

Bodyguard 7371

Chapter 7371 Stalemate Is Not A Solution

But looking at the movements of the two groups of dark spirit beasts, Lin Yi suddenly felt that the situation had become a little delicate. It didn't seem to be as dangerous as he thought.

After the cloud devouring single-horned rhinoceros chased over, they all stopped at the junction of the forest and the open space. They didn't bite the people of the Canglan sect and didn't let go. When they saw the Youtong steel-armed ape, most of their attention was directly diverted.

It was the same for the Youtong steel-armed apes. The two tribes did not seem to get along very well, and their neighbors did not get along well either!

If the third party, the Azure water sect and the spring sword sect, were not here, perhaps these two clans would have come to fight first!

"Junior Brother Sima, let's not talk about these useless things first. It looks like you still have a few junior brothers who are not together. Are you staying somewhere to meet them?"

Lingying changed the topic, trying to see if Lin Yi had any backup plans. "Do you have any way to leave this place?"

"There is!"

Lin Yi said faintly as he pointed at the sky. "We'll be free once we fly up!"

"Can't you speak properly? What time was it? What's the point of such enigmatic words?"

Lingying thought that Lin Yi was playing with her, and was enraged. "Do you really want everyone to feed the darkness spirit beasts here?"

Lin Yi didn't bother explaining that he wasn't joking-everything he said was the truth. He didn't need to fly up, but as long as he could get over thirty meters and grab onto the rope, he'd be able to get out of this situation easily!

"Maybe we'll be fine without you guys flying up!"

Lin Yi paid more attention to the two groups of dark spirit beasts and raised his chin, signaling for lingying to observe as well, "Did you notice that the two groups of dark spirit beasts are much more hostile to each other than to us? perhaps they are two mortal enemies!"

Lingying was still angry, but Lin Yi's words made her subconsciously turn to look at Yingying. She realized that Yingying seemed to be the real one!

Many of the cloud devouring horned rhinoceros dug their hooves into the ground and pointed their horns at the you Tong iron-armed ape. This meant that the target was there and not Lin Yi's group!

The cloud devouring single-horned rhinoceros displayed a strong desire to attack, and The Dark Eye steel-armed ape was not to be outdone either. It jumped around on the branches and let out an unknown roar. It was also in high spirits.

The total number of people on Lin Yi's side was almost the same as the two groups after the Azure water sect joined. It was enough to become a third party force with equal strength. Perhaps this was the reason why the two dark spirit beast groups were a little hesitant and didn't immediately fight.

"If the cloud devouring single-horned rhinoceros and the Youtong steel-armed ape start fighting, we'll be able to reap the benefits!"

Cai lingying finally smiled and said in a low voice, ""Can you go and incite them to fight immediately?"

Lin Yi gave lingying a side glance. Go if you can ... Fight two groups of dark spirit beasts? In the end, he would most likely be killed by the two groups of darkness spirit beasts.

As soon as he finished speaking, the leaders of the two groups of dark spirit beasts turned their heads and looked in his direction!

He didn't know if it was because he heard Cai lingying's words or because he planned to destroy the irrelevant third party first and then fight it out.

Lin Yi only saw hostility in their eyes.

Cai lingying's smile froze on her face. Even if she was an early nascent soul realm cultivator, being stared at by two dark spirit beasts of the same level, she couldn't help but stiffen!

Most of the darkness spirit beasts' physical talents were far superior to human martial artists. In a battle of the same level, they had the advantage of crushing their level.

Even Cai lingying, a human warrior in the early nascent Soul Stage, might not be able to win against a dark spirit beast in the great circle of the Golden core stage, let alone the cloud devouring single-horned rhinoceros and the Youtong steel-armed ape who were in the early nascent Soul Stage!

Absolutely crushing!

Just now, Cai lingying and Cao Yunqing had joined forces, but they couldn't fight against the cloud devouring single-horned rhinoceros and had to run away. If the Youtong steel-armed ape, who was also in the early nascent Soul Stage, was added ...

That was basically a dead end!

"Junior Brother Sima ... What do they mean?"

The expression on Cai lingying's face completely froze. She tried her best to force a smile and whispered, ""Could it be that you want to join forces to kill us first?"

Lin Yi scratched his head, thinking that it made sense!

The spiritual intelligence of these spirit beasts of darkness was indeed not low. If two groups of ignorant wild beasts met an enemy, they would probably put the prey aside first and deal with the prey after determining the winner.

After gaining intelligence, the spirit beasts of darkness already knew how to think about what was beneficial to them. Rather than fighting with an enemy of equal strength and letting the prey benefit, it was better to put down the hatred first and kill the prey before deciding on a life and death battle!

"Why don't you tell me how you flew up?"

Lin Yi didn't reply, so Lingying could only pin her hopes on what she thought was a joke.

"Don't worry! Have you noticed that those spirit beasts of darkness don't seem to be willing to enter our small open space?"

Lin Yi had a new discovery. He raised a brow and smiled, "Pay attention, the dark spirit beasts on both sides have not touched the edge of the open space. They are all in the jungle outside the boundary, as if they have some scruples about this place."

This empty land without trees was only about two hundred square meters, and Lin Yi and the others were only ten meters away from the dark spirit beasts.

Whether it was the cloud devouring single-horned rhinoceros or the Youtong steel-armed ape, any charge or jump would have been enough to cover this short distance, but they had never crossed the lightning Pool!

Even though both sides had shown enough hostility, they did not step into the open space at all!

Obviously, this open space had an inexplicable deterrent force to the dark spirit beasts, but he did not know if this unknown deterrence would continue.

"I'm afraid that we can't resist something that can make two groups of darkness spirit beasts fear it. This situation is either a blessing or a curse for us!"

Su Yumo said in a low voice. At the same time, she secretly looked around to see what was so strange.

In the end, he couldn't figure it out even after looking at it for a long time.

For a moment, the three sides were like a tripod. The dark spirit beasts were hostile, but they didn't attack or retreat. They surrounded Lin Yi and the others and roared.

Lin Yi and the people from the Canglan sect didn't have any thoughts about the dark spirit beasts, but they were surrounded on both sides by the cliff and couldn't get out.

"Eldest senior brother, it should be dark soon. We can't continue this stalemate!"

Ling Hanxue whispered to Lin Yi, ""Once the sky turns dark, the combat power of the darkness magical beasts will increase by several times. No matter what is strange about this open space, if they suddenly attack, we won't even have the chance to escape!"

Chapter 7372 Fly Up And Escape

Why would there be a relay station in the forest? It was because the fighting strength and offensive power of the Spirit beasts of darkness at night would be greatly increased. Without a safe environment, it was too dangerous to sleep in the wild.

There were so many darkness spirit beasts surrounding them. If they were to fight with them now, their chances of survival were 30%, but when the sky turned dark, the chances would probably be less than 10%!

"Sister Xue, you're right. We can't stay here any longer!"

Lin Yi nodded slightly and gave Ling Hanxue a look with his back to the people from the Canglan sect.

The only way to escape was to return the way they came, which required them to grab the rope more than 30 meters high.

Ling Hanxue understood Lin Yi's hint, but her face showed a difficult expression.

It wasn't impossible for a martial artist to jump more than 30 meters, but the problem was that there was a thick fog above them, and they had no idea where the rope as thick as an index finger was floating.

If he couldn't catch it, he could only fall down again. At that time, no one could say for sure whether it would stimulate the two sides of darkness spirit beasts to attack at the same time!

Lin Yi made a few simple hand gestures, indicating that he could confirm the position of the rope!

Although the range of his divine sense was suppressed, the end of the rope was just within this range.

And so, Lin Yi was the only one here who had the confidence to escape!

If not for Ling Hanxue and the others beside him, he would have left this godforsaken place a long time ago!

Ling Hanxue blinked her eyes, revealing a slight surprise. Then, she glanced at the people from the Azure water sect. Did she mean to say that she was treating them as cannon fodder?

Lin Yi's side had six people, and it would take some time for them to all go up at once. If the dark spirit beasts attacked, they might lose a few people.

But now, it was different. As long as their own people were focused on running up, even if the darkness spirit beast was activated, the Azure water sect's disciples would be caught off guard and resist the darkness spirit beast for a while to protect themselves.

By the time the canglan sect people reacted, Lin Yi and the others were already on the rope!

As for how many of them would die, Lin Yi didn't care. They weren't friends, after all, and they had conflicts before.

Lin Yi and Ling Hanxue used eye signals and simple hand gestures to complete the initial communication.

Then, Ling Hanxue whispered something into su Yumo's ear, while Lin Yi put his arm around Jin Yuan Bao, Zhang Yiming, and Chen Zhisheng's shoulders, telling them to get ready to escape!

"What are you guys doing? Whispering in each other's ears?"

Cai lingying looked at Lin Yi's actions suspiciously. She was different from Cao Yunqing's arrogance, and she was always on guard against Lin Yi.

So she immediately asked when she realized something was wrong.

"Do we need to report to your canglan sect what we do?"

"But if you really want to know, I'll tell you. We're talking about flying up and running away!" Lin Yi said, smiling.

Lingying was a little annoyed, feeling like Lin Yi was making fun of her again!

If she had heard Lin Yi and Ling Hanxue's discussion, she would have seriously considered the possibilities, but Lin Yi said it in a joking tone. Even if it was the truth, she wouldn't take it seriously.

"You don't believe me? Then we'll show you!"

Lin Yi smiled brightly as he crossed his arms and bent his knees in a bow stance.

Ling Hanxue and Lin Yi had a tacit understanding, directly stepping on Lin Yi's palms lightly and then using Lin Yi's upward push to fly into the sky.

It wasn't that Ling Hanxue couldn't go up thirty meters by herself, but only Lin Yi knew the position of the rope, so he had to use this method to send her to the right place.

Ling Hanxue rushed into the fog in the blink of an eye and disappeared without a trace. When she was about the same height, she saw the rope in front of her.

She reached out her hands and hung herself on it.

Cai lingying paused, wondering why Lin Yi was taking it so seriously.

Then, he saw su Yumo, Jin Yuan Bao, Zhang Yiming, and the rest using Lin Yi's push to fly up one after another. Only then did he feel that something was wrong.

The people who went up later not only had Lin Yi's precise push, but Ling Hanxue was also there to support them, so it was naturally easier. After Lin Yi sent Chen Zhisheng up, he even had time to wave his hand, ""I'll take my leave first, see you again!"

Before he finished speaking, he had already soared into the sky and quickly disappeared into the fog.

At this time, the people from the canglan sect didn't have time to care about Lin Yi, because the two groups of dark spirit beasts launched a crazy attack the moment Ling Hanxue rushed up!

The people from the canglan sect reacted as Lin Yi predicted. Because of the sudden attack, they instinctively defended, buying Lin Yi and the others a chance to leave!

Cai lingying and Cao Yunqing only reacted after Lin Yi shot into the sky. The two jumped in Lin Yi's direction at full speed and shouted at the same time, "All of you, Jump Up!"

They didn't know if there was a way to escape up there, but they knew that they would die if they stayed.

The cloud devouring horned rhinoceros and the Youtong steel-armed ape seemed to have received a huge shock. They attacked the Canglan sect's team madly, completely ignoring the possibility of injury. They rushed over with the momentum of a mutual destruction.

They already had the upper hand in terms of combat power. Now, the attacks of the darkness spirit beasts were even more terrifying!

In just one face-to-face contact, three of the Azure water sect's people died and five were injured!

When Lin Yi left, Cai Lingying and Cao Yunqing followed, and the number doubled again.

Almost in the blink of an eye, there were only ten or so people left from the Azure water sect who were still in good condition. Those who could react and jump up were less than ten.

The rest of the people ... Faced with the two groups of berserk darkness spirit beasts, they would most likely die!

Seeing Lin Yi jump up with a group of people, the iron-armed ape and cloud devouring single-horned rhinoceros jumped up as well, as if trying to stop them.

As for the remaining azure water sect disciples, none of them were intact when the dark spirit beast jumped!

Lin Yi didn't care about what was happening down there. After he flew into the sky, he grabbed the hanging rope. Ling Hanxue was the last to wait, and only let out a breath of relief when she saw Lin Yi come up. The others were already pulling the rope and climbing up.

"Sister Xue, let's go! Don't stop!"

Lin Yi urged as he used both his hands and feet to ascend as well. Cai lingying and Cao Yunqing had caught up as well, and they finally understood what the escape route was when they saw the rope!

Now wasn't the time to be polite. The most important thing was to escape. The people of the Azure billow sect came up to pull the rope one after another. In an instant, the weight of the rope increased by a lot. When the dark spirit beasts came up one after another, even the extremely tough rope began to show signs of breaking!

Chapter 7373 Finding Ruins

At this time, the best way was for Lin Yi to Cut the Rope and let the disciples fall down with the dark spirit beasts to keep his team safe.

The canglan sect people were no different from cannon fodder to Lin Yi. It didn't matter if they died, but if it was one of his own down there, he couldn't give up no matter what!

But before Lin Yi could do anything, a sharp screech came from the fog!

The mist in the surroundings churned violently, revealing a mist-free space.

The spirit beasts of darkness that were originally hanging on the rope at the bottom suddenly wailed in horror and then fell down one after another, as if they did not dare to offend the owner of the cry.

Lin Yi finally realized that the two groups of dark spirit beasts didn't step into the open space earlier probably because of the cry!

As for why they chased after them, perhaps they thought that Lin Yi and the others had offended the owner of the bird.

As the spirit Beast of Darkness let go and took away a few disciples of the Canglan sect, the whole rope suddenly loosened. The toughness attribute played its role again and there was no danger of breaking for the time being.

Lin Yi dispelled the thought of cutting the rope and giving up on the Canglan sect disciples. As long as his team wasn't in danger, he didn't mind helping them.

"What's that?"

Cai Lingying didn't know that she had just returned from the gates of hell. She was still looking around in panic for the dark spirit beast that had let out the cry. "Sima Yi, hurry up and go up. It's too dangerous here!"

Although she couldn't find it, it didn't stop Cai lingying from wanting to escape.

She wasn't even a match for the spirit beasts of darkness below, let alone an existence that could make the two clans of spirit beasts of darkness bow down to her. It was not something that the people present could provoke.

However, just as Cai lingying finished speaking, the space without fog suddenly distorted. Everyone's vision blurred, and they felt their hands loosen, and their bodies suddenly fell!

Lin Yi's body reacted subconsciously, but he didn't expect his feet to land on the ground in the next moment.

There was only a short piece of rope left in his hand, and the cuts on both ends were extremely smooth, as if they'd been cut by a sharp blade. Lin Yi, on the other hand, wasn't injured at all, which was extremely strange.

"Senior brother, are you alright?"

Lin Yi only realized that there were only two people left after he steadied himself. One was Ling Hanxue, who was looking at him with concern.

The other one was Cai lingying, who was behind Lin Yi.

Other than that, no one knew where the others had gone.

"I'm fine. Are you alright, sister Xue?"

Lin Yi smiled. He didn't know what was going on, but that smile gave Ling Hanxue a lot of confidence. "We seem to have entered a place for no reason. I don't know where the others are."

"I'm fine too. I don't have any injuries ... This seems to be a passageway. Could it be the mission target we're looking for?"

Ling Hanxue looked around. The three of them were now in a stone passage, and the ground was paved with green bricks. It looked rather neat.

The top was a natural rock, and the hatchet marks were obvious. It was around three meters tall, but there were no passages. The three must've been transported here.

"This place ... Is perhaps the ruins of the great witch of ghost Yin?"

Lingying didn't wait for Lin Yi's reply and smiled, "I didn't expect this to be a blessing in disguise. We've really found the remains of the great witch of ghost Yin!"

With that, Lingying turned to Lin Yi. "Junior Brother Sima, there are many good things in the ruins of the great witch of ghost Yin. How about we sincerely cooperate first? My goal is the inheritance of the great witch of ghost Yin. As for the other things, I'll let you two pick first and then split them evenly. What do you think?"

She paused and quickly added, afraid that Lin Yi would reject her, "In the ruins, in addition to the benefits, there are also many dangers. If we work together, it will be beneficial for both sides, but if we separate, we will both suffer losses, so I suggest you think about it carefully."

"How do you know that this is the relic of the great witch of ghost Yin?"

Lin Yi thought to himself-if this really was a ruin, did that mean the mission was completed or not?

It should be considered complete since they had found the remains, but he had no idea where the entrance was!

Could it be that the method to hand in the mission was to copy the steps of this operation?

First, use a rope to go down, then provoke the dark spirit beasts to chase after him, and then climb up to activate the teleportation?

But how did the teleportation happen?

Did he have to find a group of azure water sect disciples to help him die?

This was too unreliable!

"I can't be sure, but there's such a strange and unpredictable place in the ghost Yin mountain. It's very likely that this place is the remains of the great witch of ghost Yin! Other than the great witch of ghost Yin, no other famous martial artist has left a cave here. "

Cai lingying shrugged and continued, ""Whether it's the remains of the great witch of ghost Yin or not, we still have to go and find the others, right? Do you want to part ways with me?"

There was only one passage, but it was divided into two ends. Since the three of them had descended from the sky, they had no idea which end was the entrance and which end was the exit.

"Alright! Let's work together for the time being, but let's be clear first, we can divide the items equally, but the inheritance of the great witch of ghost Yin belongs to whoever gets it first, and it's up to fate. Is there a problem?"

Lin Yi didn't know what the hell the inheritance of the great witch of ghost Yin was, but he didn't want to let Cai lingying take advantage of it.

Furthermore, the green Devil God's inheritance would be of great help to him. Perhaps the inheritance of the great witch of ghost Yin would have a similar effect.

Besides, he might as well keep the inheritance for himself instead of passing it on to Cai lingying. If he didn't need it, he could give it to Ling Hanxue or his own people!

"...Alright, whatever you say!"

Cai lingying was silent for a moment and didn't refute. Perhaps she felt that it was too early to say this. When they reached that stage, it wasn't impossible to speak with strength.

From Cai lingying's point of view, Cao Yunqing didn't really lose to Lin Yi in the previous exchange, but he used some strange tricks!

However, when it came to a life and death situation, these little tricks wouldn't be of much use. She felt that it was enough to suppress Lin Yi at the last moment, and it didn't matter what she promised.

"Straightforward! Since that's the case, we're now a team! Next, we should decide which way to go. Sister Xue, you choose first. "

Lin Yi raised his hand to signal to Ling Hanxue, a smile still on his face. "Your intuition is very accurate. There is indeed a problem at the bottom of the cliff. This time, I still believe that you will make the right choice, sister Xue."

Ling Hanxue's face reddened. It was her instinct that suggested coming down the cliff, and she was embarrassed that Lin Yi was bringing it up.

Chapter 7374 Digging A Hole And Jumping Into It

She looked left and right and muttered to herself for a moment before pointing in a direction and saying, ""I think we should go this way! Eldest senior brother, you decide!"

"Alright, then we'll go this way!"

Lin Yi said without hesitation, deciding on the direction.

In any case, it was either this one or that one. The probability was 50%, so it didn't matter which one he chose.

"Hey, Sima Yi, aren't you going to ask for my opinion?"

Lingying wasn't very happy that Lin Yi was ignoring her-she didn't even bother calling him "junior" anymore, calling him by his name instead.

"I was just about to ask for your opinion. We're going this way, do you want to come?"

Lin Yi gave a teasing smile and turned back to look at Cai lingying. He then continued walking with Ling Hanxue.

Cai lingying was very angry. You're asking for my opinion?

Alright, I've asked for your opinion, but the problem is that your opinion is equivalent to no opinion ... If I don't follow you two, how can we form an alliance!

Cai lingying stomped her foot and gritted her teeth as she followed Lin Yi and Cao Yunqing. She only hoped to meet Cao Yunqing and the other disciples as soon as possible, and then she'd be able to get rid of Lin Yi.

He just didn't know how many azure water sect disciples were left. When they were on the rope just now, quite a few had fallen down ...

The three of them walked along the passageway for seven to eight minutes. With their speed, they should have covered more than ten kilometers.

Lin Yi was surprised at how long the tunnel was.

Fortunately, there were no forks in the road. They walked straight to the end and finally saw an exit.

"Waa! It's such a beautiful place!"

Out of the passage, Cai lingying was the first one to exclaim, ""It's indeed a relic left by the great witch of ghost Yin. This is not a place for cultivation, but a city!"

Lin Yi agreed-it was a small city, after all!

The exit of the passage was located on a rock wall, about twenty meters above the ground. From here, one could see a circle of neatly arranged houses, with a huge Palace in the middle.

The entire city was less than ten kilometers in diameter, but Lin Yi didn't sense any living aura in the city. It was obvious that it had been abandoned for a long time, and there was a high chance that this was the ruins of the witch.

Initially, he thought that the ruins of the great witch of ghost Yin were similar to the ruins of the green Devil God. He did not expect that they were two completely different concepts. There was no comparison at all.

"The legend of the great witch of ghost Yin never mentioned that he had a city. Are you sure it's here?"

"Maybe this place we found isn't the real remains of the great witch of ghost Yin, but a Lost City." Lin Yi curled his lips and said.

"It's not up to us to decide whether it's true or not. We'll know when we go down and take a look!"

Cai lingying smiled and didn't mind. She walked to the edge of the rock wall and said, "I'm going down first, do you guys want to come with me?"

She was returning Lin Yi's words, even raising her chin at Lin Yi in provocation.

"You can go. We'll change directions, so we don't have to go together!"

Lin Yi's lips curled up into a teasing smile. "If it really is the remains of the great witch of ghost Yin, it might be dangerous. Senior Sister Cai, you must be careful."

Cai lingying was so angry that she felt like she was digging a hole for herself!

This little rascal wanted to disband again? How could it be that easy!

"Junior Brother Sima, you said that there would be danger in the ruins. If we split up, we might be attacked one by one. It's better to act together, which is safer!"

Cai lingying was stubborn and refused to admit defeat. "Moreover, there is only one way down from here. Do you want to take a detour to the other side?"

Lin Yi's lips curled up, but he didn't say anything. He shrugged and jumped down first. Ling Hanxue closed her eyes and followed.

Cai lingying stomped her feet, snorted, and quickly followed.

At the same time, Lin Yi realized that there were a few other exits in the opposite direction other than his.

He didn't know where they came from, but that wasn't important.

The entrance to the city was right in front of him, and Lin Yi shook his head slightly, putting those thoughts aside as he started observing the city's terrain.

The outermost buildings were all single-story single-story bungalows, about three meters in height, with flat roofs that could be used as a roof.

Nobody knew how many years had passed since this place was last visited. All the houses, roads, and objects were covered with a thick layer of dust.

Lin Yi's foot kicked up a cloud of dust.

Cai lingying frowned and covered her mouth. She quickly took out a silk scarf and tied it to her face, covering her nose and mouth, only revealing her eyes.

Ling Hanxue did not mind. She had been hunting in the jungle for a long time, so she had seen all kinds of tough conditions. Naturally, she wouldn't be as pretentious as Cai lingying.

The three of them walked slowly and entered the ghost-like city.

From the marks on the ground they were walking on, no one had walked there before.

"Junior Brother Sima, shall we go to the palace in the middle first, or shall we explore the outer buildings first?"

Cai lingying learned her lesson and used us to talk to Lin Yi, in case Lin Yi brought up breaking up again."Or should I go to other directions? You should have seen that there are similar exits in other directions. "

There were four entrances in the city, one in the North, one in the South, one in the East, one in the West.

In fact, in Cai lingying's selfish heart, she wanted to meet up with her companions first, and it would be best if she could find Cao Yunqing!

In the current situation, the most important bargaining chip was to maintain their high-end combat power.

Now that the ruins had been found, it was time to fight for the benefits. Only those who had absolute strength had the right to speak.

Cai lingying wasn't confident in fighting Lin Yi alone, but with the help of Cao Yunqing, it would be a sure win!

As for Ling Hanxue, Cai lingying didn't care about her at all. Her combat power wasn't enough to pose a threat to her.

"Let's go directly to the palace! The surrounding buildings don't look like they have anything good!"

Lin Yi decided after some thought.

While they were talking, the three of them had already entered the small city. They walked straight along the street. The Palace Group in the middle was much higher than the buildings on the periphery. They could see it by raising their heads. As long as they had this as a reference, they would not get lost under normal circumstances.

But after walking for a while, the three realized that they were lost ...

"These footprints ... They're ours, right?"

Cai lingying tilted her head and looked at the six rows of footprints in front of her. The two rows in the middle were slightly larger, and the four rows on the sides were slightly smaller, which were the same as the current positions of the three people.

Chapter 7375 Entering An Illusion

Then, she turned around and looked at the six rows of footprints behind her. They were exactly the same ... Damn!

Two more steps and the footprints would be perfectly connected!

"Are we going in circles?"

Lin Yi frowned and pinched his chin as he looked at the palace.

As expected, after walking for so long, the distance between them and the palace complex in the middle did not seem to have changed.

A maze?

Or some kind of formation?

But with Lin Yi's attainments in the array path, he didn't find any traces of an array. Perhaps it was another system of array path?

But even so, there should be some clues.

"Senior brother, is this path straight? Why are we going in circles?"

Ling Hanxue was very confused. The road was straight and faced the palace in the middle. Why did they go around and come back here?

He had never made a turn before!

Lin Yi observed the path carefully. If this straight path wasn't really straight, but had some unnoticeable curves, it wouldn't be inexplicable.

As long as it was long enough, with a slight tilt, it would be enough to create the illusion that it was straight, and then go back to the original point.

"What did you find? Tell me about it!"

Lingying couldn't help but ask after Lin Yi observed her for a while, "Did we run into a ghost?"

Lin Yi blinked-so the sub-Island also had a Ghost Wall legend!

"I didn't find anything. The road is indeed straight. Let's take a look again. This time, you should pay attention to both sides and see if there's anything unusual."

Lin Yi shook his head and walked over first, leaning to the side on purpose. Six new rows of footprints appeared on the dust, the same size and shape as before.

After a while, the three stopped again-they seemed to have returned to the starting point!

The six rows of footprints in front of him and the ones behind him seemed to be mocking Lin Yi for his futile effort.

"It's ... It's really like a ghost hitting a wall ..."

Cai lingying's eyes were filled with panic. Although she was strong, she was still afraid of the unknown.

Lin Yi pinched his chin and didn't say anything. This was weird-he didn't find anything out of the ordinary along the way, so why did this happen?

Could it be that this place was an infinite loop?

As long as they reached a certain point, they would automatically return to the starting point and start over again?

Ling Hanxue turned around and suddenly said, ""Senior brother, why don't we go back and see if there are any other situations?"

Or see if he could still leave the city!

Ling Hanxue only thought about this in her heart. She did not really say it out loud, because she was also afraid.

"Sure, let's try going back." Lin Yi nodded.

Cai lingying didn't have a problem with it, but she couldn't say anything even if she did-she wouldn't be accepted anyway. She'd have to follow Lin Yi and Lin Yi in the end, so what was there to say?

The three immediately turned back, and six more rows of footprints appeared in the opposite direction from the twelve. The same scene appeared in front of the three again, and they went back to where they started!

This time, they had completely confirmed one thing-they were lost!

Moreover, if they returned the way they came, they could forget about leaving the city!

"Let's not walk, let's take the roof!"

Lin Yi raised his head to look at the building on the side of the road and decided to jump up. Three meters wasn't a problem at all-it was no different from climbing stairs.

Ling Hanxue didn't say anything and stood beside Lin Yi almost at the same time as he appeared on the roof.

Cai lingying followed closely behind. She didn't want to be separated from Lin Yi in this weird atmosphere, and she wanted to tie Lin Yi up with a rope.

When Cai lingying stood still, she was dumbfounded. Lin Yi and Ling Hanxue, on the other hand, were also staring at the roof and the ground, speechless!

Because on the roof, there were also their footprints, exactly the same as the ones on the road ...

"We ... Have already walked on the roof?"

Cai lingying said in a daze. She felt that she was completely confused. Haven't you walked to the roof before? Have you passed?

Who am I? Where am I? What am I doing here?

Lin Yi frowned-something was wrong!

That's definitely not right. How could there be so many footprints on a roof that had just been climbed up?

Was it really an infinite loop of space? Even so, there shouldn't be a cycle of non-existent events!

Lin Yi's mind moved like lightning-not only was he an expert in formations, but his understanding of space was also better than the others. It was all thanks to this damn thing that normal formations and spatial abnormalities couldn't escape Lin Yi's eyes.

It wasn't an array, it wasn't an anomaly in space, and it couldn't be a maze. After eliminating these, the remaining answer was obvious!

This was an illusion!

Lin Yi snorted coldly and sent out a fire vortex, spinning crazily on the roof ahead!

No matter how profound an illusion was, it was not something that could not be broken by people with powerful primordial spirits and outstanding spiritual sense.

In fact, if they were prepared, there was no chance of them falling into an illusion at all, unless the person who cast the illusion was much more powerful.

But in this sub Island, where there was no spiritual sense, Lin Yi's essence spirit was almost invincible. How could there be any spiritual power that could make him fall into an illusion?

It was only because he wasn't prepared and didn't have any signs that he fell into the illusion. Lin Yi guessed that this illusion wasn't targeted at him, but that it had been there for a long time and he didn't notice it.

If it was an illusion that targeted only Lin Yi, he would've felt it at the very beginning, and even the Jade space would've sent out a warning!

In any case, after the spiritual awareness pill fire vortex was released, the space in front of him began to crack, as if a 3D painting was burned by a flame that appeared out of thin air.

Lin Yi seemed to have heard a bird cry, similar to the one he heard on the rope.

However, the cry seemed to be near and far at the same time. It was ethereal and uncertain, and it was hard to say whether it really existed. After all, the illusion had not been completely broken yet.

"What is this?"

Lingying looked at the shattered space, dumbfounded. She was even more afraid of Lin Yi now. At least, she knew she couldn't do this.

"It's just an illusion! A small trick!"

Lin Yi knew that she was asking about his fire vortex, but he twisted the topic and brought up the illusion realm. "This illusion relies on the layout of the city's buildings. It's easy to fall for it if you don't pay attention. Now, it's great!"

After the illusion dispersed, the city was still the same city, but the footprints on the roofs had disappeared.

Chapter 7376 You Have To Follow The Rules If You're With Us

Lin Yi smiled coldly. They'd suddenly gone up to the roof, and the illusion copied their footprints-this was a huge mistake. Without this flaw, he wouldn't have been able to confirm the illusion's existence.

Of course, if Lin Yi didn't have the ability to break through the illusion, and didn't have a strong essence spirit as the capital, he would only be able to run to his death in the illusion even with such a flaw!

"Let's go to the palace. I'm more and more curious about the great witch of the ghost Yin mountain!"

Lin Yi waved his hand and jumped off the roof with Ling Hanxue.

But before they left, Lin Yi put on the gas mask he prepared for Ling Hanxue,""The dust here may have hallucinogenic effects. It's better to wear a gas mask."

Ling Hanxue put it on. As for Lin Yi, she wasn't worried at all. After all, she really believed in the poison that Lin Yi had just shown ...

"What about me? I also need it!"

Cai lingying walked beside Lin Yi and pointed at her own nose,"Junior Brother Sima, do you have any more? give me one!"

"Your scarf is not bad, it looks good. You don't need to change it!"

Lin Yi's lips curled up as he teased,"Besides, I can't give Junior Brother Sima to you!"

"Bah! Who wants you! I want your mask!"

Lingying wasn't afraid of Lin Yi's teasing at all. She glared at him and pulled off the scarf covering her nose and mouth, handing it to him."This is for you to use. You have to be considerate of girls and take care of them!"

Lin Yi's lips twitched as he tossed a gas mask to lingying."Forget it, I'll give you one. I don't want your scarf, you can keep it."

"It's best if you don't want it. Do you really think I want to give it to you?"

Cai lingying took the gas mask and smiled like a little fox who had stolen a chicken. She quickly put away her scarf and put on the gas mask.

The people of the canglan sect would bring such equipment when they came for an adventure. However, Cai lingying's status was noble, so the logistics work of carrying heavy bags was naturally taken care of by others.

It was a pity that in the battle just now, more than half of the Azurewave sect's people were dead or injured, and the rest were nowhere to be found. As a result, other than the weapons and armors that she carried with her, she had no other equipment.

This was also why Cai lingying insisted on following Lin Yi and Lin Yi-she could take care of them, and she could also get some equipment.

Lin Yi didn't want to waste any more time. He waved his hand and walked forward.

The reason why he brought Cai lingying along was that she was at the early stage of the original level. Such a powerful master would come in handy one day.

They spent quite a bit of time in the illusion, so the three sped up and arrived at the palace in no time.

There was a wall here that separated the city from the ordinary buildings outside, leaving only one entrance.

Lin Yi found it a little strange that everything went so smoothly.

Moreover, the illusion just now was actually not dangerous. At most, it made people run laps. At most, it was a little tiring, but it did not seem easy to tire people to death!

The purpose of the illusion was to trap people in it, but what was the use of that?

Starve to death?

"Senior brother!"

"Senior brother Sima!"

As soon as he reached the door, he heard two shouts of surprise. Two chubby boys ran over. It was Zhang Yiming and Jin Yuan Bao.

"That's great! You two are fine!"

Lin Yi smiled happily, and the two were smart enough to put on gas masks as well. "Just you two? Did you see Chen Zhisheng and su Yumo?"

Now, four people from sword spring sect had gathered. Among the six who had come down, only su Yumo and Chen Zhisheng were missing.

Even with li Yingjian's new disciples guarding their escape route, Lin Yi's team didn't seem to have suffered any losses.

On the other hand, the disciples of the canglan sect, who had the advantage in numbers and strength, now only saw Cai lingying as the only one left. The others were either dead or injured, and there were probably only a few left.

"It's just the two of us. We didn't see Senior Sister su and Chen Zhisheng. We landed in this city as soon as we came out. We wanted to find you, but we've been walking around in circles and couldn't find the exit."

Zhang Yiming talked non-stop and quickly explained his experience, "After some discussion, we felt that if eldest senior brother came here, he would definitely come to the palace in the middle to find us, so we decided to come here and wait for you. However, we just had to walk around in the same place, which really made us anxious!"

Lin Yi understood-he didn't know why the two went straight into the city, but the result was the same!

In the illusion, the two little fatties had also run a lot.

"That's right, that's right. It wasn't easy for me to find the right direction just now. I've finally arrived at the palace and just happened to see you all, eldest senior brother."

Jin Yuan Bao smiled and added. "I'll feel at ease when I see eldest senior brother. Otherwise, I'll always feel a little weak with this Zhang xiaopang by my side!"

"Hey! Little fatty Jin, what do you mean? You're saying that I'm even less reliable than you?"

Zhang Yiming jumped up and was about to explain to Jin Yuan Bao, ""Tell me, if I didn't lead the way, would we have been able to find eldest senior brother?"

"Bah! That shameless Zhang xiaopang! If you didn't bring me around blindly, I might have found eldest senior brother long ago!"

Jin Yuanbao didn't know about the illusion yet, and he didn't know that if Lin Yi didn't break the illusion, they wouldn't be able to get out!

Therefore, Jin Yuan Bao was confident that Zhang Yiming was the one who was leading the way blindly.

Lin Yi couldn't help but smile-these two were pretty normal when separated, but they were a little funny when they were together!

"Alright, you two stop fooling around. Let's go in and take a look. There might be something good inside."

Lin Yi couldn't be bothered to explain the illusion to them and entered the palace first.

Cai lingying's eyes were filled with worry. The spring sword sect had found two more people, but where were the people from the canglan sect? Are they all dead?

He followed Lin Yi as he thought about something. He saw two people from the canglan sect as soon as he entered the palace-one of them was the leader of the group, Cao Yunqing, and the other was Huang chongtian.

"Senior brother Cao! Junior Brother Huang!"

When Cai lingying saw the two of them, she was overjoyed and immediately sped up.

The two men were standing in front of the hall opposite the square. When they heard Cai lingying's shout, they were overjoyed and quickly came to greet her.

Lin Yi naturally wouldn't join in the fun as the people from the Canglan sect were chatting among themselves. He led his team around Cao Yunqing and the others, heading straight to the main hall.

"Hey, Sima Yi, don't you have any rules? we came here first. Although Junior Sister Cai brought you here, that doesn't mean you can break the rules!"

Cao Yunqing stopped the four of them with a displeased look on his face, lifting his chin arrogantly, "You can follow us if you want to get some benefits, but you must listen to our orders. Don't talk to yourself, or I won't be polite to you! Don't say I didn't give Junior Sister Cai face!"

Chapter 7377 I'll Leave If You Don't Hit Me

"Ha ... Who did you say brought who here?"

Lin Yi said with a half-smile as he glanced at Lingying, making the woman feel a little embarrassed.

But Lingying wasn't going to hold back this time. With Cao Yunqing and Huang Chongtian, she thought that she could easily suppress Lin Yi's group in terms of strength.

"Junior Brother Sima, we've written off all the things that happened before. From now on, if you want to gain any benefits from the ruins, you'd better listen to senior brother Cao's instructions!"

Cai Lingying coughed and continued, "As long as you cooperate, our Azure Water Sect will not treat you badly. To be honest, just because we didn't encounter any danger before doesn't mean that there won't be any danger here. With us here, it shouldn't be a problem to protect you."

After all was said and done, Cai lingying just wanted to bring a few cannon fodders. The canglan sect had lost too many people, and most of them were dead. If they didn't take Lin Yi and the others as scapegoats, they had to face all the dangers.

"Thank you so much! But we don't need it!"

Lin Yi smiled sarcastically, "Let's not talk about what happened earlier. From now on, we'll each walk our own path and not affect each other. Whatever opportunities we can get will depend on our own abilities!"

Cao Yunqing's face darkened, and he snorted coldly, ""You really don't want face when I give you face, refusing a toast only to drink a forfeit!"

"What's wrong? Want to make a move? You can try!"

Lin Yi's eyes flashed with disdain. "A defeated opponent dares to be so arrogant in front of this young master!"

"Who lost to you? Last time, you only used some despicable means to gain the upper hand. What kind of skill is that?"

Cao Yunqing was immediately on the verge of going berserk, cursing and swearing as he pulled out his knife.

Lingying quickly pulled him back-it wasn't the time to get angry with Lin Yi yet!

Lin Yi couldn't wait for Cao Yunqing to make a move. There were twenty to thirty golden core stage cultivators in the house of azure water, plus Cao Yunqing and Cai lingying, two early nascent Soul Stage cultivators. Lin Yi was still a little worried. It would be too much of a waste to kill so many people at once.

Now, it was just a matter of minutes to deal with the few of them!

"Senior brother Cao, now is not the time to fall out with the sword spring sect!"

Cai lingying pulled on Cao Yunqing's arm as she winked at him. She whispered, ""There are only three of us right now. Even though we are not afraid of the sword spring sect, wouldn't it be more troublesome if we were to suffer any losses? Even if you want to fight, you should wait until you find something good!"

Cao Yunqing thought that it made sense. The treasure had not been found yet, and they were already fighting to the death. It wouldn't be too late to fight after finding the treasure.

"Are you going to fight? If you don't fight, we'll leave!"

Lin Yi saw that Cao Yunqing was starting to calm down and knew that he couldn't make a move. It wasn't that he couldn't make a move, but there was no need to.

Cao Yunqing hmphed, and under Cai lingying's hint, she actually suppressed her anger and turned away from Lin Yi.

Lin Yi smacked his lips and shook his head in pity before leading the three into the hall.

Cao Yunqing and Huang chongtian saw Lin Yi and the others go in and quickly followed, afraid that the good stuff would be taken away.

Unfortunately, this Hall was very spacious. There was nothing good inside, not even a few pieces of junk.

The two groups of people looked at each other for a while, then tacitly dispersed, picked two reversed paths, and continued to go deep into the group of palaces.

Lin Yi led the team through a long corridor and turned to a side hall at the back, where they saw Chen Zhisheng!

"You guys are here!"

Chen Zhisheng saw the four and nodded calmly, greeting them casually, "'I'm relieved to see that you're all safe!"

Lin Yi scratched his head, thinking that this guy was hiding it well. He probably wanted to say that Ling Hanxue was fine so he could relax.

As for Lin Yi and the two little fatties, Chen Zhisheng probably wouldn't feel that it was a pity even if they died. He might even laugh at the fact that he had the chance to be alone with Ling Hanxue!

"Why are you alone in the palace? Where's Su Yumo?"

"You said how you got in?" Lin Yi asked casually.

"I didn't see it. I just arrived too. I came in from the corner gate over there."

Chen Zhisheng pointed in a certain direction and explained, "It might have been left here as a back door in the past. It's more secretive. I was lucky. After wandering around for a while, I actually found that door."

"So that's how it is. You're quite lucky!"

Lin Yi nodded, not too concerned. "We're only missing su Yumo now. I wonder where she is. Let's hurry up and search this Palace. The people from the Azure water sect are also searching. We have to find the good stuff before they do and can't let it fall into their hands. "

Lin Yi said as he led the group into the side hall. He wasn't just here to look for the treasure, he could also quickly find su Yumo's whereabouts in the process.

Unexpectedly, as soon as they entered the side hall, a dense rain of arrows suddenly shot out from inside. The strength and speed of the arrows were actually at the level of the Golden core stage!

Other than Lin Yi, the rest of the people were having a hard time.

Chen Zhisheng was on Lin Yi's right side, using his shield and long sword to block the attacks. His defense was pretty good.

Ling Hanxue, on the other hand, was on Lin Yi's left. She was still struggling to defend herself, but she still wanted to protect Lin Yi.

Lin Yi's demonic devour sword was impenetrable, and he pulled Ling Hanxue behind him to prevent her from getting hurt!

After they left the side hall, the rain of arrows stopped. Lin Yi kept the demonic sword and glanced at Chen Zhisheng, thinking that his action of protecting Ling Hanxue just now wouldn't cause this guy to be jealous, right?

In the end, Chen Zhisheng's face was expressionless, and he didn't say anything. He usually had such a poker face, which was normal.

In any case, at least on the surface, there was no sign of a sea of jealousy. It was relatively calm.

Lin Yi scratched his chin, thinking that even if the guy was pissed, he couldn't blame him. It was his fault for not protecting Ling Hanxue first.

As Lin Yi was thinking, Chen Zhisheng seemed to feel Lin Yi's eyes on him. He suddenly walked to Ling Hanxue's side and said seriously, "In the future, you will stand by my side. I will protect you from any harm."

Ling Hanxue was stunned for a moment, thinking that something must have gone wrong again.

"It's okay, just take care of yourself. I'll be fine!"

With Lin Yi by her side, Ling Hanxue felt very safe. If she had to make a choice, she would definitely choose Lin Yi. Only then would she feel more secure.

As for Chen Zhisheng?

If they were to really fight, Ling Hanxue felt that her chances of winning were slightly higher. How could she expect him to protect her? Forget it!

"I said I would protect you!"

"Don't you believe in my strength?"Chen Zhisheng stubbornly shouted.

Chapter 7378 Unbreakable Restrictions

He was right!

He really didn't dare believe this!

Ling Hanxue thought so in her heart, but she could not say it out loud. After all, they were old friends of the same team, so she could not say such hurtful words!

However, sometimes silence meant consent. Ling Hanxue not speaking was no different from speaking.

"Alright, don't say useless things. We have to hurry up. Otherwise, the people from the Azure water sect will be the first to get there!"

Lin Yi felt that Zhisheng was acting weird-his fragile self-esteem was probably triggered, and he quickly changed the topic so that it wouldn't hurt his fragile self-esteem any further.

He didn't wait for their reply and entered the side hall first.

At this time, the ground at the door was covered with arrows, and the door frame and wall were also densely nailed with arrows. The density of the attack just now could be imagined.

Lin Yi tried to walk in, but the Jade space didn't alert him, meaning that there wouldn't be any life-threatening danger.

He took another two bold steps, and let out a breath of relief after confirming that no new traps were triggered.

"Come in, it seems like there's no more danger. Everyone, take a look and see if there's anything valuable here!"

Lin Yi waved his hand, signaling for Ling Hanxue and the others to come in.

Chen Zhisheng was the first to enter with a fierce face. He blocked Ling Hanxue behind him. Those who knew about it would think that he was trying to protect her, but those who did not know would think that he was trying to pick a fight with Ling Hanxue.

Ling Hanxue could only shake her head helplessly, not knowing what to say.

There were some large objects in the side hall, but they didn't look useful and most of them had already decayed.

There were only some small ornaments that looked exquisite, but when he held them in his hands and looked at them carefully, they were really just ornaments.

They searched around quickly but found nothing. Zhang Yiming even knocked around, trying to find some mechanisms.

Unfortunately, other than the mechanism that released the arrow rain, there were no other mechanisms.

"What the hell! This is just a run-down place with nothing, yet they still set up a wave of arrow traps to trap people. Who the hell is so wicked?"

Zhang Yiming was very dissatisfied and started to curse, ""This kind of person deserves to die without descendants! He might have died to these unlucky traps. "

"The wicked person you mentioned is most likely the great witch of the ghost Yin mountain!"

Ling Hanxue, who was feeling unhappy, glared at Zhang Yiming and said, ""The great witch of ghost Yin has extremely strange methods. Are you sure you won't get revenge for scolding him like this?"

Hearing Ling Hanxue's words, Zhang Yiming really felt a chill down his spine. It was as if the great witch of ghost Yin was watching him from the dark!

He grabbed a blade of grass!

Did it have to be so strange?

Zhang Yiming shrank his neck and shivered. He mumbled something that no one could understand, and he didn't dare to speak anymore.

Lin Yi smiled-this guy was getting scared of an old monster who'd been dead for God knows how many years, what balls!

However, judging from Zhang Yiming's reaction, the great witch of ghost Yin had indeed left a terrible name.

Even a simple-minded person like Zhang Yiming could be frightened by a name. One could imagine how famous he was during his era!

"Let's go! There's nothing here, so let's not waste time!"

Lin Yi didn't want to get involved in the conversation. He took one last look at the side hall and left.

Zhang Yiming felt a chill down his spine and didn't want to stay here any longer. He jumped out and followed Lin Yi closely.

Lin Yi's actions naturally earned him another round of mockery, especially fatty Jin. He'd used this opportunity to become Lin Yi's follower ...

The group swept through a few more palaces. After being on guard, they didn't encounter too much danger, but unfortunately, they didn't get any good treasures.

There were only a few ordinary items that could be exchanged for a sum of money. If he sent them back to the sword spring sect, it could prove that he had indeed found the remains of the great witch of ghost Yin. It could be considered as a harvest.

During this process, Lin Yi never stopped looking for su Yumo, but he didn't know where the girl was. She never showed up. Perhaps she took the other end of the tunnel?

And the destination on the other end was not this ruin, but somewhere else?

After going deeper, Lin Yi and the group came to the core area of the palace, where they met the disciples who had just arrived.

In addition to Cai lingying and the other two, he found another golden core disciple. He was quite lucky.

"Junior Brother Sima, how's the harvest?"

Cai lingying rolled her eyes and asked with a smile, ""Do you have any good things? if you are willing to sell, Senior Sister can buy them at a high price!"

"Ha ... I'm really sorry, I didn't find anything along the way, as if it had already been swept clean! Senior Sister Cai, don't tell me you're walking in front of us?"

Lin Yi said with a smile. "Why don't I offer a high price to buy what you found? At least we can't make a wasted trip!"

The two of them knew that the other party was not an easy person to deal with, and it was impossible for them to obtain information easily. So after a few jokes, they did not continue this boring conversation and turned to business.

"Junior Brother Sima, the core area of this palace complex is covered by a restrictive spell. We can't get in. I think this is the real inheritance place of the great witch of ghost Yin. The good things must be here!"

Lingying raised her chin, signaling for Lin Yi to look at the door. "This restriction can be said to be simple, but it can also be said to be difficult. Can Junior Brother Sima understand it?"

"That's true, we're not going in this time!" Lin Yi nodded.

"Why don't we work together? if Junior Brother Sima has any trump cards, you can take them out! How about we each take half of the things inside?"

Cai lingying really wanted to work with Lin Yi, but of course, she also wanted to test the other's background.

"Senior Sister Cai must be joking. This restriction is said to be simple because anyone with a little common sense can see it and know how to crack it! Everything is out in the open, just and honorable. "

Lin Yi gave a weird smile and continued, "It's difficult because of this point that everyone can see! Without the strength of a peak nascent soul cultivator, it's impossible to break this restriction by force. Senior Sister Cai, do you think we can have the strength of a peak nascent soul cultivator if we join forces?"

Two early Yuanying stage cultivators, the difference between them and a peak Yuanying stage cultivator was not just a little bit. Even if multiplied by ten, they still couldn't be compared!

Where did Cai lingying get her confidence from? she thought that she could break the restriction with Lin Yi.

With Lin Yi's spirit sense, the damage he could deal might be enough to take care of a peak nascent soul practitioner, but the problem was that spirit sense attacks couldn't break this kind of restriction. He needed physical damage.

Chapter 7379 Searching For Su Yumo

Cai lingying chuckled and shook her head. ""I can understand if Junior Brother Sima doesn't want to use his trump card. However, if that's the case, none of us will be able to enter the place to obtain the inheritance and treasures of the great witch of ghost Yin. Are you really willing to return empty-handed?"

Chen Zhisheng suddenly laughed disdainfully and said, "you guys have the nerve to say that you've obtained the inheritance and treasures of the great witch of ghost Yin?" Go back and take a good look at yourself in the mirror and see what you're made of!"

Lin Yi blinked. Even Chen Zhisheng was mocking his opponent? It seemed like the people of the Azurewave sect were really unpopular!

"Let me tell you, this is the territory of our Hongshang Commandery. The inheritance of the great witch of the ghost Yin is, of course, in the pocket of our sword spring sect! Get lost! If our sect's expert martial artists rush over, you won't be able to leave even if you want to! Don't talk to me about the friendship between the two sects!"

Chen Zhisheng's ramblings stunned Cai lingying.

She remembered that there were still a few disciples of the sect that hadn't appeared yet-could it be that they were sent back to the sect after their first encounter?

Cai lingying was thinking about li Yingjian and the other new disciples. She didn't know that li Yingjian and the others were left by Lin Yi to guard the rope and the Black Spirit Ferghana horse. The more she thought about it, the more she felt that these people might have returned to the jianchun sect.

Because the first time they met, there was a huge difference in strength between the disciples of the Azure water sect and the sword spring sect. So it seemed reasonable to ask for help.

If he sped up the journey and rode the flying spirit beast from the sword spring sect, it shouldn't take too long to get to the ghost Yin mountain range, right?

"Junior Brother Sima, could it be that you feel that you're not our azure water sect's match, so you're sending people back to ask for help?"

Lingying didn't think it was appropriate, so she went straight to the point. "It's all a competition between disciples, what's the point of dragging in the sect's experts?"

Previously, Cai lingying and Cao Yunqing were confident in their strength, so they didn't care about the few outer sect disciples of the Sword spring sect at all. Therefore, they didn't have the thought of returning to the sect to report.

Now, after Chen Zhisheng's mumbling, he was not sure.

Most of the Azure water sect's disciples who came this time had already died. If the reinforcements from the sword spring sect arrived, the few of them might not be able to return to the Azure water sect!

"It's related to the ruins of the great witch of ghost Yin. It's not strange for all the experts of the sects to come, right?"

Lin Yi, naturally, wasn't going to explain it to lingying. He smiled ambiguously, "Senior Sister Cai, what do you want to do now? I don't think we can get in, so why are we just wasting time?"

"If we can't get in, why don't we look for the exit together?"

Cai lingying's expression was uncertain. After a while, she smiled and said, ""Junior Brother Sima, although it's good for us to act separately, we should have the same goal in finding the exit, right? Why don't we ..."

"Cai lingying, I'm the leader this time! Be careful of your actions!"

Cao Yunqing's face was cold as he suddenly opened his mouth. He was quite dissatisfied with Cai lingying's behavior, "What's the big deal about a few small fish from the sword spring sect? And you're even rushing to form an alliance with them?"

"Senior brother Cao ..."

Cai lingying was stunned, not understanding what was wrong with Cao Yunqing. ""What if there is a restriction at the exit and we need to cooperate to break it? We don't have enough people!"

"It's no use even if we add them! Say no more, we'll leave immediately!"

Cao Yunqing waved his hand decisively, not even looking at Lin Yi as he turned around and left, ""I can't enter this place for the time being, so there's no point in staying here! Righteousness!"

Cai lingying thought for a moment and suddenly felt that Cao Yunqing did the right thing. They should leave this place as soon as possible and avoid the people from the sword spring sect. Then, they should go back to the Azure billow sect and get some soldiers.

Now was the time to race against time. If they wanted to obtain the remains of the great witch of ghost Yin, they would have to invite the experts of their sect!

And so, Cai lingying didn't say anything more. She only nodded at Lin Yi as a greeting before leaving with Cao Yunqing.

Lin Yi raised a brow-he didn't expect things to turn out this way either ... It felt like things had ended too quickly ...

However, this was also because the restriction couldn't be opened. If it was really opened, the two sides would probably immediately have a fight!

"Senior brother, what should we do? Do you want to try to break the restriction?"

Zhang Yiming looked at the core area and couldn't help but feel itchy."If we can get in, we'll be rich! It's the inheritance of the great witch of ghost Yin!"

"Don't even think about it. Unless you can immediately have the power of a peak nascent soul cultivator! Otherwise, even if you hit your head, it's just a hit to your head, nothing will change!"

Lin Yi smiled and shook his head. "Let's go as well. The mission is complete. Find su Yumo and report this to the sect immediately. What happens next has nothing to do with us!"

Lin Yi didn't really care about the inheritance of the great witch of ghost Yin-it was good to get it, but it didn't matter if he didn't get it either. He didn't want to waste his time on the restrictions.

Lin Yi knew that Cao Yunqing and the others had left to find someone at the Azure water sect. If he was too greedy and dawdled here, he'd be done for if the people from the Azure water sect stopped him.

"You went back? Isn't that too much of a pity?"

Zhang Yiming's face was full of regret. In front of him was the legendary ruins of the great witch of ghost Yin!

How many people had failed to find any clues after so many years? how long had they been in the ghost Yin mountain? He was already standing in front of the core area. Was he really going to give up just like that?

Did his heart not hurt?

Lin Yi, of course, wasn't heartbroken. He was just anxious, not knowing where su Yumo had gone.

Everyone was out on a mission, and Lin Yi hoped that everyone could go back together.

He led the group through the group of palaces that had no restrictions. He didn't even have the mood to search for items. He couldn't enter the core area anyway, and there probably wouldn't be many useful things outside.

"Senior brother Sima, I'm afraid Senior Sister su is not in this Palace. Why don't we go to the outer area to look for her?"

Zhang Yiming gave his opinion,""Senior Sister su might be outside the city, or she might be trapped in an illusion and can't get out."

Lin Yi nodded, understanding what Zhang Yiming meant.

There were passages in all four directions of the city, and if the area they came from had an illusion, there should be one in the other three directions as well.

If the illusion of the entire city was a single entity, Lin Yi would break it down after breaking one point, but if there were separate areas in each direction, then he would only be breaking the areas they were in and not the other areas.

Su Yumo might really be trapped in another illusionary region!

"That makes sense. Let's go!"

Lin Yi gave the order and immediately led everyone out of the palace and into another area with normal buildings.

Chapter 7380 Touring Passage

In order to increase the range and precision of his search, Lin Yi expanded his spirit sense to its maximum range, but he still couldn't find anything.

Not to mention su Yumo, there was not a single person from the Canglan sect. He wondered if Cai lingying and the others had already left the ruins.

Lin Yi was just passing by one of the exits, wondering if the people from the Canglan sect had already left when he saw four people standing there, encouraging Cai lingying, Cao Yunqing, Huang chongtian, and another Canglan sect disciple.

When the two sides met, they were both stunned.

It'd been an hour since they'd split up in the core area, and Lin Yi and his men had finished searching the palace complex. They'd run half a circle around the outer area, and the Azurewave sect was still here?

"Everyone, it's really a small world! Did you feel reluctant to leave the remains, so you came back to plunder again?"

Zhang Yiming didn't think too much about it and immediately started mocking, ""Actually, there's really nothing good here. Could it be that you guys also have a special liking for picking up trash?"

"Shut up! I'm too lazy to kill trash like you, for fear of dirtying my hands!"

Cao Yunqing didn't give Zhang Yiming a good face at all, and scolded him impatiently, ""Why don't you take a look at your own status? do you have the right to speak here? Get lost!"

Cai lingying pulled on Cao Yunqing's sleeve, signaling him to calm down. She then cupped her hands at Lin Yi, "Junior Brother Sima, I'm afraid we really have to join forces this time. Otherwise, no one will be able to get out!"

"What do you mean? Are there any powerful spirit beasts of darkness in the passage?"

Lin Yi raised his eyebrows. His first reaction was that the people from the canglan sect had encountered a Tiger in their way and couldn't get past it, so they came back for a chance to work together.

Then, he thought of su Yumo, who had been missing all this while. Could she have been unable to come out because of the danger in the tunnel?

But lingying's next sentence made Lin Yi realize that he was overthinking it ...

"There are no spirit beasts of darkness. The passage ... Is just a passage. There's nothing there!"

Cai lingying forced a smile and shook her head. "We entered from the eastern Passage and then walked along the passage. Now, we've come out from the Western passage!"

Lin Yi blinked-lingying was pointing at the tunnel on the other side of the city.

What was this? Tour the world?

And so on, were the passages in the north and south also connected?

In that case, the so-called exit did not actually exist, right?

"Senior Sister Cai, what do you want to do about the cooperation you mentioned?"

Lin Yi cut to the chase, "If the exit doesn't exist, what's the difference between us joining forces? This isn't something that can be decided by the number of people. "

"No! I feel that there's a force spying on us in this place. We don't have the confidence to deal with either of us. We can only be safer if we work together!"

Cai lingying shook her head slightly, "if we had all the people in the Azure water sect, I wouldn't have asked you to cooperate!" I just don't have a choice now!"

"Junior Sister Cai, it's almost the same as not having any of these people from the sword spring sect. Do you really expect them to be of help?"

Cao Yunqing was still disdainful, thinking that Cai lingying was just wasting her time.

"Senior brother Cao, please allow me to be willful on this matter!"

Cai lingying stopped Cao Yunqing from talking again before turning to Lin Yi, "Junior Brother Sima, although this is just my feeling and I don't have any evidence, our current goal is the same. There's no harm in cooperating with you, right?"

Even if everyone was previously at daggers drawn and wanted to fight to the death, it was not strange for them to turn around and cooperate for common interests and requests.

Lin Yi's lips curled up. Was this a woman's intuition again? This reason sounded quite reasonable!

"Senior Sister Cai, you still haven't said how we should cooperate?"

Lin Yi thought for a bit, but didn't agree or disagree. "Why don't you tell me about it first?"

"Good! Junior Brother Sima, you can see that there are a total of four passageways around the city. What I mean is that we should split up our men and enter from the four passageways at the same time ..."

Lin Yi stopped her with a wave of his hand.

"Wait, didn't Senior Sister Cai just say that we don't have enough people? And now you want to split them up?"

Lin Yi couldn't understand it, "if there's really something or someone watching us in the dark, shouldn't we all be together?" If we split up, wouldn't we give the enemy a chance to break us down?"

"There is indeed such a possibility, but if we don't do this, how can we find a way to leave?"

Cai lingying shook her head slightly and said with conviction, "Now that we know that there's something wrong with this passage, the simplest and crudest way to verify it is to enter from the four entrances at the same time and see if we can meet in the middle. This is the fastest way to find the problem!"

Lin Yi wanted to say that it was all bullshit, but after thinking about it, he had to admit that it might be a stupid idea, but it was feasible!

The only problem was safety!

Su Yumo had not been found yet, and Lin Yi did not want to be separated from Ling Hanxue and Jin Yuan Bao!

"Junior Brother Sima, as you can see, there are only four of us left in the Azure water sect. It's not impossible to carry out this plan, but I'm worried about moving around alone in the passage. With you guys joining in to help, at least there will be someone to take care of us. There's always room for discussion if there's anything. "

Lingying continued, "Actually, even if we don't cooperate, you'll still have to find the exit through the passage, so there's nothing to doubt. You can suggest the distribution plan. We can split up and work together, or we can each take charge of two entrances."

Lin Yi wouldn't let his people partner up with the people from the Canglan sect. Among everyone here, except for Lin Yi himself, no one was a match for anyone from the Canglan sect, whether it was Ling Hanxue or Zhang Yiming.

Broke up the group? This was like sending a hostage to the other party!

"Each of you will be in charge of the entrance and exit of two passages!"

Lin Yi made up his mind immediately. He stomped his foot lightly. "You've already been through this place, so leave it to us this time. The other two that you haven't been through are yours, is that okay?"

"No problem! If you encounter any problems in the middle, retreat and come back for a discussion!"

Cai lingying grabbed Huang chongtian's arm and started to plan, ""Junior Brother Huang and I will go to the left entrance. Senior brother Cao, you guys go to the right one. Junior Brother Sima, you guys split up among yourselves. When everyone is in position, we will go in together!"

Lin Yi nodded slightly, indicating that there was no problem. The four of them split into two and headed to the tunnel they were in charge of.
