

## Bodyguard 7181

### Chapter 7181 The Power Of The Devil

Huang si and Wen qiniang nodded at the same time. They were on the same boat as Bai sanzhu in this matter. If they didn't get anything, they'd rather fight Lin Yi to the death!

"Forget it, if you guys want to say that, then let's do it!"

Lin Yi didn't want to waste his breath-these were all worthless stuff, so he could pick first ...

Of course, even if there were other good things in the pile of junk, they wouldn't be able to escape Lin Yi's grasp!

"Zhong da, why did you agree to their request? When you're needed, you'll smile at them, and when you're not needed, you'll put on a nasty face and say mean words. Why do we have to bring them along? It's better to split up and go our separate ways!"

Black wildflower was unwilling to give up. Now that she had Lin Yi by her side, she felt that she could deal with Bai sanzhu and the others at the same time without any problem, so she wanted to make Lin Yi break up!

Following Lin Yi would allow them to walk through the green demonic tomb as if it was flat ground, so why did they have to bring so many burdens along and split the benefits?

"Sister hei ye, forget it, just take a step back and everything will be fine! I'll go remove the mechanisms in the tunnel first!"

Lin Yi smiled as he comforted black wildflower. Bai sanzhu and the others let out a breath of relief. They were afraid that Lin Yi would be persuaded by black wildflower, but they were the ones asking Lin Yi for help.

The group laughed dryly as they complimented Lin Yi, but he only waved his hand and walked into the tunnel.

The hidden vines reappeared at the spot where they appeared, but Lin Yi was no match for the previous person. His essence spirit body wasn't afraid of the vines at all, so he let the vines form a cage around him.

Everyone's line of sight was cut off, and they all started to get nervous, not knowing if Lin Yi would be able to come out of the cage. Of course, they all had different feelings.

For example, black wildflower was really concerned about Lin Yi's safety, afraid that he would be in trouble with him!

Bai sanzhu and the others were more worried that if Lin Yi couldn't handle it, their trip to the green demonic God's tomb would end!

Lin Yi didn't make them wait for too long. A second or two later, the black light pierced through the gaps in the vine cage. In an instant, the vine cage seemed to have turned into a large Hedgehog, covered in black light spikes!

In an instant, the cage was completely shattered, turning into countless fragments that flew everywhere. Lin Yi reappeared, and with a sword in his hand, he continued to move forward.

Behind him, the vines had completely withered and were no longer dangerous!

Before reaching the stone room and the new door, Lin Yi ran into a few more traps, but they were all easily and happily eliminated.

Bai sanzhu and the others saw this, and they were even more afraid of Lin Yi's strength.

Lin Yi's strength level wasn't even as high as the three of them, but his fighting strength was definitely above them ...

Perhaps the three of them had to join forces to suppress him.

Bai sanzhu thought about Lin Yi's strength, and couldn't help but feel a bit regretful. He shouldn't have targeted Huang si. Many of their men had died, and if they didn't secretly kill people, they would have a higher chance of dealing with Lin Yi.

"Alright, all of you, come over!"

Lin Yi came to the second door and called everyone over.

Bai sanzhu calmed himself down and put the matter aside for the time being. He bowed slightly to black wildflower and said politely, ""Black wildflower, you first!"

He was doing this just in case-if Lin Yi didn't clean up the area thoroughly enough, and there were still hidden dangers, black wildflower could take the bullet.

"Hmph, you cowardly rat!"

Black wildflower snorted coldly and ignored them. He quickly walked towards Lin Yi, with Bai sanzhu and the others following behind him.

When they arrived, Lin Yi had already walked around the two rooms and took out a few items. There wasn't anything that caught his eye, so he just left them on the ground.

If there was something good, Lin Yi wouldn't hold back-he'd just put it in the Jade space.

Lin Yi didn't care, but the others were envious. They agreed to let Lin Yi pick first, so they didn't make a move.

More importantly, Bai sanzhu and the others didn't know if these things were poisonous or not. What if they accidentally got infected and died on the spot?

"Brother Zhong da, these things will be as we agreed, you can choose first ... Of course, before that, I wonder if you can remove the poison on them first? As a reward, you can choose one more!"

Although Bai sanzhu was reluctant, he could only make such a request.

The things before were all Lin Yi 's, so it didn't matter if he didn't detoxify them, but everyone had a share. Who would dare take them if they were poisoned?

Lin Yi laughed to himself-he'd used hidden death sect's poison on purpose just now, but this one wasn't even poisoned!

Of course, it was easy to poison him. If he did it in front of Bai sanzhu and the others, they probably wouldn't be able to tell.

"It's not that I can 't. Since we're all family, I'll reluctantly remove the poison from these things!"

Lin Yi raised a brow and said,"Although it's a bit of a loss to take one more thing, we're on the same side, so let's just take a loss!"

Bai sanzhu and the other two were a little annoyed by Lin Yi's words, but they didn't dare to refute him. They had to rely on Lin Yi now, so they could only endure it.

"Sister hei ye, you can choose whatever you like. I don't need anything, so we'll give you everything we have!"

Lin Yi turned to black wildflower, and seeing her sparkling eyes, she would've jumped on him if it weren't for Lin Yi!

"Hehe, big sister won't be polite then!"

Black wildflower said with a smile and immediately picked up an item that he'd been looking at since the beginning. As for the poison on it ... Since Lin Yi asked her to choose, there was no poison left!

"Wait! Was there no poison on it? That means you don't need to detoxify?"

"Since you don't need to remove the poison, what reason do you have to take one more?" Wen qiniang suddenly called out.

"What's wrong? Are you regretting it now? This young master doesn't really care about one more or one less, are you sure you want to do this?"

Lin Yi's lips curled up into a mocking smile. "To tell you the truth, these things are really poisonous, but ordinary people definitely can't detect it. If you want to do it yourself, then go and try, but if something happens, this young master won't be responsible!"

Wen qiniang was panicking, but black wildflower's reaction made it hard for her to believe Lin Yi. He immediately sneered and stepped forward.

"I'll try it then. Do you really think I can't see through your little tricks?"

With that, Wen qiniang reached out to grab something she had her eyes on. Lin Yi didn't stop her, crossing his arms in front of his chest as if he was waiting for a good show.

Chapter 7182

When Wen qiniang received the item that she wanted, before she could be happy, her palm began to show a black color. She was shocked and threw the item away.

"It's poisonous! It's really poisonous ..."

Wen qiniang was horrified-she'd already put on a translucent pair of anti-poison gloves, but it couldn't stop the poison from entering her body. She turned to Lin Yi and begged, "Brother ... Zhongda ... Save ... Save me ..."

Before she could finish her sentence, her face had already turned black. Her knees went soft and she collapsed to the ground.

"It's too late!"

Lin Yi shook his head and looked at qiniang pitifully, "The poison is attacking the heart. I'm not afraid of this poison, but I can't save you!"

Wen qiniang's eyes were filled with despair. She didn't even get to hear Lin Yi's words before she died!

Bai sanzhu and Huang si broke out in cold sweat!

No matter what, he did not expect such an ending. At the same time, he felt a little fortunate that he was not in a hurry to fight for the item.

Considering how much Wen qiniang had offended Lin Yi before, Bai sanzhu and Huang si even suspected that Lin Yi had poisoned her on purpose.

Even if he wasn't, he probably had the mentality of not helping her, right?

"Old Bai, old Huang, why don't you give it a try? I don't mind!"

Lin Yi ignored Wen qiniang's body and turned to Bai sanzhu and Huang si with a half-smile, ""Maybe you're lucky and won't be infected by the poison!"

Bai sanzhu thought to herself, 'you're not the one who's going to die, so of course you don't care!'

You know it's poisonous, but you still want to try it. Do you really think we're stupid?

Bai sanzhu quickly put on a smile and said, ""No need, no need. I've always believed in you, brother Zhong da! Wasn't I the one who proposed the idea of removing the poison?"

"Yes, yes, yes. I, old Huang, won't submit to anyone but you, brother Zhong da. The poison on these things is too powerful. If brother Zhong da doesn't get rid of it, we won't dare to take it!"

Huang si quickly followed up. As for why black wildflower took the item, it was not a problem. He and Bai sanzhu deliberately ignored it.

"Alright, we're all on the same side. If you believe me, I won't mistreat you!"

Lin Yi's lips twitched as he glanced at qiniang, "If there are still people who don't believe this young master, it's best to leave this place as soon as possible, or else you'll lose your life!"

Bai sanzhu secretly wiped away his cold sweat. He mourned for his ally, qiniang Wen, for two seconds. Then he laughed and said, ""How could there be anyone who doesn't believe you, brother Zhong da? Don't worry, we all believe you!"

At this point, Bai sanzhu turned to qiniang Wen's three subordinates and said, ""Wen qiniang is already dead. If you guys want to gain something, you'll have to follow me!"

The rest of the people were Wen qiniang's trusted aides. Naturally, they knew about the secret alliance between Wen qiniang and Bai sanzhu, so they didn't have any objections to joining Bai sanzhu.

It was just that they had seen their deaths before, so they were a little nervous. Would they become the next cannon fodder?

However, since they had already arrived at this place, it was impossible to turn around and leave. As the old saying goes, wealth comes from danger. Now was the time to take the risk!

The three of them looked at each other and immediately confirmed their intentions.

Bai sanzhu was instantly overjoyed. Wen qiniang's death was a good thing. He had already become the commander of the light pole, but he didn't expect to be able to take over Wen qiniang's men ... Although there were only three left, at least he had the same strength as Huang si.

"Old Bai and old Huang said that there's no problem. Do any of you have any objections?"

Lin Yi wasn't interested in Bai sanzhu taking in Wen qiniang. This way, Bai sanzhu and Huang si could keep each other in check, so he only glanced at them indifferently.

The rest of the lackeys all smiled and expressed that they would not have a problem and would definitely listen to their boss!

Lin Yi nodded, satisfied. He pretended to remove the poison.

In fact, these things didn't have any poison on them to begin with. Wen qiniang's death was completely caused by Lin Yi, who used hidden death sect's poison to kill her.

It was Wen qiniang's fault for jumping around so happily and going against Lin Yi. Who else would die if she didn 't?

Lin Yi said perfunctorily before waving his hand."Alright, there's no more poison on it. You guys can split the things that sister hei ye has picked! I'll open the door first!"

With that, Lin Yi didn't care how they reacted and went back to the stone rooms on both sides, pulling the door open.

The door slowly rose, revealing the scene behind it.

This time, it was no longer a new passageway, but a Hall. Black wildflower had finished picking the items, and Bai sanzhu and the others had also divided the rest. Now, they were all standing by the door, looking at the hall, but no one dared to go in first.

"Sister hei ye, do you want me to help you keep your things? It doesn't look very convenient for you!"

Lin Yi didn't mention the hall, but smiled at black wildflower, "Carrying such a big bag will be very cumbersome for the rear."

Lin Yi didn't ask for anything, so the black wildflower had a great harvest. Two of the things he picked out weren't small, either, and the bag she was carrying was almost bigger than her body.

It was fine to walk normally, but it would be too inconvenient if they were to encounter danger or a battle!

"Zhong da, are you going to help me carry it? Wouldn't that affect you?"

Black wildflower wasn't worried that Lin Yi would take it ... It was something he didn't like in the first place, why would he come back for it?

"Don't worry, I have a treasure!"

Lin Yi patted the storage bag on his waist-it was something he used to hide from people."It won't affect you at all if you leave it here."

"Could this be the legendary space treasure?"

Black wildflower's eyes lit up, revealing a burning desire. "I didn't think that sister would really be able to see such a treasure!"

On the sub-Island, very few people could use storage bags, and there were almost no such props, but there were still such rumors.

This place wasn't even as good as the ancient martial world, so Lin Yi wasn't surprised.

Compared to the black wildflower's burning desire, Bai sanzhu and Huang si were looking at Lin Yi's storage bag greedily. They felt that if they could get this treasure, they would be able to enter the green demonic god tomb!

They didn't know that Lin Yi had plenty of storage bags on him. As one of the spoils of war, he had more than enough to give everyone ten of them.

Bai sanzhu and Huang Si's eyes flickered even more when they saw Lin Yi putting the big bag of black wildflowers into his storage bag. It was obvious what they were thinking.

"The door is already open. Who's going to Scout this time?"

Lin Yi kept the package and smiled at the remaining people, who felt a chill in their hearts.

It's time to be cannon fodder again!

Chapter 7183

"Old Huang, it's your turn this time! I wish your men success!"

Bai sanzhu immediately cupped his hands at Huang si and said with a smile, "It was my men who scouted the way just now. Wen qiniang is no longer here, so it should be fine if it's your turn this time, right?"

Huang Si was speechless and could only turn to his three subordinates.

The three guys were all crying as if their parents had died.

No, it was even more serious than that, because they might very well die!

Huang Si's heart was bleeding. He only had a few subordinates left, and he was really going to watch them die?

Of course, Huang si wasn't worried about his men's lives-he was worried that he'd be crushed to death by Lin Yi without his men!

After hesitating for a while, Huang si forced a smile and said, ""Brother Zhong da, you see that your methods are so powerful, so shouldn't you be more tolerant of the matter of exploring the path? You'll still be the first to choose from the rest of the harvest, and I'll give you 20% of my share. How about it?"

"Right, right, right, I, Lao Bai, am also willing to give 20% to brother Zhong da, as long as brother Zhong da can bring us in!"

Bai sanzhu quickly followed up. Now that more than half of them were dead, if they continued to lose more men, it would be difficult to deal with the later stages!

Therefore, he already had the intention to join forces with Huang si again.

"Hehe ... You guys really have a good plan. You want me to be your Pathfinder with just 20% of the harvest? To be honest, I can still go in with or without you, so why do I need to bring you in to split the things?"

Lin Yi chuckled mockingly. "When I go in with sister hei ye, everything inside will be ours, what business do you have?"

"Brother Zhong da, you can't say that. If there's any danger inside that the two of you can't deal with, won't our importance be reflected then? As the saying goes, there's strength in numbers. Isn't having more people more protection?"

Bai sanzhu laughed drily and lowered his attitude. "Moreover, brother Zhong da, if you bring us in, you two will get the majority of the harvest, and we'll just follow along and drink some soup. In any case, most of the things are things that you don't like and don't want! Everyone's good is the best!"

"It doesn't matter if you drink some soup, but if you want this young master to help, the price can't be too low!"

Lin Yi rubbed his chin. "How about this, we agreed on splitting the profits. Each of you give me half, and I'll bring you in!"

Bai sanzhu and Huang si were displeased. Each of them had half, which meant that their combined gains were only equal to Lin Yi's extra gains!

Not to mention, there was Lin Yi's original share. This was too much!

"Yo, yo, yo, you're still not satisfied? It's fine if you're not satisfied, you can just stay here. I'll go in with little brother Zhong da. Of course, you can also come in if you want, but we don't care if there's any danger!"

The black wildflower was no longer wrapped in her clothes, so she took out her fan and waved it gently at her mouth. Her eyes narrowed and she smiled like a little fox. "Think about it carefully. Right now, you're the ones begging us, not us begging you!"

If they had gotten along well along the way, black wildflower would not have been so aggressive. But what had they done along the way?

Not only did she have internal strife, she was also targeting Lin Yi and black wildflower!

No matter how good-tempered a person was, they would still have a temper. Not to mention, black wildflower was not a good-tempered person to begin with. She was also a ruthless and powerful figure!

"Good! 50% it is!"

Bai sanzhu thought for a moment, then gritted his teeth and agreed.

If he could enter, he would only get 50% of the original harvest. If he couldn't enter, he wouldn't get a single hair. Since he had already come to this place, how could he be willing to give up?

Moreover, when they arrived, how to distribute the harvest would depend on everyone's strength. The most important thing now was to preserve their strength and wait for the final moment to decide the winner.

Huang si had the same thoughts and agreed after Bai sanzhu. The two of them looked at each other tacitly and saw the other's intention to work together again.

Lin Yi's performance was too overbearing. Bai sanzhu and Huang si thought that they didn't have much chance of winning if they fought Lin Yi alone, but if they worked together, they might have a chance of suppressing Lin Yi and black wildflower!

"Alright, we're all straightforward people. Since we've agreed, let's go in!"

Lin Yi waved his hand with a smile and entered the room. "You guys can wait for a moment and wait for my signal!"

Bai sanzhu and the others didn't need Lin Yi's instructions-they'd only go in after making sure it was safe, so they all watched Lin Yi's steps nervously.

But after Lin Yi went in, nothing happened!

He strolled around the hall leisurely, but there were no traps or poisonous gas. It seemed that the hall was extremely safe!

"I'm fine, you can all come in!"

Lin Yi went back to the entrance and waved to the people outside.

Black wildflower didn't say anything and walked towards Lin Yi first. Bai sanzhu and the others waited for a while before following him into the hall.

After they had completely entered, everyone began to look around.

The hall was not that big. It was about 300 to 400 square meters in size, and the four walls were painted with vines. If one didn't look closely, they would think that they were ordinary vines. However, if one looked closely, they would see that they were all different murals.

"Little brother Zhong da, what's so special about these pictures?"

Black wildflower asked after seeing Lin Yi's observation. She used to call Lin Yi Sima Lil "bro, and now she felt that calling Zhongda Lil" bro was more comfortable, so she just called him that.

"It doesn't seem to be special. It's just a statue or something, right?"

Lin Yi wasn't too sure. He couldn't figure it out after looking at it for a while, but he felt that it was a humanoid totem, perhaps related to the owner of the green demonic god tomb.

Unfortunately, he did not have much information to refer to in this aspect, so he could not make a more accurate deduction.

"Brother Zhong da, there's nothing useful in this Hall! Or perhaps there's some kind of mechanism here that we haven't discovered yet. Should we look around?"

Bai sanzhu looked around and was a little disappointed. ""There are a lot of good things in the stone rooms outside. It doesn't make sense that we can't get anything in the hall, right?"

"Old Bai, what you said makes sense, but this young master doesn't have much knowledge of mechanisms. Why don't you split up and look for clues?"

Lin Yi smiled noncommittally, making it clear that he didn't want to get involved.

Bai sanzhu didn't force him. As long as Lin Yi was willing to explore the way and ensure their safety, he didn't mind taking over the rest.

"Good! But brother Zhong da, are you sure there's no poison here?"

What worried Bai sanzhu the most was the poison in the green demonic god tomb. It was a deadly poison that could kill without a trace!

Chapter 7184

As long as there was no interference from the poison, it was not too difficult to find the mechanism to break it.

"I haven't found anything yet, but if you triggered some mechanism, it's hard to say!"

Naturally, Lin Yi wasn't going to guarantee anything. Putting aside the possibility that he was the one who poisoned the tomb, the green demonic god tomb really did have poison in it. "Everyone, hurry up. We have to at least find the other exit of the hall. Otherwise, we can only stay in this Hall!"

The door they had just entered was the entrance, but there were no other doors in the hall. No one wanted to go back the way they came without any gains.

Bai sanzhu and Huangsi immediately ordered their men to search for the hidden mechanism in various places. They wanted to enter the real treasure trove as soon as possible. Of course, it would be even better if they could find some treasures here!

As long as there was no poison present, these people would have no scruples and would be able to display their abilities.

For this operation, Bai sanzhu, Huang si, and Wen qiniang had brought along people who were familiar with the mechanisms, so they were very efficient in their work.

Lin Yi let them look for the mechanism while he continued to study the vine patterns on the wall. He had nothing to do anyway, and he didn't want to work with those people.

After a long time, Bai sanzhu and the people from Huang temple had searched the entire Hall, but they still could not find the mechanism to open the next door ... They did not even know where the next door was.

"Brother Zhong da, did you find anything?"

Bai sanzhu wiped his forehead and shook his head, ""We can't find it no matter how hard we try. It can't be that the green Devil divine tomb disappeared just like that, right?"

"Hehe ... I didn't notice it either! But if there's really only this much space, then the green Devil God's tomb doesn't live up to its name. We haven't found it because everyone hasn't found it yet. This young master believes that there must be a new entrance!"

Lin Yi smiled faintly and turned around to look at everyone, "Let's stop here for today. Everyone, take a rest first. We'll talk again tomorrow!"

A long time had indeed passed, and it was probably getting dark outside.

"You're going to rest in this Hall tonight? Is it safe?"

Huang Si was a little flustered. The green Devil divine tomb was too mysterious and strange. There might not be any danger in the hall during the day, but who could say for sure at night?

If there were any changes, none of these people present would be able to escape!

"Don't tell me you're going to go out and come back tomorrow? Can you guarantee that it's safe outside?"

Lin Yi smiled, "there's such a good place for you to rest, and you're still picking?" Besides, I didn't find anything during the day. Maybe at night, there will be some changes in the hall?"

Huang Si was stunned. He felt that it was possible, so he nodded and didn't object.

"What brother Zhong da says makes sense. Then we'll stay here tonight. However, we still have to be on guard. Everyone must be on guard!"

Bai sanzhu clapped his hands with a smile. "We don't have many people left. Two people will stand guard for two hours each time, and then the rest will be changed. Two people from each of our three sides will take one person each. What do you think, brother Zhongda?"

He didn't do it last night, so the people from the yellow temple were killed by Bai sanzhu and qiniang Wen. Bai sanzhu didn't want to end up like this today!

"That's right, then let's do it this way! Old Bai, you can decide how to arrange the manpower. "

Lin Yi nodded and found a place to sit down. He took out some food for black wildflower. "Sister hei ye, come and sit down. Let's eat something first and then have a good rest."

Bai sanzhu agreed and started making arrangements. Black wildflower sat down beside Lin Yi and started eating.

"Little brother Zhong da, why do I feel that those murals are a little strange?"

Black wildflower whispered as he ate the jerky, ""Did you notice?"

"How so? I really didn't notice!"

Lin Yi shook his head, his face expressionless. "If you want to say it's strange, then it's because these vines are so exquisitely grown that they can actually form such a beautiful mural! However, Bai sanzhu's men have already examined the vine wall paintings, and there is nothing special about them. "

"I can't tell what's weird, but I just feel that it's a little weird ... Forget it, maybe it's just my illusion!"

Black wildflower shook his head and took another bite of the jerky. "I don't know if I should be looking forward to something happening tonight. Little brother Zhongda, do you really think something will happen tonight?"

"No, I'm just saying. However, the dark green demonic Valley is like a different world during the day and night. So, it's really hard to say what will happen in the green demonic divine tomb!"

Lin Yi smiled as he recalled the invisible pressure from that night. Perhaps it came from the green demonic tomb? If that was the case, something magical or strange might really happen in this Hall tonight!

While Lin Yi was chatting with black wildflower, Bai sanzhu had already arranged for the night shift.

He and Huang si had three men each, so they could split into three groups. Bai sanzhu and Huang si would form the fourth group, but Lin Yi and black wildflower ... Forget it!

"Brother Zhong da, the eight of us will be divided into four groups, and each group will work for two hours. It will be almost dawn by then, so you two should rest well. You don't have to be on duty tonight. If we find the door tomorrow, we'll have a lot to rely on you for!"

Bai sanzhu came over to inform Lin Yi of the night shift arrangements. Lin Yi only nodded faintly. "Alright, then I'll have to trouble you all!"

"It's fine, it's fine. When we're on duty, we could study whether there would be any changes in the palace at night. If we disturb you, please forgive us!"

Bai sanzhu laughed as he cupped his hands at Lin Yi. "If it's really as brother Zhong da said, that there will be changes at night, that would be great!"

"I hope so!"

Lin Yi said, not really interested in talking to Bai sanzhu.

Bai sanzhu saw this and immediately took his leave, returning to his team.

After he was full, Lin Yi laid down on the ground with the black wildflower and started to rest.

Bai sanzhu and Huang si waited for a while, then laid down with their men who were not on night duty to sleep. Soon, only the sound of even and long breathing could be heard in the hall. Other than the two on night duty, everyone else seemed to have fallen asleep.

Two hours later, the shift was over, and the two in the second group waited for a while before making eye contact and sneaking up to Lin Yi.

A storage bag!

Bai sanzhu and Huang si were naturally very envious of such a treasure, so they wanted to take advantage of this opportunity to send someone to steal it. After all, there was still the harvest from the stone room inside!

Chapter 7185

If they couldn't move on to the tomb, then getting Lin Yi's storage bag would make this trip worth it!

As for why Bai sanzhu and Huang si didn't do it themselves?

Of course, it was also because of their fear of Lin Yi. If the operation failed, Bai sanzhu and Huang si could push the blame to their men, just like how they were temporary workers in the secular world.

Besides, Lin Yi was a poison practitioner. Bai sanzhu and Huang si wanted his treasure, but they were afraid that they would die if they tried, so they sent their men to try first.

Bai sanzhu and Huang si seemed to be in deep sleep, but they were only pretending to be asleep. They were highly focused on the progress of the matter.

At first, the two of them were able to get close to Lin Yi without making a sound, reaching out to grab his storage bag at the same time!

It seemed that the two of them had not agreed beforehand who would take the treasure first, or it would be whoever got it first!

Both hands grabbed the bag at almost the same time, but they didn't dare to grab it because of the other person's presence. They were afraid of waking Lin Yi up, and so they were in a stalemate.

"You two idiots, what are you doing at this time?!"

Bai sanzhu's heart was filled with hatred. He should've escaped immediately after grabbing the storage bag. How sharp were Lin Yi's senses? Wouldn't all their efforts be in vain if they noticed something was wrong?

Huang Si was panicking as well, but he didn't dare to remind Lin Yi, afraid that he'd wake him up. He could only watch as the two fought beside Lin Yi, not backing down.

However, in the next moment, Huang Si was dumbfounded to see the two people who were in a stalemate fall to the ground at the same time. Their bodies showed symptoms of poisoning, and they kept twitching, but they did not die for a while.

"It's poisonous!"

Huang si couldn't help but exclaim.

Fortunately, the sound was very soft, and perhaps only Bai sanzhu, who was next to him, could hear it. However, he still subconsciously covered his mouth with his hand.

Bai sanzhu turned her back to Lin Yi, as if she were in a dream, and spoke in a voice as soft as a mosquito's, ""I failed! This brat's body tempering poison technique is clearly much more powerful than what he said. It won't be that easy to get his things!"

"Then what should we do?"

Huang si sneaked a glance at Lin Yi, and relaxed a little when he saw that he wasn't waking up."Do you want to get rid of the body?"

Under Lin Yi's pressure, Huang si subconsciously regarded Bai sanzhu as a reliable ally again. He always asked Bai sanzhu to make decisions when something happened.

After all, Bai sanzhu had always acted as a military counselor when the three teams had joined forces.

"Don't! If we go and deal with the bodies now, we won't be able to explain ourselves if Lin Yi and Lin Yi wake up!"

Bai sanzhu's body did not move at all. Although the two poisoned men twitched for a while, they did not let go of the storage bags even when they died. They were still fighting for the storage bags.

It was obvious what was going on in this situation, so it was impossible to lie.

Bai sanzhu even suspected that Lin Yi had already woken up. After all, he was a master, and there was no way he wouldn't notice the commotion around him.

Perhaps the two were poisoned to death because of Lin Yi's intervention.

"Then what should we do? Just leave it like this? How are we going to explain this then?"

Huang Si was nervous. He and Bai sanzhu only had two men left, and they had no chance of winning if they fought Lin Yi and Lin Yi alone.

"It'll be easier for us to explain if we just leave it like that. Don't worry about it for now. We'll talk about it later!"

Bai sanzhu had a few thoughts in his mind, and he felt that this was not the way to go. After a slight pause, he continued, ""Old Huang, we've lost too many people now. If we continue to die, I'm afraid we'll be completely played to death by that kid!"

"Old Bai, what do you want to do?"

Huang si paused, not knowing what Bai sanzhu was trying to say. Was he going to kill the two of them, or was he going to part ways with them?

"Even if we explain the corpse, it will most likely arouse their suspicion! Tomorrow, whether or not we can find the mechanism tomorrow, we'll work together to get rid of the two of them!"

Bai sanzhu's expression was fierce. He gritted his teeth and said in a low voice, ""If we find a new passage, we'll make use of that boy again. If we can't find it, the things he has can be considered rich. We'll split it 50 - 50, and this trip to the dark green demonic Valley will not be in vain! What do you think?"

"Alright, we'll do as you say! If we join forces, there's still some hope, but if we continue to split up or die, I'm afraid we won't be able to deal with the two of them!"

Huang si pondered for a moment and immediately agreed to the suggestion, ""Old Bai, I hope you can cooperate with me sincerely this time. Don't have any other thoughts!"

"Of course not, we're in the same boat now, neither you nor I can escape! Don't worry!"

Bai sanzhu consoled Huangsi, then changed the topic.""Let's first think about how we're going to deal with them!"

After that, Bai sanzhu and Huang si started discussing their plan to deal with Lin Yi and black wildflower.

They thought that only the two of them could hear them, but they didn't expect Lin Yi to hear every single word.

With Lin Yi's strength or the ability of a primordial spirit, he could even hear an ant crawling in the hall. Even if Bai sanzhu and Huang si whispered in each other's ears, they wouldn't be able to hide it from him, not to mention that they made their own voices.

What Lin Yi didn't expect was that black wildflower heard it as well!

"Little brother Zhongda, can you bear with this? They want to steal your treasure and even plan to kill us. Why don't we kill them now?"

The black wildflower moved closer to Lin Yi and whispered into his ear in an extremely intimate position. Lin Yi felt a little awkward as he felt the sweet scent beside his ear.

Lin Yi was afraid that Bai sanzhu and the others would hear black wildflower's words, so he even wasted some of his divine sense to do a simple shielding.

"Sister hei ye, it's still too early to deal with them. Don't worry about them. They're just Pathfinders anyway. It's better to make use of the trash than to kill them!"

Lin Yi put some distance between him and black wildflower and laughed dryly, "They're all useless. Even if they cause a ruckus, they won't be able to overturn the sky. "

Black wildflower was a little angry, but she didn't know if it was because of Lin Yi's nonchalant attitude or because Lin Yi was pulling away from her.

"Little brother Zhongda, you can't say that. Although I admit that you are very powerful, you can't look down on everyone no matter how powerful you are!"

As black wildflower spoke, he calmed down and regained his calm. ""Look at Bai sanzhu and Huang si, they are both golden core stage martial artists. You may be able to defeat them, but if they intend to launch a sneak attack, you will not be able to defend against it. Moreover, you have their men helping you!"

Chapter 7186

"By the way, sister hei ye, how did you hear their conversation? I could barely hear it!"

Lin Yi didn't answer black wildflower's question but asked curiously, "Could it be that sister hei ye's ears are especially sharp?"

"Uh ... I'm not too sure. Sister's hearing has always been good, but if you can hear them, I can naturally hear them too. Is this strange?"

Black wildflower was slightly taken aback, as if he didn't think it was a big deal.

Lin Yi thought that it was strange, of course. He was completely different from black wildflower, there was no way to compare them!

But black wildflower couldn't explain himself, so Lin Yi didn't ask further. "You're right. Forget it. We'd better pretend that we don't know anything and continue to rest. We'll talk about it tomorrow!"

Black wildflower mumbled a few times and did not say anything else.

An hour later, the third group of people woke up and saw the two bodies beside Lin Yi.

They had not received any orders from Bai sanzhu or Huang si, so they did not know that their companions had been tasked with stealing the storage bags. When they saw the two bodies, they were naturally shocked!

"Eh? What's going on? Why are you making so much noise?"

Lin Yi pretended to be woken up, frowning as he sat up. He noticed that the two bodies were holding onto his storage bag tightly, and he raged, "Bai sanzhu, Huang si, what do you mean?"

Bai sanzhu and Huang si didn't go to sleep after discussing the plan. They'd been waiting for this moment. Hearing their men's cries and Lin Yi's angry roars, they jumped up and looked around.

"What is it, what is it? What was happening? Is there an enemy attack?"

Bai sanzhu and Huangsi's reaction was a little fake, but they couldn't care less about that now. They immediately pretended to have just seen the body and said in unison, ""What's going on?"

"Ha ... What's the matter? This young master also wanted to ask you what was going on!"

Lin Yi smacked the two bodies "hands away and stood up with a cold smile."Old Bai, old Huang, what are you trying to do by attacking my storage bag at the same time? Are you trying to kill me while I'm sleeping?"

"It's a misunderstanding! Brother Zhong da, this is all a misunderstanding!"

Bai sanzhu was all smiles. He cupped his hands and said, ""Old Huang and I didn't know about this. These two guys must've been blinded by greed and wanted to steal brother Zhong DA's treasure to escape. They didn't expect to lose their lives!"

"Yes, yes! It must be like this, old Bai and I are both blind, to actually treat them as brothers, this is simply a disgrace!"

Huang si also tried to clear his own name. "Brother Zhong da, we also feel very sorry for what happened to you. It's a good thing that they didn't succeed and even lost their lives. Why don't we just let this matter go?"

Although he'd decided to team up with Bai sanzhu to deal with Lin Yi, Huang si still felt that he had to calm Lin Yi down first before he could launch a sneak attack!

"Is that so? It seems that the two of them really deserve to die!"

Lin Yi's mouth twitched as he glanced at Bai sanzhu and Huang si with a half-smile on his face. He didn't look like he was going to pursue the matter. "Since that's the case, I won't mention this matter anymore. This young master is a magnanimous person. He's already dead anyway!"

"Yes, yes, yes! Let's not mention it anymore! Since everyone has woken up, let's study how to find a new portal!"

Huang si laughed and echoed, then turned to his men and asked, ""Did you notice any unusual changes when you were on night duty?"

The two people in the first group shook their heads. They had not received any orders to be on night duty and study carefully, but they really did not find anything.

The second group, on the other hand, had lost all of their storage bags ... The third group realized that they were all dead ...

"Yi, this young master has discovered something different!"

Lin Yi suddenly pressed down on the demonic blade and slowly walked to the wall facing the entrance. It was the largest vine painting. "If I'm not mistaken, the top part was originally a circle, which represents the sun, right? But now it's a half-crescent moon, is it because it's night time?"

Lin Yi didn't remember much of it, but the demonic blade reminded him to be careful.

Everyone subconsciously looked at the spot Lin Yi mentioned!

But they couldn't tell if there were any changes, since Lin Yi was the only one who studied the painting.

Although Bai sanzhu and Huang si had also touched the vines on the murals, they were mostly looking for hidden traps. As for whether the patterns formed by the vines were round or square, no one really noticed.

"Brother Zhong da, do you mean that there's a problem with this painting made of vines?"

Bai sanzhu didn't see anything different, so he turned to Lin Yi to end the conversation, ""Could it be that the mechanism to open the door is in this painting?"

"It's very possible. I don't say that I have a photographic memory, but I can definitely see the changes in the details. Whether there is a mechanism or not, we'll know once we try!"

Lin Yi smiled arrogantly and jumped up. He stopped above the painting and reached out to touch the position of the vines.

Lin Yi felt many small vines wriggle for a while when he first touched them, but they stopped moving after that. There weren't any other mechanisms on the wall, either-pressing or hitting it was meaningless.

Lin Yi frowned and touched his chin as he landed. "There's no mechanism. Could I be wrong?"

"Brother Zhong da, you don't have to worry. We've been searching for a whole day and still haven't found the mechanism. One more failure or one less failure doesn't matter!"

Bai sanzhu smiled as he consoled Lin Yi, but he was a little disappointed. He wanted Lin Yi to find the entrance so he could get more.

Although she had decided to deal with Lin Yi, it was good to make use of him before she made her move. Unfortunately, it seemed like her hope was going to be dashed!

If they couldn't find a new entrance, the operation couldn't continue. Bai sanzhu and Huang si had to find an opportunity to ambush Lin Yi!

"Something's not right ... There's something strange about this place!"

Lin Yi thought back to the touch-the vines were wriggling, something was definitely up!

After a moment's silence, Lin Yi raised his head and looked in that direction, ""Old Bai, old Huang, you guys go up and try to see if you can find the mechanism."

He didn't want to use Bai sanzhu and Huang si as Pathfinders, but he felt that his soul might not be able to open the trap. If he had a body with flesh and blood, he might have succeeded!

Chapter 7187

Bai sanzhu and Huang si looked at each other, their hearts beating like drums.

If it wasn't for Lin Yi, the two wouldn't mind trying it out themselves, but Lin Yi was the poison practitioner who touched it first, and now he was telling them to touch it ... This wasn't a trap, was it?

For a moment, these two guys were a little hesitant. They wanted to send their subordinates, but seeing that there were only a few left, they didn't know who to send.

What if he died again?

At this time, no one expected black wildflower to suddenly stand up and say, ""I'll try!"

"Sister hei ye?"

"What?" Lin Yi blinked, "why do you suddenly want to try?"

"I can't explain it clearly. I just have the desire to try it ... In any case, little brother Zhongda, you've tried it before. There's no danger, right?"

Black wildflower gave a big smile, then looked up. ""Big sister has a premonition that the mechanism to open the passage is up there!"

"Alright, be careful! There are some places that are safe for me, but not for you!"

Lin Yi nodded slightly before adding, "If you find anything wrong, come back immediately!"

"Big sister knows!"

Black wildflower agreed with a smile and was ready to make a move.

Bai sanzhu and Huang si didn't say a word. It would be best if someone else tried for them. As long as they didn't lose any more men, they would have a better chance of dealing with Lin Yi.

It would be even better if black wildflower was injured or killed!

The two of them were filled with bad thoughts, but their eyes were fixed on the black wildflower.

She exerted force on her feet and her body shot up into the sky. She instantly arrived at that position and then reached out to Pat the crescent moon pattern.

Suddenly, a change occurred. Dozens of tiny vines wrapped around black wildflower's palm at lightning speed. Then, with a slight squirming, they began to extract blood from black wildflower's hand.

The black wildflower's expression changed drastically. It stomped on the vines below, trying to pull out its palm.

Unfortunately, her legs were numb, but her palm still didn't move. Those tiny vines were unexpectedly tough, and she couldn't pull them apart at all.

Bai sanzhu and Huang si were secretly overjoyed, thinking that something was indeed strange. Fortunately, they did not rashly agree to help!

Would black wildflower be done for? would Lin Yi save him and get him killed?

Lin Yi raised an eyebrow, but didn't have any intention of helping. He didn't feel like black wildflower's life was in danger, and it didn't seem necessary to save him.

After the black wildflower failed to break free, her feet on the mural were also wrapped by thin vines. However, there was no blood-sucking situation this time, only her legs were fixed in place, not allowing her to struggle again.

"Brother Zhong da, black wildflower is in danger. Aren't you going to save her?"

Bai sanzhu saw that Lin Yi didn't respond and couldn't help but tease him, ""She's sucking her blood. If this continues, this beauty might just turn into a dried corpse!"

Lin Yi glanced at Bai sanzhu indifferently, ""Even if you become a mummy, sister hei ye won 't!"

Bai sanzhu's heart turned cold. He smiled embarrassedly and did not say anything else.

With these two sentences, the black wildflower above suddenly fell, and the vines around her retracted. After losing her support, she naturally could not stay in the air.

"Sister hei ye, are you alright?"

Lin Yi reached out to support the black wildflower and looked at her palm. Other than the paler skin, there wasn't much difference. It seemed that the vines didn't absorb too much blood.

"I'm fine ... I just lost a little blood. It's not as much as I usually lose when I'm injured,"

Black wildflower raised his hand and looked at his palm. He shook his head and said, "At first, I thought I would die up there, but I soon felt that there was no danger!"

Lin Yi nodded. He felt the same as black wildflower, but he didn't know what would happen after the vines sucked blood.

Just as he was thinking about this, there was a slight tremor in the hall. The stone floor actually turned into thick vines, moving left and right, quickly revealing a flight of stairs that led down!

"There it is! A new entrance has appeared!"

Bai sanzhu was overjoyed. "Brother Zhongda, you're really amazing! Without you, we wouldn't have been able to find this passage!"

The murals had been checked many times, but there was nothing unusual. Who would have thought that the key to opening the passage was to wait for the murals to change at night?

Without Lin Yi, they wouldn't be able to find the entrance even if they spent another ten days to half a month. As for whether they could live in the tomb for another ten days to half a month, that was hard to say!

"The passage is open. Who's going to Scout the way?"

Lin Yi said faintly, and Bai sanzhu's smile froze.

"Brother Zhong da, didn't we agree that you would take the lead and we would follow you?"

Bai sanzhu laughed dryly, but he was wondering if they had only agreed to do it once. It can't be, right?

"Oh, right, that's true. Let's go!"

Lin Yi pretended to think for a moment, a smile on his lips as he waved his hand and walked down the tunnel.

Black wildflower didn't say anything and followed Lin Yi closely, his heart on high alert.

It wasn't to guard against any danger in the passage, but to guard against Bai sanzhu, Huang si, and the others behind him.

Since they wanted to deal with Lin Yi and him, it wasn't impossible for them to attack in the tunnel!

However, Lin Yi was still useful to them, and they might be able to endure it for a while.

Black wildflower's mind was spinning, but his vigilance did not decrease.

The group quickly came to the end of the passage. There was a Hall about the same size as the one above. In addition to the same vine mural, there were two black animal statues made of vines.

Lin Yi took a look and couldn't tell what animal it was, but he felt danger.

"Black illum crystal!"

Bai sanzhu and Huang si exclaimed in unison and rushed toward the two black creatures made of vines.

Their target was the statue's eyes, which were embedded with fist-sized black crystals.

Lin Yi didn't know what the black Obsidian Crystal was used for, but he could tell from Bai sanzhu and Huang SI's crazy expressions that it must be a great treasure!

Black wildflower's eyes also lit up, but he forcibly suppressed his urge to snatch it.

"Little brother Zhong da, the black lustrous crystal ... You don't like it either?"

She thought that this young master Lin Yi really didn't care about anything.

It had to be known that black illum crystal was not simple, it was an excellent material for cultivators to temper their bodies. The eyes on the two statues were the size of a fist, and any one of them could help a golden core stage cultivator's body to improve by more than two levels.

It could be said that two black lustrous crystals in the eyes could allow a practitioner who had just entered the Golden core stage to directly rise to the peak of the Golden core stage!

Chapter 7188

"Don't worry. What should be ours will be ours eventually!"

Lin Yi had a faint smile on his face. He didn't care about Bai sanzhu and Huang Si's actions.

According to their previous agreement, Lin Yi could get most of the black illum crystals. Of course, since Bai sanzhu and Huang si were targeting him, the agreement was only in name.

This way, Lin Yi would be able to get all the obsidian crystals!

The two vine statues looked harmless, but they hid danger. Bai sanzhu and Huang si had been very careful along the way, but they couldn't hold back when they saw something good!

In addition to Bai sanzhu and Huang si, the rest of their men also rushed over. They had to protect their own interests no matter what!

"Sister hei ye, let's retreat first!"

Lin Yi blocked the black wildflower and took her back a few steps, putting some distance between them and Bai sanzhu.

Bai sanzhu and Huang si couldn't care less about Lin Yi now. They only had the illusory black crystal in their eyes. As long as they could get the crystal, they would have a great harvest from the green demonic god tomb!

In fact, the best choice at this time was to kill Lin Yi first, and then split the illusory black crystal equally between the two sides. Unfortunately, Bai sanzhu and Huang si didn't trust each other from the bottom of their hearts.

Both of them had their own plans-what if Lin Yi suddenly ran away with the black illum crystal while they were fighting?

So the priority now was to get the black crystal first, and then deal with Lin Yi and black wildflower!

The two had a tacit understanding and each chose a statue to attack. Two black illum crystals each, to avoid any internal conflict before killing Lin Yi!

Their plan was well thought out, but unfortunately, they didn't expect one thing!

The two statues actually moved after they got close!

Two roars rang out in the hall. The vines on the statue danced in the air, covering half of the hall in an instant. Bai sanzhu, Huang si, and the others were all in the middle.

"Not good! It's a dark vine magical beast!"

Bai sanzhu's soul almost left his body. He cried out in alarm and turned to run. Unfortunately, he was surrounded by vines, and there was no way to escape!

In the blink of an eye, Bai sanzhu and his underlings were tightly entangled by the vines. As the vines continued to tighten, they turned into a rain of blood, which was completely absorbed by the vines.

It was the same for Huang si. He was within the attack range of the dark vine, and he had no way to fight back. He was two seconds behind Bai sanzhu, and he followed closely behind.

"So ... So strong!"

Black wildflower's pretty face turned pale, and he secretly thought that he was lucky.

It was a good thing she didn't rush over. If her greed hadn't been suppressed, she would probably have become nourishment for the dark vine magical beast by now.

Luckily, Lin Yi had taken her back a few steps and was out of the Vine's attack range.

After the dark vine magical beasts killed Bai sanzhu and Huang si, they didn't continue to move forward, so the two sides remained in a clear state.

"Little brother Zhong da, what should we do? Is there any possibility of killing them?"

Black wildflower whispered to Lin Yi, thinking that it was better to escape if it didn't work!

"Don't worry, let's wait and see!"

Lin Yi replied softly. He looked left and right a few times before continuing, "These two dark vine magical beasts seem to have a limited range of movement. If we don't go over, they won't attack us!"

Black wildflower took a closer look, and it seemed to be the case. He was immediately relieved.

"What should we do now? We can't just keep confronting each other like this, can we?"

The weakness of the dark vine magical beast should be that it was afraid of fire, because the dark vine magical beast was a variant of the dark spirit beast and was closer to a plant.

However, the black wildflower did not have any powerful flames in its hands, so it would not be easy to deal with the dark vine.

Lin Yi didn't have any pure Qi now, and he didn't dare to use too much spirit sense, so he couldn't use the spirit sense pill fire and icy blaze, and he couldn't use any fire element martial skills either.

The only way seemed to be to attack by force!

"Sister hei ye, you wait here, I'll try!"

Lin Yi muttered to himself. After giving black wildflower instructions, he pulled out his sword and charged forward!

"Hey, little brother Zhongda, what are you doing? It's too dangerous for you to be alone!"

Black wildflower quickly called out, but Lin Yi had already entered the attack range of the dark vine. She wanted to follow up, but she lacked the courage.

Of course, Lin Yi wasn't someone who didn't have a plan. He dared to charge forward and fight the dark vine because of his essence spirit body's special characteristics. He wasn't afraid of the dark Vine's attack at all!

Unless it was a dark spirit beast that could directly attack the soul, Lin Yi was undefeatable!

The demon devouring sword's Black light started to flash. Lin Yi's posture was elegant, and the sword Qi was everywhere. The vines couldn't withstand the sharpness of the sword at all, and they were cut off one by one.

And in the process of cutting the vines, the demonic devouring sword seemed to be absorbing the essence within, causing its own power to become greater and greater!

The two dark vine magical beasts kept on howling. They felt that they couldn't deal with Lin Yi alone, so they decided to team up. Soon, Lin Yi was surrounded by a giant ball of vines.

The black wildflower could only hear some faint sounds coming from inside.

"Little brother Zhong da! Sima Yi! Are you alright?"

Black wildflower could only shout outside the round vine ball, anxious but helpless.

With her strength, she couldn't break the ball formed by the dark vine magical beast!

Lin Yi, on the other hand, didn't mind at all-he felt a lot more relaxed after the vines blocked his vision.

Without the black wildflower's attention, he didn't have to Dodge the Vine's attack at all. He didn't have to worry about it penetrating his primordial spirit body!

The demonic devouring sword's Black light became more and more profound and sharp. In a short period of time, it had cut down a large number of vines.

The dark vine seemed to be heavily injured and quickly released the ball. They could tell that it was no threat to Lin Yi.

Lin Yi saw the right time. When the two vine beasts separated, he took the chance and killed one of them. The other one couldn't hold on alone and was quickly killed by Lin Yi, turning into broken vines.

"Little brother Zhong da ... You're really strong!"

Black wildflower looked at Lin Yi, stunned. He mumbled, "I thought you would be in danger. Who knew that the danger was actually the two dark vine magical beasts ..."

"Ha ... Sister hei ye, you're too kind. Actually, it's only the sword in my hand that's good. Using it to deal with them is as easy and enjoyable as cutting melons and vegetables. Without this sword, I'm afraid it wouldn't have been so easy to kill these two dark vine magical beasts."

Lin Yi told the truth before giving black wildflower a Dark Crystal. "This is for you, I still have some use for the rest, don't think it's too little!"

Chapter 7189

After killing the two dark vine magical beasts, Lin Yi naturally got four dark illum crystals and two dark vine magical beasts "cores. However, he didn't have the obligation to share them with black wildflower. After all, he was the only one who put in the effort from the start.

Giving black wildflower a black illum crystal was already very kind of him, so he decided to give the rest to Wu yucao and Ling Hanxue.

"This ... This isn't good, right? Big sister didn't even put in any effort, how can I accept the black illusory crystals?"

Black wildflower's eyes brightened up, and while he was rejecting Lin Yi's offer, he reached out his hand honestly and grabbed the black crystal in Lin Yi's palm!

"We're partners, after all. If I didn't have use for the rest, I would have given you one more!"

Lin Yi smiled and retracted his hand. "Sister hei ye, you don't have to be so polite!"

"That's true. There's no need for sister to be so polite with you. I'll just accept it!"

Black wildflower laughed so hard that his eyes couldn't be seen. He quickly retracted his hand and held the illusory black crystal in front of his eyes, looking it up and down. He even breathed out and carefully wiped it with his sleeve, making the illusory black crystal even more dazzling.

With this black illum crystal, as long as the black wildflower spent some time tempering its body, it would be able to advance two small levels in a short time, and its strength would be even more powerful!

After the two dark vine magical beasts were killed, another entrance appeared in the center of the hall. It was obvious that the trap on this floor was these two dark vine magical beasts. Only by killing them would they be qualified to enter the next floor.

The black wildflower happily admired the Obsidian Crystal for a while, then kept it close to its body.

"Brother Zhongda, now that Bai sanzhu and the others are all dead, we're the only two left. Do we continue?"

Black wildflower asked, but he felt that Lin Yi would be fine. Bai sanzhu and the others were just a burden. Not only were they useless, but they would also drag him down.

Now that they were all dead, he didn't even need to be wary of them stabbing him in the back.

"Of course we have to continue. We've already come this far, how can we give up halfway?"

Lin Yi's lips curled up as he glanced at the entrance he came in from.

"Then what are we waiting for? Let's continue!"

Black wildflower was excited and wanted to pull Lin Yi down, but Lin Yi pulled him back.

"Sister hei ye, don't worry!"

Lin Yi had already turned back to the direction he came in from, a half-smile on his face as he looked at the entrance.

Black wildflower didn't know what was going on, and Lin Yi stopped him, "What's wrong? Could it be that there's something good that you haven't taken?"

This Hall was relatively spacious, and there was nothing else other than the two dark vine magical beasts. It was a place where one could see everything at a glance.

So, black wildflower turned around in confusion, and couldn't see anything worth staying for.

Could it be that there were still traps that he had not discovered?

Lin Yi didn't care about black wildflower's confusion and spoke faintly, "We've been following you all the way. Isn't it time to come out and meet you?"

"Is there someone following us?"

Black wildflower was shocked, but she didn't feel anything. ""Who is it?"

As he spoke, black wildflower was already in a battle stance, ready to attack at any moment.

However, no one showed up, and Lin Yi didn't respond.

Black wildflower thought to himself, "could it be that little brother Zhong da is bluffing?" If someone followed them, they would be tricked out?

There was no response now. Was there really no one, or was there someone who had not been tricked?

"Do you think I won't know of your existence just because you're hiding in the tunnel? Don't make me drag you out myself!"

Lin Yi made a mocking face as he beckoned with his index finger. "You have the guts to follow but not the guts to come out and face me?"

Six or seven seconds passed, but there was still no movement ...

Black wildflower thought to himself, "I can't trick him. There really isn't anyone, right?"

Lin Yi hmphed coldly. He tapped his feet lightly and appeared near the entrance like a ghost.

The demonic devouring sword was instantly unsheathed, bringing with it a dark glow!

Before the sword light could land, a figure rolled and crawled out of the passage!

Before this person appeared, there was nothing unusual at that position. It was as if this person was invisible!

"How is this possible? How did you find me?"

It was a middle-aged man in Black, looking at Lin Yi in shock. "There's no reason for that! You just happened to guess it, right? It's impossible for you to discover me!"

"You're thinking too much! I'm not talking about you. A small fry like you is not worth this young master mobilizing so many people to force you to show yourself!"

Lin Yi's mouth twitched in disgust. "From the moment I met Bai sanzhu and the others, I had already noticed your existence. However, I didn't want to drag you out directly. You're just a little follower. You're just hiding and not causing trouble. I can't be bothered with you."

"You're talking nonsense! You must've guessed my stealth point and now you're bragging!"

The middle-aged man in Black blushed and shouted in displeasure, ""If I hadn't been careless, you definitely wouldn't have found my position!"

"Ha ... You really think too highly of yourself! I don't want to waste my breath on you. Since you've come out, tell me about your relationship with Bai sanzhu and the others!"

Lin Yi scratched his chin. He'd indeed noticed someone following them a long time ago, but he'd thought that it might be a spy sent by Bai sanzhu and the others.

If he was really a spy, he would have come out to help long ago. He wouldn't have been hiding in the corner after his entire Army was wiped out.

However, even if he wasn't a spy sent by Bai sanzhu and the others, he was most likely related to them.

"Hahaha, are you talking about Bai sanzhu, Huang si, and Wen qiniang, those three idiots? I'm not afraid to tell you that they are all pawns arranged by me to explore the green demonic divine tomb for me!"

The middle-aged man in Black laughed smugly and said, "they were quite lucky to have met you later. If it weren't for you, it would have been difficult for them to reach this place!" It's a pity that those three idiots didn't even reach their destination before they started fighting among themselves. After killing each other, you got the advantage!"

"I understand! You urged the three of them to join hands and take the risk to be your Pathfinders, to clear the obstacles for you, and to come out at the last moment to pick the peaches, right?"

Lin Yi's lips curled up into a mocking smile. "It's just that I didn't expect this young master to appear in the middle, completely ruining your wishful thinking!"

"It can't be considered completely empty! Although your appearance was indeed a bit unexpected, as I said just now, it was only because of you that I was able to find this place so smoothly. Without you, I'm afraid I wouldn't even be able to enter the first layer!"

The middle-aged man in Black laughed and said, ""When they brought you along, I didn't stop them. It was absolutely a wise move! Now that you've found out, let's get straight to the point!"

Chapter 7190

"What do you want to say? I'll give you a chance. Hurry up and tell me, or you might not even have the chance to speak later!"

Lin Yi said as he glanced at the tunnel he came in from, a faint smile on his face. "Hurry up! I don't have much patience!"

The middle-aged man in Black was slightly angry, but he suppressed it, ""Let's cut the long story short. It's not easy for you two to continue exploring the green demonic divine tomb. Why don't we join forces? you can have all the gains from before and we'll split the things inside equally. "Jiang Chen said.

"This joke isn't funny at all!"

"What we've gotten before is ours," Lin Yi chuckled, "we don't need you to count it. As for the rest of the items, the two of us can totally get them, so why should we give you a share? Do you really think you can play a decisive role?"

"Don't be so ungrateful! Do you know who I am?"

The black-robed man was instantly enraged!

Lin Yi just said that he was a small fry and that he was just grabbing him out of convenience, and that wasn't what Lin Yi was targeting him at.

For the sake of the treasures in the green Devil divine tomb, the black-robed man had already swallowed his anger. He didn't expect that the other party wouldn't appreciate his kindness at all. This was simply intolerable! Even if uncle can endure it, aunt can't!

"I don't need to know who you are. You just need to know that I'm your master! If you're not convinced, just come at me. You'll soon understand what it means to be your uncle forever!"

Lin Yi raised his hand with an awkward smile and hooked his index finger at the man. "Come on! Stop dawdling!"

"I'll kill you!"

The middle-aged man in Black was already pissed off by Lin Yi's provocation, and now he couldn't take it anymore. He shouted and pounced at Lin Yi!

When he attacked, a strong wind blew in his face. It was actually an ancient martial art practitioner at the peak of the intermediate stage of the Golden elixir realm. His strength was not ordinary!

If Lin Yi wasn't in the yuan spirit form, he might not be able to do anything to the man with his current strength. He could only remain undefeated, and if he wanted to kill the man, he would have to use his trump card!

"Hahaha, I thought you were powerful, but it turns out that you're only at this level. You actually dare to talk big in front of me. What a joke!"

The man realized that Lin Yi wasn't that much stronger than him and started acting arrogantly.

As he laughed, he increased his attacks, wanting to take Lin Yi down as soon as possible!

He had even planned to not kill Lin Yi for now, but control him. After the green demonic god tomb was completely explored, he would kill Lin Yi.

After all, he didn't know when the green demonic tomb would end. If he lost Lin Yi, he might not be forced to leave the green demonic tomb!

"Ling lingfa, how much longer do you want to hide and watch? If you don't come out and help, don't even think about getting your hands on any good stuff later!"

Lin Yi didn't want to fight to the death with the middle-aged man, so he just wanted to maintain the situation. He then shouted towards the tunnel, "If you don't want to use any strength, don't expect to sit back and enjoy the fruits of others' labor! It's up to you if you want to pretend you didn't hear me!"

The black clothed middle aged man's heart suddenly jumped. When Lin Yi said that he wasn't the target, he didn't think much of it because he was sure that there was no one behind him, so he thought that Lin Yi was bluffing!

But Lin Yi's actions made the man uncertain-could there really be someone behind him?

Who could it be? Why didn't I notice it at all?

Or was this just a trick by the kid in front of him to distract his attention?

The middle-aged man's mind was spinning with all sorts of thoughts, but in the next moment, he knew that Lin Yi wasn't bluffing. Someone was really coming out of the tunnel!

Ling Ling noticed him and smiled awkwardly, "Actually, I'm just passing by. Would you believe me if I said that?"

"Do you think I'll believe you?"

Lin Yi raised an eyebrow and looked at Ling lingfa with a smile.

"I don't care if you believe me or not, I do!" Ling lingfa shrugged. However, this place was so interesting that he definitely couldn't miss it! So I decided to stay and help! By the way, how did you know I was behind you?"

Ling lingfa was very confident in his stealth ability-he never would've thought that Lin Yi would notice him!

Moreover, there was a shield in front of him, so he couldn't help but ask out of curiosity!

"Do you think you're amazing knowing that you're behind us? It's such a simple matter, and you have the nerve to ask me as a question?"

Lin Yi used a question to answer a question, and Ling lingfa couldn't wrap his head around it.

"We're just casually chatting, what's the matter? Tell me, when did you discover my tracks? You should know that I deliberately left this tail to mislead you. I didn't expect you to still find me!"

Ling lingfa glanced at the middle-aged man in Black and said in a relaxed tone, "If I knew this would happen, I would have killed him earlier!"

Black wildflower was a little dumbfounded as well—he thought that Lin Yi was just bluffing, but he really did pull out a tail!

What was even more unexpected was that there was another tail behind this tail, and it was a familiar person, Ling lingfa!

Black wildflower couldn't understand how Lin Yi found out that there were people following him.

Her senses were also quite sharp, but she still didn't notice anything. If the person following her secretly attacked her, she probably wouldn't even know how she died.

Also, why did Ling lingfa tail them in the dark instead of meeting them openly? He was clearly a companion who had travelled together!

What the hell were they doing?

Lin Yi didn't know what was going on in black wildflower's mind. He used his butterfly microsteps to deal with the middle-aged man and had the time to chat with Ling lingfa.

"Stop talking nonsense. Hurry up and deal with this guy. Otherwise, you won't get a share of the good things below!"

"Alright! I also want to move my muscles and bones!"

"I'm just afraid that this little tail won't even be able to move my muscles!" Ling lingfa laughed.

The black-robed middle-aged man was furious, but there was also some fear in his heart!

Ling lingfa was able to follow behind him without being discovered, so he was obviously a powerful martial artist.

On the other hand, Lin Yi seemed to be weaker, but he was also a tough opponent. There was also the black wildflower on the side, and it seemed like they wouldn't be able to get any advantage today. So, the black-shirted middle-aged man was already thinking about whether they should retreat first.

Unfortunately, Ling lingfa didn't give him the time to do so. He attacked right after he finished speaking. Lin Yi didn't back down, either. He gave up the main attack and lazed around to coordinate with Ling lingfa!

With the two of them working together, the middle-aged man in Black was completely suppressed. He had almost no strength to fight back. After barely holding on for a few moves, he was immediately hit by a series of heavy blows and was crippled by Ling lingfa!
