

Bodyguard 7351

Chapter 7351 I Have A Card Too

While the two of them were arguing, another group of people walked in. They were not strangers, but acquaintances, Xi Dongge!

"Hahaha, I didn't expect to meet senior brother Sima here! It was really a small world! Fate, fate!"

Dongge Pi laughed as he walked in. Everyone thought he was going to greet Lin Yi, but he turned around and said to the central Chamber of Commerce's manager, "I've bought everything in your shop today! Please ask all the irrelevant people to leave!"

"Dongge Pi, what's the meaning of this?"

Zhang Yiming was furious. He used to be afraid of the eastern Pavilion, but now he wasn't afraid at all. He might be finished in the ghost Yin mountain this time. Why would he be afraid of a dying man?

"What's the point? To buy things! Is it against the sect rules to buy things here? Eldest senior brother steward wants to deal with me? Oh, I'm so scared! You scared me to death!"

Dongge Pi made a weird expression and laughed at Zhang Yiming. Then, he said to the shopkeeper, ""Right, this young master also wants those things, put them aside first."

He was referring to the items that Lin Yi and the others had chosen, and the provocation was obvious.

The manager of the central Chamber of Commerce seemed to know Dongge Pi. He bowed politely and said with a smile, ""No problem. Don't worry, young master Dongge. We'll have someone wrap it up and take it away for you later!"

"Hey, hey! These are the things we've chosen to buy. What's the meaning of you selling our things to others?"

Zhang Yiming was furious and took out a stack of gold certificates. ""Take the money, the item is ours!"

"I'm sorry, Sir, I'm afraid we can't agree to this deal. I'm very sorry!"

The shopkeeper did not get angry, but was a little cold. He cupped his hands to Zhang Yiming, ""Young master Dongge has booked all the alternate accounts today, so I can't continue to trade with you. Please come again next time!"

"Hey! What was the meaning of this? The gold certificates of the East Pavilion are real money, and my gold certificates are fake, right?"

Zhang Yiming was really angry. He wanted to pull out his weapon and kill the shopkeeper. "If you don't give me a good reason today, I'll tear down your shop!"

"I'm sorry, it's not a matter of money, but of identity!"

The shopkeeper was still calm and indifferent. He even waved his hand casually and said, ""If you want to cause trouble, you can try. Our central business Association is not afraid of anyone!"

Lin Yi was the only one here who believed this-he couldn't even guess how strong the hidden forces in the sub-Island were. Their technology was outdated, but who knew what terrifying existences were hiding in the dark?

If they really wanted to exert their strength, they might not be weaker than any other sect, right?

"What identity? Isn't Dongge Pi the second senior brother in charge of the outer sect disciples of the Sword spring sect? Was it that amazing? This is the eldest senior brother in charge! In terms of status, he's even higher than Dongge Pi!"

Zhang Yiming glared at the shopkeeper angrily, then turned to donggepi and said, ""Do you dare to say that this is not the truth? What's there to be smug about when you see eldest Shixiong?"

"Hahaha, Zhang Yiming, you country bumpkin, what manager first senior brother, second senior brother, the central Chamber of Commerce doesn't recognize these! You don't know who I am, do you? Fine, I'll open your eyes today so that you won't embarrass yourself when you go out in the future!"

Dongge Pi laughed as he took out a silver card, waving it back and forth in front of Zhang Yiming and Lin Yi, "Did you see clearly? This is the VIP card of the central cooperative Chamber of Commerce, not everyone is qualified to get it!"

Zhang Yiming subconsciously turned to look at the manager. The manager nodded calmly and said, ""That's right. Young master Dongge is a Silver VIP of our Chamber of Commerce. He has the priority to purchase and can enjoy a 10% discount!"

Having been acknowledged by the manager of the central Chamber of Commerce, Dongge Pi felt even more superior. He raised his head slightly and pointed his nose at Zhang Yiming. "Do you understand? I'm a Silver VIP of the central cooperative Chamber of Commerce. For a country bumpkin like you, no matter how much money you have, it's useless. Obediently line up and wait. Let's see if I'm in a good mood and pick out some useless things for you. "

Zhang Yiming was frustrated. He had never heard of the central Chamber of Commerce having a VIP card. No wonder Dongge Pi was so proud.

The VIP cards of the central Chamber of Commerce were only for free and not for sale. They were absolute representatives of status!

The VIP cards were divided into four levels: Platinum, gold, silver, and bronze!

Platinum VIPs only gave out a few tickets on the entire sub-Island, which was the rarest.

There were a little more gold, but they were also quite rare.

The silver card was relatively common, but not everyone was qualified to get it. It could be said that in Hongshang Commandery, the holder of the silver VIP card was already considered to be doing quite well!

Zhang Yiming's family was quite wealthy, but he had never even gotten a bronze card ...

It could be said that the VIP card of the central cooperative Chamber of Commerce was a symbol of status. Of course, Donggepi would feel superior and proud!

"This broken thing can represent identity? It just so happens that I also have this broken toy. Does it mean that my identity is also very impressive?"

"Just a broken card, and you're so proud of it. You're a disgrace to the sword spring sect!" Lin Yi laughed.

"Sima Yi, don't brag. Do you think it's true just because you say so? Take it out and see! Don't tell me you're using a bronze card to act like a boss? "

Dongge Pi did not believe him at all and immediately started mocking him.

Lin Yi threw a black card on the counter without a second word.

Although he wasn't clear about the grading of these cards by the central business Association, since it was something sent by Ling Ling with the gray bamboo hat, it couldn't be any low-grade goods, right?

If he was really a low-level low-grade good ... I'll kill him the next time we meet!

"Hahaha! 'Sima Yi, even if you want to impersonate someone, you should have spent more effort and impersonated someone more reliable! Did you get a black card to be funny?"

Dongge Pi was a little nervous, afraid that Lin Yi would pull out a Silver VIP card or something, but he burst into laughter when he saw the black card.

Other people might not know, but as a Silver VIP, donggepi naturally knew that the VIP cards released by the central Chamber of Commerce were Platinum, gold, silver, and bronze. There was no black card in it!

At this time, if he didn't ridicule her properly, how could he face himself?

And so, not only did Dongge Pi mock Lin Yi himself, but he also waved his hand to signal his men to mock him as well.

The disciples of the Sword spring sect did not know what was going on, but since Dongge Pi had spoken, they followed suit and ridiculed him. No matter what, they should follow Dongge Pi!

Chapter 7352 Defeated East Pavilion Fart

However, Lin Yi didn't care about them at all. He only looked at the manager indifferently and spoke casually, ""These idiots are blind, but you should know what this is, right? Can I buy things here?"

Still, if the shopkeeper didn't know what this black card was, he would definitely kill Ling lingfa the next time he saw him!

The shopkeeper bowed slightly when he saw the black card, his knees slightly bent, making him look shorter than he was. He took the card and looked at it respectfully, then held it with both hands and returned it to Lin Yi with a smile.

"Of course I know what this is! I didn't know that you were here before. Please forgive me if I have offended you! Whatever you want, please choose!"

The shopkeeper didn't have the imposing air he had before in front of Lin Yi-he was like a tortoise!

Dongge Pi's wild laughter came to an abrupt end, as if a duck's screech was caused by its neck being strangled. Then, he looked at the manager with his eyes wide open.

"No... What do you mean, manager? Is this really the VIP card of your Chamber of Commerce? Are you sure?"

Dongge Pi's face was full of disbelief! What was black?

Could it be that the Golden card was actually black? Or was The Platinum Card black? There was no reason for that!

The shopkeeper carefully observed Lin Yi's expression. Seeing that there was no reaction, he replied casually, "Young master Dongge, I'm sorry, but this gentleman doesn't have our Chamber of Commerce's VIP card!"

"If it's not a VIP card, why are you so respectful to him? Are you looking down on my Silver VIP card? He was actually allowed to choose at will? This young master has said that this young master will buy everything here!"

Dongge Pi clamored again after hearing that it wasn't a VIP card, but something didn't feel right.

Since it wasn't a VIP card, why was the manager like this?

The shopkeeper's eyes revealed a trace of disdain. It was clearly written on his face that he was looking down on his Silver VIP card. It was difficult for his expression to convey this meaning so clearly.

Before Dongge Pi could get angry, he heard the manager's follow-up.

"Young master Dongge, please let me finish! This person here is not holding a VIP card, but a Supreme member card of our Chamber of Commerce!"

After the shopkeeper finished speaking, the contempt in his eyes became more and more obvious!

The person with the Supreme member card did not have any priority in purchasing or discounts, because the entire Chamber of Commerce was the warehouse of the Supreme member card holder!

The central cooperation Chamber of Commerce would unconditionally open it to Supreme member card holders without any cost!

The shopkeeper didn't say the rest because there was no need to disclose it. He only needed to say what kind of card it was!

If Dongge Pi was smart, he would have understood the underlying meaning. He's one of our bosses! What are you showing off for with a silver card? If they say that this place is closed today, then it's closed. What are you doing here!

Unfortunately, Dongge Pi was not smart enough and asked in a daze, ""What's a Supreme membership card? Why haven't I heard of it before?"

"Young master Dongge, you don't need to know. You just need to know that our Chamber of Commerce will not be open to the public today. I'm sorry, but please leave first! If there's anything I didn't serve you well, I'll apologize in the future!"

The shopkeeper was still polite and did not directly throw donggepi and the others out. After all, they were his Silver VIP customers, so he had to save some face.

Lin Yi had the Supreme membership card, so he might be one of the higher-ups behind the scenes. He might be unhappy if he saw her offending a customer, so he left some leeway for both sides.

Dongge bi was dumbfounded. What the hell was going on?

Not only did he not give a good explanation, but he also wanted to drive her away? Is there a mistake?

"Shopkeeper! You have to give me an explanation today! Could it be that your central business Association is bullying your customers and you want to do this to the end?"

Dongge Pi was extremely furious, especially when Lin Yi and the others were watching him with mocking eyes.

He had pretended to be an idiot, but he had been slapped in the face. No matter what, he couldn't tolerate this!

The shopkeeper's face darkened. He wanted to save some face for Dongge Pi, but if he didn't appreciate it and continued to pester him, then he couldn't be blamed for being rude.

There was no choice between offending Dongge Pi or Lin Yi, who had a Supreme member card. He'd just kick Dongge Pi out!

"Young master Dongge! Our central business partner does not need to give any explanation. I'll repeat it! Please get out!"

Dongge Pi was about to go crazy. There wasn't even an explanation? Such a strong attitude? Are you really crazy? Would the central business Alliance still be able to do business?

Donggepi then saw the manager turn his head, his cold face warming up like a spring breeze as he put on a flattering smile and bowed to Lin Yi.

"Your Excellency, I'm sorry! I'll deal with it immediately. Please take a rest first. These troubles will not affect your mood!"

Dongge Pi almost vomited blood. Who the F * ck was this trouble? He was actually afraid of affecting Sima Yi's mood? Have you ever F * cking considered my feelings?

The shopkeeper's face turned cold again. Dongge Pi's feelings were not within his consideration!

Before the manager could say anything, Dongge Pi suppressed his anger and left the central Chamber of Commerce with his men.

Staying here would only make her suffer more humiliation in front of Lin Yi ...

"Your Excellency, the unrelated personnel have left. Please feel free to pick the items you need!"

After Dongge Pi left, the shopkeeper immediately smiled and said respectfully, "If you need anything, you can tell me. We will pack it up and send it to the place you want."

"No need, just these! We'll take it with us."

Lin Yi waved his hand casually. The central Chamber of Commerce's items weren't high-end, and they could only be used in the sub-island's current situation. Once they left the sub-Island, they would be treated like garbage, so Lin Yi didn't want to take advantage of them.

"Yes! Please wait for a moment, it'll be done soon!"

The manager replied respectfully and ordered his men to pack up the items Lin Yi and the others had picked out. The task was completed in a few minutes.

Lin Yi was a little speechless as he looked at the beautifully wrapped packages ... They were all items needed for an adventure, and they could've just casually packed them in. It was a little exaggerated to make them look like art.

After leaving the central Chamber of Commerce, Zhang Yiming took everyone to visit other shops to buy some more weapons and armor. Although the central Chamber of Commerce also had these professional items, the quality was not the best.

Chapter 7353 Su Yumo Wants To Form A Team

This time, Zhang Yiming was still fighting to pay the bill, and Jin Yuan Bao didn't fight either. Lin Yi, on the other hand, thanked him calmly. He didn't have to spend much anyway, so he'd let him be.

After the central Chamber of Commerce incident, Ling Hanxue and the others were still fine, but the new members felt that Lin Yi was mysterious and unpredictable-he was probably someone with a big background!

With such an unfathomable leader, the success rate of this mission would not be low!

"Senior brother Sima, that's about all the things we need to purchase. It's getting late, so how about we rest in the city for the night and rent a Black Spirit Ferghana horse tomorrow morning?"

Zhang Yiming looked up at the sky and turned to ask for Lin Yi's opinion, "There are good inns and delicious restaurants here. Everyone, get well, so you'll be more energetic when we set off tomorrow! What do you think, senior brother?"

"Alright, let's do that then! You can continue to be the tour guide!"

Lin Yi smiled and patted Zhang Yiming's shoulder. "Let's find a place to eat first, then we'll go to an Inn to stay. Don't forget to settle the Black Spirit Ferghana horse today. We'll set off tomorrow morning!"

With the map in his hand, Lin Yi knew that it would take two to three days for the Black Spirit Ferghana horse to reach their destination.

There was no need to worry about the time, and it was just right to leave in the morning. It was much better than leaving the city at this time and then sleeping in the wilderness.

Zhang Yiming agreed and happily took everyone to find a place to eat. At this time, Dongge Pi brought his people back to the sword spring sect. No one knew what they were up to, but it was a bad move.

The five new disciples with Dongge Pi had supported Lin Yi before, and while they were fence-sitters, it was clear that they weren't that loyal to Dongge Pi.

Therefore, as soon as he returned to the sword spring sect, even with Dongge Pi's instructions, the incident that happened at the central cooperative Chamber of Commerce was still spread out. It spread like a virus.

"What? Sima Yi has a strong background in the central Chamber of Commerce, so he went against Dongge Pi and chased them away?"

"What? Sima Yi was the boss of the central business Alliance? Beating up Dongge Pi in the shop and throwing them out of the door?"

"What? Sima Yi established the central cooperative Chamber of Commerce? The East Pavilion went to cooperate with the central Chamber of Commerce, and in the end, they were almost killed by Sima Yi? In the end, he was sent back to the sect with injuries all over his body?"

"What did you just say? Dongge Pi had been beaten half to death by Sima Yi? He was just one breath away? So fierce ... Wait a minute, when did this happen? I just saw donggepi, he was alive and kicking, didn't he think he was dying?"

.....

As the rumors spread, the flavor changed. No one actually cared about the truth. In any case, it was an explosive gossip news. Everyone was talking about it with great relish. As long as they liked it!

Lin Yi's reputation soared all of a sudden, and his position as the Big Brother of the outer sect became a lot more stable without him knowing.

Most of the outer disciples who stayed on long beard Peak started to feel that Lin Yi deserved to be the big senior brother ...

When su Yumo heard the news by chance, it had only been an hour since the news started spreading. On a whim, she asked around about Lin Yi.

Knowing that Lin Yi was really preparing for the Tier 5 mission, su Yumo's eyes flashed with a strange expression. She rented a small flying spirit beast and flew to the city where Lin Yi was.

When su Yumo found Lin Yi and his group, the sky was already dark. They had already arrived at the inn. Su Yumo had also guessed that Lin Yi and his group would be staying at the inn, so she placed more emphasis on the inn. As expected, she found Lin Yi.

"Sima Yi, I want to join your team to complete that rank five mission!"

Su Yumo did not waste any time and went straight to the point, "You know my strength. With me in the team, the success rate of this mission will be higher."

"So it's junior Sister su. If you want to accept a mission, you should be doing it at the mission Hall. What's the meaning of coming here? Although I'm the eldest senior brother in charge, the number of people for this mission has already been set. Furthermore, they're no longer in the sect. If you say this, it'll be very difficult for me!"

Lin Yi smiled and shrugged, "you're pretty strong, but it doesn't make much of a difference if you're here or not ... Well, it's not exactly the same. If you're here, we'll each get a tenth less of the reward!"

"Sima Yi, are you trying to remind me to call you eldest senior brother? Could it be that you are such a bureaucratic person? Then I must have misjudged you!"

Su Yumo sneered in disdain. "However, you're indeed the eldest senior brother in charge. If you think it's necessary, I don't object to calling you eldest senior brother Sima!" Senior brother Sima, can I join your team?"

"Forget it ... You can just call me Sima Yi, or else it'll be a little scary! As for the matter of joining the team, I've already said it just now. Even if you try to goad me, I won't change my words. "

Lin Yi raised both his hands, indicating that he couldn't handle su Yumo calling him big senior brother. He then continued, "According to the rules, I can't join a mission halfway. Even if I'm the eldest senior brother in charge, I can't break the rule, right?"

Su Yumo pursed her lips. It was rare for her usually cold face to reveal such an emotional expression.

"Do you all think that what Sima Yi said makes sense? Or do you think that I will be of help if I join the team?"

Su Yumo avoided Lin Yi and scanned the crowd, including Ling Hanxue. She was at a loss for words.

Seeing this, su Yumo smiled indifferently. ""How about this, if anyone doesn't agree to me joining your team, then raise your hand."

Ling Hanxue and the others looked left and right, and no one moved ... Lin Yi himself didn't move either, so the others naturally wouldn't move either.

Su Yumo was smart in the way she asked the question. If she were to say who agreed to raise their hands, the situation would probably be the same-no one would raise their hands!

Now, those who didn't agree raised their hands. Since no one moved, it naturally meant that everyone agreed!

"It seems that everyone is quite welcoming of me! Then I'll have to thank everyone for their support!"

Su Yumo gave a faint smile and concluded without giving Lin Yi a chance to object, ""Sima Yi, as you can see, everyone is supporting me. You can't go against everyone's wishes, right?"

Lin Yi couldn't help but laugh. You're kidnapping everyone's will!

However, it did not matter. Su Yumo actually did not hate it, especially after their ice-type physiques resonated. There was always a faint sense of closeness between the two.

Chapter 7354 Matchmaking Them

Plus, su Yumo was able to smile a little now, and wasn't as cold as before. It should be easier to get along with her, so Lin Yi didn't really want to object to her joining the team.

"Alright, since no one is against it, I have no objections either!"

"I can't do anything about it, I can't go against everyone's wishes!" Lin Yi shrugged, pretending to be helpless.

Everyone chuckled, and the atmosphere became much more harmonious in an instant. It also reduced the estrangement between su Yumo and the others.

Lin Yi and the others had already booked a room, but now that su Yumo was here, Ling Hanxue took the initiative to ask for another room.

Zhang Yiming put his arm around Jin Yuan Bao's shoulder, and the two chubby boys whispered sneakily.

"Hey, fatty Jin, do you think su Yumo has taken a fancy to our first senior brother? The last time I lost to senior brother, so I started to worship him, and then it turned into love. That's why you want to join our team this time, no matter what?"

"Zhang xiaopang, aren't you a little too arrogant now? In the past, you used to address her as Senior Sister su with respect. How dare you call her su Yumo a little girl now? What an iron-headed man! But I think you're right ..."

Jin Yuan Bao put on an act and lectured him, but he immediately revealed his true colors and laughed in an extremely wretched manner. "Our eldest senior brother is so handsome and suave, he's definitely loved by everyone, so it's normal for him to be liked by others! Don't you think we should create more opportunities for her?"

"Good idea ... Come, let's think about how to ..."

"Cough, cough ... You two, that's enough! Don't think too much, it's easy to get water!"

Lin Yi couldn't take it anymore-who knew what they'd say if they kept on talking?

Su Yumo had already started to turn around. If she were to hear this, she would probably turn hostile on the spot!

Lin Yi wouldn't be able to speak up for these two fat kids!

Su Yumo successfully joined Lin Yi's team, but someone from the sword spring sect found Feng Zhipeng.

"Senior brother Feng, I heard that after Senior Sister su inquired about Sima Yi's news, she immediately rode a small-sized flying spirit beast to the city where Sima Yi was at. I think she's going to join the rank five mission team!"

Dongge Pi's relationship with Feng Zhipeng wasn't too bad. Other than coming back to take care of his own business, he was thinking of using Feng Zhipeng's power to deal with Lin Yi.

He didn't expect su Yumo to fly to that city right after getting information about Lin Yi. It was like a pillow just as he was about to take a nap!

Hence, Dongge Pi seized the opportunity to find Feng Zhipeng to sow discord. As for whether su Yumo really went to Lin Yi, it was not important!

"Senior brother Feng, Senior Sister su has already left for a while. Perhaps she has already found Sima Yi and the others. Let's not talk about other things first, that's a rank five mission. Just based on the few random soldiers that Sima Yi brought along, doing a rank five mission is just courting death! If Senior Sister su joins us at this time, she'll be jumping into a fire pit herself!"

Dongge Pi didn't badmouth Lin Yi, but instead, he spoke as if he was concerned about su Yumo's safety, ""I think we should stop Senior Sister su! However, our words carry little weight, and Senior Sister su won't listen to us. I'm afraid that only senior brother Feng can persuade Senior Sister su to change her mind!"

"How is that possible? Why did Junior Sister su go look for that brat Sima Yi!"

Feng Zhipeng was furious. He slammed the coffee table beside him and turned it into dust. "Detestable! Why is that brat Sima Yi involved everywhere? It's fine if you want to die, but you're even dragging Junior Sister su down with you!"

Even though he was angry, Feng Zhipeng could only listen to Dongge Pi's words. Even if he were to personally make a move, su Yumo would probably ignore him ...

All along, su Yumo had been in a state of nonchalance. If she went to look for him now, she would only be rebuffed!

Besides, Feng Zhipeng still didn't know Lin Yi's real background. Since he didn't confront him directly in the banquet hall last time, he wouldn't start a fight this time either!

So if Dongge Pi wanted to provoke Feng Zhipeng to cause trouble for Lin Yi, he would most likely be disappointed.

"Senior brother Feng, no one can stop Senior Sister su if she wants to go for experience. Perhaps senior brother Feng's words will be effective, but it will definitely make Senior Sister su unhappy. The gains do not make up for the losses!"

Al fan, who had come with donggepi, interrupted, ""I think there's still room for discussion."

"What do you want to say?"

Feng Zhipeng frowned slightly. He was at his wits' end. If Al fan had an idea, he would use it as long as it was feasible.

Al fan glanced at Donggebi and smiled. "Second senior brother, I have a few words to say to senior brother Feng in private. It's not that I don't trust you, but I have to keep it a secret. Please forgive me."

Donggebi was displeased, but he still put on a generous smile and said, "It's fine, it's fine. You guys go ahead, I'll leave first. "

As he spoke, Donggebi stood up decisively and retreated five or six steps away. He turned around and did not look in their direction.

Al fan moved closer to Feng Zhipeng's ear and whispered a few words in a low voice. Feng Zhipeng's expression did not change. He only nodded slowly after Al fan finished speaking. "Alright, then I'll leave this matter to you! Don't Let Me Down!"

"Yes! Don't worry, senior brother Feng, I'll do my best and won't let you down!"

Al fan was in high spirits. He cupped his fists happily and said, "Senior brother Feng, please wait and see. I will complete the task as soon as possible!"

"Mm! I promise you that as long as you do this well, your third senior brother will immediately become the eldest senior brother. "

Feng Zhipeng made a promise in a casual manner. Ai Fan was overjoyed and promised that he would definitely complete the best task.

When Dongge Pi heard the last few sentences, he was very dissatisfied, but he could not vent his anger on Feng Zhipeng.

.....

If one looked at it from the map, one could clearly see that the ghostly Yin mountain range was located on the far left side of Hongshang Commandery, which was the edge of the West. It could be said to be a wild place.

The sword spring sect was also located in the Western Region of Hongshang Commandery, so it was not too far away from the ghost Yin mountain range.

Lin Yi and the group were full the next day when the first rays of the morning sun rose. They set off for the ghost Yin Mountains.

The 11 of them rented a total of 15 black Spirit Ferghana horses. The backup horses carried some equipment and rations on their backs, and they could also be transferred when needed.

The city they had just left was the closest city in Hongshang Commandery to the ghost Yin mountain range. After leaving from here, there would be no more cities on the way, only dense jungles and mountains.

Chapter 7355 Entrance Fee

However, before reaching the ghost Yin mountain range, there should be a relay station on the way.

As long as adventurers and hunters liked to go to places, there would definitely be a courier station. For example, the courier station of black wildflower. They could reap a lot of benefits without having to take risks.

After entering this forest, there were no longer any flat roads, only some naturally formed winding small paths. Although the Black Spirit Ferghana horse was agile, it could not unleash its full speed. It was only thirty to forty percent of its normal speed, and could only be considered as a small jog.

"Senior brother Sima, you guys seem to be very used to the forest. Did you often move around in the forest?"

Li Yingjian was quite a natural at getting to know people, and in just one day, he'd gotten quite close to Lin Yi and the others. He was a horse's body behind Lin Yi as he chuckled, "Look at those guys. They've been so excited since they entered the jungle. One look and I can tell they're country bumpkins who have never seen the world!"

He was talking about the new disciples who joined Lin Yi's team with him. They were different from Ling Hanxue, Chen Zhisheng, and the others. These new disciples didn't have to worry about food and clothing. They only needed to cultivate at home and rarely had the chance to go into the jungle for adventure.

This was especially true for the forests at the edge of Hongshang Commandery. It was very different from the forests around other cities that had been developed for a long time. Hence, after following Lin Yi into the forest, he felt a strange sense of novelty and excitement.

"That's right! What hasn't eldest senior brother Sima seen before!"

Jin Yuan Bao chuckled and continued the conversation. In fact, he did not go to the jungle much, and he also had a new feeling in his heart. "I'm telling you, senior brother Sima is a great expert in the jungle. There's also Ling Hanxue and Chen Zhisheng, they are the top hunters. They are absolutely like fish in water in the jungle, so you should just follow us!"

"Senior Sister Ling, were you hunters before? Is there anything interesting? tell me about it. "

Li Yingjian's eyes brightened. He did not dare to provoke the cold su Yumo, but Ling Hanxue, who was equally beautiful, was eye-catching.

There was no need to have a motive to talk to a beautiful woman. It would naturally make one happy, so Li Yingjian wanted to hit on her when he got the chance.

"Being a Hunter is not a fun thing. It's a dangerous profession that you have to risk your life for. If you're not careful, you'll become the food of the spirit beasts of darkness!"

Chen Zhisheng's face was cold as he answered first. He did not want Ling Hanxue to talk to this kid!

"Senior brother Chen, why don't you tell us about those dangerous stories? it'll make us more vigilant!"

Li Yingjian didn't feel Chen Zhisheng's slight hostility. Seeing that Ling Hanxue didn't say anything, he naturally asked Chen Zhisheng, ""Now that we're all in the same team and we don't have much experience, we should be more prepared. If something really happens, we won't be a burden to everyone. Don't you think so, senior Chen?"

Chen Zhisheng's mouth twitched. He felt that this kid was really annoying. Couldn't he tell that he didn't like to talk? Tell a story? It would be best if some dark spirit beast jumped out and ate him directly!

Sometimes, things were so coincidental. Chen Zhisheng just thought about it casually in his heart and didn't expect that the dark spirit beasts would launch a surprise attack.

When they passed a huge tree, ten black shadows shot out from the tree like lightning, attacking each and every one of Lin Yi's team.

Lin Yi unsheathed his sword and used his fire spirit sword technique, easily killing the two black shadows that attacked him.

The body fell to the ground and revealed its true appearance. It was a black bird with a sharp and long beak. It was not strong, only around the peak of the advanced stage of the original level, so the Jade space did not even have a warning.

Other than Lin Yi, su Yumo had also killed two black sharp-beaked birds.

Chen Zhisheng and Zhang Yiming dealt with it relatively easily. The most outstanding one was Ling Hanxue. When the attack appeared, she had already drawn her bow and fired arrows in succession!

When Lin Yi made his move, Ling Hanxue had already shot down three black birds, and when Lin Yi succeeded, she shot down another three ... In that instant, Ling Hanxue had easily and happily taken care of half of the black birds.

Among the five new disciples who joined later on, only Li Yingjian's performance was more stable. The other four didn't do anything except scream and panic.

If not for Ling Hanxue's rapid-fire that had taken care of the six black birds, the four of them would have suffered some injuries.

"Take these birds with you, we can make barbecue later!"

Lin Yi sheathed his sword, and the Black Spirit Ferghana horse's speed didn't change at all. He didn't care about this small turn of events anymore.

Ling Hanxue and Chen Zhisheng put away their weapons and bent down to pick up a few black birds on the ground as they rode forward. Zhang Yiming and the others followed suit and shared some of the burden.

"Do you see this? this is the jungle! Danger could come at any moment! Take care of yourselves. Not everyone has someone to take care of you all the time!"

Chen Zhisheng coldly glanced at Li Yingjian and warned, ""This is only the edge of the city, and we've just entered the forest, so the strength of the dark spirit beasts is not strong. After entering the forest, we might encounter more powerful dark spirit beasts!"

"Thank you for your reminder, senior brother Chen. We'll be careful and won't be a burden to you!"

Li Yingjian promised once again. He was still a little scared.

These black birds weren't strong individually, but no one noticed them before they attacked. If it wasn't for Lin Yi, Ling Hanxue, and the others, Li Yingjian and the other five would've been dead already!

Li Yingjian couldn't help but sigh when he saw how flustered his companions were. The gap between them was indeed quite big!

It wasn't in terms of strength, but in terms of mentality!

Li Yingjian looked at Lin Yi and the others who were fine, and he admired them even more. He felt that it was a wise decision to join Lin Yi's team.

Perhaps he would have an extraordinary transformation when he returned this time!

Along the way, they encountered several attacks from darkness spirit beasts, including an early gold core beast.

It was clear that the deeper one went into the forest, the higher the level of the dark spirit beasts. The forest around Luling city could not compare at all.

But Lin Yi didn't really care about these dark spirit beasts-they all ended up as lunch for everyone.

Everyone was convinced by Lin Yi's barbeque skills, thinking that it was a blessing to have a big brother like him.

Before night fell, Lin Yi brought the group to their designated lodgings, a stop that was two to three times bigger than black wildflower 's.

"Yo, not bad! So many people are here today!"

Twenty meters away from the gate, six burly men in different clothes blocked Lin Yi's way. The leader was in a black shirt, cocking his head and smiling, "Do you want to stay at the Inn tonight? Before entering the courier station, I'll first pay the entrance fee! Two gold certificates for each person will do. "

Chapter 7356 A Little Arrogant After Winning

The burly man rubbed his fingers as he glanced at su Yumo and Ling Hanxue from the corner of his eyes. He laughed slyly and said, ""There's a discount for beauties, you don't have to pay. Not only do you not need to pay, but I'll also treat you two to a drink. Give me some face, will you?"

"You're looking for death!"

Su Yumo's face turned slightly cold. She was not a good-tempered person. This perverted-looking Man in Black actually dared to speak in such a manner. It was simply preposterous!

Just as su Yumo was about to teach the man a lesson, Lin Yi stopped her, ""Don't worry! Calm down! I'll ask a few more questions!"

Su Yumo glared at Lin Yi but didn't say anything. She decided to let that bastard off for now!

"Are you people from the relay station? Is this entrance fee to be paid to the relay station?"

Lin Yi felt that something was off.

Most relay stations wouldn't do such brainless things. If they wanted to earn money, wouldn't they be able to earn it easily after entering the relay station?

The relay station in the forest was a monopoly business. There was only one, no other branches!

If you don't want to stay, then go sleep in the open. If you dare to sleep in the jungle at night, then you are capable. The relay station can completely not do your business.

If they didn't have the ability, they could only stay in the relay station obediently. The relay station would have the final say on how they wanted to rip them off.

"You pretty boy, what are you talking about? I'm asking you, are you going to pay? If you don't give it to me, then get lost! Don't even think about entering the relay station!"

The Man in Black hmphed in disdain, not wanting to talk to Lin Yi.

"Who the hell are you? how dare you speak to our eldest senior brother like that?"

Li Yingjian roared, and before Lin Yi could say anything, he jumped off his Black Spirit Ferghana horse and flew towards the man, ready to attack.

The other four players who had joined Li Yingjian's team also shouted and spread out to surround him!

The strength of these six ruffian men in front of him was really average. They were only Foundation Stage cultivators, not even a single golden core stage!

Li Yingjian and the others were confident that they were far stronger than their opponents, and they didn't show much of their strength along the way, so they were excited to fight.

Even Jin Yuan Bao and Zhang Yiming were eager to try, but Lin Yi didn't say anything, so they stayed put.

Even so, Li Yingjian's group of five still had the absolute upper hand, and after a series of chaotic moves, the six people were all knocked to the ground.

"Hahaha, you idiots have the nerve to come out and Rob people? Please take a good look in the mirror before you come out! You're really a disgrace to the bandits!"

One of the new disciples was very proud of his victory. He stepped on the face of the Man in Black and sneered, ""Isn't it awesome now? Do you still want gold certificates? Do you still want our Senior Sister to drink with you?"

"I don't dare! Little Lord, please spare my life! We have eyes but failed to recognize Mount Tai and have offended you all! I'm sorry, I'm sorry!"

The black-clothed man decisively admitted defeat. Even if his face was already deformed under the foot, he still squeezed out an ugly flattering smile. "I'm just a piece of trash. Killing me would only dirty the hands of all the Honorable Masters. Why don't you just let me go like a fart?"

Su Yumo frowned and turned her head away after hearing his vulgar words. Li Yingjian turned back and cupped his hands at Lin Yi, ""Senior brother, what should we do with these people? Should we kill or let them go?"

The five of them had held back, so none of the six people died or were even seriously injured. However, all of them were bruised and swollen, looking a little miserable, but in reality, they were all just some flesh wounds.

After all, they were all young masters. They had fought before, but they had very little experience in killing people. At the same time, they were worried about whether these people had any relationship with the relay station. If they killed them, they would form a deadly feud.

If it was Ling Hanxue, Chen Zhisheng, and the others, they would either not make a move, or they would directly go for their lives. The law of the jungle for hunters was that the weak were prey to the strong. Being kind to the enemy was often cruel to oneself.

"My Lord, my Lord! Spare us! I won't dare to do it again! We're just trying to make a living ..."

The black-clothed man once again raised his voice and begged for mercy. However, the new disciple stepped on him with more force. In the end, all that was left was a muffled whimper.

"Junior Brother Li, you're the ones who captured these people, so it's up to you how you want to deal with them. In any case, they're all insignificant people!"

Lin Yi waved his hand indifferently, not giving any opinions. He wanted to see how Li Yingjian would handle this.

"Senior brother, we acted rashly just now. We were a little rash. I'm sorry!"

Li Yingjian suddenly bowed in shame. ""Next time, we'll definitely listen to your command ..."

"It's okay. It's normal for young people to be hot-blooded. Don't mind it too much. Let's deal with them first."

Lin Yi didn't expect Li Yingjian to apologize so suddenly. He smiled and shook his head, "We've been on the road for the whole day. Let's go to the relay station and rest early. We still have to continue tomorrow."

"Yes! Don't worry, eldest senior brother, we will handle it properly. "

Li Yingjian nodded respectfully and turned around. ""You're lucky that our senior brother is kind and doesn't want to argue with you. Get lost!"

The few new disciples seemed to have not had enough. They kicked and hit the six burly men a few times and drove them away.

"These people shouldn't be that simple. They seem to be just pawns. I'm afraid we'll have trouble in the future!"

Ling Hanxue whispered to Lin Yi, ""Since he dared to block the way at the entrance of the relay station and ask for money, he most likely isn't from the relay station. However, he must have a powerful force behind him that can even suppress the relay station and make the people there not dare to oppose him. So, we must be on high alert tonight."

"Let's play it by ear. I also want to see what kind of person the local tyrant of this jungle is. Since we're in this area, it's inevitable that we'll have to deal with them."

Lin Yi nodded slightly, already prepared for this. "Let's go in first. "

In every forest, besides the relay station, there would be other powerful people occupying it, just like the brothers du Tianba and du Dongba whom he had met before. This was not a rare thing.

The six people who had blocked the entrance of the courier station to collect money were most likely small fries of this kind of mountain stronghold force. The courier station's own people would not do such a brainless thing.

"Eldest senior brother, no matter how many of these people come, they'll just be courting death. We're not afraid at all!"

One of the high-spirited new disciples faintly heard Lin Yi and Ling Hanxue's conversation and thought that they were worried about the burly men's revenge, so he patted his chest and said, "If they dare to come back, there's no need for eldest senior brother to do anything. I can deal with them alone!"

He was floating!

He had only won once, and his tail was already so high!

And it wasn't just one. The few who had attacked earlier all had looks of deep agreement on their faces, thinking that they could deal with the six burly men alone.

Lin Yi sighed in his heart. This was the saying "a newborn calf isn't afraid of a Tiger," right?

These few new disciples had decent strength, and their family backgrounds were not bad. They were also disciples of the Sword spring sect, so it was normal for them to be arrogant. They had the capital to be arrogant.

Chapter 7357 The Trouble Is Back

However, with such a mentality, they would only be cannon fodder who could not survive three episodes under normal circumstances ... He could only hope that they would not have a mental breakdown when they encountered setbacks!

If there was a chance, he should teach them a lesson and let them understand what the world was full of evil! After all, they were on Lin Yi's side now, and they might be useful after some training.

"Then I'll have to trouble you all tonight. Take turns to keep watch! Although there will be some security guarantees in the relay station, we can't count on them too much. It's more appropriate for us to have our own people to keep watch. "

Lin Yi tossed the thought aside and smiled at the new disciples, "Everyone will take turns to look after each other for two hours. Is there a problem?"

"Of course, no problem! Don't worry, eldest senior brother!"

"Yes!" Someone replied loudly. They didn't think it was necessary, but since Lin Yi had asked, they were willing to perform. It was just a Night Watch, after all, it wasn't a big deal.

As he spoke, Lin Yi had already brought his men to the inn's entrance. Someone brought the Black Spirit Ferghana horse to the stables to feed it, while Lin Yi and the others went in with their luggage to ask for rooms.

There weren't many guests in the Inn today, so there were a lot of empty rooms and even a small yard. Lin Yi asked for a yard with a small building, rooms on the left and right, and even a kitchen and toilet. It was more than enough for the eleven of them.

It was easier to defend when everyone gathered together. A big relay station was indeed different.

Su Yumo and Ling Hanxue were also very satisfied with the environment in the small courtyard, so they occupied the best room in the small building without any hesitation.

Lin Yi, on the other hand, went to the room on the ground floor, and the others all picked their own rooms.

There was a kitchen in the yard, but Lin Yi didn't plan on making his own food. He'd have the people at the station prepare it and send it over. After making sure it was safe, he let everyone eat and rest.

The five new disciples, including li Yingjian, were arranged to take turns on duty.

In the middle of the night, li Yingjian happened to be on shift. He noticed the shadows outside the small courtyard, as if they wanted to surround the small courtyard. He immediately exclaimed, ""Enemy attack!"

In fact, li Yingjian didn't need to shout. Lin Yi's spirit sense had already noticed it, but he didn't warn everyone. This was expected trouble, and there was no surprise.

Whether it was Ling Hanxue, su Yumo, Chen Zhisheng, or the others, they were all ready for battle during their break. The ones who were truly relaxed were the few new disciples who were assigned to guard the place.

Lin Yi walked out of the building with his hands behind his back, looking at the gate of the courtyard leisurely. Ling Hanxue, su Yumo, and the others soon appeared beside him.

Suddenly, many torches were lit outside the small courtyard. The courtyard door was violently pushed open, and more than a dozen big men with torches in their hands rushed in. They surrounded the small courtyard and lit up the space as if it were daytime.

"Hahaha, little bastards, I'm back! Are you all ready to die?"

The burly Man in Black who had blocked the way and been beaten up earlier appeared at the door, laughing wildly. However, he only stood at the side, obviously not in charge.

Lin Yi sized them up-most of the people who entered were foundation level practitioners, with two early golden core and one peak early golden core. They weren't particularly strong.

"I just spared your lives, and now you're here to cause trouble. Do you really think we don't dare to kill you?"

Li Yingjian saw that Lin Yi wasn't interested in talking, so he stood up and laughed coldly, "You clowns are not worthy of talking to our senior brother. If you know what's good for you, get lost. Otherwise, you won't be able to get out later!"

The remaining four new disciples also started to clamor. Just now, they said that they would deal with the rest of the people. Now that they saw that there were so many people on the other side, they were more or less afraid. However, it was still within an acceptable range.

"Senior brother Sima, why don't you leave these people to us?"

Li Yingjian didn't forget to ask Lin Yi first, "It seems like we can't settle this peacefully today. Can we deal him a heavy blow?"

"Yes! Take care of yourselves and don't get hurt!"

Lin Yi nodded slightly. The opponent wasn't too strong, and Li Yingjian and the others might not have a chance of winning, but they wouldn't lose too quickly either. It was a good time to train.

"Hahaha, little brat, you're quite stubborn. If you can still be so stubborn later, I'll be convinced!"

The Man in Black laughed wildly again, then cupped his hands to the people beside him. "Brothers, don't waste your breath on these little brats. Let's attack together and kill them directly!"

"Hehe! He really was shameless! Do you know who you've offended?"

Li Yingjian laughed coldly. In order to make a name for himself, he decided to show off his background to scare the other party. "We are all disciples of the Sword spring sect. Who Do You Think You Are? how dare you come and find trouble with us?"

The jianchun sect was not the top sect in Hongshang Commandery, but it was still a first-class sect, especially in the Western Region. It was a major Overlord!

He was second to none within the ten cities, and no ordinary power would dare to offend him.

However, the Man in Black was disdainful. "Is the sword spring sect that great? I'm going to kill all of you today. Let's see if the sword spring sect can do anything to me. Why? Are you unconvinced? If you're not convinced, then come fight me!"

"How audacious! Is the sword spring sect something that scum like you can look down on? Come, come, come out and fight me if you have the guts. Let's see how this young master will deal with you!"

Li Yingjian couldn't hold it in any longer. He pulled out his sword and jumped into the arena, pointing it at the Man in Black. "Come on! If you're not convinced, then do what! Don't be scared!"

"Senior brother, these people are all desperadoes. Whether it's the officials of Hongshang Commandery, the sword spring sect, or the other sects, or the aristocratic families, they are not much of a deterrent to them. Especially in the border areas of the Commandery, they are even more lawless!"

Ling Hanxue whispered in Lin Yi's ear, "If they can't survive because they offended a powerful force, they will cross the border and flee to other countries to continue their evil deeds. So, it's useless for Li Yingjian to use the name of the sword spring sect to suppress them."

Lin Yi nodded in acknowledgment. He didn't expect the name of the sword spring sect to be of any use anyway.

In the forest, one had to rely on their fists to speak. Whoever had the bigger fist would naturally have the right to speak!

The black-clothed man opposite him sneered, "one-on-one?" Did I bring so many brothers here to fight you one-on-one? However, if you really want to fight us one-on-one, it's not impossible. Tell us, you want to fight us brothers alone? Three or five?"

"Shameless rat! Gutless Bandit! If you don't even dare to fight me one-on-one, this young master will send you on your way as soon as possible!"

Li Yingjian was also hot-blooded and fearless in the face of many enemies. Since they didn't agree, he might as well take out his sword!

Chapter 7358 Why Didn't You Do Anything?

As soon as he moved, the remaining four new disciples also rushed forward. The people on the opposite side were not to be outdone. They also rushed out. The small courtyard was instantly filled with the light of swords and a chaotic battle.

This time, the number and strength of the other side were much stronger than before, so the five new disciples led by Li Yingjian were at a disadvantage.

Zhang Yiming saw that the situation was not good and rushed over to help. Since Zhang Xiaopang moved, Jin Xiaopang naturally followed closely behind.

With that, Ling Hanxue and Chen Zhisheng could only follow suit. In the end, even Su Yumo had drawn her sword, leaving Lin Yi alone, watching the show at the entrance of the house.

The venue in the small courtyard was actually not too big. With more than twenty people fighting at once, it suddenly seemed a little cramped. Therefore, some people went up the wall, some people went up the room, and the sky and the earth became lively.

There wasn't even a shadow of the people at the station after such a huge commotion. It was clear that they had a tacit understanding with the ambushers, and Lin Yi was well aware of this.

"Brothers, let's kill those two girls first!"

The chaotic battle had only started for a short while, and there were already people shouting to deal with su Yumo and Ling Hanxue.

It wasn't that these desperadoes didn't want to show mercy to the fairer sex, but they really had no choice!

Su Yumo's frosty Qi, coupled with her Swift and fierce sword techniques, was basically invincible. Two out of the three golden core Warriors were held back by her and were no match for her.

Ling Hanxue, on the other hand, relied on her agile movements and her wind-attribute physique to unleash its full potential. She kept moving around the roofs and walls, shooting two arrows at any time. Her threat was no less than su Yumo's.

The two girls formed a threat that made up more than half of Lin Yi's men, but even so, li Yingjian and the others were still at a disadvantage.

After all, they were inexperienced and had been forced into a fluster by those desperadoes' desperate fighting. Although they had not suffered any fatal injuries, they had suffered a lot.

Lin Yi was determined to train these new disciples, and so he continued to watch the show.

After su Yumo and Ling Hanxue were taken care of by the enemy, Lin Yi's side was losing more and more. The situation was gradually turning in the enemy's favor.

Both sides were fighting for real, and soon, there were casualties!

The death of two foundation building ruffians had stimulated the other party's ferocity. Not only did he not retreat, but he also roared and launched a decisive attack.

Almost all of the new disciples were injured. Although they didn't die, their injuries were quite serious. Two of them had almost lost the ability to continue fighting.

"Eldest senior brother, why aren't you making a move?"

The injured disciples looked at Lin Yi in anger and couldn't help but scream, ""We're having such a hard time, why don't you do anything? If you had made a move, why would we have been so passive? Could it be that you're a person who's afraid of death and doesn't even have the courage to attack when you see an enemy?"

As the disciple spoke, Zhang Yiming retreated with a pale face. He had a knife in his waist and was bleeding profusely. There were also some other wounds on his body. At this time, he did not have the strength to continue fighting.

But when he heard the new disciple's question, he still stood on Lin Yi's side without hesitation, "Don't talk nonsense! Of course, eldest senior brother has his own considerations. You don't understand at all, hurry up and heal!"

Lin Yi didn't bother explaining himself. He only nodded at Zhang Yiming and tossed him some medicine, telling them to treat their own injuries.

At this time, as the number of casualties increased, more and more people retreated, and the place became much emptier.

Both sides didn't gain any advantage. On the surface, Lin Yi's side seemed to be at a slight disadvantage, but in reality, the ones who died were the people from the other side. Lin Yi's side was injured but not dead, so it was the other side who was at a disadvantage.

After fighting for a while, both sides retreated from the battle in tacit understanding. Even su Yumo was slightly out of breath. If the battle continued, it would really become a battle of attrition.

"Sima Yi! Why aren't you doing anything?"

Su Yumo's expression did not look too good either. She could not help but feel resentful when she heard the complaints of the few new disciples around her. "With your strength, if you were to help, you would have already gotten rid of them!"

Other things aside, su Yumo felt that if Lin Yi attacked together, the two of them might even resonate with their ice-type physiques!

If he activated an ice attribute martial skill at the same time, the power would be greatly increased. This was not the effect of one plus one equals two, but the effect was greater than two!

"Now, you guys should rest well!"

Lin Yi didn't answer su Yumo's question directly, but called out to the people outside the courtyard,""You've probed this far, right? You've been waiting outside for so long, are you still not going to show your faces?"

Everyone's hearts trembled. The life and death battle just now was just a probing attack? And there was still someone behind them who hadn't come out?

In other words, Lin Yi didn't attack just now because he was waiting for the master?

But was there really such a person?

Everyone was suspicious, not sure if Lin Yi was telling the truth or not, but their resentment towards Lin Yi lessened a little.

"Hahahaha, I was actually discovered! This is really unexpected!"

A burst of rough laughter came from outside the small courtyard. Following the voice, five more people slowly walked in.

They were four men and one woman, wearing the same type of dark spirit beast leather armor. They all looked at Lin Yi and the others arrogantly as they stepped into the yard.

"Five leaders, it's these guys. Not only did they not pay us, but they also humiliated us. They are not giving the five tigers stronghold any face!"

The Man in Black who blocked their way was also injured and looked a little miserable. He pointed at Lin Yi and the others with a bitter expression, "Little brats, when you see my five Fort Masters, hurry up and kowtow and admit your mistakes. Hand over all your belongings obediently. Otherwise, you'll be skinned and fed to the spirit beasts of darkness!"

The faces of the new disciples turned pale, not only because of their injuries, but also because of the aura that the other party had displayed!

The heroic spirit that had reached the clouds just now was now only left with not even daring to breathe loudly!

Golden core stage!

All five of them were golden core stage ancient martial art practitioners!

Moreover, they were not ordinary people who had just entered the Golden core stage. Two of them were at the peak of the late golden core stage, and the other three were all at the perfected golden core stage!

This force was a little too strong!

After all, even tyrant Wolf, the senior disciple of the previous manager, only had this level of strength!

Lin Yi may have won against extreme summer's tyrant Wolf, but it was by a small margin. How could he win against five of them?

Su Yumo might be able to share the burden, but it would not help the overall situation much if there was only one less!

"All of you, retreat and recuperate in the small building!"

Lin Yi didn't care about the provocation-he'd settle the people around him first.

Chapter 7359 Love Counter-Robbery

Only now did everyone believe that Lin Yi had noticed the five masters a long time ago, and that was why he didn't make a move.

He was saving his strength to deal with the strongest enemy!

But in fact, Lin Yi didn't have that thought. He only wanted to train the new guy, and that was why he didn't help.

The five leaders looked scary, but Lin Yi didn't think much of them.

"Brat, you're quite capable to be able to discover us! However, do you think you can stop us all by yourself?"

The gruff voice that had laughed earlier sounded again. It was the great leader of the five. "It's ridiculous for a mere early-stage golden core cultivator to fight against the five of us."

"This little fellow has such soft skin and tender flesh. It's quite pleasing to the eye. It'll be a pity if I really kill him!"

The only woman among the five tigers was a woman in her thirties with Willow-shaped eyebrows and peach-shaped eyes. She was the third Tiger: "If you are willing to surrender, we can also let you live."

"Little brats, our master is kind and is prepared to let you live. If you know what's good for you, you should be deeply grateful and kowtow to thank him!"

The black-shirted man stood up and explained for his master, ""First of all, take out all your belongings. As long as we're satisfied, it won't be difficult to let you Live!"

Robbery was the most important source of income for the five tigers stronghold. Killing and setting fire were all things that could be done in the service of robbery. Therefore, the most important thing was to collect property first.

The new disciples felt relieved. If the other party only wanted money, it was not unacceptable. As long as they could keep their lives, what was the loss of some worldly possessions?

"We're willing to hand over our belongings. We only hope that you can keep your promise and let us go!"

A seriously injured new disciple was the first to surrender. Just now, those small fries had almost taken his life. Five Orthodox leaders had appeared, and he was seriously injured and had lost the ability to resist. If he did not surrender, was he waiting for death?

With someone taking the lead, the remaining few new disciples also opened their mouths in twos and threes to admit defeat, agreeing to give up their property in exchange for their lives.

Li Yingjian looked at Lin Yi, and seeing that Lin Yi didn't say anything, he could only sigh and join the team.

"Senior brothers and sisters, it's rare that they've relented. They just want some money, it's not a big deal, we'll give it to them! Where there's life, there's hope!"

The first new disciple who admitted defeat saw that Ling Hanxue and the others did not move, so he came over to persuade them, ""We don't have an irreconcilable hatred between us, so there's nothing wrong with spending some money to ensure our safety! When we go back, I'll be responsible for compensating you for your losses. How about it?"

It seemed like this guy didn't lack money, but his words didn't have much effect on Ling Hanxue and the others. They were all Lin Yi's die-hard supporters, so of course they would listen to Lin Yi's decision.

Lin Yi was suspicious-the enemy made such a big surprise attack in the middle of the night just for some money?

Moreover, in the battle just now, a few people from the five tigers stronghold had died. Could they erase it with just some property?

Did he really not care about human lives? Wasn't he afraid that the people would scatter and it would be difficult to lead the team?

This matter was somewhat strange!

Ling Hanxue saw Lin Yi nod his head, meaning that she agreed to hand over her belongings. She was surprised.

The Lin Yi from before would never admit defeat!

However, Ling Hanxue had absolute trust in Lin Yi. It only took a second thought for her to think that Lin Yi had other plans, and so she took out her personal items."Good! Then we'll hand it over!"

With Ling Hanxue's agreement, Chen Zhisheng would naturally follow suit. Then, Jin Yuan Bao and the others only hesitated for a moment before accepting their fate.

Su Yumo was the only one who glared at Lin Yi with anger and disappointment in her eyes. She wanted to fight back with her sword, but she knew that she couldn't do it alone.

Even if he was at his peak, it would be difficult for him to gain an advantage against any of the five tigers, let alone the fact that he had used up quite a bit of energy just now.

The black-clothed man saw that everyone had admitted defeat and immediately came over to collect the property triumphantly.

However, he was being honest this time and did not provoke her too much. Otherwise, su Yumo might really pull out her sword and kill him in a fit of anger.

Lin Yi didn't move, and the man didn't care. He returned the items to Wuhu and looked through them in front of them.

"No... No illusory black crystal!"

The black-robed man lowered his voice and reported, ""It seems like it's on their leader."

He thought he'd lowered his voice enough that only the five leaders could hear him, but Lin Yi heard him as well. He suddenly understood.

Could it be that the people from the five tigers stronghold were also here for the dark gold crystal?

Lin Yi almost forgot about this-before he entered the sect, there were already people trying to steal the black gold crystals. He forgot about it after entering the sect.

Could it be that these people were in cahoots with the people from before? What kind of secret did the dark illum crystal hold?

Also, why was it that he had just left the sword spring sect, and there were already people coming to snatch the black illum crystal? Where did they get the news from?

Lin Yi was suspicious and couldn't figure it out. The big boss was already laughing.

"Hahaha, you're quite tactful. Those who hand over your belongings can go back to sleep. I'm in a good mood today, and I promise I won't touch you again. However, the kid who didn't hand over his belongings, have you considered it? hurry up and take out your things!"

"Did you hear that? What are you dawdling for? Hurry up and hand over everything, or today will be your death anniversary next year!"

"Ha ... That's quite scary, but when did I say I was going to give it to you? Shouldn't you guys be the ones to give me the thing?"

Lin Yi smiled teasingly, "those who know me all know that I love to counter-Rob people who try to Rob me. It's such a coincidence, but you guys are the type of people I like the most!"

Wu Hu heard Lin Yi's arrogant words, but he wasn't angry. Instead, he was happy.

"Hahahaha, if that's the case, you must have collected a lot of good things, right? As expected, you're the fattest sheep!"

The great commander laughed out loud. "It's best if you don't know what's good for you. I was afraid that you would admit defeat and be too embarrassed to attack. Now, you can't blame anyone if you want to die!" You can stay here today! Do it!"

Following this low shout, the other four tigers in the surroundings also shouted in unison. They took out their weapons at the same time and surrounded him from all directions.

"Terrible! The eldest brother was too arrogant ... How could he have angered the five tigers stronghold? What should we do about this?"

This was a new disciple's cry of surprise, not sure if he was worried about Lin Yi, or if he was complaining about Lin Yi, or both.

Chapter 7360 Is This Your True Strength?

On the other side, the Man in Black laughed evilly and shouted, ""Little brat, you're going to become an idiot after showing off too much, right? Provoking our five leaders, even if you're courting death, you shouldn't do this!"

"What do we do? Facing five Jindan, senior brother Sima definitely won't survive. Will we be the target of their anger?"

Another new disciple was worried that he'd be in trouble after Lin Yi was killed-it wasn't uncommon for people to get involved.

And the possibility of that was quite high!

In any case, the instant five tigers attacked, all sorts of theories and ideas popped up-no one thought Lin Yi would win!

No one thought that Lin Yi would have the chance to escape unscathed from five peak late-stage and peak-stage golden core cultivators!

"Sima Yi! Do it!"

Su Yumo could not help but shout.

With Lin Yi's strength, he might be able to hold on for a while if he attacked first, but Lin Yi's hands were still behind his back. He looked cool, but he was completely defenseless.

Do you really want to die?

Once the five tigers "attack landed, even if Lin Yi's body was at the original level, he'd be skinned, if not killed!

Why not defend? Why didn't he make a move?

Su Yumo was extremely anxious. She couldn't understand why Lin Yi would just stand there and wait for death!

Poor psychological quality?

But from their previous contact, Lin Yi wasn't someone with a weak heart!

Other than su Yumo, Ling Hanxue was also panicking. Even though she trusted Lin Yi, she was still at a loss in this situation.

It was a pity that Ling Hanxue's strength was too low. Even if she wanted to help, she would not be able to block the opponent's attack. If she stretched out her hand randomly, she would only die in vain!

Even so, Ling Hanxue still wanted to help Lin Yi, but Chen Zhisheng, who had predicted her thoughts, stopped her.

In just a moment, an astonishing change had occurred in the field!

Lin Yi didn't pay attention to the discussions around him as the five tigers made their move. He only smiled faintly, "I don't usually kill people when I Rob, but if someone wants to die, I'm happy to help them. I already said that you wouldn't die if you handed over the things, but you didn't listen! Sure enough, there was a path to heaven, but you refused to take it. There was no Door to Hell, but you barged in! Why are you rushing to your death?"

As he spoke, he urged his spiritual awareness to collide. Five invisible and colorless spiritual awareness collided and condensed into a sharp attack, attacking the five tigers respectively.

In order to increase the power of his attack, Lin Yi used the strongest attack his spirit could take!

The five tigers were almost in front of Lin Yi, and the tip of the blade was already in Lin Yi's chest. Then ... There was no then!

All of their movements froze in the same instant. The five tigers fell to the ground together. Their empty eyes did not even have time to raise doubt before they lost their spirit forever.

In an instant, all the noise disappeared without a trace. No matter if they were complaining, proud, worried, or secretly happy, no one could say a complete sentence in the face of this strange situation that was like a divine punishment!

Shocking! Panic!

It was so inconceivable that he was dumbfounded!

Everyone was wondering if they were dreaming, and if it was a terrible nightmare!

Two peak late Jindan and three perfect Jindan experts. One of them had even touched the threshold of Yuanying stage. He was a genuine half-step Yuanying stage expert!

With such a lineup, not to mention dealing with a little guy in the early jiedan stage, even if it was an ancient martial art practitioner in the early Yuanying stage, they might not be unable to fight!

On the other hand, if a Yuanying stage martial artist wanted to kill these five people, it would not be easy, not to mention that he did not move his hands and feet, but killed five people in seconds while talking!

This kind of invisible killing method was the real reason why it was so terrifying!

The unknown represented the deepest fear!

Su Yumo was the one who couldn't believe it the most. Lin Yi's move had really frightened her!

Extreme summer tyrant Wolf was also a perfected golden core, but he wasn't even as strong as the big leader of the five tigers. However, he was on par with Lin Yi in the arena, and although he lost, Lin Yi was almost exhausted.

If Lin Yi was hiding his strength at that time, didn't that mean that when she fought with Lin Yi, she could be killed at any time?

"Sima ... Sima Yi ... Is this your true strength?"

Su Yumo snapped out of her daze and could not help but ask, ""You concealed your strength during the selection challenge?"

Although she knew that Lin Yi would most likely not answer, su Yumo still had to ask. If she didn't ask, it would be like a fish bone stuck in her throat, and she couldn't let it out!

Su Yumo's question also represented the disciples of the Sword spring sect, so they looked at Lin Yi eagerly, waiting for a definite answer from him.

"You're thinking too much ... This is a forbidden technique for poison cultivators. The price of using it once is extremely high. It's even more important than the lives of these five people. I feel that it's a huge loss to use it to kill them ..."

Lin Yi smiled bitterly and shrugged, "I've used my trump card. If there are still such enemies, I'll be the first to surrender. "

Su Yumo was skeptical, but she finally heaved a sigh of relief.

This explanation made more sense-if this sort of instant-kill move could be used as a normal force, who would be Lin Yi's match?

Besides, it wasn't surprising that Lin Yi was a poison practitioner-many of them had heard of it.

Of course, Lin Yi wasn't telling the truth, but he wasn't completely lying. He used up a lot of his spiritual power this time, and it would take some time to recover.

But if there were similar martial artists looking for trouble, Lin Yi could easily kill them!

"Alright ... If you surrender, we'll naturally surrender as well!"

Su Yumo pursed her lips slightly and looked at the remaining minions of the five tigers camp.""What about them? The leader is dead, and he seems to be preparing to escape!"

"What was the result of letting them go the first time? Do you think we should give them a second chance?"

Lin Yi's lips curled up, not denying it. "What do you guys think?"

"Kill them!"

Li Yingjian took the lead and shouted. His eyes were red as he charged forward with his sword!

He was the one who made the decision to let them go the first time, and the whole team was almost wiped out that night. If it wasn't for Lin Yi's display of power, it would be hard to say who would be dead now!

Ling Hanxue understood Lin Yi's intentions immediately. Without further instructions, she drew her bow and shot her arrows. The rest of the people, including su Yumo, followed suit.

They finally understood a little about the law of the jungle!

"Don't kill them all, leave one alive for questioning!"

Lin Yi crossed his arms, calm and composed as he stood in the porch, watching the show.

Since he said that he used a forbidden move, he should at least put on a weak posture, right? Therefore, it was reasonable for him not to make a move now.
