

Bodyguard 7031

Chapter 7031 Super Power Wu Miao

"Do you think I'm willing to waste my breath on you? Lin Yi, let's see if you'll still be so cocky after I become the island owner! At that time, there won't be a place for you in Nakajima!"

Wu Ju laughed coldly and stopped arguing with Lin Yi. He threatened, "The AO Tian state is finished. If you know what's good for you, you'd better hurry over and hug my thigh. Otherwise, you should know the consequences!"

Several of the higher-ups of Nakajima, who were watching from the side, looked a little unhappy. They obviously felt that Wu Miao's words were beneath his status!

Of course, these people were all supporters of the AO Tian state. Although they were unhappy, it was not appropriate for them to speak up to avoid the other party's backlash.

And to be honest, they didn't have high expectations for the AO Tian state in this competition. After all, Wu Miao had already defeated the AO Tian state last time. It was hard to say what would be different today!

If Wu Miao really took over the position in the end, they still had to leave a way out for themselves!

"With your small arms and legs, you're really not worth my hug! You'd better pray for yourself today. Don't break your arms and legs, or even lose your legs!"

Lin Yi hmped, his disdain apparent. "Where are your Masters? Why didn't they come to support you at such an important time?"

"This is such a small matter, there's no need to ... Bah, who the hell has a master? Lin Yi, do you want to die? If you want to die, then continue talking nonsense and see if I dare to kill you!"

Wu Miao's heart was filled with hatred. He had spoken too fast and almost admitted his relationship with central!

Although everyone knew about it, it was still a little embarrassing to admit that central was his master in public.

"Whether you can kill me or not is another matter, but you're really good at scaring people, I was almost scared to death by you!"

Lin Yi said that he was scared to death, but his face was calm and collected-he didn't look scared at all.

Wu Miao clenched his teeth, thinking that there was no point in arguing with Lin Yi-he couldn't win!

Rather than asking to be humiliated, it was better to play to his strengths and avoid his weaknesses!

"Ao Tian Zhou, hurry up and come up. Don't waste any more time. Let's end this battle quickly. The sooner we decide on the ownership of the middle Island, the sooner I can start to reorganize the middle Island!"

Wu Miao ignored Lin Yi and hooked his finger at ao Tianzhou, "It seems that the lesson I gave you last time was not deep enough. Today, let me recuperate you and make a deeper impression on you, so that you won't forget the pain again!"

"Wu Miao, we don't know who will win. Do you think you can defeat me for sure?"

Ao Tianzhou sneered. His figure flickered and he instantly appeared on the stage. "Come, let me see how amazing your ability is, to actually dare to speak so shamelessly!"

As he spoke, ao Tian Zhou's aura erupted with a loud bang, and his strength as a consummate earth splitter was completely revealed!

Vaguely, he even felt that he had exceeded the realm of the great circle of earth splitting. He could almost be considered half a step into the sea splitting realm, and could break through at any time.

Lin Yi raised an eyebrow, thinking that if he gave ao Tian Zhou a henna pill, he might be able to break through to the sea Rift stage right away!

When fighting for the position of Island master, one's strength could not exceed the earth formation stage. However, if one became the island master and then promoted, as long as no one knew about it, it did not seem to be a problem!

For example, Shangguan Tianhua-Lin Yi couldn't see his true strength, and he thought that he was at most earth-breaking stage, but he could feel that he'd broken through to sea-breaking stage a long time ago!

It was just that for so many years, Shangguan Tianhua had never fought in front of anyone, so no one knew his true strength.

Lin Yi's thoughts floated out, but the two on stage had already entered a state of confrontation. Ao Tian Zhou's aura was shocking, but Wu Miao's wasn't any weaker, either-he might even be a bit stronger.

They were both at the consummate level of earth splitting and half a step into the sea rending realm. However, ao Tianzhou's aura was gentle and heavy, like a mountain and flowing water. On the other hand, Wu Miao's aura was violent and violent, like a bolt of lightning. It was even more aggressive and aggressive!

The battle between the two was on the verge of erupting, and Lin Yi quickly focused on the two in the ring. If anything happened to the AO Tian state, he'd be the first to rush up and help!

"Ao Tianzhou, I'll give you a chance to make the first move. Otherwise, you'll lose without even having the chance to make a move. That'll be a little embarrassing!"

Wu Ju grinned hideously and raised his hand. He hooked his finger at ao Tianzhou."Come on, don't waste any more time!"

Ao Tian Zhou snorted. He knew that he wasn't as strong as Wu Miao, so he didn't reply. Instead, he tapped his feet and charged toward Wu Miao.

The moment he attacked, he used his most powerful martial technique. He didn't even have the intention to probe at all!

Since Wu Miao had underestimated his opponent and given up the opportunity to attack first, ao Tianzhou would not be polite. The most important thing was to seize the advantage and turn it into victory!

Wu Miao still had a disdainful smile on his face. Was he really underestimating his enemy? Of course not!

Wu Miao was well aware of the AO Tian state's strength. In the past, they might have been able to suppress him, but ever since he had established a connection with central, Wu Miao believed that his strength had improved by leaps and bounds!

Even if the AO Tian state had broken through to the sea splitting stage, they might not be his match, let alone the fact that he was only at the consummate level of earth splitting!

Facing ao Tianzhou's all-out attack, Wu Miao didn't Dodge or evade. Instead, he took a head-on stance and didn't use any martial arts techniques. He just threw a simple punch!

The dazzling effect of ao Tian's martial arts technique was instantly shattered by Wu Miao's punch, turning into light spots that filled the sky, leaving only ao Tian's horrified face!

His strongest attack had been easily broken by Wu Miao. Was there a need to continue fighting?

Or rather, was there still a chance for him to escape unscathed?

To be honest, at this moment, ao Tian Zhou's heart was filled with despair!

After being defeated by Wu Miao the last time, he had already gone all out to improve himself, and felt that his strength had improved greatly. Who would have thought that he couldn't even block a single move from Wu Miao!

"Ao Tianzhou, I'm giving you the chance to attack first. You should at least show some of your true abilities. What's the meaning of this perfunctory act?"

Wu Zheng laughed strangely as he approached ao Tianzhou. His eyes were full of mockery. He extended his right hand and opened his palm to grab ao Tianzhou's throat. He was ready to grab ao Tianzhou's neck and lift him up to speak.

They might not kill him, but they would definitely humiliate him. Perhaps it would be easier for the AO Tian state if he was killed.

Ao Tianzhou didn't have the time to speak. He didn't have much energy left to do so. He could only use all his strength to Dodge Wu Miao's palm!

However, no matter how ao Tian Zhou dodged or resisted, Wu Miao's palm continued to approach unwaveringly!

Ao Tianzhou secretly gritted his teeth and used his secret forbidden technique. He directly injured himself to stimulate his potential, and in an instant, a powerful force erupted. He fiercely punched out and collided with Wu Miao's palm.

Chapter 7032 Violent Transformation

With a loud bang, a whirlwind rose up in the ring, and the two figures flew back. Wu Ju took five or six steps back before stabilizing his body, while ao Tianzhou flew out of the ring!

Victory and defeat had been decided!

Even when the AO Tian state used an explosive forbidden move, it was unable to prevent his failure!

In just two exchanges, the AO Tian state was completely defeated. They had no ability to resist at all, and Wu Miao didn't even use any martial arts techniques!

What a terrifying fact this was!

Ao Tian Zhou was an expert at the consummate level of the earth splitting realm, and he was an extremely powerful one at that. Few people at the same level were his match. However, Wu Miao was able to completely crush ao Tian Zhou. Could it be that Wu Miao was already an expert at the sea splitting realm?

This was a question that everyone had in their hearts, except for Lin Yi!

Lin Yi had already experienced how strong Central's potions were, and so he wasn't surprised at all that Wu Miao could fight above his level. It would be weird if he didn't!

"Hahahaha! Ao Tian Zhou, your means of escape are not weak. You actually managed to escape the range of the arena. Could it be that you are afraid that I will accidentally kill you?"

Wu Ju laughed arrogantly with his hands on his hips. "Actually, you don't have to be afraid. How could I bear to kill you? I want you to personally witness the Grand occasion of this Lord ascending to the island Lord's position!"

"Wu Miao, what are you so proud of? As far as I know, the competition for the position of Island master doesn't necessarily require the participants to personally fight, right?"

Lin Yi couldn't stand Wu Miao's cocky attitude and jumped into the ring. "I'm here to represent brother ao Tian to compete with you for the island Lord's throne!"

"Lin Yi? Are you here to die?"

Wu Ju laughed out loud, as if he found this matter rather interesting. "Are you in such a hurry to reincarnate? Originally, there was no precedent for this kind of thing, but seeing that you're so determined to die, this Lord will grant you your wish this once!"

Lin Yi's lips twitched. As long as Wu Miao agreed, everything would be fine. If the other party didn't agree, it didn't seem right for him to interfere.

"Actually, whether you're the island master or not has nothing to do with me. I just can't stand seeing Central's lackeys swagger around here! I'm sorry, I said the wrong thing again. You can't even be considered a Lackey. Calling you a Lackey is an insult to dogs!"

Before Lin Yi could finish, Wu Miao's face was already green with anger, all the pride and arrogance from before gone!

"Lin Yi, I'm not going to waste my breath on you-come up and die!"

Wu Miao couldn't argue with Lin Yi, so he gritted his teeth and prepared to fight. "In the end, the bigger fist is the reason. If you want the position of Island master, let's see whose fist is bigger!"

"Do we still need to compete? Do you think my pot-sized fist is fake?"

Lin Yi clenched his fist and waved it a few times, but the pot-sized fist he was talking about ... He really couldn't tell that it was this small!

It's fake! The appraisal was complete!

Wu Miao shouted and charged forward, throwing a punch at Lin Yi's face without using any skills!

It wasn't that Wu Han was being arrogant, but in his impression, Lin Yi's strength was limited. He was just a little guy in the xuansheng stage back then, and no matter how much of a genius he was, he was only in the mountain opening stage now. He was preparing to break through to the earth opening stage, so how could he compare to ao Tian Zhou?

To deal with such an arrogant fellow, it would be better to kill him with one punch!

Wu Miao didn't think about it carefully. If Lin Yi really only had this much ability, why would he dare to stand up when the AO Tian state was being crushed?

Facing Wu Miao's attack, Lin Yi's eyes narrowed. He didn't try to Dodge, but threw a punch as well!

A head-on clash!

Wu Miao was stunned-he didn't think that Lin Yi would do something like that!

He laughed coldly in his heart and put on an evil smile as he increased the strength in his fist, ready to turn Lin Yi into dust with one punch!

But to Wu Miao's surprise, Lin Yi's aggressive punch became like air the moment it came into contact with his fist, and Wu Miao's fist went through it.

He had punched with all his strength, thinking that he was going to hit his target, but in the end, he had hit nothing. How aggrieved was this?

It was already a miracle that Wu Miao didn't fall flat on the ground. Even so, his aura was still affected!

Lin Yi didn't use his Yuan spirit body's invisibility, but activated the three appearances of Cloud Dragon, using the illusion of a head-on clash to fool Wu Miao!

With Lin Yi's strength now, it was no big deal to fight him head on-killing Wu Miao was a piece of cake. The only thing he had to worry about was whether his Yuan spirit body would shake if he fought him head on.

There were still many things he needed to do, and Lin Yi wasn't going to hurt his soul for a small fry like Wu Miao. He could kill him easily and happily, why risk his life?

Wu Miao passed through Lin Yi's shadow, and Lin Yi's real body appeared behind Wu Miao. His attacking posture didn't change at all, he just changed his direction!

After the punch, a muffled sound came from Wu Miao's back. His body accelerated and flew out, falling to the ground two or three meters away. He slid a few steps forward on the ring, then rolled to a stop.

Wu Miao couldn't bear it any longer, and he spat out a mouthful of blood several meters away, which flew off the stage. Wu Miao wanted to stand up, but his feet slipped. He tried a few times, but to no avail, and could only helplessly fall to the ground.

"Wu Miao, it looks like your fist is really not big enough! After tasting my fist, how do you feel?"

Lin Yi pulled back his fist and walked to Wu Miao's side, looking down at him like a dead dog, "Looks like you're very infatuated, you can't even speak?"

"Sneak attack ... From behind ... What's the big deal?!"

Blood was still flowing out of Wu Miao's mouth. He forced himself to raise his head and looked at his bloodshot eyes. He grinned evilly and said, ""Do you think that you can take my life? You're too naive!"

Before he could finish his sentence, Wu Miao's aura rose sharply, and his muscles began to swell. The corners of his eyes cracked slightly, and a little blood oozed out.

Lin Yi frowned. Wu Miao had obviously taken Central's medicine as well, but his situation was a little different from yang Dian 'S. He had some Dark Demon beast aura, but it was quite faint, almost gone.

On the contrary, the aura of the spirit beast clan was more intense. It seemed that this was a different direction of development from yang Dian!

Central's experiment in this area was not a one-way trip to the end, but to test out various possibilities.

In the blink of an eye, Wu Miao had already completed his transformation. His entire body was covered in thick hair. Although he was still in human form, it was not impossible to call him a beast!

As for his strength, Wu Miao had already surpassed the earth splitting stage and entered the sea splitting stage. He was at the peak of the middle stage of the sea splitting stage!

Chapter 7033 Instant Kill

"Lin Yi, die!"

Wu Miao shouted as he swung his thick arm, aiming for Lin Yi's head. If he hit Lin Yi, his head would probably explode.

Due to the transformation, Wu Miao's voice had also changed greatly. Even his closest friends and family would not be able to recognize him!

After this battle, even if Wu Miao won in the end, he would most likely lose the right to compete for the position of the island master. Not to mention his beast-like appearance, just his aura at the sea splitting stage was enough to eliminate him.

But he clearly didn't care about that anymore-he just wanted to kill Lin Yi to vent his anger!

"It's not certain who will die!"

Lin Yi smiled coldly as he dodged Wu Miao's attack with ease. He raised his hand and sent out a dozen lightning arcs, which flowed all over Wu Miao's body!

Wu Miao's muscles were all tensed up, so he didn't care about this level of attack at all. He only paused for a short while because of the numbing effect!

"Is this all you've got? Then I'm afraid you'll be the one to die!"

Wu Miao said in a muffled voice, his cracked pupils had a strange look that was a mix of madness and mockery."Do you have any last words? Forget it, you won't have the chance to say your last words!"

Before he finished, Wu Miao's expanded body swept towards Lin Yi like a tornado. At the same time, violent pure Qi surged in all directions, turning the space around him into a chaotic vortex.

"You're the one who's talking so much nonsense, you really won't have the chance to say your last words!"

Lin Yi's face was calm as he mocked,"With your fake strength that was enhanced by the central potion, you're dead even if I don't make a move!"

Wu Miao's heart skipped a beat-he didn't think that Lin Yi would know so much about him taking Central's medicine ... In fact, he was worried about the side effects of Central's medicine!

However, it was too late for regrets now!

They gambled everything just to get rid of Lin Yi!

"Lin Yi, go to hell!"

Wu Miao threw away his worries and attacked with all his might, aiming to kill Lin Yi in one hit!

Lin Yi first activated his fire vortex without making a sound, trying to see if he could sneak up on Wu Miao. Unfortunately, Wu Miao was the acting Island master of Nakajima, and he had a powerful divine sense defense tool on him. Lin Yi's divine sense attack skill didn't work.

But this was to be expected, and Lin Yi didn't think too much of it. He continued to use the three appearances of Cloud Dragon to avoid Wu Miao's direct attack.

He had to be careful when using powerful skills, and Lin Yi didn't have many choices. Looking at Wu Miao's body, only super alchemy bombs could break through his defense!

A couple of afterimages flashed around Wu Miao, and the Super alchemy bomb was forming in Lin Yi's hand.

Wu Miao had good control of his surroundings, but Lin Yi was as slippery as a fish. His opponent's powerful strength couldn't hit Lin Yi.

Wu Miao had a bad feeling about this-Lin Yi had been dodging all the time, but he hadn't really attacked yet. What would happen if he counterattacked?

"Lin Yi, aren't you a Big Shot? if you're so strong, then fight me head on! What's the point of dodging?"

Wu Miao suppressed the frustration in his heart and spoke provocatively, ""Scuttling around like a mouse. You're indeed a gutless mouse!"

"Hehe ... So in the eyes of the central Lackey, being able to Dodge isn't an ability, but only a head-on attack without using your brain? To say something like that, just how much of an idiot do you have to be?"

Lin Yi continued to taunt them-it looked like he was doing it with ease, but the pressure was actually quite high!

Wu Miao's pure Qi was surging around him, forming a small Whirlpool of pure Qi. It was quite troublesome for Lin Yi-this kind of indiscriminate area of effect perfectly countered the three appearances of Cloud Dragon, so Lin Yi had to put in more effort.

If he used his Yuan spirit body's special ability, it might affect the Super alchemy fire bomb's formation. Lin Yi could only grit his teeth and endure it!

The two didn't stop their attacks even as they talked-they'd exchanged a dozen more blows in an instant, and the Super alchemy bomb had fully formed in Lin Yi's palm. He'd reached the limit of his control.

"Wu Miao, since you want to fight head-on, I'll fulfill your wish. I hope you won't be a coward!"

Lin Yi smiled faintly as he appeared in front of Wu Miao with his true body, the Super alchemy bomb in his hand meeting Wu Miao's fist with lightning speed.

Wu Miao's sense of crisis exploded in his heart, and all the hair on his body stood on end, as if he would be turned into ashes in the next second!

However, Lin Yi's ability to grasp the timing was too strong. The moment he attacked, Wu Han couldn't avoid it and could only grit his teeth and take it!

In a hurry, Wu Miao forced himself to increase his Qi output a bit more, and his fist slammed into the ball of light in Lin Yi's palm!

When the two sides came into contact, the ball of light exploded with a loud bang. Wu Miao's true Qi was instantly torn apart easily, and it was as useless as paper in the light pillar formed by the ball of light!

Lin Yi controlled the direction of the explosion with precision, and Wu Miao didn't have a chance to Dodge at all. He was drowned in the explosion, and nothing was left!

The spectators below the stage were all dumbfounded, unable to understand what they were seeing.

From the beginning to the end, Lin Yi's aura was at most at the earth formation stage, but in the last clash, he killed Wu Miao, who was at the peak of the mid-stage of the broken sea realm through a secret technique!

When did the world become so crazy?

Lin Yi's lips curled up into a smile as he pulled back his hand, clenching it into a fist and shaking it at where Wu Miao was standing. "Let's see, in the end, my pot-sized fist is more powerful! The bigger the fist, the more reasonable it is. I'll kindly accept this Island master position for brother ao Tian!"

Only then did the people below come back to their senses. Ao Tianzhou leaped onto the ring and said in shock, ""Lil bro Lin ... You ... You're amazing!"

"I was just lucky. Now that Wu Miao is dead, I don't think anyone will continue to compete with brother ao Tian for the island master's position, right?"

Lin Yi's cold eyes scanned the higher-ups of the island below the stage. Those who were here were all managers, naturally not very strong.

Earth formation and xuansheng stages were already pretty strong, let alone earth formation stage cultivators. Under Lin Yi's gaze, everyone felt a chill down their spine and subconsciously nodded their heads, afraid of offending the killing God!

Whether it was those who originally supported ao Tianzhou or Wu Miao, at this time, all of them unanimously expressed that ao Tianzhou was now the rightful Island master of Nakajima, and this matter was settled!

"This time, it's really all thanks to brother Lin's help. Otherwise, I don't know if I would have survived today!"

Ao Tian Zhou cupped his hands in thanks. After losing the battle, it was hard to say if he could return alive. Even if Wu Miao didn't intend to kill him on the spot, it was likely that he would exterminate him at the root after the battle. The United Center might even uproot the AO Tian clan.

Chapter 7034 Rebel Wang Ba

"Brother ao Tian, you're too polite. Since the matter here is settled, this little brother will take his leave first. There are still some things that I need to deal with!"

Lin Yi cupped his hands casually and prepared to leave. Ao Tian Zhou was taking over the details of the central island's master, and he couldn't help much.

But the main thing was that Lin Yi found that his essence spirit was showing signs of instability again. He tried his best to control it in this battle, but he didn't expect it to still go wrong!

His top priority was to leave this place as soon as possible and stabilize his primordial spirit.

"Brother Lin, if the matter isn't urgent, then don't be in a hurry to leave. You've helped me so much, so I should at least do my part as the host!"

Ao Tianzhou naturally wouldn't let Lin Yi go just like that. He smiled and asked him to stay, "We have a secret collection of good wine at home, and we usually can't bear to take it out to drink. It's rare that you're here today, brother Lin, so why don't we let you and I get drunk! How is it?"

"Thank you for your kind offer, brother ao Tian. However, I really have something urgent to attend to, so I have to leave immediately. I'll have the good wine next time!"

Lin Yi didn't have much interest in drinking, especially in his current state. He just wanted to leave as soon as possible.

"Alright! Since little brother Lin has things to do, this big brother can't hold you up any longer. When little brother Lin is free, you must come find me, and we brothers can have a good drink!"

Ao Tian Zhou smiled and cupped his fists, a look of regret on his face. He didn't keep Lin Yi.

He could tell that Lin Yi really did have something to do-he'd already gotten Lin Yi's help today, and it'd be bad if he delayed it any longer!

Lin Yi, on the other hand, had put down his own business to help Ao Tian fight for the island Lord's position. Ao Tian Zhou had taken this favor to heart, and he'd have to repay Lin Yi sooner or later.

"Sure, sure, then we'll meet again!"

Lin Yi was about to turn around and leave after some small talk when an elder called out to him hesitatingly, having just recovered from his state of fear.

"You want to leave after killing someone? Our Wu family isn't a small family that can be bullied by anyone. No matter what, you have to give us an explanation today!"

The man was a direct descendant of house Wu, and he didn't want to come out and piss off the killer god, Lin Yi, at first, but for the benefit of his family, he had to stand up."Ao Tian Zhou, although you're now the island master, don't you have a way to explain the savagery of the people you've brought?"

Lin Yi frowned, thinking that maybe he should just kill this idiot.

He wasn't afraid of the talisman and alchemy families in the mystic-class sea, so what was a mere Wu family in the middle Island?

Even if his primordial spirit body was unstable, it was still as easy as turning his hand to deal with this elder who was only in the beginning stage of his cultivation.

"Elder Wu, what kind of explanation do you want? Did the competition for the island master say that no one can die?"

Ao Tian Zhou's face darkened and he felt a little angry.

"Ao Tian Zhou, don't think that you can distort the truth just because you're the island master. He obviously killed someone on purpose, so how could it be a normal slip of the hand? If you don't give me an explanation, I'll definitely report this to the Wu family's Elder Council ..."

Elder Wu looked at Lin Yi with fear-the cold killing intent from the other made him scared. He could only shout, "You know, our Wu family's sea-splitting expert is not fake either ..."

"Hehe ... Elder Wu, are you blind? Wu Miao has already become a monster, and everyone has the right to kill him. This Lord hasn't even asked your Wu family for an explanation, and you actually have the nerve to be aggressive here?"

Ao Tian Zhou laughed coldly before turning to Lin Yi. "Younger brother Lin, you don't have to pay attention to this person. Although the Wu family has some strength, our ao Tian family isn't afraid of them. I'll take full responsibility for this matter, so you can go and do what you need to do!"

Lin Yi nodded slightly, giving up on the idea of killing elder Wu. If he didn't let this go, he'd just have to level house Wu!

"In that case, this little brother will take his leave first!"

Lin Yi didn't say anything more, not even bothering to look at elder Wu. He cupped his fists to ao Tian Zhou and left.

Ao Tianzhou watched Lin Yi leave, calculating the possible consequences of Wu Miao's death.

But the aotian family was one of the top families in Nakajima, and they weren't afraid of anything that might happen in the future. The aotian state wouldn't allow the power behind Wu Miao to cause trouble for Lin Yi!

Lin Yi didn't go to the heavenly elixir Chamber of Commerce after he left. It was too shabby now, and there was no one he trusted. He left the middle Island and went to the base on the small island where Han Jing Jing was.

It hadn't been long since he left the island, and when Lin Yi came back, han Jingjing's posture didn't even change much, still focused on her research.

But this time, han Jingjing was more or less on guard. She sensed Lin Yi's presence as soon as he walked in and turned around. When she saw that it was Lin Yi, her eyes curved into crescents and her face broke into a smile.

"Lin Yi bro, you're back so soon, did you see ao Tianzhou?"

As soon as the words left her mouth, han Jingjing realized that Lin Yi's condition was a little off. She paused, "What's wrong, Lin Yi bro? Are you feeling uncomfortable?"

"I'm a little uncomfortable, but you don't have to worry!"

Lin Yi tried to calm her down with a smile. "Just now, I helped ao Tian state win the throne of Nakajima, and after a fight, I'm a little tired. I'll be fine after a rest! Have you made any progress?"

"It's good that Lin Yi bro is fine! I studied it for a while and felt that it wouldn't be a big problem to repair the system and hardware inside, but the damaged array patterns on the top of the disk aren't easy to deal with. "

Han Jing Jing reached out and touched a broken part of the disc. The formation patterns were severely damaged, and even Lin Yi couldn't say for sure if he could fix it.

After a slight pause, Han Jing Jing continued, ""In this regard, Wang Ba can be of some help. I've sent a message to ask Wang Ba to come back and help. He should be here soon."

Speaking of the devil, the devil had arrived. Speaking of Wang Ba, Wang Ba had really arrived!

As soon as han Jingjing finished speaking, there was a fluctuation at the exit of the wormhole, and then Wang Ba rushed out!

"Eh ... Lin Yi ..."

Wangba saw han Jingjing and Lin Yi the moment he came out!

Due to his fear of Lin Yi, he couldn't help but stop for a moment. He immediately realized that Lin Yi's condition didn't seem too good, he seemed to be quite weak, "You're injured?"

It was more of a self-affirmation than a question. Wang BA's eyes darted around, and he suddenly had more thoughts in his mind.

This bastard Lin Yi was back, and he was even injured-this was a godsend! Today, I can finally take my revenge!

"You're indeed injured, and it's quite serious. That's why I asked Jing Jing to get you back to help!"

Lin Yi pretended to be even weaker, "Something has happened in Nakajima. Wangba, you're our greatest helper. Work hard, and I won't mistreat you!"

Chapter 7035 Seizing The Primordial Spirit Body

A strange look flashed across han Jingjing's eyes. She was a smart person, and even without Lin Yi's reminder, she realized that something was wrong.

Wangba didn't just call Lin Yi's name this time, he didn't even greet her as the owner, as if he didn't care about her status.

Most importantly, the primordial spirit control hub had lost its connection with Wang Ba!

Originally, after Wang Ba went to the secular world, the connection between the primordial spirit control hub had been a little vague. After all, they were two different planes, so han Jingjing did not take it to heart.

However, it was still the same in this face-to-face situation. It could only mean one thing-Wang Ba had lost control!

"Hahahaha, it's good that you asked me to come back and help. In fact, even if you didn't ask, I would have come back!"

Wang Ba laughed arrogantly as he charged at Lin Yi."Come, come, come, let me see how your injuries are!"

Lin Yi raised an eyebrow and looked at Wangba with a smile, letting him turn into his spirit form. The guy was trying to force his way into Lin Yi's sea of consciousness and take over his body while he was still weak!

Taking over an essence spirit that had lost its body ... Lin Yi found it funny just thinking about it!

Wangba didn't notice anything strange at first-Lin Yi's soul was too strong, after all, and it was no different from a physical body. He thought he was quite lucky as he worked hard!

In fact, Wang BA's target had always been han Jingjing. Han Jingjing's strength was weak, but she was very powerful. Thus, after finding a way to temporarily stop the control of the hub, he wanted to possess her.

He didn't expect to see Lin Yi injured and weak when he came back. Compared to han Jingjing, Lin Yi's current state was more suitable as a target for possession, and he was more in line with Wang BA's training system. So, Wang Ba started moving without a second thought!

Hahaha, Lin Yi, you little bastard, I'm finally going to get my revenge! After the possession is complete, watch how I'll deal with you two little bastards!

Wang Ba was pleased. He didn't notice anything unusual for a while, but after a while, he felt that something was wrong!

What was going on? I've recovered a lot of my strength, so why can't I even get into Lin Yi little bastard's sea of consciousness?

Lin Yi didn't seem to have any spirit-protecting items ... Could he be pretending to be injured to trick me?

Wangba was suspicious, but after sensing carefully, Lin Yi's weakness didn't seem to be fake. What was going on?

'I don't care anymore. I'll continue to work hard. I don't believe I can't get rid of this little bastard!'

After a while, Lin Yi laughed, "Ten-thousand-year turtle, what the hell are you doing? What are you trying to do to me?"

Wang Ba, who was still trying his best to get his hands on it, was dumbfounded. After making two "ah" sounds, he finally felt a familiar aura!

"F * ck! Lin Yi, you little bastard ... You're a primordial spirit?!"

Wang Ba felt like he was about to cry from his own stupidity. It would be a wonder if he could succeed after trying to possess a primordial spirit body for so long!

"Yeah, I was going to say that we're in the same boat now and I'll treat you well in the future, but I didn't expect you to want to ... What's this for? Is it a possession?"

Lin Yi's face looked as if he was hurting himself from trying to hold back his laughter, and that made Wangba want to bang himself into a wall!

He had thought that everything was under his control, but it turned out that he was just a joke!

They had really seen a ghost! I'm not a clown sent by monkeys to be funny!

Without another word, Wang Ba left Lin Yi and charged at han Jingjing. Since Lin Yi couldn't possess her, he could only follow his original plan and possess han Jingjing!

As long as he successfully possessed han Jingjing, even Lin Yi, the little bastard, wouldn't dare to lay a hand on this Lord!

The connection to the primordial spirit control hub had been blocked, and this was their last chance. If they continued to delay, han Jingjing would be in serious trouble once she regained control of the hub!

"Ha ... Ten-thousand-year turtle, I'm not done yet. What are you planning to do?"

Lin Yi's eyes turned cold-Wang BA's possession of him was a joke, but this idiot wanted to do it right in front of him-he didn't know how to spell the word "death"!

A consciousness elixir fire vortex formed quietly and appeared in Wang BA's path. Then, Wang Ba rushed into the vortex in a hurry.

A shrill scream reverberated in the mountain. If an ordinary expert with a physical body was hit by the consciousness alchemy fire Whirlpool, his primordial spirit would be pulled and burned. It would be extremely painful, let alone Wang Ba, who had no physical body.

Compared to those who had physical protection, Wang Ba was injured hundreds or even thousands of times more. If it were not for the fact that he had a strong foundation, it was normal for him to be turned into ashes in the whirlpool of consciousness and alchemy fire!

"Boss Lin Yi ... Please spare me ... I was just joking ... Master ... Master, help! I'm really just joking!"

As Wang Ba screamed, he begged for mercy and tried to get out of the whirlpool.

However, Lin Yi's control was so strong that no matter how Wang Ba moved, the whirlpool would move with him, leaving Wang Ba No chance!

Han Jing Jing felt the connection to the soul Control hub reappearing. She didn't know if it was Wang Ba who let go of it or if it appeared after Lin Yi took care of it.

"Lin Yi bro, don't kill him yet-Jing Jing has some questions for Wangba!"

Han Jingjing was curious how Wang Ba did it, and so she asked Lin Yi not to kill him yet.

She knew that Lin Yi had always been worried about Wangba, worried that he'd turn on her as the master, and now that something like that had happened, Lin Yi's killing intent wasn't fake!

"Alright, I'll spare his life for now!"

Lin Yi nodded slightly. He had to give face to han Jingjing, "Ten-thousand-year turtle, answer me honestly. If you hide anything, I'll let you know what it means to wish you were dead!"

"Don't worry, boss Lin Yi, I won't hide anything from you! I was really just joking just now. I haven't seen you for so long, and I just wanted to liven up the atmosphere!"

Wang Ba felt the whirlpool disappear and wiped away his cold sweat. He quickly put on a smile and bowed to beg for mercy. "Boss Lin Yi, master, please don't lower yourself to my level ... You know that I'm not a bad person!"

Wang Ba did not even believe his own words. In fact, he was thinking that he had made a mistake!

If only he had followed the plan and possessed han Jingjing!

One wrong move and the whole game would fall!

I've lost the best opportunity. I have no choice but to continue acting like a grandson and find an opportunity to deal with these two little bastards in the future!

Chapter 7036 Collusion With Central

"Heh ... You don't have any bad intentions, but I'm a very bad person!"

Lin Yi laughed coldly and left a spirit mark on Wangba's body. This was a method used to track people back in the common world, but Lin Yi's spirit was more than ten times stronger now, and the spirit mark was also improved.

Other than tracking him down, Lin Yi could also detonate the spirit mark at any time, causing Wangba's spirit to dissipate instantly!

This was the best way to deal with Wang Ba, who was also in the yuan spirit body. If it was someone else with a physical body, it wouldn't be that easy for Lin Yi to place a spirit mark on their Yuan spirit.

"Boss Lin Yi, What's this?"

Ba Wang's face turned dark, but he still smiled and said carefully, ""There's something in my spirit, it's not very comfortable ... Boss Lin Yi, do you think we should stop with this?"

He didn't know what a spirit mark was for, but it couldn't be anything good. Too bad he couldn't fight back against Lin Yi.

Only now did Wang Ba realize that Lin Yi was an essence spirit too, but this level of strength was too shocking!

"This isn't anything, it's just a spirit sense mark. If you don't listen, I can make it explode at any time."

Lin Yi made an explosion gesture with his hand and made some sound effects. "With a bang, you're completely finished! By the way, I advise you not to think about touching my spiritual awareness mark, unless there is a person with a stronger spiritual awareness than me who may have the opportunity to wear it down, but that is definitely not you! If you move around randomly, you'll explode!"

Wangba's face turned bitter. He was thinking if he could remove Lin Yi's spirit mark with the devouring ability he got from the evil spirit King, but he didn't dare to do anything now!

Damn that Lin Yi, why is his spirit so strong ... It's even stronger than yours truly at my peak! Why was it like this?

Wang Ba cherished his life the most. He would never risk his life if he could not guarantee his safety!

"Boss Lin Yi, I said it was just a joke, you don't have to be so serious, right?"

Wang Ba still wanted to put up a last-ditch struggle. He put on a flattering smile and came over. "There's no need for that, actually-I'll listen to you the most, boss Lin Yi, and I'll never go west if you tell me to go east ..."

"Try talking nonsense again!"

Lin Yi stared at Wangba with a half-smile on his face. He closed his right hand and opened it up suddenly, making a soft "bang" sound.

Wang Ba immediately covered his mouth and shook his head, indicating that he would not say any more nonsense!

Lin Yi, you little B * stard, I'll put up with you this time, but we'll see when we get the chance!

"Lin Yi bro, what happened to you?"

Han Jing Jing moved closer to Lin Yi and grabbed his arm, worried. "Why did you turn into a primordial spirit again? Where's your body?"

Although this wasn't the first time Lin Yi appeared in his Yuan spirit form, and han Jingjing had done it before, it was precisely because of this that she was even more worried.

Lin Yi only turned into an essence spirit before because he wanted to go back to the mortal world, what was it this time?

"It's a long story. Let's talk about it later. Let's interrogate this ten-thousand-year turtle first!"

Lin Yi's situation had to be explained to Han Jing Jing, but he didn't want to bring it up in front of Wangba. "Tell me, who gave you the courage to suddenly attack us?"

"Wuwu ..."

Wang Ba covered his mouth with one hand, indicating that he did not dare to speak.

"You Wan na die?" Lin Yi raised an eyebrow impatiently.

Ba Wang quickly put down his hand and said, ""Boss Lin Yi, I'm just following your orders, I don't dare to say anything ... Okay, okay, okay, I got it, I'll tell you anything you want to know!"

"Lin Yi bro, when Wangba came back, the control hub in Jing Jing's spirit lost its connection. I don't know what he did, but he temporarily blocked my control over him."

Han Jing Jing answered Lin Yi's question first. It was because Wang Ba didn't have to worry about this that he decided to attack.

Lin Yi broke out in cold sweat-it was all thanks to him that Jingjing came back, otherwise Wangba would've killed her already!

As expected, this ten-thousand-year turtle was a scourge. It was better to get rid of him as soon as possible!

Wangba's body trembled as he felt the killing intent from Lin Yi. He was so scared that he peed his pants. He quickly bowed and smiled, "Master, this is a misunderstanding. Please listen to my explanation! Boss Lin Yi, let me explain!"

Lin Yi's eyes were cold as he stared at Wangba. He didn't say anything, but the invisible pressure made Wangba shiver.

"It's like this. Didn't I go to the mortal world? then, someone from central came to find me and said that they could help me break free from master's primordial spirit control ... Of course, I was extremely opposed to this, but in order to get into central and obtain more information, I pretended to agree!"

Wang Ba laughed dryly and pushed all the blame to central. "It's said that they found a way from the evil spirit warlocks to temporarily block the control of the primordial spirit. As long as they can take care of master during this time, there won't be any side effects."

"Wang Ba, you're actually in cahoots with central? You still want to come back and deal with me?"

Han Jingjing was furious. She had asked Wang Ba to return to the secular world to deal with Central's forces in the secular world. She did not expect that this B * stard would actually hook up with central!

This was simply preposterous!

However, central was really powerful. They could actually get a solution from the evil spirit Warlock. Using this method to win over Wang Ba was indeed a success!

"Tell me, did you tell the central about the entrance and exit of our wormhole?"

Han Jingjing was still most concerned about this matter. Now that she thought about it, if Wang Ba were to betray her, the harm would be too great!

Not only did he know the location of the wormhole tunnel, but even the defensive formation of the island base was made by Wang Ba ... If someone from the Sky Class Island came to attack, it would be as easy as turning over their hand!

"No, no. Don't worry, master. I, Wang Ba, am definitely not that kind of person. I'm only dealing with central to get more information. How could I leak our information?"

Wang Ba quickly swore. In fact, he did not tell central about the situation here, not because he was loyal, but because he was afraid of death!

Wang Ba did not dare to tell central about this before he was truly out of han Jingjing's control. If things went south, there would be no way out!

"How long have you been in cahoots with central?"

Lin Yi looked at Wangba coldly, wondering if he should just kill him off. "Don't lie. I don't mind using a soul-searching technique on you to verify your identity!"

Chapter 7037 What's Wrong?

Wangba shuddered again, cursing Lin Yi three thousand times in his heart, but he had to keep up the respectful front.

"Boss Lin Yi, I wouldn't say anything in front of you. In fact, they've just given me the method to block master's primordial spirit control. I originally wanted to return after a while, but I received master's call, so I came back early!"

Han Jingjing was also scared after hearing that. Luckily, Lin Yi dealt with Nakajima's matter and came back in time. If he had come a little later, who knew what would have happened!

Perhaps Wang Ba had successfully taken over his body?

"Are you thinking of getting more familiar with it after a while, and then come back to take over Jingjing?"

Lin Yi narrowed his eyes, a dangerous glint in his eyes.

"No, no, boss Lin Yi, I wouldn't dare to do something like that! I'm just joking, you know I'm a coward, really, boss Lin Yi!"

Wangba felt a chill at the back of his neck, like a sharp blade was pressing against it. Lin Yi's strength was beyond his imagination, and he didn't even want to resist. He only wanted to get Lin Yi's forgiveness.

"Lin Yi bro, let's just let him go this time-you've already marked him with your spirit sense, and with my spirit controlling him, he won't be able to do much!"

Han Jing thought for a moment and decided to plead on Wang BA's behalf. ""Speaking of which, Wang BA's presence can indeed be of great help."

"That's right, that's right, boss Lin Yi, master is right. I can do a lot of things for master here, or master will be too busy!"

Wangba seized the opportunity and looked at Lin Yi pitifully, "Boss Lin Yi, can you give me another chance, seeing as I've put in a lot of effort even if I didn't do anything?"

As long as I'm alive, it'll be your turn to beg me to give you a chance next time, little bastard! 'Hmph, too bad I won't give you the chance!' As long as I catch you, I'll definitely kill you!

Lin Yi didn't know what Wang Ba was thinking, but since han Jingjing had spoken, he didn't really mind.

Lin Yi hesitated, "Jing Jing, this ten-thousand-year turtle is too sinister. It was a coincidence this time, but he might not be able to save you next time. Have you really considered keeping him?"

"Give him a chance!"

Han Jingjing smiled gently as she pulled Lin Yi's arm, "Lin Yi bro, Jing Jing wants to know more about you. Wangba, go out and check the formations and maintain them!"

"Yes, master, I'll go now!"

Wang Ba was overjoyed. It couldn't be better to be able to get away with it so easily.

This stupid girl, she actually believed my nonsense! Just you wait, the next time Lin Yi little bastard isn't here, I'll successfully possess you and then deal with him!

"Wait, show me the method that central gave you!"

Lin Yi didn't want to let Wang Ba go just like that, but since han Jingjing had already made up her mind, he couldn't say much. However, he had to have the method Wang Ba used to block han Jingjing's control of the hub.

He had to at least know if this method was possible-if it couldn't, he'd detonate the spirit mark before he left!

Even if han Jingjing would be unhappy, it would be better than the danger she would face in the future!

"Yes, boss Lin Yi!"

Wangba didn't dare to disobey Lin Yi's order, and he explained the method unwillingly.

Wang Ba did not dare to hide anything because Han Jing could use the primordial spirit control hub. Naturally, she was an expert. She could tell the truth after hearing it once.

Lin Yi pondered for a while and had an idea of what was going on. He waved his hand and sent Wangba out to repair the formation.

"Jing Jing, what do you think of the method Wang Ba mentioned?"

"Lin Yi bro, Wangba said that the method came from an evil spirit Warlock, and I think it's probably true. Maybe central made some changes to it, but overall, it's quite effective."

Han Jing Jing thought for a moment and said, ""If we're not prepared, Wang Ba can indeed block the primordial spirit control for a long time. If he successfully takes over the body, the primordial spirit control hub will naturally be useless!"

"I should kill Wang Ba to get rid of future trouble!"

Lin Yi's lips twitched as he joked, half-serious. "Jingjing, if you want help, I'll find a few for you. You don't have to get this rebellious ten-thousand-year turtle!"

"Lin Yi bro, if you can stay with Jingjing, then I don't need Wangba anymore."

Han Jingjing chuckled and said, ""Wangba is a primordial spirit, so it's more convenient for him to travel between the secular world and the sky Island through the wormhole, but it'll be troublesome for others. Moreover, since we know about this method, we'll be on guard in the future. It's basically impossible for Wangba to use the same method against Jing Jing!"

Lin Yi thought about it and realized that with his spirit sense mark, Wangba probably wouldn't do anything to han Jingjing.

Although it would be dangerous to keep such an unstable element, it was indeed more convenient to use.

"Fine, you should improve your strength later. I'll teach you a few simple consciousness attack skills. It should be enough to deal with the ten-thousand-year turtle!"

Lin Yi nodded slightly and started to think about the simple spirit sense attacks he'd modified, which ones were more suitable for han Jingjing.

"Lin Yi bro, let's not talk about Wangba anymore. Can you tell us what's with your Yuan spirit form?"

Han Jing Jing was still worried about Lin Yi's condition, so she changed the topic, ""Looking at you, you seem to be in a different state than before!"

"It's indeed different ... I've really lost my physical body!"

Lin Yi shook his head with a bitter smile, not hiding anything from Jingjing. He told her about how he lost his body and how unstable it was. "Since I've increased my primordial Spirit's level beyond my limits and lost the support of my physical body, my primordial spirit has always been in a state of collapse. I'm completely relying on the Black Sea soul-consolidating liquid to maintain it."

"So Lin Yi bro has gone through so much. Although it was to save Feifei, you're still too reckless!"

Han Jingjing frowned. Ning Xuefei was her best friend, and she couldn't say anything about Lin Yi's condition. She could only direct her anger to the Wang family, "That talisman family is too much! How could they give Lin Yi bro's body to Lu Yongming? this is ridiculous!"

After she finished speaking, han Jingjing spun around twice on the spot, as if she was thinking about something.

Chapter 7038 There's An Unforeseen Event In The Secular World?

Very quickly, han Jingjing stomped her foot and gritted her teeth. ""So what if you're a formation family? Lin Yi bro, let's wait for Jingjing to make some high-tech portable missiles, and we'll go to that formation family and blow them all up!"

Lin Yi sweated-it seemed like han Jingjing was really angry, even coming up with this stupid idea.

"We'll talk about this later. The most important thing now is to find the Azure sky Valley and reconstruct my physical body to prevent my primordial spirit from really collapsing!"

Lin Yi comforted the Furious han Jingjing. "We also need to find out where Xinyan and the others are. Jing Jing, you need to try your best to repair this metal disc. This might be the only clue we have to find Xinyan and the others!"

"I understand. Don't worry, Lin Yi bro, I'll fix it as soon as possible!"

Han Jing Jing nodded her head solemnly, her face filled with determination. Then, she thought of something and clapped her hands. "Right, Lin Yi bro, do you still remember the armor Jing Jing wore when she died in the mortal world?"

"Are you talking about the armor that turned into a primordial spirit defense tool in the wormhole? I remember, why?"

Lin Yi nodded slightly, not understanding why han Jingjing suddenly brought this up.

"Jing Jing did a lot of experiments after that, and she finally succeeded once again by chance. She got a new armor. Lin Yi bro, come and take a look!"

Han Jingjing pulled Lin Yi to a table and opened a drawer, taking out a small box.

He opened the box and saw a delicate translucent armor inside. He couldn't tell what it was made of, but it still glowed faintly. It was obvious that it wasn't an ordinary item.

"Lin Yi bro, I wanted to give it to you before you came, but I was too busy talking about the metal plate and forgot about it. Now's a good time for you to put it on."

Han Jingjing picked up the small armor that was only two fingers wide and handed it to him.

Lin Yi opened his palm and let Jingjing place the armor in his palm, examining it closely. "It's so small, but it looks so beautiful!"

As for how to put it on, Lin Yi wasn't worried at all. This armor was for the spirit, not the body, so size wasn't a problem at all.

"Unfortunately, the success of this armor is full of coincidences. Jing Jing hasn't figured out the principle behind it. Otherwise, she could mass-produce it!"

Han Jingjing was a little regretful as she urged Lin Yi, "Lin Yi bro, hurry and try it on. This is an armor that protects your soul, it might help you in your situation."

Lin Yi smiled. His situation wasn't something that a spirit sense defense item could change, but he couldn't reject Han Jing Jing's intentions. He put the armor on his Yuan spirit body.

The size of the armor could be changed at will, and Lin Yi didn't feel any discomfort at all. On the contrary, after putting on the armor, the weakness and the feeling of collapse in his soul body were all reduced a lot. If one didn't pay attention, they would think that it had all disappeared.

"Good stuff! It actually has such a miraculous effect!"

Lin Yi was overjoyed. This armor was as effective as the Black Sea soul-consolidating ink, but the Black Sea soul-consolidating ink had a time limit. The armor didn't have that.

As long as he didn't exceed his limit and use his true Qi and spirit to fight, Lin Yi's yuan spirit body was basically fine.

"It's good that it's effective! I'm so happy to be able to help Lin Yi bro!"

Han Jingjing was really happy, and her eyes were curved in joy. ""Lin Yi bro, don't take this off from now on-not only can it hide your aura and hide your strength, it can also protect your essence spirit and keep it condensed-it's perfect for Lin Yi bro!"

"Jing Jing, is this really something that was created after research? It's not the one you're wearing, right?"

Lin Yi was very happy, but he was also a little confused. Was this armor really a coincidence?

Or was han Jingjing just making an excuse? did she just take off her original piece of clothing and give it to him?

"What are you thinking, Lin Yi bro? Did you think that Jingjing was giving her to you and was afraid that you wouldn't accept it, so you made up a lie?"

Han Jing Jing laughed, and with a thought, her armor appeared. "Look, Jing Jing's armor is always there. Actually, it's not easy for me to take it off because this armor has already fused with Jing Jing's soul. It can't be easily separated."

"It's also because of this that Jing Jing couldn't do more research to determine how to make new armor. She could only try her luck and get one."

"It's good that it's not yours. With the armor, Wang Ba might not be able to take over your body even if he tries!"

Lin Yi relaxed immediately. He knew that even if he didn't come today, it wouldn't be easy for Wang Ba to possess han Jingjing. It wouldn't be easy for him to break through the defense of the armor.

Because of that, if there was only one armor, Lin Yi would rather die than accept it. He couldn't sacrifice Han Jing Jing's safety to protect himself.

"Lin Yi bro, are you sure now? Wang Ba isn't a threat to Jing Jing, so it's not a problem to leave him here to help her. "

"That ten-thousand-year turtle should really thank you. You're so protective of him, but he still wants to take over your body. He's really heartless!"

Wang Ba, who was checking the array outside, sneezed. He was confused ... A primordial spirit could sneeze? What the hell was this?

I've existed for so many years, but I've never encountered such a thing! It was true that one could encounter anything after living for a long time!

That's not right, can the primordial spirit state be considered alive? It didn't seem appropriate to say that they'd seen each other for a long time while alive, but when they were dead? Pei Pei Pei!

Putting aside Wangba's messy thoughts, Lin Yi was much more relaxed after getting the armor. He smiled and asked Han Jing Jing, "Is there any news from the secular world? I've been gone for a long time, have there been any changes?"

Han Jingjing blinked her eyes in a daze and shook her head. ""No, don't worry, Lin Yi bro. It's very safe there now, Jingjing will let you know if anything happens!"

"Oh," Lin Yi replied, not paying much attention to it. He'd expected this answer, so he didn't see the worry in her eyes.

If Lin Yi was in his normal state, Han Jing Jing would have told him everything, but her soul was unstable to begin with, and she was barely protected by the Black Sea soul gathering liquid and armor. She didn't have the heart to hurt him.

What if Lin Yi bro couldn't take the blow? Forget it, I'll hide it from him for now and wait for the right opportunity in the future!

It was a good thing he didn't let Wangba be here, or he wouldn't be able to keep it a secret anymore ... It seemed like he'd have to get Wangba away from Lin Yi bro if he was here-he probably didn't want to be with Lin Yi bro, did he?

Chapter 7039 Dingyi's Sudden Arrival

Han Jingjing calculated in her heart, and a trace of worry flashed across her face. Fortunately, Lin Yi's attention was focused on the new armor and the yuan spirit state, and he didn't notice her abnormality.

After that, han Jingjing returned to her work on the metal disc. Lin Yi felt that it was in good condition after some repairs, so he and Wangba helped han Jingjing fix the metal disc. Two days later, the work was finally completed.

"Lin Yi bro, the damaged parts have been repaired, but we don't know if it's complete without testing it. Should we test it?"

Han Jing Jing clapped her hands and looked at the metal disc in front of her with satisfaction. The liquid crystal screen on it had lit up, and the broken array patterns had been repaired. It looked extremely beautiful and full of a mysterious aura.

As long as he could carve the corresponding array pattern on the ground, he might be able to officially activate the teleportation array!

"We definitely have to test it, but it's not convenient to do it here!"

Lin Yi pinched his chin, hesitating. "If the center has determined the coordinates of our side through reverse localization, the entrance and exit of the wormhole will be exposed!"

"Oh, right! Lin Yi bro, think about Zhou Xiang, it's not convenient here ... Why don't we go somewhere else and test it?"

Han Jingjing blinked her eyes and nodded in agreement. She had already considered this, but she just wanted Lin Yi to bring it up.

She'd only give her opinion tactfully if Lin Yi didn't think about it.

Lin Yi put away the metal disc and left Wang Ba to guard it while he left the island with Han Jing Jing.

The two sat on the new disc that Han Jing Jing made and flew for a thousand miles before landing on a small island in the deep sea. Lin Yi cleared out a piece of flat land and placed the metal disc properly. He then started to draw patterns on the metal disc.

With the formation master here and Lin Yi's own memory, it didn't take long for him to copy the entire formation.

When the last stroke was completed, the array pattern on the ground and the array pattern on the metal disc connected together and began to light up.

"Lin Yi bro, it seems to be working!"

With a smile on her face, han Jingjing stepped forward and quickly operated the LCD screen on the metal disc. ""Let's wait and see what changes there are after it's activated!"

Lin Yi only knew about formations, but he was a complete layman when it came to technology. He could only stand on the side and watch han Jingjing's performance.

After a short while, Han Jing sighed and closed the system on the metal disc.

"Big brother Lin Yi, the repair is quite successful. This teleportation formation should be able to be used now, but the other end of the teleportation is closed, so we still can't use this to teleport over, and we can't lock onto the enemy's position either!"

Han Jingjing was a little down. She couldn't help Lin Yi in the field she was best at, and it made her a little unwilling.

"Jing Jing, you're really a genius. You actually managed to repair the teleportation array in one go so easily. You're really amazing!"

Lin Yi gave him a thumbs up, praising him from the bottom of his heart. "This is already beyond my expectations. Actually, it's normal for the teleportation array to be closed. As long as the teleportation array is repaired, we'll find them one day!"

Hearing Lin Yi's words, han Jingjing's mood improved, "Right! Lin Yi bro's right, we'll definitely find central!"

After a short pause, han Jingjing said in a surprised tone, ""But central is really amazing to be able to think of such a method! Combining formations with technology ... The person who came up with this idea is definitely a genius. Although we're enemies, Jing Jing has to admire him!"

At this point, han Jingjing's expression turned into one of happiness. ""Haha, it's a pity that the results of the Central Research Institute's painstaking research are now in our hands! In the future, we can also use a combination of formations and technology to create some interesting things. "

"That's a good idea. It just so happens that that ten-thousand-year turtle is very knowledgeable about arrays. Jingjing, don't waste your resources and squeeze him!"

Lin Yi suggested with a smile before scratching his forehead. "But speaking of this, Jing Jing, don't you think this technique is a little familiar?"

"Ah? Jing Jing has never seen a combination of array and technology before!"

Han Jingjing's eyes widened, and she looked a little dazed. "Lin Yi bro? When did that happen?"

"I'm talking about this!"

Lin Yi smiled and shook his head. He took out the Shennong cauldron. "How could you forget your own work?"

"Argh! "Aaah!" It was like this! It's like this!"

Han Jing Jing was stunned at first, but she quickly understood what Lin Yi meant and exclaimed, "Lin Yi bro, are you saying that central copied my idea? As expected! That should be the case!"

The automatic alchemy system was a product of the combination of alchemy and technology. Many low-end versions of this alchemy furnace had been sold a long time ago, and the center had also imitated them.

The storm of imagination that was triggered by this could easily extend to other aspects, such as the combination of refining and technology, the combination of talismans and technology, the combination of formations and technology!

At the end of the day, Central's inspiration had actually come from han Jingjing's work!

Although han Jingjing was a rare genius, she was only one person. She could only do her research one by one, unlike central, where there was a mature research team. Everything was done more efficiently.

"No, Jing Jing can't let central use my creativity to defeat me! Yes, when we go back, we must double our efforts and develop a product that is better than the central!"

Han Jingjing clenched her small fists to cheer herself on, her big eyes filled with determination.

"Alright, keep working hard!"

Lin Yi smiled as he encouraged her, not really paying much attention to it. As long as han Jingjing had something to do, she wouldn't be bored, "Let's go back first!"

As he spoke, Lin Yi put away the metal disc and wiped away the formation on the ground.

He couldn't open the portal directly, but repairing the disc was the biggest gain-he wasn't too disappointed.

The two of them got on the flying saucer and flew back to the island base. As soon as they got off, Ding Yi suddenly appeared in front of them like a ghost.

"Lin shaoxia, miss han, you're back! I've been waiting for quite a while!"

Ding Yi was still smiling as he cupped his fists and bowed to Lin Yi and han Jingjing.

Lin Yi was taken aback-he'd been prepared for dingyi's sudden appearance, but he still didn't think that this secret base on the island would be in their hands!

Chapter 7040 Too Terrifying

How did Ding Yi know about this place? The entire Island was hidden by a formation, so how could Ding Yi have discovered it? Lin Yi wondered if there were any secrets he didn't know.

The only good news was that Ding Yi was probably not from central. Otherwise, the entrance to the wormhole would have been broken through by central long ago!

"Lin Yi bro, who's this?"

Han Jingjing was surprised as well, but she thought that it was only Lin Yi's friend, the kind that trusted him. It wasn't strange for him to know about this place, and he knew that she was han Jingjing.

The only strange thing was the way the man addressed Lin Yi-they didn't seem to be close.

"He's Ding Yi, the president of Hengsheng Chamber of Commerce. I've told you about him."

Lin Yi cupped his hands at Yilue and whispered to Jingjing, "This person is a bit mysterious and knows a lot of secrets!"

"Hehe, young hero Lin, I can hear you!"

Dingyi chuckled dryly. He was acting mysterious, but it was still embarrassing to hear Lin Yi say that to his face.

"So what if you heard it? anyway, you can know it behind your back, can't you?"

Lin Yi's lips twitched, not sure if he was complimenting or mocking Ding Yi. "Forget it, Almighty Chairman Ding. You must have good news this time, right?"

Han Jingjing blinked her eyes, but did not say anything. She only observed Ding Yi curiously, wanting to see how mysterious this person was.

"Yeah, it's not really good news ... As far as I know, Wang Xinyan and the blissful Valley people are no longer in the mystic division!"

Dingyi scratched the back of his head, not bothering to argue with Lin Yi any longer. "They should, could be together, and were all brought to a place called the backup transit station. Don't ask me where the backup transit station is, because I don't know either!"

Backup transit station?

Lin Yi was taken aback-did this have something to do with the transition station? But, what was that place?

"Chairman ding, you've said 'probably' and 'possibly', and in the end, you said 'I don't know'. Isn't the news this time a little too much?"

Lin Yi frowned, displeased."The all-knowing Chairman ding, could it be that you don't have any definite information for me?"

"Don't worry, young hero Lin. If you want concrete information ... Let's put it this way, the backup transfer station is said to be the main base currently being built in the center of the Sky Class Island. You can imagine how mysterious it is. Haven't you heard of it before, young hero Lin?"

Dingyi narrowed his eyes and smiled, as if he thought that Lin Yi should know.

But Lin Yi really didn't know!

He had heard of the transit station before, but he had no idea how to get there, let alone the backup transit station!

Can I go there by bus? Is there a train there?

"Hmph!" Lin Yi hmphed, "never heard of it!"

"It's fine if you've never heard of it. It's not a big deal. Don't worry, I'll definitely find out more about it and give it to young hero Lin!"

"Good!" Ding Yi patted his chest with a smile. "This small model has excellent business reputation. I promise you won't let the customer down."

Lin Yi's lips twitched. He was already very disappointed!

But Lin Yi had an idea-the metal disc he repaired just now might be the backup transfer station!

With this in hand, even if ding one couldn't get any information, it didn't seem to be a big deal. As long as central opened the teleportation channel on the other side, they should be able to enter the spare transfer station!

"Alright, let's not talk about the backup transit station for now. Let's talk about other news!"

Lin Yi had an idea and waved his hand to change the topic, "How about the Azure sky Valley?"

"We've found the teleportation array to the Azure sky secluded valley, but it's not complete. It seems to have been damaged. If you're confident that you can fix it, you can go and take a look!"

He seemed to have been waiting for this question. "I know that young hero Lin's array skills are extremely high, do you want to try?"

"A destroyed teleportation formation? Interesting!"

Lin Yi didn't expect him to have information on the valley. He nodded. "In that case, let's go repair it!"

If it was just Lin Yi himself, he wouldn't have the confidence to fix the formation, but it was a different story with this thing!

The research on space and teleportation had never stopped, so it was not impossible to repair the teleportation formation.

"Good! If you're free now, let's go together?"

One nodded, asking for Lin Yi's opinion.

"Now? I wonder where this formation is? Or you can go there first. I'll meet you after I've taken care of some things!"

Lin Yi thought about it and decided to make some arrangements before leaving.

"That's fine. I'll go there first. The teleportation array is at the Half Moon Lake on the northern island. I'll wait for you there. Please come as soon as possible!"

Ding Yi chuckled and said, ""Young hero Lin should know that time is money, so I won't wait for too long!"

Lin Yi was shocked-it wasn't that ding yishou couldn't wait for long, but the teleportation formation to the valley was at the North Island's Half Moon Lake!

How should this be described?

You've worn out your iron shoes in a long search, but you've found it without any effort? After searching for him for thousands of times, he suddenly turned around. Was the formation in the dim light?

Lin Yi shook his head, trying to get rid of these thoughts. No matter what, the teleportation formation to the valley was in the North Island-it was a good thing!

That was Lin Yi's first stop after arriving at Sky Class Island, and could be considered his base camp! It was better to go to the North Island than to the spirit beast forest in the South continent.

"I understand. Chairman ding, you go first. I'll be right behind you!"

Lin Yi made a promise with Ding Yi.

"Alright, I'll take my leave now. See you later, young hero Lin! We'll meet again, miss han!"

Ding Yi cupped his hands and bowed with a smile. He said goodbye to the two of them politely, then disappeared with a Whoosh!

"Waa! Lin Yi bro, this dingyi is so mysterious! If it's an enemy, then it's too terrifying!"

Han Jingjing was shocked by the mysterious man, while Lin Yi pinched his chin and fell into deep thought.

"Jing Jing, how do you think this Ding Yi knows our location? Did you follow me here?"

"Lin Yi bro, could he have hacked into our system?"

Han Jingjing's heart skipped a beat. She knew how to do this kind of thing herself, so she was most afraid of this kind of thing. With that, she pulled Lin Yi into the inner base and started working on the system.

The screen on the wall was flashing with all sorts of data and images. Lin Yi didn't understand what Han Jingjing was doing, so he could only be a quiet, handsome man ...
