are overthinking. Actually ..."

Lu Yongming suddenly paused, frowning as he thought for a moment, and then he smiled. ""Forget it, let's not beat around the bush and just get straight to the point! We've known each other for many years, there's no need to go around in circles!"

Wang dingtian and the third elder looked at each other and smiled without saying anything, letting Lu Yongming do whatever he wanted!

Come, come, come, continue your performance!

"Why is Lin Yi's body in house Wang? I won't explain the reason-I'm a straightforward person. Just tell me, what are the conditions for you to give Lin Yi's body to me?"

Lu Yongming was probably too lazy to make up more lies, so he went straight to the negotiation stage.

The third elder held his long beard and didn't say anything. Wang dingtian pretended that he didn't hear anything and carried Wang shiqing to the parent and child education!

Lu Yongming's mouth twitched. He felt like he'd fallen into house Wang's trap, but in order to get Lin Yi's body, he'd let it be!

"Brother dingtian, third elder, I'll use these things to exchange for Lin Yi's body. What do you think?"

A storage pouch was handed over to the third elder. The abundant resources within it moved even the third elder of the Wang clan.

It seemed like Lu Yongming's hatred towards Lin Yi wasn't just for show!

The third elder didn't answer after checking the storage bag, but handed it over to Wang dingtian for him to decide whether it was suitable or not.

In fact, they could've just handed Lin Yi to Lu Yongming if they didn't have anything. After all, it was like throwing a hot potato to Lu Yongming-they were solving the problem for house Wang.

But it was naturally better to be able to make a fortune!

Wang dingtian looked at it and was very satisfied. He said a few more words and decided to sell Lin Yi's body to Lu Yongming!

Lu Yongming was overjoyed-he finally got Lin Yi's body! He could finally get half of his revenge for his grandson!

After destroying Lin Yi's body, his essence spirit would no longer have anything to rely on-let's see what Lin Yi can do!

Lu Yongming had a ferocious smile on his face as he raised his palm towards Lin Yi's body. He couldn't wait any longer and wanted to destroy Lin Yi on the spot!

"Don 't!"

Wang shiqing shrieked, and a small figure jumped onto Lin Yi, protecting him in her arms.

Wang dingtian carried her to Lin Yi's side, giving Wang shiqing the chance to risk her life to save him. Even Wang dingtian didn't expect his precious daughter to do this for Lin Yi!

The head of the Wang family was caught off guard, and he couldn't catch Wang shiqing. Lu Yongming hated Lin Yi to the core and wanted to turn Lin Yi into dust with one strike, but when Wang shiqing appeared, he couldn't stop!

If this hit landed, Lin Yi's body would be destroyed, and Wang shiqing would disappear with him!

To beat the little princess of the Wang family to death ... Without even leaving a corpse behind ... Just thinking about it made Lu Yongming break out in a cold sweat!

At that time, the entire clear stream Academy would be destroyed by the Wang family, let alone the Dean!

At the critical moment, Lu Yongming risked the backlash of the force and forcibly withdrew 90% of his strength, while the remaining 10% was barely shifted from his vital point to his shoulder.

Chapter 6972 Body Destroyed!

Wang shiqing's actions were instinctive in a moment of desperation. She didn't think about protecting herself at all. With her little true Qi, she couldn't protect herself at all, unless she could activate the defensive array in advance.

10% of Lu Yongming's attack power fell on Wang shiqing's young shoulder, and there was a crisp sound of bones breaking and tendons snapping. Fortunately, it wasn't her vital point, so she was still alive.

Wang shiqing spat out a mouthful of blood, dyeing Lin Yi's face red.

If this attack had hit Wang shiqing's back, she would have died immediately!

"Little Qing!"

Wang dingtian rushed forward and held Wang shiqing in his arms. He immediately put a healing pill into her mouth and transferred his genuine Qi to dissolve the pill.

"Miss Wang!"

Lu Yongming was also very anxious. As soon as he opened his mouth, he felt something sweet in his throat, and he couldn't help but spit out a mouthful of blood. He forced himself to stop, and he inevitably suffered some injuries, but compared to Wang shiqing, it was not worth mentioning.

If something happened to Wang shiqing, Lu Yongming would be in deep trouble ... He might not even be able to leave the Wang family!

Therefore, Lu Yongming's anticipation for Wang shiqing's safety was no less than Wang dingtian 's!

The third elder and Wang dingtian appeared by Wang shiqing's side almost at the same time. They reached out to check her pulse and the injury on her shoulder, and then they let out a long sigh of relief.

"No harm! It's just a minor injury, I'll be fine after a period of recuperation!"

The third elder was also scared. He was the mastermind of the scheme to kill Wang shiqing with a borrowed knife. If he hurt Wang shiqing because of this, Wang dingtian would probably blame him. "It's all thanks to Dean Lu who stopped in time and risked his own life to protect little Qing. Otherwise, she would have been in real danger! What a silly girl!"

"It's good that you are fine! It's all my fault, I almost made a big mistake!"

Lu Yongming's face was full of chagrin. Whether it was sincere or not, he had to show this attitude to the Wang family!

Wang shiqing's face was as pale as a piece of gold paper, and blood was still oozing out of her mouth. Wang dingtian carried her and walked out, saying, ""I'll take Xiaoqing to recuperate first. Please help yourself, Dean Lu. Third elder, please entertain her!"

As soon as he finished speaking, he had already disappeared outside the door!

The third elder also felt a bit uncomfortable in his heart. He casually said a few words to Lu Yongming, then also made an excuse to leave the living room, leaving Lu Yongming behind.

Lu Yongming didn't think much of it. After such a thing happened, the Wang family didn't kick him out directly. It was already a sign of respect. What else could he ask for?

"It's all your fault, you little bastard! Let's see who else can save you now!"

Lu Yongming looked at Lin Yi with a ferocious expression. He raised his palm and activated it again!

This time, without Wang shiqing's help, Lin Yi's body had no defense at all. He was turned into ashes in an instant!

At the same time, Lin Yi, who was pretending to practice alchemy in the mountain sect, had finished modifying the Super alchemy bomb. He was counting the days and felt that it was about time to come out and say that he was done.

All of a sudden, he felt weightless for no reason, and it took him a while to recover.

Then, Lin Yi realized that the connection between him and his main body was completely cut off!

What was going on? What was happening? Could it be that something had happened to his physical body in the Wang family?

Lin Yi stabilized his Yuan spirit body and guessed the truth immediately, but he couldn't confirm it because he was in the mountain sect!

Huang Yuntian had promised Lin Yi that he would personally go to the Wang family to get the body. Lin Yi wanted to wait until the mountain sect's matter was over and Huang Yuntian used the void pill to break through to heaven splitter before going to the Wang family to deal with this.

Now, it seemed like it was too late!

What had happened to the Wang family?

Lin Yi was so surprised that he forgot to leave. He stayed in the room and checked if there were any other problems with his Yuan spirit.

Fortunately, after checking, he found that everything was normal for the time being. There was no suspicious state, and it did not affect his combat power.

After a while, Lin Yi received a message from Wang shiqing!

This was a message sent directly to Lin Yi's essence spirit!

Wang shiqing left a mark on Lin Yi's body when they were in the abandoned land. Of course, Lin Yi didn't erase it, and this mark became the location of the voice transmission!

However, in order to use this kind of divine sense voice transmission talisman, one had to cut off a trace of one's primordial spirit to successfully send the message to the person who wanted to send it.

If it wasn't a matter of life and death, no one in the Wang clan would rashly use such a talisman. The price to pay was simply too great!

And this time, Wang shiqing was willing to pay any price to pass on the message!

"Lin Yi big bro, I'm so sorry. I couldn't protect your body ..."

Wang shiqing's weak voice sounded in Lin Yi's consciousness. Just by listening to it, he could imagine how bad the girl's condition was!

"Lu Yongming from the clear stream school came to my little lover's house to ask about Lin Yi's big brother, and the third elder told her about the body ... Lu Yongming wanted to destroy Lin Yi's big brother's body, and my little lover tried her best to stop him, but she fell unconscious ..."

"When I woke up, Lu Yongming was already gone, and Lin Yi bro's body was destroyed by Lu Yongming ... I'm sorry ... I'm useless, I couldn't keep my promise to Lin Yi bro ... I couldn't protect Lin Yi bro ..."

Soft sobs reverberated in his sea of consciousness, warming Lin Yi's heart. It wasn't easy for that two-faced girl to reach this stage!

In order to protect her body, she dared to block Lu Yongming's attack and go against her family's elders. What else could Lin Yi ask her to do?

"Lin Yi big bro ... I can't take it anymore, I can't say much ... You have to protect yourself ... I'll find a way to rebuild Lin Yi big bro's body ... You have to take care of yourself ..."

That was it, but Lin Yi had a rough idea of what happened.

Lu Yongming didn't know where he got the news, but he knew that he had connections with the Wang family, so he went to the Wang family and accidentally found out about his body. Then, he destroyed it!

Among them, the Wang family probably also had some ideas, otherwise, how could Lu Yongming have so easily succeeded?

Lin Yi had already calmed down from his initial shock and anger, and started to analyze the possibilities.

Then, he had more or less deduced the truth, including the Wang family's psychology of wanting to kill him with a borrowed knife!

No matter what, Lu Yongming, the Xuanji family, and everyone else, except Wang shiqing, had become Lin Yi's enemies. If he had the chance, he wouldn't let them off easily!

Chapter 6973 Punishing Ning Xuefei!

"Senior ghost, we've really become partners with the same fate now!"

After calming down, Lin Yi tried to talk to the ghost. The ghost heard Wang shiqing's voice and didn't say anything until Lin Yi spoke.

"Lin Yi kid, don't worry, what's the big deal with a Yuan spirit body? You can still cultivate and improve without the restraints of a physical body, and you're not afraid of most physical attacks!"

The thing picked and picked, trying to find some nice words to comfort Lin Yi. "Besides, we have the soul raising tree with us, so we aren't afraid that our origin souls will dissipate after losing their bodies for too long. Don't worry, I'm very easy to talk to, so I'll leave half of the soul raising tree for you!"

"Heh ... Senior ghost, you really know how to comfort people. My mood ... Is even worse!"

Lin Yi chuckled as he shook his head. He was still in the mood to joke around with these things.

It's just a loss of a physical body, it's not like the sky is falling and the earth is collapsing! It's not like there's no way to reconstruct a body!

Although he had no idea how to reconstruct his body at the moment, he would always find a way!

Lin Yi's mood was much better after chatting with the ghost. He left the room immediately. There were too many things to do and he couldn't waste time in the mountain sect!

Liu Zhanggong had been standing guard outside the elixir chamber the entire time, just like Huang Yuntian. It could be seen that the importance of the void elixir to him was no less than that of Huang Yuntian.

"Master Lin, you've worked hard!"

Liu Zhanggong quickly greeted Lin Yi with a big smile when he saw him. "I wonder if the pill ..."

At this moment, Liu Zhanggong was extremely nervous. He was afraid that Lin Yi would say that the refinement failed. There was no other way-Lin Yi's face didn't look too good.

"Take it, this is the void pill! The quality isn't very good. After all, there's only one batch of materials!"

Lin Yi threw a Jade bottle containing a medium quality void pill to Liu Zhanggong. It was the worst quality pill he had, and he couldn't eat it himself. It was just right for Liu Zhanggong.

"He succeeded?!"

Liu Zhanggong was pleasantly surprised. He carefully caught the Jade bottle and opened it to confirm, "It's a medium grade void pill! It's not bad! Master Lin, your standards are really high!"

He'd thought that it was a low quality pill, but it was a grade higher than he'd expected. Liu Zhanggong's eyes couldn't even be seen as he laughed and praised Lin Yi.

"It's good that you're satisfied. I'll take my leave now that this matter is settled!"

Lin Yi nodded faintly and saluted casually, ready to leave the sect.

"Master Lin, it's rare for you to come to the mountain sect. Why are you in such a hurry to leave? let me do my part as the host and entertain you well!"

Liu Zhanggong kept the Jade bottle and asked Lin Yi to stay.

She still needed Lin Yi to make pills for her in the future, so she needed to build a good relationship with him.

"No, I still have important matters to attend to. I've already wasted a lot of time. If there's a chance in the future, I'll bother you again!"

Lin Yi had already made up his mind, and naturally ignored Liu zhangong's persuasion to stay.

"Since Master Lin has something on, then I don't dare to delay. Let me send Master Lin off!"

Liu Zhanggong's face was full of regret as he accompanied Lin Yi out of the mountain sect. Gu Tiannan and Gu Xiangdong hadn't shown their faces since that day, but Lin Yi didn't care. They weren't on the same path anyway, so let them be!

After leaving the mountain sect, Lin Yi thought about where he should go. Huang Yuntian might still be in closed door cultivation breaking through, and he might not be able to meet him now.

He was also very concerned about Wang shiqing's condition, but he couldn't go to the Wang family to visit her. If he went there now, he would be sending a sheep into the Tiger's mouth!

The only way left was to go back to Feiyang school. He didn't know when Ding Yi would come and find him, and where were the people of Paradise Valley in the mystic division sea?

Lin Yi didn't use a teleportation talisman and headed straight for the school. By the time he got back, Huang Yuntian might have already come out of his training and gone to find him.

On the other side, Lu Yongming felt great after destroying Lin Yi's body. He went back to the school and drafted a punishment decision immediately.

"Investigate. Ning Xuefei, a student of the clear flow school, has stolen the school's spirit crystals during her mining mission. The crime is abominable. After a discussion with the higher-ups of the school, they have decided to give ning Xuefei the necessary punishment. From today onwards, she will be stripped of her strength and locked up in the school prison!" This punishment will be announced to the entire Mystic class sea! We must let the traitors take this as a warning!"

When the punishment was announced, the entire clear stream school was in an uproar. Ning Xuefei was the goddess of the school and had a good relationship with people. When she was punished to mine in the mines, everyone was already shocked. They did not expect that this was not the end. Now, she was going to be crippled and imprisoned!

How did ning Xuefei offend the school's higher-ups?

Even crippling his strength and imprisoning him for an indefinite period of time wasn't the end. He still had to announce it to the entire Mystic Sea region!

In this way, ning Xuefei's reputation would be completely ruined. Even if she still had her strength, she would become the target of everyone!

This move was too vicious!

Lu Yongming was very proud of this. What was the princess of the West Island?

He didn't care at all. The important thing was to torture ning Xuefei and attract Lin Yi's soul here!

Destroying his body was only half of his revenge-Lu Yongming would only be happy if Lin Yi was completely dead!

With Lin Yi's personality, he wouldn't come for revenge immediately after his body was destroyed, but as long as he knew ning Xuefei's situation, he would come without stopping!

He'd take this chance to get rid of Lin Yi, and everything would be over!

Lin Yi had yet to return to Feiyang school when he received the news that Lu Yongming punished ning Xuefei. He was furious!

"Lu Yongming, you old bastard! This was simply bullying! If I don't kill you, I, Lin Yi, am not a man!"

Lin Yi roared in the forest to vent the anger in his heart. He got the news from the nearby mountains and immediately came out alone.

He had to make a trip to the clear stream school. Ning Xuefei had suffered because of him. Not only was she crippled, but she was also imprisoned. She was the little princess of the West Island. When had she ever suffered like this?

Just thinking about it made Lin Yi's chest feel like it was going crazy-how could that old man Lu Yongming do this to a little girl?

Even when his body was destroyed by Lu Yongming, Lin Yi wasn't this angry-he was so angry that he wanted to kill someone!

But with Lin Yi's current strength, trying to force his way into the school was suicide! He had to improve his strength!

Lin Yi apologized to Ning Xuefei in his heart, hoping that she could hold on for a while longer. He found a hidden place and opened up a cave, ready to start the furnace.

Lin Yi made a lot of elixirs in the Golden class Sea area, and the main ingredients were all good stuff from secret realms. Unfortunately, they weren't useful for increasing his strength right now, but he might need them in the future.

So this time, Lin Yi needed to use up the reward Liu Zhanggong gave him. It was all suitable for the opening stage, just right for Lin Yi's current use.

Chapter 6974 Forced Breakthrough, Grand Completion Earth Splitting Realm!

After a few days, he made all the ingredients into strength-enhancing pills. Lin Yi couldn't wait any longer and consumed all the pills he just made!

Most of the elixirs were used to forcibly increase the strength of his essence spirit. After all, he no longer had a physical body, so ordinary elixirs were meaningless.

However, such an upgrade would leave behind very serious aftereffects. It was not much better than using devouring primordial spirits to increase his strength!

Unfortunately, Lin Yi couldn't care about that anymore. If he didn't have these herbs, he would really consider devouring souls to increase his strength.

After taking so many pills at the same time, Lin Yi's soul flew up and floated in the air as if it had no foundation.

His powerful spiritual energy surged like waves, wave after wave, each stronger than the last!

In a short period of time, Lin Yi's aura rose rapidly, breaking through a small barrier, and then another!

Lin Yi was trying to suppress his strength from rising too quickly, but now that he'd let go of the restrictions and used so many treasures, his strength rose like a hot knife through butter.

Peak of the middle stage of mountain split, late stage of mountain split, peak of the late stage of mountain split, the great circle of mountain split ...

One level after another was blasted away without any resistance, and finally, the barrier of earth formation stopped Lin Yi's progress for a moment.

It was only for a moment, but the torrent broke through the shackles of earth creation stage, making Lin Yi's essence spirit even more dazzling.

The early stage of earth creation, the peak of the early stage of earth creation, the middle stage of earth creation ... How familiar was the situation?

What happened just now happened again after Lin Yi entered the earth stage.

In the end, this power finally stopped at the peak of the late stage of earth-splitting and was close to the great circle of earth-splitting. It was just a little bit away from completing a shocking continuous breakthrough!

Lin Yi made up his mind-he wasn't satisfied with just peak late-stage earth creation, so he devoured a few of the spirits he'd grabbed into the Jade space earlier and used their power to strengthen himself, finally completing the final breakthrough!

The risks and side effects were huge, but Lin Yi couldn't care less!

The great circle of earth-splitting! It was more than enough to deal with clear flow Academy!

Lin Yi's eyes were red as he stood up!

The ghost knew that Lin Yi had hatred in his heart, and it didn't dare to disturb him at this time, in case Lin Yi went into Qi deviation.

His aura was monstrous!

However, the rapid increase in strength caused Lin Yi's essence spirit to shake and almost collapse!

Hidden danger ... It could hardly be called a hidden danger, but rather, it was quite obvious!

This time, Lin Yi used a large amount of pills to forcefully increase the strength of his spirit, and at the end, he even used the forbidden method of devouring his spirit. If he wasn't careful, his soul would be destroyed.

Although he had successfully made a significant breakthrough, he was still walking on a tightrope. He could fall into a situation of eternal damnation at any time.

"Lin Yi kid, why do you have to do this ..."

In the Jade space, the ghostly thing let out a soft sigh. He couldn't talk Lin Yi out of it, and could only watch as Lin Yi used this kind of self-destructive method to increase his strength!

The only thing she could do was to protect Lin Yi and prevent his essence spirit from collapsing!

"Senior ghost! Ning Xuefei was in so much trouble because of me. If I can't save her, how can I face the world? Lu Yongming, that old bastard, did such a despicable thing. How can I tolerate him not paying the price?"

Lin Yi barely managed to calm his Yuan spirit down and clenched his teeth as he clenched his fists. Only strength could do this!

"This old master has no way to persuade you to give up on revenge. I only hope that you can take care of yourself and not really lose your little life!"

The demonic thing was helpless. Since Lin Yi had made his decision, he could only support Lin Yi with all his might!

He and Lin Yi were already in the same boat, they shared the same fate!

Fortunately, Lin Yi had the soul raising tree and the spirit gathering branch on the northernmost Island, which could stabilize his Yuan spirit. Otherwise, he would've killed himself with that surge of power!

"Senior ghost, don't worry. If I don't kill that old bastard Lu Yongming, how can I die first? Just wait and see how I'm going to deal with that old bastard!"

Lin Yi forced down the unstable feeling in his Yuan spirit body and turned into a lightning arc, flying far away!

Their target was the clear stream Academy!

Lu Yongming was waiting for Lin Yi's arrival in the school. He ordered someone to make a steel cage to lock ning Xuefei in, and hung it on the tower.

In just a few days, ning Xuefei had been tortured to the point that she was not even human anymore. If this continued, she would probably die in a few days!

Lu Yongming didn't care about ning Xuefei's life and death. He did this to provoke Lin Yi so that he wouldn't be able to prepare when he received the news. He had to come to clear stream school immediately to save ning Xuefei, or he'd have to come and collect her body!

Ning Xuefei leaned on the cage's bars, her big eyes looking at the gate of clear flow school from above.

After all her strength was taken away, ning Xuefei did not even have the strength to commit suicide!

And every day, someone would force her to eat some food to ensure that she would not die from hunger strike.

Ning Xuefei knew that all her suffering was because of Lin Yi, but she didn't hate him. She even hoped that he didn't come to clear stream school!

He'd only get himself into trouble if he did.

In ning Xuefei's heart, she had become a disabled person, and she would die sooner or later. Death might be a relief, but living would be more painful. It was not worth it for Lin Yi to put himself in danger for her.

On the other hand, ning Xuefei wanted to see Lin Yi one last time before she died. She hadn't seen him for a long time, and she wanted to see him again ... She hoped that he was well!

Perhaps Lin Yi had already grown into an invincible hero, descending from the sky and saving me from the fire and water?

Every day, ning Xuefei would look into the distance in such a contradictory mood and fantasy. Nothing had changed for several days, but today, something was different!

In the distance, a bolt of lightning streaked across the sky and headed straight for clear flow Academy. It had the power to tear the entire world apart!

It was Lin Yi!

Lin Yi was here!

Lin Yi's here to save me!

He's really my unparalleled hero!

Ning Xuefei suddenly felt a surge of power in her body. She straightened her back and her eyes glowed with a bright light.

Chapter 6975 Come Out And Face Your Death!

Even if ning Xuefei didn't see clearly if it was really Lin Yi, the feeling made her believe that there was no mistake!

Soon, the lightning reached clear stream school. Lin Yi revealed himself and immediately noticed the cage hanging on the top of the tower!

And ning Xuefei in the cage!

"Lu Yongming! Come out and face your death!"

Lin Yi's fire was burning as he couldn't help but shout, "As you wish! I, Lin Yi, am here to take your dog life!"

Every single word was like Rolling Thunder, reverberating throughout the clear flow Academy!

No matter which corner Lu Yongming was in, he would definitely hear it!

As he spoke, Lin Yi instantly appeared outside the cage at the top of the tower. He grabbed two baby-arm thick bars made of refined steel and pulled them casually.

The sturdy bars bent like noodles, but Lin Yi didn't stop there. He exerted some strength in his arms and split the cage in half, shooting out to the left and right.

Ning Xuefei lost her balance, but she was still staring at Lin Yi, not even realizing that she was in his arms.

"You're here ..."

"I'm coming! You've suffered!"

Lin Yi's heart was filled with pent-up anger, but seeing ning Xuefei's miserable state, he could only try his best to appear gentle, ""Don't be afraid. With me here, no one can hurt you!"

A healing pill was sent into ning Xuefei's mouth, and it turned into pure spiritual Qi that nourished her meridians and organs. At the same time, Lin Yi activated his pure Qi and transferred it into her body to heal her.

Lin Yi frowned slightly. Ning Xuefei's condition was much worse than he expected. It wasn't too much for him to handle, but it was impossible to cure her quickly.

Perhaps he should leave the clear stream school first and come back for revenge after he had cured ning Xuefei?

The thought was immediately rejected by Lin Yi as Lu Yongming appeared in front of him!

If he didn't kill Lu Yongming now, how could he calm the anger in his chest?

"Hahahaha, Lin Yi, you little bastard, you're here! He was really an amorous person! For a mere little girl, he was risking his life alone! This old man can't help but praise you for being so F * cking stupid! Hahahaha!"

Lu Yongming laughed arrogantly as soon as he came out. He thought that Lin Yi would at least get a few helpers, like Gu Tiannan from the mountain sect, Huang Yuntian from the school Alliance, and so on. It would be more troublesome, and he even thought of many excuses to avoid the two big shots.

He didn't expect Lin Yi to come here alone! What could be better than this?

"Lu Yongming, you old man, I originally thought that you were quite pitiful after your grandson's death and wanted to let you live for a few more years. Since you're so eager to find your dead grandson, I'm willing to fulfill your wish!"

Lin Yi's face was as cold as ice. He carefully placed Ning Xuefei on his back and secured her with a piece of silk, "Since you're old, I'll give you special treatment! Before you die, you can choose how you want to die!"

"Hahahaha, are you trying to make this old man laugh to death? Today, you little B * stard, once you've arrived at Clear Flow Academy, don't even think about leaving!"

As Lu Yongming said this, he waved his right arm, and dozens of people holding array flags suddenly appeared around the square. They quickly occupied all positions and threw the array flags in their hands into the ground.

An invisible wave formed instantly, and Lin Yi's soul felt uncomfortable, as if someone was choking him.

The spirit-locking God-extinguishing formation!

How could Lu Yongming not make any preparations after knowing that Lin Yi was in his Yuan spirit form?

Normal martial skills and formations were useless against an essence spirit. Only something like the spirit-locking God-extinguishing formation could deal fatal damage to an essence spirit.

"Lin Yi, you little bastard, I heard that you're quite knowledgeable in formations as well-do you recognize this spirit lock God-extinguishing formation?"

Lu Yongming put his hands behind his back and smugly glanced at him. ""It's fine if you don't know me. I can explain it to you so that you can at least know how you died before you die!"

"A mere peak eighth grade spirit locking God extinguishing array, and you're going to use it as your trump card? Truly laughable!"

Lin Yi snorted disdainfully. After enduring the initial discomfort, he threw out some formation flags.

The damn thing knew that Lin Yi was coming for revenge and was already on high alert. It merged its spirit sense with Lin Yi 's, breaking a level eight formation was as easy as blowing off dust!

The spirit locking God extinguishing formation that was just activated changed instantly. The spirit sense attack that was originally targeted at Lin Yi became an area-of-effect attack!

All the clear flow school people who were setting up the array in the square were attacked at the same time. They immediately let out a series of screams.

Lin Yi's face didn't change at all, but his eyes were filled with killing intent. With a wave of his hands, dozens of lightning arcs accurately hit everyone who was struggling and wailing in the formation, killing them completely!

Since you've chosen to follow Lu Yongming to ambush me, then use your blood to wash away the anger in your hearts!

In the blink of an eye, there was no one else in the square other than Lin Yi, ning Xuefei, and Lu Yongming!

Lin Yi's current strength was enough to kill ordinary sea shattering realm cultivators in seconds. It would be as easy as turning his hand to kill Lu Yongming's helpers!

Lu Yongming's proud expression froze on his face, and a chill that chilled his heart rose rapidly!

Lin Yi ... How could he be so terrifying?

That terrifying attack ... If it were to land on this old man's head, would I be able to withstand it?

Lu Yongming couldn't help but ask himself, only to find that the answer was no ...

Lin Yi didn't do anything to him because he had other plans.

Do you think it's too easy to kill me like this?

Lu Yongming thought about this, and the chill in his heart grew stronger. He knew that he was no match for the enemy, so how could he still talk about revenge?

Lu Yongming didn't wait for Lin Yi to make another move and turned to run. It wasn't the first time he'd admitted defeat, and it'd become a habit!

"Lu Yongming, why are you running? Didn't you say you wanted to kill me to avenge your grandson?"

Lin Yi's body flickered and instantly appeared in front of Lu Yongming's escape route.

In terms of speed, even an opening mountain Lin Yi was faster than Lu Yongming, not to mention a complete earth creation Lin Yi!

In the entire Mystic division sea, there probably weren't many who could escape from Lin Yi's hands. Even a sky breaker master wouldn't be his match in terms of speed!

Lu Yongming's eyes revealed a trace of despair. He crossed his palms, wanting to activate his life-saving martial skill and fight to the death. At the same time, he shouted, ""Everyone from clear stream school, surround and kill the intruder, Lin Yi!"

Chapter 6976 Too Savage!

He couldn't beat Lin Yi in a one-on-one fight, so Lu Yongming could only hope for a human wave tactic!

He wasn't trying to use the human wave tactic to drag Lin Yi down, but to use the human wave tactic to stall Lin Yi and buy time for him to escape!

As for whether or not the entire school would be massacred by Lin Yi, that wasn't something Lu Yongming had to worry about.

Wasn't it only right and proper to sacrifice herself for the Dean?

"Ha ... Lu Yongming, you old man, that's all you can do! I really don't understand. Isn't it good to live well? why do you have to provoke me time and time again ..."

Lin Yi's mouth had a mocking smile on it as he activated his pure Qi and fired out a Dragon-shaped five elements killing intent. However, before he could finish, his Yuan spirit body suddenly shook!

The feeling of being rootless and floating came again. The colorful Divine Dragon whizzed toward Lu Yongming, who was scared out of his wits. However, the moment it was about to make contact, it exploded and turned into a mass of light and ashes.

Lu Yongming, who had just escaped death, was covered in cold sweat. He subconsciously retreated a few hundred meters, then realized why he wasn't dead.

Lin Yi's Dragon-shaped Qi was so powerful that it almost suppressed his body. He was about to be killed, but it disappeared at the last moment!

You want to use this method to scare and torture this old man?

Lu Yongming was suspicious, but when he saw Lin Yi's pained expression, he was overjoyed!

"Hahaha, Lin Yi, you little bastard, you forcefully increased your strength, and now you're suffering from the backlash, right?"

Lu Yongming laughed out loud. He had been thinking of running away, but now he turned around and attacked Lin Yi.

I'll take your life while you're down! Beating up a dog while it's down was the happiest!

The ghostly thing used both the soul nurturing wood and the spirit gathering branch to maintain Lin Yi's yuan spirit in the Jade space, calming down the turbulence.

And so, Lu Yongming's tragedy struck again-Lin Yi glared, his spirits lifted as he flicked his hands, and several lightning bolts criss-crossed on Lu Yongming's body!

F * ck! Lin Yi, the little bastard, was just acting!

That damned little bastard! If your acting skills are so good, why don't you go and sing!

Lu Yongming was filled with grief and indignation. He felt that his heart had been blinded by lard. He should have just escaped!

Although he most likely wouldn't be able to escape, it was still much better than sending himself to the door to be struck by lightning, right?

Even though the clear flow Academy students had heard Lu Yongming's loud shout, they needed time to react, and not many of them had the right to interfere in a battle of this level.

The so-called human wave tactic was just Lu Yongming's wishful thinking. It would be amazing if an ordinary land-opening expert could get within 100 meters of the fluctuations of their battle.

"Lu Yongming, you old man, you really think I've suffered a backlash and want to take the opportunity to kill me?"

Lin Yi laughed as he continued to release lightning bolts at Lu Yongming, "I'm telling you! What you think is true, I really did suffer a backlash, but so what? If you can't seize the opportunity, you can only be abused by me! Are you very angry?"

If it was possible, Lin Yi didn't want to waste time. After all, he still had to heal ning Xuefei, which was more important than torturing Lu Yongming. However, he didn't dare to use a powerful martial skill after that attack.

Lu Yongming, on the other hand, was the Dean of the clear stream school, and he had plenty of defensive items on him. Lin Yi's lightning bolts wouldn't kill him in a short time, only paralyzing him.

Lu Yongming didn't know about Lin Yi's situation, but he was being beaten up and mocked at the same time ... He was furious, but he had no choice!

He couldn't beat him, couldn't run away, and couldn't die. Lu Yongming was going crazy!

If he knew that Lin Yi would be this hard to deal with, he would've killed him earlier! This was the current situation!

Lin Yi used lightning bolts to hit Lu Yongming as he carefully created a super alchemy bomb.

This kind of action didn't cause any reaction from the primordial spirit body. It seemed that the Super alchemy bomb wasn't a martial technique that consumed a lot of energy.

It made sense-Qi could be converted from the spiritual Qi in the Jade space, and the Qi refinement fire was similar to the spirit refinement fire. There were also the primordial spirits that he'd captured to convert into materials, so the consumption of Lin Yi's own body was almost negligible.

After a while, the Super pill fire bomb was completed. It wasn't quite accurate to say it like this because it was the product of Lin Yi's closed-door training. After adding the wind element, it should be called a super pill fire missile!

"Lu Yongming, you old man, I didn't expect your skin to be so thick. I've beaten you for so long, but I still can't kill you. Forget it, I'm not in the mood to play with you. I'll send you on your way!"

Lin Yi laughed coldly as he threw out the Super pill fire missile. A long flame appeared in the air, like a shooting star streaking across the sky. It instantly hit Lu Yongming's body. "You're very lucky. You're the first idiot to try my new move! It's a pity that you can't tell me how it feels!"

With Lin Yi's cold voice, the Super pill fire missile exploded, and Lu Yongming didn't even have time to show a frightened expression before he completely disappeared in the flames.

It wasn't even right to say that Lu Yongming had been annihilated, because under the power of the Super alchemy missile, he didn't even leave behind any ashes. He had been completely annihilated!

The entire clear flow school was silenced. Due to their position, everyone in the public square could see the scene. It was also because of this that they were so shocked!

The Dean of The Clearwater School, the mighty sea-shattering expert Lu Yongming, was killed ... So easily? In the end, not even a corpse was left behind!

It was really too brutal!

At this time, no one dared to step out and attack Lin Yi anymore. Even the ones with mental problems knew that they would die if they came out, the kind of death where they would die without a complete body!

"Fei 'er, I've already killed the bad guys who bullied you. Don't worry, I won't let anyone bully you again! Lu Yongming is a good example for anyone who dares to bully you!"

Lin Yi untied Ning Xuefei from his back and held her in his arms again. He transferred his pure Qi to her as he spoke gently, "You don't have to worry about your injuries. I'm confident that I can heal you. I guarantee that your strength will be restored to its original state, and you might even advance!"

"Yes, I believe you can do it! Actually, with you by my side, I feel like there's nothing in the world that I need to worry about!"

Ning Xuefei's eyes were curved, and some color returned to her face. She felt the pure Qi coming from Lin Yi and rested in his arms.

What could be more secure than being by the side of a hero who came to save you in times of danger?

At this moment, Ning Xuefei swore to herself that even if she had to die, she would die by Lin Yi's side and never leave him again!

Chapter 6977 President Huang Arrives

"Close your eyes and rest for a while ... Your injuries won't heal so quickly. Rest well, and it'll be easier for you to recover!"

Lin Yi smiled gently and whispered in Ning Xuefei's ear, "When you've recovered, we'll go find the others who bullied you and bully them back one by one!"

"No, they're just following orders. Let's not care about them ... I just want you to be with me!"

Ning Xuefei was a kind girl after all and didn't want to be too calculative. She even felt that all the suffering she went through in exchange for Lin Yi's presence was worth it!

In order to hide her guilt, Ning Xuefei closed her eyes and didn't see Lin Yi's frown.

With the continuous transmission of true Qi, the primordial spirit body showed signs of instability again, even with the spiritual Qi in the Jade space to convert and replenish it!

If it weren't for the soul raising tree and the spirit gathering branch, Lin Yi might be in a worse state than ning Xuefei.

In order to not stop ning Xuefei's treatment, Lin Yi secretly put two pills into his mouth. Even if it was like drinking poison to quench thirst, he would do his best to help ning Xuefei recover her strength!

Lin Yi used his spirit sense to scan the entire school as he healed ning Xuefei. He decided to find the best place to heal instead of leaving this place and looking for another place!

Soon, Lin Yi's spirit sense locked onto a mountain peak. It was the clear stream School Dean's personal mountain peak, and it used to be Lu Yongming 's. Naturally, it was now Lin Yi's target.

Lin Yi carried ning Xuefei and quickly went to the peak. He tore open the Dean's formation and waved some formation flags to gain control of the formation, increasing its power!

With this formation, Lin Yi could heal ning Xuefei in peace without worrying about anyone disturbing her.

When Lin Yi put ning Xuefei down, his essence spirit body felt weak and almost fell. It was obvious that it was a huge burden on his essence spirit body to continuously transfer Qi to heal.

The side effects of forcefully increasing his strength had completely erupted-otherwise, why would Lin Yi have to work so hard just to heal his injuries?

This situation made it impossible for Ning Xuefei's treatment to be completed immediately. She could only prolong the time.

Lin Yi couldn't care about anything else and went into seclusion, not caring about anything that happened outside!

At this very moment, the Clear Flow School was in a complete mess!

The principal had been killed, and the murderer had still taken over the principal's Mountain Peak and refused to leave.

Who couldn't endure it! Uncle can tolerate it, but Aunt can't!

The people loyal to Lu Yongming gathered together, clamoring for revenge for the Dean, but no one wanted to attack Lin Yi's Mountain first.

No one was a fool. Knowing that it was a matter of death, it was completely fine to ask others to go, but it was impossible to go themselves!

So after a while, everyone realized that they weren't stupid, so there was nothing to be arrogant about!

They had to discuss how to deal with the aftermath first, and put aside the power struggle for now. The first thing they had to consider was whether that killing God, Lin Yi, would come out for revenge.

This possibility was extremely high!

As a result, Lu Yongming's confidants suddenly felt extremely insecure. In order to save their own lives, they immediately jointly submitted a petition to the college Alliance.

They were going to Sue Lin Yi for killing the Dean and taking over the school's territory.

On top of that, they also sent a stern letter to the school, telling them to send someone to deal with Lin Yi as soon as possible!

Even after doing all that, they still felt that it was not safe enough, so they all left the clear flow Academy to hide, leaving behind only their trusted subordinates to act as eyes and ears to gather information.

At the very least, they had to confirm that the school Alliance and the Feiyang school had sent people before they dared to come back!

Two days later, Huang Yuntian personally led a team to clear flow school with a serious expression.

He'd just come out of isolation when he received a joint letter from clear flow school, suing Lin Yi and requesting the school Alliance to help Lu Yongming!

Huang Yuntian didn't dare to be careless when it came to Lin Yi. He immediately moved at a very fast speed!

"This Lord has personally come, where are the people on this joint name letter?"

Huang Yuntian was received in the meeting hall. After he sat down, he expressionlessly took out the letter of complaint. The aura around him exploded, causing the people who accompanied him to shiver in fear.

"President Huang, they'll be here soon, they'll be here soon! Please wait a moment, President!"

The person accompanying him secretly wiped away his cold sweat and answered carefully with a smile.

"What arrogance, they actually want me to wait for them! Your clear stream Academy is so amazing!"

Huang Yuntian snorted coldly. His voice was not loud, but it was enough to make the people of the clear flow school panic. Was he planning to punish them on a large scale?

The person who received Huang Yuntian wanted to cry but had no tears. He thought to himself, "you guys are all big shots, why are you arguing with a small character like me?"

Love it!

Those people who submitted a petition to the Alliance of Academies and then escaped to hide, were they sure they all had brains?

He knew that Huang Yuntian had a good relationship with Lin Yi, yet he wanted the Alliance to do him justice?

What he didn't understand was that Lu Yongming's iron-fisted men knew that Huang Yuntian and Lin Yi had a good relationship, but they still hoped that Huang Yuntian would care about the school Alliance's reputation and at least act fairly.

Other than that, as long as the college Alliance stepped in, Lin Yi would at least give them some face and stop killing people.

After a while, Lu Yongming's group, who had received the news and rushed over, entered the meeting hall with apprehension. They greeted Huang Yuntian with reverence and respect.

"I've seen your petition, and I've decided to deal with it personally because of the severity of the situation. The Alliance's decision is in my hands, where is Lin Yi?"

Huang Yuntian was not in the mood to talk nonsense with these clowns. He went straight to the point after they bowed.

"President, Lin Yi's still on Lu Yongming's Mountain peak. He hasn't come out yet,"

The one who spoke was Lu Yongming's confidant, the vice principal of clear flow school. With Lu Yongming's death, there was a great chance that he would take over Lu Yongming's forces and become the new principal.

Seeing Huang Yuntian's expression, it seemed like he really was going to punish Lin Yi, the vice-principal relaxed a lot.

After all, the school Alliance was not Huang Yuntian's territory alone. It was an organization formed by the various schools. Since it was the opinion of the school Alliance, Huang Yuntian would not be able to do anything.

The vice-principal guessed that Huang Yuntian had come personally to support Lin Yi. From another perspective, it meant that the Alliance's decision was not in Lin Yi's favor!

What was disadvantageous to Lin Yi was naturally beneficial to him, the Vice Dean!

Chapter 6978 Appointment Of The New Principal

"President Huang, why don't I send someone to see if we can get Lin Yi out? After all, it's more appropriate for both parties to be present when the decision is made!"

The Vice President carefully observed Huang Yuntian's expression and then gave his opinion.

Unfortunately, Huang Yuntian still had a poker face and did not reveal the slightest emotional fluctuation.

"No need, tell me the whole thing in detail! Don't hide anything!"

Huang Yuntian waved his hand in refusal. Lin Yi must have a reason for not coming out. He wouldn't call Lin Yi out.

Anyway, he had nothing to do, so it was not bad to listen to these clowns telling stories. It could be regarded as a pastime.

But just as he finished speaking, Huang Yuntian's eyes moved and he revealed a smile.

Lin Yi was out!

The vice-principal and the others were just about to give their excuses when Lin Yi appeared at the entrance.

"Brother Huang, why have you come to the clear flow school?"

Lin Yi walked into the main hall with a smile on his face, bringing along the fully recovered ning Xuefei. He greeted Huang Yuntian casually, ""Could it be because of little brother? It's a sin to trouble brother Huang to travel thousands of miles!"

"It's good that you're alright, lil bro Lin. Come sit down first, we'll talk after we're done with our work!"

Huang Yuntian laughed as he invited Lin Yi to sit down and nodded at ning Xuefei. Since she was Lin Yi's fianc e, she was also his sister-in-law. Naturally, he had to be polite.

Lu Yongming's underlings weren't very confident, and they felt that their previous guesses weren't reliable after seeing Huang Yuntian and Lin Yi's expressions.

With this kind of relationship, was she really here to handle Lin Yi? It didn't look like it at all!

"Since both sides are here, I'll announce the college Alliance's opinion on how to deal with Lu Yongming's death!"

Huang Yuntian coughed and stood up, ""According to the investigation, Lu Yongming used his own selfishness to create rumors and create trouble. He colluded with everyone to target Feiyang college and went against Lin Yi many times. He even went to the Wang family, the formation family, personally to threaten and destroy the body Lin Yi had stored in the Wang family. Then, he turned around and accused the innocent student, ning Xuefei, causing a huge negative impact!"

Lu Yongming's people were all dumbfounded ... They'd had some hope at first, wondering if they'd punish Lin Yi, but now ... That didn't feel right!

No matter how he looked at it, it seemed like he was going to settle the score later. As expected, he shouldn't have come back before and should have escaped as far away as possible!

"In the end, Lu Yongming used the innocent Ning Xuefei as bait to lure Lin Yi to the Clear Flow School and set up an ambush. In the end, he lost and died. This was unforgivable and he deserved it!"

Huang Yuntian continued to unhurriedly announce Lu Yongming's crimes. In short, Lu Yongming deserved to die!

The people led by the vice principal all had sullen expressions on their faces. They really wanted to say that there must be something shady going on!

"Could it be that the Alliance of Schools has become a place where you, Huang Yuntian, can do whatever you want?"

But they didn't dare to say it!

Lin Yi, the killer god, was just sitting there. They were afraid that they would be killed by Lin Yi as soon as they opened their mouths, and then the College Alliance would say that they deserved it!

F*ck! There was no place to reason with!

"This is the conclusion of the Alliance of Academies. Do you have any different opinions?"

Huang Yuntian asked casually. Naturally, Lin Yi wouldn't say anything. He only smiled at the clear flow school people.

If it wasn't for Ning Xuefei saying that she didn't want to take revenge on anyone else, he wouldn't have let any of Lu Yongming's die-hard supporters go!

"N-no objections! President Huang and the Alliance of the academies are fair and just!"

The Vice headmaster's mouth twitched. In the end, he could only go against his heart and agree.

He had no choice but to lower his head!

Lin Yi's lips curled up. He had a new understanding of Huang Yuntian's power!

It was not an easy task to achieve this. For example, if Gu Tiannan, that old man, came over, he might be able to suppress the people from clear flow school with his strength, but he would not be able to make them submit to him.

At the end of the day, his status as the president of the Alliance of schools was more powerful.

"It's good that you don't have any opinions! Next up is the position of the Dean of clear flow Academy. Because of Lu Yongming's treasonous actions, clear flow Academy's reputation has been greatly damaged. Moreover, the entire Academy is in a foul state under Lu Yongming's leadership, so it must be cleaned up!"

Huang Yuntian had no intention of ending this. He continued to announce the appointments of the clear flow school, ""I hereby announce that Zhang jinmiao, the vice principal of Feiyang school, will be appointed as the principal of clear stream school. He will cleanse the filth and restore the morale of clear stream school!"

Lin Yi was shocked-this was a really unexpected appointment. Zhang jinmiao was the new dean?

Did the president of the Alliance of schools have so much power? He could actually directly interfere with the appointment of Deans of other Academies?

That shouldn't be the case!

After all, the college Alliance was an Alliance between the various colleges. If the Dean could make such arrangements at will, did that not mean that the president could control all the colleges?

"President Huang, this ... This ... This is against the rules, right?"

The Associate Hospital director's face turned red, but he mustered up his courage and raised an objection. "The appointment of the Dean has never been something that the Alliance of Academies can interfere with!"

After Lu Yongming's death, the vice-principal was the most likely candidate to take over as the principal. He certainly didn't want the college Alliance to interfere in this matter and suddenly send an outsider over.

"I didn't interfere in the past, and I won't interfere in the future either. But this time, I'm going to interfere. Do you have any objections?"

Huang Yuntian's eyes were indifferent as he stared at the Vice headmaster with a domineering gaze, "Tell me, what are your thoughts?"

The vice principal's mind wavered and he felt an inexplicable fear. However, he still braced himself and fought for himself. "According to the rules, the deans of each school are selected by the respective school and reported to the school Alliance. The school Alliance does not appoint the deans ..."

Before he could finish his words, a powerful pressure descended and pressed the vice principal to the ground.

Huang Yuntian waved his arm and a stream of true Qi landed on the vice principal's body, killing him instantly!

Under the watchful eyes of the crowd, the vice principal of clear flow school was killed on the spot!

"Lu Yongming's crimes are heinous, and he has many accomplices. I will investigate them one by one, and this person is one of Lu Yongming's biggest accomplices!"

Huang Yuntian blurted out the truth indifferently. Then, he changed the topic, ""Does anyone have any objections to what I just said?"

Domineering and overbearing!

Although this was Huang Yuntian's way of getting back at Lin Yi, it was a good way to intimidate the other clear flow school people!

Chapter 6979 Help Anytime

At this moment, who was tired of living and still dared to speak up and oppose? The moment he opened his mouth, he would be labeled as Lu Yongming's accomplice, and then he would die without even knowing how he died!

They were all executioners who killed without blinking!

"No objections! President Huang is wise and divine, this decision is great!"

Immediately, there were those with good eyes who loudly expressed their support. They had to first protect their own lives.

"President Huang's decision is brilliant. I've heard of principal Zhang jinmiao before. She's an extremely capable person. Under her leadership, the clear stream school will definitely rise again and shine ..."

"That's right, that's right ... We'll definitely cooperate with principal Zhang jinmiao's work and do our best to restore and improve the reputation of the clear flow school ..."

"Lu Yongming deserved it. He deserved to die. I support Dean Zhang jinmiao ..."

For a moment, everyone scrambled to express their firm stand, for fear of being labeled as Lu Yongming's accomplice!

Lin Yi and ning Xuefei were dumbfounded. They didn't know what to say.

He didn't expect that after coming out of seclusion, he would actually be able to see such a wonderful show. This trip was really not in vain!

"Alright, there's nothing for you to do here. Drag this corpse out and clean it up!"

Huang Yuntian waved his hand impatiently. The group of people immediately acted as if they had been pardoned. They hurriedly carried away the Deputy Dean's corpse, cleaned up the ground, and left the meeting hall like a tide.

After everyone had left, Lin Yi smiled and cupped his fists, "I really have to thank brother Huang for coming to help. If it were me, I wouldn't know how to deal with the clear flow school."

"You're my brother, why are you being so polite! Your big brother hasn't scolded you yet! Why didn't you come to me if something happened? Lu Yongming is not worth your risk. It's a good thing you're fine this time. If anything were to happen to you, it'd be useless even if I destroyed the entire clear flow school!"

Huang Yuntian waved his hand and complained, ""In the future, if you have any problems, remember to ask me for help immediately. Don't treat me as an outsider again!"

Lin Yi agreed with a smile, but he was thinking that ning Xuefei would be dead by the time she came out!

Besides, when it came to revenge, it was always less fun to leave it to others. It was more meaningful to do it yourself!

"Looking at brother Huang's appearance, you've already broken through?"

Lin Yi asked with a smile.

"This time, I really have to thank brother Lin's pills. My breakthrough was so smooth, and everything happened naturally. I've never experienced such a smooth breakthrough before!"

Huang Yuntian didn't hide his gratitude towards Lin Yi and patted his shoulder, ""Brother Lin, you and I are brothers. We shouldn't be so polite, but I'm really grateful to you. Without your help, I wouldn't have been able to break through so smoothly!"

"Big brother Huang, you already said that we're brothers, why do you have to say such unpleasant things? Big brother needs help and this little brother is doing his best, what else is there to say?"

Lin Yi laughed lightly as he waved his hand. Huang Yuntian was overbearing towards the people from clear flow school, but he was completely different towards Lin Yi. Lin Yi had acknowledged him as a brother!

"Good! Then I won't say it! In the future, we're brothers, so there's no need to be so polite. Brother Lin's matters are my matters!"

Huang Yuntian retracted his arm and patted his chest, ""You also don't need to be polite with big brother. If there's anything, don't come to big brother!"

"It's a deal. In the future, this little brother will still have to trouble big brother Huang in many ways. Don't get bored!"

Lin Yi joked with Huang Yuntian for a bit before asking, "Brother Huang, is it really okay for you to appoint our Feiyang school's Vice Principal Zhang as the clear flow school's principal?"

In theory, as the president of the Alliance of Academies, Huang Yuntian did not have the authority to do so. Even if he had the authority, he had to avoid suspicion and not interfere with the specific Affairs of each Academy.

But Huang Yuntian did it, and Lin Yi was worried about him.

"Brother Lin, you're overthinking it. It's not convenient for me to directly intervene in these things, but now that I've successfully broken through, I'll soon return to the earth Sea area to take up an important position there. These things in the mystic Sea area are just small matters!"

Huang Yuntian laughed out loud and a proud expression appeared on his face, "I'm just appointing a principal. Even if I were to destroy the entire clear flow school, what's the big deal?"

The higher-ups of the earth-class Sea area were the same as the retired emperor in the mystic-class Sea area. Indeed, no one dared to question them.

"That's good. It's a great thing that brother Huang can return to the earth-class Sea area to take up a position. Unfortunately, it won't be so easy to see you in the future!"

Lin Yi said casually, but he didn't know what would happen if he lost his soul.

In these two days, the side effects of forcefully increasing his strength had been acting up. Who knew if he would still have the chance to see Huang Yuntian?

"With brother Lin's potential, it won't be difficult for you to go to the earth-class Sea area! But your condition ..."

Huang Yuntian's eyes flashed with worry. Losing a physical body was like waiting for death for a normal person. Although Lin Yi could maintain his Yuan spirit form, his future development would definitely be affected.

This was even if Huang Yuntian didn't know about the side effects of Lin Yi forcefully increasing his strength. Otherwise, he wouldn't be so calm.

"It's fine. I'm used to being in a primordial spirit form anyway. I can also cultivate and improve in this state."

Lin Yi smiled faintly and consoled Huang Yuntian, "Brother Huang, you don't have to worry about me. As you said, I might go to the earth-class Sea area to find you soon!"

"I believe that brother Lin can do it. As for your body, I heard that someone in the earth-class Sea area has reconstructed a body. Let me go back and investigate this matter. Maybe I can find a way to help you!"

As he said this, Huang Yuntian's eyes flashed with ruthlessness, "The talisman patrician family, the Wang family, has gone too far. They actually gave your body to Lu Yongming. Little brother Lin, why don't we go to the Wang family together and seek justice from them?"

The status of the talisman family was extraordinary, but in Huang Yuntian's eyes, they were nothing. Compared to Lin Yi, his brother, the Wang family was nothing.

As long as Lin Yi agreed, Huang Yuntian would definitely go to the Wang family to settle this matter. There was no room for negotiation.

"Forget it. I'm so busy. I don't have time to deal with those clowns. We'll talk about it later."

Lin Yi knew that Huang Yuntian wanted to help him take care of the Wang family before he returned to the earth Class Sea area, but it was better for him to handle this himself.

With Wang shiqing, the Black-bellied little loli, and his relationship with Wang Shiyang, he couldn't deal with the Wang family as unscrupulously as he dealt with Lu Yongming.

"Alright, if younger brother Lin needs this elder brother's help, no matter when or where, just send a message over!"

Huang Yuntian nodded his head and promised,""Just as I said before, this is not just a casual remark. Brother Lin, you must remember it!"

Chapter 6980 Dingyi's Demands

"Thank you, brother Huang. If there's a need, I'll definitely not be polite with you!"

Lin Yi cupped his hands in thanks and changed the topic,"By the way, I need brother Huang's help with something. It's those people from the blissful Valley ..."

"Oh, even if you didn't say it, I've already sent people to investigate. After all, we already agreed on it in the Golden sea. I've already made arrangements before I went into seclusion, but there's no news yet."

Huang Yuntian shook his head with some regret,""The mastermind behind the blissful Valley incident is very secretive, and it's very hard to find him. We haven't made any progress at all. I'm really sorry about this!"

"What are you saying, brother Huang? I'm already very grateful that you've done your best to help. What does it have to do with you, brother?"

Lin Yi consoled him. It seemed that Ding Yi was the one who would be responsible for this!

He didn't know when this mysterious merchant would come to find him.

Other than the blissful Valley incident, there was also news about Zhang Liju. He needed answers for both of those things from Ding Yi. Perhaps he could find a way to rebuild his body?

Lin Yi was still thinking about Ding Yi when the guy suddenly appeared out of nowhere. The three of them were surprised.

Ning Xuefei was fine. After all, her strength was limited, and she was not very affected by Ding Yi's mysterious appearance. After all, they were all experts stronger than her, so it was normal that she did not notice.

However, Huang Yuntian and Lin Yi were different. They were both heaven crushing Masters, and Lin Yi was at the great circle of earth splitting realm. His combat power was comparable to the great circle of sea splitting realm. Yet, they didn't even notice how Ding Yi came in. This was a little terrifying!

Lin Yi was only in his mountain-opening stage when he was at the Golden class Sea area, and he couldn't find Ding Yi. He didn't think that there would be no changes even after he forcefully increased his strength-just who was this Ding Yi?

"President Huang, Lin shaoxia, we meet again! Also, the little princess of the West Island, miss ning, I apologize for my presumptuousness!"

With a fake smile on his face, dingyi made a bow to the three of them. ""I'm here to fulfill my promise with young hero Lin. Is it convenient for us to talk now?"

Lin Yi's mouth twitched. Why couldn't he just get someone to inform him that you're already here?

No wonder Ding Yi was able to find out those extremely secret information. With his means, where could he not go? What secrets can't I hear?

"Chairman ding, you came at the right time. I was just wondering when you would send me a message, and then you appeared. Could it be that you know how to read minds?"

Lin Yi suppressed his worry and smiled faintly. "Let's not beat around the bush and get straight to the point!"

"Lin shaoxia is still so forthright! Then let's start the discussion!"

"First of all, news from the pill Divine Doctor Zhang Liju!" I know that young hero Lin is the disciple of the divine Alchemist and the Holy doctor, and I've been searching for his whereabouts. This information is worth a void pill!"

The three of them were shocked. Ning Xuefei was shocked because of Lin Yi's identity as the disciple of Zhang Liju, the miracle doctor of Xuanji pill!

This was the first time she had heard of this. It turned out that the person she liked had such a powerful background!

He was indeed his unparalleled hero!

Huang Yuntian was also shocked by Lin Yi's identity, but he quickly understood!

No wonder Lin Yi's alchemy skills were so high-he came from a famous sect.

More importantly, Ding Yi had asked for the void pill!

Lin Yi and Huang Yuntian looked at each other and saw the doubt and seriousness in each other's eyes!

One had to know that Lin Yi's ability to make void pills wasn't a secret, but almost no one knew that Lin Yi had void pills in his possession.

Huang Yuntian was only guessing that Lin Yi still had more void pills. After all, Lin Yi only gave him a special grade void pill out of the four sets of ingredients.

In that case, there should be at least one void pill below Supreme grade that he could use to practice before the perfect refinement!

And Lin Yi was willing to take out a special grade void pill, not a lower grade pill. Other than their friendship, he probably had another void pill of the same grade.

So Huang Yuntian deduced that Lin Yi had used four sets of ingredients to make at least three pills!

However, he would never have expected that Lin Yi actually got six!

"How can Chairman Ding be so sure that I have the void pill? There are indeed people who came to me to refine the void pill, but they all came with their own materials. Yet you directly asked for it. Do you think I would carry the finished product with me?"

Lin Yi didn't feel very comfortable, as if he was naked!

If one had to describe it, that feeling of transparency was similar to the rootless feeling that his primordial spirit body had now.

"Hehe, young hero Lin, I have a basis for my price. I am using information to exchange for the void pill, it is fair! It's just a void pill, I'm sure young hero Lin can tell which one is more important. "

Ding Yi's face was filled with a kind smile as he said unhurriedly, ""We're already so familiar with each other. Please believe that I won't trick young hero Lin!"

Lin Yi's lips twitched a little-he didn't believe that at all!

Huang Yuntian, who was at the side, was so angry that his nose almost became crooked. What did he mean by just a void pill?

How much effort had he put in for this void pill? How many favors did he owe? It wasn't easy to get one.

This damned Ding Yi, he only had to move his lips, and he wanted a void pill? This was simply preposterous!

It was a pity that Huang Yuntian couldn't get a word in-this was about Lin Yi's master, and he couldn't just say anything.

"I'm very curious. How are you so sure that I have the void pill? If you don 't, are you going to cancel the deal?"

Lin Yi pinched his chin and looked at the man, deep in thought. "Or perhaps, Chairman ding has a backup Plan Other Than the void pill?"

Judging from the current situation, he could rule out the possibility that Ding Yi was from hidden death sect. He did not seem to have any hostility towards him, so he should not be an enemy.

It was just that this kind of strange and unpredictable style made Lin Yi very uncomfortable!

"Young hero Lin must be joking. This is the only price for information on the divine Alchemist and the Holy doctor. There are no back-up plans. If young hero Lin thinks it's not worth it, then we'll trade for the next information!"

Ding Yi shrugged his shoulders and put on a 'you don't have to buy it if you don't think it's worth it, I won't sell it at a loss anyway' look, which made people want to grab him and beat him up!

However, with Ding Yi's strange movement technique, it would not be so easy to catch him!

"Worth it! Of course it was worth it! It's just a void pill, deal!"

Lin Yi gritted his teeth and took out a Jade bottle-it was the high quality void pill.

He regretted giving this one to Liu Zhanggong and leaving the medium-grade one for Ding Yi. At least that way, he could have received more gratitude and respect from Liu Zhanggong.
