Chapter 7191 The Power Of The Devil

"I told you this guy isn't much. He can't even move my muscles and bones!"

Ling lingfa glanced at the middle-aged man in Black who was lying on the ground like a dead dog. "With this little ability, you actually want to catch the cicada like the Mantis?"

"Indeed! It's fine if you think you're the Mantis stalking the cicada with this little ability, but you don't even know that you're the Oriole behind it. You deserve to be unlucky!"

Lin Yi looked at Ling lingfa blankly and continued, ""You crippled him but didn't kill him. Are you prepared to let him live and die on his own?"

"Don't you want to ask for a confession or something? I'm doing this for your own good, so I'm leaving him alive! If you think it's unnecessary, it doesn't matter if you kill him!"

Ling lingfa shrugged. He didn't care about the black-robed man's life at all. Then, he changed the topic and said, "Tell me, when did you find me? How did you find out?"

Ling lingfa was more concerned about this. If there was a next time, he would learn his lesson!

Lin Yi curled his lips. You think you can beat me in divine sense?

"In the past, you were strong and had advanced technology to assist you. I really couldn't do anything to you. But now, we're all on the sub Island and in the same state. You want to play with me? Still a little too tender!"

"So what if they've discovered it? that's not important at all. What's important is that we can continue!"

Lin Yi didn't want to answer Ling lingfa's question and gestured for black wildflower to follow him to the next level."Ling lingfa, hurry up if you want to follow me. Otherwise, you won't be able to do anything if the good stuff ends up in my hands!"

"Don't even think about it!"

Ling lingfa hmped coldly and quickly caught up to Lin Yi. He even picked up the moaning cripple on the ground, probably thinking that he could be recycled.

The few of them followed the passageway to the lower level, and it was another Hall with the same layout.

However, this time, there was a human-shaped statue in the middle of the hall. Apart from its head, its body and limbs were made of green vines.

"What is this?"

"I can feel an extremely powerful aura from him," Ling lingfa exclaimed. "Did you guys feel it?"

"It's true ... It feels so powerful! It's just a lifeless statue!"

Lin Yi let out a breath and turned his eyes to the three altars in front of the statue. "Could this be some kind of god statue? The God of plant life?"

The natural Majesty exuded by the vine statue made people want to worship it.

But Lin Yi wasn't interested in it, so he didn't think much of it.

While he was talking about the statue, Lin Yi was thinking about what the hell was this place?

What happened to the good stuff?

He had hoped to find a purple mist sinful Lotus here, but it seemed that was impossible now! Or could the good stuff be in the statue?

Lin Yi rubbed his chin, thinking about the possibility of opening the statue.

"Hey, don't play dead! Tell me what this is. Where's the good stuff?"

Ling lingfa threw the crippled middle-aged man in Black to the ground and nudged his waist with the tip of his foot. ""If you tell me the truth, I'll let you live. Don't play any tricks!"

"My Lord! I really don't know!"

The black-clothed middle-aged man's tears and snot flowed down his face as he said miserably, ""I only heard that the green demonic divine tomb is the origin of the dark green demonic Valley. If you can enter it, you will obtain great benefits. But I really don't know what kind of great benefits it is!"

After a slight pause, the middle-aged man in Black continued, "This might be the green demonic god? After all, this is the green demonic divine tomb. The statue that appeared here must be the green demonic god!"

As for what the green Devil God was, the black-robed middle-aged man did not know either. In any case, he had to say as much as he could now. If any of his useless nonsense was considered reasonable, he would be free!

"Green Devil God tomb ... Green Devil God?"

Ling lingfa scratched his forehead, unable to find anything wrong with his statement. ""Then tell me, how can I get such great benefits?"

"I ... I really don't know!"

The middle-aged man in Black was crying because Ling lingfa had stepped on the wound on his already broken left leg. It was too F * cking painful!

Lin Yi's lips twitched-it seemed like this cripple really didn't know what was going on. He'd just wanted to take advantage of the situation, but now he'd put himself in danger!

And so, Lin Yi ignored Ling lingfa and the man. He turned around and saw black wildflower climbing up an altar without a sound!

She knelt on the ground with extreme devotion, then bent down, her forehead touching the altar, and her hands on both sides, palms up.

He then maintained this posture, silently praying or meditating. An indescribable aura appeared on his body.

Lin Yi's heart skipped a beat. The green demonic tomb was where black wildflower wanted to go, and she was the one who asked Lin Yi to help her out. Black wildflower had to know more about the tomb.

It was obvious that this woman had not shared all the information with him. What she was doing now was probably a way to gain benefits!

The key point was the altar!

All of a sudden, the demonic devour sword on Lin Yi's waist moved as if it was guiding him to the altar, just like when he was approaching the green demonic tomb.

Lin Yi immediately understood what was going on and appeared on the other altar.

However, it was a little difficult for Lin Yi to learn black wildflower's posture. Lin Yi didn't like this kind of big bow!

Therefore, he just sat down cross-legged facing the statue and quickly entered a stable meditative state.

On the other side, Ling lingfa didn't get the information he wanted from the black-shirted man. Seeing that Lin Yi and black wildflower were both on the altar, he didn't want to fall behind and followed them to the last altar.

However, Ling lingfa didn't learn from black wildflower or Lin Yi. Instead, he took out some instruments and placed them on the altar!

Although these instruments looked very simple and not as exquisite as the ones he had used before, they were still technological products after all. He didn't know what they could be used for.

After a while, Lin Yi opened his eyes and frowned. He didn't feel anything. Did he really have to do what black wildflower did?

She turned to look at the black wildflowers on the other platforms. She still maintained her original posture and did not move at all. From the side, there was no expression on her face. He did not know what she was going through.

On the other side, Ling lingfa was still working on his equipment.

From the looks of it, those instruments were probably produced on the sub-Island, but the results would probably not satisfy Ling lingfa.

After looking around, Lin Yi closed his eyes again. There was no other way, unless he broke the statue to see what was inside, but before that, he still wanted to try.

Another ten minutes passed, and Lin Yi still didn't find anything. He even felt drowsy-this wasn't the state meditation should be in ...

Chapter 7192

Just as Lin Yi was about to give up, his mind went blank, and a Green Dot bloomed in the blank space, quickly spreading out!

In the blink of an eye, the green dot had already blotted out the sky and covered the earth, forming a beautiful valley!

There were green plants everywhere, and all kinds of colorful flowers decorated the place. If one looked up, they could even see the blue sky and white clouds!

What was this place? Where am I?

Lin Yi was a little confused, but he was immediately mesmerized by the scenery and didn't have time to think about it.

Such a beautiful environment, it was simply a paradise from the legends!

But very quickly, Lin Yi felt that something wasn't right-he saw that the Valley's terrain was a little familiar ... The moment the thought crossed his mind, the sense of familiarity became clearer and clearer!

This ... Isn't this the terrain of the dark green demonic Valley!

Although the environment and atmosphere were completely different, the terrain was exactly the same!

Lin Yi was stunned, and a flash of inspiration came to him as he thought of a place in the valley that had the same terrain but a different environment-could it be the Azure sky Valley?

Or was this the Azure sky secluded valley before it became the Azure Green demonic Valley?

"A world in a flower, a Bodhi in a leaf! The sea changes into the fields, and a thought takes a thousand years! Little friend, it's fate that brought you here!"

An old and kind voice sounded in Lin Yi's mind as he was still in shock.

Then, the vine statue turned into a vine man and appeared in the open space in front of him. He held a sword in his hand and waved it in a graceful manner.

The vine-man's movements were not fast, but they were extremely smooth. Each move and stance was filled with a mysterious aura.

Lin Yi was shocked, but he subconsciously stared at the vine man's sword moves.

Other than that, Lin Yi was shocked to find that the vine man's sword looked like his demonic devour sword!

However, he couldn't care about that now. He was trying his best to memorize the vine man's swordsmanship.

The amazing thing was that as the vine man used it, the sword technique was imprinted in Lin Yi's sea of consciousness, extremely clear and distinct.

After a while, the vine man put away his sword and smiled at Lin Yi, ""I'm the statue you saw. I'm talking to your primordial spirit in your sea of consciousness, so don't be surprised!"

"Hello, senior! How may I address you, senior?"

Lin Yi greeted politely, his heart beating faster.

Wasn't no one cultivating spiritual awareness on the sub-Island? Why did this vine man appear in his spiritual sea?

"Address? It's been too long ... I've forgotten what my name is. You can call me Green Devil God, or you can call me senior. None of this is important!"

The vine man Green Devil God looked quite easy-going and didn't put on the airs of a senior. ""What I left here is only a wisp of my soul. After waiting for so long, I've finally found a suitable candidate like you!"

"A suitable candidate? Senior Green Devil God, do you need me to do something?"

Lin Yi was on alert-these old monsters weren't easy to deal with, and they might have some requests.

If Lin Yi still had a body, he would be worried that the green Devil God would try to take over his body!

No matter how strong Lin Yi's essence spirit was, it didn't mean that he could defend against the possession of a Super Master!

Fortunately, he was now a primordial spirit, so he didn't have to worry about possession. The possibility of possessing someone else might be higher!

"Don't be nervous, this is also your good fortune. The inheritance I left behind was originally intended to be handed over to my descendants, but your appearance changed my mind!"

The green demonic god smiled kindly and said, "I didn't expect that I would meet such a suitable candidate today. My long wait wasn't in vain!" The sword technique just now is my gift to you. When used together with the demonic devour sword, it will have an unexpected power!"

Lin Yi, on the other hand, was a little confused. Was this the way to get him to accept the inheritance?

However, the problem was that he was only a primordial spirit now. Wasn't such an inheritance too childish?

Also, about the demonic devouring sword, was the green Devil God really holding his demonic devouring sword?

But what did this have to do with the green Devil God? Perhaps it was really related ... No wonder the demonic devouring sword had shown such a strange reaction!

The green demonic god seemed to be able to read Lin Yi's mind and smiled, "The demonic devouring sword used to be my personal sword, but it was passed down to the world because it contained the soul of a plant. If someone who was not of my bloodline used it, they would gradually be corroded and assimilated by the soul of the plant. In the end, they would become a vegetable completely and disappear from the world."

Lin Yi suddenly understood. No wonder the legend of the ominous sword appeared in the demon devouring sword. It was all because of the green Devil God!

"Senior Green demonic god, then how come I wasn't corroded when I used the demonic devouring sword? Or is it that this process will take a long time, and I haven't acted up yet?"

Lin Yi didn't want to be in a vegetative state, so he had to get to the bottom of this first. If it didn't work ... He'd just seal the sword away!

"You're in your primordial spirit form right now, so you won't suffer from the demonic devouring sword's corrosion and backlash, so you don't have to worry! Moreover, your current primordial spirit form is more suitable for receiving my inheritance. After you reconstruct your physical body, you'll be able to obtain the plant attribute directly. At that time, there won't be any problems for you to use the demonic devouring sword! It would also increase the quality and power of the demonic devour sword! In this aspect, you're much better than that girl over there!"

After a slight pause, the green Devil God continued, "If it wasn't for you, I would definitely have chosen that little girl, because she is my descendant and has a trace of my bloodline power in her body. She is

also an extremely suitable successor. Unfortunately, she is only a pseudo-plant, so she can not accept my inheritance very well!"

Lin Yi was speechless-it was already surprising enough that the demonic blade was the green demonic God's sword, but he didn't expect black wildflower to be a descendant of the green demonic god!

Although he didn't know how many generations of descendants she was, this identity still surprised him!

He just didn't know what was the difference between the plant and the pseudo-plant attributes.

Could it be like the vine-man in front of him, completely turning into a body made of plants?

Then what would a person in a vegetative state without any plant attribute look like? Like it was rooted in the ground and unable to move?

Or was it like those in the secular world, unable to move while lying in bed?

Lin Yi's heart turned cold at the thought!

No matter what it was, if that was the case, no matter how powerful the plant element was or how powerful the demonic devour sword was, he would not want it ...

"Although this little girl is not suitable to accept my inheritance, she is still my descendant. If you accept my inheritance, it is equivalent to her family, so you have to protect and take care of her. This can be considered as my entrustment to you!"

The green demonic god smiled and started emitting green light, floating in Lin Yi's sea of consciousness.

Chapter 7193

Soon, Lin Yi's essence spirit felt a different aura merging into it. It seemed like the inheritance had begun.

"Senior Green Devil God, please wait ..."

Lin Yi was panicking-he hadn't even decided if he wanted to accept the inheritance!

What if he really became a vegetable? Do you still want me to live?

However, the green demonic god was unmoved. His body had completely turned into countless green light spots in Lin Yi's sea of consciousness, slowly but firmly merging into Lin Yi's essence spirit.

"Remember, you must help me look after my descendants. They are my only bloodline in this world!"

The green demonic god didn't care about Lin Yi and gave his last order.

His voice reverberated in Lin Yi's sea of consciousness for a long time!

"Yes, junior will definitely take good care of sister hei ye. Please rest assured, Senior Green Devil God!"

Lin Yi said helplessly.

He could already feel that the green Devil God's inheritance had stabilized his primordial spirit by a lot, and it had even improved slightly. This was already a real benefit!

Such a powerful Green Devil God must have been a powerful being from ancient times. Lin Yi was grateful and respectful to him.

Naturally, Lin Yi had to agree to this request.

"Hahaha, very good! We might meet again if fate allows it. I look forward to your growth as soon as possible!"

The green Devil God said one last sentence and then went silent, leaving only the green dots of light in his sea of consciousness that continued to merge into Lin Yi's essence spirit.

Lin Yi couldn't reject the inheritance this time, so he could only take it as it came. As for whether he'd become a vegetable in the future ... He'd have to worry about that later ...

Lin Yi opened his eyes slowly after some time.

A faint layer of green light flashed across his primordial spirit body. Then, he felt a vigorous aura circulating endlessly in his primordial spirit body.

He hadn't tried it yet, but Lin Yi could feel that his soul seemed to have some self-recovery ability. It might recover on its own after using his spirit sense.

And this was before he had completely reconstructed his body to obtain the plant attribute. Once he reconstructed his body, how big of a surprise would be waiting for him?

.....嗯.....也有可能是惊吓.....变成植物人的画面,实在是令林逸有些接受不能!

At the same time, the black wildflower on the other side of the altar also opened its eyes. When it straightened its body, it could not hide the disappointment on its face!

Clearly, she was here for the green demonic god inheritance, but Lin Yi got her!

Of course, this wasn't Lin Yi's fault-it was black wildflower's ancestor, the green demonic god, who was too unreliable. He'd rather choose Lin Yi than his bloodline!

"Sister hei ye, are you alright?"

Lin Yi jumped lightly onto the altar and pulled the flower up.

The green demonic god had asked him to take care of the black wildflower, and Lin Yi didn't know how to comfort her after seeing her so disappointed.

However, it was better not to let black wildflower know that he had accepted the green Devil God's inheritance!

This was to prevent this girl from doing anything extreme.

"I'm fine, I'm fine!"

Black wildflower forced a smile, still unable to hide his disappointment. "Little brother Zhong da, did you find anything?"

"No, it's empty here. It seems that the legends are not very reliable!"

Lin Yi made up a white lie and turned to Ling lingfa. "Look at Ling lingfa. He's been fiddling with his equipment. Maybe he's not getting anything out of it either!"

Lin Yi wasn't sure if Ling lingfa had gotten anything, but Central's technology was unpredictable. Perhaps Ling lingfa had already gotten what he wanted!

"That's a pity! But at least we got the black illum crystal, so it's not a wasted trip!"

Black wildflower heaved a sigh of relief, and his emotions calmed down a little. "This main hall should be the lowest level of the green Devil divine tomb. Why don't we search more? we might be able to obtain some unexpected gains."

Lin Yi didn't mind-the green god's inheritance was already given to him, and even if there was something, it wouldn't be something he wanted.

Just as Lin Yi was about to nod in agreement, the entire Hall started shaking violently!

The statue of the green Devil God was rapidly withering and crumbling, and various parts of the hall were also beginning to fall apart!

"Not good! This place is going to collapse, hurry up and leave!"

Lin Yi let out a low cry and pulled black wildflower towards the exit.

If he was buried in the green Devil divine tomb, he wouldn't be in too much danger as a primordial spirit, but black wildflower would definitely die!

He couldn't just promise the green Devil God to take care of black wildflower and watch her die, right?

Ling lingfa's reaction wasn't slow either. Even though he wasn't afraid of being buried alive, it definitely wouldn't be a pleasant experience.

Plus, he didn't know what could happen if he was buried in the green demonic tomb, so he quickly put away all his equipment and followed Lin Yi.

"Hey, hey, hey! Can one of you control me? I don't want to die yet!"

The crippled middle-aged man on the ground was panicking. He raised his voice, hoping that Lin Yi or Ling lingfa would bring him along when they ran, ""As long as I can get out of here alive, I'll definitely give you a huge sum of money. It'll definitely satisfy you!"

Unfortunately, the black-shirted man's offer didn't attract Lin Yi and Ling lingfa at all. They didn't lack money, and money didn't matter.

Besides, Lin Yi's main task was to save black wildflower. He couldn't let a small fry like him risk his life, could he?

As for Ling lingfa, he was even more ruthless. He was already being merciful by not killing the middle-aged man in Black immediately. It was even more impossible for him to save him now.

And so, the black-shirted man screamed as he watched the three leave the hall, breathing his last breath in the rubble and vines!

Lin Yi didn't care if the man was Dead or Alive. He pulled black wildflower and pushed his super butterfly microstep to its maximum, finally making it out of the tomb before it completely collapsed!

When he looked back, the entire green demonic divine tomb had collapsed. The original tomb mound had been razed to the ground. When some vegetation grew on it, there would no longer be any traces of the green demonic divine tomb!

"The green demonic divine tomb ... Is gone just like that?"

Black wildflower was a little stunned, as if he couldn't accept this fact!

Lin Yi sighed. If he didn't appear, the black wildflower would be the only choice for the green demonic god.

In that case, he did owe black wildflower a little. Even without the green god's request, Lin Yi would've made it up to her.

"Let's go, we'll head out first!"

Lin Yi took one last look at the ruins of the green demonic tomb and patted black wildflower's shoulder. "If there's anything, let's talk outside. After all, we've already been here for a few days. It's time to leave."

Chapter 7194

Black wildflower knew that Lin Yi was thinking about Wu yucao and the others who were guarding the valley. He felt a little sour in his heart, thinking that it might be because he didn't get the inheritance.

"I won't go with you guys, you guys go your own way, we'll meet again!"

Ling lingfa smiled and cupped his hands at Lin Yi. "Although I don't know when and where we will meet again, I think we will meet again, and it won't be long!"

"I think so too. Are you going to stay in the dark green demonic Valley for a while longer?"

Lin Yi guessed that Ling lingfa wanted to collect some sort of blood, but he couldn't stop him from doing so.

"Not necessarily. It has nothing to do with you anyway. Let's go our separate ways!"

Ling lingfa waved his hand casually and said goodbye to the black wildflower. Then, he turned around and left.

Judging from the direction he left in, it seemed that he really had to stay in the valley for a while longer.

Lin Yi watched as Ling lingfa's figure disappeared before leaving the valley with black wildflower.

In the process, he also collected some useful spiritual herbs, which was more or less a harvest.

They didn't run into any danger this time-was it because of the collapse of the green demonic god tomb or because Lin Yi had the green demonic God's inheritance?

No matter what, being able to leave the valley safely was better than anything else!

"Young master Sima! You guys are finally out! If you didn't show up, we were going to enter the valley to find you!"

Wu yucao saw Lin Yi and black wildflower coming out and immediately welcomed them with a face full of joy,"Why are you two alone? Where are the others?"

"The others are all dead ... Except for Ling lingfa. That guy is living a very good life. He is so happy that he has forgotten his home, so he is still wandering in the valley."

Lin Yi explained casually before turning to Wu yucao and the others. "How have you been these past two days? Did you encounter any danger?"

It was fine during the day as there was no danger outside the dark green demonic Valley. However, at night, if Wu yucao and the other two were still here, it would be more difficult.

Lin Yi thought that they'd be able to leave the valley the same day they entered, so he wasn't too worried about the three. He didn't expect to be delayed for so long.

"We didn't encounter any danger, we're all fine!"

Wu yucao's heart was filled with sweetness. Lin Yi didn't show any concern for her alone, but she was already very happy to be able to ask this!

"Mm, it's good that you're fine! Let's return to the city immediately, we can't stay here for long!"

With that, Lin Yi got on his horse and signaled for everyone to follow.

Black wildflower followed silently. Wu yucao and the other two naturally wouldn't fall behind. They immediately got on their horses and set off.

Because the teams that had entered the valley before were almost completely wiped out, there were many more mounts. They could change mounts along the way, and their speed was much faster than when they came.

It was already afternoon when Lin Yi and the group left the green demonic tomb, but it was almost dusk when they arrived at the rest station.

"It's been a few days since we've slept in a comfortable bed. Let's all have a good rest tonight and get enough energy for tomorrow's journey!"

"Of course, we'll have a feast before we rest. Order whatever you want, my treat!" Lin Yi turned back and smiled.

"Young master is in a good mood!"

Ling Hanxue smiled as she threw the Black Spirit Ferghana horse's reins to Chen Zhisheng. She clapped her hands and laughed. "I'm tired of eating dried food. Today, I can have a good meal. It would be even better if I could eat the roasted meat that young master personally roasted!"

"Haha, don't count on me today. I've been tired for the past few days, and I don't want to be tired anymore. I can consider it when I rest on the road tomorrow!"

Lin Yi smiled and shook his head. With black wildflower by his side, Ling Hanxue didn't act too close to him, just like any other young master or follower.

Ling Hanxue pretended to sigh in regret and did not continue the topic.

The five of them handed the Black Spirit Ferghana horses over to the people of the new moon Inn to take away, and then walked towards the entrance of the inn with a relaxed expression.

The leader here was an acquaintance of black wildflower, so everyone was a little relaxed here.

However, the moment he stepped through the door, Lin Yi's Jade space gave him a warning!

Without time to think, he subconsciously opened his hands and pushed the three women beside him. As for Chen Zhisheng ... He really couldn't care about him!

Fortunately, Chen Zhisheng was a very defensive person. When Lin Yi reacted, he subconsciously followed suit and instinctively protected his vital parts with his hand shield. Then, he was sent flying!

Lin Yi didn't have time to react because he was protecting the three girls at the first moment. He could only block the storm of attacks with all his might.

Fortunately, he was a primordial spirit, so he could ignore most physical damage. This was also where his confidence came from.

In an instant, Lin Yi had taken dozens of attacks, and his body had been hit a dozen times. If it was a normal body, he would be heavily injured by now!

Chen Zhisheng stumbled to the ground, and Lin Yi couldn't help but step back.

The five of them re-steadied themselves outside the inn's main entrance, and only then did they have the chance to see the appearance of the person who had launched the sneak attack.

"Hehehe, I really didn't expect that you guys really have some skill. You actually survived this young master's lightning strike! I've underestimated you guys!"

A young Man in Black clothes slowly walked out of the Yuexin Inn's main door. He held a closed folding fan in his right hand and tapped the palm of his left hand.

There were more than a dozen martial artists surrounding the young man-they were the ones who attacked Lin Yi!

What shocked Lin Yi was that these people were basically all golden core and above practitioners. Any one of them would be a powerful figure in Luling city.

But now, it seemed that these golden core stage ancient martial art practitioners were actually the underlings of that black-clothed youth?

"Who are you? Why did you attack us?"

Lin Yi glanced at the young man and the people around him, "Could it be that this New Moon Inn has already fallen into your hands?"

"What's the deal with the new moon Inn? I'm only borrowing their territory. As for the reason why they're targeting you, it's because you're all from the green demonic divine tomb, right?"

The young man in Black continued to tap on his palm, looking down at Lin Yi, "This young master is han tieyi of Xuanwu city. I'll give you all a chance now. Surrender immediately, and I'll spare your lives. After all, there are so many beautiful women here, and it'll be a pity to just kill them!"

"Han tieyi from Xuanwu city? Never heard of it! Is it that great?"

Lin Yi hmphed coldly. He'd seen even higher level sea beast tides, sun-swallowing rats tides, and corpse demon bees tides. Of course, he wouldn't be scared by a dozen golden core realm martial artists.

Chapter 7195

Before Wu yucao and the other two could react, black wildflower's face had turned pale upon hearing han tieyi's words!

Before they met Lin Yi, Wu yucao and the other two were only the lowest level of the Hunter team in Luling city. They might know the big shots in Luling city, but they definitely didn't know the information about the cities they'd never been to.

As the owner of the inn, she was naturally well-informed. The moment han tieyi introduced himself, black wildflower knew that things would not end well today!

"Little brother Zhong da, han tieyi is the son of the city Lord of Xuanwu city, and can be said to be the Overlord of Xuanwu city! No one would dare to provoke him in their territory!"

Seeing that Lin Yi didn't seem to care about tieyi han, black wildflower quickly whispered to him, "Xuanwu city is even more powerful than Luling city. The city Lord's office is the only power in Xuanwu city, and its situation is completely different from that of Luling city. Other than the most mysterious warrior's Guild, there's no other existence that can be compared to the city Lord's office."

Lin Yi blinked-he didn't show it on his face, but he was surprised inside.

He didn't expect that this kid's background was really quite big, but so what if his background was big?

Anyone who dared to ambush Lin Yi's team had to be prepared to be killed.

"Little brother Zhong da, they have the advantage in numbers. We're not their match, so let's retreat!"

Black wildflower was already afraid. Her opponent was too strong. Any one of them could at least tie with her, and there were more than ten or twenty of them. It was hard to say if there were more in the new moon Inn.

"I'm afraid it's impossible to retreat now!"

"If they dare to set up an ambush at the gate, they must have other arrangements. I'm sure there's an ambush nearby!" Lin Yi smiled.

Lin Yi wasn't lying. Even without using his spirit sense, he could still feel the pressure coming from his surroundings. It seemed like tieyi han really did have a lot of experts under him.

"Kid, you have a good eye, and you're quite smart! To tell you the truth, this young master has indeed set up an ambush in the surrounding area. If you know what's good for you, quickly surrender, or else I can only send you on your way!"

Han tieyi threw his head back and laughed uproariously, "I've already planned everything out! You're all fish on a chopping board, waiting to be slaughtered by me!"

"That might not be the case. If you really force this young master into a corner, you won't have an easy time either!"

Lin Yi laughed coldly, not backing down an inch. "You can try and see who will die more in the end!"

Black wildflower's heart skipped a beat. How could he have forgotten that the person beside him had a powerful background too!

Furthermore, he was a poison cultivator who cultivated a body tempering Poison Art. If he were to really go all out against han tieyi, it would be difficult to determine who would emerge victorious!

"Young city Lord han tieyi, this young master is Sima Yi, his name is Zhong da! You should get closer to each other. There's no need for you to be so hostile, right?"

Black wildflower smiled sweetly and waved his fan a few times, bringing out Lin Yi's Sima family's golden signboard,""I think there's a misunderstanding today. Why don't we sit down and have a good chat? any misunderstanding can be resolved, right?"

"Sima Yi? Sima Zhongda ... Interesting, interesting!"

Han tieyi narrowed his eyes and smiled, his sharp eyes scanning Lin Yi's body. "It's a pity. Let's not talk about whether it's true or not. Would the Sima clan take revenge for a disciple who had wandered outside? Besides, if you all die, who can prove that I did it?"

The black wildflower's heart turned cold. It seemed like han tieyi was planning to silence them and destroy all evidence!

Actually, this was understandable. Although the Sima clan was impressive, Sima Yi was just one person outside. He was already dead, so even if the Sima clan was angry, they would not be able to find any evidence.

Moreover, the Black Tortoise city was one of the few big cities in the secondary Island, Hongshang Commandery. The Han clan was also the one in charge of the Black Tortoise city. They were one of the top clans in the entire secondary Hongshang Commandery. Even the Sima clan would not easily offend them!

"Young city Lord han, you should leave some leeway in life so that we can be on good terms in the future. Why do you have to make a strong enemy for your han family?"

Black wildflower's expression turned cold, but he was still making his final effort. "And we didn't have any conflicts before, right? Why do you have to find trouble with us?"

Black wildflower would never believe that han tieyi was trying to Rob him! As the young city Lord of Xuanwu city, did he need to come out and Rob people? He was afraid that the stolen goods were not even enough to cover his expenses for a meal.

"Because you came out of the dark green demonic Valley! This young master is very interested in the dark green demonic Valley, but I don't want to go in. Having your help is really good!"

"Hand over all your items, and I'll consider leaving your corpses intact!" Han tieyi continued.

"Don't waste your breath. If you want to snatch it, come on up and let us see how powerful you are."

Lin Yi smirked coldly as he gestured for tieyi to come out. "Do you have the guts to come over and fight me one-on-one?"

Although he was not afraid of golden core stage practitioners, he did not have a physical body and his abilities were weak. He could barely deal with one or two of them, but he could not take on ten or twenty of them!

Once he was entangled, the other side would send one or two people to deal with Wu yucao, black wildflower, and the others. It would be troublesome!

Since he couldn't use his spirit sense too many times, Lin Yi decided to provoke han tieyi into fighting him alone.

If they could capture han tieyi, this storm would finally be settled!

However, han tieyi did not fall for it. Even though he was already an early gold core expert, there was no way that he would be the one to fight if there was no need for him to do so!

"You want to fight this young master's fine porcelain with these broken tiles? You're too naive!"

"Don't waste any more time. Either you commit suicide or you get beaten to death. Which do you choose?"han tieyi sneered.

Without waiting for Lin Yi's reply, han tieyi continued,"I think you've chosen to be killed! Let's do it, kill this kid first! Capture the three women alive!"

"Yes!"

More than ten or twenty Jindan stage experts agreed in unison, their voices shaking the entire universe!

"I'll delay them for a while. You guys think of a way to get the Black Spirit Ferghana horse back! Then run!"

Lin Yi felt that there weren't any strong enemies waiting in the stables, so he quietly ordered the men to get the horses.

If he wanted to escape, he couldn't do it without the Black Spirit Ferghana-Lin Yi knew this very well!

Wu yucao and Ling Hanxue obeyed Lin Yi's every word and ran towards the stables after agreeing softly.

Chen Zhisheng didn't want to listen to Lin Yi, but he didn't want to leave Ling Hanxue's side. He immediately chased after the two.

Only black wildflower hesitated and did not move.

"Little brother Zhong da, I'll stay behind to help you. Even though I'm not as strong as you, I'm not someone that just anyone can control!"

Black wildflower's face was determined, and without waiting for Lin Yi's reply, he charged at his opponent.

Chapter 7196

Lin Yi smiled wryly. Without the black wildflower, his Yuan spirit body was enough to guarantee their safety. As long as they got on the Black Spirit Ferghana horses, they should be able to escape.

But black wildflower's insistence on staying behind only made things worse-how could Lin Yi retreat alone with such a huge burden?

Putting aside the green god's request, Lin Yi couldn't just leave his companions behind after going through so much together.

"He really overestimates himself! However, it doesn't matter. No matter how you struggle, you won't be able to escape from this young master's palm today!"

Han tieyi smiled smugly as he tapped his folding fan against his palm."All of you, pay attention! Kill the men, but leave the women alive. Try not to hurt them!"

As soon as he finished speaking, the three-man Group that had gone to the stables were forced to come back!

Although there were no strong ambushes in the stables, there were still people guarding the place. Moreover, they were golden core stage ancient martial art practitioners.

Although Wu yucao and the other two's abilities had improved and they were also equipped with fine grade equipment, they still did not have any power to fight back when facing a true golden core stage expert!

At the same time, the black wildflower that was charging forward encountered two golden core stage ancient martial art practitioners. In just one exchange, it was sent flying back.

Fortunately, he wasn't injured. It was just a slight shock. He recovered after standing still and taking a breath.

"Hahaha, what did this young master say? [You are just a bunch of noobs, and you still want to struggle?] Sima Yi, do you understand the situation now?"

Han tieyi was extremely pleased with himself. After his men had completely surrounded Lin Yi's group, he continued with a smile, "This young master has the virtue of caring for all living things. Now, I'll give you a chance. You can consider it!"

Lin Yi's heart was bitter. The situation was not good. Black wildflower was stronger, but it was almost impossible for him to break out, let alone Wu yucao and the others.

These people couldn't escape, and Lin Yi couldn't escape by himself. The only way was to use his spirit sense attack skills at all costs to break the encirclement and scare the enemies so that Wu yucao and the others could escape first!

But using spirit sense attacks on the sub Island, and using them continuously, Lin Yi couldn't guarantee that his spirit wouldn't collapse immediately!

"What opportunity? tell me!"

Lin Yi's face didn't change as he replied casually, trying to buy as much time as he could to come up with a plan.

Even if he decided to cut off all means of retreat and use his deified soul skills, he still had to plan it out first. He absolutely couldn't act rashly at the last minute.

"It's very simple. Sima Yi, hand over all the things in the green Devil divine tomb and commit suicide on the spot. Then, I will let your companion go! This is one of the choices. "

With a ridiculing smile on his face, han tieyi raised a finger and waved it before raising a second finger."The second option is for the few of you to attack together and kill Sima Yi. As a token of your loyalty, this young master will magnanimously accept you. Of course, the things in the dark green demonic Valley will still have to be handed over to this young master! Do you understand?"

"Ha ... What a good plan. Do you think you can drive a wedge between us like this?"

"Or maybe you can offer us some more benefits, maybe we'll be moved!" Lin Yi said with a cold smile.

If Wu yucao and the others really betrayed Lin Yi for their own lives, Lin Yi would feel much more relaxed.

If he wanted to fight, he could fight, and if he wanted to run, iron cloak Han's men would not be able to do anything to him!

It was a pity that Wu yucao and the others would not leave him no matter what, so this assumption was not valid!

If you don't leave, I won't abandon you!

Lin Yi really didn't have anything to say to his companions!

"Hahaha, Sima Yi, it seems like you know that you can't escape death today, so you're going all out, right?"

Han tieyi threw his head back and laughed heartily. Opening the folding fan in his hand, he leisurely fanned himself a few times, "Here are the conditions. You can think about it. I'll give you time to count to ten! Time's Up! Have you decided?"

Tieyi had said ten, but he'd counted to ten straight away-he was clearly toying with Lin Yi.

"Han tieyi, whatever you say is useless. If you want to deal with young lord Sima, you'll have to step over my dead body first!"

Wu yucao's pretty face was frosty as she raised her scimitar in a fighting stance. Even though she was facing an opponent much stronger than her, she was not afraid at all!

Ling Hanxue did not say anything. Instead, she drew her bow and nocked an arrow, using her actions to show her attitude.

Chen Zhisheng didn't want to risk his life for Lin Yi, but at this point, he couldn't hesitate anymore. He followed them into battle preparation, and the three-man team once again showed their tacit cooperation.

"Han tieyi, it's best if you make your move! If we work together, we don't need to be afraid of you!"

Black wildflower let out a long breath and got into a fighting stance. ""Come on, even if we can't defeat you, we'll break all your teeth!"

"You're really stubborn! Why do you have to risk your lives for Sima Yi? If Sima Yi really cared about you, wouldn't it be better to commit suicide? I can save you from a disaster!"

Han tieyi smiled calmly and continued to sow discord between the crowd like a cat toying with a mouse. "You see, he doesn't care about your lives at all, so why do you have to fight to the death with this young master for him? Following this young master will be much stronger than you are now!"

"What a joke. I'm afraid that following you would be worse than death, right?!"

Black wildflower laughed coldly. If it was in the past, with her smooth and slick character, she might really have chosen to side with han tieyi.

But after the trip to the green demonic tomb with Lin Yi, she didn't even realize that she had changed a lot.

Especially now that Lin Yi made her feel extremely close to him, she subconsciously wanted to get closer to him.

Even though he didn't understand the reason, it didn't stop the black wildflower from making the decision to fight to the death with han tieyi.

In fact, this was the natural attraction of the plant element to the pseudo-plant element. After receiving the green Devil God's inheritance, Lin Yi already had an affinity to the plant element even though he hadn't reconstructed his body to get the plant element.

"Forget it, since you don't listen to me when I'm talking nicely, then don't blame me for being impolite!"

Han tieyi's face was filled with disdain as he twirled the fan between his fingers before pointing at Lin Yi and the rest, "Kill Sima Yi and that male Lackey. As for the remaining three, knock them out and capture them alive!"

The game of cat and mouse had ended, and the battle was about to officially begin!

Chen Zhisheng felt bitter in his heart. He didn't even have a name, and was just a name for a small fry? Furthermore, if he wanted to kill Sima Yi, he could just kill him. Why did he have to bring him along?

This thought only flashed through his mind for a moment. Then, Chen Zhisheng would have to face the attacks of countless golden core stage martial artists!

The eight golden core stage practitioners in the encirclement were the first to attack. Lin Yi's side was facing four of them each, and the rest had to deal with one golden core stage practitioner each.

Chapter 7197

With Chen Zhisheng's strength, facing the storm-like attacks of a golden core stage cultivator, he felt like he was surrounded by dozens of people.

If it were not for the fact that he had a full set of fine grade equipment and that his defense was not bad, he would have been killed instantly!

As for Wu yucao and the other two girls, because the other party wanted to capture them alive, although they were in danger, it was not life-threatening.

"You want to kill this young master? are you prepared to pay with your lives?"

Lin Yi laughed heartily as he used his extreme butterfly micro-step and used his spirit sense to collide with each of the four people surrounding him!

Even the Golden core stage cultivators on Sky Class Island wouldn't be able to withstand Lin Yi's spirit sense attack without any spirit sense defensive items, let alone the ones on the sub Island.

If Lin Yi didn't worry about the consumption of his Yuan spirit body and suppressed the power of his spirit sense to the minimum, he could've blown their heads off!

The four golden core stage practitioners "minds went blank and their vision went black. Their attacks stopped at the same time. Naturally, Lin Yi wouldn't let this opportunity go. He immediately swept across their necks with a black light!

The sword light brought up four heads without any obstruction. In the next moment, it had already attacked the other four golden core stage ancient martial art practitioners who had launched the attack.

Unfortunately, after four consecutive clashes, his soul shook a little, and he couldn't continue using it. He could only rely on the sharpness of the demonic devour sword!

The four golden core martial artists jumped in shock. Lin Yi's record of killing four golden core martial artists with one sword was too shocking, so when they saw Lin Yi coming, they couldn't help but Dodge.

They didn't know that Lin Yi was no match for them without using his spirit sense!

"Go! I'll bring up the rear!"

Lin Yi shouted as his Yuan spirit stabilized. He took advantage of the fact that the four people were retreating to use spirit sense collision again, knocking out the people who were blocking him from the stables. The demonic devouring sword glowed with a black light as it harvested two more heads.

The opening had been opened, and black wildflower was the first to rush out. She knew that this was a rare opportunity, and she would only drag Lin Yi down if she didn't break out quickly.

She could tell that Lin Yi's condition wasn't right-he'd only just made a move, but he already felt like an arrow at the end of its flight!

Chen Zhisheng didn't think too much about it. Seeing black wildflower break out of the encirclement, he also caught his breath and rushed out.

Ling Hanxue was the third to break out of the encirclement. However, she did not run for her life in a panic. Instead, she pulled some distance between them and turned around to draw her bow.

The continuous barrage of arrows had somewhat suppressed the other golden core stage practitioners. Even with their abilities, they did not dare to completely ignore Ling Hanxue's fine grade bow and arrows!

Wu yucao wanted to break out of the encirclement as well so that she wouldn't be a burden to Lin Yi, but just as she was about to break out of the encirclement, five to six golden core stage practitioners attacked Lin Yi from behind, cutting off all of Lin Yi's escape routes!

Wu yucao was shocked!

In her impression, Lin Yi was strong, but he was only at the Golden core stage. He might be able to deal with one or two enemies, but against five or six martial artists at the same level, he had no chance of survival!

In fact, Lin Yi's essence spirit was not afraid of physical attacks at all. On the contrary, Lin Yi's own spirit attacks would exhaust his essence spirit and weaken his essence spirit.

It was a pity that Wu yucao didn't know about these things, and so she turned around and blocked Lin Yi without hesitation the moment the Golden core attacks were about to land.

Lin Yi was shocked. He was preparing to attack these people with his spirit sense and didn't have time to stop Wu yucao's suicide attack. He could only use all his strength to charge his spirit sense and attack the Golden core stage cultivators who were attacking him.

The six golden core stage Masters all grunted as their heads exploded from Lin Yi's unreserved spirit sense. Unfortunately, their attacks were already done and the momentum couldn't be dispelled. The swords still landed on Wu yucao's body!

Fine grade equipment had lost its use at this moment. The attacks of the six golden core stage ancient martial art practitioners had already exceeded the defensive limits of these pieces of equipment!

Lin Yi's attack only managed to save Wu yucao's last breath. She was supposed to be dismembered.

However, there was no way for her to recover from her broken body!

If Lin Yi's pure Qi was still there, he might have been able to save her, and with the help of the pill, Wu yucao might still be able to be saved, but ...

"Big sister Wu! Why are you so silly! Why didn't you run?"

Lin Yi's heart felt like it was being cut by a knife as he hugged Wu yucao and cried out, "If you block a knife for me, I won't be able to live in peace!"

Blood kept pouring out of Wu yucao's mouth, but a smile appeared on her pale face. She thought that if she could sacrifice herself in exchange for Lin Yi's life, it would be worth it!

The person he liked was a hero, but he was just a small blade of grass in the wilderness. He was not worthy of such a hero!

Since that was the case, being able to block a knife for the person she liked and die for him, perhaps that was her greatest happiness?

Wu yucao smiled as she vomited blood. "I ... I'm young master's ... Bodyguard. This ... Is ... My ... Duty!"

It was a pity that she could only bury these feelings in her heart ... Since she was going to die, it was better to not let him know ...

Wu yucao thought to herself and spat out another large mouthful of blood.

The remaining golden core cultivators, including han tieyi, were all dumbfounded by Lin Yi's strange and brutal attack!

At that moment, no one dared to attack Lin Yi. They all stood on the side, watching this scene of life and death!

"Big sister Wu ... Stop talking! I will definitely save you! I will definitely save you!"

Lin Yi took out all sorts of potions and pills in a flurry, trying to stop the bleeding for Wu yucao, but her wounds were too big for them to work.

She couldn't swallow the elixir either. Even the healing elixir that melted in her mouth was spat out along with blood.

"Don't ... Don't worry about me ... Go ... Live on ... Help ... Help me find my sister!"

Wu yucao's eyes were quickly dimming, but she held on to her last breath and quickly said, ""My twin sister was taken away by a bamboo hat man when she was young. Help me find ..." He said.

In the end, Wu yucao still couldn't finish her words, and with a tilt of her head, she died!

"Don't be scared!"

Lin Yi felt an explosion in his head-the Wu yucao in front of him and the Wu Yuhua from before overlapped!

He didn't have the time to think about whether Wu yucao's sister was Wu Yuhua or not-he only wanted to kill!

Soul snatching hand!

His target was none other than Wu yucao, who had just died!

Lin Yi took advantage of the fact that her spirit hadn't dissipated and brought it into the Jade space.

Chapter 7198

Wu yucao's soul would have dissipated if Lin Yi hadn't helped her in time.

"You guys! We all have to die!"

Lin Yi lowered his head and said one word at a time before his spirit sense vortex exploded!

All the people around were enveloped by the spiritual awareness Whirlpool and began to scream.

Black wildflower had already snatched the Black Spirit Ferghana horse and returned to meet up with Ling Hanxue and Chen Zhisheng.

The two were heavily injured, and the Golden core cultivators didn't dare to attack Lin Yi, but they didn't care about the two.

So Ling Hanxue and Chen Zhisheng were injured in such a short time. Fortunately, Lin Yi had exploded in time, or they might have been killed by Wu yucao immediately!

In fact, if they had followed the black wildflower to get the Black Spirit Ferghana horse, they might not have been injured, but Ling Hanxue had to help Lin Yi and Wu yucao and had to use her bow and arrow to suppress the opponents. Chen Zhisheng had no choice but to stay behind to protect Ling Hanxue.

Fortunately, although their injuries were serious, they were not life-threatening. After using the medicine they had prepared, their injuries had already stabilized.

The three of them were looking at the strange scene before them. Han tieyi and his men were crazily shrieking in pain, while Lin Yi, who was in the middle, seemed to be illusionary as he held the demon devouring sword and started to perform a mysterious sword technique!

Lin Yi had used three consciousness vortexes without caring about the cost, and his Yuan spirit was on the verge of collapsing. Although he could continue to use his consciousness to kill tieyi han and the others, he didn't want to let them die so easily!

He wanted to use the demonic devouring sword to kill these people who killed Wu yucao!

The green Devil God sword skill was something Lin Yi subconsciously used. Because of the inheritance, Lin Yi didn't really get the plant element, but when he used this sword skill, his Yuan spirit body that was on the verge of collapse actually stabilized a little!

Even if it was just a tiny bit, it was a miracle to Lin Yi's current state!

Even if he couldn't repair his Yuan spirit, it was enough to save Lin Yi's life!

Black wildflower sat on the Black Spirit Ferghana horse and looked at Lin Yi's sword technique suspiciously. It felt familiar ... But she was sure that she had never seen this before!

What was going on?

Black wildflower couldn't figure it out no matter how much he thought about it. Seeing that tieyi's group was completely suppressed by Lin Yi and had no way to fight back, he didn't rush to escape. Instead, he observed them even more carefully!

Unfortunately, Lin Yi's killing speed was extremely fast. Han tieyi and his group of golden core cultivators were first ravaged by the vortex of consciousness, then attacked by the green Devil God sword technique. They had no way to resist at all, and were all killed in no time.

Especially han tieyi-Lin Yi's demonic devouring sword had sliced him into pieces, dying a miserable death. Even his mother probably wouldn't be able to recognize him!

After killing all the enemies, Lin Yi suddenly woke up from the green Devil God's Sword Art. He put away the demonic devour sword and jumped onto a Black Spirit Ferghana horse with Wu yucao's body. He didn't say a word and galloped back the way he came.

He wanted to return to the dark green Valley. The green demonic god tomb had collapsed and the green demonic god might not appear again, but Lin Yi couldn't let go of any chance.

Wu yucao's body was broken, and her soul was too weak. Even the soul nurturing wood wouldn't be able to last long. Lin Yi had to find a way to save her.

The only hope now seemed to be to find the green Devil God!

The plant attribute was the strongest health recovery attribute. If the green demonic god was willing to help, it might be possible to recover Wu yucao's injuries. When her soul returned, she could create the miracle of resurrection!

"Little brother Zhong da, where are you going?"

Black wildflower saw that Lin Yi was getting on his horse and was about to leave, he immediately shouted, "It's going to be dark soon ..."

Han tieyi's men had all been killed by Lin Yi, so Yuexin Inn should be relatively safe now!

With Lin Yi's intimidation, the others didn't dare to think of anything funny. Black wildflower felt that resting here for a night was the best choice, not rushing through the night. Not to mention, Lin Yi wasn't heading towards Luling city!

"You guys wait for me here, I'll be back soon!"

Lin Yi said as he charged out, his voice fading away along with the sound of the horse's hooves!

Black wildflower was slightly stunned. He looked at Ling Hanxue and Ling Yun, who had yet to recover from their injuries, and finally did not follow them.

Perhaps he wanted to send Wu yucaao off alone?

She shouldn't have disturbed him at this time! It was better to help him take care of these two people!

Black wildflower sighed as she thought about it, preparing to wait for Lin Yi at the moon Inn. She didn't expect Lin Yi to rush back to the valley overnight!

Lin Yi's condition wasn't looking good either. The continuous use of spirit skills had drained his essence spirit greatly, and he was on the verge of collapse.

Although he was temporarily stabilized by the sword intent realm of the green Devil God, his primordial spirit body started to shake again as he carried Wu yucao's corpse and flew.

However, he couldn't care too much about it now. The only important thing was to go back and find the green Devil God!

When Lin Yi returned to the dark green Valley, the sky was already dark. Fortunately, his luck today seemed to have rebounded, and he didn't encounter any dark spirit beasts along the way.

After entering the dark green demonic Valley, he was also unimpeded. He couldn't say if it was because of his good luck or the collapse of the green demonic god tomb, which led to some unknown changes in the valley!

The green demonic divine tomb had already disappeared, and Lin Yi returned to his original position with Wu yucao in his arms. "Senior Green Devil God! Are you still there? Please come out and help me! Senior Green Devil God!"

Lin Yi's voice spread far and wide in the dark, and then reverberated in the valley, forming an endless echo. Unfortunately, the green Devil God didn't appear!

"Big sister Wu ... I'm sorry, I can't save you!"

Lin Yi walked around the ruins of the green demonic god tomb for a while before sitting down and hugging Wu yucao, "If it's possible, I'll save you at all costs ... I only hope that you can come back to life!"

This wasn't just because Wu yucao was willing to sacrifice herself to protect Lin Yi's feelings, it also included her feelings for Wu Yuhua.

Now that he thought about it, Wu Yuhua was most likely Wu yucao's sister. The two sisters had died in front of him, but he couldn't do anything about it. It really infuriated him!

Lin Yi's condition was getting worse and worse under these emotions-he might really break down at any moment.

At that moment, Lin Yi noticed a thatched hut not far away. It shouldn't have been there before, so why did it suddenly appear?

Furthermore ... This thatched hut looked very familiar, giving him a kind of familiar feeling.

Chapter 7199

Lin Yi got up and walked to the hut with Wu yucao's body in his arms. The door opened automatically without waiting for him to reach out.

At this point, Lin Yi could confirm that this grass hut was his master's territory!

He was instantly overjoyed. With the divine Alchemist and Divine Doctor here, even if it was just a clone, it was extremely possible to save Wu yucao's life!

"Master!"

Lin Yi quickly rushed into the hut and saw Liju sitting cross-legged on the bed with a small table in front of him. There was a Go game on it.

Liju put a black stone on the board and smiled at Lin Yi, "You're here! I had an appointment with you to meet at the Azure sky Valley, but I didn't expect an accident to happen and Almost Missed You. Fortunately, you've returned. It's indeed fate!"

"Master, let's not talk about anything else first. This disciple implores master to save this disciple's friend!"

Lin Yi carefully put Wu yucao down and saluted Zhang Liju. "As long as you can save this disciple's friend, this disciple is willing to pay any price!"

"The five decays of heaven and man has killed your friend. Even if I take action, it will be difficult to save her life!"

Zhang Liju looked at Wu yucao's broken body and shook his head,"Although I'm known as the divine Alchemist and Holy doctor, I'm still unable to fight for my life with the heavens. My condolences!"

He'd expected this, but he still couldn't accept it!

With a thought, the purple mist evil Lotus appeared in Lin Yi's hands, and he held it in front of Liju with both hands.

"Master! I've found the purple mist sinful Lotus, and big sister Wu's soul is still here. With the Lotus, I should be able to reconstruct her body, right?"

Lin Yi was really going all out-he only had one purple mist evil Lotus, and if he used it on Wu yucao, he wouldn't have any use for it!

"With the purple mist sinful Lotus, I can naturally reconstruct her body, but have you really decided to do this?"

Zhang Liju frowned and looked at Lin Yi seriously,"You should be aware of your own situation. If you don't rebuild your physical body as soon as possible, your primordial spirit will very likely collapse. Are you willing to sacrifice yourself to save this woman?"

"Master, big sister Wu died for me, if I, Lin Yi, can't do the same, wouldn't I be worse than a beast? So as long as I can save big sister Wu, even if I have to die, I will not refuse!"

Lin Yi's expression was serious and firm, "Although my condition isn't very good, this is the Azure sky Valley. There might be a chance to find a second purple mist Black Lotus, so let's save big sister Wu first!"

"You're wrong! My clone can only stay here for a limited amount of time, so you only have one chance to use the purple mist sinful Lotus to reconstruct your body! If you give it to your friends, you won't have a chance!"

Liju sighed, "I appreciate your love, but your choice is childish!" So you'd better consider it carefully!"

Lin Yi was just about to say that he'd thought about it when the thing in the Jade space spoke up!

"Lin Yi kid, I object to you giving the purple mist evil Lotus to that little girl!"

The ghastly thing's tone was unprecedentedly serious. "Although you didn't ask for my opinion, I have to tell you that I won't agree to this!"

Lin Yi blinked-he realized that he'd really overlooked something!

The thing needed the purple mist evil Lotus as well, but if Lin Yi was using it himself, it wouldn't have any objections.

But Lin Yi wanted to give the purple mist evil Lotus to Wu yucao, and she had every reason to object!

After all, Lin Yi and the ghostly thing shared the same fate-if Lin Yi's spirit collapsed, no one knew what would happen to the Jade space. In that case, the ghostly thing would probably die.

So if Lin Yi wanted to sacrifice himself to save Wu yucao, he'd be putting the hell into it!

Was Wu yucao important? Of course it was important!

Otherwise, Lin Yi wouldn't have given her the only purple mist evil Lotus he had!

However, compared to the damn thing, Wu yucao was a little lacking!

"I'm sorry, senior ghost. I was careless!"

Lin Yi sighed in his heart. He didn't care about his soul, but he couldn't ignore the safety of this thing. "But I really want to save big sister Wu. Senior ghost, do you have any way to teach me?"

Zhang Liju had made it clear that there was no other way to bring the dead back to life other than the Lotus.

Lin Yi could only count on the ghost now-maybe it would give him a surprise!

"There's nothing to be sorry about. I'm very pleased that you're a loyal person. If it weren't for your personality, how could I have been by your side all this time?"

The ghastly thing's tone relaxed a little. After a slight pause, it continued, ""I don't know if there's a second purple mist sinful Lotus, but your current situation is urgent. You must use the purple mist sinful Lotus in your hand to rebuild your body as soon as possible. You must understand this!"

In the bastard's heart, there was no one more important than Lin Yi in this world. Let alone one Wu yucao, even if there were a hundred Wu yucao, if they threatened Lin Yi's life, he would eliminate them without hesitation.

That's why she reacted so strongly when Lin Yi wanted to sacrifice her for Wu yucao!

Lin Yi didn't answer the damn thing. He knew that it was the right choice, but he still couldn't let go of Wu yucao.

The damn thing understood Lin Yi's thoughts very well, so it hmphed coldly after a while, ""Forget it. Didn't you ask me if I had a way to save Wu yucao? Let me tell you, you do have a chance!"

Lin Yi's spirit was lifted as he asked excitedly, "Senior ghost, is there any way? Hurry up and tell me. No matter how big the chance is, we have to give it a try!"

"Did you forget that Wu yucao's body is still in the Jade space? That little girl's soul has been destroyed, but her physical body is still in good condition. She has been nourished in the Jade space for a long time, and her condition is quite good. "

The ghost's words startled Lin Yi, but he didn't have time to think about it before he continued, ""If I'm not wrong, Wu Yuhua and Wu yucao are twin sisters. Not only are they connected by blood, but their souls are also extremely similar. Therefore, Wu Yuhua's body most likely won't reject Wu yucao's soul!"

If other people wanted to possess someone, their primordial spirit had to be strong. Wu yucao's soul did not have the ability to possess someone, but Wu Yuhua's body was different.

If the two of them were really twin sisters who were connected by blood, Wu yucao's soul would probably not have any obstacles when entering Wu Yuhua's body!

Chapter 7200

However, if that was the case, would it be Wu Yuhua or Wu yucao who would come back to life?

Lin Yi had wanted to revive Wu Yuhua before, and now there was Wu yucao. What was the point of this?

However, it was undeniable that the ghostly thing's method was indeed a solution. At least it could ensure that Wu yucao's soul would not dissipate!

Remembering Wu yucao's words before she died, Lin Yi felt that the possibility of Wu Yuhua being her sister was extremely high!

It was most likely that Central's people had taken Wu Yuhua to an abandoned place when she was young, so the two sisters were separated from each other. If it weren't for Lin Yi, they would never have seen each other again.

Now, it could be considered another kind of reunion, right?

They were originally twin sisters, so it might not be a bad thing for them to reunite and gain a new life!

"Senior ghost, what are the chances of success?"

Lin Yi said that he'd give it a try no matter how big or small the chance was, but when it came to implementing it, he still had to ask so that he'd have a plan.

"If your master Zhang Liju helped, and Wu Yuhua's body didn't reject Wu yucao's soul, the success rate would be at least 90%!"

The ghastly thing pondered for a moment and gave a rather high answer.

Lin Yi relaxed a lot. 90% success rate, so it was 90% for sure? If he didn't do it now, when would he do it?

"Master! After some consideration, disciple has found a better way than using the purple mist sinful Lotus, but I'll need shizun's help!"

Lin Yi's interaction with the thing was so fast that it didn't even take a blink of an eye in the outside world-even Liju was surprised. He didn't expect his disciple to change so quickly!

"What method? Tell me about it, if master can help, I will definitely help!"

Zhang Liju didn't reject and nodded, "The purple mist sinful Lotus is very important to you. Regardless of whether your method can help your friend or not, I still hope that you can use the purple mist sinful Lotus on yourself!"

"I understand!"

Lin Yi didn't say anything more. He bowed slightly and transferred Wu Yuhua out of the Jade space, ""Master, please take a look. This is the body of another friend of mine. She died because her primordial spirit collapsed. She is likely to be the twin sister of this one, so this disciple wants to combine the two of them into one!"

One had lost her primordial spirit, and the other had lost her physical body. This pair of twin sisters were also miserable ...

"There's actually such a coincidence!"

Zhang Liju looked a little surprised as he raised his head to look at Wu Yuhua and Wu yucao. Even though Wu yucao's body was broken and in a terrible state, her face was undamaged. She looked exactly like Wu Yuhua, as if she had been carved out of the same mold.

Lin Yi let out Wu yucao's soul as well, then cupped his fists and bowed to Zhang Liju. "Master, is this okay?"

"If they are really twin sisters, then the success rate is indeed very high. Master will help you with this!"

Zhang Liju smiled and nodded, signaling for Lin Yi to put Wu yucao's soul into Wu Yuhua's forehead. He then sent out an invisible spiritual energy.

A faint milky white light flickered on Wu Yuhua's forehead, and then disappeared. Zhang Liju's body flickered for a moment, then returned to normal.

Lin Yi understood that his master's clone was formed from spiritual power, similar to his primordial spirit. It was one portion less with every use, and this help might have greatly reduced the time this clone could exist.

"Alright, it looks like there's no major problem. They are indeed blood-related, and they are twin sisters whose minds are connected. There's no rejection between the soul and the body at all, and they've been perfectly fused together!"

Zhang Liju looked pleased-Lin Yi didn't have to be so insistent on using the Lotus to save Wu yucao now that he could."Wait a moment, she should be able to wake up!"

"Thank you, master!"

Lin Yi was extremely excited, but at the same time, he had mixed feelings. When the person on the ground woke up, should he treat her as Wu Yuhua or Wu yucao?

Because it was the soul of Wu yucao, it was more appropriate to call it Wu yucao, right?

As the two of them spoke, Wu yucao's eyelids trembled a few times. It seemed like she would wake up immediately without waiting a moment!

"Big sister Wu! Big sister Wu!"

Lin Yi placed Wu yucao on a chair and called out softly, "Big sister Wu, can you hear me?"

The rate at which Wu yucao's eyelids trembled sped up, and she slowly opened her eyes. At first, there was still some confusion in her eyes, but they quickly regained their clarity.

"Zhongda ... You're fine! That's great!"

The first thing Wu yucao did when she woke up was still to worry about Lin Yi's safety before she remembered her situation, "I ... I'm already dead, right? Why would I see you? Don't tell me you're also ..."

A trace of panic appeared in her eyes-she was probably worried that Lin Yi would follow in her footsteps.

Especially when she saw Wu yucao's broken body on the other side, she was even more certain of her guess that she must have died. Otherwise, why would she see her own body?

They died so miserably and didn't look good at all ... But it didn't matter. In the end, they couldn't save Zhong da. It was good that they died together, at least they could keep each other company!

"Big sister Wu, you're still alive ... You were supposed to have fallen, but my master saved you!"

Lin Yi knew that Wu yucao might have misunderstood, but it wasn't easy to explain. "Your original body can't be saved, so you're now in a new body!"

"Ah?"

Wu yucao was dumbfounded. What was going on? Is it so complicated after death?

She pinched herself subconsciously, and it hurt! This was indeed a living body!

Wait a minute!

This body ... Is so strong!

Wu yucao's head was in a mess, and he couldn't figure it out for the time being, but the first thing he realized was that he had become very strong!

One had to know that when Lin Yi met Wu Yuhua, she was at the peak of the advanced stage of nascent soul. Her body was a little weaker, barely at the early stage of nascent soul.

Now that Wu yucao had been reborn in Wu Yuhua's body, although she couldn't use true Qi, the strength of her physical body had already shocked her!

The body tempering in the abandoned land was not as pure as that of the sub-Island! And without the nourishment of true energy! Wu Yuhua's physical fitness had also declined, but she was still at the perfected Jindan stage!

Wu yucao had barely reached the threshold of the perfected Foundation establishment realm before, but after dying once, she had directly crossed a major realm!

Moreover, if he had the Jindan stage dark spirit beast's inner core and its essence meat strips to nourish and temper, he would soon be able to break through to the Yuanying stage ... He didn't know if he would have such a good thing again after dying?
