

## Bodyguard 7001

### Chapter 7001 The Guan Family's Envoy

Huang xiaotao's face paled. She didn't expect Lin Yi to already know about it.

"How did you know about the Guan family? Actually, it's fine. I'm not an item of the Academy that they can do as they please. There's no need to worry about this, I can handle it. "

Huang xiaotao was a little flustered. She was very clear about the Guan family's strength. It could be said that she did not even dare to think about running away.

So what if he escaped back to the North Island? If the Guan family were to get angry, who on the North Island would be able to resist?

That was because the North Island was secluded from the world. The strongest person in the sea splitting stage was only at the earth splitting stage. A mountain splitting stage cultivator was already a giant. The Guan clan could probably sweep the North Island with a few sea splitting experts.

Huang xiaotao did not dare to take the risk. If the Guan family took their anger out on Beidao, she felt that she would not be able to redeem herself even if she died a hundred times!

So if Lin Yi knew about this, Huang xiaotao would panic, afraid that Lin Yi would be dragged into this.

"Xiao Tao, you've improved so quickly. Did you take any pills?"

Lin Yi was a little confused. Huang xiaotao's strength increased too quickly, much faster than Lin Yi himself!

Even though she had the Wind and Fire spiritual roots, which complemented each other during cultivation, and there was indeed the possibility of her improving speed, it still exceeded her expectations.

"I did take some pills."

Huang xiaotao lowered her head and mumbled, "The Morning Star Mystic class school has a good relationship with house Guan, so they have an abundant supply of pills. All the talented students have the chance to get good quality pills."

Although Huang xiaotao also knew that the foundation of her strength, which had been accumulated by elixirs, was unstable, like a castle in the air, and was in danger of collapsing at any time, she had to desperately improve her strength in order to have some say.

"You've broken through to the Aurous core stage and the nascent Soul Stage perfectly. Even if you don't use any pills, your cultivation speed won't be slow. It seems like you're under a lot of pressure in this Academy!"

Lin Yi sighed, feeling a little guilty. He didn't care enough for Huang xiaotao and the others ... If he did, all these wouldn't have happened.

For example, ning Xuefei, Huang xiaotao, and the missing Wang Xinyan!

"You don't have to worry about the Guan clan. Since I'm here, I'll take responsibility. I'd like to see how arrogant the Guan clan is!"

Lin Yi's eyes turned cold as he sneered, "not everyone can be forced by them!"

"Lin Yi, don't interfere in this-I can handle it myself! Don't worry, if I don't want to, the Guan family and the Academy can't do anything to me!"

Huang xiaotao was worried that Lin Yi would get into trouble, but he was still going to get involved, ""You're not a member of our Academy. The more you interfere, the easier it will be for others to criticize you. In the end, it will be difficult to deal with it. "

"It's precisely because I'm not from your Academy that I'm not afraid of their underhanded manipulation! I said, I will stand up for you! You're mine! I'd like to see who dares to move!"

Lin Yi had already made up his mind to interfere, so how could Huang xiaotao stop him with just a few words?

Huang Xiao Tao blushed. Lin Yi 's' you're mine 'hit the softest part of her heart, so she thought, ' forget it, forget it. As long as I can be with him, if we can't live together, then I'll die together!' What's the big deal?

She was soft on the outside but strong on the inside. After making up her mind, her entire person relaxed.

"Let's not talk about this for now. I want to ask you, King ..."

Lin Yi didn't need to say much about things he'd already decided on-he wanted to ask about Xinyan.

However, before he could say anything, a person flew over from the distance. Before he even got close, he shouted, ""Huang xiaotao, the Dean and the great elder have ordered you to head to enlightenment peak immediately. There's an important announcement!"

Huang xiaotao's pretty face darkened and she said in a low voice, ""It seems like the people from the mountain region's Guan clan have arrived. That's why they want me to go over!"

"Fine, I'll go. I was just about to settle the score with them!"

Lin Yi's face was calm, but the anger in his heart was building up. "Let's go, I'll go with you. I'd like to see who dares to force you to marry!"

Huang Xiao Tao nodded and walked up to him with Lin Yi's hand in hand. The person didn't say much, but looked at Lin Yi strangely, feeling that this person was a little unfamiliar. Then, he brought the two of them to Qi Ming peak!

After a short while, the three of them arrived. What they saw was two rows of students standing in an orderly manner. They were enthusiastically welcoming an arrogant middle-aged man in red!

"Could that man be Guan Taiyang, the son of the mountain region's territory Lord?"

Lin Yi's mouth twitched-the red robe didn't match its Owner at all!

"He's not Guan Taiyang. He's probably a Messenger of Guan clan!"

"Guan Taiyang looks much younger. He should be around 27 or 28 years old!" Huang xiaotao shook her head.

"That's a pity. If Guan Taiyang came here personally, he could teach him a good lesson."

Lin Yi was a little disappointed-he didn't get the guy, and there wasn't much point in a small fry like him. "Looks like the Guans really do look down on Morning Star Mystic class schools, sending some random guy to discuss your marriage without even a follower."

Before Huang xiaotao could say anything, a White-browed old man saw them from a distance and waved, ""Huang xiaotao, come here!"

Beside the white-browed old man, there was an elegant middle-aged man in white. He had an extraordinary bearing, but his expression was not very good.

"The one who called me is the great elder of the Academy. The one beside him is our principal. The principal is actually about the same age as the great elder, but he looks much younger than the great elder."

Huang xiaotao quickly and quietly introduced the two people to Lin Yi. She didn't stop walking and walked towards the two big shots.

"So that's the great elder and the Dean. It's fine, I'll go with you!"

Lin Yi smiled nonchalantly and moved his feet, standing in front of Huang Xiao Tao and protecting her.

"Huang xiaotao, hurry over and greet the mountain realm emissary. He has worked hard to come to our Academy to propose marriage to you on behalf of master Guan Taiyang."

The great elder's face was filled with kindness as he smiled and introduced them to Huang xiaotao,""The great Messenger has already proposed a marriage. I represent the Academy to agree to it. We will choose a day for you and young master Guan to get married!"

"There's no time like the present. I think today is a good day. The Academy should prepare and send the person to the mountain region's governor's estate!"

The Guan family Messenger said arrogantly, ""As for the dowry, it's not important. You can just prepare anything and send it over!"

The headmaster snorted coldly and said, "Lord Messenger, aren't you taking this too lightly?" I didn't agree to this matter, and the students themselves didn't express their opinions, so why do you want to get married today?"

"Director, didn't you reserve your opinion? why are you saying no now?"

The great elder looked at the headmaster with a sinister look, squinting his eyes and sneering, ""Moreover, this seat will represent the Academy and the students to agree. Dean, you are busy with a myriad of Affairs every day, so you don't need to interfere in these small matters!"

Chapter 7002 I'll Send You To Hell If You Continue

Lin Yi was so angry that he laughed. He'd seen shameless people before, but he'd never seen such a shameless idiot!

"You're a cockroach, right? I don't know what right a cockroach has to represent the Morning Star Mystic division, and that has nothing to do with me, but Huang xiaotao is a free person. You're just a cockroach, what right do you have to represent her?"

Lin Yi purposely called the elder a cockroach, his face full of undisguised mockery. He turned to the Guan Messenger and scolded, "Who Do You Think You Are? I'll send it to your residence today. Why don't I give you a free ride so that you can walk faster on the road to the netherworld?"

Both the Grand Elder and the Guan family's Messenger's faces changed. This was a Morning Star Mystic class practitioner's College, and someone dared to be so rude to them?

Rebellious!

But Lin Yi didn't wait for them to react. He pointed at the elder's nose and continued, "And you, you unparalleled mountain donkey B \* stard who won't die! Do you think that just because you're a big cockroach, everyone will be afraid of you? What authority do you have to represent this and that? Do you believe that I can destroy you on behalf of the moon?"

Usually, Lin Yi wouldn't be so unbridled in his cursing, but he'd been under too much pressure recently, and Huang xiaotao being bullied touched his bottom line-that's why he'd let out such a torrent of abuse.

The first elder and the Guan family's Messenger were both dumbfounded by such a fluent scolding. For a moment, they didn't know how to reply.

A Swift victory!

In the confrontation between the two sides, Lin Yi won first and scored first!

"Y-y-you ..."

The elder was so angry that he couldn't even speak properly. He stammered and wanted to talk back, but Lin Yi blocked his words.

"You what you? What right do you have to use other people's lives and happiness as bargaining chips to gain your own benefits? No wonder you call yourself a cockroach. To be honest, even a cockroach isn't as disgusting as you!"

Lin Yi started scolding the Dean and the others, "And you, the principal of a Morning Star Mystic division school, seeing your own students being threatened and then sending them to be toyed with, you still have the face to be the principal? If you don't do anything, why don't you open a brothel and become the principal there?"

The Dean's face was dark, and his elegant temperament was gone. He looked very embarrassed ... The brothel had another name, which meant that he could also be the Dean ... Bah! Where did this kid come from? His mouth was too sharp!

"Lin Yi, the Dean's already done his best. He's been taking care of me, and if it weren't for the Dean, I'm afraid we wouldn't have made it until today!"

Huang Xiao Tao pulled on Lin Yi's sleeve, speaking up for the Dean in a low voice.

Lin Yi coughed, thinking that he'd gone too far.

Taking advantage of this gap, the Guan family's envoy finally seized the opportunity to scold, ""Who are you? You think no one will dare to kill you for making such a big scene in a Morning Star Mystic class school?"

"Hehe ... How impressive. You don't have to kill me. I'm almost scared to death by you!"

Lin Yi's mouth was full of mockery and sarcasm-he didn't look scared at all.

"Huang xiaotao, who are the people you brought? How could such a person be brought here? Don't you know that today is an important day for the Academy to receive our distinguished guests?"

When the great elder faced Huang xiaotao, he immediately returned to normal. His imposing manner also rose, and he accused her one after another,""Do you still have the Academy in your eyes? Is there still the principal and me, the great elder ..."

He couldn't help but think of the cockroach that Lin Yi was talking about when he mentioned the great elder, and he felt disgusted.

He just had to get what he wanted-Lin Yi cut in and continued,"Big cockroach, if you're strong, you're really good at bullying students. I don't know which toilet you've been living in at your age! Does bullying a girl give you a sense of achievement?"

The big cockroach ... Oh no, the great elder's face was livid, and his aura rose. It was obvious that he was ready to attack!

"There's no harm in telling you. I'm from Huang xiaotao's hometown. We're students who came to the mystic division Sea area from the North Island together. If you bully xiaotao, do you think I won't kill you?!"

Lin Yi's face was fierce, but it was laughable in the elder's eyes.

It turned out that he was just a country boy from the North Island who did not know the immensity of heaven and earth. That was why he would stand up for a beauty with his hot-bloodedness!

Hothead!

The elder came to a conclusion-it was beneath his status to argue with a kid like this!

With that thought, the elder's aura dissipated as he laughed at Lin Yi, "Ignorant brat! They had thought that he had a powerful background, but it turned out that he was just a person from a rural area like Beidao, a frog in the well who looked at the sky from the bottom of the well! Talking to you is an insult to this Lord's identity. Forget it, get out of here. This Lord's mood is good today, so I'll let you Live!"

The great elder didn't mind letting such a weak and overconfident minion go to show His grace!

Of course, she still had to catch Lin Yi and kill him after this, or else she wouldn't be able to get rid of the hatred in her heart!

The Dean couldn't help but sigh when he heard that Lin Yi was from the North Island. Lin Yi did scold him, but he couldn't do something like betraying a student. It was a fact that he couldn't stop Lin Yi, so it didn't matter if he was scolded or not!

The Dean relaxed after seeing that the elder wasn't going to do anything. He gave Lin Yi a look, telling him to leave and save his life.

Unfortunately, Lin Yi didn't even look at the Dean. No matter how much he tried, it was useless. He had no choice but to try and persuade the Dean, "Young man, it's good to be hot-blooded and loyal. However, this matter is more complicated than you can handle. You'd better not get involved in this and leave quickly!"

"Although you're very incompetent as the director, you're not a bad person. Alright, don't worry about this matter. I won't cause you any trouble!"

Lin Yi didn't want to waste time with the Dean. He waved his hand to stop him.

The headmaster sighed and didn't say anything else. If he continued, he would offend the great elder and the Guan family's Messenger.

The Guan Messenger felt that Lin Yi had just stepped on his face, and he couldn't wait to mock Lin Yi, "You ignorant idiot. You came all the way here to show off your might. Why don't you take a look at where you are? even if you want to die, you don't have to be in such a hurry!"

Now that he knew Lin Yi's background, the Guan Messenger's sense of superiority exploded. His mouth became sharper and sharper, and he started mocking Lin Yi more and more!

Lin Yi's face went cold as he replied, "Stop talking! If you say one more word, I'll immediately send you to the yellow Springs!"

Chapter 7003 You Dare To Kill?

"Oh, you're not old but you're talking big. Come, come, let ..."

The Guan Messenger curled his arm and pointed at Lin Yi.

Lin Yi wouldn't let an idiot like him have his way. If he said another word, he would kill him. He would not let him finish a second sentence!

Before the Guan Messenger could finish his sentence, Lin Yi appeared in front of him in a flash, a palm landing on his forehead as if there was no strength or speed in it.

Were his eyes blurry?

That was the last thought of the Guan family's Messenger. Then, his consciousness fell into complete darkness.

Lin Yi took care of the messenger with ease. A mere early stage earth creation was nothing in front of him. He could kill the messenger with one slap!

"You dare to kill someone?!"

The elder was both shocked and furious-he didn't expect Lin Yi to actually attack him, but what was more terrifying was that he didn't even have time to react to that sudden attack!

The messenger had died in front of him. How was he going to explain to the Guan family?

The head elder's head hurt at the thought-the only way to answer to house Guan was to kill Lin Yi!

"I've already killed him. What's the problem with whether I dare or not?"

Lin Yi shrugged and took out a tag-it was the one the Alliance made for him, and his position was written on it.

The honorary disciplinary elder of the mystic division sea Academy Alliance!

"Look carefully, I am the law enforcement elder of the Alliance. Although it is an honor, killing one or two people is not a problem at all! And your position as the great elder can be considered to have come to an end! I hereby announce that you are dismissed from your position!"

Lin Yi was putting pressure on the elder, but he knew that the elder wouldn't agree to it so easily. It was likely that the proposal wouldn't pass!

As expected, a stern look flashed across the Grand elder's eyes. He then laughed wildly, ""Ignorant child! Why are you acting all high and mighty in front of me? Not to mention whether your token is real or fake, even if it is real, so what?"

"He's just an honorary law enforcement elder. Who can he scare? The official law enforcement elder can't control me, and my position as the great elder is not appointed by the Alliance of Academies!"

The first elder's face turned into an evil smile as he glared at Lin Yi, "You dare to be so impudent in my territory? I originally didn't want to argue with a junior like you, but it seems that if I don't teach you a lesson, you won't know the immensity of the heavens and earth!"

The Dean was deep in thought-he knew something was wrong the moment Lin Yi took out the tag!

The Grand Elder had been busy trying to get on the Guan family's good side, so he didn't pay much attention to the outside world. The Dean, on the other hand, had been paying attention to the various events that happened in the mystic Sea.

For example, the Dean of Xuanji's Clearwater school, Lu Yongming, was killed by a student from Feiyang school, Lin Yi. Not only was he not guilty of killing people, but he was also rewarded and commended by the school Alliance!

Comparing the two, the identity of the young man in front of him was already obvious!

The Dean's eyes lit up at that thought. Lin Yi was rumored to be extremely brutal, and Lu Yongming couldn't even put up a fight against him before he was turned into ashes!

If the young man in front of him was really Lin Yi, the elder wouldn't have a good ending if he went up against him!

Continue to sit on the mountain and watch the Tigers fight? Or should he confirm Lin Yi's identity first?

The hospital director hesitated for a moment before he made a decision.

"May I ask if you are young hero Lin from Feiyang college?"

The Dean cupped his hands and asked Lin Yi politely. He pointed out Lin Yi's identity directly, and it was his last warning to the elder.

If something happened to Lin Yi, Huang Yuntian from the Alliance wouldn't just let it go. The flying school would come for him too, and even the clear stream school would come!

It was said that the vice principal of Feiyang school, Zhang jinmiao, had become the new principal of clear flow school. This power was not something a Morning Star Mystic class school could fight against.

As for the Grand Elder being killed by Lin Yi, it was indeed beneficial to the Dean. However, the Guan family might vent their anger on the school, and the Dean would be the one to suffer in the end.

"I am Lin Yi! You know me?"

Lin Yi was surprised-he didn't expect the Dean to expose his identity. Who told him?

Wu Jun was here, but he was quite far away, so it was unlikely that he would warn the Dean.

"Although I've never seen young hero Lin before, your reputation is well-known. I've heard a lot about you recently. I saw that you're handsome, so I made a bold guess. I didn't expect that I would be right!"

The Dean said even more politely, "I've heard of young hero Lin's deeds. I've long wanted to meet you, the young hero. Today, I've finally gotten my wish. I'm truly relieved!"

That was a bit of an exaggeration ... Lin Yi thought that he was pretty thick-skinned, but he still felt a bit embarrassed!

Was he too harsh with his scolding just now?

"Principal, you flatter me!"

Lin Yi cupped his hands and said humbly, "Let's first settle the matter at hand. "

The Guan family's Messenger had just been killed, and the great elder was ready to make his move. It was not a good time to chat.

The head elder was suspicious-the Dean knew Lin Yi? Could this kid be very famous? However, Feiyang college ... Was nothing special!

Morning Star Mystic class school wasn't afraid of Feiyang school, but they were under house Guan's control. In order to break through, the elder had to take down Lin Yi and give house Guan an explanation.

"Kid, I don't care if you're a bullsh \* t honorary law enforcement elder of the school Alliance or someone from the Feiyang school. You've killed the mountain region's emissary today, so don't even think about getting out of this alive!"

The elder weighed the pros and cons in his heart and decided to deal with Lin Yi himself, ""Obediently surrender, and this Lord will consider leaving your corpse intact!"

Since they couldn't be nice anymore, then they might as well go all out and kill Lin Yi!

"What great might! Fortunately, I've been scared since I was a child, so I'm used to it. Otherwise, I would have been scared to death by you!"

Lin Yi's face was full of mockery as he hooked his index finger at the elder. "Come on! Don't talk nonsense, let's just show it with our own hands!"

"Lin Yi, the first elder's strength is unfathomable, you're not his match!"

Huang Xiaotao stood beside Lin Yi, her face filled with determination, "Let's work together to fight the enemy! Just like before!"

Although Huang Xiaotao knew that her strength was low, far from the great elder's, but since Lin Yi wanted to fight with the great elder, she knew that she couldn't win. She had to support Lin Yi with all her might, even if it meant dying together!

After all, when two people joined hands to use the wild fire Eight Trigrams palm, the power would also increase greatly. This had been verified before, and it was much better than when one person used it!

Chapter 7004 Great Elder's Rage

"Xiao Tao, you shouldn't get involved in a fight between men. Just watch quietly! Besides, this old man looks like he has one foot in the grave. He can collapse with a single breath, so why would he need the two of us to join forces?"

Lin Yi waved his hand with a smile, completely dismissive of the elder. "Go stand by the director. I'll take care of this old man soon!"

The great elder was furious. He was quite old, but who dared to call him an old man in front of him?

"Junior, since you want to die so badly, I'll fulfill your wish!"

The head elder roared and sent a stream of pure Qi towards Lin Yi, "First, take this Lord's palm. Let this Lord see how great your abilities are!"

It was just a pure Qi attack without any martial arts skills. The elder thought that Lin Yi was young and weak, and that he could crush his opponent with pure Qi alone!

"Do you think I'll take a palm strike just because you say so? What can you do to me if I don't accept it?"

Lin Yi laughed and dodged the attack easily. He sent out a spirit sense attack to test the elder's defense. "Why don't you try taking one of my moves!"

When the invisible spiritual sense approached the Grand Elder, it was easily blocked by a transparent defensive barrier.

As expected, the head elder had a spirit sense defensive item on him, and it was a high-level one at that. Lin Yi's spirit sense attack wouldn't be able to break through this layer of defense.

With Lin Yi's current condition, it wasn't suitable for him to fight a long battle of attrition. If he kept on attacking and wearing down the elder's spiritual defense item, he might be the one to break down first!

Since divine sense attacks didn't work, he could only use martial techniques to fight!

"This is your attack? You want to deal with me with such a low-level spiritual sense collision? You're too naive!"

The elder looked at Lin Yi in disdain and put his hands behind his back, "This Lord will stand still, and no matter how you attack, you won't be able to hurt this Lord in the slightest! Don't say that I'm bullying a junior. I'll let you attack me three times today, and I'll deal with you after three moves!"

"Ha ... Big cockroach, you're still as shameless as ever. You said you'd let me attack you three times if you stood still. You're obviously acting generous because you think you can't avoid my attack, right?"

Lin Yi, naturally, didn't appreciate it. He sneered, "Whether you move or not, don't even think about dodging my attack. If you want to defend with all your strength, just say it. Why do you have to come up with an excuse? you're getting older and older, and you're really turning back!"

"Bullshit! Do you think I can't avoid the attack of a junior like you? Come, come, come, I'll let you experience what a real movement technique is today!"

The elder couldn't get off the stage-Lin Yi's nonsense was right in front of all the students, and it was embarrassing. "Cut the crap, just do it!"

Lin Yi didn't wait for the elder to finish his sentence. He appeared in front of the elder like a ghost and a lightning arc appeared out of thin air, hitting the elder's body.

The attack power of the lightning was average, and it didn't cause much damage to the great elder who was in the sea-splitting realm. It was just that the speed of the lightning was too fast, and the great elder was distracted while talking. He didn't expect Lin Yi to attack him all of a sudden, and he didn't have time to Dodge.

If he'd just stood there and let Lin Yi attack him like he'd said at the start, it'd show how strong the elder was ... But with his cheap mouth changed, it was a completely different story!

"Good movement technique! You actually managed to hit my lightning arc! There are only a handful of people in the world who can do this!"

Lin Yi cheered loudly as if the elder had done something amazing, but even an idiot could hear the sarcasm in his voice!

The audience didn't dare to laugh out loud. Each and every one of their mouths twitched as they suppressed their laughter until they suffered internal injuries.

Lin Yi was making it sound like the elder was using his body to hit him ... Who would be that stupid to do something like that?

To say that he couldn't Dodge it was so fresh and refined, the damage to the head elder was probably much stronger than that lightning arc!

"Junior, you actually dared to sneak attack!"

The great elder was very depressed. His old face was a little red, and he scolded, ""I won't argue with you, I said I'll let you have three moves, so I'll give you three moves ..."

Before he could finish, Lin Yi dodged like a ghost again, lightning arcs flashing.

With two crisp sounds, the two lightning arcs struck the great elder's body again.

Lin Yi had sacrificed the power of his lightning bolts for pure speed. Even if the elder was prepared, he still couldn't do anything!

"You said you'll let me attack you three times, but you don't have to use your body to hit my lightning bolts ... Lightning bolts hurt too!"

Lin Yi shrugged innocently and continued to provoke the elder's already furious nerves.

"Junior! Let me give you three moves, and it's my turn to teach you a lesson!"

The veins on the head elder's forehead appeared as he shouted and attacked with all his might.

To be honest, he was strong, but there was a huge gap between his movement and Lin Yi 's!

Not to mention the Thunder escape technique, just the limit surpassing butterfly micro steps was more than enough to deal with it.

If it wasn't for Lin Yi's worry that his Yuan spirit couldn't solidify after turning illusory, he could've just fought him head on!

Bolts of lightning kept flashing and striking the great elder's body. Although it didn't cause much damage, it slapped the great elder's face completely.

It was like Lin Yi chasing after the elder and slapping him in the face. Each slap wasn't heavy, but it was loud and clear, and the damage to the heart was more than the damage to the body.

Lin Yi didn't have a choice. He wanted to end the battle as soon as possible, but he didn't dare to use any skills that were too powerful. He was afraid that his essence spirit body would suffer a backlash and collapse on the spot.

Therefore, he wanted to use this method to anger the great elder and make him lose his mind. Only then would he be able to defeat the enemy in one move!

The great elder was indeed going crazy. He never thought that a junior he looked down upon would actually bring him such a huge humiliation!

"Little brat! You're dead for sure today!"

The great elder's eyes were bloodshot, and the aura all over his body skyrocketed. He directly shouted and used his trump card martial technique, ""A pack of wolves swallowing the moon!"

The violent pure Qi surged around, locking down the space around him. Lin Yi's super limit butterfly micro-steps was greatly restricted.

That was not all. Within the Zhen Qi, lifelike white wolves appeared one after another. There were at least a hundred of them. Just the Zhen Qi used to maintain this pack of wolves was already extremely shocking. It seemed that the great elder was really angry to the extreme!

True Qi manifestation, surrounded by wolves!

Lin Yi instantly felt the pressure increase. One mistake and his essence spirit would collapse.

"Let's see where you can run to! I'll definitely tear you to pieces today!"

The head elder gritted his teeth and laughed. He waved his arm and hundreds of pure energy white wolves pounced at Lin Yi from all directions. They attacked in layers, making sure that Lin Yi would be attacked by at least ten white wolves no matter how he dodged!

Chapter 7005 Well-Deserved Reputation

"No matter how many wolves there are, they are still wolves. In front of a true dragon, they are no different from dogs!"

Lin Yi didn't Dodge, but laughed coldly as he circulated his pure Qi and activated his skill.

Dragon-shaped killing intent of the five elements!

A five-colored Divine Dragon whizzed and circled, instantly turning the clouds and rain upside down. It directly tore the eight white wolves closest to it into pieces, turning them back into true energy and scattering in all directions.

The elder was shocked-he didn't think that Lin Yi would have a similar skill to his own, one that could transform his Qi into physical form, and it looked even stronger!

The Dean's expression was grave, and he couldn't help but nod to himself.

As expected, Lin Yi didn't kill Lu Yongming by luck-he had the strength to back it up.

As a bystander, the Dean knew that Lin Yi's Dragon killing intent was strong, but the Grand elder's moon-swallowing wolves wasn't weak either!

However, the head elder's pure energy was split into hundreds of white wolves, which gave him a greater advantage in area control and attack. He was no match for Lin Yi in a one-on-one fight.

Lin Yi's pure Qi was extremely condensed, and a five-colored Divine Dragon was several times or even dozens of times stronger than any White Wolf. Naturally, it was easy for him to move through the Wolf Pack, no different from a Tiger entering a flock of sheep.

"Good boy, you've got some skills! To think that you can force this Lord to this step!"

The first elder snorted and put his hands together. ""Soul devouring greed!"

Nearly a hundred white wolves instantly gathered at his shout, merging into a huge silver-gray wolf King. The problems that the Dean could see were naturally seen through by the great elder, so he immediately responded.

The silver-gray wolf King and Lin Yi's five-colored Divine Dragon bit at each other in the air, and they were in a stalemate. It was hard to tell who would win.

Lin Yi's face was a bit ugly. He didn't use his full strength because his soul wasn't very stable. If he used his full strength, he could be devoured at any time. He had to save some energy to ensure the stability of his soul.

But the great elder wasn't an ordinary opponent. He was a complete sea-splitting cultivator. Lin Yi held back, and the Dragon-shaped five elements killing intent couldn't gain the upper hand!

Not only that, but as time passed, they gradually went from being evenly matched to being at a slight disadvantage.

"Brat, if you have any other means, hurry up and use them! Otherwise, we won't have another chance!"

The great elder laughed wildly. He had finally gained the upper hand, and he immediately felt elated. "I've already said that a junior like you who doesn't know the immensity of heaven and earth will sooner or later be destroyed by your own ignorance!"

The surrounding people were all wondering when the great elder had said this. Could it be that I was too distracted to hear it?

Lin Yi smiled mockingly as a ball of super refinement fire missiles formed in each of his palms.

After stalling for so long, he had finally successfully completed two super pill fire missiles. It should be enough to deal with the great elder!

"As you wish, I'll let you see my other methods!"

The moment Lin Yi said that, the Super pill fire bomb in his left hand shot towards the elder like lightning.

The great elder was scared out of his wits. That meteor-like thing had brazenly attacked with a destructive aura. If he was hit, he would probably be seriously injured even if he didn't die!

Once he was heavily injured, Lin Yi would naturally be able to kill him easily!

"Break!"

At this critical moment, a long spear appeared in first elder's hand. The tip of the spear spun rapidly and stabbed at the Super alchemy fire missile, trying to use a weapon to deal with Lin Yi's super alchemy fire missile.

"Explode!"

Lin Yi's lips curled up into a cold smile as he let out the word "explode." The Super pill fire missile exploded before it could even touch the tip of the spear.

Of course, all the power was directed at the elder-the Lin Yi now had perfect control over the direction of the blast, and there was no room for error.

The spinning spear tip pierced through the explosive shock wave of the Super pill fire missile, but it only neutralized 10 - 20% of it. The rest passed through the spear tip and continued to attack the great elder.

The elder was flustered as he tried to defend himself, but Lin Yi's other super alchemy fire missile was already flying over!

Following that, the first bomb exploded on the great elder's body.

Several defensive items shattered until the last one turned into ashes. The great elder was unable to withstand such an attack, and he immediately spat out a mouthful of blood.

"On the road to the netherworld, take care!"

Lin Yi muttered to himself as he watched the elder turn into a pile of ash after spitting out all the blood.

The power of the Super pill fire missile wasn't so easy to resist. It couldn't be over just by spitting out a mouthful of blood.

The Dean's eyes widened in disbelief as he looked at the spot where the great elder had been. The person who had been suppressing him ... Was gone just like that?

The Dean looked at Lin Yi's calm face and realized that he'd underestimated him!

He had thought that he had overestimated the other party, but he did not expect that it was not the case at all!

Beating up the elder so easily, and then killing him so easily ... The Dean knew that if Lin Yi wanted to kill him, it would be even easier and more pleasant!

What he didn't know was that Lin Yi was only acting like he didn't care, but he knew what he was going through!

He tried not to use any powerful skills, but the fight with the elder was still painful.

At this moment, Lin Yi's essence spirit body was in a violent turmoil, and barely maintaining the stability of the surface took all of Lin Yi's attention!

Killing the mountain Messenger, killing the Grand Elder, Lin Yi had shown his strength and dominance. If people saw that he was weak, they would kill him immediately in the name of revenge to show their loyalty to the Guan family!

"Lin shaoxia's godly skills are indeed worthy of his reputation!"

The headmaster suppressed the shock in his heart and put on a refined smile. He cupped his hands and said, ""Huang Xiao Tao's matter was arranged by the great elder to please the Guan clan. I've never agreed to this, but I'm not as strong as him, so my words are useless. Today, we're grateful that Lin shaoxia helped us save our students!"

The people from the first elder's faction were all furious, but Lin Yi had killed two people in a row, and his power was at its peak. No one dared to mess with Lin Yi, and they could only glare at the Dean, perfectly demonstrating what it meant to be angry but not dare to say anything!

In the following days, it was conceivable that the Dean would definitely clear out the members of the great elder's faction. If they did not grovel and surrender, they would only be kicked out of the school.

Or they could find the Guan's to back them up, and become the Guan's new representative in the school ... The prerequisite was that Lin Yi had to be killed by the Guan 's. Otherwise, no one could guarantee their own life.

Chapter 7006 It's So Good To Be Reunited

"Dean, you don't have to say anything. My relationship with Xiao Tao isn't normal, and whoever wants to touch her first has to ask if I, Lin Yi, agree or not! It's not for the sake of the Morning Star Mystic division. "

Lin Yi waved his hand, trying his best to act as if nothing had happened.

"No matter what, Lin shaoxia has cleared a black sheep for our Morning Star Mystic division. From now on, Lin shaoxia will be an honored guest of our division. No matter when you come, this old man will welcome you with respect!"

The Dean was extremely respectful towards Lin Yi, even bringing up house Guan,"As for the governor's residence, I'll handle it myself. Although the Guan family is suppressing our school, I'm still confident in dealing with the impact of this matter. You don't have to worry!"

Lin Yi didn't care about the Dean's words at all-there was no way he'd be of any use!

If it was useful, Huang xiaotao's matter would not be led by the nose. She could only reserve her opinion and not oppose it!

With the Guan family's overbearing style, they'd probably find Lin Yi for revenge soon after they got the news. If the Dean showed up, he'd probably be seen as an accomplice!

"If the mountain region's Guan clan wants to find trouble with me, then just bring it on, a bunch of clowns! Don't worry, principal. As long as they dare to come, I'll bear the consequences!"

Lin Yi rejected the Dean's favor in a deep voice, showing his strength. The weaker he was, the more he couldn't show his weakness!

"Lin shaoxia is not afraid of the Guans, but it's better to get rid of enemies than to keep them alive. It's better if we can live in peace."

The hospital director advised again and then changed his tone. "We'll talk about this later. It's rare for young hero Lin to come to our Academy. This old man must play the role of a good host and welcome young hero Lin. Young hero, please follow me!"

"Thank you, Dean. However, I'm tired from the long journey. I'd like to go to Xiao Tao's cave to rest for a while. Please forgive me."

Lin Yi's rejection of the Dean's invitation gave the impression that he was looking for an excuse to meet Huang xiaotao.

It was no wonder. The young man and woman had not seen each other for a long time. Naturally, it was more important than having a meal with the director. The director also revealed an expression of understanding.

"It's this old man's fault for not being considerate. Lin shaoxia and Huang xiaotao have not seen each other for a long time. They should catch up and have a good rest first. This old man will not disturb you any longer. After Lin shaoxia has rested, I will come back to entertain you!"

The hospital director was very understanding and tactful. After he finished speaking, he dismissed the other unrelated people.

Wu Jun really wanted to talk to Lin Yi, but seeing that Lin Yi couldn't wait to meet Huang xiaotao, he didn't disturb him.

As for whether he would offend the Guan family because of this, it was not too important. After all, Wu Jun could choose to graduate and leave at any time. At most, he could go to another mountain region.

Huang xiaotao was very excited. Lin Yi suddenly appeared at her time of danger and took care of the first elder and the Guan Messenger.

Although the hidden danger was not completely removed, it was enough to move Huang xiaotao. Lin Yi said that he wanted to go to her cave to rest, so of course, she had no reason to refuse.

After returning to Huang Xiao Tao's cave and closing the defense array, Lin Yi's primordial spirit collapsed before he could even say anything. He couldn't even maintain it for a second longer.

Huang xiaotao was shocked. Her pretty face turned as white as a sheet in an instant, ""Lin Yi, what's wrong?"

"Xiao Tao, don't be afraid. I'm slightly injured and need to recuperate for a while. Don't worry."

Lin Yi tried his best to calm Huang xiaotao down in his primordial spirit state so that she wouldn't be scared, "I'll be done soon. Stay here and don't go out ..."

Before he could finish, Lin Yi couldn't take it anymore. He felt like his spirit was going to dissipate if he said a few more words, so he disappeared into the Jade space and used the soul raising tree and spirit gathering branch to recover.

In addition, taking pills was also an indispensable link. If he wanted to re-condense his primordial spirit body as soon as possible, he could only use this method of quenching his thirst with poison.

The ghostly thing appeared beside Lin Yi and looked at him helplessly, not interrupting him.

If this continued, Lin Yi was really going to kill himself! The damn thing really didn't know what to say.

After a while, Lin Yi's condition finally stabilized a little. He looked at the ghostly thing and smiled bitterly, ""Senior ghost, I've made you worry again!"

"What's there to worry about? Shouldn't you be the one worried?"

The ghastly thing snorted, and its tone was extremely dissatisfied. "He clearly knows his own condition, but he still forced himself to attack. He's really not afraid of death!"

"I also know that if I continue like this, I'll really be done for very quickly. But when the time comes, how can I back down?"

Lin Yi shrugged helplessly, "Xiao Tao's being forced like this, and if I don't do anything, am I supposed to just watch her get taken away?" Then you might as well just die early!"

The demonic thing had been with Lin Yi for so long, and naturally knew Lin Yi's personality. It wasn't strange at all for him to risk his life to protect the people around him.

"Forget it, forget it, I'm too lazy to care about you, you do as you see fit. At worst, you'll be finished, this old man will die with you!"

The ghostly thing hmped and left Lin Yi behind.

If Lin Yi died, the Jade space might not even exist. The thing might be able to survive, but it had already made its stand clear-if Lin Yi died, it wouldn't live on.

This way, Lin Yi would have some reservations before he went all out, and he wouldn't kill himself so easily.

Outside the Jade space, Huang xiaotao was like an ant on a hot pan, running around in circles in the cave. Lin Yi's sudden disappearance really scared her.

If not for the last two words of comfort, Huang xiaotao would have died of anxiety!

However, Lin Yi's disappearance made Huang xiaotao extremely tormented. Her mind kept running wild, trying to guess what was going on with Lin Yi!

Every second really felt like a year!

She didn't know how much time had passed, but Lin Yi finally appeared again. The heavy stone in Huang xiaotao's heart finally fell to the ground!

"Lin Yi, how are you? Are you alright?"

The moment she saw Lin Yi, Huang xiaotao immediately pounced on him, but when she was about to reach Lin Yi, she stopped abruptly, afraid that she would hurt Lin Yi again, ""You ... Are you okay?"

Lin Yi let out a smile and pulled Huang Xiao Tao into his arms.

Huang Xiao Tao blushed, but she didn't resist at all. She laid on Lin Yi's broad chest, feeling the comfort and security.

"I'm fine, I can't be better!"

Lin Yi laughed heartily, hiding the worry in his heart. "You're fine, and I'm fine. It's great that everyone's fine!"

"Mm! That's good!"

Huang xiaotao revealed a blissful smile and mumbled softly.

"Right, what's up with Wang Xinyan?"

Lin Yi remembered what he didn't get to finish. "You two came to the mystic division Sea area together, why is there no news of her?"

Chapter 7007 Xinyan Was Taken Away

Huang xiaotao's face changed slightly. She raised her head from Lin Yi's arms, not knowing where to start.

After carefully sorting out her words, Huang Xiaotao said, "When she first came to the Academy, Xinyan was taken in as a disciple by a mysterious person. At the time, I thought it was her destiny, but there was no news of her after that. I've asked around, but there was no news ..."

Huang Xiaotao seemed to be blaming herself for not taking good care of Wang Xinyan, "At first, I didn't really care, thinking that Xinyan's master valued her and made her go into closed door cultivation, but the things that happened recently made me suspicious. Perhaps Xinyan didn't really join the sect of some master."

The so-called recent events referred to the mountain region's Guan clan and the great elder colluding to force Huang Xiaotao to marry. With such a bad situation happening, could Wang Xinyan really have obtained an opportunity?

Lin Yi frowned. Huang Xiaotao's worry was not without reason!

Xinyan had a special sponge body, and if someone saw through her, things wouldn't look good!

"Xiao Tao, in your school, other than the Dean and the great elder, who else is strong enough to take Xinyan as a disciple?"

Lin Yi had his suspicions, but he still had to be careful. The possibility was small, but there was still a chance that Xinyan really did go under a master's wing.

"There are indeed one or two more mysterious experts in the Shattered Sea. Usually, there is little news about them and they almost never show up. However, my status is low, and no one will tell me even if I want to inquire about them!"

Huang Xiaotao was a little dejected. This was also one of the reasons why she cultivated so hard to improve herself.

Only with enough authority could he protect himself and find out where Wang Xinyan was.

"I understand now ... It seems like I'll have to ask your principal about this matter. I believe that he won't refuse to give me face and intentionally hide this matter from me!"

Lin Yi's eyes hardened-if the Dean really did hide Xinyan's information, he wouldn't mind teaching him a lesson!

"That's right, the Dean must know where Xinyan is. Let's go find him immediately!"

Huang Xiaotao couldn't wait any longer. She'd been looking for Xinyan for a long time, and today, she was finally going to find her. She didn't want to wait any longer.

Lin Yi didn't have much time, and he was worried about Xinyan, so he didn't object. He left the cave with Huang Xiaotao and headed to the Dean's Mountain.

It was already late at night, and when the two found the Dean, they found that he'd already prepared a banquet, waiting for Lin Yi and Huang Xiaotao to come.

It was obvious that someone had already informed them that Lin Yi and Huang xiaotao had left the cave.

"Did you rest well, young hero Lin? This old master has prepared some wine, waiting for young hero to come!"

The Dean laughed heartily and personally welcomed Lin Yi and Huang xiaotao into the living room, taking their seats according to their status. "Let's eat and chat. It's a great pleasure to drink with young hero Lin!"

"You're too kind, Dean. I'm ashamed!"

Lin Yi cupped his hands in a reserved manner and didn't continue with the pleasantries. He went straight to the point and brought up Huang xiaotao, "Xiao Tao's matter hasn't been completely resolved yet. I wonder if you have anything to say, director?"

"Lin shaoxia is a straightforward person, this old man will not hide it anymore!"

The headmaster put down the wine cup in his hand and shook his head with a bitter smile. "The mountain region is powerful, and the Guan clan is overbearing. To be honest, our Academy doesn't have the ability to fight against the Guan clan. The news today has probably already reached the mountain region. The Guan clan might already be on their way to the Academy."

Lin Yi nodded-this was expected.

After all, there were many people in the Academy who were close to the Guan family. Even if the principal wanted to keep his mouth shut, it would be impossible.

Furthermore, the Guan family's Messenger had not returned for a long time. Even if no one had disclosed the news, the Guan family would definitely know that something had gone wrong!

"Lin shaoxia, forgive me for being blunt. Although you are powerful, you are still weak compared to the Guan family. The best way to solve this problem is to find some powerful people to help."

The Dean didn't say it out loud, but Lin Yi knew that it was a subtle reminder to Lin Yi that it was time to find someone strong like Huang Yuntian for help!

As for the flying school ... They were definitely stronger than the Morning Star or Mystic class school, but the Dean didn't think they had the chance to go against the Guan family, and the Guan family wouldn't give Liu Xiaoyu any face.

"Principal, I've always heard you talk about the Guan family. Is it only because they are good at alchemy that they are suppressing your school?"

Lin Yi frowned, not understanding what was going on. He was already very good at making elixirs, let alone his master, Zhang Liju. He didn't even see Zhang Liju take over Sky Class Island because of this!

"It's one thing to be good at alchemy. Another important reason is that the Guan family has a powerful Army of spirit beasts, which is not easy to deal with!"

The headmaster's expression was grave as he spoke carefully, ""To be honest, if the Guan family sends out this Army of spirit beasts, it will not be difficult to destroy our college. That's why they're able to suppress our Academy in the dark night Mountain region. "

"What army of spirit beasts is this? they're so powerful!"

Lin Yi was surprised. There was a spirit beast Army in the South continent?

To be called a Legion, there must be a lot of them. The Guan family must be powerful and wealthy to be able to raise such a Legion of spirit beasts.

"It's to kill the groundhog Army! But it's not an ordinary killing Groundhog, but an enhanced and upgraded version of killing groundhogs. It's extremely powerful, and it's even more terrifying when it's used in group battles!"

The principal's expression turned ugly at the mention of the Guan family's Army of spirit beasts. He seemed to have some lingering fear, ""This Army won't be mobilized easily. Once it's used, it'll be a one-hit kill!"

Lin Yi's mouth twitched. He knew about killing groundhogs, but they didn't have much attack power. He didn't know what the upgraded version would be like.

"Dean, have you ever seen this Army of groundhogs being killed?"

Lin Yi didn't really care about the spirit beast Army, but he still asked anyway.

In his opinion, no matter how powerful the groundhog Army was, could they be more powerful than the sun-swallowing rat tide? After witnessing the sun-swallowing rat's perverseness, killing Groundhog rats was no big deal!

"I've never seen it with my own eyes. I've only heard of it. It's said that the Guan clan in the mountain region was invaded by enemies once, and the situation was not optimistic. Then, the Guan clan sent out an Army to kill groundhogs, and the situation was reversed instantly. The invading enemies were completely defeated!"

The Dean reminded Lin Yi seriously, "Young hero Lin, don't underestimate this Army of groundhogs. No matter how strong you are, you won't be able to escape from the wave of groundhogs!"

Chapter 7008 Personally Visiting Tomorrow Morning

"Thank you for your reminder, principal. I will be careful!"

Lin Yi knew this much better than the Dean-he'd experienced the rat tide before, after all, and he knew it better than anyone!

Lin Yi cupped his hands in thanks before asking, "I have a friend, she's a girl who came to the mystic region with Tao. Her name is Wang Xinyan, and she was taken away when she entered your morning Star Mystic division school. Can you tell me where she is, Dean?"

The Dean's face darkened at the mention of Xinyan.

After hemming and hawing for a moment, the headmaster sighed softly. ""To be honest, I really don't know where Wang Xinyan is right now!"

"What's going on?"

Lin Yi's face changed-even the Dean didn't know where Xinyan was? This old man couldn't be hiding it on purpose, right?

"Calm down, young hero Lin. Let me explain ..."

The Dean quickly consoled Lin Yi-he really was afraid that Lin Yi would suddenly explode. With the first elder as an example, the Dean really didn't dare to offend Lin Yi!

"Please speak, director, I'm all ears!"

Lin Yi hmphed coldly as he glared at the Dean, sending shivers down his spine.

He was a person without courage, otherwise he wouldn't have been suppressed by the great elder.

"I didn't do anything about it, so I only have a rough idea. It was the Grand Elder who arranged it when Wang Xinyan first entered the school."

The Dean sighed and began to tell the story.

"That year, when the new students entered the school, the Lord of the Mountain region came to the school, accompanied by the great elder. He happened to see Wang Xinyan, and then she was taken away by the great elder ..."

"Dean, are you saying that Wang Xinyan was actually taken away by the mountain Lord?"

Lin Yi frowned. He thought that Xinyan was chosen by some master in the school, but the mountain Lord was involved. This was complicated!

It had been so long, and Wang Xinyan was in the Guan family's hands. Was she in danger?

"I can't be sure of that, because there was a mysterious man wearing a gray bamboo hat beside the Lord. He didn't look like the Lord's attendant."

The Dean pinched his chin as he tried to recall-this was a rare opportunity to build a good relationship with Lin Yi, and at the same time, clear his own name."I wasn't with them at the time, but I heard that it was that guy with the grey bamboo hat who wanted to take Wang Xinyan as his disciple, and I don't know if that's what he planned."

Lin Yi's heart skipped a beat-something was wrong!

A grey bamboo hat ... Why did it sound so familiar?

Putting aside the grey-bamboo hat man's true identity, Wang Xinyan had been taken away by the Guan clan without a doubt. There had been no news for so long, and no matter what, he had to go to the Guan clan!

"Lin shaoxia, the Guan family is in a bit of trouble. I'm afraid it won't be easy for you to find out about Wang Xinyan."

The hospital director said hesitantly. Then, he took the opportunity to encourage her,"It would be better if a more influential figure came to the Guan family."

The Dean still asked Lin Yi to ask Huang Yuntian for help. With Huang Yuntian's help, many things would be much easier.

In the end, the director was still afraid of the Guan family's revenge!

If the messenger was killed, then the elder who was close to house Guan would be dead too. Lin Yi could just leave, but the Morning Star Mystic class college would have to continue surviving in the mountain.

"Don't worry, Dean. I know what I'm doing!"

Lin Yi nodded faintly. He knew what the Dean was thinking, but it was his woman's problem. It wasn't appropriate to ask Huang Yuntian for help.

The Dean laughed dryly and casually said that it was good, but he did not say anything more.

At this moment, someone came in to report, ""Dean, there's a letter from the mountain region's domain Lord's residence for you to read."

After he finished speaking, he handed a letter to the director with both hands.

"Our Academy and the governor's mansion have small flying spirit beasts responsible for delivering letters. I think this is the reaction of the Guan family after they received the news."

The Dean took the envelope and explained to Lin Yi before opening it.

If Lin Yi wanted to see the contents of the letter, he only needed to use his spirit sense to scan it, but he didn't want to do that. He'd wait for the Dean to finish.

The Dean took out the letter and opened it. He quickly read through it and immediately revealed a bitter smile.

"Lin shaoxia, the Guans have indeed received the news and ordered me to hand over the murderer ... Please take a look!"

As he spoke, a stream of pure Qi wrapped the letter and floated it to Lin Yi, making it clear that he was magnanimous and wouldn't scheme against Lin Yi.

Lin Yi nodded and took the letter.

The content was simple, but the wording was harsh and arrogant. It was indeed an order for the Dean to take Lin Yi down and send him to the governor's estate to apologize.

People who didn't know better would think that the principal of a Morning Star Mystic class practitioner's College was a slave of the Guan family, someone who could be scolded and humiliated as he pleased!

Other than that, the last part was the threat that if the headmaster didn't listen to orders, the Guan family would punish them.

"Hehe ... The Guan clan of the mountain region is really overbearing! For such a big matter, they only sent a piece of paper and didn't even bother to send a person. They are too overconfident!"

Lin Yi couldn't help but laugh coldly. He hadn't even said he was going to get even with house Guan yet, and they wanted the Morning Star Mystic division school to send him to their door? what a joke!

"Director, what are your plans? Are you preparing to follow the Guan family's instructions?"

Lin Yi shook the letter in his hand and looked at the Dean with a smile.

Although the Dean appeared to be very magnanimous, with his timid character, it would not be strange if he had a change of heart.

"Lin shaoxia, what are you saying? No matter how bad I am, I won't do such a despicable thing to my friend! House Guan may be strong, but I'm not really afraid of them. If worse comes to worst, we'll just move the Morning Star Mystic class school to another mountain!"

The Dean's first two sentences were quite imposing, but in the end, he couldn't help but reveal his fear!

Just because they were afraid of the domain Lord's mansion, they had to move the entire Academy? These words would be a big joke!

"The Dean is a righteous man! However, you don't have to feel embarrassed about this matter. Just pretend you don't know anything. I'll deal with the Guan clan's matter myself, and I won't implicate the Morning Star Academy!"

Lin Yi smiled and waved his hand, telling the Dean to stay out of it. "I'm going to find the Guan family anyway. Tomorrow morning, I'll go to the Lord's mansion and send myself to them. The Guan family won't have anything to say, right?"

Chapter 7009 Are You Sure You Don't Want To Report?

"Young hero Lin, you're going alone?"

The Dean was slightly stunned, but he immediately tried to persuade her, ""It's too dangerous. Although Lin shaoxia is powerful, he's outnumbered. There are many masters in the Guan family and an Army of groundhogs. We'd better be prepared before we go to the Guan family!"

"Don't worry, principal. I know what I'm doing!"

Lin Yi waved his hand again, signaling for the Dean to stop talking. He then turned to Huang xiaotao and said, "Xiao Tao, it's not safe for you to stay here. Why don't you transfer to Feiyang college? Shangguan LAN 'er and ning Xuefei will be there. You can take care of each other. "

The Dean's mouth twitched. Huang xiaotao was a rare genius in the morning Star Mystic division, and her cultivation speed was shocking. Lin Yi wanted to poach her to the Feiyang school with just one sentence, especially in front of him ... Did he even consider his feelings?

However, the Morning Star Mystic division school let Huang xiaotao down first. If it wasn't for Lin Yi's appearance, Huang xiaotao would've already been sent to the room where the sun was locked up. The Dean didn't have the face to ask her to stay.

As for the transfer procedure, the Dean didn't dare to reject Lin Yi's personal authority, let alone the god-like President of the Alliance of Academies, Huang Yuntian.

"There's no hurry to transfer to Feiyang college. I'll go with you to the Guans to find Xinyan!"

Huang xiaotao's face was filled with determination. She was from Beidao, so she had no objection to Shangguan LAN 'er and ning Xuefei becoming classmates. However, she had to solve Wang Xinyan's problem first.

Other than that, there was also the issue of Lin Yi's safety!

The scene of Lin Yi suddenly disappearing was still replaying in Huang xiaotao's mind. Lin Yi didn't explain his own condition clearly and came here immediately because of Wang Xinyan, so Huang xiaotao's worry for Lin Yi was still there.

"Xiao Tao, although you've tried your best, you're still too weak to fight against the Guan family's Masters. If I go alone, I can guarantee my own safety. If I really can't, I can still retreat safely. If you come with me, I'll have to take care of you!"

Lin Yi's face was serious and his rejection was extremely firm. He would rather hurt Huang xiaotao's heart than let her go with him, "If there's an accident, you can't escape, and I can't escape alone, right?"

Huang Xiao Tao was speechless. Lin Yi could easily kill the great elder. She would only be a burden to Lin Yi, and following him to the Guan house would only bring more harm than good!

Lin Yi's words hurt her pride, but Huang xiaotao understood that it was for her own good. After hesitating for a while, she nodded, "I understand. I will listen to you and not go to the Guan family. But I will not go to the Feiyang school immediately either. I will stay here and wait for you!"

Huang xiaotao was a girl who was soft on the outside but strong on the inside. Once she made a decision, she wouldn't change it easily. Lin Yi knew that he couldn't persuade her, so he nodded in agreement.

"Director, please take care of Xiao Tao. Please don't let her get hurt!"

"I'll repay you for taking care of Xiao Tao after this is over!" Lin Yi cupped his fists at the Dean.

"You're too kind, young hero Lin. Huang Xiao Tao is a student of our school. Protecting her from harm is what I should do. I don't deserve your gratitude!"

The Dean hurriedly cupped his fists in return, but he felt a faint bitterness in his heart. He didn't know how this matter would develop in the end.

After the discussion, Lin Yi and Huang xiaotao said goodbye and left. The next morning, Lin Yi set off alone to the domain Lord's mansion in the dark night Mountain region, the base camp of the Guan family!

"I want to see your zone leader. Go and inform her!"

Lin Yi didn't force his way in when he arrived at the domain Lord's residence. He asked the guard to report.

If it wasn't for Xinyan, Lin Yi might've just barged in to get justice, but he was concerned about Xinyan's situation, and decided to use peaceful means before violence.

"Who are you? You actually dare to say you want to meet our zone leader?"

The guard laughed coldly and raised his head slightly, his nose pointed at Lin Yi. "Get lost! What kind of weirdo dares to come and fool around!"

"Are you sure you don't want to report it? Don't blame me for not warning you if you make a mistake!"

Lin Yi suddenly remembered that he hadn't told her his background yet, "You just have to say that I'm the one who killed your emissaries in the morning Star Mystic division, and your domain lord will probably want to see me!"

"What? You're the brat who killed the emissaries of our region master's estate? There's a path to heaven, but you refuse to take it. There's no Door to Hell, but you barge in! You killed our people and still dare to come to our zone leader? Just go to hell!"

The guard laughed evilly and called his comrades to attack Lin Yi together. As long as they killed Lin Yi, it would be a great achievement!

Lin Yi looked at these guards with pity and care for the mentally disabled. They knew that he had killed the emissaries from the Lord's residence, so they must know who killed their great elder as well.

Even an expert at the Great Perfection of the sea-splitting realm was finished. Where did the confidence of a few small guards at the gate come from?

"Haven't you heard? You won't die if you don't seek death! Are you all so eager to die because you want to reincarnate early and find a good family? Then I'll fulfill your wish!"

Lin Yi put his hands behind his back and dodged all the attacks. He waved his hand casually after that.

It was as if they were chasing away flies that were circling around them!

Several lightning bolts struck the guards instantly. It was really just a casual attack, but with his current strength, a casual attack was enough to kill someone!

Without exception, those guards were all killed in one shot!

A shrill alarm instantly rang through the clouds. How many years had it been since someone dared to provoke the domain lord Manor of the dark night Mountain region? He didn't expect that someone would dare to kill someone here today!

Lin Yi chuckled. Killing a few small fries would draw the attention of the important people. There was no harm at all to him!

The situation in the governor's estate was unclear. Even if it wasn't a Dragon's pool or a Tiger's Den, it was definitely full of danger. Lin Yi's current condition wasn't good enough, and it was too dangerous for him to enter.

Lin Yi waved the formation flags outside the manor's Gate before the Masters appeared. The low-level formations quickly formed and combined into high-level formations.

By the time heavy footsteps could be heard from the door, a level-nine confinement killing array had already been completed. All the array flags had disappeared.

Lin Yi let out a breath of relief. With this level nine trap & kill array as a Foundation, he would at least have some confidence. If he met a real master, he would have the power to fight and wouldn't have to rely too much on his own strength.

Looking up, there were many people who came out, and their strength levels were not weak. Most of them were Masters of the earth opening and mountain opening stages.

Chapter 7010 The Master Of The Guan Family

But Lin Yi could clearly feel that although these people were high level, their combat strength wasn't very stable. All of them seemed to have unstable foundations.

They didn't even need to guess to know that they were all martial arts No. 5 who took drugs to increase their strength. Although Lin Yi's current strength was also forcefully increased by taking drugs, there was a fundamental difference between him and these people.

"Where did this wild brat come from? how dare he act so arrogantly in the domain lord's estate of the dark night Mountain region? he doesn't know how to spell the word 'death'!"

The leading middle-aged man of the earth-splitting stage shouted and rushed up. At the same time, he waved his hand and said, "All of you, attack together and get rid of this brat who doesn't know the immensity of heaven and earth!"

The people behind him shouted in unison and spread out their palms in unison. Balls of pill fire of different colors rose in their palms.

Lin Yi's mouth twitched. These people weren't all alchemists, were they?

The reputation of an alchemy family was indeed well-deserved. A group of alchemists could come out casually, but he didn't know what their alchemy standards were!

Putting aside their pill refining skills, just their combat strength alone was enough to show that they were trash!

It wasn't that they couldn't use alchemy fire as a means of combat, but their martial techniques were too weak. Let alone unleashing the power of alchemy fire, they couldn't even unleash the normal combat power of their own strength!

Such a person could only bully ordinary people who were one level lower than him. He might even be bullied by them.

"You trash want to kill me? Don't tell me they've all become stupid from pill refining?"

Lin Yi shook his head speechlessly and activated the thousand changes of wood forest. He created a few clones and formed a simple battle formation, charging at the group of alchemists.

The result was as expected-Lin Yi's doppelgangers were like a hot knife through butter, slaughtering their way in and out of the formation, not losing a single doppelganger even after all of them had fallen to the ground.

They were really ... A bunch of weaklings!

If the people in the Lord's Manor were all like this, Lin Yi felt that he didn't need to worry about any danger.

"Is there anyone still alive? Quickly get up and go back to report, call out the person who can make the decision!"

Lin Yi glanced at the bodies on the ground. The doppelgangers didn't hold back at all, and most of them were killed with one hit, but there were still some who survived.

He left one or two of them behind on purpose so that they could report back and bring back Lin Yi's savagery. That way, house Guan would pay more attention to him, and they wouldn't have to send more lackeys to their deaths.

"Just you wait! How dare you come to our region Lord's mansion and act so atrociously? you're dead for sure today!"

Near the door, a man with a pale face stood up, his legs still shaking uncontrollably, but he still managed to force himself to say some harsh words to Lin Yi.

"I know, I know. I'm dead today. Hurry up and find someone! Otherwise, you'll really be dead before I die!"

Lin Yi picked at his ear impatiently and waved the man away.

When The Alchemist who had been a little tough heard that he could really leave, his legs suddenly went soft and he almost sat back down on the ground. After barely holding on, he quickly ran inside in horror.

It wasn't accurate to say he ran, but he was rolling and crawling, looking extremely embarrassed.

Lin Yi stood outside the door, calm and unruffled, waiting for the Guan family's higher-ups to come out. After a while, a terrifying aura descended in front of Lin Yi!

The heaven breaking stage!

Lin Yi's pupils contracted as he looked warily at the middle-aged man who had suddenly appeared. His square face was full of arrogance, as if he was the most powerful person in the world!

"Who are you? Report your name! I really want to know who gave you the courage!"

The square-faced man's nose was up in the air, not even looking Lin Yi in the eye. "Forget it, so what if I know your name? He was just a nobody! If he's killed, then he's killed!"

"And who are you? Are you the Guan family's steward?"

Lin Yi didn't want to bother with this idiot anymore and asked who he was, "If you're not in charge, then don't delay things!"

After the initial shock, Lin Yi discovered a problem. Although this square-faced man was in the heaven breaking stage, he couldn't compare to Huang Yuntian, who had just entered the heaven breaking stage.

Although their auras were somewhat similar, their intrinsic qualities were worlds apart!

It was obvious that this square-faced man's heaven breaking stage was not entirely dependent on his own cultivation. Most of it was accumulated through the use of medicinal pills.

It was similar to a group of weaklings who had just been killed. Their strength and level were intimidating, but they were just so-so.

With Lin Yi's peak strength, it wasn't hard to kill a fake sky-breaker like this. The hard part was that he couldn't use his full strength. Otherwise, he would be able to kill himself without the opponent using his strength!

"There's no harm in telling you, lest you die without knowing who killed you! I'm the domain lord of the dark night Mountain region, Guan Yumeng. I'm the current clan Lord of the Guan clan. I have the final say in the entire dark night Mountain region!"

The square-faced man became even more arrogant, as if he was an Emperor who had descended to the world. "Brat, it's your honor to make this Lord personally kill you!"

"So you're the Guan family's master, Guan men. It's a pleasure to meet you. I'm da Kai, your sworn enemy. You're the right person to come!"

Lin Yi was just making things up, but he was surprised. He didn't think that such a small commotion would blow the mountain Lord out. He thought that they would have to deal with a few more waves of monsters before they could see the final boss!

"Da Kai? As expected of an unknown junior, how can you be worthy of being this Lord's sworn enemy?"

Guan shangmeng didn't hear the teasing in Lin Yi's words, closing the door and opening the window. "It's already a disgrace for me to talk to a nameless soldier like you. Killing you would be tarnishing my hands. Forget it, I'll give you this honor. I'll personally send you on your way!"

With that, Guan Shang clapped his hands and a burst of pure Qi shot towards Lin Yi.

Lin Yi didn't take it head-on, but used the three appearances of cloud and Dragon, leaving a shadow to confuse the opponent. His real body appeared beside Guan shangmeng like a ghost, and slapped out as well.

"Small tricks!"

Guan shangmeng curled his lips in disdain and waved his hand, sending another violent burst of pure Qi at Lin Yi's sneak attack.

But this time, Lin Yi was still a Phantom!

In other words, Lin Yi's real body had turned into a shadow the moment Guan Shang made his move!

Guan shangmeng's brows twitched, slightly surprised. He didn't think that a junior that he didn't care about at all would be able to Dodge his attacks twice in a row!

"Interesting! I don't believe that you can Dodge my attacks again and again!"

Before he finished his sentence, more than ten beams of pure Qi shot out, covering all the possible locations where Lin Yi could appear.
