

Bodyguard 7201

Chapter 7201 The End

"Zhongda ... Why do I feel so powerful? You said this is my new body? Where did this new body come from?"

Wu yucao was still shocked by her own strength, but she suddenly thought of the problem with her new body ... With a new body, did her appearance change as well?

Did she become uglier or prettier? If he became ugly ... Could he change back? He didn't need to be so strong!

If Lin Yi knew what Wu yucao was thinking, he would be speechless. Compared to strength, what was appearance?

Unfortunately, in the hearts of most women, compared to their beautiful appearance ... What was strength?

"Big sister Wu, this is the other thing I wanted to talk to you about! You need to be mentally prepared!"

Lin Yi let out a long breath and took out a mirror from the Jade space.

He didn't know why he had such a thing in the Jade space, but it didn't matter. He could use it now!

"Look, this is what you look like now!"

Wu yucao looked at herself in the mirror in shock. Other than the clothes that were wrong, she was no different from her previous self!

Then, Wu yucao turned to look at her broken body ... What was going on?

Why were there two of him?

"Sister Wu, you told me before that you have a twin sister. Do you still remember?"

Lin Yi scratched the back of his head and started explaining, "Actually, I've met someone who looks exactly like you before. Her name is Wu Yuhua, and I also call her sister ... But ..."

Wu yucao maintained her stunned expression as she listened to Lin Yi's story.

Lin Yi's words were simple, but Wu yucao could tell that Lin Yi had feelings for Wu Yuhua. It was a feeling she thought she understood ...

Lin Yi didn't say that he met Wu Yuhua in the abandoned land, so Wu yucao thought that Lin Yi met Wu Yuhua somewhere else on the sub Island.

When she saw her face in the mirror, Wu yucao was very sure that this was her biological sister! An older sister who had been separated from each other since young!

She didn't expect that the reunion of the sisters would be in such a situation.

It didn't seem appropriate. It was impossible to describe Wu yucao's feelings at this moment!

Wu yucao couldn't help but shed two lines of tears, not sure if it was for her sister or for Lin Yi's story.

Wu yucao finally understood why Lin Yi was so close to her when they first met. It was because she looked exactly like her dead sister!

"Sister Yuhua's primordial spirit has collapsed. I really have no way of resurrecting her. I can only preserve her body and hope that I can find a way to resurrect her one day."

Lin Yi finished his story with Wu Yuhua, feeling down. "This time, sister Wu, you sacrificed yourself to save me. I can only keep your soul, but I can't save your body. I can only use sister Yuhua's body to contain your soul. This can be considered another form of rebirth for sister Yuhua, right?"

"Zhong da, you've given me my sister's body. Is there any possibility of my sister being resurrected?"

Wu yucao's face was covered in tears, and she felt a little guilty. ""Without me, you might be able to resurrect my sister in the future. But now, does it mean that my sister has no chance of resurrecting?"

Lin Yi was silent for a moment before sighing, "Sister Yuhua's primordial spirit has collapsed, so it's impossible for her to be resurrected ... I kept her body just to keep the last bit of her memory. Sister Wu, you don't have to worry about it. This is actually the best result!"

After a slight pause, Lin Yi continued, "Sister Yuhua's spirit in heaven will be very happy to know that her body can save her sister, right?"

Wu yucao looked at herself in the mirror, put her hands together, and bowed. ""Big Sister, Little Sister didn't expect to reunite with you in such a way. From now on, little sister will live well and live out my share of you! Sister, don't worry. I will help you fulfill all your unfulfilled wishes!"

Lin Yi couldn't quite wrap his head around what was going on-what wish did Wu Yuhua have that she needed Wu yucao to fulfill? how did Wu yucao know about this?

"Zhong da, are you in love with my sister?"

Wu yucao suddenly stood up and looked into Lin Yi's eyes. "You've always kept my sister's body, and because of my sister, you love me as much as you love me. So, my sister is the person you love deeply, right?"

"No... Sis Wu, you've misunderstood ... To me, sis Yuhua is ..."

Lin Yi didn't know what to say-why would Wu yucao suddenly bring this up?

He had always treated Wu Yuhua as his sister. If it was someone he loved deeply, she could be considered as the sister he loved deeply, but Wu yucao clearly didn't mean it that way!

"You don't have to say anything, I understand!"

Wu yucao raised her hand and interrupted Lin Yi, her face determined,"I understand your feelings for my sister, and I also know that I can't replace my sister's position in your heart!"

Lin Yi wanted to say that it wasn't like that-Yuhua sis and you are the same in my heart, we're both sisters that I can get close to!

Wu yucao didn't give Lin Yi a chance to speak and continued,"Although I know that I can't replace my sister, I want to live with her, so I hope you can treat me as a substitute. I'm willing to replace my sister and love you well, and be your woman for the rest of my life!"

After saying this, Wu yucao's face was completely red!

Because this was what she had hidden deep in her heart, and now that she took this opportunity to say it out loud, she suddenly felt embarrassed!

There was no hole ... He couldn't get out even if he wanted to!

Lin Yi was tongue-tied as he looked at Wu yucao, who had her head lowered and was twisting her shirt. He didn't know what to say!

This was a huge misunderstanding!

However, it was hard to explain. He could just say that it wasn't like that and that he only treated Wu Yuhua as a sister, and so did he, so he would still be her sister in the future ...

If he said that, Wu yucao would definitely think that Lin Yi was trying to avoid accepting her feelings!

Then there's no need to explain? The problem was that if he didn't explain, what if Wu yucao continued to misunderstand? How were they going to get along in the future?

Lin Yi didn't know what to say anymore!

Luckily, Zhang Liju spoke up at this moment, and helped him out of the situation.

"Alright, you two can talk about it later. There are more important things now!"

Lin Yi immediately turned around and bowed respectfully, "Master, please give your orders!"

Chapter 7202

Wu yucao knew that Zhang Liju was Lin Yi's master and immediately realized how impolite she was. Her mind was in a mess and she didn't even think of greeting and thanking Lin Yi's master.

Speaking of which, Lin Yi's master was her master too, right? Thinking of this, Wu yucao felt her face burn again.

"Wu yucao greets senior. Thank you for saving me!"

She wanted to follow Lin Yi and call him master, but she was too shy to do it, so she used "senior" instead.

"No need to thank me, it's just a small matter!"

Zhang Liju smiled and waved his hand, turning to Lin Yi, "I don't have much time, so I have to arrange your matters as soon as possible."

"Is it the way to use the purple mist sinful Lotus?"

Lin Yi already had a guess-they were supposed to meet here to talk about the body reconstruction, after all.

"In your current state, it's useless for me to tell you the method. So, I can only refine the pill for you once!"

With a wave of his hand, a secret door opened in the middle of the room, and a platform rose up from the ground. On the platform was a dusty pill furnace.

"Master, are you going to personally refine the pill now?"

Lin Yi was stunned-it wasn't that he doubted Liju's skills, but the divine Alchemist and the medical Saint were the best on Sky Class Island. The problem was that this wasn't Liju's real body, it was just a clone!

An essence soul avatar could also refine pills? This was simply too unbelievable!

"That's right. Is there a problem? Or do you think you can refine pills yourself?"

Liju glanced at Lin Yi with a half-smile on his face, and Lin Yi shook his head.

What a joke-Lin Yi couldn't use his pure Qi or his spirit sense now, how was he supposed to make pills?

The automatic pill refining device also required his own divine sense or true Qi to be activated, so how could he refine pills in his current state?

But how did Zhang Liju make pills? He was just a spirit sense clone, and without the use of pure Qi on the sub-Island, how was Zhang Liju going to make dan? Could it be that he was using his consciousness pill fire?

However, wasn't an essence soul avatar afraid of being consumed too quickly and having his soul scattered when using the consciousness alchemic fire?

The truth proved that Zhang Liju could do it!

After the pill furnace was opened, there was actually a cluster of flames inside. The sky blue flame emitted a shocking heat. When the pill furnace was closed, it didn't feel anything, but once the pill furnace was opened, one could feel the horror of this sky blue flame!

The heaven and earth Spirit Fire!

Although Lin Yi wasn't sure what level this heaven and earth Spirit Fire was, and whether it was a natural fire or a flame from the accompanying Spirit Fire Crystal, he couldn't deny that the power of this flame was definitely not below Lin Yi's icy blaze fire!

However, the spirit fire of heaven and earth couldn't be divided into two. So, this was a real spirit fire of heaven and earth!

But Lin Yi quickly understood-who was Zhang Liju? A pill God and medical Saint!

It wasn't strange to have a heaven and earth Spirit Fire, but it would be big news if it didn 't!

Lin Yi suspected that this cheap master of his had more than one heaven and earth Spirit Fire. Otherwise, he wouldn't have just thrown it here.

It was obvious that the furnace hadn't been used for a long time, and this flame was left here for Lin Yi!

"Give me the purple mist sinful Lotus!"

Zhang Liju didn't care about Lin Yi's shock and signaled for him to come forward. Lin Yi quickly brought the Lotus to Zhang Liju.

Beside the furnace were prepared herbs. Liju controlled the Lotus to float in front of him and put the herbs into the furnace.

"Take a good look, this alchemy will be of great use to you in the future. After you reconstruct your body, master hopes that you can properly cultivate alchemy. After all, you are my disciple, you can't embarrass master!"

Liju was multitasking-he was making elixirs and talking to Lin Yi with a smile on his face, looking relaxed-he didn't look as serious as the other refiners.

As expected of the pill God and medical Saint, the man who stood at the top of all pill Masters!

Wu yucao was shocked to the extreme. Everything in front of her was beyond her knowledge. Lin Yi was becoming more and more mysterious in her eyes, and his master was even more so. He was a God!

"Yes, master! This disciple will not let shizun down and will bring the sect to greater heights in the future!"

Lin Yi's attitude was very respectful-he was playing the role of a good disciple!

Zhang Liju smiled and nodded, not saying anything more. He turned to focus on making the pill. After all, he was just a spirit clone, and he had used up a part of his spirit power to save Wu yucao.

Liju didn't have much room for mistakes this time-with his body there, there was still hope, but he couldn't afford to make a single mistake with his clone-Lin Yi could very well be dead!

As Lin Yi's master, he didn't want to give his disciple a song like that ...

The supplementary herbs were all refined, and the next step was the most important one. Liju didn't dare to be careless.

First, he placed the Lotus root into the pill furnace. With a sweep of the Azure Flame, it was easily broken down and smelted. A small portion of the impurities were directly burned into nothingness, leaving behind a small ball of purple liquid.

Then, the branch of the purple mist sinful Lotus was engulfed by the Azure Flame and turned into a ball of purple mist, which surrounded the liquid.

Finally, there were the lotus flower, lotus seed, and lotus seed. After being refined, they turned into specks of Starlight and blended into the liquid, scattering everywhere.

Vaguely, the liquid began to change, forming a small mini human figure in the flame. Spots of Starlight were distributed all over the body, forming the heavenly cycle acupuncture points. The purple mist also fused in, connecting all the Starlight and turning into the meridian lines in the body.

All sorts of supplementary herbs started to mix in as well, forming bones, muscles, and bones. Lin Yi used his spirit sense to observe everything in the furnace, and felt like it was magical.

So pill refining could be done this way?

As expected of a pill God and medical Saint. If Lin Yi made it himself, he wouldn't even be able to imagine that it could be in such a magical state!

After a short while, the miniature figure that had taken shape hugged its knees and curled up, falling into a deep sleep like a baby in its mother's womb. The remaining medicinal liquid in the pill furnace formed a protective layer around it, and finally turned into a purple-gold pill, which spun around in the pill furnace.

The pill was formed!

Liju let out a breath of relief-at the last moment, his consciousness clone was starting to fade away, and it could break apart at any moment.

Fortunately, everything had gone smoothly. The purple mist sinful Lotus had finally been refined into an elixir, and it was no longer important whether he had disintegrated or disappeared!

Chapter 7203

The lid of the pill furnace was opened immediately, and the sky-blue flame quickly shrank and dormant in the pill furnace again.

The purple-gold dan, on the other hand, emitted a strong fragrance that shot up into the sky. It wanted to fly away, but Liju waved his hand and it obediently landed in his palm.

"Disciple, this is the pill master has refined for you. Quickly take it!"

Liju handed the pill to Lin Yi with a smile on his face.

"Thank you, master. But master, can I take pills in my current state?"

Lin Yi couldn't help but ask as he took the pill-could a primordial spirit take pills?

He'd never heard of him before-this Mystic was probably a fake one, right?

Er ... If he didn't have an automatic pill refining device, he was indeed a fake pill master!

"Naturally! Don't tell me you still doubt your Master's words?"

Zhang Liju smiled arrogantly. He was the pill God and medical Saint, who would dare to question him in pill Dao? He was the one with the most authority in alchemy!

Lin Yi's suspicions were all gone-he quickly bowed and thanked her!

At the same time, Ling Ling appeared not far from the grass hut. He didn't leave with Lin Yi and the others, but stayed in the dark green Valley. It wasn't strange for him to appear here.

The strange thing was that Ling lingfa was fiddling with some equipment, as if he was receiving some sort of signal, and his target was the thatched cottage not far away!

Lin Yi didn't see Ling lingfa, and after thanking Liju, he put the pill into his mouth.

As expected, the pill melted in his mouth and turned into a cloud of purple Qi, spreading to Lin Yi's entire Yuan spirit body!

Then, with a flash of purple light, he turned into a human and began to condense his muscles and bones. His primordial spirit body gradually shrank and condensed. Soon, it floated up to the center of the purple human figure's eyebrows and then hid in his sea of consciousness.

In an instant, Lin Yi's spirit body felt extremely comfortable and happy. The feeling of being rootless for a long time disappeared completely, and its strength recovered quickly as it continued to refine.

However, Lin Yi's essence spirit had been through a lot this time, and it was more worn out. It wasn't possible for him to recover to his peak immediately, and he needed a long time to recuperate.

For the time being, he could only use the spiritual sense of a Yuanying cultivator without any obstacles.

It was possible to forcibly use a higher level of deified soul strength, but it would cause unnecessary burden to the primordial spirit and make the recovery period longer.

Liju, on the other hand, was pleased to see Lin Yi's body taking shape, but his body was starting to fade away-it was obvious that he was on the verge of breaking down.

"Disciple, I don't have time to talk about this anymore. I hope you can make good use of your new body and cultivate steadily. I look forward to our next meeting ..."

Before he finished his sentence, Liju disappeared completely. He couldn't wait for Lin Yi to finish his body reconstruction.

Lin Yi, on the other hand, was at the final stage of his body reconstruction, and he couldn't say goodbye to Zhang Liju. Some things could only be said next time they met, but he didn't know when that would be.

Wu yucao looked at everything that had happened in front of her with a dumbfounded and shocked expression. This was beyond her understanding and she really didn't know how to describe it.

Soon, she lowered her head, blushing, but couldn't help but sneak a peek every now and then ... Because Lin Yi's body had finished reconstructing!

A new body naturally did not come with clothes, so that slender, perfect, and strong male body made Wu yucao's heart beat wildly. She was embarrassed to look at him, but she could not help but want to look at him ...

Lin Yi still didn't realize that something was wrong with him. He was checking his new body in surprise. There were still illusionary attributes in Lin Yi's attributes before, but now they were all real attributes, including the wind and lightning attributes. Not one was missing!

Other than that, there was a new plant attribute!

He didn't have any pure energy, and he needed to train again. Plus, he couldn't use pure energy on the sub Island anyway, so Lin Yi didn't mind.

His body wasn't as strong as it used to be, but that was to be expected. He thought that after rebuilding his body, everything would return to its original state, including his body.

He didn't think that the purple mist sinful Lotus, because of the green god's plant element, would directly raise Lin Yi's body to the Foundation Stage during the process of reconstruction. This was a pleasant surprise.

After a slight movement, Lin Yi realized that he didn't feel any discomfort at all. The new body was better than his old body in terms of coordination, flexibility, meridians, muscles, and so on!

He wasn't as strong as he used to be, but his body's potential was far beyond what it used to be!

At last, Lin Yi realized that some of his indescribable body parts were getting more and more majestic. It seemed like he needed to wear more loose-fitting clothes from now on ...

After realizing this, Lin Yi naturally realized the awkwardness he was in ... The main thing was that Wu yucao was in front of him!

Lin Yi couldn't help but blush a little when he saw her looking down at him with a red face ...

He quickly turned around and took out some spare clothes from the Jade space to put them on, which relieved a lot of his embarrassment.

"Hehe ... Big sis Wu, today I've been given a new life, just like you. Do you think this counts as another birthday for us?"

To ease the awkward atmosphere, Lin Yi started a new topic, "Every year on this day, we can eat cake together to celebrate our new birthday!"

"Good, good! We'll celebrate this day every year!"

Wu yucao's face was still red, but her eyes lit up after hearing Lin Yi's words, "Then it's a deal! This is our agreement!"

"Well ... This is our agreement. We'll celebrate this day every year!"

Lin Yi's lips twitched, suddenly feeling like he was just looking for trouble. Why did he have to mention a freshman's birthday? Did he think that Wu yucao had not misunderstood enough?

It was a pity that he'd have to jump in and bury himself in the hole he'd dug himself, even if he had to hold back his tears. Lin Yi had no choice but to agree.

Wu yucao was immediately a little excited, then raised her question, ""Zhong da, what happened just now? What do you mean by a new student?"

"It's actually not that complicated. My previous state was actually similar to a condensed soul because my original body was destroyed, similar to your state just now. It's just that my soul is many, many times stronger than yours, so I can move in this form. "

Lin Yi prepared his words and started explaining to Wu yucao. Since the sub-Island didn't seem to have anything about essence spirit cultivation, he used things like souls and spirits to explain.

Chapter 7204

"Of course, I can't stay in that state for too long, so I have to find the purple mist sinful Lotus to reconstruct my body. My master is known as the divine Alchemist and Holy doctor, and only he can help me do this!"

"So that's how it is. Your master must be the strongest expert in the world, right?"

Wu yucao nodded and said with respect, ""Senior Zhang not only saved you, he also saved me! I really don't know how to repay him!"

In Wu yucao's heart, saving her wasn't important. What was important was that Zhang Liju helped Lin Yi to be reborn, and this favor was more important than saving her.

"It's hard to say whether he's the strongest or not. After all, there are many hidden dragons and crouching tigers in this world. Although my master is strong, he doesn't dare to claim to be the best in the world. However, in terms of alchemy and medical skills, I believe there are very few who can be stronger than him!"

Lin Yi respected Zhang Liju a lot, and he was already amazed by the skill of his clone, "Pill God and medical Saint, that's not something to be casually said!"

Wu yucao also sighed. Suddenly, she sniffed and said, ""Zhong da, why does your body ... Have a faint fragrance? It's very fresh and very nice to smell, even more fragrant than an average girl!"

Lin Yi didn't know what to say-what the hell was that? What did he mean by more fragrant than a girl? Shouldn't it be called manliness?

He subconsciously raised his arm to his nose and sniffed. There was indeed a faint lotus fragrance. It should be the side effect of using the purple mist Snow Lotus to reconstruct his body.

"It's probably the remnants of the pill fragrance. It'll dissipate after a while."

Lin Yi brushed it off casually, but he was on alert. This scent wasn't anything special usually, but it'd be a tragedy if it leaked out when he needed to hide!

So Lin Yi started controlling his pores as he spoke, trying to prevent his aura from leaking out. He tried it and it worked!

Lin Yi was quite satisfied with his new body's control, and he stopped worrying about the smell. Since he could block the smell at any time, this was nothing!

Furthermore, it was only because he had just reconstructed his physical body. After a period of time, he might naturally lose that aura.

"Big sister Wu, what I said just now, as well as your reincarnation, can be our secret. Don't tell anyone, including big sister Xue, okay?"

Lin Yi turned around and gave Wu yucao a few words of advice. The fewer people who knew about today's incident, the better. It wasn't that he didn't trust Ling Hanxue, but there was no benefit in telling Ling Hanxue about it. It was better not to tell her.

"No problem, this is a secret between us! I won't tell anyone!"

Wu yucao agreed immediately, feeling a little sweet inside. She was happy just thinking about sharing a secret with Lin Yi!

In order to protect this happiness, of course, he would not speak of today's matter even if he was beaten to death!

"By the way, take this black lustrous crystal. Sister Yuhua used to be a master of the nascent Soul Stage. Now, your strength is only between the peak of the late gold core stage and the great circle of the gold

core stage. When you go back, use this black lustrous crystal to cultivate for a while and you can easily recover your strength to the nascent Soul Stage!"

Lin Yi took out a black crystal and gave it to Wu yucao, "If sister Xue asks, just say that we used the legendary purple mist sinful Lotus to repair your body and increase your strength."

"Alright, I know what to say!"

Wu yucao didn't stand on ceremony with Lin Yi and accepted the black gold crystal. She swore to herself that she would recover her sister's strength as soon as possible so that she could be a better substitute for her sister!

In order to stay by Lin Yi's side, Wu yucao was even willing to give up her own personality and become her sister, Wu Yuhua. It was a pity that she didn't know what her sister was like before, so she could only try to catch up with her sister in other aspects.

To be honest, Wu yucao really envied her sister Wu Yuhua. Not only did she have such an outstanding lover, but she was also so strong!

They were clearly twin sisters from the same mother. How could the elder sister reach the Yuanying stage, while she could only hang around in the foundation establishment stage? So Wu yucao swore to herself that she would train hard and not let Lin Yi down, and not waste the talent of her sister's body.

What Wu yucao didn't know was that Wu Yuhua's training environment was a completely different world from hers. Comparing their strengths was meaningless, but she would never understand if Lin Yi didn't mention it.

"Mm, then let's go back! I don't want sister Xue and the others to worry!"

Lin Yi smiled and nodded, bowing slightly to the empty table where Liju's clone had been. "Master, I'll be leaving now. There are still many things I haven't said to master. I hope that the next time we meet will be as soon as possible!"

Wu yucao followed Lin Yi and bowed slightly, thanking him in her heart before following Lin Yi out of the hut.

Ling lingfa had left the place a long time ago, so Lin Yi didn't realize that the guy had been here.

Lin Yi was still thinking about how to find Ling lingfa. After rebuilding his body, he would have to find a chance to leave the sub Island.

The only way to leave the sub-Island was with Ling lingfa, but Lin Yi knew that even if he found the guy, he might not be able to get the truth out of him.

"Eh, this place is so beautiful! It would be great if I could live in seclusion here!"

Wu yucao couldn't help but exclaim the moment she stepped out of the thatched cottage.

She'd never been to the valley before, and her soul was in the Jade space last night. Her body was a broken corpse, and Lin Yi had put it away in the Jade space where Wu Yuhua used to be.

So Wu yucao didn't know that she was in the infamous dark green Valley, and Lin Yi was shocked by the environment in front of him!

After Liju's refinement and Lin Yi's body reconstruction, the sky was already bright, and everything was clear. Lin Yi was sure that this was no longer the dark green Valley, but the dark sky Valley!

Perhaps there were already some changes last night, that's why they were able to get here without any obstacles. But Lin Yi was too anxious, and the sky was dark, so he didn't pay attention to the changes in the environment!

It was no wonder that Liju's hut would suddenly appear here. He and Lin Yi had agreed to meet at the Azure sky Valley, so how could Lin Yi have found Liju's hut when they were still in the valley?

It was all thanks to Wu yucao's death-if it weren't for that, Lin Yi would've missed his meeting with Zhang Liju perfectly!

Chapter 7205

Even if he had the purple mist sinful Lotus, he couldn't refine it into an elixir to rebuild his body!

As expected, the will of the heavens was hard to fathom, and it seemed to be predestined!

"Zhong da, senior Zhang's choice of place is truly extraordinary. If he agrees, can we come here and stay for a while in the future?"

Wu yucao looked at Lin Yi expectantly. She remembered what Lin Yi said just now-they had to celebrate their new student's birthday together every year. What other place would be a better place to celebrate?

"There shouldn't be a problem. It's easier to talk to master. But you still don't know where this place is, right?"

Lin Yi's lips curled up into a mischievous smile. "I'll tell you, this is the deepest part of the dark green demonic Valley!"

"Bi ... Bi I ... Green Devil Valley?"

As expected, Wu yucao was stunned. She never thought that she would die and return to the dark green demonic Valley!

After a while, Wu yucao looked around in disbelief. "Is it really the dark green demonic Valley? It doesn't look like it!"

It was no wonder that Wu yucao was confused. Although the terrain was still the same, the overall atmosphere had changed dramatically. It was completely different from the legendary dark green demonic Valley.

"It's true. However, there's some change here. I don't know why. Let's go. You will find it familiar at the entrance of the valley!"

Lin Yi waved his hand with a smile, not explaining further. He left the valley with Wu yucao, who was already used to looking confused today.

After leaving the Azure sky Valley, Wu yucao was convinced that this was indeed the outside of the Azure Green demonic Valley that she had been guarding, but it felt completely different.

Lin Yi wasn't going to tell Wu yucao that this place was no longer called the dark green Valley, but the Azure sky Valley.

Unfortunately, he didn't come across any more purple mist sinful lotuses on his way out, making his wish to find another one completely come to nothing.

If he hadn't let Wu yucao's soul enter Wu Yuhua's body and used the Lotus to rebuild her body, Lin Yi might've been done for!

The idea of taking in Wu Yuhua's body back then had now saved both her sister and himself. Lin Yi thought about how fate worked.

After leaving the valley, Lin Yi and Wu Yuyu went back to the moon Inn.

Black wildflower and the other two followed Lin Yi's instructions. Tieyi and his men had already been killed by Lin Yi in a fit of rage, so there was no danger for them to stay.

"Little brother Zhongda ... This, this, this ... How did you save Wu yucao?"

When black wildflower saw Lin Yi bringing a healthy Wu yucao into the inn, he was dumbfounded, "What's happening? How can you create such a miracle?"

Ling Hanxue, on the other hand, did not care how such a miracle had happened. She had already cheered and pounced on Wu yucao without a care. She jumped and hugged her, hanging onto Wu yucao's body like a large koala bear.

"Oh, I was thinking that there were a lot of natural treasures in the dark green demonic Valley that might be able to save the Wu Yu grass. I didn't expect to meet Ling lingfa in the valley. That guy actually found the legendary purple mist evil Lotus. With this treasure, the Wu Yu grass was saved!"

Lin Yi casually pushed the blame onto Ling lingfa. Even if he did appear, he probably wouldn't say much to black wildflower.

Of course, just in case, Lin Yi added, ""Don't think that guy helped me out of the kindness of his heart. It wasn't easy for me to get the purple mist sinful Lotus from him, and I'm sure he won't ever mention it again! It's fine as long as you know it. Don't mention it again in the future. "

In other words, Lin Yi had taken the Lotus from Ling lingfa, and Ling lingfa would never admit to something so embarrassing. Even if you asked him, he wouldn't admit it.

Black wildflower looked at Lin Yi suspiciously. He felt that something was wrong, but couldn't tell what it was.

"Alright, let's go back while it's still early! There's no need to stay here for another day, what do you think?"

Lin Yi didn't want to talk too much about Wu yucaao, so he suggested leaving the inn.

"You're the leader, so of course you have the final say. We'll listen to you!"

Black wildflower nodded with a smile. She remembered that she said she would listen to Lin Yi's orders before they left, and she brought it out now, "Young master, please give the order!"

"Alright, let's go!" Lin Yi chuckled.

Black wildflower and the others had already packed up, and so with Lin Yi's order, the five of them left the inn and rode their Black Spirit Ferghana horses towards Luling city.

After Lin Yi and the others left, two Men in Black came out of the inn and looked in the direction they disappeared.

"Han tieyi is truly a piece of trash. Despite bringing so many golden core stage cultivators with him, he was still unable to hold back five of them. Furthermore, more than half of them are only Foundation establishment stage rookies!"

One of the black-robed men grumbled in a low voice, showing no respect for the already dead han tieyi. "It's good that trash like him is dead. Otherwise, he'll only ruin things in the future!"

"Now isn't the time to talk about this. These people have extraordinary strength, especially that brat from the Sima clan. We definitely can't underestimate him. It'll be very difficult for the two of us to deal with them. Have you arranged for the follow-up manpower?"

The other man in Black looked at the smoke and dust in the direction Lin Yi and the others disappeared in and whispered, "We can't afford to make any mistakes. If we fail again, we won't be able to explain ourselves."

"Don't worry, the reinforcements are much stronger than those brought by that piece of trash han tieyi. I've already sent out a message that they will set up an ambush along the way. If everything goes smoothly, we should be able to meet them soon, right?"

With that, the two men in Black took back their Black Spirit Ferghana horses and followed the direction Lin Yi and the others disappeared in, probably to meet up with the ambush team they had set up.

Lin Yi didn't think that there would be more people ambushing him after han tieyi's death, but he found out about it very quickly as the person who ambushed him had already appeared in front of him.

"Who are you people? Why are you blocking our way?"

Lin Yi stopped his horse and looked at the six men in Black blocking the way. "Could it be a robbery?"

"You're right! I opened this path and planted this tree. If you want to pass through, leave behind the toll!"

The Man in Black who was slightly in the middle was probably the leader of these people. He laughed and patted his chest, "If you don't pay the toll, I'll spare your lives!"

"Hehe ... I can really encounter robbers who block the road? That's rare!"

Lin Yi chuckled and looked at the man in Black. "Tell me, how much do you want to pay for the passage? If you don't have much, this young master will treat it as a beggar and won't bother to talk nonsense with you!"

"Brat, you're really bold! It's no wonder that trash han tieyi couldn't kill you. It seems like he does have some confidence in himself!"

The Man in Black sneered. "It's a pity that we're not that useless person. You'd better know your place and cooperate obediently. That way, we can still leave you with an intact corpse!"

Chapter 7206

"So you and han tieyi are jackals of the same lair. This young master is truly confused as to why you're always so fixated on this young master."

Lin Yi raised his brows, suspicious. He'd never had any interactions with han tieyi before, so why was he so insistent on him?

"A straightforward person doesn't resort to insinuations. I know that you have obtained illusory black crystals in the dark green demonic Valley. Take them all out!"

The Man in Black stretched out his palm and hooked his finger at Lin Yi. "Hand over the black illum crystal, and I'll leave your corpses intact. Otherwise, you'll all be crushed to pieces!"

Dark illum crystal?

Lin Yi suddenly realized that their goal was the black illum crystals, but he was a little confused. Did they need to go to such a big extent just to get the crystals?

If it was someone at the level of the black wildflower, the illusory black crystal would indeed be very useful, but the black-clothed men in front of him were almost all at the peak of the late golden core stage or the perfected golden core stage. The illusory black Crystal's role was very limited!

Not everyone was like Wu yucao, who was originally in the nascent Soul Stage but had now fallen to the Golden core stage. There was no bottleneck when it came to recovery, so using the black illusory crystal to improve could yield twice the result with half the effort. The effect of using the black illusory crystal on these people would not be too good either!

Standing by the side, black wildflower's brows twitched slightly. She knew that from the moment Han Tieyi had appeared, she had already suspected that he was here for the black illum crystals. This had only further confirmed her suspicions.

In fact, the black lustrous crystal did have other uses. It was more important than increasing the strength of the Aurous core stage.

So it wasn't strange that these Men in Black wanted to take the black crystal, and black wildflower wouldn't be willing to hand it over.

The only problem was that the six people in front of him were all extremely strong, almost all of them were at the advanced stage of the Golden elixir realm or higher. Could Lin Yi still perform that kind of magical performance?

If Lin Yi couldn't beat these robbers, what should they do?

Black wildflower's mind spun quickly, but he had not decided on what to do. At this moment, Wu yucao stepped forward!

"Big words! Let me experience your means of crushing someone to pieces!"

"Die!" Wu yucao shouted in a low voice. The high-quality curved sword in her hand had already turned into a new Moon, and she slashed at the leading man in Black.

In the previous battle, almost all of Wu yucao's equipment had been destroyed. The only thing that was intact was this fine grade scimitar that was close to the best quality. At this time, it combined with Wu Yuhua's physical strength and displayed an amazing power!

The leader of the Men in Black was shocked. He did not expect Wu yucao to be so powerful that she was not inferior to any of them. Especially when she swung her blade, he felt that he could not Dodge it!

This was completely different from the information he had obtained earlier!

If there was such a huge discrepancy in the information of everyone on the other side, then today's operation would be dangerous!

Of course, Wu yucao's sudden attack not only shocked the Man in Black, but also Ling Hanxue and Chen Zhisheng!

Wu yucao was their partner who they had been with all this time, and they knew each other's strength. How did she suddenly become so strong?

Could it be that after a narrow escape from death, a miracle of consecutive breakthroughs would appear?

On Lin Yi's side, he wasn't the only one who wasn't surprised. Black wildflower was also thinking about it, wondering if Wu yucao's strength had increased so much because of the black illusory crystal.

With Lin Yi's personality, it seemed like giving Wu yucao the black gold crystal was a very high possibility. It was easy to understand now.

Wu yucao didn't know that her one attack had caused all kinds of thoughts to run through everyone's mind. At this moment, there was only the enemy in her eyes!

Since she'd inherited her sister's body, she wouldn't let Lin Yi get hurt! Now, she was protecting Lin Yi with her sister's identity!

"You're quite capable, but it's a pity that you're not strong enough!"

The leader of the Men in Black sneered. He stood there and did not Dodge at all. His two subordinates on his left and right rushed forward to block. These were two ancient martial art practitioners at the peak of the late golden elixir realm. Their strength was not below Wu yucao 's.

The scimitar was blocked by two peak late golden elixir realm ancient martial art practitioners. Then, another person made a half-circle and launched an attack from the side!

With the three of them working together, an ordinary opponent of the same level would probably be killed by them in seconds!

Although Wu yucao's body's potential was strong, she had not fully recovered after all. She had no experience in fighting against golden core stage martial artists and was immediately flustered.

He took a step back with the force of the impact and barely avoided the attack from the side, but he also lost the advantage of being the first to attack!

Lin Yi raised a brow, not lending a helping hand immediately. Wu yucao wanted to get into Wu Yuhua's body as soon as possible and recover her strength level, so a real fight like this was necessary.

So he didn't plan on making a move until he was in danger-it wasn't every day that he got the chance to practice!

"Three men against one woman! What kind of ability is that? Fight me one-on-one if you dare!"

Ling Hanxue couldn't stand it anymore and started mocking him loudly. She was too weak to interfere. Otherwise, she would have helped him a long time ago.

If she were to use her bow and arrow at a distance, she might be able to cause some interference. However, there were still three Men in Black who had not made a move. Ling Hanxue was very sure that if she dared to pull away alone, the other party would definitely send someone to kill her!

At that time, if she didn't help, she would only add to the mess and affect Wu yucao's battle mentality, so she could only watch from the side and talk.

"Shameless! You can even do such a thing as three against one, does your family know that you are so shameless?"

Ling Hanxue's vocabulary was a little lacking, but the Men in Black continued to ignore her!

"Little brother Zhongda, Wu yucao can't hold on much longer ... Aren't you going to help?"

Black wildflower whispered to Lin Yi, "She has just recovered from her serious injuries, you can't force her! It's a pity that big sister's strength is too weak. Even if I go up, I won't be of much help!"

She was naturally much stronger than Ling Hanxue and Chen Zhisheng, but she was only at the level of someone who had just entered the Golden core stage. She was indeed unable to participate in a battle between people at the peak of the late golden core stage.

Of course, black wildflower was also testing Lin Yi with his words-Wu yucao's performance was too amazing, and she wanted to see what Lin Yi was thinking!

"There's no rush, big sister Wu can still hold on for a while!"

Lin Yi shook his head with a smile as he watched Wu yucao being pushed back by the other side's combined attacks again, calculating her limit in his mind.

After saying this, Wu yucao managed to block two more moves and counterattacked with all her might. However, she could no longer stop a long sword from stabbing her throat!

If it hit, Wu yucao would die without a doubt!

Lin Yi had no choice but to make a move. He used his spirit sense to charge at the man and turned him into an idiot. Then, he entered the field casually and unsheathed the demonic devour sword. A black light bloomed!

Chapter 7207

"Big sister Wu, you did well. Leave the rest to me!"

Lin Yi reached out and pulled Wu yucao out of the battle ring. The demonic devouring sword's Black light instantly surrounded the other two men in Black, and he also took out the one who was knocked out by the clash of consciousness.

Killing a peak late-stage golden elixir realm practitioner in one move-Lin Yi's strength shocked all the Men in Black!

Wu yucao didn't want to back out, but she knew how mysterious Lin Yi was. She didn't want to disobey him, so she backed out obediently and reminded, ""Be careful!"

"Don't worry, these clowns can't do anything to me!"

Lin Yi smiled, and the black light crisscrossed, completely enveloping the two men in Black within the range of his demonic devour sword.

Lin Yi's body might be weak, but the sword skill he inherited from the green Devil God was a top-tier existence. With the help of the plant element, he was able to suppress two peak late golden core stage cultivators!

Lin Yi, on the other hand, wanted to use them as practice, so he didn't continue using his spirit attacks after killing one. Otherwise, these people wouldn't be enough for him to kill.

"This is tricky, all of you attack together!"

The leader's face darkened. He didn't think that Lin Yi was stronger than Wu yucao ... He didn't look like he was as strong as Wu yucao, but that strange sword technique was extremely hard to deal with. He already had a bad feeling about this, so he decided to get his two remaining men to surround Lin Yi!

Lin Yi's sword light expanded, and he didn't care about the two men in Black. He already had some understanding of the green Devil God's sword skill, and it was like a fish in water!

Black wildflower's expression kept changing-she was a plant, and could clearly feel the plant element coming from Lin Yi's body. She'd never seen this before, but she had the urge to worship it!

How did this happen? Could it be that Sima Zhong da had obtained the inheritance of the ancestor from the green Devil God tomb? Why? I'm clearly the bloodline successor of the ancestor!

Also, could Wu yucao's revival and rapid increase in strength also be related to the green demonic god ancestor?

Only the green demonic god ancestor and the black illusory Crystal's magical effect could create a miracle for Wu yucao, right?

Black wildflower's suspicion was about to turn into a confirmation, and she felt even more indignant. She was also a little more guarded against Lin Yi, which she didn't even notice herself!

As the initiator of this operation, and with the green demon God bloodline, black wildflower thought that everything in the green demon God tomb should be hers. Why did she give all the benefits to Lin Yi and Wu yucao after all the hard work? On what basis?

Black wildflower was indignant, but he controlled his emotions well and did not show it immediately. After all, they were facing the siege of the enemy!

"Is this all you've got? You've really disappointed me! Forget it, I don't have time to play with you!"

Lin Yi felt that these opponents had lost the right to practice after one round of attacks, so he laughed and launched his final attack. "I am Sima Yi! After you die, don't forget that I'm the one who killed you!"

Before he could finish his sentence, four spirit sense attacks landed on the four men in Black. Lin Yi's swordsmanship was good enough, but his body was too weak. He could deal with them, but to kill four peak late golden core cultivators in one go, he needed the cooperation of spirit sense attack skills!

As the four of them trembled, the black light gently swept across their throats, bringing with it a drop of blood. It scattered in an arc in the air and then returned to the scabbard.

The four ancient martial art practitioners at the peak of the later stage of the Golden elixir realm all fell to the ground, and none of them survived!

The remaining leader looked at Lin Yi with an ashen face. Although he was a peak golden core, it would be hard for him to hold on for a while under the siege of his men, let alone kill them!

Yet, Lin Yi did it so easily, without feeling any strain at all. Didn't that mean that Lin Yi was much, much stronger than him?

"Ha ... You're the only one left. Are you going to continue fighting or are you going to turn around and run?"

Lin Yi had a teasing smile on his face as he looked at the man. "Do you want to consider surrendering? If you join this young master, I guarantee you'll be much better off than you are now. Most importantly, you'll be able to live. What do you think?"

The Man in Black's mouth twitched. He didn't believe that Lin Yi would take him in, not to mention that he wouldn't surrender!

"Don't joke around, don't think that just because you're from the Sima clan, you can be invincible! I admit that you're very strong, but I don't even have the chance to escape in front of you! But so what? If you want me to surrender, you're not qualified!"

"Then why don't you tell me who is qualified to use an expert like you? I'm very interested to know more about it!"

Lin Yi looked at the man in Black with a half-smile, "Don't lie. I'm the best at telling whether someone is telling the truth or not!"

"You want to get something out of me? Stop dreaming! I'm not going to tell you anything!"

The Man in Black laughed arrogantly, "is the Sima clan that great?" I am not afraid of you! Hahahaha!"

"It seems like you won't shed a tear until you see your coffin. Do you want to experience what it feels like to be better off dead?"

Lin Yi didn't really want to know who these people were. From the looks of it, other than the black illum crystals, they were most likely enemies of the Sima family!

If Lin Yi was the real Sima Yi, he would naturally investigate the background of the Man in Black, but the problem was that he was just a fake Sima Yi. What was he doing fighting enemies for the Sima family?

Saying that now was just to show black wildflower that he, Sima Yi, was not someone to be bullied!

He didn't expect that the Man in Black would continue to laugh, and then his eyes, ears, mouth, nose, and other orifices began to bleed black blood!

This was a sign of being poisoned, and it was a deadly poison!

"Even if I ... Die ... I won't die ... In your ... Hands!

[illegible]

Before he could finish his sentence, he had already died on the spot!

A peak golden core realm practitioner didn't even dare to have the thought of fighting Lin Yi and committed suicide!

Lin Yi was shocked as well, but he didn't really care. If he died, so be it!

If he really wanted to know something, Lin Yi could even search his soul. It wasn't like death was the end. Fortunately, he wasn't interested, or the leader wouldn't be able to rest in peace.

"They're actually death Warriors! It seems like the person behind the scenes is not simple!"

Lin Yi pretended to sigh, but he didn't care who the mastermind was at all!

"Little brother Zhong da, you have to be more careful in the future. Someone who can use such a level of death warrior is definitely not a simple person!"

Black wildflower pretended to care about Lin Yi as he analyzed, "These Men in Black don't even care about han tieyi, the young city Lord of Xuanwu city in Hongshang Commandery. Even though han tieyi is already dead, this is still a clue and a direction to follow. There's no harm in investigating along this line!"

Chapter 7208

"Sister heiye is right! However, now is not the time to talk about this. Let's continue our journey!"

Lin Yi couldn't be bothered to investigate han tieyi and han Tongyi. Now that his body had been reconstructed, he could leave Luling city at any time. By then, he would have nothing to do with this anymore!

But he didn't have a plan yet. Maybe he'd go to a sub-Island sect to train his body first? Or travel around to find an opportunity to leave the sub-Island?

Lin Yi calculated in his mind, and black wildflower nodded, "It's good that you know what you're doing, little brother Zhongda. I'm just concerned about you. Let's go!"

It was already afternoon when they left the inn, and with the delay, the sky started to get dark.

They had no choice but to spend the night in the wild. Luckily, there were almost no golden core dark spirit beasts in this area, and with Masters like Lin Yi and Wu yucao here, they didn't have to worry about a sneak attack.

They all set up their own tents and sat around the campfire in the middle of the tents, letting Lin Yi roast the meat himself!

Black wildflower hadn't tasted Lin Yi's cooking yet, so it didn't have any special reaction. Ling Hanxue, on the other hand, sat opposite Lin Yi, staring at the dark spirit beast essence meat strips on the bonfire, almost drooling!

Chen Zhisheng, on the other hand, appeared to be more tsundere. He wanted to eat, but he was unwilling to show it. He could only sit beside Ling Hanxue, his eyes looking into the darkness. From time to time, he would sneak a glance and secretly swallow his saliva.

Wu yucao and black wildflower sat on either side of Lin Yi. Wu yucao was helping Lin Yi out skillfully, passing this and that. She was having fun.

"Little brother Zhong da, I saw your sword technique just now. Its power is really quite shocking, but it doesn't seem to be your Sima clan's ultimate technique, right?"

When he mentioned his family's unique skill, black wildflower subconsciously emphasized his tone. After he finished, he was a little surprised.

"Hehe ... It's indeed not a sword technique passed down in my family. Why is sister heiye so interested in my sword technique? It's a pity that I can't teach it to others!"

Lin Yi didn't even raise his head as he continued to stare at the meat, a smile on his face. "This piece of meat will be done soon, sister hei ye, do you want to try it first?"

"No need, you can give it to someone else first!"

Black wildflower was a little frustrated and did not notice that his words had made Ling Hanxue's resentful eyes light up.

"Young master Sima, I'm hungry. Why don't you give it to me first?"

Ling Hanxue didn't stand on ceremony and ordered the first piece of meat. She was afraid that Lin Yi would give it to someone else if she didn't say anything!

"Alright, I'll give you this first!"

Lin Yi smiled and nodded. He flipped through it a few times and passed it to Ling Hanxue.

Ling Hanxue took it happily and quickly blew on it a few times. Then, she tore off a small piece of meat and put it into her mouth to chew carefully. Her big eyes narrowed into two crescent moons, and she revealed a satisfied smile.

Black wildflower thought to himself, is it really that good? Wasn't this too exaggerated?

She couldn't help but feel a little hungry as she thought about it, and so she decided that if Lin Yi asked again, she'd just take it.

It was a pity that Lin Yi didn't even ask black wildflower for his opinion when he finished the second piece of meat and gave it to Wu yucao, who was on the other side. Black wildflower was embarrassed as he inhaled the alluring aroma-he was really hungry!

"That ... Little brother Zhong da, when we were in the green demonic divine tomb, I lost consciousness for a period of time. Did you notice anything unusual at that time?"

Black wildflower decided to continue with his plan and ask if Lin Yi had gotten any benefits, relieving his desire for meat.

The so-called loss of consciousness naturally referred to the time when black wildflower himself piously prayed for the green Devil God ancestor to pass down the inheritance. Because he was too focused, he could be said to have lost consciousness.

"No, I didn't! Didn't we already talk about this before? Why did sister hei ye suddenly remember it?"

Lin Yi shrugged casually, as if he didn't mind, and black wildflower felt helpless.

He did mention it before, and black wildflower believed him, but she felt that she was too naive to believe Lin Yi!

Plant attribute!

There was even a sword skill that could resonate with the nature of plants-black wildflower would never believe that Lin Yi didn't get anything from the green demonic tomb!

"Oh, nothing. I was just bored and wanted to find a topic to chat about!"

Black wildflower gritted his teeth in his heart, but he pretended to be calm on the surface. He smiled casually and changed the topic.

However, she had already made up her mind to get to the bottom of this matter!

It wasn't the right time to say anything in front of Wu yucao and the others-she'd have a good chat with Lin Yi later when there was no one around!

The opportunity to be alone soon came. After everyone had a delicious meal, they returned to their tents to rest. Black wildflower volunteered to take on the night duty, and no one was allowed to snatch it.

After an hour, black wildflower felt that everyone should be asleep already and sneaked into Lin Yi's tent!

"Sister hei ye, is there something you need me for?"

Lin Yi had already determined the identity of the person the moment black wildflower entered, but he didn't expect black wildflower to pull on his belt without saying a word, and his coat fell off instantly. This speed was definitely faster than her attack!

Of course, there were clothes inside the black wildflowers, but those tight-fitting clothes made her figure even more exquisite and curvaceous, extremely hot and attractive!

In an instant, the small space in the tent seemed to be ignited.

It was dark in the tent, but it didn't affect Lin Yi's vision. Sometimes, having too much night vision was a good thing or a bad thing. Lin Yi was shocked by the black wildflower's sudden movement, almost choking on his own saliva.

The black wildflower crawled over to Lin Yi like a wild kitten, its faint fragrance floating in the small tent, adding to the ambiguous atmosphere.

"Little brother Zhong da, is big sister beautiful?"

The black wildflower licked its lips and looked at Lin Yi with hazy eyes, muttering, "Actually, I've always had a good impression of you, especially after I found out how strong you were. I'm even more in love with you. If you don't mind me, I'm willing to sleep with you ..."

Lin Yi smiled bitterly to himself-this wasn't a bed offer, you've already climbed onto it yourself, alright?

But the problem was that Wu yucao's tent was right next to it. If you suddenly crawled in and were discovered by them, what would happen?

Chapter 7209

No... Now wasn't the time to think about what to do after being discovered, right?

"Sister hei ye, let's talk this out ..."

Lin Yi's self-control wasn't bad, and he knew that black wildflower had her reasons for doing this. One thing was for sure, it wasn't that she admired Lin Yi!

"Little brother Zhong da, do you still need to speak at this time? Don't you think I'm pretty enough?"

The black wildflower's soft murmurs had a unique magnetism to them, making one's heart itch. She was indeed a peerless stunner!

As he spoke, black wildflower pulled at his shirt slightly, revealing his exquisite collarbones and a beautiful curve, which instantly increased the level of seduction.

Lin Yi's forehead was covered in cold sweat. He wasn't sure if he'd really get seduced if he faced the black wildflower alone without Wu yucao and the others around.

Maybe not ... If Wu yucao and the others weren't around, he wouldn't be so nervous. Instead, he would have rejected black wildflower more easily!

"Alright, sister hei ye, you win!"

Lin Yi smiled bitterly, raising his hand in surrender. "Just ask what you want to ask, you don't have to do this! I promise to tell you the truth!"

Black wildflower smiled smugly and returned Xiaoyi to normal, but he was a little disappointed!

That damned little bastard! Am I really not attractive at all? He's already done this much, but he's still not pouncing?

Black wildflower didn't really want anything to happen between her and Lin Yi, but Lin Yi wasn't moved by her seduction and that made her extremely unhappy. It was a complicated feeling, and Lin Yi would never understand!

"If only you had said so earlier, you wouldn't have made sister spend so much effort!"

Black wildflower wrinkled his nose and muttered, then said, ""But sister is speaking the truth. If little brother Zhong da doesn't dislike Sister, Sister ..."

"Sister hei ye ... Let's talk about serious business!"

Lin Yi shook his head again with a bitter smile. He didn't want to do it again-it'd be bad if he alerted Wu yucao and the others!

Black wildflower was indignant, but he could only give up. After calming down, he smiled and said, ""It's still the same thing. Did brother Zhong da obtain any benefits in the green Devil divine tomb that you don't know about?"

"Alright, I shouldn't have told sister about this, but since sister heiye must know, I'll tell you!"

Lin Yi sighed, thinking that it wasn't a big deal to let black wildflower know about the green god. "I have indeed obtained some great benefits and learned some secrets."

Black wildflower sat on his knees with a serious expression, straightening his back as he looked at Lin Yi, not knowing that she looked even better now.

Lin Yi coughed and didn't look at black wildflower. He continued, "In the green Devil God tomb, I obtained the green Devil God's inheritance. It's the sword technique that you saw just now, and it's also the plant element!"

Black wildflower gritted his teeth and thought to himself, "sure enough!"

She'd expected it, but she still couldn't accept it after hearing Lin Yi admit it!

"Sister hei ye, Senior Green Devil God told me that you have his bloodline in you. This inheritance should have been left to you, but your body is a pseudo plant attribute, so you can't perfectly obtain Senior Green Devil God's inheritance. However, my condition was special at that time. Once I obtained the inheritance, I would be able to obtain the true plant attribute and perfectly unleash the power of Senior Green Devil God's inheritance. That's why he chose me!"

Since Lin Yi had already said it, he might as well just say it all, "Finally, Senior Green Devil God also entrusted me to take good care of you. He still cares a lot about you, his descendant. However, when it comes to the matter of Dao inheritance, he hopes to do his best!"

Black wildflower was extremely disappointed, but his face was expressionless. After listening, he only nodded and said, "So that's how it is. The old ancestor's choice is definitely not wrong. Since little brother Zhong da can obtain the inheritance perfectly, it would be the best choice for you to receive it!"

At this point, there was nothing more to say, and the atmosphere in the tent became a little more awkward. After all, black wildflower was still only wearing his underclothes, and the space in the simple tent was not big!

The two of them sat facing each other, and it was as if they could hear each other's breath. They didn't feel it when they were talking, but once they were silent, there were some subtle changes.

"Cough, cough ..." Lin Yi coughed and said softly, "heiye sis, that's all. Green Devil God-senpai didn't have any other instructions."

This was an obscure order to leave. Black wildflower was sensitive and could naturally hear the meaning behind it.

After nodding, black wildflower didn't say anything. He put on his coat and left Lin Yi's tent without a word.

Lin Yi smiled bitterly in the dark. He couldn't figure out what black wildflower was thinking, so he could only let her be!

After leaving Lin Yi's tent, black wildflower didn't continue his Night Watch. He went back to his own tent, probably thinking that there wouldn't be any danger even if he wasn't on Night Watch. After all, there were some small alarm devices set up around the area. Whether it was humans or beasts approaching, they would be alerted.

Lin Yi laid down again and was just about to rest when his spirit sense caught black wildflower sneaking out from the other side of the tent, leaving the camp without a sound.

What was he doing? Leaving the team halfway?

Lin Yi was a little surprised, but didn't follow them immediately. He extended his spirit sense out, carefully observing the black wildflowers.

If the black wildflower went too far away and out of the range of his spirit sense, Lin Yi would have to go out and check it out himself ...

Of course, he didn't think that black wildflower left the camp to relieve himself. If he really wanted to relieve himself, he wouldn't have to go out from the other side of the tent. Wouldn't it be better to go through the door?

The black wildflower didn't go far. It stopped about 200 meters away from the camp and hid behind a big tree. It looked at the camp for a while and made sure that no one was following it, then it made two light insect chirps.

In the forest at night, this kind of insect chirping was very common, and it would definitely not arouse suspicion.

However, as the insects chirped, a figure quickly flashed out of the darkness and made a few hand gestures to the black wildflower. After making sure that there was no mistake, he quickly approached.

"How is it? Did the operation go smoothly?"

The newcomer was a tall and thin man. He said in a low voice, "I heard that someone ambushed you. It's good that you're fine!"

"I didn't succeed this time. The mission has failed!"

Black wildflower lowered his head, his mood not too good. "The ancestor's inheritance was taken by Sima Yi. I only got a piece of black lustrous crystal!"

"What? Why did the ancestor's inheritance land on the head of that brat from the Sima clan?"

The tall and thin man exclaimed in a low voice. Although he had tried to suppress it, it was still loud, "Did you make a mistake?"

Chapter 7210

"Lower your voice! It won't be good if someone hears you!"

Black wildflower shushed him and looked carefully in the direction of the camp. He was relieved when he saw that there was no movement. "I'm not mistaken, Sima Yi received the ancestor's inheritance and already has the plant attribute. He even got a set of the ancestor's sword technique! He's already admitted to it himself, so there's no mistake!"

"How could this be? Other than our clan, there's actually an outsider who can obtain the ancestor's approval. This is simply ridiculous!"

The tall and thin man paced back and forth, looking a little annoyed. ""Why did such a mistake occur in the plan?"

"I've said it before, don't ask for help from outsiders. It's better to let our family take action directly. That way, it'll be foolproof!"

When black wildflower thought about how the green Devil God ancestor would rather choose an outsider than a descendant of his bloodline, his mood became quite bad. "Now that there's an accident, I can't do anything about it!"

"You think I don't want to do this? However, the clan had declined to such a state, how could they bear the losses? That's why I can only let you go alone. "

The tall and thin man waved his hand impatiently and said, ""Let's not talk about this anymore, we need to think of a way to remedy this!"

"How? Now that things have come to this, we can only give up our ancestor's inheritance and find another way to revitalize the family!"

Black wildflower said in a bad mood, and then he said in shock, "Wait, don't tell me you're thinking of ..."

"Hehehe, that's right! It's exactly what you think! Since that brat Sima Yi has taken the inheritance that originally belonged to us, what's the problem with us taking it back from him?"

The tall and thin man laughed evilly and said, "this is the only plan we have now!" Think of a way to extract the plant element from that kid. This is the hope of our family's revival, so we can't be careless, understand?"

"You're crazy! How could he do such a thing? Let's not talk about whether it will succeed or not, even if it can strip away the plant attribute, what about Sima Yi?"

Black wildflower's face paled, and he retorted in a low but firm voice, ""I don't agree with this. If anything happens to Sima Yi, will you be able to bear the anger of the Sima clan?"

Lin Yi was monitoring the situation with his spirit sense in the tent, and he didn't understand what was going on with the stripping. But from what black wildflower said, it seemed like there was some danger, and it was life-threatening!

Apart from that, what the hell was reviving the family? What happened to black wildflower's family that needed the plant element to revive them?

Lin Yi didn't think much of it-only a weakling would think of using a plant element to revive his family!

If he really wanted to become stronger, the only way was to become stronger himself, and not rely on some external things.

Of course, the plant attribute couldn't be considered as an external object ... It was just that it would be too embarrassing to strip it from someone else!

If the tall and thin man dared to challenge Lin Yi directly and beat him for the plant element, Lin Yi might think more highly of him. That was the path of a real master-he was just a rat even if he succeeded in his schemes!

Lin Yi's thoughts aside, the tall and thin man was counseling black wildflower. "So what if they're from the Sima clan? At most, he's just a disciple who's wandering outside. The Sima clan has many wandering disciples, and only those who return alive are the true Sima clan disciples. It's normal for those who die outside to be exhausted, not to mention that it's in a remote and small place like Luling city. Who would pay attention to it?"

"Compared to the goal of the clan's revival, what is a mere Sima Yi? You'd better hurry up and think about how to find an opportunity to strip away the plant attribute! Once the extraction is successful, fuse with it immediately. I believe that as long as you fuse with the plant attribute, your strength will be greatly enhanced. At that time, you will be the family's Star of Hope!"

Black wildflower was silent, and no one knew if he agreed with the skinny man.

"Say something, do you understand? This is a matter of great importance to the clan, so you better not drop the ball!"

The tall and thin man's tone was already a little impatient. Black wildflower said in a muffled voice, ""But you don't know, Sima Yi is very powerful. The ones who tried to kill us were all golden core stage and above, especially the last wave. They were all late golden core stage and perfected golden core stage experts, but they were all killed by Sima Yi ... Do you really want to offend such a person?"

When black wildflower said this, the tall and thin man suddenly gasped!

He didn't expect Lin Yi to be this strong, but the arrow was on the bow, and he had to fire it. The plant element was the key to reviving the family, and he had to get it no matter what!

"No matter how powerful he is, he will still have his weaknesses and flaws. Black wildflower, I believe you can handle this! No matter what, you have to find a way to settle this! I'll be waiting for your news!"

The tall and thin man finally gave an unreasonable order, then waved his hand and said, ""I'll be leaving first. You should also hurry back. Don't let anyone see through you!"

After saying that, the tall and thin man's figure flashed and disappeared into the dark forest. Black wildflower stood in place without saying a word. After a while, he turned and walked back to the camp.

In the tent, Lin Yi touched his chin, thinking about all the information he'd heard. First was the ability to strip attributes-he'd never heard of this before!

Since it could take away an attribute, it was equivalent to a means of attribute transfer?

Even the Sky Class Island didn't have this kind of technique, so he didn't expect the sub-Island to be able to do it! Sure enough, every place had its own characteristics. No matter how backward it was, it would not be useless!

Other than that, Lin Yi was interested in the black wildflower family's revival. If black wildflower made a move on him, then there was nothing else to say.

If black wildflower still had some conscience, and would rather give up on the revival of the family than attack him, then Lin Yi wouldn't mind helping at the right time to help the heiye family revive!

As Lin Yi was thinking, black wildflower had already returned to the camp. She entered the tent from the side, thinking that she didn't alert anyone. She didn't know that Lin Yi was monitoring her every move.

After returning to the tent, the black wildflower tossed and turned, unable to fall asleep. It was obvious that it was still struggling with the matter of extracting the plant attribute, and the night passed without it knowing!

When the sky was slightly bright, Wu yucao woke up first. She didn't wake anyone up and got busy carefully, quickly making some breakfast.

She couldn't compare to Lin Yi in terms of cooking, but making simple food wasn't a problem. She wanted to take care of Lin Yi, and it was a kind gesture.
