

Bodyguard 6981

Chapter 6981 Former Residence Of The Alchemy God

"Lin shaoxia is indeed straightforward. I like to deal with customers like Lin shaoxia the most!"

Ding Yi took the Jade bottle with a smile and opened it. ""High-grade void pill. Young hero Lin's alchemy skills are really impressive. He can even take out such a precious pill."

Huang Yuntian couldn't help but smile. His guess was right. Lin Yi still had void pills in his hands, but he gave him the best special grade. This brother was worth making!

"There's no problem with the void pill, right? Can you tell my master the news of the pill God and the Holy doctor now?"

Lin Yi was still feeling a little guilty-Liju hadn't officially accepted him as a disciple yet, after all, and it made him feel a little embarrassed to be using his master like this.

"Of course you can. Actually, it's not accurate to say that it's news. I know of a place, it's the old residence of the pill God and medical Saint in the mystic Sea. Only his disciples or relatives can open it!"

After saying that, Ding Yi confirmed again, ""Young hero Lin, you're the disciple of the divine Alchemist and the Holy doctor, right?"

Lin Yi didn't know whether to laugh or cry-did this guy really have mind-reading abilities?

He was just thinking that his cheap master had not officially accepted a disciple, and now he was asking if he was a real disciple ...

"The former residence of the pill God and medical Saint in the mystic Sea region ... You mean ji shi Valley?"

Huang Yuntian suddenly interjected, "from what I know, the divine Alchemist and medical saint's residence in the mystic Sea region was in ji shi Valley. Although not many people know about this, most of the higher-ups in the mystic Sea region have heard of it."

Lin Yi's face darkened-he'd been tricked!

He had thought that Ding Yi's information was top-secret, but it was common!

Even Huang Yuntian knows about it ... Can you return the void pill to me?

Of course, Lin Yi wouldn't really ask for it-he didn't want to go back on a deal that had already been completed. He just became more suspicious of dingyi's Shang Yu-this bastard was a profiteer who specialized in ripping off regular customers!

"President Huang is indeed knowledgeable. You even know about ji shi Valley!"

Ding Yi didn't look ashamed at all, and even sincerely praised, ""That's right, I'm talking about ji shi Valley. Young hero Lin, don't think my information is worthless!"

"Does Chairman ding have other secret information? If it's only ji shi Valley, I know its location. I didn't know that brother Lin was the disciple of the divine alchemy doctor, otherwise I would have brought him there!"

Huang Yuntian didn't want to argue with Ding Yi at first, but now that it was clear that he was trying to set Lin Yi up, he naturally couldn't stand it anymore. He had to stand up for his brother, "Tell me, is there any inside story that I don't know?"

"President Huang, please calm down. Although the location of ji shi Valley is a secret, just as President Huang has said, there are still a few people who know about it. However, not everyone knows the way to enter and open ji shi Valley, right?"

Ding Yi made a bow with a smile and continued to smile amiably. ""Does President Huang know? If I had known, I would have returned the void pill to young hero Lin!"

Lin Yi nodded to himself-so this was where Ding Yi's confidence came from!

With Lin Yi's methods, he didn't believe that he couldn't get into ji shi Valley as long as he found the place. After all, there was something there, and normal formations wouldn't be able to stop him!

But Lin Yi wouldn't say that out loud-it was a done deal, after all, and he didn't want to go back on his word.

"I really don't know about this. In that case, you guys can continue. Just take it that I'm talking too much!"

Huang Yuntian shrugged his shoulders. He did not have the intention to twist the facts. He just waved his hand and retreated to the side.

"I've already said that only the disciples or relatives of the pill God and medical Saint can open Ji Shi Valley. As long as there's no problem with Lin Shaoxia's identity, he can enter!"

Ding One paused for a moment, then continued, "This time, I will accompany young hero Lin to the Ji Shi Valley. The transaction will only be completed after the Ji Shi Valley is opened. How about it?"

"If I can't open it, then it doesn't count as a deal?"

Lin Yi was curious-could this profiteer spit out the void pill that he'd already eaten?

"That's true, but if the problem lies with this one's information, this one can return a void pill's material to young hero Lin. If the problem lies with young hero Lin, then it has nothing to do with this one!"

"I'm a man of my word!" Ding Yi patted his chest. "I value my reputation more than a single business deal!"

Lin Yi curled his lips. As if he'd believe you!

However, Ding Yi's actions showed his sincerity!

After all, the void pill was hard to come by, and its ingredients were not easy to gather.

"Then it's settled! This matter should not be delayed, we will set off for Ji Shi Valley in a moment!"

Lin Yi was very worried about his Yuan spirit body-he was afraid that he'd be done for at any moment, and that was why he wanted to find Zhang Liju even more!

At the very least, he had to wake up the people of the secular world before he disappeared!

"That's the first piece of news. Also, about the blissful Valley and the island, do you have any news now?"

Liju wasn't the only one Lin Yi was worried about-he had to solve the blissful Valley incident as well.

"This matter has not been confirmed yet. The other party's whereabouts are secretive, and it will be difficult to track them down!"

Ding Yi scratched his old face, looking a little embarrassed. ""If young hero Lin trusts this one, can you pay me for this information first?"

Lin Yi didn't know whether to laugh or cry-this unscrupulous merchant was asking for a reward before even verifying the information!

He was afraid that the embarrassment was just an act. Such a thick-skinned person, did he know what embarrassment was?

"What kind of reward do you need? tell me!"

Lin Yi couldn't be bothered to argue with him. Time was limited, and he couldn't waste it on boring things. As long as it wasn't too much, he didn't mind giving him a reward first!

"Thank you for your patronage! An accompanying Spirit Fire Crystal!"

The expression on ding one's face immediately changed to his usual kind face, and he stretched out a finger with a smile.

Lin Yi's heart turned cold. He couldn't hide his secret from Ding Yi!

Even fewer people knew about the crystal, and Ding Yi was completely certain that Lin Yi had one!

"Chairman ding, you're really well-informed. I really can't hide any of the treasures I have from your eyes!"

Lin Yi squinted his eyes, his pupils shining with a mysterious light!

If such a person was an enemy, then he was really too terrifying!

Nothing could be hidden from the other party's eyes and ears, and all secrets were revealed in broad daylight. That feeling was really terrible!

"I was just lucky to get some information. If young hero Lin denies it, you don't have to buy this information!"

Ding Yi said something that was asking for a beating again. What he meant was that the information was here, and it was up to him whether he wanted to buy it or not!

Lin Yi gritted his teeth and suppressed the urge to hit him-he wasn't sure if he'd be able to hit him!

Chapter 6982 Can't Hide It?

There weren't many people in Mystic division seas that could make Lin Yi doubt his speed, and Ding Yi was definitely the top one!

"I believe you. After all, Chairman ding's business reputation is absolutely worthy of trust!"

Lin Yi felt that this was more appropriate to say, since even he himself didn't believe in it ...

"These are the accompanying Spirit Fire crystals you asked for. I just want to know the information about the blissful Valley and that Island. When can you give me the information?"

"Mm ... When we enter ji shi Valley and young hero Lin meets the pill God and medical Saint, we'll have an answer. There's not much time, so there's no need to rush!"

Ding one counted with his fingers and said, ""Young hero Lin has other questions. Perhaps you can get the answer in ji shi Valley!"

Lin Yi's heart moved. He wanted to ask if Ding Yi had any news about rebuilding a body. Although Huang Yuntian said that he would go back and ask, it would be better if Ding Yi could solve it.

However, judging from Ding Yi's expression, it seemed that he would not be selling any more information today!

"That's good! I also want to buy some other information, I wonder if it's convenient for you, Chairman ding?"

Lin Yi opened his mouth to test the waters, to see if things were as he thought.

"I don't have any information for sale today. If young hero Lin is interested, we can talk next time. As long as you need it, I will naturally take the initiative to sell it to you!"

Lin Yi didn't understand why the man didn't want to continue the deal.

Ever since he had met Ding Yi, it seemed that he would only sell one specific piece of information at a time, and then some vague and uncertain information to keep you in suspense.

Why was this so?

Wasn't it good to sell the information in one go and maximize the benefits?

"Alright, since Chairman ding has said so, then I can only look forward to the next news!"

Lin Yi nodded, suppressing his confusion. "Shall we head to ji shi Valley now?"

"Yes! However, I can only bring Lin shaoxia alone. President Huang and miss ning Xuefei can't follow!"

Ding Yi cupped his hands at Huang Yuntian and ning Xuefei apologetically, ""Ji shi Valley is not an ordinary place, I'm really sorry!"

Huang Yuntian's eyebrows raised. He really wanted to go with Lin Yi, but he didn't expect to be stopped by dingyi.

Ning Xuefei was even more so-she'd been waiting for Lin Yi to show up, and she didn't want to be separated from him for even a second, but now they were going to be separated again!

"Chairman ding is right. Ji shi Valley is indeed not an ordinary place, and it is not appropriate for too many people to go. However, I hope you know that brother Lin is the brother that I value the most. If any accident were to happen, I will find Chairman ding no matter where he is!"

Huang Yuntian's tone was calm, but the threat in his voice was clear. He was trying to guarantee Lin Yi's safety.

"President Huang, you're overthinking. With Lin shaoxia's strength, how many people in the mystic division sea can hurt him? No, no, no, there aren't many people in the mystic division who can be his opponent!"

Ding Yi looked at Lin Yi with a deep look."I think young hero Lin knows what he's doing. I'm not lying, am I?"

Lin Yi smiled and didn't say anything. With his current strength, if his Yuan spirit wasn't unstable, there weren't many people in the mystic division who could be his opponent.

"Fei 'er, you've just recovered from your injury, so you should rest and consolidate your strength here. Aunt Zhang is LAN' er's master, so she will naturally take care of you when she arrives! If you want to go to Feiyang college, that's not a problem. LAN 'er is there, and you can keep each other company. "

Lin Yi turned to ning Xuefei and whispered, afraid that she would still be traumatized and wouldn't leave him easily, "I'm going to find my master. I'll be back soon. If you wait for me at the clear flow school, we can go back to the Feiyang school together."

"Hmm ... Which one is closer to the clear stream Academy or the flying Academy?"

Ning Xuefei was obviously reluctant to part with Lin Yi, but Ding Yi had made it clear that she wouldn't bring anyone else with her except Lin Yi. "I want to wait for you at a place closer to you!"

Lin Yi didn't know which school was closer to ji shi Valley, so he turned to Ding Yi.

Ding Yi immediately replied with a smile, ""In terms of distance, the two sides seem to be about the same. However, it'll be a huge detour to return to clear stream Academy from Jishi Valley and then to Feiyang Academy!"

Lin Yi had a rough idea now-Jishi Valley was in the middle of the two schools, or it was a triangle between the three, with Jishi Valley at the apex.

"Um ... I miss LAN ... Then I'll go to Feiyang college first!"

Ning Xuefei immediately made a decision. The clear stream school had left her with tragic memories. She would leave as soon as possible!

With Shangguan LAN 'er as her best friend in the school, it was much better to wait for Lin Yi's return than to stay in the clear stream school.

"Brother Lin, leave this to me. I'll make sure sister-in-law gets to Feiyang college safely!"

Huang Yuntian was just thinking that he couldn't help Lin Yi when he heard that ning Xuefei wanted to go to Feiyang college. He immediately patted his chest and said, "As for the registration, if sister-in-law doesn't want to stay at the clear flow school, you can transfer to the Feiyang school. It's just a matter of a word."

This wasn't an exaggeration. Huang Yuntian could even decide on the Dean of the clear flow school with a single word, let alone a small matter like transferring a student to another school.

"Then I'll have to trouble you, big brother Huang!"

Lin Yi cupped his hands. He didn't need to be too polite with Huang Yuntian, so he didn't have to worry about him.

After everything was settled, Lin Yi bade farewell to Huang Yuntian and Ning Xuefei, and left the school with Ding Yi.

The two of them didn't use any aerial spirit beasts. Instead, they flew all the way and soon entered a forest.

Ding Yi's speed grew faster and faster, his figure flickering like a ghost.

Lin Yi couldn't keep up with his opponent's pace without using his Arts.

"Chairman Ding, are you going to leave me behind and leave by yourself?"

Lin Yi wanted to test him, so he raised his voice. "If this continues, I really won't be able to keep up!"

"Hahaha, young hero Lin, you really know how to joke. With your ability, this is nothing!"

Dingyi's figure flickered and reappeared beside Lin Yi, a smile on his face. "This forest is full of trees, so it's not appropriate to use lightning escape. But doesn't young hero Lin have wood escape? Could it be that you're trying to play a joke on me while hiding?"

Lin Yi was shocked!

Indeed, nothing about him could escape Ding Yi's eyes!

Chapter 6983 Extreme Fear

Since he knew about the wood escape technique, what else did he not know? Where the hell is that? Did he know about the Jade space too?

The more Lin Yi thought about it, the more terrified he was!

However, Lin Yi didn't even dare to probe these secrets, afraid that Ding Yi would really know!

"Heh ... President ding, you really have a sharp eye. It's just that I'm not suitable to use escape techniques now, so I didn't deliberately hide my skills!"

Lin Yi wasn't lying-his essence spirit was acting up, and he didn't dare to use any escape techniques."Chairman ding, you should know about my current state, right?"

"Well, if that's the case, there's something wrong with you, young hero Lin! You must have used some forbidden method to greatly increase the strength of your primordial spirit, resulting in a backlash, right?"

Dingyi looked at Lin Yi's body and explained the situation.

Lin Yi sighed in relief. Ding Yi was right, but he'd only said it as a guess. He didn't seem to be completely convinced.

It meant that he didn't know how Lin Yi became like this!

Lin Yi was glad that Ding Yi didn't have everything in his hands!

"That's right. I wanted to ask Chairman ding if you had any information on this matter for sale, but you said you would wait until next time, so I can only give up!"

Lin Yi said casually before changing the topic. "I wanted to ask Chairman ding last time, what movement technique did you use? Or some kind of escape technique? Can you sell it to me?"

"Young hero Lin already has two wondrous escape techniques, why do you still need my inferior movement technique?"

Ding Yi laughed and did not answer directly.

"If Chairman ding's movement technique isn't mainstream, how could there still be a mainstream movement technique in the world?"

"Chairman ding, you said that there's nothing you can't sell. Are you going to change the rules now?" Lin Yi smiled.

"Hahahaha, young hero Lin is such a smart person. If you are interested in my movement technique, I can sell it. But I wonder if you are willing to pay the price."

Ding Yi laughed heartily, but he still didn't offer a price.

"Chairman ding, why don't you state your price? whether you're willing or not, I'll have to weigh it, right?"

Lin Yi asked immediately. He was really interested in Yu dingyi's ghostly movement or escape technique, "With Chairman ding's fair way of doing business, I don't think it's to the extent of calling out bids all over the sky, right?"

"Since young hero Lin has said so much, then I'll name a price first."

Ding one pondered for a moment, then stretched out two fingers and said, ""Two escape techniques, Thunder escape technique and wood escape technique. One of them must be the complete version. I wonder if young master is willing to part with it?"

Lin Yi couldn't help but roll his eyes. Even he himself didn't have the complete version of these two escape techniques, and this guy just went straight to the point and gave impossible conditions.

"I'm willing to, but it's a pity that I don't have the complete version of my escape technique. Chairman ding, won't you consider me using two incomplete escape techniques to exchange for one of yours?"

Lin Yi thought that it was a good deal to trade one for two. Maybe Ding Yi's wasn't the complete version.

"Sorry, two incomplete versions of the escape technique are not worth it!"

Ding Yi shrugged his shoulders and revealed an evil smile. "This is the price of items. No discounts. You can buy it or not!"

He was really asking for a beating!

"Alright, it seems that I'm not fated to be with your movement technique!"

Lin Yi pretended to sigh, but he'd already expected this-dingyi probably knew that he didn't have the complete version of the escape technique, and that was why he'd made such a request.

In the end, he was still unwilling to sell his trump card, right?

If Lin Yi really did have a complete version of an escape technique, then Ding Yi's condition would probably change to two complete versions of an escape technique in exchange. He had the mouth, after all, and he could say whatever he wanted.

Speaking of which, if he were to offer two complete versions of escape techniques in exchange, Ding Yi would probably agree to it without hesitation. After all, in terms of value, Ding Yi would definitely make a profit from such a deal.

Since there was no way to trade, Lin Yi didn't force the issue and started talking nonsense with him.

Unfortunately, he didn't get anything out of Ding Yi's mouth. The word "cunning" was used to describe people like him. It was as difficult to get information from him as it was to dig out crystals from his pocket.

Since Ding Yi knew that there was something wrong with Lin Yi's yuan spirit body, he naturally wouldn't continue to speed up. The two of them moved at a normal speed, and after a day, they finally arrived at Ji Shi Valley!

Although Ji Shi Valley was called a Valley, it was actually a very small place. It was surrounded by mountains on three sides and could be entered on one side.

There wasn't much in the valley, only a small pond. In front of the pond was a small wooden house, or rather, a small broken house!

Wasn't it a little too embarrassing to say that this place was the former residence of the pill God and medical Saint?

"Chairman ding, we just walked in ... Why can't we enter?"

Lin Yi felt like he'd been scammed again-there wasn't any formation in ji shi Valley at all, and anyone could just walk in, even wild beasts.

For example, there were two wild deer drinking water by the pond. When they saw someone coming in, they vigilantly raised their necks, paused for a moment, and then ran away.

"Ji shi Valley wasn't like this in the past. It's the place of the divine Alchemist and the divine Doctor. How can one just enter?"

Dingyi laughed dryly and pointed at the little house. ""It's easy to enter the valley, but not everyone can enter this old residence. Other than the disciples and relatives of the divine Alchemist and medical Saint, no one can open that ... Small wooden door!"

Lin Yi guessed that Ding Yi was going to say "small broken door" at first, but he changed it at the last minute since it was his master's old residence.

After getting closer, Lin Yi realized that this little house was indeed extraordinary!

From a distance, it looked extremely ordinary, but when approaching it, one would feel a faint pressure. Ordinary earth-splitting stage experts would not dare to approach the small dilapidated house.

"Did young hero Lin feel it? This is the aura left behind by the pill God and medical Saint. It's said to be the former residence, but the aura of the pill God and medical Saint has always existed, so I suspect that the pill God and medical Saint have always been here ... It's not accurate to say so because there's news that pill God Zhang has indeed left the mystic Sea region. "

A rare look of confusion appeared on Ding Yi's face. He frowned slightly and thought for a moment, then continued,""No matter what, Lin shaoxia will know when he goes in and takes a look!"

"How do I open the wooden door?"

Lin Yi didn't move. He could feel the restriction on the door, and it wasn't a formation.

Although the ghostly thing might be able to help, it was not something that could be cracked in a short time.

Lin Yi didn't want to break it by force since it was his master's trap.

Chapter 6984 Meeting With Master

"It's actually very simple. As long as you pour in your sect's unique true Qi, it'll open. That's why I've always said that besides pill God Zhang's disciples, only his family can enter. "

Lin Yi's mouth twitched-his cheap master Liju had never taught him pure energy before! What was this good?

If he had a sample, he could imitate it a little, but he didn't think about it when he was with Li Zao Yi.

After all, no matter how powerful his master Zhang Liju's technique was, it couldn't be stronger than the battle tactics for seizing heaven's fortune!

Lin Yi was confident that he was the strongest, and even if he met Zhang Liju in the future, he wouldn't change to his Arts.

Now that was a little awkward ... If they didn't know Zhang Liju's Special Arts, how could they call themselves his disciple?

In Ding Yi's eyes, did he become a swindler?

"Are you sure you can open the door by doing this?"

Lin Yi coughed dryly, acting suspicious. "Is it really that simple?"

"It's that simple! As long as Lin Shaoxia uses his sect's unique true Qi, he'll definitely be able to enter!"

"Sure!" Ding Yi nodded, signaling for Lin Yi to open the door.

Lin Yi didn't have a choice-he couldn't just turn around and leave without trying!

He walked forward slowly and came to the wooden door. Suddenly, a handprint appeared on the wooden door. It was probably the place where true Qi should be poured in.

Lin Yi took a deep breath and pressed his hand on the handprint, wondering if his pure Qi could be used as a master key.

He slowly sent in a stream of pure Qi, waiting for the result nervously, but it was like a clay ox entering the sea-there was no reaction.

This was very awkward ... Should he continue to channel his true Qi, or give up?

Just as he was hesitating, Lin Yi suddenly had an idea. The most shocking thing about Li Zao Yi was that her spiritual sense and pure energy increased at the same time!

This was the same as Lin Yi himself-in the entire Sky Class Island, other than Zhang Liju's group, no one else had ever trained like this.

Maybe ... Zhang Liju's unique pure Qi was actually the same strength of pure Qi and spiritual energy?

With that thought, Lin Yi immediately sent his spirit into the handprint along with his Qi. He was a Yuan spirit now, and the synchronization between his Qi and spirit was almost the same!

"Creak!"

The small door made a slight sound, and then slowly opened by itself. The Kasaya had actually succeeded!

"Lin shaoxia is indeed pill God Zhang's disciple, he easily opened the door!"

Dingyi was complimenting Lin Yi, not knowing that Lin Yi himself was breaking out in cold sweat.

"It's all thanks to Chairman ding for telling me the method. Otherwise, I might not even be able to enter!"

Lin Yi turned around with a smile, not revealing his embarrassment at all. "I'm going in now. Does Chairman ding want to come in?"

"I won't go in. After all, it's young hero Lin's sect's former residence, so it's best for you to go in alone. I'll wait here for young hero Lin to come out!"

Ding Yi shook his head and waved his hands, tactfully not wanting to go in.

As an unscrupulous businessman, he had sharp eyes-he could tell that Lin Yi was just asking out of courtesy, and didn't mean to invite him in.

"Alright, I'll go in and take a look. Wait for me here, Chairman ding. We'll talk about other things when I come out."

He still hadn't gotten the information about the blissful Valley and the island, and he could only hope that Ding Yi would really wait here. He didn't know where to find him next time.

"Understood!" Ding Yi replied and watched as Lin Yi entered the house. His figure flashed and he disappeared.

As for whether or not he would appear when Lin Yi came out, that was unknown!

Lin Yi's senses were cut off the moment he stepped into the house, so he didn't know that dingyi had left.

He had thought that the inside of the small broken house would be very small and messy. After all, the image on the outside was there. He didn't expect to find that the space inside was quite spacious. It was at least two hundred square meters, not as small as it looked on the outside.

Moreover, the space that was divided was extremely neat, and the layout was also elegant and vulgar. There was no dust or dirt at all. It was simply a good place to carry a bag and live in!

Lin Yi was just looking around when a figure suddenly appeared in front of him. He was wearing a plain robe with wide sleeves, his face bright and his aura refined and extraordinary, with a warm smile on his face.

"I am Zhang Liju, who are you, how can you enter my sect?"

Lin Yi was pleasantly surprised-he didn't think he'd really run into his cheap master in Zhang Liju's old residence!

"Junior Lin Yi greets senior!"

Lin Yi didn't dare to delay-he quickly saluted with respect."Actually, I've received senior's inheritance by chance in the secular world and have always considered myself senior's disciple. It's just that I've never had the chance to pay my respects to master, so I don't dare to overstep my boundaries!"

"So you're the one who received my inheritance from the secular world. When I went back, I found out that the ancient tomb had been touched, and I knew that I had a new inheritor. I didn't expect to see you in person today!"

Zhang lichu smiled gently and turned to sit on the chair,"Since we are fated, if you are willing, I will officially take you in as my disciple today!"

"Thank you, master! Lin Yi greets you!"

Lin Yi was overjoyed. He quickly kneeled and kowtowed as if he was his master.

The cheap master had finally become an official Master. In this way, it would be easy to save the people in the secular world ... They were all his disciple's wives. As a master, how could he not save them?

The only thing Lin Yi didn't understand was why Liju accepted him as a disciple without any questions. Wasn't that a little too casual?

Although it was fate in the secular world, the divine Doctor and the Dan God had always only taken in disciples in name. They shouldn't be so careless before they understood Lin Yi's character, right?

What he didn't know was that Zhang Liju actually knew Lin Yi, at least much more than Lin Yi thought!

"Lin Yi, it's a rare occasion for us to get together as master and disciple, but I didn't prepare any gifts for you. How about this, you can look around for yourself later and see if there's anything you like."

Zhang Liju didn't seem to have prepared any gifts, but he didn't feel embarrassed at all.

Lin Yi bowed in thanks, thinking that none of the decorations might be suitable for him. He'd just take one later as a token of respect for his master.

"Master, I always thought you left the mystic-class Sea area. I didn't expect you to still be living in Ji Shi Valley?"

Lin Yi stood beside Zhang Liju, thinking about how to beg him to save the girl. He started with some small talk, "Could it be that there's something special about this Ji Shi Valley that's why master loiters around and doesn't want to go?"

Chapter 6985 Missed A Good Opportunity

"Haha, no! What I left here is only a primordial spirit projection. If you look carefully, you'll be able to tell the difference. "

Zhang Liju smiled and shook his head, indicating for Lin Yi to look at it carefully.

Lin Yi's mind was filled with the thought of begging Liju to save his life, and he didn't pay too much attention to Liju himself in case he offended him.

With Liju's reminder, Lin Yi focused and realized that it was just an illusion, not Liju's real body. His heart went cold!

He had thought that he had found his cheap master, but it turned out to be just a shadow. It was obviously unrealistic to rely on a shadow to save people!

Lin Yi was a little shocked-Liju's soul had been here for God knows how long, and it still had its own consciousness and ability to move-it was no different from a ghost.

Lin Yi's clones, on the other hand, could only move according to orders. How terrifying would it be if they could think and move like that?

"Master is indeed powerful. The primordial spirit Phantom that he left behind is actually no different from the original body!"

Lin Yi couldn't help but exclaim in admiration, wondering if he could learn this skill first and then merge it with the thousand changes of wood and forest. That would be awesome!

"Actually, this isn't a big deal. The primordial spirit Phantom can only appear once. As long as someone enters this place, The Phantom will be triggered. Of course, it will only appear once. There won't be any more later."

Liju explained the characteristics of The Phantom to Lin Yi,"Those who can enter this place are all close to me, so I can leave behind a shadow to talk to you. However, there is a time limit. Once the time is up, my shadow will disappear, so it won't be of much use!"

Not very useful? Then why don't you teach it to me? I'll definitely carry it forward!

That was what Lin Yi was thinking, but he didn't dare to make the request. He believed that Liju would agree to it, but time waited for no one!

Liju said that there was a time limit to learning this, so Lin Yi didn't want to waste his time on learning it. He had to quickly ask a few more questions!

"Master, is there still a connection between the primordial spirit projection you left behind and your main body? May I know where I can find shizun?"

Lin Yi thought that if he could find the real Lin Yi, everything would be easy to solve. He put everything aside and asked the most important question first.

Speaking of which, Zhang Liju had appeared in Nakagama before, but he was like a dragon wagging its tail, disappearing without a trace.

Lin Yi guessed that it was a clone left behind by Zhang Liju to deal with any problems that might arise in the pill Hall.

If he had the time, he'd be interested to know more about it, but it wasn't an important thing right now.

"How should I put it ... My avatar can't sense my main body's location. Only after I dissipate and this part of my essence soul returns to my main body will I be able to take away my avatar's memories and experiences. This is the connection!"

Zhang Liju muttered to himself, but the answer he gave disappointed Lin Yi!

If he couldn't find the main body through the doppelganger, wouldn't he be back on his original path?

"Lin Yi, now that you're my disciple, what's your opinion on the path of alchemy?"

Liju was testing Lin Yi's skills-it'd be a joke if a disciple of the medical Saint didn't know how to make elixirs, after all.

Lin Yi had wanted to ask about the unconscious people from the secular world, but Liju had asked first, so he had to answer first.

"Master, I'm a Mystic class refiner with some reputation in the outside world, but I've never been able to control the heat of the fire."

Lin Yi thought that since Liju's doppelganger couldn't help, he might as well ask the question he'd been wondering, "I don't quite understand why this happened. Can you give me some advice, master?"

With that, Lin Yi reached out his hands, and two different fires appeared in his palms, changing to the other element.

The switching was extremely smooth, but it was extremely difficult to control the fine heat of the alchemy fire!

"What a pity for such a good seedling! You are extremely talented in the field of alchemy, but because you didn't have a good foundation, you can't become a true Alchemist!"

Liju was a Grandmaster, after all-he could tell what Lin Yi's problem was with just one look, but he asked with a face full of confusion,"With your control over the refinement fire, how did you become a Mystic?"

With this level of skill, he probably couldn't even successfully refine the lowest grade of medicinal pills, right?

Liju didn't finish his sentence out of respect for Lin Yi, but Lin Yi could tell.

Lin Yi didn't know why, but he trusted Liju from the bottom of his heart, and so he took out the Shennong cauldron without hesitation.

The automatic Shennong cauldron was Lin Yi's top secret, and he wouldn't tell anyone unless they were his closest friends!

"Master, please take a look. This is an automatic pill refining device designed by my confidante, Han Jingjing. As long as the pill formula is set and the pill fire is input, the fire will be adjusted automatically. Therefore, my weakness no longer exists!"

Lin Yi put his finger on the control panel and showed it to Liju."Moreover, using this automatic pill refining system, the success rate and quality of the pills refined will be the best controlled, which is better than ordinary alchemists!"

"Eh, it's actually a repaired Shennong cauldron, and it's of a higher grade than my replica! Your female friend, Han Jingjing, is really a genius! Genius idea, genius execution, genius creativity! And it can be seen that her understanding of alchemy is quite extraordinary. If there's a chance in the future, I'd like to meet her!"

Zhang Liju praised from the bottom of his heart, then suddenly changed the topic, "It's a pity that even though this automatic pill refining system can refine most of the high-quality pills, it's still not something that can be refined! A true pill is not something that can be refined by a machine. "

Lin Yi blinked, not quite understanding what that meant. Special quality pills weren't considered real pills? Then what would be considered?

"Lin Yi, my dear disciple, your Foundation wasn't good enough, and now that you have this miraculous shortcut, you're getting further and further away from the true path of alchemy. It's a pity for your talent!"

Zhang Liju shook his head in regret and explained, "If you want to become a refiner, the most important thing is to start building your foundation when you're golden class. You missed the best time to build your foundation, and you didn't have a good teacher to guide you. After you couldn't figure it out on your own, you took the shortcut, and your strength increased quickly. You completely missed the chance to build your foundation."

Chapter 6986 Yearning Pill

Lin Yi thought about it carefully and realized that it was true ... He didn't think that the reason why he couldn't really make elixirs was because his strength had increased too quickly!

This, this, this ... There was really no way to reason with them!

"Master, do I still have a chance to re-establish my Foundation?"

Lin Yi asked humbly. His master was a Divine Doctor and a pill master-he might have a way."As long as it's possible, this disciple is definitely not afraid of hard work!"

"Difficult! It's almost impossible to control the alchemy fire if you miss the best stage of building your foundation, unless you're willing to waste your strength and start all over again!"

Zhang Liju shook his head and looked at Lin Yi for a while before frowning,"What happened to your body?"

Naturally, the other party had seen through Lin Yi's essence spirit body state!

"It's a long story ... I'll tell you later!"

Lin Yi's heart skipped a beat-the common world's solution was his top priority, and perhaps he didn't even need Zhang Liju to do it. "Master, there's something I'd like to ask you about. In the mortal world, in order to open the path to Sky Class Island ..."

Lin Yi's heart felt heavy when he thought about all the things that happened, but he had to dig them up one by one.

"... In the end, they all fell into a coma and haven't woken up for a long time. Disciple would like to ask master if there's any way to solve this?"

"That's right, if we start the Sky Class Island Plan, they'll definitely suffer from the backlash of their consciousness and become vegetables! I've experienced this before! However, in the medical field, whether it's the common world or Sky Class Island, being in a vegetative state is a difficult problem!"

Zhang Liju frowned and thought about it carefully, "It's just that most of the people in a vegetative state are unconscious because of physical damage! Although this is difficult to do, it's not difficult for us. And the situation you're talking about is that he's in a vegetative state due to his primordial spirit being damaged!"

Lin Yi nodded in agreement. It was because of the lightning tribulation that zang Zili fell into a vegetative state. It was hard to do, but there was a chance of recovery.

"Master, you're right, their divine senses should be damaged!"

Lin Yi had tried to treat Mengyao and the others before, so he knew this better than anyone else. "Is there any hope of waking up from a coma caused by this situation?"

"If there's a way, then there's a way!"

Zhang Liju nodded, but his face was still serious, "There's a type of pill called the emotion pill. After it's formed, you only need one pill to wake one person up!"

"That's good. Does master have the pill recipe?"

Lin Yi was overjoyed-this was the best news he'd heard since coming to Sky Class Island!

However, it was just refining pills. At most, he would go back and find han Jingjing!

With her around, what kind of medicinal pill couldn't be handled by an automatic pill refining device?

"But Lin Yi, you have to be careful! The emotion pill was not an ordinary pill. It needed to be refined by hand! It's the true pill that master just mentioned, the kind of automatic pill refining device that can't refine!"

Liju's words were like a bucket of cold water that was poured over Lin Yi's head, completely extinguishing the fire in his heart!

It was ice-cold, heart-piercing cold ...

"Master, can you refine this emotion pill?"

Lin Yi looked at Zhang Liju nervously-even the automatic refining device didn't work, so their only hope was Zhang Liju!

The pills that the automatic pill refining device could not refine! One could tell how difficult it was just by hearing it!

Lin Yi didn't think that he'd have a chance of making it if he went out and looked for other refiners-there probably weren't many who'd even heard of the love pill before ... For example, Lin Yi had never heard of it before!

Lin Yi had so many recipes, but he'd never heard of the love pill before. This might be Zhang Liju's own recipe.

"Master can naturally refine the emotion pill! It's just that the love pill I refined is completely ineffective on your female friends! You have to refine it yourself!"

Zhang Liju sighed, feeling that his disciple was quite pitiful,"To refine the yearning pill, you need to use a divine sense pill fire, fuse it with the person refining the pill's divine sense, and add in the longing for the person taking the pill. Only then can the pill have a spirit, and finally achieve the effect of awakening the divine sense! This is also why I said that the automatic pill refining device can't refine real pills! Because the higher the grade of the pill, the more it depends on the spiritual sense, it can't be replaced by a machine!"

The automatic alchemy device would only perform the alchemy without error according to the set program, and it was impossible to integrate the alchemist's feelings ...

No wonder Zhang Liju only admired Han Jingjing, but didn't think much of the automatic pill refining device ...

Lin Yi instantly fell into despair-the pill was useless to anyone but him! It was an irreplaceable choice!

It just so happened that he had missed the best time to build his Foundation and was no longer able to control the alchemy fire to become a true Alchemist!

Then, the automatic pill refining device was completely unable to solve the problem of integrating feelings!

This was simply an endless loop!

Helplessness, loss, and despair filled Lin Yi's heart. He almost broke down mentally and his Yuan spirit shook!

If it wasn't for the ghostly thing activating the soul raising tree and the spirit-gathering branch, he might have been devoured by the backlash and his soul would have been scattered!

But Lin Yi didn't care-he'd spent so much time and effort on Sky Class Island looking for Zhang Liju, getting stronger and stronger, all for the sake of saving the people of the common world one day, but the cruel reality was that he'd gotten stronger too quickly, and couldn't become a true refiner! That was why they couldn't be saved!

It was so F * cking ironic!

In that instant, Lin Yi felt like he had lost all interest in life-all his efforts were for naught, and he felt that they were all for naught. What was the point of all that then?

"Little brat, wake up! Are you living just to wake them up? Don't you still have to find your parents and bear the responsibility of going against central? And to save your brothers and friends from danger?"

The damn thing roared in Lin Yi's sea of consciousness,"Wake up! You still have a lot of things to do, so how can you have time to be sad and sentimental?"

Lin Yi was shocked, and cold sweat started forming on his back. That mental state was the sign of Qi deviation-if it wasn't for that thing, he might really be dead!

"Thank you, senior ghost, for your warning! I've already woken up!"

Lin Yi thanked the thing and pulled himself together before kneeling in front of Zhang Liju. "It's impossible for disciple to abandon them. Master, please show me the way. Is there any other way to save them?"

For the sake of Chu Mengyao and the others, Lin Yi was willing to give up everything to save them!

Chapter 6987 The Only Way Is To Reconstruct The Golden Body

"You can't even protect yourself, and you're still thinking about them? Let's think of a way to protect ourselves first, then we'll talk about other things!"

A look of admiration flashed across Liju's eyes-he was a man who valued relationships, after all, and it was only natural that he'd feel close to Lin Yi, ""Tell me what's going on with your primordial spirit! Don't say anything about it being a long story, just make it short!"

Lin Yi had no choice but to explain how his body was destroyed in the Wang family, how he forcefully leveled up his essence spirit to save ning Xuefei, and how he went to clear flow school to kill Lu Yongming.

"You're really a sentimental person. You have female friends everywhere, and you're always running around to save them!"

Liju couldn't help but tease, but it wasn't good to laugh at the pot calling the kettle black. "Let's not talk about your personal matters. Let's talk about the condition of your primordial spirit."

Lin Yi nodded awkwardly, putting on a front that he was all ears.

"If I'm not wrong, your strength has always been easy to obtain. Perhaps you feel that you have improved step by step through battles and have an extremely solid foundation. You even deliberately suppressed your cultivation and did not rise to the heavens in one step, right?"

Liju's eyes were sharp-Lin Yi didn't say it out loud, but he'd hit the nail on the head.

Lin Yi was shocked-he didn't expect his master to know his thoughts like the back of his hand, and there was nothing he could do other than nod.

"Your approach is actually quite correct. Unfortunately, you think that the strength you improved in the battle is mostly obtained by chance and coincidence. It is not cultivated step by step, so the foundation is not stable."

Liju was just guessing, but he was right. Lin Yi couldn't argue with him,"This time, your physical body was destroyed, and your Foundation was damaged. Not only did you not restrain your cultivation, but you also went against the norm and forcibly increased the level of your primordial spirit. If I'm not wrong, you should have directly advanced to the great circle of earth-splitting, right?"

Lin Yi didn't know what to say and just kept nodding.

"You're really a genius. To be able to directly raise the primordial spirit by such a large extent, I'm afraid it's unprecedented and will never be followed!"

Zhang Liju wasn't complimenting Lin Yi, he was mocking him. Lin Yi felt extremely embarrassed-he'd never been lectured by his master like this before.

The damn thing had taught Lin Yi before, but the two of them didn't interact like master and disciple. They were more of a bickering and taunting duo, and Lin Yi didn't dare to turn around and mock Zhang Liju ...

"To be honest, I'm very surprised that your primordial spirit didn't collapse after all your misdeeds. It's normal for your soul to be destroyed before you came here."

Lin Yi's mouth twitched. Master, you sure have a sharp tongue ... Your elegant and extraordinary image was completely destroyed!

Zhang Liju didn't know what Lin Yi was thinking, and continued, "No matter what, it's good enough that you managed to keep your life. It doesn't seem to be a big problem now, but your future achievements will probably stop at the heaven breaking realm. You'll never be able to enter the Supreme realm!"

Supreme realm? Could it be the realm after the Titan realm? But Lin Yi didn't ask-there wasn't much point in that.

Lin Yi couldn't help but feel a little depressed. All along, everyone had said that he was a super genius, and no one in his generation could compare to him. Even he himself thought that he was a genius, but after Zhang Liju's words, he realized that it wasn't the case!

How could a true genius make so many mistakes? Liju seemed to be attacking Lin Yi, but every word he said was targeted at him!

It turned out that the so-called geniuses were just geniuses who were praised because the people around them were inferior to them. In front of a true mighty figure, they would immediately reveal their true colors and be full of mistakes!

"Master, it doesn't matter what your future achievements are. I just want to know, is it possible to refine pills?"

Lin Yi gathered his emotions and suppressed the disappointment in his heart before returning to the most important question. "If the yearning pill is truly only effective when this disciple refines it, then I request that master must think of a way to allow this disciple to re-learn the alchemy Dao!"

"Originally, it was impossible for you to re-cultivate your alchemy Dao, but with your current condition, it might be possible!"

"Fortune is always accompanied by misfortune, and misfortune is always accompanied by fortune. With your current condition, there's a glimmer of hope."

Lin Yi was overjoyed and quickly bowed, "Master, please teach me!"

"As the saying goes, 'no destruction, no construction'. Under normal circumstances, no one would dare to casually destroy their physical body. However, you managed to cultivate a primordial spirit body by chance. After your physical body was destroyed, you were able to maintain your primordial spirit. This is your greatest chance!"

Zhang Liju then stuck out a finger, "Seeing that you're my last disciple, I'll give you a word of advice. Reform your golden body before you walk the path of cultivation!"

Lin Yi repeated in a low voice, as if he'd just seen a flower in the fog.

"Master, what is the meaning of this?"

Rebuilding golden body was easy to understand-it meant rebuilding a physical body. Lin Yi had always wanted to rebuild a physical body for ghosts, but he hadn't been able to do it yet.

What did it mean to walk the path of cultivation again? Did he mean to cultivate after reconstructing his body? Isn't this nonsense!

"There's not much time left, remember what I'm going to say next!"

Liju didn't explain further and continued, "Go to the Azure sky Valley and find the purple mist evil Lotus! That's the only way for you to reconstruct your golden body. Once you find it, my clone will be waiting for you nearby. We'll talk about the rest then. This clone of mine is about to dissipate. We'll meet again at the Azure sky Valley!"

"Master, where is the Azure sky Valley? Is the purple mist sinful Lotus in the Azure sky Valley?"

Lin Yi jumped and asked.

But after he finished, he disappeared without a trace, never to answer again.

This ... What a trap!

Can't you explain the place clearly?

Lin Yi didn't know whether to laugh or cry-he was only one sentence away! If Zhang Liju could tell him the location of blue sky Valley, he could go there directly!

What should he do now? Only God knew where the Azure sky Valley was. He still had to go around and find out more information!

Speaking of gathering information, he wondered if Ding Yi, who was outside the door, knew the location of the blue sky Valley.

Lin Yi decided to ask him first-it was a big deal, and if he really did know, it'd be worth it no matter what price he paid!

Lin Yi stood there for a moment, lost. He thought about what Liju said a few times before sighing and leaving.

Chapter 6988 Two Requests

Before he left, he remembered that Zhang Liju said he wanted to give him something, so he turned his eyes to the decorations in the room.

He didn't really want anything good, but he didn't dare to reject the gift from an elder, so he just took one so that Zhang Liju wouldn't remember it.

Lin Yi took a closer look and realized that the things that Liju placed around him weren't normal things. They could be sold for a good price-he was indeed a rich refiner!

However, these things weren't of much use to Lin Yi. In the end, he picked out a book on the basics of alchemy, planning to study it when he had the time.

Of course, Zhang Liju's book was completely different from the common goods on the market. The divine Alchemist and the Holy doctor had personally written annotations on it, and it was enough to be the most important item in the auction at the northernmost Island.

Ding Yi greeted him with a smile as he walked out of the small broken house, as if he had never left.

"Young hero Lin, did you find what you wanted inside?"

Ding Yi cupped his fists and said in a humble manner, completely lacking the grace of a mysterious expert. "I wonder if young hero Lin is satisfied with this deal?"

"Thank you for your information, Chairman ding. I'm very satisfied!"

Lin Yi had finally met Zhang Liju, and although he couldn't accomplish what he wanted to do, he had a goal and direction now. "I've said before that you can tell me the second piece of news after we reach ji shi Valley. Please tell me now!"

The second piece of information was about the blissful Valley and the island in the middle of the Golden class Sea area. Ding Yi had already received the payment in advance. Although Lin Yi had a lot of things to do, he still worried about Hao Zili and the others.

"No problem. The latest news about the blissful Valley is that they've been taken to a secret base in the mystic division Sea area. It's probably in the dark night Mountain region!"

Dingyi didn't beat around the bush this time-he went straight to the point."According to my investigation, the people of the blissful Valley are used for ... Genetic experiments. I don't know what that means, but do you know, young hero Lin?"

Of course, Lin Yi knew that. He had fought with the products of genetic experiments more than once or twice. It was because he knew that he was even more worried about Hao Zili and the others.

"Didn't you say that the people of the blissful Valley are safe for now? How did it become a genetic experiment subject?"

Lin Yi couldn't help but ask,"Where is the exact location of the base? I must immediately go to the rescue!"

"I'm sorry, young hero Lin. When I said they were safe last time, they were indeed safe. The genetic experiment has only started in the last two days. As for the specific location, forgive this one for not being able to do so, because they did not enter through the normal way!"

Dingyi shook his head and looked at Lin Yi honestly. "I can't lie to young hero Lin. I'm afraid it won't be easy for you to enter. In order to make up for the uncertainties of this information, I'll give you a piece of information for free. Those people have a hidden partner in the dark night Mountain region!"

Lin Yi didn't know what to say-what Ding Yi said made sense. It'd been quite some time since the Golden class Sea area incident, and it was normal for things to change.

Even his own body had been destroyed, so what was so strange about the people of the blissful Valley becoming test subjects?

As for the hidden partners, it was also within his expectations. This was Central's style of doing things. Wherever they went, they would find help, or rather, they were puppets they supported.

"I wonder who that collaborator is?"

Lin Yi frowned-it was hard to get into the base directly, but maybe he could use this partner?

"Young hero Lin, you should know that the information given for free will not be detailed. We haven't been able to find out this person's identity yet."

Ding Yi was honest and didn't feel that there was anything wrong with using this kind of nonsense to send a favor.

Lin Yi rubbed his forehead, holding back the urge to punch that face full of smiles.

"Alright, let's not talk about this for now! Chairman ding, do you accept the business of custom-made information?"

Lin Yi felt that Ding Yi was a bit of a scammer, but the information he provided was worth the money. It would be more convenient to get answers from him.

"Of course, the small scale is not big, but the scope of our business includes everything. As long as it is the needs of our customers, that is the goal we strive for!"

Ding Yi took the opportunity to promote the place, but Lin Yi only curled his lips when he heard it.

After all was said and done, he was still a profiteer!

"For information about reservations, the side accounts need to charge a fee in advance. Young hero Lin should understand this, right?"

One didn't know what Lin Yi thought of him as a profiteer, and immediately acted like one. "According to the difficulty of obtaining information, if the advance payment is insufficient, there will be an additional fee. If there is an extra ... Well, generally, there won't be an extra situation."

Lin Yi's mouth twitched. You're the boss, you have the final say!

"It doesn't matter, as long as your information is accurate! I have such needs right now. "

Lin Yi didn't want to waste time with dingyi, so he asked the question he was most concerned about."I want to know the exact location of the blue sky Valley and the purple mist Black Lotus. Do you have them?"

"There's naturally no ready-made one, so we need to investigate! With Lin shaoxia's current situation, it's indeed necessary to go to the Azure sky Valley!"

Ding Yi nodded and continued,""Let me first evaluate how much I need to pay in advance."

Lin Yi's heart jumped. It seemed that Ding Yi had at least heard of the Azure sky Valley before. This information broker was really something.

"Lin shaoxia is also a regular customer. The Azure sky Valley is related to Lin shaoxia's physical condition, which is equivalent to our long-term cooperation in the future. So, I'll give Lin shaoxia a discount for this information!"

Ding Yi's right hand flicked quickly, then clapped his hands."" 20000 crystals! This is the lowest price, is young hero Lin satisfied?"

"Deal!"

Lin Yi agreed to Ding Yi's offer without hesitation. 20000 crystals wasn't a small amount, but it was nothing compared to the news about the Azure sky Valley.

Plus, Ding Yi only wanted spirit crystals, which surprised Lin Yi. He thought that Ding Yi would ask for something good.

For example, the red dust all creation mask, the two escape techniques, the Shennong cauldron, and other items. That would be a real problem!

It seemed that the profiteer would occasionally find his conscience and take the opportunity to ask the next question!

"The Azure sky Valley is one of the reasons, and the other is that I'd like to ask you to help me find someone. Her name is Wang Xinyan, and she's a student at a Morning Star golden class academy. Under normal circumstances, she should be studying at a Morning Star Mystic class academy, but from what I know, she's not there."

Chapter 6989 All In The Dark Night Mountain Domain

Lin Yi was worried about Xinyan's whereabouts. She came to the mystic division Sea area with Huang xiaotao, so how did one of them become famous while the other remained unknown?

He was supposed to go to the Morning Star Mystic division school to find Huang xiaotao and ask her about Wang Xinyan when he got back to the mystic division Sea area, but he didn't expect so many things to happen. He didn't have time to go at all.

It would be great if Ding Yi could get some information. It would save him a lot of time.

"Lin shaoxia, your alternate account can only accept one message at a time. You can only choose one of the two! Since we've already agreed on the advance payment, I suggest that young hero Lin should choose the blue sky Valley!"

Dingyi shook his head and rejected Xinyan's request.

Lin Yi suddenly realized that dingyi had only done one business with him, and there would only be a second one after the first one.

For example, Zhang Liju didn't tell him about the blissful Valley and the center until the old residence was completed.

He didn't know what kind of broken rule this was. If he didn't earn money, how could he live up to the glorious title of profiteer?

"Lin shaoxia, the valley is related to your health, and it's of utmost importance. You can't afford to be careless. As for that Wang Xinyan, I think you can investigate her yourself."

Ding Yi's expression was as if he was thinking for his customer, but no one knew if he was actually thinking that.

Lin Yi didn't answer, but thought that Ding Yi's words made sense.

It was obvious that Lin Yi had no clue about the valley, and he couldn't even start investigating himself!

Xinyan, on the other hand, had Huang Xiaotao to ask-she wouldn't go to a Morning Star Mystic class practitioner's College, and she'd probably find out the truth if she went there.

"Alright, I'll leave the matter of the Azure sky Valley to President Ding. I'll take care of the rest myself."

Lin Yi paid the 20000 crystals in advance and asked, ""Where's the Morning Star Mystic division school, and how far is it from Ji Shi Valley? You won't charge me for this information, right?"

"There's naturally no need for that. If I were to charge a fee for this kind of information that everyone knows, wouldn't I be a profiteer?"

You're speaking as if you're not a profiteer ...

No matter what, Dingyi didn't hold back this time. He took out a map and gave it to Lin Yi. "This is a simple map of the mystic class Sea area. Although it's a bit primitive, it's detailed. I'll give it to you, young hero Lin."

"Thank you, Chairman ding!"

Lin Yi took the map and thanked him from the bottom of his heart. With a map, it'd be much easier to travel around, "I'll look for our location and the morning Star Mystic division school first. "

He opened the map, but before he could take a closer look, ding one suddenly said, ""Lin shaoxia doesn't need to go to a Morning Star Mystic division school. Just go to the dark night mountain, that's more obvious!"

Lin Yi blinked. The dark night Mountain region ... Wasn't that the central base he mentioned?

"That's right, there's no need to be suspicious, Lin shaoxia. The Morning Star Mystic division school is in the dark night Mountain region, so I'm saying you can investigate Wang Xinyan while you're at it,"

Dingyi chuckled, as if he'd expected Lin Yi's reaction.

Lin Yi didn't think that things would be so coincidental, but it was good that he could investigate both Xinyan and blissful Valley at the same time. It would save him a lot of time.

"So that's how it is. I really didn't know that the Morning Star Mystic division practitioner institution was in the dark night Mountain region!"

Lin Yi scanned with his spirit sense and found the location of the dark night Mountain region on the map. He handed the map back to Ding Yi, ""I think it's better to return this map to Chairman ding. I've memorized all the contents."

"I don't have the habit of taking back things that I've given out. If you don't think it's necessary, just throw it away. It's just a map, it's no big deal."

Ding Yi laughed and cupped his hands at Lin Yi. "I'll take my leave for today. When I have news of the Azure sky Valley and the purple mist evil Lotus, I'll immediately come to find young hero Lin. "

Ding Yi disappeared like a ghost before he could finish his sentence, leaving Lin Yi no chance to speak.

He really appeared and disappeared unpredictably!

Lin Yi was getting more and more interested in Ding Yi's movement technique-he'd have to get it if he had the chance to perfect it in the future.

With that done, Lin Yi bowed to the little house as a farewell to Liju and left Ji Shi Valley.

He would pass by Feiyang college on his way to dark night mountain, so he decided to go back first to see if Ning Xuefei, Jiang He hai, and Qin Yue were settled.

Shangguan LAN 'er hadn't seen him for a long time. It was a good time to go back and meet him!

When Lin Yi left Ji Shi Valley, Huang Yuntian had already escorted Ning Xuefei to the Feiyang school.

The news of Lin Yi killing Lu Yongming hadn't spread yet, and Huang Yuntian didn't want Lin Yi to be in the limelight.

After all, Lin Yi's body had problems now, and it was better to avoid unnecessary trouble. He went to Liu Xiaoyu quietly, settled Ning Xuefei's transfer, and left the school.

Huang Yuntian didn't say anything, so Liu Xiaoyu naturally didn't dare to welcome him openly. Therefore, most people in the Feiyang college didn't know that the president of the Alliance had come and left.

Liu Xiaoyu informed Zhang Jinmiao and Shangguan Lan 'er to come to his place. Ning Xuefei finally saw her best friend Shangguan Lan 'er.

"Ya! Feifei! Are you here to see me? It's a super surprise!"

When Shangguan Lan 'er came in and saw Ning Xuefei, she immediately jumped up and hugged Ning Xuefei. She still looked like a little girl.

"Lan 'er! I miss you so much! I finally get to see you again!"

When ning Xuefei saw Shangguan LAN 'er, it was as if she had seen her family. Her heart ached and she almost cried.

He had already calmed down, but he began to break down again. If it weren't for the two people beside him, he might have already cried while holding Shangguan LAN 'er.

"Feifei, I missed you too. I didn't hear from you after you went to the Golden sea, and then to the mystic Sea. I thought you had forgotten me!"

Shangguan LAN 'er's smile was exceptionally bright. After hastily greeting Liu Xiaoyu, she pulled ning Xuefei aside to whisper.

Liu Xiaoyu naturally would not argue with Shangguan LAN 'er. The two girls went to the side, and he was talking to Zhang jinmiao.

"Principal Zhang, have you received the transfer order from the Alliance of Academies?"

Huang Yuntian knew that Liu Xiaoyu's relationship with Lin Yi wasn't bad, and had protected Lin Yi many times before. He was more polite when he came, and personally told him about Zhang jinmiao's appointment as Dean.

The official appointment documents and transfer orders came a little later than Huang Yuntian, so Liu Xiaoyu asked.

"I just received it before I came here. I was just about to talk to you about this."

Zhang jinmiao nodded and said with some hesitation, ""Dean Liu, you know how strong I am. I haven't even reached the sea shattering realm. I'm afraid it's not appropriate for me to take up the position of Dean of the clear flow school. If it wasn't for you, I wouldn't even be able to be the vice principal of our Feiyang college. "

Chapter 6990 Class Monitor Removed

Although Lu Yongming was dead, The Clearwater School was still a second-best school that was not inferior to the Feiyang school. They definitely had many sea shattering experts!

Zhang jinmiao was worried that she wouldn't be able to suppress them if she went over. In addition, she was unfamiliar with the people and the place, and she might be overpowered by the people below at any moment.

However, these words were not easy to say out loud, and Liu Xiaoyu could only rely on his own will.

"There's nothing inappropriate about it. President Huang will soon return to the earth-class Sea area, but it won't be a bad thing. On the contrary, once he returns to the earth-class Sea area, his influence on our Mystic-class Sea area will be even stronger. "

Liu Xiaoyu's eyes were sharp and extremely clear,"President Huang's appointment of you as the clear flow school's principal was a feat accomplished by his own strength. The entire Alliance of schools was unable to object to it. This is the embodiment of influence. So, you can be at ease and be bold as principal Zhang. No one will dare to cause you any trouble."

Speaking up to this point, Liu Xiaoyu suddenly gave a meaningful smile, "Not to mention that you're Shangguan LAN 'er's master, and Lin Yi calls you aunty Zhang ... Even if the people from clear flow school don't give President Huang face, they'll give Lin Yi face!"

Zhang jinmiao was speechless-she'd received a transfer order, and naturally knew that Lin Yi had killed Lu Yongming, so she couldn't refute Liu Xiaoyu's statement.

As long as Lin Yi was around, no one in the school would dare to cause trouble, especially Lu Yongming's men. They had to tuck their tails between their legs, afraid that Lin Yi would find a chance to make a move.

After all, Lin Yi killed Lu Yongming and nothing happened to him. If someone else jumped out, they'd be asking for death!

"Vice President Liu, you're right ... Forget it. Since President Huang is willing to give me a chance, I'll try my best."

Zhang jinmiao stopped talking about her confidence and changed the subject. "There's something I need to discuss with principal Liu. I'll be bringing LAN 'er along with me to the clear flow school."

Her grandfather had asked Shangguan LAN 'er to teach Zhang jinmiao and enter Feiyang college as a disciple. Therefore, Zhang jinmiao would naturally want to bring her along when she went to clear flow college.

If Shangguan LAN 'er was just an ordinary student, she would have left without a second thought. However, she was an outstanding student with outstanding talent. It was a loss for the Feiyang college to leave, so Zhang jinmiao had to inform Liu Xiaoyu.

Liu Xiaoyu laughed out loud, "Dean Zhang, it's not that I don't agree to your request. It's just that Lin Yi asked President Huang to personally escort ning Xuefei here. He transferred her to Feiyang school so that she could leave clear flow school and be with Shangguan LAN 'er."

Liu Xiaoyu was genuinely happy. He had not only picked up a genius student, ning Xuefei, but also Shangguan LAN 'er!

At the same time, Lin Yi would continue to stay in Feiyang college-that was the most important thing!

Everyone in the school knew that Lin Yi came to the mystic division Sea area to protect Shangguan LAN 'er. If Shangguan LAN 'er left, he would leave with her.

With Lin Yi's current strength and status, Liu Xiaoyu couldn't stop him at all!

He'd been able to see Lin Yi as a student before, but now he was on the same level as Liu Xiaoyu.

"Is that so?"

Zhang jinmiao was stunned. She glanced at Shangguan LAN 'er and ning Xuefei."In that case, Feiyang school is indeed more suitable for her."

Lu Yongming had deliberately announced to the whole Mystic division that he had dealt with ning Xuefei, so Zhang jinmiao naturally knew how much torture she had suffered. It was only because she had kept it from Shangguan LAN 'er that this little girl would have rushed to the clear flow school to save her best friend.

Zhang jinmiao couldn't object to Lin Yi's arrangement. Since ning Xuefei came to meet Shangguan LAN 'er, it was impossible for her to take LAN' er away alone.

Zhang jinmiao sighed, then smiled.""Forget it. In that case, I can only take on the task alone. I'll come back to see LAN 'er when I have time."

"Are you just going to look at your precious disciple? Aren't you going to come and see this old principal?"

"That's a bit hurtful!"Liu Xiaoyu joked.

Zhang jinmiao suddenly laughed. It was rare for director Liu to joke with her subordinates, so she also relaxed a lot, and the two began to chat casually.

In fact, Liu Xiaoyu and Zhang jinmiao didn't realize that they were subconsciously considering Lin Yi's thoughts before making a decision.

The two deans had decided on the most suitable decision for Lin Yi without him knowing-this showed how much influence he had!

At the same time, in the new student class of Feiyang college!

Yang Dian was showing off in front of all the freshmen.

"I'm your senior. Most of you should know me. I've been a part of the recruitment team this time. I can be considered your guide!"

Jiang He hai, Qin Yue, and the other freshmen who came from the yellow-class Sea region nodded subconsciously. Although yang Dian was somewhat invisible in the recruitment team, he was right.

"You guys might not know this, but I used to be the class monitor of the new class. Now that I've been promoted to the intermediate class, I'll immediately take up the position. In the future, if you guys are obedient, I won't mistreat you."

Yang Dian said arrogantly,"you're all my underlings, so I'm your boss."Now, I'll appoint a class monitor and vice class monitor for you. I'll pass on some messages to you through them in the future."

Jiang He hai and Qin Yue immediately frowned. Li Xiaomeng had already handed the position of class monitor and vice class monitor to them. What was yang Dian trying to do by appointing them?

Would yang Dian dare to fall out with Li Xiaomeng? It was said that Miss Li was the big sister of the advanced class. The class monitor of the intermediate class ... Was that even enough?

"Senior brother yang, the class monitor and vice class monitor of our new student class have already been selected by Senior Sister li. It's the two of them! Are you going to change?"

Someone immediately raised a question. Of course, there was no goodwill in his voice. His eyes were full of gloating!

Clearly, he had purposely pointed it out to mock Jiang He hai and Qin Yue.

Back when Li Xiaomeng had forcefully appointed class monitor and vice class monitor, it had indeed been impressive, but it had also pushed Jiang He hai and Qin Yue to the opposite side of all the freshmen. All the freshmen were looking forward to seeing the two of them suffer.

"Senior Sister li is so high and mighty, how could she care about the new students? She was just giving Lin Yi face! But who was Lin Yi? Senior brother nie Xiaohu from the advanced class also feels that the new student class needs a suitable class leader to manage it. "

Yang Dian waved his hand nonchalantly, indicating that he was not afraid of Li Xiaomeng. ""The two of you are not qualified to be the class monitor and vice class monitor. Work hard in the future."

Jiang He Hai's face was filled with anger. He didn't care about the class monitor or vice class monitor, but yang Dian's disdainful attitude, especially when it involved boss Lin Yi, was intolerable!
