

## Bodyguard 7061

### Chapter 7061 Array Gate

Lin Yi couldn't do anything about it-he couldn't really attack the man, after all. He could only watch as the airship flew away.

After the grey bamboo hat left, the light devouring flying ants "internal strife was coming to an end. The remaining light devouring flying ants" numbers dropped sharply, and Lin Yi could sense that there were only a few hundred left.

However, the strength of these hundreds of light devouring flying ants had undergone an earth-shattering change. Almost every one of them had entered the realm of the sea splitting stage!

"Don't worry about them, let's go!"

"These light devouring flying ants will eventually become food for the new queen ant. There can't be two queens in one ant colony, so they're doomed!" The damn thing reminded Lin Yi.

"What if we wait for the Queen ant to appear and then kill it?"

Lin Yi always felt that the light devouring flying ants were a problem, and it would be best if he could annihilate them.

"When a new queen ant is born, it will be invincible for a short period of time ... Are you sure you want to go there and die?"

"Haha!" The demonic thing laughed weirdly. "Do as you please. I won't stop you!"

Lin Yi's mouth twitched as he walked out of the ant colony without saying anything.

As for the light devouring flying ant colony ... He would wait until he reconstructed his physical body and find an opportunity to deal with it!

His primordial spirit was truly at a disadvantage against the light devouring flying ants!

After distancing himself from the light devouring flying ants, Lin Yi moved forward carefully, trying to avoid other dark beasts.

Perhaps central had planned for him to be the Scout. Not only would he be safe if he avoided the darkness magical beasts, but it would also destroy Central's plan.

After a dozen miles, Lin Yi found a faint Halo in the dark mist. He used his space scale to check the surroundings and made sure there were no dark beasts before approaching.

As they got closer, the Halo became clearer and there were even faint spatial fluctuations inside. There was no need to ask to know that this was the entrance to another passageway, but they did not know where it led to.

If he were to enter a place similar to the light devouring flying ant's nest ... It was hard to say if he would be able to leave alive!

There were dark beasts everywhere in the dark forest, and Lin Yi suspected that he'd run into more of them in the tunnel.

What troubled Lin Yi the most was that even his spatial scales couldn't penetrate the light to see what was going on on on the other side.

Other than the threat of the dark beasts, there was also the fact that the center was watching from the side. The sudden appearance of the light tunnel might be a trap set up by the center, waiting for Lin Yi to jump in!

Lin Yi pinched his chin and thought for a moment, hesitating, but he quickly made a decision!

In any case, this dark forest was the same everywhere. Danger lurked everywhere. In that case, what was there to worry about?

Entering and staying outside might not have any difference in the outcome.

Besides, Lin Yi had no way out now. He had to grab the chance!

This passage was his only chance at the moment. He had to go in!

After making the decision, Lin Yi wrapped his Yuan spirit with the icy fire and rushed into the light.

A few seconds after he disappeared, an airship with a grey bamboo hat appeared silently in the fog.

A few soft laughs echoed in the dark forest, extremely pleased with themselves. This Halo was indeed the place the mastermind had planned for Lin Yi to enter.

The man in the grey hat didn't stop. He kept the ship and followed Lin Yi into the light.

On the other side, Lin Yi passed through the light tunnel, but the scene in front of him didn't change much. It was still the Black Forest.

The cautious Dark Demon beasts didn't appear, nor did they have a terrifying nest. This surprised Lin Yi.

But Lin Yi's spirit sense immediately found something strange. A few hundred meters away, where the naked eye couldn't see, there was a huge door. It should be the main target of the light tunnel!

Lin Yi flew out and arrived in front of the door in the blink of an eye. He raised his head and observed the patterns on the door.

"Senior ghost, come and take a look at the formation patterns on this door. It seems to be some kind of sealing formation, right?"

Lin Yi wasn't too sure, so he asked the ghostly thing to study it with him. "I think there might be something interesting behind this door!"

"Everything that appears here is interesting ... Including all the darkness magical beasts!"

The ghostly thing ridiculed and then returned to the main topic. "The formation pattern on the door is indeed a complicated sealing formation. You've never come into contact with it before, so it's not easy to see some clues!"

Lin Yi's lips twitched. His skills in formations couldn't be compared to this thing, but he was already a pretty good formation master!

Even if he couldn't break the seal in front of him, it was still very easy to distinguish the types. How was it not easy?

But the ghost was Lin Yi's mentor in formations, after all, so it wasn't a big deal. Lin Yi quickly adjusted his attitude and asked humbly, "Senior ghost, how can we break this sealing formation?"

Lin Yi didn't let the ghostly thing make a move-he wanted to learn how to crack it.

I'm very satisfied with what Lin Yi did-he's a promising kid!

"There's no hurry. Let's study it first. Other than deciphering it, you can also familiarize yourself with the principles of the seal formation!"

The demonic thing started explaining the formation, and Lin Yi listened to it like a good student.

In fact, sealing formations were quite a rare thing. Lin Yi had never come into contact with it before, but it was definitely very useful. This was why the damn thing wanted to use this opportunity to teach him.

While Lin Yi was studying the sealing formation, the man in the grey bamboo hat was already closing in silently. He was quite good at hiding and wouldn't be easily discovered.

Lin Yi was on high alert, and while he was studying the sealing formation with the demonic thing, his spirit was still on high alert, paying attention to the surroundings, afraid that some Dark Demon beast would come over.

He wouldn't be able to find the man with the grey hat, but Lin Yi would use his space scale to scan the area from time to time as a second alert. The man with the grey hat had nowhere to hide!

"Heh ... It's the guy from central again. He's really like a ghost that can't leave!"

Lin Yi noticed the grey hat and laughed coldly to himself. "It's a pity that this guy's strength is a little unpredictable. Otherwise, I would have killed him directly. "

"This brat is following you most likely because he wants to enter the door in front of him. Hehe, he's using you as a key to open the door!"

The ghastly thing laughed and continued, ""Now that we're almost done with our research, do you want to open the door and let him in, or do you want to go around somewhere else and get rid of this bug before coming back to open the door?"

Chapter 7062 A Paradise?

"Senior ghost, what if he's sure that I'll return here and doesn't leave at all, but instead insists on waiting for me?"

Lin Yi blinked, thinking that he'd used the wrong idiom ... Didn't that mean that he was a stupid rabbit?

"You're right. In that case, we'll open the seal directly and see if there's a sealing array on the other side. If there is, we can seal it to prevent him from following us in!"

The demonic thing thought for a moment and suggested, "or you can immediately set up an ambush after you enter. When this kid follows you, give him a hard time. Maybe you can kill him!"

Lin Yi was moved-ambushes and sneak attacks were the best for him, and it'd be great if he had the chance to kill the man!

But thinking back to the man in the grey hat's methods, and his current state and the unknown environment behind the door, Lin Yi didn't think this plan had much of a chance of winning.

Lin Yi's eyes brightened up after some thought. "Senior ghost, can we only open a small part of the sealing formation?"

"In theory, it's fine to open it a little, but that won't open the door. What's the point?"

The thing was still thinking about the hat and didn't think too much about what Lin Yi meant. "And if you open it a little, there's no follow-up action. The sealing formation will quickly repair itself and return to its original state ..."

"This is the effect I wanted!"

Lin Yi chuckled and gestured for the ghost to look at the door. "If it wasn't for the sealing formation, I would've been able to pass through the crack on the door!"

Lin Yi's essence spirit might not be able to pass through the door, but the thin slit in the middle was definitely not an obstacle!

As long as there was no obstruction from the seal formation, directly passing through the gap after turning into void was simply a trivial matter without any effort!

In order to do this, there was indeed no need to remove the entire seal formation. All he needed to do was to open the formation a little and let the crack lose its seal!

"Good idea! We can try!"

The damn thing approved of Lin Yi's idea, and it was time to implement it, "Do you understand the principles of this sealing formation? Do you want to try it yourself?"

"Senior ghost, it's better if you do it this time, so as not to let the people behind us see through it!"

Lin Yi wanted to try, but he decided to let the ghost do it for safety's sake.

Lin Yi, on the other hand, released his icy fire, covering himself and the entire door, temporarily cutting off the man's view.

Taking advantage of this opportunity, the ghostly thing made its move and opened a gap in the sealing formation with lightning speed. The gap in the door was immediately independent and was not affected by the sealing formation at all.

If it was Lin Yi, he wouldn't be this fast. If the grey hat wasn't here, he could try slowly, but now, he had to make use of time!

"Let's go! I hope the idiots behind can still keep up!"

Lin Yi smiled and turned into his essence spirit form, passing through the crack.

At the same time, the icy blaze also disappeared without a trace, and the seal that had been opened by the ghostly thing was restored almost at the same time. Only a Grandmaster of array Dao would be able to see the slightest abnormality.

The man in the grey bamboo hat was dumbfounded. He blinked his eyes a few times and made sure that Lin Yi had disappeared. He didn't care about hiding his traces anymore and flew to the door. He checked again and again and confirmed that the Xuanji seal was still there!

But Lin Yi was nowhere to be seen!

What the hell was this?

Could it be that in order to enter the door, he had to first cover it with the heaven and earth spiritual fire?

The man with the grey hat had no idea how Lin Yi disappeared, but he could feel that Lin Yi must have entered a door!

Thus, the man in the grey hat stepped forward and began to carefully inspect the seal formation on the door. Unfortunately, he could not find any flaws.

The more he checked, the angrier he got-he didn't understand how the kid got in.

In fact, Lin Yi's guess wasn't wrong. The technology teleportation formation at the Half Moon Lake in the North Island was the bait that central left behind. The dark forest was full of danger, and once people from central entered, less than one in ten would survive. They would die for nothing, too, without any progress.

Because of this, luring Lin Yi in and using him as a Pathfinder was the best choice. If Lin Yi failed, it wouldn't be the Center's fault!

Of course, central had full confidence in Lin Yi. After all, Lin Yi didn't die in the abandoned land, which was a chaotic place. It was the same in the ancient martial world, so central had high hopes for Lin Yi.

As expected, Lin Yi's entry had been smooth, but at the most important moment, he was tricked by Lin Yi and cut off the possibility of continuing the pursuit!

Even the usually gloomy man in the gray bamboo hat could not help but feel like he was about to die of anger at this moment!

Lin Yi turned into his spirit and went through the crack in the door. The whole world brightened up.

The sky was clear and cloudless. Under the blue dome, dozens of white birds were gliding leisurely.

There were no longer any black withered trees on the ground, nor was there any black poisonous mist. It was verdant and lush everywhere, with birds chirping and flowers blooming!

Not far away, there was a small waterfall falling down. Below it was a small pool, jade beads flying everywhere, and immortal Qi was dense.

Seven or eight different kinds of little spirit beasts were chasing and playing by the waterfall, living in harmony. It was simply a perfect paradise.

Compared to the Black Forest that was filled with darkness magical beasts, it was like a step from hell to heaven!

Lin Yi was amazed. He turned into a Yuan spirit without realizing it, looking at the Paradise-like World in a daze. He didn't expect the Qi here to be so nourishing to a Yuan spirit!

At that moment, Lin Yi found it hard to pull himself out of it!

"Be careful!"

A soft voice sounded from behind Lin Yi, followed by a sharp air-piercing sound.

The Jade space sent out a warning at the same time. Lin Yi's mind hadn't fully recovered yet, and he couldn't react in time. He could only rely on his instinct and subconsciously turn into a primordial spirit!

A huge black shadow passed through Lin Yi's essence spirit, and in an instant, the Paradise collapsed and the Paradise was gone!

The entire world shattered like a mirror. The blue sky, the White birds, the splashing waterfalls, the playful little beasts, and everything else suddenly disappeared!

All that was left was the dense forest and the gloomy environment!

Fortunately, the forest here was much better than the one at the door. At least there was life here, and there was no poisonous fog, only a thin gray fog, not poisonous!

Chapter 7063 Wu Yucao

Lin Yi's heart skipped a beat as he realized that he was in an illusion. He didn't know why he fell into it without feeling anything and couldn't even resist.

Fortunately, someone had warned him. Otherwise, the attack just now might have caused some damage to his primordial spirit body!

Lin Yi immediately noticed his surroundings.

The beast that had attacked him earlier was a huge beast. It looked like a rhinoceros, but its body was twice as big. It was covered in thick armor, and it was born with both attack and defense.

Apart from that, the rhinoceros also had the aura of a darkness demon beast. However, it wasn't a darkness demon beast, and it was more appropriate to call it a darkness spirit beast. At least, the ghostly thing had never heard of its existence!

The Rhino didn't attack Lin Yi again-it wasn't that it didn't want to attack Lin Yi, but it was blocked by three people, and one of them was the woman who warned Lin Yi.

But Lin Yi couldn't tell which woman warned him in time-two of them were young women, and the other one was a well-built young man.

At this time, the three of them surrounded Rhino and attacked him with their swords and sabers. It was an extremely lively battle.

"Pay attention! The knee joint of its hind leg is already injured. Find an opportunity to concentrate your attacks. This time, we definitely can't let it escape!"

One of the two girls called out, and Lin Yi knew immediately that it was the one who warned him.

The girl was valiant and strong, but what shocked Lin Yi was that she was even prettier than Wu Yuhua!

He hadn't paid much attention to it earlier, only feeling that the voice was somewhat familiar. But now that he looked closely, it was that big sister Wu from the broken mountain range!

However, this was something that was absolutely impossible!

Wu Yuhua's corpse was still in the space of the jade pendant, so it was impossible for her to appear here.

He shook his head and calmed himself down before looking at the man again, his heart sinking.

Although this woman's appearance and temperament were extremely similar to Wu Yuhua, she was definitely not Wu Yuhua.

At that moment, Lin Yi couldn't help but miss the Miss Wu Yuhua, sighing in his heart.

"Hey, friends over there, if you have the ability, come over and help!"

The woman who looked like Wu Yuhua seemed to be the leader of the three, greeting Lin Yi when she had time.

She didn't see how Lin Yi dodged the Rhino's attack, but he had to be a master if he could Dodge the attack without making a sound!

This giant rhinoceros was not easy to deal with. Although the three of them had some advantages, they could not turn it into a victory in a short time. If they dragged it out, they did not know who would be dragged to death!

Lin Yi blinked, a bitter smile on his face.

This woman brought back her own memories, and for a moment, she was actually a little absent-minded. She really should not have.

After a closer look, Lin Yi found something strange!

These three weren't that strong-they were only in the foundation level, and were like ants to Lin Yi.

The only strange thing was that they didn't have any true Qi at all!

It wasn't that he didn't use his true energy, but that he really didn't have any true energy at all!

Their strength was completely built on the strength of their physical bodies. In other words, their fighting style relied on brute force!

This was unbelievable, completely subverting Lin Yi's previous understanding!

One had to know that below the heavenly Dao realm, there were spiritual and physical arts. Physical arts completely relied on training the body to gain strength.

However, after entering the foundation establishment stage, which was also stepping into the heavenly Dao realm, whether it was an internal or external style, they would all end up in the same place. They would automatically communicate with heaven and earth and absorb the spiritual energy drifting between heaven and earth to cultivate the heavenly Dao.

So, these three didn't have any pure Qi at all, and only used their physical strength to fight. To Lin Yi, this was simply outrageous!

How did this happen?

Why did these people have a different cultivation system from the ones he knew? Could it be that this place pursued a different cultivation system?

Lin Yi was a little confused, but these thoughts flashed through his mind like lightning. He needed to help first.

To be honest, the Rhino wasn't that strong in Lin Yi's eyes. Other than its thick skin and strength, it wasn't that impressive.

Perhaps it still had some hidden ability that could threaten primordial spirit bodies. Otherwise, the Jade space would not have warned them.

"Alright, I'll attack from the back. You guys attract its attention!"

Lin Yi replied casually. He didn't want to reveal his true abilities yet since he wasn't in his best condition. He pretended to be at the same level as them and used his butterfly microsteps to circle around the Rhino.

Even if he didn't use any martial arts, Lin Yi was still a top-tier assassin. He moved in an arc without a sound, not attracting the attention of the giant rhino at all.

Lin Yi took out a dagger from his Jade space and retracted all his killing intent, appearing behind the Rhino like a shadow.

The Wu Yuhua woman's eyes flashed with surprise-she didn't expect Lin Yi to be a top-class assassin!

However, she had a lot of battle experience. Although she was surprised, she didn't pay too much attention to Lin Yi. Instead, she told her two companions to increase their attack and attract the rhinoceros 'attention.

Lin Yi's lips curled up into a smile as his eyes scanned the wound on the Rhino's knee-it was in the gap between the two armors. It wasn't easy for the three to hit that spot!

The dagger turned into a stream of light and instantly streaked across the gap between the injured knee joint. The large rhinoceros's legs went soft, and its originally agile and huge body instantly fell!

"Now! Attack the weak point!"

The woman who looked like Wu Yuhua shouted loudly, and the weapon in her hand stabbed at the rhinoceros's soft ribs at lightning speed.

Originally, that was the place with the tightest defense. Now, due to the loss of balance, a flaw was revealed.

The other man and woman also attacked. The giant rhinoceros immediately let out a mournful howl, and blood spurted out of its body.

Lin Yi then cut off the knee of the Rhino's other hind leg, completely incapacitating it. Only then did he put away the dagger and retreat.

At this point, the three didn't need Lin Yi's help anymore. They could easily take care of the Rhino.

After a short while, the giant rhinoceros was on the verge of death. Even its screams were weak. Its huge body lay on the ground, twitching slightly from time to time. The ground was soaked in blood. Fortunately, there was a thick layer of dead leaves, so it did not flow too far.

"Thank you for your help, friend. I'm Wu yucao. How may I address you?"

The woman who looked like Wu Yuhua left the finishing touches to her partner as she walked over to greet Lin Yi first. The name she gave him even made Lin Yi a little dazed!

Chapter 7064 My Name Is Lin Ying

Wu yucao?

Not only were their appearances and auras similar, even their names were similar. Could she actually be Wu Yuhua's sister?

Lin Yi composed himself and smiled faintly. He cupped his hands, "My name is Lin Ying. Sister, you're welcome. It was you who reminded me just now that I was able to use my Qinggong to avoid the attack in time. So, it's not considered as helping."

"Hehe, this little brother Lin Ying has a sweet mouth. The first thing he knows is to call me big sister!"

A pretty young lady walked over as well, greeting Lin Yi with a smile. "My name is Ling Hanxue. You can call me big sister Ling or big sister han. Big sister Xue is also good! You can call her sister Wu. Sister grass doesn't sound good!"

Sister grass?

Lin Yi didn't know what to say-this ... Made sense! He was really speechless!

But with just a few words, Lin Yi could tell that Ling Hanxue had a bright personality-this kind of person was basically not a bad person!

And Wu yucao ... Because she looked like Wu Yuhua, Lin Yi was naturally close to her, and his impression of her wasn't bad!

"Hey, little brother Lin Ying, let me introduce you. That guy over there is Chen Zhisheng. The three of us are adventurers. You can just call him by his name. Don't mind him too much!"

Ling Hanxue was very friendly and introduced the last young man to Lin Yi. She then changed the topic,"Have you decided what to call me? I just think that sister han and sister Xue sound better. Of course, it's fine if you like to call me sister Ling!"

Lin Yi's mouth twitched. Ling Hanxue didn't look any older than him, so how did she become his big sister?

Could it be that the older sister was more popular than the younger sister?

"Then call her sister Xue!"

Lin Yi couldn't be bothered to argue-it didn't matter if he had a pretty sister!

Moreover, it was impossible to tell a cultivator's age. At most, she was only twenty years old, so there was no loss in calling her little sister.

Ling Hanxue immediately beamed with joy, as if she was extremely satisfied with being addressed as sister Xue.

Chen Zhisheng walked over with his guard up, staring at Lin Yi, "This Lin Ying's background is unknown. You guys shouldn't trust him too much!"

Lin Yi found it funny-the guy was hostile towards him. Did he think that Lin Yi's appearance was a threat to his status as a protector?

Speaking of which, it wasn't wrong for a young man to be on guard against a stranger who'd suddenly appeared beside two pretty girls-Lin Yi understood that.

"Chen Zhisheng, you're wrong! Little brother Lin Ying has fought alongside us and established a deep friendship with us. How can we not know his background?"

Ling Hanxue waved her hand and pulled Lin Yi into her camp.

"What do you mean by fighting side by side ... We just took the opportunity to sneak attack him twice, and it was based on our hard work for half a day. You can't be thinking of giving him a share, right?"

Chen Zhisheng glared at Ling Hanxue unhappily. This surprised Lin Yi. Under normal circumstances, the male members wouldn't talk to the female members like this, right?

But Lin Yi understood now-Chen Zhisheng was worried that he'd split their loot!

The Rhino was obviously their prey, and they'd been fighting for a long time. Lin Yi's actions had sped up the process, but Chen Zhisheng wasn't willing to give up his share!

"It's only right to give brother Lin Ying a share. After all, brother Lin Ying has contributed a lot!"

Wu yucao said indifferently. It was obvious that she had a high prestige in the three-man team. The moment she opened her mouth, Chen Zhisheng shut up.

Although Chen Zhisheng's face was still extremely unhappy, he did not continue to object!

"Big sister Wu, you're welcome. I really didn't do much, so you don't have to count me in!"

Lin Yi waved his hand with a smile, rejecting Wu yucao's kind offer. In fact, he didn't really care. The rhinoceros was something he'd never seen before, but it was still something he could deal with in the Foundation Stage-it was meaningless to him.

"Brother Lin Ying, you don't have to say anything. What's yours is yours. There's no need to be so polite!"

Wu yucao shook her head firmly, indicating that she didn't want to continue the topic. Lin Yi didn't say anything.

"Little brother Lin Ying, you don't have to be so polite with your sisters. Eat and drink as you should, unless you don't treat us as family!"

Ling Hanxue was even more straightforward. Lin Yi didn't know whether to laugh or cry. They just met, and she already treated him as one of her own. Was that really appropriate?

If they had encountered a guy with evil intentions, the three of them would probably die without even knowing how they died!

"Alright, then I won't stand on ceremony with you!"

Lin Yi didn't insist-it was just a Big Rhino, after all, so what if they took it? he'd just compensate them with some Foundation-level pills later.

Although they did not have true Qi, the pills should be able to help them.

These thoughts flashed through Lin Yi's mind, and he turned to his curiosity about this place.

"Big sister Wu, what is this place? It's different from what I know!"

"Little brother Lin Ying, you're not from this place?"

Ling Hanxue's eyes widened, and she looked a little excited. ""Where did you come from? Is it fun there?"

Lin Yi's mouth twitched ... How should he put it? His mind had never been on playing!

"Brother Lin Ying, you're really not from our place. I had my suspicions when I saw your moves just now. I thought it was some kind of secret technique, but it turns out that you're from the outside world!"

Wu yucao was very calm. She nodded slightly and said, ""This place is called the sub Island. I know that there seems to be another world outside the sub Island, but I don't know how to get out. Where did brother Lin Ying come from? I wonder if it's convenient for you to tell us?"

Lin Yi looked around-this was where he came in, and the giant door should be nearby.

However, they were surrounded by a forest and there was no gate with a sealing formation. It was obvious that this was a one-way gate.

After passing through the crack, it was impossible to return the way they came!

"Whether you believe it or not, I actually don't know how I got in either."

Lin Yi pointed at the empty space behind him, not hiding anything, "I passed through a huge door and appeared directly in this place! When I first came out, I was still in a daze. If it wasn't for big sister Wu's reminder, I might have been injured by that rhinoceros!"

Ling Hanxue, on the other hand, jumped over with a "whoosh" and searched the place Lin Yi pointed at for a while before straightening up, her face suspicious.

"Little brother Lin Ying, it's not that sister Xue doesn't believe you, but there's nothing here! Are you sure it's from here?"

Chapter 7065 A World Without True Qi?

"This kid is obviously a liar. Don't believe him!"

Chen Zhisheng hmped coldly and took the chance to attack Lin Yi. It would be best if he could make Wu yucao and Ling Hanxue fall out with Lin Yi!

"I'm telling the truth. If you don't believe me ... There's nothing I can do!"

Lin Yi shrugged helplessly. "Perhaps there is some kind of mechanism here that we can't see through. After all, I just appeared out of nowhere. You all saw that, right?"

"It's indeed a little strange! I did see you suddenly stand in front of the Rhino!"

Wu yucao looked at Lin Yi, deep in thought, and called Ling Hanxue over, "Stop loitering around. If you suddenly disappear, I won't even know where to find you!"

Ling Hanxue chuckled and shook her head nonchalantly. "If it really disappeared, it must have gone out to the outside world! I won't let you come to me when I'm eating and drinking outside!"

"You little heartless thing! I doted on you for nothing!"

Wu yucao scolded jokingly and ignored Ling Hanxue, turning to Lin Yi, "Brother Lin Ying, you're able to come here from the outside world, so you must be very strong, right? Just now, I saw you easily cut off the joint of the spirit Beast of Darkness, I really admire you!"

She was trying to find out Lin Yi's strength in a roundabout way-they weren't familiar with each other, after all, and it was a taboo to ask about that.

Lin Yi didn't mind-he wanted to ask them what was going on here, and why didn't they have Qi.

Before answering, Lin Yi was prepared to show off some pure energy skills to clarify the problem. He didn't use pure energy in the battle just now, so Wu yucao and the others didn't notice anything different about him.

However, Lin Yi was shocked to find out that he couldn't use his Qi anymore!

To be exact, his true Qi was completely sealed. Although he could still feel it, he couldn't use it at all!

"Senior ghost, what's going on? Is there a sealing formation in my body?"

Lin Yi couldn't find the problem himself, so he could only ask the damn thing.

After all, sealing formations were the real authority, and Lin Yi only knew a little about it.

"There's no special sign ..."

"I ..." The demonic thing scratched its head. "I still need time to observe. Don't worry about the true energy for now!"

Lin Yi had no choice but to put the Qi matter aside and talk to Wu yucao first.

"Big sister Wu, I'm actually not that strong ... Using the classification of our world, I'm at the peak of the Sky Class. How do you guys calculate your strength?"

Lin Yi wasn't lying-without his Qi, and without using his spirit, his Yuan spirit body was only at the peak of Sky Class.

If he still had his physical body, he would be different from before. Just the strength of his physical body alone was enough to be superior to all heroes.

Unfortunately ... His physical body was already gone. Without true Qi and divine sense, his primordial spirit body didn't even have the strength of a Foundation establishment cultivator. It was a sad thing to think about ...

"The division of our strength should be similar to yours, right? I'm at the peak of the late stage of the foundation building realm. Xiaoxue and Zhisheng are both at the late stage of the foundation building realm!"

Wu yucao generously raised the strength of the three of them, then asked with some doubt, ""Brother Lin Ying, you seem very strong! Only a Paragon of heaven rank?"

Chen Zhisheng was a little disdainful when he heard Lin Yi say that he was only sky Class full phase, but he looked at Lin Yi suspiciously after hearing Wu yucao's words.

"Big sister Wu, I'm indeed at the peak of the Sky Class! You think I'm powerful, but it's actually because I cultivate the path of an assassin, which focuses on killing with one strike. My attack power is extremely powerful, so it's not impossible for me to fight an enemy of a higher realm. "

Lin Yi explained casually. It wasn't a lie, and the truth was the same, "When I was outside, I could still use the true Qi in my body. But after I came in, the true Qi in my body was sealed. Do you know what happened?"

If he could get to the bottom of this matter, he should be able to recover his strength.

However, Wu yucao and Ling Hanxue were all confused, as if they couldn't understand what Lin Yi was saying.

"Little brother Lin Ying, what's Qi? What sealed it?"

Ling Hanxue was no longer studying the possible spatial passageway. She turned around and stood with Wu yucao. "The true energy you're talking about, is it for combat?"

He didn't even know what pure energy was, and he was in despair!

"Yes, in the outside world, we absorb the spiritual Qi of heaven and earth and transform it into true Qi. Then, we use the true Qi to activate powerful martial arts techniques. Unfortunately, I can't use true Qi now, so I can't show you the martial arts techniques!"

Lin Yi explained it simply, but Ling Hanxue was very interested and wanted to ask more.

Chen Zhisheng jumped out directly, his face full of displeasure, ""This kid is full of nonsense, all of which have no evidence, and you guys really believe it! We'd better pack up and leave this place as soon as possible. Otherwise, the smell of blood will attract more powerful darkness spirit beasts, and that will be troublesome!"

"What Zhisheng said makes sense. Let's pack up and leave this place first!"

Wu yucao nodded and directed Chen Zhisheng and Ling Hanxue to dissect the great rhinoceros.

"Big sister Wu, is this a spirit Beast of Darkness? What's the use of it?"

Lin Yi didn't want the loot-he was just curious. "Are you guys here to hunt?"

"That's right, we're actually a small hunting team! The spirit beasts of darkness have a faint black aura on their bodies, and their inner cores are the most valuable. They have the best effect when used to temper our bodies, and their most essential meat is also a good thing, second only to their inner cores. "

Wu yucao explained in detail to Lin Yi, pointing out the dissected body for Lin Yi to see. "What Zhi Sheng took out now is its inner core, and what Xiaoxue is cutting is its essence. Also, the spikes on this big guy's body are good stuff, they can be used to make leather armor. "

As he spoke, Chen Zhisheng took out a fist-sized black inner core. There was some dark aura on it, but it was countless times weaker than the dark aura on the dark demonic beast.

The so-called darkness spirit beast, simply put, should be considered a weaker version of the darkness demon beast. It was more like a combination of the darkness demon beast and ordinary spirit beast.

Of course, if they could continue to evolve, they might be able to become high-level darkness magical beasts.

Or perhaps the dark spirit beasts were the prehistoric version of the dark demonic beasts, but the dark demonic beasts Lin Yi had encountered before were too strong, so the dark spirit beasts here were like two different species.

On the other side, Ling Hanxue also nimbly made an opening from the neck to the chest of the giant rhinoceros. Then, she carefully cut out a few pieces of snow-white, crystal-like meat from the inside.

Chapter 7066 Stay Alert

"Not bad, not bad. It's about 16 or 17 Jin. That's a good harvest!"

Ling Hanxue happily raised the strip of meat, then took out an oiled paper bag and put the strip of meat in it. She threw it to Chen Zhisheng. "We can get quite a lot of money this time. We'll split it among the four of us later and upgrade our equipment!"

Chen Zhisheng put the oil bag into his bag and glared at Lin Yi unhappily. He still felt that Lin Yi didn't put in much effort and wanted a share of it, it was unforgivable!

Especially after Lin Yi came, the two pretty girls in the team were very passionate towards the kid. He couldn't take it anymore!

"Big sister Wu, big sister Xue, I don't want the things. I'm an outsider, so I don't have any use for them. Can you take me out of the forest as my reward?"

Lin Yi really didn't care about those things. Any one of the cores he had was in the mountain opening, earth opening, and even sea shattering stages. What was a mere foundation building core, a quarter of a core at that?

"What's yours is yours. Besides, you're one of us now. Of course, we'll go out together. What's with the reward?"

Ling Hanxue slapped Lin Yi's shoulder and laughed, "Don't worry, sister Xue will protect you and won't let you suffer any losses!"

"I object!"

Chen Zhisheng wasn't happy at all. He took out the oilskin bag and threw it to Lin Yi. "Since you guys want to give him a share, just give him half of the meat essence, and then we'll go our separate ways!"

"What do you mean, Chen Zhisheng? Are you trying to make things difficult for me?"

Ling Hanxue's pretty face stiffened, and her eyes widened. "I said I'll protect Lin Ying, and you want to chase him away. Are you looking for trouble?"

Chen Zhisheng's imposing manner suddenly dissipated, and he lowered his head and whispered, "This person's background is unknown, his strength is low, and he likes to act tough ... I think he will most likely drag us down if he follows us ... I'm thinking for our team!"

Chen Zhisheng quickly looked at Wu yucao, hoping to get some support from her.

Unfortunately, Wu yucao didn't think so. "Zhi Sheng's idea is good, but brother Lin Ying isn't weak. Although his level might be a little lower, he's extremely good at assassination. He definitely won't be a burden to us!"

"That's right! I can tell that little brother Lin Ying is stronger than you!"

Ling Hanxue quickly chimed in and even raised her chin proudly at Chen Zhisheng. "Don't babble anymore. Hurry up and peel off the skin. Didn't you say that it will attract other spirit beasts of darkness if you stay here for too long?"

Chen Zhisheng's face was sullen, but he could not refute Ling Hanxue, so he could only go and peel the skin!

Lin Yi chuckled to himself, but didn't have any bad feelings towards Chen Zhisheng. At least this guy could be patient with two female members, he was considered a gentleman ... Yes, a gentleman for the time being!

After a while, Chen Zhisheng finished skinning the armor. The armor was not small, but after it was peeled off, it was extremely soft. It was just a ball, and it was just an extra backpack.

"After this armor is processed, it can be made into a few pieces of armor. If you sell it, you can get quite a lot of money. It's also not a problem if you want to use it yourself."

Ling Hanxue smiled as she spoke. She then cut off a piece of meat from the back leg of the great rhinoceros. "Let's eat this today. Although it's not very useful, it can fill our stomachs. "

Lin Yi didn't say anything. It seemed like the three of them weren't in a good situation. The best pieces of meat from the Rhino were all for sale. He didn't even want to eat them.

Only the leftover meat that could be discarded was cut for food. This way, Lin Yi was even more embarrassed to split the spoils. After all, his wealth was beyond the three's imagination.

"Alright, let's leave this place first!"

Wu yucao took a bag from Chen Zhisheng's hands and signaled for Lin Yi and the others to follow,""We've been delayed for a bit too long. Perhaps other darkness spirit beasts will come soon. Our current condition isn't very good, so we should find a place to rest first. "

Lin Yi didn't mind, naturally. He put away the oil bags and was about to help, but Chen Zhisheng snatched it back with a dark face, telling him that he didn't need his help.

The four of them walked for a while, and after about twenty miles in the forest, they found a place that was more suitable for them to set up camp and rest. There was a small stream on the side, which was suitable for processing the large piece of meat.

Lin Yi had noticed that the three were getting tired-it seemed like they'd used up a lot of energy in the fight.

Without the help of true Qi, it would take more time for them to recover.

Pure physical strength wasn't as strong as pure Qi-Lin Yi had experienced this before.

Other than that, there was one more thing that Lin Yi was concerned about. It wasn't that he couldn't use his spirit sense, but once he used it, it would really be used up, and he wouldn't be able to recover it!

Even if he used the Black Sea soul condensing liquid, he would not be able to recover his spiritual sense!

After all, these treasures needed to be refined with pure Qi, and pure Qi couldn't be used. As a result, Lin Yi didn't even dare to use his divine sense to scan!

After all, sitting around and eating was like breaking even in the past, but now he only went out and didn't go in, so he would save as much as he could.

One had to know that this was a primordial spirit. If he couldn't use his spiritual power to recover, it was very likely that his soul would be destroyed in the end. His primordial spirit was already unstable, so he couldn't afford any mistakes.

Chen Zhisheng put down his backpack and began to quickly process the meat. He started a fire to barbecue it without the help of the two beautiful women. He was quite diligent.

Lin Yi wanted to help out, but the other glared at him. He could only smile awkwardly and play the outstretched hand card.

"Brother Linying, don't be calculative with Zhi Sheng. He's not a bad person. He's the most hardworking and capable person in our team. He's just a little more cautious in his behavior."

Wu yucao explained with a smile. They were on the same side now, and it wouldn't be good for anyone to hold grudges against each other. "Zhisheng is still on guard against you now, but when we get to know each other, you'll know that he's not difficult to get along with."

"Sister Wu, don't worry. I didn't take it to heart. There's nothing wrong with brother Chen's approach. It's a very good habit to be vigilant against strangers!"

Lin Yi waved his hand with a smile. He didn't take Chen Zhisheng's hostility to heart. To be exact, the three of them combined weren't a threat to him at all, so what was there to worry about?

"Hehe, little brother Lin Ying, are you saying that we're not alert enough to strangers? Shouldn't I be a little fiercer to you?"

Ling Hanxue smiled evilly as she moved closer to him. Then, she put on a fierce look on purpose. "How is it? Do you feel better?"

Chapter 7067 Talented Enemy

Lin Yi didn't know whether to laugh or cry-Ling Hanxue's feigned ferocity didn't mean anything at all, and instead made her look very cute ...

To put it simply, it was like a Husky pretending to be a hungry wolf!

Alright, it wasn't very appropriate to imagine a beauty as a Husky, Lin Yi thought, chuckling to himself.

Chen Zhisheng couldn't sit still anymore. He wanted to push Lin Yi out so he could perform better, but what was the situation now?

He would stupidly make food for them, and then let this kid chat and laugh with the two beautiful women?

To hell with being ostracized!

Chen Zhisheng felt that he was the one who was excluded!

"Lin Ying, why don't you roast the meat?"

Chen Zhisheng came to Lin Yi's side in a flash and gave him the meat skewer. "If you want to integrate into our team, you should at least show your true skills first!"

"Little brother Lin Ying, can you? If you don't know, just tell me, I'll help you!"

Ling Hanxue patted Lin Yi's shoulder and changed the topic, "After all, I've only cut off this little bit of meat. If you roast it badly, it might not be enough to eat!"

Chen Zhisheng was secretly pleased, anticipating Lin Yi's embarrassment. He pushed the branch forward even more.

"I'm fine! I also know a thing or two about barbeque!"

Lin Yi smiled as he took the branch from Chen Zhisheng's hands and started roasting it near the fire. "But it's true that I haven't cooked it for a long time. If it doesn't suit your taste, you'll have to force yourself to eat it!"

"Hey, hey, are you really reliable? Try to make a piece first. If it's not good, you can eat it yourself, I don't want to force myself!"

Ling Hanxue laughed as she moved closer to Lin Yi. Lin Yi was turning the branch skillfully and slowly on the fire, so she thought that it shouldn't be too hard to swallow.

Wu yucao also took a closer look and said with a smile, ""It looks good, but I don't know how it will taste! Xiaoxue, try it first. I'll eat it after it's good!"

"How could you do this? You want me to test the poison? As expected, a woman's heart is the most poisonous!"

Ling Hanxue pretended to be angry and hit Wu yucao with her hand.

Wu yucao, naturally, didn't want to be outdone. She retaliated with a smile, "You ignorant and incompetent little girl, you're also one of the most poisonous women! I've never seen a fool like you, scolding people while dragging yourself in!"

Lin Yi pursed his lips and tried to hold back his laughter. He was smart enough not to get involved-he'd probably get himself in trouble if he did, but the atmosphere was great, and he liked it.

Lin Yi was reminded of Wu Yuhua-how great would it be if she could be here!

Although Wu yucao and Wu Yuhua were extremely similar, they were not Wu Yuhua after all ... He could find an opportunity in the future to find out if there was any relationship between the two!

Perhaps they were related by blood? They might have been a family in ancient times, but later, one of them went to the abandoned land, and the other went to the sub-Island. After so many years, it was not easy for the two to look so similar!

The three of them were almost squeezed together and laughing. Chen Zhisheng, who was on the side, was very lonely. He didn't know if he should say ten thousand curses in his heart!

Why was it that he, Chen Zhisheng, could only face the fire alone when he was roasting meat, while when Lin Ying roasted meat, two beautiful women immediately accompanied him and laughed endlessly? They had never been so active in the past!

After all that, he was still being pushed out ...

Just as Chen Zhisheng was struggling to decide whether he should be thick-skinned enough to go over, there was a faint movement around him.

The two women, who were playing around, suddenly became serious and put on a defensive posture. Chen Zhisheng also quickly approached the two people and immediately formed a triangular formation.

Only Lin Yi was still barbecuing as if nothing had happened, as if he didn't notice anything.

"He's really a burden. The enemy is right in front of him, but he doesn't even notice!"

Chen Zhisheng was a little angry and taunted Lin Yi.

It was obvious that Lin Yi was a very powerful opponent since he was only able to get this close to them. Chen Zhisheng thought that Lin Yi would be killed at the first moment.

"Brother Lin Ying, be careful. Enemies are coming!"

Wu yucao couldn't care less about Chen Zhisheng's thoughts as she reminded Lin Yi in a low voice.

The reason why they were determined to be enemies was that they did not come from a single direction, but had formed a vague encirclement.

It was obvious that the other party wanted to capture all of them in one fell swoop. They did not want to let any of them escape, and their malicious intentions were self-evident.

Lin Yi may only be a Sky Class full master, but Wu Yuhua had seen his assassin skills before. She hoped that Lin Yi would wake up in time and enter battle mode immediately after the reminder!

"An enemy is coming? Where is he?"

Lin Yi's ignorant face made him look like a noob, and Chen Zhisheng felt even more disdainful!

In fact, Lin Yi had discovered the enemy earlier than Wu yucao and the others. Although he didn't use his spirit sense, his Yuan spirit body was extremely sensitive. After all, his original foundation was strong. If he didn't want to be discovered and get close, he would have to be at least earth formation stage, right?

However, the so-called enemies were just a bunch of Foundation Stage noobs. Lin Yi didn't care at all and didn't warn Wu yucao and the others.

There was no threat anyway, so let them be!

As he spoke, seven foundation level practitioners appeared from all directions, surrounding Lin Yi and the others.

"Hahaha, what a small world! Wu yucao, I didn't expect us to be so fated to meet you here!"

A burly man with a full beard laughed as he placed the mountain-splitting axe on his shoulder. He raised his eyebrows and glanced at Wu yucao and the others. "It seems that you have a good harvest. Old rules, whoever sees it will have a share. Hand them all over!"

"Bah! Who's going to follow the old rules with you? Bo Cai, don't go too far!"

Wu yucao's pretty face was as dark as water. She said coldly, ""Don't think that you can bully us just because we have more people! At worst, we'll just fight to the death!"

The dark spirit beasts that they had hunted with great difficulty, their inner cores, essence meat strips, and so on had to be exchanged for money to strengthen the team. How could Wu yucao easily hand them over to the other party?

Although there were seven people on the other side, their strength varied from the peak of the early stage of the foundation building realm to the peak of the late stage of the foundation building realm. Their true strength was basically the same as the three of them, so Wu yucao thought that they could run away even if they couldn't beat them.

Under such circumstances, they would definitely not hand over the items to ensure their safety.

"Wu yucao, I'm in a good mood today. I only want your things, not your lives. Don't you dare be ungrateful!"

The burly man called Bo Cai used his little finger to pick his teeth, and laughed in a carefree manner, ""Of course, if you're willing to lie on my bed obediently, you don't have to take the things. No, no, no, I'll even give you some prey. Wu yucao, what do you think?"

Chapter 7068 Let's Eat Barbecue First

"I think you can die now!"

Wu yucao's pretty face was frosty. She raised the weapon in her hand and was about to attack. At the same time, she called out to Ling Hanxue and the others in a low voice, ""Focus on the enemy's weakest link. We'll break out first!"

If they were entangled, they would most likely suffer losses, so it was better to run away as soon as possible.

The enemy's men were scattered, which meant that there were fewer people on either side than their own team, so the chances of breaking through were not small.

The only ones who were worried were the Lin Ying brothers. From the moment Bo Cai and the others appeared until now, he still hadn't reacted, and was still sitting by the fire, carefully roasting meat.

Wu yucao was really speechless. This Brother Assassin was actually a barbecue chef, right? How could he be so focused on roasting meat?

That was just ordinary spirit beast meat of darkness. It was not worth much at all!

"Little brother Lin Ying, don't bother about the meat!"

Ling Hanxue couldn't help but whisper, "It's not the time to eat!"

"Why not? I'm already fine!"

Lin Yi looked at the meat and passed it to Ling Hanxue with a smile, "Sister Xue, try it. What do you think of my cooking?"

The golden-yellow meat was steaming hot, and some of the oil on the meat was sizzling. An alluring aroma wafted into his nose!

Ling Hanxue knew that the current situation was not suitable for her to eat, but her stomach still let out a light growling sound because of the fragrance.

At that moment, the cheerful Ling Hanxue could not help but blush. Looking at the roasted meat in front of her, she really did not know whether to accept it or not.

Lin Yi saw that Ling Hanxue was hesitating, so he didn't say anything and stuffed a skewer into her hands. He gave the other skewer to Wu yucao.

The corners of Wu yucao's mouth twitched slightly. She couldn't understand why he was only holding a skewer of barbecued meat. Shouldn't he be holding a weapon in his hand?

This was the time to go all out!

What's with the barbecue skewers? Stuff it into the enemy's mouth and choke them to death?

"Lin Ying, are you stupid? Don't you understand the situation?"

Chen Zhisheng couldn't take it anymore and exploded, ""Even if you want to die, don't drag us down! Or are you just an undercover agent sent by that silly spinach?"

Bo Cai, who was called silly spinach, felt that Chen Zhisheng was an old man who was tired of living. The mountain-splitting axe on his shoulder was ready to chop down at Chen Zhisheng's head at any time!

However, before he made a move, the kid called Lin Ying had already started talking to Chen Zhisheng with a smile. So, Bo temporarily suppressed the killing intent in his heart and prepared to watch a wave of internal strife.

"Chen Zhisheng, are you a little anxious because the two sisters have barbecue to eat and you don't have any? Don't worry, don't worry, Ladies First!"

Lin Yi was just bullshitting when he noticed the group's reaction, a confused look on his face."Who are these people? Was she here to deliver spinach? The spinach barbeque doesn't taste good ... Should we make some soup?"

Who was in a hurry? Who the hell wanted to eat barbeque?

The corner of Chen Zhisheng's mouth twitched twice. He really didn't know whether he should be angry or laugh ... Spinach soup, it was indeed quite funny!

Looking at Bo Cai, who originally wanted to watch a show, but now his face was a little green, Chen Zhisheng suddenly felt that he really wanted to laugh!

Wu yucao and Ling Hanxue also almost suffered internal injuries from holding back their laughter. However, it was not a suitable time to laugh at this moment in case Bo Cai flew into a rage out of humiliation!

So they gritted their teeth and shrugged their shoulders, wishing they could just smash the meat in their hands onto Lin Yi's head!

He didn't even know when to look at the time and place when he was telling a joke. Was this the time for a joke? Now, they were eating barbecued meat ... Bah! It was time to go all out!

"Brat, you're very arrogant! It seems that you have some amazing means. Why don't you let me see it!"

Bo Cai's face was dark. With a twist of his wrist, the mountain-splitting axe on his shoulder fell to the ground, easily crushing a rock on the ground into pieces. "I've never seen you before. Are you Wu yucao's new pretty boy? Come here, I'll get to know you!"

Speaking of which, it wasn't the first time Bo Cai had been called spinach by others because of his name. However, what he hated the most was being called spinach. Of course, this was only limited to those whose status and strength were inferior to his.

He would be happy if someone called him that, but Lin Yi wasn't that type!

Not only did this kid order spinach, but he also deliberately used it to make a joke, saying that if the barbecue didn't taste good, he would make soup!

To F \* cking cook soup! Master Bo Cai was very angry! The consequences must be very serious!

"Brother Lin Ying, this is Bo Cai. He's very strong. Let's not fight him head-on!"

Wu yucao returned to normal and stood in front of Lin Yi, whispering in his ear, "Let's break out of the encirclement in that direction. Don't fall behind!"

"Wu yucao, don't think about it anymore. I'm going to eat you up today! Let that brat come over to die first, and then you will obediently climb into my bed, or else you will all die!"

Bo Cai narrowed his eyes and beckoned Lin Yi over with his finger, "Brat, aren't you very arrogant? do you only know how to hide under a woman's skirt and not dare to see anyone?"

"Who told you I'm arrogant?"

Lin Yi frowned and put on a serious face. "Who leaked such secret information?"

Ling Hanxue laughed out loud. When it came to being arrogant, there was no time to hide it.

This Lin Ying Lackey was quite interesting, but unfortunately, his strength was a little too weak. He had completely angered Bo Cai, and this matter was probably not easy to resolve!

"Brat, you've got guts! Then I'll send you on your way first!"

Bo Cai laughed coldly as the mountain axe on the ground bounced up and slashed at Lin Yi like a lightning bolt. The sound of the axe cutting through the air carried the force of a Thunderbolt-it was a force that could really split a mountain!

Wu yucao's expression changed. Bo Cai's level of strength was the same as hers, but in terms of strength, Bo Cai was stronger. If they were to fight face to face, she might not be his match.

Only by using the advantage of her agility to engage in guerrilla warfare would Wu yucao have a chance to contend with Bo Cai. However, when the axe came down, although she could Dodge it, the Lin Ying brothers would definitely not be able to escape!

Therefore, Wu yucao could only clench her teeth and raise her weapon, ready to take the axe head on!

Wu yucao had no confidence in what would happen next if he used his weakness to fight against the enemy's strength!

Lin Yi was touched. He had a lot of battle experience, and he knew what Wu yucao was thinking the moment she moved. It was because of this that Wu yucao and Wu Yuhua were closer to each other.

"Big sister Wu, don't throw away the barbecue! I put in so much effort to bake this!"

Lin Yi said casually as he pushed Wu yucao a few steps away, easily dodging Bo Cai's attack.

Wu yucao froze, not understanding why Lin Yi pushed her away so easily!

Chapter 7069 You're Not Dead Yet

The two weren't on the same level at all, and while it was partly because they weren't on guard against Lin Yi, it was still a little strange that they'd gotten to the edge so easily.

What was even more strange was that he was still holding onto that skewer of barbecued meat in such a life-and-death situation ... What the hell! Could it be that he was still hoping to use the roasted meat to block Bo Cai's Mountain-splitting axe?

These thoughts flashed through Wu yucao's mind and were thrown to the back of her mind. She was more concerned about Lin Yi's safety.

He looked up and saw Lin Yi Dodge the axe, but Bo Cai wasn't an undeserved name. The axe seemed to be unstoppable, but when it missed, it drew an arc and continued to slash at Lin Yi.

Wu yucao knew that it would be difficult for her to deal with such a heavy attack. It was too late to save him!

Lin Yi didn't care at all since he was in the attack range. Bo Cai's attack was child's play to him.

If he still had his genuine Qi, a little finger would be enough to crush him dozens of times. Or if his consciousness could recover, a simple collision of consciousness could turn him into an idiot.

Even if he couldn't use any of these, Lin Yi's eyes were still there. The mountain-splitting axe that Wu yucao thought was extremely powerful was no different from a snail's speed to him. It was just that Lin Yi's own speed couldn't keep up with his eyes after losing his pure energy.

Lin Yi's body moved along the mountain-splitting Axe's blade with precise movements as he used the butterfly microsteps. He dodged the attacks with a hair's breadth of difference, and his posture was extremely elegant. In the eyes of Wu yucao and the others, it was like a beautiful dance on the tip of a blade.

Bo Cai's heart sank. He was Lin Yi's opponent, and he had a profound experience. The kid in front of him didn't look strong, but he just couldn't hit him!

It was a sense of despair where he couldn't get past it no matter how hard he tried. Even if Lin Yi hadn't made a move yet, Bo Cai could already feel that things weren't looking good!

"Brother spinach, what's next is the technique that you've been so eager to see! Watch closely and don't blink!"

Lin Yi dodged a few times and said with a faint smile. He took out the dagger he'd used before, saw an opening, and moved behind Bocai like a ghost, silently stabbing out with it.

There wasn't any sound of it breaking through the air, and compared to the mountain splitting Axe's shocking momentum, Lin Yi's dagger was like a Willow catkin, light as a feather, not even stirring a speck of dust.

However, Bo Cai felt as if he was being stared at by the most venomous snake, and all the hairs on his body stood up!

Without any hesitation, he pounced on the ground and rolled on the ground lazily. Then, he threw out the huge mountain-splitting axe to block any possible pursuit.

This series of actions were completed in an instant, but Bo Cai still felt a cold sensation on his neck, followed by a warm liquid splashing out. After rolling a few steps, his chest was already soaked in red blood.

"I ... I'm going to die?"

Bo Cai almost peed his pants in fear. His hands and feet went soft as he fell to the ground. He muttered to himself in disbelief, ""Am I going to die? It doesn't make sense!"

"You didn't die! It's just a small cut, but if you continue to lie there and let your neck bleed, you'll most likely die from excessive blood loss!"

Lin Yi stood beside Bo Cai and looked down at him with a smile. "Of course, if you really want to die, I don't mind giving you another stab!"

To be honest, Lin Yi did have the thought of killing Bo Cai with one hit, but Bo Cai's desire to live was unexpectedly strong. He made a series of self-preservation movements under Lin Yi's attack and only suffered light injuries in the end.

Since he couldn't kill Bo Cai in one strike, Lin Yi didn't bother to kill him anymore. He was just a small fry, and there wasn't any deep hatred between them. There was no need to chase after him.

Bo Cai's entire body quivered, and he hurriedly reached out to cover the wound on his neck. Feeling that the strength in his arm was indeed still there, he was instantly overjoyed, feeling the excitement of having escaped death.

He rolled a few more steps away from Lin Yi before standing up, alert. His companion quickly came over to help him apply medicine, glaring at Lin Yi.

"Big brother, this problem is difficult to deal with, do you want to go together?"

The guy who had just applied medicine for Bo whispered in his ear, ""Brothers, if we attack together, we still have a chance to kill that brat!"

Bo Cai was extremely hesitant-he doubted if he could really kill Lin Yi. The movement alone was enough to guarantee the kid's invincibility in a siege!

Moreover, that silent attack just now had really frightened Bocai. He didn't want to experience that kind of horror again for the time being!

"Bastard, didn't you see that the others have already shown mercy? What are you mumbling about?"

Bo Cai's mind whirled, and he turned around to slap his companion's face,""Get lost, don't embarrass your father here!"

The development of the situation was beyond everyone's expectations. Wu yucao and Chen Zhisheng were both dumbfounded. He clearly said that he had the strength of heaven class, how could he easily take down Bo Cai, who was at the peak of the late Foundation Stage?

As for why he didn't go after Bo Cai, Wu yucao understood that Lin Yi's Assassin's path was to escape if he missed!

He couldn't leave now, but he wouldn't attack again. This was probably the reason.

"MMH! Little brother Lin Ying is amazing! The roasted meat is surprisingly delicious!"

However, Ling Hanxue was different from Wu yucao and the others. At that moment, she was mindlessly gnawing on the roasted meat in her hands, her mouth full of oil as she ate.

Lin Yi couldn't help but chuckle to himself, thinking that sister Xue should at least be more ladylike-this way of eating ... Forget it, let's not talk about it ...

"Kid, you're Lin Ying, right? I'll remember this! Let's forget it for today. The mountains will never change, and the rivers will always flow. We'll meet again!"

Bo Cai glanced at Lin Yi's group with a dark look before telling his friends to leave.

"We're just going to let him go?"

Ling Hanxue munched on the roasted meat as she mumbled, ""Bo Cai isn't a magnanimous person. This guy is very narrow-minded. He'll definitely take revenge on us later. Why don't we take this opportunity to get rid of them?"

"You go! I'm looking after you. Remember to finish the meat before you catch up to them, so you don't choke to death!"

Wu yucao glared at Ling Hanxue. After scolding her jokingly, she subconsciously looked at the roasted meat in her hands.

Was it really that delicious?

'Whatever, I'm so hungry. I'll try it first!'

Thus, Wu yucao also pretended to be careless and began to take small bites of the roasted meat. Then, her eyes lit up and her chewing speed increased.

"Just let Lin Ying go. He's an assassin, and he's the best at chasing and killing! Am I right?"

Ling Hanxue said nonchalantly, treating Lin Yi as one of her own. She then added, "Forget it. Little brother Lin Ying, you can continue to roast the meat. Bo is not a great guy. It's better for us to fill our stomachs!"

Chapter 7070 Luling City

Wu yucao rolled her eyes at Ling Hanxue. For the sake of roasting meat, she had even forgotten about the threat of the enemy, right?

However, she didn't object. She would eat first!

Lin Yi shrugged with a smile and continued to roast meat by the fire. Ling Hanxue was still mumbling as she ate, complaining that she cut too little meat.

The only unhappy thing was that Chen Zhi won ... Although he was relieved that Bo Cai was forced to retreat, why was this kid so annoying? He had made a name for himself in front of Wu yucao and Ling Hanxue again!

He had thought that he would be able to take down Lin Ying, a Sky Class full master, but now it seemed that things were not like that at all. He was going to be killed ...

Putting aside Chen Zhisheng's complicated feelings, Lin Yi and Wu yucao started barbeque mode again, chatting as they ate.

"Little brother Lin Ying, you're pretty strong, aren't you? you were able to take down Bo Cai at Sky Class peak phase-if you could use that pure energy you mentioned, wouldn't you be able to kill even stronger people in seconds?"

Ling Hanxue puffed up her cheeks as she chewed on the meat, not letting go of any gaps in her speech. ""Are the people outside all so powerful?"

"Not really, but with the help of genuine Qi, it's indeed stronger than pure physical strength."

Lin Yi was speaking the truth, but he didn't say that he could kill a bunch of Foundation Stage cultivators with one hit if he had pure Qi ...

"Ah, I really want to go out and see ... Little brother Lin Ying, do you have any way to get out? If you're going out, bring big sister with you!"

Ling Hanxue finished the meat in her hand as she spoke and looked at the meat in Lin Yi's hand. "Not only is he strong, but even the roasted meat is so delicious. If I don't go and see, I'll have lived in vain!"

Lin Yi's mouth twitched. He was good at barbecuing meat, but the conditions here were limited. He couldn't take the condiments out of the Jade space, so the taste was just average!

Why did Ling Hanxue and Wu yucao like to eat it so much?

Was the food on this sub-Island really that bad?

Lin Yi said casually, "I don't know if I can get out of here. If I have the chance, it won't be a problem to take you out."

He was also very curious. If Ling Hanxue and the others were to leave the sub Island, would they be able to cultivate true Qi?

"By the way, do you know of a place called the blue sky Valley?"

Lin Yi remembered that he still hadn't finished reconstructing his body.

"Blue sky Valley? It's a nice name, but I've never heard of it ..."

Ling Hanxue scratched her forehead with her fingers and turned to ask Wu yucao and Chen Zhisheng, ""Have you heard of it? Do you have any impression of it?"

Wu yucao and the upset Chen Zhisheng shook their heads, indicating that they'd never heard of the valley. Lin Yi shrugged, not too surprised.

"The area we're active in isn't that big. Other than this forest, the rest is basically within Luling city. The entire sub-Island is actually very big, and Luling city and the surrounding forest are just a small part of it."

Wu yucao thought for a moment before explaining the geography to Lin Yi. "Perhaps the Azure sky Valley you're looking for is somewhere else. When we return to Luling city, we can ask around. Perhaps someone might know about this place."

"Alright, then I'll have to trouble big sister Wu to help!"

Lin Yi smiled as he passed the meat to Wu yucao. "This is your reward!"

"Hey, little brother Lin Ying, you can't just focus on your big sister Wu and forget about me, big sister Xue!"

Ling Hanxue immediately stretched out her hand to snatch it back. "I saw this roast meat first. How could you give it to someone else?"

Wu yucao raised her hand nonchalantly and grabbed the roasted meat before Ling Hanxue could. ""It's yours if you like it first? Brother Lin Ying already said it was my reward! You have the nerve to snatch it?"

"I don't care, I'll get a share of the reward! You can't take it all for yourself!"

Ling Hanxue didn't give up, jumping up and chasing after Wu yucao for the meat. Lin Yi knew that they were just playing around and didn't want to bother with them. He smiled and shook his head as he continued barbecuing.

Only Chen Zhisheng had a bitter expression on his face. He thought to himself, "you've all eaten, but have you ever considered my feelings? I haven't eaten anything."

'Forget it, I'll do it myself. I'll just roast some meat myself. I can't count on that Lin Ying kid!'

After a while, the few of them had finished eating and tidying up, so they continued on their way. They walked for dozens of miles in the forest before they finally left the forest.

As soon as he came out, he could see the city walls extending. This should be the Luling city that Wu yucao and the others had mentioned.

"Little brother Lin Ying, that's Luling city. We'll go back and sell the things for money. Big sister will treat you to a good meal! I guarantee it won't be worse than your roast meat!"

Ling Hanxue was acting like a host, and Lin Yi didn't have much expectations. After all, a Yuan spirit body didn't have any requirements for food.

The only thing worth looking forward to was whether he would be able to obtain any news about the Azure sky Valley in Luling city.

If he could not find the Azure sky Valley, he would have to find a way to leave the sub Island as soon as possible because the Azure sky Valley might not be on the sub Island.

As they spoke, they arrived at the city gate. Although there were guards, they didn't charge anything. Wu yucao and the others even greeted the guards with familiarity.

"Big sister Wu, it looks like you're doing pretty well in Luling city. The guards are quite polite to you."

After entering the city, Lin Yi joked, "Does he have some kind of background that I don't know about? Tell me about it!"

"What kind of background does he have? They're just a bunch of old veterans like us. "

Wu yucao smiled bitterly and shook her head. "If they can greet us like that, it means that they don't care much about us. If they see people with real status, they will immediately line up and salute!" Only nobodies like us would be familiar with them. "

Lin Yi thought about it and agreed-he had to be at least a local tyrant if he was on good terms with the lower-class officials. Getting information shouldn't be a problem.

"Big sister Wu, you don't have to belittle yourself. You will become big shots sooner or later!"

Lin Yi comforted her insincerely. "There's a city Lord in Luling city right? Are they strong?"

"Little brother Lin Ying, your question is so strange. Don't you have a city Lord?"

Ling Hanxue chuckled and continued the conversation,""Of course there's a city Lord in Deer Ridge city, and he's very strong. At the very least, he'll have no problem killing the few of us in an instant."

Lin Yi thought to himself that killing a few foundation Stage cultivators in seconds wasn't that hard at all-they didn't need to be that strong, golden core was more than enough.

Especially in an environment like this sub-Island, without the help of true Qi and spiritual awareness, it was difficult to fight with a higher level without the help of physical strength.

So the level suppression on the sub Island was much stronger than outside, but Lin Yi was an exception!
