Chapter 7071 Selling

"Little Xue, don't talk about the city Lord. Be careful not to get into trouble!"

Chen Zhisheng warned Ling Hanxue in a low voice. He even carefully observed their surroundings. Fortunately, no one was paying attention to them. "Lin Ying, don't ask about these things. You'll know when it's time."

Lin Yi frowned, not because of Chen Zhisheng's attitude, but because he felt that Luling city wasn't a good place either. What's the big deal with talking about the city Lord?

"Brother Lin Ying, we'll talk about the situation in Deer Ridge city after we find a place to stay. It's not convenient to talk about it outside."

Wu yucao also reminded him in a low voice. "Sometimes, trouble comes from the mouth. You don't even know what you say, and you'll be targeted. This kind of thing has happened before."

"I understand. Don't worry, big sister Wu. I won't ask too much!"

Lin Yi nodded in agreement, his curiosity growing. Was this Luling city a place where people were under high pressure? What kind of powerful figure was the city Lord?

As for fear, Lin Yi didn't feel it at all. Even if he wasn't strong enough, the people on the sub-Island wouldn't have much chance to hurt him. The characteristics of the spirit were enough to deal with most physical attacks.

After Wu yucao finished speaking, the four of them fell into silence, but it was quickly broken.

Along the way, many people greeted Wu yucao and the others. It was obvious that the three of them were quite familiar with each other.

It was just that those people were basically from the three religions and nine schools of people, no prominent existences, and most of them weren't even in the Foundation Stage-they were even weaker than Lin Yi's level on the surface.

After a while, Lin Yi followed the three to a small alley. It was quite remote, and there weren't many people walking around. A few of them were around foundation level.

Some of these people would nod at Wu yucao and the others, while others would ignore them and walk on their own, not interfering with each other.

"Look, that shop is where unaffiliated cultivators like us sell our prey. There are also large shops in Luling city, but they only serve large factions. If we go there, the price will be extremely low."

Ling Hanxue pointed at a door deep in the alley as she whispered to Lin Yi, "Little brother Lin Ying, you'll have to be aware of these things when you're with us in the future. But you don't have to worry. You'll naturally understand after following your sister around for two days."

Lin Yi thanked him with a smile before asking curiously, "Then why is the shop in such a remote place? if it's someone unfamiliar, I'm afraid they wouldn't be able to find this place, right?"

"The busy areas have been occupied by the big businesses, so the small shop can only find a remote place. Those who can come are all regular customers, so it doesn't matter if it's remote."

Wu yucao explained casually. As they spoke, the four of them had already reached the door of the shop. They looked up and saw that there were no customers inside. It seemed that business was really cold.

But Lin Yi immediately remembered the people he met when he came in-perhaps they'd just finished their deal and left. In that case, business wasn't really bad.

"Shopkeeper, come and take a look at the goods!"

Wu yucao walked into the shop and called out, ""Hurry up! I just caught something good today. It's fresh!"

An old man behind the counter stood up and smiled kindly, ""Little grass! I haven't seen you in a while. You haven't had much prey recently?"

"Isn't that so! Most of the dark spirit beasts in the vicinity have been killed, so if we want to find a suitable prey, we have to run further. "

Wu yucao smiled and exchanged greetings with the old man. It could be seen that the two of them had a good relationship and were indeed regular customers!

"Indeed, business has been less recently. If this goes on, everyone will have a hard time!"

The old man sighed and turned to Lin Yi. "This young man is your new member? Not bad, not bad. With more people, it'll be safer to go to a place further away to hunt. "

"Shopkeeper, hurry up and take a look at the goods. Give us a good price. We have many people, so our expenses are high. Don't lower the price!"

Ling Hanxue grinned as she walked over and placed the items on the counter with Chen Zhisheng.

"You black-hearted girl, when have I ever treated you badly? you speak as if I've been lowering your price. Do you have any conscience?"

The old man laughed and scolded a few times before he went forward to check his harvest. "It's the inner core of a Black Spirit spiked armor rhinoceros. Not bad, not bad. This guy isn't easy to kill. You guys must have spent a lot of time, right?"

"That's right. You've been pestering it for a few days and finally killed it. Now, it's here for you. Is that good enough?"

Ling Hanxue giggled as she moved closer to the old man. She rubbed her right thumb and index finger together quickly. "Shopkeeper, you have to show some respect!"

Lin Yi couldn't help but chuckle. This gesture was used internationally in the common world, but he didn't think he'd see it again on the sub Island. The meaning couldn't be wrong.

It was especially fun when Ling Hanxue made it.

The old man couldn't help but spit and continued to scold with a smile, "Go, go, go, you black-hearted stinky girl, you mean this old man has always been unkind? Do you believe that I won't throw you out?"

"Of course I don't! How could you have the heart to throw me out, shopkeeper?"

Ling Hanxue immediately put on a super cute look and acted cute. The two of them did not look like they were doing business at all. Instead, they looked like a grandfather and granddaughter joking around.

"Alright, alright. Don't disturb this old man, girl. If you continue to talk nonsense, I'll deduct twenty percent of your price!"

The old man deliberately put on a stern face and threatened Ling Hanxue. However, he did not hide the smile in his eyes, which was not very convincing.

Ling Hanxue covered her mouth with her hand, indicating that she would not say anything more. Although she was joking, it would be a big loss if the price was really lowered by 20%.

"The Black Spirit spiked armor rhinoceros's neidan is in perfect condition, without any damage. Not bad!"

The old man picked up the black inner core, turned it over and over, and observed it. He nodded and smiled, "I can give you three thousand Yuan for this inner core. Is that okay?"

"No problem! Thank you, manager!"

Wu yucao smiled and nodded, a satisfied expression on her face. She turned to Lin Yi and explained, "If we go to those big shops, we, the unaffiliated martial artists, can only sell this inner core for 1800 at most. The other small shops probably won't sell it for more than 2500. So this is the fairest place."

"Oh," Lin Yi replied, not really paying much attention. Two to three thousand spiritual jades was nothing to him, and two to three thousand spiritual crystals was nothing.

However, he immediately remembered that the sub-Island didn't have much heaven and earth spiritual Qi, and he couldn't use true Qi. Would spirit Jade and spirit crystals be useful?

Or was it that gold and silver were actually used here?

"Little grass has a conscience. You know that I'm just!"

The old man laughed as he glared at Ling Hanxue, clearly saying that she had no conscience. Ling Hanxue continued to cover her mouth and laugh, then wrinkled her nose at the old man, her eyes curved.

Chapter 7072 Blocked While Eating

He put down the inner core and opened the oilbag, taking out a Crystal White meat strip. He carefully observed it and sniffed it for a while, then nodded in satisfaction.

"The Black Spirit armor piercing rhinoceros's essence meat strip. It's indeed very fresh and of excellent quality. I can sell it at a restaurant for a good price."

The old man smiled as he put the meat strip back. After thinking for a while, he stretched out four fingers. "Four hundred! Is that acceptable?"

Although the effect of the essence meat strips was second only to the inner core, it was still far from it. It was not an exaggeration to say that it was ten times the original price. It was indeed a lot to offer four hundred.

"Yes! Shopkeeper, you're the fairest!"

Of course, Wu yucao had no objections. This price had even exceeded her expectations. She had thought that it would be good enough if the essence meat strips could be sold for 300!

If he ate it, he would suffer a huge loss!

"And finally, this is the Black Spirit spiked armor rhinoceros' leather armor. Your craftsmanship is pretty good, and it's basically undamaged. To be able to kill it like this, it seems that your strength has increased greatly!"

The old man's eyes were sharp. With a glance, he could tell that there were no serious wounds on the armor, and he was a little surprised.

The Black Spirit spiked armor rhinoceros's defense was extremely strong, and it wasn't easy to break through its defenses. It was precisely because of this that it was even more difficult to kill it without suffering any injuries!

"We were just lucky. We were lucky this time."

Wu yucao only smiled and brushed it off, not explaining Lin Yi's use.

She was familiar with the old man, but there was no need to let more people know about Lin Yi's strength.

The assassin was nameless, and only an assassin that was not noticed was the strongest trump card!

This was what Wu yucao thought, but she didn't know that Lin Yi was different from the rest. He didn't need to ambush them from the dark-he could just face them head on.

The old man smiled and didn't say much. He put down the leather armor in his hand and thought for a moment before saying, "If I were to purchase it individually, this old man would give you 450 at most. But today, I'm selling the essence of a whole black Spirit spiked armor rhinoceros, so I'll round it up to 4000!"

"That's great. Thank you, shopkeeper. I won't be polite!"

Wu yucao's mood immediately became extremely good. After rounding it up, there was an additional 150, which was equivalent to nearly half the value of the essence meat strips.

"Don't tell anyone else, this is a special offer for you. Consider it a congratulatory gift for having a helper. If others know that you're also asking for the same price, this old man's shop will be closed!"

The old man lowered his voice and said with a smile, ""Let's Make a Deal, if others find out about this price, you won't have any more discounts in the future!"

"I understand! Shopkeeper, don't worry, I'm very tight-lipped!"

Wu yucao smiled brightly, revealing her snow-white teeth. She was definitely in a good mood!

The old man nodded and put away the things on the counter. Then, he took out a stack of gold notes and handed four of them to Wu yucao.

Lin Yi was dumbfounded. Was this ... Paper money?

He had thought that spiritual jades and spiritual crystals might be useless, but he didn't expect that the sub-Island would use paper money!

He had thought that he was rich, but the spiritual jades and spiritual crystals in his space were just decorations!

No wonder Ling Hanxue rubbed her fingers so proficiently ... If it was something like spirit Jade or spirit crystal, there was no way she could rub her fingers!

Wu yucao took the gold notes and flicked them, putting them away in satisfaction. As for splitting the profits, she naturally wouldn't do it here.

"That's all for today. We'll be leaving first. We still have to go and replenish our equipment."

Wu yucao waved her hand at the old man and told Lin Yi and the others to leave, "If there are good things, they will be sent here immediately. Old man, you should prepare more gold certificates!"

"Don't worry, you won't lack gold certificates. As long as you have good things, this old man will definitely give you gold certificates! Let's go, let's go, come often when you're free!"

Ling Hanxue and Chen Zhisheng said their goodbyes to the old man, and Lin Yi waved to him in a friendly manner before leaving.

"Big sister Wu, where are we going now?"

Lin Yi was curious about the purchasing power of the gold notes-four thousand was a small amount.

Lin Yi wanted to see what he could buy with the money, but Wu yucao didn't want to go directly.

"Let's go and eat something first! You didn't have enough roast meat, and I'm a little hungry now!"

Wu yucao looked a little embarrassed and immediately continued,""There's a restaurant that we often go to nearby. Let's go buy some equipment after eating."

"Why don't we go buy some meat and let Lin Ying barbeque it for us?"

Ling Hanxue's eyes suddenly lit up. She wanted more when she mentioned Lin Yi's barbecue."Ordinary beast meat isn't worth much. We can eat to our heart's content."

Lin Yi didn't know what to say-who was the one that said they were going to treat him to something good? He said it wasn't worse than his roast meat, but why was it his roast meat now?

Wu yucao was very moved when she heard this, but then she remembered that this was the Lin Ying brothers 'first time in Luling city after all, so she should at least do her part as a host!

After all, there was still a long way to go, and there would be plenty of opportunities to roast meat in the future. It was better to make sure that the person roasting the meat could stay!

"Let's go to a restaurant to eat something today. We'll roast meat next time! Save some time, we'll get things done as soon as possible, and then we'll go rest and split the profits. "

The reason why they did not split the gold certificates now was that the money for repairing and upgrading equipment was a joint investment, and the remaining money could be split equally among everyone. Therefore, they had to wait until the completion of the project.

Since Wu yucao had made her decision, everyone stopped talking. They walked out of the alley and the restaurant she had mentioned was not far away.

Opening a restaurant in such a remote place, it was obvious that it was not a high-end place. It was most likely a business for people like Wu yucao.

After entering the restaurant, Wu yucao and the other two went up to the second floor. They found an empty table by the window and sat down, then began to order.

Lin Yi didn't have much say in this, and when Wu yucao and Ling Hanxue asked him for his opinion, he said yes!

Chen Zhisheng was the same, and the food was quickly served. The taste was not bad, but it wasn't as good as Lin Yi 's!

As the four of them were eating, there was a flurry of footsteps coming from the stairs. More than a dozen people rushed up.

"Yo, eating and drinking? He was quite happy! Why didn't anyone come out to welcome me when I came?"

It wasn't a stranger-it was Bo Cai, who'd been scared off by Lin Yi in the forest. There were a few more people now, most likely here to take revenge.

"Bo Cai, what do you mean?"

Wu yucao's pretty face was slightly cold. She pushed the table and stood up, staring at Bo Cai with cold eyes."In Luling city, you can't do whatever you want just because you have a few more people!"

Ling Hanxue and Chen Zhisheng stood up as well, and Lin Yi had no choice but to stand up as well. They were a group now, after all, and he couldn't be out of touch with them, or it would weaken his momentum!

Chapter 7073 Fight If You Want

"Wu yucao, step aside. I'll get even with you later. I'm here to find that Lin Ying kid today!"

Bo Cai glared at Wu yucao and waved his hand to show that he didn't want to talk to her. Then he turned to the other big man beside him and said, ""Big brother, it's this brat. He almost killed me by surprise attack! If it wasn't for my quick reaction, I wouldn't have been able to see you!"

"Who are you calling yourself your father in front of?"

The burly man glared at him and raised his hand in extreme displeasure, as if he wanted to wriggle. However, Bo Cai quickly retracted his head and smiled apologetically to beg for mercy.

"Big brother, it's a slip of the tongue. I'm talking about that kid!"

Bo Cai quickly pointed his finger at Lin Yi. "This brat is very cunning. We must not let him off today!"

"Bo Cai, do you have any shame? You were the one who came to find trouble and was defeated by Lin Ying. I'm kind enough to let you live, but you have the nerve to come and take revenge?"

Ling Hanxue was extremely indignant. She pointed at Bo Cai and scolded, ""I've never seen a man as uncultured as you. You can't beat someone, so you went to get help. You actually have the nerve to come over and Shout!"

Wu yucao whispered to Lin Yi, "Brother Lin Ying, beside Bo Cai is his sworn brother, Bai da. He's already at the half-step golden core realm and his combat power is extremely shocking. You must not say anything, I'll handle everything!"

Lin Yi curled his lips. Wouldn't it be useless no matter how many people with such a name came?

However, a half-step golden core made Lin Yi curious. He didn't know what was the difference between a half-step golden core with pure physical strength and the one he knew.

Lin Yi paid a bit of his spirit sense to get a better look-there was a meatball-like object in Bai DA's dantian, completely different from the ones he used for pure Qi.

As expected, they were two different systems. Even the Golden cores they formed were different.

"You shut up! Do you believe that you won't be able to walk out of Luling city?"

Bo Cai raised his hand and pointed his huge mountain-splitting axe at Ling Hanxue.

Ling Hanxue did not back down. She stood up and sneered, ""If you have the guts, then try it. I'll admire you if you dare to do it!"

Private fights were strictly forbidden in Luling city, and those who violated this rule would be killed without mercy!

Of course, this did not include those in the privileged class. However, whether it was Ling Hanxue or Bo Cai, they were clearly not members of the privileged class, so Bo Cai was momentarily embarrassed.

Bai da sneered and pulled Bo Cai behind him. ""I don't care who was right or wrong in the previous matter. Bo Cai was almost killed. This is absolutely true, so you must give me an explanation!"

"What kind of explanation do you want?"

Wu Yuhua also pulled Ling Hanxue away and confronted Bai da with a blank expression. ""Speak, we're all understanding people, there's no need to beat around the bush!"

"Straightforward!"

Bai da nodded slightly and continued, ""I'll give you two choices. One is to take out all your gains to compensate Bo Cai. You, Wu yucao, will also have to stay by Bo Cai's side and take care of him for ten days to half a month. This debt will be considered settled!"

"Impossible!"

Before Wu yucao could say anything, Ling Hanxue had already exploded. ""Whitehand, Who Do You Think You Are? Are you the biggest in Luling city?"

"I wouldn't dare. There are many people in Luling city who are older than me, Bai da. It's just that I, Bai da, can be older than you all!"

Bai da snorted lightly, the corners of his mouth carrying a faint disdain, ""The second option is for you to follow me to the high platform fighting arena. As long as you can defeat me, there's nothing else to say!"

A half-step golden core cultivator against a peak late Foundation establishment cultivator was already a huge difference in levels. Bai DA's suggestion was a sure-win one, and it was obvious that Wu yucao and the others were no match for him.

"By the way, if you're unwilling to make either choice, then don't even think about leaving Luling city. We won't do anything to you in the city, but once you leave the city gates, no one will care if you live or die!"

Bai da laughed sinisterly. This was a blatant threat, and Wu yucao and the others couldn't refute it.

After all, the other party's strength and manpower far exceeded their own. Although Wu yucao had a wide range of people, most of them were just acquaintances. The only people who could really fight to the death were the few people beside him!

"Big sister Wu, what's the high platform fighting arena?"

Lin Yi ignored him and asked Wu yucao, "Is it a place in the city to settle grudges?"

This wasn't a rare place, and Lin Yi could understand why. After all, it wasn't realistic to completely ban fights, and it would be better to have a proper venue.

Wu yucao nodded and whispered, "That's right. The high platform fighting arena is the only legal place in Luling city where personal grudges can be settled. However, it's not set up by the city Lord's office, but a private place."

Lin Yi understood-it wasn't a government establishment, but there had to be some sort of connection or connection to the government.

"In addition to settling personal grudges, the high platform fighting arena also has routine life-and-death battles and gambling. Bai da is related to the boss behind the scenes ..."

Wu yucao didn't continue, but her meaning was clear. If she went over, it would probably not end well.

Not to mention that he couldn't beat Bai da, even if he could, he would probably be tricked.

However, if they didn't go, they might really be blocked by Bai da and the others in Luling city. Once they left the city gate, they would be surrounded and killed!

Although he had earned quite a bit of money this time and could live for a long time without getting any equipment, if he did not go out to hunt, his strength would not be able to improve. In the end, he would still die, and it would be an even more aggrieved death.

Wu yucao was in a dilemma and didn't know what to do.

"That's enough. How should we choose? hurry up and give us an answer!"

Bai da looked a little impatient, and the companions behind him all had bloodthirsty expressions on their faces, as if they were waiting for Wu yucao to reject them and then officially start hunting them down.

Unlike Wu yucao's team, which only had three fixed members, Bai Dabo's team had at least seven or eight teams of six or seven people!

The total number of people was ten to twenty times that of Wu yucao's side. It was not difficult at all to block people at the city gate.

"If you want to fight, then I'll fight!"

Wu yucao gritted her teeth and said fiercely, ""Don't think that you can defeat us. On the high stage fighting arena, it's hard to say who will win and who will lose!"

"Well said! It's really hard to say, so I'm very happy that you've chosen this path!"

Bai da laughed heartily, his face full of admiration for Wu yucao. "Although you're just a woman, you're quite brave. When you really go to the high stage fighting arena, I'll leave your corpse intact!"

"Big brother, don't! Spare her life, this little brother still wants her to lower her head and beg for mercy!"

Bo Cai laughed sinisterly. Clearly, if Wu yucao really survived, she would be better off dead!

Chapter 7074 All On Me

"Alright, I know what I'm doing. For your sake, I'll spare her life."

Bai da casually waved his hand, not too concerned about Wu yucao's life and death. "Let's go. Since you've decided on the path you're going to take, let's not dawdle!"

Chen Zhisheng wanted to say something but stopped. He didn't see the need to continue this battle that clearly had no chance of winning. However, the other party's conditions were harsh, and he was in no position to persuade Wu yucao.

Now that things had come to this, it seemed like he could only stand together with Wu yucao to fight against Bai da and Bo Cai!

Unfortunately, even if the four of them joined forces, they would probably not be Bai DA's opponent ... This should not be called a confrontation, but a free meal, right?

Wu yucao took out a few black iron notes and placed them on the table as payment for the food and wine.

Lin Yi took a closer look and guessed that it was probably a small amount of money. It seemed that the purchasing power of the gold certificates from before wasn't weak.

Lin Yi didn't have any sense of danger at all, and he still had the time to pay attention to such a small thing.

That was indeed the case. He did not take the current situation to heart.

The group walked out of the restaurant and made a few turns. They passed through a few bustling streets and came to a circular building.

From the looks of it, the building looked like an arena in the common world. Lin Yi was interested in taking a look.

It was a pity that this time, they were going to fight on stage for others to see, not be spectators.

"Everything's arranged. We can start after the battle above is over!"

The person from whitehand who had arrived earlier came back to report, and Bo Cai immediately revealed a smile of victory.

"Wu yucao, it's not too late for you to change your mind now. The result will be the same. Why do you have to be beaten up before you accept your fate?"

Bo Cai had already used the identity of the winner to persuade Wu yucao to surrender. ""Wouldn't it be bad if I'm injured at that time?"

Wu yucao shuddered and snorted. ""Cut the crap! Wasn't it just a battle? When have I, Wu yucao, ever been afraid?"

"Bo Cai, don't say anymore. Since she likes to go up and play, then let her do as she likes. It's just nice to earn some pocket money for us brothers."

Whitey laughed and casually asked his companion who had arranged the fight, ""Are the odds for me and Wu yucao out yet?"

"They're out. They know your strength, so if they bet on you winning, the odds are 25 to 1. If they bet on Wu yucao, the odds are 1 to 10!"

"It's only 25 to 1? As expected, I can only earn some pocket money!"

Bai da touched his chin, not knowing if he was dissatisfied or proud. Then he waved his hand and said, ""Forget it. A small amount of money is still money. I'll buy as much as I can!"

"That's right! This is equivalent to picking up money for free, no one will think it's too little!"

Bo Cai laughed as he came up to join in the fun. He even took out a stack of gold and silver notes from his body, counted them, and handed them to his underling. "I have around 5000 Yuan here. Go and bet all on big brother's victory!"

"Alright!"

The minion responded and took the notes from Bo Cai. He then called out to his companions, ""Who else wants to buy? let's go together!"

As a result, the group of people began to take out their money noisily. In the blink of an eye, they had gathered tens of thousands of notes. Bai da also put out more than ten thousand, all betting on Bai da winning.

In fact, even if he won, he'd only get around a thousand or so. It wasn't that interesting to Lin Yi.

"Big sister Wu, we'll buy it too! Take out all the money you have!"

Lin Yi felt that this was a good chance to earn money, much more convenient than hunting dark spirit beasts. He encouraged Wu Yuhua to join.

"Hey! Lin Ying, don't go too far. You're still thinking of betting on whitehand winning at a time like this? What's the point of earning that little money?"

Chen Zhisheng was furious, his eyes wide open as he clenched his teeth and tried to grab Lin Yi, "Don't you worry about your companions at all?"

From Chen Zhisheng's point of view, if he wanted to bet on the outcome, of course, he should bet on Bai da. Wu yucaao was clearly a free lunch!

Could it be that he was going to give away all his assets? Therefore, he had never even considered this possibility.

Lin Yi's lips curled up as he looked at Chen Zhisheng, amused. "When did I say I wanted to buy whitehand? The odds are so low that there's no point in betting, so of course they bet on our victory!"

Chen Zhisheng looked at him as if he was looking at an idiot. What was the difference between this and throwing money into the water?

Oh, there's a difference! At least he could still hear the sound if he threw it into the water!

"Little brother Lin Ying, you're right! That's what we'll do!"

Ling Hanxue was very supportive of Lin Yi's approach, "There's no use in keeping it anyway. Betting on our own victory can boost our morale!"

The corner of Wu yucao's mouth twitched. What he said ... Was he saying that she was going to die? So it was a waste to keep the money and not spend it?

Alright, thinking about it, it really made sense, and she actually couldn't refute it ...

"Since brother Lin Ying has said so, then we'll do as you say!"

Wu yucao pondered for a moment before nodding in agreement. ""All of our funds came from selling the Black Spirit spiked armor rhinoceros. I still have some spare cash, around a hundred."

Lin Yi thought to himself-she was poor, after all ... She was on a completely different level from Bo Cai in terms of finances!

Wasn't this also a comparison of strength between the two teams?

Chen Zhisheng looked at the three people in front of him as if they were crazy, not understanding what they were thinking.

Meanwhile, Ling Hanxue was already searching through her belongings. She quickly found some silver, bronze, and black iron notes.

"I don't have much left either. I only have 230 ... Um ... Seven!"

As Ling Hanxue spoke, she even counted carefully, then handed it to Wu yucao.

Lin Yi only just realized that golden notes were called gold certificates, meaning that they were worth a thousand Yuan.

The silver ones were silver certificates, representing 100 currency units.

And so on, a bronze note was ten currency units, and an iron note was one currency unit.

This kind of system was basically the same as the secular world. The circulation of paper notes was excellent, and the purchasing power of the sub island's currency was very strong. The meal just now, in the words of the secular world, was only a few dollars.

"You guys are crazy! Why do I have teammates like you?"

Chen Zhisheng looked like he was about to collapse. He grabbed his head with both hands and rubbed his hair.

After a while, he suddenly took out a stack of cash and handed it to Wu Yuhua.

"I'm unlucky! Since we're teammates, we can only go through life and death together. I've even taken out my wife's account!"

Before Wu Yuhua could reach out, Ling Hanxue snatched it away and quickly nodded. She immediately wrinkled her nose and said, ""It's only 600 Yuan. Your wife only has this much? Be forever alone!"

Of course, this was to tease Chen Zhisheng. Unexpectedly, his face turned red, but he did not refute it. He just snorted and turned his head.

Chapter 7075 I'll Go Up

"Xiaoxue, don't mess around!"

Wu yucao took Chen Zhisheng's notes and put them together. She said solemnly, ""This is all of our wealth! I'll go and bet on my win. Don't worry, everyone, I'll protect it with my life!"

He had originally wanted to risk his life, but now, he was just more motivated to do so.

On Bai DA's side, it was as if they were watching a show, allowing Wu yucao and the others to pool money. They seemed to think that this matter was quite ridiculous.

If word got out, he might really become a joke for a year!

But Lin Yi couldn't let this become a joke!

So, he smiled at Wu yucao and said, ""Big sister Wu, I'll go first in this battle!"

Wu yucao was slightly taken aback. Ling Hanxue beat her to it and said, ""Little brother Lin Ying, what are you thinking? Do you think you'll be more confident if you go?"

He suddenly remembered that Lin Yi could beat Bocai in one move-Wu yucao couldn't do that. If that was the case, he seemed to have more confidence!

"That's good, let Lin Ying go, no matter who wins or loses ..."

Chen Zhisheng quickly added on. He wanted to say that if Lin Yi lost, Bai da and Bo Cai's anger might just dissipate.

But thinking about how Wu yucao and Ling Hanxue treated Lin Yi as one of their own, they would definitely fall out if they said that.

He might hate Lin Yi, but they were all against the same enemy-he didn't want Lin Yi to die.

Especially since he was betting his wife's capital. If it was Wu yucao, she might have a chance to win, but to him, Lin Yi had no chance at all. He would die for sure if he went up.

"Brother Lin Ying, don't be rash. I might not die if I go up and fight!"

Wu yucao shook her head and refused. She didn't continue.

Just now, Bai da and Bo Cai had said that they wouldn't kill her, but these words would be too discouraging, so she definitely couldn't say it directly.

And if Lin Yi went up to fight him, Bai da wouldn't hold back at all. After all, the enemy's goal was to take revenge on Lin Yi.

"Don't worry, big sister Wu, have you forgotten what I'm best at? Whitehand might not be able to hit me, but as long as I find an opportunity, it's possible to kill me in one strike!"

Lin Yi smiled confidently as he fought for a chance to fight. "I won't fight him head-on. I'll fight him in a guerrilla style. I only need one chance to kill Bai da. After all, he's only a half-step golden core cultivator now, not a real golden core cultivator!"

Wu yucao was moved-Lin Yi's words made sense, especially since Bai da had never seen Lin Yi in action before. Perhaps there really was a chance!

"I'm very confident that I can win, but there's one thing that I'm very worried about. "

Lin Yi said, a troubled look on his face after expressing his confidence.

"What are you worried about?"

Wu yucao's heart tensed up as she was completely immersed in Lin Yi's conversation.

"I'm worried that if I were to fight, the odds would become one to one, one to two, or something like that. Wouldn't I be making a huge loss?"

Lin Yi said, troubled ...

Wu yucao and Ling Hanxue immediately smiled, and the tension in their hearts dissipated by half.

Only Chen Zhisheng was unhappy. "You're thinking too much. If it were you, the odds would probably become one to twenty!"

"That's great!"

Lin Yi's eyes lit up as he turned to Bai da and Bo Cai. "I'll go up for the next battle!"

"Kid, you're quite tactful. Knowing that you can't escape death, you came up earlier to throw away your life so that you can suffer less, right?"

Whitey laughed heartily, his mood quite pleasant. "I'll fulfill your wish. I'll kill you as soon as you come up so that you can have an easier time. Shouldn't you be thanking me for my kindness?"

"Ha ... Thank you for your mercy! In return, I promise you that I will kill you in a short while and let you die easily!"

Lin Yi's lips curled into a mocking smile before changing the topic, "I wonder if the odds will change after I go on stage!"

"Hahahaha, this is really interesting. You don't think that you still have a chance to win the bet, do you? Just give up! The change in the odds has nothing to do with you, the loser!"

Bai da continued to laugh. At this time, the battle on the high stage had ended. It was their turn to fight!

Before they started, Wu yucao had bet all her assets on Lin Yi, but the odds didn't change much.

Whether it was Lin Yi or Wu yucao, the ending would be the same to the arena.

Lin Yi felt a little regretful-if only the odds were higher because of his low strength, he'd have to make do with it now.

"Brother Lin Ying, you must be careful. Don't underestimate the enemy and advance rashly!"

Before entering the tunnel that led to the high stage fighting arena, Wu Yuhua reminded him with a serious expression,""Once you're on the stage, there's basically no way out ... Even if you surrender, I don't think Bai da will accept it!"

"It's too late to regret now!"

Chen Zhisheng sneered,"although it's not very appropriate to say this, the consequence of you acting tough is probably to die on the stage!" Most of the battles here would not stop until one of them died, and less than one in ten would survive! And whitehand won't have any pity for you. "

"Chen Zhisheng, what are you saying?"

Ling Hanxue glared at Chen Zhisheng and clenched her fist to cheer Lin Yi on. "Little brother Lin Ying, my sister Xue believes that you will definitely defeat Bai da and make everyone dumbfounded! Then, we'll take the money we win to eat and drink!"

"I'll take your blessings! I will definitely return victorious!"

Lin Yi smiled confidently as he consoled Wu yucao, "Big sister Wu, don't worry. I'll definitely be fine! You should have the same confidence in me as sister Xue!"

Wu yucao squeezed out a smile and nodded slightly. "That's right, I should have confidence in you, and I do have confidence in you!"

Chen Zhisheng pouted. With such a big difference in strength, it would be strange if he had confidence! It wasn't that using a sneak attack to scare off Bo Cai meant that he had the ability to go against Bai da. The difference in strength between the two people was also extremely large, and they couldn't be compared at all.

"Hurry up and go on stage, don't dawdle!"

The people from the arena came over to get Lin Yi up the stage, but Bai da was already on the other side of the tunnel!

Lin Yi smiled faintly and waved his hand casually. "Alright, I'll go up and teach Bai da a lesson. You guys watch my performance!"

After he finished speaking, he did not wait for Wu yucao and Ling Hanxue to speak. He turned around and entered the tunnel without looking back.

After Lin Yi entered, the door closed behind him, and the entire tunnel fell into darkness. Only the exit a few dozen meters away had a sliver of light leading the way.

Wu yucao and the others went up the stairs on the other side. If Lin Yi lost, they wouldn't be able to escape the battle.

Lin Yi walked forward slowly, the noise coming from the exit pouring into the tunnel. It was as if the noise was coming from another world.

Chapter 7076 Blackie's Weak Point

A few dozen meters passed by quickly, and Lin Yi's eyes lit up the moment he stepped out of the tunnel. Loud cheers erupted, and the round stands were filled with people-there were at least hundreds to thousands of them.

He didn't expect that there would be so many bored people in Luling city. They were just sitting here and watching people fight. Couldn't they just cultivate?

"Kid, come up and die! I've been waiting for you for a long time!"

Bai da was already standing on the stage, a condescending smile on his face as he curled his index finger at Lin Yi. "Do you think you can survive longer by stalling for time? If that's what you think, I don't mind torturing you a bit more before sending you on your way. "

"You talk too much. As a villain, haven't you heard of the saying that villains die from talking too much?"

Lin Yi smiled as he walked up the stairs, observing the surroundings as he spoke.

The entire battle arena was indeed similar to an arena. If one did not have the concept of an arena, one could imagine it as a football field, surrounded by seats.

The battle platform in the middle was about the size of half a football field. There was a semi-circle transparent material around it that covered the field. It should be a defensive thing that isolated the platform from the audience seats. This was to prevent people in the battle from hurting the audience.

Lin Yi didn't touch the transparent material, but he could tell that it was something extremely hard. It didn't block out the volume, though, so he could hear the cheers clearly.

"Interesting. He's still so calm even when he's about to die. He's quite a character!"

Bai da didn't mind-he rubbed his chin and looked at Lin Yi, amused. "I'm suddenly being merciful, so I've decided to give you a chance!"

As he spoke, he tapped the ground with the tip of his foot twice."Crawl over here, kneel in front of me, kowtow nine times, and swear to follow me. Then, I'll spare your life today. How about it?"

Compared to losing one's life, what was this little humiliation? Therefore, Bai da felt that he had really been merciful!

Of course, if Lin Yi really did that, Bai da would probably continue to kill Lin Yi without mercy after successfully humiliating his opponent.

After all, it was just a game, and he said that just to make it more fun!

The cat toyed with the mouse because it had the pleasure of the strong controlling the life and death of the weak, right?

"Well said! I'm really touched!"

Lin Yi laughed coldly as he clapped his hands and stepped onto the last step, stopping five meters in front of Bai da."So I've decided to be merciful and not take your life today! However, you can avoid death, but you can't escape punishment. I reckon that in the end, you'll wish you were dead!"

"I'll give you another option. You crawl over, kneel in front of me, kowtow nine times, and swear to follow me. Then, I'll spare your life today. You have to remember, ordinary people can't be my little brother!"

Lin Yi also tapped the ground with the tip of his foot, sending the words back to Bai da.

"Hahahaha! Since you refuse a toast only to drink a forfeit, then there's nothing more to say!"

Bai da laughed out loud, thinking that Lin Yi must've been scared out of his wits and was talking nonsense. "Brat, watch me dismember you with one move!"

As soon as he finished speaking, the saber was drawn!

Whitehand was using a weapon similar to a samurai sword, but the blade was wider and slightly longer.

As he waved it, cold light shot out in all directions, as fast as lightning. In just an instant, dozens of them had been split.

In an instant, Lin Yi's eyes were filled with crisscrossing blade shadows-if someone weaker were to meet them, they'd be cut into pieces in an instant!

But what kind of eyes did Lin Yi have? In his eyes, the attack of a sea Rift realm cultivator was nothing. As long as his body could keep up, there was no way he would not be able to react in time.

As far as Lin Yi was concerned, Bai DA's feints were just feints, and real ones were no different from feints-they posed no threat at all!

Limit butterfly microsteps!

Lin Yi exerted strength in his legs and disappeared from his spot like a ghost. All of Bai DA's attacks missed without exception!

Bai da was shocked-he'd heard from Bo Cai that Lin Yi's movement was strong, but he didn't think it was to this extent! His eyes couldn't even catch Lin Yi's movements!

Luckily, he didn't use his full strength in the first attack-he thought that Lin Yi didn't need it at all!

After realizing that something was wrong, Bai da immediately changed his move. He didn't want to attack Lin Yi, but he wanted to make sure that he didn't make any mistakes. He gave up on attacking Lin Yi and circled around him instead, making sure that he wouldn't be killed instantly!

Lin Yi had the ability to kill in one hit, so he didn't hide it. Bai da understood this very well.

"Your reaction is quite fast! But I'm still waiting to see how you're going to dismember me in one move. It doesn't seem right for you to protect yourself like this, right?"

Lin Yi didn't make a move, but taunted Bai da as he moved, "As the old saying goes, a strong Dragon can not suppress a local snake. I have to give you some face and let you have three moves. You should seize the opportunity!"

Bai da didn't say anything and turned his blade towards the direction of Lin Yi's voice, but it missed again.

This time, Bai da was even more shocked. He only attacked Lin Yi because he felt confident, and he didn't hold back at all, but the result was the same!

It's finished! He had kicked an iron plate today!

Bai DA's heart turned cold. He made a prompt decision and was about to open his mouth to admit defeat.

Of course, whether he would admit defeat or not would depend on the situation. As long as he could hold the kid in front of him, it was not impossible for him to launch a sneak attack if there was a chance!

"Three moves are up, it's my turn now!"

Lin Yi didn't give Bai da the chance to admit defeat. He pulled out his dagger and used a lightning strike!

Although his current strength level was low, he had rich combat experience!

Bai DA's body was strong, but it wasn't easy to protect his weak points from Lin Yi.

And Bai DA's weak point was his golden core, which was as large as a meatball and had yet to form!

Lin Yi's figure appeared in front of Bai da like a ghost, and taking advantage of the opening of his opponent's backhand slash, his dagger stabbed into Bai DA's dantian like a venomous snake!

The tip of the blade easily pierced through the tough skin. The moment it touched the core-shaped carrion, it quickly spun a few times.

Because he couldn't use his pure Qi, Lin Yi couldn't compare to Bai da in terms of strength. If it were other vital parts, such as the chest, he might not be able to penetrate the muscle and kill Bai da in one hit.

However, that unformed golden core was different. This could be said to be Bai DA's strongest point, but also his weakest point!

Because of its existence, Bai DA's physical strength would become stronger and stronger. Unfortunately, it didn't have much defensive ability.

Chapter 7077 Willing To Accept Defeat

Lin Yi's dagger had completely crushed the undeveloped golden core.

Bai DA's body stiffened, and his face suddenly turned red. The veins on his neck popped out, and he opened his mouth to shoot out an arrow of blood.

The originally strong power receded like a tide, and an endless sense of weakness began to fill Bai DA's body.

The strong muscles that he had been so proud of had now become a heavy burden that could not bear the load.

Lin Yi dodged nimbly, avoiding the blood that shot out from Bai DA's mouth. He pulled out the dagger and another blood shot out, leaving a pool of blood on the ground.

Bai DA's legs went soft, unable to support his body, and he knelt in the pool of blood. This slight vibration caused him to spit out a lot of blood again.

His previously flushed face had lost all color in the blink of an eye. Other than the bright color at the corner of his mouth, the rest of his face was as pale as paper!

His eyes were filled with shock, fear, disbelief, hatred, and many other emotions.

"You ... You've been defeated, right?"

Lin Yi's lips curled up as he shook his arm to get rid of the blood on the blade, "If you think you can still fight, I don't mind continuing. Of course, if you continue, I'm afraid you'll lose your life!"

His calm words passed through the defensive barrier and reached the audience. Previously, because of Bai DA's sudden defeat, the entire audience was silent.

Many of them still maintained their fanatical postures and expressions, and then they turned into statues as if they had been hit by a spell.

Lin Yi's words weren't loud, but many people heard them in the silence.

Perhaps that layer of defensive cover also had the effect of sound amplification, allowing the fierceness of the fight to even more perfectly affect the audience.

And so, after hearing Lin Yi's words, the audience suddenly came back to life, more than 90% of the people started cursing. If words could kill, Lin Yi believed that he would've already been riddled with holes!

Needless to say, more than 90% of the people here had bet on Bai da winning. After all, in their eyes, it was like giving money away for free, so it didn't matter if the odds were low.

As for the rest of the audience, half of them were just there to watch the show, while the other half were paying a small price to get Lin Yi to win. This small portion of the audience, after a moment of shock, exploded into a crazy passion!

"Kill him! Kill him!"

"Kill him! Kill him!"

.....

Bai da might be a Big Shot, but on the stage, even those people who looked up to him before could just yell at Lin Yi to kill him without a care!

The desire for blood and the excitement of victory had made them forget their fear of Werder!

Usually, at this time, the winner on the stage would satisfy the audience's request and kill the loser in all kinds of ways!

Bai DA's face was getting paler and paler, and blood kept flowing out of his mouth. At this time, his heart had long been cold, and even the thought of begging for mercy had faded.

The Golden core in his dantian that had yet to form was destroyed, and he had become a complete waste. From now on, he could no longer hope to step into the Golden core stage!

Although Bai da was a martial artist who cultivated his physical strength, he was not like a true energy cultivator who would not be able to recover once he was crippled. His physical body was still strong, and he could still retain more than half of his combat power.

It was just that the aftereffects of his golden core being crippled would continue to occur, and his combat power would continue to fall.

There was no hope for him to reach the Golden core stage. If he didn't have the best treatment, Bai da might not even be able to keep his strength at the foundation establishment stage!

"Victory and defeat have been decided! There's no need to continue!"

Bo Cai suddenly rushed up to the high stage fighting arena, appearing out of nowhere with a bit of loyalty, "I admit defeat on behalf of my big brother!"

"Bo Cai, you've broken the rules of the high platform fighting arena! Do you know the consequences?"

A deep man's voice suddenly sounded, suppressing all the noise in the audience, and calmly echoed in the sky.

Bo Cai's forehead was instantly covered with fine beads of cold sweat, and he immediately knelt on the ground, kowtowing seven to eight times in the direction of the audience seats.

"Boss Mei! I was just worried about my big brother, Bai da, so I was a little impulsive. Please forgive me, boss Mei!"

Bo Cai's previous arrogant appearance had changed. He didn't even dare to wipe the skin on his forehead. He had used his forehead to knock a small sunken pit on the solid bluestone ground.

"Rules are rules! Since you have a reason for this and it's your first offense, I'll give you a small punishment and break one of your fingers!"

The man called boss Mei continued to speak in a low voice. His tone was plain and without a trace of anger, but the words he said carried an undeniable bloody smell.

Bo Cai's expression changed, but he didn't dare to beg for mercy and resist. He kowtowed again and said, ""Thank you for your magnanimity, boss Mei!"

Before he could finish his sentence, Bo Cai had already stood up, grabbed his left little finger, twisted it off, and threw it on the ground. As for the wound, he just casually bandaged it.

"Not bad! Remember this lesson. If there's a next time, you'll have to directly twist off your own head!"

Boss Mei dealt with Bo Cai indifferently and continued, "Lin Ying, the obstacle has been eliminated. Next, it's up to you to decide whether you want to kill Bai da or let him go!"

Bo Cai glared at Lin Yi, but he was afraid that Lin Yi would really kill Bai da, so he whispered to Lin Yi so that only the two of them could hear, "My brother, Bai da, is boss Mei's confidant. Have you ever thought about the consequences of killing his men in his territory?"

"Bo Cai, shut up!"

By this time, Bai da had already regained his senses. Under the situation where Bo Cai and boss Mei had spoken one after another, he could at least think calmly.

He didn't know Lin Yi well, but his instinct told him that Lin Yi really didn't want to kill him!

Otherwise, if he had used a bit more power just now, it wouldn't have been as simple as crippling his golden core. It would have been easy to kill him directly.

Under this premise, Bo Cai's threat seemed to be a bit useless-there was a high chance that he'd only make things worse and provoke Lin Yi to kill Bai da.

"Big brother, are you alright? I'm doing this to save you!"

Bo Cai felt a little wronged, but he still rushed to Bai DA's side as fast as he could and carefully helped him up. "I'm telling the truth!"

Lin Yi's mouth twitched-it was just as Bai da expected-he really did want to kill Bai da after hearing what Bo Cai said!

As for the consequences, it was a joke to Lin Yi.

Although his strength was not high, his ability to save his life was unparalleled. No matter how strong boss Mei of the high stage fighting arena was, he could not easily threaten his life.

It was a good thing that Bai da reacted quickly-he turned to Lin Yi after scolding Bo Cai."If you agree to a bet, you must accept your loss. I, Bai da, am the most single man. If I lose to you today, there will be no implications behind my back. If you want to kill me or cut me up, do as you please!"

Chapter 7078 | Object

His words were beautiful, but in fact, it was a sign of submission.

Lin Yi's lips curled up into a smile. He didn't have a reason to kill Bai da-after all, his undeveloped golden core was gone, and he was probably living a life worse than death right now. It didn't really make a difference whether he killed him or not.

"Forget it. Since the outcome has been decided, I'll let you live. Don't try to act tough in the future!"

Lin Yi waved his hand generously and turned to Bocai,"If you're not convinced, you can start another round. I don't even need to go down. How about we start immediately?"

Bo Cai's huge body immediately trembled and he shouted, ""Lin Ying, don't be so smug. My big brother was just careless, and that's why you took advantage of him. Today, I'll take care of my big brother first, and we'll settle our scores in the future. I'll let you live a little longer!"

"If you don't dare, then say so. What future do you want to wait for?"

Lin Yi laughed in disdain, "Look at you. You're just pretending to be strong. Forget it. Just get lost!"

Bo Cai's face was flushed red and he was extremely ashamed!

He wanted to say a few more tough words, but in the end, he didn't say anything more and left the stage with Bai da.

He'd even subconsciously abandoned his old man mantra-it was clear how terrified he was of Lin Yi.

They didn't dare mess with Lin Yi right now, and it was hard to say if they'd still be thinking about revenge after this.

As Bai da left the stage, the audience exploded with boos-everyone was unhappy with the result, including those who had bet on Lin Yi!

Although he had made money, he didn't see the bloody scene that he had expected. It was really not satisfying enough!

As for Bai da being boss Mei's confidant, so what?

Boss Mei couldn't possibly kill all the audience members because of this.

After offending all the customers, would the high platform fighting arena still want to make money in the future?

Lin Yi walked off the stage calmly and returned to the entrance from the original tunnel. The closed door was already open, and Wu yucao and the others were already waiting excitedly at the door.

"Little brother Lin Ying, you're amazing!"

Ling Hanxue was the first to rush over, slapping Lin Yi's shoulder and laughing, "Sister Xue knew you would win, but she didn't expect you to win so beautifully! Hahahaha, we're rich this time! The odds are ten times!"

Lin Yi's shoulder slanted, and he almost lost his balance. His small body couldn't take a beating right now, and who knew that Ling Hanxue's excited slap would be so heavy ...

"Little Xue, restrain yourself. You look like a nouveau riche. How embarrassing!"

Wu yucao laughed as she teased Ling Hanxue. She even had a look of disdain on her face. "Don't say you know me when you get out. I can't afford to lose face like this!"

Even though she said that, Wu yucao was also extremely excited. She had put everything on the line just now, and in the blink of an eye, she had reaped ten times the harvest!

This was already a huge sum of money!

One had to know how much time and effort the three of them had put in to kill the Black Spirit armor-piercing rhinoceros.

During this period, there were many dangerous moments where the three of them were in a life and death crisis, and there were several times when they were hovering at the gate of death.

He had only managed to earn a small sum of money after going through so much trouble, but now, it was as if he had obtained a dozen or so Black Spirit spiked armor rhinos with ease. Just thinking about it made him feel incredulous.

And all of this was because of this young man that he had picked up!

Only Chen Zhisheng had a constipated expression on his face as he stood silently to the side, staring at Lin Yi. The two girls "excited faces made him very unhappy.

It was as if his presence was no longer needed in this team!

"Brother Lin Ying, you've won a lot of money for us by defeating Bai da. I've decided to give you half of the money ... Don't think it's too little!"

Wu yucao had clearly thought it through, so she didn't even hesitate and went straight into the process of splitting the loot. "I should have given you more, but with this money, we can upgrade our equipment. If we have any income in the future, how about you take a bigger share as compensation?"

With Lin Yi's strength, there would be countless forces in Luling city who wanted to recruit him. Wu yucao was making a hidden emotional investment, hoping that Lin Yi would take it into consideration and stay in her team.

With such a powerful assassin, whether it was hunting or fighting with other teams in the future, their chances of winning would at least double!

"I object! We're the ones who took out the funds, why should he take half?"

Chen Zhisheng immediately jumped out and waved his arms agitatedly, "I admit that he's strong for being able to defeat Whitehand. However, he didn't take a single bit of the bet money. Why should he take half? Does that mean that everyone who bet on him will have to give him half of the prize money?"

"Zhi Sheng! What are you talking about?"

Wu yucao frowned slightly, 'can other people be the same? We're a team, and brother Lin Ying already had a share of the money for selling the Black Spirit spiked armor rhinoceros. Why didn't you invest? Besides, brother Lin Ying fought for us, and the victory was his credit. We don't even want half of it!"

"It is! Chen Zhisheng, don't talk nonsense all day long. If you have the ability, go defeat Bai da. I think it's reasonable to give you all of them!"

Ling Hanxue's pretty face turned serious, and she said with some displeasure, ""How much risk did little brother Lin Ying take for us? Don't you feel ashamed to say such things?"

Chen Zhisheng suddenly stopped and didn't dare to say another word.

He wanted to say that Bai da was after Lin Yi from the start, and that their team was just dragged into it.

But if they really did say that, they'd have to go back to the source, and tell them how Lin Yi helped their team from Bo Cai ...

Although Chen Zhisheng felt that he didn't need Lin Yi's help at all!

"Big sister Wu, big sister Xue, I don't need much money, so you don't have to split it. You guys can just split it!"

"Actually, Chen bro's right, don't get into a fight over this!" Lin Yi waved his hand with a smile.

The three-man team had always been helping each other, going through life and death together. Lin Yi would feel uneasy if a crack appeared in the team.

After all, he did not know how long he would be staying here. In the future, Wu yucao and Ling Hanxue would still need to rely on Chen Zhisheng's power to survive.

Without Chen Zhisheng, the pressure on the two girls to survive would double, and if they recruited new people, they could not guarantee that they would be of the same mind as the two.

"What's there to argue about? it's just a normal argument. Lin Ying, don't worry. Chen Zhisheng is not that petty!"

Ling Hanxue waved her hand casually and even turned back to confirm with Chen Zhisheng, ""I was right, right? Chen Zhisheng, you won't be angry with us because of this, right?"

Chen Zhisheng thought, I'm really angry, but I can't show it. I have to squeeze out a free and easy smile!

"Of course not, I'm not that petty!"

Chen Zhisheng suppressed the displeasure in his heart and laughed dryly, ""We did agree to give Lin Ying a share of the Black Spirit armored rhinoceros. Since that's the case, of course he'll have a share of the prize money!"

Chapter 7079 Boss Mei

In other words, half was still too much and could only be calculated according to the Black Spirit spiked armor Rhino's share.

Counting carefully, the Black Spirit spiked armor rhinoceros was sold for four thousand, and Lin Yi was at most one thousand!

Therefore, according to Chen Zhisheng, this kid was only here to pick the fruit last. 1000 was too much. 100 or 200 would be the maximum. Unfortunately, no one supported this, so 1000 was fine!

Therefore, this kid could only get 10000 Yuan at most for the bonus this time, no more than that!

The rest would be distributed according to proportion, which would be considered fair and reasonable.

Chen Zhisheng had just finished speaking and had not yet decided on how to divide the spoils when a young woman in revealing clothes with an enchanting figure walked over.

"Young hero Lin Ying, my master invites you to come with us!"

The young woman was well-mannered and had no room for criticism, but there was always a faint air of pride!

It was as if Lin Yi and the others were country bumpkins in her eyes, even though she was only a servant!

"Who is your master?"

Lin Yi's face was calm as he nodded casually, "I don't have any acquaintances in Luling city. I shouldn't know your master!"

"My master is the owner of this arena. Outsiders basically call him boss Mei!"

The young woman raised her head arrogantly, as if she would feel honored to mention boss Mei!

Wu yucao, Ling Hanxue, and Chen Zhisheng's expressions all changed. They were worried that they had come to find trouble with them because of what had happened with Bai da.

Lin Yi didn't understand, but the others understood what boss Mei meant in Luling city!

If all the people and forces in Luling city were represented by the pyramid, Wu yucao and the others were the majority of the people near the bottom of the tower. Of course, they were not those at the

lowest level. After all, there were many people in Luling city who had not reached the foundation building stage.

As for boss Mei, even if he was not one of the few people at the top of the tower, he was also one of the minority figures second only to them!

Being targeted by him and being targeted by whitehand were completely different.

"By the way, master has instructed that if young hero Lin Ying's companions are here, they can follow him!"

The young woman glanced at Wu yucao and the other two indifferently, her eyes full of pride as if it was a great honor for them to meet boss Mei together.

"Alright, let's go see boss Mei together!"

Wu yucao knew that they didn't have the right to refuse, so she made a prompt decision and nodded in agreement to the request, which could be considered an invitation for the time being!

Lin Yi raised an eyebrow. He didn't want Wu yucao and the others to come with him-it'd be hard to take care of them if there were too many of them, and it didn't matter if they fought or left if he was alone.

Unfortunately, Wu yucao had already said that she wanted to go, so it was too late to object. She could only nod silently and signal the young woman to lead the way.

After a while, Lin Yi and the others followed the lady to Sky Room No. 1.

The young lady reported respectfully and gestured for Lin Yi and the others to go in. She left with some envy.

It was probably because she felt that it was a great honor to be able to see boss Mei and say a few words to him. She was probably regretful that she couldn't follow him in.

Lin Yi, naturally, didn't care about the woman's feelings and entered the room first.

What came into view was a spacious room with a few comfortable chairs covered with thick fur. A huge transparent crystal blocked the other side of the private room, and the fighting arena below could be clearly seen.

However, it was impossible to see the situation inside the room from the outside. This was a special service of the VIP room.

At this moment, another battle had already begun in the arena below. A bald man was sitting in the middle of the chair, watching the battle with interest.

A burly man stood in each of the four corners of the room. Behind the bald man were two beautiful young women, quietly serving him tea and delicious food.

Lin Yi and the others walked closer and realized that the bald man had two pretty girls in his arms, hugging them happily.

It was blocked by the back of the chair, though, and Lin Yi didn't see it when he entered.

"Boss Mei?"

Lin Yi turned a blind eye to the girls and cupped his hands casually to the bald man. "I'm Lin Ying. May I know what business you have with me, boss Mei?"

"Of course I know you're Lin Ying. Your battle just now was very exciting. I quite admire it!"

The bald man laughed, his two big hands casually kneading the two beauties on his left and right, and said lazily, ""You've injured my subordinate, Bai da. I can skip this matter. I see that you're quite skilled. How about you come and follow me?"

Lin Yi blinked-he didn't think that this boss Mei was trying to recruit him!

Thinking about it, it wasn't strange. Since he had revealed his powerful strength, as an Overlord of Luling city, it should be normal for him to recruit people to strengthen his power.

"Don't be in a hurry to make a decision. You can think about it. I'll give you time!"

Boss Mei turned his head and kissed the beautiful woman on his left. He raised his head and took a piece of fruit from the beautiful woman behind him. He chewed and swallowed it before continuing, "Your companions can come as well. If you follow me, I can guarantee that you'll have a good life in Luling city. Other than a few people you can't offend, you'll be able to do whatever you want."

Lin Yi kept a smile on his face, but he didn't think much of it. He wouldn't go to some boss Mei for help, and it looked like a gangster boss taking in a follower-how embarrassing would that be?

Therefore, he was thinking about how to reject them in a more tactful way so as not to cause trouble for Wu yucao and the others. Anyway, Baldy Mei had said that he would give them time to think about it. It would not be too late to think about it after they returned.

Lin Yi was just thinking about that when boss Mei whistled and smiled. "Alright, the time for consideration is over. Give me an answer!"

Lin Yi's face turned into a poker face instantly-was this what he meant by time? You just mumbled a few words, and that's considered time?

However, Lin Yi knew that the opponent thought that he had the absolute upper hand and advantage, which was why he was playing these little tricks without restraint.

"I'm sorry, but I don't have any intention of relying on boss Mei. At this stage, free activities are more suitable for me!"

Lin Yi smiled coldly. He didn't want to waste his time since the guy wasn't being sincere. "Boss Mei, you won't blame us for this, right?"

If boss Mei really wanted to deal with them, then they had to teach him a good lesson!

Lin Yi's strength was low right now, but he still had the ability to tell the strength of his enemies. He could tell that boss Mei was a golden core Master.

Chapter 7080 I'll Give You A Choice

The four burly men in the four corners were at the foundation establishment stage, and none of them were inferior to Wu yucao.

Other than that, the four pretty girls were a little weaker-they were all below the peak of the early Foundation Stage. Just these people alone were enough to take down Lin Yi's group.

But if Lin Yi really did lose his temper and used his spirit to attack, boss Mei wouldn't even be able to take one hit!

"Hahahaha, of course not. Do I look like such a petty person? It's good to give you a choice, but if you don't want to accept it, it's not a big deal. You're the one who'll lose anyway!"

Boss Mei laughed a few times, as if he really didn't care at all. "Let's stop here and talk about something else!"

Lin Yi smiled coldly to himself, knowing that it wouldn't end so easily. "What else is there? Boss Mei, just tell me. "

"Good! Although you and Bai da had a fair fight, and the result is not much to say, you injured my subordinate after all. If I don't say anything or do anything, it will chill the hearts of my subordinates!"

Boss Mei looked worried and sighed, ""I don't want to make things difficult for you. If you become my subordinate, we'll be a family. There's no such thing as two families talking. It's a pity that you're not willing!"

Lin Yi raised an eyebrow as he watched the performance.

"Boss Mei, if you have something to say, just say it!"

Wu yucao couldn't help but speak up in a deep voice. As far as she was concerned, they couldn't stay out of this either, they had to shoulder it with Lin Yi, "You said it yourself, that was a fair fight, the result is unquestionable!"

"You're that Wu yucao, right? Was that Ling Hanxue beside him? As expected, they all have good looks!"

Boss Mei turned to look at the two girls, his eyes filled with lust, but Lin Yi could tell that it was just a disguise. The bald man wasn't a man with a brain full of sperm, and he still maintained his calm.

"My men said that you've earned a lot from this fight, right?"

"It's just a small amount of money. It's like a drop in the ocean for boss Mei. Is this not enough?"

Lin Yi said faintly, stopping Wu yucao from speaking. It was fine if he offended boss Mei, but it was best if Wu yucao and the others didn't talk back to this person.

"Of course, no problem. You earned the money with your own abilities. Why would I look for trouble with you?"

Boss Mei reached out and touched his bald head. Suddenly, his face turned cold and stern. "But I've already said that you've touched my subordinate. I can't just let it go like this!"

"Could it be that boss Mei wants to ask for some compensation for his medicine and medical expenses? No problem, just tell me how much you want!"

Lin Yi looked like he was showing weakness, but his face was full of mockery. It made boss Mei feel that it would be very embarrassing if he really asked for compensation.

"Of course not, that little bit of money is not enough to compensate!"

Boss Mei snorted and said, ""Did you see the next match? the two of them have similar strength, so the odds are the same, one to one! I want you to choose one person to bet on and put all the prize money on!"

"On what basis? You yourself said that we won without a problem, so why should we bet all our prize money on this one?"

Chen Zhisheng couldn't help but protest, but he immediately remembered the identity of the person in front of him, and his face suddenly turned pale. "I mean ..."

"You can choose to reject my proposal!"

Boss Mei's face became colder and more severe, and there was a faint murderous aura. ""But if that's the case, in order to give an explanation to my brothers under me, I'm afraid that the few of you will have to disappear from Luling city in the future!"

Wu yucao and the others immediately felt an invisible pressure on their heads. This was the unique power of boss Mei as a leader, and they believed that this person would do what he said!

If he were to go all out against the few of them, he was afraid that they would vanish from the face of the earth in minutes!

"What if we win again?"

Lin Yi smiled lightly. He was the only one who didn't feel any pressure, "If we win again, won't it be harder for boss Mei to explain to his subordinates? At that time, will we continue to gamble?"

"Hahahaha, who do you think I am? A hooligan on the street? No matter who wins or loses, as long as you agree, the debt with Bai da will be written off. I promise I won't go and settle the debt with you after autumn!"

Boss Mei laughed out loud, and the invisible pressure disappeared as if it was just a simple illusion.

Wu yucao and the other two felt a chill down their backs as they were already drenched in cold sweat ...

"Alright, let's take a gamble!"

Lin Yi decided quickly and asked for everyone's opinion. "Big sister Wu, what do you guys think?"

"Do we have any other choice?"

Wu yucao shrugged helplessly. "What else can I do other than gamble?"

This time, even Chen Zhisheng didn't object to Lin Yi's decision. After all, if they lost, they'd just be penniless. At worst, they'd just go on another risky hunt, but if they didn't agree, they might not even have the chance to go hunting again!

"Not bad, not bad. You've finally made the right choice!"

Boss Mei smiled smugly, relaxed his body, and leaned back in his chair. He hugged the two beauties tightly again. "Don't say that I didn't give you a chance. There are two people down there, you can choose one of them!"

At this time, the battle below had already been going on for a while. From the situation, the two of them were indeed evenly matched, and it was difficult to tell who was stronger!

Whether it was strength, speed, body shape, or moves, there was almost no difference. It would take a long time to determine the winner.

Lin Yi took a look and felt that these two were similar in strength. It wouldn't be a problem to pick either one. Winning or losing mostly depended on luck, and whoever was lucky enough to find the flaw would have a chance of winning!

"Have you thought about it? Which one is more pleasing to the eye?"

Boss Mei said this in a calm and unruffled manner, but in fact, he was extremely proud in his heart.

The two people below were both martial artists raised by the high platform fighting arena. Usually, when there were no outsiders to settle their grudges, they would go on stage to fight and maintain the popularity of the venue. This time, they were arranged to go on stage in order to win back all the money they had won!

Fifty thousand!

It wasn't a big amount for boss Mei, but it wasn't a small amount either. Besides, it was related to his face, so he couldn't let it go so easily.

That was why Boss Mei had set up this trap, forcing Lin Yi and the others into it.

No matter which one Lin Yi chose, he would lose for sure!

It was precisely because he had victory in his hands that boss Mei was in a very good mood. After winning all the money from these guys who didn't know how to appreciate kindness, it would be much easier for Bai da to take revenge, right?

Without the funds to upgrade and repair their equipment, the strength of Wu yucao and the others would be greatly reduced. When the time came, he would not have to personally intervene. He would let his subordinates settle their grudges.
