

Bodyguard 7091

Chapter 7091 Internal Division

"Hmph! How dare you treat me this way after knowing our identities? Use whatever means you have! I'm not prepared to go back alive today! You dared to kill one of our people, so you'd better quickly prepare for your funeral and say your last words!"

The member of the Shadow Hunter team showed enough determination at this moment. He raised his head and made a generous expression. "Don't say I didn't warn you. The next time our people come, none of you will survive! But if you let me go now, I can give you a quick death, so that you won't have to suffer all kinds of torture and pain, and live a life worse than death!"

"Ha ... You're really scary. I was scared by you!"

Lin Yi sneered before turning to Wu yucao and the others. "What do you guys think we should do with this guy?"

Wu yucao and Ling Hanxue looked at each other, unable to make up their minds.

After all, they were just an ordinary grassroots team in Luling city. They couldn't be compared to big shots like boss Mei.

If he really provoked the other party's full-force revenge, he would definitely not be able to resist it!

The problem was that Lin Yi had already killed three of their Masters. Even if he let go of the last one, the enmity between them wouldn't be resolved so easily!

"Lin Ying, let him go. We can still say that it was a misunderstanding, but he didn't know! If we still kill him after confirming his identity ... Then we'll really have a huge grudge!"

Chen Zhisheng's brows were locked as he tried to persuade Lin Yi.

However, he didn't believe that letting this person go would be of any use.

In fact, he was only trying to persuade Lin Yi like that because he was afraid of boss Mei.

"You're saying to let him go?"

Lin Yi picked up the captive and pondered for a moment before nodding. "Alright! I'll listen to you this once! Get lost!"

After speaking, he threw the captive in his hand to the window, meaning to let him leave by himself.

He didn't expect that this guy would knock his head on the window frame and bounce back with a loud bang!

Chen Zhisheng quickly went up to check, only to find that the other party had been killed directly ...

"Lin Ying! You're doing this on purpose!"

Chen Zhisheng was furious. He didn't think that he had the chance to resolve this with boss Mei anymore. He didn't bother to argue with Lin Yi and quickly stood up to persuade Wu yucao, "We have to leave this place as soon as possible. We can't let boss Mei find us, or we'll be dead!"

He pointed at Lin Yi, "and this kid, he doesn't see us as his friends at all, he's only trying to kill us, it's better to separate from him!"

"Zhisheng, brother Lin Ying isn't that kind of person! Besides, we've already killed their people, so it doesn't make a difference if we have one more or one less!"

Wu yucao waved her hand to interrupt Chen Zhisheng, but her expression was also full of seriousness. "What we need to consider now is how to deal with the immediate crisis, not internal division!"

"That's right. Things have already happened. We have to find a way to solve it, not complain about our companions!"

Ling Hanxue also expressed her stance clearly. "Little brother Lin Ying is one of us. We have to face the difficulties together and overcome the crisis together!"

"You guys ..."

Chen Zhisheng was furious, but both of them didn't agree to break off with Lin Yi. He couldn't say anything else, otherwise it would be him breaking off with the team!

Therefore, Chen Zhisheng could only sulk on the side and no longer say anything!

At this moment, footsteps could be heard from outside. It was likely that the people in the inn had noticed the previous movement and had come up to check.

"I'll go deal with it!"

Ling Hanxue volunteered and ran out of the room in a hurry. Immediately, the sound of a conversation could be heard from outside.

"Dear Customer, did something happen? Why is it so noisy?"

"It's nothing, it's nothing. We were discussing things on our own. We had some disagreements and quarreled a little. Sorry to disturb you!"

This was Ling Hanxue's explanation with a smile. Beautiful women were born with a friendly aura, so the other party would naturally not make things difficult for her.

"Lower your voice. We don't mind. We won't interfere with the private affairs of our distinguished guests. However, there are other guests in the shop. It won't be good if we disturb them!"

The person who came up to see the situation grumbled a few words, then turned around and left without saying anything more.

Wu Yuhua lowered her voice and looked at Lin Yi, "Brother Lin Ying, what do you think we should do now?"

Chen Zhisheng secretly sneered, thinking, what else can I do?

Hurry up and run! Was he going to wait for boss Mei to take revenge?

"I think we should get rid of these corpses first. Otherwise, it won't be easy to sleep!"

Lin Yi pinched his chin, his face solemn. "Unfortunately, the smell of blood here is difficult to get rid of. I can only do this for now. It should be better to open the windows for ventilation, right?"

The corner of Wu yucao's mouth twitched. She thought to herself, you're still thinking about sleeping at a time like this? This can't be serious, right?

Perhaps he wanted to make a joke to relax the tense mood and atmosphere?

And so, Wu yucao ignored Lin Yi's words and continued, "If we want to leave the city at night, we can't get the city gates to open without a special warrant. If we are discovered, we will become The Public Enemy of the entire city. So, we can only wait until dawn. Once the city gates open, we will leave immediately!"

Although they had not bought any food supplies, they did not have much money. When they reached the forest, they would be able to find something to eat.

"Big sister Wu, what you said makes sense. Before dawn, we should stay here and rest! I don't think boss Mei would send people here immediately, and he wouldn't know that the four of them were finished!"

Lin Yi finally looked serious, and Wu yucao relaxed a little.

"I agree with this point. It's not too long or too short until dawn. Although it's a loophole that they haven't returned, they might be able to hold on until dawn."

Wu yucao nodded slightly. She was already considering when it was best to leave. They had to leave the city as soon as the city gates opened. As long as they entered the forest, it would not be easy for boss Mei to find them.

Then, he would hunt in the forest while looking for a way to other cities!

As long as he went to other cities, boss Mei would not be able to do anything no matter how powerful he was!

"I'll go and dispose of these corpses first. I can delay for a while if I don't let others find them."

Lin Yi said as he piled the four bodies together. He pulled the sheets off the bed and wrapped them up.

The four bodies together were huge, but it wasn't too big for Lin Yi to move!

"How are you going to handle this?"

Wu yucao was a little stunned, but she immediately reacted. ""You're not even familiar with Luling city, so where are you going to dispose of the corpses? I should go? Or we can go together!"

"Big sister Wu, it's easy to be suspicious if I'm wandering on the street at this time. I'm an assassin, and I'm good at stealth. It's more convenient for me to be alone."

Lin Yi smiled confidently as he consoled Wu yucao, "Besides, it's just dealing with the body. We just need to find a quiet place to hide. Anyway, we can delay it until tomorrow. We've already left. It's no big deal if we're discovered by others!"

Chapter 7092 Robbing The Treasury

Wu yucao blinked, thinking that Lin Yi's words made sense, but she couldn't quite put her finger on what was wrong.

"You guys stay here and clean up the room. I'll be back soon!" He said.

Lin Yi didn't say anything else and left through the window with the four bodies. He wasn't just going to deal with the bodies, of course-he had a revenge plan that he needed to carry out on his own.

Baldy Mei!

Originally, we didn't interfere with each other's business, but since you want to touch us, we naturally can't just let it go!

A cold smile appeared on Lin Yi's face. He didn't cause trouble, but he wasn't afraid of trouble, either. He was better at causing trouble!

Baldy Mei, you're on your own!

After leaving the inn, Lin Yi put the four bodies into the Jade space. He wasted a bit of his spirit sense, but he couldn't just throw the bodies around.

After being kept in the Jade space, the four members of the shadow hunting team had completely disappeared from the world!

In the dark night, Lin Yi's figure was like a ghost, floating here and there silently. He quickly returned to the high stage fighting arena.

At this moment, the high stage fighting arena had also sunk into a rare silence. It seemed that the people of Luling city were not in the habit of having supper.

Lin Yi didn't come here to kill boss Mei. After all, the four unlucky bastards who died weren't ordered to kill, but to steal equipment.

And so, Lin Yi didn't see the need to kill Baldy Mei.

What he didn't know was that the boss "order was to cripple them and inform Bai Dabo about their revenge. He didn't get a confession out of them, so he only wanted to get some money.

If you want to steal our equipment, then I'll steal your money!

If he managed to get the complete order out of him, Lin Yi would probably have to go to Baldy Mei and have a good chat!

After entering the arena, Lin Yi spent some time searching from the betting area to the vault where boss Mei stored his money.

This was the vault that maintained the arena's betting exchange system, not boss Mei's Personal Vault. Lin Yi didn't care, as long as he had money.

Outside the vault, there were four late Foundation Stage guards. Lin Yi took out the black Dagger of the Shadow Hunter team and killed the first one in a flash!

The remaining three didn't even have time to react before Lin Yi pulled out the sword from the first Guard's waist and slashed horizontally.

The edge of the blade swept past the second Guard's neck, easily and happily completing a perfect throat-cutting!

The black Dagger stabbed into the third Guard's heart almost at the same time!

This was just a split second, and the result of the battle could be said to be perfect.

Of course, these four guards were also to blame for their negligence. No one had ever dared to come to the high stage fighting arena to cause trouble, not to mention that in order to reach the Treasury, they had to pass through several defense lines outside.

Who could quietly avoid those defenses and directly launch a sneak attack on the Treasury?

In the blink of an eye, the last guard saw his three companions being killed like vegetables. He was so scared that his soul almost left his body!

He subconsciously wanted to stick to his duty and sound the alarm, but he also instinctively wanted to draw his sword to defend against the enemy's attack.

It was only that moment of hesitation, but Lin Yi didn't give him the chance to make a final decision. He took his life with the black knife!

When Lin Yi put away the black knife and the Guard's long knife, the four guards' bodies fell to the ground.

The speed of this sneak attack was a perfect demonstration of Lin Yi's skills as a King of Assassins!

He looked at the body on the ground and walked two steps back, putting the first Guard's body into the Jade space. He didn't bother with the other three.

After putting away the body, Lin Yi looked around and adjusted the angle of the room. He flipped over a chair and broke another one.

It seemed that the battle here was in a stalemate, and it was not a simple instant kill.

After that, Lin Yi walked to the gold vault.

The lock was one of the more high-end items in Luling city, but it wasn't enough for Lin Yi at all. He only had to fiddle with it a few times before he opened the vault door easily and happily.

Lin Yi whistled happily when he saw the pile of gold, silver, and copper notes inside. He put everything into the Jade space without any hesitation.

It was a waste of his spirit sense, but Lin Yi felt it was worth it.

The harvest this time was not just a few tens of thousands or hundreds of thousands. Although there was a large portion of silver and copper certificates, a conservative estimate would put the total in the millions!

He was really rich!

Fine grade equipment that was infinitely close to the best could be bought directly. Wu yucao and the others could have one set each without any pressure!

Lin Yi smiled in satisfaction. He imagined the look on Baldy Mei's face when he found out that such a large sum of money had disappeared. His mood brightened up even more. He really wanted to see this in person!

After emptying the vault, Lin Yi quickly left the scene. If everything went well, things could go in a better direction!

Back outside the inn, Lin Yi entered the room through the window to hide and heard Zhisheng's conversation.

"I think Lin Ying is very suspicious. He said that he was going to deal with the body, but he didn't come back for a long time. Maybe he has run away by himself. If we stay here like idiots, we might be used as bait to distract boss Mei!"

Chen Zhisheng's guess was dark, but it wasn't without reason. If Lin Yi wanted to do it, it was a good way to escape.

"Impossible! Little brother Lin Ying is an upright person. He wouldn't do something so uncultured. I believe he's on his way back. He's not familiar with Luling city, so he might not be able to find his way back!"

Ling Hanxue still believed in Lin Yi, ""Moreover, you should try to escape. Where can you escape to at this time?"

If they couldn't leave the city, it didn't matter where they went!

Even if they could avoid Mr. Mei's search for a while, they would still have to find an opportunity to leave the city, so they might as well act together to increase their chances.

"Stop arguing. I believe in brother Lin Ying too. This place is almost cleaned up. Let's not split up and wait for dawn together!"

Wu yucao immediately stopped the two's debate. In order to prevent boss Mei's possible second wave of sneak attacks, she felt that it was better for everyone to not split up to avoid being attacked by the enemy one by one.

"I'm back!"

Lin Yi smiled, making some noise at the window as if he'd just climbed in.

In fact, he had just flipped in and had just happened to hear a few more words.

"Brother Lin Ying, are you done?"

Wu yucao poked her head out from the outer room with a smile on her face. She didn't suspect Lin Yi at all!

Chapter 7093 The Mole Did This?

"It's done! I don't think they'll be discovered easily, so they'll be able to buy us a lot of time!"

Lin Yi replied casually, thinking about the bodies in the Jade space-it'd be weird if they were found!

However, it wasn't a good idea to keep it in the Jade space. He would find a chance to throw it away after leaving Luling city.

Otherwise, the Jade space would become a mortuary.

Of course, if the plan went smoothly, he might not need to leave Luling city so quickly.

After losing a large sum of money, Baldy Mei probably didn't have the mood to think about the fine grade equipment they had. Compared to the money in the vault, what Lin Yi won was just a fraction of what they had.

"That's good. I was just saying that we shouldn't separate and should gather together to rest. We'll set off before dawn and leave Luling city before the city gates open."

As Wu yucao spoke, she motioned for them to follow her to the living room. She pulled out a chair and sat down. "Let's have some tea, chat, and discuss our future plans. It'll be dawn soon."

Lin Yi didn't object and sat down with them, chatting casually.

The plan might not succeed, so he didn't tell Wu yucao and the others. It didn't matter if he left Luling city first.

The four of them sat around the table and began to chat. As for their future plans, they actually couldn't come up with an exact goal. They would probably have to wait until they were really safe before they could think about it carefully.

Time passed very quickly as they chatted. Unknowingly, the room began to have some hazy light, and the darkness outside was also slowly fading. The sky was about to be bright!

"Let's go! If we set off now and rush to the city gate, it should be just in time to open the gate!"

Wu yucao stood up and led the way out.

Lin Yi and the other two followed him down. After paying the bill, the four walked out of the inn calmly. They looked around carefully to see if boss Mei's men were watching them, but they didn't find anything!

Thus, the four of them set off for the city gate. Wu yucao was still hoping that today would continue to be so smooth!

An hour before that, Wu yucao and the others were still sitting in the guest room. Boss Mei had already received the news that the vault had been ransacked.

When he rushed to the vault with his men, boss Mei suddenly flew into a rage!

"Are you all dead? He didn't even know that the vault had been emptied? I have eighteen generations of F * cking river crab ancestors! Who can F * cking tell me?! What the hell is going on?"

Boss Mei was extremely emotional. He didn't say anything but vulgarities, and his bald head was flushed.

On top of it, there were even twisted meridians that were erupting. It was clear how deep his anger was!

"Boss ... I suspect that there's a mole!"

The small leader who was in charge of arranging the guards last night was now drenched in cold sweat. In order to not take the blame, he had to find someone to blame!

"You said there's a mole among my men?"

Boss Mei roared, his eyes wide like copper bells. But then he squinted his eyes, and a cold light flashed in his pupils. "Tell me your thoughts. If you don't have any reason and are just randomly making things up, I'll skin you alive!"

"Yes, yes, yes! Boss, please take a look at their wounds!"

The leader wiped the cold sweat from his forehead and agreed. He didn't dare to delay and immediately led boss Mei to check the body. "The wounds on these three people are all in different positions, and the weapons that caused the wounds are also different!"

Boss Mei glanced at them indifferently and confirmed that the three people had died under two different weapons, just as the sub-chief had said.

"I've checked their wounds carefully and found that there were two kinds of weapons that caused the wounds. One was the long saber that they were equipped with, and the other was the short saber of the shadow hunting team!"

As the sub-chief said this, more and more cold sweat appeared on his body. With his identity, he already knew the existence of the shadow hunting team. Of course, he also knew that they were boss Mei's true confidants!

It was not a wise choice to throw the blame on the shadow hunting team, but unfortunately, there was no better way at the moment!

"Are you saying that my shadow hunting team is a spy?"

Boss Mei's tone was extremely calm, without the slightest fluctuation in emotion. He had clearly been furious just now, but now he was as cold as ice.

"No, I'm just reporting the facts to you, boss!"

The leader trembled and said carefully, ""In addition, there were originally four guards here. Now, only three have died on the spot, and one has disappeared without a trace. This subordinate believes that the missing person is the key!"

Although the small leader hoped that the shadow hunting team would take the blame, he did not dare to say so directly. He could only vaguely let boss Mei think about this possibility.

At the same time, he admitted that he had a poor judgment of people and that one of the guards might be one of the spies!

"There are also traces of a fight here. It's not very obvious, which means that the fight was very short. It also matches the speculation that the mole rose up and killed the guards from the inside."

If Lin Yi heard the leader's analysis, he'd be laughing so hard that his eyes wouldn't even be able to see!

The marks that he had casually set up were not perfect. If he really thought about it, there would still be many flaws. After all, it was only a game.

He didn't expect that in order to protect himself, the small leader didn't have the intention to investigate further, and all the clues were in his favor!

Boss Mei touched his bald head and walked back and forth a few steps. At this time, he was already beginning to believe that there was a mole among his men!

The sub-chief secretly swallowed a mouthful of saliva and struck while the iron was hot. He continued, "The guards on the outside didn't find any traces of an enemy sneaking in, nor did they find anyone taking the money from the Treasury. This means that the person who did this knows the loopholes in our defense like the back of his hand!"

In other words, it was impossible to do this unless there was a mole!

If one wanted to sneak in without being noticed, kill, Rob, and then leave calmly without anyone noticing, unless there was a ghost!

Boss Mei's face was as dark as water. He said coldly, ""Is there anyone missing from the shadow hunting team?"

"Boss, other than the four people who were out on a mission last night, everyone else is here!"

A burly Man in Black beside boss Mei bowed and answered.

He was also a member of the shadow hunting team and the team leader. As the team leader, he was also embarrassed when something that was suspected to be a member of the shadow hunting team's betrayal happened.

"You went out last night and didn't come back? The mission isn't completed yet?"

Boss Mei frowned slightly. Of course, he knew what the four members of the shadow hunting team were doing. It was his own order!

However, now that the vault had been stolen, how could he be in the mood to care about those small figures?

"I haven't reported back yet. Perhaps it's a little tricky!"

The black-clothed man lowered his head and said with some shame, "I didn't do my job well, please punish me, boss!"

Chapter 7094 Sealing Off The City Gates

"There's no news from the people who are monitoring? Is there any change?"

Boss Mei ignored the man's apology and said with a frown, "I want the latest situation report!"

"Boss ... Because our shadow hunting squad was dispatched, the normal surveillance eyes were withdrawn first! Your subordinate has already sent people to gather more information, and will soon have a report!"

The black-robed man's forehead was also covered in cold sweat. He already felt that something was wrong, and the uneasiness in his heart was slowly growing!

As they were talking, the person they sent to Scout for information came back and reported that Wu yucao's team had four members. They were all drinking tea and chatting in the room, but they didn't know what they were talking about because they were afraid of being discovered and alerting the enemy.

As for his Youyou and the other four members of the shadow hunting team, he did not find a single one of them!

When the Man in Black heard this news, his face turned as black as his clothes!

"Where are they? Where are your men?"

Boss Mei looked at him coldly, his eyes icy. "Don't tell me the four elite members of the Shadow Hunter team were killed by Wu yucao's inferior team? Or was it killed without a sound?"

Boss Mei would be the first to doubt this!

Lin Yi might be able to kill one of them, but that would be in a one on one situation!

It was impossible for the four members of the shadow hunting team to all die in a sneak attack. They did not even manage to kill a single target!

Moreover, if Wu yucao and the rest had really killed the four members of the Shadow Hunter team, would they still have the guts to stay in the inn to drink tea and chat?

What a joke!

Boss Mei felt that he had just made a joke, but he didn't expect that the joke was the truth!

In fact, if the people who went to Scout for information were more detailed and asked the people in the inn, they would know that there was a sound in Lin Yi's room!

Unfortunately, this information was not found out. Hence, boss Mei and the others did not suspect that the four members of the shadow hunting team had really been killed!

Cold sweat rolled down the man's forehead. He knelt down on one knee and said, ""This subordinate is useless, I don't know where the four of them are now!"

"Well done!"

Boss Mei chuckled, but there was no smile on his face. Instead, he was full of murderous intent. "Using a mission as an excuse to keep it a secret, he avoided all the surveillance, then sneaked into the Treasury, killed them, and robbed them! As expected of my most elite trump card!"

The burly Man in Black knelt down on his other knee with a bang and hit his head on the ground.

"This subordinate deserves to die! Please give this subordinate another chance, I will personally capture them all!"

Boss Mei sneered a few times. In his opinion, the truth was quite clear. The four members of the shadow hunting team had long planned to Rob the vault and then escape from his control.

The mission this time was a good opportunity. As the Shadow Hunter team had to keep it a secret, they retracted the surveillance at the inn. However, they did not really carry out the mission. Instead, they returned to the high-stage fighting arena immediately after making a feint!

For the shadow hunting team who were familiar with the high platform fighting arena, they were naturally familiar with how the outer defenses worked. It was not a problem at all to find a loophole and enter without anyone noticing.

Even if they were discovered, their identities could be guaranteed to not be suspected!

Then, one of the four people guarding the vault was their spy. They worked together to quickly take care of the guards and swept away all the valuables. Then, the five of them quietly left again!

It would be more appropriate for five people to carry the money in the vault. One or two people would probably not be able to empty the vault!

So, it was obvious that this was a premeditated betrayal!

Boss Mei looked coldly at the Man in Black who was kneeling on the ground. He forcibly suppressed the anger in his heart and reached out to pull him up. At the same time, a warm smile appeared on his face.

"This matter has nothing to do with you. If you were also an accomplice, you would have already fled far away!"

This was to appease the big man in Black. Boss Mei knew that people couldn't be confused at this time!

"Thank you for your trust, boss. I'll definitely do my best to repay you for your kindness!"

The black-clothed man shed tears of gratitude. He then gritted his teeth and said, ""Don't worry, boss. I'll kill those traitors no matter where they run to. I'll take their heads back to wash away the shame!"

"I believe that you can do it, but I'm afraid that they haven't left Luling city yet. Immediately send out a message that the city gates won't be opened today, and no one is allowed to enter or leave! After that, search the entire city. We must find the traitors!"

"Yes! Boss!"

The black-robed man quickly agreed, but then he said with some hesitation, ""It'll be more troublesome if I forbid them from entering, right? We'll ..."

Although the high platform fighting arena was one of the few powers in Luling city, it was still not powerful enough to cover the sky with one hand!

Especially the management of the city gate, which was not something that boss Mei could interfere with. If they overstepped the rules, there would be trouble.

"I will inform all parties. This matter can not be hidden from them. We must inform young master as soon as possible. I can only close the city gate for two hours at most because of my reputation. For the rest of the matter, young master will have to deal with it!"

Boss Mei's face became more solemn and respectful when he mentioned the young master. "You guys hurry up and get to work! No matter what, you have to find this person!"

Lin Yi didn't know that his plan would come to fruition so perfectly, almost exceeding his expectations!

As he walked with Wu yucao and the others, Lin Yi was still thinking that there shouldn't be any problems today. After Baldy Mei found out that the vault was stolen, he would probably be in a terrible state of mind. How would he have the time to deal with them?

However, when they arrived at the city gate, they found that there were many more guards and no one was allowed to enter or leave!

"Hey, how can you do this? We have an emergency outside the city! Why did you come here so early in the morning and say that you can't go out?"

"Exactly! If we can't leave the city today, we won't have anything to eat at home. You guys won't just watch us starve to death, right?"

.....

There were also people who had come out of the city earlier than Lin Yi's group, and they were making a scene at the city gate.

The captain's face was cold as he pulled out his sword and shouted, ""Don't talk nonsense! We're just following orders, so everyone cooperate with us. If you make things difficult for us, you won't have a good end!"

Seeing their Captain unsheathing his sword, the guards also raised their weapons. If someone were to charge at the city gate, it would probably lead to a huge battle.

Chen Zhisheng's face was slightly pale as he whispered, "Could it be that boss Mei wants to catch us? I knew it wouldn't be that easy to get out of the city!"

"Don't scare yourself!"

Wu yucao's expression was also ugly, but she remained calm. ""If they wanted to capture us, they would have had plenty of opportunities before. Why would they go through the trouble of sealing the city gates? Do you think it's easy to do that?"

Chapter 7095 Definitely Get Her Back

Chen Zhisheng thought that it was true, and his mood suddenly relaxed a lot. He pricked up his ears to listen carefully to the movement over there.

"We won't make things difficult for you, but you can't make things difficult for us either! What happened? you should at least tell us, right? Also, we need to know when we can pass through the city gates!"

Some people were unwilling to accept this, but they still gathered their courage to communicate with the guards.

This person's words caused the rest of the people to agree. The captain of the guards thought for a moment and felt that he didn't need to offend too many people. He wasn't a great figure and had to deal with these people on a daily basis.

"I don't know the details, but I heard that the vault in the high platform fighting arena was stolen. Boss Mei informed us to temporarily seal the city gates and search the entire city. When the thief is found, the gates will naturally be opened!"

The captain's words immediately caused an uproar. Who in Luling city didn't know about the high stage fighting arena?

There was actually someone who dared to steal in such a dangerous place? He had actually succeeded!

Truly, the skilled are bold!

However, compared to their admiration for the thief, the audience was more interested in knowing how much property had been stolen from the high stage fighting arena.

This was an excellent topic of gossip, and it might be the topic of the next six months!

Chen Zhisheng's heart relaxed. Sure enough, it was not to find trouble with them. That was good!

Lin Yi, on the other hand, was secretly surprised. He started to pay more attention to boss Mei's power and influence. To be able to seal the city gates so quickly, no ordinary person could do it!

They thought that they would be fine once they left the city, but they were blocked at the city gate!

However, on the other hand, the plan was considered a success. Baldy Mei's attention was now focused on the theft of the vault, and the suspects were definitely not the few of them.

The setup ... Should have had some effect, right?

Lin Yi wasn't too sure-he didn't expect it to work, and it was surprisingly effective!

Currently, in the entire Luling city, four members of the shadow hunting team, one vault guard, and millions of gold, silver, and copper certificates had all disappeared. They could not find them even if they dug three feet deep into the ground!

In theory, Lin Yi and the others should be safe-the city gates would open in a few days, and they could leave Luling city then.

"Wow, I don't know which hero did such a great thing!"

Ling Hanxue clicked her tongue in admiration, her pretty face full of fascination."If only I could do such a big job. I wouldn't have to go out and take risks anymore. I could eat and drink well. I could lie in bed and count money all day. How nice would that be?"

"Snowy, you want to quit hunting and become a thief, right? Could it be that you want me to visit you in the prison?"

Wu yucao's mood also relaxed a lot. She smiled and teased,""If it's a small thief, he'll be able to come out after a few days. If you go a few more times, you might be able to become the head of the prison."

Ling Hanxue laughed and played around with Wu yucao a few times, and the atmosphere of the entire team became more relaxed.

"What should we do now? If they couldn't get out of the city gate, they wouldn't be able to hunt! Should I wait for the door to open?"

"We don't have much money to stay in the city!" Chen Zhisheng suddenly interrupted.

Wu yucao and Ling Hanxue's smiles instantly froze. There was indeed no way to avoid the problem of eating!

After paying the bill at the inn, the entire team only had a few bronze and black iron coupons left. If they saved some money, they could eat for a few days.

But what about staying there? We can't really sleep on the streets, right?

If the city gates did not open for a few days, were they going to exchange their equipment for money?

The eastern enterprise had recycled the old equipment for a little price when they had exchanged them for new ones. Therefore, they could only use the newly bought fine equipment to exchange for money!

He hadn't used any of these yet!

Lin Yi didn't think of it that way-he had a couple million in the Jade space, after all.

"Let's wait for a while. Maybe we'll catch the thief soon and open the city gate!"

Wu yucao had no choice but to wait near the city gate. There was nowhere else to go and nothing to do anyway.

Lin Yi's mouth twitched. The thief was right next to him, catching him right away ... Impossible!

They would never be able to catch it in this lifetime!

While Lin Yi and the others couldn't get out of the city, boss Mei was visiting a young man.

"Young master ... This was your subordinate's negligence! There has never been a problem with the vault, so there's quite a lot of money stored inside!"

Boss Mei was very respectful in front of the young man, without any aura.

"Old Mei! You've really let me down this time! Tell me, how much money did you lose?"

The young master lazily leaned back on the recliner, looking like he had not fully woken up. He was holding a folding fan in his hand and Fanning it.

"From the account book, the balance in the vault is ... 8925073!"

Beads of sweat appeared on boss Mei's bald head. The money was not his own property, but the family of the young master in front of him!

All of a sudden, boss Mei couldn't afford to pay such a large amount of money even if he chopped himself up and sold himself in small amounts.

"Hehe ... 8.92 million ... You remember it so clearly. There are even zeros and zeros!"

The young man suddenly sat up straight and threw the folding fan in his hand at boss Mei's bald head. "Nearly nine million! You're f * cking telling this young master that it's gone just like that? Do you know what nine million can do?"

Of course, boss Mei knew what nine million Yuan could do. A full set of good grade equipment was only a few thousand at most, and nine million Yuan was enough to arm a huge Army full of good grade equipment!

Even a super elite force with fine grade equipment could arm hundreds of people!

"Young master! This subordinate will definitely get this money back! The city gate hasn't been opened today, so those little thieves are definitely still in the city. I don't believe we can't find them!"

Boss Mei could only make a solemn promise now. If it wasn't for the young master's face and power, he would have been more willing to secretly search for the traitor.

"Old Mei! Tell this young master, how did such a large sum of money disappear? Could it be that ... You did this yourself? Embezzled by a guard, a thief crying thief?"

The young man narrowed his eyes and stared at boss Mei coldly, ""Or perhaps, you've already embezzled this sum of money a long time ago. After realizing that you can't fill the hole, you deliberately made such a farce to fool this young master?"

Boss Mei was shocked, but he didn't kneel down and beg for forgiveness. Instead, he raised his head and said, ""Young master! This subordinate has always been loyal! He has never been selfish, and he has a lot of savings on a daily basis. He doesn't need to embezzle the money in the place at all, and he won't embezzle the money himself!"

Chapter 7096 Captured

The young man pinched his chin and stared at boss Mei suspiciously. Then he nodded slightly and said, ""That makes sense. You don't lack money usually, so there's no need to take such a risk! Tell me, how did this happen?"

Boss Mei secretly heaved a sigh of relief in his heart, but for a moment, he did not dare to mention the speculation that the shadow hunting team was colluding with the guards!

He had just been suspected of embezzling. If he told the young master his own speculation, wouldn't it deepen the young master's suspicion?

At that time, the yellow mud would fall to his crotch, and he would be able to do that!

But how should he answer the young master's question?

Boss Mei was a little worried, but he didn't dare to delay for too long. He suddenly remembered Lin Yi and Wu yucao!

No matter, he would use this ready-made shield first!

"Young master, this subordinate found a suspicious team yesterday. They might be the group that stole from the Treasury! At this moment, your subordinate's men are searching for their traces. They should be able to find them soon!"

"A target? Since that's the case, why are you still dawdling? Hurry up and capture him!"

The young man frowned slightly, but he was still satisfied with boss Mei's quick progress. "It's not good to take action in the city. How about this, take my name card and mobilize the patrol team of Luling city. Let them come out and arrest him!"

"Yes! This subordinate will definitely end this matter as soon as possible!"

"Yes!" Boss Mei agreed, and his heart relaxed a little. As long as the young master didn't doubt him, it was fine!

As for Wu yucao and the rest, he would teach them a lesson and then use this opportunity to find the traitors as soon as possible!

The most important thing was to find the money that had disappeared from the vault. As for the traitors, they would be executed!

However, he did not know that the person he was using as a shield was the real person. Unfortunately, even if he caught the real person, he could not get back the money that had been stolen from the vault!

At the city gate, Lin Yi and the other three were still waiting for the impossible to open gate, while Wu yucao was thinking about how to get some money to spend, at least for food and shelter.

He could not possibly sleep on the streets with a full set of fine grade equipment ... That was embarrassing!

The four of them were chatting idly when they suddenly saw a team of patrolling officers running towards them. From their aggressive appearance, it was obvious that they were up to no good!

"What's going on? These patrollers seem to be coming for us!"

Chen Zhisheng had a bad feeling and quickly stood up. "Should we run?"

"Why are you running? That's the patrol team. As long as you're in Luling city, how are you going to run?"

Ling Hanxue retorted in a low voice and stood up. "Maybe he's just passing by. Don't scare yourself!"

Unfortunately, they were not scaring themselves. The patrols were coming for them. When they got close, they immediately dispersed and surrounded the four of them.

"Wu yucao, you guys come with us! Be honest, don't force us to make a move!"

The leading patrol officer had a stubbly beard and obviously knew Wu yucao.

However, this was not the time for small talk, so he put on a business-like face.

"Arrester Wang, what's going on? What did we do?"

Wu yucao was a little stunned. It was understandable if boss Mei wanted to find trouble with them, but what was the patrol team doing here? It shouldn't have happened!

He just came back yesterday. Other than offending boss Mei at the high platform fighting arena, he had nothing else to do!

Could it be that they had found out about the Lin Ying brothers 'bodies? It was very possible!

If they could leave the city early, nothing would have happened!

Wu yucao had already thought of many things in an instant, but Constable Wang's answer was completely different!

"You are suspected of stealing from the vault of the high platform fighting arena. Don't talk nonsense!"

Arrester Wang still explained. This was already considered a show of friendship, so what followed next was a slightly impatient urging.

"What? They're the group that stole the vault? It doesn't look like it!"

The surrounding onlookers were immediately excited when they heard this news!

"Hey, hero! Did you really steal it? Tell me, how much money is there?"

"Brother guard, we've caught the suspect. Shouldn't we open the city gate? I'm in a hurry to get out of the city ..."

"Who said it doesn't look like it? Look at their equipment, they're all fine grade! If they didn't steal from the Treasury, how could they ..."

.....

For a moment, there was a lot of chaos and all sorts of things were said. Wu yucao, Ling Hanxue, and Chen Zhisheng were all dumbfounded!

F * ck!

There's less than 40 yuan left in your pocket, and you're saying that we've stolen from the Treasury? Just how poor was this Treasury?

Lin Yi was the only one who was shocked. How did people find out that he had stolen from the vault? This didn't make sense!

Could there be a surveillance camera here?

Or was that Baldy Mei really so smart that he could find the truth just by guessing?

"Spread out! What does this have to do with you? If you make any more noise, you'll all be arrested as accomplices!"

Constable Wang shouted and glared at the onlookers around him. Suddenly, everyone kept quiet and did not dare to say another word.

"Let's go! We're acquaintances, so I won't torture you!"

"Wait, Constable Wang, why do you say that? How did we become the vault thieves?"

Wu yucao was unwilling to give up and wanted to ask more.

"Don't ask me, I'm just following orders! Don't make things difficult for me!"

Arrester Wang was expressionless. He waved his hand and gestured for his subordinates to come forward and arrest the man. "Maybe he just wants to ask you a question. There's no need to be so nervous!"

Wu yucao knew that she had no choice but to make a trip today, so she could only shake her head helplessly. "Alright, let's go with Constable Wang!"

Ling Hanxue and Chen Zhisheng both gave up on the idea of resisting. In fact, it was useless to resist. If the city gates were not open, they could not leave. Resisting the patrol team was courting death!

Lin Yi didn't say a word-he wasn't sure if the whole thing had been exposed or if boss Mei had just cast a wide net and caught him.

No matter what, let's go and take a look first!

After a while, the four followed the patrol to their territory.

The patrol team in Luling city had great power and had the authority to handle cases on their own. Of course, they had a special place for interrogation and also a prison cell that could directly lock up prisoners.

In the interrogation room, boss Mei was waiting for Lin Yi and the others. He gestured for the patrol team to leave as soon as they entered.

"Boss Mei, we meet again! He just didn't know what boss Mei was doing. In order to frame us, he pretended that the vault was robbed?"

Lin Yi didn't wait for Mr. Mei to speak, sneering as he preemptively attacked ...

"Lin Ying, don't try to argue with me. Tell me, where is the money you stole?"

Of course, boss Mei knew that the money couldn't be in Lin Yi's hands, but since the guy was caught by the patrol team, he had to put on an act.

Chapter 7097 I Knew It Was You

Lin Yi was shocked. Was Baldy Mei sure that he was the one who had stolen from the vault? How could that be possible?

"Boss Mei, you know what kind of background we have. Take a look for yourself. Do we look like we have a lot of money?"

Wu yucao opened her arms and tried to reason with the facts. However, her charm of being armed to the teeth with fine grade equipment was not very convincing!

Because he seemed to be quite rich!

Of course, this amount of money was nothing compared to the amount in the vault!

"Boss Mei, that's all we have. If you want it, just take it!"

Wu yucao took out the remaining 30 yuan and handed it to boss Mei. This money was related to their food for the next few days, so she was a little reluctant to give it to boss Mei!

Boss Mei thought that Wu yucao was mocking him and was instantly furious!

"Do you think I'm a beggar? Even if he's a beggar, he wouldn't give me this little, right?"

Wu yucao was a little unhappy when she heard that. Was he saying that they were worse than beggars?

After thinking about it carefully, it seemed to make sense! All the beggars in Luling city were rich now!

"Boss Mei, I don't know why you suspect us, but we don't mind letting you search us to see if we have what you want!"

Lin Yi spread his arms open, pretending to be generous and letting boss MEI Search him. The money was in the Jade space, how could he find it!

If it was any other time, boss Mei would be very interested in searching for beauties like Wu yucao and Ling Hanxue. However, he was currently anxious and was not in the mood.

"What a joke. You don't look like you have it with you. What's the use of searching your body?"

Boss Mei thought to himself that if he really carried so many of them with him, he would be able to tell at a glance. "Lin Ying, you're the most cunning one. I'm afraid you're the one who started this, right?"

"Yes, yes, yes, I did it. You're the Big Shot, so you have the final say. So, what do you want to do now?"

Lin Yi seemed to have given up on resisting and started going along with boss Mei's words. Everyone thought that he was just saying it out of anger, but who would've thought that it was the truth!

"I knew it was you! Men!"

Boss Mei thought, "I know it's not you, but I won't let you have it easy!"

Hence, when the patrol team came in, boss Mei immediately said, "Lock this brat up in the death cell and make sure he doesn't escape!"

"Understood!" The patrol replied and escorted Lin Yi out of the room.

Wu yucao and the others were about to speak, but they were forcefully interrupted. "I don't care what your relationship is. Hurry up and bring me the thing he's hiding, or I'll kill him!"

"Boss Mei, we don't have that kind of thing!"

Wu yucao wanted to argue but was immediately thrown out.

"If I don't get what I want, Lin Ying will be dead!"

Boss Mei left after saying this and immediately left.

Teaching Lin Yi a lesson was just something he did on the side-the important thing was to find the traitors, and he didn't have time to waste.

Then, a funny scene appeared. The real criminal was thrown into the prison and no one asked about him, but boss Mei began to track down the fake criminal who no longer existed in this world!

Wu yucao and the other two were thrown out of the patrol team. The sun shone brightly, but their mood was gloomy!

No, Chen Zhisheng's mood was generally good!

It was obvious that Lin Yi was being detained by boss Mei to take revenge on the other party. As expected, winning boss Mei's money was a hot thing to do!

Fortunately, the vault theft case had attracted boss Mei's attention. Otherwise, the three of them would have been implicated!

"What do we do now? Find the criminal of the vault theft case, catch him, and get Lin Ying out?"

Ling Hanxue was a little worried. "The problem is that the person who can commit such a major crime is definitely not weak. Even if we find the person, I'm afraid we won't be a match for him, right?"

"Boss Mei also knows that we're not the culprits of the vault theft case, so he let us off lightly ... Lin Ying was just a target."

Wu yucao was calmer and could make a reasonable analysis. "For the time being, Lin Ying shouldn't be in too much danger. I'm afraid boss Mei is using him to give an explanation to the people behind him ..."

"Why did you let us go? Wouldn't it save us a lot of trouble if we were caught together? Isn't he afraid of us causing trouble?"

Ling Hanxue waved her fist in anger. "If we really make a big deal out of this, he won't have a good ending, right?"

"We don't dare!"

Chen Zhisheng suddenly interrupted. Seeing Ling Hanxue glare at him, he quickly squeezed out a bitter smile and said, "I'm not saying that we don't have the guts, but we're afraid of breaking the law. Lin Ying is still in his hands, so he'll be fine for a while. If we cause trouble, Lin Ying will be the first to be killed!"

"That makes sense. He has a hostage in his hands. He's not afraid of us!"

Wu yucao nodded in agreement with Chen Zhisheng's statement. "And if we really want to cause trouble, I'm afraid we'll be killed by boss Mei at any time! He has the confidence!"

"So why did he let us go?"

Ling Hanxue scratched her head in frustration. If she had been locked up with Lin Ying, she would not have had to think so much.

"Although our strength is insignificant, we still have some connections and contacts of our own. It's more or less useful to find out some information. It can be considered a little supplement to boss Mei's power, right?"

Wu yucao frowned and guessed, "maybe he just wants us to take the initiative to look for clues. Brother Lin Ying is new. Not only did he offend him, but he doesn't have many connections. It's best to use him as a hostage to vent his anger."

The three of them felt that their analysis made a lot of sense and that they had grasped boss Mei's true intentions.

It wasn't that complicated at all-boss Mei just wanted to use Lin Yi as a shield, but he felt that they had nothing to do with the theft, and it'd be even more troublesome if they caught all four of them and couldn't find out where the money went. Letting three of them go could be said to be a long line to catch the big fish.

In any case, the people involved felt that they had found the most correct way of thinking and began to use it as a Foundation to search for clues that did not exist at all.

Only the person who stirred the wind and clouds and created the vortex was now lying peacefully in the death cell, counting the number of forks in the cracks on the wall.

Lin Yi counted for a while and felt like he was about to fall asleep. This thing was similar to counting sheep-it made him sleepy easily. He yawned and looked outside.

Although it was called a death row, there was nothing special about it. It was just an ordinary cell. The so-called strict supervision was also not taken to heart. After all, the patrol team was not boss Mei's subordinates and had no obligation to follow orders.

Chapter 7098 Prison Break Plan

With such a loose guard, Lin Yi could escape dozens of times in a minute if he wanted to, but he'd better wait a little longer to avoid attention.

He didn't know if Wu yucao and the others were alright, but since he let them go, they should be safe for a while, right?

The whole day passed in boredom-Lin Yi hadn't felt this bored in a long time. It wasn't until the sky turned dark that an expressionless guard threw in a chipped porcelain bowl.

"Let's eat! If you don't like to eat, you can choose not to eat. But if you want to starve to death, I will pour it into your mouth!"

The Guard's eyes were full of disdain. Normally, if there were people outside, they would definitely come in to bribe them. Not to mention other things, the food would be a lot better.

However, the kid in front of him didn't say anything. Of course, he could only have a pig feed every day as long as he didn't starve to death!

This was also due to the negligence of Wu yucao and the others. They had never been caught before, so they didn't think of coming to clean up the mess.

In fact, they didn't have the money to bribe the jailer ... Although they didn't know why Boss Mei didn't take away their fine equipment, Wu yucao and the others would never think of exchanging equipment for money to bribe the jailer.

Lin Yi glanced at the broken bowl on the ground-it was indeed pig food ... He wouldn't eat something like that even if he was!

"What's wrong? Not satisfied? Why don't you order some big dishes to eat? There's good wine too, do you want some?"

The jailer laughed and spat contemptuously, ""One look and I can tell that he's a poor man with no profit! He deserves to starve to death!"

Lin Yi chuckled to himself-was he poor? Then 99% of the people in this world were definitely poor!

There was no point in arguing with a small fry like him, and Lin Yi didn't want to bother with him. He let the guy go on and on.

Lin Yi laid down and counted the number of cracks on the wall for a while, bored. He only started moving when the cell was completely quiet.

Of course, he couldn't stay in the cell with a peace of mind. Even if he had to sit and wait for death, he should find a good place with beautiful mountains and rivers. A prison was definitely not a good choice.

The reason why he had to wait until now was because it would be easier to do things in the dark of the night!

He'd already observed that there weren't any other prisoners locked up-he didn't know if it was because Luling city had better security, or if the criminals were all executed for their crimes, but the environment was just what he wanted!

Lin Yi took out a body that looked similar to himself from the Jade space-he didn't think that he'd be able to recycle a body that he didn't have time to dispose of!

He threw the body where he had been lying and rummaged through the space in the jade pendant. He found some flammable objects and piled them up on the body, then lit it up.

In the blink of an eye, the flames erupted and devoured the corpse completely. Soon, the clothes and hair of the corpse were burning. In the blink of an eye, the face began to blur, and it was basically impossible to recognize his previous appearance.

Lin Yi nodded, satisfied. He passed through the wall and left the prison unhurriedly.

As for why the prisoners in the death row were suddenly burned to death?

He would leave this problem to the patrol team to make up their own stories. In any case, boss Mei would probably not care too much about his life or death. Whether or not he would send someone to check on the burnt body was another matter.

In any case, the escape of the Golden Cicada this time should be very successful. In the future, as long as he was not discovered, Lin Ying would already be a dead man in boss Mei's heart!

The next step was to find Wu yucao and the other two to see if they were alright. If they were safe, Lin Yi would consider leaving them. It would be good to let them think that Lin Ying was dead.

However, in such a huge Luling city, where could he find them?

At this time, they didn't have much money on them, so they probably couldn't afford to stay in an Inn. In that case, it was very likely that they were sleeping in the open somewhere, right?

With that thought in mind, Lin Yi started looking for a suitable place to sleep. After an hour, he finally found Wu yucao and the others under a bridge.

At that moment, Wu yucao and the other two seemed to be in the middle of an argument!

"I don't agree. There's no room for discussion on this!"

This was Chen Zhisheng's voice. He rarely spoke in such a tough tone, and he was obviously forced into a corner. "Lin Ying will be fine in prison for the time being. If the three of us dare to break into the prison, not only will he die, but the three of us will also be killed. Is there any meaning to that?"

"Nonsense! How do you know we're going to die? The prison of the patrol team is just a decoration, the defense is not strong at all, there are only a few guards, and their strength is not to mention, which powerful martial artist would want to be a prison guard?"

Ling Hanxue was a little agitated and quickly retorted Chen Zhisheng. Fortunately, they knew that they were sleeping on the streets and could suppress their voices. Otherwise, they would not have to break into the prison. They would have been captured and thrown into the prison directly by the patrol team.

"Also! Our equipment is of the highest quality. Remember, it's all thanks to little brother Lin Ying that we have the money to buy it! Can the jailer's junk block it?"

Ling Hanxue took out her short sword and waved it a few times before continuing, ""It's a dark and windy day. It's a good opportunity to take action. Besides, the patrol team is busy with the vault theft case. It won't be a problem for us to break into the prison!"

"Xiaoxue is right! Today, the three of us will break into the prison, so the success rate will be higher!"

Wu yucao nodded. It was clear that she also agreed with this plan. ""Brother Lin Ying might not be in danger for the time being, but it's hard to say if he'll be in danger in the long run! It doesn't matter if boss Mei can catch the real criminal who stole the vault or not, he'll still be able to kill brother Lin Ying. "

"Alright, you're all right! But I just want to ask, what do we do after we rescue Lin Ying?"

Chen Zhisheng still refused to back down and continued to object, ""The city gates are still closed, and we don't know when the ban on entry and exit will be lifted. What should we do if we break into the prison at this time? If we can't leave the city, will the patrol team let us go?"

With such a big event like a Prison Break, the patrol team had lost all their face. It was impossible for them not to pursue them with all their might!

At that time, even if the city gate opened, it would probably close again, right?

Chen Zhi's reason for winning was indeed valid, and it was very strong. Wu yucao and Ling Hanxue were speechless for a while!

The success rate of breaking into the prison might be very high, but the problem was, what should he do after he succeeded?

"Things will work out when they come to it! The matter of leaving the city could be discussed after saving the people! Let's save brother Lin Ying first!"

Wu yucao pondered for a moment and made a decisive decision. ""We're all brothers and sisters. Although we haven't known brother Lin Ying for long, he's already an inseparable part of us. So, we must save him today!"

Chapter 7099 Face Changing Technique

"Right! That's what I meant!"

Ling Hanxue waved the short sword in her hand and said in an imposing manner, ""We'll go through thick and thin together, we can't let little brother Lin Ying suffer alone! Chen Zhisheng, if you're afraid, then don't go! The two of us can do it too!"

"Forget it! As you said, we're a family. How can I watch you two take risks?"

Chen Zhisheng could only shake his head with a bitter smile. He didn't compromise for Lin Yi, but for Wu yucao and Ling Hanxue!

As for Lin Yi, he was a troublemaker-the sooner he died, the better!

Lin Yi, who was listening to the whole process, was touched. He wanted to leave quietly after making sure the three were fine, but he didn't expect them to break into the prison!

Regardless of whether they succeeded or not, they were probably dead for sure, because the corpses in the death prison would also be counted on their heads!

He had no choice, he had to appear and stop them!

"How dare you talk about breaking into the prison in broad daylight! You don't want to live anymore?"

Lin Yi intentionally made his voice a little rougher and laughed coldly, trying to scare the three and liven up the atmosphere.

Wu yucao and the other two were shocked. They naturally knew that this place was not suitable for a secret plot, so they were extremely careful and constantly paid attention to their surroundings. They did not expect that someone would still be so close to them without them noticing!

An expert!

In an instant, Wu yucao's scimitar, Ling Hanxue's short sword, and Chen Zhisheng's Sword and Shield were all unsheathed, pointing at the place where Lin Yi was speaking.

However, what the hell was under broad daylight? It was clearly dark and windy right now!

Wu yucao didn't forget to curse in her heart. Then, she looked at the enemy's position nervously. Her eyes widened as if she had seen a ghost!

"Brother Lin Ying?"

"Little brother Lin Ying!"

"Lin Ying?!..."

The three of them almost cried out at the same time, but their reactions were slightly different!

Wu yucao was surprised and overjoyed, Ling Hanxue was overjoyed, and Chen Zhisheng's emotions were much more complicated.

She was shocked and a little happy, not because of Lin Yi, but because she didn't have to take any risks!

There was also some disappointment, some strangeness, and so on.

"Hehe ... I'm sorry to have worried everyone!"

Lin Yi smiled and raised his hand as a greeting. "Are you going to ask me why I'm here?"

Wu yucao and Ling Hanxue nodded in unison, like curious babies.

"I knew you were going to do something stupid like breaking into the prison. That's why I came out to find you first, in case you caused trouble."

Lin Yi put on a Sage-like look as he pinched his fingers. "How is it? Is there anyone interested in reading your fortune?"

"Go, go, go, you only know how to talk nonsense!"

Wu yucao immediately knew that she had been tricked and immediately scolded with a smile, ""Don't talk nonsense, speak properly! I haven't asked you which eye of yours saw that we're in broad daylight!"

Lin Yi chuckled dryly, thinking that the moon was dark and the wind was strong-wouldn't that be perfect for the atmosphere of a conspiracy?

"Little brother Lin Ying, hurry up and tell me, how did you get out? It can't be that Baldy Mei suddenly thought things through and let you go, right?"

Ling Hanxue was also curious why Lin Yi was here, "And How did you find us?"

"I was just counting on my fingers ... Alright, alright!"

Lin Yi saw that Ling Hanxue was about to hit him and quickly waved his hand with a smile, ""Today, someone sneaked into the cell and wanted to kill me, but I killed him instead. Then, I took the opportunity to escape from the cell door and secretly escaped! Because you guys were talking too loudly, I heard you guys from afar and came over. "

The corner of Wu yucao's mouth twitched. Who the F * ck was speaking so loudly! Could a conspiracy to break into the prison be made public?

But that wasn't the point. The point was that someone had sneaked into the prison to kill?

"Did boss Mei want to kill you? But even if he wanted to kill you, he didn't have to go through so much trouble!"

Wu yucao was a little puzzled. "But other than boss Mei, you probably didn't offend anyone else! Who would have nothing better to do than take the risk of killing you in a prison cell?"

Of course, Lin Yi was just making things up when it came to killing people. If he didn't meet Wu yucao and the others, the burnt body in the patrol cell would be Lin Ying 's. Naturally, he didn't need to say anything.

But now that Lin Yi had met Wu yucao, there had to be an explanation for the body!

"Maybe it's the real vault thief who wanted to frame me and kill me to silence me!"

The real vault thief Lin Yi rubbed his chin and started framing him, silencing him."Maybe they heard the reason why Boss Mei wanted to arrest me, and they thought that if I died, I would become boss Mei's target. It would be more convenient for them to do things without any evidence!"

"That makes sense! However, this person is really stupid. He actually went to kill you alone and was killed by you instead!"

Ling Hanxue nodded and smiled."Little brother Lin Ying, you're really lucky. You managed to escape even in such a situation!"

"So what if you escaped? The next question was the same! How are we going to get out of the city?"

Chen Zhisheng laughed coldly and looked at Lin Yi unhappily,"If we were to break into a prison and someone else snuck into the prison to kill someone, then he would take the opportunity to escape. In fact, there's not much difference between the two. There would definitely be a big search and capture operation at dawn! We will still be implicated by Lin Ying!"

"How can you say that I'm implicated? We're a family! He said that we should share blessings and hardships together!"

Ling Hanxue immediately retorted. Recently, the number of times she retorted Chen Zhisheng was increasing, and it was quite annoying to think about. "Don't tell me you're thinking of handing Lin Ying over?"

"Little Xue, you've gone too far! Zhi Sheng isn't that kind of person, he's just worried about our situation!"

Wu yucao quickly came forward to smooth things over. After persuading Ling Hanxue, she advised Chen Zhisheng, ""Zhisheng, don't worry too much. We didn't do it, so we won't be implicated! Brother Lin Ying will definitely be with us, but to avoid trouble, we can change our appearance a little!"

"That's a good idea!"

Lin Yi nodded in agreement. He'd already planned on disguising himself-there was a burnt body in the cell that'd taken Lin Ying's identity, after all, and he couldn't use his original face."After I change my appearance, no one will be able to recognize me. Naturally, there won't be any trouble."

"You say it so easily! No matter how brilliant the art of disguise is, there will always be a flaw. Moreover, you've escaped from prison, and we have one more person by our side. As long as you're not an idiot, even if you use your knees to think, you'll know that it was you in disguise, right?"

Chen Zhisheng was still in a bad mood out of habit, but after Wu yucao glanced at him, he stopped talking.

"Don't worry, my disguising technique is not simple!"

Lin Yi didn't mind Chen Zhisheng's words at all. He took out the red dust all creation mask and put it on. He immediately turned into a handsome young man with a pale face, and he was seven or eight centimeters taller.

Chapter 7100 Actually, I'm A Rich Second Generation

Lin Yi's already tall and straight figure now felt like a crane standing among chickens. Chen Zhisheng was a head shorter beside him, and he was getting more and more annoyed.

"Waa! What a magical disguising technique. Not only did his appearance change greatly, but even his figure and temperament had been completely changed! It's simply unbelievable!"

Ling Hanxue covered her mouth and widened her eyes in disbelief. She had only blinked, but the person in front of her seemed to have changed into another person. If she had not seen it with her own eyes, she would not have believed it!

"It's really powerful ... Is this a disguise technique from the outside world? It seems like the outside world is a magical place!"

Wu yucao also clicked her tongue in admiration and felt much more relaxed. "This way, no one can see through brother Lin Ying's disguise. It's also impossible to cause trouble for him!"

Chen Zhisheng curled his lips. He wanted to say a few words, but found that there was nothing to be picky about. This magical disguise technique was simply perfect and flawless!

"There's one more thing. I've burned the killer's body in the cell. Maybe they'll think it's me. So, after I change my appearance, no one should suspect that I'm Lin Ying!"

Lin Yi didn't think there was anything to hide-the news would be out by tomorrow, right?

Of course, there was also the possibility of the patrol team hiding it. In short, Wu yucao and the others would definitely find out in the end, so it was more appropriate to say it now.

"You ... You're really sinister!"

Chen Zhisheng looked at Lin Yi with disdain, feeling ashamed of being on Lin Yi's side, "You can even do such a thing ..."

"What's wrong with this? Lin Ying, you did well! To be able to think of such a good method to escape from the Golden Cicada's shell, how can you call it sinister?"

Ling Hanxue glared at Chen Zhisheng unhappily and patted Lin Yi's shoulder, "Sister Xue supports you! Good job!"

"Thank you, sister Xue!"

Lin Yi smiled and cupped his hands. He was used to Chen Zhisheng's reaction and didn't mind it at all, "If everything goes well, maybe the vault theft case will become an unsolved case. Maybe the blockade will be lifted soon, and we can leave the city!"

"That makes sense! But before that, I still need to help you get a weapon. Your dagger should have been confiscated, right?"

Wu yucao had a headache at the mention of money. Fortunately, their equipment had not been confiscated, or they would have suffered a huge loss!

Lin Yi, on the other hand, was locked up in prison, so it would be a miracle if he still had his equipment!

Lin Yi wanted to say that his equipment wasn't confiscated, but he didn't know how to explain it.

"After daybreak, let's go to the eastern enterprise first and Exchange our less important equipment for a dagger for brother Lin Ying. If you have spare money, you can choose some substitutes in the good grade area!"

Wu yucao thought about it and decided that this was the only way.

As an assassin in the team, Lin Yi's combat power would be greatly affected if he didn't have a good weapon. He couldn't save money!

"Big sister Wu, there's no need to trouble yourself ..."

Lin Yi thought to himself, I have a few million in my hands, and I'd like to give you guys the best equipment I can get, how can I let you guys use your equipment to exchange for my weapon?

Wu yucao interrupted Lin Yi, "What trouble? we're all on the same side, and this is what you deserve! It's decided!"

"No... Big sister Wu, what I meant was that I don't need your equipment to change. I can solve it myself!"

Lin Yi didn't know if he should laugh or cry-maybe he should just show them the dagger?

Or was it a weapon left behind by the corpse in the cell?

"Little brother Lin Ying, don't decline. We all understand your intentions. However, you have a weapon, so you can help the team better, right?"

Ling Hanxue also joined in the persuasion and immediately took off a small piece of equipment from her body. "I'll take this out to make up for the numbers. If it's not enough, I can take one or two more. "

"Alright, alright. Thank you, big sister Wu and big sister Xue. But I'm serious. You don't have to worry about me!"

Lin Yi didn't want to dwell on this small thing anymore, so he smiled. "I'm actually a rich second generation. Don't look at me like this, I'm just pretending! In fact, I'm very rich!"

"Even if you're a rich second generation, you're a rich second generation from the outside world. What's the use of you coming to our sub Island?"

Wu yucao's thoughts were clear, and she exposed Lin Yi's lie with a smile.

Lin Yi thought about it and realized that no matter how many spiritual jades and crystals he had in the Jade space, they were all worthless rocks here!

"Okay, okay, what you said makes sense, but I really am rich! I don't even mind buying one for each of you, let alone a dagger!"

Wu yucao and the other two couldn't help but laugh. They didn't believe a single word Lin Yi said!

Chen Zhisheng even laughed. "You only know how to act cool. If you really have money, you don't have to buy daggers for each of us. Treat us to a meal at the most high-end restaurant in Luling city, the nightless Pavilion!"

"What's the nightless Pavilion? Let alone one meal, even eating for ten days to half a month is nothing!"

Lin Yi laughed and waved his hand, "Is the door open now? Why don't we go and have a good meal now?"

Under the most desolate bridge in Luling city, he said he was going to the most luxurious nightless Pavilion in Luling city for a meal, and soon ... No matter how he heard it, it was funny!

But Lin Yi didn't look like he was joking at all, so Wu yucao and the others were still skeptical.

Could it be that Lin Ying wasn't from the outside world, but was really the second generation of some rich family on the sub Island?

"The nightless Pavilion is named after its nightless nature, so of course it's open 24/7. You can go over to eat at any time ..."

Chen Zhisheng snorted and said with some hesitation, ""Are you serious? We're going to the nightless Pavilion for dinner now?"

"Of course I'm serious! Do you think I would lie to you? Let's go!"

Lin Yi turned around and walked out of the bridge, but he stopped after a few steps. "Then where is the nightless Pavilion?"

Ling Hanxue held back her laughter and pointed behind her. "This way!"

Lin Yi laughed dryly and turned back. "Sister Xue will lead the way, I'll just follow!"

"Brother Lin Ying, you've never been to the nightless Pavilion, so you don't know the prices here!"

Wu yucao didn't know if she should stop Lin Yi, but she reminded him subtly, "Generally speaking, the lowest expense for the four of us would be at least a thousand. If we eat slightly better, even three to five thousand would be considered normal!"

Even though Luling city was full of places where a single copper voucher could feed four people, there were places with truly high spending. The nightless Pavilion was one of the most famous money-squandering establishments!

Chen Zhisheng was just saying it casually-they'd been in Luling city for so long, but they'd never eaten at the nightless Pavilion before, so they were just using it to mock Lin Yi, but he really did want to go!
