

Bodyguard 7101

Chapter 7101 Private Room Fight

How much time and effort did it take for their team to hunt a single black Spirit spiked Rhino? He even risked his life and only managed to sell it for 4000 Yuan. If he went to the nightless Pavilion, he might be able to finish it in one meal. From this, the difference between the two could be seen!

"A small matter! It just so happens that I need an identity now. I'll bring you guys out for a meal and show your face in front of others. It's killing two birds with one stone!"

Lin Yi smiled and shook his head. It was just three to five thousand Yuan. How many tens of thousands would he spend on it for ten days to half a month? It's a piece of cake!

However, Wu yucao's heart ached when she thought about the price. It was too extravagant to eat a piece of fine grade equipment for one meal!

She also thought that Lin Yi was just trying to save face-he'd probably pull back when they reached the nightless Pavilion. Let's just go along with him for now, or else we won't have a way out!

And so, the three didn't say anything else and brought Lin Yi to the nightless Pavilion.

In Luling city, the nightless Pavilion was one of the few places that still had lights in the middle of the night, so it could be seen from afar. After a few turns, the four of them arrived at the main entrance of the nightless Pavilion.

"Brother Lin Ying, the nightless Pavilion has also seen it. Shouldn't we stop?"

Wu yucao couldn't help but stop Lin Yi when she saw that he was about to walk in. "If we really go in, it'll be hard to avoid trouble!"

It wasn't that one had to eat or spend before they could leave, but those who could enter or leave the nightless Pavilion were basically all important people in Luling city.

If anyone found them an eyesore, it could be another problem.

"What trouble can there be? The biggest problem is that you guys ate too little. If you can't finish it, it'll be bad!"

Lin Yi smiled and patted Wu yucao's hand, giving her a reassuring look before stepping onto the stone steps in front of the nightless Pavilion.

The two greeters at the entrance immediately smiled and bowed, respectfully welcoming the four of them.

Lin Yi, naturally, was calm and collected, but Wu yucao and the other two were a little uncomfortable, as if they were ashamed of their own inferiority when they saw the sign of the nightless Pavilion.

Therefore, they were not used to such a scene. After entering the gate, they still could not return to normal.

"Dear guests, I'm sorry, but there are no more seats in the hall! Do you need a private room on the second floor or the third floor?"

A handsome young man greeted them as soon as they entered.

Lin Yi took a look-the round Hall was full indeed, all ten tables occupied, and there was a stage in the center, where a song and dance performance was being performed.

The second and third floors also had such a circular space, where the performance in the hall could be seen. The so-called private seats were separated by screens, but they were not much better than the hall. The private rooms on the third floor were really separated into rooms.

Wu yucao was secretly terrified. Although she had never been here before, she had more or less heard that there was no limit to the consumption of the hall of the nightless Pavilion, so she could order as much as she wanted.

However, the private rooms on the second floor and the third floor had a minimum spending limit, so not just anyone dared to sit there!

"Well ... It's our first time here. Is there any difference between a private room and a private room?"

Wu yucao coughed lightly and asked the question first. Since Lin Yi wanted to come in, she had to ask him first.

"Here's the thing. The minimum consumption for the private rooms on the second floor is 1200 Yuan while the private rooms are 3000 Yuan. Now that you're here for the first time, this humble one will share some experience with you!"

The handsome young man lowered his voice and whispered,""Actually, it's the most comfortable to watch the performance in the private room. Although it's more private and dignified, it's not as good as watching the performance in the hall! Therefore, I suggest that you choose a private room. "

He paused for a moment, thought for a moment, and then continued,""Business is good tonight. It seems that there's only one private room left on the second floor! Do you need this little one to bring you over?"

Wu yucao was prepared for this, but her heart still ached when she heard that the minimum price for a private seat was 1200. She didn't know if Lin Yi was serious or not ... If she wanted to step down, this was her last chance!

With that in mind, Wu yucao turned to Lin Yi, not expecting him to nod and smile so calmly,"Alright, a private room on the second floor! Bring us up!"

Lin Yi had wanted to go to a private room-he'd be eating more freely that way, but since the waiter said the second floor was the best, he'd just go there.

There was no rule that said they had to eat the minimum amount of money. When they ordered more, there was no difference between a private room and a private room.

The young man smiled passionately and was about to agree when someone called out from behind them, "Waiter, a private room on the second floor, same old rules!"

The handsome young man's smile froze, and he immediately smiled apologetically. "Young master Jin, these people are here first. They have already asked for the last private room on the second floor. Do you think it's okay to go to a private room?"

Lin Yi turned around and saw that the man was a chubby young man in a golden robe with a golden fan in his hand. He even had a golden crown on his head, and his whole body was golden, like a rich man's!

There were four men following behind him, and it was obvious that they were guards, so there was nothing unusual about them.

"Bah! It's not that I don't want to spend some money, but I can't enjoy the visual feast in your broken private room!"

Master Jin spat and sized up the four from the corner of his eyes. He snorted, "Looking at them, I know they're country bumpkins. They've occasionally made a little money and want to experience the prosperity of the nightless Pavilion! After this, I'm afraid there won't be a next time. Are you sure you want to offend this young master because of this kind of person?"

The handsome young man immediately looked embarrassed. What this young master Jin said made sense.

It was not worth it to offend a regular customer for a new customer, who might only be here once. However, this was not something that a small shop assistant like him could decide.

Lin Yi's mouth twitched, thinking that he was quite unlucky. Couldn't he just have a proper meal in Luling city?

Previously, he had been dragged into a battle by whitehand. Now, he was being pointed at and called a country bumpkin and nouveau riche!

What the f * ck! How did this kid know that we were nouveau riche? That shouldn't be the case! Yes, it must be the red dust all creation mask's fault!

"Forget it, forget it, this young master doesn't want to make things difficult for you!"

Master Jin suddenly waved the folding fan in his hand and said a reasonable sentence. The waiter had just let out a sigh of relief when he heard Master Jin continue, "You bring them to the private room on the third floor. The cost of the private room will be on this young master's account!"

Wu yucao's eyes lit up. She felt that this was quite reliable. She was just giving up her seat and she could have a free meal in the private room!

Chapter 7102 The Sima Clan

Spending less than three thousand Yuan should be enough for the four of them to eat and drink to their fill, right? This way, Lin Yi didn't have to lose face, and everyone was happy!

If she had already sat down, Wu yucao would have felt a little humiliated to have her seat snatched away like this. However, she had not even entered the door and the other party had directly upgraded her. It was not considered bullying, so Wu yucao did not find it unacceptable.

Ling Hanxue and Chen Zhisheng also had similar thoughts. Anyway, their main purpose was to eat, and the performance was not important at all.

He would rather spend 1200 Yuan to eat than 3000 Yuan to someone else.

The three of them looked at Lin Yi in disbelief, wondering if this guy was crazy! Or was this a fake Lin Ying?

Lin Yi smiled faintly after Mister Jin finished, "We asked for the private room on the second floor first, so you should go to the private room on the third floor! Then put the cost on my tab!"

Returning the words back to him, how domineering!

But Wu yucao really thought she had heard wrong!

It's fine if you want to pay for your own seat, but why do you have to pay for someone else's private room?

With this money, wouldn't it be good for everyone to eat more? Bah! What's the point of eating so much? It would be good to buy another piece of equipment if he had the money!

Master Jin's chubby face was full of surprise. He didn't expect someone to say this to him. After a while, he laughed.

"Interesting, interesting! You're an interesting person! This young master has never met anyone who would speak to this young master like this!"

Master Jin put away his folding fan, raised his head and laughed, ""Waiter, how many empty private rooms are there? this young master will book them! Chase this person out!"

"Young master Jin ... This, this, this ... This is not appropriate, right? After all, he came first ..."

The handsome young man was troubled-he could tell that Lin Yi wasn't someone to mess with. He didn't know who Lin Yi was, but how could he be some nobody?

It was impossible to offend Master Jin, but it was also dangerous to offend an unknown powerful man. He was just a small figure, and it was really difficult for him to do anything. No one could afford to offend him!

"You don't want to work anymore, do you?"

The smile on Master Jin's face disappeared, and his originally simple and honest face became extremely cold and fierce. The aura of a superior suddenly pressed down, and the waiter's legs went soft, almost falling to the ground!

"How impressive! Do you think that this young master can't book all the rooms? There's a first come, first served basis for everything. Otherwise, call the owner of the nightless Pavilion out and we can have a good talk!"

Lin Yi's face was calm, as if he didn't care about Master Jin at all.

He was being so high-profile for the sake of his status in the future, or else Lin Yi wouldn't even bother to waste his breath. It'd be a waste not to eat when someone's treating!

On the way here, Lin Yi had a simple discussion with Wu yucao and the others, and they said that they could disguise themselves as a young master of a foreign Noble House with a rare Noble House name as their identity.

Lin Yi only put on this tough stance to match his status.

Master Jin squinted at Lin Yi coldly for a while before bursting into laughter, "Hahahaha, interesting, interesting! It's rare to meet such a good person, so it's really hard not to make friends!"

Lin Yi raised an eyebrow, not sure what this rich man was thinking!

"I'm sorry, I haven't asked for brother's name. I am the young master of the gold yuan bank, Jin Yuan Bao! It was all a misunderstanding before, you don't mind being friends with me, right?"

Master Jin cupped his fists and bowed to Lin Yi politely, waiting for Lin Yi's answer.

Lin Yi's mouth twitched-the change was too fast, he almost couldn't keep up!

"So you are the young master of the gold yuan bank. It has been an honor to meet you. I am Sima Zhongda. This is my first time in Luling city. I apologize for my lack of manners!"

The rare Noble House was the Sima clan. The sub Island was rumoured to be extremely mysterious, and their strength wasn't any weaker than any of the other powers. Lin Yi decided to borrow their name.

As for Sima Zhong da ... Lin Yi knew that Sima Yi was someone who could go toe-to-toe with Zhuge Liang. He felt that this name was at least more impressive than Sima Guang 's!

Jin Yuan Bao's face turned serious."Could brother Sima be someone from that Sima clan?"

"Heh ... Brother Jin, it's not convenient for me to say too much. You also know that some things are difficult to say!"

Lin Yi smiled mysteriously, his face full of "you know what I mean," "To be able to meet brother Jin here, this is also fate!"

Jin Yuan Bao immediately revealed a knowing smile and cupped his hands. "That's right, that's right. To be able to meet brother Sima here, we are indeed fated! Why don't I be the host today and welcome brother Sima!"

The Sima family was mysterious, and many of the disciples who traveled the world had to keep their identities a secret. Jin Yuan Bao thought he was smart, so he understood why Lin Yi didn't reveal his identity.

This was the effect that Lin Yi wanted. If he met a real Sima Clansman here, he could say that he never said he was a Sima Clansman!

Sometimes, being vague was easier to believe than being frank! At least, Jin Yuan Bao was 80% convinced.

"How can I accept that? I'm here first, so of course I'll be the host. There's no need for us brothers to argue. How about we go up for a drink?"

Lin Yi laughed heartily as he walked up to Jin Yuanbao, holding his arm and chatting happily like an old friend who hadn't seen each other for a long time. The tense atmosphere from before was completely gone.

The handsome waiter secretly rolled his eyes, expressing that he really couldn't understand the world of the rich. Yingluo was a bunch of lunatics!

He had no choice, he still had to wait on these lunatics to go upstairs and eat!

"Brother Sima, who are these people?"

Jin Yuan Bao saw Wu yucao and the others and asked.

Lin Yi's aura was very different from Wu yucao and the other two, so Jin Yuan Bao didn't think that the three of them were from the Sima family.

"These three are friends I just made, they are quite strong ..."

Lin Yi said casually, thinking about how to introduce Wu yucao and the others when Jin Yuanbao nodded.

"I understand. Brother Sima wants to recruit a few people with similar sentiments, right? These three don't look weak. You have a good eye, brother!"

Jin Yuan Bao believed that his guess was correct. This Sima Zhong da in front of him should be recruiting some useful people, and Wu yucao and the others were his targets.

So today, he brought his newly recruited subordinates to the nightless Pavilion in order to buy people's hearts, right?

There was nothing strange about this. Jin Yuan Bao was also good at it, so he felt that it was only natural.

Chapter 7103 Jin Yuan Bank

Lin Yi chuckled to himself-he didn't have to worry about it anymore, since Jin Yuanbao had already found an excuse for him!

"The few of you, go up and open a private room for yourself to eat. This young master, brother Sima and these three friends will be sitting together on the second floor. Nothing will happen!"

Jin Yuan Bao had originally wanted Wu yucao and the others to go to the private room as well. However, when he thought about how Sima Zhong da was trying to win over the hearts of the people, it was not appropriate to do so. Therefore, he counted the three of them on his side.

This was a very respectful thing to do, and sending the guards away also showed their trust in Lin Yi!

Jin Yuan bank was indeed powerful, but it was still a businessman. Jin Yuan Bao was willing to expand his network if he had the chance. It was definitely not a bad thing to be connected to the mysterious Sima clan.

The four guards agreed in unison without the slightest hesitation. In fact, in the nightless Pavilion, they did not need to worry about safety at all. Their little master would definitely not be in danger.

They went to the second floor and sat down. The waiter came up to ask for the menu, and Jin Yuan Bao once again said that he wanted to treat them.

Lin Yi pretended to be unhappy and stopped Jin Yuanbao. "Brother Jin, it's a first come, first served basis. And look, I've taken in a few ... Friends today ..."

Jin Yuan Bao suddenly understood and thought to himself, "why am I so confused again? I was very clear just now, but I forgot again. This Sima Zhong da clearly wants to buy people's hearts. If I treat him, won't I be wasting his efforts?"

With that thought in mind, Jin Yuan Bao no longer insisted. At the same time, he wanted to see if the Sima clan lived up to their name. Although being generous in spending money didn't mean anything, if he was not willing to spend money when buying people's hearts, then his vision would be limited!

"Hahahaha, this little brother has been inconsiderate. However, Deer Ridge city is still this little brother's territory. Today, brother Sima will be the host. Tomorrow, this little brother will definitely come and give brother Sima a good welcome!"

Jin Yuanbao laughed heartily and cupped his hands, signaling for the waiter to ask Lin Yi.

Lin Yi didn't even look at the menu, "This is also the first time I've come to your nightless Pavilion. How about this, bring out one of your signature dishes, and then pick the most expensive eight dishes. Let's have a bottle each for a taste. "

Wu yucao's heart was trembling. Was there such a prodigal? How much would this meal cost?

Chen Zhisheng didn't want to mock Lin Yi directly, so he spoke vaguely, "Young master Sima, the nightless Pavilion's dishes are the most exquisite and expensive dishes in Luling city. You don't have to spend so much to entertain us, so as to avoid overspending young master Sima's money."

Hearing Chen Zhisheng's words, the waiter at the side also hesitated. Although they had Jin Yuan Bao from the gold yuan bank and they didn't have to worry about not having enough money to pay the bill, if they really made a fool of Sima Zhongda, the nightless Pavilion wouldn't be able to answer to him!

"Young master Sima, the dishes we ordered just now cost around seven thousand!"

The waiter kindly reminded him. Although he didn't think that 7000 Yuan would be a problem for this person, it was better to make it clear in advance to avoid trouble.

"What do you mean? Are you looking down on this young master?"

Lin Yi's eyes widened as his face changed. He slammed his palm on the table and a stack of gold certificates appeared-there were at least twenty to thirty of them. "Could it be that you think this young master can renege on your family's debt just by having a meal?"

"I don't dare! This little one was just bidding so that young master would have an idea of the price!"

The waiter hurriedly apologized with a smile, but in his heart, he blamed himself for being meddlesome. Why did he have to worry about this kind of spoiled young master who was like a second generation ancestor? He deserved to be cut!

"You blind thing, hurry up and get lost! If you do this again, I'll kill you!"

Jin Yuan Bao also glared at him and shouted. After chasing away the waiter, he put on a smiling face. "Brother Sima, don't lower yourself to the same level as this small fry. We brothers should talk nicely!"

"I'll give brother Jin face today and not argue with him. If it was any other time, I'll definitely teach him a lesson if he dares to look down on me like this!"

Lin Yi pretended to be angry and hmped. He cupped his hands, "I've embarrassed myself in front of brother Jin!"

"What are you talking about? we're brothers. Why are you being so distant?"

Jin Yuan Bao was very friendly, and he spoke very intimately with her. "That's right, when did brother Sima come to Deer Ridge city?"

"I entered the city the day before yesterday. I originally made an appointment to meet someone in Luling city, but the other party seemed to have stood me up and waited for two days. Today, I met these like-minded ... Friends, so I came to the nightless Pavilion to have a meal and experience the prosperity of Luling city."

Lin Yi laughed as if he was telling the truth.

Jin Yuanbao didn't suspect anything, especially when Lin Yi said "friends." He even gave him a knowing look. These future followers weren't completely devoted to each other yet, so they were friends.

"You guys are really lucky! To be able to become ... Friends with brother Sima, you are truly a blessed person. You must cherish it!"

Jin Yuan Bao politely nodded and smiled at Wu yucao and the other two, feeling that he was helping his brother Sima. "If brother Sima needs someone to help you with anything in Luling city, you can look for me anytime. I don't lack manpower!"

"Of course, of course. If there's anything, I'll ask brother Jin for help!"

Lin Yi's smile was genuine, and the food and wine arrived just in time. He poured himself some wine and raised his glass. "First, let's toast to brother Jin. It's my great fortune to meet you today!"

"Same to you. This first cup should actually be this little brother's toast to brother Sima. I'm really sorry to let brother Sima take the lead!"

Jin Yuan Bao also raised his wine glass, and the two of them were having a heated conversation!

Chen Zhisheng's mouth twitched as he cursed Lin Yi for being a hypocrite. He was definitely not a good person!

Wu yucao and Ling Hanxue, on the other hand, were wondering where Lin Yi's gold certificates came from.

He didn't mention it on the way here, and even before entering the nightless Pavillion, Wu yucao and the others were suspicious that Lin Yi was joking.

He didn't think that Lin Yi would be able to get such a huge sum of money out of a random bid-it was the real deal! This was a little strange!

While they were drinking, a few people walked past in the corridor outside. The private room only had a partition, so the people outside could easily see inside. One of them occasionally looked inside and suddenly exclaimed.

"Wu yucao, Ling Hanxue, what are you guys doing here?"

The one who spoke was a middle-aged man with a beautiful mustache above his lips. He looked very energetic and charming.

However, there was a problem with what he said. His tone was extremely surprised and contemptuous. It was obvious that he felt that Wu yucao and the others were not qualified to come to the nightless Pavilion at all, and they were even seated on the second floor.

"Acquaintances?"

Lin Yi glanced at the man indifferently, the aura of a superior being exuding from him.

Jin Yuan Bao nodded to himself. To be able to emit such an aura in front of a stranger, this Sima Zhong da was indeed not simple. He was once again convinced that this Sima Zhong da in front of him was the same as him!

Chapter 7104 Lucky Team

"I don't know him!"

Wu yucao and Ling Hanxue's expressions were cold. They did not even look at the little-mustached man. There was no need to ask. That guy was definitely not their friend. There was most likely something unpleasant going on!

"Hehe, you're rich now, so your eyes are on top of your head. You don't even recognize your big brother!"

The man with the small mustache laughed coldly and walked into the private room casually. It seemed like he was going to cause trouble for Wu yucao and the others.

Lin Yi was sitting on the outer seat, and the man didn't look familiar to him. He didn't think Lin Yi was some Big Shot, so he didn't think much of him.

Jin Yuanbao, on the other hand, was sitting inside Lin Yi's car, blocked by the tall Lin Yi. His face was facing the performance in the hall, so the bearded man didn't see him at all.

"Get out!"

Lin Yi's face turned cold as he growled, "Who let you in? Did this young master call you in?"

"Who are you to talk to me like that? do you know who I am?"

A trace of ruthlessness flashed in the mustached man's eyes as he sneered, "Could he be Wu yucao and Ling Hanxue's new lover? You want to stand up for them?"

Lin Yi's body was emitting a cold killing intent, and Jin Yuan Bao, who was sitting next to him, was shocked. This guy was a ruthless man, wanting to kill someone just because of a disagreement!

As expected, they were from the Sima clan!

However, fighting was forbidden in Luling city. After all, the Sima clan was not part of Luling city. If he really allowed Sima Zhong da to kill someone, Jin Yuan Bao would be offending this friend of his!

"My brother told you to get out, didn't you hear? Could it be that you think that you can hide the truth from the masses in Luling city?"

Jin Yuan Bao could not continue to sit by and do nothing. He immediately turned to look at the small-mustached man coldly. "Who are you? Tell me your name so this young master can get to know you! Let's see if Luling city is really under your control!"

The man with the small mustache was shocked to see Jin Yuan Bao's chubby face, and cold sweat instantly drenched his back.

"Young master Jin ... I didn't know you were here! I'm so disturbed! I'm just a nameless soldier, I'm insignificant. Please, young master Jin, spare me this once!"

The little moustached man's cowardice was as fast as lightning. He cupped his fists and bowed a hundred degrees. He was just short of kneeling on the ground!

"You didn't offend me, but my brothers. These people are my brothers' followers. How can you, a small figure, offend them?"

Jin Yuanbao didn't mind showing off his strength and status in front of Lin Yi, so he continued coldly, "Hurry up and apologize to them. It's up to us whether they will forgive you or not!"

The small bearded man's forehead was covered in cold sweat. His companions had already sneaked away when they saw Jin Yuan Bao. No one dared to get involved in this kind of trouble, so no one would come to help him!

"I'm sorry. I failed to recognize Mount Tai. Please forgive me!"

No matter how unwilling he was, he could only do as he was told and apologize. The situation was more pressing than the person, so what could Jin Yuan Bao do? He could only blame himself for being blind and kicking an iron plate!

"Get out!"

Lin Yi was still as cold as ice, but the killing intent was gone.

"Yes, yes, yes, this lowly one will leave immediately!"

The small-mustached man felt relieved, thinking that he had escaped a calamity. He bowed and retreated, ready to leave.

"Stop! This young master is telling you to get out! Don't you understand human language?"

Lin Yi's cold eyes swept across the man, sending a chill down his spine!

He felt humiliated, but Lin Yi's gaze made him unable to fight back, especially in the presence of Jin Yuan Bao. He could only swallow his anger!

He had no choice. If he wanted to leave, then so be it. It was better than dying ...

The man with the small mustache hugged himself into a ball and pushed himself off the ground. He really rolled out just like that!

Wu yucao and Ling Hanxue were elated. Although they did not have any deep grudges against this person, they were extremely detestable. It was indeed a pleasure to see him embarrass himself!

"Brother Jin, it's all thanks to you! Otherwise, I might have caused some trouble today!"

Lin Yi turned his head and changed his expression immediately. He smiled and cupped his hands in thanks. "Brother, you're unfamiliar with the people and the place in Luling city. It wouldn't be appropriate if you couldn't hold back and taught someone a lesson."

"Brother Sima, what are you saying? you're not treating me as a friend! It's just a small matter, it's not worth mentioning. Moreover, this is my territory, how can I let brother Sima help me out?"

Jin Yuan Bao laughed heartily and patted his chest, "Although brother Sima is not afraid of trouble, in Luling city, this little brother's name still has some use. If anything small happens, just blame it on this little brother!"

"I'm so sorry! Come, come, come, let's drink. Let me toast to brother Jin!"

Lin Yi raised his glass with a smile, and the atmosphere became lively again.

However, the little moustached man's actions were too independent and immediately attracted a lot of attention. Some people casually asked around and heard about the cause and effect, and then rumors began to spread.

For example, Wu yucao's three-man team had been recruited by a rich young master with a noble status and had become his bodyguards and followers.

After daybreak, this rumor was spread to most people at the speed of light.

Regardless of whether they knew Wu yucao's team of three, they all discussed it and felt that they were really lucky to have a rich young master take a fancy to them!

One had to know that there were many teams with the strength of Wu yucao's three-man team in Luling city, and they basically relied on hunting to survive!

It wasn't that they didn't want to seek refuge with a wealthy family, but it was simply too difficult.

He wasn't a trusted aide trained by others, so even if he joined them, it would be difficult for him to stand out. At most, he would be cannon fodder. It would be better to hunt on his own.

It was precisely because of this that Wu yucao and the other two were favored by the rich young master and became his confidants. This made many people envious and even jealous!

For a time, many people even thought of looking for an opportunity to recommend themselves. Perhaps they could have a chance to stand out.

This was a story for the future. After daybreak, Bai da, Bo Cai, and the others were also among those who heard the news.

Before receiving the news, Bai da and Bo Cai were discussing revenge with a few of their confidants.

"Big brother, that Lin Ying kid has been locked up in the patrol team's cell by boss Mei. Let's take this opportunity to arrest Wu yucao and the other two?"

Bo Cai already had some resentment towards Wu yucao, so he urged Bai da to take the lead. "I have two acquaintances in the patrol team. If I ask them to come forward and bring Wu yucao and the other two back, I don't think they will dare to resist."

"What happens after you bring him back? Use personal punishment?"

Bai DA's face was a little pale. His injuries from his incomplete golden core would not heal so quickly. "Boss Mei caught them and then let them go. What we did might disrupt boss Mei's plan. Who will bear the consequences?"

Chapter 7105 What Start

Bo Cai's expression changed slightly. Since boss Mei was involved, he did not dare to speak carelessly.

In fact, Bai da had a deep hatred in his heart. If possible, he would have killed Wu yucao and the others directly!

Unfortunately, he could not do that for the time being. After all, he was also a member of the shadow hunting team!

Outsiders didn't know about boss Mei's speculations about the vault theft, but he knew a little, so he didn't dare to get involved.

"Are we just going to let them go like this? Big brother! I'm not willing to accept this!"

Bo Cai was very indignant. It was clearly a small grassroots team, why did they have to be so afraid?

"Of course we can't let them off so easily! I just need to temporarily endure it!"

A trace of hatred flashed in Bai DA's eyes. He gritted his teeth and said,""Arrange for people to keep an eye on them first. After the city gate opens, we will deal with them outside the city! As for Lin Ying in the prison, although you can't kill him, you can ask your friend for help. Don't let him have an easy time in there!"

"That's the only way!"

Bo Cai nodded unwillingly, feeling that this arrangement was a little too time-consuming, ""They're lucky that they can live for a few more days!"

Before he could finish his sentence, a subordinate hurriedly knocked on the door and came in. He cupped his fists and bowed to Bai da and Bo Cai, ""Big brother, there's the latest news on Wu yucao and the others."

"What news? Look at how anxious you are, calm down!"

Bo Cai frowned slightly, and after a few words of lecture, he waved his hand and said, ""Speak, breathe properly!"

The man took two deep breaths and calmed himself down before he said, ""There's news that Wu yucao and the other two have been fancied by a rich young master and have become his lackeys. They're having dinner at the nightless Pavilion tonight."

"Rich young master? What's his background?"

Bai da narrowed his eyes, his expression a little strange. "Could he be boss Mei's enemy?"

In Luling city today, all the major powers basically knew that boss Mei's vault had been stolen, and the suspects they had identified were a small team of unknown people.

Even if it was boss Mei's enemy, he wouldn't easily provoke him at this time. Otherwise, he would be suspected of being the mastermind behind the theft of the vault.

Even though they were enemies, there was no need for him to take the blame.

"I'm not too sure about his background. It's said that he's very unfamiliar, so he shouldn't be someone from Luling city. However, with the young master of Jinyuan bank, Jin Yuanbao, accompanying him, he shouldn't be a simple person."

In Luling city, Jin Yuan Bao was definitely the number one figure. Thus, when Bai da and Bo Cai heard that Jin Yuan Bao was there, their expressions immediately turned grave.

"To actually make Jin Yuan Bao personally accompany him, this person's background seems to be not small. The few of you, go and inquire carefully. You must obtain detailed information on that rich young master!"

Bai da pondered for a while, his eyes swept across the few trusted subordinates in the room, and solemnly ordered, "Remember, don't alert the other party, just investigate in secret! Do not attract their attention!"

"Yes, big brother!"

The few of them cupped their fists in acknowledgment and immediately went out to Scout for information. Only Bo Cai remained seated.

After everyone had left, Bo Cai said hatefully, ""Big brother, why do you think those two little girls are so lucky? Could it be that someone has taken a fancy to her?"

"It's none of your business whether or not I'm fancied by others!"

Bai da wasn't in a good mood, so his tone was extremely unfriendly. "Wu yucao is an unlucky person, don't think about her! Especially now that the identity of this so-called rich young master is unknown, we can't act rashly!"

If this person was at the same level as boss Mei, then he was definitely not someone Bai da could provoke. He had already cut off the possibility of advancing to the Golden core stage. If he provoked a stronger person, he would really die without even knowing how he died!

Bo Cai agreed and suddenly said, "Boss Mei, you should know about this, right? I wonder how the old man will react?"

Bai da sneered. What reaction could he have? Before he figured out the identity of his opponent, boss Mei would probably be even more cautious than them!

Currently, the various powers in Luling city had maintained a balance. No one would easily break it, because the result could be that all of them would suffer losses. It was hard to say who would benefit in the end, so they were definitely not people who would start a conflict.

Therefore, if the rich young master really had a powerful background, boss Mei would not offend him for the sake of small characters like Wu yucao. Instead, he would extend an olive branch and make friends with a powerful ally.

On the other side, just as Bo Cai had expected, boss Mei had also received the news. At the same time, there was another piece of news that Bai da and the others did not know about!

The patrol team's cell caught on fire, and Lin Ying, who was locked up in it, was burned to death!

"Young master, too many things happened last night! This subordinate has failed in his duty!"

Boss Mei was bowing slightly, apologizing to the young master with a face full of shame,""I didn't expect the suspect to be burned to death in prison. This is my negligence! We should send a few confidants to guard the other party!"

"What's going on? have you found out?"

The young master lazily leaned against the back of the chair and said indifferently,""Or was it you who did this? Otherwise, how could it be so coincidental that the person you just caught died in prison that night! He even died so mysteriously!"

"Young master! Your subordinate is loyal and will never do anything to betray the Nangong family!"

Boss Mei finally couldn't help but kneel down on one knee and explain, ""This is extremely strange. The lock of the cell was never opened, and the person was burned to death inside! If this subordinate wanted to kill him, I would not have done it in this manner!"

The young master shrugged noncommittally. He was Nangong Yimeng, a direct descendant of the Nangong family. He was in charge of managing the various businesses, including the high stage fighting arena. Of course, most of these businesses were in the hands of others, such as boss Mei!

In fact, the real owner was the Nangong nobles. This arrangement was also to increase the Nangong nobles 'Foundation so that they could burst out with a shocking power at a critical moment!

"Young master, there must be something fishy about this. Lin Ying's death was most likely the work of the patrol team. Otherwise, how could he have been set on fire and burned to death without anyone knowing? even the prison door was not opened."

Boss Mei needed to get himself out of the situation to avoid being suspected by Nangong Yimeng, so he decisively threw the blame on the patrol team.

In any case, it didn't matter if it was real or fake, as long as it could divert Nangong Yimeng's attention.

As expected, Nangong Yimeng opened her folding fan and gently fanned it. She fell into deep thought, and after a while, she said indifferently, ""Get up first! The patrol team is not under our control, and it's

already the limit for us to be able to borrow their power. So, it's really impossible for you to kill someone in the patrol team without anyone knowing!"

"Thank you for your trust, young master!"

Boss Mei showed a grateful expression and stood up after cupping his fists in thanks, but he still bowed slightly to show respect. "Then should we investigate this matter? After all, they have to give us an explanation if he died in the patrol team. "

Chapter 7106 Nangong Yimeng

"Of course there will be an explanation, but don't expect to get any useful information. I'm just giving you face."

Nangong Yimeng closed his folding fan and waved it at boss Mei. He said while thinking, "The patrol team is under the jurisdiction of the city Lord's mansion in name, but in fact, various forces have infiltrated it, so it's hard to say who did this! Perhaps your enemy doesn't want you to track down the money that was stolen from the vault, so they're using this to attack you. "

"Young master's analysis is correct! Your subordinate didn't think of that!"

Boss Mei complimented him, thinking that it was indeed possible!

However, in his opinion, the theft of the vault was the doing of a mole. Those who killed Lin Ying and thought that they could deal him a blow had miscalculated.

Therefore, even though boss Mei said that he wanted to investigate, he wasn't really interested. Even if he found out that it was his enemy who did it, so what?

It was better to focus on tracking down the whereabouts of those traitors.

"Didn't you say that there were several people in the target? only one died. How many are there?"

Nangong Yimeng was referring to Wu yucao and the others, but he couldn't be bothered to remember the names of such small characters.

"There were a few subordinates who wanted to cast a long line to catch the big fish, so I sent people to keep an eye on them. They haven't been killed yet ..."

Boss Mei paused slightly when he said this. When did he actually send someone to keep an eye on Wu yucao and the others? We don't even have enough manpower to find the traitor!

"Then what's their situation? Did you come into contact with anyone?"

Nangong Yimeng was just asking casually, and he didn't really expect to get anything out of it. He didn't expect boss Mei to really have such explosive news!

"According to the latest intelligence, the three suspects that I sent away have sided with a rich young master from a foreign family last night. I heard that he is very important!"

The news that boss Mei had received was just common goods, and there was nothing special about it.

It was fortunate that Nangong Yimeng had yet to receive the news. Otherwise, boss Mei's lie of sending people to keep an eye on Wu yucao and the others would have been exposed.

"At first, that rich young master and Jin Yuan Bao had an argument over a private room, but later they shook hands and made up. The two of them drank and talked happily together. It was very strange!"

"Gold ingot? Why is this kid everywhere!"

Nangong Yimeng pouted her lips unnoticeably. In terms of status, he and Jin Yuan Bao were on the same level. However, the Nangong nobles and Jin Yuan bank were not on friendly terms. Although they had some business dealings, they were mostly competitors.

Although they couldn't be considered enemies on the surface, they were more or less enemies in the dark. Therefore, Nangong Yimeng and Jin Yuan Bao also had the same mission to fight for the clan!

"To be able to make Jin Yuan Bao personally accompany him, it seems that the other party's identity is not simple. Have you investigated his background?"

"Young master, I haven't been able to verify his background, but I've heard his name!"

Boss Mei was secretly pleased with himself. Fortunately, he had immediately sent someone to the nightless Pavilion to inquire about it after hearing the news. Then, he came to see Nangong Yimeng. "That person called himself Sima Zhong da ... This subordinate suspects he's from that family!"

"The Sima clan? He is indeed worthy of Jin Yuan Bao's friendship!"

Nangong Yimeng was slightly moved. The most mysterious aristocratic family in the sub-Island was the Sima clan. If that person was really a disciple from the Sima clan, he would have to fight for it. Otherwise, it would be bad if Jin Yuan Bao was one step ahead of him!

"Young master, this subordinate is thinking, could this person who called himself Sima Zhong da be behind the theft of the Treasury?"

Boss Mei rolled his eyes and pushed the responsibility to the end. "After all, this person's background is unknown. Perhaps he's just using the Sima clan's name! Should we take action against them?"

If Lin Yi was there, he would've given boss Mei a thumbs up-he'd accidentally revealed the truth!

However, Nangong Yimeng clearly didn't think so!

"This is inappropriate! After all, this is related to the Sima clan, so it's better to be more cautious!"

Nangong Yimeng tapped her palm with her fan, thinking that if she offended the Sima clan, and Jin Yuan Bao were to curry favor with that Sima Zhong da, her clan would fall behind the Jin Yuan bank!

"Although there's a chance that he's an imposter, we can't show any disrespect to this Sima Zhongda before we can prove it! Do you understand?"

"Yes! Young master! I understand. I'll find out more about this person as soon as possible, and then act according to the situation!"

Boss Mei quickly cupped his fists and accepted the order. In fact, he couldn't be bothered to provoke Sima Zhongda. What he said was to let Nangong Yimeng shift her attention to that person, and he would use all his strength to investigate the traitor and the mole. It would be best if he could find the huge amount of money that had been stolen!

"Forget it, I'm not at ease leaving this matter to your subordinates. If it's really someone from the Sima clan, you can't lose this opportunity!"

Nangong Yimeng stood up and walked back and forth for a few steps. She then used her folding fan to slap her palm and said, "Jin Yuan Bao has already made contact with Sima Zhong da. This young master has already lost the initiative! We can't wait any longer. This young master must personally go and test this person!"

"Young master is going to personally take action? I think I'll definitely succeed! Whether this Sima Zhong da is a human or a ghost, he will definitely not be able to escape young master's eyes!"

Boss Mei quickly complimented Nangong Yimeng, secretly feeling proud of himself. His plan was going very smoothly. It was best if that Sima Zhongda could hold all of Nangong Yimeng's attention. That way, he would have more time to investigate the case of the vault's theft!

"Stop talking nonsense. Where is Sima Zhong da now? I want to see him immediately!"

Nangong Yimeng was getting impatient. She tidied up her clothes and was about to leave. Fortunately, boss Mei had sent people to keep an eye on Lin Yi and the others, so they knew their whereabouts very quickly.

At this time, Lin Yi and the other three had already left the nightless house. Jin Yuanbao wanted to accompany Lin Yi for a walk around Luling city, saying that he would do his part as a host, but there was something that Jin Yuan bank needed him to deal with. He decided on a time and place and would come find Lin Yi when the time came.

"Little brother Lin Ying, Who are you?"

The four of them walked on the street, looking around to make sure no one was around. Ling Hanxue finally could not help but ask, ""Why do you have so much money?"

"Why are you talking about outsiders? You're just lying to us, thinking we're stupid, so you're playing with us, right?"

Chen Zhisheng sneered and said in a strange tone, "To be honest, your real identity is a rich second generation, and you have nothing better to do, so you came to play with us. You think it's interesting,

right? It's no wonder that you've been acting so generous all this time, saying no after killing the Black Spirit spiked armor rhinoceros. You didn't even care about that little bit of money, right?"

"Brother Chen, what do you mean? Am I that kind of person?"

Lin Yi raised a brow, but he wasn't too angry. Anyone would be suspicious of his behavior, so it wasn't too strange. "I didn't lie to you, and I'm not playing with you!"

Chapter 7107 I Want A Sword

Chen Zhisheng snorted, obviously not believing it!

He saw Lin Yi casually taking out twenty to thirty gold tickets and felt a little out of control. He was afraid that Ling Hanxue would see Lin Yi in a different light because of this!

Although Chen Zhisheng had told himself that Ling Hanxue was not a woman who would be attracted to money, he subconsciously felt that he was lying to himself. He felt that Ling Hanxue was just a vain person ... Then, he began to question why he liked Ling Hanxue!

It had to be said that he really had a lot of internal drama ...

"All of you, be careful. This is still a Street. You have to call him young master Sima!"

Wu yucao looked around vigilantly and did her job as a bodyguard. ""Remember, Lin Ying has already died in the patrol team's prison. We are now following young master Sima Zhong da!"

Ling Hanxue quickly nodded, indicating that she would watch her words. Chen Zhisheng, on the other hand, pursed his lips and did not seem to take it to heart.

However, Lin Yi wasn't worried about Chen Zhisheng. He might be conflicted sometimes, but he could tell that he was sincere to his teammates, Wu yucao and Ling Hanxue. He wouldn't betray them easily!

Therefore, Chen Zhisheng would never do anything that would hurt the two of them!

"Young master Sima, I also really want to know where your money came from. Could it be that you're really a young master from a rich family?"

Wu yucao questioned Lin Yi after warning the two.

"If I say that I'm really the young master of the Sima clan, would you believe me?"

Lin Yi's lips curled up as he looked at the three of them, "If I was the real young master Sima, it would be normal to have money in my hands, right?"

"You're indeed a rich family's young master!"

Chen Zhisheng's eyes were wide open as he pointed at Lin Yi with mixed feelings, "You finally admit it! You're playing with us, aren't you?"

Wu yucao smacked Chen Zhisheng's finger away from Lin Yi and scolded in a low voice, "Zhi Sheng! Calm down, this is the main street. Pay attention to our current status and relationship!"

Although the sky had just brightened, and there weren't many people on the streets, the news had already spread last night that Lin Yi was young master Sima, and he had recruited the three of them as his followers!

How could a Lackey dare to point directly at his master's nose and speak on the street? Anyone with eyes could tell that there was a problem!

Fortunately, they'd just joined, so they could at least say that they were unruly. But if this continued, Lin Yi couldn't keep them by his side anymore!

At that time, he would have to think of other methods, and things would become more troublesome.

Chen Zhisheng gritted his teeth and cupped his fists, pretending to apologize. He was actually whispering to Lin Yi, "If you don't explain it clearly, I, Chen Zhisheng, will never let you go!"

This was the rhythm of being ready to fall out at any time!

Of course ... Chen Zhisheng had always been in a state where he wanted to fall out with Lin Yi at any time, but it was more clear now.

"Alright, alright. Actually, the money I have is from the person who tried to assassinate me yesterday. It's not a small amount! I'll keep the exact amount a secret ... Didn't I tell you before? I'm guessing that he's one of the members of the vault thief gang!"

"They've put in a lot of effort just to push the blame on me!" Lin Yi said as if it were real. It's a pity that it ended up being my wedding dress!"

Wu yucao and the others believed Lin Yi's guess yesterday, but they were suspicious after Lin Yi showed them the evidence.

Chen Zhisheng's words had already opened up another possibility in Wu yucao and Ling Hanxue's minds- Lin Yi was actually a rich young master!

What about being assassinated in prison and then being killed in return? how could there be such a stupid person who would find irrelevant people to do unnecessary things after getting the money?

Especially after knowing that Lin Yi could take out Bai da, who was a half-step golden core? Was there something wrong with his brain? Was he going to send money over?

So the truth of the matter should be that Lin Yi's Secret protection Force saved Lin Yi and arranged a Golden Cicada shell escape to help his master escape. This was more reasonable!

Lin Yi felt Wu yucao and Ling Hanxue's strange gazes after he finished speaking. He never would've thought that these two women's brains were so big, coming up with such a dramatic story themselves.

"Now you all know the truth, right?"

Lin Yi asked uncertainly, and the two girls nodded.

"I know!"

Although he said that, it still sounded a little strange!

Lin Yi scratched his head and didn't want to think too much about it. He looked at the eastern enterprise and lifted his chin, "Let's go to the eastern enterprise and take a look. This young master is now a person with status, so I must have some equipment that matches my status!"

Since he had money, he could do whatever he wanted. Regardless of whether it was useful or not, he had to buy some things to put up a front.

Wu yucao and the other two naturally didn't object. Their original plan was to give Lin Yi a new weapon and equipment, but since he had the money, they didn't need to pay for it.

The four of them entered the eastern enterprise and went straight up to the third floor!

The floor where the top-tier equipment was located!

It was still early, and there were not many customers at the eastern Business Association, not even a single one on the third floor.

This place wasn't usually visited by people, and only Lin Yi's group came up at this hour-it was very quiet!

There were not many pieces of top-grade equipment. After all, it was difficult to Smith them. Most of The Smiths who smithed with the goal of top-grade equipment could only Smith pieces of fine grade equipment.

There was also a portion that was infinitely close to the Supreme grade, but it was still only in the fine grade category. Only a very small portion could be successfully forged.

This referred to the distribution of equipment after forging. In fact, it was normal to destroy a piece of top-grade equipment after forging it five or six times.

"What kind of equipment do you need? Do you need me to give you a detailed introduction?"

The exclusive shopping guide on the third floor stepped forward and saluted respectfully. Those who dared to come up were all big customers, and they could not afford to offend any of them.

Wu yucao subconsciously looked at the dagger. Lin Yi's identity as an assassin was deeply rooted in her heart. However, she immediately realized that it was not suitable for young master Sima to use a dagger at this moment, in case someone with ill intentions would link him to Lin Ying.

"Yes, I want to buy a sword. Do you have any good swords to introduce?"

Lin Yi looked around casually and saw a few high quality long swords.

Chen Zhisheng sneered to himself. You're so cheap. Do you still need to buy?

Of course, he couldn't say this out loud. After all, there were outsiders here, so he could only keep it in his heart.

Wu yucao and Ling Hanxue's hearts ached a little. They didn't know if Lin Yi knew how to use a sword. If he didn't, then buying a top quality sword would be too wasteful!

Chapter 7108 Demonic Devouring Sword

Although he could sell it for a discount in the future, he would most likely get a discount if he sold it!

However, they had never thought that fine quality goods would have a discount, but the same might not be true for supreme quality goods. This was because the production of supreme quality goods was too small, so their ability to maintain their value was stronger.

"I can tell that you're a noble man. The top-quality long sword of our Eastern enterprise is perfect for a noble like you!"

The shop assistant complimented them and led the four of them to look at the longswords. In fact, there were only five longswords on the entire third floor, and each of them had a separate sword rack and a transparent crystal cabinet covering it.

Three of the swords were shorter and slimmer, suitable for women. There were only two swords that were suitable for Lin Yi's height.

"Young master, please take a look. This is one of the best long swords of our business. It's the work of the most famous swordsmithing master in the world ..."

The guide explained the features of the dragoncry sword non-stop. Lin Yi, on the other hand, seemed to be quite interested in it, but in reality, he wasn't listening at all.

The sword was really just for show-Lin Yi wasn't good at swordsmanship, after all ...

Although he knew a little about the sword techniques of the snow sword sect, they were all sword techniques that required true Qi as the foundation. He couldn't use them in the sub-Island.

So Lin Yi didn't think about whether it was good or not when he bought a sword, but whether it was handsome or not!

Only an imposing longsword could match his status as young master Sima. Furthermore, it had to be a top-grade longsword. If it was a fine grade sword, it would be too embarrassing.

"This is another top-grade sword of our establishment, the black demonic devouring! This sword has been around for hundreds of years. It has had a few legendary Masters, but they all disappeared without a trace. Only this sword has been passed down, so there are also rumors that it's an unknown sword ..."

The sales assistant was honest and even dared to say such words that would affect the sales. However, it was hard to guarantee that this was a sales strategy to arouse the curiosity of the customers.

For example, Lin Yi's curiosity was successfully piqued, and he asked after a few looks, "Since it's an ominous sword, why are there so many masters?"

"I don't know about this. I only know that any warrior who can become the owner of the demonic devouring sword will have no problem shaking the sub-Island with his name."

It wasn't strange for martial artists to sacrifice their lives for fame, so Lin Yi could understand why the demon devouring sword was able to find its master.

To be honest, Lin Yi was interested in the demonic devour sword as well. The name of the ominous sword aside, just its appearance alone was extremely domineering.

The black hilt, the black hilt, and the black scabbard gave off a mysterious aura as a whole. Moreover, the simple design revealed a trace of brashness, and the evil aura carried a hint of coldness, which was extremely attractive.

As for the other dragoncry sword, it had a delicate appearance and looked upright as well. It was extremely suitable as a companion sword, but Lin Yi was more inclined to the demonic devour sword.

"Can I take it out and have a look?"

Lin Yi pointed at the demonic blade in The Crystal Cabinet and asked the shop assistant. He immediately got a definite answer.

Soon, the demonic sword was presented to Lin Yi respectfully.

Lin Yi unsheathed his sword, and a black light flashed. The surroundings darkened, as if all the light had been devoured by the black blade.

Lin Yi suddenly remembered the light devouring flying ants he met not long ago. The two did have some similarities, and just this point alone made Lin Yi even more interested.

"How much is this demonic devour sword?"

Lin Yi decided to buy the ominous sword.

Even if he didn't use this interesting sword, it would be good to keep it as a collection. It was better than the dragoncry sword, which didn't have any special characteristics.

"Although it's an ominous sword, it's still a legendary sword of the highest quality. Therefore, it's slightly more expensive than 100000!"

The sales assistant maintained a respectful smile and offered a high price that left Wu yucao and the others speechless.

Previously, when they were armed to the teeth with fine grade equipment, it only cost 100000.

Now, a sword was worth 100000. As expected, they could not imagine the world of the rich.

"Not expensive! This young master wants it!"

Lin Yi sheathed his sword and laughed. "To be able to buy such a legendary sword, this trip was not in vain!"

"This young master is really a man of good taste. This little brother has also taken a fancy to this demon devouring sword for a long time. It's just that I'm a little afraid of that ominous sword's reputation, so I haven't been able to make up my mind. I didn't expect to see it finally have an owner today. While I'm disappointed in it, I'm also deeply happy for it!"

A clear laughter sounded from the stairs, and a young master walked in slowly. It was Nangong Yimeng, and she cupped her hands politely, ""Only a talent like you is worthy of this legendary demon devouring sword!"

"Thank you for your praise! May I know who you are, young master?"

Lin Yi handed the demonic blade to Chen Zhisheng and cupped his hands at Nangong Yimeng.

Chen Zhisheng's face darkened as he gritted his teeth and took the sword, cursing Lin Yi in his heart. He really did treat him like a follower.

"This little brother is Nangong Yimeng. I'm fortunate enough to meet you today, and I feel like I've met my soulmate. May I know your name?"

Nangong Yimeng acted as if she didn't know who Lin Yi was and greeted him politely.

It had to be said that using the demonic devouring sword as a starting point to reduce the distance between them, Nangong Yimeng's appearance was quite good.

"So it's young master Yimeng from the Nangong family. It's an honor to meet you! I'm Sima Yi, my name is Zhong da, it's a pleasure to meet you!"

Lin Yi was also a gentleman with an impeccable temperament-he was a noble young master!

"Brother Sima! It's a pleasure indeed!"

Nangong Yimeng's eyes flickered, and she said with a smile, ""Those who still choose characters according to ancient etiquette are all families with deep foundations and long inheritances. Could it be that brother Sima is ..."

Lin Yi smiled and waved his hand."Brother Nangong, you're making fun of me. I just like ancient etiquette, so I randomly picked a name!"

Nangong Yimeng asked directly, and Lin Yi just brushed it off. It would be weird if he admitted to it directly at this level of testing!

The Sima clan did have a habit of choosing words, and many people on the sub-Island knew this. It was really unreliable to confirm that he was from the Sima clan.

The reason why Nangong Yimeng asked this question was to see if Lin Yi would admit that he was from the Sima family. If he did, there was a high chance that he was a liar!

A true member of the Sima clan would not easily say that he was from the Sima clan!

Hence, Lin Yi's response made Nangong Yimeng believe him more.

"Brother Sima is indeed a refined person. This little brother feels like an old friend at first sight!"

Nangong Yimeng didn't continue to harp on this question and changed the topic with a smile. "The demonic devouring sword has been stored in the eastern enterprise for a long time, and today it has finally met its master. I think brother Sima will soon become famous in the world, and this little brother will have to look up to brother Sima at that time."

Chapter 7109 Sima Yi

"Brother Nangong must be joking. This little brother's strength is weak, how could I have the opportunity to become famous? the demon devouring sword following this little brother is perhaps a sign that it has cast itself into this world. If brother Nangong truly likes the demon devouring sword, why don't you become its master?"

Lin Yi was just bullshitting, saying that he was going to let the sword go, but he didn't show any signs of it.

"Brother Sima is the best owner of the demonic devouring sword, I don't dare to take away someone else's love!"

Nangong Yimeng politely rejected Lin Yi's suggestion and casually said something interesting.

Most of them were things that only the rich second generation would be familiar with. Wu yucao and the other two were completely confused and dumbfounded when they heard this.

But who was Lin Yi? He had traveled through several planes and met countless second-generation heirs. Although the sub-Island was different from other places, these small things were common, so he could deal with them with ease.

Nangong Yimeng probed for a long time and felt that Lin Yi was inscrutable.

Although Lin Yi was just saying it casually, his level of pretentiousness was so high that even Nangong Yimeng had to look up to him. In the end, Nangong Yimeng could only give up on testing him.

There was no other way. Even if they continued, they would not be able to find out anything about this person. However, they were certain that this Sima Zhong da was not some country bumpkin who had not seen the world. He was also not likely to be a swindler.

If a swindler had such deep knowledge, then the young masters of the sub-island's aristocratic families were too worthless!

"Brother Sima, I've read ten years of books after having a conversation with you today. I feel like I've hit it off with you at first sight. I wonder if I'm lucky enough to have a meal with you?"

Nangong Yimeng didn't want to continue testing Lin Yi, but he felt that it was time to get on his good side. He realized that he was still able to chat with Lin Yi. They were both knowledgeable people, and it wasn't a bad idea to make friends with him.

Nangong Yimeng thought that Lin Yi would prefer to interact with someone elegant like her rather than an ordinary person like Jin Yuan Bao.

What he didn't know was that Lin Yi didn't care who he was talking to-it was all bullshit anyway!

"If there's a chance in the future, I'll definitely invite brother Nangong for a drink and a chat. However, I still have something to do today. Why don't we meet another day?"

Lin Yi didn't want to hang out with Nangong Yimeng for too long. He didn't care who he talked to, but this Nangong Yimeng was too pretentious. It was too tiring to deal with her politely. It wasn't as refreshing as dealing with Jin Yuanbao.

Just as he was thinking about Jin Yuan Bao, he did not expect that chubby figure to appear at the stairs.

"Brother Sima, I've come to meet you!"

Gold ingot's laughter could be heard even before he arrived."Aiyo, isn't this the Nangong Yimeng who likes to dream? you're so free today, so you're out for a stroll? I thought you wouldn't go out for no reason?"

"Jin Yuan Bao, long time no see. I miss you. You don't have to mock me when we meet, right?"

Nangong Yimeng only smiled and said courteously, ""It's fate that we met by chance. Can't we talk nicely?"

Although Nangong Yimeng was smiling on the surface, she was cursing in her heart!

It was the worst time to meet Jin Yuan Bao!

Could it be that Sima Yi had rejected him because he had an appointment with Jin Yuan Bao?

It was very possible! Didn't Jin Yuan Bao say that he was going to meet her just now?

"Why can't I speak properly? Isn't that the truth?"

Jin Yuan Bao shrugged his shoulders and put on an innocent look. "Do I have to compliment you when I see you? Is your face as big as mine?"

Lin Yi couldn't help but smile-gold was still the fun one!

Face is big! There was no one else who could use such self-mockery to mock others!

Nangong Yimeng snorted, not wanting to argue with him as it would lower her status. She then cupped her hands to Lin Yi, "Brother Sima, I'll take my leave today. If there's a chance in the future, we must have a good drink or two!"

"Definitely, definitely! Brother Nangong, take care!"

Lin Yi replied politely. They were just pretending to be nice, after all-he had to put on a good performance in this class for rich young masters!

Nangong Yimeng said goodbye to Lin Yi and went downstairs without paying attention to Jin Yuanbao.

Jin Yuanbao looked at Nangong Yimeng's back with disgust and turned to Lin Yi, "Brother Sima, that kid is very cunning. Don't be fooled by his appearance. This kind of person is full of evil tricks and will never have real friends. So, if you can keep your distance, don't get close to him!"

"Ah ... Brother Jin, is there some misunderstanding? I think young master Nangong is not bad!"

Lin Yi explained before waving his hand. "But it doesn't matter. We just happened to meet here and exchanged a few words. I'm much closer to brother Jin. "

"Right? I told you that I'm such a loyal person, I'll be liked wherever I go! Brother Sima has good eyes!"

Jin Yuan Bao laughed happily and pulled Lin Yi's arm, "We agreed that I'll treat you today. Brother Sima, please don't decline!"

"I do have some plans today. I thought brother Jin would come a little later. Why don't we meet later?"

Lin Yi had also rejected Jin Yuanbao's invitation. Nangong Yimeng didn't manage to get him, and if he turned around and went to eat with Jin Yuanbao, it would be the same as offending Nangong Yimeng.

It was clear that there was some conflict between the two, and Lin Yi didn't want to offend either side. If he had more forces to help him get information, he might have a better chance of finding the Azure sky Valley.

"Since brother Sima is busy, I won't force you! Let's meet up later!"

Jin Yuanbao didn't continue to persuade Lin Yi. He still had some unfinished business in the bank, so he rushed over because he received news that Nangong Yimeng was looking for Lin Yi.

Jin Yuan Bao was obviously more concerned about his competitor.

Now that she'd achieved her goal, she'd come back to befriend Lin Yi after she was done with her business.

With that, Jin Yuanbao left, and Lin Yi paid for the demonic devouring sword. He put it on his waist and left the eastern business.

They didn't walk too far before Lin Yi brought the three into an Inn and asked for a separate courtyard.

Since he was going to impersonate someone from the Sima clan, he should know more details.

He also needed to know more about the situation of the forces in Luling city. For example, he didn't hear anything about the conflict between Jin Yuan Bao and Nangong Yimeng. Wu yucao and the others should be able to provide more information on this.

In the living room, Lin Yi and the other three were gathered together. Before they sat down, Ling Hanxue couldn't wait to get close to Lin Yi and look him up and down carefully, completely ignoring Lin Yi's awkward face and Chen Zhisheng's dark face!

"Um ... Sister Xue, what are you doing?"

Lin Yi raised his head, putting some distance between them. "Even though I'm wearing a mask, I don't have to look like this, right? Do you want me to take off my mask?"

"No need!"

Ling Hanxue stood up and raised her hand to stop Lin Yi. She then asked seriously, "Tell me the truth! You're really the young master of some aristocratic family, aren't you? Otherwise, how could he know so many things that I don't?"

Lin Yi and Nangong Yimeng's harmonious conversation had shocked Ling Hanxue, as well as Wu yucao and Chen Zhisheng.

Without that kind of background, it was impossible to have a conversation with a young master like Nangong Yimeng. They would definitely not be able to get along!

It was like watching someone asking you why Yao Ming didn't play at the World Cup. How could you talk on a different channel?

"Sister Xue, is my identity important? Whether or not I'm an outsider, an insignificant nobody, or a young master of some prestigious clan, are you talking about me or my identity?"

Lin Yi said with a serious face. "If you're suspicious, you'll continue to be suspicious no matter what I say. So why are you so bothered by this question?"

Ling Hanxue was slightly taken aback. Wu yucao seemed to be deep in thought as well, as if he felt that it made sense.

However, Ling Hanxue continued in a daze, ""So you're really a rich young master, right?"

Lin Yi's mouth twitched-it seemed like he wasted his breath!

Forget it, he could think whatever he wanted!

"Alright, you win. I'll tell you the truth. You've guessed it right!"

Lin Yi instantly turned into a King, his eyes dark and depressed, his face cold and indifferent. "I am the young master of the Sima clan. My name is Sima Yi, also known as Zhong da! Because I have a clan mission, I have to travel the world. Previously, I hid my identity because of the mission, but now, I have to reveal my identity to obtain a safe space ..."

Chapter 7110 Power Structure

"Aren't you afraid of failing the mission by revealing your identity now?"

Chen Zhisheng laughed coldly. He also felt that Lin Yi was hiding his identity, but he didn't want to be played like this. If Lin Yi said the other way around, he would do the same!

"I'm in disguise now! When the time comes, you can just say that I'm impersonating Sima Yi!"

Lin Yi shrugged nonchalantly, indicating that it was no big deal!

Chen Zhisheng was speechless for a while. It really made sense!

Ling Hanxue was stunned. She believed Lin Yi's words without a doubt and didn't know what to say. Such a Big Shot was called a follower by her for a long time.

"So, all your money is actually your own?"

In the end, Ling Hanxue finally thought of a problem and asked, ""The things in the prison cell are also fake?"

"No, what happened in the cell is true. I did get a sum of money from him. Of course, I have some myself!"

Lin Yi didn't bother arguing with them-they could just say whatever they wanted, as long as they were happy.

"So you're indeed a rich young master! I'll buy sister snow a piece of top-grade equipment one day, okay?"

Ling Hanxue returned to her usual bright smile and didn't seem reserved because of Lin Yi's change in status."Is there any problem?"

"Of course, no problem! The next time we go, sister Xue, you can pick your own!"

Lin Yi agreed with a smile. Boss Mei had a lot of money in his vault anyway, and buying one or two pieces of top-tier equipment was a piece of cake. "Sister Wu, you too, and brother Chen too!"

Lin Yi knew that to maintain the unity of this small team, he couldn't be biased and create cracks between them. He treated everyone equally since he didn't need the money!

Wu yucao forced a smile and agreed softly, but she was a little worried.

If what Lin Yi said was true, and the person in front of him was really a young master of the Sima family, then the difference in status between them was too big.

I'm afraid that any random servant in the Sima clan who sweeps the floor would have a higher status than the few of us who are strong?

What right did she have to make this young master Sima call her big sister Wu?

Although people always said that the difference in status was not a problem, in reality, the huge gap in status would always hinder the communication between two sides.

After all, they all had their own social circles, and it was impossible for them to have any interaction!

To put it bluntly, the noble young masters of the Sima clan and these small hunting teams that were struggling to survive were not the same people. They might pass by each other occasionally, but they would not always be together!

Wu yucao, on the other hand, was a righteous person and treated Lin Yi as her family. She realized that perhaps she was just overthinking it, and couldn't understand it in a short time.

On the other side, Chen Zhisheng was a little dejected as well. After confirming Lin Yi's identity, he suddenly felt inferior.

Whether it was status or strength, the two were completely crushed. If Lin Yi really wanted to pursue Ling Hanxue, Chen Zhisheng knew that he had no chance of winning!

Especially if Ling Hanxue liked Lin Yi, there was nothing he could do. He could only watch as the person he liked fell into someone else's arms!

Just thinking about it made him feel aggrieved, but he was at his wits 'end, so he felt even more aggrieved ...

"Alright, alright, let's not talk about these useless things. In private, we're still brothers and sisters like before. When there's someone else, just show me a little respect. Our relationship will not change!"

Lin Yi waved his hand casually and changed the topic. "Now, let's talk about the power structure in Luling city and the relationships between these powers. Only then can we better deal with what might happen next."

Lin Yi already had a rough idea of the names of the factions in Luling city, and he just wanted to fill in the gaps in his connections.

Ling Hanxue, who was the only one in a normal mood, started explaining to Lin Yi.

"Little brother Zhong da ... There's no problem with big sister calling you that, right? Alright ... Then Zhongda will do?"

Ling Hanxue had changed her words because Wu yucao had glared at her, so she could only pout and remove the title of 'underling'.

"Sister Xue, you can call me whatever you want in private. Just be careful when there are outsiders around."

Lin Yi didn't mind as he smiled and helped Ling Hanxue out of the situation.

"I still have to be more careful," Wu yucao said gloomily. "I'm just afraid that if I get used to it in private, I won't be able to change it when there's someone around!"

"Alright, alright, I got it!"

Ling Hanxue pouted, then laughed again. "Zhongda, let's talk about Jin Yuan Bao first. Jin Yuan bank is one of the top forces in Luling city. It has strong financial resources and has branches in all the major cities on the sub-Island. Because of this, it has a good relationship with the warrior's Guild, which has branches all over the island."

Lin Yi nodded slightly. He had underestimated Jin Yuan bank and Jin Yuan Bao's power. The warrior Union was involved, so their evaluation should have been raised by at least one level.

"In Luling city, the branch president of the warrior Association and the owner of the gold yuan bank have a life-and-death relationship. These two can basically be considered an Alliance!"

Ling Hanxue stretched out her palm and pulled off two of her fingers. She then continued, "Nangong Yimeng, who I met at the eastern enterprise, is a direct descendant of the Nangong family. He doesn't get along with the gold yuan bank, and his relationship with Jin Yuan Bao is also very bad. From the perspective of the entire Nangong family, their ally should be the city Lord. It is because of the city Lord's support that they are able to compete with the gold yuan bank and the warrior Union!"

Lin Yi had a rough idea now-the two sides were similar in strength and had similar allies, and the end result was a delicate balance.

"By the way, the high stage fighting arena should be a secret business of the Nangong nobles. It can only be built to such a scale with the tacit approval of the city Lord's mansion."

Ling Hanxue added, "that's why Boss Mei is actually Nangong Yimeng's subordinate. We offended him before. Perhaps the Nangong family already has their eyes on us!"

"Nangong Yimeng ... Shouldn't be looking for trouble with me for the time being. Otherwise, he wouldn't have come to test us just now."

Lin Yi rubbed his chin, deep in thought. "But this is still a problem. I have to get rid of it as soon as possible when I have the chance."

"Zhong da, you're saying that Nangong Yimeng deliberately went to the eastern merchant Association to test you?"

Wu yucao's brows furrowed slightly as she became more and more worried. ""So, he already has the intention to deal with us, but he's biding his time because of your identity?"

"You can say that. But we don't have to worry about him now. He won't dare to act rashly. Besides, we still have Jin Yuan Bao to restrain Nangong Yimeng. We can be said to be as stable as Mount Tai for now!"

Lin Yi smiled with confidence, "After the city gate opens, we'll go out to hunt and lie low for a while. After a while, everything will be fine!"
