

## Bodyguard 7081

Chapter 7081 As Fake As You Want

"Ha ... I think they're all the same. Let's choose the one with the ponytail!"

Lin Yi pointed at the pigtailed practitioner on the stage and smiled, "I think those pigtails are pretty cool. Maybe there's some kind of beneficial buff!"

Boss Mei didn't understand what a buff was, and Lin Yi was just making things up, so he didn't bother explaining.

"You have good eyes. Actually, I'm also quite optimistic about the pigtailed man's strength!"

Boss Mei laughed, pretending to agree with Lin Yi's decision. The news had already been secretly sent out.

Controlling the battle was the most basic operation of the high stage fighting arena. Usually, when there was a huge difference in the bet ratio on the stage, the battle that could be controlled would be reversed.

Only when both sides had similar bets and boss Mei was sure to win would there be a fair fight. This time, there was obviously no such thing as fairness!

A few minutes after Lin Yi chose the braid, the braid seemed to have taken some sort of stimulant-it suddenly exploded and suppressed his opponent!

"Oh, it seems like you have a good eye. The braids you chose are really good!"

Boss Mei looked like he was complimenting Lin Yi, but he was actually mocking him. This was all part of the script, of course, or it would be too fake if he lost right away.

"I also think that I have good taste, but boss Mei, you're about to lose, yet you're still in such a good mood. You're indeed a generous person!"

Lin Yi taunted back, but his mind was clear.

With his vision, he could certainly see that there was something fishy about the next battle. Sure enough, after the man with the braid continued to attack wildly for more than a minute, he seemed to suddenly run out of energy. His opponent caught his flaw and then reversed the attack and defense!

The man with the braid, who had been so impressive just a moment ago, was being beaten up by his opponent in the blink of an eye. Although he had not been defeated, it looked like he was not far from it.

"Of course I'm a generous person. It's just a small game, it doesn't matter if I win or lose ... Aiya, it looks like I won't lose again!"

Boss Mei laughed and laughed as he ate, drinking, and was extremely satisfied. "The person you chose is not very cautious. It's a pity that the good situation has been destroyed overnight. I'm afraid it'll be difficult to turn it back!"

"That's hard to say. Maybe he'll immediately launch a large-scale counterattack!"

Lin Yi laughed coldly in his heart. Since he'd seen through his opponent's trick, it was naturally easy to break it.

As soon as he finished speaking, the man with the braid, who was completely in a situation of being beaten up on the high platform, subconsciously waved his fist.

It was reasonable to say that this punch would not hit the opponent at all, and even if it did, there would be no power at all.

However, Lin Yi took the chance and activated the lowest level of spirit sense collision!

This was the skill that consumed the least amount of spirit sense, but losing it still made Lin Yi's heart ache!

In a situation where he couldn't recover or replenish his soul, his soul couldn't support the large consumption of his divine sense. If he overused it, his soul would collapse before the purple mist evil Lotus could reach him.

No one on the sub-Island knew how to use spirit sense skills, so naturally, they didn't have any spirit sense defensive items. Lin Yi's spirit sense collision easily smashed into the person's sea of consciousness!

That person's movements immediately stopped, and his entire body involuntarily leaned forward a little.

The man with the Braid's fist, which he had unconsciously thrown out, happened to hit him at this moment. It felt like his opponent had automatically moved his face closer to him to get beaten up.

Then, the opponent, who had no ability to resist, was sent flying by the pigtailed man's punch, which had no power at all!

Of course, the so-called 'no power' meant that it could neither kill nor injure the opponent, but the basic strength was still there, so the opponent's flying posture was quite ecstatic!

When he felt that he had hit his opponent's pigtails, he was slightly stunned. Then, he raised his head and looked at his opponent who had been sent flying.

What was going on?

The script wasn't supposed to be like this!

Could it be another reversal?

To be honest, the man with the braid was panicking. He dared not imagine the consequences of ruining boss Mei's business!

Especially the punch just now, anyone with eyes could see how fake it was!

He could only hope that his opponent would quickly fly back and KO him with one punch!

Unfortunately, the man's wish didn't come true-the opponent he sent flying had already fallen unconscious from Lin Yi's clash with his consciousness, and had flown onto the shield without even realizing it!

With a loud bang, the man fell to the ground with a thud after the crash, and stopped moving like a pool of mud!

Everyone was silent!

Boss Mei spat out the mouthful of wine he had just taken. The wine came out from his nose and mouth at the same time. It was a spectacular scene!

However, he couldn't care about this at all. After a few violent coughs, he suddenly stood up and roared, ""What's going on? Who the hell can tell me what's going on?"

F \* ck! Although the following matches were arranged to be fake, the result should not have been like this!

Furthermore, it was so obviously fake. Who would believe that there was a real fight in the future?

The audience below had also reacted and let out deafening boos.

Even if the people here didn't have much combat power, they still had a good eye. After all, they had been watching all this time. No matter what, it could be considered an expert's ability to judge.

That's why the man with the Braid's punch and his opponent's move to close in on him were so abrupt. Did he think they were all blind?

Looking at how that bastard was flying, rather than saying that he was sent flying by a beating, it was more accurate to say that he jumped out by himself!

He even deliberately hit the protective shield and pretended to be unconscious! With such superb acting skills, she was simply a natural-born actor!

"Ha ... Boss Mei, it looks like The Pigman I chose won. His opponent can't stand up anymore. According to the rules, I should be the winner, right?"

"My luck is pretty good today!" Lin Yi smiled and shrugged.

It seemed like an easy win, but only Lin Yi himself knew that the price he paid wasn't small at all.

Originally, there was no pressure when he used his spiritual sense to collide with it. However, this time, it was as if a trace of his primordial spirit was cut off. When he used it, his expression changed a little. Fortunately, no one noticed.

This made Lin Yi wonder if his essence spirit would be able to withstand the pain if he really used his spirit Whirlpool, soul snatching hand, and other spirit skills on the sub Island.

"You're lucky! Give him all the wagers!"

Boss Mei's expression was as cold as ice as he ordered without turning his head. He looked deeply into Lin Yi's eyes, "You can go now. I hope your luck will always be this good in the future!"

"I'll take your words for granted. If I become rich in the future, I'll definitely not forget boss Mei's blessings today!"

Lin Yi chuckled a few times, his expression making boss Mei's mouth Twitch a few times. It took him a long time to suppress the thought of killing Lin Yi.

Chapter 7082 Purchasing Equipment

The situation down there was urgent, and it wasn't the time to deal with Lin Yi and the others, so boss Mei waved his hand and ignored Lin Yi.

One of the two girls bowed to Lin Yi. "Young hero Lin Ying, please follow me!"

"Thank you for your trouble!"

Lin Yi nodded courteously and turned to greet him. "Big sister Wu, big sister Xue, let's go! Thank you, boss Mei. See you again!"

Boss Mei's breath was stuck in his chest, and he was extremely vexed! If you don't leave, I'll kill you!

Wu yucao and the others also took their leave. They were well-mannered and quickly followed the beauty out of the VIP room.

After Lin Yi and the others left, boss Mei kicked the coffee table in front of him into pieces. His aura exploded, and all the anger in his heart was finally released.

The burly man and the remaining three women all knelt down and lay on the ground, not daring to move. They were afraid that they would become boss Mei's punching bag, and it was possible that they would be killed by a single palm strike.

"Go, kill those two idiots immediately and then announce that this bet is invalid!"

Boss Mei squinted his eyes, and a murderous aura emanated from his body. He quickly issued an order. He would never be polite to his underlings who had caused trouble.

This order was immediately carried out. Almost not long after it was issued, a few people rushed up to the high platform fighting arena and killed the man with the braid and the unconscious man on the spot. There was no room for resistance or begging for mercy.

Then, he announced to the audience that the bet was invalid. The loser was naturally happy, but the winner was a little reluctant.

However, these small problems were not something boss Mei needed to worry about. Naturally, his subordinates would deal with them.

"Get someone to keep an eye on those four people. Stay hidden and don't be discovered by them!"

Boss Mei paced back and forth and continued to issue orders, ""Report their whereabouts and movements to me at all times. Don't make any mistakes!"

He had lost so much face and even lost a large sum of money in the bet. How could boss Mei swallow this?

He had to find a chance to take revenge!

Hence, they had to keep track of Lin Yi and the others "movements so that they could move when needed.

Lin Yi didn't know what the order was, but he knew that it wouldn't end so easily.

However, he wasn't worried at all now. There would be a way out when the car comes to the mountain, and the bridge will straighten itself When the Boat Comes. He would just deal with it when the time came.

The four of them followed boss Mei's maidservant to the exchange betting area and received a thick stack of gold certificates.

The eyes of Wu yucao, Ling Hanxue, and the others were instantly filled with a golden light. They even temporarily forgot about the danger.

That was a hundred thousand!

Wu yucao's team of three had always lived a bitter life, and the gains from hunting were almost immediately converted into resources and equipment to supplement their strength, so this was the first time the three of them had seen such a huge sum of money!

For a moment, Wu yucao's hands trembled as she held it in her hands.

Wanwan had really struck it rich!

From now on, he would no longer have to worry about whether his equipment was repaired or replaced with new ones. He would throw away all the old ones and buy two new sets, one for use and one for ... Backup!

Of course, he wouldn't throw away the new set. He wasn't stupid!

"Let's go! Let's leave this place first!"

The only one who remained calm, Lin Yi, pulled Wu yucao and Ling Hanxue out. If boss Mei suddenly turned hostile, they would be at a huge disadvantage here.

After all, this was the enemy's base. It would be difficult to protect Wu yucao and the other two unless Lin Yi could recover his previous strength.

Chen Zhisheng's face darkened as he slapped Lin Yi's hand away, "Let's go, why are you pulling me?!"

With that, she turned and slapped Lin Yi's other hand away from Wu yucao 's.

Lin Yi's mouth twitched, chuckling to himself. Was this guy jealous? It was so sour!

No wonder he didn't like me. This is the root of it!

Lin Yi had guessed it before, but he couldn't confirm it. It was only after seeing Chen Zhisheng's actions that he understood.

However, to be jealous at this time, he really had no eyesight!

Lin Yi didn't want to cause more trouble, so he shrugged and sped up.

Wu yucao and the others didn't say anything either. They glanced at Chen Zhisheng and quickly followed Lin Yi.

Soon, the four of them left the high platform fighting arena. There were no pursuers behind them, so after walking for a while, the four of them all secretly heaved a sigh of relief.

"Big sister Wu, where are we going next?"

He'd been dragged to the arena by Bai da and Bo Cai to fight before he even finished his meal-he wasn't thinking of going back to eat, was he?

To be honest, he really didn't have much of a need for food. It was just that if Wu yucao and the others wanted to eat, he would just eat with them.

"Let's go buy some equipment first!"

Wu yucao became a little excited as she spoke. "It's not easy to get a large sum of money, I'll be letting myself down if I don't upgrade my equipment! And to be honest, I'm worried about the money ... What if I lose it?"

Lin Yi held back his laughter, thinking that Wu yucao was quite cute. What if she dropped it? If you dropped it, then pick it up!

They were all Foundation Stage experts, how could they not feel the money falling to the ground?

"By the way, brother Lin Ying, why don't we split the money first? I don't feel at ease holding it alone!"

Wu yucao looked around. This was still a relatively lively place. One should not reveal one's wealth, so it didn't seem appropriate to split the money here!

"No need. Big sister Wu, you can take it first. We'll go buy the equipment and then talk about splitting the money."

Lin Yi smiled and shook his head, "Besides, I don't have any use for the money, so it's useless even if I take it."

"Alright, let's go to the equipment store first!"

Wu yucao hesitated for a moment. She looked at the crowd around her and did not insist on her opinion.

"Okay, okay. This time, we're going to buy better equipment. Don't always buy those ordinary ones. It's so troublesome to repair and replace them after a hunt!"

Ling Hanxue gave a small cheer and said in excitement, ""I didn't dare to go up to take a look in the past. Today, I finally have the confidence to go up!"

Both Wu yucao and Chen Zhisheng looked like they thought so too, which made Lin Yi curious.

"Sister Xue, where are you going? Why didn't you dare to go up and take a look before?"

Lin Yi understood right away-they probably didn't have the money before, and didn't even have the courage to look at the high-priced goods, choosing only the normal ones.

As expected, Ling Hanxue said shyly, ""I didn't have money in the past, so I could only buy equipment from the most common items on the ground floor of the equipment store. I didn't even dare to go up to the premium items on the second floor."

"Are the equipment here also divided into levels?"

Lin Yi nodded and changed the topic, "Our equipment is graded by quality. It should be the same on the sub-Island, right?"

Chapter 7083 Bountiful Harvest

"Yes, equipment is divided into grades by quality. The worst is called common grade, which is used by most martial artists. The grade above is called good grade, which is much better than common grade. We basically use equipment of good grade."

Wu yucao took out her weapon-it was a scimitar, but Lin Yi didn't think it was of good quality. "This scimitar of mine can be considered a high-quality good grade weapon. It's a pity that it's still too weak. It can't even break the defense of darkness spirit beasts like the Black Spirit spiked armor rhinoceros."

Lin Yi nodded. He knew that normal-grade weapons were for those who weren't even at the foundation level, while good-grade weapons were for Sky Class peak and foundation level. Good-grade weapons weren't suitable for mid to late Foundation levels anymore.

"Above good grade is fine grade equipment. This level is enough to be used until the Golden core stage. Of course, when you really reach the Golden core stage, your income will increase greatly. By then, those who have money will directly choose Supreme grade equipment, which is the best quality!"

Wu yucao put away his curved sword and continued to explain to Lin Yi, his eyes full of fascination when he talked about the best equipment.

"Then why don't we just buy the best equipment!"

Lin Yi's sudden interjection made Wu yucao cough violently, almost choking to death on her saliva.

"Brother Lin Ying, you're really looking down on top-tier equipment. It's normal for a good piece of top-tier equipment to cost tens of thousands or even hundreds of thousands. Although we look rich, I'm afraid we might not even have enough to buy a piece of top-tier equipment ..."

Wu yucao glared at Lin Yi, amused and annoyed at the same time, "For now, it's not a problem for the four of us to choose fine grade equipment. As for fine grade equipment ... We'll think about it after we save up more money."

"Hehe, I think it's only a matter of time before we buy the best equipment with our little brother Lin Ying! Am I right, little brother Lin Ying?"

Ling Hanxue patted Lin Yi's shoulder with a smile. It was a good thing she didn't hit Lin Yi so hard that she almost knelt down.

"I think so too. Don't worry, we'll get some top-grade equipment!"

Lin Yi nodded with a smile and stole a glance at Chen Zhisheng. The guy's face was dark and he was in a bad mood!

After learning that the sub island's equipment was split into common, good, fine, and exquisite, Lin Yi had a rough idea of what it was.

However, the equipment here pursued toughness and sharpness, so it was different from his previous equipment.

In the outside world, the equipment would have a requirement on the degree of true energy fusion. As long as it could fuse with true energy, even ordinary iron could cut through gold and Jade. However, because there was no true energy here, victory was achieved purely by strength, so the toughness of the equipment was better.

While they were talking, the four of them had already arrived at a three-story shop. It looked extraordinary, and on the signboard were four big golden characters: "Eastern enterprise"!

"This is one of the major powers of Luling city, the eastern enterprise. The quality of the goods sold here is guaranteed, and the prices are relatively fair. The people of Luling city basically come here to buy things."

Wu yucao led Lin Yi and the others to the eastern Business Association and introduced them to Lin Yi, "Other than the eastern enterprise, there are a few other major powers in Luling city, such as the city Lord's mansion, the Nangong family, the sword spring sect, the gold yuan bank, and so on. The most mysterious one is the warrior Guild, which is spread all over the sub-Island and is the manager of all the Warriors."

Lin Yi nodded slightly. He knew that the training system on the sub Island was different from the outside world. The outside world called them "practitioners," but here they were all called "Warriors." One could imagine how powerful the warrior Association was. He couldn't afford to offend them.

"Then does the high platform fighting arena count?"

"That boss Mei looks like he's a Big Shot, he should be one of the big forces, right?" Lin Yi asked.

"It can't be considered!"

Ling Hanxue chuckled and said, ""There's still someone behind the high platform fighting arena, but boss Mei's influence has already reached the level where he can take charge of a certain area. Although he can't be compared to the influence behind him, it's not a problem for him to be considered one level below. That's why Boss Mei is also one of the top figures in Luling city!"

Lin Yi didn't ask who was behind the fighting arena but continued, "In that case, if Baldy Mei wants to take revenge on us, won't we be in great danger?"

"It's not a big problem if it's in the city. Private fights are prohibited in the city. If they are discovered, it will anger the public. This is also the purpose of the high platform fighting arena. Baldy Mei would not make such a mistake. "

Wu yucao followed Lin Yi's lead and called him Baldy Mei. She found it funny and couldn't help but smile.

"That's not for sure! The rules were made to target us, the Rogue cultivators with no power, no background, and the arena itself was one of the rule makers, and it has vested interests!"

Chen Zhisheng sneered and retorted, "we can't compare with boss Mei at all. If he really wants to deal with us, he won't care about the rules. At most, he'll be more secretive. If he's discovered, he'll push the blame and it'll be over. So, we can't afford to offend such a person!"

Lin Yi's lips twitched. He was sure that Chen Zhisheng liked Ling Hanxue and didn't have any feelings for Wu yucao. Otherwise, he wouldn't have retorted Wu yucao like that.

"What do you mean? You're saying that we should be bullied to death by that Mei guy, not retaliating at all, and we deserve to die, right?"

Ling Hanxue glared at him and began to berate him.

Chen Zhisheng's face was slightly red, and he mumbled, ""You know that's not what I meant ... Don't ..."

Lin Yi sighed. This guy was hopeless. He would be a henpecked husband in the future, and it would be a late stage one too. There was no cure for that!

"I don't care what you mean! I can't be bothered with you!"

Ling Hanxue snorted and turned her head away."Sister Wu, let's go, little brother Lin Ying. Don't mind him!"

Lin Yi wanted to say that they were just discussing whether Baldy Mei would come for revenge, was it really okay for them to just end it like that?

After thinking about it, he decided to forget it. There was no point in saying more. He would just wait until he really came to see him!

Just then, the four of them arrived at the entrance of the eastern business enterprise. There was a welcoming staff at the entrance, and they were warmly welcomed in.

Although Wu yucao and the others had been shopping on the ground floor, no one showed any contempt. As expected, the eastern enterprise had some hidden secrets!

No wonder his business was so good and he could even become one of the major powers in Luling city.

"This time, we'll go directly to the second floor to take a look!"

After Wu yucao entered the room, she smiled and said to the greeters who were leading them.

"Good, it seems like sis Wu has gained a lot this time! Congratulations!"

The usher was stunned at first, then he smiled and congratulated Wu yucao, obviously an old acquaintance.

"What's there to congratulate? I'm just lucky!"

Wu yucao smiled and waved goodbye to the greeters she was familiar with before leading Lin Yi and the other two up the stairs.

Chapter 7084 Second Floor!

The feeling of being rich was really good!

After going up to the second floor, there were much fewer people. The first floor was almost full of people, but the second floor was extremely quiet. There were only ten to twenty customers choosing equipment quietly. It was indeed a place where only rich people would come.

"If there's anything you need, please allow me to explain to you."

There was an exclusive shopping guide on the second floor. When she saw Wu yucao and the others coming up, a young girl immediately came up to them with a smile.

This was also why people without money didn't have the confidence to come up. Under special guidance, if they came up and didn't buy something, they would feel bad!

"Let's take a look first!"

Wu yucao was still a little guilty out of habit, but after responding, she felt that something was wrong. What was there to be guilty about? He had money now!

"Forget it," she said immediately. "Take us to see the weapons first. The four of us need to buy a suitable weapon each."

For a martial artist, weapons were the most important partner. If conditions allowed, they would naturally have priority in choosing weapons and equipment.

"Alright, please follow me, four distinguished guests!"

The girl smiled even more sweetly. If four people bought weapons at the same time, it would be a considerable deal. Even if they chose the cheapest weapon, it would still be quite good.

As weapons were the most expensive type of equipment, as long as the deal was made, she would get a rather ideal Commission. Naturally, she had to serve Wu yucao and the others more attentively.

Lin Yi followed behind and looked around casually. There were all kinds of equipment on display, and there was a faint glow to it. The fine grade equipment was indeed extraordinary.

If Wu yucao and the other two had fine grade equipment, it would be a piece of cake for them to deal with a Black Spirit spiked-armored rhinoceros!

After turning a corner, all kinds of weapons appeared in front of the four of them. Under the illumination of the lights, the cold glints dazzled their eyes.

Wu yucao gulped. She had never seen so many fine-grade weapons before. For a moment, she was a little shaken. It took her a while to calm down, and then she realized that her companions, Ling Hanxue and Chen Zhisheng, were almost the same!

They were all country bumpkins who had never seen the world!

Wu yucao felt a little embarrassed just thinking about it. She looked at Lin Yi again and saw that he was still calm and collected, looking around casually. Respect rose in her heart. She felt that people from the outside world were indeed extraordinary!

"Big sister Wu, this scimitar is similar to the one you use. It seems to suit you better. Can you give it a try?" he asked.

Lin Yi didn't think too much about it, and pointed at a curved blade that looked like Wu yucao's original weapon.

The girl beside her took the knife down and handed it to Wu yucao carefully, not forgetting to praise Lin Yi.

"This young hero's eyes are indeed extraordinary. This is one of the best products of our shop's fine grade. It was originally forged according to the requirements of the best quality, but the final result was not satisfactory. It did not reach the best quality, but it was infinitely close to the best quality. It is definitely the best of the best!"

"Hehe ... I didn't expect my random pick to be a fine product that is infinitely close to the best quality. It seems that my luck today is really good!"

Lin Yi said with a smile as he watched Wu yucao pull out his scimitar. There was a flash of red light and a cold blade Qi spread out.

"Good blade!"

Lin Yi couldn't help but exclaim in admiration. This was indeed a weapon that was infinitely close to Supreme-the moment it was unsheathed, it already showed its extraordinary quality.

"It's indeed a good saber!"

Wu yucao loved it too. She turned it around and looked at it, one hand gently caressing the blade."The weight is also very suitable ..."

At this point, Wu yucao suddenly stopped, because she thought that since she liked the knife so much, it would be hard for her to bargain!

That's right, the eastern merchant Association could haggle, but the range wouldn't be too large, and it would only be in the case of a large quantity. If it was a single item, very few people would haggle over it.

However, they were now on the second floor, and they were not buying ordinary or good grade equipment, but fine grade equipment. The unit price was high to begin with, and even if it could be a little cheaper, it was still a large sum to Wu yucao, who was used to being calculative.

"Big sister Wu, why don't you try using it?"

Lin Yi didn't know what Wu yucao was thinking and urged her to try.

Wu yucao, on the other hand, wanted to talk about the price first ... She didn't want to say anything more after Lin Yi's urging, so she just waved it a few times and couldn't bear to let it go ...

This scimitar seemed to have been tailor-made for her. When she swung it, it felt as smooth as her arm directing her fingers!

No matter, what price! I have money in my pocket, buy it!

"How much is this scimitar?"

Wu yucao thought of the 100000 gold certificates and instantly felt confident. She smiled and asked the sales girl.

"Because it's a weapon that's infinitely close to the highest grade, the price will be a little more expensive. We'll sell this scimitar for 18000!"

Wu yucao's hand trembled, and she almost threw her scimitar out!

What the hell? Eighteen thousand?

When he thought about the 100000 gold certificates in his pocket, he didn't seem so confident anymore ...

If they split it equally, Wu yucao would get twenty-five thousand, but if she wanted to give Lin Yi half of it, she would only get around sixteen thousand. She couldn't afford a curved sword at all, not to mention the other equipment!

It's better ... To haggle ...

Wu yucao coughed and put her scimitar back into the sheath. She pretended to be unconcerned and said, ""The saber is not bad, but it's a little expensive. If it was a piece of cheap equipment, I would be able to buy it at this price, right?"

The cheapest top-grade equipment could indeed be bought for 10000 to 20000, but it was definitely not a weapon.

The girl didn't expose him and continued to smile. "Indeed. However, this scimitar is also worth its price. If an extremely important guest buys a lot of weapons, there will be a discount."

"How much is considered a lot? How much discount can I get?"

Wu yucao quickly asked. She really liked this scimitar. If it could be cheaper, she would be thick-skinned and buy it.

"If the four of you buy at least one weapon each, I can make the decision and give you a 10% discount on the total price!"

The girl gestured with her fingers, and Wu yucao quickly calculated in her heart. A 10% discount might not seem like much, but it was a huge discount!

Just the scimitar alone cost 18000 Yuan, and the discount would make it 1800 Yuan cheaper! The final price is 16200 Yuan. You can consider it!

"Can you make it any cheaper? We're not just buying weapons, we're also buying other equipment!"

Wu yucao continued to haggle with the mentality of getting lucky. It would be good if it could be cheaper!

"I see ..."

The girl hesitated for a moment, then nodded and said, "If you want to buy more, I can give you a little more discount, but I can only give you a 12% discount at most. I can't give you more!"

Chapter 7085 Don't Have Any Crooked Thoughts

Wu yucao was overjoyed. This way, the scimitar that was infinitely close to the best quality would be less than 16000!

It could be bought!

In fact, a normal high-quality curved sword could be bought with four to five thousand, but after Wu yucao saw this curved sword, she didn't have the mood to look at other curved swords.

If he liked it, then he had to buy it!

"I want this scimitar. You guys go pick your own weapons!"

Wu yucao immediately made a decision and urged everyone to pick their weapons.

With this scimitar as a model, Wu yucao urged Ling Hanxue and Chen Zhisheng to choose weapons of similar quality. They were the kind of weapons that were infinitely close to the best quality.

Normally, there wouldn't be many weapons of this level, and not all of them would be suitable for them. However, it was strange that there were actually weapons of this level today!

Ling Hanxue specialized in bows and short swords for close combat. She chose a high-quality foldable bow. Although its quality was not as good as Wu yucao's scimitar, it was still quite expensive. It cost 8000 Yuan. Then, she bought 20 arrows, which were 200 yuan each. That was equivalent to 12000 Yuan for a set.

Then, he chose a short sword that was also priced at 8000 Yuan, which meant that he had used 20000 Yuan!

Chen Zhisheng used a single-handed sword and a small hand shield. He happened to have a suitable Sword and Shield set, which cost 19000 Yuan. It seemed more expensive than Wu yucao's scimitar, but considering that it was equivalent to a sword and a shield, it was still relatively cheap!

That's right, people who bought crazily now saw everything cheap!

Lin Yi didn't want any weapons in the first place-he didn't usually use weapons in combat, and there were a lot of random weapons in the Jade space, too. It wasn't suitable for the environment, but it was fine.

But Wu yucao didn't give him a chance, choosing a dagger that was similar to Lin Yi's for ten thousand!

These were all the best of the best, and the total price of the four weapons was 67000 Yuan before the discount!

If it was a normal quality weapon, it wouldn't cost more than twenty thousand, but Lin Yi felt that he should buy a good one. A good weapon could increase his combat power by a lot, and since money came easily, he'd just treat it as a gift from Baldy Mei.

After choosing a weapon to play with, the elated Wu yucao pulled Ling Hanxue along and continued to sweep for other equipment.

Armors, bracers, shoes, Greaves, and so on. There were also special foods used to temper the body ...

As it turned out, shopping was a natural skill for women. The two girls brought Lin Yi and Chen Zhisheng to try on equipment one by one, and it took them about two to three hours to finally buy everything they needed!

The girl didn't lose her patience at all-she kept that smile on her face for the next few hours, and Lin Yi even wondered why her face wasn't twitching.

After the final calculation, it was 99900 Yuan after the discount!

Wu yucao's smile gradually disappeared ...

Lin Yi couldn't help but exclaim at the silver Note that he'd gotten back to square one after the thick stack of gold notes.

However, the money was well spent. Other than Lin Yi, the other three were all armed to the teeth with fine grade equipment. Their combat and survival abilities were on a whole new level compared to before they entered the shop. They were definitely several times stronger.

Lin Yi didn't want any equipment other than the dagger.

What a joke, his primordial spirit void-ification was the best way to save his life, and using equipment to protect it would be a burden.

"Brother Lin Ying ... This ... We'll definitely return your money to you in the future. Just treat it as you're lending us money ..."

Wu yucao looked at the only remaining Silver Note in her hand, finding it difficult to speak.

She said she'd give Lin Yi half of the bonus, but what happened? Other than a dagger, there was nothing else!

"It's fine. I don't need the money anyway. Big sister Wu, you don't have to worry about it. "

Lin Yi smiled and waved his hand, not taking it to heart.

By the time the four of them left the eastern enterprise, the sky had already turned completely dark. The pedestrians on the streets had almost disappeared, and most of the shops had already closed for business.

"What do we do now? I'm hungry ..."

Ling Hanxue rubbed her stomach and said with a sad face, ""I'm afraid it won't be easy to find food!"

After the excitement of shopping had passed, the hunger became extremely obvious. Previously, the little bit of hunger could not stop the enthusiasm of shopping at all.

"Let's find an inn to stay in first. Maybe the innkeeper can make some food. "

Wu yucao was also helpless. She had gone to the high stage fighting arena before eating. After shopping for nearly six hours, she was indeed hungry, tired, and exhausted.

Thus, the four of them turned around and looked for an Inn to stay in. Although they were staying in Luling city for a long time, they didn't have a fixed property, mainly because they didn't have the money to buy one.

Therefore, during the renovation period, the three of them would basically rent a small courtyard to live in for a short time. When they went out for an adventure, they would return the house to save money!

This time, he had come back to look for a place to rent after some simple repairs and purchasing of equipment. He did not expect so many things to happen. Now, he could only find an inn to stay in.

Fortunately, this area was a relatively bustling area, and there were many inns. After turning two corners, an Inn appeared in front of them.

At this time, there was nothing to be picky about. As long as he could rest, he was fine with anything.

"Buddy, get a few premium rooms. If there's food, can you just get some?"

Wu yucao knocked on the door and asked casually.

"Sure, do you want four rooms? Thirty per room, excluding the food and wine!"

The waiter was a little drowsy, so he instinctively reported the price.

Wu yucao's steps faltered. Thinking of the silver Note left in her pocket, she really wanted to turn back and tell her companions, "Wan Wan, let's sleep on the streets."

This damn Inn, how could it be so expensive?

"There's no need for four rooms, just two superior rooms will do!"

Wu yucao was still too embarrassed to really turn around and sleep on the streets, but she started to calculate in her heart. How many meals could the remaining money be enough for?

It seemed like he would have to go out of the city to continue hunting tomorrow!

It would be a waste if he did not use his fine grade equipment!

It just so happened that he could avoid any possible revenge from Baldy Mei. By the time he returned from the hunt, the rain might have already passed and the sky would be clear!

"Uh, I don't think it's appropriate for me to live with you guys?"

Chen Zhisheng suddenly blurted out.

Wu yucao, Ling Hanxue, and Lin Yi's gazes were all focused on him, and Chen Zhisheng immediately came back to his senses, an awkward expression on his face.

"What are you thinking? If you know it's not suitable, do you expect us to invite you to live with us?"

Ling Hanxue raised her brows and looked at him with a disdainful expression. "Of course you're going to live with Lin Ying. Don't try to think of anything funny all day!"

"No... I didn't have any crooked ideas ..."

Chen Zhisheng's face turned red. He was really wronged!

Chapter 7086 Arrogance Turned Into Respect

It was just that he subconsciously didn't want to be with Lin Yi-plus, the concept of a three-person team was deep in his bones, so he naturally thought that he should be with Wu yucao and Ling Hanxue, and that Lin Yi, an outsider, was an individual.

"Alright, alright. An explanation is a cover-up. We all understand!"

Lin Yi put his arm around Zhisheng's shoulder as if they were best friends. "Where's the room? Bring us there!"

Chen Zhisheng was a little anxious, thinking, "what do you guys understand!" But she couldn't say anything now that Lin Yi was pulling her in-that explanation was just a cover up ... It did make sense!

"It seems like brother Lin Ying and Zhi Sheng have a good relationship!"

Wu yucao was very pleased as she watched Lin Yi and Chen Zhisheng walk up the stairs with their arms around each other's shoulders. She thought that the Lin Ying brothers would have a higher chance of staying in the team this way.

After all, Chen Zhisheng had been showing hostility to Lin Yi before, and now that Lin Yi was putting his arm around his shoulder, it seemed that the grudges in his heart had been removed a lot.

"Lin Ying has a natural disposition that makes people feel close to him. Perhaps Chen Zhisheng felt it and started to accept Lin Ying?"

Ling Hanxue nodded her head in agreement and said in a serious tone, ""I think I have the same temperament, so everyone likes me!"

"Yes, yes, everyone likes you the most!"

Wu yucao giggled and hugged Ling Hanxue's slender waist. ""Especially me. Xiaoxue, don't get married in the future. Even if you get married, you have to marry me!"

"Of course, I'll definitely marry no one but my sister!"

Ling Hanxue laughed as well. Lin Yi thought that this couldn't be true, right?

If that was true, how pitiful would Chen Zhisheng be?

So he peeked at Chen Zhisheng with a little pity, but he saw that Chen Zhisheng didn't take it to heart, most likely because he had long been used to the teasing of his two improper teammates.

As expected, he was just joking! Otherwise, Chen Zhisheng could only be her best friend for life!

"My four guests, are you satisfied with these two adjacent rooms?"

The drowsy-eyed worker was finally awake after going upstairs, and he opened the two rooms for Lin Yi and the others to see.

Wu yucao wanted nothing more than to sleep on the streets now. As long as she could sleep, she would definitely not have any objections.

If it weren't for Lin Yi, she probably wouldn't even have to sleep in the woodshed with only a hundred silver notes left.

They'd used up all of Lin Yi's share, and Wu yucao couldn't bring herself to ask Lin Yi to sleep in the woodshed-she had to grit her teeth and give it her all!

"No problem, I'll take these two!"

Lin Yi wasn't picky and randomly picked a room. He pulled Chen Zhisheng in and ordered, "Please bring us some simple food as soon as possible. We'll rest after eating!"

The waiter replied and immediately turned around to go downstairs to prepare food.

"Big sister Wu, big sister Xue, you guys take a rest first. We'll have something to eat later."

Lin Yi waved at the girls and walked into the room.

The so-called upper room wasn't all that luxurious, but it was a little more spacious with a small living room and two rooms with two beds. Lin Yi didn't need to share a bed with Chen Zhisheng.

"Lin Ying, you sleep in the outer room. Don't come in and disturb me!" He said.

Chen Zhisheng closed the door and looked at Lin Yi unhappily as he assigned the rooms, "Also, I'm not familiar with you. Don't put your arm around my shoulder in the future!"

In fact, the room outside was formally called the servant's room, and the room inside was the master's room. In order to serve the master conveniently, the servants would be standing outside the door at any time.

In the inn, only the superior rooms had such a layout. The general rooms were single rooms.

Lin Yi didn't really mind as he sat on the bed, "No problem! But no matter what, we're still comrades who fought side by side. Today, we can barely be said to have gone through life and death together. Isn't this considered close?"

"It doesn 't!"

Chen Zhisheng replied coldly and walked into the room.

"I don't have any special feelings for sister Xue, is there a need to be so jealous of me?"

Lin Yi smiled teasingly and shrugged. "If you really like sister Xue, you should have confessed to her!"

"Who ... Who ... Who's jealous? Don't overthink it!"

Chen Zhisheng's face suddenly turned red, and he stuttered, "I ... I didn't ... I didn't like ..."

Lin Yi laughed to himself, thinking that Chen Zhisheng was quite interesting. He was in a good mood after teasing him.

"Do you think we're blind? I can't even tell that you like sister Xue! Well, maybe sister Xue doesn't know about it herself!"

Ling Hanxue was usually a little carefree. Perhaps she really did not notice Chen Zhisheng's good impression of her.

But Lin Yi didn't think it was possible-no matter how open a girl was, she'd always be more sensitive than a man.

If Ling Hanxue was not interested in Chen Zhisheng, then she was deliberately pretending not to know. If she was interested, then she was most likely waiting for Chen Zhisheng to confess.

It was not like he would let Ling Hanxue speak first, and wouldn't he be laughed at by Wu yucao for the rest of his life?

Lin Yi had a good impression of Ling Hanxue, but as for Chen Zhisheng ... He didn't really care, but if he could give him a push, he'd do it.

"Nonsense! I can't be bothered to talk nonsense with you!"

Chen Zhisheng composed himself, his face still red as blood. He said calmly and walked into the room!

"Do you need my help to pursue sister Xue?"

"I promise you'll get the beauty!" Lin Yi said with a smile.

Chen Zhisheng already had one foot in the room, but he pulled it back without hesitation when he heard Lin Yi's words, coming to Lin Yi's side.

"Brother Lin, we're all brothers. In the future, your problems are my problems! We should get closer!"

Chen Zhisheng's smile was as bright as a peach blossom as he sat down next to Lin Yi and patted the bed, "Aiya, this bed isn't too comfortable. Brother Lin, you definitely won't be used to sleeping here. I'll sleep on the outside and you can sleep on the inside! I'm already used to the wind and the wind, I'm already satisfied with a bed to sleep on!"

This sudden change in attitude really surprised Lin Yi-he thought she'd at least be more reserved!

"That's fine too. I don't mind. If brother Chen wants to stay in the outer room, I'll go in and rest!"

Lin Yi nodded casually and walked in.

Chen Zhisheng's smiling face froze. What happened to helping? And the method? Shouldn't he at least say a few words?

Seeing that Lin Yi was really going in, Chen Zhisheng put everything aside and smiled shamelessly, "Brother Lin, about that ... About what we were talking about earlier ..."

"What? Oh, you're talking about sister Xue, right? I'm just joking, this kind of thing is for sister Xue to make her own decision. I've only known her for a day and don't know anything about her, how can I affect her decision?"

Lin Yi's smile was bright, revealing his white teeth!

Chapter 7087 Assassination In The Middle Of The Night

Well, teasing Chen Zhisheng is almost over. I'm in a good mood, but I can't make Chen Zhisheng too angry. After all, I still have to continue teasing him in the future!

Chen Zhisheng was dumbfounded, and the smile on his face gradually disappeared. He cursed himself in his heart for being so obsessed! How could he believe this kid's nonsense?!

And this kid even knew what was on his mind. This was simply preposterous!

Or should I just kill him?

However, it seemed like he was not Lin Ying's match!

Especially since this kid was good at assassination. Even if it was an assassination, the probability of being killed in return was quite high!

"Lin Ying! You're new here, so you should get used to the various environments of our sub Island!"

Chen Zhisheng stood up expressionlessly and pulled Lin Yi back, "I've thought about it. If I let you sleep too comfortably, it'll only harm you. It's better for you to stay outside. Stay alert. This will be a very good experience for you in the future!"

"Alright, whatever you say, brother Chen!"

Lin Yi chuckled to himself. He didn't think that Chen Zhisheng, who looked mature, would have a childish side to him.

Forget it, it was better not to provoke him today. Otherwise, if he really exploded, Wu yucao and Ling Hanxue would also be in a difficult position!

Not long after the small episode, the waiter came to inform them that the food was ready to eat. Because there were not many ingredients left, it was just a simple meal that could fill their stomachs but not very delicious.

Lin Yi went next door to call the two girls out for dinner, to which Chen Zhisheng still had a long face, as if someone owed him millions and didn't pay up.

Moving back a bit, boss Mei had received the real-time report right after the four entered the inn.

"You're staying at the hotel? Are you sure that they have spent almost all their money in the eastern enterprise?"

Boss Mei wasn't happy that Lin Yi and the others won a hundred thousand for no reason-he wanted to get the money back, and he also wanted to teach Lin Yi and the others a lesson.

Now that he knew that the money had been spent, the grievance in his heart could not be mentioned!

"Yes! This subordinate can confirm that the four of them don't have much money on them at this time, and their inns are probably a little tight!"

A Man in Black lowered his head and reported to boss Mei respectfully,""The four of them bought fine grade equipment, and a few of them are infinitely close to fine grade, so their expenses are higher!"

"I know! Immediately find the Shadow Hunter team and transfer four of them to the inn to snatch back all their equipment! This is all my money. Even if I buy it and sell it as second-hand goods, I can still recover some of my losses. "

Boss Mei drank a glass of Scarlet drink, put down the glass, and waved his hand. ""Don't kill anyone, just cripple them. Then inform Bai da and Bo Cai and let them decide what to do!"

It was not allowed to take action privately in Luling city. Although boss Mei was also from a privileged class, he tried his best not to cross the line. As long as no lives were lost, the big shots above would not take it too seriously.

He still didn't have enough power!

Boss Mei snorted coldly in his heart. He picked up the cup that had been refilled and drank it up again!

One day, I'll have the final say in Luling city!

The Man in Black took his leave and went to inform the shadow hunting team.

This was a dark force under boss Mei. There were not many members, only a dozen or so. They were basically composed of half-step golden core Masters and belonged to the absolute elite.

In fact, Bai da was one of the members of the shadow hunting team. However, he usually did not reveal his identity as a member of the team and only appeared as an ordinary subordinate of boss Mei.

Sending out four members at once was already a sign that boss Mei was paying more attention to Lin Yi and the others. After all, Shadow Hunters were better at working together, and the four of them were much stronger than four people working alone.

The night was dark and the moon was high in the sky.

Lin Yi and the others finished their food and went back to their rooms to rest. At this time, four black shadows sneaked into the inn silently, accurately heading towards the two rooms where Lin Yi and the others were.

It was obvious that they already knew about Lin Yi and his group's check-in.

When they got closer, one of them sneaked up to Wu yucao and Ling Hanxue's room while the other three went into Lin Yi's room.

There was no need to ask-Lin Yi's performance in the arena had caught the attention of the shadow Hunters, and they were planning to team up against him.

If it wasn't for the fact that too many people would cause unnecessary trouble, boss Mei would have sent more people. Four people was the limit.

Lin Yi and Chen Zhisheng's room door opened silently, and the three snuck into the living room like ghosts. The dark environment didn't affect their vision.

Without any greeting or interaction, the three of them spread out familiarly and each took the most advantageous position. Then, one of them flashed into the outer bedroom and raised his hand to pull out the short knife that he carried with him.

The blade of this dagger was as black as ink and would not reflect any light. In the dark, it was almost invisible. Even if someone were to open their eyes and look at it, they might not be able to notice it.

Boss Mei's orders were to take back the fine grade equipment and cripple Lin Yi's group, but not kill them.

Therefore, when this person entered the outer room, he directly slashed at the legs of the bed, preparing to cut off one of the legs of the person on the bed.

However, when the short knife fell, there was only a soft touch. There was no feeling of the blade cutting into flesh!

Not good! The other party was on guard!

The man was shocked and wanted to warn his companions, but he felt a slight pain on the back of his neck and immediately fell to the ground, temporarily losing consciousness.

Lin Yi appeared behind him like a ghost and grabbed the man's collar before gently throwing him on the bed. He then activated his butterfly steps and instantly appeared in the living room.

The whole process was silent-the two people outside were on high alert, prepared for backup, but they still didn't notice Lin Yi's sudden appearance.

Lin Yi held his newly bought high-quality dagger in reverse and nimbly swept past one of the people closest to him. The tip of the blade slid past the person's neck, and blood instantly spurted out!

As for the instigator, he had already moved to the side of another person.

It was only then that the last member of the Shadow Hunter team suddenly realized that the enemy had already arrived beside him!

The Black Daggers surrounded his body like a storm. He didn't aim to hurt the enemy, but to protect himself!

It was indeed not easy to break the defense of a half-step Jindan master with all his strength. Moreover, the momentum was extremely amazing, which was equivalent to sending a signal to the last companion outside.

If the operation had gone smoothly, they would have wanted to come and go quietly and take away a pile of fine grade equipment without alerting any unrelated personnel. However, it was obvious that they could not achieve this goal now.

Chapter 7088 Kill If You Want

Lin Yi laughed coldly and ignored his opponent's defense. He turned around and walked to the door!

"Be careful of Zhenzhen!"

The members of the Shadow Hunter team, who were on full defense, instantly realized that they were helping their target, so they immediately reminded their companions.

It was a pity that the last member of the Shadow Hunter team reacted extremely quickly. After sensing the fighting in the room, he instantly gave up on his plan to attack Wu yucao's room and rushed into Lin Yi's room like lightning.

At this time, Lin Yi's back was against the wall, and the warning hadn't gone off yet!

The cold glint of the high-quality dagger flashed, and the warning came late. The body of the Shadow Hunter team member who had rushed in stiffened slightly, but his momentum did not stop. He only fell to the ground after a few steps.

As soon as the fully defensive worker said that, he knew it was too late. In a split second, he didn't choose to rush forward to help, but instead turned and rushed into the bedroom.

All of this took a long time to describe, but it had actually happened in just a few seconds.

Lin Yi's sneak attack was like a rabbit jumping and a Falcon falling, instantly killing two and one unconscious. The last one was no longer a threat!

It just so happened that Chen Zhisheng, who heard the movement, opened the door with a newly bought short sword in his hand. His reaction was not as fast as the members of the shadow hunting team, but it was not too slow, but the timing was too bad!

The last person who rushed into the bedroom flashed and passed by Chen Zhisheng before he could react!

The black Dagger was placed on Chen Zhisheng's neck. The cold blade slightly cut his skin, and a few drops of blood oozed out.

"Stop! Otherwise, I'll kill him!"

The man warned in a low voice as he saw Lin Yi following him, hiding behind Chen Zhisheng.

They'd already tried to overestimate Lin Yi's strength, but they still greatly underestimated it!

The four of them didn't even have the chance to work together before they were all taken down one by one. It was a humiliating defeat, and he had overestimated Lin Yi's combat ability.

In fact, Lin Yi's success was mostly due to his surprise attacks, his decision to change his tactics, and so on.

The assassination techniques that he learned from his master, Yang Ming, in the secular world came in handy.

However, if he were to attack head-on while the opponent was defending with all his might, Lin Yi wouldn't be able to kill him easily unless he used his divine sense.

For example, the Shadow Hunter team members who were on full defense just now-Lin Yi found it hard to attack them.

In the end, without true Qi, his physical combat power was too weak.

"You must be mistaken. I'm not familiar with him, so it doesn't matter to me whether you kill him or not!"

Lin Yi lit up the lamp casually and said, "You should know that I only met the three of them today, right?"

Under the light, Chen Zhisheng's face was a little pale. In fact, with his strength, although he was not a match for the shadow hunting team, it was not a big problem for him to withstand a few moves.

He didn't expect that a moment of carelessness would cause him to be taken hostage!

The most hateful person was Lin Ying. He didn't even care about the safety of a hostage like him. This was simply preposterous!

"Don't pretend to be relaxed. I don't care if you've just met or not. This man is your partner, right?"

The member of the Shadow Hunter team hiding behind Chen Zhisheng had a black mask on his face, but his eyes flickered-he wasn't sure about Lin Yi and Chen Zhisheng's relationship.

He was already scared of Lin Yi, and if Chen Zhisheng couldn't threaten his opponent, he might not be able to escape today. Lin Yi's movement technique was far above his, and he couldn't escape even if he wanted to!

"You talk too much nonsense. If you want to kill him, then hurry up and kill him. Don't waste time!"

Lin Yi twirled the high-quality dagger in his hand, his face nonchalant."Oh right, you still have a companion who's not dead. I'll kill him first!" He said.

Before he could finish his sentence, Lin Yi dashed to the bed and stabbed the dagger into the man's back. The man twitched a little and stopped moving.

Chen Zhisheng's small face turned pale. This shock was no small matter, and he immediately shouted,"Lin Ying, even if I don't get along with you, you don't have to kill me with a borrowed knife, do you?!"

From Chen Zhisheng's point of view, Lin Yi didn't hesitate to kill the other party's companion. He didn't have any intention of exchanging the hostage. It was obvious that Lin Yi wanted to take the opportunity to kill him!

In fact, the real reason why Lin Yi was so decisive was to protect Chen Zhi!

The more he acted like he didn't care about Chen Zhisheng's life and death, the lighter Chen Zhisheng's weight in the enemy's heart!

When the enemy felt that killing Chen Zhisheng did not matter, it was equivalent to saving his life.

"Zhi Sheng! Who are you? Quickly release him!"

At that moment, Wu yucao and Ling Hanxue heard the commotion and rushed over to help. When they saw Chen Zhisheng being held hostage, they immediately cried out in shock!

After all, they were comrades who had gone through life and death together. It was impossible for him to remain indifferent.

Lin Yi smiled bitterly to himself-they came at a bad time!

The atmosphere of Chen Zhisheng's insignificance that he had painstakingly created was almost destroyed!

"Hahaha, release him? How can it be that easy?"

The man in the black mask laughed softly. He really didn't have the confidence to face Lin Yi alone, but with Wu yucao and Ling Hanxue here, he had people who valued the hostages, and he was confident.

"What do you want? Draw the line!"

Ling Hanxue did not take out her bow and arrows. Instead, she raised her short sword and said in a deep voice, ""If you dare to hurt Chen Zhisheng, I promise you won't leave this place alive!"

Although the other party was an expert half a step to the Golden core stage, Ling Hanxue had a bow and arrow that was infinitely close to Supreme-grade, so it would not be difficult for her to kill the other party before he escaped!

"You really scared me to death! Alright, I won't waste time talking to you. Throw down all your equipment. Today, I only wanted money, but I lost three brothers. If you want your companion to live, then exchange all your equipment for it!"

Wu yucao and Ling Hanxue hesitated. It was not that they were reluctant to buy new equipment, but in their eyes, their companions were always more important than equipment.

The problem was that if they really dropped all their equipment, their strength would immediately drop by a few levels, and they would no longer be a threat to their opponents.

At that time, they would be at the mercy of others. Not only would they not be able to save Chen Zhisheng, but they would also lose their lives.

"What's wrong? You can't bear to? Or do you think your companion is not worth this price?"

The man in the black scarf laughed strangely and said in Chen Zhisheng's ear, ""Brat, I really feel sorry for you. Now you see the true face of your so-called companion, right?"

Chen Zhisheng had already regained his composure when Ling Hanxue was speaking. He was already satisfied that the person he liked had stepped forward to save him. When he heard the enemy's provocation, he immediately sneered.

Chapter 7089 Exposed

"If you want to kill, then kill. Why are you talking so much nonsense? Don't worry about me, what's the big deal about a man dying? As long as I can kill my enemy and take revenge, that's all that matters!"

Chen Zhisheng said righteously, feeling that his image had been elevated. Lin Yi's sudden words ruined the atmosphere.

"Even the hostage is asking you to kill him. Just do it now!"

Lin Yi twirled the high-quality dagger between his fingers as he walked over lazily. "If you don't dare to make a move, I don't mind helping!"

"Brother Lin Ying! How could you say such things! Zhisheng is our brother!"

Wu yucao was shocked and quickly stopped Lin Yi from continuing.

"Don't look at them, I just got to know them today, and I'm not familiar with them! Hurry up and kill the hostage, then let me kill you. The earlier we finish, the better we can get to sleep before dawn!"

Lin Yi dodged and put some distance between him and Wu yucao, trying to show that he wasn't on the same side as them. He was trying to cut off their relationship to make the enemy hesitate.

In fact, if the man was smart, he would've seen through Lin Yi's facade.

If he really didn't care about Chen Zhisheng's life and death, why would he need to say so much? Why didn't he just come up and do it directly?

"I've changed my mind. If you want your companions to live, then take this kid down and Exchange him with the hostage in my hands!"

The black masked man thought that he had come up with an excellent idea, and he was a little proud of it.

If they could make the enemies in front of them kill each other, it didn't matter even if they died. After all, it was the other party's internal strife, and they couldn't be blamed for it.

However, the corpses of his three companions were troublesome. If they were to investigate, their identities would be easier to find out. It seemed that he had to find a way to destroy the corpses and get rid of all traces.

Lin Yi thought, "if you'd told me earlier that you could use me to replace Chen Zhisheng, I'd have tied my hands and delivered myself to your door!"

Wu yucao did blame Lin Yi for what he said, but it wasn't possible for her to really attack him.

Ling Hanxue, on the other hand, already had a basic understanding of Lin Yi. She saw Lin Yi giving her a look and immediately waved her short sword, "Alright!"

Before he could finish, Ling Hanxue had already flown to Lin Yi's side. The two weren't far from each other to begin with, and this sudden attack was extremely realistic, with some thunderous momentum.

Lin Yi pretended to be caught off guard and tried to Dodge, but he couldn't avoid Ling Hanxue's attack. He staggered a few steps and slipped, falling on the edge of the bed.

Ling Hanxue's short sword followed like a shadow, the blade flashing with a cold light as it was easily placed on Lin Yi's neck.

"Get up! Don't play any tricks!"

Ling Hanxue scolded in a low voice, but her eyes were blinking as she communicated with Lin Yi through her eyes.

Little brother Jue Lin Ying, can't your acting skills be even more fake? He could easily kill a half-step golden core Master! Is this really okay?

As Ling Hanxue's back was facing the enemy, he did not have to worry about her strange gaze being seen.

Lin Yi lowered his head slightly and winked at Ling Hanxue, trying to say that the guy's IQ wasn't high and he was easy to fool!

As for how Ling Hanxue would interpret it, he did not care. It was fine as long as he could switch places with Chen Zhisheng.

"Why did you suddenly attack?"

Lin Yi said as he stood up, putting on an innocent face. "In fact, I'm very willing to exchange brother Chen for you. You don't need to use such a rough method! We're all on the same side, there's really no need to make such a big fuss!"

"Hmph, now you're one of us? Didn't you just get to know us? we're not even close!"

Ling Hanxue tried to hold in her laughter as she continued to act with Lin Yi, "Don't talk nonsense. Slowly turn around and go over there to exchange!"

"Xiaoxue! How could you do that?"

Wu yucao's mind was in a mess, and her brain wasn't working at all. Seeing Ling Hanxue subduing Lin Yi like lightning, she didn't know how to react,""Although brother Lin Ying doesn't want to admit that we have a good relationship, we can't ..."

Even if he wanted to save Chen Zhisheng, he couldn't trade another companion for it!

Besides, Ling Hanxue acted extremely close to Lin Yi before-there was no reason for her to do that!

"Big sister Wu, don't worry about me. I know what I'm doing!"

Ling Hanxue had already decided that she would mock Wu yucao after this matter was over. How could he be so stupid?

Can't you tell that I'm just acting with Lin Ying?

Is it because my acting skills are too good?

In any case, it wasn't Lin Ying's acting skills that were good. His exaggerated performance was really embarrassing. If the opponent wasn't so stupid, he would have already been exposed!

"Don't come over yet. Break the tendons in this kid's hands!"

It seemed like the masked man's IQ was off the charts, but he'd suddenly become smarter. Of course, it was only because he was cautious and afraid of Lin Yi, and his instinct told him that he couldn't let Lin Yi get close to him.

After the tendons in his hands were cut off, he could forget about using even half of his strength. It would be much easier to take him down.

Ling Hanxue's smile froze on her face. Of course, she couldn't really do it, but if she didn't do it, everything she did before would be in vain!

Lin Yi didn't mind—he was a Yuan spirit, so what tendons did he have? Even if he was cut off a hundred times, he could instantly recover a hundred times!

So Lin Yi winked at Ling Hanxue again, telling her not to worry and just do what she wanted.

It was a pity that Ling Hanxue did not seem to have received his true intentions this time, and did not take any further action.

Lin Yi sighed helplessly. He knew that this move wouldn't work anymore. Ling Hanxue's hesitation clearly told the other party that it wasn't that she didn't care about Lin Yi!

"Forget it, I'm not going to play this boring game with you! I'll give you a choice. Let Chen Zhisheng go and I'll spare your life. If you don't, you're dead!"

Lin Yi pushed Ling Hanxue's short sword away and looked at the man indifferently. It was actually very simple to save Chen Zhisheng. He only needed to use the lowest level of divine sense to collide with him.

It was just that Lin Yi didn't want to use his spiritual power when he had other methods.

Not only would that consume his primordial spirit, but he would also be suspected by Wu yucao and the others.

Therefore, spiritual sense attacks could only be used as a last resort.

"It's a trick indeed. It seems that you really want him dead! Fine, then I'll drag someone down with me!"

The black masked man's eyes turned cold. He exerted a little force on the short knife in his hand, and the wound on Chen Zhisheng's neck became bigger.

He also understood that since Chen Zhisheng's value was not high, he might as well kill him and Exchange for another one. Either of the two women seemed to be more valuable than Chen Zhisheng.

However, the man didn't realize that after Lin Yi and Ling Hanxue's act, the distance between him and Lin Yi had shortened by a lot. Lin Yi took advantage of the gap between him and Ling Hanxue to make a move!

Chapter 7090 This Is The Way To Get A Confession?

Limit butterfly microsteps!

Lin Yi was like a ghost, disappearing from where he was and reappearing beside the man.

Lin Yi didn't use the spirit sense's collision skill. He reached out and grabbed the knife on Chen Zhisheng's neck, then kicked the man.

It was still the same-if the two of them were to fight, it would be impossible for Lin Yi to win easily.

However, Lin Yi would definitely gain the upper hand in this situation!

The most important thing was that Lin Yi wasn't afraid of death!

The masked man was caught off guard, and his knife was pulled away by Lin Yi. He was shocked, but he didn't feel much when he was kicked.

Chen Zhisheng reacted quickly this time. When he felt the dagger leave his neck, he immediately lowered his body and broke away from the enemy's control. Then, he stomped on the ground and flew out.

The masked man couldn't care less about Chen Zhisheng. He suddenly felt that Lin Yi wasn't as scary as he thought. Whether it was the kick or the arm that pulled the knife away, Lin Yi's strength wasn't that shocking.

On the contrary ... He was pitifully weak!

Then, the black-masked man realized that the young man in front of him was an expert in the way of an assassin, and strength was his weakness!

Unfortunately, although Chen Zhisheng's reaction was fast, Lin Yi's speed was even faster. The moment Chen Zhisheng left, the dagger in his hand was already slashing out at lightning speed.

Just as the masked man was about to launch a counterattack, he felt a cold sensation on his neck. Then, a warm liquid splashed out, and his body temperature quickly dropped. At the same time, his life force was also lost!

Did he ... Just die like that?

Lin Yi let out a breath of relief. He wanted to leave him alive, but he couldn't afford to be careless against this kind of opponent. One mistake and he'd be devoured by the opponent.

He was fine with it, but he was most afraid that Wu yucao, Ling Hanxue, and the others would get hurt.

If he was right, these four were sent by boss Mei. Other than this bald man, Lin Yi didn't have any other enemies ... At least not in the sub-Island!

"Brother Lin Ying, are you alright? You killed them all?"

Wu yucao rushed over to check on Lin Yi's condition, worried, "Private fights are forbidden in Luling city. We've killed four people at once, so we'll definitely be in big trouble!"

Lin Yi had killed them all alone, but Wu yucao had shared the responsibility with everyone. This meant that they would go through thick and thin together!

We're a family, so we'll bear this together!

"If we don't kill them, I'm afraid we'll be killed, so we can't care about anything else!"

Ling Hanxue did not mind. At most, she would just leave Luling city."Since we're going out of the city, why don't we take this opportunity to go to other cities? In the past, it was because our equipment wasn't good enough, and it was dangerous to be too far away. Now, what do we have to be afraid of?"

With their abilities and their fine grade equipment, they were indeed the most elite team! It was no problem for him to go to the next city.

"I wonder who they are. Could it be that they really came to Rob us?"

Chen Zhisheng's heart was still palpitating as he stepped forward and kicked the body. He didn't thank Lin Yi at all when he saw him.

"Impossible! Who would Rob us? We're already so poor!"

Wu yucao thought of the only silver certificates in her pocket and felt an inexplicable heartache. As for the equipment she had bought, it was not her property. It was a part of her strength, so it did not count ...

"Don't even think about it. It's most likely boss Mei. We're the only ones who made him suffer today. It'd be weird if he let us off so easily!"

With that, Lin Yi went to the other man in Black,"Fortunately, I won't die if I'm angry!"

With that, Lin Yi took out a silver needle and treated him. He couldn't use pure Qi to heal, but it wasn't enough to let him bleed to death!

"You still haven't killed one?"

Wu Yuhua was very curious, not understanding how Lin Yi did it.

From the surface, the person on the bed was a dead body, the fatal wound was on the back of the heart, there was no breath left, and Lin Yi said he was still alive!

"I'm an expert murderer, so I know the structure of the human body best. The knife just brushed past the heart and didn't hurt the core, so he wouldn't die so easily!"

Lin Yi explained casually, ready to wake the guy up for his statement.

"Hey, Lin Ying, you really wanted to kill me with a borrowed knife, right?"

Chen Zhisheng was still in shock. Although Lin Yi risked his life to save him, he still cared about Lin Yi's attitude before!

"You're thinking too much. I was protecting you!"

Lin Yi curled his lips, but Chen Zhisheng didn't believe him.

That damned Lin Ying! They were all quibbling!

Lin Yi didn't bother explaining-he was the one who saved Chen Zhisheng anyway!

It was more important to ask for a statement now to confirm the accuracy of his guess!

Lin Yi grabbed the man's collar and pulled off his mask to take a look. He turned around."Do you guys know this person? A half-step golden core expert, he should be very famous, right?"

Wu yucao and the others took a closer look and shook their heads in unison.""I don't know him!"

Ling Hanxue deftly examined the faces of the other three corpses. They were also very unfamiliar, and they were not famous people.

In fact, this was very normal. Boss Mei's shadow hunting team was usually very low-key and hidden in the dark. Only Bai da was the one who did things on the surface. Of course, outsiders did not know that Bai da was a member of the shadow hunting team.

Therefore, these people's faces were not well known. Wu yucao and the others rarely came into contact with people of this level in Luling city, so it was normal that they did not know each other.

"It doesn't matter, there's still one alive that we can ask!"

Lin Yi shrugged and lifted the captive up a bit more, giving him a few slaps on the face.

The man was awakened by the crisp sound of the slap. "Tell me, did boss Mei send you here to kill us?"

Chen Zhisheng secretly glanced at him. Who asked for a confession like this?

Shouldn't you first ask who sent you?

"No, you just want us to snatch the equipment and bring it back ... No, what are you talking about? I don't understand!"

The poor captive wasn't fully awake yet after Lin Yi's slaps and blurted out the truth subconsciously, but it was too late for him to change his mind!

Chen Zhisheng, who thought that Lin Yi was an amateur, was speechless. This idiot was a half-step golden core Master!

How could he be so stupid?

"Where do you not understand? He had already said it, so there was no need to pretend to be confused! Anyway, everyone already knows!"

Lin Yi smiled coldly as he spun the dagger in his hand, "If you want to die a quick death, then tell us the truth. Besides snatching our equipment, didn't Baldy Mei give any other orders?"
