

Bodyguard 7271

Chapter 7271 | Choose The North Peak!

If you didn't have that intention, why would your subordinates be so happy? Who are you trying to fool?

"That's good! However, your results are indeed not bad. Other than Sima Yi, no one can compare to you, so you will still receive some special treatment!"

Martial Master Ma's tone relaxed, and Ai fan finally felt much more comfortable after hearing that.

As they were talking, the eldest senior brother in charge took out a map and unfurled it, hanging it on the wall.

"Next, it's time for you to choose your residence. Look at this map, it's the north and south sides of our long whisker peak!"

Martial Master Ma came to the map and patted it with his palm. "According to your ranking in the dense forest assessment, you can choose the residence you want!"

After the spoils of war were collected, the rankings were immediately announced.

Lin Yi, the newly promoted third senior, was first, of course, followed by Ai fan.

Next was Ling Hanxue, Jin Yuan Bao, Chen Zhisheng, and the others who had tokens. Because Lin Yi's ranking was the highest, Ling Hanxue and the others who were with him also benefited, choosing after Al fan.

"Before I choose, I'll explain that the long whisker peak is divided into the north and south. The South Peak faces the sun, so it's good for tempering the body. The North Peak faces the sun, so it's not good for cultivation. Some people even feel that it's an obstacle, so most people choose the South Peak!"

Martial Master Ma drew a circle on the map and said,""Did you see that? those with colored markings mean that they are occupied. You can't choose any of them. As for the empty residences, there are only the ones in the worst positions!"

Lin Yi followed his finger-there were only a few empty spots near the foot of the mountain, the ones above were all occupied.

Martial Master Ma didn't say anything, but Lin Yi could already tell that the higher one went, the higher the standard, and the better the effects.

Lin Yi wasn't sure how much sunlight could help with body training, but the sword spring sect's words made sense, didn't they?

"Compared to the South Peak, there are very few people who choose the North Peak. Look, more than 70% of the peaks are empty. You can choose as you wish!"

Martial Master Ma's finger moved to the North Peak. Sure enough, there was a large area of blank marks, and he could choose whatever he wanted!

The problem was, why would most people choose the worst position in the South Peak over the best position in the North Peak? Was there really a huge difference between them?

Those who had such thoughts immediately turned their eyes to the South Peak. The few empty spots had already become the targets of their struggle!

Lin Yi, on the other hand, was very interested in the North Peak. He wasn't a pure body practitioner, and he only stayed on the sub Island because he had no other choice. The difference between the north and south Peak didn't matter at all!

Compared to the South Peak, Lin Yi was more inclined to choose the North Peak since he had many secrets to keep.

"Sima Yi, you're ranked first, so you have the priority to choose. Come here!"

Martial Master Ma waved at Lin Yi after his explanation, "Let me see, which one do you want to choose?"

Lin Yi's display of strength and ability was very important to Martial Master Ma, and he was willing to give Lin Yi some hints within his scope of authority.

It wasn't impossible for Lin Yi to have a better location in the South Peak-Martial Master Ma had already decided that he'd find a decent place for Lin Yi to live in after they returned!

This kind of investment was profitable. If there were gains in the future, it would naturally be an unexpected joy. It didn't matter if there were no gains. At most, there would be a little more trouble.

"Martial Master Ma, I think the North Peak isn't too bad. It's not too shady at the top, right? That's why I want to choose my residence at the North Peak!"

Lin Yi walked over to Wushi Ma's side and saw the latter's shocked expression.

He went straight to the North Peak?

"Sima Yi, what you said makes sense, but the North Peak can't be compared to the South Peak. You don't have to be in a hurry to make a decision! Think about it!"

Martial Master Ma was just short of directly saying that the North Peak wasn't good enough and that it was better for him to cultivate in the South Peak!

Unfortunately, he couldn't say this out loud. Therefore, Martial Master Ma thought that this was all he could do for him, and that he would leave the rest to him!

Lin Yi, of course, decided on what to do. He wanted to pick the best house at the top, but there was already a color mark on the top of the map. It was obvious that someone had gotten there before him!

"Martial Master Ma, I'll choose this!"

Lin Yi pointed at the second best house on the North Peak and smiled. "I think this place is not bad, is there a problem?"

"Are you sure?"

Martial Master Ma slightly frowned, but there weren't many other emotions in his expression. "Although this is the second best spot on the North Peak, it might not be suitable for you to cultivate!"

He really did like Lin Yi a little, so he was giving his last words of advice.

Even if Lin Yi only picked the worst location in the South Peak, he'd still try his best to get a better place in the future.

But if Lin Yi decided on the North Peak, it would be hard to get the South Peak in the future!

"I'm sure! Thank you for your concern, Martial Master Ma!"

Lin Yi insisted. He didn't forget to explain, "Actually, the cultivation technique I'm cultivating is a little special. Perhaps the North Peak is more suitable for me!"

Martial Master Ma didn't think that it was the truth-he thought that Lin Yi was just making an excuse.

In his impression, no body tempering cultivation technique would like to have a shady area, and the body tempering poison technique was the same!

That's right, Martial Master Ma had heard that Lin Yi had a body refining poison technique, so he felt that Lin Yi should choose the South Peak!

In a place full of Yang Qi, it could better recuperate the body and temper the body in a way that balanced yin and yang.

On the surface, the North Peak seemed to be more suitable for Yin and poison, but body refining and poison techniques weren't in that range. As the saying goes, Yin doesn't last long, and Lin Yi's choice of the North Peak was a mistake!

"Since you've said so, then let's do it here!"

Martial Master Ma nodded-he'd already done his best, and he couldn't stop Lin Yi from making his choice. That bit of admiration wasn't enough to turn into respect!

"Is that kid stupid? He actually chose to go to the North Peak!"

Shimei Zhen's eyes were filled with hatred as she stared at Lin Yi, but her face was full of gloating as she mocked in a low voice, "When he comes to the North Peak and stays there, there will definitely be a time when he regrets it. At that time, I'm afraid he will cry and shout to come to the South Peak!"

"Not bad! That brat Sima Yi will definitely regret this. Let's see how he'll end this ..."

.....

Everyone who had grudges against Lin Yi sneered in their hearts and clapped their hands in joy, thinking that Lin Yi must have lost his mind and made a bad move!

This included the first and second Shixiong, who couldn't help but smile after seeing Lin Yi's choice, lowering Lin Yi's threat level by quite a bit.

Chapter 7272 Identity Token

They were both stewards, but strength was everything. If Lin Yi's practicing speed fell behind the others, what was the point of being a steward?

Only Al fan remained calm, deep in thought. He saluted Martial Master Ma with cupped hands after Lin Yi confirmed.

"Martial Master Ma, I'm very curious. It's not that no one has chosen to live in the North Peak, but why do most people choose to live in the lower areas except for the highest one?"

Al fan had already taken a fancy to the residential area on the North Peak. Although it was not popular, about one-tenth of the people lived there. However, most of them were concentrated below the North Peak!

"You should ask those who choose their residence. I don't know!"

Martial Master Ma glanced at Al fan indifferently. No one knew whether he really didn't know or he simply didn't want to explain to Al fan!

Al fan's smile froze again. He didn't understand how he had offended Martial Master Ma. He seemed to have been targeting him all this time.

Ever since the battle with the dark flying spirit beast, Al fan had been acting as if everything was under his control. He did not expect that after entering the sword spring sect, he would be defeated by Martial Master Ma one after another.

Lin Yi didn't appreciate Martial Master Ma's initiative, but why didn't Al fan get an answer?

"Al fan, you're the new disciple who's ranked second. Sima Yi has decided, it's your turn to choose!"

Martial Master Ma did not care about Al fan's thoughts. He patted the map coldly and signaled Al fan to choose.

Al fan suppressed his displeasure and pointed at a spot beside Lin Yi's room. "This disciple will choose this place to be brother Sima's neighbor!"

As soon as he said that, the audience was in an uproar. What day was it today? Why did the two most outstanding people in this batch choose the North Peak?

Lin Yi was surprised as well. He chose the North Peak because it was quiet and didn't pick a place to cultivate, but why did Al fan do that?

Just because of stellar energy, he followed the trend? It didn't look like it!

With Al fan's personality, he wouldn't do something so childish. There must be some other reason, but Lin Yi couldn't figure it out yet!

"Yes! As long as you're sure!"

Martial Master Ma nodded slightly. He admired Lin Yi, so he was more concerned about Lin Yi's choice. No matter what Al fan chose, it had nothing to do with him!

Therefore, Martial Master Ma didn't show any unnecessary emotions. ""Next!"

The corner of Al fan's mouth twitched. This old thing was ignoring him too blatantly, wasn't it?

However, Al fan couldn't say anything in the current situation. He cupped his hands and stepped aside.

Ling Hanxue subconsciously wanted to choose the North Peak like Lin Yi.

After all, following Lin Yi had become a habit, and she didn't really care about the differences between the north and south peaks.

"Sister Xue, you guys can pick a seat on the South Peak!"

Lin Yi suddenly opened his mouth and stopped Ling Hanxue's actions. He pointed at the best spot left on the South Peak and said, ""Let's do it here, what do you think?"

The rest of the residences in the South Peak were all ugly ones picked by others, and the best one was still at the bottom of the South Peak.

Ling Hanxue was stunned at first, then she tilted her head and smiled. ""Alright!"

No matter if she followed Lin Yi on the surface or secretly followed him, since Lin Yi had spoken, Ling Hanxue would definitely obey without even asking for a reason.

In fact, Lin Yi's arrangement was for Ling Hanxue's own good.

The North Peak's training environment didn't affect Lin Yi much, but it was hard to say if it would affect Ling Hanxue and the others. Lin Yi couldn't let her take the risk.

No matter how bad the position of the South Peak was, at least it would not delay Ling Hanxue and the others' cultivation. After the results were verified and if the North Peak was not worse than the South Peak, it would not be too late to switch over.

It was difficult to switch from the North Peak to the South Peak, but it was easy to switch from the South Peak to the North Peak. There were so many empty spaces, so he could choose any one.

"I'll also choose the South Peak!"

Ling Hanxue listened to Lin Yi's suggestion, and Chen Zhisheng followed up immediately, ""Let's go to this place!"

He wanted to live next to Ling Hanxue's, but unfortunately, there was no empty space next to Ling Hanxue's, so he could only choose the nearest one.

Next up was Jin Yuan Bao. He had also chosen the South Peak. He was with Ling Hanxue and Chen Zhisheng, so they could look out for each other.

Martial Master Ma had no interest in the selection behind him, so he simply walked to the side and let the steward, eldest senior brother, and second senior brother take charge while he waited for everyone to finish their selection.

Lin Yi didn't know what Al fan was thinking, but he'd given priority to the South Peak's accommodation to his subordinates as well. He was alone with Lin Yi at the North Peak, and it made Lin Yi feel a little weird ...

"Brother Sima, we'll be neighbors from now on. Please take care of me!"

Al fan found time to smile and greet Lin Yi. "I just took a look. We're sitting right next to each other. It seems like we're connected houses. We're real neighbors!"

Lin Yi's mouth twitched. He chose the North Peak for peace and quiet-did he really think he'd be happy with an annoying neighbor like you?

"Likewise! In the future, we'll all be fellow disciples, so we'll take care of each other!"

Lin Yi rolled his eyes in his heart, but he forced a smile on his face and started bullshitting.

Before this, Al fan had called Lin Yi Junior Brother Sima, but now he changed it back to brother Sima, probably because he didn't want to call Lin Yi senior brother.

But in terms of status, Lin Yi was the manager's third senior, a true senior among all the new disciples!

Al fan was definitely unwilling, so he simply called back brother Sima.

After a short while, everyone had finished choosing their residence. Martial Master Ma then lazily said, ""The first task has been completed. Now, take your identity tokens back!"

The steward's eldest and second senior brothers were ready to return the tokens to their owners.

Lin Yi took it back and flipped through it, but he didn't find anything different.

"Remember, in the sect, the identity token represents the identity of your disciples. You need to have an identity token to do anything. You must not lose it!"

Martial Master Ma looked a little more serious. His eyes slowly swept over all the new disciples. "For example, if you want to eat, you need to show your identity token and use the points accumulated in the token to pay for the meal. Every new disciple will be given an initial 100 points. Before you use them up, you need to earn points to support yourself. Otherwise, you deserve to starve to death."

"Of course, 100 points is the most basic part. In this forest assessment, the more outstanding the performance of the disciples, the more points they will be rewarded. So, among you, the least will have 100 points, and the most ... You can go and see for yourself!"

Lin Yi saw Martial Master Ma's eyes sweep over him, and he was sure that he had the most points among the new students!

Chapter 7273 Rules Of The Canteen

It wasn't strange for him to get the most points since he was ranked first. He just didn't know how many points he had.

"I can check your points here. Anyone who needs to know your points can come and check!"

The eldest senior brother in charge took out a piece of red jade at the right time and motioned for a new martial artist to place his identity token on top of the red jade. ""Let's do a demonstration first. Everyone, look at this identity Jade token. The points have already appeared on it."

Lin Yi took a look and saw a number on the Jade-it was exactly 100!

This unlucky guy ... Got the least basic points!

The warrior sneered as he took back his identity token. He was not surprised by this result at all. Clearly, he had some idea of his own performance!

"Senior brother Sima, come and check it out. Let's see how many points the person in first place can get!"

Some of the newbies were either curious or had ulterior motives, and they urged Lin Yi to check the scores.

Lin Yi didn't want to check at first-it didn't matter how many points he had, as long as he was first.

Moreover, he didn't reveal his wealth. Even if no one had any ideas about it, it was better to be safe!

However, Ling Hanxue and the others were also looking at him with curiosity, which made Lin Yi change his mind.

So be it, it doesn't matter anyway!

Lin Yi smiled faintly and took out his identity token, putting it on the red jade in the elder's hand. The points quickly appeared at five hundred and ninety-eight!

It was two points away from six hundred, almost six times that of the rookie martial artist from before!

A few people on the side couldn't help but exclaim in low voices. At that moment, many people looked at Lin Yi with eyes full of envy, jealousy, and hate!

"Waa! As expected, there are so many!"

Ling Hanxue, on the other hand, was simply happy-the more points Lin Yi got, the happier she was. She wouldn't be jealous at all, only a little envious, ""I'll also see how many points I have!"

In fact, she estimated that her score was probably the base score. After all, she was robbed before and only turned the tables with Lin Yi's help.

However, the number that appeared on the identity token gave Ling Hanxue a pleasant surprise. It was 192!

It was almost twice as high as expected!

It seemed like the people from the sword spring sect felt that Ling Hanxue's performance was already pretty good since she was able to retain her identity token and belongings after resisting. It was only second to the level of being able to counter-Rob.

Next, Chen Zhisheng and Jin Yuan Bao also checked one after another. The two of them got more than 150 and 120 points respectively, which finally exceeded the basic score.

Al fan did the same. As someone who was second only to Lin Yi, he only had two hundred and ninety points. He didn't even have three hundred points. He was twice as much as Lin Yi. He felt like he had lost all his face!

"That's enough. I'll give you two hours. Go to the canteen to eat and rest for a while. Then, come back here and start your first group cultivation!"

Martial Master Ma saw that the sky outside the hall had brightened, so he waved his hand to dismiss the crowd.

The black-shirted disciples at the door had been waiting impatiently for a long time. They immediately dispersed and rushed in a direction, which should be the cafeteria.

When the new martial artists heard that they could finally eat, their eyes were almost emitting green light. They subconsciously followed the older outer sect disciples and ran.

Only Lin Yi and a few others who were hungry but not to this extent remembered to greet Martial Master Ma with a fist salute before leaving.

The cafeteria wasn't hard to find, and the crowd in front led the way.

There was a piece of red jade on the wall at the door, it was about twice the size of the piece that the eldest senior brother in charge had taken out. There was also a black-clothed disciple standing by the side.

"Enter the canteen and swipe your token first!"

The black-clothed disciple repeated these words expressionlessly. Of course, these words were said to the newcomers. When he encountered the old disciples, he only needed to stare at the token.

Lin Yi took out his identity token and swiped it on Hong Yu, and one point was deducted. It seemed that eating in the canteen cost one point.

As long as you entered the canteen, no matter if you ate or not, or how much you ate, the points would not be refunded. As for whether you would be charged more because you ate too much, that was hard to say ...

After entering, Lin Yi realized that the layout of the cafeteria was similar to a school cafeteria in the common world!

There were rows of long tables and small round Stools, and a circle of food was placed against the wall. They could take whatever they wanted to eat. It was a buffet style.

Looking at the food, Lin Yi suddenly felt that the purchasing power of one point was quite good, because there were quite a few dishes made from dark spirit beast essence meat strips, which were definitely worth a lot!

"Everyone, let's dig in. You can pick whatever you want to eat!"

Lin Yi grabbed a plate from the table and walked towards the food.

To be honest, Lin Yi was feeling a little hungry now that he was in the canteen.

The entire canteen was filled with a mixture of aromas. With so many people eating together, it was easy to whet the appetites of those who saw it!

The only problem was that the tables in the cafeteria were basically full. Even if there were empty seats, there were still some things on them!

It seemed that occupying seats was also a popular thing in the sword spring sect.

A few senior disciples didn't have a seat, so they directly took their plates and hid in the corner, either standing or squatting to eat. A few of the new martial artists who came earlier followed suit and also squatted in the corner to gobble up the food.

They had been hungry for so many days, and they were satisfied to have something to eat. So, not to mention squatting, even kneeling couldn't stop their desire to eat!

On the other side, Al fan, who had already picked up his food, frowned slightly. He stood there and looked at the dining table in the canteen without moving.

As the young city Lord of Zhulu city, he definitely wouldn't be willing to sit in a corner and eat like a beggar ... Not even standing!

If he couldn't sit down, he would rather not eat!

One of Al fan's lackeys observed his expression and felt that it was time for him to show off. He placed the plate on the table beside him and reached for a boxing glove on the stool.

Unfortunately, his hand had only reached out halfway when it was slapped away by an old disciple who was sitting down!

The crisp sound echoed in the cafeteria, but none of the senior disciples were surprised. They ate and drank as usual, only a few of them looked at this side with an expression of waiting for a good show.

"Blind? Don't you see that there's someone here?"

The senior disciple who attacked looked at Al fan's subordinate unhappily and sneered. "It doesn't matter if a newbie doesn't know the rules, but can't you even invite a senior brother? Must senior brother teach me how to do it?"

"Does your family own the canteen? What right do you have to occupy such a large space and not let others sit? Even if you're saving seats for your friend, we'll leave after eating. Who knows, when your friend comes, there might be an empty seat?"

Al fan's subordinate wasn't afraid at all. In order to show off in front of his master, he immediately frowned and argued with him!

Chapter 7274 Starting A Fight At The Slightest Disagreement

The senior disciple's face darkened. He slammed the utensils in his hand on the table and stood up at the same time, slapping AI fan's subordinate's face.

"How can you speak to your senior brother like that? Do you really think that you're a Big Shot just because you entered the sect?"

The senior disciple sneered and grabbed the other party's collar. He slapped him again and said, ""I'm not the only one who occupied a seat here, yet you're picking on me. Do you think I'm easy to bully?"

AI fan's subordinates were not weak. They would not have been beaten so easily. Unfortunately, AI fan had not expected his opponent to suddenly attack him. He had not expected to be taught a lesson in the canteen either. He did not even have the time to react.

"Stop!"

Of course, AI fan couldn't just watch his subordinate get burned without any reaction. He immediately went forward with a cold face. "This senior brother, you took the seat and still hit me, isn't that a little inappropriate?"

"What's not appropriate? You think you're more thick-skinned than him, so you can take it, right?"

The senior disciple cast a sidelong glance at AI fan, then struck AI fan's underling's lower abdomen with a knee attack, turning him into a big shrimp and throwing him on the ground. "I know you're AI fan, the

second-in-command among the newcomers. So what? He's just a newcomer and second place! Do you want to overturn the heavens?"

Al fan's face sank. Who was the thick-skinned one? Who the hell said that thick-skinned people could withstand slaps?

What newcomer and second place ... You're the second place! Your whole family is second!

The martial artists surrounding Al fan took a step forward in unison, trying to put pressure on the senior disciple. However, the senior disciple did not care at all and only chuckled in a calm and composed manner.

"What's wrong? Do you think you can overturn the heavens just because you have more people on your side?"

All the senior disciples around them suddenly stopped eating. Their eyes fell on Al fan and his men at the same time, and a dangerous aura spread out instantly.

Al fan's hair stood on end. He knew that if he were to use force, he would probably incur the wrath of the masses!

The senior disciple in front of him might not have so many friends, but Al fan's people had broken the rules, which was equivalent to making all the senior disciples their enemies!

If AI fan dared to bully the few of them with numbers, he would definitely be viewed as an enemy by all the senior disciples, and even be besieged.

"Senior brother, you've misunderstood! We're just newbies, and we're not familiar with the rules!"

AI fan gritted his teeth and suppressed the humiliation in his heart. He shook his head slightly and gestured for his subordinates to step back. "Senior brother, you've already taught my people a lesson. Please continue to eat. We won't disturb you anymore!"

"At least you're tactful!"

The senior disciple's face was full of ridicule. He felt that AI fan, the newcomer, was a coward. It seemed that the newcomer this time was not that great!

Before he sat down, the old disciple kicked AI fan's subordinate on the ground again. Then, he sat down again with satisfaction and began to chat and laugh with his companion. He did not look at AI fan again.

AI fan's face was livid. He wished he could smash the plate in his hand on the man's head, but he managed to hold it in.

If he really dared to do that, things would be very bad!

On the other side, Lin Yi shook his head, lowering his evaluation of AI fan.

Sometimes, when one endured too much, they'd lose their drive. If it was Lin Yi there, whoever dared to hit his people would be beaten up without a word!

Lin Yi didn't like Al fan at all-he was the type of person who'd become devious if he'd kept it to himself.

He might think that it was a quality he needed to do great things, but Lin Yi didn't appreciate that.

The two of them were destined to be different!

Lin Yi didn't pay attention to Al fan anymore. He took the plate and looked around, his eyes lighting up.

Other than the empty seats, Lin Yi noticed that there was another table with only one female disciple!

Those empty seats were not occupied by anything, and no one else sat there.

For such a situation to occur, it was either that the female disciple's popularity was too bad, or there was some special reason that caused no one to dare to sit.

Even the rookies were aware of this, so the few rookies who came earlier would rather squat in the corner than touch the bad luck.

Lin Yi, on the other hand, didn't care at all-it'd be much easier to just sit at an empty table than go looking for trouble.

And so, Lin Yi walked over to the female disciple's table under all the weird gazes of the old disciples, put down the plate, and sat down.

"Senior Sister, do you mind sharing a table?"

Lin Yi was quite polite, not forgetting to greet them as he sat down. He didn't wait for a reply and waved to Ling Hanxue and the others,""Come over here, you can all sit down and eat!"

"I mind!"

The female disciple in front of Lin Yi said coldly,""I really mind you sitting here. Please leave!"

At this moment, the entire cafeteria suddenly fell silent!

Most of the senior disciples had surprise in their eyes and a playful look on their faces. A few of them were even a little angry. The atmosphere became quite strange for a while.

Ling Hanxue and the other two walked over and realized that something was wrong. They didn't dare to sit down, afraid that they would cause Lin Yi even more trouble!

"Senior Sister, don't you think it's a waste to occupy such a big table alone? We won't disturb you if we sit together!"

Lin Yi was quite patient with girls. He smiled as he ate, "You see, I'm eating very quietly, I won't disturb you!"

"I said, please leave!"

The female disciple furrowed her brows and seemed a little displeased. "I'm not used to eating with outsiders ... It's no use even if you eat very quietly!"

"I'm not an outsider! You see, I'm already calling you Senior Sister. We're all from the same sect, so it's normal for Senior Sister and Junior Brother to eat together! How did you become an outsider?"

"If you really can't take it, you can always leave earlier!" Lin Yi shrugged.

The female disciple's expression changed slightly. She had never seen such a shameless person who wanted to drive her away!

Ling Hanxue's mouth twitched. She was on Lin Yi's side, but she still felt that it wasn't right for Lin Yi to talk to a girl like that ...

"I said, please leave!"

The female disciple's tone became more serious, and her body began to exude a cold aura.

This was really cold Qi! It wasn't a virtual aura!

Lin Yi's body froze, surprised.

If it wasn't for the fact that Lin Yi's body was reconstructed by the purple mist evil Lotus and was almost perfect in all aspects, he might not be able to withstand the cold.

Of course, if it was Lin Yi's previous body, he wouldn't even care about the cold!

Otherwise, what would he do with Tang Yun's cold wife and little wife, Rock Candy? Would he be frozen to death by them sooner or later?

Starting a fight at the first sign of disagreement, this female disciple's character was really tough!

Lin Yi stuffed another mouthful of food into his mouth and smiled at the female disciple, "Senior Sister, don't worry, I'll leave soon ... After I'm done eating, even if you ask me to continue sitting here, I won't agree!"

Chapter 7275 Sharing Fortune

The female disciple was secretly shocked. She knew the power of her cold Qi the best!

Even a normal golden core stage practitioner wouldn't be able to last fifteen minutes in this cold air, let alone Lin Yi, who wasn't even at the Golden core stage yet.

Lin Yi, on the other hand, was completely fine, eating and drinking as if the cold didn't affect him at all—that was terrifying!

After one deep look at Lin Yi, the female disciple didn't say anything and just lowered her head to focus on her food.

Since he couldn't chase this shameless guy away, he could only ignore him!

Lin Yi wasn't as calm as he looked on the surface—he was concerned about the cold Qi coming from the female disciple!

In the world outside the sub-Island, there was the existence of true energy, so there were many people who could release this degree of cold energy.

However, in a sub-Island without true energy, how did she release the cold energy?

Was there such an ability in the body refining technique? Or could there be other possibilities? for example, the chill was just an innate ability?

As Lin Yi was thinking, an old disciple came over with a group of people and slammed the table, sweeping Lin Yi's plate to the ground!

"Are you freaking deaf? Senior Sister su said that she didn't like to sit with outsiders, and you still sat? Senior Sister su politely asked you to leave, but you're still taking advantage of her, aren't you?"

This old disciple had a fierce-looking face and two triangular eyes. When he spoke, he revealed a fierce look. One look and one could tell that he was not a good person.

It was a pity that his strength was only at the peak of the early golden core stage, which was not really powerful!

"Senior brother ding, why are you talking nonsense with this kid? just beat him up!"

Some of the senior disciples behind him urged this fierce-looking senior brother ding to make a move.

Lin Yi took a closer look-the speaker was a mid-stage golden core cultivator, stronger than the guy in front of him, and yet he still called him "senior." Clearly, this guy had a stronger background.

This was indeed the case. This so-called senior brother ding had sought refuge with one of the most powerful Masters on long whisker peak, so he was usually domineering!

Some people who were slightly stronger than him could only call him senior brother.

All of the senior disciples knew that Shixiong ding's boss liked su Jie, who sat across from Lin Yi. As a result, no one dared to sit at the same table with su Jie during dinner.

Now that Lin Yi was sitting there shamelessly, of course, he had to stand up for his boss and teach Lin Yi a lesson!

"So Senior sister's surname is su. This little brother's surname is Sima. Sima Yi greets Senior Sister su!"

Lin Yi didn't pay any attention to the fierce-looking Shixiong ding, and only cupped his hands politely to su.

The ignored Shixiong's face twitched as he reached out to grab Lin Yi's collar!

If he didn't teach this ignorant Sima Yi a good lesson today, would he, senior brother ding, still have the face to stay on long whisker peak in the future?

A cold smile appeared on Lin Yi's face as he casually reached out and grabbed the spot between Shixiong ding's thumb and forefinger.

Then, with a light fold, senior brother ding's thumb immediately made a slight cracking sound. At the same time, it folded back and stuck to the wrist.

Senior brother ding immediately screamed in pain, and bean-sized beads of sweat appeared on his forehead. The sudden pain was really heart-wrenching!

Lin Yi got up slowly and threw away the hand. He looked at him coldly, "Go and get me the same food, and I'll forget about today's matter!"

"Forget it? I'm telling you, this matter isn't over yet!"

Shixiong ding was extremely embarrassed. He screamed because he wasn't prepared for it, but now that he had lost all his face, how could he let Lin Yi go just like that?

After fixing his finger, he stared at Lin Yi with a sinister smile. "New kid, it doesn't matter if you don't know the rules. I'll teach you what rules are today!"

The underlings behind senior brother ding were also quite embarrassed. Just now, senior brother ding's thumb had been broken by Sima Yi in front of him, and they had no reaction at all. This time, they seized the opportunity and quickly echoed.

"That's right, a newbie doesn't know the rules. Senior brother ding, as senior brothers, we should indeed teach him a good lesson! You'll know what to do when you turn around and see us. "

"What should I do when I see you guys in the future?" Lin Yi laughed coldly. I'll beat him up every time I see him?"

Everyone was instantly speechless. They had seen bold people, but they had never seen such bold people!

A newcomer, facing six or seven golden core stage ancient martial art practitioners, actually dared to speak like this?

Is he tired of living?

"People like you always create trouble out of nothing. As the third senior brother in charge of long whisker peak, I have to discipline you!"

Lin Yi cracked his neck,"Come, follow me and recite" Ge Ge Ge Ge he "in the middle of the day ..."

Senior brother ding and his underlings were confused. Who was hoeing millet? Who was it at noon? What does it have to do with me?

One of the underlings laughed and said, "what steward third senior brother, do you really think you're something?" Even the eldest senior brother and the second senior brother have to be polite to our boss. Who Do You Think You Are? Why are you still chanting? Brothers, let's kill him together!"

Lin Yi sent a slap across the man's face, knocking him to the ground. "Why are you interrupting when The Adults Are Talking? You have nothing to say, right? Then eat it!"

Before he could finish, he grabbed the food on the ground and stuffed it into the man's mouth, then continued to chant, ""Sweat drops on the soil, but who knew that every meal on the plate was so hard!"

"Stop!" He yelled as he raised his leg to kick Lin Yi, who was stuffing food into his Lackey's hands. Lin Yi grabbed his ankle and pulled him forward.

With a crack, senior brother ding performed a perfect split, but unfortunately, his crotch was not strong enough, and it was actually torn apart!

The wind blew against his buttocks and balls, cooling them ...

Shixiong ding was so embarrassed and angry that Lin Yi pinched his mouth and stuffed the food into his mouth, even moving his chin up and down a few times ...

"Everyone says that each of you has worked hard, so we can't waste food. If you eat together, it might be more fragrant!"

Lin Yi smacked his lips and teased, "I'm serving you on an empty stomach, you guys sure have a lot of face! Hey, the rest of you, your senior brother ding has already eaten. Aren't you going to share with us?"

The rest of the younger brothers felt a chill down their spines. They really couldn't see through the depths of this third senior brother in charge!

The two golden core stage cultivators were like toys in his hands? It was really like seeing a ghost!

"We'll share blessings and difficulties together! This is what a brother is! You guys can't do this!"

Lin Yi sighed as he stood up, his face turning serious. "I told you guys to eat together! Not a single grain of rice is allowed to be left on the ground!"

"F * ck you!"

One of them couldn't take it anymore and threw a punch at Lin Yi, but Lin Yi dodged it easily and gave him a good beating, joining the eating party ...

Chapter 7276 Underling Zhang Yiming

The senior disciples all had weird expressions on their faces, and some were afraid of Lin Yi, but none of them stood up to say anything.

After all, Lin Yi's situation was different from Al fan 's.ai fan had angered the senior disciples, and they had a common enemy, but Lin Yi only had a conflict with ding Shixiong.

Who among the old disciples didn't know what kind of person senior brother ding was? If someone could teach him a lesson, they would only clap their hands and cheer. Who would have nothing better to do than stand up for him?

Thus, Al fan was quite depressed now. Comparisons were odious!

Why was there such a huge gap between him and Sima Yi? If he had known earlier, he would have killed Sima Yi when he was on the dark flying spirit beast!

Unfortunately, it was too late to say anything now. He could only hope that senior brother ding's backer was not a piece of trash. It would be best if he could take care of Sima Yi!

"You guys, are you just going to stand aside and watch your senior brother ding eat?"

Lin Yi smiled at the remaining guys, a hint of playfulness on his face."I think it's inappropriate for your senior brother ding to not share his fortune with you when he's in trouble!"

The lackeys all shivered, agreeing with Lin Yi's words!

Because senior brother ding was someone who enjoyed good fortune and took responsibility when in trouble!

Now that senior brother ding was in trouble, if they didn't suffer this humiliation together, they would suffer in the future!

"Senior brother ding, I'll do it!"

Those with quick reactions had already darted to senior brother ding's side, crouched down, grabbed a handful of food, and stuffed it into their mouths!

This was a smart move. If he acted earlier, he could avoid the food that touched the ground. The people behind him could only gather on the ground ...

Plus, the first to show their loyalty would not only earn ding Shixiong's favor, they'd be able to avoid fighting Lin Yi-killing two birds with one stone!

The rest of them quickly followed suit. They surrounded the food on the ground like hungry dogs fighting for food!

This made senior brother ding so angry that he rolled his eyes. You guys are going through thick and thin together!

When there were so many people, they didn't think about surrounding Sima Yi to get back their face. They were actually scared and came to eat the things on the ground, they were really stupid!

This time, he had lost all his face, how could he continue to live on Long Whisker Peak in the future?

The low laughter around him made Senior Brother Ding feel like his head was going to explode!

He also knew that his popularity was average. Alright, it was a little bad, so he didn't expect anyone to stand up and help him!

However, a new disciple humiliating an old disciple like this, don't you guys feel that it's embarrassing?

Senior Brother Ding thought so, but the senior disciples around him really didn't think it had anything to do with him.

A tyrannical Senior Brother Ding could not represent the entire senior disciples!

For such an idiot, to offend the obviously powerful Third Senior Brother in charge, how full did he have to be to be so flustered?

And so, not only did no one stand up for him, a chubby kid even ran over to Lin Yi and tried to get on his good side.

"Third senior brother, I'm Zhang Yiming. I've taken a few empty seats over there, but they're not here yet. Why don't you let these junior brothers and sisters sit over there?"

Fatty Zhang Yiming's smile was very bright, and he had a natural affinity that made people like him. After bowing to Lin Yi, he didn't forget to greet Ling Hanxue and the others,""Senior Sister su likes peace and quiet, but I like liveliness. With my junior brothers and sisters here, it'll be nice to eat!"

He was a smooth person, and he didn't forget to take care of Su Lin's feelings. Of course, he didn't ask Lin Yi to go with him, probably because he thought Lin Yi liked su.

"Senior brother Zhang, aren't you afraid of their revenge?"

Jin Yuan Bao blinked his eyes and a smile appeared on his face. This little fatty was a little like him ...

It wasn't his appearance, but his height and build. His style of doing things was also somewhat similar, so Jin Yuan Bao felt that this person was quite compatible at first glance.

But now that he was so close to Lin Yi, the venomous look in Shixiong ding's eyes told Jin Yuan Bao that fatty Zhang Yiming was being hated!

"What's the big deal? I, Zhang Yiming, admire a hero like senior brother Sima the most. If I don't come and make friends with him today, I'll feel uneasy!"

Zhang Yiming patted his chest with a righteous look on his face, but Lin Yi could see the worry in his eyes.

It seemed like this little fatty was not really unafraid of senior brother ding's revenge!

Since he was afraid, why did he have to come at this time? It wasn't impossible to make friends with Lin Yi at another time.

Although the senior disciples didn't say anything, many of them looked at Zhang Yiming with disdain. Obviously, they felt that Zhang Yiming had embarrassed the senior disciples.

That's right, ding Shixiong's group being humiliated was nothing compared to Zhang Yiming coming out to get on Lin Yi's good side!

However, no one really jumped out to blame Zhang Yiming.

"Get lost after you're done eating. Don't be an eyesore here!"

Lin Yi kicked at the guy's butt-there wasn't a lot of food for one person, and it was quickly finished after they split it.

Shixiong ding was so embarrassed that he couldn't spit it out-Lin Yi had forced something into his mouth, and he had to swallow it.

Originally, this was nothing. He had been forced to do it, but his underlings had to pick up the food and eat it themselves. It made him look like he was picking up food from the ground!

Now that he'd been humiliated by Lin Yi, he'd stand up and fight for his life if he didn't think that he was no match for Lin Yi!

For now, it was better to endure the anger for the time being and find the backer behind him to take revenge!

Therefore, without saying a word, senior brother ding got up and left the cafeteria with his underlings.

As for the unfinished food on their table ... How could they still have the face to eat it? Were they still afraid that others wouldn't say that they weren't full from picking it up from the ground?

Zhang Yiming saw that senior brother ding and the others didn't dare to say a word and left with their tails between their legs. He was envious. He felt that the third senior brother in charge in front of him was really not for show. He should be so domineering!

Su Yushu furrowed her brows, clearly displeased with Lin Yi.

She'd finished half of her food as well, so she decided to leave as well, leaving the space for Lin Yi. She didn't want to have to face this annoying guy again.

"Senior Sister su, you're done eating? Are you full? Do you want to eat more?"

Lin Yi called out to SU's back as if they were close. SU's feet stopped moving, and she wanted to turn around and beat him up.

I didn't finish the food I took, are you full? You actually have the face to ask if I'm close to you?

In the end, su Shijie ignored Lin Yi and continued to walk out of the cafeteria. Lin Yi didn't care, shrugging his shoulders and saying to Zhang Yiming and Ling Hanxue, "Since this table is empty, let's sit here. Junior Brother Zhang, do you want to join us?"

Chapter 7277 There's A Mine At Home

"Of course! Senior brother Sima, please wait a moment. I'll be right back!"

Zhang Yiming was overjoyed. He didn't expect Lin Yi to invite him to sit with him. He quickly ran back to his table and brought the plates over.

Lin Yi's mouth twitched-he was just being polite, and they weren't even close.

Zhang Yiming, of course, came for real and sat beside Lin Yi, pushing Jin Yuan Bao to the side.

He even said that he liked Lin Yi and Jin Yuan Bao the most, so he wanted to sit between them.

Lin Yi thought, "I don't need you to like me. Can you sit back down?"

Of course, that was just a thought-he wanted to get some information from Zhang Yiming.

"Junior Brother Zhang, as a member of the senior disciples, will your friends despise you for befriending us with such a clear flag?"

Lin Yi took a bite of the food he just got and asked Zhang Yiming casually, "I don't think the senior disciples have a good impression of us new disciples. I think you'll offend a lot of people by doing this!"

"It doesn't matter! Even if this didn't happen, my days wouldn't be good!"

A bitter smile appeared on Zhang Yiming's face as he cupped his hands to Lin Yi. "Senior brother Sima, I'll tell you the truth. Because I'm a coward, the people around me ask me for things and order me to do this and that. Seven or eight out of ten of the resources that my family sends over regularly are divided up. Only a little more than ten percent fall into my hands. I really can't stand it!"

Lin Yi looked at Zhang Yiming's table and saw that there were still a few empty seats. It seemed that he was the one who was sent here to reserve seats!

This kind of thing was often thankless and easy to cause conflicts, which showed Zhang Yiming's status in his small group.

It would be fine if everyone took turns, but from Zhang Yiming's words, he should be the one taking care of this.

"Although senior brother Sima has just arrived and we've only just met, this little brother's judgment is not bad. I think senior brother Sima is a very good person. I heard that he takes care of the people around you in the dense forest, so this little brother wants to follow senior brother Sima ... Don't worry, in the future, all the resources in my family will be dedicated to you, senior brother Sima!"

Zhang Yiming was quite Frank, making his intentions clear to Lin Yi right away.

"I don't really need those things. I'm just curious, those people who are oppressing you, could it be the steward eldest senior brother and second senior brother? Otherwise, why didn't you go to them for help?"

Lin Yi was curious-if Zhang Yiming decided to join the third senior, then how much of a failure were first and second senior?

"To be honest, the two of you are indeed the leaders ... In fact, our sword spring sect has a tradition of handing over resources like this, but we don't take it that hard. Usually, it's only ten to twenty percent ..."

Zhang Yiming lowered his voice so that only Lin Yi could hear him, "In the entire sect, I dare say that no one has handed in more than me! Eldest senior brother and second senior brother are in cahoots with each other, I don't even have a place to reason with them!"

This was also why Zhang Yiming had come to Lin Yi's side on the first day!

As far as he was concerned, the only person who could protect him was his senior brother, Lin Yi.

"Why do they have to squeeze you so hard?"

Lin Yi's lips twitched. He wasn't interested in the tradition of the sect-it was an unspoken rule!

When the sect distributed resources, the people below would take the initiative to hand over a portion of it to the people above. Passing it on layer by layer, it was very easy to make the strong stronger and the weak weaker.

After a slight pause, Lin Yi made a guess, "Will you still have more resources than the others even if they leave 10% to 20% of the resources for you?"

The sect would distribute resources, but there wouldn't be too many outer sect disciples, so the outside families would regularly send some resources to support their own disciples.

Zhang Yiming was being squeezed like this because his family had sent too many resources to him, causing everyone to be jealous!

"Right! Senior brother Sima, you're really amazing. You were able to guess this at once!"

Zhang Yiming was surprised at Lin Yi's sensitivity. "They took my things, but what I had left was actually enough. It didn't matter at first, but they took my things and kept bullying me. I really couldn't stand it!"

Lin Yi was speechless. Zhang Yiming was an honest man, but it was normal for honest people to be bullied!

This was because the wicked would immediately think of revenge after being bullied, while the honest would tolerate this and then lead to more bullying ...

Human nature was evil!

"Why did your family send so many resources over? it's a waste if you can't use them all. Even if you're rich, you don't have to act like this. Seriously, does your family have a mine?"

Lin Yi didn't even think it was funny at all-it was a cold joke.

The funny thing was that after Zhang Yiming heard this, he actually nodded seriously and said, "Senior brother Sima, you're really a God! You know everything! My family does have mines, not to mention the

normal gold and silver mines, but the most important one is a Yunying refined iron mine, which is one of the necessary materials for forging Supreme-grade weapons, so it's more profitable. "

Lin Yi's mouth twitched. There really was a mine?

It wasn't the window frame or the door frame ... No wonder people wanted to squeeze you!

You big fat sheep, the oil is dripping down by itself, if I don't squeeze you, it's really unforgivable!

"I know, you're a member of Zhang clan in Yunying city!"

Jin Yuan Bao slapped his knee and suddenly realized, ""I see, I should have thought of this earlier!"

"Brother Jin, do you know Junior Brother Zhang?"

Lin Yi looked at Jin Yuanbao curiously. The guy had a lot of friends, and he didn't expect people from other cities to know about him.

"No, I don't know senior brother Zhang. However, I know Zhang clan in Yunying city. Their Yunying fine iron ore is in short supply. Our Jinyuan bank also has some business dealings with their clan!"

Jin Yuan Bao explained as he looked at Zhang Yiming with a gentler expression.

"So you're from Luling city's gold yuan bank! That's such a coincidence!"

Zhang Yiming was overjoyed. He reached out and grabbed Jin Yuan Bao's hand. Their chubby hands were similar, but one was slightly whiter and the other slightly darker. "We're on the same side, so please take care of me in the future!"

We're on the same side now?

Lin Yi's eyebrows twitched, but he didn't say anything when he saw how Zhang Yiming and Jin Yuan Bao were regretting not having met earlier ...

So be it. At least Zhang Yiming was not a bad person!

Zhang Yiming and Jin Yuan Bao were having a good conversation, but they turned back to Lin Yi after a while.

He knew very well who the absolute leader was among the few people present.

Chapter 7278 The Four Great Imperial Generals

"Senior brother Sima, are you interested in Senior Sister su?"

Zhang Yiming moved closer to Lin Yi and decided to start a topic that Lin Yi would be interested in.

However, when he spoke, the smile on his face looked so sneaky that it easily made people want to punch him. It was not without reason that he was bullied!

"To be honest, senior brother Sima, don't mind her. Senior Sister su is really not that easy to woo. If I were you, I would definitely not waste my time on her!"

Zhang Yiming's voice became lower and lower. It was obvious that gossiping about Senior Sister su was more serious than saying that eldest senior brother and second senior brother bullied him. "Senior Sister SU's name is su Yumo. It's said that she has a powerful background, but few people know exactly what it is. That's not the most important thing. Feng Zhipeng is pursuing Senior Sister su, the boss of those people just now!"

"What's the background of Feng Zhipeng? Since it's not eldest senior brother or second senior brother, why do I feel like they're more powerful?"

Ling Hanxue, who was sitting opposite him, also stuck her head out and asked curiously, ""Is it because of this Feng Zhipeng that no one dares to share a table with Senior Sister su?"

It turned out that no matter how bold and forthright a woman was, her resistance to gossip was almost zero!

Ling Hanxue was no exception, so she could not help but ask when she heard su Yumo's gossip.

"Something like that. Of course, it's also because of Senior Sister su herself. Not to mention her background, just her body-tempering cold Qi alone is not something that ordinary people can withstand. That's why I admire senior brother Sima. He's actually able to face Senior Sister su as if nothing had happened. Amazing, amazing!"

Zhang Yiming gave Lin Yi a thumbs up in admiration.

Lin Yi now knew that the cold he felt wasn't pure Qi, but the cold used to temper his body. It was probably similar to the poison Art he came up with.

"Speaking of Feng Zhipeng, his background is really not small. Although he's not the senior Steward, the two Senior Steward brothers would still have to bow their heads and greet him respectfully when they see him."

Zhang Yiming changed the topic from su Yumo to Feng Zhipeng, ""You all know the four underworld families of Hongshang Commandery, right? Feng Zhipeng is from one of the families of the generals of Hongshang Commandery. He's also from the Feng family, one of the four big families in Hongshang Commandery!"

Lin Yi's mind went over it for a bit, but he couldn't remember which four big families were in Hongshang Commandery. However, the Sima family he was impersonating seemed to be one of the four big families.

Of course, all this information had come from Wu yucao, Ling Hanxue, and the others, so it was normal to have some missing bits.

"So you're from the Feng family, no wonder!"

Jin Yuanbao sighed, evidently more familiar with the four houses. He even glanced at Lin Yi as he spoke.

"That's right. Junior Brother Jin, you should know the Feng clan's power in Hongshang Commandery ... Speaking of which, among the four great clans, the other three are the Commandery Prince's Sima clan, the Nangong clan, one of the martial General's clans, and the Heiye clan, which has long declined ... Senior brother Sima, are you from the Sima clan?"

Zhang Yiming must have had his suspicions a long time ago, and now he was officially using the topic to ask.

If Lin Yi was really a Sima disciple, then he would have no problem with Feng Zhipeng's identity!

Lin Yi's mouth twitched. How did the underworld family become the family of the Commandery Prince of Hongshang Commandery?

Could it be that the meaning of "hidden" was to hide in the court?

However, it did make sense. There didn't seem to be any problems!

Jin Yuan Bao opened his mouth and was about to say proudly that he was right, that this was a direct descendant of the Sima family, but Lin Yi beat him to it. ""No, I have no relationship with the Sima clan. Junior Brother Zhang, please continue!"

Ling Hanxue and Chen Zhisheng looked at Lin Yi strangely, thinking that Lin Yi was probably trying to scheme against them and hiding his identity.

Jin Yuanbao rolled his eyes and had the same thought. He closed his mouth and was glad that he didn't ruin Lin Yi's plan.

Lin Yi found it funny-these guys didn't even believe him when he told them the truth ... What the hell!

"It has nothing to do with you ... That's right, the Sima clan is a Junwang clan. They would not normally come to a remote sect like the sword spring sect! Feng Zhipeng was only willing to come to the jianchun sect to cultivate because he wanted to pursue Senior Sister su. He's also an outer sect disciple. "

In other words, Feng Zhipeng's ability was enough to become an inner sect disciple or even a core disciple. He had only stayed as an outer sect disciple because of su Yumo.

This also explained why the eldest and second senior brothers in charge did not dare to offend Feng Zhipeng. It was not only because of his noble status, but also because of his own strength.

"Let me tell you, in Hongshang Commandery, several major families take turns to be the Commandery Prince. So, the current Commandery Prince's Sima family is not necessarily the strongest of the four

major families. They will give some face to the Feng family when they see them." Of course, the weakest of the four families is undoubtedly the Kurono family!"

Zhang Yiming lowered his voice and continued gossiping, obviously happy about this. Lin Yi, on the other hand, was thinking about black wildflower-she was probably from the heiye family, wasn't she?

It was normal to say that there were many people with the surname Sima on the sub-Island who were not from the Sima clan.

However, the surname 'kuroye' was quite rare. Basically, everyone was a member of the kuroye family, and there was only a difference between the main family and the branch family.

Lin Yi thought of the last of the four houses as he thought of the Kurono house,"What about the Nangong family? Is it related to the Nangong family in Luling city?"

If Nangong Yimeng were to board the ship of the Nangong family, one of the four major families in Hongshang Commandery, this kid would probably be even more smug, right?

"This Nangong is not the Nangong you know, they can not be compared! Otherwise, why would Nangong Yimeng be so cowardly?"

Jin Yuan Bao shook his head with a smile."I know about this. The Nangong family of Luling city was indeed a descendant of the Nangong family of Hongshang Commandery a long time ago. But at that time, they were already a branch of the family. After so many years, I'm afraid they can't even be considered as a branch family anymore. So, they dominated the town!"

Lin Yi nodded. This was a normal situation in a big house. For example, the head of the Nangong family had two sons, one from the legal wife and the other from a concubine.

The DI son had two more sons, which were divided into the DI son and the concubine's son, and also two branches. The concubine's son of this generation was naturally closer to the DI family than the concubine's son of the previous generation.

This was the case for every generation, and the second generation's inheritance between the concubine-born and the direct line, after a few generations, the relationship was basically no different from that of strangers.

Chapter 7279 Attribute Test

"So that's how it is. I was thinking that if Nangong Yimeng had such a strong background, she would have long tortured you to death!"

Ling Hanxue teased Jin Yuanbao. After spending so much time with them, Jin Yuanbao was already familiar with Lin Yi's group, "Then, senior brother Zhang, how many years does the Commandery Prince of Hongshang Commandery change?"

Compared to the Nangong clan, Ling Hanxue was more concerned about the Sima clan.

Ling Hanxue didn't believe Lin Yi when he said that he wasn't from the Sima family of Hongshang Commandery, so she took the opportunity to ask around. After all, she was at the bottom of the hierarchy and didn't have access to the matters of the noble families.

"That's hard to say, there's no fixed time limit. Anyway, the Sima clan has already been a regional King for ten years this time, and has not been kicked out by the other two clans for the time being ... Because the Kuro no clan has already declined, it's more appropriate to call the four great clans the three great clans."

With a beautiful woman asking, Zhang Yiming naturally tried his best to explain, ""Just now, I said that the Sima clan might not be the strongest clan, and it might not be quite correct. To be able to occupy the position of regional King for ten years, it probably won't work if you don't have strength!"

"That's right, I also feel that the Sima clan should be the strongest clan!"

Ling Hanxue nodded. Because of Lin Yi, she had a good impression of the Sima family.

It was a pity that Lin Yi himself didn't feel it at all. He had no relationship with the Sima family at all, at most he was just using the Sima family's name.

Of course, Zhang Yiming nodded in agreement. Ling Hanxue was a beautiful woman, and anything she said was right!

It didn't matter even if she said that the Sima clan was number one in the world!

As the topic of the four families expanded, Lin Yi learned more about the sub Island.

This place still had the model of a dynasty, and this was very different from the outside world. Lin Yi found it interesting.

They ate and chatted, and time passed quickly. After they finished, they said goodbye to Zhang Yiming and went back to the hall.

When he returned to the main hall, most of the new disciples had already returned. Martial Master Ma was also waiting in the main hall with a dark expression.

"I said two hours, and you really waited for two hours before returning? Don't you have any self-improvement?"

When Martial Master Ma and the others arrived, they immediately started cursing, ""Also, all of you are eating until your stomachs are round. You didn't eat enough in your past life, are you reincarnated as hungry ghosts? How will you be able to move after eating so much?"

Some people complained in their hearts. They had been hungry for a few days and finally had something to eat. How could they not fill their stomachs?

Who knew if the sword spring sect would come up with some other tricks and starve them for a few more days?

How could someone who had never been so hungry understand the fear of not having food?

"Sima Yi! You're the third senior brother in charge, so you have to be aware of these things in the future and take care of them!"

Martial Master Ma's mood seemed to have improved after a while, and he turned to Lin Yi. "A martial artist must have strong self-control. If you can't even control your desire for food, how can I expect you to make any achievements on the path of martial Dao?"

"Yes, Martial Master Ma! This disciple acknowledges the order!"

Lin Yi cupped his hands and agreed-it'd be best if he didn't get himself into trouble now, in case Martial Master Ma kept on yelling at him. He'd just go along with him and end things earlier.

"Alright, this matter ends here. Next, let's test your physical attributes!"

Martial Master Ma waved his hand and said indifferently, "Most of you should know about the body's attributes, but a few of you might not be clear about it. Let me explain it briefly!"

Lin Yi was a little surprised-he didn't think the sub-Island would have an element.

"Our bodies are divided into the basic five elements-metal, wood, water, fire, and earth. There are also some special attributes, such as wind, Thunder, ice, and so on. Everyone's body has one or more attributes that are more compatible. As long as you choose a body tempering cultivation technique of this attribute, you can temper your body with twice the result with half the effort!"

Martial Master Ma paced back and forth with his hands behind his back and said unhurriedly, ""Body-tempering with the five elements is the most common way to temper one's body. However, there are also some body-tempering martial artists with special attributes who are stronger than other martial artists of the same level."

At this point, a few of the newbies subconsciously looked at Lin Yi-his body refining poison technique was no longer a secret.

Using poison to temper one's body was a special method. Although it didn't have the natural poison attribute, only one in ten thousand people could withstand it, so Lin Yi's strength wasn't surprising to everyone.

"Let me give you an example. There's an extremely outstanding female disciple on long whisker peak. You'll all know her in the future. Her name is su Yumo, and she's the only person who lives at the top of the North Peak!"

Martial Master Ma actually used su Yumo as an example, and Lin Yi finally realized that she lived on the top of the North Peak, ""Su Yumo's body is most compatible with the special ice attribute, so her cultivation technique is to temper her body with cold air. The North Peak is shady, and the top of the mountain is even more chilling. It's extremely beneficial for her cultivation, so she chose that place!"

Lin Yi felt Martial Master Ma's eyes on him for a while. It was obvious that he was talking to him, meaning that if Sima Yi didn't have that attribute, he would be blind to choose the North Peak!

He couldn't say that out loud, of course, so Lin Yi pretended not to feel anything and continued listening. "Su Yumo is rather powerful on long whisker peak. She's almost unrivaled among those of the same rank. That's how powerful the special attribute is!"

Lin Yi wondered why Su Yumo wasn't accepted into the inner sect since he was so strong. With her talent, it shouldn't be difficult for her to become an inner disciple!

Feng Zhipeng, whom Lin Yi had not met before, was only an outer disciple in the sect because of Su Yumo. Lin Yi had no doubt that once Su Yumo became an inner disciple, Feng Zhipeng would immediately become an inner disciple too.

Other than these two, Lin Yi also knew that Ai Fan had the ability to become an inner disciple, but he chose to be an outer disciple instead. There must be a reason behind this!

Could it be that there was some secret on Long Whisker Peak that caused so many people to give up on becoming inner sect disciples and stay here as outer sect disciples?

It seemed that there were many hidden masters on Long Whisker Peak. In addition to the few known Masters, there might be more unknown Masters hiding in the dark.

While he was thinking, Martial Master Ma took out a transparent diamond-shaped crystal and raised it for everyone to see. "Let's cut to the chase. This crystal can test your body's attributes. After the test is over, you can choose a suitable cultivation technique to cultivate. Now, we'll start with Sima Yi. Come over!"

Lin Yi replied and slowly walked to Martial Master Ma's side.

Chapter 7280 There Are Also Alchemists On The Sub Island

He didn't know how this thing worked, and how would his attributes be displayed?

Lin Yi already had all the elements in his body, and it probably wouldn't change even if he changed to a new body. What if the test showed that he had all the elements?

"Martial Master Ma, how do we test this?"

Lin Yi calculated in his heart before asking, "Do I just grab it?"

"That's right. Just hold it in your hand. After a while, the transparent crystal will change color. You can distinguish your body's attributes from the color."

Martial Master Ma was very patient with Lin Yi and explained with a smile, "Don't worry, it's a very simple test, and it definitely won't fail, because everyone has their own physical attributes. "

"I'll try!"

Lin Yi said as he held the crystal. He used his spirit sense to form a thin layer over his palm, imitating the fire element to touch the crystal.

Since Lin Yi was the first one to test it, he didn't know how much strength he should use to make it reasonable.

Very quickly, the entire crystal turned from a colorless and transparent state to a crimson red. Although it did not emit any heat, one could still feel the endless flames within.

"A fire attribute body, very high compatibility!"

Martial Master Ma's face turned even uglier-from the test results, Lin Yi only had one element, but the purity was pretty good-it could be considered high grade.

Although the fire element was a little overused, this purity was enough for the sword spring sect to focus on training it. However, Lin Yi didn't choose the South Peak to train, but chose to live in the North Peak.

If Lin Yi was in the South Peak, even if it was the lowest level, the environment would be very suitable for his body's attributes, and he would be able to cultivate twice as fast.

As for the North Peak, although it was the second highest spot, it was relatively quiet. Su Yumo had been cultivating there, and it was filled with cold air every day. With her fire-element body, it was definitely not a good place to cultivate!

Half the result with twice the effort!

Martial Master Ma was resentful that he had failed to live up to his expectations. A fire attribute martial artist had to live in the cold North Peak. He had brought this upon himself!

With Lin Yi's fire attribute talent, he might be able to withstand the North Peak's cold Qi without any major problems, but that was all. It was impossible for him to advance in his cultivation!

Martial Master Ma really did appreciate Lin Yi at first, and wanted to focus on him, but Lin Yi didn't listen to him. Now, he didn't pay much attention to him anymore.

A martial artist who didn't know what was good for him and destroyed his own future wasn't worth Martial Master Ma's time and effort!

"Al fan, you take the test!"

Martial Master Ma didn't say much. He turned the crystal, which had returned to its transparent state, to Al fan. "Give me your hand!"

Al fan nodded slightly with a faint smile on his face. He reached out and held the transparent crystal.

The two lights lit up at the same time, and the crystal was split in half. One half was a Jade-like green, and the other half was a red similar to Lin Yi 's.

"Not bad! It's actually a Constitution with wood and fire dual attributes!"

Martial Master Ma was pleasantly surprised and couldn't help but laugh. "This is really an unexpected surprise. Among dual-attributed cultivators, the wood and fire attributes are definitely the top configuration! Al fan, have you done any research on alchemy?"

"Martial Master Ma, this disciple is very interested in pill refining. It's just that I haven't had a master to guide me before, so I haven't dabbled much in it!"

Al fan bowed and cupped his fists respectfully. He had a humble and polite smile on his face. "If Martial Master Ma can give this disciple a few pointers, this disciple will be extremely grateful!"

Lin Yi was surprised. There were alchemists on the sub Island?

Without true Qi, how could he use the pill fire? Even if it's a spirit sense pill fire, it also needs to have that spiritual power!

The sub island's environment didn't have as many restrictions on spirit as pure energy, but Lin Yi hadn't seen anyone with a stronger spirit.

Could it be that he was using a fire seed like the spiritual fire of heaven and earth?

The heaven and earth Spirit Fire shouldn't be that powerful. How many people on the sub-Island could control it?

If he was really borrowing the power of flames from the outside world, he would most likely be using a fire seed that was far inferior to the spiritual fire of heaven and earth!

While Lin Yi was thinking about the refiner, Wushi MA was already laughing, "If you're interested in alchemy, the sect will definitely fulfill your wish. Don't worry, although this Lord doesn't know alchemy, there will naturally be people in the sect who will help you become an Alchemist!"

As he spoke, Martial Master Ma looked at Al fan with a look of joy.

Being an Alchemist was a respected profession on Sky Class Island! Not to mention this sub-Island that didn't have Qi. Every good seedling that could become an Alchemist was enough to be valued by the sect!

Hence, Al fan's position in Martial Master Ma's heart had skyrocketed, even surpassing Lin Yi's importance!

Previously, Martial Master Ma had looked down on Al fan, but now he was thinking about whether he should promote Al fan to the position of fourth senior brother ...

However, he had personally rejected this matter before. It wasn't appropriate to mention it now, as it would be a slap in his face. Thus, he thought about it for a while and put it aside.

"Many thanks for Martial Master Ma's guidance! This disciple will definitely not let down the sect's nurturing!"

Al fan maintained his respect, his posture impeccable, but he was secretly pleased with himself, thinking that he finally managed to suppress Lin Yi!

"By the way, Al fan, your wood and fire attributes will be more beneficial in the South Peak, which is full of Yang Qi. So, you can consider moving to the South Peak!"

Martial Master Ma attached great importance to the future Alchemist, so he couldn't help but remind Al fan, "Although there are no empty residences on the South Peak now, you should have a way to change to another place, right?"

In other words, he was asking Al fan to find a way to exchange with someone else.

After all, a few of Al fan's subordinates were in the South Peak. Although the location was not ideal, it was definitely more suitable for his body's attribute than the North Peak, not to mention the benefits it would bring to cultivation.

"Many thanks for Martial Master Ma's advice, but I still wish to stay in the North Peak. After all, the South Peak is already full ..."

Al fan had an apologetic smile on his face. He bowed and cupped his fists. "If there's anything wrong in the future, it won't be too late to find a suitable senior or Junior Brother to replace him!"

Martial Master Ma was slightly stunned. He didn't expect that the two people he had high hopes for would rather stay in the North Peak than go to the South Peak!

Unfortunately, their physique attributes were not suitable for cultivating on the North Peak like su Yumo's. What the hell!

"Since you say so, we'll see about this later!"

Martial Master Ma waved his hand and ended the conversation."Whoever is next, come and take the test in order!"

Ling Hanxue and the others stepped forward one by one to test their own body's attributes. Very quickly, all the new disciples had been tested.
