Chapter 7131 The Boss Blackflowers

"Young master Sima, are we just going to let him off like this?"

Ling Hanxue held the bow in her hand but didn't shoot. She looked at Lin Yi with a complicated expression, "I'm afraid there will be trouble if we let him go. If we cripple his golden core, it's not much different from killing him. He will definitely come for revenge!"

"If he comes, then so be it. It'll be the same when I deal with him!"

Lin Yi waved his hand nonchalantly and glanced at the people around him. Those who caught his eyes lowered their heads and pretended to eat, not daring to look at him anymore.

This was the result of Lin Yi's two consecutive strong battles. At this point, no one dared to look down on Lin Yi anymore, and they could only hope that this fiend wouldn't come and mess with them.

Lin Yi, of course, wasn't interested in looking for trouble with these people. After looking around, he leaned closer to Ling Hanxue and whispered, ""Sister Xue, what's the background of that big guy? He said that he wants you to go back and be the wife of the bandit chief. Could it be that there's a mountain stronghold?"

Ling Hanxue nodded. Lin Yi was thinking that it was true! However, looking at that silly big guy's appearance, he shouldn't be able to take on the responsibility of being the chief. At most, he would be the material of the second or third chief.

If he was the leader, the village would have a hard time surviving, and it wouldn't have become a dominant existence in the forest.

"That's right. In this area, there's a village called the poison King Village. The big guy is the second-in-command of the poison King Village, poison tyrant!"

Ling Hanxue did not know what to say. Releasing poison tyrant was indeed troublesome, but killing him was even more troublesome, because the chief of the poison King stronghold was his blood brother!

"Is the poison King stronghold very awesome? Many experts? Good at using poison?"

Lin Yi frowned, worried. He wasn't afraid of poison, but Wu yucao and the other two couldn't block it.

In the Jade space, there were some antidotes made during practice, but he didn't know if they were useful. After all, there were too many differences between the sub-Island and the outside world, and the poisons were likely to be different.

"Whether or not they are good at using poison ... It's hard to say, because I've never heard of them using poison. I guess the reason why it's called the poison King stockade is because the surname of their chief is du ..."

Ling Hanxue used her index finger to scratch her face and said with uncertainty, ""The chief of the poison King stockade is du Dongba's big brother, and his name is du Tianba. This person is extremely mysterious, and it is said that his strength is unfathomable. However, no one has seen him in action,

because everyone who has seen him in action has died! As such, no one knows if he's skilled in using poison!"

Lin Yi's mouth twitched. He didn't really care about the mysterious strength.

No matter how strong he was, he was only at the level of the Golden core stage. Otherwise, how could he have been able to hide in this forest?

What made Lin Yi feel a little demonic was the names of the two brothers!

Tianba ... Dongba ... tua!

What the hell ...

"Young master Sima, the poison King's stronghold is very powerful. If we stay here, we'll only invite trouble. Why don't we leave this place first?"

Wu yucao was worried. Lin Yi's combat strength was shocking, but two fists couldn't fight four hands.

One poison tyrant was easy to deal with, but seventeen or eighteen martial artists of similar strength would be enough to kill them. If hundreds of martial artists swarmed them, the four of them would definitely die!

Therefore, Wu yucao wanted to leave the martial artist rest stop as soon as possible while the situation was still under control. Even returning to Luling city would be much safer than staying in this forest!

"Alright! Then let's leave this place first!"

Lin Yi sighed and chose to listen to Wu yucao's suggestion again. Thinking about it carefully, he really wasn't someone who liked to cause trouble, but trouble would always follow him!

Ling Hanxue and Chen Zhisheng also felt that it was more appropriate to leave the martial artists 'rest stop first. Even if the forest was more dangerous at night, it was safer than staying.

So the four of them turned around and prepared to leave. Unexpectedly, an enchanting and sexy big sister-like beauty blocked their way, waving the fan in her hand with a smile.

"You're leaving just like that? Isn't that a little inappropriate?"

The big sister's eyes were full of seductiveness, and Lin Yi was on alert.

"What's the matter, beautiful sister? Could it be because of that big guy just now?"

Lin Yi put up his guard, but his smile was casual on the surface. His eyes were wandering around the beautiful big sister, like a rich young master.

It was a pity that his eyes were bright and clear, and he did not have the lecherous charm of ordinary rich young masters. It seemed that his acting skills still needed to be honed.

"Young master Sima, this is the owner of the warrior Inn, black wildflower! It's rare to see you, but you actually showed up today. We've gained a lot of face!"

Wu yucao introduced the flowers to Lin Yi with a calm face, evidently not very fond of black wildflower.

Lin Yi blinked. So this beautiful lady was the owner of a warrior Inn!

For a woman like her to maintain a place like a warrior's station, it was impossible without extremely powerful means. It was obvious that she either had extraordinary strength or a strong background, or both!

"So it's Boss Black, nice to meet you! I am Sima Yi!"

Lin Yi put on a smile and saluted, but he was thinking that it was no wonder this was a black shop. Even the boss's surname was "hei," it was indeed a black shop!

Black wildflower covered his mouth with the fan in his hand and chuckled a few times, glaring at Lin Yi with his eyes, "Young master Sima really knows how to joke. You actually call me a black boss. Tell me, how is this sister black?"

Lin Yi thought to himself, "don't you know where you're trying to scam me? Not to mention his Black Heart, at least his surname was black!"

"Young master Sima, the boss has the same surname as you, black wild Cihua!"

Wu yucao wanted to laugh, but she quickly covered her face and explained it to Lin Yi with a serious face. It was her fault for not explaining it clearly and making Lin Yi a joke.

Lin Yi's mouth twitched a little, a little embarrassed ... He'd never heard of the surname heiye before, and it was a three-word name too. Anyone would think that wildflower was the real name, right?

He was just thinking, did black wildflower's parents use the fact that House Flowers didn't have the fragrance of wildflowers as a basis for their name? He didn't expect it to be completely different!

"Heh...So it's sister hei ye. This little brother is ignorant and ill-informed, I'm sorry for being impolite!"

Lin Yi pretended to apologize and quickly changed the topic, "Big sister hei ye is the boss here, so I don't think she's stopping us for that big guy!"

Of course, the black boss of the black shop didn't come out at this time to fight for justice for the big guy. He must have come to collect compensation because of the losses caused by the fight just now, right?

"Little brother Sima, you've guessed wrong. Elder sister really came for that big guy!"

Black wildflower chuckled charmingly, waved his fan, and pointed to the completely collapsed stairs. "That person lost. Originally, we should have asked him for compensation. However, little brother Sima let him go, so we can only ask you for compensation."

Chapter 7132 Talk

After all that talk, it was still for compensation!

Lin Yi said, understanding the whole situation. He didn't want to dwell on the issue-it was just a staircase, after all, and it wasn't much to compensate for.

Wu yucao's pretty face was a little displeased-black wildflower was taking advantage of the situation, calling Lin Yi "big sister" and "little brother" so intimately. She didn't want to say anything, though, so she kept it in her heart.

"Sister hei ye, just say the word. I'll bear all the compensation you need!"

Lin Yi took out a stack of gold certificates and patted it on his palm, as if he were a rich man who was so poor that he only had money left.

At the same time, Lin Yi suddenly realized that the people around him were all shrinking back when the black wildflower appeared. They were all in awe of Lin Yi before, but it wasn't so obvious. The black wildflower's aura seemed to be stronger than Lin Yi's.

Sure enough, to be able to set up a warrior's station here and even set up a set of rules that everyone would follow, black wildflower was definitely a ruthless person!

"Hehe ... Little brother Sima is really forthright. However, big sister was just joking with you. It's just a small thing. If it's broken, so be it. It can be fixed immediately. You don't have to take it to heart."

Black wildflower didn't even look at the gold ticket in Lin Yi's hand. He waved his hand casually, and the people from the courier station immediately went to clean up the mess.

The debris on the ground was swept away in the blink of an eye, and new semi-finished stairs were brought over and quickly assembled together.

In just two to three minutes, everything had returned to normal, as if the fight and destruction had never happened.

As expected of professional and skilled workers, they had done this process countless times!

"If sister hei ye is not asking for compensation, then what is it for?"

Lin Yi raised an eyebrow, confused. "We still have things to do. If sister heiye doesn't have any other advice, we'll take our leave!"

To tell the truth, Lin Yi suspected that black wildflower was stalling for time so that the people from the stronghold could come and deal with them.

But if that was the case, it didn't seem like black wildflower needed to do it himself-the martial artist relay station's reserves must be extremely strong, or else they wouldn't be able to suppress so many martial artists who came to stay. Black wildflower only needed to give the order to deal with Lin Yi and the others!

"I don't dare to give you advice, but there are indeed some things that I want to discuss with little brother Sima. Why don't we go upstairs and talk about it in detail?"

Black wildflower's eyes curved into crescents as he smiled and spoke softly. It wasn't easy to refuse.

Lin Yi shrugged. "Let's talk here. I still have things to do. I don't want to waste any time!"

"Little brother Sima, even if you leave now, you won't be able to avoid the eyes of the poison King stockaded village. There are eyes of the poison King stockaded village all over the place within a radius of several tens of miles. If you go out now, you will definitely not be able to escape from du Tianba's pursuit."

Black wildflower knew why Lin Yi left, so he decided to be direct, "Little brother Sima, you've shattered du Dongba's golden core, so how could du Tianba just let it go? The poison King stockaded village isn't

far from here. Once du Dongba left the rest stop, the news would have reached the poison King stockaded village already. Du Tianba should be on his way here with his men by now!"

"Then, sister hei ye is still stopping us from leaving? Could it be that you're trying to drag us into waiting for brother du Tianba to arrive, and then hand us over to the poison King stockade?"

Lin Yi smiled as he looked at the black wildflower, not really bothered by it. "If that's what big sister hei ye plans to do, then I really have nothing to say!"

"Little brother Sima, you've wrongly accused big sister. Could it be that in little brother's eyes, big sister is such a person?"

Black wildflower rolled his eyes at Lin Yi, and Chen Zhisheng felt his whole body go soft, but Lin Yi didn't care.

"Sister heiye isn't that kind of person, so why did you ask us to stay and talk? If we stay, won't we just be waiting for death?"

Lin Yi, naturally, didn't think that he would just wait for death. He was more afraid of the poison King stronghold because he had Wu yucao and the other two with him. If it really came to him, he wouldn't die as long as his essence spirit wasn't completely exhausted. What was there to be afraid of?

"Little brother Sima, you're really underestimating me. Since I've asked you to stay, I'll naturally ensure your safety. Although the poison King stockaded village is overbearing, they won't dare to go too far in my martial artist rest stop. With me here, they won't be able to make things difficult for you."

Black wildflower laughed arrogantly. Although he still looked charming, he seemed more domineering. "Little brother Sima, now you can be at ease and follow big sister upstairs to talk in detail, right?"

Although the surrounding onlookers didn't dare to look over, they still pricked up their ears to eavesdrop on the commotion. They also wanted to see if the powerful young master Sima would reject black wildflower's invitation.

If young master Sima really didn't know what was good for him and ignored black wildflower's repeated invitations, and embarrassed her in public, he would not only offend the poison King stockade, but also the rest of the martial artist courier stations.

After this, even if this kid was lucky enough to survive, he shouldn't come to this jungle area in the future. Even if he did, it would be difficult for him to take a single step.

Lin Yi's eyebrows twitched a little as he considered accepting black wildflower's invitation.

He didn't really want to talk to this beautiful lady-she'd been very polite since she'd appeared, but Lin Yi still had his guard up against her.

"Young master Sima, since boss hei ye has invited us so graciously, why don't we go up and listen? who knows, it might be beneficial for us!"

Wu yucao whispered in Lin Yi's ear. She wasn't afraid of the poison King stockade, but she was worried about Lin Yi's safety. Although Lin Yi had displayed shocking combat strength, he was still a Sky Class full master.

The attack power might be heaven-defying, but the defense power was not enough. The bearded assassin could indeed burst out a powerful attack power, but because of this, a large part of the defense power was sacrificed. This was the consensus among the martial artists!

It was the same for Lin Yi's equipment-he didn't buy any defensive equipment other than weapons.

So Wu yucao was worried that if they fought with the poison King stronghold, the three of them could still rely on their equipment to kill their way out, but an assassin with high burst damage like Lin Yi could be easily killed in a chaotic battle.

"You also think that we should go up and have a talk with sister hei ye?"

Lin Yi pinched his chin as he looked at Wu yucao. He thought for a moment before nodding with a smile, "Actually, I think so too. It would be impolite to reject the invitation of such a beautiful woman like sister hei ye!"

Wu yucao's heart suddenly felt a little complicated. She couldn't describe what she was feeling, so she could only nod blankly.

Chapter 7133 Big Sister Has Taken A Fancy To You

"Little brother Sima's mouth is really sweet. You've coaxed big sister so much that she's bursting with joy!"

Black wildflower waved his fan with a smile and gestured with his hand, ""Then let's go up first. This is not a place to receive guests!"

This time, Lin Yi didn't reject her. He moved aside, "Sister hei ye, please!"

Black wildflower smiled and walked forward, inviting Lin Yi to walk beside him.

The group of people slowly walked up the newly built stairs, laughing and chatting, the atmosphere was extremely harmonious.

After coming to the second floor, black wildflower led the four of them to her exclusive living room and sat down according to the guest and host. The servants served tea and snacks, then she retreated and closed the door.

Lin Yi didn't say anything, waiting for black wildflower to explain himself.

Black wildflower smiled and went straight to the point. ""Little brother Sima, big sister has taken a fancy to you!"

Lin Yi and the others were all shocked-wasn't that too direct? Could it be that the next scene would be a forced marriage?

Chen Zhisheng was a little happy after the initial shock-if black wildflower really forced Lin Yi to marry him, that would be great!

"That ... Sister hei ye, you should just say it!"

Lin Yi laughed dryly and wiped the cold sweat off his forehead. "It's not very kind of you to joke with your little brother!"

"Why did you say that I was joking? Don't tell me big sister can't take a fancy to you?"

Black wildflower glared at Lin Yi, covering his mouth with his fan as he chuckled, "Forget it, forget it. I'm old and yellow. I'm not suitable to take a fancy to little brother Sima!"

"Sister hei ye really knows how to joke. You're so bright and beautiful, where's your old and yellow appearance?"

Lin Yi laughed dryly as he flattered.

Women don't care about their age. You can laugh at yourself for being old or ugly, but if you agree with me, you're dead!

"Really? I said that little brother Sima has a sweet mouth, you're really sweet to death big sister. "

Black wildflower cupped his face and smiled sweetly.

Lin Yi's mouth twitched-could they talk business now? But obviously, in the eyes of black wildflower, it was important for his appearance to be recognized ...

Lin Yi had no choice but to lower his head and drink some tea to calm himself down, and wait and see!

Wu yucao couldn't sit still. Black wildflower was still gloating, so she reminded him,""Boss hei ye, why are you looking for our young master? If there's nothing else, we won't disturb you any further!"

"Eh, you little girl, how can you be so unruly? your young master is here, what right do you have to speak?"

Black wildflower, on the other hand, was not polite to Wu yucao. He straightened his pretty face and an invisible aura instantly spread out. "I'm only letting you sit down because of your young master. Don't think that you're on the same level as me and your young master!"

Wu yucao was furious inside, but she remembered that Lin Yi had to be the leader in front of outsiders. She suppressed her anger and lowered her head,""I'm sorry, young master. I've overstepped my boundaries!"

"Sister hei ye, although this sister Wu is my subordinate, I treat her and these two as my own brothers and sisters, so don't say such things again!"

Lin Yi still had a smile on his face, but his tone was cold. "Sister hei ye, you should be very clear why poison tyrant's golden core was crippled. Doesn't this explain the position of the three of them in my heart?"

Black wildflower was slightly startled, and then he laughed. "It was just a joke. Little brother Sima, you really took it seriously! How could I not know how much you value these three, otherwise I wouldn't have let them in. "

Regardless of whether black wildflower was being sincere or not, at least he had given them a way out, and everyone could let go.

"However, little brother Sima, you look really handsome when you're serious. Big sister really likes you! And you're so protective of your own people, big sister is almost dying of envy!"

"Sister hei ye is joking again!"

Lin Yi's face relaxed as he put down his teacup. "Today, sister hei ye summoned her little brother up. Surely you're not going to keep joking, right?"

"There's nothing wrong with always joking! Unless little brother Sima is disgusted with big sister!"

Black wildflower chuckled and didn't continue. This woman knew when to stop, and Lin Yi might really lose his patience if he didn't get to the point. "Alright, alright, let's get back to the main topic. Big sister wasn't joking when she said she likes you. She's speaking the truth!"

Lin Yi curled his lips. You're telling the truth, I'm telling the truth! Can't we just have fun?

"Little brother Sima, your battle with poison tyrant was witnessed by this elder sister. Little brother, your strength really makes this elder sister incomparably amazed!"

Black wildflower didn't give Lin Yi a chance to complain and continued, "Elder sister would like to ask younger brother Sima for a favor. This favor can only be done by a powerful individual at the Golden core stage and above. I don't know what younger brother Sima thinks?"

Little brother Sima really didn't think much of it!

Lin Yi frowned, "heiye sis, it's not that I don't want to help you, it's just that I'm not as strong as I look. If it was a head on fight, du Dongba could finish me off with one punch. I only won because of all the tricks and reasons, plus some great luck."

Lin Yi had always been on guard against black wildflower-he wouldn't agree to help just like that, of course, or he'd be screwed over.

"Little brother Sima, do you know that this elder sister originally found a helper, but you ruined it. Shouldn't you be responsible?"

The black wildflower had a pitiful expression on its face, like a woman who had been abandoned. Lin Yi's scalp went numb from the look in its eyes, and he wanted to get out of here as soon as possible.

But remembering what black wildflower said, Lin Yi suddenly had a bad feeling, "The helper big sister he was talking about, could it be poison tyrant?"

When he encountered du Dongba, he had come down from the second floor. He was from the poison King stockaded village, which was near the martial artist rest station. There was no need for him to stay here.

Therefore, poison tyrant's purpose in coming to the warrior's station was indeed to discuss something with black wildflower!

In addition, poison tyrant, as the second-in-command of the poison King stockade, went out alone without any guards. In addition to being bold because of his skills, the best reason was to have a secret discussion with black wildflower!

As expected ... When trouble comes, it can't be stopped!

"Little brother Sima, Do you understand now? Poison tyrant was originally a helper big sister found, and it wasn't easy to convince him, but you crippled him just like that. Big sister didn't even look for you to settle the score, and even promised to protect you. Could it be that you can't take up your own responsibility and help big sister with a small favor?"

Black wildflower spoke gently and sensibly. Even Wu yucao and the other two felt that they should really help!

Chapter 7134 It's Not Impossible To Discuss

Unfortunately, Lin Yi didn't want to get involved. He felt that nothing good would happen if black wildflower was involved.

"Sister hei ye, you also said that you needed the help of a Jindan stage martial artist, but this little brother is really not that strong! Poison tyrant's defeat was entirely because he had underestimated his opponent! There are also some coincidences ..."

Lin Yi smiled bitterly, trying to explain how weak and trashy he really was.

"Little brother Sima, do you think big sister is blind?"

Black wildflower pouted. "That's right. Your strength level is indeed very low. In a head-on battle, poison tyrant may not lose if he pays attention to defense. So what?" He's lost!"

Lin Yi was speechless-what else could he say?

Sure enough, it was impossible to reason with women. Women themselves were the greatest reason!

But the next moment, Lin Yi knew he was wrong, because black wildflower started to reason with him!

"Little brother Sima, let's be reasonable! First, you have to take responsibility for ruining my sister's plan! You've defeated poison tyrant, which means that your strength has already reached that level. This is the second reason, right?"

Black wildflower counted with his fingers and said, ""Most importantly, the process of you defeating poison tyrant shows that you're more suitable to help big sister than poison tyrant!"

"What's the process? What's wrong?"

Lin Yi was dumbfounded. During the process of defeating poison tyrant, the most he did was destroy the stairs. Could it be that black wildflower wanted to get help?

In that case, that stupid du Dongba was a good fit-he could tear down a large area in minutes with his fist ... And Lin Yi's thousand legs seemed to be a good fit for that too!

"First of all, you shattered the stairs under poison tyrant's feet, causing him to lose a place to borrow strength. Without any leverage, poison tyrant can't even use half of his usual strength!"

Black wildflower waved his hand and began to pull up his fingers again."Then, you dodged poison tyrant's attack and directly rushed toward his golden core. Although you didn't succeed in your attack, you made poison tyrant lose the opportunity to borrow strength again. In this case, not to mention whether poison tyrant was injured after the head-on clash, he couldn't use much of his strength to begin with, and it was weakened by more than half."

Lin Yi was shocked-he didn't notice black wildflower when he fought with poison tyrant, but black wildflower knew every detail!

Even poison tyrant himself might not be able to figure out the details.

"Under such circumstances, poison tyrant still managed to swing out his fist. The first time he missed, he should have understood that your movement technique was very effective against him. What an idiot!"

Black wildflower looked a little disdainful and shook his head."At the last moment, the little power he had scattered again. He wanted to block your attack, but you borrowed it to fight against it, destroying his golden core in one fell swoop. In terms of true strength and power, little brother Sima, you are indeed not as good as poison tyrant, but in terms of battle experience and wisdom, even a hundred poison tyrants can't compare to you!"

Lin Yi didn't know what to say-everything was as black wildflower said, what else could he say?

But it was also because of this that Lin Yi was even more afraid of black wildflower. It was better to avoid black wildflower if possible!

In other words, no matter what black wildflower said, he had to reject her decisively, even if it meant falling out with her!

It was better to fight in the open than to be plotted against behind the scenes!

"Little brother Sima, you have nothing to say now, right? To be honest, compared to combat ability, big sister values your combat wisdom more. You're more suitable to help than poison tyrant, that stupid big guy, so you must not refuse this time!"

Lin Yi's face was expressionless as he thought to himself, _i have to refuse!_ I'll refuse even if you beat me to death!

"Sister hei ye, this matter is really ..."

"Little brother Sima, I really need your help in this matter. The dark green Devil Valley is not a place that ordinary people can enter, but with little brother Sima's means and wisdom, it shouldn't be too dangerous. Not to mention that big sister will also go with you. As long as you agree, you will definitely have a share of the harvest inside, and there will be an extra reward. Big sister still owes you a favor!"

Black wildflower could tell that Lin Yi wanted to reject him, so he quickly stated his conditions, hoping that Lin Yi would be moved.

Lin Yi almost choked on his own saliva. He coughed a few times before putting on an act, "Sister hei ye, I'm just saying that this matter is really interesting, and it's not like we can't discuss it ..."

The reason why he suddenly changed his mind was of course not for any benefits, rewards, or favors, but because of the name of the place, dark green Devil Valley!

Could this be another name for the Azure sky Valley?

Perhaps on the sub-Island, the Azure sky Valley was called the Azure Green demonic Valley!

It was really like he had worn out his iron shoes in a long search, but found it without any effort!

This kind of request, no matter what, he had to refuse?

As long as he didn't die, he definitely couldn't refuse!

"That's great. If little brother Sima agrees, I'll be more at ease!"

Black wildflower smiled happily, as if he was really relieved. ""With little brother Sima's help, our chances of success will be much higher!"

"Before that, can sister hei ye first introduce some information about the dark green demonic Valley? Although this little brother has heard of it, it's only a name. I'm not too clear about the details!"

Lin Yi asked casually. He didn't seem to care, but he was actually very nervous.

"No problem, no problem! In fact, big sister doesn't have much information about the dark green demonic Valley. She only knows that it's a Valley full of poisonous fog. Because of the poisonous fog that

has been spreading for years, all living things have been contaminated with poison, and the whole Valley is dark green. "

Black wildflower didn't think much of it and told Lin Yi what he knew,"In addition to the strong Poison, there are some strange places in the dark green demonic Valley. It is hard to say if you don't go in. There are also some demonic creatures living in it, so it is called the dark green demonic Valley,"

Lin Yi scratched his forehead with his index finger, not sure if this was the valley.

Listening to the black wildflower's description, it seemed to be somewhat similar, but there were also some differences. It was difficult to explain clearly!

No matter what, this was the closest lead to the valley after coming to the sub Island. He'd rather kill the wrong person than let it go, so Lin Yi decided to go with black wildflower.

In any case, the poison had no effect on him. Places that could not poison him to death were like a natural moat to others, but to him, it was a flat road!

"Why would sister Kurono go to such a dangerous place? Could it be that there are some rare treasures inside?"

Although Lin Yi had made his decision, he still continued to test the black wildflower. It would be great if he could get some news about the purple mist evil Lotus!

Chapter 7135 Do You Agree?

"Maybe, but it's just a rumor. We'll only know when we go in! In any case, I won't leave anything behind for you, little brother Sima!"

Black wildflower didn't want to talk about it in detail, and Lin Yi could only give up.

"Alright, since sister hei ye is such a beautiful woman, it would be impolite of me to reject her again. In that case, I'll accompany you! No matter what, I have to help you fulfill your wish, big sister hei ye!"

Lin Yi patted his chest and smiled as he made the promise, but he was thinking that if her goal was the purple mist evil Lotus as well, then he could only say sorry!

"That's great. If little brother Sima agrees, then big sister can be at ease!"

Black wildflower smiled with joy and continued, "Then let's talk about the specific matters now, shall we?"

Lin Yi wanted to know more about the dark green Valley, but Wu yucao's face was full of worry, so he didn't rush to continue, "heiye sis, we've been out for a whole day and are a little tired. Why don't we rest tonight and talk tomorrow?"

Black wildflower was slightly startled, then nodded. "That's right. You guys should rest first. This matter needs to be discussed at length. There's no rush!"

More haste, less speed, and since Lin Yi had already made up his mind, black wildflower felt that there was no need to rush.

And so, Lin Yi and Wu yucao stood up and said their goodbyes, while black wildflower got someone to arrange their accommodation.

As the owner of a martial artist Inn, he naturally wouldn't be stingy with his business partners. He booked a suite for the four of them.

There were three rooms, one big and two small, and a living room. It was just right for four people.

Lin Yi closed the door and told the three to sit down in the living room.

"Big sister Wu, you seemed to be a bit worried just now. Do you think that the dark green demonic Valley is too dangerous and that we shouldn't participate? Actually, you don't have to come with me. I can go there alone with black wildflower. "

Lin Yi went straight to the point-he needed more advice on this.

A person's consideration would always have an oversight. As the saying goes, a wise man would definitely make a mistake. If the dark green Devil Valley was really the dark sky Valley, he had to make sure that it was foolproof!

"Zhong da, the dark green demonic Valley is indeed very dangerous, but we are now ... Wherever you go, we will naturally follow! Also, I think black wildflower is more dangerous. Do you really want to work with her?"

Wu yucao wanted to say something but stopped, then pointed the spear at black wildflower. ""Perhaps there really are some benefits in the dark green demonic Valley, but how could the black wildflower that initiated the operation give us any benefits? Most likely, she wants us to be her cannon fodder, and then she'll get all the benefits!"

"Big sister Wu's considerations are right, but there are still benefits to working with black wildflower. For example, the most direct one is the revenge operation of the poison King stronghold that is coming soon!"

Lin Yi didn't say that he was very interested in the valley of azure skies, but he used the poison King stronghold as an example. He didn't really care about the place.

"You're right ... According to black wildflower, the people from the poison King's stronghold are already on their way here. Are we really fine staying here?"

Chen Zhisheng looked a little worried. He looked at Ling Hanxue and said, ""In this forest, the poison King stockaded village is not at a disadvantage in terms of strength compared to the fighter's relay station. If du Tianba wants to take revenge on us, even the black wildflower may not be able to withstand du Tianba's anger."

"There's no other way now. There are indeed hidden sentries placed around the fighter courier station. If we leave now, we might not be stopped, but we can't keep our whereabouts a secret. After dawn, we might have to face the encirclement of the poison King stockade!"

Wu yucao paused for a moment, then continued, ""Or maybe the people from the poison King stockade won't be here so soon. It's more dangerous to move in the dark. Although they have more people, they might not take such unnecessary risks."

The strength of the spirit beasts of darkness would be greatly improved at night. The spirit beasts of darkness that could be easily hunted during the day were very likely to annihilate the hunters at night!

This was also why there were places like martial artist rest stops, and why most people were not willing to camp outside.

Moreover, in the dark, the social activities of the dark spirit beasts would become more frequent. These social creatures might not be seen during the day, but it did not mean that there were no dark spirit beasts in the jungle. If they encountered such a situation, the danger factor would soar again.

"Let's not think about the poison King's stronghold for now. Let's wait for them to come. For now, we can let black wildflower try to solve it. If it doesn't work, it doesn't matter. We don't have to be afraid of the poison King's stronghold!"

Lin Yi waved his hand and changed the topic back to the valley. "Let's talk about the cooperation with black wildflower. Other than the unknown danger and the black wildflower, do you have any other ideas?"

Wu yucao and the other two looked at each other and shook their heads in unison. Then, Wu yucao declared, ""Zhong da, the two most important things about going to the dark green demonic Valley are the dangers there and the black wildflower's scheme. If you don't think these are a problem, then we won't say anything. I'll listen to you on what to do next!"

"Alright! Then we've roughly decided to go to the dark green demonic Valley, but we'll have to discuss the details tomorrow. In addition, we have to solve the problem of the poison King stockaded village!"

Lin Yi thought that it was better to deal with the poison King's stronghold before he left-if the dark green Valley really was the dark sky Valley, he might be able to get the purple mist sinful Lotus to rebuild his body.

In this way, it was only a matter of time before they left the sub Island. In the future, Wu yucao and the other two would probably have to spend their days in this jungle, so he couldn't leave any hidden dangers to them.

The decision was basically made, and the four of them chatted for a while before returning to their rooms to rest. After a day of fighting and venturing out, the three of them really did need some time to adjust.

They didn't talk for the whole night, and the four woke up when the sky brightened. As expected, the people from the poison King's stronghold didn't come to look for them at night!

"Young master Sima, my master would like to see you!"

There was a rhythmic knock on the door, followed by a respectful female voice. ""Young master Sima and your subordinates, please move!"

Lin Yi opened the door and smiled at the young lady. "Your master is really good at calculating. We'll get up now!"

"Young master Sima must be joking. My master ordered this servant to come and check at any time. I only came to invite you when I heard that young master had stood up!"

The young woman was open and wasn't afraid of being suspected of spying on Lin Yi, "Breakfast is ready, my master has been waiting for you!"

Chapter 7136 Who's The Leader!

"Alright, let's go then!"

Lin Yi smiled as he walked out of the room. "Your master is sister hei ye, right? I don't want to find the wrong person. "

"It is!"

The young lady smiled and led the way. Lin Yi and the others followed her to the living room they were in last night.

There were a few small tables in the living room with their own dishes. Black wildflower saw Lin Yi coming in and stood up to greet him, "Little brother Sima, did you rest well? I've prepared some breakfast for you, come sit down and eat!"

"Sister hei ye is so thoughtful! This little brother thanks big sister on their behalf. "

Lin Yi cupped his hands and smiled,"They all look delicious, little brother won't be polite!"

After he finished speaking, he casually sat down behind a small table below the black wildflowers and picked up a piece of cake to taste.

As a pill master, he was well-versed in medicine and medicine. He was sure that there wasn't any poison here, and gestured for the others to sit down and eat.

Black wildflower wasn't in a hurry, and chatted with the four with a smile. After a while, when they were almost done, he turned the topic back to the valley.

"Little brother Sima, let's continue our conversation from yesterday!"

Black wildflower waved his fan and smiled.""Because the dark green Devil Valley is full of danger, since little brother Sima has agreed to help big sister, then after we reach the dark green Devil Valley, you must listen to big sister's arrangements. There's no objection to this, right?"

"Sister hei ye, I'm really sorry, but this little brother has a disagreement with you on this point! Although I promised to help my sister this time, but after we reach the dark green demonic Valley, I must have absolute leadership rights! Therefore, I hope that sister hei ye can explain in detail all the details of this operation!"

Lin Yi said with a faint smile, "Of course, it's not a problem to listen to sister heiye normally. As long as we enter the dark green demonic Valley, I'll analyze the situation and adopt the corresponding solution. What do you think, sister heiye?"

Of course, he didn't mean much!

Black wildflower was furious. How could a helper he had found have absolute leadership? Who was the one here to help?

"Little brother Sima, you're going a little too far. Although it's not easy to find helpers, it's not like there's no one. The initiator of this operation is this elder sister. If I don't have the right to lead this operation, why would this elder sister be so busy?"

Black wildflower hid his displeasure very well, but his tone was already a little cold.

If she didn't have high hopes for Lin Yi's strength, she would've fallen out with him already!

"Sister hei ye, why would I be so busy? In the dark green demonic Valley, I'll be the supervisor, but that doesn't mean you'll lose your benefits. When it's time to divide the benefits, what you should get will still belong to you, any questions?"

Lin Yi shrugged and spread his hands. "The reason why I want to be the leader of the operation is to ensure the safety of our team. Sister heiye, you should know the details of the entire operation best. You should know in your heart whether my decision will harm you or not."

He didn't say it out loud, but it was clear that Lin Yi didn't trust black wildflower. He didn't have the right to be a director, and he didn't know the details-he'd be easily tricked by black wildflower.

"Little brother Sima, so you don't believe me?"

Black wildflower's smile was still bright, but his eyes were a little cold."If you can't trust me, how do you expect me to trust you?"

"So, sister hei ye doesn't agree to my request?"

Lin Yi raised an eyebrow and smiled."If that's the case, I can only regretfully say that our negotiations have failed! It's not easy to make a fair and just deal these days!"

Black wildflower paused. She did indeed like Lin Yi as a partner-after all, it wasn't easy to find someone who had both intelligence and combat strength.

However, it was also because of his intelligence that he was not easy to deceive. If he did not make concessions, it seemed that the cooperation would really be over!

In fact, Lin Yi was also very anxious. Whether the dark green Valley was the dark sky Valley or not, it meant a lot to him!

If black wildflower refused to give him the leadership rights, he would have no choice but to agree.

Now, he was just retreating in order to advance, and slightly forcing black wildflower. If he could get black wildflower to give in, then it would be a happy ending!

"Boss! The chief of the poison King stockaded village is here with some people. He wants to settle the score with the person who injured his brother yesterday!"

Just as black wildflower was hesitating, a waiter from the courier station outside the living room reported loudly.

Black wildflower was overjoyed, thinking that this was a good chance to force Lin Yi to give in.

"Little brother Sima, du Tianba is here to cause you trouble! Do you need your sister to show up? Let big sister send them away, and you can stay here and think about it?"

Black wildflower's eyes curved into a smile, and he covered his mouth with his fan. "With sister here, the people of the poison King's stronghold will have to give her some face. I'm sure that little brother Sima and the rest of you will be safe."

Lin Yi, of course, understood that black wildflower wasn't that kind. She wanted Lin Yi to agree to help, but he couldn't fight for the leadership rights. Everything had to be under her command, and then she'd come out and solve the problem.

This was one of the rewards she promised Lin Yi-if the deal with the dark green Valley fell through, black wildflower had no obligation to offend the poison Masters.

Lin Yi's lips curled up into a meaningful smile.

Black wildflower thought that the stronghold's arrival was an opportunity to force Lin Yi into submission, and Lin Yi thought the same.

As long as they could take care of the poison King's stronghold, black wildflower would have to re-evaluate Lin Yi's strength, and he might be less against handing over the leadership.

It was also possible that Lin Yi was too strong, so they gave up on asking for help to avoid the situation.

If that was the case, Lin Yi would have to keep an eye on the black wildflower until she went to the dark green Valley. But no matter what, he had to deal with du Tianba's threat personally.

"Thank you for your concern, sister hei ye, but there's no need for you to come over for this small trouble. We can solve it ourselves!"

Lin Yi smiled and cupped his hands,"about the cooperation, sister, you can think about it. After we take care of the poison King stronghold, if there are still no changes, we'll leave the rest stop!"

Black wildflower was slightly startled. This kid wanted to face du Tianba by himself? He probably didn't know how powerful du Tianba was, right?

It would be good to let him suffer a little, but he could not be killed by du Tianba so easily! He had to keep an eye on him!

Black wildflower made up his mind and immediately smiled. "Since little brother Sima wants to solve it himself, then big sister won't come forward. You guys go down and deal with this first. After it's over, we'll talk again!"

Chapter 7137 Each Has Their Own Overall Aspects

She made a gesture of not doing anything, but at the same time, she was secretly looking after Lin Yi. She couldn't let him get killed!

At the critical moment, he saved her life, and he still had the nerve to ask for the right to lead the operation?

This wishful thinking was really calculated!

Lin Yi was also thinking about his own plans, so he didn't say much to black wildflower. He cupped his hands and brought Wu yucao and the others downstairs.

The tables and chairs that were originally placed below had been moved away, leaving a large space. They knew that they were going to fight, so they had prepared in advance!

He didn't know if it was the people from the poison King's stronghold or the relay, but Lin Yi guessed that it was most likely them.

After all, they had to compensate for breaking things, and it was an extremely expensive compensation. The people at the warrior's courier station were eager for them to break more things, so why would they help?

There was a circle of burly men standing at the staircase. Poison tyrant was the tallest and strongest among them, and beside him was a burly man who was a head shorter than him.

This man was definitely burly compared to Lin Yi, and he looked 80% similar to du Dongba. He should be his big brother, du Tianba.

"Brat, you really have guts! He actually dared to stay here instead of running away! I ... No, second master, I admire you!"

Poison tyrant gave Lin Yi a big thumbs up, his face full of mockery and deep resentment, "Since you didn't run, then prepare to suffer the second master's wrath!"

Originally, this guy liked to call himself 'Lord', but his big brother du Tianba was next to him, so it was a little inappropriate to call him 'Lord' anymore. 'Lord' was naturally his big brother, so he was demoted to 'second Lord'!

"You idiot, you didn't teach me enough yesterday, did you? You've forgotten the pain after the scar has healed, and you still brought your big brother here today. Is it because you want to share your big brother's difficulties?"

Lin Yi didn't hold back either-he smiled and mocked back."I really couldn't tell that you're so close to your brother. You didn't forget to bring your big brother along even when you're in trouble. By the way, this is your big brother, du Tianba, right?"

Poison tyrant didn't understand what erhuo meant, but his instinct told him that it wasn't something good either!

He also understood Lin Yi's taunting,"Kid, don't think that you're so great just because you have sharp teeth and a sharp mouth. In a while, second master will cut off your tongue, stir-fry it, and let you eat it. Then you'll know what sharp teeth and a sharp mouth taste like!"

Du Tianba's face was calm as he raised his hand to interrupt his brother. He looked at Lin Yi coldly, "You're the one who hurt my brother? I really can't see what's so good about you. You really don't show your true abilities. Now, I'll give you a chance to try again!"

"Not bad, you're quite straightforward. Since that's the case, are you going to fight me one-on-one, or do you want to fight me as a group?"

Lin Yi glanced at the people beside du Tianba-they were all peak and late Foundation Stage practitioners, and they had the upper hand in terms of strength and numbers.

Du Tianba himself was a golden core stage practitioner, and if he fought cautiously, Lin Yi's combat strength might not be able to do anything to him.

Of course, this was under the condition that he didn't use his spirit attack skills. In order to scare the black wildflower, Lin Yi had already decided to sacrifice some of his essence spirit. After all, this concerned the blue sky Valley, and it was worth it to use some of his essence spirit.

"Today, you will have another match with dynamic tyrant. I want to see how you will win against dynamic tyrant!"

Du Tianba shook his head at du Dongba, signaling for him to fight Lin Yi outside, ""Wouldn't it be more comfortable for your enemy to do it himself?"

"Big brother is right. Beating him up personally is much more enjoyable than having someone else do it for me!"

Du Dongba grinned and laughed. He clenched his fists, and his knuckles cracked."Brat, are you prepared to die? Do you have any last words?"

"What?" Lin Yi blinked, stunned. Du Tianba, are you here to trick your own brother? Yesterday, he was still in the Golden core stage and didn't even have the strength to fight back. Today, he has already fallen to the Foundation Stage. Do you think he still has a chance of winning?"

"Yesterday, second master fell into your trap. In fact, you don't even have the strength of the foundation establishment stage. Second master is enough to crush you today!"

Poison tyrant had probably carefully organized his thoughts after returning and felt that he had lost unjustly, so he was now full of confidence!

What he didn't consider was that even if Lin Yi wasn't in the Foundation Stage, the damage he'd done was real!

She didn't understand where this guy got his confidence from, thinking that he had enough strength to deal with Lin Yi?

"Forget it. Since you want to die, you can't blame this young master!"

Lin Yi shook his head helplessly as he prepared to step forward.

Chen Zhisheng suddenly stood up and blocked Lin Yi's way, "Young master Sima, you don't need to personally deal with such a small fry. Just leave it to this subordinate to deal with!"

Previously, Chen Zhisheng had been bullied by poison tyrant. Now that poison tyrant's strength had decreased greatly, he was almost on par with Chen Zhisheng. At this time, he naturally had to take revenge!

Moreover, it seemed that today's situation was no longer good. In that case, it would be better to get rid of poison tyrant and make himself feel more comfortable first!

"You want to deal with poison tyrant?"

Lin Yi blinked, but understood what Chen Zhisheng was thinking. It was rare for him to take the initiative, so Lin Yi couldn't reject him. He nodded, "Alright, be careful!"

"And who are you? how are you qualified to fight with our second head? watch how I'll deal with you!"

One of the poison King stockaded village's men immediately jumped out, ready to fight it out with soldiers, but was pushed back by poison tyrant with a slap.

"Get lost. Do you think second master is afraid of a soft egg like Chen Zhisheng?"

After du Dongba cursed at his own people, he turned to Chen Zhisheng and grinned hideously. "That's good. Before we eat, let's have an appetizer. You think that second master's golden core is shattered and he can't do anything to you? I'll let you know today that your second master will always be your second master!"

After that, without waiting for Chen Zhisheng to speak again, the huge body flew directly over, and the big fist of a casserole swung fiercely at Chen Zhisheng.

Chen Zhisheng snorted coldly. He raised his hand shield and hid his sword below. He took a bow stance and took du Dongba's fist.

With a loud sound like iron being struck, Chen Zhisheng's feet did not move, but he was pushed back two or three meters by the huge impact, and two deep marks were plowed on the floor.

Although the hand shield had absorbed most of the impact, the aftermath still made Chen Zhisheng's arm numb.

Sure enough, the poison movement Overlord golden pill had just shattered, and its Foundation had not completely dissipated. Its attack power still couldn't be underestimated!

Poison tyrant didn't have it easy either. Chen Zhisheng's hand shield was the best of the best, and it wasn't damaged at all by his punch. On the contrary, his own fist was aching, and he felt like his finger bones were about to break. Moreover, the backlash made him take two steps back.

Chapter 7138 Who Else?

The situation seemed to be evenly matched, but how could du Dongba accept that Chen Zhisheng, who had always been bullied by him, would be his equal? He immediately roared and charged forward again.

Chen Zhisheng took the punch head-on, and his heart suddenly calmed down. He was not inferior to poison tyrant. He no longer only defended and did not attack. Under the cover of his hand shield, he fiercely slashed out with his single sword!

For a moment, du Dongba didn't dare to face it head on. After all, he was made of flesh and blood, and he was no longer a gold core expert. After a few moves, he was actually at a slight disadvantage, which simply made him want to die of shame and anger!

Du Tianba, who was watching the battle from the side, could not help but Twitch his mouth!

This brother of his, because of his extraordinary talent, had improved his strength quite quickly. Unfortunately, his combat experience and combat wisdom were too terrible to look at!

When facing a martial artist of the same level, unless it was the kind of person who was restrained by his fighting style, it was difficult to obtain an absolute advantage!

In other words, he couldn't have an advantage at all, just like when he was facing Chen Zhisheng. He couldn't play to his strengths and could only be beaten everywhere!

It was probably the same situation yesterday, which was why his golden core was destroyed ...

No matter what, since poison tyrant could not gain the upper hand, continuing would only be a waste of time!

"Kill him!"

"Let's go!" Du Tianba said indifferently. Immediately, someone behind him threw out a sleeve arrow to ambush Chen Zhisheng, who was in the middle of the battle.

At this time, Chen Zhisheng was completely focused on dealing with poison tyrant, and he did not expect that the people of the poison King stockaded village would actually use sneak attacks.

Therefore, he was completely defenseless. Even if Tao Wu was on guard, he probably wouldn't have the time to block the sneak attack!

At the critical moment, an arrow flew over at lightning speed and intercepted the sleeve arrow in midair. At the same time it knocked away the sleeve arrow, it continued to fly toward the person who launched the sneak attack without losing momentum.

The other party let out a soft 'huh', clearly not expecting to encounter such a thing. However, Ling Hanxue's arrow did not cause any damage either. After all, the strength of the people on the other side was above her. She casually caught the arrow in her hand, which had been greatly weakened by the sniper hidden arrow.

"What's wrong? Since you can't fight me alone, are you prepared to fight me as a group?"

Lin Yi looked at du Tianba with a half-smile and sneered, ""As expected, the poison King's stronghold is just a bunch of petty thieves. It's normal for them to not keep their word! Come on, let's fight as a group, who's afraid of you?"

Before he could finish, Lin Yi's feet burst forth with extreme butterfly micro steps, appearing beside poison tyrant in an instant.

A black light flashed, and the demonic devouring sword was unsheathed without a sound. It slashed down without a sound, and silently took away du Dongba's head!

"Second brother!"

Du Tianba cried out in sorrow. He didn't expect Lin Yi to make a move just like that, and so fast that he didn't even have the chance to save him, "How dare you rats! You're dead today! Kill them all!"

"Die!" Du Tianba roared as he made the first move. The men behind him shouted in unison as well, following closely behind du Tianba with their weapons in hand. They were ready to rush over and dismember Lin Yi's group.

Black wildflower, who was hiding on the second floor, was stunned speechless. At this time, not to mention that she could not come out in time, even if she forced herself to come out, she would not be able to stop du Tianba, who was eager to take revenge.

After all, he was still alive after his Jindan was destroyed, and his strength had only dropped significantly, but he had not really become a cripple. But now, he had beheaded du Dongba in front of du Tianba, and black wildflower knew that he didn't have enough face to fight him!

Today, du Tianba and Sima Yi were already in a situation where they would not rest until one of them was dead!

But the next moment, black wildflower was really dumbfounded!

Because when du Tianba was in front of Lin Yi, his body suddenly shook and his head was separated from his body just like his brother!

Just like before, the head flew up into the sky and then rolled on the ground for a few meters, spraying blood all over the ground.

The martial artist rest stop instantly fell into absolute silence. The martial artists of the poison King stockade who were charging in from behind du Tianba, for a moment, seemed to have been hit by a freezing spell and did not dare to take even half a step further!

One of the guys was too fast and couldn't stop his feet. He fell to the ground and rolled around before rolling back!

A golden elixir realm warrior was beheaded with one sword!

What kind of power was this? How overbearing was this?

Compared to yesterday's golden core destruction, Lin Yi's sword today was even more shocking!

Everyone who saw this scene couldn't help but think that Youyou's sword wasn't just for show ... He really was a peerless swordsman!

Only Lin Yi himself knew that-what the hell did he know!

Du Tianba, who had been dumbfounded by the collision of the divine sense, was no different from a wooden stake. He could be killed with a casual swing of his sword!

Should he think of a cool name for this sword later? What should I call it?

Cut off the dog's head with a smile? It was better to smile and pat the dog's head ...

"Who else is there?"

Lin Yi flicked his wrist and shook the blade, but there wasn't any blood on it. "Who else is there? You want to try my sword?"

The people of the poison King stockade all took a step back. The chief and second-in-command of the stockade were no match for this man's sword. Were they going to die?

Moreover, the two leaders of the poison King stronghold were already finished. The next step was to divide the poison King stronghold or fight for power and profit to take advantage of the situation to unify the poison King stronghold. Who would be willing to put themselves in danger for two dead people at this time?

"Young master Sima ... The poison King stockade has no enmity with you. It's just a personal grudge between the two brothers, du Tianba and du Dongba. It has nothing to do with the rest of us. So, can we forget about today's matter?"

A middle-aged man carefully cupped his fists and bowed, his posture very low. "Of course, it's our fault for disturbing the young master and your family. We, the poison King stockade, will naturally express our gratitude. We hope that young master Sima can be magnanimous and let this matter go!"

Lin Yi smiled proudly and sheathed his sword. "Fine, I'm not a bloodthirsty person. Since you all want peace, then we can all get along. But where do you want to show your sincerity?"

The middle-aged man was overjoyed. Being able to keep his life was the biggest surprise, so he didn't care about these worldly possessions at all. He immediately gathered his companions and emptied their wallets to come up with a sum of money.

"Young master Sima ... This is a small gift from us. We hope that young master will kindly accept it!"

The middle-aged man held gold and silver certificates in his hands, and there were even quite a few copper certificates. It seemed that he had really emptied everyone's pockets.

It was around thirty to fifty thousand Yuan, and Lin Yi didn't care about it, but it was still an unexpected gain.

"Take it!"

Lin Yi gestured for Wu yucao to collect the money-it'd be too embarrassing for him to do that, and he had to be careful of his master's demeanor.

Chapter 7139 The Suspicion In Her Heart

Wu yucao's feelings were complicated-Lin Yi's strength surprised her. She'd already broken the poison tyrannic pill yesterday, but today's attack still shocked her.

She had always thought that Lin Yi was an assassin, but now she realized that he was a real swordsman. Compared to the swordsmanship that he displayed, the assassin skills he displayed before were just small tricks!

If Lin Yi knew what Wu yucao was thinking, he'd be laughing so hard his stomach would hurt. What fancy swordsmanship? it was just a casual swing of the sword-it would be a miracle if it was actually done properly!

The middle-aged man saw that Lin Yi had accepted the compensation and left with respect. After getting permission, he brought the rest of the people and left the rest of the station. They didn't even bother to clean up the bodies of du Tianba and du Dongba.

The Grand revenge journey ended just like that. After this battle, not only did the poison King stockade's strength decrease greatly, but their prestige also dropped greatly. It was hard to say whether they could continue to be the Overlord of this jungle in the future.

Of course, this had nothing to do with Lin Yi-he'd already achieved his goal, and black wildflower probably saw everything just now. It was time for a new negotiation, right?

As Lin Yi was thinking about that, black wildflower came down personally.

"Little brother Sima is truly powerful beyond our expectations! Du Tianba couldn't even withstand a single blow from little brother Sima. Big sister was really scared!"

Black wildflower covered his mouth with a fan in one hand and laughed, while patting his chest with the other hand, which made people a little dizzy."Little brother Sima, let's go up and continue our previous conversation, shall we?"

"Sister hei ye, you know my bottom line. If you can't accept it, then there's nothing to talk about. The sky is already bright, we should set off!"

Lin Yi smiled proudly. The more he acted tough, the more the black wildflower would give in. Her willingness to come down explained everything.

"Little brother Sima, big sister has personally come down to invite you, what is there that can't be discussed?"

Black wildflower glared at Lin Yi and pouted,"Do you really want me to beg you in public?"

At this point, Lin Yi knew that it was time to stop-if the negotiations fell apart, he'd be at a disadvantage too!

"Alright, let's go up and talk about it!"

Lin Yi smiled and gestured for black wildflower to go first.

As for du Tianba's and du Dongba's bodies on the ground, no one bothered with them. Naturally, there were people from the martial artist relay who would take care of them. As for their spoils of war, no one would dare to take them for themselves. They would most likely send them to Lin Yi after sorting them out.

This was black wildflower's attitude, but Lin Yi didn't take it to heart. The money from the vault was enough for him to use on the sub Island anyway, and he didn't need anything else.

The group returned to the living room on the second floor and sat down. The debate about the team's leadership had completely disappeared. Black wildflower said that she would tell them the details of the plan and let Lin Yi take charge of the operation. She would cooperate with him to the best of her ability!

The only thing they needed to discuss was how to split the loot. Lin Yi didn't have anything else he wanted other than the purple mist evil Lotus, so he suggested that he had the priority to pick one item from the loot and that he could split the rest 60 - 40.

Black wildflower took 60%, and Lin Yi's 40% was included in the 40%!

Black wildflower didn't want to give priority to Lin Yi, but for some reason, he agreed.

"Since the plan is set, when do we set off?"

After the discussion, Lin Yi asked casually, "Just the few of us?"

"We'll set off immediately. I still have some subordinates with me. We'll go to Luling city first to buy some equipment that we need, and then we'll go to the dark green demonic Valley. Does little brother Sima have any opinions on this?"

"Although we said that we would only listen to little brother Sima's command when we reached the dark green Valley, big sister feels that there's nothing wrong with letting little brother Sima command now," black wildflower said with a smile.

Lin Yi's mouth twitched. This woman was a bit hard to deal with, and it was better not to get too close. "Since that's the case, let's hurry to Luling city!"

Wu yucao and the others didn't have any objections-they were already used to following Lin Yi's lead, and so the group quickly left the inn and returned to Luling city.

Lin Yi had wanted to stay outside for a few more days, but he didn't expect to be going back so soon. Black wildflower and her ten or so underlings were here, and the scene was a lot bigger than when he came out.

Not long after entering Luling city, Lu Butong and Nangong Yimeng received the news. They didn't expect Lin Yi to return so quickly and rushed over without thinking.

"Brother Sima, I didn't expect to see you again so soon. We're really fated!"

The two sides met on a Street. Lu Butong greeted them first. When he saw the black wildflowers, he was shocked!

The news only said that Lin Yi was coming back, but didn't say that black wildflower was coming with him.

Lu Butong naturally knew black wildflower from the warrior Station. This woman was not simple and had a strong background. Lu Butong would not easily mess with her.

"Why is boss kurosao here too? Does this mean that you know brother Sima?"

"Young city Lord Lu, young master Nangong, black wildflower offers his greetings! This time, I came with young master Sima. Everything is under young master Sima's lead, so you don't have to worry about me!"

Black wildflower chuckled and said half-jokingly, ""It's just that I didn't expect the two of you to know young master Sima. This is really fate!"

Nangong Yimeng quickly greeted Lin Yi and black wildflower as well. The two of them rushed over to question Lin Yi's disappearance that day and confirm their suspicions.

But now, he was wavering again!

For a woman like black wildflower to be willing to say that Lin Yi was the most important person in the family, there was no doubt about the identity of this young master of the Sima family, right?

"Young city Lord Lu, young master Nangong, what's the matter?"

Lin Yi cupped his hands and asked casually. He just wanted to get rid of them as soon as possible and buy equipment to head out of the city to the valley.

It was a pity that Sima Yi's identity meant that he could not be dealt with casually. Among these young masters from noble families, fake social interactions were necessary. No matter what, he could not be suspected by the two of them now.

"Oh, I originally had some small things to deal with. Since I was able to meet brother Sima and boss hei ye by chance, those things are not a problem anymore!"

Lu Butong laughed and then invited him sincerely, ""I've always wanted to treat brother Sima to a drink, but today it's better to meet by chance than to invite him. I wonder if brother Sima and boss hei ye would give me the honor? Let this little brother host the meal?"

Chapter 7140 Test And Confirmation

Black wildflower was a little taken aback-not only was Lin Yi strong and intelligent, but his status wasn't simple either. For the young city Lord of Luling city and the heir of the Nangong family to be so friendly to him, he must have a strong background!

Previously, black wildflower did not associate the name Sima Yi with the Sima clan. After all, the Sima clan was extremely mysterious, and other than the Sima clan, there were also people with this surname on the sub-Island.

However, seeing Lu Butong and Nangong Yimeng's attitude, black wildflower immediately thought that Lin Yi's identity was related to the Sima family. He was even more shocked. Did he just find a random helper and found the mysterious Sima family?

Putting black wildflower's suspicion aside, Lin Yi thought for a while and agreed since he didn't have any reason to reject.

Lu Butong and Nangong Yimeng looked at each other and smiled. This way, they would have more opportunities to test the waters. If there were no problems, it would be a good opportunity to befriend Sima Yi and the Sima clan. That would be perfect!

The people from both sides gathered together and made their way to the exquisite restaurant. The four important figures entered their individual VIP boxes, leaving Wu yucao and the others with their other subordinates.

Lu Butong and Nangong Yimeng wanted to befriend Lin Yi, so they started off with a warm welcome. They even tried to test him, but Lin Yi brushed them off discreetly without showing any flaws.

As a result, the atmosphere gradually became more and more lively. Black wildflower was also a person who knew how to dance, and the room was filled with laughter and laughter for a while.

After three rounds of wine and five dishes, Nangong Yimeng suddenly mentioned Lin Ying.

"That's right, brother Sima, you've accepted Wu yucao and the other two. I wonder if you've heard that they have a companion called Lin Ying?"

Nangong Yimeng spoke casually, as though he had just thought of a topic, but it was actually his final test!

Lin Yi's heart skipped a beat. He felt that Nangong Yimeng wouldn't be able to see through the formation he set up, let alone see through the disguise of the red dust all creation mask. He then relaxed.

"I've heard of him, but why did brother Nangong suddenly mention him?"

Lin Yi's face was calm as he said, "When Wu yucao and the others first met me, they asked me to find out more about him. But before I could do anything, I heard that he was burned to death in the patrol team's prison."

Nangong Yimeng and Lu Butong acted as if they were doing nothing, but they were actually carefully observing Lin Yi's expressions, actions, eyes, and so on. They didn't find any flaws.

The conclusion was that Lin Yi was telling the truth!

"At that time, Wu yucao and Ling Hanxue even secretly cried once. However, I heard that they had only known each other for a day or two. It's considered that they are loyal to each other to be able to do this, so I had the idea of taking them in. After all, it's not that easy to find loyal and righteous subordinates these days!"

Lin Yi laughed as he raised his glass to the three of them, "It's a pity for that Lin Ying. I heard that he's quite strong and has defeated a half-step golden core ancient martial art practitioner. If he didn't die, I might have to shamelessly ask you two for help to get him out and make him a follower!"

"Hahahaha, what a pity! If brother Sima were to open his mouth, such a small matter would be solved with a single sentence! It's a pity that Lin Ying's fate was not good and he died inexplicably. Otherwise, if he had followed brother Sima, his luck would have really turned around and he would have soared!"

Lu Butong laughed as he poured Lin Yi a glass of wine, all his doubts cleared!

If Lin Yi had known about Lin Ying's death in prison, he wouldn't have done anything unnecessary.

Wu yucao and the other two had just joined Lin Yi, and they wouldn't ask Lin Yi for help just for the body of a new friend they just met. It was logical and there was nothing to be suspicious about!

After clearing their doubts, Lu Butong and Nangong Yimeng started treating Lin Yi and black wildflower even more warmly, as if they were old friends.

After eating, they sipped some tea and chatted casually for a while before leaving the private room to go their separate ways. They didn't expect to meet Jin Yuan Bao at the stairs, who was also preparing to go downstairs!

"Eh, brother Jin is also dining here? If I had known, I would've stayed together!"

Lin Yi saw Jin Yuan Bao first and greeted him with a smile, "This little brother just returned to the city and didn't have time to inform brother Jin, but I didn't expect to meet you here!"

"Brother Sima? I was just about to say that you didn't even inform your little brother of your return, but now that you've finished, what should I say?"

Jin Yuan Bao laughed and then asked doubtfully, ""Brother Sima, What's this? Why is he with boss hei ye and young city Lord Lu, Nangong Yimeng?"

Jin Yuan Bao did not mind being with black wildflower, but Sima Yi was with Lu Bu Tong and Nangong Yimeng, and that made him a little wary.

"Black wildflower greets young master Jin. I came to Luling city with young master Sima. I'm just a follower, so you don't have to mind me!"

He didn't know what black wildflower was thinking, but he'd been keeping a low profile ever since they entered Luling city. Lin Yi was suspicious, but he couldn't say anything.

"Brother Jin, don't listen to boss hei ye's joke. We came from Luling city together!"

Lin Yi explained casually. He didn't care if Jin Yuan Bao believed him or not. "After returning to the city, I happened to meet young city Lord Lu and gongzi Nangong. Thanks to your warm invitation, I came here to have a meal. It can be considered as a welcome for boss hei ye."

"So that's what happened!"

Jin Yuan Bao was relieved. He knew that Lin Yi wouldn't turn down an invitation so easily, but that didn't mean he didn't look down on the two, "I remember someone ridiculed me last time, saying that I misjudged people, saying that some people are liars, and so on. Why did you suddenly come to treat me to a meal?"

Lu Butong and Nangong Yimeng felt a little embarrassed. Although Jin Yuan Bao did not mention any names, any smart person could understand who he was talking about!

If Lin Yi misunderstood, their harmonious atmosphere would be completely ruined!

Unfortunately, this matter could not be explained. The more he explained, the more complicated it would become!

Lu Butong laughed and patted Jin Yuan Bao on the shoulder, ""Yuan Bao! Sometimes, you're just too serious and can't tell what's serious and what's a joke. We're all in the same industry, so it's boring to be too serious!"

Jin Yuan Bao secretly pouted. Who's F * cking joking with you? I've always been serious!

However, on the surface, the gold yuan Bank and the City Lord's mansion maintained a peaceful relationship. They did not openly oppose each other like they did with the Nangong nobles. Therefore,

Jin Yuan Bao still had to give Lu Butong some face. Otherwise, he would have directly attacked Nangong Yimeng!
