

Bodyguard 7011

Chapter 7011 Killing The Army Of Groundhogs

[illegible]

Lin Yi's body kept flashing as he counted, dodging Guan quemeng's attacks. He was so relaxed and happy!

Guan shangmeng's face darkened. He had thought that this junior was going to be a piece of cake, but he was actually dodging his attacks, and there was nothing he could do.

His words were like a slap to the face, crisp and clear!

"That's enough for the warm-up. Next, I'm going to be a little more serious!"

Guan Shang coughed drily. For the sake of his face, he decided to throw away his pride. "A furnace of heaven and earth!"

The space around him tightened, and Lin Yi could feel it clearly-he felt his movements becoming sluggish.

Guan Shang opened his arms wide and a vast amount of true Qi gushed out, turning into a pill fire that burned wantonly in the space.

Lin Yi's heart skipped a beat-Guan shangmeng might be a fake heaven breaking master, but he was indeed very strong. He'd just sealed off the space around him and turned it into his invisible cauldron!

This pill furnace could not only refine pills, but also refine people!

Lin Yi's yuan spirit body felt the threat right away. If he wasn't careful, he could be completely refined!

Icy blaze!

The ice-colored flames appeared instantly, forming a layer of defense around Lin Yi's body, blocking Guan quanmeng's alchemy fire and temporarily ensuring the safety of his essence spirit.

"Boy, you have a lot of good things in your hands. You even have this kind of heaven and earth spiritual fire. It's a waste to give it to you!"

Guan shangmeng's eyes lit up, his pupils glimmering with greed."Hand over the heaven and earth spiritual fire obediently, and I'll leave you with an intact corpse. Otherwise, you'll be reduced to ashes!"

As the master of the dark night Mountain region and the master of the Guan family, which was an alchemy family, Guan shangmeng naturally had the spiritual fire of heaven and earth. However, it was evolved from the most ordinary accompanying spiritual fire Crystal, and its power could not be compared with the icy blaze fire at all.

So the moment he saw the icy blaze, Guan shangmeng had made up his mind to take it from Lin Yi.

"Weren't you able to Dodge just now? you can't Dodge now, can you? Obediently hand over the heaven and earth spiritual fire in your hands, don't ask for trouble!"

Guan shangmeng smiled sinisterly as he hooked his index finger at Lin Yi. "Come here, don't force this Lord to personally take action!"

"Hehe ... This is the domain lord of the dark night Mountain region, the current head of the Guan clan? Seeing someone else's good things and wanting to snatch them, hearing about them is indeed not as good as seeing them in person!"

Lin Yi's face was full of mockery as he glared at Guan shangmeng. "If you want it, come and get it yourself. I'm afraid you don't have the ability!"

"A dead duck's mouth is stubborn! You're still so arrogant even when you're about to die. I really don't know where you got your courage from!"

Guan Shang laughed coldly and put his hands together. The fire in the air surrounded Lin Yi and started burning the icy fire around him.

However, the icy blaze fire's grade was much higher than these alchemy fires, so there was no reaction at all.

Lin Yi frowned. Although he was fine for now, he couldn't guarantee that he would be fine forever. He had to get out of this as soon as possible. Who knew how many masters were there in the governor's estate?

Grade 9 deathtrap array, activate!

At the same time the formation appeared, astral winds rose from all directions. Golden blades tore through the air, and boundless killing intent rolled over!

Guan shangmeng's expression changed drastically. He had never thought that there would be such a powerful level nine deathtrap array outside the gates of his domain lord Residence!

The heaven and earth furnace's martial technique was instantly controlled by the array!

This was a skill that was many times more powerful from the inside than from the outside, and it would be hard for Lin Yi to break it even if he used all his strength, but it was easily broken from the outside!

"Good boy, I've really underestimated you! He actually set up a level nine formation here without a sound!"

Guan Shang retracted his haughty expression and turned serious!

He had only reached the heaven breaking stage with the help of pills. As an Alchemist, his combat strength and martial skills were not that strong. Facing a level 9 trap and kill array, and an opponent with unknown strength ... To be honest, Guan shangmeng was a little afraid.

He had originally wanted to come out to show off, show off his might, and pass the time in his boring mood. Who would have expected that he would enter a situation where he was in a difficult position?

"It's just a small trick, how can it catch the eyes of the domain lord who has closed the door? Come, come, come, my icy blaze fire is right here, if you want it, come and get it!"

Lin Yi held an ice-colored flame in his palm as he hooked his finger at Guan Shang with a half-smile. "Come on, I've given you a chance. Don't let it slip!"

"Hahahaha, you're really arrogant, kid. You think you can scare me with a broken formation? If I don't teach you a lesson, you won't know why the flowers are so red!"

Guan Shang's eyes glinted as he threw his head back and laughed maniacally. He took out a Golden Whistle and blew it a few times, but there was no sound.

Lin Yi blinked-the Golden Whistle wasn't fake, was it? What was the point of blowing so hard that her face and neck were red?

But before he could finish his thought, he felt the ground around him shake slightly, and it was getting more and more obvious, more and more intense!

In the blink of an eye, the ground within the range of the entire Grade 9 deathtrap array started to sprout like bamboo shoots after a rain!

As the mound grew higher and higher, it finally exploded with a plop, and one after another, Groundhog after Groundhog was killed jumped out from it!

Compared to the groundhogs that Lin Yi knew about, these groundhogs in front of him were much stronger in both size and strength. There was no comparison between the two at all-they were two completely different species!

Kill the groundhog Army!

The principal of the Morning Star Mystic division kept mentioning the spirit beast Army, which was one of the Trump cards of the Guan clan!

Lin Yi didn't think that he'd be facing this Army of spirit beasts so soon, and that they'd destroy his level nine trap and kill array as soon as they came out!

In order to speed up the formation, Lin Yi chose a combination formation, but the weakness was obvious. It wasn't as powerful as the ghost's original layered formation, and it wasn't as compact either.

The Army of groundhogs killer did not understand formations, but there were enough of them, and they had emerged from the ground. No matter what, they would destroy the connection points between each low-level formation by accident.

Once the connection points were destroyed, the entire level-nine confinement killing array would naturally collapse and turn back into many low-level array formations. Then, they would be easily destroyed!

"Hahaha, this Lord has changed his mind again. To deal with a junior like you who doesn't know the immensity of heaven and earth, it's really beneath my status to personally take action. It's enough to let these little guys that this Lord has raised entertain you!"

Chapter 7012 A Familiar Opponent, Instant Kill!

Lin Yi's mouth twitched. In the kill groundhogs Army, every kill Groundhog was the size of a calf. How could they be considered little guys?

Judging from their red eyes, cold fangs, and drooling saliva, they were a bunch of rabid dogs ... How could Guan shangmeng control their movements?

"Little guys, let's go! I'll add a side dish for you today. There's only this much meat, so don't blame anyone else if you can't eat it!"

Guan Shang laughed arrogantly, and with a wave of his arm, countless kill kill groundhogs pounced at Lin Yi!

Lin Yi's scalp went numb. In that instant, he felt the same sense of danger he felt when he faced the sun-swallowing rats in the abandoned land!

Although he was in his primordial spirit form and killing the groundhogs might not hurt him, there was no guarantee that there was no possibility of it happening ...

"Boy, you didn't appreciate my kindness when I was talking to you, but it's too late to regret it now. You'll soon know what it means to die without a burial place ... Oh, no, if you have a burial place, you'll be cut into thousands of pieces of minced meat and buried in the stomachs of these little guys!"

Guan shangmeng teased Lin Yi, venting his anger from the embarrassment. "How is it? hurry up and beg for mercy! If you beg for mercy, I can still consider leaving your corpse intact!"

"Close the door and shut your mouth! You'd better consider adding food for your subordinates. I don't know if it's suitable to cook with the meat of the groundhog you killed!"

Lin Yi dodged to the side, dodging the first attack. He didn't forget to retort, but he immediately lost the chance to continue!

Lin Yi realized that the teeth of these killing groundhogs were really good. When the fangs got close to the yuan spirit, the yuan spirit felt as if his skin was exploding!

They could really hurt primordial spirit bodies!

With this realization, Lin Yi didn't dare to be careless anymore. He activated his Thunder escape and kept flashing between the groundhogs, killing dozens of them at the same time.

These strange creatures were not weak. Most of them were at the mountain opening stage, and a few of them had reached the earth splitting stage. The remaining one-third of them were the weakest, at the xuansheng stage.

To the Lin Yi now, fighting like this wasn't all that useful-as long as he didn't get bitten, he could kill one or two with a single blow. Numbers didn't matter.

And so, Lin Yi quickly relaxed. He didn't need to use any powerful skills, and as long as he had enough time, killing the groundhog Army wasn't a difficult task.

"Hahahaha, you can't possibly think that you're so powerful that you can easily defeat my little fellows, right?"

Guan Shang's lips curled into a strange smile as he said unhurriedly, "If it was the previous kill Groundhog Army, you might still be able to rely on your strength to remain undefeated. Unfortunately, this is a brand new and strengthened kill Groundhog Army. You're the first person to die in the mouth of the new army. You're really lucky!"

Lin Yi's heart skipped a beat-he had a bad feeling about this, and it came true!

The corpses of the groundhogs that he had killed had been eaten by his companions around him without him knowing!

Lin Yi didn't notice anything wrong at first, since he was killing too many groundhogs and his attention wasn't on the bodies, plus they were eating too fast!

The groundhog's aura immediately strengthened after eating its companion's body-Lin Yi was no stranger to this feeling!

Sun-devouring rat!

As the battle went on, the groundhog Army's aura became more and more violent, and Lin Yi could even feel a trace of Dark Demon beasts 'aura!

The center!

Thinking back to the news that Ding Yi had told him, he didn't need to guess to know that the person working with central was the domain lord of the dark night Mountain region, Guan shangmeng!

With a local tyrant in the dark night Mountain region here, central was like a fish in water, and his whereabouts were naturally extremely secretive!

Perhaps, only that mysterious guy, Ding Yi, could trace the information and traces of central!

"Guan Shang! Do you know what you're doing?"

Lin Yi's face was as cold as ice as he looked at Guan shangmeng. "You'll destroy the entire Sky Class Island!"

If the groundhog Army was killed and they really obtained the sun-devouring rat gene, they would become another sun-devouring rat tide!

Even the simplified version was extremely terrifying, not to mention Central's strange means. If not handled properly, it might even create a strengthened version of the sun-swallowing rat tide!

Lin Yi didn't really care if Sky Class Island was destroyed or not-what he cared about was his friends living here!

"Hahahaha, kid, are you afraid? I'm not interested in destroying the Sky Class Island, but unifying the Sky Class Island and ruling the world is interesting! It's a pity that you won't live to see that day!"

Guan shangmeng was getting more and more pleased with himself, as if he was standing at the highest point of the Sky Class Island, looking down on all living beings and ruling the world!

"Idiot! You're an unparalleled mountain donkey, and you want to rule the world?"

Lin Yi didn't hide his disdain at all-Guan Shang wouldn't be able to take over with the center here.

The Guan family was still of value now, so central would help them.

Once Central's goal was achieved, the Guan family would become a stepping stone for central at any time!

Now that he knew that the groundhog Army had the sun-swallowing rat gene, Lin Yi immediately started to create super alchemy bombs!

He didn't need to add wind element, and the speed of condensation was much faster. In the blink of an eye, a super alchemy bomb had already taken shape in his palms.

In order to increase its power, Lin Yi even fused the icy blaze into it to completely eliminate the groundhogs. He wanted to see how they could devour their comrades' bodies to increase their power if they didn't leave even a single ash behind!

Two huge explosions rang out, and two small mushroom clouds rose from the entrance of the domain Lord's mansion in the dark night Mountain region!

Lin Yi controlled the power of the Super alchemy bombs with extreme precision, and all the explosions were within the range of the groundhog Army, not a single bit was wasted.

Violent flames rose up, and the two explosions collided, forming an even more violent vortex, tearing at the kill Groundhog Army within. Countless kill groundhogs wailed in the flames, then quickly turned into ashes!

Lin Yi wasn't at ease yet, and he quickly threw two more super alchemy bombs down. With a loud explosion, more than two-thirds of the Army of groundhogs were completely annihilated. The remaining one-third couldn't hold on for long either, and would soon disappear with them.

"How dare you rats! Quickly stop!"

Guan Shang's eyes were wide open and his heart was in so much pain that it was about to bleed!

The groundhog Army was his trump card, the strongest trump card he would use to dominate the Sky Class Island. In his mind, this was an undead army!

Who would've thought that the undead army would turn to dust in Lin Yi's hands ...

Chapter 7013 Physical Exhaustion

The great cause of unification, the dream of a sovereign ... Had all turned into ashes along with the killing of the groundhog Army ...

Guan shangmeng almost vomited blood!

Lin Yi's consciousness was a little dizzy, and his essence spirit body shook.

In theory, the Super alchemy bomb was Lin Yi's most powerful and least burdensome weapon.

However, using four super alchemy bombs in a row while still being in the explosion range, even with precise control, Lin Yi couldn't avoid being affected.

The situation was not good ...

Even if he killed the groundhog Army, he still had to kill Guan shangmeng!

A Grade 9 deathtrap array had already been destroyed. A pseudo heaven-breaking array was still heaven-breaking!

"Damn brat, I'm going to kill you!"

Guan shangmeng didn't know that Lin Yi was in a weakened state, but the panicking Guan shangmeng seized the opportunity and attacked with full force!

Lin Yi was helpless-the slight dizziness just now made him lose the chance to Dodge, so he could only choose to fight with full force!

The two of them clashed into each other-the fake heaven-cleaving Guan Zhu Meng versus Lin Yi, who was close to the heaven-cleaving stage in terms of actual combat strength, and the result was a tie!

Guan Shang retreated quickly, but Lin Yi was in even more pain. His essence spirit shook violently, almost collapsing!

Guan shangmeng didn't understand Lin Yi's condition, but he could tell that Lin Yi was weak on the inside. He didn't even bother to regulate his breath and immediately used a wide-range martial skill to attack Lin Yi.

This was because he was afraid that Lin Yi's [three appearances of Cloud Dragon] wouldn't be able to hit him, so he decided to use an area attack instead, forcing Lin Yi to face it head on and not move around.

Lin Yi endured the discomfort of his Yuan spirit body and took a deep breath. He couldn't delay any longer in this situation. He could only fight back with attack and end this quickly!

Lightning thousand explosion!

Countless lightning arcs flashed and destroyed Guan quanmeng's area-of-effect martial technique attacks. At the same time, he launched a thunderous counterattack!

Guan shangmeng's face paled-he didn't think Lin Yi's skill would be this strong!

When the two of them fought with their true Qi, it looked like they were evenly matched, but in fact, Guan shangmeng knew that he had the upper hand.

But now, when he was using his martial arts, Lin Yi crushed it with a crushing force. This was shocking!

"How could this be ..."

Guan shangmeng couldn't understand-Lin Yi wasn't even in the sea Rift stage yet, so how could he suppress a heaven breaking cultivator like him?

He wouldn't admit that he was a fake heaven-cleaving cultivator. Even if he did, he didn't think that a complete earth splitting cultivator could defeat him!

Lin Yi knew what he was going through-the moment he used the thousand lightning strikes, his essence spirit body shook even more violently, and the feeling of weakness washed over him like waves.

If it wasn't for Lin Yi's strong willpower, he would've been destroyed when he activated the lightning explosion.

Lin Yi quickly put the two pills into his mouth, and the intense pain exploded. His Yuan spirit slowly recovered from the weakness, and the pain was like thousands of needles stabbing into his soul, temporarily stabilizing his Yuan spirit.

This was truly drinking poison to quench thirst!

"Go to hell!"

Lin Yi's voice was deep and loud as his body flashed behind Guan shangmeng like a ghost, a super alchemy bomb in his hand was aimed at the back of his heart.

Once hit, even a real heaven-cleaving expert would be heavily injured if not dead, let alone a fake one like Guan shangmeng!

In the nick of time, an extremely powerful force descended and shifted Guan Shang away from Lin Yi's attack!

"How dare you, junior, attack the Guan clan's current clan head in front of our gate! This old master guarantees that not only will you die, but everyone related to you will also die without a burial place!"

A dark voice sounded in Lin Yi's ear, and at the same time, a surge of pure Qi surged over.

Lin Yi's heart skipped a beat, and he felt like his essence spirit was going to explode. He instinctively activated his lightning escape technique and left the place.

After putting some distance between them, Lin Yi saw an old man in a black robe standing there with Guan Shang, his face dark.

Maybe the old man thought that Lin Yi wouldn't be able to escape from him, so he was calm.

"Greetings, Grand Elder!"

Guan Shang's face was still filled with fear as he respectfully cupped his hands and bowed to the black-robed elder. "Many thanks to Grand Elder for saving me!"

"You can't even deal with a junior, you're really giving the Guans face!"

The Grand Elder snorted coldly, clearly displeased with Guan shangmeng. "Not only did you destroy the groundhog Army, but you also forced me to come out and save you. Tell me, what kind of family head are you?"

"Grand elder's lesson is right, I've failed my duty ..."

Guan shangmeng's face was full of shame, and he didn't even try to argue. "This brat is rather strange. Grand Elder must not underestimate him!"

Lin Yi frowned, his heart on high alert. This new Grand elder's aura was much stronger than Guan shangmeng 's-he was at least in the mid-heaven breaking realm!

Even if the Grand Elder was a refiner, his mid heaven breaking strength was comparable to a normal early heaven breaking strength. It wasn't an easy task for Lin Yi to deal with two masters at the same time!

As expected, the Guan family had a deep foundation to be able to hide such a powerful force!

No wonder he could suppress the Morning Star Mystic division school with his status as the mountain region's domain lord. It wasn't just because of his outstanding pill refining abilities!

"So what if it's strange? After all, he's just a junior at the earth formation stage. Do you think I'm afraid of him?"

The Grand Elder laughed coldly and looked at Lin Yi arrogantly, "Kid, I'll give you a chance to end your own life! If that's the case, I'll leave you with an intact corpse, and I'll also agree to let go of your ordinary friends. As for the people closest to you, I'll naturally send them to reunite with you!"

"Old thing, half of your body is already buried in the earth, yet you're still here chirping. Do you want me to send you on your way and bury you completely in the earth?"

Lin Yi's eyes turned cold. He hated it when people threatened him with the people around him. The Grand Elder in front of him touched his bottom line!

These two people must die!

Otherwise, Lin Yi's people might really suffer from the enemy's revenge!

"This brat has a sharp tongue, but I don't know if he really has amazing skills under him!"

The Grand Elder laughed in disdain and slowly raised his hand. "Let's see if you can take one of my moves!"

"Haha, let's see who's going to take this!"

Before he could make a move, a burst of laughter came from afar. It was so fast that in the blink of an eye, it had come from afar.

Lin Yi scanned with his spirit sense and was surprised and happy at the same time. The person was none other than the president of the mystic division sea college Alliance, Huang Yuntian!

Chapter 7014 Huang Yuntian's Old Grudge

He had not expected Huang Yuntian to rush over at the most crucial moment!

"You two old geezers from the Guan family, what else do you know how to do other than bullying the young?"

Huang Yuntian hadn't arrived yet, but his mocking words had already floated over, ""The Guan family is really impressive. Two heaven breaking experts bullying my brother. It's really a glorious and glorious thing!"

The Grand Elder and Guan quanmeng's faces turned ugly, especially when the Grand elder's arm was half-raised in the air. He didn't know if he should continue attacking Lin Yi or stop for now!

"Brother Huang, why are you here?"

Lin Yi cupped his fists at Huang Yuntian, who was flying over from a distance, "This little brother's personal matters actually alarmed big brother! It's really a sin!"

"What sin! Little brother Lin, you're so mean. Didn't we agree that you'll come to me for help if you need anything? why did you sneak over here alone?"

Huang Yuntian grumbled for a moment before his expression changed, ""If people from Guan clan dare to bully you, younger brother Lin, it means that they're going against me. We will never let this matter go!"

"President Huang, this little brother of yours came to cause trouble, so how did it become the Guan clan's fault? Is our Guan family that easy to bully? we can only welcome them with a smile when they come knocking on our door, and we have to give them the right side of our face after being hit on the left side?"

Guan Shang laughed coldly. Huang Yuntian's status as the president of the Alliance of Academies was indeed noble, but the Guan family was not afraid of him.

But in order to avoid trouble in the future, Guan shangmeng cleverly put the hat on Lin Yi's head first, making sense, and then saying that it was fine to fight!

"What a joke! My brother Lin is only at the earth stage. How can he bully you? Could it be that the entire Guan family is an idiot?"

Huang Yuntian naturally would not fall for it. He sneered and retorted, ""Who would come to the Guan family alone to make trouble with the strength of the earth formation stage after eating? If they weren't forced into a corner, who would take things so hard?"

Lin Yi sweated silently-he really was looking for trouble all by himself. According to Huang Yuntian, he was fine after eating, but he couldn't take it anymore!

"President Huang, now that the facts are in front of you, there's no point in saying anything more. What's your plan today? You're prepared to stand up for this kid, right?"

The Grand Elder squinted his eyes, a dangerous glint flashing in his pupils."Our Guan family has a pretty good relationship with President Huang. Is there a need to fall out with our Guan family for a kid?"

"Brother Huang, you have a relationship with the Guan family? If it's difficult for you, please just watch from the side. This little brother is not afraid of these two old farts!"

Lin Yi didn't want Huang Yuntian to be in a difficult position, so he whispered, "If I can't win, it won't be too late for you to help me, brother Huang!"

"Brother Lin, you're thinking too much. Who would have a relationship with such a despicable family?!"

Huang Yuntian sneered. He did not even bother to hide the disdain and mockery on his face, ""It's really funny to say this. Previously, I trusted the Guan family's reputation and asked them to refine the void pill. Do you know what happened in the end?"

"You didn't succeed?"

Lin Yi said in his heart. There was no way Huang Yuntian wouldn't come to an alchemy family for help. It seemed like he didn't succeed, so he came to the Golden class Sea area to ask Lin Yi for help.

"It doesn't matter if you really didn't succeed. The most hateful thing is to pretend to not succeed!"

Huang Yuntian looked at the two men from the Guan family and his face was filled with anger, ""Two years ago, I came to ask them for help to refine the void pill. At that time, there were five sets of ingredients, but in the end, they told me that it had failed!"

Lin Yi didn't understand-it wasn't impossible for all five sets of ingredients to fail. The void pill was known for its difficulty, after all, and not everyone had an automatic refining system that could control the success rate.

Huang Yuntian was a straightforward person, so he shouldn't have fallen out with the Guan family over five sets of materials. He should even have a grudge against them. There must be a hidden reason.

"Refining the void pill is too difficult. What's so strange about all five sets of ingredients failing? It's possible to fail even with fifty sets of materials. If you hate us, why would you come to us for alchemy?"

The Grand elder's face was full of disdain. He snorted and said, ""You're the president of the Alliance of Mystic Ocean Academies. Don't you understand this?"

"Hahaha, if you really failed, then I'll just admit that I'm unlucky. But did your Guan family really fail?"

Huang Yuntian's anger grew as he turned to Guan shangmeng, ""Guan shangmeng, after you told me that the void pill had failed, you immediately went into seclusion to break through to the heaven breaking stage. You even managed to break through successfully. Don't tell me that you didn't borrow the power of the void pill!"

As for where the void pill came from, there was no need to say. It was definitely refined from the five sets of materials that Huang Yuntian had!

It was indeed disgraceful for an alchemy family to swallow the client's ingredients and pills!

"What a joke! Do you think our Guan clan is lacking a few sets of your ingredients? even if I used a void pill to break through to the heaven breaking stage, it can't prove that it was your void pill!"

Guan Shang's face darkened as he denied, "Huang Yuntian, I respect you as the president of the Alliance of Academies, but you can't just spout nonsense!"

"What did I say? You said that you swallowed my void pill? Are you confessing because you have a guilty conscience?"

Huang Yuntian laughed coldly and ignored Guan wanmeng. He turned to Lin Yi and said, "I can't say anything about this. After all, there was no other place in the mystic division sea that could refine void pills other than the Guan family!"

Lin Yi understood. Huang Yuntian wanted to fall out with him, but because of the void pill, he had to endure it.

"After that, this elder brother brought the materials to ask them for help in pill refinement. I thought that since they had embezzled the pills once last time, they should at least show some face and return me a void pill this time, right? Can you guess what happened in the end?"

Lin Yi didn't even need to guess to know that there was an accident!

Otherwise, Huang Yuntian wouldn't have to travel thousands of miles to the yellow region to find him for alchemy.

Huang Yuntian didn't really want Lin Yi to guess, so he continued, "The Guan family is really impressive. They actually complained that I prepared too few materials this time and said that there was a 70 - 80% chance of failure. They asked me to prepare a few more sets of materials before coming back!"

Lin Yi couldn't help but look down on the Guan 's-they were too shameless! Furthermore, he was insatiable!

Huang Yuntian being able to control himself and not fall out on the spot was already considered to be very cultured!

"Brother Lin, you know best how much I desire the void pill. It's not easy to collect the materials, so I could only put down my pride and beg the Guan family to help me try refining it. In the end, Guan Shang said that he needed to continue to stabilize his strength and had no time to refine the pill. If I must, then I'll wait two years!"

To make Huang Yuntian wait for two years without any guarantee of success, the Guan family was challenging Huang Yuntian's patience.

Chapter 7015 Can't Even Say Ruthless Words

No wonder Huang Yuntian looked for Lin Yi in the end. He had no other choice.

"It's all thanks to the void pill that I didn't use. Otherwise, I would have been ruined!"

Huang Yuntian suddenly broke into a smile. "Just look at Guan quanmeng's appearance. He must have only consumed a low-grade void pill. That's why he took so long to break through in seclusion. After breaking through, he was unable to stabilize his strength level for a long time. In the end, he could only become a fake heaven-cleaving cultivator!"

Compared to Lin Yi's special grade void pellet, the one from house Guan was nothing. Who knew what side effects it would have if he used it to break through?

"Huang Yuntian, have you said enough? this old man doesn't want to talk to you about those old matters today. If you want to start a conflict by force, then do it. If you're willing to give me face, then retreat immediately!"

The Grand elder's face was dark, and he obviously felt that he had lost face. "This brat is not going to leave today. If you don't want to die with him, you'd better be clear about the situation!"

"You're the one who can't see the situation clearly, you old ghost! If you want to deal with my brother Lin, then kill me first!"

Huang Yuntian did not hesitate and immediately retorted, ""Come, come, come. Let's not talk about the old and rotten things. Let's have a fight!"

How dare he treat the president of the Alliance of Academies like a rich man? one could imagine how furious Huang Yuntian was!

Before he broke through, he was still worried about the Guan family. Now that he was in the heaven-breaking stage and was about to return to the earth-class sea, he would not care about the Guan family!

Besides, the main purpose of this was to help Lin Yi and vent his anger. So, after saying that, Huang Yuntian immediately raised his palm and attacked the Grand Elder!

The Grand Elder did not dare to be negligent. He focused his attention on dealing with Huang Yuntian. Although he was at the mid-stage of heaven breaking, his combat strength as an Alchemist was far inferior to Huang Yuntian's. He could only barely fight to a draw with Huang Yuntian!

"Close the door. Come on, let's continue!"

Lin Yi curled a finger at Guan Shang, his other hand starting to form a super alchemy bomb. "This time, I will see whether anyone in your Guan clan could save you!"

Without waiting for Guan shangmeng's reply, Lin Yi activated the thousand forest transformation and split himself into hundreds of clones, surrounding Guan shangmeng in the middle.

Guan shangmeng's face was pale. If it wasn't for the Grand Elder, he would've been injured by Lin Yi already. Now that Huang Yuntian had appeared to stop the Grand Elder, he was panicking.

A hundred clones in a battle formation wasn't enough to threaten Guan shangmeng, but it was enough to hold him back for a while. Lin Yi used this chance to form another super alchemy fire missile!

A quick battle!

If this dragged on, the burden on his primordial spirit body would be too heavy!

"Go to hell, Guan shangmeng!"

Lin Yi shouted as he threw the Super alchemy missile out, appearing in front of Guan shangmeng like a shooting star with a long trail of flames.

Guan Shang was taken aback, his hair standing on end as he felt a life-threatening threat.

However, the Super pill fire missile was too fast, and it was impossible to Dodge it. He could only block it with all his strength!

A violent true Qi exploded. Guan Shang crossed his hands and poured all his true Qi into his palms, blocking the attack of the Super pill fire missile!

The full power of the heaven breaking stage, even if it was a pseudo heaven breaking, was absolutely not to be underestimated!

Lin Yi's super alchemy fire missile, on the other hand, was only formed casually-he hadn't reached his limit yet, and so the explosion was blocked by Guan shangmeng!

Guan shangmeng's heart relaxed, and a few drops of cold sweat appeared on his forehead. If he didn't block such a powerful martial skill, he would really die!

However, in the next moment, Guan Shang was once again shocked to his core, because he felt a fatal danger coming from behind him!

Lin Yi used the Super alchemy fire missiles as bait to attract Guan wanmeng's attention, and then appeared behind him like a ghost. With so many clones covering him, Guan shangmeng didn't notice Lin Yi's movements at all.

The Super pill fire bomb in Lin Yi's palm was the real killer move!

Without the wind element, its attack speed naturally couldn't be compared to the Super pill fire missiles. However, its charging speed was much faster!

Furthermore, this was the one he had condensed first. With enough time, its power should be above that of the Super pill fire missile used as bait!

"Have a safe journey! I won't send you off!"

Lin Yi smiled coldly and whispered into his ear. "It seems like no one can save you this time!"

Before he could finish his sentence, Lin Yi had already pressed the Super alchemy fire bomb on Guan quanmeng's back!

Lin Yi controlled the explosion so precisely that it hit Guan shangmeng's body. His defensive items couldn't block Lin Yi's super alchemy bomb at all!

Guan Shang was sent flying in an instant, a huge bloody hole appearing on his back, almost completely missing his upper body!

Lin Yi controlled the explosion range of the Super alchemy bomb perfectly, not wasting a single drop.

In the blink of an eye, Guan quanmeng's body was already dead. At the same time, his Yuan Shen left his body. At the heaven breaking stage, his Yuan Shen was already very strong. Without his body, he wouldn't die immediately!

"Don't even think about running!"

Lin Yi's eyes were cold as ice as he grabbed onto his soul before he could react and threw it into the Jade space!

Wang Xinyan's fate might still be connected to Guan quanmeng's soul, and so Lin Yi didn't kill her off immediately!

The Grand elder's eyes were about to pop out of his head. He thought that Guan Shang would be able to hold on for a while now that he had some time to catch his breath.

He didn't expect that in the blink of an eye, victory and defeat were already clear and the dust had settled!

A heaven breaking expert, the domain lord of the dark night Mountain region, and the current family head of the Guan family, Guan Yumeng, had been killed in almost a single move!

How could this be?

"Junior ..."

The Grand Elder wanted to say a few more harsh words to get Lin Yi to let go of Guan quanmeng's soul, but he realized that he was overthinking it the next moment. His life was more important now!

After Lin Yi killed Guan shangmeng, he naturally wouldn't just stand there and watch. He turned to the Grand Elder without hesitation, ready to join forces with Huang Yuntian!

The Grand Elder had to admit that someone who could kill Guan quanmeng in an instant was indeed a life-threatening threat to him. In addition to Huang Yuntian ... To be honest, the Grand Elder would have a hard time dealing with Huang Yuntian alone. Wouldn't the two of them be doomed?

Run!

The Grand Elder weighed the pros and cons, and turned to run the moment he saw Lin Yi.

[Baby fish's new book "reincarnated youth like water" has been released. Thank you for getting first place in the monthly votes for her new book last month. At the same time, I hope that everyone will continue to vote for "reincarnated"!]

Chapter 7016 Central's Plea For Mercy Is Useless!

The governor's manor was the Guan family's base camp, after all. There were many masters and traps in there. As long as they could escape into the governor's manor, they could at least have more bargaining chips against Lin Yi and Huang Yuntian.

"Grand Elder, you haven't even finished your words, why did you run?"

Lin Yi's teasing voice rang in the Grand elder's ears. In terms of speed, Lin Yi wasn't afraid of anyone, "Don't be in such a hurry to leave, let's continue our chat!"

He said he was just having a chat, but in fact, Lin Yi was already making a super alchemy bomb in his hand. If there was the right opportunity, he would press it on the Grand elder's head without hesitation and blow his face up!

The Grand Elder didn't answer. He released all his genuine Qi just to get into the governor's mansion faster.

There were people at the door who wanted to help, but they were not strong enough. Huang Yuntian's aura had already made it difficult for them to move forward. They could only watch as their master died and escaped, and they might not even be able to escape!

Huang Yuntian appeared on the left in a flash. He raised his palm and struck out at the Grand elder's escape route. When he struck out, it was still empty. However, when he landed, he had accurately calculated the Grand elder's arrival time!

If the people at the side could see clearly, they would probably think that the Grand Elder was looking for death by forcefully colliding into the palm of the other party!

The Grand Elder was distracted by Lin Yi's sudden attack and was instantly hit. Luckily, Huang Yuntian didn't want to kill him and only used one palm to knock him out.

"Lil bro Lin, we've already taken down this old man, do you want to keep him alive? If he doesn't want to stay, I'll just kill him!"

Huang Yuntian was relieved. He lifted the Grand Elder in front of Lin Yi and said, ""Since one is already dead, it doesn't matter if another one dies!"

Lin Yi found it funny-it seemed like Huang Yuntian's resentment was deep!

However, if the Guan family had not swallowed Huang Yuntian's void pill, even if it was a low-grade void pill, he might have broken through to the heaven breaking stage and returned to the earth-class sea realm.

If it was anyone else who encountered this kind of thing, they would definitely be unhappy!

It was a good thing that misfortune always lurked in fortune. Without low grade pills, he had obtained a special grade void pill. The effects of the two after breaking through were definitely on a completely different level!

Huang Yuntian could be considered to have profited from this misfortune. This was why he did not kill the Grand Elder. Otherwise, he would have killed him a long time ago and then wiped out the Guan family!

"Big brother Huang is still the best. You were able to take down this old man so easily. Let's spare his life for now. There are still some things we need to ask him."

Lin Yi took the Grand Elder and sealed his Qi first before slapping him a few times, waking him up. "Grand Elder, I have something to ask you. If you answer me honestly, Guan clan will still survive. If you don't, you know what will happen!"

The Grand elder's face swelled up. After waking up, she looked at Lin Yi and Huang Yuntian with hatred, ""You guys are good. I admit defeat today. If you have anything to ask, just ask!"

The old man knew that he had to lower his head when he was under Lin Yi's roof, so he answered Lin Yi's question directly.

"Not bad, not bad. Your attitude is alright. In that case, I won't beat around the bush and get straight to the point!"

Lin Yi's face changed, and he asked seriously, "Two years ago, there was a girl called Wang Xinyan among the new students of the Morning Star Mystic division. You guys brought her back. Tell me, where is she now?"

The Grand Elder was stunned for a moment, then smiled bitterly. "So you're here for Wang Xinyan ... I don't know if her name is Wang Xinyan or not, but it's true,"

Lin Yi was overjoyed-as long as he had news of Wang Xinyan!

"Guan shangmeng was the one who went to the Morning Star Mystic class practitioner's College, not me, so I don't know much. You're asking me where Wang Xinyan is, and I'll be honest with you, I really don't know!"

After the Grand Elder paused for a moment, he shook his head helplessly. "This old master isn't patronizing you, but I really don't know about this matter!"

"Where is the man in the grey bamboo hat that Guan shangmeng brought?"

Lin Yi didn't give up. "It's said that the man with the grey hat wants to take Wang Xinyan as his disciple-if we can find him, we should be able to find Wang Xinyan, right?"

Actually, with Chu Meng's soul in his hands, it would be more accurate to get the information directly from Guan shangmeng.

But his essence spirit was in a state of turmoil, and he didn't dare to risk using soul-searching techniques.

Those were the Trump cards that he had to use at the last moment!

"I really don't know. It's the same if you ask again ..."

The Grand Elder was acting like a dead pig that wasn't afraid of boiling water, and he said it with conviction. Lin Yi couldn't do anything about it, "Or you can Ask Me Another question. If there are other things you are interested in, such as alchemy, this old master will definitely tell you everything I know!"

Lin Yi laughed to himself-did he really need her to tell him about refining? This young master's master is an alchemy God! Who Do You Think You Are?

"Forget it, since you don't know anything about Wang Xinyan, tell me about the man in the grey hat. What's your relationship with him?"

Lin Yi wanted to confirm if this was the same person he knew. "Who was the one who contacted the man with the grey bamboo hat? How much did you guys get from him?"

"We're just business partners. I'm not that close to him, so I don't know much about him. Usually, it's Guan shangmeng who contacts him, and what he gives us is ..."

The Grand Elder was just about to tell them about the benefits he had obtained when the grey bamboo hat suddenly appeared in front of them.

"I heard you were looking for me? You can say whatever you want to say!"

The man in the grey hat stood in front of Lin Yi and smiled, ""Before that, can you release the Grand Elder? After all, we were once friends who fought side by side, right?"

Right, my ass!

Back in the abandoned land, Lin Yi had used the hat's power, but it was the hat who had benefited more from it.

The sun-devouring rat gene in Central's hands was most likely collected by the man with the gray bamboo hat at that time!

"It's you! The Guan family really has a connection with you! And you've already hooked up with him two years ago. Your plan is really far-reaching!"

Lin Yi sneered as he looked at the grey hat, "You don't have to try to get close to me. We're enemies, not friends. Since we don't have any friendship, there's naturally no face between us!"

As he spoke, the Grand Elder in Lin Yi's hand trembled and stopped breathing!

Lin Yi had secretly sent a five elements killing intent and consciousness attack, completely destroying the Grand elder's life force!

Chapter 7017 I Really Don't Know

Now that they knew the person behind the scenes was the center, the Guans were of no value anymore. For the sake of the Morning Star Mystic division, or for Huang xiaotao, the Guans could not continue to live!

The grey-bamboo hat man's body trembled slightly and he said with a sinister tone, "Lin Yi, you're really not going to give me any face at all?"

"I've already said that you and I are enemies and not friends. At most, we've cooperated once. What makes you think that you'll have a lot of face? Do I have to give you face? Besides, even if you do have some face, it's not worth it for me to let the Guan family off!"

Lin Yi smiled faintly and shrugged casually. "Don't use people to threaten me. You know what the consequences are!"

Central and Lin Yi had been dealing with each other for a long time, and they knew Lin Yi's personality- he would go crazy if someone touched his people!

So, before they were sure that they could kill Lin Yi, central would never mess with the people around him. Why did they take Xinyan away?

"Of course I won't use him to threaten you. After all, we're business partners! Even if you don't give me face, I'll still give you face!"

The man in the grey hat laughed heartily, as if he no longer cared about the Grand elder's death!

"You were the one who took Wang Xinyan, right? Where is she now?"

Lin Yi didn't want to waste time with the man and got straight to the point, "Don't tell me you don't know!"

"Wang Xinyan ... I really don't know!"

The man in the gray bamboo hat shrugged his shoulders and said in a carefree manner, "I know Wang Xinyan is your woman, how could I take her away? Did you make a mistake?"

"Don't play dumb with me-you and Guan Shang were the ones who went to the Morning Star Mystic division and took Wang Xinyan away. Do you want to deny it now?"

Lin Yi glared at the man in the grey hat-he'd do anything for Xinyan, even if it meant falling out with central."Could it be that you dare to do it but don't dare to admit it? Or did you guys do something to hurt Wang Xinyan?"

"Lin Yi, are you sure I'm the one going to the Morning Star Mystic division school? What evidence do you have? Do you think it's appropriate for you to just talk nonsense?"

The man with the grey hat chuckled a few times, but he still refused to admit it. "Maybe you should ask Guan shangmeng or the Grand Elder, they should know better!"

Lin Yi didn't know what to say-it was Guan shangmeng and a man in a grey hat who went to the Morning Star Mystic division practitioner's College, but that man might not be the same one!

Lin Yi couldn't do anything to prove the fact that the other party didn't want to admit it.

As for asking Guan shangmeng and the Grand Elder, there was no point in bringing up two dead people. Lin Yi wasn't planning on using the soul devour or soul search on Guan shangmeng, either-it'd be too easy for him to get killed before he even got the news!

"Alright! There's nothing I can do if that's what you're saying, but Wang Xinyan's whereabouts are still unknown, so don't blame me for ruining things!"

"Since central and I are allies, I'll give you a heads-up!" Lin Yi gritted his teeth.

This was the sign that he was about to go crazy. Lin Yi's current state was already at the edge of madness. Before he left the mystic division Sea area, he had to establish his power!

Otherwise, any Tom, Dick, or Harry would jump out and deal with the people around him. Not to mention if he could rebuild his body, Lin Yi needed to make himself a threat to others!

The man with the grey bamboo hat was silent for a moment before he faintly said, "If you disregard the Alliance agreement and destroy it wantonly, in the end, it will only be a life-and-death struggle ... If the heavens want to destroy it, they must first make it crazy!"

The meaning of his words was very clear. If you want to fall out with us, then no one will have a good time!

Previously, everyone had maintained a delicate balance. Once it was broken, it would only result in both sides suffering!

"You guys provoked me first," Lin Yi sneered. "If I didn't fight back, wouldn't you guys be the ones pushing me?"

"I told you, I don't know anything about Wang Xinyan, it's up to you to believe me or not!"

The man didn't want to push Lin Yi too much, so he softened his tone, "I've heard of Wang Xinyan before, she's not someone without good fortune-you just haven't heard anything about her yet, but I'm sure you'll meet her again!"

Lin Yi raised a brow. The man didn't admit that he took Xinyan, but it was a clear indication that Xinyan's life wasn't in danger.

"That's all I have to say. You should know what you want to do next. I might as well tell you that central will not be afraid of you sabotaging it!"

With that, the man waved his hand and sped away before Lin Yi could say anything.

"Lil bro Lin, why don't you just take down this arrogant guy? With the strength of you and me, it won't be difficult to take him down!"

Huang Yuntian could not help but suggest in a low voice, "what do you want to know? we'll teach him a lesson when the time comes. Who knows, he might tell us everything!"

"Forget it. This person is not easy to deal with. Besides, a slight change will affect the whole situation. Let him be for now!"

Lin Yi shook his head slightly. If he and Huang Yuntian worked together, it wouldn't be hard to take down the grey bamboo hat, but it wouldn't do them any good. At the very least, they would alert the enemy!

Central's Secret base was in the dark night Mountain region. Even if the man in the grey hat wasn't the person in charge of this base, he was definitely one of the higher-ups.

The blissful Valley members were in this base, and Wang Xinyan was most likely in the same place.

So Lin Yi was holding it in-he'd settle the score with the man when they found the base, in case he alerted the enemy. It'd be troublesome if the base moved!

"Good! It doesn't matter if we let him go, let's deal with the Guan family first!"

Huang Yuntian nodded his head slightly and turned to look at the region Lord's residence with a cold gaze, ""Brother Lin, what do you think about uprooting the Guan family?"

The two most powerful cultivators of the Guan family, the heaven breaking realm, were killed in a short time. Although there were still some experts of the sea breaking realm among the high-level members of the Guan family, they were all in the early and middle stages of the sea breaking realm. None of them were above the middle stage.

Lin Yi didn't even care about those sea-shattering alchemists who used elixirs to level up. Even if he didn't forcefully level up, he was confident that he could kill these sea-shattering cultivators.

"That's good. If you cut the grass and don't remove the roots, it will grow again when the spring breeze blows! In order to avoid any future trouble, it's not a bad idea to wipe out the Guan family!"

Lin Yi had a smile on his face, but his words were extremely brutal. A few of the Guan family's higher-ups at the gate were all shocked and angry, but their eyes were filled with fear!

Could it be that an alchemy family that had been passed down for thousands of years was really going to be destroyed today?

In the face of two heaven breaking powerhouses, the Guan family no longer had the ability to resist. Their status was transcendent, and most of their achievements were in the field of alchemy!

"President Huang, you are the president of the Alliance of Academies. Aren't you afraid of being criticized by the people in the world for killing an entire family?"

A middle-aged man in green forced himself to be alert and tried to argue with Huang Yuntian. He was trying to use his identity as a member of the Alliance of Academies to restrain Huang Yuntian.

Chapter 7018 Good Attitude

"If there's a grudge, then there's a grudge. The Guan family has offended me and my brother. They deserve to die. What's there to say?"

Huang Yuntian laughed arrogantly and waved his hand without a care, ""A mere Alchemist family, do you really think you can stand above the many forces in the mystic Sea? The Morning Star Mystic division under the Alliance of Academies has been bullied by the Guan family. It's only right for me to stand up for you, who can say anything about that?"

The Azure-robed man was speechless. Huang Yuntian had first brought up personal grudges, then public anger. This was both public and private. No matter what he said, the Guan family was wrong. It was only right for them to be destroyed ...

"Huang Yuntian, if you really want to force us too much, our Guan clan will fight you to the death! Don't think that without the patriarch and Grand Elder, we won't be able to fight back!"

A silver-haired old woman beside him shrieked, ""The heritage of an alchemy family is not something you can casually guess. The experts who have received the grace of our Guan family are all over the world. Do you want to be The Enemy of the World?"

"You're about to die and you still want to threaten me? Could the Guan family represent the whole world? Truly laughable!"

Huang Yuntian glanced at the old lady with disdain and said with a mocking tone, ""Even if you can represent the world, you can't represent the world in the mystic division sea. Who would dare to be my enemy?"

Domineering!

Huang Yuntian spoke casually, but the confidence and power in his words made it impossible for anyone to doubt the authenticity of his words!

This was the truth. In the mystic-class Sea region, there might be people stronger than Huang Yuntian, but with his background in the earth-class Sea region, no one would have the time to offend Huang Yuntian.

Only an idiotic family like the Guan family would treat Huang Yuntian like a rich kid. They wanted to do the same thing again after cheating him once. It was truly a speechless thing!

"President Huang! Just tell me, how can I let the Guan family off? No matter what, house Guan has contributed a lot to the mystic class Sea area, right?"

The Azure-robed middle-aged man stopped the silver-haired old woman. Now was not the time to be unyielding. When it was time to lower his stance and admit defeat, he must not hesitate. "Actually, there's no deep hatred between us. It's just a misunderstanding ..."

"Misunderstanding? I don't see any misunderstanding!"

Lin Yi smiled coldly as he looked at the people from house Guan. "First, you guys took away my girlfriend, Wang Xinyan, and now you're forcing my other girlfriend, Huang xiaotao, to marry that Guan Taiyang. Now you're telling me it's a misunderstanding?"

"These are all Guan shangmeng and his son's own doing, they can't represent the entire Guan family!"

The man quickly put on a smile and bowed to Lin Yi before turning serious. "Men, capture Guan Taiyang and bring him here immediately. Apologize to President Huang and young master Lin and ask for punishment!"

Guan shangmeng was finished. How could a mere Guan Taiyang compare to the entire Guan family? And so, the Azure-robed man had already made up his mind-he was going to sacrifice that idiot for Lin Yi's sake.

Who asked him to have nothing better to do, and attract such a great enemy? Of course, he had to bear the responsibility for his own actions!

"Yes!" Someone replied loudly from the gates of Lin Yi's estate before pushing a pale-faced young man out.

Guan Taiyang had been here for a long time. He had seen the battle just now. However, when he saw that the situation was not good, he wanted to sneak away. He didn't expect that the situation would take such a sharp turn. Before he could escape, he was thrown out as a scapegoat.

It wasn't appropriate to call him a scapegoat, because this matter was caused by him in the first place, so it should be said that he deserved it!

"You are Guan Taiyang?"

Lin Yi sized him up with an unfriendly look-this guy had the nerve to have designs on Huang xiaotao, what a Toad lusting after swan meat."I heard that you've taken a fancy to Huang xiaotao. You have good taste. Unfortunately, it seems that you only have good taste left!"

Guan Taiyang's body was shaking uncontrollably, and he kneeled on the ground, begging for mercy,""Great hero Lin, Lord Lin, it's my fault for not recognizing Mount Tai. I beg for your magnanimity to let me live ..."

Lin Yi frowned as he looked at Guan Taiyang's teary face.

It was this kind of insect-like person that wasn't worth getting angry over. If it wasn't for Huang Xiaotao, Lin Yi wouldn't even look Guan Taiyang in the eye.

"President Huang, young master Lin, Guan Taiyang is in trouble, but it has nothing to do with the Guan clan. You can deal with him however you want, but please don't take it out on us!"

The middle-aged man in green smiled apologetically. Once the pride of the Guan family was broken, everyone would lose their backbone and would only beg for mercy in front of the strong.

Lin Yi wasn't a bloodthirsty person by nature, and he'd forced House Guan too much. If he didn't completely wipe them out, there'd be endless trouble in the future, so he didn't plan to kill them from the start. At most, he'd just scare them with his words.

"Your attitude is good. I can let go of your Guan family and spare your life, Guan Taiyang. However, I can spare your life, but you can't escape from punishment!"

Lin Yi's face was cold as he waved his arm, sending a few pure Qi into Guan Taiyang's body. "You should live well in the future!"

Guan Taiyang's body trembled violently, and he let out a blood-curdling screech as he fell limply to the ground, wriggling around like a giant worm.

Lin Yi's pure Qi didn't take his life, but it crippled his Energy Center, meridians, and limbs.

From now on, Guan Taiyang was just a useless man without any strength. Although he had survived, it was hard to say whether it was better than being dead.

Perhaps Guan Taiyang already felt that he was better off dead!

"Take good care of Guan Taiyang. Don't let him die. Maybe one day, I'll have a sudden impulse and come to see how he is!"

Lin Yi's eyes were cold as he looked at Guan Taiyang, who was still on the ground. He didn't stop looking at the middle-aged man, "As for your Guan family, from now on, you can be at ease and continue to be an alchemy family! Focus on studying alchemy and let others take over the other matters. "

"Yes, yes, yes. Young master Lin is right. Our Guan family should focus on pill refining!"

The Azure-robed middle-aged man understood tacitly and quickly bowed his head and said in an extremely cooperative manner, "From today onwards, the Guan family will step down from our position as the domain lord of the dark night Mountain region. We will move out of the domain lord Residence in a few days. I would like to ask President Huang and young master Lin to appoint a new domain lord. I will do my best to complete the handover."

Lin Yi nodded, satisfied. House Guan's position was indeed very low, and they were very tactful. He didn't want to destroy them in the first place, and even if he did, it would've been much easier to deal with now.

Chapter 7019 Acknowledging Family

As for the candidate for the new domain lord, Lin Yi didn't have a good candidate at the moment and could only put it aside for now. Huang Yuntian was about to leave the mystic division Sea region, and he didn't need this kind of opportunity to develop his force. He would leave it to Lin Yi to decide.

The middle-aged man was very decisive in his actions. Since he had already surrendered, he might as well surrender completely. He ordered people to take care of Guan Taiyang in case he suddenly died. After that, he collected a lot of the Guan family's treasures and offered them to Lin Yi as compensation.

Lin Yi was a rich man himself, but he was still shocked by house Guan's compensation!

As expected of an alchemy family, they were absolutely rich!

Just one gift was enough to double Lin Yi's wealth.

What else could he do? He could only reluctantly accept it!

It was the best result for Lin Yi if house Guan admitted defeat. If they continued to fight, Lin Yi didn't know how much longer his soul could last. He might collapse at any time.

Lin Yi didn't stay any longer after settling the things. He returned to the Morning Star Mystic division school with Huang Yuntian.

After Lin Yi's departure, the Guan family started an internal purge-almost all of Guan shangmeng's direct relatives were dragged out.

A high and mighty alchemy family, the original Guan family of the mountain region, was far crueler to their own people than to Lin Yi, an outsider!

With the death of Guan Shang and the great elder, the power struggle in the Guan family had reached its climax. After Guan Shang's faction was wiped out, internal strife began. The overbearing giant collapsed easily because of the death of two people.

Of course, this was all for the future, and had nothing to do with Lin Yi. A weakened Guan family was a good thing for both the Morning Star Mystic class school and Lin Yi.

"President Huang, young master Lin, congratulations on your triumphant return!"

In the morning Star Mystic division school, the Dean welcomed Lin Yi and Huang Yuntian with a big smile. His attitude was extremely respectful, to the point of being humble,"The celebratory feast has been prepared. President Huang and young master Lin, please take your leave!"

Although the Dean didn't go to the Guan clan in the mountains personally, he had sent out many spies. The movements in front of the Guan clan's Gate were known almost immediately, and the information was broadcast live.

So when Lin Yi and Huang Yuntian came back, he was already prepared. At this time, the director's heart was so proud that it was indescribable!

He had earned back all his capital and even made a huge profit!

From now on, the dark night Mountain region would truly enter the era of the Academy's rule, and the mountain region's Guan clan would become history!

And all of this was because he had made the right decision! He didn't need to do anything, and it was as easy as blowing off dust!

"You're too kind, director. We'll do as you say then!"

Lin Yi nodded faintly, giving him face.

After all, they were going to stay here for a while, and it would be much easier for them to get information about the central and blissful Valley with the help of the Morning Star Mystic division.

As for Huang Yuntian, he didn't care at all. He was following Lin Yi to do him a favor, and whatever Lin Yi said, he would do.

"Big brother Huang, let me introduce you. This is Huang xiaotao, my ... Female confidante!"

Lin Yi didn't ignore the excited Huang xiaotao and pulled her along to introduce her to Huang Yuntian.

Huang Yuntian had an 'I understand' expression on his face. He was just short of saying that Lin fan had quite a few female friends!

When he was at the Golden class Sea area, there were Huo yudie, ni caiyue, and so on. When he returned to the mystic class Sea area, he was so angry that he killed Lu Yongming alone for ning Xuefei. Everyone knew about it. There was also Shangguan LAN 'er from Feiyang college. This time, it was the missing Wang Xinyan and Huang xiaotao.

She had friends all over the world, but Lin Yi had her all over the world!

Lin Yi's face reddened, pretending not to understand Huang Yuntian's expression as he continued,""Xiao Tao, this is the president of the mystic division Sea region's Alliance of Academies, Huang Yuntian. He's my older brother, so you can just call him big brother Huang."

"Xiao Tao greets big brother Huang!"

Huang xiaotao didn't dare to be slow and quickly greeted him. This wasn't because of Huang Yuntian's status, but because he was Lin Yi's brother.

"I'll take it when Xiao Tao calls me big brother! Speaking of which, you and I are from the same family, and we can't write two yellow characters in one stroke. Besides, when I saw Xiao Tao, I felt that we hit it off very well, and there was a kind of familiar feeling. "

Huang Yuntian laughed as he nodded and said,"How about this? today, I'll take the initiative to acknowledge Xiao Tao as my little sister. I wonder if brother Lin and little sister Xiao Tao have any objections?"

With Huang Yuntian's status, if he said he wanted a sister, the line would probably stretch from Morning Star Mystic division all the way to Feiyang division. He suggested it himself, obviously giving Lin Yi face.

"That's a good thing! This way, it's Double Happiness!"

The hospital director clapped his hands and went forward to show his support."Xiao Tao, in the future, with President Huang as your adopted brother, who would dare to bully you?"

This was one of the reasons why Huang Yuntian had taken Huang xiaotao as his adopted sister!

With Huang Yuntian's sister's identity, Lin Yi's mind was at ease. Who would dare to mess with Huang Yuntian? Bullying his sister, even if he had a few lives, it would not be enough to die!

The other reason was to get closer to Lin Yi. Although the two of them could be considered close friends and brothers now, Huang Yuntian didn't mind going one step further and getting closer!

Who couldn't tell that they were intimate lovers? With this sister, Huang Yuntian would be Huang xiaotao's family in the future, Lin Yi's brother-in-law!

When his brother-in-law was in trouble, could his brother-in-law still refuse?

Huang Yuntian was pleased with himself. He felt that he was really smart. Acknowledging his adopted sister was indeed a stroke of genius!

Of course, he also felt that Huang Xiao Tao was indeed someone he liked. Otherwise, if it was someone he didn't like, the dignified President Huang would also be disdainful.

"It's great that brother Huang is willing to acknowledge Xiao Tao as his little sister. Xiao Tao, what do you think?"

Lin Yi naturally wouldn't object to this. Huang Yuntian was a righteous person, and it was great to have him protecting Huang xiaotao!

Huang xiaotao saw that Lin Yi agreed and immediately greeted him again, ""Little sister greets big brother! Please take good care of me in the future!"

"Hahahaha, that's for sure. The sister of I, Huang Yuntian, will never be wronged! If anyone wants to bully you, just tell big brother. Big brother will stand up for you!"

Huang Yuntian laughed out loud, looking extremely carefree. He then looked at Lin Yi with a deeper meaning, "Don't you agree, lil bro Lin?"

Lin Yi didn't know whether to laugh or cry. Had his future brother-in-law started to threaten his future brother-in-law? Did he have to get into the zone so quickly?

Chapter 7020 Candidate For The Domain Lord

With this happy event, everyone's spirits were lifted. The Dean led them to start the banquet, and naturally, everyone was happy. Lin Yi also temporarily suppressed his worry about the yuan spirit body.

After three rounds of wine and five dishes, Huang Yuntian suddenly mentioned the mountain region Lord.

"Brother Lin, the Guan family has withdrawn from the territory Lord's office, but the dark night Mountain region still needs a territory Lord. Why don't you take over?"

The Dean's ears immediately perked up. Who was the domain lord of the dark night Mountain region? he had the most direct and vital relationship with her!

A normal person would naturally be led by the school, but if it really was Lin Yi ... It'd probably be another house Guan!

With Lin Yi's strength, the Dean could already foresee his miserable life in the future. The problem was that he couldn't object to this. If he opened his mouth, he'd offend both Huang Yuntian and Lin Yi, and that was no different from courting death.

Lin Yi shook his head with a bitter smile, "you're joking, Huang bro. I don't have the time to be a zone Lord!" But you're right, a Mountain region ultimately needs a region Lord, otherwise many things will go wrong!"

To be honest, even if Lin Yi's yuan spirit body was fine and his body problem was solved, he still had no interest in being a domain lord. However, he didn't want to give up the position so easily!

Central's base was in the dark night Mountain region. If one of his own was the region Lord, he wouldn't have to worry about Central's base being destroyed this time. Next time, another wildfire would come and burn it down.

"If little brother Lin is busy, you can find someone to act as your agent. The dark night Mountain region is empty anyway, and someone will come to take it."

Huang Yuntian waved his hand nonchalantly. Originally, the change of the domain lord had nothing to do with him, the president of the Alliance of Academies. However, his status and power had risen with the tide, and the position of the domain lord of the dark night Mountain region was given to him by the Guan clan. He could make a decision without any problem.

"Since that's the case, this little brother won't be polite!"

Lin Yi pondered for a moment before cupping his hands to Huang Yuntian, ""I'll have to trouble big brother Huang with this matter again. This little brother has a disciple in the Yellow Sea region, the chief refiner of the Morning Star yellow rank school. His name is Qing Danzi. If it's convenient, big brother Huang can transfer him to the mystic Sea region and temporarily take on the role of the dark night Mountain region's domain lord!"

"So master Qing Danzi is young master Lin's disciple. That means we're not outsiders!"

The Dean was overjoyed. The people from the Morning Star golden class academy were from the same branch as the Morning Star Mystic class academy. The people from there were on their side!

She was Lin Yi's disciple, but she was a thousand times better than someone who had no connection to her!

Unfortunately, the Dean didn't have the authority to transfer people from the Yellow Sea to the mystic Sea. He could transfer people from the mystic Sea to the Yellow Sea ...

Thus, this matter still needed Huang Yuntian to handle.

"Brother Lin, you're being too polite with me again. It's just a small matter, not worth mentioning. It's just a matter of a word!"

Huang Yuntian was all smiles as he accepted. He was the happiest when Lin Yi asked him for help, but he was afraid that Lin Yi wouldn't ask for anything else, "Don't worry, I'm very fast. Qing Danzi will definitely come to the mystic division Sea area to report to you in the shortest time possible."

After a slight pause, Huang Yuntian turned to the Dean and said, "Since Qing Danzi is from a golden class Morning Star Academy, he's indeed one of your people. You have to take care of him when he's here. If my brother Lin's disciple gets bullied, I won't let it go!"

"President Huang, don't worry. When master Qing Danzi comes, he will definitely receive the most honorable treatment. I don't know what will happen to the Guan family in the future. Our Academy's pill supply will be dependent on Master Lin's disciple, master Qing Danzi!"

The Dean meant what he said-not to mention the supply of pills, just the fact that Lin Yi was his disciple made him want to worship Qing Danzi, in case Lin Yi came looking for trouble again!

"If that's the case, why don't you hire Qing Danzi as the chief refiner of the Morning Star Mystic division? he's used to this anyway, what do you think?"

Lin Yi suggested. He hadn't been able to teach this cheap disciple much, and it was natural that he'd take care of her.

Lin Yi was a little embarrassed to call her master at her age.

Speaking of which, if Qing Danzi knew that his master's master was the divine Alchemist and medical Saint Zhang Liju, would he faint from excitement?

The grand-disciple of the pill God and medical Saint! This identity would definitely be awesome!

"It's my wish, but I dare not ask!"

The Dean was overjoyed. He wasn't sure if he was really that overjoyed, but he was quite excited. "Young master Lin is really sending charcoal in the snow! With master Qing Danzi as our school's chief Alchemist, the biggest problem has been solved!"

When the Guan family was around, the Morning Star Mystic division didn't even have a dedicated refiner.

Therefore, once the Guan family left, the problem of elixir pills would be more troublesome. However, the Dean didn't really expect Qing Danzi to have much ability. After all, The Alchemist in the Golden sea area wasn't very high level.

What he didn't know was that Lin Yi's casual guidance had already made Qing Danzi benefit a lot, and he'd even had a real breakthrough. Naturally, he wasn't as good as Lin Yi, but it was enough for him to become the head refiner of a Morning Star Mystic class school!

"That's for the best. This matter is decided. You can discuss it directly after big brother Huang brings over the green pill. As for the mountain region's domain lord, you should help her out, Dean. "

Lin Yi was still thinking about his disciple. With Qing Danzi's skills, he might be able to get a place in a Morning Star Mystic division school, but his own strength was no different from trash. He wouldn't be able to intimidate the people from the governor's manor.

With the Morning Star Mystic division school as their backing, the situation would be different. In the future, the domain Lord's Palace and the school would truly work together, which would be beneficial to the stability of the entire mountain.

After talking about the domain Lord's Manor, the next thing was some unimportant chit-chat. After the banquet ended, Huang Yuntian accompanied Lin Yi and Huang Xiaotao back.

"Brother Lin, it wasn't convenient to ask just now, but now there's only you, me, and my little sister here. Tell your big brother honestly, how do you plan to deal with that grey bamboo hat guy from before?"

In truth, Huang Yuntian had wanted to ask this question for a long time. After all, the aura from the man with the grey bamboo hat was obscure and unclear. But he was sure that the other party was an expert!

Lin Yi alone might not be a match for the enemy.

If he could prepare in advance, then he would have more confidence in dealing with it.
