Chapter 7171 The Power Of The Divine Realm

Black wildflower snorted. "Since you're suspicious of us, there's no point in continuing to work together. Why don't we go our separate ways? you guys go your way, and we'll go our way!" If you want to make a move, bring it on. Let's see who will pay a higher price!"

"Hahahaha, black wildflower, your temper is quite fiery! I can't tell at all from your charming appearance. Before we investigate this matter clearly, we naturally won't make a move on you!"

Bai sanzhu laughed out loud and started consoling black wildflower and Lin Yi, "But don't say things like we're going our separate ways. Since we're able to come together, it's also fate. It's better for us to finish what we started!"

"Hmph! You want to leave before the investigation is done? Stop dreaming!"

Wen qiniang laughed coldly and threatened him directly, "If you think you have some skills and want to leave by force, it will prove your guilt. I'm not a vegetarian. I'd like to see how powerful you are!"

Lin Yi chuckled to himself-one was playing the good cop, and the other was playing the bad cop?

It seemed that the two of them had some tacit understanding. Regardless of whether or not Shuai Guo succeeded, they still wanted to leave him and black wildflower behind as cannon fodder!

Besides, Lin Yi and Shangguan Bing 'er could act as a buffer for Huang si, preventing them from falling out with Huang si right away. They were trying to weaken Huang Si's strength, but they still wanted to keep him on the expedition.

"Do you think I'm afraid of you? Come, come, come, let me see how much you're worth!"

Black wildflower seemed to have eaten gunpowder today. He was extremely angry, and as he spoke, he was about to fight Wen qiniang.

"Don't do anything yet. There's something fishy about this matter. You two stay here so we can keep an eye on you. If we dispel our suspicions later, we'll naturally apologize to you!"

Huang si, on the other hand, was extremely calm. He stood between black wildflower and qiniang Wen, ""It's already dawn, so let's focus on the important matters first, shall we?"

"What do you mean? And now you want to monitor us? Are you treating us like criminals?"

Black wildflower didn't buy it. He still sneered and got into a fighting posture.

"Forget it, let's follow them first. We have important business to attend to!"

Lin Yi reached out and pulled black wildflower away, "Anyway, we're not afraid of the shadow. The truth will come out eventually!"

The truth was that Bai sanzhu and Wen qiniang were working together to weaken Huang si, but Lin Yi knew that it was useless even if he said it out loud. The three of them had a tacit understanding, and only used him and black wildflower as buffer targets.

But it didn't matter-Lin Yi wanted to use these smart-as-the-head idiots as Pathfinders anyway, so he'd just let them jump around on their own!

Black wildflower looked at Lin Yi, confused. Why did he suddenly run away?

Where did the man who killed the leaders of the poison King stockade and broken saber stockade go?

If it wasn't for Lin Yi by her side, black wildflower wouldn't have acted so tough with his usual style of doing things. She didn't expect Lin Yi to slip away after she acted tough ... There was no one to reason with this!

Lin Yi didn't know how to explain right now, so he gave black wildflower a look, telling him to explain later. Black wildflower nodded slightly, suppressing his doubts.

"Since that's the case, let's get ready to set off! We should be able to reach the place today!"

Bai sanzhu looked at Lin Yi deeply and smiled,""The two of you don't need to take this matter to heart. All the gains will still be handled according to what we previously agreed on! What's supposed to be yours will definitely not be a single cent less. "

Lin Yi replied faintly. He wasn't interested in the distribution plan before-they were just Pathfinders, after all, and it didn't matter what they said.

"This is for the best!"

Black wildflower snorted coldly and did not say anything more.

The others began to clean up the camp and made some simple food. After distributing them, they set off.

After more than half an hour, the group arrived at the target location on the black wildflower map.

"This is the place! The green demonic divine tomb!"

Wen qiniang saw a huge semi-circular rock tomb wrapped in countless green vines not far away. Her slender eyes burst with a shocking light."The legend is true. There is such a green demonic divine tomb in the dark green demonic Valley. The biggest secret of the dark green demonic Valley is hidden in it!"

"That's right. Compared to the treasures hidden in the green demonic divine tomb, the heavenly materials and earthly treasures in the dark green demonic Valley are nothing! We're really rich this time!"

Bai sanzhu's face was also full of smiles, and there was a hint of anticipation in his eyes. ""Let's hurry over and open the door to the green demonic divine tomb. We might be able to spend the night there!"

After Huang si lost three of his men, he became a lot more low-key and didn't continue to give orders. Now, he was also silently following the team.

The group of people arrived in front of the green demonic god tomb. One of Wen qiniang's men searched around the tomb and quickly found the mechanism to open the door.

Lin Yi and black wildflower didn't make a move, but looked on coldly from the side.

Bai sanzhu motioned for Huang si to help. The two of them activated the mechanism on both sides of the gravestone. After a while, with a creaking sound, the huge semi-circular mound split open from the middle. The dense vines also split to the sides, revealing a stairway leading underground.

The entrance needed two masters to open it at the same time. If Lin Yi came alone, he might not be able to do anything. Of course, an essence spirit might be able to pass through.

Looking at the stairway, there were a few white bones lying on the ground. They were probably corpses left behind from a long time ago. Their flesh and blood had completely rotted away, leaving only pale bones to welcome the new adventurers.

"The green Devil God tomb is indeed not simple-moreover-it seems like someone has already explored it. It's hard to say if there's anything left behind!"

Bai sanzhu gasped, his eyes wavering. ""Do you guys think we should go down and take a look?"

"Of course! We're already here, so there's no reason for us to back out. Besides, there's a dead person at the door, which means that the treasure might not have been taken away. So, we have to go in and take a look no matter what!"

Wen qiniang immediately expressed her opinion, and the others also agreed.

They had finally arrived here after going through so many hardships, how could they turn back just because they saw a few white bones?

"Black wildflower, you two will be the vanguards. Go in and take a look!"

Wen qiniang's eyes turned, and she immediately ordered in an unquestionable tone, ""Now is the best time for you to clear your name. As long as you can complete the mission, we will believe that you are innocent!"

"Why should we go down first? In terms of suspicion, everyone present was suspicious. What was the point of trying to frame them? At most, we'll just go our separate ways and see who's the real deal!"

Black wildflower sneered and got into a fighting stance. "Don't think that you can take us down just because you have more people. I'd like to see how many people you're prepared to die to deal with us!"

Chapter 7172

"Do you really think we don't dare to kill you? Everyone, get ready to kill them!"

Wen qiniang raised her arm and squinted at the black wildflower, her eyes filled with undisguisable killing intent. "I don't believe that you two pieces of trash can still overturn the heavens in my hands!"

Bai sanzhu and Wen qiniang's men were ready to fight, their weapons pointed at Lin Yi and black wildflower. Only the people from the yellow temple remained unmoved, waiting for their boss to make a decision.

Huang Si's lips curled into a cold smile. Seeing the actions of Bai sanzhu and Wen qiniang's subordinates, he knew that there was something fishy going on between the two!

Originally, Huang Si was only 70% sure of their suspicion, but now he could basically conclude that it was the Bai and Wen groups who did it!

"Stop! Now that the green demonic divine tomb was right in front of them, everyone should be in the same boat and cause internal strife to weaken their strength. In the end, they might all be buried in the green demonic divine tomb! Is this the result you want?"

Huang si didn't continue to keep a low profile, but he stopped them decisively.

He also understood that with Bai sanzhu and Wen qiniang working together, he was completely suppressed. Leaving Lin Yi and black wildflower alive would only be beneficial to him!

Although Huang si wouldn't be at a disadvantage if Bai sanzhu and the others were to fight Lin Yi, he didn't have much confidence in Lin Yi and black wildflower!

He felt that these two people didn't have much strength and couldn't pose much of a threat to Bai sanzhu and Wen qiniang.

After weighing the pros and cons, it was better to let Lin Yi and black wildflower be cannon fodder!

"What old yellow said makes sense. Everyone, put away your weapons and talk things out! We can discuss this!"

Bai sanzhu rolled his eyes and chuckled a few times. He tried to smooth things over. "Black wildflower, don't get too excited. You two are new here, after all. You haven't made any contributions. In the team, if you don't make any contributions, you have no right to speak, and you can't get the right to distribute, so ..."

"So we should be your Pathfinders, right?"

Black wildflower glared at him. "I'll say the same thing. At most, we'll break up. Our cooperation will end here!" You guys go do what you need to do!"

"You're looking for death!"

Wen qiniang pulled out her weapon, and her men followed up, surrounding black wildflower and Lin Yi.

"You guys try! Do you know what kind of person Zhong da is?"

Black wildflower's heart skipped a beat-qiniang's killing intent was real, and he immediately brought Lin Yi up,"Even if you obtain everything in the green demonic divine tomb, you won't be able to live as long as Zhong da is injured in the slightest!"

"Black wildflower, we don't need to know your background. This is the dark green demonic Valley, and any identity or background is false in the trial. If you don't have enough strength, you deserve to be killed!"

"If you think that you can scare us with your impressive background," Bai sanzhu said with a faint smile,"you're gravely mistaken!"

"It is! Even if you're the king of the heavens, once you join our team, you have to listen to our commands. Unless you can beat us, your status and background are useless!"

Wen qiniang took a step forward and said in a sinister voice,""I'll give you one last chance. Do you want to listen to my orders or do you want to die?"

"Black wildflower, Zhong da, you might not die if you lead the way, but if you don't agree, you'll definitely be finished. You have to think carefully!"

Bai sanzhu and Wen qiniang, one red-faced and one white-faced, sang and bragged in unison.

"It's not a problem if you want us to Scout the way, but your attitude makes me very unhappy!"

Lin Yi raised an eyebrow and glanced at Bai sanzhu and qiniang, curling his lips. "I'm very unhappy now. What do you think I'll do?"

"I don't care what you do. Do you want to live or die? just say something quick!"

Wen qiniang expressed her impatience, and her men also looked eager to try, as if they were about to kill someone.

However, no one expected Lin Yi to make the first move!

The demonic devouring sword was unsheathed, and a black light flashed. The martial artist closest to him didn't even have time to react, and his head was separated from his body!

Of course, the one who died was one of Wen qiniang's men. The yellow temple's men were behind them and didn't join in. Bai sanzhu's men were scattered around, and they were a little far away, so this unlucky man had run into a knife's edge.

"If I want to kill someone, none of you can stop me. Besides, I always kill people in the open, I will never stab you in the back!"

Lin Yi's words were righteous, but black wildflower couldn't help but curl his lips, adding a word "coward" in his heart!

"You dare to kill my people?!"

Wen qiniang was furious, but she stopped abruptly. Lin Yi's attack was too sudden, and it was like a Thunderbolt-there was no way to stop it!

Wen qiniang knew that she might not be able to block such an attack if she was caught off guard. She was a little frightened and did not dare to continue moving forward.

Huang si and Bai sanzhu were equally shocked. They did not expect the person they treated as cannon fodder to be so powerful when he revealed his fangs!

"So what if I've killed him? what can you do about it?"

Lin Yi glanced at qiniang in disdain and kept his sword, "Can we talk properly now?"

Bai sanzhu reached out to hold back the Furious qiniang Wen, although she did not dare to move forward!

"Of course you can. We're partners. How can we not talk nicely?"

Bai sanzhu smiled as if nothing had happened. He did not even glance at the corpse on the ground. "Zhong da, if you have any ideas, just say it. We're all listening!"

As expected, if one wanted to have the right to speak, any contribution or merit points were all bullshit. Only strength could earn respect!

Lin Yi's decisiveness wasn't enough to completely suppress Bai sanzhu and the others, but it was enough to threaten the balance of power in the group.

That was why Bai sanzhu didn't dare to act rashly. If he really fought with Lin Yi and black wildflower, Huang si would be the one to benefit in the end!

"First of all, I agree that you have to contribute to the team, so I can agree to this exploration. However, there is one point. We can't do this every time. You don't have any objections, right?"

Lin Yi glanced at Bai sanzhu and the others indifferently. Seeing that they didn't say anything, he continued, "The green Devil divine tomb must be filled with danger. There must be many places that need to be explored. If we go there every time, we will be finished in less than two or three times. You won't treat us like this, right?"

Bai sanzhu thought to herself, "I asked you two to be cannon fodder, but wasn't that exactly what I wanted to do to you?"

But they couldn't say that now. After all, Lin Yi's strength was no weaker than theirs, and it wasn't good to fight with a master like that.

Chapter 7173

If the entire team was under Bai sanzhu's control, he might have gotten rid of Lin Yi and black wildflower without a second thought.

It was a pity that the three parties were restraining each other, maintaining a delicate balance. Bai sanzhu would never jump out and go against Lin Yi!

"Hahahaha, Zhong da really knows how to joke. How could we treat our own companions like this? Of course, that won't happen!"

Bai sanzhu's mind raced, and he immediately yawned and said, "Zhong da, after you have successfully explored the path this time, we will naturally arrange for someone else to do it next time. And then, the next time ..."

"Is it going to be our turn next time?"

Lin Yi looked at Bai sanzhu with a half-smile and interrupted him, ""This team, including us, is made up of four small teams. When it comes to scouting, of course, each team will take turns. Do you think I'm right?"

Bai sanzhu laughed dryly. He was going to say that Lin Yi and black wildflower would be the Pathfinders again. He wanted to put himself, Huang si, and Wen qiniang in the same group. He believed that Huang si and black wildflower wouldn't object to Lin Yi and black wildflower being in the same group.

He didn't expect Lin Yi to see through his plan and cut off all possibilities.

"Or rather, we should just take turns to explore the way. This way, no one will suffer a loss. What do you think?"

Lin Yi took a step forward when they didn't say anything. "If that's the case, my sister and I can take the responsibility for the two times we have to explore the way ..."

"No, no, no! Let's split up into small teams and take turns to Scout the way. This way, it'll be fair to everyone!"

Huang Si was the first to jump out and agree with Lin Yi's suggestion. If everyone took turns, the entire team might be wiped out if danger kept appearing. He didn't want to see himself end up like that.

Bai sanzhu and Wen qiniang thought of this as well and agreed immediately. It was good to take turns in small teams since Lin Yi and black wildflower would be the first to show up.

Looking at the bones in the passage, it was possible that the two of them would be dead the first time they went out, so there was no need to argue now.

If Lin Yi or black wildflower lost one of them here, the remaining one would be even easier to control!

"Alright, now that the plan is set, Zhong da, black wildflower, who's going first? Or are you two together?"

Bai sanzhu looked at Lin Yi and black wildflower with a smile on his face. He decided that if they were in danger, he wouldn't help them, ""This passage seems to be extremely dangerous, so you must prepare well. If you need any equipment, just tell us, and we might be able to lend it to you!"

"Thank you for your kindness, but we don't need it!"

Lin Yi smiled and waved his hand before walking to the entrance of the stairs. "I'll go first this time. Everyone, watch carefully!"

Black wildflower was taken aback, and quickly pulled Lin Yi back. "You're just going in like this? How can you be so arrogant?"

The green demonic tomb was mysterious, and it was normal for it to be dangerous. If something happened to Lin Yi, even black wildflower could imagine what would happen to him, so he was extremely worried about Lin Yi's safety.

"Sister hei ye, Don't worry, I'm fine!"

Lin Yi gave a comforting smile and patted the back of black wildflower's hand. He pulled her hand away. "Just wait and see, it'll be over soon!"

Lin Yi didn't think much of the bone stairs at all-there was no movement in the Jade space, and there were no alerts, which meant that there was no danger. The stairs looked scary, but they were no different from normal stairs.

Black wildflower wanted to say more, but he stopped himself. He nodded to Lin Yi and stepped aside.

Lin Yi had a smile on his face as he held the demonic blade on his waist with one hand and the other behind his back. He stepped into the entrance and walked down the stairs with ease.

Bai sanzhu and the others didn't even blink as they watched Lin Yi's descent with nervous expressions. They didn't know if they should be expecting peace or a storm of attacks that would turn Lin Yi into a sieve ...

No matter what they thought, Lin Yi disappeared around the corner very quickly, leaving only faint footsteps that maintained a steady rhythm.

After a while, the footsteps became clearer, and Lin Yi turned back. He smiled faintly at the entrance, ""There are a total of 796 steps on this flight of stairs. I've walked back and forth on every step, so there's no danger. Everyone can come in now!"

Bai sanzhu was a little annoyed. If he had known that the first stage of the green demonic god tomb was not dangerous, he would have gone himself! There would definitely be many more dangerous places later on, and it would definitely be more difficult than the beginning!

He had been deceived by those damned bones!

"That's great! It's good that you're fine!"

Black wildflower let out a relieved smile, his nervousness gone as he quickly grabbed Lin Yi's arm. "I knew you'd be fine!"

"If I say it's fine, then it's definitely fine!"

Lin Yi shrugged with a smile before turning to Huang si and the others. "Let's go! I'll lead the way, you guys just follow me!"

And so, the entire team set off. As for the person Lin Yi killed, no one mentioned him again, not even his teammates.

After everyone had entered the stairs, the corpse slowly corroded and melted into the ground, quickly disappearing without a trace.

However, no one saw this scene!

Lin Yi led the way down with black wildflower, and soon reached the top. There was nothing unusual at first, but the last guy dropped a dagger when he passed by a skeleton. It seemed to be of good quality.

It just so happened that he had damaged his weapon in the previous battle, so he went to pick up the short knife and prepared to make do with it. He didn't expect that a palm-sized black centipede was hidden under the short knife!

As soon as he picked up the short knife, the black centipede slashed at the man's wrist with lightning speed and burrowed into the gap between his armor and gloves!

"Ah, Yingluo!"

The unlucky man screamed and fell to the ground. After a few violent twitches, he stopped breathing. It was too late for the others to help him!

"What's the matter? Can someone tell me what the hell is going on?"

Huang si flew into a rage. His team was at the back, so the one who died was naturally one of his men.

It wasn't easy for Lin Yi to kill qiniang just now, bringing their numbers back to the same starting line, and now another one was dead?

"Boss Huang ... He went to pick up the dagger on the ground, and then ... Something seemed to have gotten into his clothes ..."

One of his subordinates took a few steps back with lingering fear. He did not dare to get close to the dead unlucky fellow, afraid that he would also suffer.

Chapter 7174

When the unlucky fellow picked up the short knife, he had more or less noticed it. Although he didn't see it clearly, he knew something.

Huang Si's face turned ashen. It was actually because of a broken knife?

If that unlucky guy hadn't died, Huang si would have killed him by now!

The people who had died before also had weapons. Even if they were not suitable, it was not impossible to make do with it, right? Why did he come here to pick up the short knife? He really deserved to die!

However, Huang si couldn't say these words no matter what. He couldn't vent the anger in his heart, so his expression was as ugly as it could be.

The body on the ground quickly shriveled and withered, almost at a speed visible to the naked eye, from a normal person to a dry corpse. Then, a dark and transparent centipede showed its head slightly, but quickly retracted.

Everyone who saw it took a few steps back subconsciously, afraid that they would become the next dried corpse!

Huang si really wanted to kill the centipede, but he was afraid that something else might happen. He stomped his foot and shouted, ""Let's go!"

They had already lost their men. They were here for the treasures in the green Devil divine tomb. It was impossible for them to be entangled with a centipede. If a few more people died, Huang si didn't know how much authority he would have left.

"Is this how you Scout? I've lost another person, who's going to pay for this?"

Huang si couldn't take it anymore and decided to vent his anger on Lin Yi.

"Ha ... You mean that I have to go through all the places and not let any living things exist?"

Lin Yi laughed coldly-he wouldn't let people like that get away with it. "Huang si, let me ask you now, who do you want to blame for this?"

Huang Si was suddenly speechless, and he felt even more depressed!

Lin Yi and black wildflower might only be two people, but Lin Yi had already shown his power. With Huang Si's current situation, it wasn't a good idea to get on Lin Yi's bad side ...

If it was possible, he should try to get on Lin Yi's good side, and so Huang si didn't know what to say to Lin Yi's question.

"Alright, alright. It was just an accident. Everyone, please speak less!"

Bai sanzhu rolled her eyes and tried to smooth things over again. As for whether or not she was trying to curry favor with Lin Yi, that was unknown. "We're all in the same boat. Let's keep going!"

Lin Yi hmphed and ignored them. He gestured for black wildflower to follow him and continued walking.

Huang si and Wen qiniang's expressions weren't too good, but they could only suppress their dissatisfaction. They brought their men and followed behind Lin Yi, warning them not to touch anything else!

With the lesson learned, the rest of the people naturally didn't dare to move around. They all followed Lin Yi obediently. Some even followed Lin Yi's footholds closely after careful observation, afraid that they would lose their lives if they made a wrong step.

With that, nothing else happened in the stairway. The group quickly came to the bottom and saw a huge stone door at the end of the passage. In front of the stone door, there were two small stone rooms on the rock walls on both sides of the passage.

There was a row of wooden shelves in each of the rooms, with many items on them. Lin Yi didn't think they were valuable, but Huang si, Bai sanzhu, and the others' eyes lit up when they saw them. They couldn't wait to pounce on them and collect them.

Even black wildflower was no exception-he was very eager to try Lin Yi out.

"Zhong da, when you came down just now, did you go in?"

Bai sanzhu calmed himself down and turned to Lin Yi as if nothing had happened, ""I'm not suspecting you, but there are a lot of empty spaces on the shelves inside ..."

"Ha ... Isn't that suspicious of me?"

Lin Yi smiled coldly, his face full of disdain."This young master doesn't even care about these things!"

Bai sanzhu paused, remembering what black wildflower had just said. He said that Lin Yi had a strong background, and it seemed that he was quite powerful!

"Old Bai was just asking you a question. What are you so arrogant for?!"

Wen qiniang glared at him and sneered, "you came down alone just now. There are no doors in the two stone rooms, and there are so many empty spaces on the shelves. It's not strange that you took a few things. What's wrong with asking you?" And he didn't even take a fancy to it? I'm afraid that you've already kept all that you're interested in, right?"

"Which eye of yours saw that? If you're stupid, then be good and don't speak. I'm afraid stupidity is contagious!"

Black wildflower immediately retorted. She and Lin Yi were in the same boat now, or rather, she needed Lin Yi's protection. Naturally, she would be extra protective of him, "Take a good look. As long as you're not completely blind, you should be able to see that there's a lot of dust on the floor and the shelves. If someone went in or took something away, do you think there would be no trace?"

Wen qiniang was speechless, because what the black wildflower said made sense, and she had seen that it was true. Whether it was the dust on the stone room's floor or the shelves, they were all intact without any traces.

The dust on the ground was still fine, as experts had the ability to not leave any traces, but the shelf was not. As long as something was originally taken away, there would definitely be traces!

"Hahaha, everyone, stop talking. I was wrong just now. I shouldn't have doubted Zhong da. It's all my fault!"

Once again, Bai sanzhu stepped forward to smooth things over, and even took the blame for his own mistakes. ""Brother Zhong da, I'm sorry! Please forgive me this time, I promise there won't be a next time!"

Lin Yi curled his lips. Bai sanzhu made it sound nice, but only a ghost would believe that there wouldn't be a next time!

However, it didn't matter. He wasn't interested in the thoughts of such a small figure.

"Alright, everyone's quite busy, so let's cut to the chase. Now, how do you plan to distribute the things in these two stone rooms?"

Lin Yi waved his hand and glanced at Bai sanzhu and the others, ""Are we going to do it according to what we've agreed on before, or are there other things to pay attention to?"

"This ... In my opinion, it's not easy to distribute the items in the stone rooms. Moreover, this is the first harvest after entering the green demonic god tomb. Why don't we try our luck and compete in speed? whoever gets it first will get it. After we enter the green demonic god tomb, we'll do as we've agreed. What do you think?"

Bai sanzhu held his chin and pondered for a moment. Then, he said with a smile, ""In any case, brother Zhong da doesn't have much interest in these goods, so why don't we let these little ones try their luck? what do you guys think?"

The items on the shelves on both sides of the room were items that could be used directly in battle and increase damage. Bai sanzhu didn't want Lin Yi and black wildflower to get them, so he suggested this.

Chapter 7175

Huang si and Wen qiniang were naturally on Bai sanzhu's side in this matter. They immediately expressed their agreement.

"Since the three of you have agreed, it seems that my objection is of no use!"

Lin Yi crossed his arms, a mocking smile on his face. "If that's the case, then we'll do as you say!"

Black wildflower wanted to retort but was stopped by Lin Yi's look. Out of trust, black wildflower could only suppress his anger and Hmph.

"Hahaha, brother Zhong da is a straightforward person indeed. Let's do it this way then!"

Bai sanzhu clapped his hands and said with a smile, "One person from each of the four sides will start from the left stone room. Whoever can get the item first will get it. Is there any problem?"

"No problem!"

"No problem!"

Huang si and Wen qiniang nodded at the same time. Lin Yi's expression was indifferent as he nodded as well.

Bai sanzhu immediately picked out a fast and agile underling, as did Huang si and Wen qiniang. On Lin Yi's side, black wildflower was looking at him.

In terms of speed, black wildflower was far from Lin Yi's level. If Lin Yi was willing to help, he could probably get at least half of the harvest.

However, seeing his lack of interest, black wildflower was worried that this young master had no intention of helping.

But Lin Yi didn't say anything-he didn't want to go, and he didn't want to go, either, which made black wildflower a little worried.

"Alright, the candidates have been selected. Let's begin!"

Bai sanzhu didn't care who Lin Yi's side was, as long as no one made a move, it would be best. So, he immediately announced the start of the fight!

The three of them rushed out at the same time. Black wildflower saw that Lin Yi didn't move and subconsciously wanted to follow, but Lin Yi pulled him back. He looked up and saw Lin Yi shaking his head.

Was he telling her to calm down?

Black wildflower was drooling over the things in the stone room, but she couldn't disobey Lin Yi's orders. She stopped in her tracks suspiciously, and then she knew why!

In the blink of an eye, the three of them had already rushed into the stone room. Their speed was almost on par, not even a quarter of a body's distance apart. The moment they entered the stone room, a soft mechanical sound rang out, and countless fine silk threads suddenly stretched out from the ground.

If one didn't look carefully, one wouldn't be able to see it with the naked eye. The three people were charging too fast. When the silk threads were stretched, they didn't have time to stop their bodies. They rushed through the dense silk threads and then suddenly stopped!

"Be careful of Jian Jia!"

Bai sanzhu finally had the time to shout out a warning, but it was too late!

The bodies of the three people trembled at the same time, and then slowly began to collapse and slide down ...

Blood and pieces of flesh fell to the ground, causing dust to fly.

Bai sanzhu's eyes were dull. Before he could pull back his outstretched arm, he saw the pieces of flesh and blood quickly corrode in the dust. In the blink of an eye, they turned into powder and mixed into the dust.

The stretched silk quietly fell down and disappeared into the dust. The stone room returned to its calm state, no different from before, as if nothing had happened. The three people had never entered the stone room!

Bai sanzhu and Huang Siwen qiniang's bodies turned cold. Their hearts were filled with fear. Fortunately, they had sent their subordinates to fight for it this time, and not personally. Otherwise, the three of them would have been the ones to die without an intact corpse!

They had been too careless. Other than the black centipede, there was no danger in the stairway, so they had habitually thought that these two stone rooms were not dangerous!

In particular, the front door that had not been opened made them feel that they had not entered the real green demonic divine tomb yet. Thus, they let down their guard!

"You already knew that there was a problem with this stone room! That's why he's deliberately sending us to our deaths!"

Wen qiniang suddenly exploded, pointing at Lin Yi and shrieking, "No wonder the two of you didn't move. You want our people to all die, right?"

"Ha ... You really want to punish someone, but you can't find a good excuse. It's my first time here, and you're saying I'm trying to frame you? Weren't you all worried that I went in first to get something?"

Lin Yi glanced at qiniang and sneered, "Did I urge you to go in and collect the items? Was I the one who suggested a first come, first served contest? Don't tell me that you guys died but we didn't. I already said that I don't care about the things inside!"

Wen qiniang was immediately at a loss for words. Although she maintained her aggressive appearance, she could no longer say a word!

What could she do? Lin Yi's words made too much sense, and she couldn't refute them!

"Hahaha, don't mind her, brother Zhong da. Qiniang Wen was just a little angry and anxious. She didn't mean it that way!"

Bai sanzhu was a professional mediator. Although his heart was bleeding, he still forced a smile and tried to ease the atmosphere. "After all, a brother who had gone through life and death with you was suddenly gone. No one would feel good about it. Don't you think so, brother Zhong da?"

"I think it's true that you're not feeling good, but it might not be because your brother is gone!"

Black wildflower wrinkled his nose and sneered coldly, "Don't say those empty words. We all know what's going on in our hearts. Get straight to the point!"

When people died, Huang si, Wen qiniang, and the others only expressed their anger at the weakening of their subordinates' strength, but they did not mourn for the dead. In their eyes, their subordinates were merely tools and consumables!

Having been exposed by the black wildflower, Bai sanzhu was a little embarrassed. He looked up to the sky and yawned, "What a joke ... Alright, let's get down to business!"

After a short pause, Bai sanzhu's eyes fell on Lin Yi, and he said with a smile, "Brother Zhong da, these two stone rooms are still within the range of the staircases. Originally, it should have been your responsibility to Scout the way, but because of your carelessness, we lost three brothers. Let's not talk about this for the time being. Next, should you continue to complete your original mission?"

"Hehe, I've seen shameless people before, but I've never seen someone as shameless as you!"

Black wildflower's face was full of sarcasm, and he sneered, "When there's something good, you're the first to act. When there's danger, you want us to go Scout? Besides, your people have already scouted the way. If you think you can't get in, you can just give up!"

"You can't say that! In reality, brother Zhong da really didn't complete this scouting mission very well. What's wrong with continuing the mission?"

Bai sanzhu had put his pride on the line, and Lin Yi was going to be the cannon fodder for this. "Besides, with brother Zhong DA's strength, it's not impossible for him to enter the stone room!"

Chapter 7176

"I told you that we're not interested in those broken things. Whoever likes them can go get them!"

Black wildflower didn't back down. She'd seen the horror in the stone room before, and it might just be the tip of the iceberg. She wouldn't let Lin Yi take the risk no matter what. If something happened to Lin Yi, she wouldn't be able to live for long!

"Brother Zhong da, what do you say?"

Bai sanzhu didn't want to waste time with black wildflower, so he pointed his finger at Lin Yi, "The door in front of us doesn't look easy to open. Perhaps the mechanism is also in these two stone rooms. We can't just go back like this, right?"

"Why can't I? There's nothing wrong with going back like this. At least it's safe!"

Lin Yi smiled teasingly and shrugged, "I don't care!"

Bai sanzhu didn't know what to do. If Lin Yi really didn't want anything, what else could he do other than threaten him with force?

The problem was that using force might not necessarily be safe. What if some accidents happened? For example ... The yellow temple!

Bai sanzhu glanced at Huang si. He and Wen qiniang had taken out three of Huang SI's men, and Huang si should know what to do. If Huang si suddenly attacked while they were dealing with Lin Yi, it would be hard to say who would win!

At first, Bai sanzhu was not worried. If he and Wen qiniang worked together, they would be able to suppress Huang si. However, one of the three people who had died just now was one of his most trusted experts. With the addition of Wen qiniang's person, the difference in strength between the two sides was not that big.

The team consisted of Bai sanzhu's three, Huang Si's four, qiniang Wen's five, and Lin Yi's two. If Huang si and Lin Yi teamed up ... It would be hard to handle!

Bai sanzhu's eyes darted around, and countless thoughts flashed through his mind in the blink of an eye. At the same time, his hand did not fall.

"Hahaha, brother Zhong da must be joking. You might not be interested in the items in this stone room, but are you not interested in the legendary treasures in the green demonic divine tomb?"

If you really don't like it, then what the hell are you doing here? Pretentious!

Bai sanzhu thought to himself, but he didn't expect Lin Yi to really look down on the treasures of the green demonic god tomb!

As far as Lin Yi was concerned, what else could there be other than the purple mist evil Lotus?

Especially in a place like this, where even golden core cultivators were considered Masters-Lin Yi didn't care at all. Once he recovered to his peak, he could destroy the entire city with a flip of his hand!

So Lin Yi was unmoved by Bai sanzhu's words. He just shrugged noncommittally, his face as calm as the wind.

"Brother Zhong da, we've already arrived at the entrance of the green Devil divine tomb. Are we really going to enter the treasure Mountain and return empty-handed?"

Bai sanzhu didn't give up and continued to persuade Lin Yi. Other than wanting Lin Yi to be cannon fodder, he had a strange feeling that if they wanted to enter the green demonic God's tomb, they had to conquer these two stone rooms!

"Old Bai, why are you talking so much nonsense? Our people are all dead. If he doesn't go in, it means that he is indeed scheming against us. So today, this kid has to go, no matter what!"

Wen qiniang laughed coldly and waved her hand, ordering her subordinates to form an encirclement, ""It just so happens that I want to take revenge for my brother. At most, it'll be a life and death struggle!"

"You still dare to draw your saber at this young master? people say that you forget the pain after the scar is healed. You've forgotten the pain before the scar is healed!"

Lin Yi's face darkened as he looked at qiniang and her men coldly. His hand was already on the hilt of the demonic devour sword."Perhaps this young master should let you all have some deep memories!"

To deepen the impression, he naturally had to kill a few more people!

Wen qiniang's heart turned cold, and she hesitated. She couldn't see through Lin Yi's strength, and she lost some confidence!

But now, she couldn't admit defeat. She still had Bai sanzhu as an ally, so she gritted her teeth and held on!

"Why are you here again? Everyone, calm down, there's no need to be like this!"

Bai sanzhu had been a professional mediator for thirty years. At this moment, he was standing in the middle of both parties with a big smile on his face. "Brother Zhong da, big brother knows that you're a capable person. This matter can't be blown out of proportion without you! As long as you can open the door, you can choose half of the items in the stone room. After we enter the green demonic divine tomb, you will also have the priority to choose one of the treasures we find. How about it?"

"Don't the things in the stone room belong to whoever gets their hands on them? Why did it become choosing half at will?"

"So this standard only applies to you guys, and changes when it comes to me?" Lin Yi curled his lips.

"Hahaha, it's brother's fault. This matter has been mixed up. The things in the stone room, if brother Zhong da can get them, they're Naturally Yours. I mainly wanted to say that after entering the green demonic divine tomb, you'll have the priority to choose. Sorry, sorry!"

Bai sanzhu laughed heartily, not at all embarrassed that his scheme had been exposed. "Then this matter is settled!"

In fact, Bai sanzhu wanted Lin Yi to refute. Once Lin Yi disagreed, he could take the opportunity to make the deal. This was the real scheme!

Lin Yi raised his eyebrows. He knew what Bai sanzhu was thinking, but he didn't care. He was just cooperating with Bai sanzhu on purpose. The danger in the stone room didn't affect him anyway!

Lin Yi wasn't interested in the treasures in the green demonic god tomb, but he still wanted to go in and take a look. What if there was another purple mist evil Lotus?

"Forget it. I'll give you face, old Bai. I'll go in and try. We've agreed that the things inside are mine if I take them!"

Lin Yi decided to go with the flow-he wasn't really interested in what was inside, but the black wildflower seemed to really want it, so he didn't mind giving it to her.

"Of course, brother Zhong da, if you take it, it's yours. I, Lao Bai, definitely won't have any objections!"

Bai sanzhu thumped his chest with confidence. Although there were a few things inside that he was also very interested in, compared to the inside of the green demonic divine tomb, the things at the entrance were obviously just trash. They were not worth his time and effort.

"What do you two think? Old Bai can represent you, right?"

Lin Yi wasn't in a hurry, so he turned to Huang si and Wen qiniang, telling them that everything had to be settled before they went back on their word, "If you don't agree, then say it as soon as possible!"

"I have no problem with that!"

Huang si had been thinking about his relationship with third Bai, Zhu, and qiniang Wen, and he'd also thought about getting Lin Yi and black wildflower on his side. He nodded immediately.

Wen qiniang, on the other hand, was a little hesitant. She glanced at the shelves in the stone room a few times, and at Bai sanzhu's signal, she reluctantly nodded and said, ""I have no problem with that either!"

"Good! Then it's settled!"

Lin Yi smiled, put his hands behind his back, and walked to the left room!

Black wildflower subconsciously grabbed Lin Yi's arm and said worriedly, "Are you confident? If we're not confident, we'd rather leave the green Devil divine tomb than take the risk!"

Chapter 7177

"Sister hei ye, don't worry, I never do anything I'm not confident in!"

Lin Yi gave black wildflower a comforting look and patted the back of her hand twice before continuing forward.

The stone room didn't have a door, so Lin Yi walked in without stirring up any dust. The fine threads hidden under the dust didn't move either.

Bai sanzhu and the others were dumbfounded, not understanding how Lin Yi did it.

Naturally, Lin Yi wouldn't bother explaining to them. He walked into the stone room casually and happily.

Lin Yi looked around and put away the things on the shelf before pulling down a handle on the wall.

The door in the middle of the passage made a slight vibration sound, but it did not open immediately. Obviously, this was only a part of the opening mechanism. The other stone room should have a similar mechanism.

"Brother Zhong da, how can you go in and out of the stone room so easily? why didn't you activate those mechanisms?"

Bai sanzhu saw Lin Yi strolling around the stone room and walking out. He asked subconsciously, ""Could it be that the mechanism has temporarily lost its effect after being triggered once?"

"If that's what you think, I don't mind if you try it yourself!"

Lin Yi shrugged and put the stuff on the stairs. He didn't care about stuff like this, but black wildflower wanted it. He'd let her choose later.

Bai sanzhu laughed dryly. Although he had such suspicions, it was impossible for him to put himself in danger!

Besides, the room he just entered had already been taken away, what was the point of going in?

As for the other stone room, no one had entered it yet. Only the heavens knew how powerful the traps inside were.

"Hahaha, I'm just casually saying. Since I've entrusted this matter to brother Zhong da, it's naturally up to you to finish it! You can go in and clean up the other room!"

Bai sanzhu laughed as he spoke, but his eyes couldn't help but glance at Lin Yi's spoils of war on the stairs.

The rest of the people were almost the same as Bai sanzhu, perhaps even greedier. If Lin Yi wasn't standing next to them, someone would've already tried to snatch it!

Lin Yi's fate was still unknown after he entered the other room, but these green-eyed guys might not wait for Lin Yi to come out and start fighting.

He'd just have to get the items first-if Lin Yi wanted them back, then he'd just have to pester him a bit and he'd be able to get the good stuff!

Compared to these good things, what was face?

Lin Yi laughed coldly to himself-he'd been expecting this from the moment he threw the thing on the stairs, or perhaps this was all a trap Lin Yi had set up. If someone were to jump in recklessly, they'd deserve to die!

However, Lin Yi guessed that Huang si, Bai sanzhu, and Wen qiniang wouldn't do it themselves. They'd let their underlings take the blame!

"Alright, it's not a waste of time anyway. You guys wait a moment, I'll get it done immediately!"

Lin Yi nodded with a smile and entered another stone room. At the same time, Bai sanzhu and Huang Siwen qiniang each had a man grab the spoils of war on the stairs!

As Lin Yi expected, these guys were determined to Rob first!

"Ha ... I forgot to tell you that those things are poisonous. Don't touch them! Otherwise, I'll die in vain!"

Lin Yi didn't even turn his head, "Those who don't believe me can try, I don't mind!"

The three men paused and continued to attack with full force. They didn't believe a single word Lin Yi said!

Lin Yi didn't see any poison when he took it out!

Moreover, they had all taken anti-poison measures when they entered the dark green demonic Valley, so what was there to be afraid of?

Snatch!

Among the three parties, Bai sanzhu's side was the strongest, so he was the first to grab the item. However, before his happy expression could fully show, it immediately turned into horror!

"It's really poisonous! It's poisonous ..."

The unlucky guy only left behind a cry of surprise before he flipped over and fell to the ground. He twitched twice on the ground, and his face had already turned black. Blood flowed out of his seven orifices, and he died!

The other two, who were a little slower, were immediately frightened. They waved their hands desperately, which were about to grab something, and barely avoided the target.

However, because the two of them were too hasty, they accidentally bumped into each other. They both let out a cry of surprise and actually fell down in a very funny way!

The Chinese qiniang was more unlucky-she hit her head on the stairs where Lin Yi's loot was!

The consequences were obvious. Out of the three people who attacked, only Huang Si's underling managed to survive!

In fact, Huang si had a chance to save the subordinate of Feng qiniang. He was the closest, and as long as he reacted in time, there would be no problem.

However, now that the three of them were having a fight, Huang si would not let go of this opportunity to weaken his opponent. He did move, but he moved to save his underling who did not need any help, and also blocked Wen qiniang's possible attack route!

"Huangsi, what do you mean?"

Wen qiniang almost went crazy with anger. How long had it been? He had lost another elite subordinate!

"What do you mean?"

Huang si turned around indifferently, not at all afraid of Wen qiniang, ""Is it wrong for me to save my own brother? It's fine if I can't save you when you were ambushed, but how can I not save you when something happened under my eyes?"

Wen qiniang was at a loss for words. She knew that Huang Si was talking about the murder of the three men, and she couldn't refute him because of her guilty conscience.

Could it be that she wanted Huang si to give up on his brother and save her, Wen qiniang's people? If it was her, she didn't think she had such a big heart.

Adding insult to injury was the right way to open it!

Since that was the case, what else could he say?

Wen qiniang's anger immediately shifted to Lin Yi, who was still in the stone room, "Why didn't you say that the thing was poisoned earlier? Are you trying to harm us?"

Lin Yi had already picked up the things in the stone room and pulled the mechanism down. The front door opened slowly with a shake.

After that, Lin Yi walked out slowly and looked at qiniang disdainfully, "That thing is this young master's, right? Do I need to tell you in advance if there's poison on it?"

Once again, Wen qiniang was at a loss for words. There was nothing wrong with what he said!

As long as they didn't want to take it from Lin Yi, the poison wouldn't be able to harm them!

Who could he blame if he lost his life because of greed?

"Besides, this young master has already said in advance that there is poison on it, and whoever touches it will die. They didn't believe me and insisted on trying. This young master has already said that I don't mind if you want to try. Now that he's dead, you're blaming me?"

Lin Yi piled up the stuff in his hands as well, continuing to taunt, "There are a few more here. Do you want to try them again?"

Try again? It's more like death, right?

Chapter 7178

Wen qiniang glared at Lin Yi, but couldn't say anything.

Even if she gave it to her for free now, she would not dare to take it!

Who knew if there was any overbearing poison on it? it was a strange poison that could kill someone without even having time to react.

"Hahaha, don't mind him, brother Zhong da. His underlings are insensible. They deserve to die!"

Bai sanzhu tried to smooth things over again, but his heart was also bleeding!

Originally, he had the least manpower, only three, but in the blink of an eye, two of them had rolled away!

Although it seemed that the three parties had suffered the least losses, in fact, in terms of proportion, they had suffered the most!

"Brother Zhong da, the poison on these things is so potent that even anti-poison equipment can't resist it. I wonder where they come from?"

Bai sanzhu suppressed the pain in her heart and began to probe Lin Yi's cards, ""I see that brother Zhong da doesn't seem to care about this. You've clearly prepared for this, right?"

He was just short of saying that the poison was Lin Yi 's!

However, Lin Yi's actions were all done under everyone's eyes, and there was no chance for him to poison them.

Therefore, although Bai sanzhu had his suspicions, he was not sure.

In fact ... The poison on those things was Lin Yi's doing!

Lin Yi didn't even remember how much loot he'd collected along the way-there were all sorts of things in the Jade space, and he didn't care when he didn't need them. He'd just flip through them when he needed them, and he'd basically find everything he needed.

For example, the poison this time was one of the spoils of war from killing hidden death sect!

The poison used by this assassin organization was targeted at the Masters of Sky Class Island. They were all at least at the xuansheng stage, mountain opening stage, and above. In Luling city, they would be the legendary Immortals!

Therefore, killing a few foundation establishment cultivators without true Qi was really easy and effortless. It could even be said to be killing a chicken with a butcher's knife, overkill!

"Hehe ... Do I need to prepare for a mere poisonous object?"

Lin Yi smiled, putting on the air of a master. "I'm not afraid to tell you that before I can remember anything, I've been soaking in a medicinal tub every day to temper my body. When I can remember, I can start to use all kinds of poisons to temper my body and cultivate. Do you think I'm afraid of this little poison?"

"Body tempering poison technique?"

Bai sanzhu and the others were all shocked!

This was a legendary cultivation technique. Not only did it require a huge amount of wealth, but one had to be suitable to cultivate it. Otherwise, one would be poisoned to death before one could even succeed!

When black wildflower said that Lin Yi had a powerful background, Bai sanzhu and the others didn't think much of it, but they didn't have any more doubts now!

It would be strange if this kind of abnormal person didn't have a powerful background!

Lin Yi raised an eyebrow. He was just making things up, but it seemed like the effect wasn't bad. It seemed like the sub Island really did have a body refining method.

He wanted to say that they were ignorant, but he didn't have to say it anymore ... Because the ignorant one was himself!

"It's good that you know. Do you have any more questions?"

Lin Yi didn't react, continuing to act like a master, "If you don't believe me, you can come up and try. I don't mind!"

Bai sanzhu, Huang si, Wen qiniang, and the rest of their men all took a few steps back, feeling a sense of security as they kept their distance from Lin Yi.

I don't feel at ease being with such a ruthless person!

On the sub-Island, because there was no way to cultivate true energy, a variety of body tempering methods were derived, and the use of poison to temper the body was definitely one of the most high-end means!

Not to mention the huge cost, as long as one cultivated it successfully, not only would they be immune to poison, they could even poison the people around them invisibly. That was why the sub-Island was also called poison cultivation!

This kind of body tempering method was extremely overbearing. It could be said that as long as he didn't die, he would definitely become a super Master who dominated the sub-Island!

Furthermore, he was a ruthless person who was almost invincible among his peers!

Bai sanzhu was even more suspicious that Lin Yi was the one who poisoned them. It wasn't difficult for a poison master to poison them, but he didn't dare to say it out loud ... Because it was easy for a poison master to kill them!

At this point, Bai sanzhu didn't dare to go against Lin Yi anymore. If it weren't for the fact that the green demonic god tomb was already open, he would've parted ways with Lin Yi.

Black wildflower stood beside Lin Yi and looked at his side, deep in thought. She was the only one who didn't move a single step, and she was the only one who thought that Lin Yi was a poison practitioner.

With the mysteriousness of the Sima clan, it was not strange at all for them to use such a method to train their direct descendants. Furthermore, the Sima clan had the financial resources to do such a thing!

How many poison practitioners like Lin Yi did the Sima clan have?

If there were more, it wouldn't be difficult to compete for the sub-Island in the future!

"No one wants to try? Then let's continue!"

Lin Yi looked around indifferently and put everything away. It wasn't a good time to give it to black wildflower now, so he'd better wait until things were done!

"Poison cultivators have the means to poison others. Tell me the truth, did you poison them?"

Wen qiniang suddenly gritted her teeth. "I know how powerful poison cultivators are. If we don't get to the bottom of this today, we'll fight to the death!" She said.

Her legs trembled as she said this, but she still held on. She knew that if she didn't show her strength, she wouldn't gain anything even if she entered the green Devil divine tomb!

"Poison? Let's not talk about whether it's necessary or not, this young master's body tempering mo skill hasn't reached this level yet!"

Lin Yi, of course, couldn't admit that he was the one who poisoned them-what if all the Pathfinders ran away?

He didn't care about the poisonous traps in the green Devil divine tomb, but he had to think about black wildflower. It would be safer if someone scouted the way.

But Lin Yi didn't think that his statement would be so accurate. Qiniang and the others let out a breath of relief.

"That's true. Although brother Zhong DA's strength is very strong, it's not so easy to reach the stage of body tempering mo skill releasing poisonous gas! I forgot about that!"

Bai sanzhu's expression relaxed. He laughed and said, ""Brother Zhong da should be at the stage of absorbing all the poison to temper his body, right? It can only be absorbed and can not be released. Only after the poison body is completed can the poison be released. At that time, it will be the strongest poison in the world!"

"Heh ... Old Bai, you're quite knowledgeable!"

Lin Yi said casually, thinking that he didn't know anything, so everything she said was right!

"Even if you didn't poison it, your body tempering mo skill can still remove the poison from items. Why didn't you remove the poison just now?"

Wen qiniang's fear of Lin Yi lessened a bit-as long as the demonic art hadn't reached the stage where the toxins could be released, it wasn't that scary. He was just immune to a hundred poisons, it wasn't like he wouldn't die!

"Are you questioning this young master?"

Lin Yi's face darkened, his cold eyes sweeping over qiniang and her men."Could it be that you think I'm easy to talk to, so you can knead me as you wish?"

Chapter 7179

"Brother Zhong da, don't be angry. You know that qiniang Wen has a short temper, right?"

Bai sanzhu quickly stepped in to smooth things over. Lin Yi's poison body aside, the strength he displayed just now was absolutely strong. It was better to be steady before they had any confidence!

"Brother Zhong da, give me, old Bai, some face. Don't stoop to seventh Madame's level!"

"Old Bai, what are you saying? Did I say anything wrong? If he had removed the poison from those things, would this have happened?"

Wen qiniang was going all out. The continuous deaths had triggered her. Now, Wen qiniang and her subordinates were left with four people, the same as Huang si. As for Bai sanzhu, she was left with two people.

"What a joke! That thing is mine, when I remove the poison is my business, do I need to report to you? Or is it reasonable for you to snatch my things? Should I remove the poison and then let you snatch it?"

Lin Yi smiled coldly. His body flashed and appeared in front of qiniang. He slapped her face and sent her flying.

"This young master has never liked to hit women. However, you, Wen qiniang, have offended this young master in succession. If I don't teach you a lesson, you won't know the immensity of heaven and earth!"

Wen qiniang crashed heavily into the stone wall. Half of her face swelled up, and blood and two teeth were spat out of her mouth.

Lin Yi's sudden move caught Wen qiniang off guard, and she jumped up in embarrassment, "I'm going to kill you!"

Bai sanzhu quickly blocked qiniang. ""Calm down! We're all in the same boat, what's the point of having an internal conflict now?"

If Wen qiniang's eyes could kill, Lin Yi would've been cut into a thousand pieces by now!

Bai sanzhu was an ally of qiniang 's, both openly and secretly. So, after being stopped by him, qiniang finally calmed down a little.

Now that the strength of the two sides was very close, no matter how impulsive Wen qiniang was, she would not fall out with Bai sanzhu.

"Wen qiniang, what you said just now was indeed wrong. It's understandable that brother Zhong da hit you. Let's not talk about how wrong our people were in snatching it, you can't blame brother Zhong da for removing the poison."

Bai sanzhu stopped qiniang Wen and began to persuade her earnestly, ""Think about it, if you hunt a large dark spirit beast and use it as food, do you think you'll have to eat everything after you're full? Of course, he would only eat it when he was hungry! Brother Zhong DA's poison body is almost the same, right? The environment here is complicated, so he can't use his poison technique to absorb the poison directly!"

Lin Yi's mouth twitched. He did it on purpose, it wasn't as complicated as you made it out to be!

However, Wen qiniang seemed to have been convinced by Bai sanzhu. She glared at Lin Yi and finally stopped her anger. As for the slap, she swallowed it down.

"Alright, alright, it's fine now! Now that the door is open, we must work together to face the dangers and opportunities in the green demonic divine tomb. I believe that we will all have a satisfactory harvest when we come out!"

After Bai sanzhu appeased qiniang Wen, he smiled and said a few words of encouragement. Unfortunately, everyone now knew that the so-called sincere unity was all a lie. What was true was unity on the surface but separation on the inside!

Under Bai sanzhu's mediation, the crowd finally calmed down. They packed up and prepared to enter the door in the middle of the passage.

"Who's going to be the Pathfinder now?"

Lin Yi stuck his head out of the door and took a look-there seemed to be some sort of mechanism inside. It wasn't a threat to him, but he didn't want to go any further.

Some of the traps didn't pose a threat to Lin Yi, but they could be fatal to the black wildflower. At this point, they were comrades, after all, and Lin Yi couldn't just watch the black wildflower die.

"This ... Brother Zhong da, you are extremely powerful ..."

Bai sanzhu laughed awkwardly and wanted Lin Yi to continue scouting, but he was interrupted.

"Old Bai, we've agreed that each team will take turns to explore the passage and these two stone rooms. I've done what I should do. Who's next? quickly choose!"

Lin Yi's face was cold, and his body had a natural aura, "Unless you think that what you said before was all nonsense?!"

Bai sanzhu's heart skipped a beat. He really didn't dare to offend Lin Yi now. If Huang si and qiniang were on his side, it would be fine, but the problem was that there was a Rift between the three of them!

It was hard to say who would help who if they really got into a conflict with Lin Yi!

Huang si and Wen qiniang had similar thoughts. They wanted Lin Yi to continue being cannon fodder, but the strength he'd displayed was no longer something they could mess with. Since they couldn't force him, they could only settle it internally.

"Alright ... Since brother Zhong da has said so, old Huang, qiniang Wen, do you have any opinions?"

Bai sanzhu chose to retreat. At the same time, he was quickly calculating in his heart. Who should be the Scout this time?

In terms of numbers, Bai sanzhu only had one left, while Huang si and qiniang Wen each had three. In theory, it would be best to let Huang Si's men Scout the way.

If the three of them decided to vote, there should be no problem with the result. However, Bai sanzhu also thought, "what if the back of the door is like the staircases, and it's scary but not dangerous?"

Wouldn't that be letting Huang si have it easy? In this case, the next two Pathfinders would have to be Bai sanzhu and qiniang Wen's men!

Considering that they had just entered the green demonic divine tomb, there was a high chance that the passage behind the door would not be dangerous. Perhaps they should fight for it first?

These thoughts flashed through Bai sanzhu's mind like lightning, and he immediately made a decision.

"My men died the most. No matter what, one of you will be the Pathfinder this time!"

Huang si obviously didn't think as far as Bai sanzhu. In order to preserve his strength, he immediately looked at Bai sanzhu and Wen qiniang vigilantly, trying to avoid them.

"Hehe, so what if many of your people died? Which one of them died while exploring the path? What's the point of saying such things here?"

Wen qiniang laughed coldly. She didn't think as deeply as Bai sanzhu. She only wanted to seize this opportunity to further weaken Huang Si's strength.

In Wen qiniang's opinion, with Bai sanzhu's help, it would not be a problem to force Huang si to send someone first. As for her and Bai sanzhu's turn later, they could wait until it really was their turn!

Huang Si's face was a bit ugly-he knew that if this went on, his men would be thrown out as cannon fodder. It seemed like they could only rely on Lin Yi now!

"Brother Zhong da, which of the three of us do you think is more suitable?"

Huang si suddenly showed a sincere smile ... Although it looked really ugly, this was the limit of what he could do,""I, old Huang, have always respected the strong. Old brother Zhong da, you're so powerful, old Huang will listen to you!"

Chapter 7180

If Lin Yi said to let Huang si go, Huang si could only accept his fate. The result was already decided anyway, it was the same without Lin Yi!

But if Lin Yi was willing to help, it would be a different story!

Huang si believed that Lin Yi would make the right choice. After all, he was the one who made the offer, and if the two of them worked together, they would have no problem suppressing Bai sanzhu and Wen qiniang!

Lin Yi didn't care about this at all. If it was before, he would still want to suppress qiniang Wen and Bai sanzhu, but now that their strength had dropped drastically, they were insignificant in Lin Yi's eyes!

Bai sanzhu didn't wait for Lin Yi's reply. ""There's no need for brother Zhong da to worry about this matter. We can decide on our own!"

The guy already had a plan in mind, and he couldn't let Lin Yi ruin it. Besides, if Lin Yi really opened his mouth, wouldn't it make Lin Yi look even more imposing?

Huang Si's expression was unpleasant. He felt that Bai sanzhu and qiniang Wen's intention to suppress him was too straightforward. They were about to kill him in public!

Just as he was about to retort, Bai sanzhu laughed and patted his chest, ""This time, I, old Bai, will take on the responsibility of exploring the path first. Don't fight for it, it's your turn in the next two rounds!"

Huang Si was stunned. What was Wen qiniang doing? The script wasn't supposed to be like this!

Lin Yi raised an eyebrow and looked at Bai sanzhu with a half-smile on his face. He could guess what the man was thinking, but ... He seemed to have made a mistake!

Bai sanzhu's last subordinate turned pale. He couldn't understand why his boss would make such a decision. Why did he have to fight for something that others avoided like the plague? So his life wasn't his, so he could do whatever he wanted?

"Come here, I'll tell you!"

Bai sanzhu glanced at his subordinate and knew that he had to explain. He called him over and whispered in his ear, explaining his thoughts.

The man's face turned a lot better. It did make sense. If there was danger, it would definitely be more dangerous the deeper they went. Therefore, taking on the task of exploring the way at the beginning would be very beneficial to their life later on.

"I understand! Don't worry, boss, I'll definitely complete the mission!"

After thinking it through, Bai sanzhu's subordinate nodded vigorously, then turned and walked through the door.

Huang si and Wen qiniang looked at each other. They decided not to think about Bai sanzhu's idea for the time being. It was better to have someone Scout the way than to have their own people become cannon fodder!

One step, two steps, three steps!

After Bai sanzhu's last man entered the door, he walked for ten steps, and nothing happened. He felt relieved, and felt that his boss was indeed reliable. His deduction was right!

After another twenty steps, there was another closed door, and on both sides were two stone rooms. When he reached that side, his task would be considered complete, and before the rest of the people died, he didn't need to take on the task of exploring the way!

Lin Yi looked on calmly-this tunnel wasn't that peaceful, and although the Jade space didn't warn him of the danger, it was only because he didn't walk through it. It didn't mean that there was no danger in the tunnel!

The corners of Bai sanzhu's mouth curled up into a faint smile, as if he was very satisfied with his own judgment.

However, the next moment, his eyes suddenly widened, because after his Scout had taken ten steps, an accident happened!

In the originally empty passage, dozens of vines suddenly emerged, intertwining in front of them like lightning, forming a dense cage, wrapping the Pathfinders inside.

Immediately, a short scream came from inside, and the green vines instantly spread out in a dark red color, looking extremely strange.

Before the people on the outside could react, the dark red vine cage quickly disintegrated and disappeared into the passage. The man who had explored the way before had no bones left, only a little blood was left, which quickly seeped into the ground and disappeared without a trace!

Bai sanzhu's face turned pale, and the muscles on his cheeks twitched involuntarily.

Originally, he had wanted to use a trick to preserve his strength, but unexpectedly ... He had directly become a beam of light!

A gloating look appeared in Huang Si's eyes, but he immediately concealed it. He couldn't show it at this time no matter what.

On the other side, Wen qiniang was feeling rather complicated. Bai sanzhu was her ally, and now that his ally had died, she felt pity for him. She could also say that she felt sad for him, but in short, she was less confident in her ability to suppress Huang si.

"How could this be ... What are those things?"

Bai sanzhu mumbled to himself, but he didn't dare to step in. After calming down, he turned to Lin Yi."Brother Zhong da, we still need to rely on you to solve the mechanisms here. No matter how many of our people go in, they'll just be throwing their lives away. There's really no need to make such meaningless sacrifices, don't you think so?"

Lin Yi shrugged,"You want to enter the green demonic god tomb to search for treasures. Have you not anticipated such a level of danger? In a situation ten times more dangerous, we still have to move forward!"

Bai sanzhu's mouth twitched, and he agreed with Lin Yi. The problem was that Lin Yi might be able to get through without any losses, but if they went, they'd have to pay with their lives!

"Brother Zhong da, we're all on the same side, and we should help each other. I'll leave this matter to you! Otherwise, if we can't get in, are we just going to waste our time at this door?"

Bai sanzhu continued to persuade him. He was definitely not going anyway!

"Ha ... I don't mind! There's nothing wrong with wasting time here!"

Lin Yi's lips curled up as he scanned the others.

Huang si and Wen qiniang felt uneasy. Bai sanzhu's men were dead. Were they going to send their men to their deaths next?

"Haha...Haha...Brother Zhong da, you see, although we have more people on our side, none of them are as capable as you! As long as you can deal with the mechanisms in the passage, I'll let you have the first pick of the things in the stone room over there. "

Wen qiniang squeezed out an evil smile and said in a neutral tone, ""This is a good opportunity. The deeper you go, the more precious the things you'll get. If you can pick first, you definitely won't suffer a loss!"

"Why do we have to choose first? isn't it a first come, first served basis? doesn't it belong to whoever gets it?"

"If I were to make a move, I'd be able to pass through the tunnel easily and enter the two stone rooms. I'd be able to take whatever I want in there-why would I have to pick first and leave the rest for you?" Lin Yi teased.

Wen qiniang was speechless. If they were to follow the rules they just set, wouldn't they have to watch Lin Yi eat meat while they didn't even get a sip of soup?

"Hehe, brother Zhong da, that was a special case. We've already agreed on the distribution plan. Whoever gets it will get it. There are only two stone rooms, and the rest will go according to what we've agreed on!"

Bai sanzhu bit the bullet and laughed dryly, "we can't go back on our words, can we?" So letting you choose first is already a big concession!"
