

Bodyguard 7141

Chapter 7141 Central Business Partner

From this, Jin Yuan Bao was even more certain that Lu Butong and Nangong Yimeng were trying to drive a wedge between him and Lin Yi, distancing themselves from Lin Yi while getting closer to him!

Fortunately, this young master is wise and divine, and will definitely not fall for their evil schemes!

Jin Yuan Bao was pleased with himself as he turned to Lin Yi and cupped his fists, "Since brother Sima has returned, we brothers should also have a good meal and drink! Boss Kurosaki must also honor him! Why don't we do it tonight?"

"Brother Jin ... It's ... It's already late, right?"

Lin Yi laughed as he pointed at the dark sky outside the window. They'd set off from the fighter's station early in the morning, and although they didn't stop much on the way, it was almost evening by the time they reached Luling city.

At that time, the sun was setting in the West, and he met Lu Butong and Nangong Yimeng. They had been eating at the delicacies Pavilion for half a day, and it was indeed quite late now. What they had just had was dinner!

"Hey, what do you mean by late? It was still early! Why don't we just move to the nightless Pavilion, watch a performance, drink some wine, and have a chat?"

In Jin Yuan Bao's mind, it wasn't night time after dinner, but it was only called night time after eating at the nightless Pavilion.

Lin Yi understood-it was like a night owl in the common world, the day only started after ten!

"What do you think, boss hei ye?"

Since Lin Yi had agreed to Lu Butong and Nangong Yimeng's invitation, he couldn't turn down Jin Yuanbao now. He wanted to ask black wildflower-if she were to object, he could use this as an excuse.

However, black wildflower smiled and said shyly, ""Of course, I will listen to young master Sima's arrangements. I will go wherever young master Sima says!"

Jin Yuan Bao and Lu Butong's eyes changed as they looked at Lin Yi with a deeper meaning ...

Lin Yi grinned, cursing in his heart ...

Was this woman crazy? Was he deliberately taking revenge on the operation in the dark green Devil Valley?

"Ha...Haha...In that case, let's go, brother Jin!"

Lin Yi laughed dryly and didn't want to dwell on it anymore. He swore to himself that he would never ask black wildflower for his opinion again!

Lu Butong and Nangong Yimeng wanted to go as well, but Jin Yuan Bao never invited them. They were too embarrassed to go, so they bid Lin Yi and black wildflower goodbye.

As for whether they would also go to the nightless Pavilion alone later, that was hard to say!

The group immediately changed their position and continued to rush to the nightless Pavilion. This time, nothing special happened. The people who had already eaten and drank their fill only played for a while before dispersing.

Lin Yi and the group found an Inn to stay in. After daybreak, they would go to the eastern enterprise to buy equipment before heading to the dark green Valley.

Luling city's seal had already been lifted because the Treasury theft case had become a completely unsolved case. If it continued to be sealed, it would only cause the public's resentment to boil.

In any case, there were many people who ignored the order to seal the city, so there was no point in continuing.

He didn't know what happened to boss Mei, but Lin Yi didn't ask. He didn't care about this person at all!

The night passed by uneventfully, and the sun soon rose in the East. A new day had begun!

Lin Yi and the others finished packing up, and black wildflower came out as well. The group was about to head to the eastern enterprise, but black wildflower said that it wasn't that direction.

"Little brother Sima, the eastern enterprise doesn't have enough equipment to go to the dark green Devil Valley. Let's go this way."

Black wildflower smiled and pointed in the opposite direction of the eastern enterprise. "That's right, you have to listen to little brother Sima's instructions. If you think it's okay to go to the eastern enterprise, then we'll go there!"

Lin Yi's mouth twitched-this woman was throwing tantrums at him every now and then, reminding him of the fact that he was fighting for leadership ...

"This little brother had thought that the eastern enterprise was the best shopping center in Luling city. Is there a better place than there?"

Lin Yi smiled and shrugged, indicating that he didn't mind. He turned to Wu yucao."Which Chamber of Commerce is that?"

"Could it be that boss Kurosaki wants to go to the central business Association to cooperate?"

Wu yucao thought about it and said with uncertainty, ""We've never been there before, but I heard that there are some novel things there, but they are very expensive ... It's the flashy type, right?"

The eastern enterprise had always been a time-honored brand, and its prices were fair. Wu yucao and the others had always liked to visit this place.

As for the central cooperation Chamber of Commerce, he had no intention of going there after hearing the evaluation of being flashy but having no substance.

After all, Wu yucao and the others were really short on money before, so high-priced items were not suitable for them.

Lin Yi was shocked when he heard the name Central's business Association. Could it be one of Central's businesses?

A place like the sub-Island also had a central feelers?

"I see ... Sister hei ye, do you know the background of this central business Alliance?"

Lin Yi pretended to be nonchalant, "To be able to have such a novel product and attract customers at a high price, this central cooperative Chamber of Commerce shouldn't be simple, right?"

"That's hard to say. I'm not too interested in it. "

Black wildflower gently waved the fan in his hand, and his eyes suddenly flashed."If little brother Sima wants to know, you should have the ability to investigate it, right?"

"I was just casually saying it. I don't have the time to investigate the background of a Chamber of Commerce."

Lin Yi shook his head with a smile, changing the topic."But even sister hei ye likes to go to this central cooperative Chamber of Commerce. I'll have to see it today."

"I don't really like it. I've only been there once. The things there are more suitable for this operation, but the eastern enterprise doesn't have similar goods."

Black wildflower stopped testing Lin Yi and started explaining seriously,"We can't afford to be careless in this operation, so we need the best and most suitable equipment. The central business Alliance has things that can meet our needs."

"Hearing you say that, sister hei ye, I'm really curious!"

Lin Yi smiled noncommittally, still thinking about central. He'd only been here for a few days, and central already had a base on the sub Island?

This kind of thing was really hard to imagine!

As they spoke, they soon arrived at the central Chamber of Commerce, which was comparable in size to the eastern Chamber of Commerce.

Black wildflower said he'd only been here once, but they seemed very familiar with each other after entering. He brought Lin Yi to the counter after a few turns.

"Brother Sima, look at the things here, they are all suitable for us. This is a gas mask, that is a gas agent ... You also know that the dark green Valley is filled with poisonous fog. Without good gas protection, it is difficult to move!"

Black wildflower introduced them to Lin Yi enthusiastically, but Lin Yi had a strange feeling in his heart!

Chapter 7142 Accepting Mission

The gas mask looked like a common design; however, it was a bit old and not the latest one.

As for the other strange tools, they also had traces of the secular world, but in terms of materials, they were not unique to the secular world.

Some of them were even made from the materials of spirit beasts of darkness, but the style and design were similar to those of the secular world.

In other words, most of these goods were not transported from the secular world, but were directly manufactured and sold on the sub-Island, which was very interesting!

"Who is your boss? Would it be convenient to meet him?"

Lin Yi looked around and started chatting with the guide, "These things are quite interesting, I want to have a chat with your boss."

"I'm sorry, but our boss isn't usually here. There are two people in charge of the branch. Would you like to meet them?"

The guide smiled back politely, and Lin Yi's heart skipped a beat.

"Why the two Chiefs? Could they be representatives of the two bosses?"

Lin Yi asked because he remembered the word "partnership" in the shop's name. It was very likely that the two parties were working together to open the shop.

"That's right. Our central business Association is a shop opened by two bosses. This is no secret. It's probably young master's first time here, so you haven't heard about it, right?"

The shop assistant maintained her smile and explained patiently, ""One of them is our Luling city's Eastern enterprise, which is mainly in charge of business and sales. The other is the central

Manufacturing factory, which is mainly in charge of manufacturing, supplying, and selling. Originally, it would have been fine to send it directly to the eastern enterprise, but because the central Manufacturing factory wanted to take a share, we opened a new Chamber of Commerce."

In terms of business scope, the central Chamber of Commerce and the eastern Chamber of Commerce didn't have much overlap, so there was no conflict of interest.

On the contrary, with the central Chamber of Commerce, the eastern business group could supplement its own shortcomings and also get an ally, which was an extremely cost-effective deal.

Although the eastern enterprise was considered a neutral party in Luling city, it did not prevent them from increasing their own strength. If their power was too weak, the neutral party could easily be divided and devoured by the other two major camps.

"I see ... Where is this central factory? This is the first time I've heard that these products were made by them? It's very interesting!"

Lin Yi continued to listen in without making a sound. He was almost certain that this factory was connected to central, but he still wanted to gather as much information as possible.

"This ... This lowly one really doesn't know. It's said to be in Luling city, but no one has ever seen such a place. Perhaps only the boss of our Eastern enterprise knows the exact location of our partner."

The guide made an apologetic face, indicating that she really didn't know, and Lin Yi could only let it go.

If he continued to ask, he would seem too eager and would easily arouse suspicion!

"Ha ... It's fine if you don't know. I'm just asking. What's the use of this thing?"

Lin Yi smiled perfunctorily and picked up a simple tool to ask the guide. Of course, he knew what this tool was for—he wouldn't even care about it in the common world.

They were all things used in the 1980s and had been eliminated for many generations. He did not expect to see them on the sub-Island.

The guide explained to Lin Yi as best as she could, but even Lin Yi couldn't help but be flabbergasted by the price.

The central Chamber of Commerce actually asked for 8000 Yuan for this item, which was considered a piece of junk in the secular world and not even used on the heaven rank Island. It was comparable to a piece of high-grade equipment!

If it was based on the ratio of materials to the price, it was simply a profiteering product!

Of course, Lin Yi only marveled at Central's ability to make money, but he kept his face calm and continued watching.

Black wildflower was rich, and he quickly ordered the equipment he needed, spending a sky-high purchase fee.

"Little brother Sima, don't you want to buy anything?"

Black wildflower had already prepared the basic anti-poison equipment for the three of them, so she didn't have to worry about the extra stuff.

"There's nothing that caught my eye!"

Lin Yi shook his head and whispered to black wildflower, "They're all rough stuff, they're useless!"

These were Lin Yi's honest words-things from the 1980s weren't even worth mentioning to him!

There were also some items from the secular world stored in the Jade space, and some of them were much more advanced! If he were to sell it, it would definitely fetch a sky-high price!

"Little brother Sima really has high standards! Big sister feels that these things are not bad and will be useful at some moments!"

Black wildflower's eyes flashed, but he was not too surprised.

As far as she was concerned, Lin Yi was the son of a mysterious Noble House, and naturally had seen the world before, with better and higher level equipment in his hands. It was normal that he didn't care about the things here.

"It's good that sister hei ye likes it!"

Lin Yi smiled faintly and didn't comment.

Wu yucao and the other two were curious, but since Lin Yi didn't say he wanted to buy anything, they didn't do anything.

After all, even though the items here were interesting, they did not think that they were on par with fine grade equipment.

"We're almost done with the preparations. Next, let's go to the warrior's Guild to accept missions!"

Black wildflower didn't say much about the equipment. He left the central Chamber of Commerce after paying the bill.

"Why do you want to accept the mission?"

Lin Yi was a little taken aback. "Aren't we going directly to the dark green demonic Valley?"

"Oh, that's right, I forgot to tell little brother Sima!"

Black wildflower covered his mouth with a fan, his eyes smiling like crescent moons, like a little fox who had stolen food. "This trip to the dark green Devil Valley was originally a mission issued by the warrior Guild. However, the difficulty level was a little high, so sister did not take it. It was only when I found little brother Sima as a helper that I had the confidence to complete it."

Lin Yi raised an eyebrow-she'd said she'd forgotten ... She was doing it on purpose, wasn't she?

She was probably afraid that Lin Yi would ditch her and go do the mission himself!

Then, all the information she had would become meaningless. After all, the mission introduction would definitely explain it in detail!

No wonder ... Black wildflower agreed to Lin Yi's request so easily in the end. Other than being convinced by Lin Yi's strength, it was probably because this was a mission from the martial arts Guild!

As long as Lin Yi knew that it was a mission from the martial arts Guild, he wouldn't even bring her to play anymore!

"Little brother Sima, it's been a long time since you went to the warrior's Guild to accept a mission, right? So it's normal that I didn't see the new mission from the dark green Valley. "

Black wildflower saw the displeasure on Lin Yi's face and quickly changed the topic,"Actually, with little brother Sima's identity, there's no need for you to go to the warrior's Guild to take on missions. What can't you get? You're not like big sister, who has to risk her life and give up everything to achieve her goal. "

Chapter 7143 Warrior's Guild

Black wildflower looked at Lin Yi pitifully, trying to divert his attention.

"Sister heiye, what are you doing this for? If it's just a mission, do you need to invest so much?"

Lin Yi didn't quite understand-black wildflower had already spent hundreds of thousands on the equipment he just bought!

In the past, this amount of money was an astronomical figure that the Wu yucao trio might not be able to earn in more than ten years, and the black wildflower was only an investment for a mission!

How high would the reward for this mission be?

"What else can it be? Of course, it was for the warrior's Guild's mission points! This mission's mission points reward is quite generous. As long as sister can complete it, it's almost enough to enter the sword spring sect!"

Black wildflower was open this time and directly revealed his goal."Little brother Sima, you also know that it's not that easy to enter the sword spring sect. Big sister can only get a recommendation to enter the sect by going through the warrior Guild's mission points. Moreover, there are indeed many good things in the dark green demonic Valley. Even if you don't have the task points, you won't lose anything!"

Lin Yi thought,"what the hell do I know?!"

It was easy to imagine what kind of mission points the warrior Association had, but what the hell was with the mission points being used to recommend people into the sword spring sect?

However, he had heard about the sword spring sect from Wu yucao and the others. It was a sect force with a transcendent status. All the forces in Luling city, on the whole, seemed to be a head lower than the sword spring sect.

He didn't expect that someone like black wildflower would be worried about entering the sword spring sect.

"I'm afraid that boss Kurosaki doesn't just want to enter the sword spring sect, right? Otherwise, with boss Kurosaki's ability, he would have already entered the room!"

Lin Yi didn't say anything, but Wu yucao said indifferently,"Young master, there are also different levels of recommendation for mission points exchange. Martial artists with ordinary aptitudes can only be recommended as outer sect disciples no matter how many mission points they have. This recommendation is only open once every three years, and all sects have the same rule."

"Only Warriors with excellent aptitudes and sufficient mission points and gold certificates have the possibility of being recommended as inner disciples or even core disciples. This kind of recommendation is only open once every six years. This year just so happens to be the year where all the recommendations are available!"

In other words, if black wildflower wanted to enter the sword spring sect as an outer sect disciple, he did not need to go to the dark green Valley at all. He could easily fulfill his wish of entering the sword spring sect.

It was obvious that she wanted to become an inner disciple or even a core disciple.

"With sister hei ye's ability and aptitude, of course she has to become a core disciple to match it!"

Lin Yi said with a smile, thinking that Wu yucao and the other two probably had the same idea. "Didn't you guys try to join the sword spring sect?"

"We have the same idea ... But it's not easy to accumulate points. Some of us want to become inner disciples ... It's more than ten times harder for an outer disciple to become an inner disciple than to fight for the recommendation to become an inner disciple!"

Wu yucao was a little shy, as if she felt that she should not have such an ambition. "It's a pity that we've worked so hard for so long, but we can't even get the recommendation to become an outer disciple ..."

As for the status of a core disciple, Wu yucao didn't even dare to think about it. Other than having an astronomical number of mission points and an astronomical number of gold certificates, one would also need to have super outstanding talent and qualifications.

Wu yucao and the others could not meet any of the requirements!

Lin Yi was speechless, but he had some understanding of the difficulty of entering the sect.

However, Lin Yi felt that the sword spring sect must have other ways of recruiting people. Otherwise, how many people could they recruit just by using mission points to exchange for recommendations?

The sub-Island didn't only have the sword spring sect. If you didn't accept people, other sects would naturally accept people. At that time, there would be no competitive relationship. Whoever had more people would naturally have the advantage!

The group of people chatted like this, and before they knew it, they had arrived at the location of the warrior Guild. This was a relatively central location in Luling city, and in the secular world, it was known as the Golden area where every inch of land was worth its weight in gold.

The warrior's Guild was indeed a mysterious and powerful force. The entire building occupied a large area. The architectural style had abandoned the exquisite and exquisite style of the sub Island. Instead, it focused on a rough and uninhibited, bold and free temperament.

After walking through a tall arch formed by two thick stone pillars, one would be considered to have officially stepped into the warrior's Guild.

What shocked Lin Yi the most was that this place was packed with people-it was an ocean of human heads! The word "jostling" didn't even describe it!

To be more precise ... It was probably similar to the morning and evening rush in the first-tier cities of the secular world, squeezing in public buses and subways. It was simply an extremely compressed can of human flesh!

So ... So many people!

Lin Yi almost cried out in shock, but he managed to stop himself in time. Otherwise, black wildflower would've gotten suspicious!

How could the great young master Sima not have seen such a scene before?

"Why does it seem like there's a little more people today!"

Wu yucao didn't notice Lin Yi's strange expression as she looked around,"It won't be easy to squeeze in!"

Lin Yi's mouth twitched-it was only a little too much? Then, what was it like when there were a lot of them?

There weren't many people on the streets at first, and Lin Yi thought that the city was the sparsely populated type. He didn't expect that the people were all at the warrior Guild!

This was not a warrior's Guild, but a Stock Exchange, right?

Many people were craning their necks to look at the big Blackboard hanging on the wall in the distance. Some were writing on it, and some were wiping away the words. It really did look like a Stock Exchange. It was the oldest Stock Exchange!

"What do we do? I can't see the quest clearly here. If you want to accept it, you have to go over and take a look at the quest!"

Wu yucao turned back to look at Lin Yi and thought for a while, "Why don't we do it the way we did before?"

"What was your method in the past?"

Lin Yi was curious. He wasn't in a hurry after seeing so many people fighting for the mission. If the mission in the dark green Valley could be accepted by just anyone, it would've been taken long ago. They wouldn't have waited for black wildflower to come.

"In the past, when we accepted missions, one was in charge of lining up at the place to accept missions, one was in charge of squeezing in to find the mission, and one was in the middle to receive the mission. After receiving the mission number, he would immediately inform the person who accepted the mission. This way, you might not be able to receive it, because other people will do the same. "

Wu yucao pointed in another direction. That was the place to accept missions. There was a little order there, and you could even see that there was a queue. However, it was useless. It was still crowded.

Chapter 7144 Divine Weapon For Accepting Missions

Lin Yi was speechless-he finally understood what the roars meant!

It was because of these numbers that he felt like he was looking at an Old Stock Exchange. Now, he naturally understood that these were the code names of the mission!

In fact, in the entire Hall, the area near the outer wall was slightly empty. There were even some stalls set up, selling maps, potions, small props, and other things.

It was just that basically no one asked about it, so it seemed a little empty.

"New? I'd like to recommend you a divine artifact for accepting missions. Do you want it?"

Suddenly, a girl with simple ponytails and round sunglasses came over and mysteriously took out a pair of binoculars."With this godly tool for accepting missions, I don't have to go through so much trouble. I can easily see the missions on the mission Board. How about it? do you want one?"

Lin Yi's mouth twitched. Wasn't this just a telescope a kid from the common world was playing with? It had actually become a divine artifact?

If the military high definition high magnification scope was taken out, wouldn't it become a super invincible divine weapon that could destroy the world?

"We're not new here!"

Wu yucao frowned slightly and said unhappily, ""Put away your little tricks!"

"Aren't you new? He does look a little familiar!"

The pigtailed girl stretched out her hand and pulled the round lenses. The two sunglasses 'lenses were flipped up, revealing two big lively eyes behind them. She rolled them a few times and nodded, "So you're poor? They must be poor people who have no money and have never bought my divine artifact for accepting missions! But this young master doesn't look like this beauty!"

Wu yucao's pretty face was slightly red, and she was so angry that she couldn't say anything ...

It wasn't that they hadn't met this pigtailed girl before when they had come to accept missions, but they really couldn't afford this so-called "God-tier mission acceptance tool"!

The pigtailed girl's big eyes flickered as she looked at Lin Yi and black wildflower. Her eyes were quite sharp, and she found the two rich people right away.

"How can you tell that we're not poor?"

Lin Yi shrugged with a smile. Did I have the word "rich" written all over my face?

"A poor person who can afford a top-grade longsword? I'm only wearing sunglasses, I'm not blind!"

The pigtailed girl pointed at the demonic blade on Lin Yi's waist and giggled, "Even though they're also covered in fine grade equipment, not a single piece of fine grade equipment is on them. There's no need to ask, they must be rich people's lackeys!"

Lin Yi was speechless-what sharp eyes!

He had forgotten that he still had the demon's devouring sword on his waist. It was impossible for such a majestic and domineering ominous sword to not attract attention!

"How much are you selling this mission-accepting artifact for?"

Lin Yi changed the topic and asked about the price of the telescope.

Of course, he didn't really want to buy it. He was just asking casually. He also felt that this double pigtailed girl was quite interesting.

"Fifteen ..."

The pigtailed girl gestured fifteen with her hands. Lin Yi was still thinking about how cheap it was? When she thought that Wu yucao and the rest should be able to afford it, she continued, "...A Gold Certificate!"

Lin Yi almost spat out blood! What 15 gold certificates!

This strange and cute-looking girl was simply a super profiteer!

In front of her, a profiteering merchant like the central cooperative Chamber of Commerce could simply be regarded as an excellent merchant who was honest to the old and young!

It wasn't that the central Chamber of Commerce didn't have such telescope for primary school students. It seemed that the price of 1000 RMB was a Gold Voucher, but this chick directly sold it for 15 times the price!

"Young master, please don't think that it's expensive. This is a divine tool for accepting missions. After using it, the missions on the mission Board will be exactly the same as the ones in front of you. You can find the missions you want at any time. It's very convenient to accept them!"

The pigtailed girl saw Lin Yi's weird expression and quickly started promoting, "It's not easy to come across a good mission. If you're fast, you'll get it. If you're slow, you won't get it. This little investment is really worth it!"

Wu yucao almost took out a knife to cut the young girl. Fifteen gold certificates meant fifteen thousand! It was almost the same price as the scimitar in her hand!

Was it worth it? How many missions would a martial artist with a low level have to do in order to earn back this money?

"But I can see the missions on the mission Board without using your divine weapon!"

Lin Yi shrugged and glanced at the mission Board. "That person is currently writing the latest mission, mission number 7952. The mission content is to kill a dark spirit beast, a Black Spirit xiphodon, and collect five inner cores and five pairs of xiphodon. The reward is 200 mission points and 20 gold certificates!"

If it was compared to the Black Spirit armored rhinoceros, this reward was pretty good. He just didn't know if the Black Spirit xiphodon was much stronger than the Black Spirit armored rhinoceros.

"You're quite good at making it up. If you don't want to buy it, then don't buy it ... What's the point of boasting about something that will soon be broken? If you can really see it, I'll give this divine artifact to ..."

The pigtailed girl pouted disdainfully as she looked at the mission Board with her binoculars. After that, she couldn't say anything.

After all, the latest mission he just finished was the one he read out! And it was word for word!

"Are you giving it to me?"

Lin Yi teased as he looked at the girl, who was tongue-tied, "Although I don't need it, if you really want to give it to me, I can still reluctantly accept it!"

"Pfft, I said I would give it to anyone but you! If you can see it, what do you need my divine weapon for?"

The pigtailed girl's face was slightly red. She put down her sunglasses and snorted, "'I'm not doing your business! Let's go, let's go, don't delay my fortune! So what if you can see the mission Board? I don't think you guys will be able to get the quest!"

Was this considered a curse? Lin Yi looked at the girl with pigtails, amused. He thought that this profiteer had an interesting side to him.

"Little sister, you should focus on your business. As for accepting missions, you don't have to worry about it. Don't you know that there is a special passage for high-level Warriors to take on missions?"

Black wildflower took out a card with a smile and waved it before putting it away. She had been silent all this time, and now she finally came out to make her presence known!

The double pigtailed girl once again fell into a daze. In addition to being powerful, high-level martial artists also needed to have enough mission completion rate and mission points to enjoy certain

privileges. For example, they did not need to line up in the hall to receive missions, but could use a special passage.

Some high-level missions that were not open in the hall could only be taken by high-level Warriors. The dark green Valley was probably one of these kinds of missions, so black wildflower was not worried that the mission would be taken away by others.

Chapter 7145 Such Good Eyes

The pigtailed girl was sure that she had seen the identity card of a high-ranking martial artist. She immediately turned around and left without saying anything. This was not a person she could offend. It was better to leave as soon as possible.

"Little brother Sima, I didn't expect you to have such good eyesight. Even from so far away, you could still see such small handwriting."

Black wildflower looked at Lin Yi with interest. The more they spent time together, the more mysterious he felt.

Lin Yi found it strange-practitioners were supposed to have exceptional physical strength and good vision, after all. It was a bit far, but he shouldn't be unable to see the words on the board.

"Sister hei ye, can't you see? I thought you guys could see it clearly. "

Lin Yi shrugged, not too concerned.

"Gongzi, under normal circumstances, we should be able to see it at this distance. But the mission Board is a little special. It seems to affect one's vision. We can only see it clearly at a close distance. If we want to see it from here, it will be difficult without using the girl's item."

Wu yucao explained quietly to Lin Yi, who only just realized the story.

Perhaps this was also a small trick that the warrior Guild had set up to ensure the fairness of the mission distribution and to give more opportunities to those who were in the front!

As for why so many people were fighting for missions, it was probably because this year was the recommendation year for sects to open up. The martial artists who dreamed of entering the sect had already gone crazy, right?

"It seems that the special characteristics of the mission Board are useless to me! Perhaps I'm blessed by the heavens?"

Lin Yi chuckled and changed the topic. "Sister hei ye, let's go and accept the mission!"

Black wildflower looked at Lin Yi deeply and didn't pursue the issue of the look. She probably thought that it was Lin Yi's Secret.

Lin Yi didn't know why it was like this either. Maybe it was because he was a Yuan spirit, so the special methods on the mission Board didn't affect him?

Black wildflower led Lin Yi and the others through the wall, past the sea of people in the main hall, and found a dark golden Door on the side, with the words "passage for high-level martial artists."

There were two martial artist guards standing at the door. When they saw black wildflower and the others coming over, they said with a cold expression, ""Please show your identity card!"

Black wildflower took out his ID card. It was a dark gold oval-shaped card, made of a special material Lin Yi wasn't familiar with.

As for Wu yucao and the other two, they took out silver oval cards. It was obvious that they were at least one level lower than black wildflower.

"Are these mid-ranked martial artists your companions?"

The guard asked black wildflower expressionlessly. If he received a negative answer, he would refuse to let Wu yucao and the others in.

Only high-ranking Warriors could enter the passage. Only middle-ranking and low-level Warriors could enter the passage under the guidance of high-ranking Warriors!

Black wildflower nodded in agreement, and the guard turned to Lin Yi, signaling for him to take out his ID card.

Lin Yi was speechless-he didn't even have that! He had forgotten about this!

"I didn 't!"

He could only admit it now. If he tried to hide it, it would only attract more attention.

"Little brother Sima, have you never registered with the warrior's Guild before? As expected of a young master from a big family, he doesn't need the resources and opportunities provided by the warrior Union!"

Black wildflower seemed to understand, and it gave Lin Yi a way out.

The two guards were slightly moved. A true noble family did not have the habit of registering for a warrior's Guild. If they had any needs, they could just inform the middle and higher-ups of the warrior's Guild.

So the two of them agreed with black wildflower's words, and immediately confirmed that the young man with the demon devouring sword at his waist was definitely a young master from a rich family!

It was an honor for the branch to let a young master from a wealthy family register as a martial artist. Therefore, one of the guards immediately softened his expression and even squeezed out a smile.

"May I know your name, Sir? If you haven't, you can register an identity card now. With the company of a high-level martial artist, the procedures will be much simpler. "

"Alright, then I'll have to trouble sister hei ye!"

Lin Yi didn't want to ask too much-it'd make him look ignorant, and it didn't fit his status as Lord Sima. He smiled faintly and asked black wildflower to help him register.

He entered the passage for high-class martial artists and found a room for registration. This was also a registration point for high-class martial artists, so there weren't many people lining up. Lin Yi went through the registration process directly.

The first was the name or code name. There was no requirement for one to use their real name, but Lin Yi still used Sima Yi's name. It was a fake name anyway, and in black wildflower's eyes, it made Lin Yi look more open.

After that was the simplified strength test. Lin Yi chose the foundation test and finished it easily and happily in an instant. He got the same silver identity card as Wu yucao and the others.

"The identity card represents the warrior's identity and also the warrior's personal account. It contains the record of the mission completion, the mission points balance, and so on. The mission points can be exchanged for various resources at the warrior Guild, and can also be used to exchange for the right to recommend a sect. It's a very important wealth!"

The girl in charge of registration explained the use of the card to Lin Yi, "If you want to be promoted to a high-level martial artist, other than raising your strength to the Golden core stage, you also need to

complete enough missions and obtain enough mission points. You can't lack any of these three conditions, so please take on more missions during normal times. Only then can you be promoted to a high-level martial artist as soon as possible and enjoy more Guild privileges."

Lin Yi understood-this was an encouragement for the Warriors to take on more missions, and the warrior Association would prosper.

If one could advance once they had the strength, not many powerhouses would focus on doing missions. Under the circumstances where they were not short of money, their focus would be more on cultivation.

However, the Warriors on the sub Island were special. Closed door training might not be as effective as taking risks everywhere. The body's tempering and breakthrough would be more effective in various dangerous missions.

No matter what, Lin Yi was now a member of the warrior Guild, but his account was empty!

If he wanted to exchange for something good, he would have to wait until later!

After completing the registration, black wildflower immediately took everyone to receive the mission in the dark green Valley.

The mission objective was to find a plant that would emit purple mist. On the outside, it had three round green leaves supporting the stem, and on the stem was a Lotus-shaped object. However, there were some differences. It was possible that it had not bloomed and was only in the state of flower buds.

There might be a lot of such plants, so the more the mission requirements, the better. Every plant obtained would be worth 1000 mission points and 100 gold certificates. There was no upper limit!

Chapter 7146 Very Similar To The Purple Mist Evil Lotus

Lin Yi was shocked. The rewards were great, but that wasn't the main thing-the target seemed to fit the description of the purple mist evil Lotus!

It seemed that the dark green demonic Valley was indeed the dark sky Valley! He had to get the purple mist sinful Lotus this time!

If he really did have enough, Lin Yi didn't mind saving up what he and the ghost needed, and giving some to black wildflower and the others.

However, if there were only one or two, then it would be embarrassing. The black wildflowers would not leave any benefits behind. He would take them all!

If a conflict were to break out, Lin Yi wouldn't mind killing black wildflower!

After all, Lin Yi's and the ghost's body's reconstruction was the most important thing!

However, it seemed that someone had already accepted this mission before the black wildflowers. The mission also said that there might be many targets, so in order to get more mission targets, this was an open mission. As long as the conditions were met, anyone could accept it after paying the mission deposit.

Lin Yi's expression didn't change, but his heart was burning with anxiety. He was afraid that someone would get there first and take all the purple mist evil Lotus. That would be a big problem!

If he couldn't reconstruct his body, his soul would be destroyed sooner or later if he continued to stay on the sub-Island!

"Alright, the quest has been accepted, and the equipment is ready. We'll head to the Guild to rent some Black Spirit Ferghana horses and set off!"

Black wildflower was in a good mood because the preparation work was finally completed. As long as he could successfully complete the mission, he would be able to get enough points!

Of course, the successful completion of the task referred to getting enough task targets. If there were only two or three, it would be difficult to get a recommendation from the inner disciples of the sect this year.

In that case, black wildflower could only consider entering the sect as an outer disciple. After all, the next recommendation would only be open six years later in the recruitment year.

Six years, although it was difficult, there was still a chance of being promoted to an inner disciple.

Although he had a higher chance of winning by fighting outside for six years, black wildflower believed that six years was enough for him to build his own network in the sect!

This was a task that could not be accomplished by working hard in the outside world.

Lin Yi didn't ask what a Black Spirit Ferghana horse was-it was probably a type of dark spirit beast, tamed and improved for riding.

Black wildflower had rented twelve Black Spirit Ferghana horses, ten of which were for riding, and the last two were for carrying the equipment needed for this mission.

The mission had a limit of ten people, so other than Lin Yi, Wu yucao, and the other two, black wildflower had five more men! Four against six, this was the division plan that they had agreed on, and it seemed quite fair.

The group had just left the Guild on their Black Spirit Ferghana horses when they ran into Jin Yuan Bao. He'd heard Lin Yi mention that he was leaving the city today, so he'd been paying attention to Lin Yi's movements and waiting for him here.

"Brother Sima, are you ready to set off now? This little brother didn't have time to send you off last time, but I came early today to send brother Sima off. "

Jin Yuanbao laughed as he greeted Lin Yi, not forgetting about black wildflower."Boss Kurosaki is getting prettier and prettier. I'm sure I'll be even more shocked when I return this time, right?"

"Hehe, Master Jin, you're really good at joking. But I'm very happy to hear it!"

Black wildflower covered his mouth with a fan in his hand, smiling happily, but he couldn't tell what he was thinking.

She was determined to get to the dark green demonic Valley as soon as possible. She really didn't have the patience to entertain a rich man like Jin Yuan Bao.

"Actually, it's still early now. Why don't I be the host and bid farewell to brother Sima and boss hei ye?"

Jin Yuan Bao joked for a while before getting to the main topic. "When we're full, we can spend less time on the road. Brother Sima and boss Kurosaki, would you mind?"

Black wildflower gritted his teeth. It was already a waste of time to be stopped by you, and you still want to eat? Why do you only talk about eating when you meet? You'll die if you can't eat it!

"Thanks for your concern, Master Jin. But if we hurry a bit more now, we could stay overnight in the next supply point. If we're late, we might sleep outside, which would be a bit dangerous!"

Black wildflower was smiling, but he was cursing in his heart. Although he was polite with his words, he was secretly scolding Jin Yuan Bao for not knowing what was good for him.

"Brother Jin, let's forget about today. Boss hei ye is right. We can eat anytime. When we come back, this little brother will treat you, brother Jin!"

Lin Yi didn't want to waste any more time-it wasn't easy to get news of the Azure sky Valley and the purple mist evil Lotus, what if something happened?

In order to avoid any more trouble, it was better to hurry over and settle it as soon as possible!

"That's good too. I really can't delay brother Sima and boss hei ye's journey. Let me send the two of you out of the city!"

Jin Yuanbao thought about it and didn't force them. He walked to Lin Yi's side and accompanied them out of the city.

Black wildflower was relieved. Although there was still some delay, it was already within an acceptable range.

Once they were out of the city, with the Black Spirit Ferghana horse's speed, they would be able to make up for this short period of time ...

Just as black wildflower was thinking this, another group of people came from the opposite side, and the one leading them was Nangong Yimeng!

Black wildflower already had a bad feeling in his heart. This was clearly another person who came to waste time!

Before he could pray that Nangong Yimeng was just passing by, the kid had already come up to him with a smile.

"Brother Sima, boss hei ye, where are you guys going?"

Nangong Yimeng cupped his fists and greeted him while asking politely, ""Why are you still with Jin Yuan Bao?"

"It's none of your business! Nangong Yimeng, get out of my way!"

Jin Yuan Bao pulled a long face, not giving Nangong Yimeng any face.

If Lu Butong was here, he would at least show some restraint. However, Nangong Yimeng was here alone, so it would be weird if he was polite!

"Jin Yuan Bao, you're really funny. How did Luling city become your family 's? You actually dare to ask this young master to get out of the way so casually? You think you're worthy?"

Nangong Yimeng laughed coldly and didn't show any signs of weakness. She didn't have the gentlemanly attitude she had when she faced Lin Yi, ""I'm talking to young master Sima and boss hei ye right now. What are you interrupting for?"

Jin Yuan Bao laughed coldly as well and was about to retort when Lin Yi stopped him. "Alright, alright, why are the two of you quarreling? We're all around the same age, isn't it great to be friends and play together?"

Nangong Yimeng and Jin Yuan Bao snorted at the same time, their disdain for each other evident in their words.

"Brother Sima, you don't have to worry. There's really nothing much for me to say to someone like Jin Yuan Bao. We weren't friends in the past, we aren't friends now, and we won't be friends in the future. If I had a choice, I wouldn't even be bothered to be in the same space as him."

Nangong Yimeng said resolutely. Then, she waved her hand and said, ""Forget it, I don't want to say anything more to this kind of person. Brother Sima, I'm here to look for you and boss hei ye today."

Chapter 7147 Blocking The Way

"I wonder if brother Nangong has any advice for me?"

Lin Yi cupped his fists and stopped Jin Yuan Bao's counterattack, letting the two fight on. Who knew when the result would come out?

"What advice do you have? Brother Sima, you're too kind!"

Nangong Yimeng hurriedly cupped his hands and said with a smile, ""I wonder where the two of you are planning to go? Last time, I was busy and could not travel with brother Sima. Now that I have nothing to do, if the two of you don't mind, I would like to travel with brother Sima and boss hei ye, is that okay?"

Lin Yi and black wildflower pouted in their hearts. Although they didn't say anything, they both despised Nangong Yimeng. Of course, they couldn't let this guy follow them!

However, he couldn't say it too clearly. Black wildflower laughed and fanned himself a few times before laughing, ""It's naturally our honor that young master Nangong can travel with us. However, it's a little inconvenient this time. "

"Why is that? I promise that I won't get in the way and will follow brother Sima and boss hei ye's instructions in all operations. Is that not okay?"

Nangong Yimeng was surprised. He thought that Lin Yi and black wildflower wouldn't reject him if he asked, but it turned out to be the opposite!

Black wildflower's rejection was very straightforward. Although Yingying said it tactfully, it was also very straightforward!

"Boss hei ye is right. This time, I'm going to carry out a Guild mission with boss hei ye. Because there's a clear registration limit, we can't have one more person ... Well, we can't change to another person either! Brother Nangong, I'm really sorry. Let's Travel Together again next time if we have the chance!"

Lin Yi explained with a smile. He was now in an alliance with black wildflower, and they both wanted to leave as soon as possible. How could they have the time to care about Nangong Yimeng?

It was more important to get rid of this kid as soon as possible!

"Is that so ... That's such a pity. If I had known that brother Sima and boss Kurosaki were going to do a mission, I would have gone to register with them!"

Nangong Yimeng revealed a disappointed expression. He really wanted to build a good relationship with Lin Yi and black wildflower as it would be beneficial for the Nangong family.

It was a pity that Lin Yi and black wildflower had already accepted the mission, and there was nothing they could do. No matter how strong the Nangong nobles were, they couldn't beat the warrior Guild!

Nangong Yimeng didn't have the guts to tamper with the restrictions on the mission. It was useless even if their family head, Nangong Zimo, came forward. The warrior Union wouldn't give him face!

"There will be such an opportunity next time. Brother Sima, please inform me in advance. I don't want to miss it again!"

Nangong Yimeng adjusted her state of mind and immediately began to book the next mission.

Lin Yi laughed to himself. If he got the purple mist evil Lotus, he wouldn't have the time to stay on the sub Island for missions. There were so many things waiting to be taken care of outside, you should go play by yourself!

Of course, he couldn't just say that on the surface-he just laughed it off and said yes!

Jin Yuan Bao revealed a disdainful expression. He thought that Nangong Yimeng was indeed an extremely scoundrel. First, she tried to sow discord, wanting this young master to distance himself from Sima Zhong da. Then, she herself stuck close to him. If she had known that this brat wasn't a good person, she would have tried to lie to this young master!

At that moment, Jin Yuan Bao felt proud of himself, thinking that he was smart enough not to fall for Lin Yi's trick. He was even more determined to build a good relationship with Lin Yi now.

In order not to make Lin Yi feel disgusted, Jin Yuanbao temporarily suppressed the anger in his chest and didn't argue with Nangong Yimeng. He would settle the score with this kid later.

Black wildflower was in a hurry to leave, so he urged Lin Yi to go. Jin Yuanbao continued to send them off, and Nangong Yimeng naturally followed.

As a result, this group grew a lot stronger, and the group of people ran towards the city gate in a grandiose manner.

At first, the road was very smooth, and everyone who saw him would make way. It was not only because of Jin Yuan Bao and Nangong Yimeng, but also because Sima Yi's name was extremely well-known in Luling city. They knew that he was a very powerful person and could not be easily provoked, so when they saw him from afar, they took the initiative to make way.

However, it wasn't easy to get out of the city today. They didn't go far when another group of people came out from the side and blocked their way when they turned to the city gate. They even messed up the formation in front of them.

"Who's so blind that they're rushing to reincarnate here?!"

Jin Yuan Bao immediately flew into a rage. He did not vent his anger just now, and now he could take the opportunity to vent it. "It's fine if you block this young master's path, but who can bear the responsibility if you delay my official business?"

In Luling city, Jin Yuanbao didn't have many people he didn't dare to mess with. Plus, he had Nangong Yimeng by his side, so he could take the blame if anything happened. Plus, in front of Lin Yi and black wildflower, he couldn't show any weakness as the young master of the gold yuan bank!

The group in front turned around and looked at Jin Yuan Bao and the others.

A brawny man with a scar on his forehead to his left cheek grinned hideously and said, "I was wondering who it was. Isn't this Jin Yuan Bao from the gold yuan bank? Do you have a problem with me rushing here?"

"This young master was still wondering what kind of great figure it was, so it's the forest's thief Dao BA! In front of whom did he call himself his father? This is Luling city, not your broken saber stronghold!"

Jin Yuan Bao sneered, not afraid of Scarface's imposing manner at all.

Nangong Yimeng wanted to watch a good show, but she felt that she should show off too. Although it was a little disgusting to stand on Jin Yuan Bao's side, she could bear with it in order to get Lin Yi and black wildflower's favor.

"Dao BA! It's better for you to restrain yourself when you're at Deer Ridge city. Otherwise, our Deer Ridge city can't guarantee that you'll be able to leave alive!"

Nangong Yimeng looked at Scarface coldly. He had the aura of a young master from a noble family, and his eyes were like he was looking at a lowly servant.

"Are you trying to scare me? The Nangong nobles and the gold yuan bank are so impressive. In the future, don't leave Luling city if you have the guts!"

Dao BA laughed coldly. He wasn't afraid of these two second generation young masters of Luling city.

His broken saber stockade was powerful, and it was not inferior to the original poison King stockade. In fact, it was even stronger. He had led a life of a Bandit who licked blood from his blade!

And the major powers in Luling city were not willing to provoke him easily, in case he would bite them like a Mad Dog and not let go!

Therefore, it was useless for Jin Yuan Bao and Nangong Yimeng to use their family background to suppress Dao BA, and it would only stimulate his ferocity.

"Dao BA, it's really a small world, you wouldn't be intentionally blocking the way right?"

Black wildflower suddenly spoke, and his usual charming smile disappeared, replaced by a cold expression. "You know I'm leaving, so you're here to find trouble?"

Chapter 7148 Instant Kill

"Aiyoyo, isn't this the big boss of black wildflower? I'm so sorry, I didn't see you just now. It was my mistake!"

Dao BA pretended to be in fear and trepidation as he said with a cheeky smile, "Big Boss hei ye said that I'm deliberately looking for trouble, but he really ... F * cking knows me too well! That's right, I'm deliberately looking for trouble, right?"

Lin Yi raised an eyebrow, guessing that this idiot was black wildflower's enemy or something. It was a strange feeling that trouble wasn't coming for him.

But there was one other person who gave Lin Yi an even stranger feeling-the man next to Dao BA. He didn't say anything, nor did he make any special movements, but Lin Yi felt that he looked familiar.

Looking at his appearance, he should not have seen him before, but why did he feel so familiar? Temperament? Figure?

Although this person looked like Dao BA's Lackey, Dao BA would occasionally glance at the man beside him, intentionally or otherwise, as if he was waiting for his reaction. This was very interesting!

Perhaps, the one who was truly in charge of Dao BA's team was this strange man beside him!

Lin Yi couldn't be bothered with the conflict between black wildflower and scar, focusing on the man. The man, on the other hand, was looking down, not paying attention to the outside world at all, not even looking at Lin Yi.

"Dao BA, if you want to find trouble, we can have a fight after we leave Luling city. You have accepted the mission to the dark green demonic Valley, right? Since this battle will happen sooner or later, it's better to determine the winner as soon as possible!"

The black wildflower's eyes were cold, and its fighting spirit was strong. Lin Yi was a little surprised-he'd never seen a black wildflower like this before!

It seemed that there was a deep hatred between him and Dao BA!

But this wasn't the main point. The main point was that Dao BA had also accepted the mission to the dark green Devil Valley?

Lin Yi scratched his chin. This was troublesome. He didn't know how many purple mist evil lotuses there were, but he had a higher chance of getting them if there were fewer people. Dao BA's team didn't look weak, and they might be a good opponent for the purple mist evil Lotus.

Of course, Lin Yi didn't care about their strength. As long as he found the purple mist sinful Lotus, he didn't need to worry about his essence spirit. As long as he didn't die immediately, he didn't need to worry about anything!

So Lin Yi was thinking of getting Scarface to help him find the Lotus first-if he found it, he'd just take it for himself.

"Oh, oh, oh, the black wildflower gift bag is angry! You want to settle our grudges now? I'm telling you, no way! Because I don't want to kill you now. I want to wait until you fail your mission and everything is taken by me. Then I will slowly kill you!"

Dao BA stuck out his tongue and licked his lips, revealing a meaningful evil smile.

Lin Yi suddenly felt that it was a good idea to let Dao BA find the purple mist evil Lotus first and then steal it himself!

"Hehehe, I really don't understand where your inexplicable confidence comes from? Let's not talk about anything else. Just this mission alone, since you're here, if we set off together, it's still uncertain who will complete the mission first!"

Anger flashed in black wildflower's eyes, but he soon calmed down and smiled. "I believe that we will be the ones to win this mission. If you want to live to see this scene, I don't mind letting you live for a few more days. When the time comes, I'll take my time to deal with you!"

"Hahahaha, I like the way you brag without blinking. You actually dare to say that you will definitely win this mission? Do you know how strong the partner I found is? This time, I will definitely win!"

Dao BA laughed arrogantly, and the man beside him finally showed some expression, but it was only a slight frown, as if he was not satisfied with Dao BA's words.

Lin Yi's sharp senses caught this scene, but he couldn't understand what was wrong with Dao BA's words.

"What a joke, you're the only one who found a business partner? I also have a partner, and he's extremely strong. With him here, victory is in our pocket!"

Black wildflower continued to show off his confidence, but Lin Yi felt that this woman wanted to use this to get more information from scar.

But Scarface didn't say much about his side, instead starting to mock black wildflower and Lin Yi."Hahahaha, you're not talking about this pretty boy beside you, are you? What use could this kind of pretty boy be? I can crush a pretty boy like him to death with one finger. "

Lin Yi frowned slightly. It wasn't that he was angered by Scarface, but that Sima Yi's identity made him show his dissatisfaction. Otherwise, Jin Yuan Bao and Nangong Yimeng would be suspicious.

How could a noble young master of the Sima clan allow a mountain Bandit to humiliate him and not do anything?

This kind of idiotic cultivation of self-drying in the face of spit should definitely not appear in the Sima clan!

"Shut up, Dao BA, don't go too far. You should know that there are some people who you can't casually provoke!"

Black wildflower scolded sternly, but he was rather happy in his heart. He only hoped that Dao BA's scolding would be even more harsh and unpleasant, thoroughly offending Sima Yi. In the future, broken blade stronghold might even be completely uprooted by the Sima clan!

Scarface didn't let them down ... He probably didn't let black wildflower down. He continued to laugh arrogantly, "Black wildflower, you're so protective of that pretty boy, don't tell me he's your mistress? Did I guess correctly? Hahahaha, it's embarrassing for me to crush this pretty boy with my fingers. I'll just drown him in my pee!"

Lin Yi's mouth twitched-this guy was really asking for it!

He'd wanted to use the scar to find the purple mist sinful Lotus faster.

However, after being humiliated by Dao BA, if he didn't show any anger, would he still be Sima Yi?

Forget it, I'll just kill him directly!

Lin Yi sighed to himself-what a waste! The plan he'd just come up with had died in the womb!

Divine sense collision!

An invisible attack was launched in an instant. Dao BA's saliva flew everywhere. He was talking happily when he suddenly felt a sharp pain in his head, and then his mind went blank.

Lin Yi's body flickered, and a black light burst forth. Scarface's head flew up into the air, drawing a small arc in the air before landing heavily on the ground.

Instant kill!

Lin Yi returned to his Black Spirit Ferghana horse and casually returned the demonic blade to its sheath.

Lin Yi didn't want to bother with a small fry like him, but he didn't know what was good for him-he couldn't be blamed for looking for death!

Plus, it was related to the purple mist evil Lotus. Lin Yi wanted to use Dao BA, but it wasn't a bad thing to kill him.

He couldn't afford to make any mistakes in his body reconstruction, after all, and so he'd go all out the moment he decided to make a move. He didn't even care about the rule that forbade private fights in Luling city.

Chapter 7149 It's Actually The Gray-Robed Man

In any case, there was Jin Yuan Bao from the Jinyuan bank and Nangong Yimeng from the Nangong nobles. These two were members of the privileged class in Luling city. Ordinary people were forbidden from fighting, but the privileged class could ignore it. Thus, it was not difficult to settle this matter.

Black wildflower was overjoyed. Things had developed much better than she had expected. That idiot, scar, did not listen to her advice and humiliated Sima Yi. How could someone of such a noble status endure such humiliation?

The scene fell into silence for a moment. After two or three seconds, Dao BA's headless body finally fell from the Black Spirit Horse.

The man next to Dao BA finally reacted, immediately losing his previous calm and collected manner. He angrily shouted, "Lin Yi, you bastard! What's wrong with you? why did you kill people?"

"Who is Lin Yi? Did you make a mistake? This young master is Sima Yi. If you want to take revenge, come at me. This young master will take it on anytime!"

Lin Yi replied with a cold smile. No wonder he thought he looked familiar.

Lin Yi could tell that it was the grey-robed man in the center the moment he spoke!

However, the grey-robed man's condition seemed a little strange. His strength had dropped drastically. If he didn't suppress his strength level, then something must have happened that Lin Yi didn't know about.

In addition, how the gray-robed man entered the sub-Island was also worth thinking about. However, there were too many strange things that happened in the center. After getting used to it, he didn't feel that it was strange!

"Hehehe, Sima Yi ... Fine, maybe I was wrong. But it doesn't matter. You killed Dao BA, so don't tell me you're going to kill us all next?"

The gray-robed man smiled slyly and opened his arms. "If you really have such a plan, you might as well give it a try!"

"I didn't want to kill you all, but your words have reminded me that there's nothing wrong with killing you all!"

Lin Yi said seriously as he held his chin. He was sure that the man in front of him was the gray robe, and no matter what the reason was, it was a great chance to kill him.

However, the grey-robed man was different from the natives of the sub Island. He was a high-level figure in the center, and he had high-level spirit sense defensive items. Lin Yi's spirit sense skills might not be effective against him.

Other than his spirit sense, Lin Yi's combat strength was really weak. It didn't seem like he could kill the man in gray yet!

"This ... Sima Yi, you probably didn't ask around, right? Teams that have accepted the same mission from the warrior Guild are forbidden from fighting to the death before the mission is completed. Those who violate the rules will be severely punished!"

The grey-robed man smiled at Lin Yi, pleased with himself. "Although this rule is useless most of the time, that's only when there's a dispute during the execution of a mission. As long as one side is completely annihilated, there won't be any future trouble. It's a pity that you killed someone in Luling city! If I were to report you, what do you think the consequences would be?"

After a slight pause, the gray-robed man continued, ""Luling city has a rule that prohibits private fights. The two kids by your side might be able to help you settle this matter, but if I were to report you to the warrior's Guild, how would you be able to erase all traces of this matter?"

Lin Yi was a little surprised as he turned to black wildflower. The warrior Guild had such a rule? Then why did the two of them challenge each other just now? And you want to fight to the death?

Wait ... Just now, black wildflower seemed to have said that there was a winner, and Scarface only said that he didn't want to kill black wildflower now, and that he would kill her later, and so on.

F * ck! He seemed to have fallen into a pit!

"Little brother Sima, there is indeed such a rule ... Big sister didn't expect that you would suddenly attack, and I didn't have time to stop you ..."

"This is indeed a little troublesome," black wildflower said apologetically. "But I'll definitely shoulder it with you!"

Lin Yi didn't know what to say. Black wildflower had to have some sort of plan, but he couldn't prove anything. He'd be at a disadvantage.

What he needed to think about now was how to deal with the gray-robed man.

"Since you're saying these words in front of this young master and not directly reporting this young master to the warrior's Guild, I think you have your own thoughts, right? Tell me about it!"

Lin Yi nodded at the man in gray, giving him an expression that everyone understood. "If your request isn't too much, we can consider it."

"It's actually very simple. This mission is very important to everyone. If both sides suffer, it won't benefit anyone. Is there a problem with that?"

The gray-robed man was very confident and had a leisurely look on his face. "So, the rest of us will follow you until the mission is completed. Then, we will be given a portion of the mission items as hush money! As long as we don't say anything, this matter will definitely be left unsettled in the end, and the warrior's Guild will not find trouble with you. How about it? Is it worth considering?"

Black wildflower was extremely moved. Although Lin Yi killing scar made her very happy, there couldn't be any accidents during the mission. She really wanted Lin Yi to agree, but she couldn't say anything, so she could only use her eyes to convey her opinion.

Unfortunately, Lin Yi didn't see her eyes at all. He was thinking about why the gray-robed man would do this. Was it also for the purple mist sinful Lotus?

"What's there to consider? If you agree to my request, everyone will be happy. Even if the warrior's Association investigates this matter, I can be your witness and say that Dao BA died on his own. There's no problem with that!"

Lin Yi was still hesitating, so he continued to persuade the man.

Lin Yi's lips twitched. Dao BA died on his own? How did he die? He took a sword and cut off his own head?

Are you sure you're not joking?

However, to be honest, the gray-robed man's suggestion was indeed the best solution at the moment!

No matter what, Lin Yi didn't want to cause any more trouble before he got the purple mist evil Lotus!

He had to look at the big picture!

Lin Yi had already agreed to the grey-robed man's suggestion, but he didn't say it out loud.

The man in gray thought that Lin Yi didn't want to bring him along, so he brought up a new condition.

"Other than what I've just said, how about I provide the equipment for this mission?"

The gray-robed man took a bag from the back of the Black Spirit Ferghana horse beside him and opened it, revealing a gas mask and other equipment inside. "Look, these are the latest equipment provided by the central Manufacturing plant. They're not on sale in the central Chamber of Commerce yet, so I'm the only one who can get my hands on them."

Lin Yi glanced at it, but didn't pay much attention to it. It was just an upgrade from the 80s to the end of the last century-it wasn't a small upgrade, but that was all.

Chapter 7150 Mutual Probing

On the contrary, Lin Yi was even more confused after seeing these things!

With Central's strength, it was not impossible for them to get the latest high-tech equipment from the secular world. Why would they still use these outdated things?

"How is it? As long as you agree, I can give you all the equipment. Besides the mission items, I don't want any other benefits. Do I need to consider such a good thing?"

Black wildflower's eyes brightened. He felt that the gray-robed man was really generous, and the conditions he offered were quite attractive, especially the equipment. It was obviously much more advanced than the ones she had spent a sky-high price to buy!

And so, black wildflower's eyes shifted as she looked at Lin Yi, hoping that he'd nod. It was a good thing that she remembered that Lin Yi had the authority to lead the mission, or she'd have already made the decision to let the gray-robed man join!

"Interesting ... I can consider it!"

Lin Yi nodded, reserved. "May I know how to address you?"

He knew that the man in front of him was a gray robe, but he wasn't wearing it right now, and Lin Yi didn't want to admit that he knew him.

"Hmm...You guys can call me Ling lingfa!"

The gray-robed man muttered his name.

Lin Yi's mouth twitched-was he playing a spy? Although he knew it would be a fake name, couldn't he come up with a fake name seriously?

Forget it, it's just a code name anyway, so whatever!

"Ling lingfa, you can join us if you want, but I have to make it clear that I will be in charge of this mission. You must obey my commands and orders. If you disobey me, our cooperation will be canceled immediately! Is that acceptable?"

Lin Yi stated his conditions-it was the most basic requirement. Otherwise, they wouldn't be able to do anything if they had different opinions!

Moreover, after obtaining the leadership, he could at least guarantee that he would not be easily set up by the gray-robed man. This guy was very sinister, and if he was not careful, he would fall for his tricks!

"No problem! This is what we should do. Even if you didn't say it, we would have used it as our standard of action!"

The grey-robed man was now called Ling lingfa. After hearing Lin Yi's conditions, he immediately agreed,""We've been working together for so long anyway, and we have a high level of trust in each other. I'm well aware of your ability, so I won't go wrong listening to you!"

Lin Yi wanted to spit at the guy-what level of trust did he have with him? This guy's words really couldn't be easily believed!

"I don't understand what you're talking about! This was the first time they had met, so where did the trust between them come from? It's better to slowly build our trust in each other through future cooperation!"

Lin Yi hmped and continued to deny the fact that he knew Ling lingfa, but Ling lingfa didn't mind.

As long as he could get into Lin Yi's team and go on a mission together, he'd have achieved his goal.

And so, after some discussion, Dao BA was treated as committing suicide, and Ling lingfa brought the rest of the people to join Lin Yi's team. The two teams had the same goal in mind, and joined together.

Lin Yi was curious why Scar's men were so obedient and didn't fight back at all, but he didn't think too much about it. The Man in Grey had his own ways, after all.

Jin Yuanbao and Nangong Yimeng didn't continue to send Lin Yi out of the city because they had to deal with Dao BA's matter. They left after some small talk.

This wasn't just for Lin Yi's sake, it was also for the broken blade village's benefit. After Dao BA's death, there would be a period of chaos before the new chief took over.

Before this, the broken saber stockade and the various major factions in Luling city were not particularly friendly. The friction between them had accumulated and had not exploded.

Now that Dao BA was done for, the Nangong nobles and Jin Yuan bank would definitely take advantage of the fact that no one knew about it to split the cake.

On this matter, Jin Yuanbao and Nangong Yimeng had a rare tacit understanding. How they would proceed was not Lin Yi's concern.

After leaving the city, the group started to speed up. The Black Spirit Ferghana horse was indeed fast, but Lin Yi still had the idea of testing Ling lingfa.

"Ling lingfa, it's a bit tiring to travel like this. The speed is slow too. Why don't you take out your flying saucer and use it? that way, everyone can save some energy. What do you think?"

Lin Yi and Ling lingfa were riding side by side, and he assumed that no one else could hear him, so he pretended to be casual. "Since we have the same goal, it's good to travel faster. At least we can avoid trouble on the way, right?"

"Didn't you say that this was the first time we met? How did you know I have a flying saucer?"

The gray-robed man laughed, knowing that his words were meaningless. It was something that everyone had a tacit understanding of, so it was just an excuse. "I'm not going to argue with you about this. You broke my flying saucer and I haven't settled the score with you yet. You still have the cheek to ask me to use my flying saucer?"

"Ha ... You're the boss of central. It's just a flying saucer, what's the big deal? I don't believe that someone of your status wouldn't have a spare flying saucer!"

Lin Yi was just bullshitting, but he was thinking that the grey-robed man might really not have a flying saucer with him.

"No, I didn't! I won't let you sit even if I have one!"

The gray-robed man snorted, and his expression was a little proud. "Just ride your Black Spirit Ferghana horse obediently. Talk less nonsense and hurry on with your journey. That way, you'll be able to reach your destination faster."

Lin Yi smiled, thinking that it was indeed strange. It was likely that Ling lingfa didn't bring anything with him when he entered the sub-Island.

Then how did he get in?

Also, if this fellow really couldn't bring anything in, would it be possible that he couldn't bring any primordial spirit defensive tools in as well?

In that case, using spiritual awareness attack skills might be able to get rid of this annoying guy!

Lin Yi pinched his chin and started thinking. He was moved.

It was just that he couldn't confirm whether his guess was true or not. If he guessed wrong, once he made a move, he would really fall out completely!

Lin Yi's strength was too weak right now, and his essence spirit was a consumable. Every use meant one less use-he didn't want to take the risk, and killing the grey-robed man here didn't have much meaning!

It was better to observe a little longer ...

In fact, when Lin Yi first saw the gray-robed man, he was a little happy because he didn't have any clues to leave the sub Island.

Even if he found the purple mist sinful Lotus and successfully reconstructed his body, he would still be unable to leave the sub-Island!

So the appearance of the gray-robed man gave Lin Yi some hope of leaving, but if the gray-robed man couldn't even bring anything in, it didn't seem possible for him to bring Lin Yi out.

Thinking about it, Lin Yi felt really conflicted-whether or not he could kill the man in gray was one thing, and whether or not he should kill him was another. He might as well put it aside for now.
