

## Bodyguard 6991

### Chapter 6991 Never Surrender

"What's wrong? Are you dissatisfied with something? You actually dare to glare at me! You're quite bold!"

Yang Dian looked at Jiang He and hai teasingly and hooked his index finger. ""You think you're so great just because you're Lin Yi's follower? Lin Yi's done for himself, why would he care about you! Try me and see if I dare to deal with you!"

In the past, yang Dian would never dare to offend Lin Yi, but he knew that Lu Yongming from the clear flow school had announced to the entire Mystic division sea to lure Lin Yi out against his fianc e, ning Xuefei.

As far as yang Dian was concerned, Lin Yi was dead for sure this time. Even if he didn't die, he wasn't afraid of Lin Yi now!

Who knew what yang Dian's reaction would be when he found out that Lin Yi had broken into clear stream school and killed Lu Yongming ...

"What nonsense are you talking about? What happened to boss Lin Yi? I think you're looking for death!"

Jiang He hai was enraged-it didn't matter if he was being targeted or looked down on, but boss Lin Yi and Qin Yue were untouchable in his heart!

Now that yang Dian was saying Lin Yi was done for, how could he take it?

Before he could finish his sentence, Jiang He Hai's aura burst forth. Qin Yue, who was connected to him telepathically, activated her true Qi and stood beside Jiang He hai.

Although the two of them were only at the xuansheng stage, their combined power was enough to suppress most of the ordinary mountain-splitting experts!

Unfortunately, yang Dian had never been an ordinary mountain-opening master. Now that he had entered the earth-opening stage, the actions of these two people were a joke in his eyes!

"Haha, there's really a fool who overestimates his own strength! Today, I'll teach you a lesson. I'll let you know why I'm your senior!"

Yang Dian laughed arrogantly. He waved his hand casually and a violent true energy swept out!

Even though Jiang He hai and Qin Yue had taken defensive actions, they were completely useless and were sent flying.

In mid-air, the two of them spat out a mouthful of fresh blood at the same time. They actually both suffered internal injuries!

Jiang He Hai's eyes widened as he tried his best to turn around. Before he fell to the ground, he hugged Qin Yue like a bolt of lightning, using his body as a cushion to reduce most of the impact.

As for Jiang He hai, his injuries worsened, and he spat out another mouthful of blood. He slumped to the ground, not even having the strength to get up.

"Hehe, how boring. You can't even take a casual strike from me, yet you still don't forget to be the hero who saves the beauty! It's hard to understand trash's thoughts. "

Yang Dian sneered at Jiang He and hai mercilessly. He had just casually attacked and had no intention of killing.

Yang Dian wanted to kill anyone related to Lin Yi, but they were in Feiyang college. If he really killed a new student, he would be wanted by Feiyang college. It was no laughing matter.

"Yang Dian, you're so cool! When did you become the one in charge of Feiyang college?"

A red shadow rushed in like a whirlwind, arriving beside Jiang He hai and Qin Yue as it spoke, ""Good ... There's no danger to my life. Quickly take the healing pill!"

It was Li Xiaomeng. She came to see Lin Yi's friend on a whim, not expecting to see yang Dian showing off.

When Jiang He hai and Qin Yue saw that it was Li Xiaomeng, who called herself their sister-in-law, their hearts relaxed slightly. They did not reject her good intentions and obediently opened their mouths to swallow the pills, starting to calm their hearts and heal.

After treating Jiang He hai and Qin Yue's injuries, Li Xiaomeng's pretty face was frosty. She turned to look at Yang Dian coldly. "Yang Dian, you'd better give me a reasonable explanation. You know that they are under my protection, but you still dare to touch them. Do you think I'm too weak to fight, or are you just being arrogant?"

"Xiaomeng, it's not good for you to interfere in the new student class's matters. Hurry up and come back with me!"

As soon as Li Xiaomeng finished speaking, Tong Xiaohu rushed in and tried to pull Li Xiaomeng away.

"Get lost! Do I need you to tell me what to do?"

Li Xiaomeng slapped away Tong Xiaohu's palm and shouted angrily, "This young lady's face has been disgraced by someone, and you actually want this young lady to swallow her anger and pretend that she doesn't know?"

Tong Xiaohu's face was livid. He squinted his eyes and retracted his palm. A ruthless look flashed in his eyes.

"What is Senior Sister Li saying, how would this Junior Brother dare to go against you? He's just teaching the new students some rules!"

Yang Dian cupped his hands with a smile, but his expression was very casual. "Most of the new students will enter the lower class in the future, and a small portion will enter the intermediate class. By then, they will all be my people, so I'll set some rules for them first so that it'll be easier to manage them in the future."

"Yang Dian, don't talk nonsense with me! Since you dare to slap my face in front of me, don't blame me for being impolite!"

How could Li Xiaomeng, who was so overbearing, stand yang Dian's enigmatic look? as she spoke, she had already raised her arm and rushed to yang Dian, slapping him!

I hit you because I think highly of you. If you dare to Dodge, you're dead!

As expected, yang Dian didn't Dodge or move. It wasn't that he wanted Li Xiaomeng to hit him to vent her anger, but he didn't need it at all!

As soon as Li Xiaomeng moved, Tong Xiaohu moved as well. His hand simply grabbed Li Xiaomeng's raised arm!

Li Xiaomeng didn't expect him to make a move, and even if she had noticed it, she couldn't avoid it.

"Nie Xiaohu, let go of me! What do you mean by that?"

Li Xiaomeng was furious. How dare the submissive nie Xiaohu attack her?

What was going on today? Had the heavens been overturned?

"Xiao Meng, don't mess around. It's improper to fight with the class monitor of the intermediate class in front of the new students!"

Nie Xiaohu grabbed Li Xiaomeng's arm expressionlessly and said in a deep voice, ""I'll apologize to you however I want when we get back, but you have to come back with me immediately!"

"Nie Xiaohu! Hello! You're good!"

Li Xiaomeng was furious. She struggled with all her might, but she could not get rid of nie Xiaohu's palm.

It was only then that she realized that nie Xiaohu was much stronger than her, and not just slightly stronger!

"Senior Sister Li, you don't have to be so agitated, you said you were protecting those two people, I didn't want to kill them! As long as they're willing to submit to me and listen to my orders in the future, it's not impossible to give them the position of vice class monitor. "

Yang Dian put his hands behind his back and looked at Li Xiaomeng with a faint smile. "What does Senior Sister Li think? I've already given Senior Sister a lot of face!"

"You two are together?"

Li Xiaomeng suddenly stopped struggling. Her cold eyes moved back and forth between yang Dian and nie Xiaohu's faces. "No wonder one suddenly has the guts and the other even dares to overturn the heavens!"

Di Xiaohu's expression changed slightly, but she did not admit or deny it.

"Senior Sister Li doesn't need to worry about us!"

Jiang He Hai's condition stabilized slightly, and he struggled to his feet, wiping the blood from his mouth. "I, Jiang He hai, only serve boss Lin Yi-who the hell are you? You're not even worthy of carrying boss Lin Yi's shoes, and you want us to submit to you? Bah!"

Chapter 6992 Yang Dian, The Sea-Splitting

Yang Dian's face changed-he wasn't even fit to carry Lin Yi's shoes ... What the hell!

"You really have a backbone! Looks like I'll have to continue taking care of you! If you admire Lin Yi so much, why didn't he come to save you?"

Yang Dian sneered and raised his hand, not caring about Li Xiaomeng at all. He was ready to attack Jiang He and hai again."Come to think of it, I really want Lin Yi to be here, so he can see how I'm going to take care of his lackeys before I go take care of him!"

"Yang Dian! If you dare to make a move, this young lady will not let you off! Do you think di Xiaohu can protect you? Hahahaha, nie Xiaohu can't even protect himself!"

Li Xiaomeng's pretty face turned red and she was furious. Nie Xiaohu had never dared to show her any disrespect. Did she really take the wrong medicine today?

He would definitely teach him a good lesson later!

What she didn't know was that di Xiaohu was triggered by her change in attitude towards Lin Yi. She felt that she wasn't tough enough, and that was why Lin Yi got the advantage!

So he thought that if he became tougher, he might be able to win back Li Xiaomeng's heart.

The result was still unknown, but it didn't look too good at the moment ...

"Senior Sister li, don't be impatient. I will give Senior Sister face and spare their lives! It's a pity that Lin Yi can't see his follower suffer with his own eyes-why don't I trouble Shijie to do it for Lin Yi and help him appreciate it!"

As yang Dian spoke, he sped up and swung his palm at Jiang He Hai's face. He did not intend to kill Jiang He hai, he just wanted to slap him a few dozen times to humiliate him.

However, before yang Dian could approach Jianghe and hai, a lightning arc suddenly appeared in his path. Caught off guard, he directly crashed into it as if he was looking for a lightning strike.

"Lin Yi!"

A familiar recipe, a familiar smell ...

Yang Dian quickly retreated. Although he was hit, it was not a big deal, but he was a little dusty and dirty.

Lin Yi's figure appeared in front of Jiang He hai, grabbing his and Qin Yue's wrists. He circulated his Qi to check their injuries, and only relaxed when he found that they were fine.

"Senior Sister li, many thanks for taking care of my brother!"

Lin Yi cupped his fists at Li Xiaomeng, thanking her from the bottom of his heart. His impression of Li Xiaomeng had changed quite a bit.

Li Xiaomeng's anger dissipated instantly. She nodded her head gently and said, ""I didn't help much, so I don't dare to accept your thanks."

The corner of nie Xiaohu's mouth twitched. He wanted to kill Lin Yi, but he didn't have the strength ...

"Hahahaha, Lin Yi, you really came! I was just saying that I was very regretful that you weren't there to watch, but I didn't expect you to appear! Very good, very good!"

Yang Dian laughed heartily, not taking Lin Yi seriously at all. "All of you, come over here and take a good look at Lin Yi's expression!"

At yang Dian's call, seven or eight people from the intermediate class gathered around.

They were originally yang Dian's men, and they were all excited to see Lin Yi face to face with yang Dian.

There's going to be a good show to watch!

Lin Yi glanced at them and saw familiar faces, including Xue Peng. They were all people from the intermediate class who were close to yang Dian.

"Yang Dian, I haven't seen you for only a few days, and you're starting to show off again. You've really forgotten the pain after the scar has healed. Are you sure you want to fight me?"

"Lin Yi, I didn't think you'd still be this cocky. Don't you know that fortune always changes? The river flows thirty years to the East, and thirty years to the West! Since you insist on standing up for me today, then let's settle the score between us!"

Yang Dian smiled proudly, his nose high in the air. ""If you're smart, stand aside and watch me take care of your little brother, I'll let you off today! How was it? Are you preparing to watch the show or are you preparing to personally go on stage?"

"I really don't know who gave you the courage! Or is it just because he needs to be taught a lesson?"

Lin Yi smiled, but a dangerous light flashed in his eyes.

He had not killed yang Dian all this time, not only because he wanted to find some clues about central, but also because he didn't want to kill anyone in Feiyang college.

It seemed that he had to kill yang Dian today. Otherwise, it would be too dangerous if this idiot attacked the people around him when he was not in Feiyang college!

Since he was a scourge, he should be eradicated as soon as possible. He could also kill the chicken to warn the monkeys!

Whoever dares to touch my people should be prepared to be killed!

Lin Yi calculated in his heart. He only needed the strength of a mountain opening stage to deal with yang Dian, and it shouldn't be too much of a burden on his primordial spirit body, but he still had to end the battle quickly to avoid any accidents!

"Lin Yi, cut the crap-let's see who's the one taking care of who!"

Yang Dian wasn't afraid of Lin Yi at all. He laughed madly as he twisted his neck, wrists, shoulders, and other joints, making cracking sounds. "If you can't take it, you can kneel down and beg for mercy. I will consider going easy on you!"

Lin Yi was a little surprised-this idiot was so confident. Did he level up again? And it should be quite a big one!

While he was thinking, yang Dian's aura burst out and he instantly revealed his strength to the great circle of earth-splitting!

The people who knew yang Dian were dumbfounded. They didn't understand how yang Dian's strength improved so fast!

How long has it been, and he's already at the great circle of earth creation? Would he directly reach the sea splitting stage in a few days? In a few days?

He really wanted to ascend to the heavens!

Lin Yi frowned, not because of the increase in yang Dian's strength, but because of the familiar yet strange feeling in his aura.

After taking a closer look ... This was ... The aura of the sea beast race. Not only that, but there was also the aura of a darkness demon beast ...

Because they were all fused together, it was a little different. Lin Yi wouldn't be able to tell if he hadn't interacted with them before.

"Hahahaha, Lin Yi, I'll use my full strength today and crush you! Open your eyes and take a good look!"

Yang Dian laughed wildly as he soared into the sky. His body turned in the air, and his muscles expanded rapidly, bursting his clothes and revealing black scales. His palms and feet also twisted and extended, turning into dragon claws.

What was even more terrifying was that yang Dian's head also turned into a Dragon, and a dragon's tail grew out of his butt.

In the blink of an eye, yang Dian's entire body expanded and turned into a half-human, half-dragon form. His terrifying aura swept in all directions!

The people from the new and intermediate classes retreated one after another, unable to withstand the pressure of his aura!

His strength had already surpassed the consummate level of earth splitting realm and was only a step away from entering the sea splitting stage!

Half-step sea splitting!

However, the change in the air had not ended. The half-human Dragon yang Dian's body flickered. One became two, two became four, and he had directly turned into four yang dians, and his strength was not reduced at all!

Lin Yi was shocked. Four yang dians who were half a step into the sea-splitting realm together would definitely be more powerful than ordinary sea-splitting Masters. It seemed like things were going to be difficult today!

Chapter 6993 Killing Class Monitor

The most terrifying thing was the central organization behind yang Dian. How long had it been? The research at the Center was progressing at a tremendous pace, and they had actually managed to nurture such powerful warriors!

If it could be mass produced, who in the world could be Central's match?

"Lin Yi, I'll give you one last chance. Kneel down and beg for mercy, and I'll spare your life!"

The four yang dians in the air spoke at the same time, but their voices were a little strange and unpredictable. "How is it? If you give up this last chance, I might not be able to stop myself and kill you directly!"

"So much nonsense! If you want to fight, then fight!"

Lin Yi hmped coldly and attacked first with his spirit sense collision!

However, the four yang dians in the air didn't move at all. The collision of their spiritual senses was like a breeze blowing over a rock. It had no effect at all!

Soul snatching hand!

Lin Yi was going to try using his consciousness to attack first. If it worked, he could easily take down yang Dian.

Unfortunately, the four yang dians were still indifferent to the soul Reaper's hand. He didn't know if they could resist it or if the soul Reaper's hand was completely ineffective against him.

Lin Yi's expression turned serious-if a spirit sense attack didn't work, he'd lose half of his skills!

Wouldn't it be even more difficult for him to face more and more bio-Warriors from the center in the future?

The divine sense pill fire vortex!

This was Lin Yi's last attempt at using his spirit sense-if it still didn't work, he'd have to use martial arts to decide the winner!

Yang Dian, the four half-human Dragons, finally reacted. He seemed to be a little uncomfortable under the fire vortex's attack. It was just a little, but Lin Yi was satisfied.

At least it proved that spiritual awareness attack skills were not completely ineffective, it was just that the power was still lacking!

"Lin Yi, is this all you've got? Since you're not willing to surrender, then be prepared to receive my wrath!"

The four yang dians 'voices came together like thunder, and they split into four directions and rushed at Lin Yi!

He was ready to kill Lin Yi with one strike.

Lin Yi sighed. It was impossible for him to hold back in this situation. He didn't use his full strength in the spiritual attack just now, so he had to use it now!

Lin Yi's eyes turned cold as countless wind blades appeared around him, forming a vortex.

The great circle of earth-splitting!

Wind splitting fangs, thousand blade slash!

The four yang dians charged into the vortex of wind blades, and countless blood lines shot out crazily. Lin Yi's body turned from transparent to a blood-red vortex.

Yang Dian's physical defense was outstanding, or he would've been dismembered by Lin Yi's thousand blades!

With Lin Yi's current attack power, he could kill a demi-heaven Punisher in seconds. Yang Dian should be proud of himself for not dying!

Peng Peng Peng!

After three consecutive muffled sounds, yang Dian's three doppelgangers finally collapsed after holding on for dozens of seconds.

His body, on the other hand, barely managed to break free from the wind blade Vortex around Lin Yi's body, and was sent flying back with blood all over his body.

"How is this possible? Why are you so strong?"

Yang Dian steadied his body and couldn't help but shout, ""I've already improved so much, so why can't I beat you?! Are you really my nemesis in life?"

Lin Yi's essence spirit body trembled and finally stabilized. He put away Feng Leiya and sneered at yang Dian.

"A clown. How dare you be so arrogant in front of me?"

Before he could finish, Lin Yi felt a sudden movement in yang Dian's body!

The black scales on his body moved irregularly, and his half-human dragon form began to collapse on a small scale. Therefore, he stopped talking and carefully observed yang Dian's condition.

In the blink of an eye, the black scales on yang Dian's body began to fall off piece by piece, and the dragon's head also fell apart, revealing his human appearance. However, because of the bloody mess, yang Dian's original appearance could not be seen at all.

At the same time, yang Dian's aura was also rapidly declining, falling from the half-step sea splitting realm all the way to the level of the early stage of earth creation.

Lin Yi let out a breath of relief. It seemed that the research and development of the central Research Center was still unstable. Although it could burst out shocking combat power, the side effects of the violent strike were immediately triggered!

In this way, it could at least be confirmed that the central Research Center's research was not a complete success. It was still in the exploration stage and was only a semi-finished product. It was not enough to pose a threat!

"Yang Dian, are you convinced?"

Lin Yi appeared in front of yang Dian in a flash, his aura pressing down on him. "You still want me to suffer your anger?"

Yang Dian's face was distorted, and no expression could be seen at all, but the fear in his eyes was clearly revealed.

It was obvious that yang Dian's anger had disappeared, leaving only fear and despair for Lin Yi!

Every time she had a huge improvement, she was confident that she could crush Lin Yi, but she realized that Lin Yi was still as strong as before!

Once, twice, and thrice, no matter how careless yang Dian was, he was on the verge of collapse!

"Not talking? Is it a silent agreement?"

Lin Yi's lips curled up into a mocking smile as he suddenly shouted, ""Speak! How did you increase your strength? Who's helping you behind your back?"

Yang Dian's body trembled, and his eyes subconsciously drifted to the crowd. Then he lowered his head and flickered, as if he didn't dare to betray the person behind him.

In fact, even if he didn't say it, Lin Yi knew that it was Xue Peng!

Yang Dian's fleeting glance confirmed Lin Yi's suspicion!

In the end, yang Dian was just an experimental subject, a complete minion. The central government probably didn't care about yang Dian's life or death at all. His existence was only to provide a set of experimental data.

"What a sad guy. With your talent, you could've made it big in the mystic division Sea area if you cultivated with your feet on the ground, but you just had to walk the evil path!"

Lin Yi shook his head, losing interest in yang Dian. "A small character like you will only become a scourge if you are left alive. You should just die!"

"Don 't! You can't kill me!"

Yang Dian felt Lin Yi's killing intent and was terrified. He screamed and wanted to run, but with his current strength, he was like fish on a chopping board to Lin Yi!

Lin Yi's casual attack cut off yang Dian's words, and he fell to the ground with fear in his eyes, dead!

The surrounding people exclaimed, clearly not expecting Lin Yi to actually kill someone in the Feiyang school!

"Lin Yi, how dare you kill someone? And he even killed our intermediate class 'class leader!'"

Xue Peng couldn't help but yell at Lin Yi, "Simply lawless! Everyone saw it, don't try to deny it!"

According to Xue Peng's usual style, he wouldn't dare to offend Lin Yi, but yang Dian's fleeting gaze before his death made him extremely frightened. He felt like Lin Yi had his eyes on him!

Chapter 6994 The Principal's Summons

Since Lin Yi could kill yang Dian, he didn't mind killing Xue Peng as well! Therefore, in order to protect himself, he had to do something!

Xue Peng knew that his strength was miles away from Lin Yi 's-he couldn't beat him in a fight, so he had to win the support of the public and make Lin Yi worry!

"Ha ... What's there to be ashamed of? Didn't he just kill a stupid class monitor?! I even dared to kill the Dean, not to mention yang Dian!"

Lin Yi's lips curled up into a playful smile as he squinted at Xue Peng, thinking to himself if he should kill this kid as well. "Xue Peng, do you want to fight for yang Dian now?"

Xue Peng's heart skipped a beat, and all the hair on his body stood up. His aura was completely suppressed by Lin Yi, and he didn't know what to say!

After a long while, Xue Peng said with a trembling voice, "Lin Yi, you're too cocky! You said you'd kill the Dean! Where do you think this place is?"

The Dean Lin Yi was talking about was Lu Yongming, but Xue Peng thought he was talking about Liu Xiaoyu ... Liu Xiaoyu treated Lin Yi well, so why would Lin Yi do anything to him?

"This is the Feiyang college! Are you scared silly? Don't talk nonsense. If you want to stand up for yang Dian, then come quickly!"

Lin Yi didn't bother explaining and beckoned to Xue Peng with his right index finger. "Yang Dian is not far away. If you hurry up, you might be able to keep him company!"

Xue Peng exploded in anger and jumped three feet high, quickly backing away, trying to put as much distance between him and Lin Yi as possible!

"They're rebelling! Lin Yi, you're dead for sure! The school won't let this go!"

Lin Yi laughed as he watched Xue Peng run away. In the end, he decided to keep Xue Peng alive for now and find a chance to find central.

Most importantly, Xue Peng's strength was average and could not pose a threat to Shangguan LAN 'er and the others. Even if Jiang He hai and Qin Yue joined forces, they might not lose to Xue Peng. Therefore, this kid was on a completely different level from yang Dian.

Not long after Xue Peng ran out, he coincidentally met two teachers from the Academy. They had heard that there was a small conflict in the new student class, so they had rushed over to settle it.

However, he did not expect that the small conflict had already developed into a serious case of murder.

"Instructors, you're just in time-Lin Yi killed someone! He killed our intermediate class's class leader, yang Dian, and even dared to say that he killed the Dean!"

As if he had seen his Savior, Xue Peng rushed up and grabbed the arms of the two mentors. With a sad face, he began to complain, "Mentor, you have to punish Lin Yi, or I'll die! He will definitely kill me. You must save me!"

"What nonsense are you talking about? let me go first!"

One of the instructors frowned and slapped away Xue Peng's hand,""Take us there to take a look first!"

Xue Peng felt a bitter taste in his mouth. He just wanted to get as far away from Lin Yi as possible, but he couldn't disobey his mentor's request. After all, he wasn't Lin Yi!

She had no choice but to turn around and lead the way, leading the two instructors to Lin Yi.

He didn't believe Lin Yi would kill the Dean, but killing him in front of the two mentors ... It wasn't impossible!

What to do? Why don't we escape first?

She was hesitating, but she still couldn't help but walk towards Lin Yi with the two mentors.

"Lin Yi, how dare you be so cocky in front of two mentors?"

Xue Peng saw Lin Yi's half-smile as he looked at him and slipped behind the two mentors. He stuck his head out and shouted,"Remember who you are. No matter what, you're still a student of the Feiyang school. If you dare to disrespect your teacher, there's no place for you in the mystic division sea!"

"Xue Peng, do you really want to accompany yang Dian?"

Lin Yi raised his hand and clenched his fist, looking like he was about to beat someone up. Xue Peng immediately hid behind the mentor, not daring to show his face.

It was too dangerous!

It was best not to provoke Lin Yi at a time like this-it seemed like his eyes were bloodshot and he didn't care about anything else!

Lin Yi chuckled to himself-he couldn't be bothered with Xue Peng at all. He'd be the next yang Dian if he'd used Central's potions to force his strength up, too.

"Lin Yi, what happened? You killed yang Dian? And you dare to kill the principal?"

A teacher with a scholarly appearance and a long beard frowned and asked, ""Is what Xue Peng said the truth?"

Xue Peng stuck out half of his head again, his eyes fixed on Lin Yi. Were you going to keep acting cocky in front of the mentor, or are you going to deny it?

No matter which one it was, they would offend the teachers and end their lives in Feiyang college!

"That's right, it's the truth! However, there are some reasons ..."

Lin Yi admitted openly, not acting haughtily or submissively-there wasn't anything he could pick on.

"There's no need to say anything more. Since it's the truth, then you have to come with us! This matter is quite serious and has a bad influence. It's not something we can handle. It's better to let the vice-principal or the Dean handle it!"

The long-bearded mentor waved his hand, interrupting Lin Yi's words. He turned to his side, signaling for Lin Yi to follow them.

"Mentor! There's a reason for this, it's not what you think!"

Panicking, Jiang He hai quickly stepped forward to explain, ""Boss Lin Yi just ..."

"Don't say anymore! No matter what the reason is, we don't want to hear it. When the time comes, we'll leave it to the Dean and the others to judge!"

The long-bearded mentor rudely stopped Jiang He and hai from speaking, clearly not wanting to get involved in this mess. If they did not know anything, they would not be affected by karma!

"Forget it, you don't have to say anything more. You'll know when you meet the principal!"

Lin Yi smiled and waved his hand, stopping Jiang He hai and Qin Yue, as well as Li Xiaomeng, who was about to speak, ""I believe Associate Hospital director Liu will make his own judgment!"

With Liu Xiaoyu and Lin Yi's relationship, he wouldn't make things difficult for Lin Yi. Besides, Huang Yuntian should have been to the Feiyang college by now, and Liu Xiaoyu wouldn't offend Lin Yi for an experimental!

"Then let's go together. It'll be easier to talk to the Dean!"

Li Xiaomeng stuck out her chest and stood on Lin Yi's side, speaking to the two mentors, "We're all witnesses to this incident. There shouldn't be any problem if we go together, right?"

Li Xiaomeng, the big sister of the advanced class, had an extremely deep background. The two teachers naturally knew her and did not dare to offend her easily. They immediately smiled and expressed that there was no problem.

Just as the few of them were about to leave the peak, Liu Xiaoyu's Zhen Qi voice suddenly rang out in the air: "Attention from everyone in Feiyang school, other than those in closed-door training, gather at this peak immediately. There's something I need to announce about our student Lin Yi."

"Hahahaha, so the Dean already knows about this, Lin Yi! Gathering everyone here is definitely to deal with you! You're finished! After today, you'll definitely be crippled!"

Xue Peng was overjoyed and couldn't help but mock Lin Yi, completely forgetting that Lin Yi could kill him at any time.

Chapter 6995 Honorary Enforcement Elder

As for how Liu Xiaoyu knew what had happened here ... The Dean was very powerful, so he naturally knew everything that happened in the Academy like the back of his hand. What was so strange about that?

Lin Yi's lips twitched. He didn't think that Liu Xiaoyu would gather everyone to target him. How long had it been since Feiyang college gathered people to announce something so serious?

He'd made such a big scene just to deal with Lin Yi, and Xiaoyu wasn't stupid-even if he wanted to say something, he'd do it in private!

"Since the principal has given the order, everyone will go together!"

The long-bearded instructor's expression was a little strange. He waved his hand to signal everyone to follow.

Dean Liu Xiaoyu had personally called for everyone in the Feiyang college. This had not happened in more than ten years. If it was not a major event that concerned the college, Dean Liu Xiaoyu would not have appeared.

For Lin Yi? Was there such a need?

No matter what, he would naturally know when he arrived!

After a while, the teachers and students of the Feiyang college all gathered on the peak reserved for the Dean. On a wide platform, Liu Xiaoyu and Zhang jinmiao stood side by side, looking down at all the teachers and students with smiles.

"We're almost there, so I won't wait any longer. Let's start!"

With a smile on his face, Liu Xiaoyu spoke in a calm voice, using his true energy to send his words clearly into everyone's ears, "We're here today to talk about Lin Yi, a student from our Academy. You're all familiar with him, right?"

Lin Yi hadn't been in the school for a long time, and he wasn't in the school most of the time, but his name was undeniably well-known.

Especially when Lu Yongming ganged up with all the schools and Noble houses to go against Feiyang school, and then went after Lin Yi's fiancée, the little princess of the West Island, Ning Xuefei, and announced it to the entire Mystic division Sea area. Lin Yi's reputation in Feiyang school reached a peak.

And so, after hearing Liu Xiaoyu's words, everyone nodded, whether they'd seen Lin Yi before or not.

Xue Peng looked at Lin Yi from the corner of his eyes, pleased with himself. Almost all the strong people of Feiyang school were gathered here, and he felt that Lin Yi wouldn't dare to fight him here. He felt safe and was in the mood to jump around again.

"Lin Yi, did you see that? You're really dead this time! No one can save you!"

Lin Yi ignored Xue Peng's provocation. His Yuan spirit wasn't very stable right now, and he had to use most of his energy to maintain it.

As for what Liu Xiaoyu was going to say, Lin Yi believed that it wouldn't be bad for him. Didn't he see Zhang Jinmiao standing there with a smile?

Lin Yi's silence made Xue Peng think that Lin Yi was feeling guilty, and he was just thinking about how to continue mocking Lin Yi when Liu Xiaoyu's praise came!

"This time, Clear Flow School had bad intentions towards Feiyang School, and the former dean of Clear Flow School, Lu Yongming, even set up a trap to lure Lin Yi in, trying to kill him with underhanded methods. Who would've thought that Lin Yi was invincible, not only shattering Lu Yongming's scheme, but also killing him in one fell swoop!"

Liu Xiaoyu's face was filled with excitement, and he waved his arms vigorously, "Lu Yongming is a real sea-shattering master, and Lin Yi, as a student of our Feiyang School, has the strength to do something this difficult—it's unbelievable! All of us from the Feiyang College should feel honored!"

Xue Peng's mouth was agape, and his tongue was tied. He had a dumbfounded expression on his face ... What was director Liu saying? Lin Yi killed Lu Yongming, the Dean of Clear Flow School? And he even F\*cking retreated in one piece?

So Lin Yi really did dare to kill the Dean. The Dean wasn't the same Dean, but Lu Yongming's status and strength weren't inferior to Liu Xiaoyu 's!

Lin Yi was able to kill yang Dian after he transformed, so it wasn't hard to understand why he could kill Lu Yongming.

...Wait, what was I doing just now?

Xue Peng's face went pale, remembering how he'd offended Lin Yi just now. He was scared that Lin Yi would slap him to death.

"Ha ... You still think I don't dare to kill the class monitor? Do you think I'm going to die today? No one can save me?"

Lin Yi looked at Xue Peng from the corner of his eyes, a smile that wasn't a smile on his face. His Yuan spirit wasn't very stable, but it didn't stop him from mocking him, "Why aren't you talking? Continue!"

Xue Peng's mouth twitched, not knowing what to say. Then, he heard Liu Xiaoyu continue.

"... The Alliance believes that Lin Yi has cleared out the scum from the mystic class sea Academies, and has contributed to the entire Alliance. They've sent a special appointment to reward Lin Yi for his contribution!"

As Liu Xiaoyu spoke, he unfolded an appointment document and read it out loud. The most important sentence was: ..."Lin Yi is now an honorary law enforcement elder of the mystic class sea college Alliance!"

Lin Yi blinked-he really didn't know about this, and Huang Yuntian didn't tell him about it either. It was probably an idea that came up at the last minute, and he'd brought it along with Zhang jinmiao's order.

Lin Yi couldn't help but chuckle to himself at the thought of his new honorary elder title-he'd had quite a lot of honors along the way, to the point where he couldn't even remember how many.

"Boss Lin Yi is the best! He's already an honorary disciplinary elder of the mystic division's Sea region Alliance of Academies at such a young age. His future is limitless!"

Xue Peng's heart was filled with fear. He forced a smile on his face and changed his tone,"I was too insensible before, sorry for offending you. Compared to boss Lin Yi, I'm like a Firefly compared to the bright moon-we're not on the same level! Please forgive me, boss Lin Yi, I'll follow your lead from now on ..."

"Stop, stop, stop! Your spin is too fake, you want me to forgive you just like that? How can it be that easy?"

Lin Yi interrupted him impatiently, "It's not that easy to be Lin Yi's follower-I'll see how you perform in the future. I'll let you off this time!"

Xue Peng let out a huge breath of relief. He didn't really want Lin Yi to be his boss. As long as he could escape today, he was satisfied. As for the future, he'd leave it for later!

"Thank you, boss Lin Yi, for your magnanimity. I'll do anything for you!"

Xue Peng pretended to be grateful and expressed his loyalty.

Lin Yi laughed coldly to himself. He didn't believe a single word of Xue Peng's words. The only reason he kept Xue Peng alive was to get some clues about central from him.

If Xue Peng was sincere in joining them, he would have told them the secret between central and yang Dian. Now that he didn't say a word, it was obvious what his attitude was.

If Lin Yi didn't think that Xue Peng's knowledge was limited and that he wouldn't be able to get much information out of him even if he forced him, he'd be fishing for information right now-he'd probably be soul searching him already!

Chapter 6996 Senior Sister Is A Good Person

"Lin Yi, Lil" bro!"

At this time, Shangguan LAN 'er ran over with ning Xuefei, waving at Lin Yi as she ran.

She was with Liu Xiaoyu and Zhang jinmiao and didn't know that Lin Yi had returned. She was overjoyed to see Lin Yi when Liu Xiaoyu was talking, pulling ning Xuefei and running around in circles.

Lin Yi didn't bother with Xue Peng anymore and waved back with a smile as he walked towards the girls.

"Little Senior Sister LAN 'er! Fei 'er!"

"Lin Yi, Lil" bro, so you've done something so big! I wouldn't have known if Feifei didn't tell me! A thousand-mile raid, the hero saves the beauty! Aiya, it's a pity I didn't get to see it!"

The first thing that Shangguan LAN 'er did when she ran over was not to reminisce about the past, but to feign anger and pout, ""You, you, you promised to take me on an adventure, but this time you left me alone. Do you still put me, your little Senior Sister, in your eyes?"

Lin Yi couldn't help but laugh. Such a cute and innocent Shangguan LAN 'er made him less worried about his primordial spirit body.

"I would like to take you there, but there's not enough time! Do you really have the heart to let Fei 'er suffer for a few more days?"

Lin Yi explained casually, but he was laughing inside. If he really wanted to bring her back, ning Xuefei would've been dead by now. "I'll take you on an adventure next time!"

"Forget it. It's best if there's no next time for such a dangerous thing!"

Shangguan LAN 'er shook her head, her concern for Lin Yi far exceeding her desire for adventure,"But the next time you go out, you must take me with you, this is little Senior sister's order! I'm very powerful now, I won't be a burden to you!"

In order not to be a burden to Lin Yi, Shangguan LAN 'er had been cultivating very hard, and her strength had increased very quickly, but to Lin Yi ... She was still a burden!

It wasn't that Shangguan LAN 'er wasn't strong, but the enemies Lin Yi was facing now were too strong, far beyond what Shangguan LAN' er could handle.

At that time, not only would Lin Yi not be able to use his own escape techniques, he would also have to protect Shangguan LAN 'er, and it would be easier for him to die ...

"Junior Sister LAN 'er, your strength has indeed improved very quickly, but you haven't finished the intermediate class courses yet, so you can't leave the Academy. Let's wait until you've finished the courses first!"

Lin Yi immediately rejected her tactfully. For the sake of her safety, staying in the school was the best choice,"Besides, Fei 'er has just arrived. You have to help her get used to life at Feiyang college."

"I'm fine. Actually ... I also want to go out with you!"

Ning Xuefei wanted to stay by Lin Yi's side after he saved her. She didn't want to be separated from him for even a second. Ding Yi had asked Lin Yi to be alone, so she had no choice but to come to Feiyang school first.

Lin Yi's head hurt. Normally, he'd bring them out on an adventure.

The problem was that his primordial spirit body was often unstable now. In a situation where he could not even protect himself, how would he dare to bring them out?

"We'll talk about it later. After coming back this time, I'll be going out very soon. It's just that it's safer for me to go alone to the place I'm going to. It's not good to have many people. "

Lin Yi thought about it and turned down their request. "When this matter is over, and you have also improved your strength in the Academy, we will go out and explore together."

Shangguan LAN 'er and ning Xuefei were a little disappointed, but for Lin Yi's safety, they could only let it go.

At this moment, Liu Xiaoyu announced that Zhang jinmiao would be appointed as the Dean of clear flow school and dismissed everyone on the spot!

Lin Yi took the opportunity to bring Guan LAN 'er and ning Xuefei over, followed by Jiang He hai and Qin Yue.

Shangguan LAN 'er only had Lin Yi in her eyes before, ignoring Jiang He hai and Qin Yue. The two of them were tactful enough not to disturb the three of them, and now they were talking affectionately behind Lin Yi.

Shangguan LAN 'er was on good terms with Jiang He hai and Qin Yue, and ning Xuefei became familiar with each other after a few exchanges. The four of them ignored Lin Yi and chatted happily.

"Junior Brother Lin Yi, can we talk in private?"

They were walking when Li Xiaomeng caught up to them and said hesitantly, "I won't take up too much of your time, it's really just a few words!"

"Boss Lin Yi, Senior Sister li has been taking care of us. She protected Qin Yue and me with all her might and even turned against nie Xiaohu on the spot!"

Jiang He hai knew that he shouldn't be involved in this, but Li Xiaomeng did help them. He gritted his teeth and put in a good word for her in front of Lin Yi.

"You guys go ahead first, I'll have a few words with Senior Sister li!"

Lin Yi nodded and made a hand gesture to Shangguan LAN 'er and the others. He turned around after they took a few steps, "Senior Sister li, is there something you need me for?"

After a slight pause, he continued, ""Allow me to thank Senior Sister Li first. Thank you for taking care of Jiang He hai and Qin Yue!"

"You know I don't want your thanks ..." He said.

Li Xiaomeng's eyes were a little resentful. She sighed softly and said, ""Forget it, let's not talk about this. You ... Are you injured?"

Lu Yongming from the clear stream school was a real sea-shattering master-Lin Yi had to pay a price if he wanted to kill him.

Shangguan LAN 'er didn't ask Lin Yi, because she had absolute confidence in him. She felt that Lin Yi's junior Brother was invincible, and no one was his match. How could Lu Yongming get hurt?

Li Xiaomeng, on the other hand, had a clearer understanding of Lu Yongming's strength. Although Lin Yi was strong before, he was still a few levels lower than Lu Yongming.

"I'm fine, just a small problem. I've already recovered!"

Lin Yi smiled faintly, maintaining a polite yet distant attitude. "Many thanks for Senior Sister Li's concern, you've also seen it, do I look like I'm injured?"

"It's good that you're not hurt ... Lin Yi Junior Brother, I know you have a lot of female friends, Senior Sister ..."

Li Xiaomeng didn't know how to open her mouth. After all, Lin Yi had made it very clear last time.

"Senior Sister is a good person, and Lin Yi has misunderstood her before. We're friends from now on, and if you need any help, you can come to me anytime! If it's within my power, I won't refuse!"

Lin Yi cut her off first. He might have changed his opinion of her, but that didn't mean he'd accept her confession. It was better to reject her tactfully earlier.

Li Xiaomeng looked a little sad, but she forced a smile and said, ""That's great! With Lin Yi Junior's friendship, at least we won't have to worry about not being able to find any elixirs we need in the future. "

"Medicinal pills are a small matter. Senior Sister Li, if you need anything, you can look for me anytime!"

Lin Yi let out a sigh of relief. It seemed that Li Xiaomeng didn't have the intention of pestering him. This was good.

As for his pill refining promise, it might be very precious in the outside world, but to him, it was really not worth mentioning. It was just a favor at no cost!

Chapter 6997 Heading To The Morning Star Academy

The two of them chatted for a while more before Li Xiaomeng finally left in low spirits.

Lin Yi shook his head slightly and walked towards Liu Xiaoyu and Zhang jinmiao. He cupped his fists before he even got close,"Lin Yi greets Dean Liu! Auntie Zhang!"

"Lin Yi, it's only been a while since we last met, and you're already so distant! Do you need to be so polite?"

Liu Xiaoyu laughed heartily as he reached out his arm and patted Lin Yi's shoulder, appearing quite intimate.

The Lin Yi of today was on the same level as Liu Xiaoyu in both status and strength, and Liu Xiaoyu didn't dare to be arrogant.

"Lin Yi, thanks to you, I've been promoted!"

Zhang jinmiao was more natural and casual. She smiled and teased,""Let's have a private chat later and see if there's a chance to poach you to the clear flow school and make you aunt Zhang's direct descendant. "

"Hey, hey, hey, Dean Zhang, it's fine if you talk about it in private, but it's not very nice of you to poach him right in front of me!"

Liu Xiaoyu pretended to be angry and scolded, "pfft, you can't say it in private either. Lin Yi is the reputation of our Feiyang college. No matter what, you're from Feiyang college. This is your family's house. We can't ruin your family's reputation!"

"Aiya, how did you hear my secret? Associate Hospital director Liu, you're the one who's not being honest here. You can't eavesdrop!"

"You're so loud. The entire Feiyang college will hear you. You're still whispering?"

Liu Xiaoyu and Zhang jinmiao joked around, and the surrounding people were all amused. The atmosphere suddenly became relaxed.

The two deans, who were usually rather serious, lowered their heads and quickly relaxed. At least, Jiang He and Qin Yue were less nervous.

After chatting for a while, Lin Yi felt that his Yuan spirit was becoming more and more unstable. He wanted to leave, ""Director Liu, aunt Zhang, I'm a little tired. I'll go back to my cave to rest."

"It's fine. If you're tired, go and rest. Your health is important!"

"Just fatigue?" Xiaoyu asked, concerned. Is there anything wrong?"

"No, I'm just tired. Thank you for your concern, director."

Lin Yi smiled and shook his head, telling them not to worry. "Oh right, I'll be leaving the Academy for a while to deal with some private matters, so I'd like to ask for leave from you, principal!"

"It's a small matter. If there's anything you need to do, just do it! You're now the honorary Deacon elder of the Alliance of Academies. You don't need to ask for leave to leave the Academy!"

Liu Xiaoyu waved his hand and gave Lin Yi the privilege he wanted, "In the future, you can come and go freely in the Academy. You can do whatever you want. Wait until next year to enter the advanced class directly without any assessment."

"Thank you, principal. I'll go rest now!"

Lin Yi didn't really care about the advanced class, but he was quite happy with the privilege of being able to come and go as he pleased.

Feeling the discomfort in his Yuan spirit body getting stronger and stronger, Lin Yi didn't dare to waste any more time. He quickly said something to everyone and went back to his cave.

As soon as he entered the door, his essence spirit body could no longer hold on and collapsed into the state of essence spirit. It completely turned into nothingness and could no longer condense into anything.

"Lin Yi kid, you really can't go on like this. The soul raising wood and the spirit gathering branches can't help you much, so you can't use powers above the mountain opening stage unless you have no choice!"

The ghostly thing came out of the Jade space and floated in front of Lin Yi's spirit, looking at Lin Yi worriedly, ""Before you find the Azure sky Valley and the purple mist evil Lotus, you must protect your primordial spirit. If it's seriously damaged, even if you rebuild your physical body, it will leave irreparable damage!"

"Senior ghost, I don't want to use my power recklessly either! But you've seen yang Dian's situation before. If we don't kill him, there will be endless trouble in the future!"

Lin Yi smiled bitterly, "senior GUI, I finally understand the pain you've been through!" There's no way for me to go to the dark night Mountain region in my current condition. I can only recuperate for a while. "

The demonic thing sighed. "You know your own situation. It's useless for me to say more. Do as you see fit!"

Lin Yi's so-called recovery, of course, wasn't going into closed-door cultivation-he was using pills and other things to stabilize his soul. However, in the current situation, doing so would only be drinking poison to quench thirst. The thing knew that it couldn't stop Lin Yi, so it could only return to the Jade space helplessly.

After a while, Lin Yi's essence Spirit's weakness receded a little. With the help of the soul raising tree and the spirit gathering branch, he could reform his essence spirit body again. However, the feeling of being rootless and floating still remained, making him feel like he could be blown away by the wind at any moment.

In order to speed up his recovery, Lin Yi started taking the soul quenching pill, using the pain to refine his spirit and resist the corrosion of weakness. This kind of behavior was similar to scratching when his skin was itchy, even if it broke the skin.

Even though he knew that scratching would hurt him, it was better than the unbearable itch!

The ghostly thing couldn't stop Lin Yi, and could only sigh helplessly in the Jade space.

It was really impossible to predict what the future would be like!

Under the endless pain, Lin Yi's yuan spirit body became more and more solid. He knew that he was overdrawing his Yuan Spirit's life force, but he had no choice. Only when he became a Yuan spirit could he complete his tasks with ease.

He could only hope that Ding Yi could find out about the Azure sky Valley as soon as possible. Only then could he completely solve the problem of his primordial spirit body!

A day later, Lin Yi finally recovered. He didn't have much time left, so after saying goodbye to everyone, he started his journey to the dark night Mountain region.

There was a Morning Star Mystic class school there, and Central's Secret base!

He just didn't know if he could successfully solve these problems.

After coming to the dark night Mountain region, Lin Yi found the Morning Star Mystic division school easily.

To Lin Yi's surprise, he was able to enter the school without any obstruction.

This was completely different from Feiyang college. Feiyang college absolutely forbade unauthorized outsiders from entering the school's territory. Once discovered, it was considered an invasion. That was why they had built a market outside the college.

The Morning Star Mystic class school had a market outside as well, but it was pretty empty with barely anyone there. Lin Yi wanted to ask for directions, but no one answered. He had to enter the school himself.

Lin Yi was still worried about causing a misunderstanding-this wasn't The Clearwater School, after all, and going there would only be murder and arson. The rules didn't matter to him.

Yet Lin Yi didn't run into anyone stopping him from entering the mountain where the Morning Star Mystic division students lived.

"Hello! May I ask where Huang Xiao Tao is?"

It wasn't easy for Lin Yi to see a Morning Star Mystic class student, so he quickly smiled and cupped his hands, "If it's convenient, please point me in the right direction."

Chapter 6998 Lackey?

Lin Yi thought that since Huang Xiaotao was so famous, everyone in a Morning Star Mystic class school should know about her. He could just ask anyone and get some information about her.

However, the student only looked at Lin Yi coldly and snorted. He turned around and left, not bothering to talk to Lin Yi.

Lin Yi blinked. What did that mean? How had she offended him?

Or was it true that Morning Star Mystic division schools weren't open to anyone? If you can't come in, you should have told me in advance!

Lin Yi didn't know what was going on, but he quickly caught up to another student.

"I'm sorry to disturb you!"

The man stopped immediately when he heard Lin Yi's greeting. He turned around and saw that Lin Yi was a stranger. He cupped his hands and asked, "Senior brother, why did you call me?"

Lin Yi was delighted-it seemed like this was an easy-to-talk student. He quickly returned the salute.

"Hello, I'm looking for Huang xiaotao. May I know where she is? If it's convenient, can you point me in the right direction?"

"I don't know!"

The man's face darkened immediately after hearing Lin Yi's words. He left with a flick of his sleeves after saying that coldly.

Lin Yi didn't know what was going on.

You immediately changed your attitude after hearing that I'm not from your Academy?

After thinking about it carefully, he felt that something was amiss ... It seemed that these two people were acting this way after hearing Huang xiaotao's name?

Could it be that something had happened to Huang xiaotao, so her name had become a taboo in the morning Star Mystic division?

Lin Yi panicked at the thought.

Huang xiaotao had gone through life and death with him. Lin Yi didn't know how he would react if something happened to her!

In order to verify his thoughts, Lin Yi flew quickly through the Morning Star Mystic division school and asked a few students.

Sure enough, before they heard Huang xiaotao's name, they were all very gentle and polite. However, once they heard Huang xiaotao's name, they immediately turned hostile without exception.

Damn it, these people didn't even want to say a word, directly rejecting Lin Yi's entry!

Finally, a young man who seemed to be more hot-blooded pointed at Lin Yi and sneered after hearing Huang xiaotao's name, "Lackey of the Guan family, listen up! This is the Morning Star Mystic class school, not your mountain territory! Get the hell out! You're not welcome here!"

As soon as he said that, his companion beside him quickly pulled his arm and whispered, "Why are you talking so much to this kind of person? you've brought trouble upon yourself for no reason. Hurry up and leave. Just ignore him!"

"Wait, I'm not a Lackey of the mountain region's Guan clan ..."

Lin Yi explained quickly, but the two students only hmphed in response. They didn't bother with him anymore and left.

"Lackey, you still don't admit that you're a Lackey ..."

Lin Yi's mouth twitched. He didn't even know what kind of dogs house Guan was, how did he become their Lackey?

No matter what, he had finally heard some news. The reason why Huang xiaotao's name had become a taboo seemed to be related to the mountain region's Guan clan.

It was a pity that none of the Morning Star Mystic division students were willing to talk to him properly- he'd have to think of another way if he wanted to get more concrete information.

It would be great if his divine sense could find Huang xiaotao, but there were too many places in the morning Star Mystic Division Training Institute that blocked his divine sense. It was more convenient to travel from place to place than to use his divine sense.

Lin Yi pinched his chin and thought about it. It seemed like he had to find someone who was willing to tell him the truth about Huang xiaotao first!

Luckily, Lin Yi knew someone in the morning Star Mystic division!

"Senior Sister, I'm sorry to bother you. I'm looking for Wu Jun. May I know where he is?"

Lin Yi stopped a female student this time and asked for Wu Jun's whereabouts, and he got a friendly answer as expected.

"You want to find senior brother Wu Jun? He had always been on Sunrise Peak! Who in the Academy didn't know? Oh, you're not from our Academy, are you?"

The female student laughed heartily and was quite friendly towards Lin Yi, "If you don't know where rising sun Peak is, I can take you there."

"Thank you, Senior Sister. I'm indeed not from your Academy. Wu Jun is my friend. I've been traveling here recently, so I'd like to pay him a visit!"

Lin Yi thought that the difference was huge! If he had known earlier, he would have looked for Wu Jun from the start instead of wasting so much time. "Senior Sister, why isn't there anyone in your Academy guarding the entrance? Anyone can come and go as they please?"

"There are no restrictions for outsiders, but there are still many rules for the Academy's students. They can't leave the Academy's boundaries easily. If they are discovered, there will be a heavy punishment!"

The female student chatted happily as she followed Lin Yi to Chaoyang peak, "Of course, if we don't get caught, then we'll be fine. So sometimes we sneak out to play."

At this point, she peeked around guiltily and quickly stuck out her tongue. A lively and playful sense of cuteness spontaneously emerged.

Although this female student's appearance wasn't outstanding and was only ordinary, she was full of affinity and could easily make friends with people.

Lin Yi felt a lot more relaxed, and chatted with the girl as they walked. It was all small things, the kind that he'd forget after he finished talking, but it wasn't boring at all.

Soon, the two of them arrived at the foot of rising sun Peak. The female student waved her hand and said, "This is the place! You can go up and ask anyone, and I'll be able to find senior brother Wu Jun immediately. It's just a small matter, you don't have to thank me!"

"Then you don't have to thank me!"

Lin Yi smiled and cupped his hands. The two said their goodbyes, but didn't even ask for each other's names.

Lin Yi didn't need to look for anyone when he reached the peak-Wu Jun appeared in front of Lin Yi on his own. He was just about to leave the mountain when he saw Lin Yi-he was both surprised and happy!

"Lin Yi! What are you doing here?"

Wu Jun exclaimed and quickly walked to Lin Yi's side. He cupped his fist and bowed, "Brother Lin, welcome! I'm sorry for not welcoming you!"

"Wu Jun, what are you doing? We haven't seen each other for a few days, and we've grown distant!"

Lin Yi blinked. He had a great time with Wu Jun and Yang Xiaoyan in the temporary student recruitment team, and they even went to the blissful Valley with him. Their relationship was not ordinary.

However, Wu Jun's current attitude did not seem like they were meeting old friends. Instead, it felt like a subordinate meeting his superior.

Wu Jun raised his head slightly and looked at Lin Yi with questioning eyes. He suddenly relaxed and smiled, "It's not that we're strangers. I'm just afraid that I won't respect you enough. Your current status is no longer the same as before!"

Chapter 6999 Mountain Region Guan Clan!

"Why is it different from before? Could it be that I can already fly into the sky and stand shoulder to shoulder with the sun? You're such a cheeky kid!"

Lin Yi joked on purpose-it'd make Wu Jun more relaxed ... He didn't know why the kid was nervous, but he hoped that the two could go back to their usual interactions.

"Your name is now known throughout the mystic class sea, and I feel like I'm looking up at a tall mountain! Forget it, let's not talk about it. I was the one who thought wrong!"

Wu Jun laughed as he slapped his forehead and apologized, ""Don't bother with me! Would you believe me if I said I was just joking? I don't care if you believe it or not, but I do. "

"Whatever you say! I'm not going to beat around the bush with you. I came to find you today because I have something to ask you. "

Lin Yi was worried about Huang xiaotao, so he went straight to the point, ""Did something happen to Huang xiaotao? Why did the few people I asked immediately give me the cold shoulder?"

"I knew you came for Junior Sister Huang xiaotao ... It's obviously not realistic for you to come to see me!"

Wu Jun purposely glared at Lin Yi, giving him goosebumps before speaking seriously, "I'll stop joking. This matter is a bit complicated. This isn't the place to talk. Let's go to my cave first!"

There weren't many people on morning sun Peak, but one would still encounter passing students on the mountain path. In just a few words, two people had already descended the mountain and even nodded to Wu Jun. It was indeed inconvenient to talk here.

Lin Yi saw Wu Jun's state and became more and more worried. He urged him to hurry and lead the way. Fortunately, the cave wasn't far from here. They reached it in two to three steps.

After entering, Wu Jun invited Lin Yi to sit down and cut to the chase.

"Junior Sister Huang xiaotao is indeed a little troublesome. It's normal for you to be treated as an enemy if you ask others about her!"

Wu Jun's face had a rare solemn expression. It was obvious that Huang xiaotao's trouble was not simple. "Although I'm not familiar with Junior Sister Huang xiaotao, she's beautiful, has outstanding talent, has a gentle personality, and is very popular. Just hearing about her will make me have a good impression of her. So, in the Academy, everyone is basically very protective of her!"

"What is the mountain region's Guan clan? What does this have to do with Huang xiaotao's trouble?"

Lin Yi asked, remembering how he'd been called a dog.

"I was just about to talk about the mountain region's Guan clan because Huang xiaotao's junior sister's trouble comes from them. The Guan clan is the strongest power in the dark night Mountain region. In other places, the Academy is above the mountain region's domain lord, but here, it's the opposite. The mountain region's domain lord is the one with the highest authority."

Wu Jun couldn't help but snorted as he said this. His face revealed a disdainful expression, "The son of the mountain region's Governor, Guan Taiyang, is a true hedonist. He's lecherous and greedy. He bullies men and women and does all kinds of evil things. This time, he's the one who took a fancy to Junior Sister Huang xiaotao and wants to be her Dao companion for dual cultivation. Now, he's putting pressure on our Academy!"

Lin Yi's face darkened. Guan Taiyang, Guan Yueyue? how dare they have ideas about Huang xiaotao? they must be tired of living!

"Could it be that your Academy can't even withstand this little bit of pressure? If it really doesn't work, can we ask the alliance of schools for help?"

The reason why the academies in the mystic Sea region were above the domain Lords was mainly because of the backing of the Alliance of Academies, as well as the hidden power of the sects.

Lin Yi didn't understand why a Morning Star Mystic class school was in such a bad state.

"There's no problem with the Alliance of Academies stepping in. However, the problem is that the academies don't dare to offend the Guan clan!"

Wu Jun smiled bitterly and helplessly. He shook his head and sighed, ""The Guan family is an alchemy family. Their status is similar to the Wang family. Even if they don't control the mountain region, they're still a super family. After the dark night Mountain region fell under their control, our school could only do things according to their wishes ..."

Lin Yi understood immediately-a super alchemy house, whether it was strength or status, wasn't something a Normal School could compete with!

The Morning Star Mystic division probably relied heavily on the Guan family's elixirs, so it was easy to imagine how much they controlled the school.

"So? Can't your Academy withstand the pressure?"

Lin Yi wasn't too happy about it-these students were obviously on Huang xiaotao's side, but their attitude was enough to show the school's inaction!

If they had forcefully rejected him, the students would definitely not have reacted that way.

"Our Dean wanted to reject the Guan family's offer, or rather, he wanted to respect Junior Sister Huang's own wishes. However, our great elder wanted to push this matter forward. He said that the marriage between the college and the Guan family would stabilize the College's position!"

Wu Jun looked at Lin Yi awkwardly. Even he felt embarrassed to say something like that. He didn't know what the elder was thinking.

"Hehe ... A marriage alliance between the Guan family and the Academy? This is the first time I've heard of an Academy forcing its students to marry someone! Why didn't that bullsh \* t Grand Elder send his own daughter and granddaughter to the arranged marriage?"

Lin Yi was so angry that he laughed instead. It was a good thing that he came to Huang xiaotao for Wang Xinyan's sake, otherwise he didn't know how much grievances the girl would have suffered, "Your college is already being suppressed by the Guan clan. Are you sending a student over to stabilize your situation? What a joke! Wu Jun, please continue!"

Wu Jun swallowed his saliva and felt a little scared. He didn't know if he was right or wrong!

The news of Lin Yi charging into clear stream school to kill Lu Yongming for the sake of a girl had already started to spread. After all, Lu Yongming had made such a high-profile announcement to the world targeting ning Xuefei, so it was natural for people to pay attention to what happened next.

Now that Huang Xiaotao was forced to marry, would Lin Yi turn the Morning Star Mystic class practitioner's College upside down?

"Actually, all that talk about stabilizing the Academy's position is just an excuse. The real reason is the medicinal pill!"

Wu Jun didn't hesitate and quickly made his decision to stand on Lin Yi and Huang Xiaotao's side. It was better to let Lin Yi cause a ruckus in this dead school, "The Dean and the Grand Elder of our college are both at the consummate level of the sea rending realm. The Guan clan is a clan that has the ability to refine the void pill ..."

It was the void pill again!

Lin Yi suddenly thought of something. If House Guan had the ability to make the void pill, why didn't Huang Yuntian look for them instead of a freelancer like him?

Before refining the void pill, the alchemy families were more reliable, right?

In fact, Lin Yi didn't know that Huang Yuntian had asked House Guan to make the void pill, but House Guan said that it would take at least a year or two to succeed. In these two years, Huang Yuntian would have to do a lot of things for House Guan!

How could the president of the Alliance accept such threats?

No matter how much Huang Yuntian wanted the void pill, he could not agree to the Guan family's conditions. Furthermore, he did not want to wait for one or two years!

#### Chapter 7000 Huang Xiaotao's Trouble

Naturally, Lin Yi didn't know the details, but if Huang Yuntian heard that Lin Yi wanted to deal with house Guan, he would probably be the first one to jump out and help. Even if it wasn't for Lin Yi, he would still help Lin Yi vent his anger!

"Although the Dean wants the void pill, he doesn't want to sell out the students because of it. However, the first elder has done his best to facilitate this matter for his own selfish desires!"

Wu Jun continued to explain, and the cause and effect of it was indeed complicated. If Lin Yi had just asked someone to ask about Huang Xiaotao, he wouldn't have been able to hear such detailed inside information.

"Since your Dean doesn't agree, what's the point of the great elder jumping around? Could it be that your Grand elder's power is even greater than the principal's?"

Lin Yi asked, not expecting a positive answer.

"That's right. In our Academy, the great elder's authority is even greater. Most of the time, the Dean has to listen to the great elder's arrangements. It's precisely because of this that Junior Sister Huang's matter has gotten out of hand!"

Wu Jun rubbed his forehead. It was embarrassing to speak of his own school's family scandal.

Lin Yi couldn't help but be surprised-what kind of place was this? The Academy's power was not as strong as the mountain region 's, and as the Dean, he was actually being suppressed by a Grand Elder!

With such a principal, it was no wonder that the Academy would be suppressed by the mountain region. Even if the region master was not the Guan family, there would probably be no changes.

What a waste of the strength of a cultivator at the Great Perfection of the sea-splitting realm!

It was estimated that this consummate level sea Rift was also fake. It only sounded awesome, but its real combat power was nothing!

"I understand. What's Huang xiaotao's situation now?"

Lin Yi's heart was filled with anger, but his face was as calm as water. He turned to Huang xiaotao and asked,"Last time, I heard that she was in seclusion. Has she come out?"

"Junior Sister Huang hasn't come out of her closed-door cultivation yet. She's doing this to avoid Guan Taiyang's pursuit. But I'm afraid she'll come out today no matter what."

Wu Jun sneered,"today is the deadline given by the Guan family. It is said that they will send a Messenger to propose marriage. Therefore, Junior Sister Huang will definitely be asked to come out of seclusion by the great elder. That despicable old man will not care if Junior Sister Huang will be affected."

"Ha ... What a coincidence. As expected, it's better to come at the right time than to come early. Looks like there's going to be a good show to watch today!"

Lin Yi's eyes were filled with coldness. He didn't have much time to waste, so he could take care of Huang Xiaotao's trouble!

No wonder he was treated with hostility when he asked for directions-they probably treated Lin Yi as an envoy from Shanyu.

But the mountain region Messenger wasn't as gentle and polite as Lin Yi. What kind of eyes did the Morning Star Mystic class students have?

"Lin Yi, I know you're strong now, but House Guan has a lot of resources. You need to be careful."

Wu Jun hesitated and decided to persuade Lin Yi, "Moreover, the great elder's strength is one of the strongest in our Academy. You must be careful ..."

"I understand, don't worry!"

Lin Yi patted Wu Jun's shoulder-this was a friend he could make. "Now, take me to the place where Huang Xiaotao is cultivating in seclusion. I need to see Huang Xiaotao first."

"No problem, follow me!"

Wu Jun nodded and left the cave with Lin Yi without hesitation.

They didn't walk far from morning sun Peak before they arrived at another peak nearby. This was where the Morning Star Mystic division's training room was located.

Just as the two were about to go up the mountain, Lin Yi's spirit sense scanned Huang xiaotao. She just came out of the training room and Lin Yi immediately noticed her.

Junior Sister Huang's closed-door cultivation room is on the mountainside. I wonder if she has come out yet."

Wu Jun's spirit sense was far from Lin Yi 's, so he didn't know that Lin Yi had already seen Huang xiaotao and was still explaining for Lin Yi.

"Wu Jun, I can go up myself, you can go back!"

Lin Yi pulled Wu Jun back and smiled, "I've finally reunited with Huang Xiao Tao after a long time. It's not very convenient for you to talk with me."

"Hey, you're a guy who forgets his friends when he sees a girl, how can you talk like this? Can't you be more tactful?"

Wu Jun stopped in his tracks and pointed at Lin Yi. "Destroying the bridge after crossing the river? Believe it or not, I'm going to be an eyesore!"

"I've already said it so tactfully. Do you want me to be more direct?"

Lin Yi shook his head and chuckled. Wu Jun was always like this-it'd be even livelier with Yang Xiaoyan around.

It was a pity that Lin Yi wasn't Yang Xiaoyan, and couldn't cooperate with Wu Jun in bickering, which made Wu Jun feel deeply regretful.

"Forget it, forget it. I've already been so straightforward. To think that there are even more straightforward words. For the sake of my mood, I'll go back first!"

Wu Jun turned around with a smile and waved at Lin Yi. "See you later! I don't think you'll leave immediately, so we'll see each other again!"

In fact, Wu Jun understood that although Lin Yi said that he wanted to have a private talk with Huang Xiaotao, part of the reason was for his own good.

Everyone knew how things would develop in the end. If Wu Jun got too involved, it would be awkward for them in the morning Star Mystic division, so they avoided it if possible.

If Lin Yi didn't say that, Wu Jun would've stayed by Lin Yi's side to the end.

After sending Wu Jun away, Lin Yi quickly went up to Huang xiaotao, who was coming down the mountain.

"Xiao Tao!"

Lin Yi greeted her first. The originally frowning and absent-minded Huang xiaotao heard the voice that she had been thinking about and immediately raised her head in surprise.

"Lin Yi! What are you doing here?"

"I came to find you! I didn't expect that your strength would progress so quickly. You're actually preparing to break through to the earth formation stage!"

Lin Yi smiled, but he was a little worried. He could see that Huang xiaotao's strength had increased too quickly, and her Foundation was a little unstable!

Fortunately, Huang xiaotao did not manage to break through to the earth creation stage during her closed-door cultivation. Otherwise, the problem would have been even more serious.

Lin Yi himself was at a disadvantage because of his rapid improvement, so he naturally paid more attention to Huang xiaotao's situation.

"It's great that you can come! Originally, I was prepared to look for you if I could successfully break through to the earth formation stage. I didn't expect you to come to me first!"

Huang xiaotao jogged closer to Lin Yi. Although she was a little shy, she still hesitantly held Lin Yi's palm in the end,"Lin Yi ... I ... I missed you!"

"I also miss you!"

Lin Yi held Huang xiaotao's hand back and asked softly,"Did anything happen during your closed-door training?"

"Well ... I'm feeling uneasy, so I can't get into the right state of mind during my closed-door cultivation. That's why I haven't made any progress, and there haven't been any major problems."

Huang xiaotao pondered for a moment, then shook her head slightly.""Don't worry about this. I'm very happy that you came. Let's go back to my cave first. I'll make you something to eat!"

"Are you feeling uneasy because of the mountain region's Guan clan?"

Lin Yi pulled Huang xiaotao's hand and walked down the mountain, casually mentioning house Guan.
