

Bodyguard 7161

Chapter 7161

"Little brother Sima, where did you two go? You took so long to come back, what's there to whisper?"

Black wildflower saw Lin Yi and Ling Ling's messages and immediately stood up to greet them, ""You don't even know how to bring big sister, are you trying to get rid of her?"

In fact, Lin Yi and Ling Ling didn't leave for too long. After all, they had just entered the valley and escaped in a hurry. However, it was indeed quite a long time to talk.

"Sister hei ye really knows how to joke. I originally wanted to look around the surrounding terrain, but I didn't expect to be dragged by Ling lingfa to walk around the dark green demonic Valley."

Lin Yi pulled Ling lingfa out as a shield and took out two purple mist snow lotuses."Look, I've found two suspected mission targets. Are they like this?"

"You two went into the dark green demonic Valley?"

Black wildflower was shocked, but he couldn't help but believe the fact when he saw the purple mist Snow Lotus in Lin Yi's hand,"How come none of you have been poisoned to death?"

Lin Yi's mouth twitched. Shouldn't he be focusing on the purple mist Snow Lotus now? Why are you concerned about whether we're poisoned to death?

But Lin Yi also came to his senses. It was only natural for him and Ling lingfa to be alive, but in the eyes of black wildflower, it was quite unbelievable!

How could he enter the dark green demonic Valley without a gas mask? The poisonous gas at night was many times more intense than it was during the day!

"Heh ... We have the ability to hold our breath. We're only at the entrance of the valley and didn't go deep in. We're not poisoned yet!"

Lin Yi explained with a dry smile before raising his arm. "Sister hei ye, shouldn't you first look at the thing in my hand?"

"Oh! Right! This is indeed a quest item!"

Black wildflower didn't continue to think about why the two weren't dead. He took the two purple mist snow lotuses with joy, "Little brother Sima, you're really a Lucky Star. You've found what we wanted so easily!"

Lin Yi thought that black wildflower wouldn't just go back, would he?

It seemed that it was not a bad idea for them to return. It would be more convenient for them to explore the dark green demonic Valley alone.

But Lin Yi still underestimated black wildflower's ambition. She held the two purple mist snow lotuses in her hands, a hint of madness in her eyes. "Little brother Sima, you said that you found these two at the entrance of the valley? If they went deeper, wouldn't there be more? We're really rich this time!"

She looked like she wanted to leave immediately and go into the valley overnight to collect purple mist Snow Lotus. Lin Yi didn't think that black wildflower was going to strike it rich, but that he was going crazy ...

After that, Lin Yi watched as the black wildflower peeled the Lotus and put it in its pouch before throwing the rest on the ground casually.

"Little brother Sima, I'll keep these first. We'll split them later. If you're worried about big sister, I can leave them with you."

Black wildflower seemed to feel that his actions weren't right, and explained with a bit of embarrassment. He didn't seem to have any intention of giving the Lotus to Lin Yi.

"It doesn't matter, it's the same with you, sister heiye!"

Lin Yi waved his hand. He didn't care about the seeds, but he was curious about what the black wildflower was doing. "Sister hei ye, do you only want lotus seeds? You don't want the rest of the things?"

"The remaining ones are useless! Why would I want it?"

Black wildflower looked at Lin Yi strangely and looked at the purple mist Snow Lotus on the ground. He shook his head, "Little brother Sima, you shouldn't have uprooted them. It's fine as long as you collect the Lotus seeds. They can grow again in the future. Even if you plant them back now, they won't survive."

"So that's how it is ... Sister hei ye is really thoughtful!"

Lin Yi didn't know what to say-black wildflower's words made sense!

If it was the purple mist Black Lotus, it would naturally need a stem to reconstruct the body. The purple mist Snow Lotus could also be used to reconstruct the body, but the effect was too poor!

Lin Yi wouldn't choose the purple mist Snow Lotus unless he had no other choice.

In that case, it was better to just take the Lotus seed and forget about it. After a few years, it might even evolve into a purple mist sinful Lotus!

"Little brother Sima, how's the situation in the dark green demonic Valley? Although I've heard of the rumors about the dark green demonic Valley, I've never entered it!"

Black wildflower was in a good mood, and so he pulled Lin Yi to the side to chat, asking her what she was interested in, "You guys can easily enter the dark green demonic Valley without any equipment. It seems that it is not as dangerous as the legends say!"

What she said was not unreasonable. After all, it was already night time. In terms of danger, it was not surprising that it was tens or even hundreds of times more dangerous than during the day!

Based on this, it could be said that the dark green Valley was not dangerous, provided that Lin Yi and Ling lingfa were normal martial artists!

"Sister hei ye, you're wrong! The two of us entered the dark green demonic Valley and took a great risk. We almost couldn't escape!"

Lin Yi smiled and shook his head. "Other than the poison gas, we met eight dark spirit beasts as soon as we entered the valley. These kind of social creatures have strong fighting abilities. They almost killed us ..."

That was obviously bullshit-Lin Yi and Ling lingfa were still grumbling about the loss of one, and there wasn't a clear winner between the two!

Lin Yi suddenly remembered that he didn't see the bodies on the ground when he left the valley.

Did he not notice? Or was it dragged away and eaten by other dark spirit beasts?

Lin Yi found it strange, but he didn't think too much about it. After all, it was more important to escape at that time. It wasn't a big deal that he didn't notice these details.

"It's because it's too dangerous inside that the two of us didn't continue to go deeper. We only scouted for a while before leaving the dark green demonic Valley. "

Lin Yi pushed aside the weird feeling and turned to black wildflower, "So we really can't enter such a dangerous place at night. Let's wait until dawn. It should be much easier to enter the valley tomorrow."

"It's true! It's only because little brother Sima is so skilled and bold that you want to go to a place like the dark green Devil Valley to Scout at this time. "

Black wildflower smiled faintly as he glared at Lin Yi. He didn't know if this was praise or reprimand, but his tone was a little unpredictable.

"Young master, it's time to rest!"

Wu yucao stood expressionlessly in front of Lin Yi and black wildflower, a little uncomfortable with the two sitting so close to each other, "Young master, you must be tired after going on an adventure alone, right?"

Black wildflower chuckled and glanced at Wu yucao meaningfully, then nodded and said, ""Not bad, not bad. Little brother Sima must be very tired. Rest early today and recuperate well so that you can lead us to complete the mission better tomorrow!"

Naturally, the more mission targets, the better. Black wildflower felt that he was going to be lucky. He would definitely be able to get a spot as an inner disciple this year!

Chapter 7162

But the key was still Lin Yi, and so black wildflower asked as he got up, ""Little brother Sima, why don't you come and rest with big sister? If you can't sleep, we can still talk!"

Wu yucao's face turned green. She didn't wait for Lin Yi to speak and said, "There's no need for that. Our young master will naturally be taken care of by us. We don't need to trouble you, boss Kurosaki!"

"Eh, I didn't say I wanted to take care of your young master. I only asked your young master to take care of me!"

It was unknown what black wildflower was up to, but he actually started to tease Wu yucao, and the expression on his face seemed to be very happy.

"Sister hei ye, stop joking. Hurry up and get some rest. I still have some things to tell them!"

Lin Yi got up and patted Wu yucao's shoulder, telling her not to waste time with black wildflower. He turned around and smiled, "By the way, have you arranged for the people on night duty, sister Kurono?"

"Don't worry, I always handle things properly. Little brother Sima, you don't have to worry about these small things. You should think about the big things!"

Black wildflower's eyes darted back and forth between Lin Yi and Wu yucao before he turned around, "Alright, I'm going to rest. You guys can continue chatting!"

Lin Yi smiled bitterly to himself. The way he was looking at black wildflower was telling him that the important thing he needed to consider was his life!

To be honest, Lin Yi wasn't completely unaware of Wu yucao's change in attitude. He could vaguely understand why, but it wasn't entirely accurate to say that he had some thoughts about Wu yucao.

Lin Yi did have a good impression of Wu yucao, but it was mostly because of Wu Yuhua!

The two had similar looks, auras, and even names-Lin Yi felt a natural closeness to them, but the problem was that he treated Wu Yuhua like a big sister.

And so, Lin Yi didn't know if he could treat Wu yucao differently from how he treated Wu Yuhua.

"Young master, do you need any instructions?"

After black wildflower left, Wu yucao's expression immediately softened. She lowered her head and asked softly, ""Or should I go over and talk to Yuki-chan together?"

"Yes, let's talk about it together!"

Lin Yi nodded, putting aside his thoughts for the time being. He went to Ling Hanxue and Chen Zhisheng's side with Wu yucao, ""I went to the dark green demonic Valley to investigate tonight. The danger inside is beyond my expectations ... And it's far beyond my expectations!"

Wu yucao and the other two's faces changed-if even Lin Yi said so, then the Danger in the Dark green Valley couldn't be ignored.

"It's night time now. Maybe the situation will get better during the day?"

Wu yucao hesitated for a moment before voicing her opinion, ""If it's too dangerous, why don't we give up on entering the valley? we've already obtained two mission targets anyway, so we can report back!"

Lin Yi, Wu yucao, and the others didn't put much effort into the preparation for the mission-it was black wildflower who paid the price for the preparation, so Wu yucao didn't think it would be a loss to give up the mission now.

Moreover, this could not be considered as giving up the mission. After all, the mission target had already obtained two. He just lost the opportunity to obtain more mission targets and other precious plants growing in the dark green demonic Valley.

"Actually, I also have this idea. But you don't want to enter it. After daybreak tomorrow, you three stay at the entrance of the valley to receive me. I will try my luck in there with the others!"

Lin Yi suggested, determined."I have a life-saving method that can guarantee that I will be able to retreat safely if my life is in danger. But if you follow me, I can't protect you, so you must stay outside the valley!"

Chen Zhisheng felt that this was good. He didn't have to risk entering the dark green demonic Valley and could share the harvest. What was there to be dissatisfied about?

However, Wu yucao and Ling Hanxue were extremely opposed to Lin Yi's suggestion. They looked at each other, and Wu yucao still spoke.

"Young master, do you think we're overdoing it? Danger is nothing to us hunters who hunt for a living. If there is a life and death situation, we will not drag young master down!"

In her heart, Wu yucao wanted to say, "if you're in danger, we'll protect you with our lives. Even if we have to sacrifice ourselves, we won't hesitate!"

However, he could only think about it in his heart and couldn't say it out loud.

"What are you talking about? do you think I'll just sit by and watch you run into danger?"

Lin Yi pretended to be unhappy, "I'm not saying that you're a burden, but if you're in danger, I'll make the same choice as you. I'm not afraid of getting hurt to protect my friends!"

Wu yucao and the other two were shocked. This was the first time Lin Yi had revealed his true feelings. They were touched that he saw them as comrades who had gone through life and death with him.

It was because of this that Wu yucao started thinking seriously-should she really follow Lin Yi and be a burden?

That's right, Lin Yi said they weren't burdens, but that was what he meant!

"I understand! We will follow young master's orders and wait for young master outside the valley!"

Wu yucao, Ling Hanxue, and Chen Zhisheng looked at each other and said in a deep voice,""I hope that young master can take care of himself and come out safely to join us!"

"Without us as burdens, young master Sima will naturally come out unscathed!"

Chen Zhisheng didn't understand what he was feeling, and even he felt a little awkward when he spoke."I believe that there won't be any problems ..."

He added, still feeling a little awkward. Fortunately, no one noticed this.

Ling Hanxue looked left and right. Seeing that no one was paying attention to them, she lowered her voice and said, ""Zhong da, will you really be fine by yourself? Although I know what you mean, I still think that more people can divide the strength. At critical times, having one of our own by our side is always more reliable than those unreliable people!"

When Wu yucao heard this, her heart wavered again. She couldn't help but hesitate and say, ""Xiaoxue is right. Why don't we go in with you?"

Lin Yi didn't know whether to laugh or cry-this guy changed his mind way too quickly!

"Don 't! Since we agreed that you will stay outside the valley, then you will stay outside the valley!"

"No need to say anything else," Lin Yi shook his head firmly, "it's decided!"

When he showed his strong side, Wu yucao and the other two had no choice but to nod in agreement.

After that, Lin Yi explained some things to take note of when staying outside the valley. Wu yucao and the other two listened absent-mindedly, nodding once in a while before going to rest.

Black wildflower gave Lin Yi face and chose her and Ling lingfa's men to be on night duty. Lin Yi didn't arrange for anyone to be on his side, so they could have a good rest.

Chapter 7163

The night passed by uneventfully, and Lin Yi and the others woke up at the break of dawn. Naturally, someone had prepared food for them, and they quickly finished eating before setting off.

After a while, everyone once again came to the outside of the dark green demonic Valley. Under the weak morning sun, the poisonous fog at the entrance of the valley looked less gloomy.

"Before we enter the valley, let's talk about the things we need to pay attention to!"

Lin Yi turned around and spoke like a leader, "Because the dark green demonic Valley is full of unknown risks, everyone can't be separated unless there's something special. They must act together so that they can deal with most of the dangers."

Most of the people nodded, feeling that this was a matter of course.

"If there are any special circumstances and everyone is forced to split up, we must find the main group as soon as possible after we are out of danger! If you can't find it, immediately move out of the valley. We'd rather start all over again than take the risk and lose our precious lives!"

Lin Yi looked around and continued, "Once the team is broken up, you should gather outside the valley. Then, we will move together. This way, we can ensure your safety. I hope you will keep this in mind!"

Lin Yi said this because he was worried that these people would move alone. If they found the Lotus but hid it, it would be terrible.

As for worrying that they would die ... Please, Wu yucao and the other two would stay outside the valley, and the rest could die if they wanted to!

Black wildflower and Ling lingfa thought that it was a waste of time, but they agreed to follow Lin Yi's orders. They couldn't say anything.

Lin Yi was quite satisfied with the reaction, and after a few more casual words, he changed the topic and told them his most important plan,

"In order to ensure our retreat and to take care of the Black Spirit Ferghana horses and the remaining equipment outside, Wu yucao and the other two will stay outside. In addition to providing support, you will also be the backup team! Be ready to engage in battle!"

"Yes, sir!"

Wu yucao and the other two were already prepared and cupped their fists in unison.

Black wildflower and Ling lingfa were surprised by Lin Yi's decision, but they felt that it was reasonable.

But it didn't matter to them-three more or three less didn't matter, and they'd be more confident if Lin Yi went in alone with them.

After the simple setup, Lin Yi got off the horse first and put on his anti-poison equipment with the others. Ling lingfa did the same, and the two looked at each other with a tacit smile.

After equipping himself, Lin Yi walked forward with the ten people behind him. Wu yucao and the other two watched as the group entered the valley and disappeared into the poisonous fog, not knowing what to think.

After Lin Yi and the others passed through the mountain path, he subconsciously looked at the place where the battle took place last night. There were no dark spirit beasts "corpses, not even a trace of blood.

This was very strange!

The corpse might be dragged away and eaten by other spirit beasts of darkness, but what about the blood? It couldn't be that those spirit beasts of darkness had a habit of licking blood, right?

Even if he had such a hobby, there should be traces of licking on the ground!

Ling lingfa noticed the abnormality as well, and couldn't help but look at Lin Yi. Their eyes met through the glass of the gas mask, and they both saw the confusion in each other's eyes.

Hence, both of them knew that the other party didn't know what was going on either, so they simply didn't say much!

"We have officially entered the dark green demonic Valley. Everyone, be on high alert and don't be careless!"

Lin Yi raised his voice, his voice muffled due to the gas mask. Everyone replied randomly, not sure if they took it to heart.

The team continued to move forward and soon arrived near the farms.

It looked different during the day and at night, and Lin Yi could see some small leaves scattered in the water.

Those were most likely the seedlings of the purple mist Snow Lotus. Who knew how long it would take for them to mature, and who knew how long it would take for them to evolve into the purple mist sinful Lotus after they matured?

"Little brother Sima, you guys got it here yesterday, right?"

The black wildflower had already guessed that there was no suitable place for the purple mist Snow Lotus to grow when it saw the stepped fields.

"That's right! It's a pity that only two of them have matured!"

Lin Yi shrugged and didn't deny it. It wasn't far from the entrance anyway, so it wasn't a lie to say it was near the entrance.

Black wildflower took a deep look at the terraced fields through the gas mask, then sighed in regret. ""How good would it be if this place was full!"

If all the farms were filled with purple mist snow lotuses, he would be able to harvest at least a hundred. That would truly be striking it rich!

Counting the mission points and rewards of the warrior's Guild, what was an inner sect disciple of a sect? He could also take a shot at the core disciple's recommended exchange!

"Ha ... We're not even close. There might be similar places in there. Let's hurry up and look!"

Lin Yi waved his hand with a smile and continued on their way. He suddenly remembered something and turned to black wildflower, "Sister hei ye, if it's just to complete the mission, it doesn't seem to be that difficult! Why do you want my help?"

They had just entered the valley, and they had already gotten two of their mission targets-there really was no need for any help. Now that Lin Yi thought about it, it was a little strange!

In particular, Dao BA from the broken saber stockade also looked for Ling lingfa as a helper. There seemed to be some hidden reason behind this.

Black wildflower sighed and moved closer to Lin Yi, "In the dark green demonic Valley, it is said that there is a secret room left behind by a Senior Master. It requires at least two golden core stage cultivators to open it, but the specific location is not clear, big sister also wanted to try her luck."

Lin Yi understood now-there wasn't much point in adventuring in the dark green Valley, after all, legends were just legends.

And this mission was extremely important for someone like black wildflower who wanted to join a sect. With a helper, not only would the success rate and safety of completing the mission greatly increase, but he could also find the legendary secret room of the experts.

It could be considered killing two birds with one stone!

The reason why he didn't make it clear at the start was probably because he wasn't sure if he'd find black wildflower. He had an agreement with Lin Yi anyway, so he didn't have to worry about losing out if he found it.

"So that's how it is. Then we'll have to do a good search. Let's hope we can find that legendary secret room."

Lin Yi said with a light smile. To be honest, he wasn't interested in a master's Secret room at all.

The sub Island was a world of martial artists that focused on tempering the body. The so-called Masters were at most Yuanying stage martial artists. If they were outside, he could easily kill a large number of them.

Chapter 7164

Things left behind by people like this were trash to Lin Yi!

Only black wildflower would think that it was a treasure, a treasure that they might not be able to find!

The two of them didn't continue the topic after a few words, and they soon went hundreds of meters deeper.

Just as Lin Yi was lamenting that the day was the safest time, something happened!

Tiny black spikes appeared like dark clouds, piercing through the air and enveloping Lin Yi's entire team.

Lin Yi was at the front of the group, and his reaction was the fastest. He unsheathed the demonic sword and waved it with a black light, knocking away all the black spikes that attacked him.

Black wildflower and Ling lingfa, who were half a step behind, also protected themselves at the same time. They were not injured at all by this sudden wave of attacks.

However, their underlings were all at the Foundation Stage and did not have such a fast reaction speed. In the face of this kind of sudden attack, almost half of the people were shot by the black spikes.

Although these black spikes were not very lethal and had only pierced through their protective equipment and a trace of their skin, many of them did not even bleed. However, everyone felt a tingling sensation wherever the spikes hit!

"Not good! It's poisonous!"

One of the people who was shot cried out in alarm, "Quickly take the antidote ..."

Before he could finish his sentence, the man fell head first. His face behind the gas mask twisted uncontrollably. Looking through the glass, there was an inexplicable sense of ferocity!

After the first one fell, the others who were shot by the black spikes fell to the ground one after another. They twitched in pain for a while on the ground and then stopped breathing!

Lin Yi's heart went cold-the poison on the black spikes was overbearing!

Fortunately, he didn't let Wu yucao and the other two follow him in. Otherwise, he would have been in deep trouble if he had touched them!

Although Wu yucao and the other two were fully equipped with fine grade equipment and had excellent armor that could completely block the black spikes, they were not fully covered in armor, after all. Their necks, arms, legs, and other parts of their bodies were always exposed.

"Shield, gather! Cover each other!"

Lin Yi shouted and quickly gathered the rest of the people. A few of them had shields and stood in front of them, while those without shields used their cover to defend the opening with their weapons. For a moment, they were able to stabilize their position.

The black spikes soon disappeared, and a patch of black grass seemed to have grown out of thin air on the ground, emitting a faint black light.

Lin Yi looked around and finally saw two boar-like dark spirit beasts slowly coming out from behind a rock!

Their bodies were originally bare, but as they moved slowly, black hair quickly grew on the surface of their skin, standing on it like steel needles.

Looking at the black spikes on the ground, Lin Yi suddenly realized that these deadly things were the hair of these two dark spirit beasts!

"Ling lingfa! One for each of us!"

"Die!" Lin Yi shouted in a low voice. Without waiting for Ling lingfa's reply, he had already pushed his butterfly microsteps to its peak, and his body flashed like a ghost towards the two black wild boars!

Although the people who died had nothing to do with Lin Yi, they were still under his command. He had to kill them all before the black Boar launched its second round of attack!

Ling lingfa was cooperative. When Lin Yi rushed out, he followed closely behind and rushed to the other Black Boar. The two of them were extremely fast and arrived in front of the two black boars in an instant.

The black fur that had not yet grown started to shoot like a machine gun, leaving afterimages in the air.

It was obvious that the two dark spirit beasts knew that the first attack didn't have much effect on Lin Yi and Ling lingfa, so they changed to this kind of shooting method. At close range, the threat was several times greater.

However, Lin Yi and Ling lingfa didn't move at all. Their bodies swayed a few times and dodged all the attacks. When the two sides got close to each other, the fate of these two dark spirit beasts was already decided.

The demonic devouring sword's Black Halo flashed with a Dark Moon, and the wild black Boar's Head was instantly separated from its body.

Lin Yi sometimes felt like he shouldn't be using a sword, since he always used it like a knife ...

The legendary ominous sword was used as a knife. If it really had intelligence, it would probably be unwilling, right?

On the other hand, Ling lingfa had also quickly finished off his targets. The two of them were basically on the same level, and it was hard to say who was better.

Lin Yi and Ling lingfa looked at each other and didn't say anything. They turned around and walked away silently. They weren't interested in the dark spirit beast's inner core.

"Can he still be saved?"

Lin Yi came to black wildflower's side and saw someone checking his companion on the ground.

In fact, just by looking at them, it was obvious that those who had fallen were all dead. It would be strange if they could be saved!

Sure enough, black wildflower shook his head gently and said, "there's no hope!" This poison was so overbearing that he didn't even have the time to take the antidote. The dark green demonic Valley is indeed worthy of its reputation!"

In this sudden attack, a total of seven people were killed. Two of them belonged to black wildflower, and the remaining five were from broken blade village.

Originally, Ling lingfa had eight martial artists under him, black wildflower had five, and Lin Yi had three, forming this team. Now that each of them had three men under them, at least the numbers were balanced.

Wu yucao and the other two would stay outside the valley, so they wouldn't be in too much danger. Those who entered the valley would still have a chance of dying, so Lin Yi felt that his decision was too wise!

"Let's bury them first!"

Lin Yi waved his hand, signaling for the others to dig a hole. With their strength, it wouldn't take too long.

In just a minute or two, a large pit big enough to bury seven people was formed. The corpses were placed in it one by one, and then quickly piled up into a grave mound.

Lin Yi used this time to look around and didn't find any other dark spirit beasts. He'd continue on his way after he was done here.

He thought that the danger level during the day would be much lower than at night, but there were just too many dangers in the dark green Valley. After a hundred meters, they encountered new trouble.

This time, it was a huge flower that sprayed out a large amount of poisonous pollen. Although it did not break through the protection of the gas mask, these flowers immediately swallowed the person!

Other than Lin Yi, black wildflower, and Ling lingfa, he lost another three men. Lin Yi managed to cut off the terrifying giant flower in time, but he couldn't save the members who were swallowed.

Chapter 7165

Not only that, the pollen lingered in the air for a long time, and the poisonous fog in the valley thickened-Lin Yi couldn't even see his fingers.

"Everyone gather together, don't lose your way, and don't get lost!"

Lin Yi didn't know what to do. He reached out to grab the black wildflower's arm, but he grabbed nothing. "Sister hei ye, where are you?"

There were only a few voices around, and no one answered Lin Yi. Whether it was black wildflower or Ling lingfa, or even the few survivors, it was as if they had all disappeared.

Lin Yi's body flashed as he quickly circled around the few people he remembered, but he didn't notice anything. It was as if black wildflower and the others had disappeared into thin air!

"Sister hei ye, Ling lingfa! Where are you guys?"

Lin Yi's heart shivered as he raised his voice, raising his guard to a hundred and twenty thousand points, preparing for a sudden sneak attack in this environment!

At the same time, he was constantly thinking about what was going on with the situation in front of him.

Could it be that he had unknowingly entered an illusion? Was it because of the pollen and the poisonous mist?

However, primordial spirit bodies were not afraid of the various toxins in the valley, so they should not be poisoned. Moreover, they had the assistance of gas masks and other equipment. It did not make any sense!

An illusory formation?

Lin Yi tried to guess, but he couldn't find anything. He looked around as he walked, but there was no trace of an illusion formation.

Of course, if one were to really fall into an illusion, it would be difficult to discover the problem.

There was no point in waiting. Lin Yi searched for a while, but didn't find anyone. He decided on a direction and kept searching.

His vision was blocked, and he wasn't sure if he'd be walking in circles forever, but he could only hope that this method would help him get out of the fog.

After a while, Lin Yi felt the mist in front of him thin out, and his vision became clear. He turned back to look, but it was still the same.

"Our luck is not bad, it seems like we are going in the right direction!"

Lin Yi chuckled and raised his voice, "Sister hei ye! Ling Ling fa! Where are you guys?"

His voice spread out and echoed in the valley. Lin Yi suddenly remembered that when he was shouting in the fog, there was no such phenomenon!

Perhaps his shouts at that time didn't even get out!

Even if black wildflower and the others were nearby, they probably wouldn't be able to hear Lin Yi's yells.

When Lin Yi's voice died down, black wildflower and the others didn't appear, but a group of black apes came.

There were about 15 or 16 of them, and they were all screaming on the rocks. Countless fist-sized rocks flew out of their hands, attacking Lin Yi like a storm!

Lin Yi's face darkened. Who said that dark spirit beasts were quiet during the day, especially those that lived in groups? they didn't even show up during the day!

If they were to attack in groups, would they cover the entire mountain at night?

Lin Yi wasn't afraid of the rocks, but to avoid trouble, it was better to run.

Lin Yi's figure flashed and disappeared into the distance. The black ape on the wall threw a few stones and saw Lin Yi leave, but it didn't give chase.

Soon, Lin Yi couldn't hear the monkeys anymore, and it was even more impossible to find the black wildflower and Ling lingfa.

But this was good too-Lin Yi wanted to use this chance to search for the purple mist sinful Lotus alone.

They walked a little more and didn't run into any danger. Instead, they found some good herbs. Of course, they were good for the sub-Island, not too useful for Lin Yi.

Without the nourishment of spiritual Qi, these were just things to strengthen his body. Lin Yi was only a Yuan spirit at the moment, and he used them as reserves.

Lin Yi was standing on a cliff that wasn't too high up, and the poisonous fog was extremely thin. It didn't affect his vision, so he could look around from the top of the cliff.

Lin Yi wanted to see if he could find black wildflower and the others, but he didn't see them. Instead, he saw a plant jumping up and down in the distance!

That's right, it wasn't an animal, but a plant!

"Senior ghost ... Come out and take a look. Is that the purple mist sinful Lotus?"

Lin Yi couldn't believe his eyes-he'd been unlucky the whole time, and the whole dark green Valley was weird. He'd prepared himself for the possibility that he wouldn't find the purple mist evil Lotus this time, but he didn't expect to see something like this!

The demonic thing heard Lin Yi's call and immediately came out of the Jade space, looking at where Lin Yi was pointing.

"It does look ... A little like it!"

The demonic thing was a little excited-as long as Lin Yi's body was back, he could stay in the Jade space.

"Silly boy, why are you still in a daze? Hurry up and chase after him!"

The ghostly thing felt resentful that he had failed to live up to his expectations. At a time like this, he was still standing there unmoving!

Lin Yi woke up immediately and looked at the purple mist evil Lotus in the distance. He jumped down the cliff and chased after it.

Regardless of whether it was or not, since it could walk and run, and it was a plant, it was definitely a good thing that had become a spirit. He couldn't let it go!

When Lin Yi was about a hundred meters away from the plant, he could clearly see its appearance. It really did look similar to the purple mist Snow Lotus, but the stem and Lotus weren't white in color, but had a hint of purple!

At the same time, two short legs grew out from the roots under the leaves, and they were jumping and running around.

It really was the purple mist sinful Lotus!

Lin Yi was overjoyed-he was 90% sure now, and he just had to see if the purple mist would come out after he caught it!

However, the little thing seemed to have sensed Lin Yi's approach. Its short legs started spinning like a windmill, and its speed increased several times. The distance between the two was now more than three hundred meters.

"Where are you running to?"

Lin Yi shouted as he pushed his butterfly microsteps to its peak. His speed increased as well, and he was within a hundred meters of Lin Yi.

At this distance, it seemed that the little thing in front of him was the most sensitive, so it no longer ran in a straight line, but displayed a snaking movement technique.

He was trying to mislead Lin Yi and slow down his speed.

It was a pity that Lin Yi's ultimate butterfly microstep emphasized nimbly changing directions, and this kind of sudden stop and change of direction in a small area was Lin Yi's best technique. Not only did he not lose Lin Yi, but he even closed the distance between them!

Chapter 7166

The little thing felt Lin Yi's hand approaching its body and dodged the sure-hit hand with a twist of its body.

Unfortunately, this wasn't the only move Lin Yi had. After getting close, he came at it one after another like a storm, and it wasn't something the little thing could Dodge.

No matter how slippery it was, no matter how much it liked to run around, it was still in Lin Yi's hands!

"Little thing, why don't you keep running! Let's see how you can run!"

Lin Yi caught it in his hand and his mood brightened. He flicked the Lotus at the top, but got no reaction. "Eh, why aren't you moving? Are you playing dead?"

After saying that, he fiddled with the stem and leaves a few more times, but unfortunately, there was no response at all.

"That shouldn't be. Even if he was caught, he shouldn't have died, right?"

Lin Yi scratched his head and wanted to ask the thing if it knew what was going on.

But before Lin Yi could speak, the ghost spoke up, "This purple mist sinful Lotus doesn't seem to have a consciousness of its own. Before, it acted on instinct without any sentience, but after you caught it, its instincts seemed to have completely disappeared."

"Senior ghost, are you saying that although this little thing has become a spirit, it can't be considered a real life because it hasn't formed its own consciousness?"

Lin Yi looked at the little thing in his hand, surprised. He cut open a bit of the stem's skin, and purple mist came out, "It's indeed the purple mist sinful Lotus. That's good too. If it had its own consciousness, I wouldn't be able to do it."

He was just saying it casually-in order to rebuild his body, he wouldn't hesitate even if the Lotus had a complete consciousness.

On the path of cultivation, he was no longer allowed to have any pity that he should not have.

Unfortunately, Lin Yi didn't know how to use the purple mist evil Lotus to rebuild his body. He didn't know when his cheap master would appear!

"One of them doesn't seem to be enough. I'll continue to look for it!"

Lin Yi put the Lotus into the Jade space and left after telling the thing.

This area seemed to be a little too peaceful. It had been a while since they had encountered any spirit beasts of darkness. It was completely different from when they had first entered.

It couldn't be that the presence of the purple mist sinful Lotus was the reason why the spirit beasts of darkness didn't come, right?

He could only hope that there were more purple mist sinful lotuses!

Unfortunately, Lin Yi's luck seemed to have run out here. He searched back and forth for a long time, but he couldn't find the purple mist evil Lotus.

On the contrary, there was a strange sense of threat rising up-Lin Yi was on alert as he recalled the mysterious pressure from last night.

But Lin Yi wasn't willing to let him leave just like that. The purple mist evil Lotus could only help him rebuild his body, but he still didn't get his share of the damn thing!

So Lin Yi didn't leave, but continued to venture deeper into the valley. Before he knew it, he was already in the depths of the valley!

Suddenly, Lin Yi heard the sound of fighting in front of him. He was surprised. The battle in the valley was most likely caused by someone who came with him.

Was it black wildflower, Ling lingfa, or the few other subordinates that were left?

In any case, it was good that they could find him, so that they would not be completely annihilated.

Lin Yi went at full speed and saw the figure in the battle-it was his own Man, Black wildflower!

However, she was fighting alone against two hummingbirds. She was being suppressed by the two hummingbirds, and her life was in danger.

Lin Yi couldn't care less about why black wildflower came in faster and deeper than he did-saving her was the priority!

Lin Yi activated his butterfly microsteps at full force, and his body was as fast as lightning. He reached black wildflower's side in an instant, the demonic devour sword unsheathed from his waist, and a black light flashed.

The black hummingbird didn't put Lin Yi in his eyes at first. He wanted to finish off the prey in front of him first.

But he didn't expect Lin Yi to be this fast, and his attack was extremely powerful, as fast as lightning!

One of the hummingbirds flapped its wings and turned around in a hurry, sending its two huge bird claws to meet the demonic devouring sword.

However, it did not expect the demonic devouring sword to be so sharp that its steel-like claws could not resist it at all, and three of its claws were directly cut off!

Before the black hummingbird could scream, Lin Yi had already jumped up from the ground and swung his sword in the air. The black light swept across the neck of the black hummingbird while it was still in pain, killing it easily!

The other hummingbird let out a shrill shriek and circled half a circle before charging at Lin Yi like a bolt of lightning. It was ready to die with him.

Lin Yi's body was in mid-air, and it wouldn't be easy for him to move without using his essence Spirit's void-form.

Seeing that it was about to be pierced by the black hummingbird's sharp beak, the black wildflower desperately threw the weapon in its hand into the air. Although it did not pose any threat to the black hummingbird, it at least affected it for a moment.

Lin Yi used this opening to step on the black hummingbird's body and moved a meter away. He then swung the demonic blade.

The black light was like the Grim Reaper's scythe as it sliced through the hummingbird's neck. Blood splattered in the air, and the two hummingbird corpses fell to the ground two seconds later.

"Little brother Sima, it's all thanks to you. Otherwise, I would have died here today!"

Black wildflower was panting, her pretty face pale, completely losing her previous calm. "These two feathered beasts are hard to deal with ... Only little brother Sima would be so relaxed!"

"It's also because big sister hei ye attracted their attention that little brother could easily succeed. "

Lin Yi smiled and waved his hand, making a rare gesture of humility. He continued, "Why is sister hei ye here? What happened after we got separated?"

"After we got separated ... I was in the vicinity. After that, I was entangled with those two feathered beasts for a long time. Just as I was about to be unable to hold on, little brother Sima, you came!"

The black wildflower recovered a little, and revealed its usual charming smile. "Little brother Sima is indeed big sister's Lucky Star! Asking you for help was the best decision I've ever made!"

These were definitely black wildflower's heartfelt words. If it was poison tyrant, even if he rushed over, he would only be courting death!

With du Dongba's strength, he couldn't do what Lin Yi did! It was possible that the black hummingbird would kill him easily.

"It's my mission to help Sister hei ye! Otherwise, it would be meaningless. "

Lin Yi said casually, but he was wondering why the black wildflowers would come to the vicinity after they were separated, while he took so long to find them.

Chapter 7167

Without the purple mist sinful Lotus, it would take him at least another hour to find the black wildflowers.

At that time, the black wildflower's body would probably have turned cold ...

"No matter what, little brother Sima has saved my life. I will remember this kindness in my heart and will definitely repay you in the future!"

Black wildflower's words were beautiful, but he didn't make any specific promises. It was like an empty promise. After that, he immediately changed the topic. "That's right, did little brother Sima have any new gains?"

Lin Yi got two purple mist snow lotuses last night, but he gave them both to black wildflower. She was looking forward to it today.

After all, there was no upper limit to the number of mission targets. The more you obtained, the higher the reward!

Mission points were a good thing that couldn't be bought with money, so black wildflowers naturally wouldn't be too much.

"I didn't get anything, but I did encounter a lot of danger and hardships. If it wasn't for my good luck, I probably wouldn't have been able to see sister hei ye!"

Lin Yi smiled as he spoke-he wouldn't tell anyone that he had the purple mist evil Lotus, of course. It wasn't even enough for black wildflower to covet.

"Little brother Sima must be joking. With little brother Sima's strength, you don't have to worry about the dangers here at all!"

Black wildflower smiled and complimented him, then continued,""Now that little brother Sima is by my side, big sister's heart can be considered to be much more at ease!"

"Sister hei ye is too kind. The dark green demonic Valley is not a simple place. This little brother had to exert a Herculean effort to barely keep my life!"

Lin Yi continued his nonsense, but there were indeed existences that could threaten him in the dark green Valley, such as the terrifying pressure he felt last night!

Lin Yi suspected that his essence spirit would be destroyed if they fought face to face!

Fortunately, he hadn't sensed it since he entered the valley today. It was probably because it didn't like to go out during the day.

In any case, it was always a good thing to not encounter that unknown thing!

"Little brother Sima, where are we now?"

Black wildflower didn't continue the previous topic, but looked around and said, ""Big sister has been fighting with those two feathered beasts for a long time, and I can't tell the direction anymore."

While speaking, black wildflower also took out a simple map of the dark green demonic Valley, trying to compare the surrounding environment.

Unfortunately, the map was too simple, and there were no landmarks to be seen. Black wildflower couldn't determine his position for a while.

Lin Yi looked at the map-he had some impression of it, after all. He pointed at it. "It should be here. I can only make a rough estimate. It might not be that accurate, but the difference shouldn't be too big!"

"If it's from here ... It's not far from that place!"

Black wildflower's eyes lit up, and a faint smile appeared at the corner of his mouth."Little brother Sima, let's go there!"

Lin Yi saw black wildflower tap twice on the map, and that location wasn't far from where they were now ... If the map was accurate!

"Sister hei ye, is this the place you mentioned?"

Lin Yi scratched his chin, not thinking much of it. "We can go and take a look, but I can't guarantee that we'll find anything!"

This was something he promised black wildflower to help with, and while Lin Yi wasn't too interested, he couldn't reject it.

"It doesn't matter, big sister won't want little brother Sima to guarantee that you'll get anything! Anyway, let's go and take a look first!"

Black wildflower smiled as he put the map away, pulling Lin Yi's arm. "However, with little brother Sima's help, I believe that we will definitely succeed!"

Lin Yi could only smile as he let black wildflower pull him in that direction.

Lin Yi didn't really care about the sub island's treasures, but it'd be a whole different story if he could find the purple mist evil Lotus there.

"Sister hei ye, don't get your hopes up too high. You must know that the greater the hope, the greater the disappointment!"

Lin Yi laughed as he ran, "Also, it's still uncertain if I can help. Sister hei ye, you'd better be mentally prepared."

"I know, I know! Let's hurry up and leave!"

Black wildflower didn't take it to heart at all and brought Lin Yi faster and faster, as if he thought that as long as they reached the place, they would succeed!

Lin Yi shrugged. He might as well take a look.

After a while, the two of them came to a basin in the valley. It was not very large, only about ten to twenty meters in diameter. The depth was also limited, about ten meters in depth.

"Sister hei ye, are you sure this is the place? I don't see anything unusual!"

Lin Yi looked down and confirmed that this was a normal place. "How can I help you?"

"It should be here! It's my first time here and I don't know the details. Why don't we go down and take a look? Maybe we'll find some clues!"

Black wildflower's smile was a little forced. If she had made a wasted trip, she would be more or less unwilling.

Even if he didn't help, he'd still owe Lin Yi a favor.

"Then let's go down and take a look! Maybe we'll really find something!"

Lin Yi tilted his head noncommittally and slid down the slope first. With his strength, he could've reached the bottom of the basin with just a jump. There was no need for him to waste so much effort.

But Lin Yi thought that he might discover something if he kept sliding down like this, so he paid close attention to his surroundings as he slid.

Unfortunately, he didn't find anything at the bottom. Black wildflower, who was following him, was also at a loss. It subconsciously looked around, but its eyes were not focused.

"Sister hei ye, this is a very ordinary place ... Did you find anything?"

Lin Yi knew that he'd be able to find out if there were any clues, "Or did we find the wrong place again? Otherwise, we can look for other places nearby. "

Before he could finish his sentence, the demonic devour sword on his waist suddenly jumped in its scabbard and let out a clear cry!

A cloud of black mist was released from the sword, floating around the sword.

As Lin Yi and black wildflower were talking, a group of people came over from the corner. There were about twenty of them, and their clothes and equipment were old.

Although they couldn't be said to be in tatters, they could be considered disheveled. Obviously, these people had experienced a lot of hardships in the dark green demonic Valley.

"This should be the team that entered the dark green demonic Valley before us ... Just looking at their numbers, it should be two teams combined, but it seems that there are almost no casualties?"

Black wildflower whispered to Lin Yi, his eyes full of disbelief!

After all, their team had continuously lost people when they entered the dark green demonic Valley.

Chapter 7168

Other than Lin Yi and black wildflower, it was hard to tell if there was anyone else alive.

"Perhaps these are the remaining people after three or even four or five teams had joined forces. From the looks of it, they have experienced many difficult battles. It is impossible for them to reach this point without any losses."

Lin Yi lowered his voice and spoke to black wildflower as well. His eyes swept over the group of people, and he knew what was going on.

Just as Lin Yi had guessed, this team originally had forty people, and was a joint team of four teams. They had already lost half of their people here, with a death rate of fifty percent. Compared to the bad name of the dark green demonic Valley, it wasn't that high.

The three in the lead were discussing in hushed voices after seeing Lin Yi and black wildflower. "Those two should be the team that came in later, and they're almost dead ... How about we absorb them in as cannon fodder?"

The one who spoke was a thin man with a full beard. His figure and his beard ... Looked a little out of place, but from the way he stroked his beard from time to time, he seemed to be quite satisfied with his image.

"This suggestion is not bad. I think it's feasible!"

The middle-aged woman beside the short man with a beard nodded slightly in agreement. "We're already short on manpower. There will be a lot of places that need to be explored next. Having two more cannon fodders is always a good thing!"

This woman's looks were mediocre, and she was a little old, so she looked a little sinister. When she spoke, her slender eyes would squint from time to time, making her look particularly treacherous.

The other one was dressed like a middle-aged scholar. He was out of place among the group of martial artists, but since he was one of the leaders, he was naturally not a simple person.

"If that's the case, then go and get in touch with them. If they know what's good for them, then let them live a little longer. If they don't, it's no big deal to settle them now."

The middle-aged scholar's eyes flickered slightly. The faint smile on the corner of his mouth carried a hint of cold killing intent. "I'll handle this matter!"

The other two didn't have any objections, and so the middle-aged man left the group and sped up alone, approaching Lin Yi and Lin Yi.

The bearded man and the middle-aged woman didn't stop, but slowed down and followed slowly-this was to give Lin Yi and the other two a sense of security and pressure, so they wouldn't scare them away, and it'd give the middle-aged scholar some momentum.

"My two young friends, I'm Bai sanzhu. I've brought a team to the dark green demonic Valley for a mission and to explore a treasure land nearby. Are you the same as me?"

The middle-aged scholar, Bai sanzhu, smiled as he cupped his hands at Lin Yi and black wildflower. His demeanor was impeccable, and his expression was like a spring breeze."This place is full of dangers, and the two of you must have encountered a lot of difficulties and hardships. I wonder if you are willing to join our team? If we stick together, we'll have a better chance of completing the mission and leaving this place!"

Lin Yi and black wildflower looked at each other, not agreeing immediately.

In fact, as a primordial spirit, Lin Yi could hear everything that Bai sanzhu and the others said. He knew what they were up to, but on the other hand, Lin Yi also wanted to use them as Pathfinders.

As for the treasure land that Bai sanzhu had mentioned ... It might be the place that black wildflower wanted to go.

Now, it all depended on what the black wildflower meant. She shouldn't be able to hear the conversation between Bai sanzhu and the others, but with her intelligence, she should be able to make a judgment.

"So it's brother Bai. It's an honor to meet you. We were separated from the team. If we can go with brother Bai's team, we'll be of great help."

Black wildflower's eyes flickered, and he glanced at the team behind him as if nothing had happened. He immediately made a decision in his heart. "Then we'll be in your care, brother Bai!"

Since they might be competitors, it would be better to blend in now and find an opportunity to strike in the dark ... This was black wildflower's idea!

"Well said! We're all in the same boat and we've taken care of each other. May I know your names?"

Bai sanzhu laughed. He was in a good mood.

He didn't expect that it would be so easy to deal with the two people in front of him. Perhaps the other party had been scared out of their wits in the dark green demonic Valley, so when they saw such a team, they immediately wanted to climb up to them.

Such a person was the easiest to control. When they needed cannon fodder, just a little threat would do!

Of course, other than using Lin Yi and black wildflower as cannon fodder, Bai sanzhu had other intentions that were hard to explain to others.

"I'm black wildflower, and this is my brother. Big brother Bai, you can just call him Zhong da. "

For some reason, black wildflower didn't reveal Lin Yi's identity, and even misled Bai sanzhu,""Are all of you big brother Bai's subordinates?"

The corners of Bai sanzhu's mouth twitched, and a hint of awkwardness flashed in his eyes. He coughed twice and said,""It's an honor to meet you ... Actually, our team is currently a three-way cooperation. With you two, it's a four-way cooperation."

Lin Yi laughed to himself. His name was fake, so why would Bai sanzhu want to meet him?

As for the cooperation between the three parties and the four parties, there was no need to listen to their conversation to see some clues.

"So, those two over there are brother Bai's two partners?"

Black wildflower casually glanced behind Bai sanzhu and said without changing his expression,""From the looks of it, I thought they were brother Bai's lackeys. In fact, with brother Bai's identity and strength, it's completely natural for him to become a master!"

Bai sanzhu knew that black wildflower was just complimenting him, but he still felt very comfortable. He immediately laughed and said,""You flatter me, you flatter me. These two are both Masters with outstanding strength. Come, let me introduce you to them."

Lin Yi's lips twitched slightly, and he put on a smile as he followed Bai sanzhu and black wildflower.

"Huang si, Wen qiniang, come and meet our new partners. This is black wildflower, and her brother, Zhong da!"

Bai sanzhu led the two to join the group and introduced them to each other.

Huang Si was the short man with sideburns, and Wen qiniang was naturally the middle-aged woman. Both of them greeted Lin Yi with fake smiles.

Lin Yi and black wildflower, naturally, were just brushing him off. They said it was an honor to meet you, but they'd never even heard of each other.

Lin Yi paid a little attention to their group as he chatted with the three leaders. It didn't seem like much from a distance, but he realized that they were three separate groups when he got closer.

From the number of people, yellow temple's power was stronger. Eight out of the seventeen members were closer to him. It was obvious that in the previous battle, his team had suffered the least losses.

Chapter 7169

Including yellow temple himself, his team occupied nine seats out of the twenty people, so he naturally had the most say.

Wen qiniang's team followed closely behind Huang si 's. There were seven of them, including her, and they were not weak.

The last one was Bai sanzhu. He only had three people under him, but all three of them were martial artists at the peak of the late stage of the foundation building realm or above. Their strength was among the top in the team, which made up for some of the disadvantage in numbers.

"Well, it's getting late. Let's hurry to the place. We must find a suitable place to set up camp before dark. Otherwise, it will be very dangerous in the dark green demonic Valley."

After Bai sanzhu finished his introduction, he raised his head and looked at the sky, which was covered in fog. He said worriedly, ""If we can't find the place by night time, I'm afraid we won't have a good time tonight."

Lin Yi raised an eyebrow. He'd already experienced the horror of the dark green Valley last night. Looking at Bai sanzhu and the others, they must've stayed in the dark green Valley for more than a day. It wasn't easy for them to survive!

"Old Bai is right. Let's speed up and find a suitable place to settle down first!"

Huang si nodded in agreement and waved his hand, ""Everyone, keep up. Whoever falls behind, don't blame us for not waiting for you!"

His men all laughed and agreed, while Wen qiniang and Bai sanzhu's men were relatively cold and didn't have much of a reaction.

Lin Yi looked on coldly-this team wasn't as harmonious as it seemed on the surface. It wasn't an exaggeration to say that they were a motley crew. How much combat power they could use was a big question mark!

But Lin Yi didn't really care about that-the sky started to get dark after a while.

And the direction they were moving in was indeed the location of the black wildflowers on the map.

"Hell! It seems that the time for the sky to turn dark today has been brought forward a lot. There's a change of plans, immediately find a place to set up camp!"

Huang si looked up at the sky, frowning and pulling his beard,""Everyone, move quickly. If you can't settle down by the time it's dark, you can't blame anyone if you die!"

After he said that, the team immediately spread out and began to explore the surroundings, looking for a suitable place to set up camp.

Lin Yi shook his head. In a place like the dark green demonic Valley, it was dangerous to send out Scouts, but it was a necessary method. This way, they could avoid danger in advance and prevent the whole team from being wiped out!

However, Huang si and the others had not sent out any Scouts. It was only at this time that they thought of expanding the search area ... Fortunately, they had not encountered any large-scale dark spirit beasts. Otherwise, it was hard to say if they would have survived until now.

A while later, someone reported that they'd found a suitable place to set up camp. Lin Yi followed the group over-it was a Valley with a protruding rock at the top, just enough for cover.

The most satisfying thing was that there was a small pool of water about one meter in diameter near the rock wall. It was formed by the water droplets from the rock above. After testing that it was harmless, it could alleviate the team's need for drinking water.

"This place is not bad. Quickly set up the defense, and then everyone can eat and rest!"

Huang si smiled and waved his hand to command the team to set up camp. As the strongest side, he naturally regarded himself as the leader of the team.

Wen qiniang and Bai sanzhu smiled, then cooperated with their men and had them follow suit. Soon, a few simple tents were set up in the small area, and some defenses and traps were set up around the perimeter to avoid being attacked by the dark spirit beasts at night.

In addition, the camp also scattered some medicinal powder. In addition to driving away snakes and insects, it also had a little anti-poison effect. After all, this was the dark green demonic Valley, and the poisonous gas at night was extremely powerful.

After eating, they didn't forget to take antidotes and put on their anti-poison equipment. They didn't dare to be careless. After all, this was related to their lives.

After Huang si arranged the people on night duty, he went into the tent to rest first. At this time, the sky was already dark. No one dared to light up the fire because the dark spirit beasts were not ordinary wild beasts. The fire would only attract them, not scare them away.

Lin Yi didn't use a tent, sitting with black wildflower against the wall and watching the fog in the dark.

"Little brother Sima, these people should have the same goal as us. If they are of one mind, we might not be their match!"

Black wildflower got close to Lin Yi and whispered in his ear, ""It's a good thing that there seems to be some conflict between the three teams. Maybe we can use this to make something of it. "

Lin Yi felt an itch beside his ear, and the black wildflower's soft body was almost pressed against his arm. He wasn't used to it.

It was just that they wanted to avoid Huang si and the others 'eyes and ears, so it was safer to whisper at this distance.

After all, without true Qi, it was impossible to send a message or build a sound barrier.

"Sister hei ye, what do you want to do?"

Lin Yi turned his head slightly, his face almost touching black wildflower's. He quickly leaned back and whispered, "Sowing discord?"

"That's a good idea! But how should I do it?"

Black wildflower's eyes glowed in the dark as he looked at Lin Yi up close, his eyes full of smiles. "We're new to the team. No matter what we say or do, I'm afraid they won't believe us!"

It wouldn't be easy to drive a wedge between the three parties, but Lin Yi didn't plan on doing it himself.

From what he could see, Huang si, Bai San, Zhu, and Wen qiniang looked like they were on good terms, but they were actually on different sides. It didn't matter if Lin Yi and black wildflower interfered-they'd split up on their own!

However, it was hard to say when this process would happen.

"Let's wait and see. As long as we reach the place and find something, they might start fighting among themselves!"

Lin Yi said after some thought. "We should be able to enter that place tomorrow. At that time, we will act according to the situation!"

Huang si and the other two wanted to use Lin Yi and black wildflower as cannon fodder, and Lin Yi wanted to do the same. There was no problem with keeping these people alive.

Lin Yi didn't want to make a move, but they couldn't help themselves!

In the middle of the night, the guard-in-charge suddenly sounded the alarm. Everyone was immediately alarmed and rushed out of their tents. Then, they saw three bodies with broken necks.

No blood flowed out, this was to ensure that there would be no bloody smell that would attract the covetous eyes and attacks of the spirit beasts of darkness. Obviously, the people who did this were all experienced.

Chapter 7170

"Who did this? Come out and I'll give you a quick death. Otherwise, when I drag you out, you won't die so easily. I'll make you wish you were dead!"

Huang Si's face was as dark as water. His Wolf-like eyes swept across everyone slowly and fiercely. Although it was still dark, his gaze was so real that it still made some of the weaker people tremble in fear!

Huang si couldn't be blamed for losing his temper, because the three who died were his men. He was originally the strongest party in the team, but now, although he wasn't at the bottom, he was no longer as strong as Wen qiniang.

For tomorrow's exploration, Huang si arranged for his own people to be on night duty first. This way, they could have a good rest after midnight, and they would be much more energetic when the sun rose.

The people who changed shifts in the middle of the night were Wen qiniang and Bai sanzhu's men, so Huang Si's eyes finally stopped on these three people. Two of them were Wen qiniang's men, and one was Bai sanzhu's men.

"The three of you, talk properly. Why did this happen?"

Huang si stared at the three of them, his eyes full of killing intent. "Did you guys do something good?"

"Boss Huang, what do you mean? How can you suspect us like this?"

Bai sanzhu's men immediately stood up and retorted, ""The three of us only came out to take over the defense duties when the time was up. Who would have thought that three of your men had already been killed? Could it be that boss Huang thinks that we're joining forces to deal with you?"

Huang si snorted coldly. That was exactly what he was thinking, but if Bai sanzhu and Wen qiniang joined forces, he would definitely not be a match for them.

"Forget it. Since you don't know anything, then continue your night duty defense. I will continue to catch the murderer!"

Lin Yi had a cold smile on his face as he crossed his arms in front of his chest and leaned against the wall.

In fact, it was Bai sanzhu and qiniang Wen's men who did it. Others didn't know, but Lin Yi saw it clearly!

As for why Bai sanzhu and Wen qiniang were like this, it was easy to explain. Huang temple had the most people in the group, and the balance had been broken.

Bai sanzhu and Wen qiniang could only fight Huang si if they joined forces, but this was not the result they wanted. Both Bai sanzhu and Wen qiniang wanted to be on equal footing with each other!

That was the reason for this operation. After the success, qiniang Wen immediately became the largest team in the team!

Lin Yi couldn't be bothered with this dog-eat-dog thing, and just sat there and watched. Black wildflower, on the other hand, was secretly happy-he was just talking to Lin Yi about driving a wedge between them, and he didn't expect a murder to happen.

As expected, there was no need for outsiders to sow discord between these three teams, and internal strife would occur!

"Bai sanzhu, qiniang Wen, what do you think?"

Huang Si's cold eyes were equally sharp in the dark, sweeping over everyone as if they were real. "The people who were killed were all from my yellow temple. I will definitely investigate this matter to the end!"

With three people gone, Huang Si's strength was no longer comparable to Wen qiniang 's, not to mention Bai sanzhu' s. However, he still needed to be tough, or he would be completely suppressed.

"Of course I'm going to get to the bottom of it. I can't bear such a terrible incident!"

Bai sanzhu looked indignant, as if the three dead men were his subordinates. ""Wen qiniang, you think so too, right? Find out who did it, I won't let him off!"

Wen qiniang chuckled and said,"of course!" We're all in the same boat. If someone dares to attack us, of course we can't let them off. But old Huang, old Bai, how are you going to investigate?"

Huang Si was silent for a moment. Wen qiniang had the most people on her side. If he were to fight with her, the chances of winning were only 50 - 50. Although Bai sanzhu's side was small, they were all experts, so they might not be much weaker.

Therefore, if they really fell out with each other, Huang si would be a little afraid. However, if he just let it go like this, the hearts of his people would be scattered!

"Let's ask the rest first and see if anyone can prove that they have nothing to do with this. "

Bai sanzhu had casually mentioned a method, but he knew that it would be impossible to find out anything. It was just for show.

And so, in the time that followed, all three of them were questioned one by one. Lin Yi seemed to be putting on an act, and there was no point at all.

However, when the sky brightened, the spears were pointed at Lin Yi and black wildflower!

"Both of you, our people are fine, so the two of you are the biggest suspects now!"

Bai sanzhu looked at Lin Yi and black wildflower with a smile, a hint of mockery in her eyes. ""Before we took in the two of you, there has never been such a terrible incident in our team. And just after we took in the two of you, three people died on the first night. I wonder if the two of you have any explanation for this?"

"I think it's most likely them! Just as Lao Bai said, this has never happened before. Three people died the moment the two of them arrived. If it wasn't them, who else could it be?"

Wen qiniang squinted her eyes, and a cruel smile appeared on her face. ""Old Huang, old Bai, in my opinion, there's no need to ask any more questions. Just kill them directly and end all troubles!"

In any case, he was used as cannon fodder. Now, he could also play his role and become a scapegoat!

"Bullshit! Which eye of yours saw us killing people? Besides, there are only the two of us, is there a need to deal with your people? If I really want to make a move, I should've captured all of you in one fell swoop!"

The black wildflower was furious, completely losing its previous elegance and charm, turning into a furious tigress. ""You want to frame us and create fake evidence? do you really think we're easy to bully?"

"Black wildflower, you do have a point, but you can't deny that you and your sister are the biggest suspects, right?"

Bai sanzhu sneered, "I invited you here out of the kindness of my heart. Is this how you repay me?" Other than the two of you, who else would do such a thing?"

"Yeah, I'm also very curious. Who would do such a thing?"

Lin Yi raised an eyebrow and looked at Bai sanzhu and qiniang with a half-smile, ""Why don't we think about why we killed those three people? To be honest, we don't even remember the names of those three people ... And we don't know who they are, so it's a bit difficult to analyze why we killed them!"

Huang si had already said that his men were the ones who died, and Lin Yi was purposely saying this to remind Huang si, Bai sanzhu, and Wen qiniang!

As expected, the eyes of the three of them flickered. Each of them had some plans in their hearts, and they did not speak for a while!

A huge wave of benefits has been prepared~
