

Bodyguard 7111

Chapter 7111 Geographical Mapping

Wu yucao hummed in agreement and didn't say anything else.

"Speaking of the eastern Chamber of Commerce, which side is this ally from?"

Lin Yi changed the topic. He didn't forget that there were more than four factions in Luling city.

"It's not either side. The purpose of the eastern Chamber of Commerce is to make money in peace, so they have maintained a friendly relationship with all forces. Unless someone actively provokes them and wants to blackmail the eastern Chamber of Commerce, they will be met with a tough counterattack!"

Ling Hanxue continued to explain to Lin Yi. She didn't know the deeper details, but everyone in Luling city knew the basics. "If we have to divide it, the eastern Chamber of Commerce should be considered a neutral party."

After a short pause, he continued, "it's the same for the sword spring sect. They can be considered a neutral sect. However, the sword spring sect is different from the eastern enterprise. Their strength and Foundation are stronger. Neither party will take the initiative to provoke the sword spring sect, nor will they be able to rope them into their own camp. Therefore, their status is even more transcendent."

"I see ..."

Lin Yi nodded. He finally understood the power structure and relationships in Luling city, and it would be easier for him to deal with them in the future.

Next, the four of them talked about some other information about Luling city, and then returned to their rooms to rest. Although it was daytime, they couldn't leave the city, and they had just had a big meal, so there was nothing else to do.

In the evening, Jin Yuanbao came to the inn after finishing his business. He wanted to treat Lin Yi to a meal, and Lin Yi didn't reject him since they had a deal.

However, the three of them couldn't sit together this time. On the surface, they were Lin Yi's followers, so they had to either be his guards or eat with Jin Yuanbao's guards.

Wu yucao and the other two did not have any objections to this. Eating with the guards was also an excellent dish!

Last night's feast at the nightless Pavilion had strengthened their physical strength by quite a bit. Today, they would be able to temper their bodies again. This was definitely a treatment that only rich people would receive. What was there to be dissatisfied about?

In a private room of the delicacies restaurant, which was as famous as the nightless Pavilion, Jin Yuanbao was pouring wine for Lin Yi himself. The restaurant had arranged for a beautiful lady to serve Lin Yi, but Jin Yuanbao chased her out.

"Brother Sima, today, it's just the two of us brothers. Let's have a good drink and talk. This is the signature wine of the flavorful Pavilion, Jade nectar. It's very good for the body and the taste is excellent. Come and have a taste!"

Jin Yuanbao smiled as he filled up their glasses. "Maybe brother Sima has taken a liking to the taste of the Jade nectar and will be unable to live without it in the future."

"If that's the case, I'll become a drunkard, and it's all because brother Jin brought me here to drink!"

Lin Yi said with a smile as he picked up the cup.

"Hahahaha, if brother Sima becomes a drunkard, that's also the Jade Nectar's fault. This little brother won't take the blame!"

Jin Yuan Bao laughed heartily and raised his cup to invite him. "Come, let's toast to brother Sima. This little brother will drink first!"

With that, Jin Yuan Bao raised his neck and downed the whole cup, and Lin Yi followed suit. The Jade nectar was indeed special-it contained a power that tempered the body.

It was a pity that Lin Yi was only in Yuan spirit form. This power was meaningless to him. It was a waste!

After three rounds of drinking, the atmosphere between the two became more relaxed, and the topics they talked about gradually became more casual.

"Speaking of that Nangong Yimeng brat, he's really not a good person. He likes to play with people for no reason. Brother Sima, you must be careful. Don't fall for that brat's tricks!"

As Jin Yuan Bao spoke, he mentioned Nangong Yimeng again. He was also extremely displeased with this opponent.

"Brother Jin, did you suffer a loss from Nangong Yimeng?"

Lin Yi smiled calmly and asked casually, "Did you manage to get back at him?"

"How could I! Although that Nangong brat is very cunning, he won't be able to trick me so easily. That's why he didn't say anything about getting back at me. "

Jin Yuan Bao laughed drily and raised his glass. "Come, come, come, let's toast to brother Sima."

Lin Yi chuckled to himself. He could tell that Jin Yuanbao was just bluffing. It was obvious that he was tricked by Nangong Yimeng, and more than once at that. Otherwise, he wouldn't be so resentful.

However, Jin Yuan Bao was too embarrassed to say such an embarrassing thing. In front of his new friend, he still had to take care of his image!

"By the way, brother Jin is very knowledgeable. Have you ever heard of a place called the blue sky Valley?"

Lin Yi finished his glass and casually mentioned the valley as he poured himself some wine.

He had befriended Jin Yuan Bao, a powerful figure in Luling city, in order to find out more about the Azure sky secluded valley.

Wu yucao's connections had not received any news about this, so they could only count on people at Jin Yuan Bao's level!

"Blue sky Valley? I think I've heard of it somewhere ..."

Jin Yuan Bao frowned and thought for a while, then smiled. "Brother Sima, are you interested in this place? Is there any treasure inside?"

"I'm not sure if there's any treasure, but I've heard people vaguely mention it before, so I suddenly thought of it and asked casually. "

Lin Yi acted like he didn't care at all, as if he really was just asking casually, but he was actually very concerned. He was just short of grabbing Yuanbao's neck and asking him where he'd heard of it.

"I see ... Although I don't know where the Azure sky Valley is, the Nangong family has a geographical map of the sub Island that records all the famous and unknown places on the island. It's said that it's a small valley in the forest that no one knows about. It's also marked, so maybe the location of the Azure sky Valley is on it."

Jin Yuan Bao had only mentioned the news casually. After he finished, he smiled and said, ""However, brother Sima, don't even think about going to the Nangong clan to look at the geographical map. That kid, Nangong Yimeng, is a direct descendant of the clan, but it is said that he can't read it at any time. It should be regarded as important strategic information. Even if brother Sima comes to ask for it personally, he will most likely be rejected."

After a slight pause, he said in a certain tone, ""It's not most likely. It will definitely be rejected, unless there is a great benefit that the Nangong family can't refuse in exchange."

Lin Yi blinked-this was unexpected news. He wasn't sure if the map would definitely have information about the valley, but it was still a clue.

As for the Nangong family not lending money to anyone, Lin Yi didn't really mind. He'd already emptied the vault of the arena, so it wouldn't matter if another theft happened-he had someone to take the blame for it!

Lin Yi couldn't bring up the topic anymore because he was thinking about stealing the book. Jin Yuan Bao would definitely suspect him if he did!

Chapter 7112 An Unfamiliar Formation

Even if the Nangong family was in trouble and Jin Yuan Bao was happy, he still couldn't let the Nangong family know!

Thus, the topic naturally changed to another aspect. The Azure sky Valley was only mentioned once, and it was quickly forgotten by the two.

"Speaking of which, the Nangong family has been quite unlucky recently. The most sensational thing in Luling city these past two days is the theft of the vault in the high platform fighting arena. That money is one of the important funds of the Nangong family. It's really satisfying."

Lin Yi was just thinking about it when Jin Yuanbao suddenly brought up the vault theft case, obviously gloating.

If Nangong Yimeng were in his shoes, he would probably only feel happy in his heart and would not reveal his true thoughts in front of others.

"Speaking of this, it really makes people speechless. Because their Treasury was stolen, we couldn't leave the city even if we wanted to. It's simply preposterous!"

Lin Yi grumbled, but he couldn't really say anything since he was the one who started it.

"Brother Sima, do you want to leave the city? That's a small matter, this little brother can get a warrant and leave the city without a problem. "

Jin Yuan Bao waved his hand nonchalantly. As a member of the privileged class in Luling city, such a small matter was not difficult to handle."The people of the Nangong family have been going crazy these

past two days, but they can't find any clues. The person who did this must be an expert! If there's a chance, I'd really like to get to know him!"

Lin Yi's mouth twitched. The master was sitting right in front of him, drinking and eating together. They were acquaintances now! I can only say that you have eyes but failed to recognize Mount Tai!

"Brother Jin, can you get the token? The city gate should be in charge of the city Lord's mansion, right? I heard that the relationship between the city Lord and the Nangong family is not shallow, right?"

Lin Yi didn't talk about the vault being stolen, but was more concerned about the exit warrant.

"Brother Sima, are you trying to say that the city Lord's mansion won't give this little brother face?"

Jin Yuan Bao was not offended at all. He smiled and waved his hand. "Although the city Lord Manor and the Nangong family are indeed allies, they will still give face to the other forces for some small matters. Otherwise, if we fall out with each other, I'm afraid Luling city will be in chaos!"

Lin Yi understood immediately. Luling city was under the control of the city Lord, but in reality, the city Lord's power was only one of the more normal factions. Sealing the city gates was giving the Nangong family face, but it would also anger the other factions.

If they didn't want to start a war, then they had to ensure that the other forces had the right to enter and exit the city gates!

This was also where the weaker city Lords were helpless. It was also an unspoken rule between the higher-ups of Luling city, and everyone had a tacit understanding!

"Then I'll have to trouble brother Jin! However, it doesn't seem to be meaningful to close the city gate. If the theft of the vault in the high platform fighting arena was done by an enemy of the Nangong family, it would be a wonder if they could find out!"

Lin Yi said after a word of thanks, trying to mislead Yuanbao again. He just needed to stay away from the truth.

"That makes sense! Perhaps there's really a clan in Luling city that doesn't like the Nangong clan, so they're making a move on them!"

Jin Yuan Bao took a sip of wine, but after agreeing, he felt that something was wrong. He slammed the table and said, ""Isn't our gold yuan bank the one who's at odds with the Nangong family? But we didn't do it! Maybe someone is trying to frame us?"

Lin Yi chuckled to himself, thinking that the guy had quite the imagination!

However, this idea was not bad. The next time he stole a book, he could blame it on the gold yuan bank! The Nangong family and the Jin family didn't need this small debt anyway!

Jin Yuan Bao did not know that he had become the target of the plot and was still analyzing the situation.

Lin Yi didn't really care-it was just bullsh * t, after all.

After the sky was completely dark, the two were almost done eating and drinking. Jin Yuan Bao's alcohol tolerance was good, but he couldn't handle Lin Yi's yuan spirit body, so he became a little dizzy after drinking for a while.

The Jade nectar was a good thing, but it was also a strong wine, so Jin Yuan Bao could only return home.

The show was canceled, of course, but this guy wasn't bad-he didn't forget the warrant he promised Lin Yi even though he was drunk. He'd already sent someone to deliver it to Lin Yi before he went home.

"Big sister Wu, let's leave the city tomorrow. This is the exit token that Jin Yuan Bao gave me. Everyone, have a good rest tonight and recharge your batteries!"

Lin Yi passed the warrant to Wu yucao. Although he spoke in a negotiating tone, there was a natural and unquestionable aura to it.

Wu yucao and the other two saw Lin Yi as their leader as well, so they accepted the order calmly.

"It's good to go out of the city. Boss Mei still doesn't have any clues. Who knows, he might even find trouble with us in the end. Zhong da, although you're from the Sima clan, you're all alone in Deer Ridge city. If we really want to do anything to you, we won't be able to resist."

Wu yucao put away the warrant and found an excuse for Lin Yi.

"That's right. Luling city is currently in a state of panic. There's no need for us to get involved in this. It won't be too late to return after things have calmed down!"

Lin Yi nodded, but didn't say that Luling city would be even more chaotic after tonight, and the storm would be even more violent.

Because he had already decided to go to the Nangong family's house later to see if he could take away the geographical map!

In order to avoid Jin Yuan Bao's suspicion after the news spread, of course, he couldn't just take one geographical map. Everything placed together had to be moved. Since he had already done it, he had to make a big one!

The Nangong family could only blame themselves for their bad luck-they had what Lin Yi needed.

Ling Hanxue and the others had no objections, so after saying a few words, they dispersed.

They had eaten a lot of good food tonight. They should take advantage of the night to digest and absorb it. If they tempered their bodies, they might be able to improve their strength.

Now that he had the equipment and his strength had increased, he would be able to hunt even higher level darkness spirit beasts!

As for whether or not they'd be following Lin Yi, the young master of the Sima family, the three of them hadn't decided yet, to be honest.

After midnight, Lin Yi sneaked out of the inn and went to the Nangong family's house alone. He had already found out the location, so it didn't take long for him to arrive outside the Nangong family's house.

However, what surprised Lin Yi was that this wasn't a place that anyone could enter easily. The entire Nangong family was covered in a formation!

It wasn't a formation-it was something like a formation. Lin Yi had never seen a formation like this before-not only was it strong in physical defense, but it could also block the invasion of spirits.

"Senior ghost, come out and take a look. You can break this kind of formation that I've never seen before, right?"

Lin Yi, of course, didn't want to leave just like that-he summoned the hell out to discuss this with him.

After all, that damn thing was a true formation master. Although he had never seen such a formation before, he might be able to break it!

Chapter 7113 City Exit Warrant

"A formation you've never seen before? This old man will take a look!"

The damn thing was indeed interested. He always had a great passion for unknown formations.

It was because of this that his formation skills had always improved and never stopped.

"It's really different! It doesn't seem right to call it a formation. We shouldn't be able to break it with the methods we're familiar with!"

After studying it for a while, the ghastly thing said in a serious tone, ""But we can't just try it. If there's any movement, we'll be discovered immediately!"

Lin Yi fell silent. He was a formation master himself, and he knew that it was impossible to break a formation in one go. However, this was the Nangong family, and a small mistake could cause a large number of Masters to rush out.

There was no chance to slowly try to break the formation, so it seemed that he could only give up his previous plan.

I'll find an opportunity to exchange the Nangong family's geographical map system in the future!

It might be something the Nangong family valued, but Lin Yi believed that as long as he had enough bargaining chips, he'd be able to get it.

After all, profit was the eternal theme. If it was just a copy, it shouldn't be enough to make the Nangong family fight to the death.

Since there was no other way, he could only forget it!

Lin Yi decided to retreat immediately, but the ghostly thing was suddenly interested.

"Don't be in a hurry to leave. You don't have anything to do anyway. Let's stay here and do some research. Even if we can't crack the array, it's good to understand more. "

Naturally, Lin Yi couldn't object to the ghost's request. He stayed outside the Nangong family's house and studied formations with the ghost until the sun rose.

Unfortunately, after half a night of research, there was no progress at all. These should be two completely different array systems, which could be said to be subversive differences from what he had learned before.

The damn thing was a formation master, and Lin Yi was a genius in the field as well, but without any Foundation in formations, there was nothing they could do.

Lin Yi went back to his room in the inn, and after a bit of rest, he heard Wu yucao and the other two gathering in the yard. He opened the door and walked out.

"Sister Wu, sister Xue, brother Chen, did you have a good rest last night?"

Lin Yi smiled and greeted them one by one before looking up at the sky. "It's almost time to set off. Let's buy some food on the way and talk about other things after we leave the city. "

"Thanks to Zhong da, I've eaten a lot of good things these past two days and my strength has increased a lot. Now I'm in high spirits. I really want to immediately meet one or two Spirit beasts of darkness and start practicing!"

Wu yucao greeted Lin Yi with a smile, but her attitude wasn't as casual as before. There was always a sense of respect and distance.

Only Ling Hanxue did not change much. She stretched lazily and said with a smile, ""How good would it be if I could eat this every day! Zhong da, you're a young master of an aristocratic family, why do you have to go out and suffer? It's more important to take big sister to eat delicious food everywhere!"

Chen Zhisheng's face was dark, and his heart was gloomy. He turned his head and snorted without saying anything.

"Xiaoxue! What the hell are you talking about! We're martial artists. If we indulge in pleasure, we'll soon become disabled!"

Wu yucao, on the other hand, had no qualms about Ling Hanxue. His expression darkened as he lectured her.

However, Ling Hanxue had long been used to this level of preaching and was now immune to it. Thus, she smiled and brushed it off perfunctorily.

Lin Yi didn't say anything else, smiling as he told the three to set off. He bought some dry food after paying the bill and walked straight to the city gate.

When they reached the city gate, it was still in a state of prohibition. Some people wanted to leave the city, but they left after taking a look. They were obviously commoners and did not have any privileges.

Lin Yi's group walked over and showed their warrant. The guard didn't say anything and opened the gate a little, big enough for people to go in and out. Then, he politely asked Lin Yi's group to leave.

This was the benefit of privilege. The so-called closed city gate was just a joke in front of the privileged class!

"I didn't expect Jin Yuan Bao's warrant to be so useful. He let us out so easily. If we were really the culprits behind the theft of the vault at the high platform fighting arena, wouldn't boss Mei be furious?"

After they left the city, Ling Hanxue immediately smiled and said, "Why do they like to do such useless things? Since we can't keep everyone in the city, we might as well cancel the decision to close the city gates!"

"That's not it either. If the thief of the vault wasn't a member of Luling city's special class, it would be impossible for them to leave the city. If it really was some powerful force that did it, then there's no point. They don't even need to leave the city."

Chen Zhisheng said gloomily, then continued, ""I think it's highly possible that it's a big force in the city. Otherwise, it's impossible that there are no clues at all."

Lin Yi only smiled but didn't say anything. Chen Zhisheng's guess made sense, but he didn't know that the real vault thief was right next to him, so he was completely wrong.

In fact, the most likely suspects were Wu yucao and the other two. As long as they believed that Lin Yi was from the outside world, then the money in Lin Yi's hands was the biggest suspicion.

Lin Yi did say that the assassin had it on him, but Wu yucao and the others took it as a joke.

So Lin Yi really wanted to become Sima Yi, to make them think that he was the real young master of the Sima family. That way, he would have a reasonable source of income no matter how much money he took out in the future.

The reason why the three didn't suspect Lin Yi was because he didn't leave for long that night.

It wasn't easy to deal with a dead body, and it'd been two days without anyone finding out. They all thought that Lin Yi was very careful that night, and they didn't think that Lin Yi would have the time to go to the high stage fighting arena to steal from the vault.

It would probably take a lot of time for Chenchen to empty the vault, not to mention the process of sneaking in and escaping. Lin Yi didn't have a chance at all!

Because of this, Lin Yi's transformation into Sima Yi was so smooth. Otherwise, Chen Zhisheng would be the first one to suspect Lin Yi until he died!

Wu yucao and Ling Hanxue also chatted with Chen Zhisheng about the Treasury, and stopped talking when Lin Yi didn't respond.

After all, he was just mocking boss Mei and gloating over his misfortune.

The four of them walked slowly for a while and entered the forest. Suddenly, a group of Knights caught up with them. The forest wasn't too dense yet, and there was a path, so Lin Yi and the others didn't pay much attention to it. They thought that the other special class people were out for some fresh air.

Chapter 7114 Tail Following

He didn't expect the leader of the group to be Nangong Yimeng, and she immediately slowed down when she saw Lin Yi's group.

"Brother Sima, why did you leave the city so early? You and I hit it off the first time we met, and this little brother even said that he would treat you to a meal. You didn't even say hello, isn't that too sad?"

Nangong Yimeng jumped down from her Mount with a smile and cupped her hands at Lin Yi, ""It's a good thing I caught up to brother Sima, otherwise it would be such a pity!"

Lin Yi raised his eyebrows. He didn't see any sadness or regret in Nangong Yimeng's expression. Instead, she seemed very proud of catching up to him!

This ... Was it coming for him?

"Brother Nangong, you're too polite. This little brother only came out to gain some experience and will return to the city very soon. At that time, I will naturally invite brother Nangong to a gathering. I was indeed in a hurry this time, so I didn't disturb brother Nangong. It's this little brother's fault!"

Lin Yi smiled and cupped his fists. His attitude was humble and polite, just like Nangong Yimeng, ""Brother Nangong, are you here to chase me? That's too shocking for this little brother!"

"Hehe, we're indeed here to chase after brother Sima. It's mainly because this little brother has a friend who heard that you're in Deer Ridge city and wants to get to know you. We didn't expect that you'd already left the city, so we chased after you together. In any case, it's a farewell for brother Sima."

Nangong Yimeng pulled up her sleeves and turned slightly to reveal a young man beside her. ""Allow this little brother to introduce you to brother Sima. This is the young city Lord of the city lord's estate of Deer Ridge city. His name is Lu Butong, young city Lord Lu. This is the Sima Yi that this little brother mentioned before, also known as Zhong da!"

"So it's young city Lord Lu, it's a pleasure to meet you!"

Lin Yi was shocked. He didn't think that he would meet the young city governor of Luling city today. He didn't believe that Nangong Yimeng would be so kind as to introduce him to someone.

There had to be a deeper meaning behind this, but Lin Yi didn't understand it yet. He had to maintain a gentle smile and deal with them first.

"Brother Sima is indeed a Dragon among men. I'm fortunate enough to see you. I'm greatly comforted!"

Lu Butong smiled faintly as he cupped his fist at Lin Yi, his eyes deep in thought.

Lin Yi believed that his every move was being observed by this person. Could it be that this person was suspicious of his identity?

"Speaking of which, why did brother Sima come to Luling city this time? And why was he in such a hurry to leave the city? Originally, we wanted to have a drink and chat together, but we didn't expect brother Sima to be in such a hurry. Could it be that there's something in Deer Ridge city that brother Sima is not satisfied with?"

"Young city governor Lu must be joking. Everything in Luling city is great. I'm only leaving for a tour, not to leave the city. As for my purpose here, it's nothing much. I'm just here to travel and broaden my horizons."

Lin Yi replied with a smile, not revealing anything. "I'll be back in three to five days, so I'll definitely pay you a visit. I hope young city Lord Lu and brother Nangong can spare some time to meet you. "

"Hahaha, brother Sima, you're too polite. If you're willing to come to my house, I'll definitely welcome you with open arms. It'll be a wonderful thing if you and I can talk through the night!"

Nangong Yimeng smiled warmly and immediately changed the topic,""May I know what is brother Sima's destination this time? This little brother and young city Lord Lu have already left the city, why don't we travel together?"

"It's my wish, but I don't dare ask! If the two of you are willing to travel with us, it would naturally be an extremely good thing. This little brother is very happy!"

Lin Yi was smiling on the surface, but he was cursing in his heart-only a ghost would want to play with you guys!

It would be fine if he only spoke in such a genteel manner for a short while, but if he spoke in such a manner for a few days, he would probably go crazy, right?

Moreover, these two kids were clearly people full of evil ideas. Who knew what they were up to? if they really followed them all the way, there would be problems sooner or later.

However, Lin Yi couldn't reject Nangong Yimeng's suggestion. This kid was clearly testing them. If he agreed, they might not follow him, but if he didn 't, they might secretly follow him!

"That's great! I'm sure I'll benefit a lot if I can travel with brother Sima. Young city Lord Lu, what do you think?"

Nangong Yimeng's face was filled with joy, as if he was really happy. He didn't forget to ask Lu Butong, ""If the young city Lord has nothing to do, we can travel together. It's not bad to relax, right?"

"It's really good! I'm very tempted!"

Lu Butong smiled and shook his head, ""Unfortunately, I still have a lot of things to deal with. I'm afraid I don't have time to travel for a few days. I came here today to get to know brother Sima. When brother Sima returns to the city, we'll have a good gathering!"

"That's a pity! This little brother admires young city Lord Lu's extraordinary bearing and even wants to get closer to him! But it doesn't matter, there will be plenty of opportunities. There will be a time when you and I will be able to travel together!"

Lin Yi thought to himself-this Nangong brat's going to find an excuse now, right?

Lin Yi's face was filled with regret as he thought about it. Lu Butong was secretly pleased with himself. He really thought that he had the ability to convince this Sima Yi.

If it wasn't for the fact that the city was in a mess because of the vault theft case, Lu Butong would have liked to go out with Sima Yi for two days and get to know him.

"Brother Sima is right. Next time, next time, I will definitely arrange time for you and me to go out of the city to hunt and play!"

Lu Butong cupped his hands with a smile, and secretly gave Nangong Yimeng a look.

Nangong Yimeng understood tacitly and immediately said with a smile, "Young city Lord Lu is indeed very busy. There's nothing we can do if we miss this opportunity. I'm a free man, so I can accompany brother Sima on this trip!"

Lin Yi's face didn't change, but he was a little scared inside. This was different from what he expected! Did Nangong Yimeng really want to follow him?

"Without young city Lord Lu, it would be the same with brother Nangong here. I was just thinking that there were too few people. With brother Nangong and your family, it would be much more lively!"

Now that things had come to this, Lin Yi could only force himself to continue expressing his joy. However, he had already started to plan in his heart. If he revealed any flaws on the way here, he would just kill Nangong Yimeng!

In any case, they were in the forest, and it was normal for a few people to die. At most, they would not return to Luling city in the future!

However, Lin Yi's plan wasn't over yet. Things changed again, and Lu Butong started to find excuses for Nangong Yimeng.

"Yimeng, you're also considered an idle person? You actually have the nerve to say this, the vault theft case is your business, you can't just throw it all to me and go out to play by yourself, right?"

Lu Butong and Nangong Yimeng spoke more casually, which showed that they had a good relationship.

Chapter 7115 Test, Question?

"Aiya, young city Lord Lu, why are you saying this? If brother Sima is here, this little brother will lose face!"

Nangong Yimeng was a little embarrassed as she opened her fan and fanned herself a few times, but her eyes were secretly looking at Lin Yi.

Lu Butong was the same, observing Lin Yi's reaction as he spoke!

The vault theft case was the key word, and their test was still not over. If Lin Yi's expression changed, their suspicions would increase!

Unfortunately, Lin Yi's face didn't change at all. He still maintained his standard smile.

"So the vault theft case was brother Nangong's responsibility. Then we really can't let it go so easily. I've heard about this matter too, why don't you have any clues?"

Lin Yi's performance was perfect, and he shouldn't have caught Nangong Yimeng's attention. Especially with his arrangements for the vault theft case, he shouldn't have been suspected.

What he did not know was that his setup was indeed perfect and had successfully misled boss Mei's investigation direction. However, boss Mei was afraid that Nangong Yimeng would suspect that he was embezzling the place, so he hid the clues that might be the work of a mole.

Not only that, but boss Mei also pointed the blame at Wu yucao and the others, and Lin Yi's appearance naturally came into view.

It was a bit funny to say that it was such a twist and turn, and if Lin Yi knew the reason, he could only sigh to the sky. He'd used all his tricks, but he didn't expect to lose to a random Shuai Guo!

"Indeed, there are no clues. I'm really vexed. Because of this, I wanted to take the opportunity to travel with brother Sima to relax. Unfortunately, young city Lord Lu doesn't seem to want to let go!"

Nangong Yimeng said in a joking tone, ""It seems like I can only say goodbye to brother Sima this time. Next time, I'll ask young city Lord Lu to organize a party and we'll go out of the city to play together."

"Alright, this little brother will be looking forward to traveling with my two brothers next time!"

Lin Yi let out a breath of relief inside, but put on a regretful expression on the surface. At the same time, he acted like they hit it off at first sight and continued to chat with the two.

Lu Butong and Nangong Yimeng did not find anything after their probing, so they did not waste any more time. After bidding farewell, they brought their men back to the city, but they suddenly stopped after walking for a short distance.

"Young city Lord, why did you stop all of a sudden?"

Nangong Yimeng looked at Lu Butong with a strange expression, not understanding what was happening.

"Something's wrong! Something's not right!"

Lu Butong rubbed his chin and narrowed his eyes, thinking carefully, ""That Sima Yi's performance was impeccable, but I just feel that it's a little inappropriate. People from the Sima clan should not be like this! And ..."

"And what?"

Nangong Yimeng furrowed her brows. If Sima Yi was really an imposter, then he would lose a lot of face.

After two consecutive probes, he still couldn't see through the other party's true face. How could he dare to say that his vision was unique in the future?

"Let's not talk about it! Turn back! Catch up to Sima Yi and the others!"

Lu Butong was a little anxious and immediately brought his men back to chase after the four.

It hadn't been that long since they left, and they weren't that far away-they should've caught up to the four of them very soon.

However, after chasing for a while, the forest had become dense, and there was no longer a path on the ground. They still did not catch up to anyone, not even leaving a trace!

Lin Yi and the other three seemed to have disappeared into thin air, disappearing without a trace.

Lu Butong was extremely vexed. He sent his men and Nangong Yimeng's guards to spread out and search the area, hoping to find some traces. Unfortunately, they still found nothing even after a long time.

Nangong Yimeng had asked Lu Butong a few times, but Lu Butong kept avoiding the question and didn't say it directly. In the end, Nangong Yimeng didn't ask anymore.

In fact, Lin Yi's disappearance was suspicious in itself, and there was no need to ask for any clues. This was a huge suspicion.

Why did they disappear in such a short time? Was it to avoid the two of them?

It was really F * cking ghost!

"Young city governor Lu, since we can't find her, let's forget about it. Let's go back first!"

Nangong Yimeng was getting impatient, especially when Lu Butong was being so secretive and unwilling to explain his thoughts. He felt like he was wasting his time!

It was meaningless!

Even though Nangong Yimeng did not show it on her face, her tone was still a little strange, and Lu Butong could feel a hint of dissatisfaction.

"Yimeng, it's not that I don't want to tell you ... I just can't be sure!"

Lu Butong pulled on His Majesty's Mount and said after thinking for a while, ""There's nothing wrong with that Sima Yi, but I still feel that he's different from the Sima clan in the rumors! That's secondary. The most important thing is that his three followers are too calm!"

"You mean Wu yucao and the other two?"

Nangong Yimeng frowned slightly. These three people were suspects in the vault theft case. When Lu Butong mentioned them, he immediately felt that something was wrong, ""You didn't spread the news of the fire in the patrol team's prison, did you?"

"It's not something to be proud of, so how could it be spread everywhere?"

Lu Butong snorted and said unhappily, ""Of course, those who should know already know! You won't know what you shouldn't know!"

The patrol team was under the control of the city Lord's office in name, but in reality, the people inside were all infiltrated by various major forces. The city Lord's office turned a blind eye to this. After all, they were only a team to maintain the security of Luling city. Everyone could rest assured if the major forces were to mix in.

The elites directly under the city Lord's mansion would never show up in public, so the major forces knew about the burning of a person in the prison cell, but the people outside would not receive the news.

"If that's the case, then there's a problem with the three of them! No matter what, Lin Ying is still their companion, but he didn't even go back to visit them once. Even after they got close to the Sima clan, they didn't ask Sima Yi to save Lin Ying!"

Nangong Yimeng was only in the dark and didn't notice this flaw. Now that he was reminded, he immediately thought things through. "Is this because they don't care about Lin Ying? Or have you already received the news that Lin Ying was burned to death?"

There was another possibility. Lin Ying was burned to death by the three of them! It was to cut off suspicion!

However, the possibility of this happening was too small, so Nangong Yimeng didn't mention it.

It wasn't that the possibility of Wu yucao and the other two killing Lin Yi was too low, but that boss Mei's men were still watching them that night. It was impossible to do something so secretive without being watched!

Nangong Yimeng didn't know that boss Mei's words about keeping an eye on the three of them that night were nonsense ... However, Wu yucao and the other two really didn't have the ability to sneak into the patrol team's prison and set fire to a few people!

Chapter 7116 Be Broad-Minded

"It's hard to say ... Maybe there's a possibility that Sima Yi isn't willing to help!"

Lu Butong shook his head, but he didn't really believe it.

It was just a small matter. With the identity of the young master of the Sima clan, as long as he spoke, whether it was Nangong Yimeng or Lu Butong, they would give him face and let go of a suspect who was not yet confirmed.

Even if it was a real criminal, in order to be on good terms with the Sima clan, it was fine to let them go, but at most, they would secretly kill the other party.

Any normal young master would not let go of such an opportunity to win the hearts of others. On the surface, it was Nangong Yimeng and Lu Butong who were doing Sima Yi a favor, but in reality, wasn't it Sima Yi who was using this opportunity to get closer to the two families?

Lin Yi didn't think too much about all these twists and turns-he'd just forgotten about this!

"Maybe! But in such a short time, they had disappeared without a trace. There was clearly a problem! I'm afraid that they might not come back after this!"

Nangong Yimeng was a little disappointed. She couldn't tell if it was because she thought that Sima Yi might be a fake or because she didn't see through it earlier.

In fact, Lin Yi and the others didn't disappear on purpose. Although Lin Yi wanted to leave as soon as possible to get rid of the second wave of pursuers, it was just that Ling Hanxue said she had a stomach ache as soon as Nangong Yimeng and Lu Butong left ...

At that time, they hadn't entered the jungle yet, and the surrounding trees weren't dense, so the four of them left the main road and went to the side to find a place with dense bushes to solve their physiological problems.

Therefore, when Nangong Yimeng and Lu Butong turned back to give chase, they directly ran over their heads ... The people they were chasing were still behind them, so it would be strange if they could find the people in front and even find any traces of them!

As the two young masters analyzed and argued, Lin Yi's group of four was near a Bush.

Wu yucao accompanied Ling Hanxue to the toilet, while Lin Yi and Chen Zhisheng waited nearby, keeping watch in case any dark spirit beasts or people appeared.

"Young master Sima, you're a little too close!"

Chen Zhisheng saw that Lin Yi was still forty to fifty meters away from the bushes! He could not help but remind her.

Because of Lin Yi's status as the young master of the Sima family, Chen Zhisheng didn't dare to say anything too much. However, he was still worried that Lin Yi would use this opportunity to get close to Ling Hanxue. If something ambiguous happened, it was hard to say how things would develop!

"Brother Chen, you don't have to be so distant in private! Also, I'm only two or three steps closer than you ... It's not too close, right?"

Lin Yi laughed inside. If he wanted to peek, he could go up to four or five thousand meters, let alone forty or fifty meters. It would only consume some of his spirit sense.

However, how could he do such a perverted and embarrassing thing? What kind of person did Chen Zhisheng think he was?

"I'm just giving you a reminder!"

Chen Zhisheng snorted and continued, "Wu yucao said that we'd better maintain the same form of address in private to avoid problems from habits in front of others!"

Wu yucao did say that, and Lin Yi thought it made sense. He didn't really want to get close to Chen Zhisheng, so he could call him whatever he wanted.

Of course, Chen Zhisheng called Lin Yi that because he wanted to take Ling Hanxue with him to draw the line with Lin Yi and slowly drift away from him. He didn't want to call Lin Yi "sister Xue" and "little brother." If their relationship got too close, it would be hard to end it in the future.

"Brother Chen! I know you like sister Xue, but there's no point in targeting your potential love rival when you like someone. The most important thing is to let that person know your feelings!"

Lin Yi thought that he might as well open an emotional hotline class and give Chen Zhisheng a good lesson to wash his brain, "You see, even if you can push out all your potential love rivals, so what? Sister Xue doesn't know your feelings, so she still won't be moved by you. Do you think I'm right?"

Chen Zhisheng's face reddened as Lin Yi exposed him without holding back. He stuttered, "What ... What are you talking about ... I ... I'm not ..."

"I understand, I understand!"

Lin Yi waved his hand and interrupted Chen Zhisheng's stuttering. He continued, "Brother Chen, have you ever thought that the more narrow-minded and calculative you are, the more precarious your position in sister Xue's heart will be? We have to put ourselves in his shoes. If I were a girl, I wouldn't like a man who doesn't know the big picture either! Am I right?"

Chen Zhisheng didn't know what to say. He didn't want to admit it, but he felt that Lin Yi's words made sense. He even forgot to refute Lin Yi's words!

After a while, Chen Zhisheng reacted. Now was not the time to say that he was narrow-minded! This Sima Zhong DA's threat was too great!

"Young master Sima, I'm not a petty person and I don't like to be calculative. I can't agree with what you said!"

Chen Zhisheng's expression was solemn as he retorted, ""A young master like you shouldn't hang out with people like us. We are from two different worlds. Do you know how attractive people like you and your world are to us?"

Chen Zhisheng didn't want to admit it, but he made it clear that he was no match for Lin Yi!

As long as Lin Yi wanted to pursue Ling Hanxue, he, Chen Zhisheng, didn't even have the right to be an opponent!

"I understand what you mean! Let's have a good talk while they're not here! First of all, as I've mentioned just now, men should be more open-minded. Only a man with a majestic aura is charming and will be liked by girls. Otherwise, he won't be popular!"

Lin Yi's serious face was quite convincing-at least Chen Zhisheng was a little moved, wondering if he should be more generous.

Lin Yi continued,"Actually, brother Chen, you don't have to be wary of me. I really only see sister Xue as an older sister. On the contrary, I'm more interested in knowing more about sister Wu."

On one hand, Lin Yi said this to make Chen Zhisheng feel at ease, and on the other hand, he was speaking from his heart!

Although Ling Hanxue could be considered pretty, she was nothing compared to his many female confidants. Furthermore, he would not fall in love with anyone he saw. On the contrary, it was very comfortable to get along with her as his older sister. There was no need to change that.

Besides, Lin Yi was indeed interested in Wu yucao-who asked Wu yucao to look so much like Wu Yuhua?

Not only did they look similar, but their names were also similar. It would be strange if he wasn't interested in any of these!

Chen Zhisheng was overjoyed. As long as Lin Yi didn't have any feelings for Ling Hanxue, his chances would be much higher!

Chapter 7117 Sowing Discord

If they were together all the time, not only would the pavilion closest to the water enjoy the moonlight first, but there would also be a chance for them to fall in love with each other!

If Lin Yi didn't have a goal, he might go after Ling Hanxue again. Since he admitted that he was interested in Wu yucao, Chen Zhisheng was much more at ease.

A team of four formed two couples. It was perfect!

"Young master Zhong da! Since you've said so, we brothers should help each other. I hope that one day ..."

Chen Zhisheng smiled, even the way he addressed Lin Yi became more intimate. He didn't care about the difference in status. As long as he could get the beauty, winning over the opponent was the most important thing.

However, Chen Zhisheng stopped talking halfway and coughed a few times to cover it up. His face also became slightly embarrassed.

This was because he saw Wu yucao walking over ...

Wu yucao came just in time to hear that Lin Yi was interested in her ... She had mixed feelings about this.

For a long time, it wasn't that no one had pursued her, such as Bo Cai ... Well, this kind of person wasn't counted. Anyway, Wu yucao had never really thought about this aspect.

It could also be said that she had not met the right person. A warrior's body was extremely strong, and their lifespan was also much longer than ordinary people. Wu yucao was currently only 26 or 27 years old, so she was considered quite young and did not need to rush to get married.

But if the other party was Lin Yi ... Wu yucao didn't think it was unacceptable. Whether it was Lin Yi's personality, aura, appearance, or strength, they all fit Wu yucao's standards.

The only problem was that Lin Yi's identity was disdainful of the Sima family's traveling young master!

A noble status like this made Wu yucao feel a little ashamed of herself. She felt that a commoner like her was not worthy of Lin Yi's family background at all. If they were truly in love, it was not unacceptable, but what if Lin Yi was just playing?

It was not unusual for a young master from an aristocratic family to fall in love with a commoner and then abandon her!

Wu yucao didn't think that she was outstanding enough to be better than most women, so this kind of ending seemed to be normal, right?

In fact, he was just casually saying it, right? You're not really interested in me? However, if it was true, should she reject him?

If she really rejected him, would she hurt his heart? Then how could he put it in a more natural and tactful way so that he wouldn't overthink it?

'Ah ... So annoying ...

In just two or three steps, Wu yucao's mind was already filled with complicated thoughts.

At first, he didn't dare to believe it. Then, he felt that it might be true. Then, he really had to consider this possibility. He couldn't help but worry about the gains and losses. The pain he felt was indescribable.

However, Wu yucao had to pretend that she didn't hear anything and that nothing had happened. She walked over calmly and wanted to say hello, but she couldn't say anything.

Fortunately, in order to resolve his own awkwardness, Chen Zhisheng spoke first and solved Wu yucao's embarrassment.

"Why did you come back alone? Where's Xiaoxue?"

"Oh, Xiaoxue is right behind us. She'll be right there! Let's get ready and continue our journey!"

Wu yucao smiled as if nothing had happened. She turned around and saw Ling Hanxue walking over from the bushes. ""We can set off now. Since we're already here, why don't we go in this direction?

there's no need to return to the main road. In any case, that road is only formed by more people. We don't have to go there."

Wu yucao's feelings were complicated, and she started talking a lot. Her eyes wandered around, not even looking at Lin Yi.

Lin Yi didn't mind ... He wasn't naturally slow, he just didn't think much of it!

What he said about being interested was completely different from what Wu yucao understood, so it didn't make much of a difference whether Wu yucao heard it or not!

Alright, after all was said and done, it seemed to be a little slow ...

No matter what, after this small incident, the four of them continued on their journey again, but they didn't return to the original path. Once again, they unintentionally and perfectly avoided Nangong Yimeng and the others who went back after a fruitless search!

Sometimes, the power of coincidences was really huge. If Lin Yi really wanted to avoid Nangong Yimeng and the others, he might not be able to get rid of them. Instead, he could do it easily without even knowing it.

After Nangong Yimeng and Lu Butong analyzed the situation, they felt that there was something wrong with that Sima Yi. However, they could not find him, so they were a little depressed.

After entering Luling city, they happened to run into Jin Yuan Bao on the way. Nangong Yimeng saw how proud her arch-enemy was, and she couldn't help but want to stab him!

"Yo, if it isn't Jin Yuan Bao, you look like you're in a good mood! Why didn't you look for your new young master Sima?"

Nangong Yimeng thought that since Sima Yi had left the city early in the morning, he definitely did not inform Jin Yuan Bao. She could also laugh at Jin Yuan Bao's wishful thinking. He did not even care about her, so what was the big deal?

"Tsk, what does this young master's mood have to do with you? It's none of your damn business whether this young master wants to find a friend or not. "

Jin Yuan Bao's smile disappeared, and he didn't give Nangong Yimeng any face at all. ""Young city governor Lu, it's better for you to stay far away from this sinister brat. Otherwise, you won't even know when you'll be sold out by him."

If he had met Lu Butong alone, Jin Yuan Bao might not have been so friendly. But with Nangong Yimeng and Lu Butong together, Jin Yuan Bao would feel uncomfortable if he didn't provoke them!

"Thank you for your concern, young master Jin. However, a dream is a modest and gentlemanly man. It's definitely not what young master Jin said, so you don't need to worry."

Lu Butong smiled and spoke up for Nangong Yimeng. Then, he said casually, ""Speaking of young master Sima, he left the city early this morning. Young master Jin should have just sent young master Sima back, right?"

Jin Yuanbao paused-of course he knew that Lin Yi was leaving the city-he was the one who gave him the exit warrant, but he didn't think that he'd leave the city this early ... He really didn't know.

However, in front of his arch-enemy, Jin Yuan Bao would not show any fear. He chuckled and said,""That's right. I drank too much Jade nectar last night at the delicacy Pavilion for brother Sima and just woke up."

What he meant was that the brothers knew that Sima Yi had left the city a long time ago. They had already sent him last night, so don't say stupid things like they didn't send him today!

Nangong Yimeng only smiled and didn't refute. Of course, he knew about Lin Yi through the warrant issued by the Jin family. The city Lord's mansion was in charge of this place, or else they wouldn't be able to catch up with Lin Yi and the others as soon as they left the city.

Chapter 7118 Fight For Prey

"Jin Yuan Bao, you're pretty loyal to your new friend! But I advise you to keep your eyes open. There are many scammers these days, don't count the money for others after being sold!"

Nangong Yimeng naturally wasn't so kind as to remind Jin Yuanbao that Lin Yi's identity was suspicious. She was just trying to piss him off,""The high stage fighting arena's vault theft case hasn't been solved yet, and that Sima Yi brought three important suspects out of the city, and they even went through your personal warrant, Jin Yuan Bao ... Hehe!"

Hehe, F * ck you!

Jin Yuan Bao rolled his eyes and sneered, ""Since he's an important suspect, you, Nangong Yimeng, aren't a fool to watch him leave the city, right? And young city Lord Lu, you know they're suspects, but you still let them out. What's the meaning of this?"

Nangong Yimeng originally wanted to say that Jin Yuan Bao might be suspected of privately releasing a criminal, and then indistinctly insinuate that the mastermind behind the scenes might be the Jinyuan bank. However, Jin Yuan Bao immediately threw the blame back to her.

Unless Nangong Yimeng and Lu Butong admitted that they were idiots, it would be inappropriate to continue on this issue.

"Jin Yuan Bao, don't be so sarcastic. I'm just reminding you out of goodwill. Don't get used by others without knowing it! You should know that Wu yucao and the other two had an accomplice called Lin Ying, who was the main suspect in the vault theft case. However, he died in the patrol team's prison cell on the night of his arrest!"

Nangong Yimeng was unhappy and did not want to make Jin Yuan Bao feel comfortable. She sneered and said, ""Let's not talk about the dead for now. The three who are still alive did not even visit their companions once, nor did they ask Sima Yi to help save Lin Ying. Do you think it's okay?"

"Is there a problem? Didn't your Lackey Baldy Mei ask Wu yucao and the others to find the huge amount of money that was stolen from the vault to exchange for the forest Eagle? How many days had it only been? What's the problem if they don't visit?"

Jin Yuan Bao lazily glanced at the sky and sneered disdainfully, ""It's all your own fault, and you still have the cheek to bring it up now!"

Nangong Yi and Meng Xin wondered how Jin Yuan Bao knew about this.

By right, boss Mei's private conversation with Wu yucao and the others should not have been spread! Could there be a mole around him?

Then, he thought that Jin Yuan Bao might have heard it from Wu yucao and the other two. Anyway, it wasn't important, so he didn't have to care too much about it!

"I'm kind enough to give you a few words of advice, but you don't appreciate it. I don't want to waste my breath on you. Young city Lord, let's go!"

Nangong Yimeng snorted coldly and called Lu Butong to leave. His original intention was to sow discord between Jin Yuan Bao and Sima Yi. Regardless of whether it was useful or not, it was best if it worked, but it didn't matter if it didn't.

"Take care!"

Jin Yuan Bao did not look happy either. He cupped his hands casually to show Lu Butong some respect.

Nangong Yimeng's words had actually raised some doubts in Jin Yuan Bao's heart, but he quickly denied it.

Instead of believing that Nangong Yimeng was trying to sow discord, it was better to believe in his own eyes and judgment. If he let Nangong Yimeng succeed, how could he raise his head in the future?

If it was someone else who said these words to Jin Yuan Bao, he would have to think about it carefully. However, it was Nangong Yimeng who said it, and it would only have the opposite effect.

This was also the reason why Nangong Yimeng didn't place much importance on this matter. If he really wanted to plot against Jin Yuan Bao, he would definitely have made detailed arrangements. He wouldn't personally appear and would definitely let someone else come into contact with Jin Yuan Bao.

Just as the three second-generation heirs of Luling city were parting on bad terms, Lin Yi's group of four came across a hunting team with a dark spirit beast in the forest!

It was quite a coincidence-the four of them didn't walk for long before entering the dense forest, and they met a five-man team chasing a dark spirit beast that looked like a Black Bull.

The dark spirit beast was obviously panicking and didn't look at the direction it was running in, directly charging towards Lin Yi's group. The five pursuers were a little far away from it, but Lin Yi's group was closer.

"You're quite lucky! Come out and you'll have a harvest!"

Ling Hanxue was instantly overjoyed. She raised her hand and began to draw her bow and arrow."Swoosh Swoosh Swoosh", three arrows shot out in succession, instantly tearing through the

space and piercing directly into the black Bison's head through its eyes, while the other arrow shot through its open mouth and into its throat!

The Black Bull didn't even have time to scream before it fell to the ground, dead!

Instant kill!

In terms of strength, this Black Bull-like darkness spirit beast was much weaker than the Black Spirit spiked armor rhinoceros from last time, but it wasn't too weak!

If it was before they met Lin Yi, Wu yucao's team would have to spend a lot of time and energy to kill it.

The reason why it was so easy was because he had changed his equipment!

Previously, Ling Hanxue had only used a bow and arrow that was not considered superior among the good grade. Now, it was the best of the best, infinitely close to the best grade. The attack power and power were completely different!

"Good archery! Such accuracy, it really opened my eyes!"

Lin Yi smiled and complimented, "But what we're doing isn't right, is it? That seems to be someone else's prey!"

"No! This is our prey!"

Ling Hanxue smiled as she took out another arrow and nocked it. As she watched the approaching five-man team, she continued, ""It doesn't have any scars on its body, so it's an ownerless item. If it's already scarred, it'll be considered a target. It's not easy to snatch it."

"Xiaoxue is right. This is the rule of hunting in the jungle. It doesn't mean that whoever finds it first will get it. Instead, whoever harms the spirit Beast of Darkness first will have a little bit of capital to be regarded as prey."

Wu yucao continued, ""There are also people who don't care about this rule and insist on snatching it. In the end, whoever kills it will own it. Then, the most unruly person is that it's useless to kill it. The one with the bigger fist will set the rules!"

"So that's what happened! So now that the prey is ours, the other party might want to snatch it from us?"

Lin Yi nodded, looking at the five-man team with interest.

If the other party wanted to make a move, none of them would be able to leave alive today!

Although the other party had more people, there was nothing special about their strength level. They were only about the same as Wu yucao and the other two.

However, in terms of equipment, these five people were similar to Wu yucao's team from before. They were fully equipped with good grade equipment, so they would most likely be doomed if they were to go up against Wu yucao's team of three, who were fully equipped with fine grade equipment.

"Stop! This is our prey. If you continue to approach, I'll take it that you're trying to snatch our prey. You'll be responsible for the consequences!"

Chen Zhisheng took a step forward and took the initiative to take on the responsibility of communicating loudly.

Chapter 7119 Immediately Disappear

Meanwhile, Ling Hanxue's bow and arrow were fully drawn, ready to fire at any moment!

The five people on the opposite side stopped at a safe distance. The leader seemed to be unwilling to give up. After looking over a few times, he cupped his hands and said, "So it's Wu yucao and you guys! Long time no see!"

Wu yucao looked up and also smiled and cupped her fists. "It's leader gan! Long time no see!"

"Little Wu, you see, we've been chasing this darkness spirit beast for a long time. Although it was killed by you in the end, shouldn't you give us some?"

Leader gan was rather polite, mostly because the fine grade equipment on Wu yucao and the others was quite eye-catching. ""We're all acquaintances, so there should be some friendship, right? Besides, I heard that you found a noble young master to back you up, so you don't care about these things, right?"

Wu yucao's face darkened. If she had not said that, she would not have minded sharing some of the spoils of war with Ling Hanxue. After all, they were the ones who had rushed over to the dark spirit beast, and Ling Hanxue had only killed it in passing.

Although they weren't very familiar with each other, they were still people in the same circle who made a living. They would see each other often, so there was no harm in having a good relationship.

It was a pity that the tone and content of leader gan's words made her unhappy, especially when Wu yucao was still thinking about something Lin Yi was interested in. It was even more unbearable!

"I'm sorry, leader gan. This is our first prey, so I'm afraid we can't share it with you. Of course, if you're hungry, we can give you some meat."

Wu yucao rejected the other party coldly, leaving no room for negotiation.

What Lin Yi was curious about was that the news of Wu yucao and the others joining Sima Yi had already spread out of the city. This speed was quite shocking, since Luling city was still off-limits.

It seemed that the number of people who could obtain the warrant was not small. The so-called sealing of the city was really just a joke!

"Wu yucao, it's meaningless to say that. Look at the equipment on you. You don't care about these things. Why are you so heartless? is it too much for you to eat the meat and give us the soup?"

Leader gan was unwilling to give up and continued to babble. Although he didn't dare to fight with Wu yucao for the prey, he could use such verbal attacks and moral kidnapping to achieve his goal effortlessly.

"Ha ... I suddenly thought of a profession called beggar. You obviously need to rely on other people's sympathy to survive, but you appear extremely strong. If he asks you to beg, you can't refuse, or give too little!"

Lin Yi suddenly chuckled and looked at leader gan's five men with a mocking expression. "It's up to you to give us our things or not. So what if we throw them out and feed them to the dogs? Who made the rule that people who have food must give their food to the beggars?"

"You called us beggars? Are you a beggar?"

Leader gan's face turned red in anger. He was about to explode, but he forced himself to calm down. "And who are you? Could it be the noble young master that Wu yucao and the others are relying on?"

"I'm too lazy to talk nonsense with you. Within three breaths, I'll disappear immediately!"

Lin Yi's face was full of contempt and disdain. He put his hands behind his back and looked at leader gan and the others coldly. "Don't test my patience. Get lost!"

Leader gan found it hard to swallow his anger, but when he thought of the rumors about this noble young master, someone really did get out of the nightless Pavilion!

For a moment, leader gan was a little frightened. Then, he looked at the equipment on the four people and felt that he was no match for them. Therefore, he turned around and waved his hand without waiting for three seconds. "Let's go!"

As for some perfunctory words like "the mountains will not change, the rivers will flow forever" and "we'll see in the future," leader gan had never thought of them.

Their opponent's background was too great, and their forces were too strong. If a small team like theirs offended a large force, they would be uprooted in an instant.

After all, to the major forces, such a small team could easily kill a large number of them. It was not a big deal.

"Hey, why did you leave? Wasn't the GaN fellow always arrogant? You're scared just like that?"

Ling Hanxue was stunned. Killing a dark spirit beast with her newly bought bow and arrow was not satisfying at all! He finally wanted to try fighting with someone, but he didn't expect that he would actually slip away!

"Zhong da, can you not scare people? Isn't it good to let this big sister have a taste of her hands?"

"Sister Xue, you should have said so earlier next time! Next time, I'll pretend to be a coward and lure them to their deaths. I'll make sure you're satisfied!"

Lin Yi laughed as he bragged to Ling Hanxue. Chen Zhisheng thought that it was fine, Sima Yi liked Wu yucao!

Only after consoling himself like this could he finally ignore Lin Yi and Ling Hanxue's jokes.

Then, he quickly went to the darkness spirit beast and pulled out the three arrows. He casually wiped them clean on his fur and ran over to return them to Ling Hanxue.

"Xiaoxue, keep your arrow well. Your archery skills have become more and more accurate recently. You're not missing your eyes or mouth at all. You didn't even hurt a hair."

Chen Zhisheng smiled and complimented Ling Hanxue. Ling Hanxue's mood immediately improved.

"Of course, didn't you see who shot the arrow! However, this bow and arrow is indeed good. Whether it's shooting speed, strength, or accuracy, it's all greatly improved. As expected of a bow and arrow that's infinitely close to the top grade, it's worth it. "

Ling Hanxue carefully kept the three arrows back into her quiver. In fact, one arrow was enough to kill the spirit Beast of Darkness. She was just itching to do it.

"This darkness spirit beast's fur isn't as precious as the Black Spirit spiked armor rhinoceros 's, so it can't be sold for much. Why don't we just give it up?"

Wu yucao had always been a calculative person and would never give up any income.

But it wasn't a good time to take in too much prey-it'd slow them down. She didn't know that Lin Yi had the Jade space, and he could put in as many things as he wanted.

Of course, Wu yucao was also curious about where Lin Yi usually kept his things, but she didn't ask. He always came and went alone, and she really couldn't figure out where his bags were.

Fortunately, Lin Yi didn't take out anything big-the demonic blade was hanging on his waist, an item he used to put on a front.

"If you say you don't want it, then don 't. It's not worth much anyway!"

Lin Yi nodded nonchalantly-this was what it was like to be rich. What's the big deal with a small piece of fur?

In Chen Zhisheng's eyes, it became proof that Lin Yi doted on Wu yucao, to the point that he would listen to everything she said!

He felt more at ease now-as long as Lin Yi's attention was still on Wu yucao, he would win Ling Hanxue for sure!

Wu yucao was only suggesting it casually, but Lin Yi agreed so readily. She started suspecting if it was because of her, and she started to feel conflicted again.

Chapter 7120 Use Of Meat Strips

If Lin Yi knew about this, he'd probably laugh and say that it was just because he had too much money!

"I don't need the fur, but I must have the meat strips! Chen Zhisheng, go and take out the neidan and the essence meat strips. We'll have a good meal today!"

Ling Hanxue put away her bow and arrows and directed Chen Zhisheng to work with great enthusiasm.

The inner core was the most valuable spoil of war. It was small in size, so it definitely could not be given up. As for the second most valuable piece of meat, it was now Ling Hanxue's food for tonight!

He could finally use the essence meat strips that he had never been willing to eat to fill his stomach! It's so comfortable to follow a rich man!

Chen Zhisheng agreed and immediately went to dissect the bison. He was very happy that Ling Hanxue could ask him to do something. It didn't matter if he continued to do it.

Chen Zhisheng quickly took out the inner core and the meat strip and handed them to Ling Hanxue. Ling Hanxue picked up the inner core and washed the blood off with clean water before throwing it to Lin Yi.

"Zhong da! Now that you're the boss, I'll give it all to you, but you have to take care of my meals! I'll leave the roast meat to you today!"

Ling Hanxue grinned as she looked at Lin Yi, thinking back to the last time they had barbecued meat ... That taste, it was really not enough! Just thinking about it made him drool!

Moreover, the previous time, it was only the ordinary meat of the Black Spirit spiked armor rhinoceros, which was thick and hard. Today, it was replaced with the essence meat of the bison. The tenderness was like the difference between heaven and earth, and it would definitely be more perfect!

I can 't, I can' t, I can't think about it anymore, I'm really going to drool!

"No problem, but sister Xue, you said that I'm the boss, shouldn't you be the one doing the barbecue?"

Lin Yi took the internal pill and passed it to Wu yucao, teasing Ling Hanxue, ""You're now this young master's maidservant, so of course you should be doing this kind of rough work. "

Wu yucao subconsciously took the inner core and became more and more conflicted. What did this mean? Was he going to be her Butler? Or perhaps ... A housekeeper?

Shouldn't we find a chance to make it clear? Wu yucao's heart started acting up again, and she couldn't care about Lin Yi and Ling Hanxue's bickering.

"It doesn't matter if you're a servant, but young master, barbecue is a delicate job, how can it be rough work? This maidservant can't do such fine work, young master has to do it personally!"

Ling Hanxue laughed without a care in the world. She didn't mind Lin Yi being her servant. She was just joking.

Chen Zhisheng was worried about his personal gains and losses. Did Sima Yi really like Wu yucao? Don't tell me you want both? No! 'I can't be petty, I have to be more magnanimous ...'

Lin Yi didn't notice that the two of them were immersed in their own world. It was quite interesting to joke around with Ling Hanxue, who had the same attitude from beginning to end.

"Zhong da, do you think this bit of essence meat is enough? The four of us, isn't that too little? why don't we go and cut some ordinary meat?"

The Bison's essence meat was about five or six catties in total, which was not a lot. A person with a big appetite could finish it all by himself.

However, this kind of essence meat strips could temper the body. If they ate too much at once, they probably wouldn't be able to digest it. The two big meals at the nightless Pavilion and the delicacy Pavilion might not even have this much darkness spirit beast's essence meat strips among the ingredients.

"It should be almost done! Anyway, after eating this kind of meat, I guess you won't want to eat ordinary meat anymore!"

Lin Yi shrugged, indicating that there was no need for that.

What a joke, wouldn't he be barbequing more meat if he cut more ordinary meat? Forget it!

Lin Yi didn't need to eat much himself anyway, so he'd at most get a taste of it.

"You're right. Why don't we roast some ordinary meat first and then eat the essence meat? The meat of this kind of dark spirit beast, wild ox, is a rare delicacy. "

Ling Hanxue was a little reluctant to give up. For such a delicious dish, no amount would be enough!

"Aren't you afraid that you'll be unable to finish the essence meat after eating too much ordinary meat? I don't mind, but we can eat more when you can't eat anymore!"

Lin Yi only smiled, but Ling Hanxue immediately shook her head, indicating that she didn't want normal meat anymore!

So, in the midst of laughter, the four of them set out again, leaving the body of the dark spirit beast, the wild ox, where it was. Whether it became food for other dark spirit beasts or was picked up by other teams, it was considered a contribution that it deserved.

After walking for a while, Ling Hanxue noticed that it was almost noon. She immediately went to find a place to roast some meat.

The fresher the meat strips were, the better the effects. Although they would still be considered fresh after being left for a day or two, it was still better to eat them as early as possible. Ling Hanxue felt that she was almost full from swallowing her saliva as she thought about the delicious roasted meat the entire way!

This was absolutely unforgivable. How could he be full of saliva before eating the essence of the meat?

Lin Yi and Wu yucao didn't mind. They didn't have any goals in the first place. Before, Wu yucao and the others were hunting for survival, but now they were just training.

If he didn't lack money, would he lose his fighting spirit?

For a moment, Wu yucao was a little confused. Then, she was attracted by the aroma of the barbecue and could no longer care about this sudden confusion!

After eating the fragrant roasted meat, the four of them rested on the spot for a while to properly digest and absorb the energy within.

Of course, Lin Yi was just acting-this stuff was useless to him, and it didn't help his essence spirit at all.

However, for Wu yucao and the other two, the meat strips were extremely useful. The three of them had a lot of food at the nightless Pavilion and the delicacy Pavilion and had accumulated quite a lot of experience. In addition to their previous cultivation, their accumulated experience was able to burst forth. So after this round of tempering, they actually showed signs of a breakthrough.

It was a pity that he was still a little short of breaking through. However, there would probably be no problem next time.

"Cultivation can't be rushed. Haste makes waste. Only when the foundation is solid can success come naturally. So, I think it's a good thing that you didn't break through this time!"

Lin Yi smiled as he consoled the three of them. He himself was deeply touched by this, and so he thought that he had the right to speak, but he was mocked by the straightforward Ling Hanxue.

"Zhong da, you haven't even reached the foundation establishment stage, so don't pretend to be a master. You can't be trying to say that you haven't reached Foundation establishment because you want to stabilize your foundation, right?"

Ling Hanxue covered her mouth and laughed secretly. She was not too concerned about her failure to break through.

"Sister Xue is really smart. You can even guess this!"

Lin Yi grinned as well, stopping Ling Hanxue from continuing the conversation. It was hard to continue the conversation with such a thick-skinned person!

Wu yucao and Chen Zhisheng didn't join in. The two of them casually chatted for a while and continued on their way.
