### Chapter 7021 Dingyi Comes And Goes As He Wishes

"That's one of Central's elites, and he's related to the blissful Valley incident. Also, about Wang Xinyan, I heard from Ding Yi that Central's base is in the dark night mountains, and the people who are secretly helping central are Guan shangmeng and the others. Now that the Guan family's people who know about it are dead, it's not going to be easy to find Central's base!"

Lin Yi sighed. If he had enough time, he wouldn't be so worried, but what he lacked the most right now was time!

I can't take it slow anymore! He had to resolve this as soon as possible!

"Indeed, I'm afraid that the success rate of using the man in the grey bamboo hat as a target to track is almost zero. Other than him, are there any other clues?"

Huang Yuntian frowned, feeling a little helpless. He had no problem fighting with the man with the grey bamboo hat, but finding a way to break out of this situation was a little difficult.

"Other clues ... There's indeed another one. In the Feiyang college, there's a student called Xue Peng. I suspect that he's connected to central. However, this person is very cautious and cunning. It's not easy to catch him!"

Lin Yi thought about it and decided that Xue Peng was the only clue he could come up with, but he couldn't just run back to Feiyang school. Not only would it be a waste of time to go back and forth, but he also didn't know how much time would be needed to catch Xue Peng's tracks!

"I see ... How about this, leave the matter of monitoring that Xue Peng to me. I have quite a few experts under me, so I definitely won't let Xue Peng find anything unusual."

Lin Yi muttered to himself. He felt that Huang Yuntian's suggestion wasn't bad. It'd be more convenient for him to send someone to keep an eye on Xue Peng.

Although Lin Yi had arranged for the little spirit beast to be there, he didn't know how useful the little spirit beast could be without him. It wasn't as decisive and active as the professionals!

"In that case, I'll leave it to you, brother Huang!"

Lin Yi nodded in thanks, but Huang Yuntian's scolding made him forget about the formalities.

They split up after reaching the place, and Lin Yi could finally check his Yuan Spirit's condition.

Previously, he had used the soul quenching pill to use pain to resist the weakness of his primordial spirit body, and the effect was still acceptable. However, as he overused the soul quenching pill, this effect had become smaller and smaller. Now, it was almost completely ineffective.

So Lin Yi had to find another way to maintain the stability of his Yuan spirit!

"I'm finally going to use the Black Sea soul-consolidating liquid! I'm now in the same situation as Wang Ba!"

Lin Yi laughed at himself and said to the ghost in the Jade space, "Senior ghost, how long do you think the remaining Black Sea soul condensing liquid is enough for me to use?"

The Black Sea soul condensing liquid he got at first was just a small ball, divided into ten small Jade bottles. He used some in the middle, and later on, he used it for alchemy. This kind of treasure was very useful to both the ghost thing and Lin Yi, so there were only six bottles left.

The spirit enhancing pill and the spirit accumulation pill were still able to handle the situation before, so Lin Yi didn't use the Black Sea soul-solidifying liquid. Now that his essence spirit body had developed a resistance to the spirit enhancing pill and the spirit accumulation pill, the Black Sea soul-solidifying liquid was his next move!

"You're different from Wang Ba. That guy lost his physical body, but he didn't forcefully increase his level and strength, so occasionally using a drop can keep his primordial spirit from being destroyed. It's enough to use a little more for cultivation."

The demonic thing shook its head helplessly. "You are in such a bad state that one or two drops might not be very effective. The only good news is that it should last for a long time when you use it at the beginning, provided that you don't exhaust your soul!"

If Lin Yi were to continue fighting against heaven breaking and sea shattering Qi like this, even the Black Sea soul-consolidating liquid wouldn't be able to stop his essence spirit from collapsing, much less a few small bottles.

"I don't want to do it either ... But sometimes, it's up to one's effort. It doesn't mean that I can't do it just because I don't want to!"

Lin Yi smiled bitterly and took out a small Jade bottle. There were about ten drops of Black Sea soul condensing liquid inside. He tilted his head and poured three drops into his mouth. His entire Yuan spirit felt refreshed and the discomfort from before disappeared.

"As expected of the Black Sea soul-consolidating liquid! It's indeed magical!"

"Too bad there's still too little. It'd be great if there were more," Lin Yi praised as he kept the bottle.

"You should be content! Even a drop of the Black Sea soul condensing liquid is extremely precious. Who in the world can squander it as you do?"

The damn thing glared at Lin Yi, "If you didn't forcefully increase the strength of your primordial spirit, this Black Sea soul-consolidating liquid would be enough for you, who has lost your physical body, and me to use for thousands or even tens of thousands of years! With such a long history, what can't be solved?"

Lin Yi cursed to himself-if he didn't level up, the people around him would've all died in a few thousand years, and he'd rather die than live ...

"I think Ding Yi will come to find me soon ... Senior ghost, you can continue with your work. I'll go out first!"

Lin Yi found an excuse to leave the Jade space, avoiding the topic.

He'd just used the guy as a shield, but he really did start wondering when the guy would come.

"D1, D1, where are you?"

Lin Yi looked up at the sky and mumbled to himself. Would he just appear out of nowhere?

Then, he found it funny. What did he take Ding Yi for? Even summoning a soul wouldn't be that fast, right?

However, before he could finish his thought, Ding Yi had actually appeared in front of him!

"Young hero Lin, you're missing me already? It's a good thing you came in time. I hope you didn't make young hero Lin wait too long?"

Ding Yi was still wearing his signature friendly smile as he bowed to Lin Yi. "Congratulations to Lin shaoxia for showing off your power again and wiping out the Guan family, the Overlord of the dark night Mountain region!"

"Heh ... Ding Yi, your information isn't very accurate. When did I wipe out the Guan family? The Guans are still alive and well!"

Lin Yi's mouth twitched a little, thinking that this was even more effective than summoning his soul. "After they leave the governor's office and focus on alchemy, they might develop even better!"

"You're too humble, Lin shaoxia. The two heaven breaking experts of the Guan family are the pillars of the family. If they're done for, the Guan family will be done for as well. Although the main body still seems to be there, it won't be long before it declines!"

Ding Yi's face was full of confidence, as if he could already see the tragic end of the Guan family. In fact, in the near future, the Guan family would indeed fall apart due to internal power struggles!

"Forget it, whether Guan clan is alive or not has nothing to do with me. I don't want to care about that. Hurry up, tell me about your news!"

Lin Yi waved his hand, ending the conversation. "You should have brought news that satisfies me this time, right?"

Chapter 7022 One-Way Passage

"Alright, let's end the small talk here. Let's get to the main topic!"

Dingyi shrugged, still smiling. ""The purple mist sinful Lotus is in the Azure sky Valley. Young hero Lin, you know this, right?"

Lin Yi nodded, giving dingyi a "you're talking nonsense" look.

Ding Yi didn't mind, and continued, "The path to the Azure sky secluded valley is in the ancient martial world. Young hero Lin knows about it too, right?"

"Nonsense. You've investigated me so thoroughly. Of course, you know that I've been to the small Jianghu in the immemorial era. You also know the information I've obtained there!"

Lin Yi couldn't stand the way Ding Yi was showing off. This bastard knew everything, and he had to ask again to show that he knew everything. He really wanted to beat him up!

"The passage from the small Jianghu to the Azure sky Valley only opens once every seven hundred years. You don't want me to go to the small Jianghu in the immemorial era, do you?"

In fact, with Lin Yi's current state, it wasn't a big deal for him to go to the ancient martial world. He was an essence spirit, after all, and entering wormholes was no problem.

The problem was, would he be able to find the passage to the Azure sky Valley if he went to the immemorial little Jianghu? If it didn't open, why did he have to wait?

He had the Black Sea soul-gathering liquid, but he really didn't know how long it could last. The thing said that the effect would get weaker and weaker as time went on.

"Of course, I don't want you to go to the ancient Jianghu. This is all the information you know. If that's all, how can I accept your reward?"

Ding Yi laughed and continued before Lin Yi flipped out. "There's actually another path to the blue sky Valley on Sky Island, but it's a newly formed one, and it's not very stable. It's also one-way only, so don't even think about going back the way you came!"

"Since it's a one-way passage, how do you know it's the passage to the Azure sky Valley?"

Lin Yi raised an eyebrow and looked at him suspiciously. "Could it be that one of you has already verified it?"

"Not really. It's just my speculation that this passageway leads to the Azure sky Valley. There's a 90% chance that it's a one-way passageway, so I didn't dare to explore it ... To be honest, only the heavens know where this passageway leads to!" Zhang xuan replied.

Ding Yi didn't feel the slightest bit of shame for not being able to provide enough information. Instead, he said with a proud expression, ""But I'm the only one on the entire Sky Class Island who can find this path-no one else can do it!"

Lin Yi didn't know what to say-the guy wasn't even sure if it was the path to the valley, who was he trying to fool?

"First, tell me, where did that 90% confidence come from?"

Lin Yi suppressed the anger in his chest and decided to listen to Ding Yi's reason. "If you don't have a reasonable explanation, I'll take it that you're trying to trick me and make me go Scout for you!"

"That can't be! I'm an honest man with integrity. Young hero Lin, please don't misunderstand me!"

Dingyi complained, but Lin Yi didn't believe him at all!

You call yourself an honest person? By then, all the cunning people in the world would have probably died, right?

"Cut the crap and give me a reason!"

"Alright! To tell you the truth, my spiritual sense is particularly sharp, especially when I'm focused on one thing. My sensitivity to any clues related to this matter is multiplied. When I found the passage, my intuition told me that it was the passage I was looking for, even though I didn't go in to investigate!"

Ding Yi stopped smiling and began to spout nonsense with a serious face.

Lin Yi's mouth twitched. He didn't believe a single word Ding Yi said!

Maybe the man really did have the ability, but from the way he spoke, Lin Yi couldn't establish any trust in Him no matter what!

Forget it ... Why did he care so much? This was his last chance, and he had to grab it no matter what!

"Where's the passageway you mentioned?"

"This passage has only been formed in recent years, and its location is quite hidden. I can take you there, but it's hard to say if you can enter!"

Ding one stopped talking nonsense and put on his friendly smile. "Of course, young hero Lin is very talented. Nothing can stop you. You might be able to pass through the passage directly!"

"Alright, you can just take me there directly. It's not too late to talk about whether I can enter or not later!"

Lin Yi didn't really think that he couldn't go in. After all, he was an essence spirit, and there was no problem going through the tunnel.

"Not now. I still need to confirm some things. When I've arranged everything, I'll come to find young hero Lin and take you there. How about it?"

Dingyi shook his head, not intending to bring Lin Yi over immediately. "It won't take too long. It won't delay Lin shaoxia's business!"

"That's good. I still have some things to arrange. We'll talk after you're ready. "

Lin Yi nodded-he didn't know if he'd make it out alive after going through this sort of dangerous tunnel, and he needed some time to make his 'funeral arrangements'!

"Let's put this matter aside for now-I hope you can give me more concrete information on Wang Xinyan! Two years ago, she was taken away by Guan quemeng and the man with the grey bamboo hat. Where is she now? is she well?"

"No problem, leave it to me. I can handle anything!"

"Yes," Ding Yi agreed readily. After briefly explaining the details of the deal, he immediately disappeared.

Lin Yi was a little relieved-at least he'd be able to confirm Xinyan's condition now that Ding Yi was here. He didn't know how long it'd take for them to send news again.

After Ding Yi left, Lin Yi didn't stay idle. After using the Black Sea soul condensing liquid, his primordial spirit was in excellent condition. It was the best time to act!

Lin Yi left the Morning Star Mystic division school quietly without alerting anyone. He used his spirit to search around. Since Central's base was in the dark night Mountain region, he should be able to find some clues if he searched the entire area!

Unless Central's base was hidden in an independent space like a secret realm, there would always be some clues left behind.

The dark night Mountain region wasn't a big place, but Lin Yi was fast. He could do a full-cover search in one night.

After half a night, he had indeed made some discoveries!

Lin Yi's spirit sense found a place that he couldn't penetrate-it was strange!

In the blink of an eye, Lin Yi appeared in a strange place, but all he saw was a normal mountain wall.

After a quick scan, Lin Yi was sure that there were traces of formations here.

Originally, there should have been a concealment array used to conceal this place. If the array was good, the divine sense would not be able to touch this mountain wall and naturally would not be able to detect the abnormality of not being able to penetrate it.

However, for some reason, the invisibility formation was removed. Could it be that something had changed?

Chapter 7023 Technological Array?

Lin Yi reached his hand out to touch the wall, only to find that his palm was buried in the rock.

"Hehe ... It's a fake mountain wall! A 3D projection?"

Lin Yi felt the cold metallic touch on his palm and shook his head, "It seems that this is Central's base!"

After mumbling to himself, Lin Yi turned into his essence spirit and went in silently.

Behind the virtual mountain wall was a huge, heavy steel door with the most modern locks, but Lin Yi didn't need to open it at all-his spirit floated in.

Behind the gate was a steel-cast passage, and LED lights were installed at intervals along the passage. It looked very sci-fi, and it shouldn't have appeared in a place like Sky Class Island.

Other than the center, no one would build such a building.

Lin Yi sent out his spirit sense, but he didn't find any signs of life. This made his heart sink!

Of course, it was possible that the scanning was blocked by a divine sense blocking device, so Lin Yi quickly flew through every tunnel and entered every room he saw, and the results were the same!

In this base, there was not a single person or living being!

That damned grey bamboo hat. It seemed like he had immediately led his men out of the base after he had discovered that he had appeared in the mountain region!

He gave up just like that. He didn't even care if this place was an important stronghold that had been in operation for a long time. The man with the gray bamboo hat was really decisive!

The problem was that once central left, the lead to Paradise Valley and Wang Xinyan would be cut off again ...

He still had Ding Yi and Xue Peng as backup, but he wouldn't be at ease until he solved the problem!

Lin Yi finally stopped at the central control Hall of the base.

This place seemed to have just experienced a storm, and there were destroyed equipment everywhere. It seemed that the people in central had evacuated in a hurry, and the things that could not be taken away were destroyed.

There wasn't much else, but there was one thing that Lin Yi was concerned about.

"Senior ghost, come out and take a look. Is this a teleportation formation?"

Lin Yi was talking about a big disc that stood in the middle of the control Hall, about five meters in diameter. There were some traces of a formation around it, but it looked damaged.

Lin Yi wasn't sure himself, so he needed the guy to do the appraisal.

The ghastly thing took a few glances and nodded with a solemn expression. ""According to this old man's judgment, this is indeed a teleportation formation, but it's not quite the same as the ones we know of."

The ground around the metal disk was engraved with complicated array patterns. With the damn thing's research on teleportation arrays, it could easily distinguish them.

"The teleportation formation on the ground is only a part of it. It's still intact and hasn't been destroyed. However, it's impossible to use the teleportation formation with just this. Only with this metal disc can the teleportation effect be activated."

The demonic thing's spirit sense carefully scanned the formation patterns carved on the disk, and it couldn't help but exclaim, ""I can't believe that array techniques can be used in such a way. I've really opened my eyes today!"

"Senior ghost, this disc seems to be a product of Science and Technology, not a formation tool created by a forger. Are you sure this is a teleportation formation?"

Lin Yi took a deep breath, still in disbelief. "Could it be that the central government has already developed a way to replace the formation with technology?"

"I don't think they've been completely replaced. Look at the formation markings around. If they could replace all the formation markings, there wouldn't be a need for these formation markings! Furthermore, there are also formation patterns on the round plates, which is why they are connected as one!"

The ghastly thing paused for a moment and sighed with emotion. "However, it is undeniable that technological methods have already replaced many other methods in this teleportation array. The ratio of the two is about four to six!"

Formation technique (4), technology (6)!

To be able to do this much was already quite amazing, and Lin Yi felt that his evaluation of central should be raised by a few more levels!

The threat at the center was getting bigger and bigger!

"Senior ghost, can we use this formation? The people in the center might have left this place through this teleportation formation!"

Lin Yi touched the disc-the metal surface was cold, and there were some LCD touch screens on it, but they didn't show any signs of activation."If we can use it, we'll be able to catch up to the people in the center!"

"It's a pity that this thing has been destroyed. If I want to restore it, it's far from enough to just have the ability to use arrays. I also need enough technology!"

The demonic thing felt a little regretful. He was extremely interested in new things related to arrays, but he could not restore this disc by himself. He was blind in terms of technology.

"Keep it first and study it slowly. I'll look for Jing Jing later to take a look!" He said.

Lin Yi said as he moved the disc into the Jade space-it'd help him understand Central's strength.

As soon as he put the disc away, the entire base suddenly rumbled with explosions. The same went for the control center, and more than a dozen places exploded one after another.

If there were any living people here, it would be very difficult for them to escape.

Because the base was built in the middle of a mountain, the strong explosion had already caused the entire mountain to collapse. In the blink of an eye, the entire base was buried under the landslide.

Lin Yi knew that this was Central's trap for him!

It was not easy to take away the teleportation disc, but it was not as if he did not have the intention of keeping it as bait.

The man in the grey hat understood Lin Yi very well, and knew that he'd be very interested in something that combined formations and technology, so he'd set the switch to the explosion in the disc.

As long as Lin Yi touched the disc, the entire base would explode, and the disc would be destroyed in the explosion. Even if Lin Yi didn't die, he wouldn't be able to get it.

It was a pity that the man didn't know that Lin Yi had the Jade space. He'd already kept the plate as bait before the explosion, and using the landslide on Lin Yi was a joke!

In his spirit state, physical attacks like this were the least of Lin Yi's concerns. Even if the sky and earth were to fall apart, he wouldn't be affected at all as long as there was no damage to his spirit!

After a while, Lin Yi emerged from the still-shaking mountain and floated in the air, sighing at the destroyed base.

The explosion didn't do much damage to Lin Yi, but it buried the base completely. If there were any clues left, they'd all be gone with the explosion!

The center ... Was really ruthless!

Lin Yi shook his head helplessly after a while and returned to the Morning Star Mystic division school.

He was prepared to say goodbye to everyone after dawn and make some arrangements before leaving.

#### Chapter 7024 The Headmaster's Request

He didn't know how long it would take for him to return. If he was unlucky, he might not be able to return, or it might take hundreds of years ... In short, there was nothing wrong with being mentally prepared.

It wasn't even daybreak yet when Lin Yi returned to the Morning Star Mystic division school, but he saw the Dean waiting outside his courtyard, as if something had come up.

"Director, what are you doing?"

Lin Yi didn't have any bad feelings towards the Dean-he'd have to help Qing Danzi take care of the dark night Mountain region in the future, after all.

"Young hero Lin, did I disturb your rest? I was going to wait until dawn to visit ..."

The headmaster cupped his hands and bowed apologetically, "'I'm really sorry, I didn't expect to alert young hero Lin!"

"It's fine. May I know why the Dean has come over at this time?"

Lin Yi waved his hand, a little confused. He'd decided to visit at dawn, so why would he hang around in the dark?

"It's like this. I want to ask Master Lin to help me refine a batch of pills ... Actually, I wanted to ask him earlier but it wasn't easy to talk to him at that time ..."

The Dean was a little nervous as he spoke. He even sneaked a glance at Lin Yi and changed his form of address from young hero Lin to Master Lin, "I know about Master Lin's skills in alchemy. I'm afraid only you can help me with this!"

"So it's alchemy. I wonder what kind of alchemy pill the headmaster needs?"

Lin Yi understood-house Guan and the Dean didn't get along before, and it was unlikely that they'd want to make pills. House Guan was no longer under the school's control, but their Alchemist was dead!

Lin Yi was indeed the best person for the Dean to ask for pills.

"I want to ask Master Lin to refine the void pill! I heard that President Huang was able to break through to the heaven breaking stage because he asked Master Lin to refine the void pill!"

The Dean was excited-Lin Yi didn't seem to reject him!

This had been his wish for many years, and it was about to be realized. How could he not be excited?

"Brother Huang, that's because of your own deep accumulation. Medicinal pills are just adding flowers to a brocade!"

"If the Dean wants the void pill, that's fine, but the ingredients ..." Lin Yi said faintly.

"Don't worry, Master Lin. I've already prepared the ingredients. It's just that it's not easy to gather the ingredients for the void pill. I only have one and a half portions here ... I wonder if I have a chance of successfully refining it?"

The Dean was a little embarrassed. When had he ever asked someone to refine pills for him?

It was because he did not have much power as the Dean in the past. To be able to gather one and a half sets of materials had already taken him many years.

If it was any other Alchemist, this amount of materials would not even be enough for the reward, so how could they refine pills?

Only Lin Yi had the chance to ask for it, and the only reason he didn't mention it at the banquet was because of one and a half portions ... It'd be too embarrassing to say it in front of others!

Especially since Huang Yuntian was present, he was too embarrassed to ask.

"Master Lin, the ingredients for the void pill are indeed a little lacking. As for the cost of the pill, I've also prepared some other gifts. I hope that Master Lin will kindly accept them."

The Dean knew that he was in the wrong, so he respectfully handed over a storage bag, which contained many other spirit herbs, spirit crystals, and other things.

Lin Yi didn't really mind-he took it and nodded,"No problem. Although the materials are a little lacking, I'm still confident that I can successfully refine it. Dean, please return and wait for my news. Before I leave this place, I'll definitely help you refine the void pill!"

"Many thanks, Master Lin! There's no rush. Master Lin, rest well. It won't be too late to refine the pills after you've recovered!"

The Dean was overjoyed. He quickly cupped his hands in thanks, then respectfully took his leave.

Lin Yi was planning on leaving after daybreak, but he couldn't just leave like that now.

He might as well wait for Qing Danzi to come and take advantage of these few days to recuperate the stability of his primordial spirit body and plan what he needed to do before leaving.

After leaving the words on the door, Lin Yi really did start his closed-door training.

However, he wasn't going to refine pills. He still had void pills in his hands, so he didn't really need to refine them. This time, he was mainly going to recuperate his primordial spirit body.

It would be even better if Ding Yi could come back in a few days and tell him about Wang Xinyan!

It was a pity that Ding Yi didn't show up after three days. Perhaps the tunnel wasn't easy to go through, or Xinyan's whereabouts weren't so easy to find-there was still no news of him when Lin Yi came out.

"Master Lin! You're out? It's hard work!"

The Dean smiled as he saw Lin Yi. He'd been loitering outside for the past three days, protecting Lin Yi. After all, the void pill was related to his breakthrough-he couldn't be too careful.

However, the Dean didn't dare to ask if the void pill was successful or not, afraid that he'd offend Lin Yi!

If the process failed, asking a question like that would be like slapping Lin Yi in the face-he really didn't dare do something so exciting ...

"The headmaster has been waiting. The void pill has been successfully refined!"

Lin Yi smiled and took out a small Jade bottle for the Dean."I wish the Dean a smooth breakthrough to the heaven breaking stage!"

"Thank you, thank you so much, Master Lin!"

The Dean's face was filled with excitement. His hands trembled as he took the Jade bottle and opened the bottle cap while thanking him.

A fresh pill fragrance slowly rose up, and the Dean immediately showed a satisfied and comfortable expression. After seeing the pill in the Jade bottle, he suddenly exclaimed,"Special grade void pill? Master Lin, you can actually refine special grade pills!"

That's right, Lin Yi took out special grade void pills!

He had no choice. He only had special grade void pills left.

The only medium-quality one was given to Liu zhangong, and the only high-quality one was given to ding one ...

"Ha ... Practice makes perfect. After refining it a few times, I'm already familiar with it!"

Lin Yi said casually, quickly changing the topic. "When will Qing Danzi arrive?"

According to the original plan, Lin Yi wouldn't be able to see Qing Danzi anymore, but he might be able to see him after three days.

"Master Qing Danzi should be here soon. Maybe we'll see him soon."

The Dean kept the Jade bottle carefully, suppressing his excitement as he replied respectfully.

He just wanted to go back and break through to the heaven breaking realm, but Lin Yi was still here, so he couldn't just leave.

"Dean, if it's convenient, can you help me confirm where Qing Danzi is currently at? I still have something to do. If he doesn't arrive today, I won't wait for him!"

Lin Yi said after some thought. The Dean patted his chest and promised that he'd get it done immediately.

Chapter 7025 The First Disciple

After seeing the Dean off, Lin Yi was about to look for Huang Xiaotao and Huang Yuntian to tell them about his plans when the Dean came back in a hurry.

"Master Lin, master Qing Danzi has arrived at our school. He's on his way here!"

The Dean reported the news to Lin Yi from afar.

Lin Yi didn't think that Qing Danzi would be here just in time.

When the Dean came back, Huang Yuntian and Huang xiaotao came to Lin Yi's side. The two of them would guard the place for a while every day. It was just that Lin Yi came out earlier today, so he didn't see them.

The few of them greeted each other and didn't say much before Qing Danzi arrived in front of Lin Yi. He bowed excitedly when he saw him.

"Master, disciple heard that you were here, so I rushed over without stopping!"

Qing Danzi was extremely respectful to Lin Yi, but he didn't show much respect to the others, only greeting them casually.

As a noble Alchemist, they didn't care about ordinary people, even if that person was the president of the Alliance in the mystic Sea region!

Lin Yi had no choice but to introduce Huang Yuntian to Qing Danzi, and Qing Danzi greeted him again.

As for Huang xiaotao, she was quite familiar with Qing Danzi. Back in the morning Star golden class practitioner Institute, the two were quite close because of Lin Yi. Qing Danzi also took care of Huang xiaotao and Wang Xinyan, so it was quite lively when the two met.

The Dean left with a meaningful look-it would be Lin Yi and Qing Danzi talking for the rest of the time, and it wasn't wise for him to stay.

"Everyone, come in and talk!"

Lin Yi gestured for the three to enter his yard and sat down in the living room, "I'm going to leave for a while today. I'll leave the dark night Mountain region to Qing Danzi. "

"Where is shizun going? Disciple wants to follow shizun's side so that I can ask for help sooner or later!"

Qing Danzi was a little anxious. It was not easy to see him, but he had to leave again?

"It's not convenient for me to bring people with me to the place I'm going, so you should stay in the dark night Mountain region. It'll be easier for you to help me. "

Lin Yi smiled and waved his hand, consoling Qing Danzi, "This place is very important to me, and there aren't many people I can trust. You're one of them, which is why I invited you here from the yellow-class Sea area."

"So that's how it is. If shizun has any matters, please feel free to instruct me. This disciple will definitely do a good job for shizun!"

Qing Danzi quickly expressed his loyalty and stopped talking about following Lin Yi.

"I, as your master, have never had the opportunity to properly teach you alchemy. Today's opportunity is rare, so I'll talk to you about alchemy."

Lin Yi was planning to improve Qing Danzi's skills-it'd be good for him in the future,"First of all, let's officially talk about the sect's inheritance!"

He'd never mentioned that he was Zhang Liju's student in front of Qing Danzi-after all, they hadn't even met yet, so technically, they weren't really master and disciple.

Seeing Zhang Liju's clone this time, Lin Yi could finally confirm the master-disciple relationship with Zhang Liju, and he could talk about his sect's heritage openly.

"Yes! Disciple is all ears, please state your orders!"

Qing Danzi knelt down and saluted with great respect, his expression was extremely pious.

Lin Yi was so young, but he'd already made so much progress in the field of alchemy-there was no need to ask to know that his heritage wasn't simple.

"My master, who is also your Grandmaster, is pill God Zhang, also known as the pill God and medical Saint. I think you should have heard of his name."

Lin Yi brought up Liju-Qing Danzi was his big disciple, and he had to let him know that."From now on, you have to focus on your alchemy studies. You can't embarrass your Grandmaster."

Qing Danzi's face was full of shock-he'd guessed Lin Yi's background long ago, but he didn't expect him to be Zhang Liju!

In the eyes of alchemists, Zhang Liju was a legend!

"Grandmaster ... It's actually that old man!"

After the shock, Qing Danzi was overjoyed. This was more like it-other than the divine Alchemist and medical Saint, who could raise such a young master?

"It's enough for you to know about this matter. Don't leak it out. "

Lin Yi said, not wanting to announce his relationship with Zhang Liju yet. "Today, I'll first teach you some of my sect's alchemy techniques. In addition, I'll also teach you some pill recipes. Take them and carefully study them."

Qing Danzi was overjoyed, he quickly bowed and thanked him.

Huang Yuntian and Huang Xiaotao, who were at the side, became the witnesses. Lin Yi had formally accepted Qing Danzi as his disciple again, officially becoming his first disciple in the field of alchemy!

"These are the notes I made when I was free. There are also some pill recipes. Keep them well and remember not to spread them!"

Lin Yi took out a small booklet and passed it to Qing Danzi. On it were the things he had prepared during his retreat. Most of it was Zhang Liju's stuff, but there were also some copies of the recipes that Qing Danzi could use at the moment.

"Thank you, master. I will definitely not reveal the sect's secrets!"

Qing Danzi raised both of his hands over his head and took the book with great care, "In the future, this disciple will definitely carry forward master's teachings!"

In fact, Lin Yi didn't really care if the contents of the book were leaked-he just felt that it would make more sense to say it like that.

The most basic thing about Zhang Liju's pill making was to keep his spirit sense and body in the same state, and then the other skills.

On the entire Sky Class Island, only Lin Yi fit the criteria. Lizao Yi was raised by Liju since he was young, and he couldn't be compared to Lin Yi, a wild disciple.

"Hehe ... Learn well. I have high hopes for you. In the future, you will definitely become an alchemy Grandmaster on par with your Grandmaster!"

Lin Yi smiled as he patted Qing Danzi's shoulder. He didn't even believe his own words.

How many years had it been since the divine alchemy Doctor Zhang Liju had appeared?

It didn't mean that he would be better than his master. Qing Danzi's talent was there, he would definitely improve, but it was almost impossible for him to be on par with Zhang Liju.

But Qing Danzi was already satisfied-he was already excited to be able to fulfill Lin Yi's expectations. As for being on the same level as Zhang Liju, he'd just treat it as a dream and goal.

After some more talking, Lin Yi sent Qing Danzi to take over the governor's estate left behind by house Guan. Naturally, the Dean would provide the people who would cooperate.

Huang Yuntian also got a few of his trusted men to help. With them there, Lin Yi didn't have to worry about Qing Danzi's side.

"Brother Huang, Xiao Tao, there's nothing else in the dark night Mountain region. I'm going back to Nakajima!"

Lin Yi waited for Qing Danzi to leave before bringing up the topic of leaving, "There's no news on Wang Xinyan's whereabouts yet, but I might have some new clues when I get back to Nakajima,"

Chapter 7026 A Brand New Nakajima

He'd gotten the tech formation disk from the base, and aside from the people in the center, only Han Jingjing could fix it-he had to go back and find her.

Perhaps he could find where central had gone after he repaired the technological disk array. Of course, it would have been better if Ding One had sent him the news earlier.

Other than fixing the formation disk, Lin Yi also had to say goodbye to everyone. Nakajima had to do this!

"Brother Lin, it's a long way back to Nakajima, and it's inevitable that some accidents will delay the trip. Why don't you let this big brother accompany you?"

Before Huang Yuntian returned to the Earth Class sea, he was relatively free. Accompanying Lin Yi for a while wasn't a big deal.

"Thank you, big brother Huang, but I'd better go back alone. It'll be faster that way!"

Lin Yi smiled and declined. Huang Yuntian wouldn't be of much help if he followed him to the middle Island. That was a place where even sea shattering realm cultivators wouldn't appear easily. If something happened, Lin Yi only needed to show his strength of the mountain opening realm and he could settle it easily.

"Fine, since you've said so, lil bro Lin, I'll continue my investigation in the mystic division sea. I have to find out where those rats are!"

Huang Yuntian did not insist. He turned to Huang xiaotao and asked, ""Little sister, do you want to stay in the morning Star Mystic division? Or big brother can help you transfer to Feiyang school-that's Lin Yi's base camp, and it'll be more lively there. "

"Big brother, there's no need to trouble yourself. I'll just continue my training at the Morning Star Mystic division school. First, I'm more familiar with this place, and second, I haven't found Xinyan yet. Maybe she'll find a way to get out on her own. I'll stay and wait for her!"

Huang xiaotao shook her head. If Lin Yi went back to Feiyang school, she might consider going with him, but since Lin Yi wanted to go back to Central island, there was no need for her to go to Feiyang school now.

In any case, the Guan clan was already finished, and the person in charge of the dark night Mountain region had become one of their own. There was nothing to worry about in the future.

"Alright, you decide for yourself!"

Huang Yuntian nodded. If Huang Xiaotao was happy, then anything was fine.

The three chatted for a while more, and Lin Yi was getting impatient. He bid the two farewell and left the Morning Star Mystic division school alone, heading back to the island.

A few days later, Lin Yi finally flew back to the Middle Island.

One of the main reasons he came back this time was to find Han Jing Jing, but the island she was on was in another direction, and he would pass by the middle Island first, so he decided to go back to the heavenly elixir Pavilion first.

Previously, Tian Gang and Xue Li had left the middle Island to cultivate with Tian Xing. He did not know if they had returned. It had been a long time since he had seen them, and there had been no news from them since.

With Tianxing and Tiangang Xue Li in his mind, Lin Yi had already landed on the middle Island. He jumped in shock when he saw what was inside.

This is Nakajima?

Lin Yi suddenly felt that this was ridiculous. Did he just go back to the common world?

More than half of the antique buildings had disappeared, and many high-rise buildings made of reinforced concrete had appeared in the streets of the market!

There were still some unfinished buildings that had already begun to take shape. Overall, Nakajima already had the prototype of a modern city!

"What's going on?"

Lin Yi's jaw dropped as he mumbled, "Isn't the urbanization process a little too fast? I haven't been back in five, six, seven, or eight years, have I?"

But after seeing the workers' skills, Lin Yi understood. These workers would be heroes in the common world, and with this kind of labor, the progress of the project would be fast.

Lin Yi sighed and immediately turned his spirit sense to the heavenly elixir Chamber of Commerce. Unfortunately, the building where the Chamber of Commerce used to be was gone. It was replaced by a skyscraper!

The design of the building was quite domineering, and there were a few huge words on it. The flamboyant style of the characters looked down on the Central Real Estate Association!

The center!

He didn't expect that these damn bastards would take advantage of his absence to directly occupy the heavenly elixir Chamber of Commerce!

But all of this wasn't important. Lin Yi just wanted to know where Tian Gang and Xue Li were. He hoped that Tian Xing hadn't brought them back yet.

Lin Yi's spirit sense continued to sweep out. First, he had to confirm if the heavenly elixir Chamber of Commerce still existed. If it had disappeared, then there was no need for this Central Real Estate Chamber of Commerce to exist!

In the blink of an eye, Lin Yi's spirit sense had covered the entire building and he saw the sign of the heavenly elixir Chamber of Commerce!

Fortunately ... They were not destroyed by the center!

Lin Yi let out a breath of relief. His body flashed and he appeared in front of the heavenly elixir chamber.

The heavenly elixir Chamber of Commerce was now deserted. It was just a small shop, almost the same as a grocery store in the secular world. It was also located in a corner and very remote, so almost no one would come here.

But Lin Yi didn't care about that. As long as the heavenly elixir Chamber of Commerce and people were still there, everything else didn't matter!

"Do you have anyone who can make decisions here?"

Lin Yi walked into the heavenly elixir Chamber of Commerce to find an unfamiliar shop assistant inside. There was no one else.

"What can I do for you? Although I can't make all the decisions, I can still handle some small matters. "

The young shop assistant was full of smiles as he enthusiastically welcomed them. It was rare for a customer to come, so he definitely had to show some spirit.

"I'm looking for guild leader Shang Wanyi. Is he not here?"

Lin Yi didn't find Tian Gang and Xue Li with his spirit sense, nor did he see Shang Wanyi and the others. He guessed that Tian Gang and Xue Li hadn't returned yet, so he asked Shang Wanyi for their whereabouts.

"Chairman Shang has taken some people to the North Island and won't be back for a while. If you want to find him, I'm afraid you'll have to come back after a while!"

Seeing that there was no business to do, the waiter was a little disappointed, but he still maintained his politeness and made a final effort. ""Our heavenly elixir Chamber of Commerce's items are all exquisite. Don't you want to take a look, Sir?"

"There's no hurry. Since Chairman Shang is not here, do you know about Tian Gang and Xue Li?"

Lin Yi asked casually, not expecting much. If they hadn't returned yet, then this new guy wouldn't know about Tian Gang and Xue Li's existence.

"Are you talking about the two bosses behind the scenes of our heavenly pill Pavilion? I heard that they went to cultivate with the Vice Island Lord of the heavenly path and never returned. If they were here, our heavenly pill Pavilion wouldn't be suppressed like this, right?"

The young shop assistant actually knew about the existence of Tian Gang and Xue Li, and even ruthlessly sighed with emotion, but he didn't know that the person in front of him was the big boss of the heavenly pill Pavilion Chamber of Commerce!

"I haven't been to Middle Island for a long time. It wasn't like this before. Heavenly pill Pavilion and Chamber of Commerce should be there. What happened?"

Lin Yi's lips curled up into a smile as he continued to probe, "If the heavenly elixir Chamber of Commerce were to move, they should be able to move to a similar place, right?"

Chapter 7027 The Island Master Changes

"Hey, don't mention it. It's all because of the central Chamber of Commerce!"

It was rare for the young man to have someone to talk to, and he was quite interested. He looked around the door and saw that there wasn't anyone around, so he asked Lin Yi to sit down. "The central Chamber of Commerce has developed rapidly in the past year or so, and they're quite overbearing. Our

heavenly pill Pavilion Chamber of Commerce could have suppressed them, but the people in charge are not here, so we're slowly losing out."

Lin Yi sweated-he'd left the central island and left the heavenly elixir Chamber of Commerce behind, and now he was being suppressed by the central Chamber of Commerce. It seemed like he wasn't a good boss.

He had not thought of this at first. After all, with the government of Middle Island looking after them and Shang Wanyi's talent, it was not difficult to manage the heavenly elixir Chamber of Commerce.

"I heard that the heavenly elixir Chamber of Commerce has a very good relationship with the acting Island master of Middle Island. Does the central Chamber of Commerce not have any scruples?"

Lin Yi asked curiously. It seemed like a casual question, but he was trying to direct the young man.

"That's old news. The acting Island master who had a good relationship with our Chamber of Commerce has long been stepped on by others. It's our enemy who takes the position."

The young man shook his head and forced a sigh. ""With the support of the central Chamber of Commerce, the two sides can work together to make the central Chamber of Commerce rich!"

Lin Yi suddenly understood-no wonder Nakajima was transformed so quickly. Other than Central's strength, there was also the power of Nakajima's officials!

"Who is the acting Island master now? Did the AO Tian family not respond to this?"

Lin Yi remembered that the acting Island master was from the AO Tian state. With the AO Tian family's strength, there was no reason for them to not react at all, unless central sent a master to interfere!

"After the AO Tian state's acting Island master was injured, the AO Tian family appeared to be very angry, but they quickly quieted down. If there's anything strange going on, it's not something this lowly one can know!"

The young man replied carefully and continued, ""The current acting Island Lord is Wu Miao, and he's in cahoots with the central Chamber of Commerce. He ordered us to forcefully demolish the original place of our heavenly pill Pavilion Chamber of Commerce, and built it into the current Central Real Estate Chamber of Commerce!"

Lin Yi blinked. Ao Tian Zhou was injured?

"What's the current situation in the AO Tian state? Are there any major problems?"

Lin Yi asked. He was ao Tianba's second brother, after all, and they had a good relationship."He was injured by Wu Miao?"

"His injuries aren't that serious. Otherwise, I don't think the aotian family would have given up so easily."

The young man smiled and said with a sigh, ""The AO Tian state's acting Island master is really not bad, but it's a pity that he was ousted just like that. The news that has spread out is not very detailed, and I'm not sure if the one who injured him was Wu Miao. I only heard that the current Wu Miao is a little strong!"

Lin Yi understood immediately-Wu Miao was most likely one of the test subjects now that he was with central.

As for Wu Miao's level, it was hard to say. It depended on what kind of medicine he accepted. If he was similar to yang Dian, it would be a more troublesome thing.

"I'm looking for the AO Tian state. Is he currently in the AO Tian clan?"

Lin Yi decided to visit the AO Tian state-it was a visit, and he wanted to take back control of Nakajima.

It was not difficult to kill Wu Miao, but there was no better candidate than the AO Tian state to control Nakajima.

Tianxing Dao was fine too, but there was no news of him now, and Lin Yi couldn't stay in Nakajima for long, so the only choice was to make a comeback in the AO Tian state!

"Probably. I'm not very clear about these things. If you want to find the acting Island master of the AO Tian state, it's not wrong to go to the AO Tian family."

The young man shrugged his shoulders, indicating that he was unable to help.

Lin Yi thought about it and agreed-asking the guy for the state's location was like asking a waiter in a restaurant in the common world for the exact location of a provincial level leader.

The monk can run, but the temple can 't. It was this universal truth that made the young man say more.

"You're right! Then where is the AO Tian family? How far is it from here?"

Lin Yi didn't spend too much time in Nakajima, but he really hadn't been to the aotian family, so he just wanted to ask.

"The aotian family is a big family in Nakajima. There's a Manor nearby, about five or six miles away. The main house of the aotian family is in the mountains in the East of Nakajima. Ordinary people can't easily enter."

The young man was a native of Nakajima and was quite familiar with the situation of the major families."But I heard that the AO Tian state's acting Island Lord usually deals with family-related matters in the manor. So if you want to find him, you should be able to find him at the AO Tian family's Manor."

"I see, thank you for telling me!"

Lin Yi cupped his hands in thanks and sent his spirit sense out. Five or six miles wasn't much, and he found the house in the direction the young man pointed.

However, his divine sense couldn't penetrate it, so he couldn't be sure if the AO Tian state was really there.

The heavenly elixir chamber was deserted, and there wasn't a single person Lin Yi wanted to see. There was no need for him to stay any longer, and so he left after a few words with the young man.

Lin Yi wanted to look for ao Tian Zhou, but decided to go to Han Jing Jing's first after some thought.

With such a big change in Nakajima, would han Jingjing be in trouble as well?

The wormhole was a passage to the secular world, so there was no room for mistakes. Han Jing Jing would definitely know about the changes in the heavenly elixir Chamber of Commerce. After all, there were goods from the secular world that had to be sold to the heavenly elixir Chamber of Commerce.

Lin Yi didn't stop and flew straight to the island.

Lin Yi relaxed a lot when he saw that the island's formations were working fine.

It's good that you're fine!

Lin Yi was really worried that something might have happened to han Jingjing. Ning Xuefei and Wang Xinyan's accidents had already frightened him. Compared to han Jingjing's safety, the wormhole was not a big deal.

He passed through the formation and entered the mountainside. He saw han Jingjing quickly entering instructions on several virtual keyboards.

An entire mountain wall had been transformed into a display screen, and there were several screens on it. At this time, various dazzling interfaces were rapidly scrolling.

"Jing Jing, what are you busy with?"

Lin Yi looked at her for a while and felt a little dizzy ... He had to admit that Han Jing Jing was the genius in this area, and he was just a normal person.

He didn't want to disturb han Jingjing, but he couldn't let this go on. He had to call out to her first.

Chapter 7028 Particle Disintegrating Bomb

"Lin Yi bro!"

Han Jingjing was overjoyed. She turned around and jumped up when she saw Lin Yi. She wanted to hang onto him. "You're back! Why didn't you tell me in advance? I wasn't prepared at all!"

"What do you want to prepare? Is there a surprise present?"

Lin Yi was in a good mood. He smiled and hugged Jingjing before looking at the screen on the wall. "What is this? You seem to be very busy!"

"No, I'm just bored, so I'm going to make a bomb!"

Han Jingjing smiled and pulled Lin Yi to the display. "Lin Yi bro, you've been to Nakajima, right? You should be able to see many tall buildings in the center, right? I want to make a construction particle bomb and destroy the building of the Central Real Estate Association. That's the heavenly pill Pavilion Chamber of Commerce's territory. If we can't use it, they can't use it either!"

Lin Yi sweated-it seemed like han Jingjing was really bored to the point of researching something like this ...

If they really wanted to blow up the building, any missile would be enough. Why would they need to specially research new weapons?

"Lin Yi bro, don't look down on Jingjing's bomb disposal-this kind of bomb will only turn buildings into particles, it won't harm any living things. Don't you think it's fun to see the whole building suddenly disappear and then the people inside start screaming?"

Han Jingjing's smile was very innocent, but her big eyes were full of mischief. "Too bad there's still some problems that haven't been solved yet, or I'd be able to show you now, Lin Yi bro!"

"Ha ... It's quite interesting ... Let's talk about this later. Jingjing, you know everything that happened on Nakajima?"

Lin Yi smiled and changed the topic, "Let's not talk about the heavenly elixir Chamber of Commerce. What's the fight for acting Island master of Middle Island about?"

"Jing Jing did pay attention to some of the central island's matters, but she didn't interfere. After all, this is our base. If the heavenly elixir Chamber of Commerce is suppressed, then so be it. It'll be fine once Lin Yi bro comes back!"

Han Jingjing scratched her forehead and thought for a moment before she continued, ""The competition for the position of the island master of the middle Island is actually very simple. After all, the official Island master has not been decided yet. It has always been the acting Island master who manages the middle Island. Since it is the acting Island master, it is normal for qualified people to compete for it."

"Ao Tian Zhou has been the acting Island master for a long time. Logically speaking, there's nothing wrong with becoming the official Island master. Jing Jing felt that someone had been opposing this matter in order to compete for the position of acting Island master in the future. So it's not strange that Wu Miao replaced ao Tian Zhou!"

"Wu Miao himself doesn't have the strength and background to compete with the aotian family for the position of Island master. It should be central who is behind him, right?"

Lin Yi's face was serious as he frowned. "Now that Nakajima is under central and Wu Miao's control, Jing Jing, don't you think it's a little dangerous?"

"Lin Yi bro, do you think central will control Nakagama? Actually, it wasn't that simple! Don't look at how Nakajima is not strong on the surface, there are many hidden cards in the dark. If something really happens to Nakajima, those hidden masters will naturally come forward to solve it. "

Han Jingjing was a little disapproving of this.""Besides, Wu Miao might not be able to hold his position as the acting Island master for long. There should be a fight for the position of Island master soon ... Yes, it's an official Island master, not an acting Island master. Jingjing was still thinking about how to help them, but now that Lin Yi bro's back, we don't have to worry anymore!"

Lin Yi smiled bitterly to himself-he should be the one worrying about his own condition!

However, he was not prepared to say these things out loud. It would only make han Jingjing worry, and it would do him no good.

"I'll pay a visit to the aotian family and see if there's anything I can help with!"

"Wangba's not here?"Lin Yi said with a wave of his hand. Has this guy been up to no good recently?"

To put it in a more literary way, Wangba was a rebel-he couldn't be taken lightly. If it weren't for the fact that Han Jing had a way to control him, Lin Yi would've killed him already.

"Wang Ba went to the secular world. Most of the forces in the center have been wiped out, but there will always be some fish that slipped through the net. Let him go there and help. At the same time, take

a look at the wormhole entrance in the secular world. There seems to be something strange recently, but it shouldn't be a big problem."

Han Jingjing revealed a cute smile and continued,""Don't worry, Lin Yi bro-Wangba might have his own plans, but he won't be able to escape from Jing Jing's grasp!"

"That's true. Wang Ba is only a little smart. He can't be compared to Jing Jing's great wisdom!"

Lin Yi nodded with a smile, not wanting to talk about Wangba anymore."Right, I have something here. Can you help me repair it?"

As he spoke, he took out the metal disc he got from the base and placed it in the middle of the mountain.

Fortunately, this place was big enough, or else it would be difficult to set up!

"What is this? What's the use of it?"

Han Jing Jing raised her head and looked at Yuan Pan blankly."It looks like a technological product, but those lines ... Are they related to arrays?"

Although han Jingjing did not have much knowledge of formations, Wang Ba was a master of formations. He would have some understanding of it after some time.

"It is indeed related to arrays. This thing was obtained from one of the bases in the center. Jing Jing, take a look and see if you can repair it."

Lin Yi could only ask Han Jing Jing for help with technology. "Don't worry about the formation for now. We just need to find a way to restart this disc."

The formation that went with the disc wasn't simple-Lin Yi remembered it, but he didn't want to draw it out.

If Han Jing Jing finished repairing it and activated the teleportation formation with the runes, it would be a tragedy if Lin Yi wasn't there ...

Whether han Jingjing was teleported to the center or the people in the center were teleported to the entrance of the wormhole, it would be a disaster!

"Good! Don't worry, Lin Yi bro-I'll do my best to fix this thing!"

Han Jingjing clenched her small fists and waved them around, encouraging herself. ""Jingjing believes that she'll be able to take care of it soon. Lin Yi bro, just wait for my good news!"

"I'll naturally be at ease if I leave it to you! Do you need anything? I'll get it for you!"

Lin Yi couldn't do anything about it, so he thought of other ways to help. "There should be suitable parts in the center. If you need them ..."

"It's fine, did you forget Lin Yi bro? We have an advantage in this aspect!"

Han Jingjing smiled and pointed at the entrance of the wormhole. "With this thing, we can get anything we want in terms of technology. On the other hand, central is relatively short of supplies. They're mostly eating their old capital now, and the replacement of parts is far inferior to ours!"

Chapter 7029 Visiting The Aotian Family

Lin Yi suddenly understood and was very surprised at Central's ability. After Lin Yi controlled the wormhole entrance, they could still continue to develop. It was quite amazing!

"That's right, I'm free now!"

Lin Yi smiled and asked, "Jing Jing, how long do you think this thing will take to be repaired?"

It'd taken a couple of days to get back from the mystic class sea, and Lin Yi didn't have much time-he was worried that Ding Yi might suddenly show up and say that they were leaving, so the sooner he repaired the formation the better.

"I can't say for sure. Jing Jing needs to take a look first to be sure. If there are no problems, a few days should be enough!"

Han Jing Jing tapped her chin with her finger and looked at the metal disc up and down. She made a rough estimate. "Lin Yi bro, are you in a hurry? Then Jing Jing should hurry up and do it!"

"If you can be fast, then be fast. It doesn't matter if you can't be fast. Jing Jing, don't force yourself!"

Lin Yi was worried that she'd push herself too hard, so he quickly consoled her, "I can't tell what use this thing has now. Just do it seriously. There's no need to risk your life!"

"I know, I know what to do. Don't worry, Lin Yi bro!"

Han Jingjing's eyes curved into crescents as she smiled happily. Lin Yi's concern for her made her very happy.

"Then I'll leave this to you. I'll go back to Nakajima and ask the people of the otian family for information!"

Lin Yi paused before continuing, "It's better to leave Nakajima in the hands of the aotian family. That's more reassuring!"

"Okay, Lin Yi bro, you can go."

Han Jing Jing finished her sentence and immediately started working on the formation disk, not even bothering to see Lin Yi off.

Lin Yi smiled-this little workaholic was really efficient. All geniuses had this trait!

He left the secret base and returned to Nakajima without disturbing Jingjing.

However, he did not go to the aotian family immediately. Instead, he went to the Central Real Estate Association first.

"Who's the person in charge here?"

Lin Yi walked into the building, feeling as if he'd returned to the common world. That feeling only intensified when he saw the beautiful lady at the front desk in an OL outfit.

"Is there something you need, Sir? If it's convenient, you can tell me first, and I'll solve it for you immediately!"

The lady at the front desk had a formal smile on her face as she bowed slightly."If I can't provide any help, there will naturally be people with sufficient authority to serve you!"

"I'm fine, I just wanted to talk to the person in charge. Is Zhong pinliang in charge or Kang Zhaoming in charge?"

Lin Yi didn't really need to see anyone-he just wanted to know who his current opponent was.

If it was Zhong pinliang, he might be able to solve the problem in private, but if it was Kang Zhaoming ... Lin Yi was considering whether he should deal with him as if he was a problem.

The beautiful receptionist immediately became more respectful, and her formal smile became more enthusiastic. "I'm sorry, so you know our President Zhong and President Kang. May I know your name?"

Lin Yi's mouth twitched. Chief Kang? Did they have to be so secularized? As for his name, Lin Yi didn't know how the receptionist would react.

Directly find people to gang up on him?

"My surname is Lin. You just have to tell me who's in charge here and if I can see them."

Lin Yi was getting impatient. If it wasn't for the restrictions on his spirit sense, he wouldn't even bother talking to her. Although it was a pretty girl in front of him, it was boring.

"So it's Mr. Lin. Chief Zhong is in charge of our Chamber of Commerce, and chief Kang is in charge. However, they're not here now. If Mr. Lin wants to see them, do you need to make an appointment?"

The beautiful receptionist smiled and looked down at something before looking up again. "Chief Kang will be back tomorrow. Do you need to make an appointment for tomorrow's meeting, Mister Lin?"

Lin Yi's lips twitched. He wasn't interested in meeting Kang Zhaoming, not to mention that he had to make an appointment ... Making an appointment to meet Kang Zhaoming didn't seem very reliable!

"Forget it, we'll talk about it tomorrow! When will Zhong pinliang be here?"

Lin Yi didn't want to see Zhaoming, but he wanted to see Zhong pinliang. He didn't know what the situation was like.

"Mr. Zhong has left Nakajima for some business, and we don't know when he'll be back. Are you sure you want to see Mr. Lin? You'll be able to see chief Kang tomorrow!"

From the receptionist's point of view, if Lin Yi was in trouble, Kang Zhaoming could take care of it. After all, he was the real leader of the Central Real Estate Association. Zhong pinliang might not be as useful as Kang Zhaoming.

"No need. I'll come back when I'm free. It's not important whether I can see him or not!"

Lin Yi waved his hand, disinterested. "Since they're not here, I'll go back first!"

Lin Yi wasn't even in the mood to mess things up when the person wasn't here.

If Kang Zhaoming was here, Lin Yi might just tear this place down!

It's really beneath me to fight with some small fries head on!

After leaving the Central Real Estate Chamber of Commerce, Lin Yi went straight to the AO Tian house's Manor and reported his name, requesting an audience with ao Tian Zhou. As expected, the acting Island Lord was in the manor!

Quite a few people knew about Lin Yi's relationship with the otian brothers, and so one of the guards went to report the news while the other followed Lin Yi in respectfully.

As soon as he entered the house, ao Tian Zhou rushed out and greeted Lin Yi with a smile. "Lil bro Lin, why are you back? I haven't seen you for so long, I really miss you!"

Lin Yi didn't have a deep friendship with ao Tianzhou, but with his relationship with ao Tianba, ao Tianzhou's casual attitude only made him feel closer!

"Brother ao Tian, you're too kind. I had something to deal with and passed by Nakajima. I just came back and heard that brother ao Tian had suffered some minor injuries, so I came to visit. However, looking at brother ao Tian's appearance, it seems that he's fine."

Lin Yi said casually before entering casual chat mode with ao Tianzhou.

"I'm indeed fine. Thank you for your concern, brother Lin! Speaking of this now, I'm also ashamed. At that time, I was actually defeated by Wu Miao, and even lost the acting Island Lord position in my hands!"

Ao Tianzhou shook his head with a bitter smile and immediately reacted. "I'm sorry, why do you keep talking about these unhappy things when you're reuniting with an old friend?"

"Brother ao Tian, are we just going to let this matter go? I heard that the fight for the position of Nakajima's master is about to begin. Brother ao Tian, do you have any thoughts?"

"Or are we just going to give up the island Lord position?" Lin Yi asked.

"That's naturally not possible! Truth be told, I was already preparing to set off before lil bro Lin came!"

Chapter 7030 Settled By Force

Ao Tianzhou revealed a faint smile, but an undetectable trace of bitterness flashed in his eyes. "Today is actually the selection day for the Lord of Nakajima! I was the previous acting Island master, so I have the right to participate in the election for the middle Island master. If I don't go, it will directly help Wu Miao. So no matter what, I will go and stop this from happening. "

"So today is the day of the island Lord's selection. Brother ao Tian, do you have confidence in facing Wu Miao?"

Lin Yi blinked, surprised, "What are the rules for the island owner's selection?"

"What confidence, I'm just doing my best and leaving it to fate!"

Ao Tianzhou smiled bitterly and shook his head. He then continued, "The rules are actually very simple. Those who are qualified can become the official Island owner as long as they can get enough votes. Currently, my and Wu Miao's votes are exactly the same!"

"The votes are similar? Why did this happen?"

Lin Yi was surprised. There wouldn't be even numbers of voters in an election, so there was a chance to win. He didn't expect a tie for something as big as Nakajima's Lord.

"Originally, this situation would not have happened. However, the Vice-Island master of the heavenly path is not here, so I lost a decisive vote. Otherwise, I would have been the island master by now!"

Ao Tianzhou didn't avoid the question, but his words were filled with regret.

Everyone knew about the relationship between Lin Yi and Tian Xing Dao, but no one knew where Tian Xing Dao went.

"Ha ... It's a pity! If the votes are similar, how will the winner be decided?"

Lin Yi shook his head with a bitter smile. He couldn't do anything about it-he still wanted to go to Tian Xing Dao, but it was more important to find a way to get ao Tian state to the top."Brother ao Tian, if there's anything I can help you with, please don't hesitate to ask."

"I'm afraid you can't help much with this ..."

Ao Tianzhou shook his head and continued,""Since the votes are similar, we can only use a duel to decide the winner. I've already tried my best to increase my strength, but Wu Miao is a little strange, so I'm not sure if I can win."

"The two of you have to personally fight? Can't the forces they belong to interfere?"

Lin Yi knew that Wu Miao was weird, and it was impossible for him to not be weird when he was with central!

If the candidate had to do it himself, the AO Tian state would most likely lose!

But even if that wasn't the case, the aotian family might not necessarily send a real hidden master to participate in it, right?

"In principle, it's just a fight between us, but it's not said that we can't have the help of others!"

Ao Tianzhou waved his hand dismissively. "It's just that there's a restriction in the fight for the position of the middle Island Lord. No experts above the sea shattering stage are allowed to appear. Therefore, it doesn't make a difference whether we have help or not!"

Lin Yi suddenly understood. Other than the East continent, the other islands didn't have any masters of the sea Rift realm on the surface. It wasn't that they didn't have any, but they were just hiding!

Nakajima was just a representative who was pushed out to the front desk, and the restriction of strength was also based on this.

Since he couldn't reach the sea Rift stage, the current strength level of the otian state just happened to be stuck at this threshold of the great circle of earth-splitting!

If he took it one step further, ao Tian state would lose the qualification to compete for the position of Island master. On this basis, it was indeed impossible for ordinary people to help, because those who were stronger than ao Tian state were mostly experts in the shattered Sea!

On the other hand, Wu Miao's strength might be similar to ao Tianzhou's on the surface, but with central as his backing, Wu Miao's true combat strength should be above the sea splitting stage!

"I see ... I understand now. Brother ao Tian, when will the competition for the position of Island master begin?"

Lin Yi pinched his chin and nodded. "I don't have anything to do. I'll go and cheer for brother ao Tian!"

His true combat strength is above the sea shattering realm? Lin Yi didn't really mind-he had to be prepared to make a move in order to ensure the AO Tian state's position.

It would be for the best if ao Tianzhou could win the fight, but if he couldn 't, Lin Yi couldn't just stand by and do nothing!

"That's good too. With younger brother Lin here, I'll have more confidence and morale!"

Ao Tian Zhou smiled and didn't care too much.

After all, he knew how strong Lin Yi was when he left the island. Even if Lin Yi improved now, it would be very limited. He wouldn't be able to help much other than cheer for him.

Lin Yi smiled and nodded, not explaining much. He'd hidden his aura, so ao Tianzhou couldn't tell his true level, let alone his strength.

"It's almost time. Why don't we go now?"

Ao Tian Zhou looked at the time."The place of the duel isn't too far away. It won't take us long to get there."

"It seems that I came at the right time. If I came later, I might have missed brother ao Tian!"

Lin Yi naturally didn't object as he prepared to leave with ao Tianzhou.

After a short while, the two of them arrived at the arena.

This was a martial arts practice field in a big house. Although the fight for the position of Island master was important, it was not a public fight, so there were not many people watching the battle, only about ten or twenty people, most of which were the higher-ups and elders of the middle Island.

Lin Yi saw a few familiar faces-he'd probably met them before, but didn't have much of a relationship with them, so he just greeted them.

An arena had been set up in the middle of the martial arts practice field. Wu Miao was the first to wait on the arena, his entire person appearing to be in high spirits and extremely proud.

"Ao Tian Zhou, you're finally here! I thought you were afraid, so you gave up today!"

Wu Ju raised his chin and pointed his nose at ao Tian Zhou and Lin Yi, looking down at them with a domineering air. "Lin Yi kid, you're back too. Just in time, we can see how bad ao Tianzhou, your right-hand man, is!"

"Hehe ... Just by looking at you and central, I know what it means to be in cahoots. I'm sorry to say this wrong, but you don't even have the right to be in cahoots with central. You're just a tool in Central's hands. I really don't understand, what are you so proud of?"

Lin Yi chuckled in disdain, "You're so happy being a puppet, and you're even helping to count the money after being sold. I think you're the kind of person who's an idiot, right?"

Wu Miao's face darkened. Although everyone could see that he was colluding with the central Chamber of Commerce, no one dared to say it out in the open.

Lin Yi's words made Wu Ju feel a little embarrassed. He shouted, "Ignorant child, what nonsense are you spouting?"

"You know very well whether I'm talking nonsense or not. This is my bad habit. I like to speak the truth!"

Lin Yi's mouth was full of mockery as he continued, "As for a coward like you who has the guts to do it but doesn't have the guts to admit it, I don't want to waste my breath on you!"
