

Bodyguard 7211

Chapter 7211

Soon, everyone got up and came out of their tents. Lin Yi stretched his muscles, feeling refreshed. He found it funny when he saw black wildflower coming out with two dark circles.

"Sister hei ye, what's wrong with you? You're in low spirits! Did you not rest well last night?"

Lin Yi pretended to know nothing as he asked out of concern.

"Young master Sima, you forgot that it was black wildflower who was on duty last night. It's normal that you didn't rest well! I wanted to take turns, but I didn't expect that no one would wake me up until dawn. I'm really sorry, black wildflower!"

Ling Hanxue looked at the black wildflower with a smile. She did not hate the black wildflower, but she did not like it either, so she did not hold back when she spoke.

"Oh, right, sister hei ye worked hard last night. Come, come, come, eat more and replenish your energy! We'll be able to return to Luling city today, and we'll have a good rest!"

Realization dawned on Lin Yi as he called for black wildflower to sit down and eat.

Wu yucao had already distributed everyone's food, and handed Lin Yi his portion naturally when he sat down.

Lin Yi took it and started eating without hesitation. His new body was still very weak and needed a lot of nutrients, so Lin Yi wasn't a picky eater. He liked to eat anything that was good for his body!

The black wildflower answered in a daze. It didn't eat much after sitting down, and just took two bites.

"Sister hei ye, what's wrong with you? Don't they have a stomach? I know a little about medicine, do you want me to give you a diagnosis?"

Lin Yi continued to care about black wildflower, as if nothing had happened last night.

"I'm fine. I'm just a little tired. I'll be fine after I get back to Luling city and have a good rest."

Black wildflower forced himself to stay awake and forced a smile. "It's about time for everyone to set off. The earlier we go back, the earlier we can complete our mission. "

Black wildflower's heart was still in a mess, deeply involved in the conflict between Lin Yi and his family.

If he were to remove the plant element from Lin Yi for the sake of his family, Lin Yi would be crippled or even killed if he succeeded. The consequences were too severe!

Although last night was just an act, and maybe black wildflower's heart was in it, but that wasn't important. What was important was that after the trip to the dark green Valley, black wildflower felt that he and Lin Yi were life and death partners. Stabbing a partner in the back didn't fit his heart.

However, the revival of the family was an undeniable duty-sacrificing an outsider like Lin Yi for the family seemed reasonable ...

Black wildflower felt like his head was about to explode, and he couldn't make a final decision. He could only lie to himself and tell himself that Lin Yi was too strong, and that he'd rather not make a move without a good opportunity!

Black wildflower, who was struggling internally, didn't notice the deeper meaning in Lin Yi's eyes. She had lost her original sharp senses in her deep thoughts.

"Alright, let's pack up and set off! Our target is Luling city!"

Lin Yi smiled faintly as he got up to pack up the tent. Wu yucao and the others did the same.

A few minutes later, the group of five got on their Black Spirit Ferghana horses and began their journey back to Luling city.

"Be careful, everyone. Although nobody attacked us last night, it doesn't mean that we're safe today. Be alert!"

Lin Yi said from the back of his horse before charging out.

Those Men in Black yesterday should have been han tieyi's backup, and after Lin Yi had taken them out, there shouldn't be any more experts coming after them in the near future, which was why he could be so relaxed last night.

However, other than those on han tieyi's side, there might still be other powers coveting the black illusory crystals. Before they returned to Luling city, they might even be ambushed several times!

Luckily, Lin Yi wasn't too worried. With his Spirit's current recovery, as long as it wasn't a group of Masters above the original level, he wouldn't be in much danger!

As expected, they met a group of fifteen robbers on the way. They were quite arrogant at first, bullying Lin Yi's side because they had fewer people, but there was nothing else other than numbers. There wasn't even a single golden core stage martial artist, so Lin Yi didn't even bother to show up.

Wu yucao had only revealed a little of her strength, and the 15-man team immediately collapsed in fear!

Within the boundaries of Luling city, golden core stage martial artists were already overlords, let alone Wu yucao, who was at the peak of the late golden core stage and was already half a step into the perfected golden core stage!

After this small incident, the journey was much smoother. Perhaps the news had spread, and although they met other groups on the road, they saw Lin Yi's group from afar and ran away immediately. This saved them a lot of trouble!

As for the pursuers on Han Tieshi's side, they didn't appear as Lin Yi had expected. There might be some who had escaped, but their strength wasn't enough to threaten Lin Yi, so they didn't come to ask for trouble!

When they returned to Luling city, before they even entered the city gate, Jin Yuan Bao had already brought his men to welcome them!

"Hahahaha, brother Sima! Zhong da! I didn't expect you to come back so soon! I've already prepared a welcome party for you, let's go!"

Jin Yuan Bao laughed as he ran over to greet Lin Yi, looking like he wanted a big hug.

But she didn't dare do anything rash-she switched to a normal fist salute and hooked her arm around Lin Yi's shoulder!

"Brother Jin, how did you know that I'm coming back? Or does brother Jin wait for me at the city gate every day? This little brother is truly overwhelmed by your favor!"

Lin Yi had a good impression of Yuanbao, and he even joked with him.

"Hahaha, brother Sima, you really know how to joke. I would like to come to the city gate every day and wait for you, but unfortunately, I don't have that much time!"

Jin Yuan Bao was not pretentious at all. He laughed and said, ""The news of brother Sima's return has long reached Luling city. I also heard the news and estimated that it was about time to come over to welcome you!"

"So that's how it is. The news of our return has already been sent back? I didn't expect so many people to be following us!"

Lin Yi's lips curled up into a mocking smile. If it was someone unrelated, who would pay special attention to their whereabouts and send the information back to Luling city?

It seemed like there were quite a few people in Luling city who had designs on them!

"Brother Sima, what's there to talk about those annoying little things? let's hurry and eat! If you have anything to say, let's talk while eating!"

Jin Yuanbao was a natural at getting close to people, and after hanging out with Lin Yi a few times, they were like old friends of over ten years now. He didn't treat Lin Yi as an outsider at all as he put his arm around Lin Yi's shoulder and walked into the city.

Chapter 7212

It was just that Jin Yuanbao was a lot shorter than Lin Yi, and his actions from behind looked extremely funny. Wu yucao and the others were trying their best to hold it in, but Jin Yuanbao himself didn't feel anything at all!

"Brother Sima, you've really done well this time! I really regret not being able to go with you! It's such a pity!"

Jin Yuanbao was speaking from the bottom of his heart-he wasn't trying to flatter Lin Yi."If there's such a good thing next time, brother Sima, you must bring me along!"

"Of course, of course. I can forget anyone but you, brother Jin!"

Lin Yi said with a smile."Brother Jin, what's the news about my little brother? I'm more or less curious!"

"I knew you'd be curious, and I was wondering when you'd ask me! I didn't expect it to be earlier than expected!"

Jin Yuanbao smiled as he took out a thin booklet for Lin Yi."Here are the rumors about you. Although not all the rumors are there, they're more than 95% of them!"

Lin Yi thanked him and flipped the book open.

Jin Yuanbao was a meticulous person, arranging all the rumors in chronological order and covering most of the facts from the moment Lin Yi left Luling city to the assassination attempt on his way back.

However, the truth only accounted for one or two-tenths of the rumors. The rest were just baseless rumors that were made up out of thin air. They dared to make such a big statement in Luling city without any evidence!

No matter what, Lin Yi was now a famous person in Luling city thanks to these rumors!

"It's all nonsense, would anyone really believe it?"

Lin Yi smiled and shook his head, passing the book to black wildflower. "Sister hei ye, come and see, isn't it funny!"

Black wildflower also flipped through a few pages, then smiled and nodded. "It's really funny. I didn't even know that little brother Sima had torn apart hundreds of people at the Yue Xin Inn. You dug out their hearts and lungs and ate them raw ... It's really strange that I wasn't eaten by you!"

Jin Yuan Bao laughed out loud. He knew that the rumors could not be trusted, but there was no smoke without fire. There might be a reason for it. If one out of ten rumors was true, it was worth his time to find out.

However, now was not a good time, so Jin Yuan Bao just made a joke and walked to the banquet with the crowd.

After three rounds of wine, Jin Yuan Bao asked with a casual smile, "Brother Sima, how was the harvest this time? Those rumors say that you've obtained a rare treasure, and the people in Luling city are all hoping that you'll be able to find it. Even if it's to be put up for auction, it'd be good!"

"Hehe ... Brother Jin, you said it's just a rumor. How can you believe a rumor? This time, when we went to the dark green demonic Valley, it could be said that we had a narrow escape. We were lucky to find the task item with great difficulty, but we immediately turned around and fled back. "

Lin Yi smiled. He was on good terms with Jin Yuanbao, but he didn't need to tell him everything. "You also know how many people we had when we went there, but how many have returned? The rest had all fallen in the dark green demonic Valley! And when we got there, we even joined forces with three small teams, but they were all annihilated!"

"Three teams" referred to Bai sanzhu, Wen qiniang, and Huang si-there was nothing wrong with that. It was just that the situation was complicated, and not as simple as Lin Yi made it out to be. Of course, Lin Yi didn't plan on explaining it to Jin Yuanbao in detail.

"So many people died? The dark green demonic Valley was indeed a dangerous place! Brother Sima, it's great that you've returned safely!"

Jin Yuan Bao's face turned serious as he raised his glass to Lin Yi and the others. "So, brother Sima, you've only completed the mission and didn't get any other treasures?"

"It's not that we don't have any at all. There are many herbs in the dark green demonic Valley, and I have collected some good ones. If brother Jin is interested, how about I give you a few?"

Lin Yi's performance was impeccable-it would be weird if he didn't bring any herbs out of the valley!

Of course, Jin Yuan Bao smiled and thanked him. He said no, no. As the young master of the gold yuan bank, he wouldn't care about anything that wasn't a top grade treasure!

He was a smart man, and he could tell that Lin Yi didn't want to talk about the valley anymore. He smiled and changed the topic, talking about everything.

After a short while, everyone had eaten and drunk their fill. Jin Yuan Bao then accompanied them to the martial arts Association to submit their mission.

"Brother Sima, you've completed the mission this time and each of you will be able to obtain quite a few points. What are your plans next?"

Jin Yuan Bao continued to chat with Lin Yi, "My old man wants me to join the sword spring sect. I have enough points, but it's a pity that my talent is a little lacking. It's not very possible for me to become an inner sect disciple. At most, I'll be an outer sect disciple."

"We might be able to enter the sword spring sect. At that time, we can drink and chat together again!"

Lin Yi's original plan was to rebuild his body and leave Luling city to find the path back to Tianjie Island, but he suddenly remembered that his body was extremely fragile right now. Even if he found the path, he might not be able to leave.

In that case, it would be better to find a place to temper his body first. After his new body grew and his primordial spirit was restored, he would find a way to leave the sub-Island.

And the best place to temper one's body was naturally the sect!

At the moment, Luling city happened to have a recommendation to join the sword spring sect, so it was just the right time to join. At the same time, Wu yucao and the others could also enter the sword spring sect to cultivate. Perfect!

"That's good! To be able to become fellow disciples with brother Sima, we'll have company in the future!"

Jin Yuan Bao clapped his hands and laughed, but then he looked a little confused. "But, brother Sima, do you really want to join the sword spring sect?"

"Yeah, what's wrong?"

Lin Yi nodded casually, not paying much attention to Jin Yuan Bao's confusion.

"Oh, it's nothing. I just feel that it's a waste for a genius like brother Sima to join the sword spring sect!"

Jin Yuan Bao laughed and waved his hand without saying anything else. He was actually thinking that the sword spring sect was considered a powerful sect in Luling city and the surrounding cities.

However, this area was a corner of the sub-Island with a lack of resources. Its overall strength was also at the bottom, so the sword spring sect was not worth mentioning in the entire sub-Island.

With the Sima clan's strength, their own disciples would be stronger than the sword spring sect, right? Furthermore, in Hongshang Commandery, there were other sects that were several times stronger than the sword spring sect. Why would Sima Yi seek help from others and come here to join the sword spring sect?

Of course, these thoughts were only fleeting. Who knew, maybe the Sima clan wanted to spread the flowers everywhere and spread their disciples to all the sects?

Chapter 7213

This could be a huge Chess Game Set up by the Sima clan. Jin Yuan Bao decided to pretend that he didn't know anything!

He pretended not to know, but Lin Yi really didn't know. So there was a sect several times stronger than the sword spring sect in Hongshang Commandery!

Of course, he wouldn't care even if he knew. Now, he just needed to find a place to cultivate and temper his body.

Once he left the sub-Island, his true energy level would recover along with the recovery of his primordial spirit level. However, the strength of his body still needed to be slowly tempered to improve.

The sub-Island was the best place to train his body, and it didn't make a difference to Lin Yi whether he was in spring sword sect or not.

Although the level of the consciousness could upgrade the level of the physical body together in the immemorial small world, that was because the physical body and the primordial spirit were related!

But now, Lin Yi's body had completely changed. In the end, he needed to level it up to the same level as before, only then could he level it up with his spirit.

As they spoke, the group of people had already arrived at the warrior's Guild.

With black wildflower around, they didn't have to queue up to submit their missions. They quickly completed the mission submission and received their rewards. Black wildflower turned around and took the others to the exchange area to exchange for recommendation spots.

Black wildflower exchanged for an inner disciple recommendation, while Lin Yi and the others exchanged for an outer disciple recommendation-they didn't have enough points!

He might not be able to get more points even if he continued doing missions, and Lin Yi didn't care if he was an inner or outer sect disciple. He had his own way of training, and he didn't need to rely too much on the sect.

Jin Yuan Bao also exchanged for a recommendation spot for an outer disciple. Since he was already here, he would have to exchange for it sooner or later, so he did it together today.

"Yo! It's such a coincidence to meet you guys again today!"

Lin Yi and the others had just received their recommendation tags when two familiar faces walked in. The one who spoke was Nangong Yimeng, "Young master Sima, do you also want to go to the sword spring sect? Furthermore, he's just an outer sect disciple ... This doesn't match young master Sima's status, does it?"

"I know my identity very well. I don't need young master Nangong to remind me!"

Lin Yi smiled faintly and put away the recommendation. "Could it be that young master Nangong wants to exchange for a recommendation to become an inner disciple?"

Nangong Yimeng's expression changed slightly. His aptitude was average, and even if he had enough points, it was impossible for him to enter the inner sect of the sword spring sect. Instead of wasting this opportunity, it was better for him to be an outer sect disciple.

Lin Yi's words were like a slap to his face, and he felt awkward.

"We're already very happy to be able to become outer sect disciples of the Sword spring sect, but young master Sima is different from us. You're now an absolutely influential figure in Luling city, and your talent is even more heaven-defying. As an inner sect disciple of the sword spring sect, I'm afraid it's not fair to young master Sima, let alone a mere outer sect disciple?"

The other person was naturally Lu Butong. Seeing that Nangong Yimeng was speechless, he could only smile and help.

Lu Butong was just mocking Lin Yi at first, but he didn't mean it, and Nangong Yimeng had an idea!

He recalled Jin Yuan Bao's question-why did Lin Yi want to go to the sword spring sect?

The sword spring sect was only a relatively strong sect in the surrounding area of Luling city. In Hongshang Commandery, it was not worth mentioning, but it was definitely not strong either!

Whether it was the Sima family's strength or Lin Yi's own talent and strength, he could definitely go to the strongest sect in Hongshang Commandery, heavenly will sect, and become an inner sect disciple without a problem!

So ... Why did he come to Luling city to exchange for a recommendation to become an outer sect disciple of the sword spring sect?

At this moment, Nangong Yimeng's suspicion of Lin Yi grew like wild grass in the spring wind, and she couldn't stop it anymore!

Fake!

This brat must be a fake Sima Clansman!

Otherwise, such an inexplicable idiotic incident would not have happened!

"Young city Lord Lu ... Heavenly will sect ..."

Nangong Yimeng quickly pulled Lu Butong's sleeve and whispered into his ear, ""The Sima clan ..."

With just two keywords, Lu Butong understood what Nangong Yimeng meant. He pondered for a while and felt that it was extremely suspicious!

Lin Yi's ears twitched slightly. He didn't need to use his spirit sense. At such a close distance, his ears were sensitive enough to hear Nangong Yimeng's whisper.

What the hell was heavenly will sect? What did it have to do with the Sima clan?

Lin Yi smiled bitterly to himself. He didn't know much about the sub Island. He'd learned a lot from the conversations with Wu yucao and the others, but there would definitely be some omissions. For example, the unknown situation had appeared!

"Do you think this young master cares about what sect I enter? As long as I'm here, it's a top-notch sect. As for whether it's an outer sect disciple or an inner sect disciple, it doesn't matter to me!"

Lin Yi made a decision in an instant. He said arrogantly as he pulled Wu yucao and Ling Hanxue over. "These are companions that this young master acknowledges, so this young master will accompany them as they grow up! Of course, outer sect disciples are not our end! It won't be long before I become a core disciple!"

Lu Butong and Nangong Yimeng weren't the only ones with ugly expressions. Chen Zhisheng was also shocked ...

The two were ready to question Lin Yi about this, but Lin Yi stopped them before they could say anything. They couldn't help but feel frustrated!

And Chen Zhisheng ... Lin Yi dragging Wu yucao was one thing, but why was he dragging Ling Hanxue along?

There was more! They are your recognized partners, but I, Chen Zhisheng, am not? This was simply bullying!

If Lin Yi knew Chen Zhisheng's thoughts, he would feel wronged. He just pulled the two girls closer to him, he didn't mean to target Chen Zhisheng!

What's more, compared to pulling a rough man like Chen Zhisheng, pulling the arms of two beautiful women was obviously more pleasing to the eye!

Lu Butong and Nangong Yimeng looked at each other suspiciously. They felt that Lin Yi wasn't telling the truth, and using Wu yucao and the others as a shield. They were still suspicious of Lin Yi.

After all, Wu yucao and the others were just Lin Yi's followers on the surface-who would give up their future for a follower?

Even if they wanted to be together, wouldn't it be easier to take care of these followers if they became inner disciples than outer disciples?

"So that's how it is. Young master Sima is really ... A wonderful person! Hahaha!"

Lu Butong laughed dryly and felt that there was no need to continue this conversation with Lin Yi. It was better to find another opportunity to investigate this in secret. After exchanging the recommendation with Nangong Yimeng, he cupped his hands at Lin Yi and the others, ""I'll take my leave first. I'll see you again when we enter the sect competition!"

If one wanted to enter the sword spring sect, it was not as simple as getting a recommendation. One still needed to go through an assessment. Only those who passed could enter the sect. This was the sect tournament that Lu Butong had mentioned.

Chapter 7214

The time of the assessment was set to be one month later. During this period, one could move around freely, but one had to appear on the day of the assessment. Otherwise, it would be treated as a forfeit!

After Lu Butong and Nangong Yimeng left, the few of them also left the warrior Union.

Wu yucao lowered her head and blushed. She believed Lin Yi's words and felt that he really did join the sect as an outer disciple to accompany her.

Black wildflower also believed in this. She had seen with her own eyes how Lin Yi went berserk because of Wu yucao's death, killing many golden core cultivators including the young city Lord of Xuanwu city, han tieyi, and bringing Wu yucao to the dark green Valley to revive her!

So it wasn't strange at all for Lin Yi to say that it was for Wu yucao. As for Ling Hanxue, she saw it as an extra, and of course, she didn't rule out the possibility that Lin Yi wanted to take both!

Thinking of this, black wildflower was a little angry. He had almost stripped naked and sent her to his bed, but he didn't eat her!

Could it be that he was much worse than these two little girls? This was simply preposterous!

"Sister hei ye, are you planning to stay in Luling city or return to your warrior Inn?"

After leaving the Guild, Lin Yi turned to black wildflower. "If you're not going back, why don't you stay with us?"

Black wildflower was just thinking about how he was inferior to Wu yucao and Ling Hanxue, so he was naturally not in a good mood. He snorted and said, "I still have to go back and make some arrangements, so we'll part ways here!"

After he finished speaking, he cupped his hands and turned to leave. His decisiveness stunned Wu yucao and the others.

"What's wrong with black wildflower? She should be very happy that she completed the mission and got a recommendation. Why does she look like she's in a bad mood?"

Wu yucao mumbled in a low voice, "'Or is it that she doesn't know how we offended her?"

Lin Yi smiled bitterly. Wu yucao and the others had nothing to do with it, but it was probably because of him, or maybe black wildflower was still thinking about the plant element?

He didn't know that he had guessed wrong this time! Black wildflower was in a bad mood because of Wu yucao and Ling Hanxue. He felt that he couldn't compare to the two of them in Lin Yi's eyes. He must have been blind!

"It's fine. We might have just happened to bump into the few days when she was in a bad mood. Let's ignore her and find a place to settle down first. Then, we'll have a good stroll around Luling city!"

Lin Yi waved his hand with a smile and brought the three of them to find an inn to stay in. There was still a month before the test started, so he had a lot of free time!

In the time that followed, Lin Yi brought the three of them around Luling city, eating, drinking, and having fun everywhere. There were also times where they acted tough and fought.

Originally, Ling Hanxue and Chen Zhisheng were already on the verge of a breakthrough. After a period of nourishment, they had finally advanced smoothly. Wu yucao had also advanced a step further on the path of the perfected golden core realm, almost reaching the level of the perfected golden core realm.

The team's strength had obviously increased, and Lin Yi's body had also improved greatly under the nourishment of the dark spirit beast meat and the internal pill. He was now at the peak of the mid-stage of Foundation.

It was just that the difficulty of continuing the tempering had started to increase. It was no longer possible for him to increase his strength so quickly!

At the same time, Lin Yi's essence spirit didn't make much progress. It only made his essence spirit more stable and condensed, but it couldn't increase in level.

But Lin Yi found that the plant element was very useful, it was very nourishing to the spirit. Once he left the sub Island, it might be even more useful.

On the other side, black wildflower returned after ten days, but she didn't go look for Lin Yi and the others. She found an Inn to stay in.

The experts she brought out were all annihilated, so the strength of the warrior Inn was greatly reduced. After returning this time, black wildflower directly sold the inn. Anyway, her goal was to enter the sword spring sect, so she no longer needed the inn here!

As for her family's orders to make a move, black wildflower suppressed them as well, using the excuse that Lin Yi was acting in a high-profile manner in Luling city, and it wasn't easy to make a move.

Therefore, they had to wait until they entered the sword spring sect before they could make their move. In that kind of closed environment, the Sima clan might not know what happened.

Time passed by in seemingly calm days. Today was the second last day of the one-month period.

The next day, the people who accepted the sect's recommendation in Luling city would be taken away together to participate in the sword spring sect's sect assessment!

However, on this day, a huge event happened in Luling city!

The Nangong family had been robbed!

It was said that the treasure vault had been opened and countless treasures inside had been stolen!

Hence, the entire Luling city was under martial law once again. The people from the city Lord's Manor and the Nangong family joined forces to search the entire city!

This incident was even more serious than the theft of the vault in the high platform fighting arena, so the search was even more intense!

"The Nangong nobles are really unlucky to have their Treasury stolen! I wonder how many treasures we've lost!"

Lin Yi was eating at the delicacies restaurant when he heard the news, and he couldn't help but laugh when he saw the soldiers rushing back and forth.

The Nangong family seemed to be the one behind the fighting arena. The last time their Treasury was stolen, they had already suffered heavy losses. Who would have thought that it would be the Nangong family's internal Treasury this time!

However, Lin Yi was the one who fought in the arena, so they didn't know who the hero was this time.

After Lin Yi had a body, it was almost impossible for him to sneak into the Nangong family and steal from the Treasury without anyone noticing. He was curious about who did this.

"He deserves it! Nangong Yimeng is usually so arrogant, but he's probably going to cry this time, right?"

Ling Hanxue giggled as she threw a piece of meat into her mouth. As she ate, she gloated, ""It'll be fun if he gives up on the recommendation of the sword spring sect tomorrow!"

"That's unlikely. Entering the sword spring sect isn't just Nangong Yimeng's personal matter. It is also related to the Nangong family's power. No matter what, they will not allow Nangong Yimeng to give up!"

Lin Yi shook his head with a smile as he tapped his finger on the table. "However, with such a huge incident happening to the Nangong family, if there's a chance during the assessment, we should eliminate Nangong Yimeng. Perhaps that would be considered helping him?"

"Not bad, not bad. Let's do it this way!"

Ling Hanxue laughed out loud. She felt that this matter was extremely interesting, and the possibility of success was very high.

Not to mention Wu yucao, Ling Hanxue and Chen Zhisheng's strength alone was already at the top of the foundation building realm. It would not be a problem for them to suppress Nangong Yimeng.

Plus, Lin Yi would be there too-even golden core cultivators would be wiped out, let alone Foundation cultivators!

"You guys should stop talking! Someone's house was robbed, and you're still here saying you want to eliminate him. Isn't that too unkind?"

Wu yucao interrupted Lin Yi and Ling Hanxue's conversation with a smile and looked at the street outside. "The commotion this time is huge. I don't know if the innocent will be implicated!"

Many readers are asking for the baby fish's personal contact information, so let's announce it. The username is Yuren830819, and you can read the baby fish's daily movements.

Chapter 7215

Whenever such a major event happened, many people in Luling city would be captured. As the saying went, it was better to kill the wrong person than to let him go. Wu yucao had long been used to this.

For example, the case of the vault theft at the high platform fighting arena. Although it was left unsettled in the end, many people in Luling city were also arrested!

Some people were able to see the light of day again later on, while some people disappeared from the world, and no one ever saw them again.

"In any case, we won't be implicated, so let them be!"

Chen Zhisheng snorted and took the initiative to speak, ""When we set off for the sword spring sect tomorrow, we will have nothing to do with the Nangong nobles turning Luling city upside down!"

"You might not even be able to enter the sword spring sect. Do you think the assessment is fake?"

Ling Hanxue liked to tease Chen Zhisheng now. She knew what Chen Zhisheng was thinking, but unfortunately, she did not want to accept it. Hence, she would hit him from time to time."You might even be eliminated. When you return to Luling city, you'll be used as a punching bag by the Nangong family!"

"Little Xue, you're getting more and more unreliable!"

Wu yucao glared at Ling Hanxue, but she did not really blame her." "Zhisheng's strength is already at the top level among the foundation establishment stage. It's not a big problem for him to pass the assessment. How could he be eliminated? If he was eliminated, you probably wouldn't have run away either!"

Ling Hanxue stuck out her tongue and didn't argue with Wu yucao. She turned to Lin Yi and changed the topic, quickly forgetting about it.

After they finished eating, Lin Yi brought the three for a walk around the restaurant. It was already dark outside, so they returned to the inn.

Lin Yi noticed that there were a lot of unrelated people outside the inn-the old man selling pancakes, the scholar selling calligraphy, the old lady selling eggs, etc ...

These people usually didn't appear in the vicinity, since the inn Lin Yi chose was on the high end, and it was in a busy area. Stalls like this weren't allowed on either side of the street.

But today, all kinds of small vendors appeared! It would be a ghost if he said he was fine!

"Zhong da, these people seem to be staring at us!"

Ling Hanxue noticed that something was wrong as well. She leaned closer to Lin Yi and whispered, "Look, they're pretending that they're not watching us, but they're stealing glances at us from time to time. There must be something wrong!"

"Xiaoxue, don't be meddlesome!"

Wu yucao saw the problem as well, but since Lin Yi didn't say anything, she wouldn't comment, "It's normal for people to spread their net and investigate when something happens to the Nangong nobles. We just need to take care of ourselves!"

Lin Yi nodded slightly. He felt that something was off, but he didn't care too much about it. After all, he had nothing to do with the theft of the Nangong family.

In Luling city, the Nangong family probably wouldn't dare to openly go against a Sima Clansman like him, right?

Lin Yi ignored the eyes outside the inn and brought the three back to the inn, "All of you should rest well! We'll be setting off for the assessment tomorrow. Only by resting will we be able to display our strength!"

"I know, I know. You should go and rest too!"

Ling Hanxue waved her hand impatiently and mumbled, ""You're getting more and more naggy ... Like an old lady!"

Lin Yi couldn't help but smile. He couldn't be bothered to argue with Ling Hanxue. He waved his hand and went into his room.

Lin Yi had just closed the door when he saw a rectangular box the size of Three Palms appear at the head of the bed out of thin air.

What was that? Why did he suddenly appear at the head of the bed?

Lin Yi was very surprised-he was sure that the box had just appeared. It wasn't even there when he entered, but it appeared the moment he closed the door!

With the strength of his current divine sense, he actually could not discover the trajectory of the box's appearance. It was simply inconceivable!

Lin Yi's body flashed and he appeared beside the bed, grabbing the box. The Jade space didn't alert him, which meant that the box itself wasn't a threat!

He flipped through the box-it wasn't made of gold or Jade, but the material was quite tough. There was a lock on it, though, so Lin Yi didn't need to use force to break it open.

Lin Yi opened the box and saw a white jade book inside. A shadow appeared on the first page, and the most eye-catching thing was a blinking red dot with the words "Luling city" on the side.

GPS?

Lin Yi immediately understood what he was holding-it was a map of the sub Island just by looking at the terrain around Luling city. It was only the first page, too, and there should be more names as he continued.

Of course, the sub-Island didn't have a GPS positioning system. The technology of the center here was not so developed, so this white jade book was obviously a treasure produced in the sub-Island!

Geographical mapping!

Lin Yi remembered that Jin Yuan Bao mentioned that the Nangong family had a treasure like this-it detailed all the locations and terrains of the sub Island, including some nameless valleys. He'd wanted to use this map to find the Azure sky Valley before.

Now that he had found the blue sky Valley, he did not expect the map of the Nangong family to fall from the sky and land on his bed!

The sound of hurried footsteps suddenly came from the corridor outside. Although these footsteps had been reduced to a minimum, because there were too many people, it was still very obvious.

Lin Yi raised an eyebrow as he realized what the footsteps meant.

She was trying to frame him!

Why would the precious geographical map of the Nangong nobles suddenly appear in his room? And she had even calculated when he would return to his room?

It was so that Lin Yi wouldn't have any time to react!

Luling city had just been robbed of the Nangong family's Treasury, and the entire city was on high alert. If they found out that the map was in Lin Yi's hands, what could they do?

Yellow mud falling to the crotch, even if it wasn't shit, it was still shit!

Then, he connected it to the many ridiculous vendors in disguise outside the inn. The whole matter was basically clear!

The Nangong family didn't have any theft at all-this was a thief calling for a thief trick! The purpose was to blow up the situation and frame Lin Yi, leaving him no chance of turning the tables!

The enemy's plan was almost perfect in terms of timing. Lin Yi was sure that even if he opened the window and threw the map out, there would be someone watching him from outside!

As long as he entered his room, no matter where he went out, he would definitely be intercepted. As for the geographical map, he could not even think about sending it away or hiding it!

Unfortunately, the designer didn't know that Lin Yi had a treasure like the Jade space!

Why did the geographical map system have to be thrown out? Naturally, Lin Yi had to accept a gift that came right to his doorstep!

Lin Yi smiled coldly as he put away the map. It was good stuff, he could study it when he had time.

Chapter 7216

After closing the box and sending it into the Jade space, Lin Yi's room door was kicked open violently, and a dozen people rushed in.

"Who are you people? What's your intention in barging into my room? Could it be that the public security in Luling city has already deteriorated to such a state?"

Lin Yi ignored the door as he flicked his sleeves and sat down beside the coffee table, pouring himself a glass of cold water. "Tell me, do you want to Rob me or kidnap me? I'm free, so I don't mind playing with you. "

"Young master Sima, right? I am the commander of Luling city's city guards. I have received a report that the main culprit of the Nangong family's theft is here, so please forgive me if I have offended you in any way!"

The leader was a brawny man in armor and a full beard. He looked very powerful!

Moreover, the other party's strength had also reached the peak of the early golden core stage. He could be considered a pretty good expert. However, he was only an expert within the scope of Luling city!

"When did a theft in Luling city become the responsibility of the city guards? Isn't it something like a patrol team?"

Lin Yi looked at the bearded commander from the corner of his eyes and laughed coldly inside. "I can't be bothered with your internal affairs. I just want to know who told you that the main culprit of the theft is with me, or do you think I'm the main culprit?"

Lin Yi's eyes turned sharp at the last sentence, displaying the pride of a noble young master!

It was easy for people to sense that if you dare to offend me, I will kill you!

Before Lin Yi could finish his sentence, Wu yucao and the other two heard the commotion and rushed over. They forcefully separated the city guards and stood on both sides of Lin Yi, staring at the city guards with hostility, as if they were going to draw their swords at the slightest disagreement.

The big-bearded commander felt that he had lost all face. He had many more subordinates than the other party, but he couldn't even stop them. It was really embarrassing.

"Young lord Sima, I only need to search after receiving the tip-off. As for whether it's true or not, I'll find out after I'm done searching. If I've offended you in any way, I'll apologize to you when the time comes."

The big-bearded commander's attitude softened a little, but he still insisted, ""Now, let this official's brothers search! It's also good to quickly restore young master Sima's innocence!"

"Who would dare!"

"Stop!" Wu yucao shouted in a low voice. Her sharp eyes swept over the city guard soldiers who were ready to make a move. Her fierce aura actually made the soldiers feel a chill in their hearts, and they immediately stopped in their tracks.

"What's wrong? Do you want to resist the law? Young master Sima, I advise you to cooperate!"

The bearded commander was very dissatisfied with his subordinates. They were even afraid of a woman. He would deal with them when they returned!

"This so-called commander, you don't have any evidence, yet you rushed in and said you wanted to search this young master's room. Who Do You Think You Are? How dare you speak to this young master like this?"

Lin Yi smacked the table, his face cold. "If this young lord lets you search, will any random cat or dog be able to enter this young Lord's room and search?"

The bearded commander was immediately at a loss for words. This matter was indeed somewhat inexcusable.

However, this time, they were 90-no, it should be said that they were 100-percent sure. They would definitely be able to find evidence, so there was no problem with their tough attitude.

The more Lin Yi resisted, the more guilty he felt!

Therefore, the big-bearded commander muttered to himself for a moment, then said decisively, ""I'm sorry, young master Sima. No matter what, I will search your room today! I'm sorry to offend!"

After he finished, he waved his hand and shouted, ""Search!"

The city guards behind the bearded commander agreed and raised their weapons, ready to press forward.

Wu yucao's scimitar was unsheathed, and a flash of light as clear as autumn water appeared, drawing a straight line under the feet of the person at the front of the city guard.

"Those who cross the line will die! If you don't believe me, you can come up and try!"

Wu yucao's expression was extremely cold, and the killing intent in her eyes was undisguisable. "A bunch of useless chickens and dogs dare to force my young master?!"

The bearded commander's face turned ashen. As the saying went, one could tell whether an expert was good or not once they made a move. The strength displayed by Wu yucao's simple blade was definitely at the level of crushing.

Not to mention the city guard soldiers under his command, even he, the commander, would not be able to take such a simple knife!

"This is Luling city. Do you think that you can do whatever you want just because you are strong enough?"

The big-bearded commander raised his hand and temporarily stopped his Men's Advance. The soldiers immediately heaved a sigh of relief. None of them wanted to go forward and die when facing an expert at the level of Wu yucao.

"Don't think that you can do whatever you want in Luling city!"

Wu yucao sneered and retorted, not giving in an inch. "Who's the one being aggressive now? Don't tell me we don't even have the right to retaliate in self-defense?"

"Why are you talking so much nonsense with them? if they dare to take even half a step forward today, we'll just kill them!"

Ling Hanxue took half a step back and pulled the string of her high-quality bow. She nocked three arrows on the string and aimed them at the three city guard soldiers.

The big-bearded commander was in a dilemma!

He clearly had full confidence that he could grab hold of the other party's weakness, but his strength was not enough and he could not do anything to the opponent at all. What should he do?

"Come here and send the signal ..."

The bearded commander pulled one of his trusted men over and whispered some orders into his ear. Lin Yi could hear it clearly-the commander felt that he couldn't handle Wu yucao and the others, so he went to find reinforcements.

The reinforcements arrived very quickly. Both sides only stood at a stalemate for a few minutes before more people rushed over to assist Lu Butong, the young city Lord of Luling city, and Nangong Yimeng of the Nangong nobles!

Lin Yi laughed coldly to himself-these two idiots were the ones behind all this!

Of course, this matter was obvious. The only person who could make the Nangong nobles put on an act was a direct descendant like Nangong Yimeng. And the only person who could mobilize the city guards was Lu Butong, the young city Lord of Luling city!

"Aiya, isn't this brother Sima? what's going on? Nangong Yimeng and I happened to be nearby and heard that there was something going on here, so we came to take a look. I didn't expect it to be brother Sima in person!"

Lu Butong laughed as if he didn't know what had happened. He turned to the bearded commander and asked, ""What are you guys doing? Why are they surrounding brother Sima?"

"Young city Lord, we received a tip that the main culprit of the Nangong family's theft was here. As such, I brought my brothers here to search and collect evidence. We never thought that it would be young master Sima."

The bearded commander bowed and cupped his fists, putting on an act with Lu Butong, ""Young master Sima probably feels that we have offended him, so no matter what he says, he won't allow us to search his room. This subordinate is in a difficult position!"

Chapter 7217

"Nonsense! Searching for suspects, how could it be related to brother Sima? Are you all useless?"

Lu Butong was enraged and yelled at the city guards before turning to Lin Yi with a smile. "Brother Sima, this is most likely a misunderstanding. Don't take it to heart!"

Lin Yi laughed coldly to himself as he wanted to see how Lu Butong was going to continue his act. "Since it's a misunderstanding, it's fine to explain it clearly. For the sake of young city Lord Lu, this young master will not argue with them. Let them all disperse!"

"Hold on!"

Nangong Yimeng raised her hand and smiled. "Brother Sima, this matter has already come to this. If we stop now, I'm afraid it won't be good for brother Sima's reputation!" Furthermore, our Nangong nobles were the ones who were robbed this time. It's only right for me to step out and verify the rumors. Don't you agree, brother Sima?"

"Brother Nangong, if you have something to say, please speak your mind. There's no need to beat around the bush!"

Lin Yi's lips curled up in a mocking smile. "Brother Nangong, do you think that we won't stop until we search the place today?"

"You can't say that. I'm just being responsible for brother Sima. If we can't prove that the rumors are wrong, wouldn't everyone in Luling city think that brother Sima is the mastermind behind the theft of our Nangong clan?"

Nangong Yimeng smiled and clapped her hands with confidence. "So, brother Sima, you don't have to insist anymore. It's just a search. Those who are innocent will be innocent, and those who are tainted will be tainted. Young city Lord Lu, don't you think so?"

"What Nangong said does make some sense. Although I feel that doing this would offend brother Sima, it seems necessary to prove brother Sima's innocence!"

Lu Butong nodded. He and Nangong Yimeng were supposed to sing and sing at the same time, so they spoke together so that Lin Yi wouldn't be able to reject them!

If it wasn't for the presence of Wu yucao, an expert close to the perfected golden core realm, they wouldn't have needed to say so much nonsense and would have directly used force. After all, they had full confidence in finding evidence!

Speaking of which, Wu yucao's strength was indeed unexpected. They knew that Wu yucao hadn't even reached the perfected Foundation establishment realm. They didn't expect her to cross a large realm after just one trip. It was simply unbelievable!

"Aiyo, why is it so lively here today! What show are you putting on?"

Before Lin Yi could say anything, Jin Yuanbao's voice came from outside the door. Lin Yi didn't know why the kid was here, and even suspected that Jin Yuanbao was involved in this.

However, judging from the relationship between Jin Yuan Bao, Lu Butong, and Nangong Yimeng, the possibility of them being involved was relatively small. It was more likely that they met by chance.

"Brother Sima, what's going on? Who are you trying to scare with such a big formation?"

Jin Yuanbao pushed the city guards aside with his two guards and swaggered in, standing beside Lin Yi. "Brother, you're not a pushover in Luling city. Whoever wants to bully us with numbers, you can try!"

At the end of his sentence, Jin Yuan Bao sneered and kept glancing at Lu Butong and Nangong Yimeng.

Lu Butong and Nangong Yimeng felt a headache coming on, why was this fatty everywhere? He was just about to force Lin Yi to agree when he showed up!

In terms of strength, the gold yuan bank was only on par with the Nangong nobles and the city Lord's mansion. However, the gold yuan bank was rich!

The combined wealth of the two of them was not as strong as the gold yuan bank, so Jin Yuan Bao had the confidence!

There were many unaffiliated martial artists in Luling city. As long as one was willing to spend money and post a mission at the martial arts Association, they could gather a large number of martial artists in minutes. Thus, in terms of numbers, the gold yuan bank was not afraid of anyone!

He was rich! There was someone!

"Jin Yuan Bao, what are you doing here? We are investigating the Nangong family's theft case today. Could it be that you have something to do with this?"

Nangong Yimeng frowned and looked at Jin Yuan Bao impatiently. ""Do you think that the gold yuan bank and the Nangong nobles are at peace, so you want to start a war?"

If the Nangong family's treasure vault theft case was really related to the gold yuan bank, then the two families would be in a situation where they would fight to the death!

At that time, the entire Luling city would be involved, and the Allies of both sides would not sit by and watch. If they fought, it would be hard to say what Luling city would become.

Now that all parties had exercised restraint, the balance could be maintained, and the treasure vault theft case would definitely be the fuse that would break the balance.

Even though the Nangong nobles knew that this was a farce directed by themselves, they had no choice but to do it for the sake of their reputation if the gold yuan bank was involved!

Jin Yuan Bao was not an idiot, he naturally understood the severity of this matter. He immediately yawned and said, "I just can't stand your face, Nangong Yimeng. What does it have to do with your family's treasure vault? Besides, how could you call it a treasure vault with that little junk in your house? I'm afraid that your family has never seen what a real treasure house is like, right?"

The corner of Nangong Yimeng's mouth twitched, and she felt extremely sullen. However, she had no way to refute. If the Nangong family was a millionaire, then the gold yuan bank was a billionaire. They were simply not on the same level.

Therefore, Nangong Yimeng could only pinch her nose and accept Jin Yuanbao's words. However, her Target today was Lin Yi, so she couldn't let this go!

"Jin Yuan Bao, I don't have time to waste with you today. Brother Sima has been reported. There is a treasure of our Nangong clan here, so no matter what, we have to search him to prove his innocence. If you don't want to get involved, you'd better move aside!"

Nangong Yimeng didn't want to continue talking nonsense, so she immediately tore off her disguise. ""Brother Sima, while this young master is talking, you better cooperate obediently. Otherwise, I'm afraid you won't be able to walk out of Luling city! Don't think that you can do whatever you want just because you have a jiedan stage expert, this young master is not without experts!"

With the Nangong family's background, it wasn't impossible for them to have one or two martial artists at the peak of the Golden core realm or even the nascent soul realm as their servants. That was why Nangong Yimeng had the confidence to fight Lin Yi head-on.

"Nangong Yimeng, don't be too arrogant. Do you really think that I'm afraid of you? Hey! With my short temper, I don't believe that I'll be able to do it today!"

Jin Yuanbao wasn't scared at all. He rolled up his sleeves and was about to fight Lin Yi himself when Lin Yi stopped him!

"Brother Jin, thank you for speaking up for me, but there's no need to waste your breath on this kind of people. If they want to search, then so be it. I don't care!"

Lin Yi shrugged, a meaningful smile on his lips. "But let's be blunt. Young city Lord Lu, brother Nangong, if the search is fruitless, won't you give me an explanation?"

Chapter 7218

"What kind of explanation do you want?"

Nangong Yimeng was taken aback. He never considered the possibility that he couldn't find any evidence, so he never thought about the need to give Lin Yi an explanation.

"You brought people to search this young master's room and made everyone in Luling city doubt this young master's integrity. Don't you need an explanation?"

"Or do you think that I'm a pushover?" Lin Yi narrowed his eyes and laughed coldly.

Lu Butong and Nangong Yimeng felt a chill in their hearts as they were shocked by Lin Yi's sharp gaze. They hesitated for a moment!

If his guess was wrong and this was really a member of the Sima clan, wouldn't he be finished if he offended him too much?

"Haha, of course not! How could we have such thoughts? brother Sima, you're mistaken!"

Lu Butong looked up to the sky and laughed. He cupped his fists and said, ""If it is proven that the rumors are wrong, let's set up a table at the delicacy Pavilion and apologize to brother Sima. How about it?"

"Woof! A table at the delicacies Pavilion? Why haven't we eaten at the delicacies Pavilion before? Young city Lord Lu is underestimating brother Sima!"

Jin Yuan Bao cut in and raised his hand, wagging his chubby index finger in disdain. "Since you want to apologize, then do something practical! In this young master's opinion, what is the most practical? Of course it's the gold certificates!"

"Jin Yuan Bao, why are you so nosy? Is our relationship with brother Sima in your way again?"

Nangong Yimeng was displeased and could not help but berate Jin Yuan Bao, ""You think you're the only one with gold certificates? Do you want to have a bet with this young master?"

"No problem! I'm so poor that I only have gold certificates left. I don't have anything else to bet on, but I'll bet as many gold certificates as I want! Since you want to give brother Sima an explanation, it's meaningless if it's too little. However, I don't think you can take out too much either. A hundred thousand! Do you dare to?"

Jin Yuan Bao patted his chest and laughed heroically, ""If you can't take out 100000, I won't force you. You can have as much as you want, even including the copper coins in your pocket."

Nangong Yimeng's expression turned ugly. Although he usually had a lot of pocket money, it was impossible for him to take out such a large sum of money.

But thinking that Lin Yi's room would definitely have their own geographical map, this bet was a sure-win business, and his heart burned with passion!

A hundred thousand!

With this amount of money, he could even buy a few pieces of top-tier equipment!

However, Nangong Yimeng didn't have the money. If Jin Yuan Bao wanted to see the bet on the spot, it would be difficult. Therefore, he glanced at Lu Butong before he agreed.

Lu Butong nodded vaguely. He had the same thought, and he knew that Nangong Yimeng didn't have that much money. Therefore, he expressed that he would join forces with Nangong Yimeng!

When they won the bet, it would also be a huge sum of money!

"Why not? This young master will bet with you!"

With Lu Butong's support, Nangong Yimeng immediately made a decision,""As long as the search doesn't find anything, this young master will use gold certificates to pay one hundred thousand to Sima Yi! Take it as an apology for today's incident. If you find anything, you, Jin Yuan Bao, will lose 100000 Yuan to this young master. Is that right?"

"That's right, that's what he said!"

"I'm not sure if you can take out 100000 Yuan." Jin Yuan Bao nodded in satisfaction."Since you want to make a bet, show me the capital first!"

Nangong Yimeng thought,"as expected. Luckily, I have a tacit understanding with Lu Butong. Otherwise, I'll make a fool of myself in this round!"

"If you want to take it out, then take it out. You first!"

Nangong Yimeng exclaimed and quickly gave Lu Butong a look. The two of them quickly completed the exchange behind them. Feeling the thick stack of gold coins in their hands, Nangong Yimeng immediately relaxed.

"It's just a hundred thousand, what's the big deal? This young master will go first!"

Jin Yuan Bao pursed his lips and slapped a stack of gold certificates on the coffee table. "Do you want to order? A hundred thousand!"

"There's no need to count, I can still trust you on this!"

Nangong Yimeng pretended to be generous and placed a stack of gold certificates next to Jin Yuan Bao's. "A hundred thousand! Do you want to count?"

Jin Yuan Bao chuckled and did not bother to waste his breath on Nangong Yimeng.

"Brother Jin, you have so much confidence in me? What if they really find some evidence?"

Lin Yi looked at Jin Yuanbao curiously-a hundred thousand was no small amount!

Although the bank was rich, Jin Yuanbao wasn't the owner of the bank yet. He couldn't use the money as he pleased, so he supported Lin Yi without asking for the reason. Lin Yi was very touched.

"Brother Sima, I know very well what kind of person you are! How could you possibly be interested in those lousy things of the Nangong family? even if they were to offer them to you, I'm afraid you wouldn't care! If they really found any evidence, without a doubt, it would be a set-up!"

Jin Yuan Bao casually waved his hand, but what he said made Lu Butong and Nangong Yimeng's faces turn black ...

Why didn't Jin Yuan Bao have this ability to tell the truth before?

Lin Yi chuckled to himself, but he was laughing at the fact that Jin Yuanbao was wrong about one thing-the Nangong family's treasure really did catch his eye!

The geographical map was delivered to his door, and he really wanted it. Therefore, he kept it in the Jade space as soon as possible. This time, he was going to make the Nangong family suffer a double loss!

"Are you done? We'll start the search as soon as we're done!"

Nangong Yimeng couldn't keep a straight face, so she urged him and changed the topic,""This is a small place. We'll be able to search it very quickly. We'll also know the truth immediately!"

"Let's search!"

Lin Yi smiled and waved his hand casually. Everything in the room was provided by the inn, and Lin Yi kept his own stuff in the Jade space.

As for the commonly used items, they were kept in the storage bags used for concealment, so it was impossible for them to find anything!

Upon receiving the order, the city guards immediately went forward and rummaged through the cabinets. Unfortunately, they found nothing, and Nangong Yimeng's face immediately turned pale!

The geographical map was the Nangong family's treasure. Usually, even a direct descendant like him didn't have the right to look at it. If it was lost this time, then he would be guilty of a great crime!

"Hahaha, Nangong Yimeng, what else do you have to say? Now that it has been proven that brother Sima is not the criminal of your Nangong clan's theft case, I will kindly accept these gold certificates on behalf of brother Sima!"

Jin Yuan Bao was overjoyed. He didn't care about the 100000 gold certificates. As long as he could see his enemy suffer, he didn't mind taking his 100000 gold certificates!

"Jin Yuan Bao, why are you in such a hurry? It was too early to make a conclusion! Just because it's not in the room, it doesn't mean that brother Sima doesn't have it on him!"

Nangong Yimeng gritted his teeth and was prepared to completely shed all pretense of cordiality. ""Brother Sima's background is extraordinary. I'm sure you must have a storage treasure on you, right? Why don't you take it out and let us see it? we can also see what kind of treasures brother Sima has on him!"

Chapter 7219

"Ha ... Nangong Yimeng, don't go too far! You must know when to stop. I let you search my room, and now you want to search my body? Do you really think I'm easy to bully?"

Lin Yi raised his head with a smile, but there wasn't a hint of a smile in his eyes-only cold killing intent. "When an ordinary man is angry, he will bleed for five steps! I'm not an ordinary man, but I'm afraid that you, Nangong Yimeng, won't be able to bear my anger so easily!"

"Young master Sima! I've already searched your room, why would I care about your personal belongings? If there's anything that can't be seen ... Then this young master wants to see it even more! Why? Are you afraid?"

Nangong Yimeng's heart calmed down. From Lin Yi's reaction, the map was most likely in his storage bag!

He'd only heard about it before, and wasn't sure if Lin Yi really did have a storage bag, but he was sure now!

To be honest, Nangong Yimeng was quite envious of this. She was thinking if she could get the storage bag after killing Lin Yi ...

However, because Lu Butong was with them, it was more difficult to distribute them. They might even have to pay a lot of benefits to get them!

If Lu Butong wanted it too, it would not be something that could be settled with some benefits!

Nangong Yimeng didn't forget to mock Lin Yi as the thoughts spun in her mind, "There's no point in being afraid. A body search is a must. If you really want to resist, then don't blame this young master for being impolite!"

After saying that, he even reached out and patted the two stacks of gold certificates on the coffee table. The meaning was obvious-these were going to be his!

"Heh...I almost forgot about your gold certificates. Of course, you have to apologize to me with these gold certificates. Therefore, they will be mine sooner or later!"

Lin Yi laughed nonchalantly, "Since you want to see what I have, I'll let you see it!"

With that, Lin Yi took out the storage bag and opened it, throwing everything out.

It was originally a storage bag used for concealment, so there was definitely nothing good in it. In Nangong Yimeng's eyes, her face turned even paler!

What about the geographical map system? Where did it go?

Nangong Yimeng could only feel his head buzzing. That was his family's treasure! If he lost it, how was he going to report back?

Lu Butong's face was also extremely ugly. Although he did not take out any treasures, he was about to lose a large amount of gold certificates without the geographical map!

This wasn't the most important thing. The most important thing was that he had mobilized the city guards. If the matter was settled, everything would be fine. But if it wasn't settled, the consequences would be more serious!

Especially since they had offended Sima Yi and the Sima clan behind him. Could a mere Deer Ridge city Lord's residence withstand the wrath of the Sima clan?

"Brother Sima, I've never seen a treasure like a storage bag before. I wonder if I can take a look?"

Lu Butong was panicking, but he had to maintain a calm smile on his face as he reached out for the storage bag.

He said he wanted to see, but in fact, he wanted to personally make sure that nothing was left inside.

"Young city Lord Lu, you can take a look if you want, but it's not anything good, so please feel free to take a look!"

Lin Yi didn't care at all as he threw the storage bag over!

Lu Butong caught it carefully, afraid that he'd break it. Where was he supposed to get a storage bag if Lin Yi wanted him to pay?

"It's indeed a magical treasure. Only an outstanding person like brother Sima is worthy of having it!"

Lu Butong checked the bag and made sure that there was nothing in it. He pinched his nose and complimented Lin Yi a little before returning the bag.

"Brother Sima, please forgive this little brother's rudeness, but I would like to check if there is anything else on brother Sima's body!"

Nangong Yimeng was now a gambler who had lost so much that his eyes were red. He was determined to make a last bet, and when he made such a request, even Lu Butong, who was an ally, had a slight change in expression.

Everyone was a descendant of an influential family, and the Sima family was many times more respected than the influential family of Luling city, which was in the corner of the city. This was simply a slap in the face!

"Nangong Yimeng! Stop daydreaming! What is brother Sima's identity? Even if your family head, Nangong Zimo, was here, he might not dare to say that he wanted to search brother Sima's body! Who Do You Think You Are?"

Jin Yuan Bao immediately exploded and nearly jumped three feet high. He pointed at Nangong Yimeng's nose and cursed!

Nangong Yimeng had no other choice. He was in a difficult position, and he couldn't just say that the geographical map was gone!

The only possible leads were Lin Yi and Wu yucao!

Even though the chances were slim, Nangong Yimeng had to make a final struggle!

"Jin Yuan Bao, this is none of your business. Get lost!"

Nangong Yimeng's face was slightly hideous as she glared at Jin Yuan Bao. "Today's matter is not something you, Jin Yuan Bao, can casually interfere with. If you really anger this young master, at worst, we'll fight to the death!"

"Brother Jin, don't worry. It won't be that easy for him to search my body!"

Lin Yi raised his hand with a cold smile, stopping Jin Yuan Bao from continuing to insult Nangong Yimeng. "Nangong Yimeng, I can tell that you won't stop until you search my body. Fine! Let's search! However, if you want to search this young Noble's body, you must pay a price!

Jin Yuan Bao's mind was filled with good fortune. Without waiting for Nangong Yimeng to speak, he slapped another stack of gold certificates on the coffee table. "That's right, do you think brother Sima can be searched just because you say so? I'll add another hundred thousand! Bet that brother Sima has nothing on him. Nangong Yimeng, do you dare to do it?"

Nangong Yimeng wanted to bite Jin Yuan Bao to death. The gold certificates he had just given Lu Butong were the maximum bet he could put together. Another 100000? Where did it come from?

But if they didn't bet, it seemed impossible to search Lin Yi's body today. After all, the other side still had a master like Wu yucao, and there was no hope of forcing it on him.

"What's there to be afraid of? Let's bet!"

Nangong Yimeng was ready to risk everything. Since the geographical map was definitely in this room, he had to find it today no matter what!

"Good! Young city Lord Lu, come and be a witness with this young master. Now, you can come and search this young master's body!"

Lin Yi made the decision immediately. His eyes were filled with mockery as he opened his arms, signaling for Nangong Yimeng to search him.

Nangong Yimeng had a strong feeling that something was wrong, but since the arrow was already on the bow, he had no choice but to step forward and search Lin Yi's body.

There was nothing!

Why was it like this?

Nangong Yimeng's face was pale, but he was still unwilling to admit defeat. ""And the three of them! Search the three of them as well!"

"You try!"

Wu yucao's eyes were filled with killing intent. She was now a top expert among the Golden core stage cultivators, so how could she let a stinky man like Nangong Yimeng touch her all over?

Chapter 7220

As long as Nangong Yimeng dared to extend his hand, Wu yucao's scimitar would dare to cut off his hand!

"Enough! Nangong ... Please stop!"

Lu Butong shouted in a low voice with an expressionless face and shook his head at Nangong Yimeng!

Nangong Yimeng suddenly came to a realization. What Lu Butong meant was that the geographical map was definitely not with Wu yucao and the other two. He must have lost his mind to have forgotten about this.

He had sent the map into Lin Yi's room at the right time, and Wu yucao and the other two only came later to confront the city guards. There was no way they could have hidden the map!

If Nangong Yimeng insisted on searching the bodies of Wu yucao and the other two, he would only embarrass himself in the end. Furthermore, there was a high chance that Wu yucao and the others would turn hostile and attack him!

No one present could suppress Wu yucao, so Lu Butong definitely didn't want to provoke Wu yucao and put himself in danger.

"Then ... We won't search anymore!"

Nangong Yimeng's feet were floating, and she felt like she was unable to support her body. "Brother Sima, it's all a misunderstanding today. Please forgive me if I've offended you in any way!"

Since it was impossible, Nangong Yimeng could only grit his teeth and admit defeat. His mind was in a mess, and he really didn't know what to do!

"Hahahaha! Nangong Yimeng, what did this young master say? Brother Sima is definitely innocent! You just don't believe it. You're dumbfounded now, right? Hahahaha!"

Jin Yuan Bao laughed and slammed the coffee table, ""If you agree to a bet, you must accept your loss. Take out the remaining 100000!"

At the same time, Jin Yuanbao had already kept his 200000 Yuan capital and stuffed the 100000 Gold Note Nangong Yimeng had left on the coffee table into Lin Yi's hands, "Brother Sima, this is Nangong Yimeng's explanation for you. Take it, and the rest is mine!"

"Then this young master won't be polite!"

Lin Yi's lips curled up, and he didn't reject it. He smiled awkwardly as he patted the gold ticket in his palm. "Young master Nangong is really a child of wealth. With your support, this young master can finally collect some good things!"

The corner of Nangong Yimeng's mouth twitched. She turned around and was about to leave the room, but Jin Yuan Bao pulled her back. "Eh, eh, eh, Nangong Yimeng, why did you leave? Come back! You want to leave without even settling the bet? Do you want to renege on your debt in front of so many people? Hurry up and honor the bet!"

Cash, my ass!

Nangong Yimeng didn't even have a Gold Voucher on her, so was she going to take out silver, copper, or even iron vouchers to embarrass herself?

"Gold ingot, this young master has never reneged on a debt. I'll owe you first, and I'll send it to you later!"

Nangong Yimeng's face turned red, feeling extremely embarrassed!

If word of this got out, would he, Nangong Yimeng, still have the face to stay in Luling city?

Fortunately, they were leaving for the sword spring sect tomorrow. By the time they returned, this matter should have been settled, right?

When Jin Yuan Bao saw Nangong Yimeng walking out quickly without even turning his head, he simply strode forward and pulled Nangong Yimeng's shoulder back!

"Jin Yuan Bao, what are you doing?"

Nangong Yimeng couldn't help but turn around and looked a little angry from embarrassment. "I said I'll send it to you later, what else do you want?"

"Nangong Yimeng, what are you shouting for? You think it's great that you owe money, right?"

Jin Yuan Bao retorted rudely, then revealed a smirk. ""You said that you'd send it to this young master later. Now that you've returned, hurry up and honor it!"

Nangong Yimeng nearly fainted from anger. Was this considered turning back? F * ck ... It seemed like he really turned around ...

"Jin Yuan Bao, don't be so unreasonable. Nangong said he won't go back on his word, so he won 't. Don't you believe me?"

Lu Butong couldn't stand it anymore, so he had to be the peacemaker, ""After all, brother Sima and I are the witnesses of your bet ..."

"Alright! With you, young city governor Lu, vouching for me, I, Jin Yuan Bao, believe you! If Nangong Yimeng doesn't return the money, I'll look for you, the guarantor!"

Jin Yuan Bao let go of Nangong Yimeng's shoulder, but his words almost drove Lu Butong mad.

I only said that I was a witness. How did I become a guarantor? If Nangong Yimeng doesn't return the money, what's the point of you looking for me? Do you expect this young city Lord to pay back the money for him?

Lin Yi chuckled to himself, thinking that Jin Yuanbao had come at the right time. No one else could be this good at pestering people!

Nangong Yimeng and Lu Butong, these two idiots, wanted to use the geographical map to frame him, but they did not expect that not only would they lose the geographical map, but they would also have to pay a large sum of money. It was a typical case of losing the wife and the soldiers!

With Jin Yuanbao taking the lead, Lin Yi was happy to watch the show from the side and let them have their fun.

Lu Butong and Nangong Yimeng finally managed to escape, and they were forced to apologize to Lin Yi again and again by Jin Yuanbao.

"Hahahaha, I'm so happy today! Brother Sima, this little brother really has to thank you properly. If it wasn't for you, I wouldn't have had the opportunity to humiliate that kid, Nangong Yimeng, to my heart's content!"

After Jin Yuan Bao and the others left, he finally could not suppress the joy in his heart and laughed out loud.

Before Lin Yi's arrival, it was hard for Jin Yuanbao to take advantage of Nangong Yimeng and Lu Butong in Luling city. He suffered quite a bit, so he was really proud today!

"Let's go! Today, this little brother is treating, so brother Sima, you all must come along. We'll go to the nightless Pavilion and drink till we're drunk!"

Jin Yuanbao was in a good mood now, and he wanted to drag Lin Yi and the others to eat.

In the world of foodies, when you're happy, you should have a good meal to celebrate. When you're unhappy, you should have a good meal to seek comfort. When you're neither happy nor unhappy, you should have a good meal. Otherwise, wouldn't it be too boring?

"Brother Jin, let's forget about today. We just came back from the delicacies Pavilion after eating. Besides, we'll be setting off for the selection tomorrow. It's better to have a good rest and conserve energy!"

Lin Yi didn't want to go out, so he politely declined.

"That's true. Then let's forget about it today. I'll go back and pack up. If we can all enter the sword spring sect, we'll have plenty of opportunities in the future!"

Jin Yuanbao didn't force Lin Yi. He greeted Lin Yi with a smile and left.

After everyone else left, Wu yucao closed the door and returned to Lin Yi's side, "Zhong da, what happened tonight? What was wrong with Lu Butong and Nangong Yimeng? Do you have to make things difficult for us?"

In the past month, Lu Butong and Nangong Yimeng would eat, drink, and have fun with Lin Yi's group from time to time. On the surface, their relationship was fine, so why did they suddenly turn against each other? It didn't make any sense!

In particular, they didn't find anything in the end, which was even more strange. If they came in such an aggressive manner, they should be 100% confident!
